Austin Candidate Brands Rumor as False

CONVENTION TUGS... Austin Candidate Brands Rumor as False... This being true, it renders the situation still more interesting, as the delegates will go into the Dallas convention free, making alliances all the more probable after the first ballot has been taken. In other words, it is up to the delegates to nominate the man to run for governor.

CONVENTION TUGS

Assemblies Over State Marked by Harmony and Friction in Different Counties... ALL gubernatorial candidates are wary over reported combinations and while rumor has it that plots and counter-plots are being formed for the democratic state convention at Dallas, there is no knowledge of combinations planned and campaign managers of Campbell, Brooks, Colquitt and Bell deny there will be any dickerings.

MEANS DENIES ALLIANCE

It was reported that Judge McMeans, Campbell's manager, had given out in Dallas that the Colquitt vote would be delivered to Campbell, thus assuring his nomination, but all this Judge McMeans emphatically denies and declares Campbell delegates will enter into no alliance with other candidate's supporters.

TALKED OF COMBINATIONS

There is talk that Brooks may get some of Bell's votes, but if so they will be few and far between. Politicians for the most part look for combinations among the last three candidates, Colquitt, Bell and Brooks. The popular vote does not determine the nomination, for although Brooks leads Colquitt and Bell in the convention vote Bell is third and it is predicted will be second when the official returns are made known.

WILL INDORSE BRYAN

Several counties are expected to endorse Bryan in their resolutions. It is said Campbell will attend the convention if his health permits. Senators Bailey and Cuberson will also be delegates. Campbell supporters, it is rumored, will put forth Cene Johnson of Tyler for temporary chairman.

Factions Have Tug

Reports are coming in of many tugs at the county conventions and it is thought that the struggle at the state meet will be all the more fierce, and the convention protracted by taking many ballots. Prohibitionists, democrats, socialists and the republicans, including the Lyon faction, are holding county conventions over the state.

PLANS FOR ENTERTAINMENT

The committee on reception from the Dallas Commercial Club is headed by Colonel S. Morse. For the entertainment of the democratic state convention this committee is to be enlarged at once by the addition of about seventy-five names of men who will work for the success of the state meet. It is likely that the state will be enlisted, too, to receive the Confederate reunion and the Fire Chiefs' Association.

LATEST RETURNS

The latest returns give: Governor—Campbell, 79,551; Brooks, 64,872; Colquitt, 53,676; Bell, 41,521; Lieutenant Governor—Davidson, 108,214; Hill, 105,906.

SOUTH TEXAS IN GOOD CONDITION

Captain Lytle Talks of Cattle and Range

CATTLE SELLING WELL

Other Sections of the State Report Horned Herds Are Feeding on Abundant Grass

Captain John T. Lytle, secretary of the Cattle Raisers' Association of Texas, has returned from his vacation in fine condition to take up the work of the great cattle association for the coming year.

"I spent a very pleasant time on the ranch and my general health is much improved," said Captain Lytle to a reporter for the Telegram. "The country down that way is in fine condition in every way, both in Mexico and in Texas. It has rained more than usual and the grass is as seasonable as it is when it is usually called a wet country. Cattle are in fine fix and fat. Our grass is the white and black grass and is the best grass for stock that I know of. The climate where our ranch is located cannot be excelled either in Mexico or Texas and that means, of course, in the world. It is just fine to spend a night up there with a couple of blankets pulled up to your ears in mid-summer and it is cool and pleasant all the time."

"Cattle sell well—better, in fact, than they do in this market, and by that I mean that they average better prices, weight and condition considered, than they do here. The sales are made on the ranch subject to delivery on board the cars, and then one's expense ceases. I can satisfy any one of this fact."

Favors Exposition

"Of course I am heartily in favor of the live stock exposition proposition. It is a great thing and will do a great deal toward building up the Cattle Industry as well as other industrial interests. Yes, all reports from the ranges are excellent and there does not seem to be any dry spots in part of the country that is called cow country."

PALO PINTO BLOOMING

"Not a Dry Spot," Says Captain J. G. Bump

Captain J. G. Bump, a denizen of Brad, Palo Pinto county, has been on a visit to the city and was found in the office of the Cattle Raisers' Association of Texas, of which he is an enthusiastic member.

"Everything out our way is blooming like a rose and in full bloom at that," said he. "Cattle are in fine fix and the grass they feed on would have done for the Garden of Eden. Crops of all kinds are above an average. Corn is a good crop this year and so is all feed crops. Old Palo Pinto is all right this year sure. I am a little under the weather, due, I suppose, to the unusual pace one travels when in the city, which is quite the opposite to what we cow men usually have for our daily ration out on the range."

"Of course I heartily approve of the pavilion that is to be built for the accommodation of the fat stock show and the kindred interests. It will be a big thing for Texas and will enthrone the people and cause them to take more and more interest in all kinds of stock. Fort Worth is sure a two-time winner now, but she deserves every bit of it, for she never gave up, but struggled against all obstacles, and always with an eye to the future of the development of the city. Of course there are many new people in the city now who have no idea of what the original inhabitants had to suffer financially before they at last landed the big fish and could rest and look back on their gruffed eyes upon their catch. If they understood they would be amazed and wonder how they did it. We old timers remember and always think with pride of those great men who laid the foundations for Fort Worth's present greatness."

JULY RAINS NEEDED

Arthur Stayton Tells of Gulf Coast Conditions

Arthur Stayton, who lives in the south Texas, Jackson county, nine miles from the salt brine of the gulf, came in with six loads of steers.

"Yes, I am from way down on the big prairie in south Texas," said he, "and live so near salt water that we have all the good things that can be found on the coast and that is worth a good deal and offsets many advantages that you people imagine you have over us. It was very dry from February until some time about the first of July, and grass was dry sure, and cotton and corn dried up. Since the rain, however, cotton has taken on its second growth and is going big things."

"You know we have a top crop down there, and generally when the first or low crop fails for any reason we can reasonably be sure that the top will come in all right and give us a showing. Take the boll weevil away and we should always be sure of a lot of other. Grass is coming along. Corn is an utter failure this year all along the coast. The truck business there is in a great state of forwardness down in our section and every possible kind of stuff is raised for the market."

"The headquarters of the South Texas Truck Association is at Port Lavaca and all the members are enthusiastic workers. There can be found no finer or more prolific body of land than the prairie all along the Nueces and the shores of Alvarado bay and the prairie west of Fort Lavaca, and it is being rapidly taken up by men who will place it in truck and fruit of all kinds. When the great exposition hall is ready to open, we will have to get a hustle on ourselves or our section will carry away all the plums in the way of premiums."

JACK COUNTY CATTLE FAT

H. Kapp Says "Everything is All Right"

H. Kapp, who has a ranch in Jack county and lives in Jackboro, but who is known everywhere in the cow country and the markets, came in looking very cheerful and happy. It was evident that he had no bad news to tell.

"Things are all right in our neck of the woods," said he, "cows, corn, cotton and sorghum and all other kinds of growing stuff. My cattle are all fat and good for market. I brought some along from the grass and they sold on the market for \$3.40 which is good for grass fed stuff. The market is all right for fat stuff. There are lots of ticks everywhere it seems and some burn flies are disturbing the stock, but not enough to hurt. I think that

LIKES JOHNSON GRASS

W. H. Stark Believes It's Best for Cattle Feed

W. H. Stark, an old resident of Johnson county who receives his mail at Godley, a station on the branch of the Santa Fe between Cleburne to Weatherford.

"Stock farming is my business," said he, "although my son does most of the work. My place has a large amount of Johnson grass and I have just brought to market a car of this stuff and got a fairly good price—\$3.50—the average weight being over 1,100, which proves not a profit. Crops of all kinds are doing well as could be desired and corn and cotton will make fine yields."

COLQUITT BEATEN BY COMBINATION

Campbell and Bell Capture Travis County Delegates

Special to The Telegram. AUSTIN, Texas, Aug. 4.—The county democratic convention met here today and after a stormy session elected delegates to the state convention which convenes in Dallas Aug. 14. Campbell and Bell men captured the convention, not, however, until after a stubborn fight by the Colquitt forces. The first indication that the Campbell and Bell men, who had formed a combination against Colquitt, had the convention in hand was when a vote was taken on chairman of the convention John E. Shelton being elected over Captain J. P. Kirk by a vote of 73 to 23.

Shelton is a Campbell man and Kirk a Colquitt follower. Repeated appeals were made by Colquitt men to have representation on the delegation, but the combination was too strong. Travis county has eight votes in the convention. The delegation as named by the convention is composed of four Campbell and four Bell men.

BeAr County Convention

Special to The Telegram. AUSTIN, Texas, Aug. 4.—The democratic county convention adopted resolutions instructing the delegates to vote against railway passes and franchises of all kinds.

Personnel of delegation: Bell two, Colquitt three, Campbell seven, Brooks none.

The convention was wholly dominated by the Campbell people and the appointment of delegates was made prior to the primary election by an agreement between local representatives of the state for governor.

The convention is wrangling over a proposition to send a large number of honorary delegates to the convention. STRENUOUS TIMES FOR THE UMPIRE AFTER A BAD DECISION IN THE GAME BETWEEN THE PIPTOWN SLUGGERS AND THE BEANVILLE STARS

A LETTER TO OUR READERS.

Dear Sir:

"Ever since I was in the Army, I had more or less kidney trouble, and within the past year it became so severe and complicated that I suffered everything and was much alarmed—my strength and power was fast leaving me. I saw an advertisement of Swamp-Root and wrote asking for advice. I began the use of the medicine and noted a decided improvement after taking Swamp-Root only a short time.

I continued its use and am thankful to say that I am entirely cured and strong. In order to be very sure about this, I had a doctor examine some of my water today and he pronounced it all right and in splendid condition. I know that your Swamp-Root is purely vegetable and does not contain any harmful drugs. I thank you for my complete recovery and recommending Swamp-Root to all sufferers I am."

Very truly yours, I. C. RICHARDSON.

You may have a sample bottle of this wonderful remedy, Dr. Kilmer's Swamp-Root, sent absolutely free by mail, also a book telling all about Swamp-Root. If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at the drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

The demand for Wesleyan girls as teachers cannot be supplied. Curriculum as raised and extended this summer equal to the highest and best in the South for women. Faculty made larger and stronger by addition of two Chairs; one of History and Anglo-Saxon, and the other of Biology and Geology. The President will deliver lectures on Sociology and Civics.

Wesleyan Conservatory of Music

LARGEST AND BEST MACON, GEORGIA

Dr. Dingley Brown, Doctor of Music, London College of Music, will take a few pupils in Piano and Pipe Organ. Every teacher in Conservatory has had Conservatory education in America or Europe, more than half of them in both.

Art, Elocution, Bookkeeping, Stenography and Typewriting Instruction in all these departments kept to the same high standard.

Plant and Equipment freshly enlarged and improved during last year and made ample for the present. Endowment nominal, but institution does more work and makes larger income than any similar one in the South, and is thus enabled to charge lower rates. Can be more conveniently reached than any college of its class in the Union by young ladies of the South Atlantic and Gulf States. The best investment in the interest of children is that for their education. Send yours to Wesleyan, where they will get the best. Climate mild during entire school year, and health record unequalled.

MAN KILLED IN HOUSTON FIRE

Explosion Fatal to One and Injures Two

Special to The Telegram.
HOUSTON, Texas, Aug. 4.—One man was killed and two others severely injured by a fire yesterday evening, which totally destroyed the Gus Japhet liquor store and nearly all its contents. W. F. Fletcher, electrician, was killed by the initial explosion, which started the fire, and later another white man and a negro were wounded by falling debris in making their way out of the building. Fletcher's body has not yet been recovered from the building. From 5 o'clock until nearly 6:30 the fire department worked with a view to get the flames under control, finally succeeding through having soaked the building entirely. During the progress of the fire there were a number of detonations and explosions, resulting from the stored whisky and alcohol being heated to the bursting point. Fortunately the nature of the structure prevented the fire from spreading, although at one time it appeared as if several other buildings were doomed. It is stated that the damage to the building and contents will reach not less than \$100,000, with insurance on both to the extent of about \$80,000.

COOL HIGHBALLS; NO ICE

Cheap Process of Making Liquid Air, It Is Said, Will Do the Trick

Special to The Telegram.
LONDON, Aug. 4.—It is asserted that a process has been discovered for manufacturing liquid air at a price that will enable it to be commonly used to cool beverages, which will thereby not be diluted as they are by the use of ice. The air thus liquefied can be sold for \$1.25 a gallon. Kept in vacuum containers it will not evaporate in seventeen days. A few drops only are necessary to refrigerate a highball. The drops take a pearl shape and dance like animated diamonds. A white mist rises from the glass. Little lumps of white ice form and melt, and in two minutes the drink is ready, deliciously cold. Impatient drinkers would better adhere to ice, however, as the liquid drink before the liquid air evaporates the result would be pathetic for the drinker and humorous for the lookers-on.

United States Steel Declares Dividend, Giving Confidence to Financiers

By Associated Press.
NEW YORK, Aug. 4.—Earlier hesitation and uncertainty in the stock market this week were swept away by the influence in Wall street of the declaration of a dividend on United States Steel.

This was broadly interpreted as an expression of confidence in the stability of industrial prosperity by the important financial opinion represented and as an approval by great capitalists of the market operations designed to awaken an active advance movement in the market and give a demand for securities.

The current ease of the call money market kept the movement free from obstacles on that account until some impression was produced by the hardening of call loan rates late in the week.

The bone of contention will be the prorating of the vote for the gubernatorial candidate who will be dropped by the state convention after the first ballot is cast.

It is thought possible that there is a combination to be formed between the Bell and Brooks forces in the convention which will eliminate the other two candidates from any participation in this vote.

YOUNG COUPLE OUTWITS PAPA

Kentucky Beauty Who Slid Down Rain-pipe Marries

Special to The Telegram.
LOUISVILLE, Ky., Aug. 4.—Laughing at the stern mandate of an irate father, the obstructive tactics of an unsympathetic aunt, and the opposition of other relatives, pretty Luda Ankrin has become the bride of Curtis Day, an employe of an iron works company in Cattlesburg, Ky.

The girl and her sweetheart won the race from New York to this city. Papa Ankrin objected to young Day's attentions to his daughter, the two having known each other only a few weeks. So the head of the family enlisted the sympathy of her sister, Mrs. Julia Mays of Sternway, Long Island. So the girl was spirited away and held captive in her aunt's house, with Mrs. Mays herself as jailor.

But neither Luda nor Curtis was to be thwarted. Day secured leave of absence and, accompanied by a friend, hastened to New York. Hazel Ankrin, a sister of Luda, and almost as pretty as she, carried a note to the object of his affections. A few days ago, when the aunt was away, Luda stole out of her room in the second floor of the house and slid down a drain-pipe into the very arms of her fiancé.

Then came the final race for victory. The aunt sent a pursuer after the couple. The father started from here to head off the elopers. But the pursuer was slow and papa was outwitted. By the time Ankrin met them the two were a happy, beaming bride and bridegroom. They had stopped on the way and had the knot tied.

Posse Pursues Robbers and One Man Killed

Special to The Telegram.
EL RENO, Okla., Aug. 4.—Two highwaymen held up and robbed Samuel Roland and Miss Corrine Jones of Dallas at a railroad station near El Reno yesterday, assaulted the woman and were captured by a posse after a pursuit, in which an unknown man was killed.

Roland and Miss Jones, who are young people, were waiting for a train at the station when attacked. Roland sent word to El Reno and a posse started after the robbers.

After the train on which the two men attempted to escape was surrounded by the searchers a stranger started to run. On refusing to heed a call to stop he was shot down.

The two prisoners were positively identified by Miss Jones and Roland. The dead man has not been identified.

Federation of Catholic Societies Favors It in Extreme Cases

Special to The Telegram.
BUFFALO, Aug. 4.—"The Buffalo convention of the American Federation of Catholic Societies was the most important in the history of the federation," said Edward Feaney of Brooklyn, the president-elect of the federation. Among other officers elected was A. G. Kowalski of New York, first vice president.

The resolution on divorce, which was adopted by an overwhelming majority, commands steadfast opposition to absolute divorce in all forms. Limited divorce in extreme cases is favored; that is, separation from bed and board, so that property rights and the custody of children may be settled. The convention adjourned to meet in Indianapolis in 1937.

FORT WORTH IS DOING THINGS

The Fort Worth Fat Stock Show is to be known as the National Live Stock Exposition Company of Fort Worth. The following board of directors was selected: Marion Sanson, S. E. Burnett, W. B. King, George Armstrong, C. E. Hicks, S. F. Clark, J. W. Spencer and Stuart Harrison of Fort Worth; H. E. Singleton of McKinney; G. E. King of Taylor; George Elliott of Midland; I. T. Pryor of San Antonio; Richard Durso of Plainview; E. Hughes of Dallas; Dr. W. G. Chilton of Waco; Joseph Green of Gregory; O. S. Miles of Fort Smith; Arch. John Scharner of Midland and Henry Johnson of Chickasha, I. T.—Dallas News.

The organization of the National Live Stock Exposition Company in Fort Worth to take the place of the Fort Worth Fat Stock Show, is a step that is in keeping with the progress and development of the Fort Worth live stock market, and the growing importance of this city as the live stock center of the southwest.

It is but another indication of Fort Worth progress and another testimonial to the fact that Fort Worth is doing things. The growth and development of the Fort Worth market has been phenomenal—so much so that Oden Armour, the great Chicago packer, has publicly declared that this city will soon be the second live stock market and packing center of the United States and Oden Armour knows.

Did the News know that even now Fort Worth is shipping dressed meat by the solid train load to Chicago? There has not been much talk of the matter, but it is a fact, nevertheless. The packers are not telling it, and the manner in which it came to light is rather unkind.

A few days ago the Texas Brewing Company was surprised to receive an order for an unusually large amount of ice from the packing houses. Knowing that both packing houses were equipped with large ice plants, after the order had been filled the manager of the brewery called up the packing concerns and asked what was wanted with so much ice. The reply came promptly:

"There is no secret about it. WE WANT THE ICE TO REFRIGERATE SEVERAL TRAINS OF MEAT WE ARE SHIPPING TO CHICAGO."

Looks rather like a matter of shipping cost to Newcastle, does it not? Fort Worth dressing meat by solid train load being shipped direct to Chicago, the biggest packing center in the world, is an indication that the prophecy of J. Oden Armour may be nearer of fulfillment than some people are imagining. We are doing things in Fort Worth, neighbor.

RAILWAYS WILL OBEY LAW

A very important conference has just been held in Washington between the officials of the various western and southern trunk lines of railway and the Interstate Commerce Commission. The conference was a secret one, but enough has been disclosed to reveal the fact that the big railway managers are preparing to accept the provisions of the new federal rate bill. The railway men made clear to the commission their intention of complying with the

FALSE FRIENDS IN EVIDENCE

There has been something of a suspicion extant during the entire gubernatorial campaign that some of the support accorded Judge Bell was genuine, but rather given under a feeling of compulsion. Since the primary election was held and the boosters of other candidates have been making such frantic and extravagant claims, there has appeared evidence that this weak-kneed support of Bell is preparing to carry favor with the other elements, and this tendency is believed to be reflected in the proposition advanced to pro rate the vote of the different counties in the state convention according to the vote received by each candidate, after the first ballot and when the lowest man has been dropped.

This proposed procedure, which is well looked upon with suspicion, is damn without any regard to the source from which it emanates. The following from the Houston Chronicle shows how the proposition is viewed by the attorney general's department. One of the interesting questions developed by the Terrill election law to instruct delegates to the state convention how to vote their second choice or to vote the pro rata part of the candidate whose name was dropped after the first and second ballots. The question has been much discussed in Houston, as well as in other parts of the state. Most lawyers have contended that it was not within the power of the county convention to so generally disregard the will of the voters of Houston, submitted the matter to the attorney general's department and received the following reply, which explains itself:

R. G. Maury, Houston, Texas, Aug. 1, 1904.—Dear Sir: I am in receipt of your letter of the 31st, and in reply to your first inquiry you are asked that the county convention of a county cannot bind the delegation of the county, selected by it to cast its vote in the state convention, by instructions as to how this delegation shall cast its vote after first ballot, or the pro rata part of the candidate whose name was dropped on the second ballot. This is regulated by law, and the party for whom this vote will be cast on the second ballot must be determined by the delegation, and not by the county convention.

Replying to your second question, you are advised that no more delegates can be sent to the state convention than the county has votes in that convention. Alternates cannot be elected. If all of the delegates do not attend, the vote of the county must be cast by the vote of the majority.

Yours truly, CLAUDE POLLARD, Office Assistant Attorney General.

As the attorney general's ruling, in the absence of a judicial construction, is accepted by officers, including the various executive committees of the party, this settles the question of second choice instruction.

provisions of the law without any bickering. They desired, however, to arrive at some understanding as to the best way of meeting some of the requirements of the law and of the commission. They made the following three general requests of the commission:

First—That a reasonable extension of time be given them to prepare, publish and file with the commission their new tariff schedules under the laws. They also asked that the book containing the rates might be left with each station agent instead of being posted at the station. Second—That the requirements of a notice of thirty days in a change of a rate or rates be eliminated, particularly as to import and export traffic. It was pointed out that often these rates had to be changed with a few hours to meet the exigencies of ocean transportation and that it practically would be impossible to anticipate these changes even by one day. Third—That the railroads be relieved from the publication of rates at points of destination and allowed to publish them only at the point where the charges originate. This would make a difference in the rates themselves, but would be a matter of convenience to the roads.

Jim Swayne expresses the determination of taking off his coat and going to work earnestly and zealously for Fort Worth. If all the defeated aspirants for office would do that in their respective communities Texas would rise up as one man and call them blessed.

Richard Cheatham, secretary of the Southern Cotton Association, received a reprimand for dealing in cotton futures. If he had been a Texan it is probable that nothing but his official head would have appeased President Harvie Jordan.

Judge Storey claims that he will be re-nominated for railroad commissioner at Dallas. Judge Storey has so claimed nothing, but it is readily noticed that he is about 6,000 votes ahead of Storey in the matter of the popular vote.

Theodore Roosevelt has sent in his dollar to help along the republican congressional campaign fund, and the smallness of these contributions now being made in that direction indicates a marked decline in the price of republican votes in the close districts.

A campaign for factories conducted with half the fervor of a political campaign, would bring millions of dollars to this state for permanent investment. And the crying need of all Texas at this time is more manufacturing enterprises.

The Hearst boom for governor of New York seems to be steadily growing in spite of the opposition of Alton B. Parker, and other democrats of his stripe. The prediction is freely made that Hearst will be the next governor of that state.

There may be nothing in those threatened uprisings in Mexico, but the manner in which Americans are getting on this side of the Rio Grande would seem to indicate to the contrary.

That long expected revolution now appears just about ready to revolute in bloody Russia, and it is believed the little father is getting ready to take to the woods.

Less politics and fewer politicians is what we need in Texas at this time. It is getting so the people have no time to attend to legitimate and necessary business.

Michigan democrats are in line for William J. Bryan, but that is getting to be an old story. All democrats are for Bryan.

It begins to look as if Judge Charles K. Bell needs to be protected from the kindness of some of his alleged friends.

Drift of Politics

Bell's Convention Strength—The effort of the Colquitt organ in Houston to attract delegates to the state convention against Judge Bell is amusing, although the vindictive disapproval of the gentlemen and the followers is somewhat disgusting to all fair-minded people. Brooks, Bell

VETERANS HOLD CAMP

HILLSBORO, Texas, Aug. 3.—A large crowd of about 200 veterans assembled at the reunion grounds yesterday, it being "Confederate Day" and the third day of the reunion. Rousing speeches were made by Crowsley O. T. Stephens, Captain Joe Bobbitt and Bill Johnson of Hillsboro; Capt. Sam James of Woodbury, and Lieutenant H. Smith of Savannah. Thursday, the last day, is "Hillsboro Day" and the banks and most of the business men will close their places of business and attend the exercises.

PREFER PROSECUTION

John D. Will Not Be Given Chance to Testify. CHICAGO, Aug. 4.—John D. Rockefeller will not be served with a subpoena to appear before the grand jury, which will convene here Monday to investigate relations between the Standard Oil Company and various railroads. This announcement was made after a conference between the government officials, who declared that should Mr. Rockefeller testify it would be necessary to grant him immunity from prosecution, and this it was claimed was what the government wishes to avoid.

NOOSE ENDS CAREER

First Hanging Since Civil War Occurs in Charleston, S. C. CHARLESTON, S. C., Aug. 4.—William Marcus, the first white man to be executed in Charleston since the civil war, was hanged here yesterday for the murder of his bigamous wife on Sullivan's Island last April. He was not learned until within the last few days that he had a wife and five children living in Cincinnati.

BRYAN TO SEE POPE

Nebraskan Will Explain His Political Program to Pontiff. ROME, Aug. 4.—William J. Bryan is expected here next week. He has asked for an audience with the pope, and will explain his political program, in view of his belief that three-fourths of the American Catholics belong to the democratic party.

ADVENTISTS IN SESSION

Annual State Encampment of Denomination in Progress at Alvarado. HILLSBORO, Texas, Aug. 4.—The annual state camp meeting of the Seventh Day Adventists began at Alvarado yesterday and will continue until the 12th. The annual state conference of this denomination was held in connection with the camp meeting. Elders A. G. Danvers and E. Thompson of Washington, and Elder J. W. Loughborough of California will be in attendance.

MEXICAN ON TEAR

Reported Man Killed Wife and Drowned His Baby. CLEBURNE, Texas, Aug. 4.—The officers here are on the watch for a Mexican. Yesterday Sheriff Hornbush of Bosque county telephoned to the officers at Cleburne that he had his wife with a knife and later drowned his baby in the Brazos river. The man and wife had separated by reason of a misunderstanding, and he pounced upon and killed her before she could escape. The officers had a detour of the man and watched the train and also the roads.

Newspaper Pillows

Another one of the innumerable things for which a newspaper is useful is that a Mexican had killed his wife with a knife and later drowned his baby in the Brazos river. This will prevent the one who had motion of a train even better than a feather pillow.

FT. WORTH IS TO RECEIVE \$36,350

Scholastic Apportionment for Tarrant County. Under the apportionment made by the state school board of school funds to the different counties as announced from Austin, Tarrant county, including Fort Worth, will receive \$44,805, making the apportionment \$5 was allowed for each child under the scholastic age between 7 and 17 years. The total enrollment in Tarrant county is 18,981.

Of the 18,981 school children in the county 7,270 are in Fort Worth, and at \$5 per capita this will give to the city \$36,350. The fund of \$44,805 will be apportioned throughout this county as follows: Fort Worth, enrollment 7,270, amount \$36,350; Denton, enrollment 5,813, amount \$29,065; North Tarrant, enrollment 1,089, amount \$5,445; Grapevine, enrollment 252, amount \$1,260; Everman, census 151, amount \$755; Rosen Heights, scholastic census 483, amount \$2,415; Glenwood, census 240, amount \$1,200; Arlington, census 610, amount \$3,050; Riverdale, scholastic census 318, amount \$1,590; Crowley, census 191, amount \$955; Washington Heights, census 79, amount \$395; Arlington Heights, census 47, amount \$235; Burleson, census 21, amount \$105.

FARMERS PLAN MEET

Texas Division of National Association Will Consider Handling of Cotton. DALLAS, Texas, Aug. 4.—Beginning Tuesday, Aug. 7, the Texas State Union of the Farmers' Educational and Co-operative Union of America will begin its annual meeting in Dallas. The place for the holding of the meeting has not as yet been decided on, but it will either be the auditorium of the Commercial Club or the auditorium of the city hall. The meeting will last for three or four days, and according to President Calvin, there will be more than 200 delegates in attendance. As this is the regular annual meeting and a number of routine matters will come up, a special committee will be chosen, business prospects, the handling of cotton and cotton seed will be considered. It is probable that the warehouse matter will come up for consideration.

EDITORS SCOLD KAISER

Critique Emperor for Saying Newspaper Men Were Irresponsible. SEBRIN, Aug. 4.—The newspapers from one end of Germany to the other are mercilessly scolding the kaiser for confiding to a French guest on his recent Norwegian cruise that he was a peace-loving man for the most part brainless, irresponsible and uneducated. Assuming that the emperor's thrusts were intended to apply particularly to themselves, German editors are going as far as to demand that he be pointed out that he has once more been talking about something concerning which his ignorance is colossal.

TEST PRIMARY LAW

Illinois Voters Will Try Nomination Primaries for First Time. CHICAGO, Aug. 4.—The first test of the new Illinois primary law, passed by the legislature in June of this year, enabling voters to nominate party nominees, is being given today after one of the liveliest primary campaigns in the history of Illinois. There are three parties—republican, democratic and socialist—that will be called on to present candidates for governor. Prohibitionists will not participate. The vote will also establish party sentiment on United States senators. The democratic party has no candidate for United States senator. Interest in the direction centers in the contest between former Governor Richard Yates and Shelby M. Cullom, who is seeking renomination.

VERSES THAT

Reassured. In days of good King Theodore things did come to pass. For pulsant senses grew numb little boys at play. And at King Theodore's would leap head first, many other things!

In days of good King Theodore signs were wont to fall. For haughty ice men, fallen lea, huddled off to jail. And men of high degree about open door stood, woe wonder how was next.

In days of good King Theodore Trusts grew meek, And raised their hands responsive to the King's decree. And sinful men, like little boys, waiting all abashed. With pockets turning inside out, tainted checks unmade.

In days of good King Theodore, amount to received \$29,065; North Tarrant, enrollment 1,089, amount \$5,445; Grapevine, enrollment 252, amount \$1,260; Everman, census 151, amount \$755; Rosen Heights, scholastic census 483, amount \$2,415; Glenwood, census 240, amount \$1,200; Arlington, census 610, amount \$3,050; Riverdale, scholastic census 318, amount \$1,590; Crowley, census 191, amount \$955; Washington Heights, census 79, amount \$395; Arlington Heights, census 47, amount \$235; Burleson, census 21, amount \$105.

TREASURY TAXED BY DIME DEMAND

Nickles Are in Less Favor With Public. Special to The Telegram. WASHINGTON, D. C., Aug. 4.—An extraordinary demand for nickles from the banks throughout the country is being experienced by the treasury department. The officials are unable to account for the great increase in popularity of the dime money, as compared with the nickel, which is being used less than formerly. It is believed that the dime demand is due to the fact that banks have been placed on a limited allowance, or just enough to meet their needs. The treasury department today that it would help matters very great deal if people would take up the dime more. It was reported that figures at the treasury's office of the total supply of dimes in the hands of New York yesterday was only 900, which is below the legal minimum.

SITE PURCHASED FOR COTTON MILL

Work Soon to Begin West of the City

PRICE IS \$100 AN ACRE

Total Amount Paid for One Hundred and Fifty Acres Near Stove Foundry is \$15,354

Capitalists from Memphis, Tenn., Friday purchased from E. E. Baldrige 154 acres of land lying along the Texas and Pacific tracks just beyond the old stove foundry site, west of the city, for \$15,354, or approximately \$100 an acre.

The purchasers bought the land with the intention of erecting on part of it a cotton mill. They wished to buy but ten acres, but Mr. Baldrige refused to sell anything less than the whole tract, so the mill men, rather than lose the site, bought the whole place.

Real estate men say the investment was a good one and that they can easily dispose of the land which they do not need for their plant at a comfortable advance.

This deal has been pending for three months and would have been closed a week ago, as told in The Telegram, but for the absence of Mr. Baldrige. The cotton mill people have held an option on the property for three months. But one of the Memphis men was here Friday and he desired that his name be withheld for a few days.

To Start Building Soon The company has not yet secured a charter in Texas, but application will be made for one at once. The capitalization of the company will be not less than \$100,000. Within two weeks the members of the party will be here to select the exact location of the mill buildings and work on the erection of the structures will start soon after that time.

The mill here will not be the largest in the south, but will employ some 250 hands at the start and be ready to grow as business warrants growth. The owners are men of experience in the business, having mills in Tennessee now.

This factory was secured through the efforts of the Home Factory and Industrial Association. Secretary A. N. Evans has been working on it for months and has felt sure of getting it for some time.

Office Supply House Secretary Evans had a letter some days ago from a large office supply house in which the correspondent said that if Mr. Evans could not obtain a suitable house his firm would come to this city and open a plant here. Mr. Evans secured the house and wrote the firm to that effect, with the result that Saturday morning he received a letter from a member of the firm stating that he and partners will be here Sunday to look over the building.

A large concern of this kind is greatly needed in Fort Worth and the opening here is splendid in that line. Representatives of the glass manufacturing company will reach Fort Worth next week to see Mr. Evans and be shown the resources of Fort Worth and vicinity available for the manufacture of first grade glass.

A Third Warder's "Resents" To The Telegram. We who are residents of the Third ward of Fort Worth believe that we are as patriotic as any citizens of this city and we naturally take an ever-increasing and unflagging interest in everything that affects the good of this section of the city. Because we feel this way—and if we didn't we shouldn't be called good citizens—we naturally resent any frivolous reflection on this ward.

We resent any statement, whether printed or told in hotel corridors, to the effect that we live in the "hog wallows of Fort Worth." We resent any intimation that property values in the Third ward are small.

We resent any intimation that the greater part of our ward is filled up with black people. This is untrue and any person who knows anything about the Third ward knows it to be untrue. We recent the assumption that has been made to the effect that the people of the Third ward are mostly ignorant and illiterate. Our ward is full and running over with people who are as cultured, educated, refined and with as high sense of civic pride as may be found in Fort Worth or any other city.

We dislike to use names and can only take this method of saying that The Telegram has proven itself a friend to Fort Worth and to every ward of this city. We all appreciate the good work done by your paper and will continue to read it, knowing that we will have a full measure of news and information. "Get the worst of it." Cordially yours, THIRD WARDER.

ALL WANT WHITE HELP Servant Girl Problem Is Getting Annoyingly Perplexing The servant girl question is becoming a serious one in Fort Worth. All over town can be heard complaints regarding the trouble experienced in securing reliable and good house girls. Many women are forced to do their own work on account of not being able to

hire help, and dozens of housekeepers assert that just now servants are distressingly scarce. In fact, it is an impossibility almost to find a desirable house girl. Some will accept a position for awhile and then throw it up, having in that time saved enough money to stay clear of work for a week or so.

Every employment agency in the city is flooded with calls for house workers and they all declare that the only way to solve the problem and relieve the situation is to import labor into this section.

One labor agent stated that if there were two hundred German, Norwegian or Swedish girls in the city wanting employment, they could all find it. To get a negro woman who will "stick" to her job is almost an impossibility and housekeepers are calling for white help.

MEXICAN OUTBREAK THOUGHT UNLIKELY

Captain Lytle Says Agitation Began in St. Louis

Captain John T. Lytle, secretary of the Texas Cattle Raisers' Association, says that, from all reports, it seems that the most of the agitation regarding the supposed attitude of Mexicans toward foreigners has occurred on this side of the Mexican border.

Captain Lytle has just returned from a trip through that section and, being asked by a reporter as to the probable status of the alleged hatred for Americans in Mexico and the chances for an outbreak by the residents of that country, said:

"I heard nothing of any trouble in Mexico over a desire of the Mexicans to drive all Americans out of the republic until I reached the American side of the Rio Grande. There is no danger of anything of the kind, in my opinion, and it is only some one or more persons who have an ax to grind who are spreading the story. There is a man or two in St. Louis trying to make trouble for Diaz, but they will not succeed and, if ever either is caught by the Mexican police on the Rio Grande, his name will disappear from the roll of so-called Mexican patriots."

Dog tax receipts to the number of 1,118 have been issued at the office of City Assessor and Collector W. J. Gilvin. Colonel J. A. Bailey of Galveston, president of the Galveston Wharf Company, is in the city visiting Mr. Boyd Clarke of the Hi-Mount Land Company.

Examinations for teachers in the city schools will be held Aug. 20 and 21, in the city visiting his daughter, Mrs. H. F. Lackey. It will always be found a little better and perhaps a little cheaper at the William Henry & R. E. Bell Hardware Co., 1615-17 Main street.

W. A. Cunningham, formerly in the city engineer's office but has opened an office in Springfield, Mo., and will work in civil engineering, surveying and drainage. The Y. P. S. C. E. of the Cannon Avenue Presbyterian church was entertained with a social at the residence of Mrs. McIntyre, corner Fifth and Magnolia Friday night.

J. J. Langever leaves for Houston Sunday, to be gone three days. He will look after real estate interests there and it is understood that he is contemplating a large deal in Houston real estate. Dr. Rufus Chambers, formerly city and county physician, who has been very ill, is again about well but will spend a few weeks in the mountains of New Mexico recuperating before beginning the fall work.

Detective Pegues of the Dallas force was in Fort Worth Friday afternoon to take the negro Buster Brown back to Dallas with him and Brown wanted in the latter city to answer three charges of theft. Mrs. B. F. Sprinkle, accompanied by her mother, Mrs. Kate Wier, has gone to Mineral Wells for a few weeks. Hon. Clarence Stewart is back in Fort Worth from his ranch and looks as fresh as a daisy and has never been in a political campaign.

NOW DOMICILED IN NEW QUARTERS

Traders National Bank Is Now Close to Center

Another of Fort Worth's banks has moved into a new home and there now remains but two to finish their new quarters and occupy the same. The Traders National bank moved last Monday from its former location at Fourth and Main streets to the new Trammell building between Seventh and Eighth streets on Houston.

The rooms at Fourth and Main streets had been occupied by the bank for eight years and previous to the occupation of those rooms the bank had been doing its business at Throckmorton and Houston streets on Second street. The second street rooms were used from the origin of the bank in 1882 until 1938. The new apartments on Houston street are among the neatest and best adapted for the purpose of any building in the city. The building is attractive, the marble steps and wainscoting giving it an elegant appearance. The name of the institution is inscribed on the front of the entrance. Inside the building one is struck by the plain but becoming finish of anything of the kind, in my opinion, and it is only some one or more persons who have an ax to grind who are spreading the story. There is a man or two in St. Louis trying to make trouble for Diaz, but they will not succeed and, if ever either is caught by the Mexican police on the Rio Grande, his name will disappear from the roll of so-called Mexican patriots."

STREET CARS DEAD

Nearly Two Hours' Time Lost on the Whole System

For one hour and forty minutes last evening the street cars of the Northern Texas Traction company were at a standstill by reason of the burning of a trolley wire at sub-station No. 2 in two.

It was at 9:15 o'clock when the mishap occurred and the streets were lined with people waiting to get on. The trolley wire was cut by a car, which was then abandoned, while the wife, who had been out visiting friends, finding she could not get home by 10, wiped a tear from her eyes and said this.

Conductors and motormen on the dead cars answered ten thousand questions of the city visiting his daughter, Mrs. H. F. Lackey. It will always be found a little better and perhaps a little cheaper at the William Henry & R. E. Bell Hardware Co., 1615-17 Main street.

The tie up was for probably the longest period of time that the Northern Texas Traction company has known.

MRS. DICKSON SELLS

Disposes of Two Sections of Land Near Childress

The Childress Index says: "We learn Mrs. W. L. R. Dickson of Fort Worth has disposed of the two east sections of her ranch, which lies about three miles east of Childress, and which has been leased to the Wright brothers for the last two years. She sold to J. F. Bastell of Tarrant county, who will move upon the property early next spring. The consideration, we understand, was \$15 per acre, and Mrs. Dickson takes in part payment a 300-acre farm lying west of Fort Worth on the Trinity river, and is considered one of the finest places in Tarrant county. Mr. Bastell has four or five grown sons and wished more land, so he had in Tarrant county. We understand he will put in cultivation about six hundred acres on his newly acquired property next year. Mr. Bastell and his sons are excellent farmers and will no doubt make a success of the farming business in the 'garden spot' of the Panhandle."

55,000 Men on Strike It is conservatively estimated that more than 55,000 men are on strike. The response of the government has been so prompt or as good as had been hoped. The railroad particular are backward about it. They declare that they will put a bomb on a strike and they will only ones to walk out thus far employees of the St. Petersburg who struck today.

Riots in Sevastopol It is rumored that there is a riot in Sevastopol similar to that in Cronstadt. Two infantry battalions have been sent there from Odessa. The rioting has been reported by a committee composed of social democratic members of the late revolutionists, the peasants' union, the character is indicated by the demand of the committee, which is that the strikers be armed with clubs because so many of them were called out. More than a hundred of the men were seriously wounded and the riot finally dispersed. Further rioting is feared.

Thirty workmen were killed today in Moscow by the explosion of a bomb. They were holding a meeting and when told that a detachment of troops had been ordered to enter the prison, they were holding a meeting one of the bombs was ignited and exploded a number of men.

There was a terrific explosion in the city of Moscow. Many of the workmen were killed and many were injured. The explosion occurred in a factory and the cause of it is not yet known.
