FORT WOTRH'S RECOGNIZED LINERMEDIUN

MINERS OUT IN ILLINOIS

FORT WORTH

Promises That the Strikers Will Preserve Order

CHICAGO, Ill., April 2.-Without demonstration of any kind, but quietly as for a holiday, thirty-five coal mines in Illinois will close down today. The 53,000 miners employed in the shafts will remain at their homes in pursuance of the strike instructions issued from the Springfield headquarters. Coal digging will come to an abrupt standstill practically throughout the

Strikers Promise Order

Operators in Chicago announced yesterday that no precautions have been taken to provide for protection. The officers have faith in the promises of the president of the local district that order will be observed among the strikers. Small forces of men, such as engineers, firemen and pumpmen, will be kept at work at each mine to guard against injury to the property from natural causes. This will require perhaps from twenty to fifty men at each

To Preserve Mines

It will be necessary to keep the pumps working continually, because water collects rapidly in the underground chambers of the mines and destroys them. Other workmen will be kept busy repairing the timbering under ground to prevent the falling in of roofs and side walls. The mine foremen, who usually are members of the union, also will be allowed to superinlend the work of preserving the prop-

In the majority of cases the miners live in houses owned by the companies. It is planned that they shall continue to occupy these houses, and failure to keep up rent payments will not be regarded as ground for evicting them during the progress of the strike.

AMATEURS TO BOX

Contestants Number 115 for National Championship at Frisco By Associated Press.

SAN FRANCISCO, Cal., April 2 .-The boxing tournament for the national amateur championship to be held ender the anspices of the Olympic Club this week will have 115 contestants. There was a larger number of entries, but the candidates were subjected to such a rigid physical examination by the club's corps of physicians that a number of them were refused permission to enter the bouts. The boxing will be held Wednesday, Thursday and Friday nights, and so great has been the manifestation of interest that the tournament promises to be a great financial as well as a sporting success. All of the eastern boxers have arrived and assumed their finishing training T. Stone and Charles Mayer of New York and J. L. La Franier and William Heller of Chicago arrived today. All of the contestants will weigh in Wednesday evening and then draw for places. It is conceded that the eastern contingent, in order to carry off the honors, must defeat the following cracks of the Olympic Club: Billy Leonard, 125 pounds; Harry Baker, 115; "Rough House" McDonald, 145; Frank E. Edwards, 130; Jimmy Carroll, 105; Jimmy Ford, 125, and Lew

CARNIVAL BEGINS

Waco Firemen's Street Fair Will Last Enecial to The Telegram.

WACO, Texas, April 2 .- The Firemen's Carnival and Street Fair began today, to last one week. The firemen will get a per cent of the proceeds. A part of the public square is being used.

ISLAND COFFEE **NEEDS MARKET**

Porto Rican Governor Tells of Conditions

NEW YORK, April 2.-Governor Beekman Winthrop of Porto Rico, before leaving for Washington last night, spoke optimistically of his island home.

"The condition of the island at present is good, with the exception of the coffee industry. There is a great need of a market for Porto Rican coffee, which is considered by many nations h Europe, especially Spain, France and Germany, to be the peer of any in the market. If this market could be established the outlook would be encourag-

We are going to have a larger sugar this year than last year, when we had the largest in the history of the The tobacco crop, too, will be uble that of last year. There is a eady market for it in the United some excellent cigars are

"Porto Rico is going to be more and more of a winter resort. More than two hundred miles of macadamized coads give an excellent opportunity temobiling. The hills and sharp urns in the roads prevent any very igh speed, so accidents are few. There are been no fatalities in the twentyone months I have been there."

LOCAL COAL **SUPPLY SHORT**

33 000 Men Cease Work in 35 Quantity on Hand Expected to Last But Two Weeks

NO EXCITEMENT NO MORE IN SIGHT

Operators Have Faith in Union | Dealers Do Not Know Where They Will Get Supply When Their Yards Are Empty

• FORT WORTH FACES

COAL FAMINE SOON . Coal on Hand-Enough to last . • hotels, restaurants and factories • · In Sight-None.

Unless the impending coal famine is relieved by a settlement of the present strikes in the anthracite and bituminous coal regions of the United States, Fort Worth is threatened with a serious coal famine within the next

Local dealers have not raised the prices on fuel, but all admit that the situation is acute and that not more than fifteen days' supply of coal is

on hand in the city. When that is exhausted, hotels and restaurants, and local factories and plants which use coal, will have to do without fuel or depend on the supply of wood, which is also scanty.

One Fort Worth dealer reports the entire supply at one of his yards sold out, and with but one carload left in his second yard. Two other dealers report that they have about two weeks' supply each.

All say that they do not know where they can get coal when the present supply is exhausted, as none of the mines in this section will accept orders and guarantee delivery. The only fortunate feature of the

present situation is that practically no fuel is wanted at residences, the warm weather doing away with the need. Several of the local industries, notably the packing houses, use oil for fuel, and are not affected by the coal strike now in progress. Railroads centering in Fort Worth have for months been accumulating coal and all of the switch room in the vicinity of the city has been occupied by cars filled with coal. Just how long this supply will last is difficult to estimate.

Recently, while in Fort Worth, G. E. Bennett of Strawn, probably the most extensive individual coal operator in the state, said that in spite of their preparations Texas railroads, except those burning oil, would be forced to cut down train service and handle only urgency business if the coal strike lasted more than a few weeks.

Thurber Miners Out THURBER, Texas, April 2 .- All of the miners employed at the mines here.

GIANT'S DEATH LAID TO NEGRO

Jim Hunt, Ex-Slave, Surrenders Himself to Officers

Special to The Telegram. TEMPLE, Texas, April 2.-Charged with killing John Woodruff, a local negro giant, who was found dead with seven knife thrusts in the region of the heart, Jim Hunt, 75 years old, ex-slave and bearing a good character among prominent white residents here, waived preliminary examination in the justice's court and, following the institution of habeas corpus proceedings in the district court by his attorneys, had his fail bixed at \$1,000.

Friends of the aged negro, who had employed lawyers to defend him. promptly furnished the bond and the old man was released. John Woodruff was found dead in

back alley in the northern part of this place the night of March 28 and the killing baffled the authorities by its mysterious circumstances. The body was found shortly after 8 o'clock in the evening, with seven wounds in the left breast. Any one of the wounds was sufficient to have caused death almost instantly. There were no apparent indications of any severe struggle in the vicinity of the place where the body was found, but the body was lying on its face. Several days passed and no arrests had been made. The officers suspected Uncle Jim of having had some connection with the death of the giant black, but he had not been arrested when he came into Temple and surrendered to the police.

The dead man was over six feet in height and weighed more than two hundred pounds. Wonder is expressed that a decrepit old darkey like Uncle Jim could have managed to inflict any bodily injury on a negro of such strength and size as Woodruff. The old colored man has been re

garded as inoffensive and has, many years, been cared for by the Hunt

ODD FELLOWS TO BUILD

Taylor Lodge Will Erect \$6,000 Two-Story Structure

Special to The Telegram. TAYLOR, Texas, April 2 .- At a regular meeting of the Taylor Independent Order of Odd Fellows, the determination was reached to commence at once the erection of a new brick structure. It will be 35x93 feet and two stories. The lower floor will be a store room and the second the lodge room. The building will cost \$6,000.

RUSSIAN WORKMEN FAIL AT VOTING

Elections Are But Brave Farce in St. Petersburg

ST. PETERSBURG, April 2.-Elections of workmen within the limits of St. Petersburg proper were held yesmunicipal convention here, which, in turn, is to elect six members of the lower house of parliament. Balloting of workmen, however, was almost a complete farce, as were the elections a fortnight ago in the bigger factories outside of the city. The latters' representatives will participate in the provincial convention and the former will take part in the St. Petersburg municipal convention.

Out of sixty-seven establishments, the workmen of twenty-nine boycotted the elections and of the remainder only the minority voted, and of those elected about one-half are constitutional democrats and the other half conservatives or members of the "Black Hand," as they are now popularly termed. One man elected is now in prison

and another has declined to accept election for fear it may subject him to persecution. M. Oushakoff, one of the delegates chosen, is superintendent of the state printing office and chief of independent workmen's party, which, like the famous Zubatoff organization, is considered to be creature of the ministry of the interior. The delegates of the workmen outside of the city, who had previousbeen elected, simply went through the form of selecting candidates for the provincial convention. A number of them have been arrested since the elections and only seventy-two appeared at the meeting. They chose four progressives and four conserva-

RECEIPTS \$88,000

Williamson County Has Enormous Cotton Trade This Season

Special to The Telegram TAYLOR, Texas, April 2 .- Something like fifty bales of cotton were marketed in Taylor Saturday, making the total receipts this season 23,559 bales, and this number will easily be swelled to 25,000 bales before the season closes.

Williamson county cotton receipts this season were something like 88,000

months. When he went south his con-

dition was such as to worry his friends

Natives of Natal Executed for Murder

Bu Associated Press. PIETERMARITZBURG, Natal, April 2.-Twelve natives were condemned to death for the murder of policemen during the uprising in February against the collection of the poll tax, the postponement of whose execution led to a dispute between the imperial and colonial governments, and were shot today.

LEGISLATURE IN DEADLOCK

House Members Furious at the Senate

FREEZEOUT GAME

Opinion Now Is That Senate Will Come Out of Contest "Covered With Glory"

***************** · WEEK'S HAPPENINGS AT LEGISLATURE .

rection to Terrell law. • Tuesday - House proposes

 amendment to senate bill. Wednesday—Blanketers report-· ed leading in house. Thursday-Wrangle in house on • · blanket primary.

· Friday-Fight transferred to the · senate. Saturday-Both houses name · free conference committee.

Special to The Telegram.

AUSTIN, Texas, April 2 .- Coming events cast their shadows before, and to make a forecast of legislative event for this week does not appear to be a hard matter, one only considers conditions as they exist

As conditions exist at present, they seem to indicate that there will be a dead lock until about Wednesday or Thursday, when the senate will freeze the house out and that body will pass the senate election bill-just as it originally came from the senate. This is not going to be brought about until there has been a strenuous fight on the fight of the house for the blanket primary feature.

This forecast is based on the fact that the senate is a smaller body of men and it is always easier for leaders to hold a small body of men in line than it is to hold a large body together on any proposition. Of course, there are exceptions, but in this instance it is not at all probable that the unexpected will happen. Two Reports Probable

All interest is now centered on the free conference committee, and the outcome will be awaited with interest. It is now generally believed that the committee will submit two reports. a majority and a minority report, and then it will be again up to the house and senate to thrash over the whole question again.

In the event the house stands firm and the senate stands pat, then the proposition will resolve itself to a question of endurance, and it may be stated that the house will be the first to yield, and unless matters take an unexpected turn, this will occur as stated above, about Wednesday or

WILLIAMS TAX LAW FIGHT ON

Railroad Attorneys Present at Austin for Hearing

Special to The Telegram. AUSTIN, Texas, April 2.- The state tax board, created under the provisions of the Williams intangible tax law, consisting of Secretary of State Shannon Comptroller Stephens and Tax Commissioner Davis, met this morning at 10 o'clock in the room occupied by Commissioner Davis at the state house, The railroads of the state will be the first corporations subject to the payment of a tax on their intangible assets that will be heard by the board. Notices have been sent out to the representatives of the different lines in (Continued on page 3.)

DEPOSED DOWIE'S PLANS BLOCKED

Zion Father Files Property Transfer Record

Special to The Telegram. CHICAGO, Ill., April 2.-Overseer Voliva Dowie's successor as head of the Christian Catholic church today filed deeds transferring to Alexander an hour this morning, recessing to 3 Granger, as trustee for the people of Zion, all the property and interests of Zion. The action was taken to forestall any trouble Dowie may make since being deposed.

HORSE SHOW MAY 30

National Holiday Chosen for the Big Event-Matinee Races The horse show to be given by the

Fort Worth Driving club will be held May 30, according to the plans of many of the members of the committee having the matter in charge. No defi-President Colvin of the club announced Monday morning that the show will likely be held on that date, a national holiday. Plans are being made for the installation of a large number of arc lights so that the show may be given both afternoon and night.

No races will be held in connection with the show this year, as it has been decided that the horse show will be big enough to cause the postponement of races if they were scheduled. The fact that two exhibitions will be held on the same day will add greatly

to the success. Next matine races of the club has been set for April 21, San Jacinto day, but on account of the fact that the state meeting of the Texas doctors will be held a few days later, it is possible that the date will be changed until that time.

PLOT DISCOVERED

Spanish Authorities Block Plans to Kill Royal Family

MADRID (via Frontier), April 2 .-The Spanish authorities have discovered an anarchists' plot at Lebrija, twenty-nine miles from Seville, a notorious center of "Black Hands," to assassinate the royal family during the visit of King Alfonso, the dowager queen. Christiana, and the sister of the king, Infanta Maria Teresa, to Seville during holy week. Censorship prevented sending details regarding the

COLD, CLOUDY MARCH

Kansas University Weather Report Shows Past Month Remarkable Special to The Telegram.

LAWRENCE, Kan., April 2 .- The University of Kansas weather report shows March was a most remarkable month. It was not only the coldest March in thirty-nine years, but the only March ever recorded colder than either of the three preceding months. Not only was it the cloudiest, but cloudiest of 459 months covered by observations. Snowfall was ten and a half inches greater than any March

FORMER AUDITOR SUED

Called on to Return \$110,000 to the State of Indiana

INDIANAPOLIS, Ind., April 2 .- For the state of Indiana, Warren J. Bigeler, auditor of state, through Attorney General Miller, today brought suit in the superior court to collect \$110,000 from John O. Henderson, who was auditor of state from Jan. 17, 1891, until Jan. 24, 1895.

It is charged that Henderson "is indebted to the state in the sum of \$110,-000 for insurance taxes received by him, wrongfully retained and not paid into the treasury of the state," and on account of other illegal irregularities. It is charged that fees were omitted from his reports.

SPICY DEBATE IN THE HOUSE

Lively Tilt Between Judge Terrell and Mr. Rice

Judge Terrell Favored Measure and Says He Will Vote For it Every Time

Special to The Telegram. AUSTIN, Texas, April 2.- There was a lively tilt in the house this morning between Judge A. W. Terrell, author of the election law, and Representative

Mr. Rice asked Judge Terrell if it is not a fact that when he wrote the letters to the 108 members to come to the special session for the purpose of correcting section 120 he did not have in mind that the correction was the sole purpose for which the legislature was to be called, and that the injection of the blanket primary was not

Judge Terrell said that he construed the governor's call broad enough to take up the blanket primary proposi-

Mr. Rice then wanted to know why the astute judge urged the governor to call the special session to correct section 120, and then he (Terrell) voted for a blanket primary amendment, and asked why Terrell did not tell the governor that he so construed the call and would vote for the blanket pri-

Judge Terrell replied that it was his intention to only correct the error in the election law, but when the blanket primary was presented he voted for it, and would vote for a blanket primary any time that one was stuck under his nose. Judge Terrell also argued that he did not think it necessary to tell the governor how he stood on any

The house today adopted a resolution authorizing the purchase of the oil painting of Governor Hogg, to be hung in the supreme court library, together with pictures of other former governors.

The house election bill came up, but as the same bill is now before the free conference committee, it was laid on the table, subject to call. The house was only in session about

Senate Proceedings

In the senate this morning the house mileage per diem bill was taken up and considered, but no action was taken. Its consideration caused the injection of politics into the proceedings. When the bill came up Senator Davidson said he agreed to come here and serve and, if the bill is to be passed, he did not want confusion to arise in the matter, consequently he offered an amendment that the ap-

ANTHRACITERS TO REASSEMBLE

Employers and Men to Have a Meeting in New York

BLANKET PRIMARY ARE FOR OPEN SHOP

Report Says Operators Likely to Break With Mitchell Will Build Many Miles

By Associated Press. NEW YORK, April 2.-The Herald

Interest in the anthracite end of the coal strike will again shift to New York tomorrow morning when the joint sub-committee of operators and miners will reassemble here in another effort to find a basis of settlement for the disputes in the hard coal fields, and it is made more interesting by the report that the operators may seize the opportunity to finally break with Mitchell and declare for the open shop.

So far as the operators are concerned they do not expect to come to any understanding satisfactory to Mitchell and his men. "No proposals to make" is the operators stand. They will simply listen to what Mitchell's committee may have to offer in the way of new demands or in modificate tion of their former demands and then it is believed that they will again offer to renew for another three years the recent contract with the unio No one expects that Mitchell will

think for a moment of accepting a renewal of the old wage contract. "The present strike may be selzed upon by the operators as an opportune time for a final effort to make up union control in the anthracite fields. Several operators are known to be egthusiastically in favor of establishi the open shop in their collieries at an cost and have gone on record as favor ing the open shop policy. It has been hinted within the last two days that in order to insure an open shop vice tory the operators are likely to offer an increase in wages to such men as they desire, but upon the specific understanding that they go to work at individuals and not as members of the United Mine Workers' of America.

QUIET AT HEADQUARTERS

Officers of Mine Workers Absent From Indianapolis

INDIANAPOLIS, Ind., April 2 .- Al though 500,000 of the members of the United Mine Workers of America have ceased work today, awaiting the granting of their wage demands by the coal operators of the country, there was nothing at national headquarters to indicate that anything unusual had happened. All of the officials were out of the city and a corps of clerks and stenographers had charge of the of-

BURGLAR CAUGHT

A burglar entered the residence of W. M. Switzer, 1020 Evans avenue, Sunday night after the family had retired, but was discovered and put to before he secured any booty. Mr. Switzer was aroused by a noise in a room adjoining the family room and on going to learn the cause of it, surprised a man who was ransacking the apartment. The burglar made a jump for the window, crashing through it and carrying the window sash with him. Mr. Switzer had no arms and the prowler made his escape.

IN THE COURTS

DEED BASIS OF SUIT

Temporary Injunction Granted Forty-eighth District Court William Barr and wife have filed suit against the Hunter-Phelan Loan and Trust company and Morgan Bryan trustee, seeking to have a certain deed of trust cancelled and to prevent the sale of certain property under the deed

of trust. The petition alleges that December 12, 1905, the plaintiffs borrowed sum of \$1,000 from the Hunter-Phelan Loan and Trust company executing their note due twelve months after date for the sum of \$1,080, which represented principle and interest and to secure the payment of the same gave a deed of trust on certain lands in Erath county. That since the execution of said note and deed of trust they had been altered without plaintiffs' consent, making them bear interest from date instead of from maturity. For this reason the plaintiffs ask that the note and deed of trust be cancelled and held invalid and that the trustee, Morgan Bryan, be enjoined from selling the land as per advertisement Tuesday, April 3.

Judge Irby Dunklin granted the application of an injunction, requiring bond of \$150 and making the case returnable at the next regular term of the Forty-eighth district court,

Tax Sale

Assistant County Attorney J. S. Mayers, who has charge of the tax sale department of the county attorney's office, will sell to the highest bidde at the court house door Tuesday at p. m., twenty-five pieces of real estate on account of taxes due on them for the year 1904 and prior to that

Bar Meeting Postponed

The annual meeting of the Fort Worth Bar Association that was to have been called just after the call of the docket by Judge Mike E. Smith did not materialize, there not being a quorum of members present in the court of appeals rooms at the time for ng the meeting. The paucity members was due to the fact that both he Forty-eighth and Seventeenth district courts were in session and business there demanded the attention of members of the bar.

Probate Court Estate of M. M. Nickol, deceased; administrator filed report of sale of real estate.

Estate of Gladys Dixon et . al., minors; bond of R. L. Dixon, guardian, filed and approved by the court.

Marriage Licenses The following marriage license has been issued:

To Mr. and Mrs. Brickle, Glenwood, To Mr. and Mrs. Arthur Brown, 1019 West Belknap street, a boy. To Mr. and Mrs. J. F. Sims, near To Mr. and Mrs. Lee Collins, Ar-

lington, a boy. Seventeenth District Court The non-jury civil docket was called by Judge Mike E. Smith in the Seventeenth district court Monday and cases set for trial. W. W. Nance vs. Northern Texas

Traction Company and St. Louis and San Francisco railroad, damages; on Forty-Eighth District Court

W. R. Moore vs. Texas and Pacific railroad, damages: called for trial, motion to continue being heard.

TELEGRAM URGES BILL Houston Physicians Ask Congressmen to Pass Quarantine Measure

Special to The Telegram HOUSTON, Texas, April 2 .- Houston physicians are a unit in demanding the passage of the federal quarantine This morning a telegram was sent to Congressman Moore of the Eighth district, and John Sharp Williams, asking that they support the measure, saying that south Texas is vitally interested. The message was signed by County Health Officer Hamilton, City Health Officer Brumby and by the president of the Houston board

HON. DAVID O. ROBINSON

of health, Dr. Stuart.

MARTIN EULOGIZED Benefited by Vional After All Other Medicines Had Failed Moran Makes Speech in House-State Departments Closed

The Hon, David O. Robinson, county treasurer of Frankfort, Ky, writes: "I was very much run down from overwork and suffered from indigestion and a severe nervous trouble. The medicines prescribed all failed to help me, and I could not take cod liver oil or emulsions, as the greasy mixtures upset my stomach. One of our county officials told me about your delicious cod liver preparation, Vinol, and what it had done for him. I decided to try it, and in a remarkable short time I was a well man. Vinol built me up, cured my stomach and nervous trouble and I have not been

so well for years." Our local druggist, R. A. Anderson, says, "Vinol cures conditions like this | the death of Assistant Attorney Genbecause it positively contains in a highly concentrated form all of the vitality making and body building properties of cod liver oil actually taken from fresh cods' livers, and without a drop of oil to upset the

stomach and retard its work. "We ask every run down, nervous, debilitated, aged or weak person suffering from stubborn colds, hanging on coughs, bronchitis or incipient consumption to try Vinol on our guarantee to return your money if it fails to lister's Rocky Mountain Tea makes give satisfaction." R. A. Anderson,

SPICY DEBATE IN THE HOUSE

(Continued From Page One.)

propriation be made in the bill does not

apply and become available to his senatorial district as he will not ac cept the money, when he had made an agreement not to do so. This amendment was amended so as to include Senators Terrell, Barrett, Mc-Kamy, Skinner, Glasscock, Willacy, Hawkins and Hanger, as they had agreed not to accept compensation. Senator Grinnan then offered as a substitute for the above amendments that, in the event the house blanket primary amendment is finally adopted and becomes a law, that the senators who favor the blanket primary would not accept any pay for special session. Senators Smith, Harper and Faulk

joined in this substitute. This caused a lively debate, Senator Griggs declaring that he would not enter any such aggreement, as he has not agreed to come to the special session without compensation and he would stand by his constitutional

Senator Hawkins declared that such an agreement would be an inducement to vote a certain way and, therefore, contrary to public policy. After some more wrangling on the matter, the bill went over until 3 o'clock this afternoon.

The committee appointed to investigate certain state officials, presented a majority and minority report, but no action will be taken until tomorrow. The senate then recessed. The free conference committee to

which was referred the election law, began its labors this morning and it is likely that a report may be submitted this evening. Nothing has occurred to indicate that the committee will be agreed as to a report.

Many members are attending the ession of the committee. Some kind of a compromise might be reached, but, whatever it it, it will not provide for a blanket primary.

NEW ATTRACTION HERE

Shoot-the-Chute Contracts Let for Lake Erie

A contract was let by the Northern Texas Traction Company Saturday to Lee Fleming for the erection of a shoot-the-chutes at Lake Erie, to be ready for use this summer. The chutes will be on the branch of Lake Erie beyond the pavilion which is now reached by the row boats by passing under the bridge to the boat house. Al boats will be kept off of that branch of the lake, which will be used exclusively for the shoot-the-chutes.

BOSTON PACKER ILL

E. C. Swift's Devotion to Partner Nearly Proves Fatal

Special to The Telegram. BOSTON, Mass., April 2.-E. C. Swift, the Boston multi-millionaire of the Chicago Beef company, is at the Quincy house suffering from an attack of pneumonia. Behind this fact is a rare story of devotion to his business partner, N. E. Hollis, Mr. Hollis was recently forced to be operated upon for a tumor at his apartments at the Quincy. Mr. Swift, in order to be with him, moved from his home at Beverly Farms. He leased a suite there. Mr Hollis is recovering from his operation, but last Tuesday Mr. Swift was taken with a serious attack of pneumonia. So serious did it become that on Wednesday night he appeared to be dying, and six physicians were in consuitation. His daughter, Mrs. Mabel Moore, and E. F. Swift of Chicago were summoned to his bedside. Mrs. Swift is at present touring in the Mediterra-

The illness of Mr. Swift was not revealed to the house until today, when it was announced that he is out of danger. His illness was kept a secret in order that Mrs. Swift might not be unduly alarmed.

During the illness of Mr. Hollis the business associates of Mr. Swift knew that the beef packer was at the Quincy, and accordingly called there. They

have not known of Mr. Swift's illness. Accordingly Mrs. Moore, who is widely known in society and who declined the offer of marriage to Prince Alexis Karagorgevitch of Servia, has been meeting her father's business friends and transacting his vast business op-

Provided there is no relapse, it is believed that Mr. Swift will recover rapidly. E. F. Swift and Mrs. Moore will remain with him until his recovery is complete. Mr. Hollis is still confined to his apartments, although convales-

NEW TEACHERS FOR THE PHILIPPINES

Men and Women Number 112 Going to Islands

WASHINGTON, D. C., April 2.—One hundred and twelve new American teachers will begin work in the Philippine public schools when the next session opens June 10. These teachers are 100 men and twelve women, either wives, sisters or flancees of the men who are going to the islands to teach, or are already employed in the insular schools. Hardships in the remote provinces proved too much for the women teachers, and consequently few women are being employed at present and great care was taken not to send them where they would not have relatives and friends. None of the new teachers is more than 40 years old and most of them are much younger. Young college men form a considerable part of the force of new teachers. All agree

HEIRESS TO WED RESTAURANT MAN

to remain in the islands for two years

in the government service.

Pennsylvania Girls Accepts a Man She Never Saw

Special to The Telegram.

READING, Pa., April 2.-Miss Rosella Lillian Kellar, the \$30,000 shoe store clerk heiress, who has received many offers of marriage since the announcement of her windfall, due to her rich uncle's death in Denver, announced today that she had decided to accept that J. N. Strepey of Breckenridge, Colo. Miss Kellar has never seen the man.

In one of his letters Strepey states that he is the owner of a large restaurant, has stock in gold mines and owns \$80,000 worth of real estate at Coleman, Texas. Miss Kellar was once in the restaurant business herself, having been a waitress at the Philadelphia and Reading station here, so Strepey's offer appealed to her. In another let-

"My Dear: You come to me and you shall want for nothing. I want a wife and a friend of yours told me that you would be just the girl for me. I am anxious to marry you.

A Waterproof Maline

A new material has been given to the public that can be used for all purposes that tulle or maline has heretofore sufficed, in name malinette, and in character a waterproof maline. Think of the hats that can now withstand the sea fogs or the mountain mists, and also the fascinating muffs and neck ruffs that can be at once manufactured by deft fingers. As it comes in white, black and all colors, a wide vista is opened as to the many purposes to which it can be put. For evening gowns it is altogether as charming, as the process of rendering it waterproof has not destroyed the diaphanous effect possessed by the oldtime maline.

Chronic Illness

Squire W., of a certain town near Philadelphia many years ago, was celebrated locally for his cellar of wine (and something stronger). But the temperance movement came his way, and one day a neighbor hailed

him in the street with: "Squire, what do you think I heern? I heern them cold water folks hez

grabbed you in and you've jined!"
"Yes," assented the squire. "My woman and me's signed the pledge. We haven't got a drop in the house how, except a little we kept for sickness. And to tell the truth we haven't neither of us seen a well day since!"

SEEDS COST U.S. \$34,500 A YEAR

Congressmen's Distribution a Great Drain

Special to The Telegram,

WASHINGTON, D. C., April 2 .-Postmaster General Cortelyou has supplied Representative James A. Tawney, chairman of the house committee on appropriations, with a memorandum as to the actual cost to the postoffice department to handle the congressional free seed distribution. The postmaster general says:

"As nearly as can be estimated the cost of carrying a pound of this mail matter varies from 5 to 8 cents. I have been informed that the aggregate weight of vegetable and flower seeds distributed annually by the department of agriculture under frank is 690,000 pounds. The estimated number of packages is 7,300,000. Computing at the lowest estimate—5 cents a pound—the cost of handling this matter—is \$34,500.

Makes Low Estimate

It will be seen that the postmaster general makes the estimate as low as possible and does not make any allowance for clerk hire incidental to handling the seeds while passing through the mails nor for the loss of revenue to the department from the seeds being distributed by the department of agriculture instead of by seed merchants. Privately the postmaster general says that while it is improbable that any additional clerks or carriers are employed solely on account of this distribution it is nevertheless self-evident that the 7,300,000 packages clog the mails and take up the time of a large number of clerks and carriers which might be otherwise profitably em-

It is not generally known that there is a unique industry which has flourished in the capitol for a number of years and which explains why the congressional free seed distribution has many friends around the capitol. There are men there who have made a comfortable living for a number of years by purchasing seeds from members of ngress or their clerks or anyone else from whom they can be obtained and then selling them to other members of congress or perhaps to seedsmen. How Scheme Works

An interesting example of how this scheme is worked came under the personal observation of the writer recently. A newspaper correspondent requested a senator to obtain for him some government documents which were out of print. Being anxious to oblige this correspondent, who represents the leading paper in the sena-

tor's state, the senator instructed his clerk to procure the documents if possible. He enlisted the services of one of the professional seed and document "exchangers" at the capitol, who secured for him the documents in question, in return for which the senator gave him 5,000 packages of flower and vegetable seeds. A day or two later a member of congress from a western state, who is having a hard time in his district, wanted to send as many people in his district packages of seeds show that he remembered them. He therefore instructed his clerk to procure 4,000 additional packages and the clerk purchased from the party whom the senator had allotted the 5,000 packages, 4,000 of them, paying there for \$60. The "exchanger" thus got \$60 in cash for passing some government documents to a senator and some government seeds to a representative.

RUSH TO ZINC FIELD

Miners and Prospectors Flocking to El Paso County Mountains Special to The Telegram

SAN ANTONIO, Texas, April 2.-Development of the new zinc field in El Paso county, near the line of Pecos county," is attracting a great rush to that section of the state. The camp is ten miles north of the Texas and Pacific railway at Boracho.

It is in a range of mountains that rise above the surrounding plain to a height of 1,500 to 2,000 feet. The hills cover many square miles, and are be-lieved to contain the richest zinc deposits in all the southwest.

Already there are hundreds of claims taked out, and development by shafts and tunnels has been begun by several companies. Plans are being made for smelter to be constructed as soon as possible, and the miners there are confident that their fortunes are made. The discovery of the zinc there was made last winter by a deer hunter. He kept his secret and took his time to have the specimens carefully assayed. The result proved to his satisfaction, and he secured title to some of the most promising mountain sides. Then the matter became public knowledge,

Thirty days ago the first work began. Now the mountains are filled with miners and prospectors, and the ore is being shipped to Joplin, Mo., for treatment and to test the values before the smelter is built. Experts, returning from the field, assert that the outlook is good for great activity and wonderful values in the new field.

and a number of mining companies

were at once organized to develop the

ANTHRACITES TO REASSEMBLE

(Continued from Page One.)

early in the morning to see if there had been any desertions from the miners, but none reported for work. No disturbances are reported from any section of the mining region, and the day, to all appearances, was a holi-

Firemen, engineers and pump men who were not affected by the suspension order reported as usual, but it was apparent scores of empty cars' which had been hurried to the collieries yesterday will not be needed unless an agreement is reached by President Mitchell and the coal president in a conference to be held in New York

That a great many miners believe the strike imminent and that there will be a bitter struggle between the workmen and the employers, was evidenced by the departure yesterday and today of scores of miners from the Schuylkill region. T he majority of these men are foreigners who will go to their homes in Europe and there await the outcome of the pending strike. In the Lackawanna district there is feeling among the more conservative miners that an agreement will be reached at the New York conference, but others are less hopeful and are

prepared for a long siege. The only colliery in the Luzerne, Wyo., district which attempted work today, as far as has been reported, was the Hazelton shaft of the Lehigh Valley Coal Company. The coal which had been loosened last week was run through the breakers for about an hour, after which the men withdrew from the shaft and returned to their homes.

At many of the collieries in this district, the mules have been taken from the mines, thus indicating no effort will be immediately made to resume mining. Quiet prevails throughout the three districts, and as long as the men remain away from the mines no disorder is anticipated.

the state notifying them to be present and present any protests or complaints against the assessing of their intangible assets. From the statements in its possession and the evidence and information presented by the representatives of the different railroads, the board will fix and determine the true value of the intangible assets and properties of the various railroads.

House Wants Mileage

The members of the house are exceedingly wroth over the fact that the senate has not passed the mileage clined to resent this by being more subborn than otherwise in the fight against the senate bill in its original

The members of the house allege that the senate has attempted to coerce them by refusing to pass the mileage and per diem bill. The members of the senate deny this however, and declare that they were so engrossed in the discussion of the house amendment to the senate election bil that they did not have time to take up the mileage and per diem bill. Besides there is considerable danger as to whether the senate will pass the bill at all. Whatever may be the true reason the fact remains that a failure to pass the bill has put a very large majority of the house in a bad humor with the senate.

Only One Blanketer

There is another thing that has also put a majority in the house in a bad humor with the senate and that is the fact that the presiding officer of the senate only gave the blanket primary people one man on the free conference committee as against two members of the house committee. These are the things that have worked the majority of the house into a temper of white heat against the senate, and it promises to develop spicy features.

Had the governor known that the legislature, or rather the 108 who wrote him that they would serve free and come here for the specific purpose of correction section 120 of the election law, did not intend to stick by their promise, he would never have agreed to convene the legislature in special

Now that he called the special session, some of the very members who agreed to come not only voted for a blanket primary and supported it, but abused the governor for calling the lawmakers to come to Austin and restrict them to the correction of the election law, but the indications all point that the governor will yet be victorious in the matter.

At any rate the governor has the last say in the matter ,and if through some unexpected manner the legislature would finally adopt the blanket primary feature, which is not at all probable, the chief executive could promptly veto the act and soundly rebuke the legislature for having taken up other matters than that specifically mentioned in the call for the special

GOV. DAVIS IN LEAD

Returns in Arkansas Indicate Election Assured

LITTLE ROCK, Ark., April 2.-Interest in the contest for the democratic nomination for United States senator is gradually subsiding as later returns increase Governor Davis' lead over Senator Berry. It is now certain that Davis carried fifty-one counties and Berry twenty-four, Total vote, approximately, is 110,000, and complete official returns will show that Davis received close to 60,000 and Berry 50,000 votes. Counties carried by Davis have sixty-one representatives and twentyone senators. Under plan of instructions if all democratic legislative nominees are elected this will give Davis eighty-two votes on joint ballot, the number necessary to elect being six-

A chemist of Brussels devoted his attention especially to metalizing embrolderies and created wonderful effects. Until quite recently they could not be made of practical value, and only now a beginning has been made by an invention, the details of which are kept a secret. A stock company has been formed for its exploitation. According to the Paris Cosmos, the company has created a sensation with their products.

Grand Educational WORD CONTEST! \$3,700.00 IN AWARDS

A GRAND FREE DISTRIBUTION!

This contest is given for two reasons. First, as an educational benefit to illustrate the wonderful possibilities of the English language. Second, to give all who desire to possess a piano an opportunity through a little ex-

tra effort to own one of our instruments. Our pianos are recognized as among the best and are sold at a uniform price, every

instrument bearing a card with the price marked in plain figures. The only benefit we expect will be through the unusual advertising and the good will and thanks of those fortunate enough to secure one of the many awards.

How many words can you form from the letters contained in the five words

Ross & Heyer, Piano Merchants

FIRST PRIZE-\$400.00 High-grade Grand Upright Piano, together with handsome

To the next five largest lists of words, credit bills worth \$100.00 will be given to each. To the next five largest lists of words, a credit bill worth \$85.00 will be given to each, and following this in groups of five, each of the competitors sending us the five largest lists will be given credit bills for \$5.00 less than the preceding prize, until the entire \$3,700.00 shall have been distributed. The above prizes to be awarded strictly in accordance with the rules and regulations of the contest.

The Smallest Credit Bill Will be \$50.00

There will be just \$3.300.00 credit bills distributed; no more, no less. The point is this: Each one of those credit bills is worth working for.

Rules and Conditions of Contest

All answers must be in our store, April 22, 1906, not later than 2 o'clock. Only such words are to be used as are found in Webster's International Dictionary. No proper names, foreign words, names of persons, towns or places are to be used. Do not use a letter more times than it appears in the words, Ross and Heyer, Piano Merchants. Words spelled the same, but having a different meaning, can be used but once.

This contest is open only to those who do not own an upright or grand piano. Easy payments will be granted to those wishing to be accommodated by applying their credit bills and paying the balance in monthly payments. No more than one credit bill will be accepted on the same instrument.

Each list must be signed by persons compiling them. In the event of lists not being signed by persons compiling same, the company reserves the right to reject such list. No credit bills can be applied on any purchase made prior to opening day of contest. No person connected with the piano business in any way will be allowed to compete. These credit bills will bear no cash-surrender value, but are to apply only on the

We issue a special invitation to all who are interested in this great contest to call at any time, that there may be no doubt in their minds as to the genuineness of our offer. The first prize is now on exhibition in our warerooms.

COUPON

Cut, fill out, attach to list of words and mail to Ross & Heyer Co., 711 Houston street, Fort Worth, Texas.

I hereby certify that I compiled the accompanying list of words without assistance, and that I agree to accept the decision of the Judges of Award as final. Name Postoffice

As all of our pianos are sold on the one-price-to-all-system, those who secure a credit bill are therefore absolutely assured of a bona fide reduction of the amount of their

"SYSTEM" BOSH SAYS PAT SHEEDY

purchase of a new piano.

Noted Gambler Declares There Is No Way to Beat House

Apecial to The Telegram NEW YORK, April 2.- "The man with a system has as much chance against the bank at Monte Carlo as a lace curtain in the place that Dante

wrote the guide book about." Pat Sheedy, just returned from Europe, made this admission at the end of a short discourse on gambling by who knows. Coming from the best-known and best-qualified expert on the practical application of theory of chances, the opinion must have some

Incidentally Mr. Sheedy denied that Reginald Vanderbilt had ever bet a dollar in Richard Canfield's place. "I know where Reginald Vanderbilt lost his money," said Mr. Sheedy. "It was not in Canfield's, you can

be sure of that. Moreover, you can

say for me that Dick Canfield never

turned a crooked wheel in his life,' said Mr. Sheedy, with something of indignation. "He does not have to; the wheel wins for itself, without help from dealer or player. Even in the United States, where the percentage against the player at roulette is only 5 in 1905, the run of the percentage will save

the bank from any run of luck on the

part of the player.'

And then to illustrate this point, Mr. Sheedy told of the finest "first-class gambling man" he had met in years. "This young man I tell you about," said Mr. Sheedy, "is E. Armstrong of Pittsburg. I met him once and I must say that for fine, high-class work in the gambling line he was in a class by himself. He was a smooth-faced young fellow not more than 26 years of age and with nerve like steel and money to give himself a good tryout. "He bought the bank in a baccarat came in the Mediterranean Club one night for \$3,000. I don't need to give you details of methods. You probably

Always Remember the Pull Name axative Rromo Ouinine

Cures a Cold in One Day, Grip in 2 Days

know that the member that offers the most can take the bank whenever the game is organized or when the member who is banking goes broke or "On this occasion he had a run of

luck that lasted two nights and made him winner of \$150,000. I watched his play and know that he lost \$20,000 at least that he should have won, through not knowing how to draw.

"Afterward he went against the wheel and went broke. "And any man will go broke anywhere, playing against the percentage that belongs to any table game. does not matter whether it is in Monte Carlo or in some tin-roofed shack in the sage brush. The little old percentage is the strong player that always

SEEKS MIDNIGHT SUN

Swedish Resident of Wyoming Goes One-Third Way Around

Special to The Telegram. CHEYENNE, Wyo., April 2 .- A third of the way around the world to see the midnight sun! That is the trip undertaken by Gust

Johnson, a well known saloonkeeper of

this place, who landed in Sweden a few days ago. The principal object of his long journey is to behold the midnight sun, of which he heard acquaintances boast when a boy. Johnson is a native of Sweden, While still young he came to this, country with his parents, and, during

the years he has resided in America, has never forgotten what he heard of the strange phenomenon visible in the northern part of his native land, nor has his desire to behold it been lessened by time and experience. Recently Johnson found himself in a position to accomplish his object and he lost no time in departing for Sweden. Within the next few weeks he will travel well into the northern part of that country, and, from the summit of a high mountain, will see

the midnight sun. From this moun-

tain the phenomenon is visible but s

single night in the entire year-early

in May. Johnson will be on the

mountain when the night comes.

TO ERECT RINK Unable to Secure House, Company to Build Pavilion at Temple

Special to The Telegram, TEMPLE, Texas, April 1.—Being unable to secure a location in Temple any other way, the operators of skating rinks at Cleburne and other Texas cities have secured a foothold in Temple only by leasing a vacant business lot on Main street facing the public square and erecting thereon a building or pavilion costing over \$2,000 at their

This condition of affairs is brought about by the fact that there is not a vacant business house in the city of any description and many new business enterprises are being delayed, owing to this fact. The congestion will soon be relieved, however, as there is a great deal of building contracted for in the business section, which, when completed, will partly relieve the conges-

CATTLE PRICES ARE ADVANCING

While the volume of spring trading among the cattlemen so far this season is small in comparison with former seasons, that fact is not regarded as the least bit discouraging by those who are in close touch with the live stock industry, and who are keeping a watchful optic on the indicataor. Conditions throughout the range country are generally good. There have been good winter rains, and spring is opening up in good shape. Grass is coming right along now out in the range country, and it can be safely asserted all dangers from the winter season are over. The winter has been a very mild one and the mortality among the herds correspondingly light. In some sections there are losses reported from the recent cold rains, and there have been a few losses in the large burned districts. But taking the situation as a whole, it has been a most favorable winter season for the cattlemen, and those of them complaining of rotten grass as a result of excessive moisture now have the satisfaction of seeing the new grass coming right along and the ranges being clothed in a beautiful garb of living green.

There is no question but out in the range country there is a decideded tendency in the direction of higher prices for all classes of stock this spring. Ranchmen are demanding from one to three dollars more per head for their stuff than was paid last year, and the indications are they are not going to experience much difficulty in obtaining it. There is already sufficient inquiry to indicate that everything in sight above the line is going to be taken, even at the advanced prices that are being demanded for all classes of stock. Below the line conditions are very nearly the same. The San Angelo Standard says:

Cattle conditions at this time are all any cowman could wish for. The outlook is bright and strikes the ordinary cattle raiser with a high degree of hope. Cattlemen are receiving and expecting better prices for their stock than ever before. Stock cattle are selling at present for from \$10 to \$12. A year ago they sold for \$8 to \$10. One year old steers are bringing pretty close to \$12. In comparison with 1905 they are at an advance of about \$1 to \$2 ahead. Twos are quoted as close to \$16 and \$17 and threes from \$23 to \$25 against \$20 to \$22 for the past year. Good cows to ship to the territory for April delivery are bringing around \$12 and \$13 against \$11 and \$12 in 1905. Bulls are quoted practically the same as that of last year.

These figures make the stockman feel pretty good. He has a right to feel that way as well as feeling a bit independent. Conditions are good now; in fact, about the best they have been in many a day. There is a good stiff demand for all classes of stuff and he has a right to get for them the best he possibly can. No one blames him, except the fellow who has to pay the price.

It is expected that the trading business will open up in good shape at Amarillo during the convention that meets there April 17. The northern buyers who attended the Dallas convention and deadened a little timber. preferred waiting a month later before closing any contracts, and said they would be at Amarillo prepared do business. The indications are that there is going to be a very brisk movement of cattle this spring, and the man with good stuff is not going to experience much difficulty in disposing of it at satisfactory prices.

WHERE IGNORANCE IS BLISS

Judge C. K. Bell, candidate for governor, has been in Texas thirty-one years and has been in office twentysix years. Mr. Bell is the present attorney general and is permitting the anti-trust laws to be flagrantly violated. He does not even know that a cotton seed oil

and lumber trust exists.—Grandview Tribune. Well, is that not a corker? For whom did the Grandview man cast his vote for attorney general two

years ago and again last November? We were under the impression that a gentleman by the name of Davidson was serving the people of Texas in the capacity of attorney general, and that Judge Bell retired at the close of the Sayers administration.

But the Grandview Tribune has it down different, and it is useless to argue a proposition with one so set in his views. Judge Bell should not permit these things to be, and it is to be hoped the matter will at once be brought to his attention.

The state legislature had an opportunity to largely redeem itself in the estimation of the people of Texas by doing its work within four days, but it was not equal to the occasion.

North Fort Worth is doing some street improving that speaks well for the enterprise of that growing borough. Good streets are a boon to any town or city

Fort Worth is not enjoying a boom, but just a steady and natural growth that is causing profound satisfaction among all classes of Fort Worth people.

It is reported that five thousand people went to the tent show of Bernhardt at Dallas and that the tent is a failure for theatrical purposes. One dollar general admission and two to three dollars more for seats meant a fifteen thousand dollar house at one performance, which is a pretty good return to the managers of the actress. A Dallas dispatch puts the attendance at eight thousand. A Telegram special states that none could hear and but few see the actors, and many left after the second act .- Abilene Reporter.

It made no difference to the thousands who went to hear Bernhardt that they could neither hear, see or comprehend. They had the pleasure of standing up in her big tent and got the worth of their money in the fond expectancy experienced.

0000

Some of the papers are arguing the case of the sisterless brother, versus the brotherless sister, and the opinion is freely expressed that the boy without a sister is worse off than the girl without a brother, but upon what chain of reasoning is not stated, more than the fact seems settled from the sentimental side of it. What is the matter with the girl getting next with some other girl's brother as well as the boy getting next with some other fellow's sister.—San Antonio Light

That is the manner in which the situation is usually adjudicated, but it does not compensate for the lack of companionship in early life. The boy raised without the advantages of a sister's tender love is always to be

. . . .

It is estimated by T. J. Anderson, general passenger agent of the Galveston, Harrisburg and San Antonio railway compay, that fully 18,000 homeseekers will be in San Antonio to attend the northern settlers' convention, which will be held in San Antonio on April 21 and 22.-San Antonio Stockman.

People are flocking into Texas all the time, and there is an active demand for land in every section of the state. Lands are yet cheap in every portion of Texas, but people are beginning to realize that present conditions cannot prevail forever.

0 0 0 4

No man can be nominated for President by the democrats in 1908 who is even suggested, much less recommended, by the Hill-Sheehan-Parker combination of boodlers in New York. When the next democratic national convention meets, the west and south will again be in the saddle and sure-enough democrats will be the riders. The boosters for boodlers may as well reconcile themselves to that fact.-Beaumont Journal.

All of which is as true as gospel. The sight of Alton B. Parker-the weakest man ever nominated by the party-essaying the role of wet nurse and general adviser at this juncture is one of the funniest things connected with the history of the democratic party. Judge Parker has already proven himself an unsafe leader.

WASHINGTON, April 1 .- Soon after the rumor got about that District Attorney Jerome had asked for warrants for Cortelyou, Bliss and George W. Perkins, a couple of wandering newspaper men came up with Mr. Babcock of Wisconsin, who for many years has been chairman of the Republican congressional committee. This year Mr. Babcock will not serve, regarding it as one of the years of lean kine.

"Any warrants out for you?" asked one of the newspaper men, by way of pleasantry.

Mr. Babcock gazed upon him gloomily. "Not yet," he said, and moved away.

. . . .

John Sharp Williams was making an appeal to Sereno Payne for a revision of the traiff on antitoxin for the benefit of the poor sick children who need it. He had just started on his climax when the gavel fell, announcing the expiration of his time. When an extension had been granted he tried to resume, but before he got fairly started the gavel fell again. This time it was a message from the senate. "I don't think there ever will be a psychological moment for this appeal,"

The senate's messenger droned through his communication, bowed and retired.

"As usual," said Williams, "the senate has come to the rescue at a critical moment."

. . . .

Senator La Follette of late has been in the habit of sitting on the Republican side of the senate in the thick of the debate on the rate bill. He sat in Dolliver's seat in the back row listening intently to McCumber's speech, when Representative Babcock entered the chamber. The two are foes to the death. The senator nearly bowled Babcock out of congress two years ago, and has a long knife whetted for his scalp this year.

Babcock rolled along back of the seats in a preoccupied way and flung himself down in Alger's seat, which is next to Dolliver's. Then he turned about toward the Wisconsin senator to see who his neighbor might be and shake hands with him in the customary manner of representatives when they visit the senate. When he saw who his neighbor was, a look of horror possessed his entire countenance, his jaw fell, and he hurriedly gathered himself together and fled through

La Follette sat through it all with a cast-iron smile.

OTHER WAYS

"I suppose railroad legislation is to come," says tracted Muscles, etc., T. S. Graham, James J. Hill, "and the railroads, so far as I know, are not placing obstacles in its way." Still Mr. Hill knows that there are other ways to wreck a train than by placing obstacles on the track.—Washington Post.

ARE TONI WORLH IELEGRAM

If the farmers can manage to keep the politicians out of their organization they will have much smoother sailing. But so long as the men who want offices are permitted to creep within the sheep fold there is going to be continual trouble.-Fort Worth Telegram.

Well, President Calvin has resigned politics, President Pyle has resigned the union, or rather the presidency, and Organizer and Keeper of Political Records Montgomery has thrown up his job-what more could you ask?-Houston Post.

4 4 4 4

South Texas may labor under the impression that north Texas desires to take an undue political advantage of that section in amending the existing election law, but up in this end of the state it looks very much like a clear case of kicking before you are spurred .- Fort Worth Telegram.

We are all Texans and should be actuated solely by the motive of what is for the best interest of the state at large. Any attempt to advance the interests of one section as against those of another section is bound to prove injurious to the state.-Denison Herald.

.

People are still picking cotton out in western Texas, and still there are those who say that crops are not to be relied upon in that section. When a people can raise more than they can gather it must appear that agriculture is a pretty safe and profitable avocation .-Fort Worth Telegram.

Don't let every Fannin county man bite at this bait. Because we have shed rain out of our eyes at the coplous tears that have fallen from the clouds this year and last is no sign that we will not be "IT" next December 25, while the blooming bounding west will be rolling in- dust, not 'dust.' "-Bonham Herald.

TOO COLD THERE

When the American flag gets planted on the undiscovered continent north of Siberia it will undoubtedly be only too glad to come home just as fast as it can without waiting for any hints from Russia.--Chicago Record-Herald.

YOAKUM PLANS HAVE BIG SCOPE

Head of the Frisco-Rock Island as They Wish Change

ACROSS THE CONTINENT

Northern Terminals to Be in Dakota and Minnesota, and Southern

on the Texas Gulf

Writing from Laredo, Texas, to the Chicago Record-Herald regarding the work of B. F. Yoakum as a railroad builder, W. E. Curtis says:

Everybody down here thinks that B.

F. Yoakum, the working head of the Rock Island and Frisco railway systems, is a wonder. He is Texas-born and Texas-bred, and the people of the state regard him as an empire builder about as the Macedonians esteemed Alexander the Great. Mr. Yoakum is a remarkable man. He was born at Palestine, where his father was a literary farmer and wrote a history of Texas which is considered a standard. The son peddled fruit trees and was a book agent and ran a dairy and was engaged in various other enterprises in his younger days, and finally became a land boomer or immigration agent for the Gould railway lines. In that capacity he attracted the attention of Mr. Hoxle, founder of the Missouri Paic system, and was employed by him as immigration agent. In 1884 he became associated with Urich Scott in the San Antonio and Aransas Pass railroad and built it from Waco to the gulf without any money. It went through the receiver's hands and was reorganized with B. D. Robinson as president, who made Yoakum his assistant, and thought so highly of him that, in 1893, when he went to the Santa Fe, he took Yoakum with him and put him in charge of the Texas division of that road as general manager. In 1897 Mr. Robinson, having been elected president of the Frisco system, took Yoakum with him there as vice president and general manager. Two years later Mr. Robinson died and

Yoakum succeeded him in the presi-At that time the system represented 1.120 miles. It now has a mileage of 6,200 miles. Two years ago it was amalgamated with the Rock Island, although operated independently. Yoakum is the chairman of the executive ommittee, which has control of more than 17,000 miles—the largest system, I believe, that is or ever was under a

single management. List of Roads The following is a list of the roads under Mr. Yoakum's control and those in which he is directly interested: Chicago, Rock Island and Pacific 7,503 Chicago, Rock Island and El Paso 112 Chicago, Rock Island and Gulf. St. Louis and San Francisco.... 4,693 St. Louis, San Francisco & Texas 125 Chicago and Eastern Illinois 922 Evansville and Terre Haute Louisiana and Arkansas Evansville and Indianapolis Fort Worth and Rio Grande..... eaumont, Sour Lake & Western Paris and Great Northern..... Colorado and Southern..... 1,121 Fort Worth and Denver City Colorado Springs & Cripple Creek St. Louis, Kansas City & Colorado St. Louis, Brownsville & Mexico 214 Trinity and Brazos Valley..... Wichita Valley Rio Grande railroad Atlantic and Birmingham 340 Gulf and Interstate railroad.....

To complete and round up the sys-

tem. Mr. Yoakum has some compre-

hensive plans, and, within the next two

or three years, expects to construct

between 3,000 and 4,000 miles of addi-DON'T PUT OFF for tomorrow what you can do today, If you put off buying a bottle of Ballard's Snow Liniment, when that pain comes you won't have any, buy a bottle today. A positive cure for Rheumatism, Burns, Cuts, Sprains, Con-

tional track, which will make the termini of the Rock Island-Frisco combination at St. Paul and Watertown, S. D., in the north, El Paso and Denver in the west, and New Orleans and Brownsville, Texas, in the south. He proposes to build along the west bank of the Mississippi river from Memphis to New Orleans and from St. Louis to Burlington, which, with the Rock Island connections, will give through tracks from St. Paul to New Orleans, to Brownsville and El Paso, Texas. From Brownsville, the southernmost town in the United States except Key West, at the mouth of the Rio Grande, he is building along the gulf coast northward toward Galveston; along the north bank of the Rio Grande to Laredo, and directly northward to San Antonio, and has planned a line from Brownwood, in the center of the state, to Eagle Pass on the Rio Grande to connect with the Mexican roads. Numerous short lines are already under construction, which will be the nucleus of this system, and in connection with it Mr. Yoakum has a big irrigation scheme by which he proposes to bring under cultivation the narrow tongue of land between the Gulf of Mexico and the Rio Grande south of the Nueces river, which the Mexicans used to claim was the boundary between the two countries. To determine that question the war of 1846-7 was fought. This is a semi-tropical region capable of producing immense crops of cotton, sugar, rice, oranges, lemons and similar crops.

MUSEMENTS

Jewell Kelly Stock Company

Tonight brings to the patrons of Greenwall's opera house, says the press agent, a new popular priced attraction, and one that warrants patronage, for we are promised something new in the line of plays and pleasing specialties. The opening bill tonight, "A Fatal Step" on which occasion ladies are to be admitted free when accompanied by a person with a paid 30-cent ticket if purchased before 6 p. m. Matinees are to be given daily from Tuesday and the bills to be presented especially to please the ladies and children.

At the Majestic-

Beginning with the matinee this afternoon at the Majestic, the management will submit for popular approval, a list of attractions which in several respects is the strongest program of features ever offered at that house. The bill is an extraordinary one from the fact that it contains two of the biggest headline acts in the country. Usually only one of these acts ever appear on the same bill. This arrangement even obtains at the great theaters of New York. Four weeks ago, Améta, the Parisian danseuse, was the principal feature on the program at Keith's New York vaudeville theater. Two weeks ago, the "Hazardous Loop" was the headline act at the Orpheum theater, New Orleans. Both of these features are offered on the same bill this afternoon at the Majestic. They represent an aggregate equipment of 8,000 pounds, which must be shifted on the stage at every performance. Ameta

is declared today the greatest mirror and color dancer in the world. The "Hazardous Loop" is a huge invention of Tom Eck, the veteran bicycle trainer, and one time champion long distance wheelman of America. Mr. Eck is traveling all over this country with his loop and after completing this tour will take the feature to Europe. Miss Lillian Chick, a charming girl of 18 years, is the performer in the loop. She makes three perfect circles within the massive oval. Miss Chick is the only woman who has ever accomplished this perilous feat.

The first appearance here of Pete Baker, the eminent German character comedian, in at least ten years, is of equal importance. Mr. Baker was last seen in this city in his starring play, "Chris and Lena." Warner and Lakewood, presenting their grotesque dance. "The Scarecrow and the Maid." Mc-Intyre and Backus, fine black-face comedians: Warren and Brockway, musical comedians, complete the bill. The skit used by McIntrye and Backus was written by the elder McIntyre. The Majestograph shows "The Life of an American Policeman" in one of the largest cities of the United States.

JUST BECAUSE your cough is only in the throat and does not trouble you now, don't think that it needs no attention. When it has not had much of a start is the time to check it. The slightest cough easily leads to Pneumonia, Bronchitis and Consumption. A bottle of Ballard's Horehound Syrup will cure that cough. The price puts it within the reach of

Annual Report Will Show \$20,-000 Gain

Water rentals in Fort Worth, according to the annual report being compiled in the waterworks department, will show an increase over the previous year of approximately \$20,000.

The rentals for the year ending April 1, 1905, were in round figures \$85,000; the forthcoming report will show \$105,-000 received from the same source for the year ending April 1, 1906. This is cited by Chairman John F.

Lehane of the waterworks committee as evidence of the rapid growth of Fort Worth's population. "The number of consumers," said Chairman Lehane Monday, "has doubled during the six years that I have been chairman of the waterworks committee." Additional water supply raising the total to 6,000,000 gallons a day will be in use before summer.

NEW HOTEL TO OPEN

Work on Touraine Being Rushed for April 15

Work on the new Touraine hotel is being rushed along as fast as possible and it is hoped by the management that the building will be ready for use

The Touraine is to be one of the finest and most elaborately finished hotels in the South, and will equal almost any in the country in equipment. No expense has been spared in completing the building and everything is one the finest order. It will be complete in every particular down to private dining rooms, finished in Dutch. Billiard and pool rooms and other features will be added.

WARM IN SOUTH

Mississippi River Divides Rain Indications of Country

prisoner Tuesday morning ..

The weather conditions throughout the country are divided by the Mississippi river. East of the river the conditions are generally fair weather with frost as far south as North Carothere is low barometer pressure. High winds are reported from Oklahoma and storms in the mountain states from Montana to Nevada.

The warmest temperature for the twenty-four hours ending at 7 o'clock Monday morning reported was from Abilene, with 84 degrees. Amarillo reported 78; El Paso the same; Fort Worth 75; San Antonio 76. There was an isothermal 60 degree line marked from the region of New Orleans to a point 100 miles inland from Corpus Christi. Stretching across the entire southern part of the country from Florida to Lower California there was line marking an average temperature

of 50 degrees. Weather report along the Denver Road shows clear weather Monday norning with a light south wind. Temperatures at 7 o'clock Monday morning were: Texline 45 degrees, Amarillo 56, Childress 58, and Wichita Falls 56, an dvance of about 10 degrees over tem-

peratures of Sunday. The official report of weather conditions, as issued by the local weather

bureau, is as follows: "The regions east of the Mississippi are under high barometer domination causing generally fair weather and lower temperatures. Tennessee and North Carolina report heavy frost. "The Rocky mountain states are under low barometer influences, causing snow in Nevada, Utah and Montana High winds prevail over Kansas and Oklahoma, Oklahoma City reporting forty-two miles of wind at 7 a. m. "High barometer conditions with cooler weather dominates the Pacific

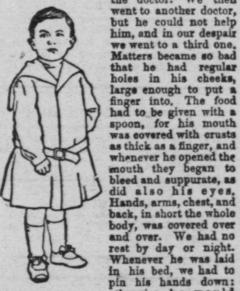

coast states. The freezing line extends southward to New Mexico." Alex's Candy Store, 911 Main St.

TERRIBLE ECZEMA ON LITTLE BOY

NEW SCALE FOR THE CARPENTERS

Two-Thirds of the Local Union Men Working at Advance

RAISED 60 CENTS A DAY

Eight Contractors Reported to Have Signed, With Two Refusing, and Five to Hear From

Monday morning was the time set by the carpenters for the new scale of wages to go into effect; the raise being from \$3 to \$3.60 a day. The first notice of the increase asked was given three months ago. Since that time a number of contractors have agreed to pay the scale asked for. A number of contractors either refused or did not reply to the demand.

By 9 o'clock Monday morning there were about eight contractors who had agreed to give the wage demanded; two who refused to grant it and about five who had not given their answer. At the same time there were twothirds of the men at work at the new scale of \$3.60. The balance of the carpenters who were not working included a number who are out while the raise is pending and some who were not working.

There seems a general feeling that the demand will be granted without trouble by the majority of the contractors. One job where about twentyfive men are employed was the scene of commotion early Monday morning. The men refused to go to work without the raise and the contractor refused to give it. Later it was reported that this job was taken out of the hands of the contractor by the owner, who has granted the increase asked for by the union.

At the labor temple twenty men reported that they had not begun work on account of either being refused the increase in wages or that the increase was pending.

NEW SCALE

Majority of Paperhangers and Painters Get Increase

Most of the painters and papernangers of the city went to work Monday morning at a new scale of wages. new scale was at an increase from \$2.50 to \$3 a day. There are about 100 nembers in good standing who belong to the brotherhood in the city . Notice of the increase was given the

contractors in the regular manner and the new scale is the outcome. It is reported that most of the contractors have granted the increase asked. There are a few, however, who have not granted the scale. One contractor has not granted the scale on account of the difference in the ability of the men employed at the work. This contractor stated that on an average he was paying as much as, or more, than the union scale and that he had not granted it on account of the reasons On the whole there seems no danger

from a strike or serious trouble because there are so many of the union men who are getting the increased scale of wages. The press committee of the Brotherhood of Painters, Decoraters and

Papperhangers report that up to noon Monday there had been twelve contractors who had signed the agreement for the new scale of wages.

NEW OFFICE IN TROLLEY LINES

E. C. Reichardt Appointed Assistant Treasurer

E. C. Reichardt, formerly of the Houston Electric Company, will be appointed assistant treasurer of the Northern Texas Traction Company ines, with headquarters in this city, within a few days, to take charge of part of the work formerly done by Secretary and Treasurer Clifford, who has been appointed superintendent of

the operating department. There will no longer be a secretary and treasurer of the lines located in this city, as both offices will be removed to Boston, where one secretary and one treasurer will have charge of all of the Stone & Webster lines. At each place, however, there will be assistant secretary and an assistant

Mr. Reichard, who becomes assistant treasurer in this city, has been with the Stone & Webster interests for some time and was head bookkeeper of the lines in Houston until sent to this city. He has been here for about a month, working under Mr. Clifford, in order to become familiar with the details of his new office. He is about 28 years of age and was born and raised in Houston.

An assistant secretary will probably be appointed within a few days, who will take charge of the duties of that office in this city in place of Former Secretary Clifford.

Ayer's Hair Vigor makes the hair grow because it is a hair-food. Feed the hair-bulbs, and the hair grows. That's nature's way, and that is all there is to it. Strong and healthy hair stays in, keeps soft and smooth, and grows thick and heavy. Then aid nature with Ayer's Hair Vigor. A little of it often does great things. There's genuine comfort in a hand-

Famous Singers to Appear at the Christian Tabernacle One Time Only

some head of hair!

Roney's Boys, world famous singers, will give a special concert at the Christian Tabernacle tonight at 8:30 o'clock. Among the company is Harry Schultz, a Fort Worth boy, who is a leading soprano. The entire press of the country has given them the highest praise, and a bare announcement is sufficient to attract an audience in any city. They will appear only the one time at the Christian Tabernacle tonight. Admission 50c and 25c.

THOUSAND A DAY FOR Y. M. C. A.

of Canvass Starts With \$7,000

The blowing of the whistles indicating another \$1,000 for the Y. M. C. A. has become such a usual thing that no one was surprised Monday morning when the seventh thousand was passed. There are only five more days in which to work and they must be active ones to reach the amount

The young men have not begun to hand in many lists and are urged to volunteer at once. The railroad men's list is growing rapidly and now stands Every thermometer on the board but

one has shown some results and it will begin to move at once. Workers are asked among business men to help finish successfully this

HARD LUCK FOR **PANTHERS STARTS**

Erwin Injures Arm Throwing Sunday

Hard luck has already started to hoodoo the Panther baseball team, which is now left without a catcher for the opening series with Austin, which begins Tuesday. In making a throw to first base Sunday Erwin strained his shoulder and is now unable to raise his right arm above the shoulder. Examination was made of the shoulder after the game and the doctors reported that he would probably be unable to play for at least three weeks and possibly more. It is hoped, however, that he will be

able to be in shape for the opening of the league season the latter part of the month. Walter Boles will do the receiving in the series with Austin as Barry, the other catcher is absent on a trip to

his former home, caused by the death Two more Panthers joined the team Monday morning, Walsh coming in from St. Edwards, where he has been assisting Disch and Schaetzke In coaching the team there. Wilson also joined the team and will be ready for the game Tuesday. It is expected that Gfroerer will be here Tuesday morning as word was sent him at Hot Springs to be here in time for the games with Austin. Huddleston is still absent but will be in before the

HOME SITE BOUGHT

E. R. Halstead to Build Along the

Interburban E. R. Halstead of North Dakota has purchased five acres of land at stop 6 on the interurban from J. O. Sittinger and will improve it immediately. The purchase was made through Fosdick & Mitchell, price paid being \$1,600. Mr. Halstead came from North Dakota several months ago for his health and since his arrival has gained forty pounds, and has decided to make this his permanent home. The land purchased is in the Ahler survey.

Sore Feet and Strained Muscles

Dr. Tichenor's Antiseptic

SIGNS REMOVED

Company Takes Radical Steps as Result of Damage Suits

As a result of the activity of the damage suit industry in Texas, the Southern Pacific Railroad Company has ceased officially to operate in this state and will have no agents within the reach of the process server.

Every representative or agent of the various properties in Texas, including the Galveston, Harrisburg and San Antonio, the Houston and Texas Central, the Houston East and West Texas and the Macaroni lines, have been prohibited from placing the words "Southern Pacifie" on their cards, on any literature of any of the Texas line, and all signs upon which the words appeared have been ordered torn down and replaced with new ones.

At the office of the Houston and Texas Central in this city no Southern Pacific signs are displayed, though tickets over that line are sold.

The order to stop the use of the words "Southern Pacific railroad," it is said, is an attempt to avoid having legal processes directed at the Southern Pacific Company served on the Texas agents. The railroad officials claim that many

persons injured in California and other places on the Southern Pacific railroad would come to Texas and get service on the company by serving the process on one of the local agents. Although the claim was made that they were not in reality agents of the Southern Pacific, it was hard to disprove as long as the Southern Pacific signs were displayed so prominently on the signs of the various offices.

The order is now being carried into effect. All of the Southern Pacific signs and emblems are being removed. The company has even gone so far as to adopt an entirely new emblem for use in the Texas line. The emblem of the Texas roads will

be very similar to the Southern Pafic emblem. Above the setting sun will be the words "Sunset Route," while below will be "From Ocean to Ocean." Across the sun will be the words "Oil Burning Locomtives." In Texas hereafter the words "Sun-

set Route" will be used to designate all of the Southern Pacific company's property. As that title is simply a popular name for the system, it is believed that the present company can prevent service being placed with Texas agents.

PASSENGER MEN HERE

L. M. Allen and Officials Reach Fort Worth on Way North L. M. Allen, general passenger agent

f the Chicago, Rock Island & Pacific railroad, together with the party of Frisco and Rock Island officials who have been touring South Texas, supposedly for the purpose of effecting more harmony in traffic arrangements between the two lines, reached this city Monday morning on the return trip north, leaving after a short stop on the Rock Island for Kansas City. At Kansas Gity the officials will attend the meeting of the southwestern passenger bureau, whose sessions open

The party was joined in this city by A. A. Glisson, general passenger agent of the Denver; P. A. Auer, general passenger agent of the Rock Island, and C. W. Strain, general passenger agent of the Frisco.

OIL ON I. & G. N.

Engines Already Being Converted to Oil Burners General Manager Leroy Trice has advised Commercial Agent U. S. Paw-

NEW YORK STOCKS

Trading Animated - Market Derives Strength from Cheerful News Regarding Strike Values Advance

NEW YORK, April 2.-Reports of a satisfactory settlement of the Moroccan difficulty and an optimistic opinion as to the outcome of the labor situation in the coal regions owing to more favorable advices over the holiday regarding the outlook in conjunction with an easier money market, imparted strength to stocks and resulted in a sharp upward movement of prices for the entire list before midday.

London reflected the general good feeling and sent over higher prices for all American issues and in the local market strength was very apparent at the start, opening prices as a rule being well above Saturday's fianls.

Reading was the most active as well as the strongest on the list, opening 21/2 points higher, the stock encountered some profit taking during the first few minutes from recent purchasers, under which the price eased off quickly 11/2 points, but bulls soon took charge of affairs and a rally ensued, heavy buying sending the price up 23-8c from the low, placing it at the highest point attained for some time, and dislodging quite a few stop loss orders on the way up. The movement in this stock strengthened the belief already current that the coal strike would be of short duration, and reflected the temper of the general trade. Other issues worthy of particular

mention were Union Pacific, Smelter, A. C. P., and C. F. I., as well as the less important coalers, all of which exhibited considerable strength.

Sales to noon amounted to 582,000. The session eventually developed into the broadest and most active one experienced for some time and all issues increased their early gains during the afternoon. Call money, which had been ruling at 6 per cent, eased off to 5 per cent, business increased and A. C. P. crossed 1111/2, Reading sold at 138½, while St. Paul advanced to 179½, while Union Pacific sold at 158½. A flurry in the money market during the last hour carried call money to 10 per cent, but stocks were not affected, the close being strong, with prices near the best. Total sales, 893,-Quotations

· Trade Topics								

The handling of Union Pacific throughout the bull market has been a matter of favorable comment, and at no time has its handling been more deserving of compliment than during the last eight or ten weeks. With the general market down 8 to 20 points from the high prices of January, Union Pacific is selling within 3 points of its top and if you choose to add the dividend of 3 per cent taken off in February, it is selling at practically its extreme high point. This is a wonderful showing for a stock upon which bullish interest is converged.

The earnings now being reported by the Rock Island and its allied properties fully justify the assertion that the Rock Island has turned the corner in its fortunes. There has been some very optimistic talk on Wall street lately regarding the Rock Island securities, particularly Rock Island common, -as a low-priced speculation. There is a disposition on the part of banking interests now responsible for the Rock Island securities to give them greater prominence in the market, and f we have a sustained general improvement, the common stock very probably will give a good account of

The copper situation regarding the metal has surprised some of the leading exports. The demand holds up in a truly remarkable manner. Some authorities who turned bullish on copper stocks immediately after the announcement of a settlement with Heinze, when Amalgamated was selling around 118, have turned bullish again, solely on the irresistible evidence of an unlimited market for the metal at these prices. The copper producing properties are more prosperous than ever before in their history. We shall hear more talk presently of an increase of the Amalgamated dividend following the increase of Anaconda.

Based on the preliminary figures, the net earnings of the United States Steel Corporation for the current quarter will be in the neighborhood of \$36,000,-000, the best showing for any corresponding period in the history of the corporation. Should the surplus available reach \$145,000,000 this year the surplus available for dividends on the common stock will be equivalent to more than 8 per cent.

CHICAGO GRAIN

Wheat Market Dull, but Prices Firm. Corn and Oats Higher-Provisions Firm

Special to The Telegram. CHICAGO, Ill., April 2.-The wheat market was again rather dull, although prices held firm the better part of the session, with the bulk offering good support on every attempt to bring on a slump. However, they were not at all greedy, seeming to be satisfied with only a slight advance. The opening was steady, with prices unchanged to 4c higher, in response to Liverpool cables reported better prices than was expected. Local professionals were good buyers during the initial trading, while commission houses sold. About the middle of the session prices eased off to a net loss of 1/4c to 1/4c, placing the July option at new low level, but the weakness was only temporary, as leading operators got in the pit and bought liberally, effecting a quick rally, pending prices up to a net gain of 4c to %c, and the market closed firm with prices near the best. Local receipts, 4 cars, against 31 cars this day last year. The United States visible

supply has decreased 812,000 bushels in the past week.

Corn was active and fairly steady. The opening was quiet and featureless, with prices unchanged. Some profittaking and rather liberal selling pressure appeared during the initial trading and caused a break of %c in the May option, but good buying power developed at the bottom, owing to a bullish visible statement, and the loss was soon recovered, the close being firm, with prices at a net gain of 1/8c to 4c. Local receipts, 280 cars, 8 of which were contract grade; 560 cars were received this day last year. The United States visible supply has decreased 2,221,000 bushels in the past

Oats were moderately active, with prices ruling at an advance. Closing figures showed a net gain of 1/8c to 1/4c Local receipts 195 cars, 38 of which were contract grade; 93 cars were received this day last year. The weekly visible statement shows a decrease of 1,336,000 bushels for the past week. Provisions

Provisions were only fairly active, but prices exhibited strength throughout the session and at the close pork prices were 7c to 10c higher, lard was up 2c to 7c, ribs were 2c to 3c net

Market Continues Quiet-Day's News Monday's Review and Sales Receipts of cattle today ran above Generally Favors Bills, but Prices the normal Monday supply, reaching Show Small Loss

Beef steers made up the bulk of the NEW YORK, April 2.-The cotton run, and of these, grassers were in market again felt keenly the lack of great majority. Indeed the supply of outside and the session ruled rather grass cattle, both steers and cows, was quiet; however, the undertone was at the largest of the season to date. Very all times good and although bears suc-

few fed steers were on offer and these ceeded in lowering values slightly, prowere mostly light fed and plain in quality. However, one load of fed steers brought \$4.40. Demand for grass cattle was good from packers, and the best shown sold readily steady with the best price of the season, \$4.30. A good fessional bull support was sufficient to Liverpool advices were about as expected regarding contract prices, but he local market encountered considmany of the grass run were hardly fit erable selling on the opening, as the to go in the beef class, yet they sold around \$3.50, the bulk of all steers result of which the market was weak, with prices 7 to 9 points lower on the landing between \$3.65 and \$4.15. A first call. The loss was increased 1 to 2 points during the initial trading, but bunch of yearlings of 825 pounds averadvices reporting an increase in Livage sold at \$4.25. NEW YORK COTTON CATTLE AND HOGS were 6 to 9 points lower for May and July, the decline being in response to some rather heavy selling, supposedly some rather heavy selling, supposedly of a stop-loss character. The initial loss was increased during the first few minutes to a net of 9 to 10 points. The weather map was construed as rather favorable, but did not exert much influence. Frost was reported over the northern section of the belt, but did no damage. The prospects of an early settlemnte of the coal miners' strike was a favorable influence and helped the market considerably, bringing in some new buying and sending prices up to within a point of Sat-urday's closing figures. A report is-sued by Miss Giles, estimating an in-crease of 5 per cent in acreage was also accepted as bullish. She said: "It will take the best of weather from now on to get an increase of 5 per cent in acreage, 65 per cent of land ready for planting, against 42 per cent last year at this time." C. T. VIVION.

FORT WORTH, April 2.- New Orof a week, futures opened 7 and 8 offerings of long cotton, however, beof good trade, sympathy of opinion delay and damage to the new crop by bad weather. Although speculation is not developing among the general public, the markets show more recuperative power and attention once excited a recurrence of bad weather would undoubtedly develop some outside interest. The weather map indicates such futures found good support at every in fair demand, a poor selection on fac-

ELECTION NOTICE. By virtue of the power vested in me by the charter of the City of Fort Worth, Texas, I hereby call an election in said city on Tuesday, April 3. 1906, being the first Tuesday in said month, during the legal hours for holding elections; for the purpose of electing:

One mayor for the city at large, One alderman for the First ward, One alderman for the Second ward. One alderman for the Third ward, One alderman for the Fourth ward, One alderman for the Fifth ward, One alderman for the Sixth ward, One alderman for the Seventh ward One alderman for the Eighth ward. One alderman for the Ninth ward.

The polls will be located at the following places with following presiding judges: First Ward-At First ward fire hall with Joe Leahey presiding judge.

Bibb as presiding judge. Fifth ward—At Morris' grocery store, with John A. Mugg presiding judge. Sixth ward-At Sixth ward fire hall, with M. J. Lewis as presiding judge. Seventh Ward-At P. O'Connell's store, South Main street, with Hugh Wood as presiding judge. Eighth Ward-Corner Magnolia and Hemphill street, with A. J. Baskin as

leans Cotton-Liverpool was featureless, following price changes on our side in aimless fashion, speculation small and sentiment inclined to the bear side. Futures show the full decline due, though spots are steadier, total sales reaching 14,000, of which 12,-900 were American. According to cables, fear of the effect of the coal strike in this country caused selling by lobbers. Our market acted with indecision quite usual at the beginning points lower on trading light, scattered ing readily absorbed by our largest houses. The best opinion is becoming more friendly to the bull side because among strong capital in New York and a bad spell for the near future and easy period. Spots were steady and tors' tables prevented larger business; holders are confident. Correspondence from all parts of Europe indicates that mills generally are well under contract and a comparatively large quantity of raw material has yet to be bought this

This Is Your Last Chance to Consult Mademoiselle Ismar

The Celebrated Egyptian Clairvoyant

prolong her stay in Fort Worth three days more, Monday and Tuesday will positively be her last days. If you intend to consult her, do so at once before too late. You may never again have the opportunity of consulting a clairvoyant of the ability of Ismar, who is rec ognized as being one of the foremost in her profession, and has a world wide reputation. Ismar is a descendant of a race of people who have been clairvoyants for thousands of years and whose psychic sense encompasses the wisdom of ages. No one can afford to be without the assistance this wonderful woman can give. It matters not what your problem may be, she can aid you, for she advises with a certainty higher than human power, She gives advice on business, love, speculation, etc. Tells names and gives descriptions without asking question. One interview will convince the most incredulous. Consultation hours 10 a. m. to 8 p. m. Sunday 2 p. m. to 5 p. m. MONTE-ZUMA APARTMENTS.

OIL BURNERS FOR SANTA FE

Experts Here After Trip to Field

REPORT IS KEPT SECRET

Statement Made, However, That Indian Territory Holdings Will be Developed in View of Coal Shortage

Outlook of the coal situation has caused the Santa Fe to prepare for a change of fuel. A party of expert oil men is in the city, having returned from the Santa Fe's holdings in Indian Territory, where they made complete investigation of the supply. Although declining to make public this report they announce the field will be developed and it is understood locomotives on the gulf system will at once be turned into oil burners.

James R. Sharpe, who was in Fort Worth Saturday, had just returned from the Indian Territory, where he went with Santa Fe officials to inspect the oil lands. In view of a probable shortage of coal it is proposed to develop the field for fuel purposes. Several wells have already been drilled on this land, and oil in paying quantitles found in each. Mr. Sharpe went to look over the territory with a view

change its engines from coal to oil Mr. Sharpe would not indicate what conclusion he had reached in this respect, further than to observe that the Santa Fe had considerable land in the territory that was good oil territory

of determining if the indications point

to a permanent production large

enough to warrant the Santa Fe to

and that it would be developed. There was in the party that inspected the oil lands of the Santa Fe a well known oil expert from the east, and he also, it is said, was favorably impressed with the outlook.

If the lands, which extend for miles along the Santa Fe tracks, prove as good oil lands as it is believed they will the Santa Fe will resort to ofl for fuel and be able to face any strike in the coal fields.

Oil is already being used as fuel on the Santa Fe in the southern part of the state and on some through trains and the development of the oil field is expected to result in adoption of the uel to the exclusion of coal.

THIEF SNATCHES PURSE

Woman Robbed in Central Part of City

A purse snatcher accosted Mrs. A. F. James of 915 Lamar street as she was passing St. Andrew's church Sunday night and snatched her purse, which she was carrying in her hand. The purse was attached to a light chain, which was broken.

Police headquarters was notified of the robbery and a description given of the thief, but no arrests have been made. Mrs. James says the thief was a white man.

SOCIALIST LECTURE

Large Attendance at City Hall Meeting Sunday

Fort Worth socialists turned out in full force Sunday to hear J. H. Brower of Chicago talk on socialism at city hall. The meeting was presided over by T. H. Beggs, a socialist leader in NEW YORK, April 2.-It was learned Fort Worth, and the attendance was yesterday that Augustus St. Gaudens, larger than at any meeting before held whose home and studio are at Windthe socialists in this city. Many sor, Vt., had recently been confined those present, however, were not socialists; simply attending the meetfor a week in a hospital in Brookline, ing to hear what the speaker had to Mass., where he underwent treatment say regarding socialism. that he had given his subject much

Mr. Brower evidenced in his talk study and handled it in a manner to make himself fully understood. He reviewed the socialistic movement from its beginning and followed it to the

present time through the different ages, making a forecast that the time is rapidly approaching when its spread will take in all peoples and wipe out all other systems of government. He berated the 3,700 millionaires in the United States, and throughout his entire talk dwelt on the relations existing between the masses of the people and the wealthy.

BISHOP GARRETT HERE

Annual Visitation Paid Trinity and Holy Innocents Churches

Right Rev. Alexander C. Garrett, D. LL. D., bishop of the diocese, made his annual visitation to Trinity church and the Church of the Holy Innocents Sunday. In the morning he confirmed a class at Trinity church, corner Pennsylvania avenue and Hemphill street. He preached on the thirteenth chapter of the First Epistle to the Corinthians, his subject being, 'And now abideth faith, hope and charity, these three, and the greatest of these is charity." The church was crowded to its fullest capacity to hear Bishop Garrett. In the afternoon at 4 o'clock Bishop

Garrett confirmed a class at the Church of the Holy Innocents, corner of Josephine street and Virginia ave-Union Depot addition, and preached on "The Annunciation of the Holy Virgin." The chapel was also filled to overflowing.

TROLLEY APPOINTMENT

J. T. Voss General Manager of Rosen Heights Line

J. T. Voss has been appointed general manager of the Fort Worth and Rosen Heights Street Railway Company in place of J. Goldgraber, who resigned severel months ago. Mr. Voss, who has been until larely manager of the Arlington Heights street car line, has already assumed his new position

Mr. Voss has had about thirty years' experience in street car operation, and was the owner of the old Nine Mile Belt and the Arlington Heights and Polytechnic College line formerly operated in this city. He sold these lines and for a time retired from the street

EAGLES DEFEAT LEAGUE PLAYERS

F. O. E. Team Bests Pennant-Winning Panthers

The only exciting feature of the game Sunday, which resulted in the defeat of the Fort Worth Texas League team by the Fort Worth Eagles by a score of 5 to 3, was in the last half of the second inning. The Panthers were at bat. Clayton, the league second baseman, hit out a hot grounder to right field, and for an instant it appeared that he would make the initial bag safely. A prompt pickup by Blount, however, doomed him to disappointment, as Cottar caught a'swift delivered putout by Blount. This trick was cheered loudly by the grand stand. which was sprinkled by a respectablesized crowd, despite the high wind which prevailed Sunday afternoon dur-

ing the game. In the eighth Cavender narrowly escaped serious injury while a runner. While stealing second base he collided with one of Rogers feet, the foot strik-ing the runner's neck and bringing him to the earth in a manner which indicated serious hurt. A physician made a hasty examination, water was dashed in the leaguer's face and he left the field for a few moments, but soon ecovered sufficiently to go ahead with

The game was even-tenored, on the order of practice games, but Dupree gave evidence of exerting himself to make a better showing than Ort of the league team, in which he succeeded to some extent.

The league team showed up better on base running than did the Eagles, but in field work and batting the honors were hardly divided, the Eagles showing professional form to better advantage than the Panthers. The score:

Time of game—One hour and forty-five minutes. Umpire—Eldridge.

POLY TEAM LEAVES

Baseball Squad to Play Sherman and Denton Nines

Polytechnic College baseball team left Monday morning for Sherman, where they are to play Austin College Monday and Tuesday. After these games the team will come home and rest in order to be in shape for another series of games that will be played here the latter part of the week with Denton Baptist College.

The state prohibition contest will be held here on April 5, 6 and 7, and on April 5 and 6 games will be played with the Denton team. Following is the probable line up of the Polylechnic

team: Sensabaugh, third base; Cav-

aness, second base; S. Heizer, short

Keep HOWARD MARTIN **DIES SUNDAY**

Assistant Attorney General of State Dead

Howard Martin, assistant attorney general of the state, died at St. Joseph's Infirmary Sunday morning at 10 o'clock, following a surgical operation last Wednesday. A number of friends and relatives were at the bedside at the time that death came, as his condition was known to be serious. Among these were his father and mother, Mr. and Mrs. J. A. Martin; his sister, Mrs. W. M. Massie of Floydada; his brother, Creston Martin of Dalhart, and his son, E. H. Martin. Mr. Martin was 38 years of age. He

was a native of Mississippi, although a resident of Texas for thirty years. Before receiving the appointment as assistant attorney general, he was a practicing attorney at Weatherford. In 1891 his political career began, when he was appointed to fill the unexpired term of R. C. McConnell, deceased, as county attorney. He was twice elected to fill this office after that and then retired from politics and resumed private law practice. One of the first appointments made by Governor Lanham was that of Mr. Martin as assistant attorney general. His work as state's attorney ha

brought him chiefly into the court of civil appeals and at the last session of the court in Dallas, which closed Saturday, March 24, he appeared in perfect health.

Shortly after the close of the court in Dallas he became seriously ill and was brought to this city for treatment. The body was shipped to Weatherford Sunday night for interment. Funeral was announced after 3 o'clock Monday afternoon. He was a member of the Knights of Pythias and that organization was placed in charge of the

stop; B. King, first base; Sebastian, left field; Stewart, center field; Ward, right field; Rogers, catcher; V. Helzer and L. Brown, pitchers.

M. DS. TO PLAY University Students Arrange Games at

Mineral Wells Fort Worth University Medical College baseball team left Monday for Mineral Wells, where they will play the team of that place on Monday and Tuesday. The university boys have not many men to pick from in choosing a team, but in spite of this

fact they have a good team that is

capable of playing good ball when it

Harry Thornberry, the left-handed pitcher, will be in the box for the university, and Neis will do the catch-

Browns 13, Cardinals 6 ST. LOUIS, Mo., April 2 .- Nearly 20,-

dinals yesterday. The capacity of League Park was taxed to its limit to accommodate the big crowd. Thielman started to pitch for the Cardinals, but the Browns had their hitting clothes on and drove him out of the box in the second inning. The Browns bumped Brown pretty hard later on and piled up five more runs in the last seven innings. Score:

Nationals ..0 1 2 0 0 0 0 0 3-6 12 Batteries-Americans, Powell and Spencer; Nationals, Thielman, Brown and Slattery.

Dallas Eagles 3, Greenville 4 Special to The Telegram.

DALLAS, Texas, April 2.-A. P. Bailey, manager of the Greenville Hunters, has an aggregation that should make the other teams of the Texas League hustle in their efforts to win the pennant. Local fans were given the first opportunity of seeing the Greenville team yesterday afternoon when it defeated the Dallas Eagles. The score: Eagles 0 0 2 0 0 0 0 0 — 3 Greenville0 2 0 0 0 0 2 0 0- 4

Temple 5, Cleburne 6

Special to The Telegram. TEMPLE, Texas, April 2.-In hard-fought game here yesterday afternoon Cleburne won from the home team, Score: R.H.: Temple0 1 0 0 0 1 0 0 3-5 10 Cleburne ...0 0 0 0 0 3 1 0 2-6 9 3 Batteries-Womack and Kelly; Dickson and Arbogast.

Austin 7, Waco 2

Special to The Telegram WACO, Texas, April 2.-The home team made numerous errors yesterday and these were responsible for the loss of the game. Zook pitched a better game than Suter, but the latter's support was nearly perfect. Score: Waco0 0 0 0 0 0 0 0 2 0-2 9 6 Austin0 3 2 0 0 1 1 0 *-7 6 1

Batteries-Zook and Ritter; Suter

Oklahoma City 9, Tulsa 1

OKLAHOMA CITY, Okla., April 2 .-In the second game of the exhibition series, Oklahoma City defeated Tulsa by the score of 9 to 1. A single in the ninth gave Tulsa the only score. Beaumont 4, Baton Rouge 1

BEAUMONT, Texas, April 2.-Beaumont defeated Baton Rouge in yesterday's game by a score of 4 to 1.

Preparing for Movement General live stock headquarters of the Katy report that the outlook for the movement of stock to the territories promises to be much heavier this year than that preceding and that preparations on this basis are being

Whenever a sore or ulcer does not heal and shows signs of chronic, it should arouse suspicion, because many of these places Cancer. It may appear as an ordinary sore at first, and is treatment as such, with some simple salve, wash or plaster, with the that the place will heal, but the real seat of the trouble is in the blook cannot be reached by external remedies, and soon the sore will return.

awhile the deadly poison begins to eat into the surrounding flesh and the ulcer spreads rapidly, becoming more offensive and alarming until at last the sufferer finds he is afflicted with I was suffering greatly from a cus ulcer on my left breast, who begun to eat, and at times we charge very offensive matter knew the trouble was hereditary only sister, my mother and two o sisters died of Cancer. I am fully isfied I would have gone the same but for S. S. S., which cured me. Belton, Mo. MRS. J. CASSE Cancer. Cancerous ulcers often start from a boil, wart, mole or pimple, which has been bruised or roughly handled, showing that the taint is in the blood, perhaps inherited. Another cause for non-healing ulcers

sores is the remains of some constitutional disease or the effects of a spell of sickness. S. S. S. goes down to very root of the trouble and cures so the ly that there is never any sign of the tr
