Three Residents Of Pioneer Community Are Elected Officers Of The Ex-Student Ass'n.

Ex-students and old-timers of the Pioneer Community held their annual reunion under the Union Tabernacle here Thursday of last week and approximately 150 signed the register, according to an announcement made this week by L. C. Cash, retiring president of the association.

Members started gathering at the tabernacle about 9:30 a.m. and the morning hours were spent in visiting and renewing old acquaintances. At noon the group enjoyed an excellent home-cooked meal, served buffet style by the ladies of the Pioneer Home Demonstration Club. After lunch, a business session was held with President Cash presiding.

CEMETERY DONATIONS

Matt Browning, secretary of the Pioneer Cemetery Association has announced the following have made donations to the Association recently:

- Graves Harris \$5.00
- Dewitt Underwood 5.00
- W. T. McClure 5.00
- Homer Teston 1.00
- Edd Gooch 1.00
- Lora Stoval 1.00
- Dan Gooch 10.00
- Bud Nunn 1.00
- John Atwood 1.00
- Albert Minton 1.00
- L. V. Hughes 10.00

- Joe Brown 1.00
- Leona Baslow 2.00
- Pioneer H. D. Club 34.50
- Lucy Brooks 1.00
- Mrs. Fred Smith 1.00

Mr. and Mrs. C. C. Holdridge were visiting in Abilene Sunday with their son and wife, Mr. and Mrs. Mack Holdridge.

Invocation was given by W. L. Garrett of Vernon, one of the organizers of the association. The welcome address was made by W. T. "Dub" McClure and the response was given by Rev. Ed Anderson of Brownwood, a former pastor of the Pioneer Methodist Church.

Election of officers was held and three residents of the community were elected, as follows:

- Sam Eakin, president.
- Matt Browning, vice-president.
- Mrs. R. C. Brown, secretary-treasurer.

The organization voted unanimously to meet next year on the same date, the third Thursday in August, at the same place.

During the meeting, Mrs. R. L. Westerman of Christoval and John Atwood of Lubbock were recognized as the oldest students present. They attended school at Pioneer in 1889. Miss Bonnie Hester, granddaughter of C. B. Hester of this city was recognized as the youngest ex-student of the Pioneer school. She attended during the 1947-48 term which was the last year the school operated before consolidating with Cross Plains.

All former students, teachers and trustees of the school were recognized, as were many other old-timers of the community.

The association gave a standing vote of thanks to ladies of the Home Demonstration Club for the fine meal and for their generosity in donating the proceeds from the sale of the food to the community's cemetery fund. Thanks were also extended to Jess Brown, Mack Gray, Bart Brown and Joe Bryson for furnishing ice water for the crowd throughout the day.

Members of the organization also voted their thanks to the Cross Plains Chamber of Commerce for providing the loudspeaking equipment used during the day.

Claude Mayes Buys Baldwin Lumber Co.

Claude Mayes, popular and life-long resident of this community, announces in a display advertisement appearing in this edition of the Review, that he has, this week purchased the Baldwin Lumber Co., and is now in charge of the business.

He invites the public to visit him in his new business home and pledged his best efforts toward providing patrons of the firm with a complete building material store. Mayes is an experienced builder, having spent most of his life in the building business, except for two periods when he operated cafes here.

Local residents are invited to talk over their building problems with him, and he states that he will be happy to give estimates on costs of all jobs, whether they be small repairs or a new building. The firm name will be changed to Mayes Lumber Co., and Mr. and Mrs. Mayes and their sons, Billy and Rex, plan to move to the living quarters over the firm in the near future.

Mr. and Mrs. W. B. Baldwin, general owners of the firm for many years, state that their plans for the future are indefinite at this time. They stated, however, that they would continue to make Cross Plains their home, and for the present were going to take life easy.

Mr. and Mrs. Paul Lutzenberger, who plan to move to their farm in the near future, it was announced.

Rev. Robert Cooke To Preach At Baptist Church

Rev. Robert Cooke, of Dallas, will preach at both the morning and evening services at the First Baptist Church here Sunday, Aug. 26.

Rev. Cooke was superintendent of Buckner Orphans Home, which was founded in 1880 by his grandfather, until 1954. At present he is enrolled in Southwestern Baptist Theological Seminary where he is working on his Doctor of Theology Degree.

NFLA Stockholders Meet To Be Held August 30

The Annual stockholders meeting of the National Farm Loan Association of Baird will be held Thursday night, Aug. 30, at 8:00 p.m. in the District Court room of the court house in Baird.

A short business session will be held, at which time the secretary-treasurer, will give the association annual report, to be followed by a musical entertainment and refreshments.

The public is invited to attend, according to Leslie Bryant.

Mr. and Mrs. Roy Harding of Dallas visited Mr. and Mrs. Eddie Petty and family, in the E. K. Coppinger home, Friday.

Buffalo Majorettes Chosen For Season

In open competition, staged on the football field here Friday morning of last week, J. G. "Pop" Stanley chose the majorettes for the Buffalo Band this season.

The girls were required to give solo routines and Band Director Stanley chose the following girls to serve this coming school year:

Jo Atwood, daughter of Mr. and Mrs. Ben Atwood; Sidney McClure, daughter of Mr. and Mrs. W. T. McClure; Donna Garlitz, daughter of Mr. and Mrs. August Garlitz; Jean Bonner, daughter of Mr. and Mrs. J. L. Bonner; Mickey Jewers, daughter of Mr. and Mrs. George Jewers; and Rita Gay Sipes, daughter of Mr. and Mrs. W. J. Sipes. Selected as alternate was Jo Holland, daughter of Mrs. C. A. Barr.

These girls are all veteran members of the band and are accomplished musicians along with their talents for twirling and prancing.

They should make an excellent "front line" appearance for the Buffalo Band.

3 Brothers of Local Man Meet Sudden Death In Auto-Train Crash

Three brothers of Ike Neal of this city, met death almost instantly about 6:30 a.m. on the morning of Aug. 9, while enroute from their homes in Muncie and Eaton, Indiana to their jobs in Indianapolis, when their car was struck by a New York Central passenger train at McCordville, Ind.

The brothers were: Keiley Neal, 24, Eaton, and Shelley Neal, 21, and George Elwood Neal, 18, of Muncie. They were sons of Mr. and Mrs. Omar Neal, of Muncie.

Cause of the accident was reported to be a "blind" crossing over the railroad tracks, according to newspaper accounts of the tragedy.

Keiley Neal is survived by his bride of two months, Jean. He was a veteran of the Korean War and had attended Central High School in Muncie, entering the army in December, 1952. They had lived in Eaton since their recent marriage.

Shelley was a 1953 graduate of Central High School in Muncie. George Elwood was a 1955 graduate of the same school, where he starred as a football and baseball player.

Survivors are the parents; three brothers, Dennis, at home; Martin, Muncie, and Ike of Cross Plains; two sisters, Mrs. Anna Mae Dollar, Eaton and Mrs. Eva Adams, Muncie; and the grandparents, Mr. and Mrs. George Crabtree, Fentress County, Tenn., and Mrs. Texas Neal of Gap Creek, Ky.

Combined funeral services were held and interment made at Muncie, Saturday, Aug. 11.

Band Director Stanley Attends Band Meet

J. G. "Pop" Stanley, Director of the Cross Plains School Band, returned to his home here Wednesday evening, after attending the annual convention of the Texas Bandmasters Association, held in San Antonio, the first of the week.

He stated that the meeting was a complete success and was both educational and entertaining.

Cross Plains Florist Moves To New Quarters

In a display advertisement appearing in this edition of the Review, Mrs. Beulah Lucas, owner and operator of the Cross Plains Florist, announces that she has, this week, moved her floral firm from its former location on Highway 36, to the Magnolia station building on East Eighth Street, formerly occupied by W. J. Sipes Service Station.

She invites her many friends and patrons in this vicinity to visit her in her new location, and states that she will carry a complete line of flowers for every occasion at all times.

Two Local Students Get Degrees At H-SU

Abilene—Hardin Simmons University will grant 116 degrees at its annual Summer Commencement at the University Baptist Church, Aug. 24.

Of the 116, 58 will be bachelor degrees and 77 will be graduate degrees, and E. M. Collier, administrator of the Hendrick Memorial Hospital, will be awarded an honorary degree doctorate.

Baccalaureate will be held also at the University Baptist Church, Aug. 22.

Dr. Sterling Price, pastor of the church and a member of the H-SU board of trustees, will be the baccalaureate speaker.

Zollie C. Steakley, Austin, former assistant attorney general of Texas, and a graduate of H-SU, will be the commencement speaker. Receiving bachelor of arts degree will be Barbara Ramsey Walker, daughter of Mrs. Verna Mae Ramsey of Cross Plains.

Master of education degree will go to Richard D. Purvis, Cross Plains.

Mr. and Mrs. Paul Whitton and children attended the Morton family reunion at Stephenville Wednesday of last week.

Water Use Restrictions Lifted By Department

Thanks to the cooperation of city water consumers, in complying with the request to halt unnecessary water use made last week, together with a break in the weather, the City Water Department has found it possible to lift the ban on water use, so that residents can keep their trees and shrubbery from perishing during the drought in this section.

Lloyd McMillan, City Utilities Superintendent, stated that the city was catching up on water storage at a rapid rate last Saturday and when the cool norther blew in Sunday afternoon water use dropped off to the point where both reservoirs were brimfull by Monday morning.

Supt. McMillan stated that, barring unforeseen breaks, there should be ample supply to take care of the needs of this community for the balance of the summer season. Water users are invited to use water when needed in their yards, but are urged to refrain from wasting this precious commodity.

In lifting the ban, Jack McCarty, Water Commissioner, stated that every effort will be made to keep a full supply on hand, but any threatening shortage will be reported to the public and restrictions will be placed on its use.

Miss Zelma Strickland Awarded National Methodist Scholarship

Miss Zelma Strickland, a junior at McMurry College, has been awarded a National Methodist Scholarship by the Board of Education of the Methodist Church. Miss Strickland is the daughter of Mr. and Mrs. Tom C. Strickland and a member of the Burkett Methodist church.

National Methodist Scholarship Awards cover tuition and fees up to \$400 and are granted on the basis of superior academic standing, leadership ability, active churchmanship, personality and need.

About 500 such awards are given annually by the Methodist Board of Education in its nationwide scholarship program. More than 5,000 National Methodist Scholarships have been granted since the program was started in 1945.

Funds for the support of National Methodist Scholarships are received from local Methodist churches on the basis of a church-wide offering on Methodist Sunday Day, the second Sunday in June.

Visitors in the home of Mr. and Mrs. B. R. Hargrove, Jr. Sunday were Lt. and Mrs. Vernon Parker and daughter and Lt. and Mrs. Allan Lamb and son of San Angelo and Lt. David Landgrave of Big Spring.

Mr. and Mrs. Bob Baker and son of Fort Worth visited here during the week end with their parents, Mr. and Mrs. Richard Tompson and Mr. and Mrs. Calvin Baker, of Burkett.

LET'S TALK LIVESTOCK BY TED GOULDY

Cool Weather, Showers Bring Stronger Market.

The first Norther of the season spilled cool air and some showers into Texas over the week end and the cooler breezes triggered a snappy livestock market at Fort Worth Monday.

All classes of cattle and calves were active and prices were steady to strong. There were sales 25 to 50 cents higher sprinkled through the list, with the better quality and higher grading kinds usually showing the advances.

Prime steers again topped at \$25, and good to choice cattle scored \$20 to \$22. Replacement cattle and calves were very active and high grade offerings were scarce.

Comparative prices: Good and choice slaughter steers and yearlings \$17 - 25.00; common, plain and medium butcher cattle \$10.00 - 17.00. It was with regret that we had to deduct \$5.50 - 9.00; bulls \$8.00 - 13.00. Good and choice slaughter calves, all weights, \$14.50 - 17.00, heavy baby beef calves to \$17.50 - 18.50. Cull, common and medium grades \$8.00 - 14.50. Good and choice stocker calves \$16.50 - 19.50, quotable to \$20 or above; stocker steer yearlings \$15.50 - 17.50, some around 600 pounders to \$18.50. Heifers for replacement purposes \$2 to \$3 under similar steers. Few stocker cows \$8.00 - 11.00.

Free Parking For Stockmen And Livestock Buyers.

The new paved parking area, which was one of the South's most beautifully kept lawns, in front of the old Spanish style Livestock Exchange Building at the Fort Worth Stockyards will be formally opened next week, according to announcement of W. L. Pier, manager of the Stockyards.

"In a city the size of Fort Worth parking is one of the most critical

problems we have to contend with. Fat cows \$9.00 - 11.50; canners and stroy the famous lawn at the yards which was live and green the year around. However, patrons of the market must have parking and so we have spared no effort in building one of the finest, most modern parking areas in the Southwest."

"The new parking area is paved and well drained, having two big storm sewers to carry away rain water and provide dry footing in any weather. Floodlights make it bright as day, when coupled with the new vapor lights recently installed on Exchange Avenue."

"We will have an attendant at the lot and the shippers and buyers need only identify themselves to take advantage of the free parking service at Fort Worth's Stockyards," Pier said.

Hogs Back At Year's Highest Levels.

Strong shipper and small packer demand at Fort Worth Monday boosted prices 40 to 50 cents per hundred and pushed the price of choice butler hogs back up to the year's highest level.

Choice meat hogs topped at \$17.50 to \$17.75, and less desirable weights and grades sold around \$14 to \$17.25. Sows cashed at \$13.00-14.50. Stags sold from \$5 to \$8.

Sheep And Lambs Active, Prices Steady To Strong.

Trade was active and quality considered prices were steady to strong at Fort Worth Monday. High grade offerings were again in small supply. Choice fat lambs topped at \$19, and medium to good kinds sold from \$15.00 - 18.00; with cull and common sorts from \$10.00 - 15.00.

Stocker and feeder lambs drew \$14 to \$16. Yearling muttons cashed at \$10.00-16.00. Old wethers drew \$8.00-12.00. Old ewes sold from \$3.00-5.00; old bucks sold around \$4.00.

Strong Demand Seen For Special Stocker Sales.

The continued improvement in fat cattle prices (some prime cattle above \$30 at cornbelt markets last week) augurs well for the special stocker and feeder sales set for September at the Fort Worth stockyards. Angus stockers will probably number 2,500 in the September 7 event and Hereford stockers will probably total over 5,000 in the September 21 event, according to early estimates.

Nationwide buying strength will be attracted to the sales and some of the Southwest's best commercial

Atwell News

By Mrs. Alton Tatom

Our community did not receive any rain Sunday but did get a cool north wind, which makes us think fall is here and there is no harvesting to do. There was a lot of goat shearing last week.

Mr. and Mrs. Roy Neil Tatom and girls spent Saturday night and Sunday at Cross Cut with Mr. and Mrs. Leroy Byrd.

Mrs. Hattie Bradley Harrison from Dallas visited Mr. and Mrs. Clint Brashear over the week end and attended church Sunday. Hattie and Mrs. Brashear then attended the Jones reunion at Cisco.

Jim Hutchins from Coahoma visited relatives here and at Cross Plains, last week.

Mr. and Mrs. Tuff Hutchins and children visited Mr. and Mrs. Stuart Bentley at Putnam Sunday.

Mr. Blacks granddaughter, the former Joe Neil McWilliams and family, visited him last week.

Ernest Jones from Leuders and cattle herds plan entries.

The improving fat cattle market has generated strong stocker and feeder demand from principal feeding areas and is taken for an encouraging sign for strong prices in the special events.

Don't Be Confused

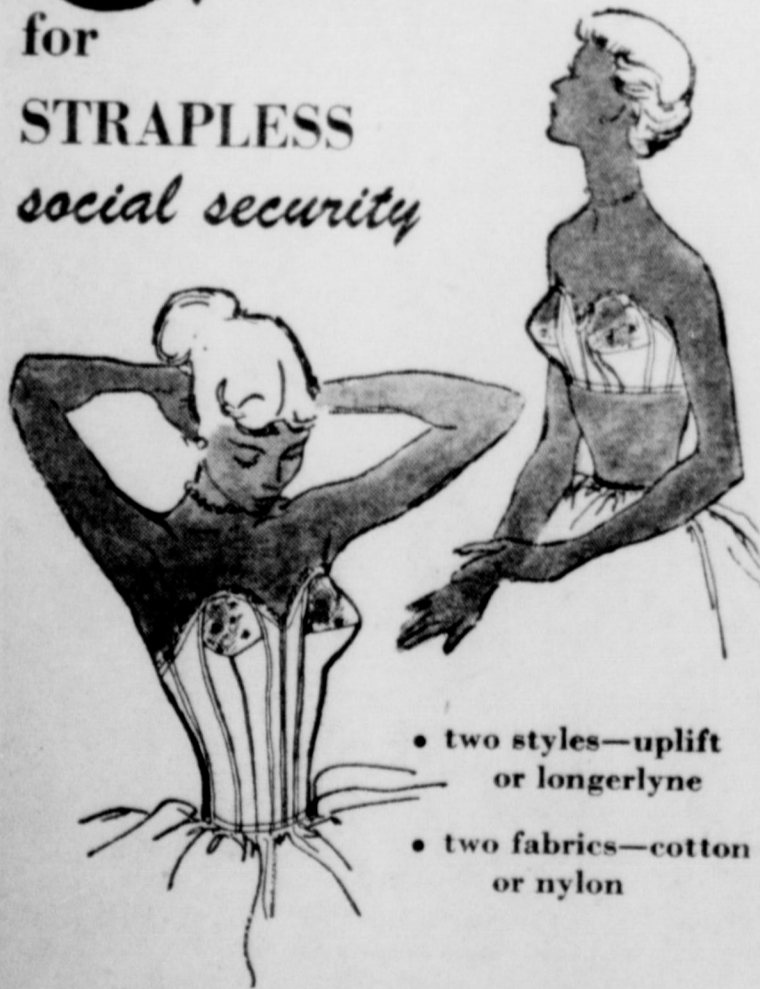

If YOU LISTEN carefully to radio commercials on medicinal agents, you will find that they suggest much but promise little. The glib announcement will tell you that such and such a product can, may, or should help do this or that, but it will never say it will. Notice, also, the newspaper insertions on hair restorers, flesh reducers, and the like. Many of them will bear the statement, "Never sold by mail." Why? Is there danger of Federal prosecution for using the mails to defraud? If you are feeling "out of sorts," consult your physician. He, and he alone, is qualified to diagnose and prescribe treatment.

SUPER KEM-TONE forms such a tight, impervious coating that, unlike

ordinary flat paints, dirt cannot penetrate its lovely finish. Dirt washes off easily!

SUPER KEM-TONE gives you practically an unlimited range of gorgeous colors, from lovely light shades to beautiful, new, easy-to-use deep tones. And they all go on easily and uniformly with brush or Roller-Koater, over almost any interior surface, including wallpaper.

DIRT JUST CAN'T GET A "FOOTHOLD"
SUPER KEM-TONE'S tight, non-porous surface, a new achievement of paint chemistry, prevents dirt from penetrating.

EVEN INK WASHES OFF EASILY
Spatter ordinary ink on it—instead of soaking in as on ordinary flat paints, it remains on the surface and is easily washed off.

SCRUBBING DOESN'T HARM IT
*Tests show SUPER KEM-TONE will withstand repeated washing with the usual household paint cleaners without impairing its beauty.

Burkett Couple

By Dallas Church

... article was printed ... July 20, edition of ... Methodist Church paper at ... W. C. Strickland ... of Mr. and Mrs. T. C. ... of Burkett.

honorary scholarship to a young person for their education. This year a cash grant of over two-hundred dollars was presented to one of the Youth Ministers of our church, W. C. Strickland.

We often look afar off for inspirational stories of faith and courage, but when we look at W. C.'s life we find one very close to home. W. C. grew up on a farm just outside of Burkett, Texas. In his teen age years he decided that the Lord had called him to preach. In these Twentieth Century days a minister must be trained and equipped for a versatal job—this calls for education.

They said it couldn't be done, but W. C. set out in faith to show them that it is possible to work your way through college and seminary.

He entered McMurry college in Abilene, Texas and there made his way through four years and a degree. Now after one year behind him at Perkin's School of Theology, W. C. is beginning to see the final fruits of his faith, and hard work. By his faith in God and himself, and the help of many friends and groups like the Susanna Wesley Class, this young man will someday take his place in the ranks of those who serve in the army of the Kingdom. The power of God and the personal faith is never quite as inspiring as when that faith is born and lives in the heart and life of a person—W.C.'s faith should be an inspiration to us all.

Mrs. W. A. Strickland of this city and Mr. and Mrs. B. L. Vaughn and family of Abilene are spending a ten day vacation in New Mexico.

CROSS PLAINS, TEXAS

State Capitol NEWS

Austin—Campaign headquarters of Price Daniel, Ralph Yarborough and Will Wilson have been beehives of activity.

Daniel and Yarborough have gone all out to win the Democratic nomination for Governor of Texas.

Wilson has campaigned even harder than he did in the primary, in order to increase his lead in the Attorney General's race.

But withering Texas heat has sapped campaign enthusiasm among the voters. Interest that developed in the July primary has dwindled considerably.

Last month brought the largest primary vote in Texas history—1,576,870 in the Governor's race. However, if the second primary vote beats that of two years ago it will surprise everyone.

Nevertheless the conservatives and the liberals are working for a big voter turnout on Saturday.

Delegates Return Home

Weary Texas delegates to the Democratic National Convention have returned home to face still bigger tasks.

Their goals: (1) to win undisputed control at the Sept. 11 state convention and (2) to swing back to the Democratic column in November.

In both efforts they will have the guidance of two of the party's most influential leaders—U. S. Senator Lyndon Johnson and House Speaker Sam Rayburn.

Hopes are based on the civil rights platform plank adopted at the Chicago convention. Both Johnson and Rayburn are credited with significant roles in gaining this "moderate" victory.

Many of the Texas delegates say they will have a hard time selling the Stevenson-Kefauver ticket in this state. There is considerable muttering about the prospects of victory in November. And Former President Harry Truman's cracks at Stevenson didn't help a bit.

Drought Aid Program Launched

Federal and state machinery are grinding out a three-phase drought aid program for Texas farmers and ranchers.

Action came as mounting disaster conditions caused federal officials to release "one of the bleakest crop and cattle situation reports in 22

years."

Present plans would provide (1) certificates good for \$1.50 per hundredweight toward feed grain purchases, (2) certificates for \$7.50 per ton to buy roughage and (3) Farmers Home Administration loans to refinance debts on family-size farms.

Initial details were worked out at an Austin conference of U. S. Dept. of Agriculture officials, Gov. Allan Shivers, Agricultural Comm. John White and the Texas Emergency Drought Committee.

USDA is providing \$1 million to finance the roughage program. Gov. Shivers has allocated \$100,000 from his emergency funds for administrative operations.

Texas reaction to the federal offers ranged from "fairly satisfactory" from Governor Shivers to "too little and too late" from some South Texas farmers.

USDA's weekly report on Texas agricultural conditions termed the drought "one of the most severe on record." It reported pasture conditions "lowest since 1934" and feed crops "very short" over most of the state.

Reservoirs Drop

Water in Texas' major reservoirs was down 20 percent during July, from 1955. Average storage was 51 percent of capacity.

As evidence of "critical conditions" the State Board of Water Engineers' monthly report cited these further statistics: (1) July rainfall was less than half of normal. (2) Observation wells continued a decline to all-time lows in five areas of South Central and West Texas. (3) Dwindling streamflows and decreasing storage resulted in water rationing in many cities in all areas.

More Safety Aids Asked

Next year's Legislature may be asked to double the present 470-man state highway patrol.

Such an increase was urged by Homer Garrison Jr., director of the Department of Public Safety, in a talk before the Texas Safety Association Women's Conference.

Cost of safety precautions is cheap compared to accident costs, said Garrison. Property loss alone has exceeded \$1.5 billion in the past 20 years.

A legislative program being pushed by the Association includes: (1) more patrolmen, (2) county-wide traffic courts, (3) state-financed driver education, (4) prohibiting sale of fireworks, (5) chemical tests for drunken drivers and (6) laws to punish juvenile traffic offenders.

Bigger Highway Program Started

Expanded highway building under the new federal program is off to a fast start in Texas.

In first tabulation since U. S. aid bill passage, the State Highway Commission received low bids totaling a whopping \$18,494,446. Of this, some \$5,847,678 was represented by six bids for improvement of federal interstate routes.

Short Snoris

Contracts awarded in Texas during July soared to \$86,021,020, highest point since July, 1952. A "School Problems Forum" has been scheduled by the Texas Association of School Boards for Oct. 14-15 in Austin. Board members have been invited to bring questions for group discussion and consideration by a panel of top educators. Texas' oil allowance for September was set by

the Railroad Commission at 73,503 barrels a day less than August. Permissive production will be 3,267,954 barrels a day on a 15-day producing pattern... Taxes on whiskey brought into Texas from Mexico totaled almost \$1 million last year. Last week's audit of the Texas Liquor Control Board showed 1951 collections at \$905,801, compared to only \$379,134 in 1944. A portable classroom bleacher has been developed by University of Texas engineers. It is designed to give from 11 to 25 students a close-up view of teacher demonstrations... Streamlining of State Library services might save Texas taxpayers a substantial sum of money, reports the Texas Research League. An extensive survey was made by the league, at the request of the Liberal Commission... Gas Companies continue to hammer at the state for recovery of millions paid under the natural gas gathering tax law. Latest to win a judgement was the El Paso Natural Gas Co., victor in an Austin district court case. It was one of several companies which paid the tax without formal protest.

1956 Amendments To The Social Security Laws

The old provisions regarding the evidence necessary to set up a period of disability for the disability freeze part of the law continue in effect insofar as measuring the extent of the disability is concerned. Also, the requirement that the disabled person have at least five years of social security credits out of the ten years just preceding the onset of the disability and at least 1-2 years of such coverage out of the 3 years just before the disability onset date is continued.

However, instead of having to wait until age 65 to be paid cash benefits, such a disability person can be paid at age 50, with the first month for which payment can be made being July, 1957.

The disability must be one that can be determined medically, and must be severe enough to prevent the person from engaging in any substantial gainful activity. The words permanent or total disability do not appear in the law, because it is hoped that many persons may be rehabilitated through the Vocational Rehabilitation programs of the various states. Thus, the measurement of the disability for social security purposes goes to the person's ability or inability to engage in any substantial gainful activity.

TEXAS IN REVIEW

Football, quarter horses and range improvement will be highlighted next week on the Humble Company's TV program, Texas in Review.

The Southwest Conference Football Officials' Association met recently in Houston to discuss rules changes for the rapidly approaching season. And on the same day Southwest Conference football announcers attended a unique school taught by the Rice Institute coaching staff. Purpose of the school was to instruct the announcers how to accurately identify and describe various plays and formations that may be used in Conference play this year. What went on at these meetings will be featured.

From Hardin-Simmons University in Abilene will come a report on the annual meeting of the Southwest Athletic Trainers' Association. Illustrated will be ways trainers care for athletes and help prevent injuries. Films of the Four-State Quarter Horse show at Texarkana will show some of the finest quarter horses in the world. Including will be pictures showing quarter horses being used on ranches.

How the range improvement program of the Hill Country Association of Soil Conservation Displays pays off for ranchers will be shown on the same program. Viewers will see excellent pictures of the before and after effects of range improvement practices.

Philosopher Is Worn To Nub By Seven Women Speakers In A Row At National Convention

Editor's note: The Bayou Philosopher on his Johnson grass farm on the Bayou has been listening to the national political conventions, but what he found out is hard to say.

Dear editor:
I'd been listening to political convention speeches so long out here lately I felt like I had to get some rest so I borrowed a newspaper out of my neighbor's mail box yesterday morning. I can't see how borrowing a paper just to read it stays the same, regardless of who reads it first, it's not like borrowing a pair of socks, and come to think of it, everything in the paper must have been read two or three times before anyway by the people who put it together, although occasionally you run into an article that looks like it was never examined before by anybody, at any rate. I took the paper and settled down under the shade tree and turned to the inside pages just to avoid the convention news.

I hadn't gone long when I ran into an article describing sound waves which a scientist said apparently came from the planet Venus. According to him, it wasn't an echo or sound from our planet bouncing back, although he said it sounded like static.

I don't know whether anybody is living on Venus or not and am not very curious about trying to find out, as I'm not through exploring the area bounded by my farm yet, but the fact that the noise this scientist heard coming from there sounded like static doesn't mean anything.

That is, I don't know how far out a radio beam goes, but if it can reach Venus and if there is anybody living there and he heard say a broadcast from a political convention on this earth, you think it would make much more sense that static?

I'll tell you, I listened pretty closely to the Democratic convention in Chicago, and while the Democrats are accused of favoring economic planning, I don't believe anybody who would run seven women speakers, one right after the other, before the microphone in one long stretch, was guilty of much planning.

And I'm not saying the Republicans are any better at it. In fact, I don't believe there are enough speakers in the world, not to mention just one party in the United States, who can fill up four days before the microphone and wear the audience down to a nub. Conventions, like plowing, are necessary, but anything anybody can do to shorten either will have the undying gratitude of a lot of people, although I will say this, I've never heard a speech yet, regardless of how dry it was, that could drive me to plowing.

Yours faithfully,
J. A.
