Supt. Whitton Returns From Educators Meet

Paul L. Whitton, Superintendent of the Cross Plains Schools returned to his home here last Saturday, after attending the annual convention of the American Association of School Administrators held at Atlantic City, N. J. last week.

He reported that he thoroughly enjoyed the convention which was a complete success and was both educational and entertaining.

The following bulletin from the Association was received here:

Atlantic City, N. J.—Paul Whitton, superintendent of schools of Cross Plains, Texas, was among 18,000 of the country's leading educators attending the 82nd annual convention of the American Association of School Administrators meeting here Feb. 18-23. For six days, in continuous sessions, the educators studied the most crucial issues facing the schools, and heard leading statesmen, business men, and school administrators explore various phases of the theme, "Education, Key to Lasting Peace."

Buffalo Band Wins A First Place In Sweetwater Band Festival Contest

Cross Plains Buffalo Band, under the direction of J. G. "Pop" Stanley, took first place in "Show Band" at the fifth annual Sweetwater Band Festival held there Friday afternoon of last week.

The Buffalo Band did a Spanish "Lady of Spain," to win the contest of the festival.

Place went to McCamey, by Leonard Rose. The McCamey did a marching routine.

Other entrants in the contest were: Anson, Floydada, and Sweetwater.

Contests held Saturday night reading, concert playing, and a parade.

Buffalo High School Stage Band under the direction of J. G. "Pop" Stanley, played at a program in the "Show Night" and also on a television show Saturday afternoon.

Season's Worst Duster Causes Minor Damages

The State's worst dust storm of the year, which howled through the Cross Plains area after dark last Friday night, caused some minor damage to property.

Several television antennas were blown down and the wheel on the windmill at the farm home of Eddie Wood, north of town, was blown off and landed on the front porch.

Cross Cut Club Elects Centennial Committee

The Cross Cut Community Club met in regular session at the club room in the Community Center Tuesday night of this week and elected a steering committee to cooperate with other Brown County Committees in staging the Brown County Centennial in April.

In the election Bradford Euband was chosen committee chairman and Charlie Jackson, Mrs. Charlie Sowell, O. B. Byrd and Mrs. Charles Sikes were named committee members.

Mrs. H. R. Sprawls Suffers Broken Hip

Mrs. H. R. Sprawls suffered a broken hip Tuesday morning when she fell at the home of her son, A. R. Sprawls, some three miles west of town on Highway 36.

She was carried to Plainview in a Higginbotham ambulance where she will undergo medical treatment.

Noted Educator To Speak At P. T. A. Meeting

Mrs. O. B. Edmondson, Publicity Chairman for the local Parent-Teachers Association, announced this week that the organization will hold its regular monthly meeting next Wednesday afternoon at the new school auditorium, starting at 3:30 p.m. and Dr. W. O. Beasley of Hardin-Simmons University, Abilene, will be the principal speaker.

Other entertainment features on the program will include several musical numbers by the Hardin-Simmons University Ladies Trio.

Since this meeting will be held on "Visitation Day" during Public Schools Week here, officers are hoping that a large crowd will be on hand to enjoy the excellent program.

Open House Planned At Local Schools In Observance Of Texas Public Schools Week

The sixth annual Public Schools Week in Texas has been designated as March 5-10, 1956, and the Cross Plains school faculty and officials invite the public to visit the schools here during this period. A special day, Tuesday, March 6, has been designated as "Visitation Day" in the local schools, and all patrons of the district are invited to spend the day in observing the teaching methods now employed in public schools. Visitors are invited to be guests of the school officials at noon when free lunches will be served in the new school cafeteria.

Cross Plains school officials and faculty members hope that parents and the general public of this community will meet this event with much enthusiasm.

If you haven't visited the new buildings recently dedicated on the school campus, here is your opportunity to do so while "going back to school—if only for a day."

This observance is statewide, and the objective is to acquaint the general public with the facilities and procedures of the public school. A suitable thought from Dr. J. W. Edgar, Commissioner of Education, is:

"Texas schools will be good schools just as long as Texas people keep themselves informed about their schools, striving constantly for their improvement. Working together, we can succeed in our efforts to establish for all Texas children an educational opportunity that will second none."

The need for the public school never changes, but times and conditions may change or require to be changed methods and practices of public education. This is inherent with anything that grows, for growth is the result of change.

Our Texas public schools were created 102 years ago. In 1854 the first law passed establishing the public school.

It is a healthy thing in our democratic way of life to have an intelligent understanding of the important functions of our basic institutions. This is especially true of the schools. The initiative and resourcefulness and the wisdom and leadership that our schools are inculcating in the youth of today are the answer of the problems of citizenship in the years ahead.

Yes, "bring me men to match my mountains." That is the need of our times and must come from the public schools—schools that are strong in the virtues required for building strong men and women.

We can be understanding and helping the public schools to fulfill their great obligation to our times by being a participant in the annual Public School Week, March 5-10.

Voters To Ballot On 3 School Trustees In Election Here April 7

Voters of the Cross Plains Independent School District will ballot on three of the Board Trustees in the regular school election, which will be held at the City Hall here Saturday, April 7, according to an election notice now appearing elsewhere in the Review.

The school board is now composed of the following trustees: Ben Atwood, Claude Mayes, Junior Ford, Sterling Odom, Hadden Payne, L. W. Pancake and D. L. Sessions. Terms of Ford, Payne and Sessions are expiring this year, and while they have not filed for places on the ballot, these men have indicated that they will run for re-election.

State law provides that any qualified voter of the district can file for a place on the ballot and all names must be filed with Claude Mayes, Secretary of Board of Trustees, on or before Wednesday, March 28, in order to appear on the ballot.

Four Candidates File For Places On City Election Ballot

City Secretary Ava Childers announced this week that two alderman candidates for mayor had filed at the city office up to the time the Review went to press Wednesday evening.

S. F. (Pos) Bond, incumbent and W. D. Smith have filed for the mayor's office and L. F. Foster and Travis Foster have filed for the two alderman places on the City Council. Terms of L. F. Foster and D. C. Lee are expiring on the council.

The annual city election will be held at the city hall Tuesday, April 3, and the deadline for filing for places on the ballot is next Saturday, March 3. Clyde Sims will serve as election judge and will be assisted by Mrs. Mary Wagner, Miss Missouri Strahan and Mrs. Lucy Neeb.

B. R. Hargrove Removed From Body Cast

Wednesday of this week will long be remembered as a red letter day for B. R. Hargrove, Jr. who has been in a cast from his waist to the tip of his toes since suffering the fracture of both legs in a two-truck accident, September 21, near Cottonwood. The cast was removed Wednesday morning and according to reports received Wednesday evening his right leg has healed satisfactorily and the left leg is also healing fine but will possibly be in a short cast from above the knee to the toes.

Hargrove has spent the past twelve weeks at his home here and returned to Hendrick Memorial Hospital in Abilene Tuesday morning. He and Mrs. Hargrove are expected home Thursday (today).

Mrs. W. D. Smith visited with relatives in Odessa over the week end.

Mr. and Mrs. H. V. Falkner spent Saturday and Sunday with Mr. and Mrs. Bob Smith and baby in Brownwood.

Mr. and Mrs. Ed Koenig had as visitors Sunday her brother and wife, Mr. and Mrs. Walter Bable of Brownwood.

Mr. and Mrs. F. R. Anderson took their daughter and grandbaby, Mrs. C. C. Walden and baby to Austin Wednesday of last week where they were met by Mr. Walden who returned his family to their home in Beeville.

Cynthia McCuin Wins Annual Beauty Contest

Miss Cynthia McCuin, daughter of Mr. and Mrs. A. J. McCuin of this city, was chosen as the "Most Beautiful" girl in high school in a contest judged by a panel of out-of-town judges here Thursday night of last week.

She is a member of the Junior Class and is also Sweetheart of the local PFA Chapter and recently was selected as Sweetheart of Abilene District, Future Farmers of America.

Second place winner in the beauty contest was Miss Mary Scott, daughter of Mr. and Mrs. Jack Scott of this city, and third place went to Miss Jo Atwood, daughter of Mr. and Mrs. Ben Atwood, of this city.

Miss McCuin was escorted in the presentation ceremonies by Darvel Hutchins, son of Mr. and Mrs. Geo. Hutchins, who was voted the "Most Handsome" boy by girls of the high school, recently. Miss Scott was escorted by the second place winner, Don Watkins, son of Mr. and Mrs. Jack Watkins of the Cross Cut Community and Miss Atwood was escorted by Granvel Scott, third place winner, son of Mr. and Mrs. Elvis Scott of this city.

An excellent program made up of high school talent was rendered during the intermissions when the judges were making their decisions and a large crowd was present to enjoy the evening.

Pictures of the winning girl and boy appear on another page of this edition of the Review.

Philosopher Studies Another Solution To Farm Ills, And Finds It Won't Work Either

Read an editorial in a newspaper the other day which fell out of a car as it rounded a curve out here near my house which said the reason we have a farm problem is simple: we have too much land.

Now I'll admit this is a new explanation and while I have never run into a farmer yet who thought he had too much land, if it was paid for, I think Congress ought to be informed of it. The writer said we just have too many acres, and it shouldn't take Congress long to figure out the way to whip that situation is to double the size of an acre and cut the problem half in two.

But not only did this editorial writer say we have too much land, he said we've also got too many farmers, and he added that the solution to the whole problem was cut down on both.

Now I can see how it might be possible to cut down on the number of farmers, just lower the prices a little more, but when it comes to

Easter Seal Drive To Start In Texas, Mar. 10

New timing for the 1956 annual Easter Seal Appeal in behalf of crippled children was announced today by Euclid Hudson, president of the Texas Society for Crippled Children, the Easter Seal Society in Texas.

Hudson said that the traditional Appeal which in 1956 marks 35 years of service to America's crip-

pled population will be conducted from March 10 to May 10. The new schedule has been adopted to avoid conflict with other fund-raising campaigns.

Previous Easter Seal Appeals have closed on Easter Sunday, opening a month before that date.

The seals have become so identified with the Society and its work that all over America it is known simply as "the Easter Seal Society". Many would probably not recognize its official name of National Society for Crippled Children and Adults. The Texas Society is one of 52

associated states and territorial units.

Offering the first organized aid to America's physically handicapped, the generous public support given to the Society's work since its foundation has accomplished more for the crippled in the last 34 years than in all past generations of man's civilization.

This year's colorful messenger for crippled children will reach 1,000,000 Texas homes, Hudson said. 100,000,000 seals will be used, as there are 100 to each sheet. Designed jointly by Otis Shepard, art director and Hubert Nelson, assistant art director of Chicago's Wm. Wrigley, Jr. Company, the '56 Easter Seal is bright blue and red. A white lily, symbol of the Easter Seal Society, and a crippled child make up the highly stylized modern design for the seal, with the words "Easter Seals Help Crippled Children".

Seals are not sold; no specific donation is expected from those who receive them. The Society feels that each individual knows his pocket-book best, and, being told of the need, will give as generously as he can. Hudson said that school children often contribute dimes, quarters, half-dollars; older citizens send contributions from a dollar to several hundred dollars.

Contributions to the Appeal will be used in Texas to support the Society's programs of medical treatment, rehabilitation, education and research for crippling conditions of all types; the Society operates 29 treatment centers in Texas. 90 per cent of the funds remain in the state for direct services and 10 per cent supports a nationwide program of education, organization, and the national Easter Seal Research Foundation.

Rural Traffic Accidents Are Increasing in Texas

Accidents are increasing, said Captain G. L. Morahan, Commanding Officer of the Abilene Highway Patrol District, and he cited that there were 111 Motor Vehicle Accidents in January as compared with 87 Motor Vehicle Accidents in January, 1955.

The severity of the accident is also increasing with the number as 8 people died in January 1956 as compared with 6 deaths in January 1955, while 82 injuries occurred as compared to 50 injuries in 1955. Jones County lead the 13-county

Washington, D. C. A Texan's Pride Away From Home . . . may sometimes be a dangerous thing. However, from our standpoint, we think we can justify it most of the time.

An article in one of the large Washington papers carries a date-line from Avoca, located in my home county of Jones, to the effect that a State scoring record in basketball was set by the Avoca basketball team.

Naturally, this has been brought to the attention of quite a few people in Washington.

Many of us become exceedingly critical . . . and sometimes reach the point of disgust with our western allies. We must, however, remember that American world policy is founded upon the western alliance. The thing which makes it more impressive is that for the national defense of the United States itself, which is founded upon Strategic Air Command, we are dependent for 80 per cent of our striking power from overseas bases. These bases are controlled by our western allies.

An Amendment to the Social Security Bill . . . introduced in the Senate would provide that all those on public assistance rolls would be given surplus commodity stamps in addition to their current monthly benefits. They would take these stamps to the grocery and other stores and exchange them for any commodity or product designated as "surplus" by the Department of Agriculture. In turn the "surplus" stamps could be redeemed by the merchant in cash or in more "surplus" commodities.

The President Has Recommended . . . that the Congress liberalize our immigration laws. Just a short time ago we finished up strengthening them, but now it seems a lot of people want to weaken the improvement made by the so-called Walter-McCarran Act.

The President in a message delivered to Congress recommended sweeping revisions. The Administration recommends that the overall quota of people admitted to this Country be increased from 154,000 to over 220,000.

We Have All Heard the Expression . . . "It's for the birds," but evidently the landing lights at some airports are not.

As many as 25,000 birds have been killed at one airport in a single night when temporarily blinded or otherwise confused by vertical light beams used to measure the weather ceiling. Evidently this occurs when the birds are in flight from North to South and back to the North again.

Filters will be used to allow only the ultra-violet or "black light" to go upwards, which has no effect on the traveling birds.

Although still in the Experiment Stages, they have found that thousands of acres of land in the Dakotas and some other areas can be reclaimed by draining off subterranean salt water.

Pipes are laid 7 to 8 feet underground to take the water off to a place of disposal. It will not then rise to the surface to kill growing things.

E. W. Hendrick, Manager of the Southwestern Plastic Pipe Company in Mineral Wells, a division of the Texas Vitrified Pipe Company, hopes to sell these people on the idea of using perforated plastic pipe to do the job. The manufacturers of vitrified and plastic pipe in Mineral Wells is a fine industry for our part of the country.

"Charity does begin at home, but too often fails to get any further."

Patrol District with 20 accidents in January 1956, including 2 fatal accidents with 4 deaths, 5 injury accidents with 9 people injured and property damage to all vehicles involved of \$10,105.00.

Taylor County was second with 19 accidents, no fatal accidents, 11 injury accidents with 17 people injured, and property damage of \$7,590.00.

Captain Morahan stated that the increase in accidents can be charged to a combination of causes, increase in traffic volume, weather, disregard for traffic rules, disregard for the rights of your fellow driver, and fatigue.

Patrolmen of the Abilene Patrol District increased their efforts in an attempt to curb the increase of traffic accidents, as 960 traffic arrests were made in January and 914 warnings were made. Speed is still the leader in the field of Hazardous Violations with 642 arrests and 430 warnings.

Many Readers May Be Missing Out On Social Security Pay

A good-sized number of the people who read this newspaper could get Social Security checks by applying for them, but don't know of their eligibility, according to R. R. Tuley, Jr., Abilene district manager for Social Security.

Tuley explained that these people are eligible:
1. Insured persons between 65 and 72 earning \$1200 or less in a year can draw full benefits. They can get some checks even if their earnings are as high as \$2,080 in a year. Income from investments, rentals, interest, etc., do not count as "earnings". The word "insured" means having credit for a certain amount of Social Security work. Those 65 before July 1, 1954 are insured with as little as 1-2 years work. Those just now reaching 65 need two years of Social Security credits.
2. Anyone now 72 or over who has as much as 1-2 years work covered by Social Security can get full benefits regardless of present earnings.
3. There is special rule for survivors of persons who died between 1940 and September 1, 1950. If any such person has as much as 1-2 years of social security credits at the time of his death, benefits may now be paid to his widow at age 65, or to any unmarried children still under the age of 18.

Tuley urges anyone who thinks he or she may be qualified under one of the above provisions to get in touch with his office promptly. He emphasized that no Social Security benefits can be paid until a claim application has been filed, and that he has no means of identifying and notifying all those who may be eligible.

a **WITCH DOCTOR** is cheaper!

But the few extra dollars that you pay for reliable modern prescriptions save you time and money in the long run. Why? Because today rapid recoveries can often be made with just a single prescription. Burdensome expenses involved in long sickness are eliminated. As recently as ten years ago, your doctor had to rely upon medicines that were slow-acting and uncertain. True, your prescription cost less then, but today, because of modern research, you get far greater results for your medicine-dollar.

Always bring your Prescriptions to us for accurate compounding exactly as your Doctor ordered and usually at a tremendous saving. And Remember that

INCOME TAX FACTS No. 3 Don't Pay Tax on Wrong Income

(This is one of a series of articles on federal income tax filing. The articles are based on information provided by the American Institute of Accountants and the Texas Society of Certified Public Accountants.)

You may think that listing your income is the easiest part of tax filing. Actually, according to the Internal Revenue Service, this is where taxpayers make the greatest number of errors. Not all the money that may have come to you during 1955 needs to be reported on your tax form.

For example, you may have received "dividends" on an insurance policy. Don't list them as dividends, because they are considered merely a refund of part of the premium you paid.

Don't include Social Security benefits, Railroad Retirement Act benefits, or payments received under Workmen's Compensation laws. Don't list gifts you received, although the giver may have to pay a gift tax. However, tips and other compensation for services must be reported.

Do not report inheritances and bequests. The estate may be taxed but not the recipient.

Personal Damages Not Taxed

Damages received for personal injuries are not considered taxable income, whether awarded by a court or settled out of court.

When listing your income you can also forget about government benefits to veterans and their families, except non-disability retirement pay and the interest on terminal leave bonds.

The interest on state and municipal bonds is also tax exempt.

Although compensation for services is generally taxable, whether paid in money or otherwise, the law specifically exempts the rental value of a parsonage furnished to a min-

ister or the rental allowance expended by him for this purpose. The official tax instructions contain a list of the types of income which should or should not be included in your tax return. It is important to check this carefully.

Prizes and Awards

There is an interesting rule on prizes — they are only taxable if you worked for them. Even the slightest action on your part to earn the prize — such as appearing on a quiz program or writing a slogan — makes it taxable income.

But prizes awarded for scientific, literary or other achievements without any action by you to bring about your selection will be regarded as gifts to you rather than taxable income. Some income, such as limited amounts of "sick pay" and the first \$50 of certain dividends, must be explained in the tax return but are not taxed.

The instructions that come with your tax forms give further information. Help is also available from the Internal Revenue Service, which urges you to consult a properly qualified advisor if you need outside assistance.

SCS District News

Recent good rains and moisture of one form or another have put a fair moisture supply in the ground.

This is especially true where cover was present. Penetration on the bare spots was around ten inches.

Anson Oden, supervisor of the Brown-Mills Soil Conservation District reports these facts. "These slow rains, snow and freezes have been ideal for getting moisture in the ground but as the rains increase in intensity the run-off will increase from overgrazed pastures. Supervisors urge farmers and ranchers of the district to take advantage of the Agricultural Conservation Program payments on range deferment and pitting or chiseling practices.

These practices can be of great value to pastures especially when they are carried out together. The chiseling opens up the parched surface crusts and forms a tray for the heavy spring rains. The increased moisture penetration grows more cover if grazing is controlled. This is where the deferment pays big dividends. As the cover increases

es the amount of moisture that is stored in the soil increases.

The only way to increase the production of a pasture is to get more moisture into the soil so it can produce. This statement can be compared to an investment of money. Everyone knows that as the investment increases the total amount of interest that comes from that investment. We also know that if we make withdrawals the interest will soon cease altogether.

The same holds true for our pastures; if we continue to make withdrawals in the form of beef, mutton, wool or mohair and never give the pasture a rest, the amount of the interest in the form of beef, mutton, wool or mohair will decrease also.

So why not start thinking about how the interest rate on your pasture can be increased. Check with the A. S. C. office and get prior approval for payment on the practices to help defray the small cost to you. The returns will be many fold.

Oden also pointed out that the supervisors are always glad to have any farmer or rancher who has problems either make a date with Soil Conservation Service technicians or to meet with the board on the second Tuesday of each month.

What does it take to develop Cross Timbers brushland into high producing grassland? How can it be done? These questions will be discussed.

Internal Revenue Dept. Explains Tax Laws

Each day research chemists and Physicians are learning more about your body. New radio active isotopes enable them to trace the actions of medicines so that soon the affect of any drug on every part of your body will be exactly known.

The day is not too far distant when every diagnosis will be positive and the treatment will always be the specific best way to overcome each particular disease. When that "Good Times" arrive we will continue, as we do now, to closely cooperate with your Physician by always carrying a complete stock of the medicines he may wish to prescribe.

Mr. Black has received word from Monroe and Laveda in regard to the flood in California. Monroe lost part of his house hold goods in the flood. Laveda and son lost their clothes, bed and money in the flood and now Melvin has pneumonia. They are living at Visalia.

Mr. and Mrs. M. P. Wilcoxon and sons of Sabanno visited Mr. and Mrs. Dwight Black Sunday.

Mrs. Nathan Foster and Mrs. Ebb Rouse complimented Mr. and Mrs. Ted Sessions with a miscellaneous shower in the Rouse home Friday night. Ted and Sue have been married over a year. Ted has been in the service stationed in Washington and this is the reason for the delayed shower. They received many beautiful gifts. Cakes and punch was served to a large number of guests. Visitors were Mr. and Mrs. D. A. Abernathy and children, Baird, Mr. and Mrs. Bernice Foster and girls, Mr. and Mrs. Claude Foster, Lela Foster, Glenna Pillans and Mrs. Bobby Dillard, Cross Plains.

Mr. and Mrs. W. C. Rouse visited in Santa Anna last week with their daughter and husband, Mr. and Mrs. A. G. Purvis and with his brother and wife, Mr. and Mrs. J. M. Rouse.

The
Spirit of Service

True service is primarily a matter of the heart. Where you find desire running high to do things in a superlative way, there too, you will find spirit of altruism.

Unmixed with the warmth of cordial personal relationships no amount of mere mechanical expertness, no weight of dollar strength, can ever hope to create a permanent friendship.

This institution aims to go beyond the dollar mark and to serve and assist its friends and customers in every possible way, consistent with sound banking principles.

Mr. and Mrs. L. N. Watson of Dallas were visitors here Sunday and Monday of last week in the homes of his mother, Mrs. Rosa Watson and his sister, Mrs. A. R. Sprawls and family.

Mr. and Mrs. Jay Mayes of Mt. Pleasant spent a few days here the past week visiting Mrs. Walter Westerman, Mrs. C. D. Lane and other relatives. Mrs. Lane returned home after spending several weeks with her daughter and husband.

Austin — Texans will hear a lot about "interposition" during the next few months.

Gov. Allan Shivers has asked the Democratic Executive Committee to consider placing on the July ballot a referendum on "interposition."

Shivers contends that certain rulings are beyond the power of the court. Therefore the referendum to be voted on in July would be a declaration by the people of Texas that US Supreme Court Decisions on such matters as the Tidelands, integration and the Federal Power Commission's control over gas are inapplicable because they go beyond federal jurisdiction.

If approved by the people, the referendum would be a mandate to the Legislature for them to vote for submission of a Federal constitutional amendment firming up and defining State Sovereignty.

While other states are using interposition in a negative fashion, Shivers plans to use it in a positive way to protect the state's rights. He is strongly opposed to the extension of power by the Federal Government at the expense of state and local governments.

"Interposition" will be an often used word during the coming months. People who do not like the idea say it is "nullification." Shivers contends he is opposed to nullification as being contrary to truly constitutional government.

VETERANS' LAND SALES will be courthouse news again in Austin, come March 6. That's when the trial scheduled for B. R. Sheffield, Brady land promoter and one-time business associate of former Land Commissioner Bascomb Giles, will be held.

Sheffield has summoned 131 witnesses, including Governor Shivers, Atty. Gen. John Ben Shepperd, and Land Commissioner J. Earl Rudder. Also John Osorio, aide to Shivers; Robert S. Trotta, former first assistant general; and Homer Garrison, director of public safety.

Sheffield is charged with theft of funds in connection with a Kinney County land deal.

TEXAS POLITICS heated up ahead of season when Governor Shivers announced that he might run for a fourth term. It is the closest he has come to saying "yes". This news quickly eclipsed an earlier statement by Sen. Jimmy Phillips of Angleton that he was withdrawing from the race for governor for lack of campaign funds. A later announcement by Shivers that he would reveal his political plans for 1956 on March 1.

U. S. Sen. Price Daniel said that Shivers' decision, whichever way it went, would in no way affect his own decision about becoming a gubernatorial candidate. His announcement awaits disposal of farm legislation now pending in Congress, and is expected by mid-March.

MORRIS BROWNLEE of Houston is replacing Garland Smith on the insurance commission. Until a few weeks ago Brownlee was executive vice president of Continental American Life Insurance Co. of Houston.

J. Byron Saunders, chairman of the insurance commission, reports that one of the largest insurance firms, Lloyds of London, has agreed to pay the state an estimated \$1,500,000 in premium taxes. Although not admitted to do business directly in Texas, Lloyds writes surplus insurance where amounts involved are too big for any admitted company to handle alone. Bills to tax such insurance have repeatedly failed to pass the legislature.

Two mutual companies were placed in receivership after their permits were revoked by the insurance commission. They were American Home Mutual and Trans-County Mutual, both of Dallas.

STATE AUDITOR C. H. CAVNESS reports errors and irregularities in the records of Texas Southern University at Houston. TSU is a state-supported college for negroes.

Cavness said there was a shortage of more than \$5,000 in the bookstore inventory which "may or may not" be connected with a \$2,976 overage in the general storeroom inventory.

"Texas Southern is among the most crowded of Texas state-supported institutions of higher learning," according to the auditor's report. He said he did not believe the staff was adequate to keep proper records.

RESIGNATION of Federal Attorney Lonny F. Zweiner to join the state attorney general's staff leaves Austin without a federal prosecutor. U. S. Dist. Atty. Russell Wine of San Antonio said Zweiner would not be replaced.

APPEAL of the Upsur Co. Rural Electric Cooperative, from a Travis Co. court decision in favor of the state "on relation of Southwestern Gas & Electric Co." was argued in Third Civil Appeals Court. Former Gov. Dan Moody was among counsel for the cooperative. Spokesmen for the co-op said the trial decision unless reversed, would destroy all electric cooperatives.

At issue it was the right of the Upsur County co-op to continue serving customers taken into the city of Gilmer by annexation. A

controversial point is application of the law that co-ops may not serve rural customers where private utilities have facilities available to furnish the service.

AN AFL TEAMSTERS UNION OFFICIAL, Raymond C. Shafer, business manager for the Union's Local 657, was arrested by Texas Rangers and charged with playing a role in the August, 1954 bombing of an Austin warehouse during a labor dispute. The Austin Fireproof Warehouse was being picketed by the Teamsters Union at the time of the explosion. Shafer also faces charges in connection with a bombing in San Antonio in 1955.

PAUL L. WAKEFIELD, former state selective director, has been promoted to major general in the Texas National Guard by Governor Shivers. Wakefield also was presented the U. S. Army citation of Merit. This Major Douglas C. Critchett, personal representative of Major General Lewis B. Hershey, national director of Selective Service, Wakefield resigned from the selective service post last September.

R. L. WHEELLOCK, Corsicana in-

dependent oil and gas producer and rancher, has been appointed to the Good Neighbor Commission. Governor Shivers named Wheellock to succeed Neville G. Penrose of Fort Worth who resigned a term that was to run until June 19, 1957, to become a member of the International Good Neighbor Council.

WILLIAM J. HARDING is the new public relations director for the Texas Insurance Advisory Association. He was editor of the Texas State Teachers Association magazine. He succeeds Jack Maguire, now executive secretary of the UP Ex-Students Association.

Mr. and Mrs. Arthur Gray and Randy and Mr. and Mrs. Charlie Ames of San Angelo were week end visitors here with Mr. and Mrs. W. A. Balkum and other relatives.

Mr. and Mrs. Lindsey Tyson of this city accompanied by Mrs. Tyson's parents, Mr. and Mrs. H. L. Evans of Brownwood were in Fort Worth Sunday visiting with the Evans' son and wife, Mr. and Mrs. Henry L. Evans, Jr. and also with Mr. Tyson's sister and family, Dr. and Mrs. H. B. Hart.

Mrs. Rosa Watson is in Dallas this week visiting in the home of her son, G. N. Watson and family.

Mrs. W. A. Watson and daughter of May, were visitors Wednesday evening in the home of Mr. and Mrs. A. R. Sprawls.

Paul Harrell spent Thursday night in Audene with his niece and husband Mr. and Mrs. Roy Parnell.

Mrs. Robert Odell of Andrews visited here last week with her mother, Mrs. G. M. McGary and other relatives.

BURKETT NEWS

By Anita Strickland

The local basketball boys team won the first two games in the regional play off at Brownwood. They defeated Johnson City Friday night and Crawford Saturday morning. The boys were defeated Saturday night by Avoca by a score of 52-60. This community was saddened Wednesday of last week on hearing of the death of Jack Brown who had been very ill at the Veterans Hospital at Big Spring. Funeral services were held Thursday at the Church of Christ with Dan Fogarty officiating. Interment was made in the Burkett Cemetery. Several out of town relatives and friends attended the funeral.

SABANNO NEWS

By Mrs. Edwin Erwin

We have some more oil excitement in our community. A rig is now drilling on what is known in years back as the old Pollock home, then as the George Hicks place and now owned by Truett Dawkins, but do not know who owns the oil rights. We still have hopes Sabanno will strike oil in some place.

Don't forget our singing next Sunday afternoon at 2 o'clock. Everyone has a welcome to come sing with us.

Mr. Bon Huntington and son of Cross Plains, Mr. and Mrs. Harold Freeman and children of Fort Worth and Mr. and Mrs. Clifton Barron were week end visitors in the home of their parents, Mr. and Mrs. Loran Barron.

Mr. and Mrs. O. B. Switzer and sons visited in the home of his sister and family, Mr. and Mrs. J. B. Snyder and children and Mr. Switzer all of Bangs, Sunday.

Mrs. Truett Dawkins and Mrs. Dan Notgrass visited in the home of Mrs. Wes Holcomb Thursday afternoon.

Mr. and Mrs. J. L. King visited in the home of their daughter and family, Mr. and Mrs. Clayton Prater of Fort Worth, Sunday.

Charlie Laminack of Imperial spent the week end in the home of her father Moody Laminack and Jimmie.

Mr. and Mrs. Weidon Baker and Mr. and Mrs. Clarence Casey visited in the home of Mr. and Mrs. Wes Holcomb Sunday night.

The Busy Bee Club will meet in the home of Mrs. Truett Dawkins Wednesday, February 29. Every member is urged to be present.
