

EXPLOSION ENTOMBS 200 MEN IN ENGLISH MINE

Eighty Men Believed to Have Met Death

TEN BODIES FOUND

Work of Rescue Pushed—One Hundred Believed to Be Safe

By Associated Press. DURHAM, England, Oct. 15.—An explosion occurred in the Wingate Colliery near here at midnight, resulting in some 200 men being entombed.

About one hundred of these are believed to be safe in the lower part of the colliery.

AGAIN AT HAZING

Annapolis Student Ordered to Answer Charges of Humiliating Classmen

ANNAPOLIS, Md., Oct. 15.—Knowing the severe lessons taught the midshipmen by the court martials and dismissal last spring, hazing has again appeared at the Naval Academy.

Third Classman R. P. Muller Jr., whose home is in Calais, Ohio, has been called upon by Superintendent Sands to answer the charge of "assuming unwarranted and unauthorized authority over a lower classman in such a way as to humiliate and embarrass" Fourth Classman Godfrey de Chevalier of Medford, Mass.

The incident was brought out by the investigations of the board of officers attached to the academy, who are assigned this extra duty by Admiral Sands. As soon as this case was unearthed a report was made to Admiral Sands, who ordered an investigation and served notice on Muller that he must file an answer in writing.

TEST ARMOR PLATE

Navy May Use American Product for Protecting Ships

By Associated Press. NEW YORK, Oct. 15.—The Italian naval authorities are now testing American armor plate with a view to its extensive use in the construction of battleships and cruisers.

BULLFIGHTER GORED

Horn Enters Mouth and Pierces Jaw of Fighter

By Associated Press. EL PASO, Texas, Oct. 15.—Bullfighter Barquero, in the Juarez bull ring last night, was gored through the jaw by a mad bull. The horn went in through the man's mouth and came out of his jaw, inflicting a horrible wound.

ROCKEFELLER TO VOTE

Registers Instructions All of Estate Workmen to Register

By Associated Press. NEW YORK, Oct. 15.—Mr. Rockefeller is at his country place, Pocantico Hills, and says he will vote in New York early on election day.

PEARY EXPEDITION NOT HEARD FROM

Explorer in Arctic Fifteen Months—Hope Abandoned

By Associated Press. NEW YORK, Oct. 15.—The middle of October having been reached, the time limit set for receiving news from the Peary Arctic expedition, hope was practically abandoned last night of hearing this year from the band of explorers who sailed from this port fifteen months ago.

It was expected news would come of the expedition through the whalers when they sailed into Dundee, Scotland, at the end of their cruises this fall.

PLAN BAILEY MEETING

Prominent Friends of Senator Gathering in Dallas

By Associated Press. DALLAS, Texas, Oct. 15.—Prominent pro-Bailey men from all over Texas are assembling in Dallas today and it is stated a conference will be held to adopt plans for a meeting.

RESIGNS MEXICAN EMBASSADORSHIP

Representative to the United States Now in Europe

Special to The Telegram. CITY OF MEXICO, Oct. 15.—Juanquin D. Casasus, Mexican ambassador to the United States, has formally tendered his resignation to President Diaz, and the announcement of the fact will be made public in the next issue of the Diario Oficial.

Senor Casasus gave as a reason for his wish to be relieved of his duties at Washington the fact that for some time past his health has been seriously impaired.

The resignation has been accepted, and it is understood that the new ambassador will be appointed in the near future.

According to the rumors now in circulation about the capital, the most likely candidate to succeed Senor Casasus is Senor Enrique C. Cret, Governor of the state of Chihuahua, and one of the richest men in the republic.

Senor Casasus has not been performing his ambassadorial duties at Washington for some time, having been compelled to go to Europe in search of health. It is at the present time traveling on the continent.

DIAZ NAMES CONSUL

CITY OF MEXICO, Oct. 15.—Don Miguel Nibold has been appointed as the Mexican consul at St. Louis, Mo.

He succeeds Rafael P. Serrano, who was dismissed from the service by President Diaz, owing to his alleged relations with the revolutionary junta whose headquarters were in that city.

Senor Nibold has been in the consular service for the last ten years, acting in the capacity of an agent.

GULF TIDE HIGHEST SINCE 1900 STORM

Section of Galveston Under Water—Rain Heavy

Special to The Telegram. GALVESTON, Texas, Oct. 15.—Probably the highest tide here since the storm of 1900 reached its maximum early yesterday morning.

Together with this was an excessive rain, which continued intermittently for about forty hours, terminating this morning, when 7.69 inches had fallen. Sewers and storm drains, which ordinarily would have drained the city within a few hours, were closed by the high water in the bay, and the result was that fully one-fourth of the lower section of the city were covered with a few inches of water.

MOORE GIVEN HEARING

Admitted to \$7,500 Bail on Killing Charge

Special to The Telegram. QUANAHA, Texas, Oct. 15.—J. M. Moore has had a preliminary examination here on the charge of killing James O'Neal, and was admitted to bail in the sum of \$7,500, which he gave and was released from custody.

Moore claimed he killed O'Neal in self defense. He claims to have met O'Neal in the road and O'Neal abused him and loped his horse back down the road after a club, which he obtained and aimed at O'Neal before he emptied his pistol at O'Neal before he came in striking distance.

PLAN BAILEY MEETING

Prominent Friends of Senator Gathering in Dallas

Special to The Telegram. DALLAS, Texas, Oct. 15.—Prominent pro-Bailey men from all over Texas are assembling in Dallas today and it is stated a conference will be held to adopt plans for a meeting.

Senor Casasus has not been performing his ambassadorial duties at Washington for some time, having been compelled to go to Europe in search of health.

CONFERENCE AT TULSA

Special to The Telegram. TULSA, I. T., Oct. 15.—Delegates are arriving for the annual conference of the M. E. Indian Territory missions of the M. E. church, which meets in this city next Wednesday.

WATCH FOR SILVEIRA

Fugitive Cuban Financier Still Missing—Parts on Lookout

By Associated Press. NEW YORK, Oct. 15.—J. M. Ceballos & Co. are still anxiously awaiting news of Manuel Silveira, who is charged with absconding with a million of their money. A detective agency has cabled to all likely ports in the West Indies and Central America to have a lookout kept for the cattle ship Carmelina and unless she is on her voyage back to her home port, Bergen in Norway, the Carmelina should be heard from within the next few days.

ASK THOMAS FOR PROOF

Waco Man Requested to Meet Bailey at Palestine

DEBATE UNLIKELY

Senator Has Already Given Out That He Will Not Meet Him

Special to The Telegram. PALESTINE, Texas, Oct. 15.—An interesting phase in the Bailey affair has presented itself here.

A demand has been made for a joint debate between Cullen F. Thomas of Waco and Senator Bailey. It was given out in Dallas Saturday that Bailey stated he would not meet Thomas.

A. G. Greenwood of Palestine has written the following letter to Mr. Thomas:

The Letter. PALESTINE, Texas, Oct. 15.—C. F. Thomas, Waco, Texas, Dear Sir:—In an open letter mailed to the newspapers of Texas for publication Sunday, Oct. 7, you made six separate and distinct charges against a junior senator from this state.

On the same day the papers published the report of the Bailey-Crane debate at Houston. Both your letter and the address of General Crane renew charges heretofore made against Senator Bailey, and in addition both of you make certain charges against him unknown to the democracy of Texas prior to the primary election.

Senator Bailey has accepted an invitation from the democracy of Anderson county to deliver an address at Palestine on Saturday, Oct. 20. Senator Bailey (your friends) has consented to a division of time with you or any one else who may be selected.

In view of the grave charges which you have made you are the logical man to debate further with Senator Bailey, and it is a duty which you owe the democracy of Texas to meet him on the public rostrum and produce the evidence (documentary and otherwise) to sustain said charges.

Your reputation as a man of integrity and ability impels the assumption that you must have what you believe to be the facts to readily absorb the truth, and on behalf of myself and hundreds of others, who believe the best interests of the state and the democracy demand a thorough dissection and exposure of the evidence (documentary and otherwise) to sustain said charges.

Please answer at once. Yours, truly, (Signed) A. G. GREENWOOD. Judge Greenwood is a Palestine attorney, who was one of Colonel T. M. Campbell's leading supporters during the recent gubernatorial campaign.

TO RAISE ORANGES

A. and M. College Men Plan Orchard Near Beville

By Associated Press. COLLEGE STATION, Texas, Oct. 15.—Professor J. W. Carson, acting director of the Texas experiment station, and Professor E. J. Kyle, professor of agriculture at the Agricultural and Mechanical College, have returned from Beville, where a number of the experiment stations are located.

Messrs. Carson and Kyle are arranging to do some experimental work at Beville with citrus fruits. Among other things they will set out commercial orchard in Satsuma and Dugut oranges. These are hardy oranges and have already been tried at Beville with success.

ROAD TRIED FOR GIVING REBATES

New York Central Accused of Rebating \$26,000

By Associated Press. NEW YORK, Oct. 15.—The trial of the New York Central Railroad Company for the alleged giving of rebates of some \$26,000 to the American Sugar Refining Company on sugar shipments to the west is scheduled to begin today in the United States circuit court, criminal branch.

This will be the first trial for the infraction of the Elkins law ever undertaken in this city. With this action is inaugurated a sitting of the Federal criminal court that may be expected to last with its successive terms for at least a year, and probably much longer.

The indictment on which the Central will be tried is only one of a group of six against the sugar corporation, the railroad and four men connected respectively with the two concerns.

Other Trials Promised. The trial of these will be pushed as soon as the first one is disposed of. Two more indictments which were found against the sugar corporation and the Delaware, Lackawanna and Western railroad in the early summer will be tried. Eight more in turn follow.

CONFESSES HE KILLED FIVE

Family Murdered and Bodies Thrown in River

CLUBBED TO DEATH

Alleged Life Destroyer Jailed and Precaution Taken to Prevent Lynching

Special to The Telegram. HOUSTON, Mo., Oct. 15.—Barney Parsons, a farmer, his wife and three children were murdered Friday near Licking, Mo. A farmer named Hamilton has been arrested charged with the murder and is said to have confessed.

Parsons had sold his farm and crops to Hamilton, and it is alleged that the men quarreled over the terms of the sale. Parsons and family set out from their former home in a covered wagon bound for northern Missouri.

The body of Parsons was found, evidently having been shot, and the mother and children had been clubbed to death. Jola Hamilton, the alleged murderer, is in the Houston jail strongly guarded in order to prevent lynching.

He is said to have made a complete confession, of which the following is the substance: At a timber bordered place in the road as Parsons and his family were driving along they were confronted by Hamilton, armed with a shotgun.

Deliberately aiming at Parsons, Hamilton discharged both barrels of the gun and Parsons fell to the ground. Hamilton then advanced upon him and clubbed him over the head with the butt of the rifle several times.

He then beat the head of the mother almost to a pulp and after killing her, clubbed the three children to death. The bodies of all five were then loaded in a wagon and taken to Big Piney creek, about one mile distant from the scene of the murder, and dumped in the creek.

The body of one of the children, a party of fishermen from Houston discovered the bodies of two of the children Saturday afternoon. Further search brought to light the bodies of both parents, and word was sent to Houston.

Shortly after the news had been received there, Hamilton rode into town on a mule that was recognized as one that belonged to Parsons. He was arrested and locked up in jail.

Parsons, who came to Texas county two years ago from the northern part of Missouri, was a quiet, industrious farmer and never had any enemies. Hamilton has also been favorably known over the entire county.

PYTHIANS IN CONVENTION

Thousands of Knights Attend New Orleans Event

LASTS ALL WEEK

1,300 Tents Pitched and Hotels Filled With Delegates. Drill Contests

By Associated Press. NEW ORLEANS, La., Oct. 15.—With 1,300 tents pitched at the City Park race track and thirty passenger trains, which is double the usual number due to arrive in New Orleans before midnight, the twenty-fourth convention of the Knights of Pythians and the biennial encampment of the Uniform Rank opens today.

The encampment and convention will continue all week, prizes for drills, which are the feature of the encampment, being awarded Saturday.

Altho the encampment was not due to open formally until 4 o'clock today, yet at daylight about three thousand Knights in uniform were at the tented city and hotels are filled to the limit with Pythians and friends here to attend the ceremonies.

Killed Hawk With Axe. Special to The Telegram. ASPERMONT, Tex., Oct. 13.—The often repeated assertion that a woman cannot hit anything she throws at, has been proved here.

Yesterday a big hawk flew into the yard of Mrs. J. L. Zant and caught a chicken and was flying off with it. Mrs. Zant gave an axe and threw at the hawk, killing it instantly.

DEATH OF PLAYER BLOW TO GAME

Students Are Discouraged Over Football Outlook

By Associated Press. NEW YORK, Oct. 15.—Because of the death of Charles Surdam from a broken neck, sustained in a football game Saturday at the Morristown, N. J., school, all games scheduled with the Morristown high school have been cancelled and the team has been abandoned.

The accident has greatly affected the school boys. Altho football was the favorite game and many games had been scheduled this season, it is probable the schools in this city will let them go by default. Already messages have been received by students in private schools from their parents, forbidding them to play the game.

MANGLED BY TRAIN

Man's Body Found Cut to Pieces by Wheels

Special to The Telegram. BROWNWOOD, Texas, Oct. 15.—The mangled body of a young man by the name of Zeke Roberts was found beside the Frisco track about six miles south of town yesterday morning. The body was warm when found, and he is supposed to have been struck by a freight train running light from Brady and arriving here at 4:40 o'clock.

The young man was here yesterday attending the circus and it is supposed that while returning home he fell asleep on the railway crossing. The body was terribly mangled, one arm being completely severed. The young man's horse was found near by.

WEDS RICHEST GIRL IN WORLD

Bertha Krupp Becomes Wife of German Diplomat

KAISER IS PRESENT

Husband Will Aid Managing of Great Factories, Fleets and Mines

By Associated Press. ESSEN, Germany, Oct. 15.—Fraulein Bertha Krupp, considered the richest woman in the world, will be married today to Lieutenant Gustav von Bohlen in the presence of Kaiser Wilhelm, one of the greatest honors that can be conferred on a citizen of the Vaterland.

While in no sense a beauty, Fraulein Krupp is described by those who know her as a healthy looking, robust girl, who does not differ in character of manner from thousands of other carefully reared young German women in affluent circumstances.

Wealth Enormous. The position which Miss Krupp holds in the social industrial and political affairs of the German empire is unique. Sixty-three thousand employees on her pay rolls. In Germany alone she has 600 mines, while a fleet of powerful steamships convey coal and iron to Hamburg from her mines in Spain.

A score of stone quarries contribute to her wealth. She has ship yards at Kiel and gun and armor works at Madgeburg besides the giant steel and gun works at Essen, whose estimated value is \$50,000,000.

Bride 20 Years Old. Miss Krupp, who is 20 years of age, has been reared with a simplicity that would compare strikingly with the complicated luxury of most American households of the money class.

With her 18-year-old sister, Barbara, she was brought up in the seclusion of their father's beautiful country place on the river Ruche. This palace required 600 men four years to construct and is said to surpass in splendor many royal residences.

Here the girls were educated by special tutors and governesses, seldom visiting the city of Essen, three miles distant and never the interior of the monster works where their colossal fortunes were being forged.

Husband in Diplomatic Service. Dr. Von Bohlen first met Miss Krupp in Rome, where he was first secretary of the Prussian legation at the Vatican. He is about 36 years old, studied at Lausanne, Strasbourg and Heidelberg and entered the diplomatic service.

Since his engagement to Fraulein Krupp he has resigned from the diplomatic service with the intention of taking an active part in the administration of the Krupp works.

DIAMONDS ON RISE

Inferior Stones Will Make Cost 20 Per Cent Higher

By Associated Press. NEW YORK, Oct. 15.—Wholesale dealers in diamonds have sent notices to the retailers that diamonds will cost 20 per cent more this season than they did last year. The reasons given are that the rough stones received from South Africa are inferior to those of other years and do not yield on cutting as high grade gems in the commercial sizes as formerly.

Again the cost of labor in polishing stones is greater because cutters and polishers are getting higher wages than ever before.

BASEBALL TOPIC IN CHICAGO PULPITS

Ministers Laud Game, Denouncing Sunday Playing

By Associated Press. CHICAGO, Oct. 15.—Two pastors used the championship baseball series as a topic for pulpit discourse last night. Both agreed that the game is the cleanest of all sports, but they deplored the fact gambling was permitted on the grounds and that one of the contests was played on Sunday.

They appealed to the managers to take a stand against these two evils in the future. Rev. Johnson Myers preached on "A Home Run" at Immanuel Baptist church and declared among other things that "the same spirit which sets men wild at such baseball games as have been witnessed the last week in Chicago, were manifested in the church, there would not be a skeptic left in Chicago."

"Winning the Pennant" was the subject chosen by Rev. John Roach Stratton, pastor of the Second Baptist church. "Baseball is the greatest, grandest and noblest of all sports," he said. "It is clean, manly and safe. There are but two strong criticisms that the best elements of a community ought to make on the game. First, the amount of gambling attendant upon the big league games. The second criticism is the almost general custom of playing the game on the Sabbath."

OHIO BEGINS TRIAL TO OUST THE STANDARD OIL

Riots Break Up Races in Paris

Crowd Drives Off Bookmakers and Burns Booths

Special to The Telegram. PARIS, Oct. 15.—There were violent public demonstrations at the Long Champs race course yesterday afternoon in consequence of an unsatisfactory start in the free handicap. The trouble culminated in riots, pillage and incendiarism. Many persons were arrested.

The program comprised six races and the first two passed off without incident. There were nine starters in the free handicap, the next event, and the favorite was left at the post. A complete outsider won. The public immediately became enraged, broke down the barriers and invaded the track. Crowds demanded the return of their bets.

They surrounded the bookmakers' booths, chased out the cashiers and seized the money. Attempts to restore order were in vain. The small force of police present being inadequate.

The crowd's anger increased and men began breaking chairs and throwing them on the track. Then a rougher element raised some automobiles standing near the grandstands. They seized some supplies of petroleum, with which they sprinkled the booths and other woodwork and set them afire.

Troops Called Out. The squad of firemen on duty were helpless as the water hose had been cut. The authorities telephoned for assistance to the Mont Valerien and a strong body of troops was at once sent up on the double quick. The soldiers succeeded eventually in clearing the inclosure by charging, but in the meantime the burning structures had burned to the ground.

The last three races were postponed. Sixty arrests were made and a large number of policemen and rioters were injured. A large force of troops will remain on duty through the night at the Long Champs and Auteil courses.

Pipe Connections. In several counties comprising the Lima Division Company there are between 500 and 600 storage tanks, each of which holds about thirty thousand barrels. On the west division connecting the line with that company is the Indiana Pipe Line Company, altho Attorney Phelps said it was well known the Indiana pipe line ran to a refinery at Whiting, Ind.

The witness said he had never been at Whiting and could not testify to his own knowledge. There was also eastern connections for lines of the Buckeye, but the witness could give no details.

RAILROAD STRIKE DOOMED TO FAIL

Division Among Switchmen Blow to Plans

By Associated Press. CHICAGO, Ill., Oct. 15.—The division of the forces of the railroad switchmen into three camps makes it extremely improbable that there will be any strike on Oct. 25 as contemplated. This became evident yesterday when Grandmaster H. B. Morrissey of the Brotherhood of Railway Trainmen arrived in Chicago with some discouraging reports.

He pointed out that only about 30 per cent of the switchmen of the country would respond to a strike order issued by the switchmen's union and that therefore the movement would be doomed to failure.

Mr. Morrissey added that he took little stock in the rumors being circulated to the effect that a great tie-up of railroad business was in prospect. "Movements such as this one must be constructed slowly and conservatively," he said. "For some time the Brotherhood of Trainmen has been preparing to make an appeal for higher wages and an eight-hour day for its switchmen members. Our plan of action is fully formulated, but we are not going to rush into trouble."

PRESIDENT HONORED

Roosevelt to Become Member of Associate G. A. R. Society

By Associated Press. NEW YORK, Oct. 15.—President Roosevelt has accepted an invitation to become a member of the Associate Society of Farnsworth Post, G. A. R. of Mount Vernon.

The initiation will take place at the White House in Washington Wednesday, Oct. 24. General Horace Ford is to be the installing officer, acting in behalf of the Mount Vernon society. The Associate Society is made up of prominent business men, who took part in the war, but sympathized with the cause of the union.

ENGLAND TO OWN ALL IRISH ROADS

Plan to Increase Facilities of Systems Reported

By Associated Press. NEW YORK, Oct. 15.—The report current in America that Premier Campbell-Bannerman and his associates are considering a system of government ownership of British railroads is true to some extent, says a London special cable dispatch to The Times.

The government has no idea whatever of bringing in a bill for the nationalization of any other railways than those of Ireland. The Irish, says the government is inclined to think should be taken over by the nation in order to advance the welfare of Ireland, and especially in order to furnish facilities required for the highest development of Irish agricultural interests. Ireland needs better facilities than private enterprise is likely to give her or could afford to give her.

It is not asked that the government will not seek parliament for authority to take over the Irish lines with a view to improving and extending them, but supposedly well-informed persons expect that the government will presently determine on that course.

EMPLOYES OF COMPANY FIRST PUT ON STAND

ONLY FEW ATTEND

Witness Tries to Dodge Question Tending to Incriminate Him, but Fails

By Associated Press. CLEVELAND, Ohio, Oct. 15.—The trial of the Standard Oil Company of Ohio for alleged conspiracy to restrain trade was resumed here today after adjournment since last Friday at noon. It is the intention of the prosecution to occupy a day with witnesses who are connected with the Standard or its alleged constituent companies. The trial attracted few persons today. Not more than a dozen spectators were present when court opened. John O'Brien, Lima, Ohio, superintendent of the Buckeye Pine Line Company, was put on the stand immediately. Witness asked why was his business witness appealed to the court. He said the answer tended to incriminate him and asked for immunity from future prosecution.

Witness Forced to Answer. Attorney Phelps for the defense remarked: "Well, I guess we will have to make him immune, and the court ordered the witness to answer the questions. This order extends immunity. No objection in answering questions was made and the witness, after stating he was superintendent of the Little Lima division of the company, gave the geographical bounds of this division. Mr. O'Brien described the process of gathering oil from producers' tanks which hold from sixty to one hundred barrels each, from where the oil is run into storage tanks.

Attorney Phelps for the defense remarked: "Well, I guess we will have to make him immune, and the court ordered the witness to answer the questions. This order extends immunity. HEAD SEVERED BY ELEVATOR
Young Plasterer Killed in the F. & M. Bank Building

HAD BEEN WARNED
Body Thrown in Elevator Car Among Passengers—Advice Danger Unheeded

Sam Hanks, 20 years of age, a plasterer's apprentice, lies dead at the morgue of L. P. Robertson, with his life crushed out by the elevator of the Farmers and Mechanics' National Bank building.

About 11:30 o'clock Hanks was leaning over the edge of the elevator shaft, doing the work, and the elevator descending caught his head and neck, and he was thrown over into the car of the elevator among the horror-stricken passengers, three of whom were women.

The door of the elevator shaft had been open most of the morning while the work was being done and several persons, growing nervous over the danger to the workman or to those who might approach the elevator shaft to use the car, commented on the danger.

The elevator boy was Will Page, 13 years of age, survived by his mother, who lives at Stued's Chapel, three miles south of Tjler.

The City Brief
Crouch Hardware Co., 1007 Main St. Box's Book Store, 403 Main street, C. W. Woodman spent Friday in Dallas on business.

Dr. James Anderson returned Sunday evening from a trip to Rockport. "Double Trouble," which has been published in The Telegram Fridays heretofore, starts daily in The Telegram Wednesday. Don't lose the thread.

The ladies can see the newest designs in hair at the Bijou hair store, 610 Houston street. These new designs are very fashionable and the ladies will be glad to see them.

Nothing has been learned about Albert Kels of Quincy, Ill., about whom information is wanted, for the reason that there is a sum of money awaiting him, upon proper proof of identity being made inquirers at the offices of the general superintendents of the Frisco, the Rock Island and the Denver roads failed to discover any record of him.

Sam West, who for over twenty years has been looking after and keeping in repair the clocks of the Texas and Pacific railroad company, was on duty in Fort Worth Monday for the first time.

W. Hendricks Dead
Had Long Been Suffering from Incurable Malady

Wallace Hendricks, whose lingering illness has been well known, died Monday morning at 5 o'clock. Little hope has been entertained for his recovery for the past month and death has been hourly expected for days.

His body will be at the residence of his sister, Mrs. John P. Swayne, attorney at law, 1101 West Main street, when the funeral will take place from St. Andrew's parish house.

Mr. Hendricks was born in Sherman Aug. 27, 1860, and the second son of Judge H. G. Hendricks and Eliza Hendricks. In 1865 the family moved to Fort Worth and became identified with the history of the town's progress.

He married Miss Bessie Poute of Sherman, who, with a son, Harry, and a daughter, Lilla, survive him. Six years ago he removed to Chickasha, Okla., where he has since resided.

Of the six children of Judge and Mrs. Hendricks five survive this brother. They are Mrs. Walter A. From the late Mrs. Geo. Hendricks of San Angelo, Mrs. John Swayne, Mrs. George Bennett of Strawn and Harry H. Hendricks of Miami.

The active pall bearers will be John P. King, H. W. Peak, Sterling P. Clarke, William McVeigh, M. L. Chambers and Noah Harding. The funeral will be held at 2 o'clock.

Disappeared from Oklahoma City
OKLAHOMA CITY, O. T., Oct. 15.—"Sam" Jones, the evangelist, had been holding services at the corner of this city for two weeks. He was to have addressed an audience yesterday, but he disappeared. A vigorous search was made for him, but nothing was learned as to the whereabouts of the evangelist until the news was received today of his death on a train near Little Rock.

Captain Lytle Returns
Came Home for Health After Leaving For It
Captain John T. Lytle, secretary of the Texas Cattle Raisers' Association, arrived home Sunday morning from a ranch in Burnett's Dixon Creek range in the Texas Panhandle, where he has been for the past few weeks in search of better health.

There are 89 Autos
Some of the Skidoo Wagons Have No Numbers
The latest Fort Worth auto license issued is numbered 89 and that is supposed to represent the number of vehicles of that kind running in the city, for all are required to procure licenses before they can legally run on the streets.

Senator Burton IS TURNED DOWN
Supreme Court Refuses Re-hearing of Case

WASHINGTON, D. C., Oct. 15.—Senator Burton's last hope for a re-trial of the three men started again Monday morning in Justice John Terrell's court by C. H. Murdock and W. E. Elmore as the man who stabbed to death Charles Newman in a Rusk street saloon Saturday night.

The first witness placed on the stand was W. E. Elmore, a railroad employe, who lives at the Rosen Hotel, Elmore stated that he had seen Elmore and Newman together about 4 o'clock Saturday afternoon in the Cave saloon. That both men were in conversation and appeared to be on most friendly terms.

It was all done so quickly, declares Elmore, that no one had time to say or do anything, the spectators standing at the door of the saloon. Elmore was quick to regain his wits and immediately started in pursuit. But the man who did the killing was lost in the darkness.

Ask Special Rates
Railroads Request Commission for Fares to Conventions

AUSTIN, Texas, Oct. 15.—The railroad commission today was deluged with applications from railroads over the state for special rates to conventions, rates for circuses and rates for various occasions and excursions. This is in accordance with the order of the commission. None of the roads admit the authority of the commission to require these rates.

Lanham Pleased with Fair
AUSTIN, Texas, Oct. 15.—Governor Lanham has returned from Dallas, where he attended the fair. He expressed himself as being delighted with the fair. Other state officials have also returned.

MURDER SUSPECT HELD FOR TRIAL
W. M. Burt, a Rock Island Brakeman, Accused of Crime

W. M. Burt, a brakeman on the Rock Island road, was identified Monday morning in Justice John Terrell's court by C. H. Murdock and W. E. Elmore as the man who stabbed to death Charles Newman in a Rusk street saloon Saturday night.

The first witness placed on the stand was W. E. Elmore, a railroad employe, who lives at the Rosen Hotel, Elmore stated that he had seen Elmore and Newman together about 4 o'clock Saturday afternoon in the Cave saloon.

It was all done so quickly, declares Elmore, that no one had time to say or do anything, the spectators standing at the door of the saloon. Elmore was quick to regain his wits and immediately started in pursuit.

Murdock Another Witness
C. H. Murdock's testimony was about the same as that given by Elmore. He stated that he had been with Newman all day and that both had been drinking.

On being questioned in the office of Chief Magdox Sunday afternoon, Burt told a straight story and many are inclined to believe in his innocence. He stated that if he killed Newman he knew it was his fault.

On being questioned in the office of Chief Magdox Sunday afternoon, Burt told a straight story and many are inclined to believe in his innocence. He stated that if he killed Newman he knew it was his fault.

ANTHONY COMSTOCK

Whatever may be thought of the methods and the mistakes of Anthony Comstock, the sincerity of his purpose and the fidelity of his action to motive cannot be questioned. For years Comstock has refused to speak of himself and his work and only recently has he consented to talk for publication. The personal cost to him of the suppression of vice has been tremendous. Comstock began his career in 1873 when the New York Society for the Suppression of Vice was started. At that time there existed in New York city an organized business for the publishing of obscene and vile books and pictures. The literature flooded the country, going especially into the schools. In a single campaign in 1873 Comstock seized and destroyed 167 of the plates of the 169 vice books printed in New York. Immediately "the moral cancer planters" began to misrepresent and libel Mr. Comstock. And the ridicule and blackguardism has followed him for years, being reinforced again and again by personal violence.

Not once in the thirty-four years has this man who has stood for purity flinched from his task. Once he rounded up a score of the fifth vendors and got them into Ludlow street jail. They had friends. Large bribes were offered Mr. Comstock to let up on their prosecution. Smallpox scabs were sent by mail into his home. He narrowly escaped being blown up by an infernal machine. One night in Newark, N. J., when Comstock had a man whom he had arrested at the jail door the man drew a knife and severed five arteries in the former's face. Once he was attacked and beaten into insensibility while coming out of a court room. Several times hired assassins have tried to kill him on the streets and in his office.

In speaking of the desperate enmity of his life, Mr. Comstock says: "I had blood, broken bones, assaults, ridicule, obloquy and libels have been my lot. I am content. In 34 years I have made 2,931 arrests and seized more than 93 tons of vile books and pictures."

Anthony Comstock has doubtless made some mistakes. His is the Puritan conscience that cannot abide the appearance of evil. And his zeal is apostolic in its severity. But no one can read the story of his stormy career and withhold admiration for the man's grim consistency and patient bravery. Comstock is one of the staff of which martyrs are made.

THE TELEPHONE NUISANCE

A Massachusetts court has ruled that it is not an actionable misdemeanor for a wife to call up her husband on the telephone day and night, even tho it be malicious. He adds, however, that one owning a telephone

could probably secure an injunction preventing anyone from making his life a burden in this manner. It is by no means an uncommon form of persecution, and since the invention of the telephone they have been many persons who seemed to feel that it was manufactured for the sole purpose of killing time. A "practical joke" in Los Angeles a few days ago "ribbed up" 175 people to call up another man on the phone and ask him a fool question. The victim of the feat was called to the telephone every five minutes or so until he completely lost control of his temper and muffled the bell, taking chances on missing some important business communication.

This constant abuse of the telephone has almost rendered it a hindrance rather than a help to the business man. In addition to the smart "Aces" who use it as a toy there is another nuisance in those who cut in on a party line and retail the gossip of the neighborhood to their friends, keeping waiting those who have something really important to talk of.

How long will it be before the abuse of the telephone will cease? The man or woman who does not understand the proper use of the instrument might do well to paste these rules on the transmitter:

- 1. Don't call a man to the telephone for a social chat during business hours.
2. Don't waste the time of other people by talking longer than is necessary.
3. Don't jolly central and keep others waiting. Give central your number only. Anything more is an imposition on the other subscribers.
4. Don't use the office telephone to carry on personal conversations.
5. Don't relate gossip over the wire. If you must tell it, write it.
6. Don't use the telephone at all unless you have something to say.

The observance of these few simple rules would greatly facilitate the work of the central and render the telephone a help to a business man. It is now too frequently a nuisance.

THE ART OF HANDLING MEN

Business men often fail because they do not know how to handle men. They can do their own work all right, but they are failures when it comes to directing others. They lack tact, diplomacy.

Many men antagonize others; they lack patience, lose temper, fly to pieces over little things. And no man is a good leader who cannot control himself.

A great many business men seem to think that it takes a deal of driving, scolding, fault finding to get the best out of others. It is, however, just the opposite. Employees never give up their best in response to forcing methods.

I know a young man who promises to be a leader in his line who is as quiet and gentlemanly in his methods as a modest woman. He never raises his voice, never gets angry. When an employe needs correcting, instead of scolding or nagging, he sits right down and shows him or her just how to do the thing. He tries to help them out of their difficulty, not to confuse them. He does not need to scold, because everybody respects him, admires him, and knows that he is always trying to do the fair thing, to give a square deal, and there is nothing arbitrary in his methods.

The result is, he does not need to storm around his establishment and use abusive, profane language. He knows there is a stronger force, a better way than that. The result is that he has perfect discipline.

Not one would think of taking advantage of him or try to deceive him, because he is so kind, square, true.

I know another man in business nearby him who adopts just the opposite method. He storms and swears, scolds, nags, goes thru his establishment like a bull thru a china shop, making everybody feel mean and disagreeable. Nobody respects him. He rules by brute force, keeping everybody cowed and afraid of him. They obey him and let him impose upon them in order to avoid a scene, or for fear they will lose their positions. If an office boy or stenographer makes a little mistake he will go all to pieces, fly into a rage and make it very uncomfortable for everybody about him.

People waiting in the outer office often hear loud talking and most abusive language in his private office. But he is not nearly as successful as his quiet, unobtrusive neighbor.

He never thinks of recognizing one of his employes on the street. The other man always lifts his hat to the humblest girl in his employ, and has a pleasant smile for everybody, because he feels an interest in everybody and they all love him.—O. S. Marden in "Success Magazine."

SENATOR BAILEY'S NOD

"During my campaign and in every speech I made I stated emphatically that I was opposed to senators and congressmen representing public service corporations, and I say so again today. (Applause.) I have gone farther than that by declaring that members of the legislature should not be permitted to represent special interests while holding this position and representing the people, and I understand that Senator Bailey does not take issue with that declaration."

The above was the emphatic declaration of the Hon. T. M. Campbell at Rustk Thursday.

and if it undertakes the simplification of that measure by sections it certainly has a prolonged session before it. The best procedure with regard to the Terrell law is to strike out all after the enacting clause.

The great Texas Panhandle country is now engaged in planting another big wheat crop, and here's hoping it will not yield less than forty bushels to the acre.

Among the Exchanges

And now the government will proceed to dig the Panama canal by contract. Uncle Sam wants to shirk lots of the annoyances that would be bathing up if he did the whole job by day labor contract and sub-contract.—Sherman Democrat.

The people of the United States do not care how the Panama canal is built just so the work is done in the proper manner. They are growing tired of the delays, however, in settling the matter of trivial preliminaries.

The Paris Advocate asks, "Will a cotton mill pay?" It undoubtedly will if it is built and run on business principles. Bonham's cotton mill has paid its stockholders, and besides this it is the best thing for the town's prosperity that is within its borders.—Bonham News.

All Texas cotton mills are paying except those that are not yet built. The two big Fort Worth mills are not yet producing any revenue, but there is a promise they will be built.

The railroad commissioners' annual report will show 290 miles of newly constructed railway in Texas, between July and October and 290 additional miles by Jan. 1. The proposed mileage for this and the coming year is placed at 1,500 miles.—Cleburne Review.

And this new mileage will place Texas in the lead of every other state in the union. She will lead in railroads as in cotton, cattle and many other things.

While much damage has been done to the cotton crop in some other states, the Texas crop promises much better than was expected a few weeks ago, so that this state stands a show for a large amount of cotton and a good price for the same, with unusually prosperous times.—Decatur Messenger.

Texas is making a good cotton crop this year, in spite of predictions so often made to the contrary. There is lots of cotton in Texas making a bale to the acre this year.

Cleveland has come out against Hearst for governor. He says he is surprised at this state stands a show for a large amount of cotton and a good price for the same, with unusually prosperous times.—Decatur Messenger.

There are many things in this world nominating such a man. Cleveland, among them the fact that he is no longer the idol of the democratic masses. But life is full of surprises, and it may be there are yet others in store for him.

It is to be hoped that the next legislature will pass pure food laws that will be of benefit to Texans. There is perhaps no other subject worthy of deeper and more careful consideration than that of protecting the lives of the people and a good law requiring all foods to be kept pure and palatable would be just and reasonable.—Denton News.

The next legislature should give Texas a pure food law that will protect the people from the adulterations they are forced to accept every day they purchase the common necessities of life.

The preachers and horse racers are having a regular set-to in Fort Worth this week; however, the races are on in full blast and according to the Fort Worth papers they are largely attended. The Journal doubts seriously whether the need for race horses is so urgent as to justify the gambling generally connected therewith. Such enterprises are not necessary to stimulate good horse raising out here in the country, but in cities many kinds of stimulants are necessary to insure continued prosperity.—Arlington Journal.

The ministers of Fort Worth only did what they believed was their duty in protesting against the racing. The gentlemen in charge of that event believed they were at the head of a legitimate enterprise. The ministers had their say and the Driving Association is their race. There is no need for further agitation, and Fort Worth is ready for another enterprise to come this way.

REFLECTIONS OF A BACHELOR

A girl would almost rather have freckles than not be a flirt.

If a man stays out of politics he has a fair chance to make friends.

Philosophy is very satisfactory if you never try to use it on yourself.

They call a woman stuck-up when she doesn't feel she has to wear her best clothes to get attention.

A man has to have a great deal of patience not to get mad with other people for something that is his own fault.—New York Press.

QUAKER REFLECTIONS

Many a man with a big head has small ideas.

VERSES THAT RING

Bill Johnson's Grin Bill Johnson he ain't much account, Nor never worked so hard It hurts him none, he treats his task With cheerful disregard; He ain't what you call cultured, And his education's slim, And you couldn't get a bit o' Information out o' him O' what happened in the ages That Had passed 'fore he was born— History and such like notions, Bill he holds 'em all in scorn, But when you are sort o' grouchy An' you're feelin' mean as sin, The summer sunshine don't compare With old Bill Johnson's grin, Bill he never had no money, An' he sometimes has to bum All his liquor and tobacco, Which is pesterin' 't some; Ain't the natty sort o' feller That is plinted out with pride To th' stranger in th' city— But Bill's soul is just as wide As th' broad Pacific ocean, An' he greets you with a smile, Though his troubles is a-growin' An' increasin' all th' while, There's been men won fame an' fortune, Fought th' fight an' fought to win, Ain't helped th' world one-half as much As Johnson an' his grin.

MOST ANYTHING

Justice is what we get when we win, an' what we don't get when th' other fellow wins.

The Pittsburg Chamber of Commerce estimates that its millionaires and its near-millionaires spend \$20,000,000 a year in New York. Well, New York has to live, doesn't it?

"Is it bad luck to whistle before breakfast?" "I don't know whether it is or not. It ought to be."

John D. Rockefeller has disappeared from his usual haunts. Hands on your pocketbooks.

"The weather bureau gave us ample notice of that big storm." "It certainly did. It predicted it five weeks ago."

As for Murat Halstead, no doubt he is already at work on a history of the latest Cuban revolution.

"That young fellow broke a record at hammer throwing." "Say, he ought to make a hit at a sewing circle's meeting."

AS GOOD AS A VALET

Suppose you have all heard the story about George, last winter, when he was out spearing muskrats and went to Anderson's to warm his hands and place. He always seems to find the place and meet with the best success and joined the holy bond of matrimony one dark, muddy night with the lady friend he found in his muskrat chase, he now wears a pleasant look and a dandy mustache and she'll keep his shirts clean, dust his clothes, darn his socks and shine his thirteens.—Winfield correspondent, Olivia (Minn.) Review.

"You told me once that Dummie was a man of few words." "Yes."

"And now you say he always speaks his mind." "Yes, he does. That's why he's a man of few words."

"If Taft quells the Cubans, what's the matter with making him permanent umpire at the New York National League club's grounds?"

Some Other Fellow's Girl Now

Miss Ida Grossarth was in town Saturday. She was formerly one of our girls but now lives in Coshocton, W. Wolf station correspondent, New Philadelphia (O.) Democrat.

"Ninety-nine per cent of the men in this world will make fools of themselves for money." "Better than that. Ninety-nine per cent of them make fools of themselves for nothing."

"Did you miss any meals on your trip across the Atlantic?" "Don't speak of it. I lost 'em all, but I never missed any of them."

Everybody a Vegetarian

The writer is putting up hay for winter use, and also some to sell to hunters in deer season.—Doran correspondent, Grantsburg (Wis.) Journal.

Isn't Tom Platt the old naughty-naughty?

DRIFT OF POLITICS

A GREAT POLITICAL GAME BY SAVOYARD.

WASHINGTON, D. C., Oct. 15.—An immense deal of political history will be made in the state of New York Nov. 6, 1906. If Mr. Hearst is elected governor of the Empire state, it will be by an immense majority; if Mr. Hughes is elected to that dignity, he, too, will have an overwhelming vote—at least that is what nearly everybody now thinks about it. The partisans of Hearst claim that he stands for labor and that Hughes stands for capital. There is no doubt that capital can show more money than labor, but labor can cast more votes than capital. The partisans of Hughes claim that he stands for order and that Hearst stands for chaos. Then it is contended that Hughes is the nominee of corruption and Hearst the nominee of riot. So far as the two political parties are concerned in the controversy, the terms democrat and republican are

mere names and signify nothing. Of course there are yaller dog gentry there who would vote for a convicted criminal running on a platform of "peace and good government," but that is not a political combat in the old sense, by any means.

If Mr. Hearst is elected, old things will pass away. True, he says that he is as strongly in favor of individualism as John D. Rockefeller, John T. Morgan, as Joseph B. Foraker or William F. Hepburn. Once there was a man in France, a prince of the house of Orleans, who married Mr. Hearst. Mr. Hearst is now playing. They gave him the name of Citizen Egalite, and he was destroyed by the mob; he had helped to power, like another Acton, a man who was enormously wealthy, and the head of a party one of whose cardinal creeds is that it is criminal to be rich. He prospered and prospered in five great centers of population, and daily he preaches to millions of readers, and it is only true to say that his audience is the mob and his preaching is insouciant. Every day he preaches in America, this moment, is the ardent part of William Randolph Hearst. Little is known of Mr. Hearst's personality. If he be a latrine, as he goes far; if he be Jack Cade, he will fall far.

It is understood that William J. Bryan is ready to go to New York and advocate the election of Mr. Hearst. There is no doubt that Mr. Bryan has a vital interest in the result. If New York should give an immense majority against Mr. Hearst's municipal ownership idea, become a ward of Mr. Bryan's government ownership proposition? It is easy to tell; but if Mr. Hearst should be elected by an immense majority, it would be as radical as Hearst or Bryan, and they will be the masters of the party. A new order will supplant the old. The democratic party that has professed conservatism for so many years will become the radical party and the party of paternalism. Municipal ownership will go into every democratic platform, and government ownership of trunk lines will be the next step in the radical's progress.

The south also is vitally interested. There is no southern man of any influence who does not look on government ownership with horror. It means consolidation and corruption and ultimately the destruction of the republic; but there is at the south a race problem that is even more threatening than the political problems that confront the north, and the race problem will not go down. The republican leaders of the reconstruction era were the greatest blunders of all political history. Their policy was to put the south under the rule of the capitalist. It was doomed to disappointment from the beginning. It could only be maintained by the bayonet, and as soon as the bayonet failed, the south fell. The white men of the south are going to rule. There can be no political equality between the two sections. There is no political equality between whites and blacks at the north, none in a single state at the north, none in a single community at the north. There is not a republican in any northern state who would consent to be represented in congress by Booker Washington. Political equality is as much out of the question as social equality—north as well as south.

Very well, then. What would follow if the views of Bryan and Hearst should be adopted by the democratic party? This will be the most important of the plans of this road to the future. The report records advancement of the plans of this road to the future. The report records advancement of the plans of this road to the future. The report records advancement of the plans of this road to the future.

The three leading men of the present epoch of our history are Theodore Roosevelt, William Jennings Bryan and John D. Rockefeller. These three last named is become the most interesting. He is a mysterious man, and mystery is ever fascinating. This says that he is a mysterious man, and mystery is ever fascinating. This says that he is a mysterious man, and mystery is ever fascinating.

Whatever we may think of him, this man Hearst is no ordinary character. He is a power in journalism, an yet city would not be complete, or Greeley, or Raymond, or Dana, or Prentice, or Blair, or Watterson? He has the largest audience of any man in the entire world, and his influence over it is absolute. The child of wealth, he is the champion of labor, and labor takes him at the label Arthur Brisbane has posted on him, and blown in the wind.

The Union Pacific will build large shops at Omaha for the manufacture of the Mackay gasoline motor with which the company has been experimenting for a year or more and with results which are deemed very satisfactory. The Mackay gasoline motor, regarded in locomotive power for railroads and expect to use them not only on the Mackay, but also on the main lines.

The Southwestern Excursion bureau has adjourned without making any decision in the matter of the application of the traveling men for a uniform 2-cent mile 100-mile book rate in the southwestern states and territories. The application of the Mexican lines to make thru rates from Mexico for all meetings in the United States on the 25th of the month.

Mike Sweeney, vice president and general manager of the Trinity and Brazos Valley, is the authority for the statement that the Brazos Valley will not reach Houston with its tracks until some time between the 20th and 25th of this month.

Jefferson's eulogy of the press was a free, an honest, a brave, an aggressive press and liberty is in danger of the press, and liberty is in danger of the press, and liberty is in danger of the press.

ROOSEVELT NURSE DEAD

Aged Colored Woman Attended Mother of President

stationary army of France, made his way into Genoa when the heroic Massena was defending the town against the blockade of the English fleet and the siege of the Austrian army. The poor devil told Massena that Bonaparte, then first consul, was crossing the plains of Lombardy. "Making straight for the Tuilleries," muttered the grim old soldier, who was subsequently Napoleon's best fighting marshal. And he was dead.

Mr. Hearst is headed for the White House. Napoleon got to the Tuilleries. Where will Hearst land? Time alone can tell.

Railroad Rumbblings

New Texas Road The Wichita Falls and Northern is the name of a company that has been incorporated in Oklahoma to build a railroad 375 miles long from a point on the Red river on the southern boundary of Comanche county, to Englewood, Kan., passing thru the Oklahoma counties of Comanche, Kiowa, Greer, Roger Mills, Day and Woodward. Principal office, Altus, Okla. This is evidently to be an extension of the Wichita Falls and Northern, incorporated in Texas Territory from Wichita Falls, Texas, to the Red river.

Large Loads of Cotton The Galveston, Harrisburg and San Antonio Railway Company has received its new leading series of its cars to maximum capacity with cotton, and Sept. 15, at the Hooper compress at San Antonio, Texas, two cars were loaded which were exceptionally fine examples of good work. One car for Morgan's Louisiana and Texas Railway was loaded with 208 bales of cotton with a net weight of 103,387 pounds. Another car for the same company was loaded with 197 bales of cotton with a net weight of 103,387 pounds. Both cars are standard flat cars of the Harriman line and were owned by the Frisco Railway Company. They are forty-one feet long and weigh about 34,600 pounds each, being built for a capacity of 100,000 pounds.

Santa Fe Shows Increase A statement recently issued by President E. P. Ripley of the Atchison, Topeka and Santa Fe railway shows that during the first nine months of the year the road increased \$4,469,028, or 31.4 per cent. The gross earnings for the year amounted to \$78,644,347. During the year the expenditures were \$74,175,319, leaving a net profit of \$4,469,028. This was expended for extensions, new track and general improvements, including the acquisition of the new Colorado and Kansas City road. Freight was carried at a cost of 67 cents per ton less than in the previous year and passengers were carried at a cost of .925 cents per mile less.

Fort Worth to Tidewater

The report of the Colorado and Southern, which has become a "system" under the acquisition of the Colorado Springs and Cripple Creek District railway and the Fort Worth and Denver City, shows a substantial increase in all departments. The increase in freight earnings amounted to \$1,600,000 and in passenger earnings \$600,000. The report records advancement of the plans of this road to the future. The report records advancement of the plans of this road to the future. The report records advancement of the plans of this road to the future.

Railroad Notes and Personal

The western railway lines which have been running specially fast schedules for the summer business, have all agreed to shorten schedules for the winter for the double reason that there is less demand for the service and the demand for fast time and it is much safer.

To facilitate the filling in and grading up of the yards at Fort Worth, the Rock Island is working on a big steam shovel in the yards between Fourth and Ninth streets, and that will be continued in use until the yards are brought up to the grade wanted. When the grading is done and the dirt settles the entire yard will be double tracked.

The Union Pacific will build large shops at Omaha for the manufacture of the Mackay gasoline motor with which the company has been experimenting for a year or more and with results which are deemed very satisfactory. The Mackay gasoline motor, regarded in locomotive power for railroads and expect to use them not only on the Mackay, but also on the main lines.

Mike Sweeney, vice president and general manager of the Trinity and Brazos Valley, is the authority for the statement that the Brazos Valley will not reach Houston with its tracks until some time between the 20th and 25th of this month.

Educator Warned Not to Introduce Booker T. Washington to Audiences

SHOULD JOIN SOME CHURCH

Evangelist Williams Compares Heaven and Hell

Evangelist Sid Williams at the First Baptist church Sunday night, before delivering his sermon, directed to talk of several minutes especially to Baptists, who held membership in churches of other cities and who are now making Fort Worth their home, but had not entered their letters in a Baptist church of this city. He declares that each was falling to perform his or her duty by not delivering the letter and becoming identified with a Fort Worth church, as that is the intended purpose of the giving of the letter. He closed these remarks by urging each Baptist to take advantage of this opportunity of uniting with the First Baptist church, tho it be necessary to write later for his or her letter.

At the close of the service over a dozen persons went forward, some with church letters and others upon confession of the faith.

Rev. Mr. Williams then read passages from Psalms 117:17, and Revelations, xxi:1-3, and announced as his text: "Where Shall I Spend Eternity in Heaven or Hell?" He read from the passage in Psalms, "And the wicked shall be cast into hell, but the righteous shall abide in heaven." "Where Shall I Spend Eternity in Heaven or Hell?"

"I am going to tell you why I do not want to go to hell. There is no water there, and if there is one thing we all like best it is good water to drink, and the angels and the saints, for here in the scripture it says that when the rich man was there in torment he raised his head to God and asked that Lazarus might dip his finger to complete the stroke on his tongue. It is with the tongue that man profanes God's holy name and damns his fellow man.

"In the next place I could hear no beautiful strains of music in hell. Instead, all the damned could hear nothing but the hissing of serpents and the howling of dogs and the harmonious melody of the harp, the organ and the piano will be supplanted by the wailing of the damned. I could hear no music in hell, and if there is one thing we all like best it is good water to drink, and the angels and the saints, for here in the scripture it says that when the rich man was there in torment he raised his head to God and asked that Lazarus might dip his finger to complete the stroke on his tongue. It is with the tongue that man profanes God's holy name and damns his fellow man.

He scored the practice of dice throwing, which is seen in nearly every cigar store, but the hissing of serpents and the howling of dogs and the harmonious melody of the harp, the organ and the piano will be supplanted by the wailing of the damned. I could hear no music in hell, and if there is one thing we all like best it is good water to drink, and the angels and the saints, for here in the scripture it says that when the rich man was there in torment he raised his head to God and asked that Lazarus might dip his finger to complete the stroke on his tongue. It is with the tongue that man profanes God's holy name and damns his fellow man.

IDLE NEGROES NOT TEMPTED

One Planter Offers 75 Cents, Board and Railway Fare

The cotton fields all over Texas are white with open bolls and cotton pickers enough to pick it cannot be had. Labor agents cannot supply the demand, notwithstanding big prices are offered. West Texas and the Panhandle section where the negro population is scant are suffering the most from the shortage of cotton pickers, and planters in those sections are offering the biggest wages, up to 100 cents a day, and 40 cents a pound of seed cotton, and there has just been reported a case of a boy 16 years old picking 800 pounds in a day's work, weighing the cotton himself as he filled his bag.

One planter near Fate in Rockwall county has 900 acres in cotton that is opening rapidly and offers \$1 per 100 pounds to pickers. It is a poor hand that cannot pick 400 pounds of seed cotton, and there has just been reported a case of a boy 16 years old picking 800 pounds in a day's work, weighing the cotton himself as he filled his bag.

Notwithstanding these tempting offers—offers that will enable a good worker to save from \$15 to \$25 per day—there is still a shortage of pickers in Texas numbers of idle negro men and boys who rather than go to the cotton fields and do honest work, prefer to put in seven days in a week loafing.

FOR OVER 60

Mrs. Wispol's Soolin has been used for years by the children of the GUMMERS, CURRY, WIND, and CURRY families in every part of the world. It is a sure cure for all ailments of the stomach and bowels, and is especially adapted for children. It is a sure cure for all ailments of the stomach and bowels, and is especially adapted for children. It is a sure cure for all ailments of the stomach and bowels, and is especially adapted for children.

PIANO FAULTS THE TEAR A BIG Stock to Be Worth Trust

A falling dealer in pianos in the Indian Territory in order to attract attention to his stock of pianos for sale, has decided to accept the terms of a stock of pianos at 60 percent of the retail price, and to sell them at 50 percent of the retail price.

In this day of "fake" great reductions in price, the public is not inclined to believe that a stock of pianos is being sold at 50 percent of the retail price. The dealer who has decided to accept the terms of a stock of pianos at 60 percent of the retail price, and to sell them at 50 percent of the retail price, is a man who is not afraid to take a risk.

It is not the desire of a special price. The stock of pianos is being sold at 50 percent of the retail price, and the dealer who has decided to accept the terms of a stock of pianos at 60 percent of the retail price, and to sell them at 50 percent of the retail price, is a man who is not afraid to take a risk.

THEIR TELEGRAM

Rockford, Ill., Oct. 13, '06.

Ross & Heyer Co., Fort  
Worth—Your letter explaining population of Ft.  
Worth prompts us to allow  
you another car of Temple  
Pianos at introductory  
prices. Will ship car in  
one week.

HADDORFF PIANO CO.

See Original Telegram and Sample  
Piano in Window

Ten days ago we advertised one car  
of Temple Pianos at the introductory  
price of \$168.00 with the result that  
last Thursday we sold the last one of  
the car of twenty-two, while two customers  
stood waiting their turn in  
case party then examining the piano  
did not make purchase; the piano was  
taken and left us with two disappointed  
friends, with many others who  
came later.

These facts led us to take the matter  
up with the Haddorff factory, notwithstanding  
they had only allowed us one car of the Temple  
Pianos for Fort Worth at the introductory price.  
The above telegram explains the result of  
our efforts and now we are indeed  
pleased to advise our friends and patrons  
that we shall be glad to take their orders  
for one of these handsome Temple Pianos  
at the introductory price, \$168, by which  
means you can make sure of getting one  
on arrival of the car.

For the benefit of customers who  
have not seen and examined the Temple  
Piano we have arranged with one of  
our customers for the use of her Temple  
Piano for exhibition purposes until  
the arrival of this second car. Kindly  
call and examine this beautiful  
Temple Piano.

### CAUTION

In buying a piano the purchaser  
should consider well four important  
facts:

First—The honesty of the merchant  
from whom the purchase is made.  
Second—That merchant's ability to  
make good his guarantee.  
Third—The commercial standing and  
integrity of the manufacturer.

Fourth—Buy from a home merchant  
who will keep your piano in tune and  
good repair and to whom you can apply  
in person in case you fall to meet your  
payment by reason of sickness or accident.

We refer you to your banker, R. G.  
Dun & Co., and Bradstreet's commercial  
agencies regarding our responsibility  
and in a like manner the commercial  
standing of Haddorff Piano Co.  
We keep all pianos we sell in good  
tune and repair without any cost to  
our customers and shall be pleased to  
furnish, on application, the names of  
hundreds of pleased patrons.  
Do not think because you are buying  
a Temple Piano for \$168 that you are  
not getting a good piano. Remember  
you are saving \$82. You are buying  
for \$168 a piano which will sell for  
\$250 after this car has been sold.  
\$168 cash; immediate delivery of  
piano; then easy monthly payments on  
balance. Our reputation for doing  
what we advertise enables us to warn  
all expectant piano buyers to act at  
once if you care to save \$82 and get a  
fine \$250 Temple Piano for \$168. Easy  
payments. Store open evenings.

**BRICKLAYERS CONVENE**  
State Conference Will Hold Session Here  
The Texas state conference of the International Union of Bricklayers convened at Labor Temple Monday afternoon at 9 o'clock in annual convention. Twenty-four delegates representing the locals of the state are expected to be present throughout the session, which will last four days.

Ed Ollerton, secretary of the Fort Worth local union, said Monday morning that an effort will be made by the state conference to obtain for every state union an equal wage scale, putting each on an equal basis. Already the uniform day has been secured, but in the smaller cities the scale is lower than in Fort Worth and the larger cities.

W. W. Baker and S. W. Loyd, representing the Thurber Brick Company, are in the city on a business mission to the bricklayers. The officers at present are: George Everden of Dallas, president; I. S. Fisher of El Paso, first vice president; Ed Ollerton, Fort Worth, second vice president; and S. R. McCoy of Dallas, secretary and treasurer.

Near the Chautauqua (N. Y.) boat landing is a facsimile of the Dead Sea and surrounding country. The cities of the Holy Land are marked by metal monuments.

The King of Obbo travels on the back of one of his faithful slaves and when he reaches a stream he remains in his seat while his human steed walks thru the water.

## STOCKMEN SEEK FOREIGN TRADE Important Meeting Just Closed at Kansas City

An important meeting of live stock interests throughout the country and especially interesting to Texans has just closed at Kansas City. A prominent speaker at the meeting and in the deliberations of the convention, which was for the purpose of discussing methods to increase the export meat trade thru reciprocity agreements with foreign countries, was Attorney Sam H. Cowan of Fort Worth.

Mr. Cowan's address will appear later in The Telegram.

The meeting was what it was intended to be, viz.: a convention of committees from the live stock organizations of the western live stock states. The representation present was from Texas, Oklahoma, Arizona, New Mexico, Colorado, Kansas, Missouri, Iowa, Illinois, Indiana, South Dakota, Montana, Nebraska and the American National Association being fully represented, and of course represented the other western states as well as its simple representation of the live stock business of the states named.

The plan decided upon was to cause to be issued a circular in the live stock and farming districts and placed in the hands of the press a pamphlet setting forth the facts to show how it is that the live stock producing interest is suffering by reason of this country's inability to dispose of live stock and meats in Germany and France as well as other continental countries of Europe.

The meeting was addressed by Senator Harris, now candidate for governor of Kansas with good prospects of being elected, so he stated. He was representing the Shorthorn Breeders' Association and in a measure the American Reciprocity League; and also by Alvin H. Sanders, the editor of the Breeders Gazette and chairman of the executive committee of the American Reciprocity League, and by others.

It was decided to make use of the machinery of the American National Live Stock Association for the purpose of this distribution as well as the American Reciprocity League. A committee was appointed to edit the matter to be printed and that is being done. It is expected to give it the widest circulation by furnishing it to every newspaper throughout the country and placing it in the hands of all the leading farmers and live stock producers as well as the various organizations, in order that they may intelligently make demand upon their senators and congressmen.

**Appeal to Congress**  
The resolution which was passed appeals to congress and to the President of the United States to amend the tariff laws of this country so that the President of the United States will be able to offer as a consideration for favorable trade agreements with those foreign countries a modification of the tariff on articles imported from those countries into this.

One of the points which was carefully guarded was that the live stock interests do not attempt to take up the matter in general but rather to demand that the meager protection now afforded by the tariff on live stock, hides and wool be not disturbed and the proposition which they present to congress does not involve any reduction or change in the tariff on these things, because none of the countries in Europe with which we seek to establish markets for meats and live stock could under any circumstances desire to ship the same to this country. Furthermore the resolution proceeded upon the theory that the system of reasonably protecting manufacturing industries in this country would not at all be interfered with by a reduction of a reasonable amount of the very highest tariff on imported manufactured articles coming from those countries into this.

It was pointed out in the address which Senator Harris made in part that many of the manufacturing industries in this country which enjoy a very high and in some instances even prohibitive tariff duty, enables them to fix an exorbitant price for what they sell here while they export into the markets of European countries those same articles and sell them much cheaper than the same things are sold here. For example, hardware is sold 30 or 40 per cent cheaper in Mexico than in the United States. The claim that those articles which are so sold in foreign countries are cheaper than those sold here were not sold there at a profit by our manufacturing concerns, but are the mere surplus, is without foundation in fact, because our manufacturing industries are seeking those markets to sell there the output and are manufacturing the goods for that purpose. They know about what it takes to supply this country and they are taking these low prices are for a mere accidental surplus is without foundation by reason of their ability to do so on account of the exorbitant protection which such countries as Germany and France afford, but that the one effect would be the curtailment of the exorbitant profits which are charged in this country. The manufacturing industry of this country can afford to take a reasonable profit in order to let this government make trade arrangements with other countries which will admit to their markets the live stock and meat products of the farm and ranch, and this is what the stockmen demand and if they made a united demand, this is what they are going to get, but it means a hard fight to get it.

**A MOST WORTHY ARTICLE**  
When an article has been on the market for years and gains friends every year, it is safe to say the medicine is worthy. Such is Ballard's Horchound Syrup. It positively cures coughs and all pulmonary diseases. One of the best known merchants in Mobile, Ala., says:  
"Five years my family has not been troubled with the winter coughs; we owe this to Ballard's Horchound Syrup. I know it has saved my children from a sick spell."—Sold by Covey & Martin.

No other remedy on earth is so good for children as Hollister's Rocky Mountain Tea. Makes them eat, sleep and grow. Bright eyes, rosy cheeks. Tea or Tablets, 25 cents.  
J. P. BRASHEAR.

## KING'S CANDIES For American Queens

PARKER'S, Seventh & Houston

For Miss Beaumont  
Misses Imogene and Nancy Sangnet entertained informally Saturday evening for Miss May Blossom Beaumont of Kentucky, who is visiting her sister, Mrs. Duke Burgess. The evening opened with a few games of high five and closed with a delicious luncheon and dancing. Those present were: Mr. and Mrs. Duke Burgess, Mr. and Mrs. Taylor, Misses Beaumont, McCart, Wells, Belle and Virginia Bunting, Mattison, Kimble of Waxahachie, Sparrow and McElwee, Messrs. Will Darter, Dan Jarvis, Clarke, Wright Ganses, Elmo Callaway, Charles Crenshaw and Tom Crow.

The clubs meeting today will be the Monday Book in special meeting with Mrs. Henderson at 901 West Second street; the Trio Club in Jacob Schreiner's studio at 3 o'clock; the '93 Club in the Carnegie library, and the St. Cecilia at 8 o'clock in the evening in the Imperial Club rooms.

The Ladies' Auxiliary to the Elks met this afternoon for the purpose of electing officers, several resignations having made an election necessary.

## PERSONALS

Miss Bess Kimble of Waxahachie is visiting Mrs. Frank Sanguinet.  
H. H. Grassie is in town for a few days' visit. Mr. Grassie's headquarters are in Chicago, but he spends much of his business year in Fort Worth.

John J. Reimers returned home this morning from a five months' tour of the European continent, which included a visit at his old home in Hamburg, which he left in 1868. Mrs. Reimers will return home Friday of this week, having stopped off at Rock Island, and will be accompanied to Fort Worth by her daughter, Mrs. H. J. Richardson of Rochester. Raymond Reimers, who was also abroad, is returning to Fort Worth via Galveston.

## A Full Line IF there's anything new in the realm of fabric or fashion—look here for it.

We keep next to the doings of style—and the prestige we hold with the mills and importers explains our advantage in the range and choiceness of our assortments.  
Fancy Worsteds? Thibets? Chevots? Serges? Yes—we've got a whole lot of all of them.  
We always carry a full line of staple as well as fancy fabrics—that's how it's an easy matter to satisfy your every whim in weaves.  
Better drop around and look 'em over. You'll respect the quality.
