

MAKE YOUR SHIPS AND GOVERNMENT THIS

Rejects American Aid THE VESSELS SAIL Admiral Davis and Fleet of Battleships Have returned to Guantanamo

By Associated Press. LONDON, Jan. 21.—After a conference today between officials of the foreign and colonial offices of the latter cabled to Governor Swettenham of Jamaica asking him for his version of the situation which led to the withdrawal of Rear Admiral Davis' ships from Kingston Saturday.

Nothing has been received from the governor concerning any change of his mind to accept and his reply to the specific request of the colonial office is now anxiously awaited.

NEW YORK, Jan. 21.—The feature of the news from Kingston, Jamaica, today is the declaration of Sir James Swettenham, governor of Jamaica, to accept the American aid and the departure in consequence of the American warships under command of Rear Admiral Davis.

Swettenham's action appears not to have met the views of the people and the city officials of Kingston. English newspaper comment on the incident is unanimous in regretting the occurrence and expressing the hope that the good relations existing between the United States and Great Britain may not be endangered thereby.

NEW YORK, Jan. 21.—A special dispatch to the Times from Kingston, Jamaica, says that Governor Swettenham, in addition to requesting aid from Rear Admiral Davis, has declined an offer sent by the war department to the United States to extend immediately to Kingston 10,000 rations, which were intended for the troops in Cuba and would have been diverted here.

The governor's action, the Times correspondent says, is wholly disapproved by the community, which highly appreciates the kindness of the Americans. As soon as it became known what had been done by Governor Swettenham and that the American ships, in consequence, were to leave, an emergency meeting of the city council was called.

Admiral Davis was also asked to remain in spite of the unfortunate incident. The request was declined by him and he made a reply in which he said that there was no misunderstanding with the Jamaican authorities, but he added significantly in reply to the request to remain: "As a foreign naval officer, I am bound to respect the wishes of the constituted authority of Jamaica."

Up to the time of Admiral Davis' departure the situation was improving, but the work has been much retarded by the action of the governor in declining further assistance by the Americans.

Much suffering will result from their departure and the refusal of supplies.

Evans' Report to Washington By Associated Press. WASHINGTON, D. C., Jan. 21.—Rear Admiral Evans has notified the navy department of his arrival at Guantanamo of Rear Admiral Davis and the battleships Missouri and Indiana and the cruiser Yankeon from Kingston.

TWO SKETCHES One of Live Yankee and One of Cranky Englishman

NEW YORK, Jan. 21.—Rear Admiral Charles H. Davis, whose offer of assistance for the earthquake sufferers was refused by Governor Swettenham of Jamaica, is the man who received the surrender of the port of Ponce when he was in command of the Dixie. His record in the American navy is a continuous succession of diplomatic triumphs. He is second in command of the North Atlantic squadron.

His title as "grand commander of the Order of Isabella" was conferred by Spain in recognition of his services as personal conductor as representative of this government of the infant Isabella when she visited this country in 1833 as Spain's representative to the Columbian celebration.

Sketch of Admiral Davis Admiral Davis is a brother-in-law of Senator Lodge and a friend of the President, who formed his acquaintance while Roosevelt was a member of the foreign service commission and living in Washington.

Rear Admiral Davis was selected as the American member of the international commission which met in Paris two years ago to inquire into the fishing by Russian Baltic fleet on the British fishing trawlers. Davis served as superintendent of the naval observatory at Washington for five years and has been on many ships of the navy thru his various grades.

Who Swettenham Is Sir James Alexander Swettenham, K. C., G. captain general and governor-in-chief of Jamaica, has been in the colonial service of Great Britain for forty years. He is 61 years of age, and son of J. O. Swettenham of Belper

LEMON CLUB THE LATEST SOUTH NORWALK Conn.

Jan. 21.—The "Lemon Club" is the latest social organization and bids fair to outrival the famous Alimony Club of New York. No young man is eligible to membership unless he has been rejected by his fiancée and now is sworn to bachelorhood. The by-laws call for an admission of the section of a lemon and a pledge to lead a virtuous life in the future, including lemons and peaches. Many of the prominent young men of the town are members of the club.

Lodge, Derby. After graduating at Cambridge he entered the Ceylon civil service in 1883 and remained in various grades of Ceylon service for fifteen years. He was auditor general of the island of Cyprus from 1884 to 1891 and auditor general of Ceylon from 1891 to 1895. There was also a colonial secretary at Singapore and from 1898 to 1900 was acting governor of the Straits Settlements. Then he went to British Guiana as British governor and commander-in-chief, where he was kept until 1904.

Sir Alexander got his decoration and his knighthood for colonial service and then they sent him to Jamaica, where he arrived in the fall of 1904. Governor Swettenham came in conflict with United States officials last October when he refused to permit laborers to leave Jamaica to work on the Panama canal unless certain demands made by him were conceded. He refused to permit the recruiting of laborers unless 5 shilling per head was paid to the island government and the sum of \$2,500 for the agents' services.

After considerable discussion, the demand was granted. The governor then insisted that the United States guarantee to compensate the laborers for any damage or injury they might sustain during their employment on the canal. This demand was positively refused.

NEWSPAPER COMMENT

The London Press Unanimously Deplores the Incident. By Associated Press. LONDON, Jan. 21.—Referring to the withdrawal of the warships from Kingston, the Pall Mall Gazette this

PROPOSE VOTE FOR STRAW MAN

Duncan and Terrell Would Delay Senatorial Election

AUSTIN, Texas, Jan. 21.—The following is the house resolution of Duncan and Terrell of Comanche to postpone the election of a United States senator:

"Whereas, on the 18th instant this house adopted a resolution providing for a thorough and complete investigation of all charges which may be filed against the Hon. J. W. Bailey, and the committee composed of seven members of this house has been appointed to investigate all charges that may be filed against the said J. W. Bailey, candidate for re-election to the United States senate, and whereas, said committee has organized and elected its chairman and appointed such officers and employees as may be necessary for the taking of testimony and for the dispatch of business pertaining to its work, and whereas, many charges have already been filed with said committee which will necessarily require many days to investigate fully, and report thereon, and it is the sense of this house that a full and complete investigation be had upon said charges and a full and complete report of all facts be submitted to this house before the election of a United States senator, therefore, be it

Resolved, That it is the sense of this house that we obey the federal statute in regard to the election of a United States senator by meeting from day to day and balloting as required by law for a United States senator, but that we use our best efforts to prevent the election of a United States senator until a full and complete and thorough investigation is had upon all the charges as contemplated in this resolution and report containing all of the material facts bearing upon the charges made shall be presented to or adopted by this house. Be it

To Withhold Judgment

"Resolved, further, That it is not our intention or desire to defeat for re-election Senator W. J. Bailey, but it is our purpose to withhold our judgment and votes in this matter until all the facts are known and we submit to the law, without prejudice to that which can be done within the regard for the best interests of the democratic party and the welfare of the people, by simply casting our votes for some one of our own district who is not now a candidate for such position, each voting for a different man, and who will never be seriously contending our votes and preventing the election of any man until the investigation is completed and all the facts are before the house, so that each man before the house can act intelligently and base his vote upon the material facts brought out in this investigation. And be it

Resolved, further, That in the event Senator Bailey is exonerated of all the material charges presented against him, we hereby agree to support him for re-election and set him back to the United States senate with all the power and influence that the great state of Texas, thru her representatives, can bestow upon him."

AGAINST GAMBLING

Decree of French Government Will Cause Immense Losses

By Associated Press. PARIS, Jan. 21.—The government decree regarding gambling has caused much agitation on the Riviera. Work on several gambling places in Monte Carlo, however, is being continued, if the decree is enforced, enormous financial losses will result.

A BIG STORM IN BUFFALO

Five Lake Liners Are Aground in the Harbor

IMMENSE LOSSES

Vessels Stranded Are Alone Worth \$12,000,000 - Two Deaths Result of Wind

By Associated Press. BUFFALO, N. Y., Jan. 21.—A terrific wind storm, which has been sweeping this city for the last sixteen hours, has done \$1,500,000 damage to shipping. Five lake liners are aground in the harbor.

Details of the Disaster

By Associated Press. BUFFALO, N. Y., Jan. 21.—So far today only two deaths have been reported as a direct result of the storm. These occurred at Dunkirk, where a 11-year-old girl was drowned and Mrs. Henrietta Cowley killed by flying debris from a demolished ice house. In Buffalo it is estimated the storm did from \$1,540,000 to \$2,000,000 damage.

At Niagara Falls damage to the amount of \$225,000 was done to the Great Gorge Railroad, while in the heart of the city buildings valued at \$25,000 were completely demolished.

From every town and city along the lake reports of great damage were received. Inland towns also suffered considerably. The storm lasted almost twenty-four hours, during which time the velocity of the wind varied from 40 to 85 miles an hour.

The greatest losses are those sustained by the marine interests. Of twenty-four vessels anchored under lee breakwater, near the harbor entrance, five took the beach at the foot of Michigan street in yesterday's gale. All these vessels were modern freighters of the average valuation of \$350,000.

POLICEMEN KICK

Do Not Like Proposed New Law to Bond Them

Special to The Telegram. DALLAS, Texas, Jan. 21.—Police Chief Brendenbury of Dallas and other Texas police officers are opposed to the bill passed by the senate requiring policemen to give bond. An organized effort will be made to defeat the measure in the house.

DENVER MECCA FOR STOCKMEN

Tenth Annual Convention of Live Stock Men

Special to The Telegram. DENVER, Colo., Jan. 21.—From all over the country stockmen are arriving in Denver today for the tenth annual convention of the American National Live Stock Association, to be held at the Broadway theater tomorrow and Wednesday.

The members of the Colorado Horse and Cattle Growers' Association are holding their convention today and most of the delegates will remain here for the national meeting.

The importance of the subjects to be considered will make the coming convention one of the greatest in the history of the association and the attendance promises to be unprecedented. While most of today's arrivals are from western states, there will be many eastern delegates, including numerous prominent packers and commission merchants. They will arrive in special cars and will be entertained by the Colorado Traffic Club during their stay.

The Western Stock Show, which will open during the week, is another magnet which will attract hundreds of visitors. The people of Denver expect to have one of the largest crowds ever gathered in the city, and their expectations are already in a fair way to be gratified.

James W. Pinchot, secretary of agriculture and Gifford Pinchot of the national forestry bureau will be among the principal speakers at the stockmen's convention and both will deliver notable addresses. Professor Pinchot will discuss the administration of forest reserves, a matter which is now greatly agitating western stockmen.

Car Shortage

The question of railroad service and car shortage will be taken up and it is expected that vigorous steps will be taken to relieve the situation. Other subjects of discussion will be the suits now pending before the Interstate commerce commission in regard to freight rates on live stock, means for securing better service from stock yards companies and problems of sanitation. The debate will be open to all members of the association in attendance at the convention and a lively session is anticipated.

Fat Stock Show

INJURED RECOVERING Not Believed That Any Will Die From Frisco Wreck

BROWNWOOD, Texas, Jan. 21.—Reports from the Frisco wreck on Sunday are recovering and that none will die. Twenty-two persons were hurt.

U. S. SENATE TO PROBE BAILEY

Question Now Being Discussed in Washington

MUCH INTEREST

New York Paper's Publication of Alleged Fac-similes Causes Discussion

Special to The Telegram. WASHINGTON, Jan. 21.—It is probable that Senator Bailey of Texas may yet be investigated by the United States senate. Publication in a New York paper this morning of alleged fac-similes of documents showing payments to Bailey by the Waters-Pierce Oil Company has aroused deep interest, and the documents are regarded as damaging on their face, as going to prove much closer intimacy with the company than Bailey has been willing to admit. Judgment is suspended among senators on the question whether there was any wrong-doing on Bailey's part in acting as counsel for the oil company or using his influence with the Texas legislature to enable the company to resume business in that state. The case is now under investigation by the Texas legislature.

The foregoing dispatch was received by The Telegram from the Scripps-McRae Press Association Monday afternoon. It is presumed the New York paper referred to is W. R. Hearst's Morning American.

ELECTION ON IN 28TH DISTRICT

Much Interest in Result of Contest at Abilene

Special to The Telegram. ABILENE, Texas, Jan. 21.—Votes are being cast today throughout the Twenty-eighth senatorial district for a successor to A. S. Hawkins, former senator-elect, who resigned because he said he could not vote for the re-election of Senator Bailey and the desired a further expression from his constituents. Senator Hawkins is again a candidate on the platform of opposition to Bailey, while W. J. Cunningham of Abilene, district attorney, is his opponent.

Both men are popular. Cunningham's friends are claiming that he will carry Taylor, Jones and Callahan counties.

Special to The Telegram. MINERAL WELLS, Texas, Jan. 21. The vote in the senatorial election at 2 p. m. was 272, very close between Cunningham and Hawkins. Friends are working on both sides. There is no interest by voters in the city. Reports from the country give Hawkins two to one.

Telegrams here reflecting on Alvin Owsley are declared untruthful by 179 names signed to a message last night. Owsley spoke here Thursday night in favor of Hawkins. Palo Pinto county is regarded as safe for Hawkins.

SCARLET FEVER AND DIPHTHERIA

Epidemic of Contagious Diseases in Chicago

By Associated Press. CHICAGO, Jan. 21.—All epidemic records for a period of twenty-four hours as far back as the typhoid plague of 1893, were broken yesterday, when 100 cases of scarlet fever and 45 cases of diphtheria were reported to the health department, besides there were recorded 20 cases of other contagious diseases. The increase in diphtheria is considered alarming.

FOUND DEAD

Fatality Attended a Sunday Jail Delivery at Amarillo

Special to The Telegram. AMARILLO, Texas, Jan. 21.—L. Miller, a railroad laborer, was found dead yesterday morning in a window in the county jail, where he was attempting to escape. He was buried this afternoon. His antecedents are unknown. Ray Thompson of Buffalo, N. Y., and E. Jones escaped and have not yet been found. They saw a bar in two. The short term prisoners in the cells were not disturbed.

MAY TRY MACKLIN

Court-Martial Ordered for Fort Sam Houston

Special to The Telegram. SAN ANTONIO, Texas, Jan. 21.—It is thought that Captain Edgar A. Macklin of the Twenty-fifth infantry will be tried by the court-martial ordered to convene at Fort Sam Houston, Feb. 8, also an official statement, which was made to the effect. A court-martial has already been ordered Feb. 4 to try Major Penrose and it is believed that the second court-martial can be for no other purpose than to try Captain Macklin.

THAW'S CASE IS POSTPONED

It Goes Over Until Wednesday Morning

JURORS EXCUSED

Delay in Finishing Hilgert "Magic Boots" Case Made Postponement Necessary

By Associated Press. NEW YORK, Jan. 21.—The trial of Harry K. Thaw, charged with the murder of Stanford White, was today postponed until Wednesday morning. Thaw was not brought into the court room.

Cause of the Delay

By Associated Press. NEW YORK, Jan. 21.—Harry Kendall Thaw will not go thru the formality of arraignment before Justice Fitzgerald in the criminal branch of the supreme court today for the murder of Stanford White, as scheduled in 1906, at a theatrical performance in Madison Square roof garden. Delay in finishing the Hilgert "magic boots" case is the cause of this temporary postponement of the proceedings today, which will permit adjournment until Tuesday or Wednesday, when the Hilgert case is expected to be finished. Two hundred telegrams, constituting the special patrol which has been summoned for the case, will be excused until the resumption of the trial.

Yesterday, on the eve of his trial, the prisoner spent the day in his cell reading the Sunday papers. The prisoner seemed to be in a comfortable frame of mind. No visitors were permitted at the Tombs on Sunday and the representatives of the Thaw family in New York kept close to their apartments in the Lorraine. In the course of the afternoon the telephone in Mrs. Wm. Thaw's apartments was continuously buzzing, and said Edward Hartledge, chief counsel for Thaw, had a long conference with the family.

MEET AT DALLAS

Grocerymen and Hardware Dealers Gather in Fort Worth Suburb

Special to The Telegram. DALLAS, Texas, Jan. 21.—Delegates on arriving from all parts of the United States for the annual meeting of the retail grocerymen which convenes tomorrow for a three days' session. The retail hardware and implement dealers of Texas meet here tomorrow and a large attendance is expected.

2 MEN RUN DOWN BY FREIGHT TRAIN

No One Was to Blame for the Accident

G. A. Audrey, aged 54, of Arlington, and his brother-in-law, Tom Wingo, aged about 45, of Argyle, were run down and instantly killed by a Texas & Pacific freight train at Arlington last night. They were walking down the track, when their attention was attracted by a freight train which was stalled and was making an effort to move out of the yards. They stopped to watch the train and in doing so did not notice another freight train, which was backing toward them. It struck both of them and mangled their bodies beyond description.

The accident occurred at a point just opposite the oil mill, in the central part of town, and was seen by a number of people. It is said that the engineer of the train which killed the men blew the whistle, but the other train was making so much noise that they did not hear it.

Mr. Wingo came to Arlington from Argyle Saturday night to visit the family of Mr. Audrey. The latter is a blacksmith.

Mr. Audrey leaves a wife and several children. Two of them are married. He is a member of the Woodmen lodge. His funeral was conducted at 11 o'clock Monday morning, both Woodmen lodges joining in conducting the ceremonies.

Mr. Wingo also leaves a family of a wife and several children. One of his sons is cashier of a bank at Argyle and the other is a telegraph operator there. His funeral was set for 3 o'clock Monday afternoon.

An inquest was held over the bodies of the two victims by Justice of the Peace W. A. Bledsoe, acting as coroner, Monday noon. Mr. Bledsoe telephoned The Telegram that according to all the witnesses he examined no one was to blame for the tragedy, which was purely an accident with no fault or verdict in accordance with that opinion.

COMMISSION TO MEET

Will Consider a Fort Worth Matter special to The Telegram. AUSTIN, Texas, Jan. 21.—The railroad commission will hold its regular monthly session tomorrow morning at 10 o'clock and the dock will be crowded. One of the most important propositions to come up for consideration at this meeting will be the proposed order requiring the construction of a case-way across Galveston bay and additional terminals at Galveston.

They will also consider loaded cars between Fort Worth and North Fort Worth by Galv. Colorado and Santa Fe railway.

Mrs. J. J. Lewis Shows Up Special to The Telegram. CHICAGO, Ill., Jan. 21.—Mrs. J. J. Lewis, who disappeared Saturday, showed up at her lawyer's office today without making explanations. She is an heir to a large estate in Dallas, Texas.

JAPAN TO RENEW WAR

Special to The Telegram. ST. PETERSBURG, Jan. 21.—War is inevitable between Russia and Japan, according to Count Witte's journal, the Slovo. Not only Japan but the Japanese warlike preparations, it says, under her influence China is also sharpening her sword. It announces: "Japan is arming and will be inevitable. Japan will seize the Amur province and perhaps will push forward as far as Lake Balkhal," that is, into the heart of Russia's Asiatic territory. The fresh trouble between Russia and Japan appears to be over the fishery rights of the Japanese under the Portsmouth treaty.

FRUIT NOT INJURED

Frost Monday Morning Did Very Little Damage

Special to The Telegram. TOKYO, Jan. 21.—It is stated officially that the Japanese diet, which met today, will shortly consider the purchase from France of the islands of St. Pierre and Miquelon, lying off the coast of Newfoundland, to be used as a penal base for convicts with the United States. If the United States objects to the consummation of the purchase war will be immediately declared, according to rumors here. Consideration of the subject which was taken up in the diet today, will occupy the members for some time. It provides for extensive changes and an increase of nearly 60 per cent in the army and navy appropriations. An outline is put into execution. Japan will be able to place not less than 750,000 men in the field on very short notice. Three special divisions are added, including cavalry, light field, heavy field artillery, and engineers, and these bodies of highly trained soldiers are well equipped with modern war horses that the Japanese army. Despite the indignation expressed among the Japanese people by the conclusion of their fellows from the San Francisco accord, considerable numbers have been aroused by the prospect of greatly increased taxes because of the government's military policy.

RAIDS MADE SUNDAY

Sheriff's Deputies Arrest Several Saloon Men

As the result of a raid made Sunday afternoon by Assistant County Attorney W. H. Slay and Deputy Sheriff Ewart and Winchester, cases charging violation of the Sunday closing law have been filed against the Crystal bar, Tex. Buckley, the City bar and T. R. Hammond.

Sunday evening Deputy Sheriffs Ewart and Andrews visited Miller's saloon, corner of Fifteenth and Jones streets, and placed the proprietor under bond. A charge of violation was placed against him Monday morning.

It is understood that several more arrests will be made as the result of evidence secured Sunday afternoon.

THE ACCUSER MAY ATTEND HEARING

Investigating Committee Discusses Rules

Special to The Telegram. AUSTIN, Texas, Jan. 21.—The house investigating committee in the Bailey matter began work today. Chairman O'Neal called the committee to order at 10:45. The rules adopted at a previous meeting were read and Mr. McGregor offered an amendment to permit any person preferring charges before the committee to attend the hearings of the committee during the investigation of such charges, accompanied by two attorneys of his own who would be permitted to substantiate the charges.

Mr. Cobbs opposed the adoption of the rule claiming it would be too liberal in its operation, as any person wishing to attend the committee hearing might make charges and so gain admission.

Mr. Jenkins favored the amendment, claiming Mr. Cobbs's objection was insufficient, as each person making charges would be permitted to attend the investigation into the charges made by him. Mr. Wolfe did not consider the committee in the same light as a court to decide between plaintiff and defendant, but a committee to determine the truth or falsity of the charges preferred. At the request of Mr. Cobbs, he read a letter received from John L. Linn, San Antonio, a member of the Twenty-seventh legislature, protesting that the charges made by Mr. Cobbs involved the good name of the members of the Twenty-seventh legislature and made them defendants.

Mr. Wolfe denied that any person making the charges had a right to attend the committee hearings. He said he would favor the amendment of a fair-minded, eminent lawyer, in whom all the people had confidence, to conduct the examination. Mr. Jenkins insisted that as the committee could act only upon the specific charges upon the responsibility of some man the proceeding assumed scope beyond the charge of a mere investigation and made it a case where the complainant had the same right as the accused to be present and to be represented by attorneys.

Favor Fair Investigation He doubted not that each member of the committee was in favor of a fair and impartial investigation, and would not deny the right of the complainant to use every proper means to substantiate the charges. Mr. Wolfe said that different men by filing identical charges could have the right to be present with counsel. Mr. Jenkins said he did not think this would occur and if it did he was ready to act.

Mr. Cobbs offered a substitute to permit the complainant to be present during the investigation of charges made by him and suggest to the examiners questions to be asked.

The substitute was adopted by a strictly partisan vote, Cobbs, Patton and Wolfe voting "aye" and Robertson, McGregor and Jenkins "no." The chair voted "aye."

A telegram from five lawyers of Dallas, W. L. Crawford, M. M. Crane, J. E. Cockrell, F. M. Schridge and R. C. Porter, tendering their services to assist Mr. Cobbs in developing the charges were declined with thanks, Mr. Cobbs stating that he did not want the gentlemen to think their office was not appreciated.

On motion of Mr. Robertson permission was given to Senator Hanger, Senator Edell and Justice Edger A. Macklin, tendering their services to assist Mr. Cobbs, but he did not want to go on record as denying the right of the complainant to outside counsel, which was accorded the defendant. Mr. Jenkins moved to accept the services of two of the gentlemen offering their services. This was tabled on motion of Mr. Cobbs by the same partisan vote.

JAPAN TO BUY A NAVAL BASE

Yankees of the East Are Preparing For War

FRANCE WILL SELL ISLANDS

Islands Off Coast of Newfoundland Land Can Be Bought and Strongly Fortified

Special to The Telegram. TOKYO, Jan. 21.—It is stated officially that the Japanese diet, which met today, will shortly consider the purchase from France of the islands of St. Pierre and Miquelon, lying off the coast of Newfoundland, to be used as a penal base for convicts with the United States. If the United States objects to the consummation of the purchase war will be immediately declared, according to rumors here. Consideration of the subject which was taken up in the diet today, will occupy the members for some time. It provides for extensive changes and an increase of nearly 60 per cent in the army and navy appropriations. An outline is put into execution. Japan will be able to place not less than 750,000 men in the field on very short notice. Three special divisions are added, including cavalry, light field, heavy field artillery, and engineers, and these bodies of highly trained soldiers are well equipped with modern war horses that the Japanese army. Despite the indignation expressed among the Japanese people by the conclusion of their fellows from the San Francisco accord, considerable numbers have been aroused by the prospect of greatly increased taxes because of the government's military policy.

Might Be Strongly Fortified Special to The Telegram. ST. JOHN'S, Newfoundland, Jan. 21.—The islands of St. Pierre and Miquelon, lying off the coast of Newfoundland, will shortly be purchased by Japan, are located off the south coast of Newfoundland and form a valuable base for the French government. It is known here that France has for some time considered the sale of the islands, and this knowledge has been made known to the French settlers, more than 1,500 of whom have left the islands for Canada within the last three months. While the islands are rocky and possess little vegetation, they are capable of being very strongly fortified and would make a good naval base in time of war. The present population of St. Pierre is about 900 and Miquelon about 1,500. The group has about 1,500 inhabitants. The former has three ocean cables connecting it with the mainland.

France is Willing to Sell Special to The Telegram. PARIS, Jan. 21.—Government officials here will make no statement regarding the proposed sale of the St. Pierre group of islands to Japan. It is known, however, that the islands are of value to France, since the shore rights were abandoned, and it is believed that the government would be more than willing to dispose of them. It is also known that France has joined with Italy, Germany, Austria and Spain in assuring the Japanese emperor of their sympathy and moral support in forcing the United States to accept the San Francisco accords. It was this action of the European governments that caused President Roosevelt to promise immediate sale of the islands.

Within the next year France, Germany, Italy, Austria and Spain will have strong naval bases in American waters. It will be in a position to enforce their demands in case they should decide upon further interference in Japanese and American affairs.

GARNATION DAY

Favorite Flower of Murdered President to Be Worn by Others

By Associated Press. NEW YORK, Jan. 21.—The Carnation League of America has sent out a special appeal to citizens to wear carnations to observe the birthday of William McKinley by wearing a carnation, the favorite flower of the murdered President. The Carnation League was organized Jan. 29, when McKinley would have been 65 years of age.

The league was established in 1903 and among the trustees are the President and some members of the cabinet and United States senators.

FARMING RETARDED

Little Rain or Cold Weather in Texas This Winter

Special to The Telegram. TEMPLE, Texas, Jan. 21.—The continued mild dry weather is causing a great deal of concern among the farmers in this section and is having the effect of greatly retarding farming operations. The present winter has scarcely been equal to the same, there having been very little rain and no freeze of any consequence. It has not been cold enough to enable farmers to kill their hogs and those few who have taken the risk have had their meat spoil in consequence. There is no reason to speak of in the ground which is too hard and dry to plow.

COMMISSION TO MEET

Will Consider a Fort Worth Matter special to The Telegram. AUSTIN, Texas, Jan. 21.—The railroad commission will hold its regular monthly session tomorrow morning at 10 o'clock and the dock will be crowded. One of the most important propositions to come up for consideration at this meeting will be the proposed order requiring the construction of a case-way across Galveston bay and additional terminals at Galveston.

They will also consider loaded cars between Fort Worth and North Fort Worth by Galv. Colorado and Santa Fe railway.

Mrs. J. J. Lewis Shows Up Special to The Telegram. CHICAGO, Ill., Jan. 21.—Mrs. J. J. Lewis, who disappeared Saturday, showed up at her lawyer's office today without making explanations. She is an heir to a large estate in Dallas, Texas.

COULD KE

**W.C. Stripling**  
THE PRICE IS THE THING.

### POPULAR PASTOR HAS RESIGNED

Rev. R. E. Chandler Goes to Ennis

Resignation of Rev. R. E. Chandler, pastor of the Cannon avenue Presbyterian church was presented to the congregation at the morning meeting Sunday and accepted, the resignation is to take effect on February 1. Next Sunday will be Dr. Chandler's farewell at the church.

The resignation of Dr. Chandler was presented to the board about a month ago and at that time was unanimously refused, but as he felt that he had received a call from the Avenue Presbyterian church of Ennis, which he should accept, he persisted in his resignation, and it was accepted with regret. Dr. Chandler has been pastor of the Cannon Avenue Presbyterian church in this city for four years. When he came here it was known as the Cannon Avenue Cumberland Presbyterian church, but at the time of the union of the two bodies of the church the "Cumberland" was dropped. He has been one of the foremost of the pastors during his stay here and was always ready to work in the cause of his own church or of a united movement of all the churches of the city.

He came here from the Greenville Cumberland Presbyterian church, where he filled the pulpit for the eighteen months previous. He was also four years at the Cumberland Presbyterian church of Vernon, where a \$5,000 structure was built during his pastorate and the membership of the church trebled. The church building at Vernon is considered the prettiest between Fort Worth and Trinidad, Colo.

Dr. Chandler is a graduate of the Cumberland at Lebanon, Tenn. He did not finish his course while there and took his degree while in the first year of his charge in this city. At the time that he left the university he had a small amount of work still to do and this he finished while here.

The Avenue Presbyterian church of Ennis is one of the finest churches in the city and the pulpit has been occupied for the past nine years by Rev. R. T. Phillips, who has gone to Corsicana.

### SAYS RECORDS SHOULD BE OPEN

Rev. J. W. Caldwell refers to Politicians and Officials

Members of the Taylor Street Presbyterian church are still talking of the sermon delivered by the pastor, Rev. J. W. Caldwell, Sunday morning in which he spoke on the subject of "Civic Righteousness."

Mr. Caldwell is known as one of the most plain spoken of Fort Worth's pastors and his congregation is one of the strongest among the downtown churches. In his sermon the pastor called attention to the recent cleaning up campaign which has been waged in Fort Worth, declared that city officers should be compelled by public sentiment to enforce the laws, that there ought to be more definite expression of public sentiment in favor of law enforcement and that a cleaning up campaign should not stop with ordering only the poorer classes of disorderly citizens out of town.

The deadlock between Mayor Harris and the city council was explored. The pastor also declared that righteous men in office had nothing to fear, not even investigation, and one of his most significant statements was: "Whether any public official, by any subterfuge whatever, attempts to dodge a full, complete and free investigation of himself and his official acts it is to my mind unmistakable evidence of conscious guilt."

Rev. Mr. Caldwell is a Mississippian.

### TAKE YOUR SHIP AND GO

(Continued From Page One.)

afternoon says: The language employed by Governor Swettenham would be difficult to justify under almost any circumstances. At the same time the paper says it takes it possible a praiseworthy desire to do the utmost in the cause of humanity pushed Admiral Davis beyond the necessities of the case and led him to encroach too far on the sphere of British authority.

The Fall Mail Gazette avers that both the governor and the admiral were animated by the best motives and expresses this opinion: "The abnormal conditions preclude the conduct being judged by ordinary standards, and adds: "Englishmen certainly do not wish that the misunderstanding shall be magnified in any sense of pique and the American people, it is hoped, will be broad-minded enough to regard it with the same charitable disposition."

The Westminster Gazette says: "There can be nothing but regret at the fact that any difficulty has arisen between Admiral Davis and Governor Swettenham and while awaiting fuller explanation, adds: "In the meantime the United States can be assured that we in this country deeply appreciate the generous sympathetic way in which the citizens volunteered assistance to a British colony."

The Daily Chronicle in an editorial says: "The painful ending of the mission of mercy will be deeply deplored by the British people. In the absence of information it is impossible to apportion the responsibility for the misunderstanding. We only hope that the American people, who are quick to take offense at anything in the nature of a slight, will take a cool view of the case. Their generosity and promptitude in dispatching aid created a favorable impression here, and we sincerely trust they will not think we do not value their sympathy or their co-operation."

The Daily Express says: "The disaster will become doubly destructive if it should lead to ill feeling between Great Britain and the United States. Should Governor Swettenham's action be as inexcusable as appears from the correspondence published the government will do well to supersede him and offer diplomatic regrets to Washington without delay."

The Tribune, the Morning Post and other papers, while withholding judgment, all mention the American generosity and disinterestedness with regard to Jamaica and express the sincere hope that the incident is either exaggerated or will be satisfactorily explained.

### FORCED TO RETURN

Cuban Coast Guard Vessel Failed to Reach Kingston

**SANTIAGO, Cuba, Jan. 21.**—The Cuban coast guard vessel *Candida*, which had started for Kingston with a supply of medicine for the earthquake sufferers, was forced to return here because of stormy weather. The supplies were transferred to the steamer *Oteri*, which left for Jamaica last night. The *Oteri*, which arrived last night, brought over three hundred sufferers. The survivors say that not a single house in Kingston remains serviceable. All will have to be rebuilt, which possibly will not be done, as many think the site of the city unsuitable.

### GETTING IN SHAPE

Banks, Street Cars and Papers Running Again in Kingston

**By Associated Press.**  
**KINGSTON, Jamaica, Jan. 21.**—The banks have resumed payments, but no attempt has yet been made to restart business. The street car service has been resumed from the northern boundary of the city to St. Andrew. It is expected that a newspaper will be issued today. The financial loss by earthquake and fire is now estimated at \$15,000,000. Merchants fear that the insurance companies will not pay losses because of earthquake clauses in the policies.

### FROM KINGSTON

The Battleships Missouri and Indiana Return to Santiago

**By Associated Press.**  
**HAVANA, Jan. 21.**—A dispatch from Santiago reports that late yesterday afternoon the steamer *Marletta*, from Guantanamo, sighted the battleships Missouri and Indiana returning from Kingston.

### WACO ANTI-BAILEY MEN

Delegation Left for Austin Sunday Night

**Special to The Telegram.**  
**WACO, Texas, Jan. 21.**—A delegation of anti-Bailey men left last night for Austin, where they will stay until after Tuesday at any rate, and others will go tonight.

### INTERURBAN AT WACO

Entrance of Waco, Marlin, Temple Line Assured

**Special to The Telegram.**  
**WACO, Texas, Jan. 21.**—Arrangements are now being made to get an entrance into this city for the Waco-Marlin-Temple Interurban line. It is thought that this line will cover the finest black land section of Texas. The promoters want to come in so as to reach the depot if possible.

### IN THE COURTS

#### Seventeenth District Court

The criminal docket was taken up in the Seventeenth district court and in the first cases disposed of were the Harvey Cohen forgery cases, four pleas of guilty, two years in each case. Jim Fisher, murder of Frank Bonapart, 25 years in the penitentiary. These orders have been entered on the civil docket.

**NEW UNIVERSITY IN OKLAHOMA**  
**Enid Selected as Location for Seat of Learning**

*Special to The Telegram.*  
ENID, O. T., Jan. 21.—The board of regents of the new Christian university, to be established in this city, will begin a meeting today, at which it is expected contracts will be let for the four principal buildings of the institution, including the academic and science halls and two dormitories. The sessions will continue for several days and many prominent members of the church from all parts of the new state are here.  
In addition to providing for the erection of the university buildings the board will decide upon a faculty and will make proposals to prominent educators in all parts of the country.  
The board will also appoint financial and educational secretaries to have charge of the work of raising funds and securing students. The Rev. Randolph Cook of Tulsa, I. T., will probably be selected for the former position, while the latter will be tendered to Edward S. McKinney of Oklahoma City.  
The regents also contemplate the establishment of a college, including a dairy, which will be a model throughout the southwest, and a source of profit to the school. It is expected that the work of the regents and the university will result in a considerable addition to the funds of the university and will aid in making the new institution one of the largest and best denominational schools in the entire west and a source of pride to the people of the new state.  
Work on the buildings will begin at an early date and will be rapidly pushed to completion, when a corps of canvassers will begin a thorough and enthusiastic campaign for students.

**TO AID PUGILIST**  
**Something Substantial to Result from Efforts for McGovern**

*Special to The Telegram.*  
NEW YORK, Jan. 21.—Joe Humphreys announced yesterday that he had received from John L. Sullivan, the former champion heavyweight pugilist of the world, \$100 to be added to the money which is to be donated to Terry McGovern's family.  
Sullivan sent a five-page letter with his donation, stating the reasons, to be turned over immediately to McGovern's wife.  
The services of three of the best of the American pugilists—Jon Jenkins, Frank Gotch and Ernest Roebeler—have been secured for the benefit which is to be held at Madison Square Garden Jan. 23.

**CORN SHOW ON WHEELS**  
**Kansas Agricultural College Carrying Out Unique Scheme**

*Special to The Telegram.*  
TOPEKA, Kan., Jan. 21.—The corn show on wheels arranged by the Kansas agricultural college opened its tour here this morning, and will leave this afternoon for a trip thru the eastern part of the state.  
The car is in charge of Director Burkett of the Kansas experiment agricultural department and the Missouri college. The exhibits include 150 ears of corn of ten varieties, and several lectures on corn cultivation will be given in public halls.  
The exhibits include the prize winning corn exhibited at the agricultural college during its corn contest. In most of the towns to be visited the boys will be dismissed from school to hear the lectures.

**MANY DEATHS**  
**Remarkable Record of Fatalities from a Strange Disease**

*Special to The Telegram.*  
SHAWNEE, Okla., Jan. 21.—Twenty-five deaths within the last fifteen days is the remarkable record of fatalities from a strange disease in a region along the Canadian river, about four and a half miles from Ponoma, I. T., and a half mile from the house seriously ill. Many others are dying, but physicians declare that the malady is different in a number of ways.

**TWO JOHNS**  
**NEW YORK**

*Special to The Telegram.*  
NEW YORK, Jan. 21.—John D. Rockefeller has refused an invitation extended by the management of the Lyric theater to occupy a box at the premiere tonight of E. H. Sothern and Julia Marlowe's performance of "John the Baptist." The managers believed that the oil magnate would enjoy a performance in which another great Baptist figure, but were evidently mistaken.  
**Big Dose of Saltpeter**  
*Special to The Telegram.*  
BROWNWOOD, Texas, Jan. 21.—What came proving a fatal mistake was made when Mrs. Nance, who lives with her husband at the home of Mrs. Martin on Hand street, took a large dose of saltpeter, thinking it was salt. The mistake was discovered immediately and the quick arrival of a physician saved her life. The average dose of saltpeter is from five to ten grains and Mrs. Nance took a tablespoonful, which probably amounted to 150 grains. She is out of danger now, and it is thought that Mrs. Nance is here from Missouri in the hope of benefiting their health.

**Kansas Knights of Pythias**  
WICHITA, Kan., Jan. 21.—Every lodge in Kansas is represented at the state Knights of Pythias reunion, which is being held here today. More than 500 visitors are in the city, including Supreme Chancellor Charles W. Barnes of Jacksonville, Ill., the highest officer of the lodge, and the emplication of degree work by the lodge of Newton and Leavenworth will be a feature of the reunion.  
**Mrs. Leslie Carter in New Play**  
NEW YORK, Jan. 21.—Mrs. Leslie Carter is playing the leading role in "Cleopatra," which will be given its premiere tonight under the direction of Charles E. Dillingham. Rehearsals have been in progress for many weeks. The cast includes, besides Mrs. Carter, Nell Moran, W. L. Abingdon, Charles A. Stevenson, Charles Rowan, Hattie Russell, Hester Robertson, Phyllis La Pond and Jonah Benrrose.  
It's mighty reckless of a girl to wear pins when she is engaged.

**KANSAS EDITORS WANT PASSES**  
**State Editorial Association in Session**

*Special to The Telegram.*  
TOPEKA, Kan., Jan. 21.—The privilege of exchanging advertising for railroad transportation, granted by the present interstate commerce law, is demanded by the members of the Kansas State Editorial Association, which opened its annual session here today. The Kansas delegation in congress has been urged to use its efforts to secure the desired amendment to the law. A legislative committee has been appointed to look out for the interests of the newspapers during the present session of the state legislature and to prevent the adoption of statutes which will prevent railroads issuing transportation within the state on advertising contracts. The Kansas congressmen have also been asked to antagonize any attempt to raise the postage rates on newspapers.  
The convention will last thru tomorrow and addresses will be delivered by many prominent editors of this and other states.

**CONVICT ROAD BILL**  
**Representative Terrell's Bill Passed House Twice**

*Special to The Telegram.*  
AUSTIN, Texas, Jan. 21.—Representative Terrell's bill to amend the law which introduced his convict road bill for the third time this week. Twice he has had it passed in the house only to have it killed in the senate.  
Mr. Terrell's bill provides that short term convicts shall be employed on the county roads. The county judge and commissioners of each county are authorized, under the provisions of the bill, to make requisition on the state for convicts for road work and the state is to pay the expense of guarding them. The county will furnish the tools, board and meals. Mr. Terrell's bill is in harmony with a section of the governor's message and he believes that it will pass both houses. The enactment of this law would abolish the convict lease system.

**VISITORS TO AUSTIN**  
**Henry O. Stribling of Waco Will Probably Testify**

*Special to The Telegram.*  
AUSTIN, Texas, Jan. 21.—Among the prominent arrivals in the city yesterday was Henry O. Stribling of Waco and George A. Carden of Dallas. Mr. Stribling is a member of the firm of Henry & Stribling of Waco, and it is presumed that one of his missions here is to testify in the Bailey investigation.  
Mr. Carden, who is the chairman of the state Democratic executive committee, and favorable to Senator Bailey, said he was here just looking over the situation.

**COTTON WAS BURNED**  
**Sparks from an Engine Set Fire to Car**

*Special to The Telegram.*  
TAYLOR, Texas, Jan. 21.—Yesterday afternoon a flat car that had been loaded with twenty-five bales of compressed cotton at the Taylor compress, was being switched out of the yards by a Missouri, Kansas and Texas switch engine, when sparks from the engine set fire to the cotton, six bales being totally destroyed and the other sixty-nine were badly damaged.

**Los Angeles Motor Show**  
*Special to The Telegram.*

LOS ANGELES, Cal., Jan. 21.—The first annual motor show ever held in the Southern California Automobile Dealers' Association opened today, with fifty-eight makes of cars represented. The supply and the dealers also have handsome displays. Over 17,000 square feet of floor space is given over to the exhibits, making the show without exception the greatest ever held in the south or west. For the last three days decorators have been at work in Morley's rink, where the show is being held, and have transformed it into one of the most beautiful exhibition palaces ever seen in Los Angeles. Thousands of tourists, a large proportion of whom are enthusiastic motorists, are now in the city and the dealers expect that the attendance during the week will reach the 50,000 mark.

**The Southwestern TELEGRAPH AND TELEPHONE CO.**  
**LOCAL MANAGER'S OFFICE**  
**TO OUR SUBSCRIBERS AND OTHERS INTERESTED IN TELEPHONE SERVICE**  
The extraordinary growth of this city made it apparent, more than a year ago, that the building erected by this company, but a few years since, would be inadequate to care for the telephone service of Fort Worth.  
Some eighteen months or more ago property was purchased at the corner of Throckmorton and Tenth streets, and, as soon as possible thereafter, the erection of a three-story fire-proof building was started. Long before the building was finished the work of installing a complete central office, with all its many and varied pieces of apparatus, was started and completed about the time the building was finished.  
Owing to the nature of the business and the impossibility of stopping the service for any appreciable length of time, it was necessary to install a new plant, complete in every respect, and to connect all subscribers lines to it before the old plant could be abandoned.  
It readily be seen that in handling such a multiplicity of wires, considerable time and great care were required. Further than this it was almost a certainty that some errors would occur which would cause some annoyance to the subscriber. These, we believe, have been cleared up, and we feel that we have, today, a first-class plant.  
It is our desire to furnish you with a telephone service second to none in the country and we feel that a better understanding by you of our apparatus, our office arrangements and our methods will lead to this result.  
With this end in view you are cordially invited and requested to visit our exchange at the corner of Throckmorton and Tenth streets on Thursday, January 17, 1907, at any hour most convenient to you, between 2 and 10 p. m.  
We shall be glad to have you bring your family and friends, and we especially request the attendance of ladies.  
Competent employees will be in attendance to explain the various pieces of apparatus and their uses.  
As we have about 6,000 subscribers, it will be impossible for us to entertain all in one day, therefore we have arranged to invite a limited number each day and continue the invitations until all have visited our exchange.  
In closing, we wish to again earnestly request you to find time to visit us.  
Yours very truly,  
J. F. HENDERSON, Division Superintendent. J. G. MABEN, Local Manager.

**COMMITTEE WILL CALL WITNESSES**  
**Coke Finishes List of Forty-one to Be Called**

*Special to The Telegram.*  
AUSTIN, Texas, Jan. 21.—The New Mexico general assembly convened today. Important legislation affecting irrigation and the reclamation of the semi-arid lands of the territory will probably be passed during the session. A special meeting of the New Mexico Bar Association will be held today to pass upon drafts of new laws to be presented to the legislature. It is expected that the attorneys will also take up the matter of the revision and codification of New Mexico statutes, now declared to be confused and contradictory.  
The movement for a constitutional convention, recently inaugurated here, is not considered seriously by many attorneys or legislators, and all hope of immediate statehood has vanished.

**CHRONIC ULCERS**  
**EXTERNAL EVIDENCE OF INTERNAL POISON**  
Whenever a sore or ulcer refuses to heal, it is a sure sign of a diseased condition of the blood. The sore itself is simply an outside evidence of some internal poison, and the only way to cure it is to remove the deep underlying cause. Sores and Ulcers originate usually from a retention in the system of bodily waste matters and impurities. These should pass off through the natural avenues of waste, but because of a sluggish condition of the blood, these wastes are retained in the system to be taken up by the skin, giving way in some weak place and a Sore or Ulcer is formed. The constant drainage of impurities through a sore causes it to fester, grow red and inflamed and eat deeper into the surrounding flesh, and often there is severe pain and some discharge. S. S. S. is the remedy for Sores and Ulcers. It is nature's blood purifier, made entirely of vegetable matter, known to be specific for all blood diseases and disorders. S. S. S. goes down to the very bottom of the trouble, and removes the poison and impure matter, so that the sore is no longer fed with impurities, but is nourished and cleansed with a stream of healthy, rich blood. Then the place begins to heal, new flesh is formed, the inflammation subsides, and when S. S. S. has thoroughly cleansed the circulation the place heals permanently. Special book on Sores and Ulcers and any medical advice desired will be sent free to all who write.

NEW YORK STOCKS OPENED HIGHER FOREIGN CABLES DEPRESS COTTON

Encouraging Financial Conditions Helps Securities

Special to The Telegram. NEW YORK, Jan. 21.—The opening of the stock market found the general list more active at an advance. Developments over Sunday seemed to present no further adverse features, and the financial situation was, as a whole, encouraging.

Table with columns: Am. Loco., Anaconda, B. R. T., Can. Pac., C. P. & I., Copper, C. G. W., Erie, Illinois Central, L. & N. ex div., Natl. Lead, Anaconda, Va. Coal & C., Mex. Central, Mex. National, K. & O., Mex. Pac., N. Y. Central, N. and W., O. and W., People's Gas, Pennsylvania, Reading, R. S. and I., Rock Island, South. Pac., Sugar, Smelter, Southern Ry., St. Paul, Texas Pacific, U. S. Steel, U. S. Steel pfd, West. Union.

NEW ORLEANS, Jan. 21.—The market opened this morning with 164 carloads of cattle in the pens and near the close the run amounted to about 190 loads of cattle and calves.

NEW YORK COTTON MAKES A DECLINE Expected Bullish Ginners' Report Checks Selling

Table with columns: Galveston, New Orleans, Mobile, Savannah, Charleston, Wilmington, Norfolk, New York, Boston, Estimated, Various, Total.

NEW YORK, Jan. 21.—New York futures were 4 to 6 up at the opening and the market was irregular with narrow fluctuations, with a decline of about 5 points till noon, when business was suspended during the meeting of the exchange.

NEW YORK COTTON NEW YORK, Jan. 21.—Spots closed steady, middling 10.95c against 10.90c Saturday. Sales, 200 bales.

NEW ORLEANS, Jan. 21.—Spots closed steady, middling 10.95c against 10.90c Saturday. Sales, 200 bales.

NEW ORLEANS, Jan. 21.—Like a Spartan hero a father caught the arrest of his own son, whom he had found to be a thief.

NEW ORLEANS, Jan. 21.—Spots closed steady, middling 10.95c against 10.90c Saturday. Sales, 200 bales.

MARKET STEADY; USUAL RECEIPTS

Steers, \$4.10; Hogs, \$6.65, and Calves, \$4.40

The market opened this morning with 164 carloads of cattle in the pens and near the close the run amounted to about 190 loads of cattle and calves.

The large end of the run was composed of steers, which were chiefly grassers of a fair to medium quality.

Butcher Stock The large run of grass steers afforded the stocker and feeder buyers a good opportunity for supplies, which they readily accepted at agreeably surprised early and paid steady prices.

Calves and Yearlings The calf receipts were not in accord with the large cattle run, as the supply was moderate and not of a very good quality.

Hogs The run was moderate and of about the same quality as was received last week. The run carried a good top end in a few loads of corn fed hogs that were picked up at a price.

WEAKER GRAIN FOLLOWS OPENING Provisions Higher on Advance in Hogs

CHICAGO, Ill., Jan. 21.—A marked improvement was shown in grain and provisions at the opening, both in trading operations and prices.

NEW ORLEANS, Jan. 21.—Indications: Oklahoma and Indian Territories and east Texas (north)—Tonight and Tuesday, fair and warmer.

DEATHS At Rock Island, Ill., on Tuesday, Jan. 15, occurred the death of Mrs. F. C. A. Denkmann, mother of Mrs. John J. Reimers.

TOO LATE TO CLASSIFY STRAYED—Small brown pony 14 hands high, 8 years old, harness and blanket on. Finder return to T. & P. yard office and get reward.

FATHER WAS LIKE A SPARTAN HERO NEW YORK, Jan. 21.—Like a Spartan hero a father caught the arrest of his own son, whom he had found to be a thief.

NEW ORLEANS, Jan. 21.—Spots closed steady, middling 10.95c against 10.90c Saturday. Sales, 200 bales.

TO BREAK UP A COLD IN 24 HOURS AND CURE ANY COUGH THAT IS CURABLE

Mix one-half ounce of the Virgin Oil of Pine (Pure) with two ounces of Glycerine and half a pint of good Whisky. Shake well and use in teaspoonful doses every four hours.

Dr. Leach, the famous throat and lung specialist, who established a camp for consumptives in the Pine Woods of Maine, and whose wonderful cures there have attracted the attention of the civilized world, declares that the above formula will strengthen weak lungs, relieve the cough, heal the bronchial tubes, and cure any case of lung trouble that is not too far advanced, providing the patient will assist by taking plenty of outdoor exercise, inhaling long deep breaths every few minutes.

It is said the mixture will break up an ordinary cold in twenty-four hours, and, being free from opiates and drugs, is far preferable for use among children to the ordinary cough mixtures.

The ingredients can be secured from any good prescription druggist at small cost and easily prepared in your own home.

Inquiry at the prescription department of one of our leading druggists elicited the information that Virgin Oil of Pine (Pure) is put up only in half-ounce vials securely sealed in a round wooden case, with an engraved wrapper, showing the name—'Virgin Oil of Pine (Pure)'—plainly printed thereon. There are many rank imitations of Virgin Oil of Pine (Pure), which are being put out under various names. Never accept these as a substitute for the Pure Virgin Oil of Pine, as they will inevitably produce nausea, and never effect the desired results.

A local physician who is familiar with the treatment used by Dr. Leach in his camp in the Pine Woods, says it is undoubtedly the most effective known to medical science at the present time and save for the open air life in the forest would prove just as effective if used in the home. He says the formula given above is used by Dr. Leach and that it has the unqualified endorsement of the leading physicians of the country.

The physician added, if this formula was known and used generally by the people, throat, lung, and bronchial affections would rarely reach an acute stage.

The Pure Virgin Oil of Pine is also a perfect neutralizing agent for uric acid. A few drops taken on sugar night and morning will heal and regulate the kidneys and relieve the most obstinate case of rheumatism if caused by uric acid in the system.

MUCH INTEREST IN MAUDE FEALY

Beautiful Actress to Be in Fort Worth This Week

Considerable interest attaches to the engagement of Maude Fealy at Greenwald's opera house Friday and Saturday nights, with matinee Saturday, Jan. 25 and 26, in that her appearance is to be made in the title role of "The Illusion of Beatrice," the new comedy by Marjorie Morton. Miss Fealy has by long and successful work as a leading woman with Sir Henry Irving, William Gillette, E. E. Willard and Wm. Collier, demonstrated her ability as a versatile actress, until, finally by common consent, she is placed among the leading feminine stars of the country.

HOLLISTER'S Rocky Mountain Tea Nuggets A Busy Medicine for Busy People. Bright Green Health Restoring Tonic.

America's Most Beautiful Actress COMING TO FORT WORTH

Thru arrangement with the management, fourteen persons will have an opportunity to see Miss Maude Fealy in her latest success, "The Illusion of Beatrice," absolutely free of cost.

HERE'S THE PLAN

The Telegram will make without restriction the following gifts to three young ladies of Fort Worth or suburbs in order of their popularity, as decided by the number of votes cast for each by their friends:

TO THE MOST POPULAR YOUNG LADY... 8 Box Seats TO THE SECOND... 4 Parquet Circle Seats TO THE THIRD... 2 Parquet Circle Seats

For "The Illusion of Beatrice," presenting Maude Fealy for the first time in Fort Worth, January 26, 1907.

These seats will be given to the winners for their own disposition, allowing them to make theater parties if they wish.

HOW SEATS MAY BE OBTAINED

IN EACH ISSUE OF THE DAILY AND SUNDAY TELEGRAM WILL BE PRINTED A COUPON GOOD FOR ONE VOTE IN THIS CONTEST.

CLIP OUT THE COUPONS FROM THE TELEGRAM EACH DAY AS THEY APPEAR AND LEAVE THEM AT OR MAIL THEM TO THE TELEGRAM OFFICE.

STANDING OF CONTESTANTS

The last week of The Telegram's Maude Fealy contest opened with five new contestants entered and substantial gains in the part of some of those whose names had been entered last week. Miss Bertha Glass is one of the new contestants, whose 75 votes are sufficient to give her second place in the contest at the start, while Miss Charyman Hamilton, 213 Missouri avenue, starts out with 50. Other new contestants are Miss Carrie Boswell of North Fort Worth, Miss Fannie Brock and Miss Frances Feates. Standing of the contestants today is as follows:

Table listing contestants and their vote counts: Miss Julia Smith, 2223 North Main street, North Fort Worth, 258; Miss Bertha Glass, 75; Miss Carolyn Roax, 701 Florence street, 74; Miss Frankie Jackson, 811 West Belknap street, 67; Miss Charyman Hamilton, 213 Missouri avenue, 50; Miss Maud Sawyer, 1018 Burnett street, 30; Miss Carrie Boswell, 25; Miss Margie Barton, 1301 Wallace avenue, 24; Miss Cooper Street, 1419 Cooper street, 20; Miss Kittie Gerlach, 115 Royal avenue, 20; Miss Fannie Brock, 616 Kentucky avenue, 13; Miss Maud Sawyer, 1018 Burnett street, 30.

COCKE FILES HIS CHARGES

Investigating Committee Has Big Task

36 COUNTS MADE

Charges Against Bailey Enumerated in Detail and Cover Many Transactions

Special to The Telegram.

AUSTIN, Texas, Jan. 21.—W. A. Cocke, representative from Bexar, has filed with the legislative investigating committee a statement of the charges against Senator Bailey to be used as the basis of investigation. The statement is a long and detailed one, and contains 36 counts against the senator and his associates. Mr. Cocke, upon information and belief, makes charges that are of a serious nature. He filed his charges subject to the right to withdraw them in the event the committee does not agree to let the charges stand as presented. At its meeting this morning the house committee decided that a person bringing charges against Senator Bailey should present an affidavit of investigation and suggest questions to the examiners. It is presumed this will be satisfactory to Representative Cocke. Among the charges are the following:

1. That Bailey, while a member of congress, was interested in the United States government mule contract with one Steger, or Steger & Lebat. That during the months of the year 1906 Bailey entered into an agreement with John Francis, brother of David R. Francis, and as well with D. D. Francis, and one H. N. Nordan, auditor of the Waters-Pierce Oil Company of Missouri (in consideration of which agreement and conspiracy and services rendered by Bailey, he was to be assisted in the purchase of the Gibbs ranch in Dallas county, where the Gibbs family understood to use his personal, official and political influence that the Waters-Pierce Oil Company might defeat the other bidders for the same.)

2. That Bailey on or about Dec. 28, 1906, at Waco, and on Jan. 3, 1907, at Austin, in a public address, withdrew his name from the race for the office of civil appeals, Third district, in the case of the State vs. the Waters-Pierce Oil Company in an out-of-court decree-affirmed against said company by the United States supreme court in 1909.

3. That said Bailey has procured to be present in Austin, J. D. Johnson, general attorney of the Waters-Pierce Oil Company, one Van Blarcom, one Thomas, and one H. Nordan, auditor of the Waters-Pierce Oil Company of the Standard, for what purpose is not stated in the affidavit.

4. That said Bailey is financially interested in the Fort Worth Record and directly or indirectly interested in the Louisville & Nashville and the Houston Post and the Austin Statesman.

5. That there are other and further facts affecting the official conduct and integrity of J. W. Bailey, concerning which informant is not sufficiently advised.

6. Among the other charges contained in the Cocke letter are those of false hood, bribery, lobbying, etc., in which informant believes the most of them are under indictments in McLennan county.

7. That Bailey received \$3,000 as a retainer fee for said services and pretended that same was a loan or fee for personal, political and official influence in the premises.

8. That Bailey and "co-conspirators" returned from Austin to Waco and remained there for several days in the office of litigation and indictment pending. That Bailey on May 2, 1906, used his influence for dismissal or withdrawal of the indictment against Oscar & Stribling of the firm of Oscar & Stribling, a sum of money about five times the amount of the indictment to be paid by the firm, entitled to by law, and that effort was made by Bailey to influence a disinterested judge and jury in the effort to make it influence Cullen F. Thomas.

9. That Bailey well knew the further sum of \$100,000 was being paid distributed at Waco by his co-conspirators, notwithstanding Bailey on Jan. 17, 1907, made a deceptive statement in the presence of representatives in reference to the \$100,000, claiming it was to refit the private car of Pierce on account of the porter having had the smallpox.

10. That Bailey received the sum of \$100,000 for exercising his influence as aforesaid from the Standard Oil Company of New York, the Standard Oil Company of the Waters-Pierce Oil Company, notwithstanding his oath in 1901.

11. That Bailey used his influence in shaping the form of the investigating committee in 1901 and concealed later transactions now unearthed.

12. That Bailey entered en route to Texas to defend himself before the investigating committee wired H. C. Pierce to forward him \$5,000, which informant believes was used to defeat said investigation or to so manipulate the same as to exonerate himself and to shield the Waters-Pierce Oil Company to the tune of \$100,000.

13. That Bailey negotiated a financial transaction with the Waters-Pierce Oil Company or the Standard Oil Company in Washington or New York about March 1, 1901, amounting to \$3,000, which he concealed as a loan. That said Bailey should have a fee for defeating Texas legislation.

14. In March, 1901, said Bailey left duties in Washington and returned to the state of Texas for the purpose of using personal and official influence to defeat the senate bill No. 164 and to defeat house bill No. 422; the latter by McFall, to revoke the charter of the Waters-Pierce Oil Company.

lic service and that Bailey stated in an interview in San Antonio that he had borrowed hundreds of thousands of dollars from H. C. Pierce and his associates and including a loan of \$150,000 which he used in speculation which informant is advised involves Standard Oil of the Houston Oil Company and the Southwestern Oil Company.

25. That in 1906 Bailey had large financial transaction, including a note for \$28,100, with John W. Gates, involving what informant believes are large trust interests.

26. That during his official career in congress, said Bailey became interested in certain enterprises with John W. Gates, and received financial benefits.

27. That said Bailey now denies having "guided and directed" the Waters-Pierce Oil Company back into the state of Texas in 1906, while at the Waco convention. Bailey assumed the responsibility for the re-admission of that company in Texas.

28. That during the summer of 1906 Bailey created a false impression that while he received no fee for his services to the Waters-Pierce Oil Company, he regretted that he did not in fact "sell the investigating committee in 1901 that he did receive a fee and let them make the most of it."

29. That when the present senatorial controversy was heightened by the disclosures made in 1906 in the trial of the anti-trust cause, it was advised that the attorney general had entered into a conspiracy to defeat the democratic nomination of Bailey.

30. That Bailey on or about Dec. 28, 1906, at Waco, and on Jan. 3, 1907, at Austin, in a public address, withdrew his name from the race for the office of civil appeals, Third district, in the case of the State vs. the Waters-Pierce Oil Company in an out-of-court decree-affirmed against said company by the United States supreme court in 1909.

31. That said Bailey has procured to be present in Austin, J. D. Johnson, general attorney of the Waters-Pierce Oil Company, one Van Blarcom, one Thomas, and one H. Nordan, auditor of the Waters-Pierce Oil Company of the Standard, for what purpose is not stated in the affidavit.

32. That said Bailey is financially interested in the Fort Worth Record and directly or indirectly interested in the Louisville & Nashville and the Houston Post and the Austin Statesman.

33. That there are other and further facts affecting the official conduct and integrity of J. W. Bailey, concerning which informant is not sufficiently advised.

34. Among the other charges contained in the Cocke letter are those of false hood, bribery, lobbying, etc., in which informant believes the most of them are under indictments in McLennan county.

35. That Bailey received \$3,000 as a retainer fee for said services and pretended that same was a loan or fee for personal, political and official influence in the premises.

36. That Bailey and "co-conspirators" returned from Austin to Waco and remained there for several days in the office of litigation and indictment pending.

37. That Bailey on May 2, 1906, used his influence for dismissal or withdrawal of the indictment against Oscar & Stribling of the firm of Oscar & Stribling, a sum of money about five times the amount of the indictment to be paid by the firm, entitled to by law, and that effort was made by Bailey to influence a disinterested judge and jury in the effort to make it influence Cullen F. Thomas.

38. That Bailey well knew the further sum of \$100,000 was being paid distributed at Waco by his co-conspirators, notwithstanding Bailey on Jan. 17, 1907, made a deceptive statement in the presence of representatives in reference to the \$100,000, claiming it was to refit the private car of Pierce on account of the porter having had the smallpox.

39. That Bailey received the sum of \$100,000 for exercising his influence as aforesaid from the Standard Oil Company of New York, the Standard Oil Company of the Waters-Pierce Oil Company, notwithstanding his oath in 1901.

40. That Bailey used his influence in shaping the form of the investigating committee in 1901 and concealed later transactions now unearthed.

41. That Bailey entered en route to Texas to defend himself before the investigating committee wired H. C. Pierce to forward him \$5,000, which informant believes was used to defeat said investigation or to so manipulate the same as to exonerate himself and to shield the Waters-Pierce Oil Company to the tune of \$100,000.

42. That Bailey negotiated a financial transaction with the Waters-Pierce Oil Company or the Standard Oil Company in Washington or New York about March 1, 1901, amounting to \$3,000, which he concealed as a loan. That said Bailey should have a fee for defeating Texas legislation.

43. In March, 1901, said Bailey left duties in Washington and returned to the state of Texas for the purpose of using personal and official influence to defeat the senate bill No. 164 and to defeat house bill No. 422; the latter by McFall, to revoke the charter of the Waters-Pierce Oil Company.

44. That Bailey well knew the further sum of \$100,000 was being paid distributed at Waco by his co-conspirators, notwithstanding Bailey on Jan. 17, 1907, made a deceptive statement in the presence of representatives in reference to the \$100,000, claiming it was to refit the private car of Pierce on account of the porter having had the smallpox.

45. That Bailey received the sum of \$100,000 for exercising his influence as aforesaid from the Standard Oil Company of New York, the Standard Oil Company of the Waters-Pierce Oil Company, notwithstanding his oath in 1901.

46. That Bailey used his influence in shaping the form of the investigating committee in 1901 and concealed later transactions now unearthed.

END OF THE FLOOD SEEMS IN SIGHT

More Hopeful Reports Come From Cincinnati Today

STILL MUCH SUFFERING

Cold Weather and High Winds Add to Misery of Homeless Ones in Louisville and Elsewhere

By Associated Press.

CINCINNATI, Ohio, Jan. 21.—The Ohio river at this point has stood at 65.1 feet for several hours and it is believed the end of the flood is in sight. It will recede very slowly, however, the immediate body of water below here holding back the flood, and the losses and suffering will continue for some time.

Many dwellings and other small buildings have collapsed under the pressure of the water.

A high wind Saturday night and Sunday added materially to the damage of small buildings. Reports from Lawrenceburg and Aurora, Ind., which were threatened with destruction by the flood, were that both towns were still safe this morning, altho the danger increases hourly.

At Marietta, Ohio, the river is stationary today at 39 feet. The heavy wind yesterday did much damage in the oil fields, blowing down many rigs and also doing other damage.

Still Above Danger Line

LOUISVILLE, Ky., Jan. 21.—The river continues to rise and registers 40.1 feet, which is twelve feet above the danger line.

The Illinois Central is expected to suspend operation of trains into the Seventh street depot by noon and the Louisville & Nashville is making preparations to start their trains for Cincinnati from the East Louisville depot, as the water is running a foot deep over the tracks in the east end of the city and is preventing trains from reaching the union depot at Tenth and Broadway.

Weather officials expect a further rise of something over a foot. The cold weather adds to the misery of the homeless, who are existing in warehouses and schoolhouses and other such buildings.

TRAIN WAS BLOWN FROM THE TRACK

A Powder Explosion Causes Death and Burning of Scores

Special to The Telegram.

TERRE HAUTE, Ind., Jan. 21.—Twenty-one charred and mutilated bodies have been taken from the smoldering remains of passenger train No. 3 on the Cleveland, Cincinnati, Chicago and St. Louis (Big Four), which was destroyed by the explosion of a car load of powder as it passed a freight train at Sandford, nine miles west of here. The number injured will reach at least thirty-five.

The entire train was blown from the track, the coaches demolished and the engine hurled fifty feet. The passengers were either blown to pieces, cremated or rescued in a more or less injured condition.

Fearful Force of Explosion

The car was smashed to pieces by the force of the explosion. Huge masses of iron were found hundreds of feet from the track. The tank of the passenger coaches and one baggage car were consumed by fire.

The freight train in which was the car of powder was demolished. Sandford was badly shocked. Windows were shattered, dishes and furniture broken and doors torn from their hinges.

The entire passenger train was blown off the track and crushed into the mud a mass of debris, pinning under it forty human bodies. Fire broke out, and before the eyes of citizens and rescuers many burned to death before aid could be rendered them.

In darkness, only lighted by the flames of the burning coaches, the people of Sandford hid their heat for the stricken. Cries of the injured and the cracking of the flames together with the odor of the burning human flesh greeted the rescuers who worked frantically, but soon were forced back by the terrible heat.

FRANK GRICE DEAD AT SANITARIUM

Well Known Texas Journalist Goes to Long Home

Special to The Telegram.

SAN ANTONIO, Texas, Jan. 21.—Frank Grice, owner and manager of the San Antonio Daily Express, died in this city at the Hot Wells Sanitarium after a long illness of several weeks. Mr. Grice was stricken about a year ago and his life was despaired of, but he rallied and was a short time seemingly restored to his usual health. About a month ago he suffered a second attack and had not been able to leave his bed since that time. Several days previous to his death he was in an unconscious condition.

TRAIN ON FRISCO WENT INTO DITCH

Spreading Rails Cause Serious Accident

Special to The Telegram.

BROWNWOOD, Texas, Jan. 21.—A bad wreck occurred Sunday when, on a train on the Frisco went in the ditch ten miles north of Brownwood and four miles south of the first station, Delaware. The train was making good time and said to be running at thirty miles an hour when the track spread and all the coaches went in the ditch except the Pullman. The embankment where the wreck occurred was not high, but the cars turned completely over, injuring almost a score of passengers, some of whom may be fatally injured. The engine passed over the spread track and escaped, but the cars all left the track, turned over and rolled down the embankment, with the exception of the sleeper. No one in the sleeper was hurt.

N. M. Poole, a traveling man out of Fort Worth, was perhaps the most seriously injured. He was wounded on the back of the head, internally and head, and badly scratched. He was placed on a cot and brought here with the others. The wound in the back of his head required ten stitches. Other injured are:

The little baby of Mrs. J. M. Cramme, top of head crushed; Mrs. Cramme, badly bruised; Mrs. W. J. Grison, crushed, crushed, back injured and head bruised; Mrs. Annie Grison, wound on head and back; Armos Grison, chin and hand smashed; Mrs. M. S. Middlemiss of Brady, injured internally and ankle badly sprained; Mrs. Dora Bobo of San Angelo, injured on head; Minnie Foster, a negro woman from Tolar, injured on head and back; Manuel Hopkins, colored, injured on head and back; Mrs. Brin of Comanche, hurt on head and hand; Charles Strange of Bangs, wounded on back of head and hand crushed.

Judge G. H. Goodson of Comanche was also in the wreck, and the injuries apparently amounted to nothing, when he reached the hotel here he was taken suddenly ill and two physicians worked with him. It is thought he is hurt internally.

The northbound train was waiting at Delaware, and when notified of the wreck went to its relief, bringing all the passengers here, where surgeons and help were ready to do all that could be done for the injured.

FROST AT WACO

Early Gardens Damaged by Sunday Night's Cold Snap

WACO, Texas, Jan. 21.—The thermometer was down to freezing this morning with a heavy frost. Winter gardens are injured. It is thought fruit is not materially damaged, as the trees were not yet blooming.
