

Burkett P-TA Officers Elected For Coming Year

Officers of the Parent-Teachers Association for the new school year were elected Thursday afternoon when the Burkett P-TA held its regular meeting.

Elected were: president, Mrs. Tommie Connelly; vice president, Mrs. E. E. Edington; secretary, Mrs. Ruby Strickland; and treasurer, Mrs. L. D. DeBusk. Mrs. Lloyd Boyle presided over the meeting.

Mrs. Otto Brink spoke to the members on "How to Prepare Your Child for Dentistry and Surgery". Her talk was of great benefit to those confronted with this problem, and was very interesting to the group.

In the order of business it was voted that the P-TA give \$1.00 per plate to help finance the Junior-Senior Banquet to be held April 30.

The date of the annual school picnic was set for April 23.

The room count award went to Mrs. Townsend's room. This award is given to the room having the largest percentage of mothers present at the meeting.

In behalf of the students, Mr. Popnoe and Supt. Chambers expressed their thanks for the basketball banquet sponsored by the P-TA on March 23.

All members are invited to be present at the last meeting of the current school year, when the new officers will be installed.

Miss Billie Ruth Loving of Denton visited relatives here over the week end.

Baptist Young People Enjoy Lake Picnic

The young peoples Sunday School class of the Baptist Church, with their teacher Mrs. W. D. Smith and Mr. Smith, went to Lake Brown-wood Friday evening and enjoyed a picnic supper, played games, then came back to the Smith home where other games and contests were played.

Those present were Delma Newton, Ray Jones, C. W. Bell, Anita Golson, Joyce Tyler, Betty Wyatt, Billy Sam Schaffner, Sammie Long, Louise Falkner and Gorman Parrish.

Mmes. A. L. Breeding and B. R. Hargrove, Jr., were Abilene visitors Monday morning.

Mr. and Mrs. E. L. Bush had as visitors over the week end, Mr. and Mrs. R. M. Duff of Plainview.

Mr. and Mrs. Bailey Wilson and son, Dwayne, and Miss Jean Dillard attended the Ice Capades in Waco Friday night and visited with Mr. and Mrs. R. E. Wilson, Jr., and family.

Mr. and Mrs. G. W. Hester of Fort Worth were week end visitors here with her parents, Mr. and Mrs. R. E. Wilson.

Mr. and Mrs. George Neel visited in Gustine Sunday afternoon with his sister, Mrs. M. C. McDonald, and husband, Mr. and Mrs. Mack Neel of San Angelo joined them in Gustine for a visit.

HIGGINBOTHAM BROS. & CO.

Fort Worth — Beef finally out-ranked pork during the past year as the per capita consumption of beef soared to record heights and the crop of hogs was off. It is expected that the Nations eaters will continue their "beef binge" at least for the rest of this year as cattle marketings continue heavy.

Cattle trade at Fort Worth Monday indicated no slackening in the beef demand as packers seemed fairly eager for supplies and paid fully steady to stronger prices. The stocker trade was fully steady to strong.

Good and choice fed steers and yearlings drew \$18 to \$23, the latter price best for commercially fed cattle here in about a month. Fat cows brought \$10.50 to \$13,

and canners and cutters \$7 to \$11. Bulls \$10 to \$15. Best fat calves sold for \$17 to \$20.50, several lots in the \$19 to \$20.25 bracket.

The better stocker steer calves and yearlings drew \$17 to \$19, and heifer calves and heifer yearlings average \$2 to \$3 under comparable steers. Stocker cows \$10 to \$13.50.

Top hogs drew \$27.50 to \$27.75 at Fort Worth Monday. Sows were around \$1 higher and sold at \$22 to \$25.

Miss Ruth Triplett of Waco was a week end visitor here with her sister, Mrs. A. W. Wright and husband.

Mr. and Mrs. E. G. Pierce of Cisco were in Cross Plains Sunday afternoon visiting his brother and wife, Mr. and Mrs. Ben Pierce.

Mr. and Mrs. John Purvis, Sr., of Oklahoma and Mr. and Mrs. Roy King of Colorado City were visiting in the R. C. Brown home Monday of last week.

Mr. and Mrs. Exal McMillan and daughter, Billie Helen, spent the week end with Mr. and Mrs. Merle Alexander at Hamilton and were visiting in Waco Sunday.

Three Major Forms Of Heart Disease Listed By Dr. Cox

Austin—Heart disease is the number one killer in Texas. "What kind of a heart have you?", asks Dr. Geo. W. Cox, State Health Officer. The periodic check-up with your physician will tell you. The Tuberculosis X-Ray Survey in the state conducted by the Texas State Department of Health has brought to light many non-tuberculosis abnormalities, some of these have been heart conditions.

The three present major forms of heart trouble are: rheumatic heart disease, high blood pressure and coronary heart disease. Rheumatic heart disease, the most common type of early life, occurs as the result of one or more attacks of rheumatic fever. It is a public health problem for which very little has been done, yet with early diagnosis and proper medical care during the acute and convalescent stages, children who develop rheumatic fever can be largely spared from rheumatic heart disease in later life.

Another major cause of heart trouble is high blood pressure or hypertension. This is the most common heart disease, but we do know that it is the most common in people who are overweight, and that it is associated with long, continuous nervous strain, high tension and constant worry. Treatment of high blood pressure is fairly successful in the majority of cases.

Coronary heart disease is a disease of the arteries which supply the heart muscle itself with blood. A majority of persons survive the first attack, and with good medical care, rest and common sense precautions, may even live a normal life span. Syphilitic heart disease can be prevented by early and adequate care of the systemic disease, a problem which has been simplified by the use of penicillin.

Research in the medical sciences is constantly improving the outlook for the cardiac patient, yet each individual must assume the responsibility for obtaining the benefits of this knowledge from his physician for himself and family.

Cross Plains Review — 2

Thursday, April 8, 1954

Paul Harrell and Miss Anna Belle Harrell spent from Thursday until Sunday in Lubbock visiting with Mr. and Mrs. James Cook and family.

Brenda Kay Cook of San Angelo was a week end visitor here with her aunt, Mrs. T. J. Graret, and family.

Do You Remember?...

April 14, 1939

An icy north wind sent temperatures scampering downward last week end, and did very little damage in the Cross Plains trade territory, it was learned yesterday in a check-up with local farmers, fruit growers and ranchmen. The thin blanket of snow which fell late Thursday af-

ternoon is believed to have provided ample protection from Friday morning's slight frost.

Members of the senior class of Cross Plains high school will leave at noon on April 27 for a trip to Carlsbad Cavern, it was announced yesterday.

An eight pound baby boy was

born to Mr. and Mrs. Bill Slaughter Tuesday morning.

Fire of undetermined origin destroyed a barn at the John Barr place in the northeast part of town early Wednesday morning.

As the Review goes to press news is received that Carl Eager, prominent young Cross Plains farmer, died early Thursday morning of typhoid fever.

Miss Sybil Sessions, daughter of Mr. and Mrs. D. L. Sessions of Atwell and D. A. Abernathy, who resides between Putnam and Moran, were united in marriage Thursday night, April sixth.

Mr. and Mrs. D. A. Robbins of this place are the parents of a nine pound baby boy born Tuesday, April fourth.

Announcement was received Monday of the arrival of little Hal Douglas, born to Mr. and Mrs. Harel James of Odessa last Wednesday. Mrs. James will be remembered as Mattie Lou Smith, Burkett news.

April 12, 1929
Invitations were received in Cross Plains this week announcing the marriage, at Stephenville, on April 6th of Mr. Riley B. Worthy to Miss Eunice Marie Terry, daughter of Mr. and Mrs. B. F. Terry of Stephenville.

The fire department responded to

Former Residents Are Parents of Daughter

Mr. and Mrs. Hulon Harris of Robert Lee are parents of a baby girl born Friday, April 2. The little lady tipped the scales at six pounds seven ounces and has been named Vickie Lyn.

Mr. and Mrs. Harris made their home in Cross Plains where he was assistant vocational agriculture instructor in the local school before moving to Robert Lee.

Grandparents are Mr. and Mrs. Quinn Harris and Mrs. Emma Golson of Burkett.

ATWELL NEWS

By Mrs. Alton Tatom

Citizens State Bank

PRESENTS INTERESTING FACTS ABOUT TEXAS

STATE CAPITOL

The present Capitol, located at Austin, was completed in 1888 at a cost of 3,025,000 acres of land, which the state exchanged for its construction by the authority of the state constitution of 1870. Largest state capitol building—second only in size to the National Capitol. Is one of the costliest buildings in the world today, the land exchanged for it is now valued at more than \$100,000,000. When it was created it was the seventh largest structure in the world.

Brownie Troop Enjoys Party Monday Afternoon

The Brownie Troop enjoyed a lawn party at the home of their assistant leader, Mrs. Helen Freeman, Monday afternoon. After the meeting each Brownie was awarded her pin, and cookies and punch were served.

Attending were 13 Brownies and six mothers.

Mr. and Mrs. W. C. Rouse had as their week end guests their son, O. C. Rouse, and wife and Bonnie of Fort Worth and their son, M. L. Rouse and family, of Putnam.

Paul Whittons Move To Newly Purchased Home

The Paul Whitton family moved Wednesday of last week to their new home recently purchased from R. Burchfield of Uvalde, located in the northeast part of town. Mr. and Mrs. Doyle Burchfield, who have been living in the Burchfield home for sometime, moved back to their home formerly occupied by the A. Webb family. The Webb's moved to the Garland Gary house formerly occupied by the Whitton's.

Veterans ? Box

Q—I applied for disability compensation, and the VA turned me down. I filed an appeal. Would I be entitled to a hearing, so that I could appear in person and argue my own case?

A—Yes. You would be entitled to appear, without expense to the Government, at a formal hearing. You also could bring with you whatever witnesses, recognized attorney or representatives you may designate.

Q—I'm a World War Two veteran taking a correspondence course under the GI Bill. My entitlement is due to run out, but I've completed more than half the course. Will I be allowed to finish, even though I won't have any entitlement?

A—Yes, provided that your eligibility ends after you have completed satisfactorily more than half the lessons required by the course. The extension, however, will be limited to the number of lessons that \$125 will buy.

Q—Is it possible for a World War Two GI Bill trainee to change his course, even though the cut-off date has passed?

A—It is possible to change a course while in training, but only for reasons satisfactory to VA. Such reasons might include not making adequate progress in your present course through no fault of your own, wanting to change to a course more in keeping with your aptitudes, or if the new course is a normal progress from the one you are now taking.

Q—Does VA make direct GI loans to help veterans start a business?

A—No. Direct GI loans may be made by VA only for the purpose of buying or building a home or farmhouse, and then only in certain areas where private capital is not available.

Mr. and Mrs. W. A. Brock have returned from Brownfield where they visited with their daughter and husband, Rev. and Mrs. S. R. Respass, for a few weeks.

"As It Looks From Here"

OMAR BURLESON Congressman 17th District

In commenting upon the most recent Hydrogen Bomb explosion in the Pacific, President Eisenhower indicated that scientists produced much more than they had expected. There was some indication that the experiment came very near getting out of hand.

In reading of this terrible weapon, and after seeing motion pictures of the bomb exploded several months ago in the same area, I thought of the momentous word, "If". There seems to be some doubt among the scientists about the limitations of the Hydrogen Bomb. One bomb can now destroy large cities. We know this from the results just experienced, but will it be developed to destroy with one explosion an entire continent? There are "ifs" in the minds of the scientists.

One of Rudyard Kipling's best known and often quoted poems might be called "If - Then." The burden of its theme is: If you can practice this shining virtue and that, then you can do this and have this and be this. If you can—then the world is yours and all that's in it.

"If" is one of the shortest and biggest words in the Bible. It is written across every promise of spiritual guidance and enrichment. From Genesis to Revelations we are constantly assured that certain things will happen, sure as the rising sun, if - if - the conditions are fulfilled.

One of the greatest promises of the Holy Word starts with the word "if". Over-arching it is hope, glorious as a rainbow, but sounding in it is also a doleful solemnity, suggesting it was for whom the bells toll, "If My people which are called by My name shall seek my face, and pray, and turn from their wicked ways, then will I hear and forgive their sins and heal their land."

There are many "ifs" in the conditions we face in every-day life but perhaps there has never been one so great as that "if" connected with the fantastic developments of the H-Bomb which we have at the moment. The big question is how it will be used. We are always at the turning point and hanging in the balance in the kind of world we live in today.

If thermo-nuclear energy is dedicated to the benefits of mankind, it will revolutionize future life. If it is dedicated to war, all advanced civilizations could be destroyed in a short time.

Watching a great part of the Pacific Ocean rise up in a fascinating posture of fire, water and vaporized earth, as vari-colored as the imagination can conceive, I wondered at the fate of nations which might be the victim of this monstrous devastation. There was also a reminder of the smallness of man as compared to the things he has created but, even so, he is smaller compared to things eternal. Even a short time after the tremendous explosion, which ripped a hole in the bottom of the ocean big enough to hold fifteen buildings the size of our Nation's Capitol, the ocean rolled on, as it has always done, unperturbed by this thing of men tampering with its majesty for a little while and then going away—awed and scared as they should be.

The great hope is that the "ifs" may be resolved for peace and that we, as a nation of people, and peoples everywhere may continue to make a rational choice among the "ifs".

So, here is the one word which the world needs to heed in this crisis, more than any directive which can possibly come from legislative halls. Here is the signboard pointing the road to personal, national and international salvation, for it will lead the world to:

"Peace that came of purity, And strength to simple justice due. So runs our loyal dream of thee, God of our fathers, make it true."

CARD OF THANKS

Words cannot express my thanks to the fine people of Cross Plains for their many kindnesses shown me during my long stay in the hospital and since my return home. The cards, visits, letters and money sent me have made the long days spent in this body cast much easier to bear, and now I only have two more months left before it is removed and I will be placed in a walking brace.

Again I say "thanks" everyone from the depths of my heart.

Tommy Porter.

Mr. and Mrs. John Pruet and son, Mike, visited relatives at Putnam last week.

Mrs. Ed Strahan and daughter, Gloria, were in Midland over the week end visiting with Mr. Strahan who is employed there. Mrs. V. I. Spivey and son, Larry, accompanied them as far as Colorado City where they visited Mrs. Spivey's brother, Melvin Bowman and family.

NO DOOR OPENING PROBLEM HERE!

EVER BEEN STUCK WITH THE problem of where to place the refrigerator? Those who have moved to a new home or remodeled their kitchens know what it means to have a refrigerator with a door that opens the wrong way into the kitchen. It is not only awkward to use but means countless extra steps and motions every time the refrigerator is used. Now refrigerator designers of Philco Corporation have solved this problem with a refrigerator, the door of which opens either to the right or to the left, whichever side is more convenient at the time. The refrigerator is shown above, left, with the door opening to the right, and on the right side, with the door opening to the left. The V-design, center mounted handle opens the hinge mechanism on the side to be opened and securely latches the side that is to act as the hinge. Both doors cannot be accidentally released at the same time.

Pioneer HD Club Has Meeting March 30th

Due to illness in their families, several Home Demonstration club members were absent when the meeting was held in the home of Mrs. R. C. Brown, Tuesday, Mar. 30. Mrs. Roady presided in the absence of the president, Mrs. Nell Fleming.

Mrs. Jimmie Fridge gave an interesting report on the last council meeting and also gave highlights of the last club meeting, which so many members missed.

A short business order was followed by round table discussions on the Four County Club Camp to be held at Lake Brownwood in July. The 4-H Club rally day and a work

day for the club on rug making. The cook book, that is being sponsored by the clubs of Eastland County, is to be ready for delivery on April 3.

Refreshments were served to six members and one guest, Mrs. B. T. Stovall of Rising Star.

Mr. and Mrs. R. A. Carter of Las Cruces, New Mex., returned home Wednesday after a few days visit with her brother, Fred Tunnell, and wife and with other relatives at Rising Star.

Lee Bishop visited his daughter, Mrs. Charles Sullivan, and family in Weatherford Saturday evening. Mrs. Bishop accompanied him home after a few days visit in the Sullivan home.

Make your own "proving ground" test

The new 1954 Chevrolet Bel Air 4-door sedan. With 3 great series, Chevrolet offers the most beautiful choice of models in its field.

. . . and we know this is what you'll find

Chevrolet is out ahead in powerful performance

You can easily tell the difference between engines when you drive—and the difference is all in Chevrolet's favor! That's because Chevrolet's great engines deliver full horsepower where it counts—on the road. What Chevrolet promises, Chevrolet delivers!

Chevrolet is out ahead in economy

There's new power, new performance and new economy in both 1954 Chevrolet engines—the "Blue-Flame 125" in Powerglide models and the "Blue-Flame 115" in gearshift models. And they bring you the highest compression ratio of any leading low-priced car. That's why they can deliver a big gain in power, acceleration and all-around performance, along with important gasoline savings!

Your test car's ready now . . . We'll be glad to have you compare the smooth, quiet performance of this new Chevrolet with any other car in its field. Come in and put it through any kind of "proving ground" test you care to, and judge its performance for yourself. Your test car's ready now and we hope you are, too.

Year after year more people buy Chevrolets than any other car!

Two Insects Killed With One Application

Lice and ticks on livestock may be controlled by the application of two insecticides in combination.

Lice are oftentimes present the year-round and ticks are generally a seasonal problem and appear about this time. When they're both on livestock, that's the time to let go with both barrels, says F. M. Fuller, Jr., assistant extension entomologist at Texas A&M College.

Such a condition, Fuller continues, effectively controls both lice and ticks and it means a saving of labor and materials for the producer.

Fuller recommends for beef cattle a spray combination of .5 percent toxaphene and .03 percent lindane or gamma BHC. Another double-

kill combination, he adds, is .5 percent DDT and .03 percent lindane or gamma BHC. Single treatments of .5 percent toxaphene and .5 percent chlordane also helps control ticks and lice.

These applications should be made every two or three weeks.

DDT and toxaphene gives longer residual control than lindane or gamma BHC, but the latter insecticides more readily controls ticks, Fuller points out.

Chlordane is not recommended for dipping and should not be used for more than three or four applications during a season because of its accumulative characteristic.

To prepare a combination of DDT-BHC spray, the entomologist recommends 8.3 pounds of 50 percent wettable DDT mixed with two pounds of wettable gamma BHC in 100 gallons of water.

John Lilley and John B. Lilley of Hart visited in the Dave Hargrove home one night last week.

Mrs. H. L. Lock of DeLeon and her daughter and husband, Mr. and Mrs. Weldon Hill of Kansas visited their mother and grandmother, Mrs. Z. W. McClellan, Sunday afternoon.

Mr. and Mrs. Weldon Bush of San Angelo spent a few days here last week visiting Mr. and Mrs. Clarence Bush.

Mr. and Mrs. Fred Morris and baby daughter of Fort Worth visited Mrs. Charley Barr and other relatives here over the week end.
