

"AS I SEE IT"

By Jack McCarty

Things are looking up in this area... the Buffaloes won another football game Friday night and the area received a fine shower Saturday night.

Never have we ever seen more improvement in a football team... the Buffs didn't resemble the same team Friday night that we witnessed on the field against Baird here the week before.

This department was not surprised over the feats performed by the fleet-footed Buff backs but we are honest to say that we were happily surprised to see the big improvement in the line.

The Buffaloes leave their home pasture for a period of five weeks, playing four games away from home and resting on an open date before returning to play Wylie here on Friday night, Oct. 21.

Football fans will also note in news stories carried elsewhere on this page that local school officials have arranged season schedules for the high school B team and also for the junior high team, giving our community 13 games to witness in addition to the Buffalo schedule.

While on the subject of sports, this department has been asked by Little League Manager Ben Flynn to notify players to turn in their baseball suits to him or Managers John Pruet or Elvis Scott, so their names can be taken off the list.

Here is a paragraph this department received this week from the Work Unit office of the Upper Leon Soil Conservation District, entitled: "Eleventh Commandment."

"Thou shalt inherit the Holy Earth as a faithful steward, conserving its resources and productivity from generation to generation. Thou shalt safeguard thy fields from soil erosion, thy living waters from drying up, thy forests from desolation, and protect thy hills from overgrazing by thy herds, that thy descendants may have abundance forever.

Fred Tunnell visited in Dallas over the week end with his son and family Mr. and Mrs. Fred J. Tunnell and Tommy. Mrs. Tunnell returned home with him after visiting several days in Dallas.

Lloyd Havens Suffers Serious Burns In Gas Explosion At Crane

Lloyd Havens, oldest son of Mr. and Mrs. Silas Havens of Cross Plains, is receiving treatment in St. Paul's Hospital in Dallas for burns suffered in an explosion at Crane August 30 in which two construction workers were killed.

Havens, an employee of the Gulf Oil and Refining Company, received treatment in an Odessa Hospital until Friday of last week when he was carried to Dallas by plane.

In a letter received here Monday by his parents, Mrs. Havens who is with her husband in Dallas, stated that he would be hospitalized for several weeks where he will undergo skin graft.

327 Receive Free Chest X-Rays Here

Mrs. O. B. Edmondson and Mrs. Fred Tunnell, local co-chairmen for the State Department of Health's free chest X-ray program here, reported this week that a total of 327 Cross Plains citizens took advantage of the opportunity to have X-rays made of their chests.

This program is sponsored by the Texas TB Association in an effort to stamp out the dreaded disease of tuberculosis by discovering it during its early stages when a complete cure can be given the victim.

New Owner of City Drug Takes Over Management

L. D. Bayless, new owner of the City Drug Store here announces in a display advertisement in this edition of the Review that he is now in charge of the business and invites citizens of this area to call at the store and get acquainted.

He recently purchased the business from Benton Jones and the past week he and his wife moved here from Kermit. They are now at home in the Morris Odum house located just north of the First Baptist Church parsonage.

Mr. Bayless stated that it was his intention to give patrons of the store courteous service and quality merchandise and looked forward to meeting everyone in this area.

He is a registered pharmacist and a veteran in the drug business.

Jones stated that he planned to remain in Cross Plains and that he and his wife expected to take life easy and do those things they enjoy—mainly fishing and loafing.

Sept. 15-April 15 Set as Vehicle Inspection Dates

AUSTIN—Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety, announced today that the Public Safety Commission has set September 15, 1955, through April 15, 1956, as the new Motor Vehicle Inspection period for state motorists.

Garrison pointed out that this will give Texas car owners a full seven months to report to one of the more than 4,000 licensed inspection stations in the state for a safety check of their vehicles.

BUFFALO B TEAM TO PLAY EASTLAND TEAM AT MAVERICK FIELD TONIGHT (THURSDAY)

Announcement was made here this week that a season schedule has been completed for the Buffalo B Team and the first game will be played tonight (Thursday) when the locals journey to Eastland to clash with the Maverick's B team.

The Buffalo B squad numbers 16 players and shows promise for future Buffalo football seasons, according to Coaches James Alexander, Ferrell Newton and Billy Mac Coppinger.

Probable Starting Line-up. The coaches stated that the following boys will make up their probable starting line-up: Ends: Doyle Oliver and Jessie Harris. Tackles: Sidney Shirley and Alvin Goldwell.

In last week's edition of the Review, a news story was published concerning the local building program and a large number of projects were listed as being finished or underway.

A canvas of the town reveals that a number of projects were missed and this is a continuation of the story: The Cromer Hotel, owned and operated by Mr. and Mrs. Willis Brown, is now undergoing extensive remodeling. The exterior has been covered with fireproof, asbestos siding and the trim has been repainted to make it real attractive.

Work has started the past week by Howard McGowan and C. S. McClellan of this city on a used car lot to be located on West Highway 36, just east of the Dairy Bar. An office building has been placed on location and the driveway and parking lot is now under construction.

Exterior redecoration of Cox's Farmers Market and Higginbotham Bros. & Co. have recently been completed. Tom Cox, owner of the grocery firm, had his stucco building repainted snow white and the Higginbotham firm made extensive repairs to their wooden awnings over the sidewalks in front and on the side of their building and also had the awnings and the store fronts repainted a gleaming white.

Garland Gary is completely rebuilding the house he owns on North Ave. D and when completed, it will be occupied by Mr. and Mrs. C. S. McClellan who will move here from Baird.

Herman Harris of the Pioneer community, has recently moved a house to a lot he purchased from B. C. McCowen on old Highway 36, just east of town. He plans to remodel and rent it.

Work was completed the past week on the Big D Drilling Co.'s offices, located next door to the post office. The building has been completely redecoreated on the interior and a second office has been partitioned off for use by the firm owner, C. S. Carnes.

Donald Strahan and family who moved here recently from Snyder have recently moved a five-room home to their property located just east of town on Highway 36, and are now engaged in making extensive improvements to the property.

Mr. and Mrs. B. C. McCowen, who reside on old highway 36, just east of town have completed foundation work on a new and modern two-car garage and storage room, which will add to the attractiveness of their property.

Among recent real estate transfers here, Mr. and Mrs. Gene Rhodes purchased the beautiful home of Mr. and Mrs. Leo Wells, on east Eighth Street and are now busy with a landscaping program. The Wells family have moved to their farm they recently purchased in the Sabanno community.

Work on an extensive remodeling program is nearing completion on the Higginbotham Funeral Home here. V. C. Walker, mortician for the firm, stated this week that he expected to have the project completed in the near future. Work includes redecoreating the entire department, addition of new and modern furniture in the sitting room and the addition of a coffee bar for the convenience of families and friends of the deceased.

W. J. Sipes purchased the building, which houses the Oilbelt Tool Supply, from W. A. (Red) Huckaby. In the trade Huckaby became owner of the Rowden store, which is under lease to Albert Lovell.

AREA OIL NEWS

One-half mile west of Cross Cut, Adams Oil Co. of Dallas staked No. 3-B J. D. Henderson as a 1,450-foot rotary project.

Location is 615 feet from the west and 157 feet from the north lines of an 84 acre lease in W. B. Travis 148.

Hickok and Reynolds Royalty Co. of Cisco No. 1-B H. C. Williams will be an Ellenburger re-entry project four miles southeast of Cross Cut. Originally drilled to 3,249 feet in 1950 and plugged back to 2,790 as a gas well, the project has been shut in for the past four years.

J. K. Dobbs of Fort Worth completed No. 1-B W. L. Baum as a new producer three miles west of Cross Plains in the McGraw (Cross Plains Sand) Field. It is in Robert Henderson Survey 852.

Daily potential was 48 barrels of 42 gravity oil flowing through a 13-64-inch choke with packer on casing and 75 pounds on tubing. Flow was from 80 perforations at 1,600-1,626 feet. Casing was set on bottom at 1,632. Gas-oil ratio was 200-1.

In the same field, N. M. Dillard, et al, of Cross Plains finalized No. 3 W. L. Baum as a producer in A. Montgomery Survey 853.

Daily potential was 69.59 barrels of 42.5 gravity oil, through a 14-64 inch choke with packer on casing and 80 pounds on tubing.

Flow was from 40 perforations at 1,556-1,566 feet. Casing was set on bottom at 1,598. Gas-oil ratio was 250-1.

Adams Oil Co. of Dallas staked No. 3 J. D. Henderson as a 1,450 foot rotary wildcat one quarter of a mile west of Cross Cut townsite. Site spots 660 feet from the east and 150 feet from the north lines of an 84.23-acre lease in William Travis Survey.

COTTONWOOD MUSICAL TO BE HELD FRIDAY NIGHT

The Cottonwood Community Club will hold a musical Friday night, September 16, according to an announcement made by officers of the club the first of the week.

HOSPITAL NOTES

Mrs. Fred Tunnell was admitted to the Rising Star Hospital Tuesday morning of this week for medical treatment.

Karen and Brad Calhoun children of Mr. and Mrs. Russell Calhoun of this city are receiving medical treatment in the Rising Star Hospital. Karen was admitted to the hospital Sunday suffering from Virus infection and Brad was admitted Monday night with a throat infection.

Mrs. George Neel was released from the Overall Hospital in Coleman Friday where she underwent a check-up and medical treatment for several days.

Mrs. Leroy Brigner is reported to be receiving treatment in Brown Sanitorium in Cisco.

Mrs. Ruby Copeland has been released from the Rising Star Hospital where she was a patient for several days last week.

Bernie Harpole has been released from the Rising Star Hospital the past week after receiving medical treatment for several days.

Mr. and Mrs. Ray Jones of McCamey visited with friends and relatives here over the week end.

Coach James Alexander's Cross Plains Buffaloes spotted the highly-touted Roscoe Plowboys the first break of the game here last Friday night when they fumbled the opening kick-off on their own 45-yard line and were forced into defensive play.

The big, veteran Plowboys found the Buffaloes forward wall to be more than they could handle and after picking up only four yards in three attempts, they were forced to punt. Taking over on their own 19-yard stripe, the Buffaloes launched a drive that carried them up field from which point Buff Back Gravel Scott ripped through tackle to rack up the first tally of the evening. Charles McCord's attempt at placement failed and the score read 6-0 at the end of the first period.

Coming back strong in the second quarter, the Buffs scored again after Jerry Foster set up the play with a 30-yard scamper to the Roscoe one from which point Scott scored

Junior High Football Team To Play Eight-Game Schedule

Coach Billy Mac Coppinger stated this week that an eight-game schedule had been worked out for his Junior High football team with the season opener to be played here on the night of Sept. 20, when the Calves will be hosts to the Eastland team.

The season schedule is completed except for two games which will be played with Rising Star with dates yet to be set.

Good news to local fans will be the announcement that the Junior High squad has received shipment of 22 new uniforms and 15 pairs of football shoes. Along with adding to the looks of the team this new gear will make the game safer for the players.

Coach Coppinger said that his squad numbers 36 boys who are working out daily and he is looking forward to a successful season.

Squad Roster. The following boys are members of the squad:

- Claude Beeler, J. L. Cearley, Clarence Gardner, Dennis Beeler, Darrell Livingston, Frank Aiken, Paul Whitton, Jr., Henry Ring, "Bugs" Foster, George Jennings, Harry Watson, Alvin Hutchins, James Merrill, Donald Hargrove, Elvin Hutchins, Aubrey Childers, David Goble, Glenn Phillips, Bobby Gholson, Roger Copeland, Tommy Reeves, Lonnie Switzer, Charles Payne, John Baird, George Hopkins, James Harris, Jay Wilcoxon, Johnny Lusk, Douglas Dallas, David Flynn, Don Harris, Billy Lynn, Jimmy Gilmore, Phil Harris, Jerry Fleming and Johnny Illingsworth.

Following is the season schedule for the Junior high team:

- Sept. 20—Eastland, here
Sept. 29—Gorman, there
Oct. 4—Baird, here
Oct. 11—Eastland, there
Oct. 18—open date
Oct. 25—Baird, there
Also two games with Rising Star dates to be set.

Billy Wayne Barr of Mt. View, Calif. visited here the first of last week with his mother, Mrs. J. B. Hill and husband.

BAYOU PHILOSOPHER DOUBTS MACHINERY MAKERS CAN TAKE FATIGUE FROM FARMING

Dear editor:

I read in a farm magazine the other night, one of these magazines edited mostly by city people whose aim is to convince a farmer he can ride a tractor all day and never lose the crease in his trousers, where equipment manufacturers are working on ideas to take the fatigue out of farming.

I think this is fine, and my only regret is that they haven't been able to hit on any yet.

Now I know that farming isn't as tiring as it was 50 years ago, or at least that's what they say, but just from observation I've noticed that a man doesn't fall asleep any faster at night after he's plowed four acres with a walking plow than he does after he's plowed 40 acres with a tractor.

When equipment makers say they're taking the fatigue out of farming, they mean actually they're increasing the amount of work a man can do in a day, with the amount of fatigue remaining constant. I ain't never seen a farm yet that couldn't take all the energy out of a man he has.

I'll admit it takes more energy to chop 40 acres with a tractor, but I'm not sure chopping 40 hours takes up any more energy than plowing that long, although I'm

on a sneak over center. The try for point failed again.

Not satisfied, the Buffs scored again in the second frame. After working the ball to the Roscoe 21-yard line, Buff Halfback David Jennings raced around left end to score. The try for point failed and the half time score read 13-0 in favor of the Buffs.

Statistics at half-time showed the Buffs in control in every department, racking up 175 yards gained on the ground to 14-yards for the Plowboys. The Buffs led in first downs, 11-1.

Half-Time Activities. The Buffalo Band took to the field at half-time and drew a lot of praise for their excellent maneuvers and fine playing.

During the last half, the Buffalo coaching staff pulled a number of their game starters and during the remainder of the game used virtually every member of the squad.

The third period score was made by Halfback Foster, who ripped through the left side of the Roscoe line to score from the Plowboys 27-yard marker.

Final counter of the game in the last quarter after the Buffs had worked the ball down field to the visitors one-yard stripe, from which point Scott again went over to pay dirt on sneak through center.

Game At A Glance. The following statistics will give the game at a glance:

Play Santa Anna There Friday

The Buffaloes hit the road for their next four games and will not return home until Oct. 21, when they will be hosts to Wylie in a conference game. They will journey to Santa Anna Friday night of this week to clash with the Mountaineers in another non-conference game.

Coach Alexander stated this week that he had very little information on the Mountaineers this season, but that he was expecting a real battle.

Come, on fans let's follow the Buffs to Santa Anna and cheer them on to another victory!

Roscoe Game Receipts

Supt. Paul Whitton reported that game receipts of the Roscoe game were off considerably when compared to the opening game. This is attributed to the small crowd attending the game from Roscoe. Here is a breakdown of the game receipts.

Table showing game receipts: Gross receipts \$382.26, Less officials pay \$50.00, Net receipts \$332.26, Roscoe \$158.53, Cross Plains \$158.53.

License Exemptions for Over and Under Citizens Explained by Officials

House Bill No. 223 which became effective May 20, 1935 provides that any Texas citizen who is 65 years of age or more, or who is under 17 years of age, may hunt in the county where he resides or outside his county or residence without a license, unless he hunts deer or turkey. If he hunts deer or turkey anywhere in the State, whether on his own land, or on land of another, and whether he hunts in his county of residence or outside his county of residence, he is required to have a resident hunting license. However, by registering with the Game and Fish Commission, or one of its license deputies or other agent, he will receive from such Commission, deputy or agent, an exempt hunting license which is free. He does not pay anything for it, but he has to have it before hunting deer or turkey anywhere in the State.

The only non-residents or aliens who may hunt deer or turkey in Texas without paying the fee for a license are those non-residents or aliens who are under 16 years of age. Non-residents or aliens who are under 16 years of age must get an exempt license in order to hunt deer and turkey in Texas. Non-residents or aliens who are 65 or more years of age must have the regular \$25.00 non-resident license and must pay the \$25.00 fee therefor before hunting deer or turkey.

Any Texas citizen who is 65 or more years of age may fish noncommercially anywhere in this state, with any kind of legal tackle, without a fishing license of any kind and any Texas citizen or non-resident or alien who is less than 17 years of age may fish anywhere in the state for noncommercial purposes, without a fishing license of any kind.

The new game and fish law digests including migratory game bird digests will be mailed to license agents just as soon as they are received from the printer.

ACCURATE SEEDING AT UNIFORM DEPTH

WITH MM Moline Monitor DOUBLE-RUN DRILLS

MM double run feeds will handle every variety of seed in even, continuous streams without bunching or skipping. Clogging is cut to a minimum even when dirty or trashy seed is used. Owners of MM Double-Run Feed Drills report that they get larger and healthier yields because Moline Monitor Drills plant the seed accurately and properly. Tube holders are arranged so that operator can see the seed being delivered to the spouts at all times.

SINGLE OR DOUBLE DISC OPENER HELPS ASSURE BETTER YIELDS
MM disc openers cut through trash and do a better job of uniformly covering the seed. MM disc bearings are famous for their long life and light running. MM delivery of the seed ahead of the disc bearing assures better covering. These features make MM Double-Run Drills the preferred drills for more uniform seeding.

Famous MM Single Disc Opener With Combination Opened and Closed Delivery.

Double-Run Feed Detail Shows How Grain is Delivered Uniformly Regardless of Quantity, Being Sown Per Acre.

GOING DOWN

Parting company with his contrary mount this convict cowboy finds the ground a welcome refuge after the spring-jarring ride on the Brahma Bull. It's Outlaw vs. Outlaw in this titanic spectacle of the 24th Annual Prison Rodeo being held in Prison Stadium every Sunday in October. Vicious outlaw animals matched with the caged outlaws of the prison make this rodeo the most dramatic ever seen.

AUSTIN—There is an election coming up next week—in which the "candidates are not known."

It is the election of Texas' new Democratic national committeeman—to replace ousted Wright Morrow. A nominating committee will make a recommendation on Sept. 21. Its choice will be revealed at a meeting of the State Executive Committee in Fort Worth on Sept. 22.

Discussed for the place have been former Cong. Lloyd M. Bentsen Jr. of McAllen; Cong. Joe Kilgore also of McAllen; Rep. J. O. Gellham of Brownfield; and James E. Wheat of Woodville. Wheat is now secretary of the State Executive Committee.

Possibility that State Chairman George W. Sandlin might get the nod also has been discussed.

Gov. Allan Shivers has indicated his desire that the new committee be someone who will work with the National Committee.

National Chairman Paul M. Butler said that the new member must have voted for Adlai Stephenson in 1952 and be acceptable to Governor Shivers, House Speaker Sam Rayburn, and U. S. Sen. Lyndon Johnson.

State Chairman Sandlin will ad-

dress a meeting of the Democratic Club of Ft. Worth on the same date the committee meets. He will reply to the speech made to the same group by Morrow just before the state committee voted Morrow out. Morrow has severely criticized Sandlin. The invitation to speak was extended Sandlin in order to show that the club, while conservative, was not dominated by the ultra-ultra conservative backers of Morrow.

Candidates Active

Friends of Agri. Commr. John White met in Austin over the week end to encourage his entry into the governor's race. White is one of several under consideration by the Loyalist forces.

Brown Bailey, Midland attorney and leader in the effort, said the group conferring with White was not allied with any political faction. "We simply want White to run," he said.

Reuben Senterfitt of San Saba is the only announced candidate for governor so far. He's busy building his fences. Active also is State Sen. Jimmy Phillips of Angleton, although as yet unannounced. Another possible is James P. Hart, former chancellor of the University of Texas. And Will Wilson, associate justice of the supreme court.

Not to be overlooked is Coke Stevenson, former governor. It appears there may be a build up urging him to enter. Stevenson has been inactive politically since his 87-vote defeat by Lyndon Johnson in the Senate race seven years ago.

Look for House Speaker Jim Lindsey of Texarkana—in the attorney general's race. Also being talked for that job, if Hart runs for governor, is Will Wilson. He would not run against Hart.

New Veterans Land Plan

Texas' veterans land program is off to a fresh start.

Under new laws the board places responsibility for administration squarely on the shoulders of the land commissioner. Ex-officio members, the governor and attorney general, are charged with policy-making functions.

Commr. J. Earl Rudder said he was ready to accept the responsibility.

Local advisory committees, blueprinted in the 54th Legislature's reform laws, are already being formed. These committees, appointed by commissioners courts, will provide a check on findings of state appraisers.

Land purchasers who are delinquent in their payments, have been notified to pay up or forfeit their land. Many delinquencies involve block deals believed to be of questionable nature.

Rudder indicated the board should be able to start considering loan applications again soon. All the original \$10,000,000 was exhausted under the administration of his predecessor, Bascom Giles, however, has been recovered by court action.

Giles has been sentenced to the state penitentiary on charges of accomplice to theft and consenting to accept a bribe.

Representatives Appointed

Ten appointments to the Texas Legislative Council, an interim research group, have been made by House Speaker Jim Lindsey.

Named were Reps. Ben Glusing of Kingsville, Tom King of Dallas, James W. Yancy of Houston, Joe Burkett Jr. of Kerrville, E. F. Crim of Henderson, Pearce Johnson of Austin, Obie Bristow of Big Spring, Gustin Garrett of Raymonville, W. G. Kirklm of Odessa and William S. Healy of Paducah.

Lt. Gov. Ben Ramsey will select five senators to complete the council. Its duty will be to study pressing legislative needs prior to the next session.

Lindsey also appointed Wade F. Spillman chairman of the house investigating committee. Its tasks include further land office inquiry.

Other members are Reps. Reagan E. Huffman of Marshall, Jesse M. Osborn of Muleshoe, Jack Welch of Marlin and Scott McDonald of Ft. Worth.

Q—I am taking Korean GI farm training, my monthly GI allowances so far have been reduced twice. Under the new law calling for top allowance rates for the first year, will VA make a retroactive adjustment, paying me the difference between what I have received so far and what I would have received under the new system?

A—Under the law, retroactive adjustments will not be made. But, beginning in October, your monthly allowances will be figured under the new system. You will receive the maximum allowance rate for the rest of your first year in training, after which your checks will be reduced at four month intervals.

Q—I am getting a VA pension, and I recently inherited enough money to push my yearly income above the limit set for pensions. Am I supposed to report this fact to the VA?

A—Yes. You should promptly report your additional income, so that VA can discontinue your pension payments. If you do not report it, you may find yourself hard put, later on, to repay a sizable sum of money to the VA.

Q—I have a World War II GI term insurance policy. Is it possible to convert just part of it to a permanent plan, or must I convert all of it at once?

A—If you wish, you may convert only part of your GI term insurance to permanent insurance. However, the insurance must be converted in multiples of \$500, and the minimum amount that may be converted is \$1,000.

Q—I plan to start school this fall under Korean GI Bill. Would it be possible for me to receive my GI allowance pay in advance, before I use, were donated by the U. S. Air Force. Procedure for use was developed by the U. S. Weather Bureau, Texas Department of Public Safety and the state division of Civil Defense and Disaster Relief.

Installation sites are Austin, San Antonio, Corpus Christi, Brownsville, Victoria, Galveston, Houston, Beaumont, Ft. Worth, Wichita Falls, Lubbock, Midland, San Angelo, and Amarillo. Others may be added soon.

start class?

A—No. Under the law, the allowances are paid some time after the end of each month of training completed, and not before. Furthermore after the end of the month, you and your school will have to sign a certification stating you were in class all month. VA is allowed up to 20 days, after receipt of that certification, to send your check.

So Much for So Little— That's Legume Inoculants

College Station—The cost is small but the returns, in terms of increased yields and better quality legume crops, are great. Yet, says L. C. Coffey, extension agronomist, farmers still plant legumes without spending the few cents an acre required to do the inoculating job.

He says 50 cents will buy the inoculant needed to take care of enough alfalfa or clover seed to plant up to five acres. Less than 25 cents an acre will inoculate winter peas or vetch. Coffey points out that different strains of bacteria are effective on different classes of legumes. Be sure and get the culture recommended for the crop to be planted.

Seed inoculants contain beneficial live bacteria. The bacteria attach themselves to the roots of leguminous plants where they absorb energy from the plant and in return help the plant to take nitrogen from the air. They do this by a process known as "nitrogen fixing."

Both effective and ineffective bacteria may occur naturally in the soil but Coffey says why take on lower yields and quality by not inoculating the seed.

He says seed inoculants can be obtained from seed dealers and that it is important to follow the directions on the container. The seed should be planted soon after it is treated.

OFF TO COLLEGE

A number of college students, not listed with the group in an earlier edition of the Review have left the past week to enter college.

Annual Prison Rodeo Set For October

Huntsville, (Echo)—The original Texas Prison Rodeo, which has been called "The Wildest Show on Earth", has gotten a little wilder and faster each succeeding year. The 1955 version, being staged here each Sunday in October, promises to live up to expectations as the wildest and fastest outdoor sports event on record.

Albert Moore, Prison Rodeo Manager since 1932, is putting only the best performers—immature and animal—into the arena. Right now its round-up time in the prison system's river bottom pastures and the farthest corners are being combed for rodeo stock that hasn't seen a human for the past 11 months.

"We've got plenty of new riders volunteering for this year's show", says Mr. Moore, "but only the best of these convict cowpokes will be in the arena next month. A special 'try-out' rodeo, no practice session, will be held to eliminate and 2nd rate 'would-be' waddies as well as cull any stock that doesn't meet our high standards."

The best to be had in added attractions and specialty acts, sure-fire hits wherever they have played in the rodeo circuit, have been booked for this big annual event. Pasadena and Rusk Riders have been booked for a Mounted Do-Si-Do, Mrs. Fay Kirkwood, noted Fort Worth horsewoman, will appear as will the "Valkyries", girl thrill riders. These are just a few of the many added features of this year's big show.

Mr. and Mrs. Lawrence Weiler and family have returned to their home in Baytown after spending the week end with his parents, Mr. and Mrs. Joe Weiler.

Mr. and Mrs. T. R. Nordyke of Plains are visiting here this week with her parents, Mr. and Mrs. C. W. Proctor and other relatives.

Mr. and Mrs. Kermit Neel and children of DeLeon spent Sunday afternoon here visiting in the home of his father, George Neel and wife.

CHURCH OF CHRIST WECOMES YOU HAVE YOU BEEN SAVED? What question could be of greater importance to you than this one? "For what is a man profited, if he shall gain the whole world, and lose his own soul? or what shall a man give in exchange for his soul?"—Jesus (Matt. 16:26). DIVINE LAWS OF PARDON FOR THE UNSAVED FAITH—"But without faith it is impossible to please him: for he that cometh to God must believe that he is and that he is a rewarder of them that diligently seek Him," (Heb. 11: 6). "So then faith cometh by hearing, and hearing by the word of God," (Rom. 10:17). REPENTANCE—"The Lord is not slack concerning his promise, as some men count slackness; but is long-suffering to us-ward, not willing that any should perish, but that all should come to repentance," (II Pet. 3:9). CONFESSION—"Whosoever therefore shall confess me before men, him will I confess also before my Father which is in heaven," Jesus (Matt. 10:32). BAPTISM—"He that believeth and is baptized shall be saved; but he that believeth not shall be damned", Jesus (Mark 16:16). "... Repent, and be baptized every one of you in the name of Jesus Christ for the remission of sins . . .", (Acts 2:38). Have You Obeyed These Devine Laws of Pardon? Have You Been Saved?

Public Schools Urged To Promote Health

AUSTIN — Every school should have a definite school health program. Situations such as, the kind of drinking water, arrangements for the school lunch, the lighting, seating, ventilation and cleanliness of the schoolroom, and the personal practices of the teachers and children are the bases of the

school health program, said Dr. Henry A. Holle, Commissioner of health.

Every school has tremendous opportunities to promote the health of its pupils and of its community. From early childhood to early manhood and womanhood, most children are enrolled in schools and are under supervision of school staffs for a substantial part of the day for approximately half the days of the year. The conditions under which

they live in school, the help which they are given in solving their health problems, the ideals of individual and community health which they are taught and the information and understanding that they acquire of themselves are factors which operate to develop attitudes and behavior conducive to healthy, happy and successful living.

Schools alone however cannot enable children to attain all the desirable goals of individual and community health. Considering the magnitude and multitude of the diverse and continuing efforts that must be made to satisfy the health needs of children, it is fortunate that many people and groups, in addition to schools, are greatly interested in promoting health. Parents have a prime responsibility.

Physicians, dentists, nurses, health officers, social and welfare workers and their official organizations, such as medical, dental and nursing societies, health departments and voluntary health agencies are all rightly concerned with health activities in their communities.

CARD OF THANKS

I take this means to express to my friends, my church, and Sunday school class, my love and appreciation to one and all for the nice cards and flowers sent me during my stay in the hospital and at home, during my illness. It certainly does help, and may God's richest blessing be with you all.

Safety Council Head Urges Safety Checks

Today's driving conditions on Texas highways make it imperative that the State's automobile owners assume greater personal responsibility for the mechanical safety of their vehicles.

This view was expressed by G. C. Morris, executive director of the Highway Safety Council of Texas, in a statement announcing that the non-profit, statewide Council is undertaking an educational program to encourage motorists to "Get a Safety Check, Too" each time their automobiles are serviced.

"An oil change and grease job are important to the life of any car," Morris said, "but a thorough check of the key safety points on the automobile may be far more important to the life of the driver and the other occupants."

"Our surveys indicate that a regular 1,000 mile lubrication check-up has become a habit with most automobile owners who are aware of the value of their car," he reported.

"Automobile Servicemen estimate, however, that not one in ten drivers ever ask for a check on the safety of brakes, lights, steering mechanism, wheels, or other such key factors in safe driving."

"The standard practice," he said, "seems to be to wait for trouble to develop and then hope that it does not cause a fatal or crippling crash before it can be corrected."

Morris said that the three-year old Texas inspection law had improved the general standard of mechanical safety of vehicles operating on Texas highways, but that the requirements for this annual inspection do not include some key safety elements.

"On modern day automobiles and other vehicles, the steering mechanism deserves far more frequent and careful attention than it receives," he said as one illustration. "More than five major accidents each week are caused by steering failures and this does not include innumerable accidents in which the cause cannot be determined."

The Texas inspection law no longer requires inspection of the steering mechanism, Morris noted.

Morris said that the Highway Safety Council members hope to make regular voluntary safety inspections a regular habit among automobile owners when they leave their vehicles for servicing at garages.

"No amount of alertness, caution, or training can help a driver prevent an accident when his automo-

ble fails for mechanical reasons while traveling at highway speeds," Morris said. "Mechanical failures must be prevented before the Driver gets on the highway."

Former Resident Returns From Alaskan Vacation

Mrs. Ernest Riggs received a letter from her sister, Mrs. Willie Whittington of Waco, and formerly of Cross Plains, saying she and a friend, Mrs. Ester Pool of Odessa had vacationed in Anchorage, Alaska. They went by bus to Seattle, Washington, through California, Idaho, and Oregon and took a plane from Seattle to Anchorage, non-stop. While they visited in the home of First Lt. and Mrs. Gene Spangler, Mrs. Spangler is a daughter of Mrs. Whittington.

In Alaska, the ladies visited the Methodist Home for children, the Jessie Lee Home, in Seward, Alaska, they visited Fairbanks and on to the Arctic Circle and bathed in the Arctic Circle hot springs pool. They were served fresh red salmon and moose meat. After spending thirteen days in Alaska, traveling some seventeen hundred and fifty miles by car, they flew back to Seattle.

They spent two days and nights in Salt Lake City, Utah with friends of Mrs. Whittington, before going on to Waco, where there are house mothers at the Methodist Home for children.

Mrs. Whittington will be remembered here by many friends, having been reared here and made her home here until some ten years ago. She and Mr. Whittington made their home in Washington and Utah before his death a few years ago. She has been housemother at the Methodist Home for four years.

Mr. and Mrs. S. A. Walker and children of Westbrook were week end visitors here in the V. C. Walker home. Saturday they visited in Springtown in the C. L. Browning home and with Wayne Browning who is polio patient at Peter Smith Hospital in Fort Worth. Mrs. Walker accompanied her son and family back to Cross Plains Saturday night after spending a week in the Browning home.

Mr. and Mrs. Colis Eager and Jim visited in Cleburne Saturday night with Mrs. Eager's parents, Mr. and Mrs. J. N. Bauldin and her sister and husband, Mr. and Mrs. Al Gardner. They attended a reunion of Mrs. Bauldin's family, the Kirtley Reunion held at Forrest Park in Fort Worth.

Turkey Marketing Field Days Are Announced

College Station—The purpose of four announced marketing field days is to improve the turkey industry in Texas. This can be done, says F. Z. Beanblossom, extension poultry marketing specialist, if producers will deliver to the consumer a turkey of Grade A quality which can compete with those from any area of the nation.

The program for the one-day meetings will include demonstrations and discussions on how this quality bird can be marketed. Beanblossom says the meetings are scheduled for Corsicana on September 20; Meridian, September 22; Gonzales, September 27 and Austin on September 28. All will begin at 9:30 a.m. and close by 4:00 p.m. Each will be held at a local processing plant and anyone interested in turkey marketing and improving the industry in Texas is invited to participate in the meetings, says Beanblossom.

Each participant will grade live turkeys during the morning; see them processed prior to the noon hour and after lunch will see and hear J. Alfred Bybee, Federal-State Supervisor, USDA of Dallas, discuss and grade the processed birds. Here again participants will have an opportunity to do grading work.

Dr. J. H. Quisenberry, head, Poultry Department of Texas A&M College System, will wind up the day's program with a discussion of what each member of the turkey industry's team can do to improve the grade of birds marketed.

The field days resulted from requests by the Texas Turkey Federation and Beanblossom says all segments of the industry are cooperating. A special feature at the Meridian meeting will be a discussion by George Draper of the random sample turkey test which he is supervising.

Local county agents can supply detailed information in the field days.

Dale Bishop made a business trip to Eastland Thursday morning of last week.

Miss Jo Veda Fleming of Pampa spent the Labor Day holidays with her parents, Mr. and Mrs. Joe Fleming and sons at Pioneer.

Mr. and Mrs. Ben Flynn and sons were visiting with relatives in Balinger Sunday.

E. E. Weaver and Alvin Hargrove were business visitors in Fort Worth Thursday.

Mr. and Mrs. Conner Elliott of Brownwood were visiting in Cross Plains Sunday.

Mr. and Mrs. Fred Cutbirth have returned home after spending several days in New Mexico.

Mrs. Emer Henderson of Burkett visited here Monday with her sister, Mrs. L. W. Westerman.

Mrs. Bill Edington and daughters spent Sunday here visiting in the Ben Atwood home.
