P.-T. A. To Sponsor Cub Scout Pack Here

A meeting of interested parents of boys between the ages of seven and ten, inclusive, has been called for next Tuesday night, Oct. 2, at 7:30 p. m. at the high school building...

Mr. and Mrs. Jack Tunnell have been named chairmen of the organizing committee and they will explain the scouting set-up, it was said.

All parents of boys in this age bracket are urged to attend the meeting and take part in this very worthwhile endeavor.

Capt. Moreland Baldwin and Mrs. Baldwin and two children have arrived in the states the past week after spending 20 months in Germany where Capt. Baldwin has been stationed and will arrive in Cross Plains sometime during the week end for a visit with his parents, Mr. and Mrs. W. B. Baldwin.

The Baldwin family visited the first of the week with his sister, Mrs. Roland Howell and family in Richmond, Va. and Mrs. Howell will accompany her brother and family to Texas for a visit with her parents.

Capt. Baldwin will receive his discharge from the service the latter part of October and will return to Plainview to re-open his dental office.

Mr. and Mrs. Lloyd Rich of Odessa visited Mr. and Mrs. E. E. Rich Friday.

Philosopher Agrees Not To Send Any Ships Through Suez Canal, If The Pay Is Right

turns up in the world, although it may be the newspapers' fault, if they weren't so all-fired determined to get all the news and left a few crises unreported and Washington never heard about them, the chances are they might fizzle out on their own, like a tree falling silently in the woods with nobody there to hear it...

For a reasonable figure, I'll agree not to send any ships through the Suez Canal. I'll even do better. I'll agree not to send any the long way around, or anywhere. All I want is a little canal money to go with my soil bank money, until the world situation gets back to normal. I figure I'd have a fixed income from now on.

Yours faithfully, J. A.

Cross Plains Family Injured In Collision

Mr. and Mrs. Glenn R. Merrill and their three children suffered minor injuries about 5:30 p. m., last Sunday in a two-car collision at the intersection of State Highway 36 and FM Road 604 in the Denton Valley community.

Merrill and his sons, Robert, 6, and Roy Duane, 1, were treated and released. The Merrill car and one driven by Patricia Ann Rutherford, 14, of Clyde, collided at the highway intersection.

Highway Patrolman George Clark of Baird investigated.

Cropland May Be Used for Conservation Reserve

Any farm land regularly used in the production of crops including tame hay may be included in the Soil Bank's Conservation Reserve, advises R. G. Shrauner, chairman, State Agricultural Stabilization and Conservation Committee.

When an approved practice is carried out on land designated for the Conservation Reserve, the farmer will receive a payment varying by practice.

To qualify for payment, the farmer must reduce the prior 2-year average acreage for crops harvested on his farm by the number of acres he places in the Conservation Reserve.

Shrauner advises that the closing date for signing up in the Conservation Reserve program for 1956 is October 15. Information on practice specifications and contract forms which must be submitted before the closing date are available at county ASC offices.

Fire Department Receives Appreciation Donations

Y. C. Walker, Chief of the Cross Plains Volunteer Fire Department, announced the past week that two donations were received recently by the organization in appreciation of their work in extinguishing blazes which threatened to do widespread damage to property.

Willie Wood, farmer residing some four miles northeast of town gave the department \$12.50 in appreciation of their work in bringing a raging grass fire under control on his farm some weeks ago.

O. M. Bailey donated the department \$7.00 for help in controlling a grass fire near his residence which threatened to burn his garage.

Chief Walker asked the Review to extend the Fire Department's thanks to these donors for their generosity and thoughtfulness.

Public Fails To Stop For School Buses

Texas school superintendents, news editors, and other citizens have been requested to give statewide emphasis and interpretation to the oft-neglected Texas law which requires all vehicles to stop when approaching a school bus loading or unloading children.

Texas school buses were involved in 379 accidents in rural areas (outside city limits) during 1955. Three children and two adults were killed in these accidents.

The law says, in effect, that upon meeting or overtaking from either direction a school bus which has stopped on the highway for the purpose of receiving or discharging children, the driver shall stop immediately before passing, then proceed with due caution at a speed which is prudent and does not exceed ten miles per hour. The law does not apply within city limits.

Vehicles are not required to stop on highways with separate roadways when the bus is on a different roadway from that of a passing vehicle, or when required to stop if the school bus is stopped in a loading zone which is part of or adjacent to a controlled-access highway and where pedestrians are not permitted to cross the roadway.

Mrs. Droke Sells Snack Shop To Her Sister

Mrs. Gwen Droke, for the past year, owner and operator of the Snack Shop here, announced this week that she had sold the popular cafe to her sister, Mrs. Elizabeth Hays of the Cross Cut Community.

Mrs. Hays, who is well known here, is now in charge of the business, it was said.

J. N. Bayless of Bonham is visiting his son and wife, Mr. and Mrs. L. D. Bayless.

Fred V. Tunnell attended the SMU-Notre Dame football game in Dallas Saturday night.

Quarterback Club To See Film of Buffalo-Cat Game Played At Coleman

The Cross Plains Quarterback Club will meet at the high school building tonight (Thursday) at 8:00 p. m. for a regular meeting and a film of the Buffalo-Coleman game will be shown, according to an announcement made here this week by John Pruet, club president.

Pruet stated that the public is invited to be present to see the film and that the business session will be held after the showing. He stated that this invitation to be present to see the films includes the ladies of the community. Visitors will be excused before the business session begins, he stated.

Nimrod Neighbors Club To Hold Barbecue

Members of the Nimrod Neighbors Progressive Club met at the club house there Monday night of this week and made plans for staging their second annual barbecue, according to an announcement made here Tuesday by Bill Pope, president of the club.

The barbecue will be served at the club house, starting at 6:00 p. m., Oct. 3, and tickets will go on sale in this area, Friday of this week.

The club also named Beverly Bosstick to represent the community in the coronation of the queen at the Rising Star Fair. It was also voted to have a float in the Rising Star Fair parade.

Mrs. Don Hart, Eastland County Home Demonstration Agent was present at the meeting and showed a film on cancer depicting the need for early diagnosis so that positive cures can be made in the early stages.

Callahan Schoolmates Meet At Ohio Dairy Day Event

Wooster, Ohio, Sept. 21—Two native sons of Callahan County who were boyhood playmates in the Cottonwood community, met here recently for the first time in nearly 30 years.

They were Dr. D. B. Varner, vice president of Michigan State University, and George Nichols, secretary of the Ohio Holstein Cattle Breeders Association.

Dr. Varner, son of Mr. and Mrs. H. S. Varner of Cottonwood, was the special speaker at Ohio's 29th annual Dairy Day at the Ohio Agricultural Experiment Station here. Nichols, son of Mrs. M. B. Nichols of Route 1, Baird, was representing his breed association at the event.

He was also a member of the public relations committee of the organization that sponsored the Annual Dairy Day program.

Varner is a graduate of the Cottonwood school, Texas A&M College, where he was a cadet colonel, and of the University of Chicago.

Nichols is a graduate of Baird High School and of Colorado A&M College.

Go Separate Ways The two left Texas several years ago to assume responsible positions elsewhere and until their paths crossed at the Wooster meeting they had not seen each other for nearly 30 years.

After Varner's graduation from Texas A&M in 1940 with a BS degree in agricultural economics he served a year as junior executive of the Federal Land Bank at Houston.

He was called to active military duty in World War II and was separated after 54 months service as a lieutenant colonel.

He then joined the staff of Texas A&M as assistant dean of students. In 1946 he entered the University of Chicago to do research for the University and the quartermaster general of the U. S. Army.

One of Ten Nichols was one of ten children. A sister, Fay, was home demonstration agent at Hillsboro, Ore. Others are Mrs. Elsie Jameson, Coleman; Mrs. Hazel Jackson, St. Louis; and Mrs. Katie Spicer, Warrensburg, Mo., the latter working for a time in an agricultural office in Baird.

His brothers include M. B. Nichols Jr., who in 1949 was sent by the U. S. Department of Agriculture to Quito, Ecuador, to help train dairy leaders among the Ecuadorians; Cecil and Archie, who live near their mother, southwest of Baird; Roland, southeast of Baird; and Bernice, who lives on the "old home place" near Coleman.

Ward School Team Wins Over Gorman

The Ward School Mighty Mite football team, coached by Mac Coplinger and Jack Watkins, rolled to an easy 14-0 win over the Gorman Pups in their first game of the season played here Tuesday night of this week.

Fullback Alvin Hutchins romped 70 yards to score for the locals and came back to run the extra point. The final tally was made by Halfback George Jennings and Hutchins again added the point on a line plunge.

Another offensive standout on the Mighty Mite team was Halfback Don Hargrove.

The local squad will play their next game here against Eastland on Tuesday night, Oct. 9.

Light Showers Fall Here This Week

Light showers, which measured only traces on the official gauge here, were recorded on Tuesday and Wednesday mornings of this week and while failing to aid the drought situation, they did serve as morale-builders to parched residents of this community who were beginning to believe the words of that old song, "It Ain't Gonna Rain No More."

Reports from neighboring communities reveal that the shower Wednesday morning measured up to as much as one-half inch. Some areas of the Burkett and Cross Cut communities reported from 30 to 50 inches of moisture.

HOSPITAL NOTES

Mrs. Dick Montgomery was released from the Rising Star Hospital Thursday of last week following surgery and is getting along fine at her home here, it was reported.

George Barnard returned home from Hendrick Memorial Hospital in Abilene Saturday following surgery Wednesday of last week. Reports are that he is getting along nicely.

Claude Perkins was released from the Rising Star Hospital the past week where he had been a patient for several days.

Mrs. Felix Oglesby was released from Hendrick Memorial Hospital in Abilene Tuesday of last week following surgery and is reported to be getting along fine.

Visitors this week in the home of Mrs. A. C. Billingsley, are her daughter, Mrs. G. A. Landsdale and daughter, Brett.

Exams Slated To Pick Youths For Service Schools

Senator Lyndon B. Johnson has announced that Civil Service examinations for Texas boys seeking appointment in 1957 to the Army, Navy and Air Force service schools will be held November 20 at 71 cities and towns throughout the state.

Senator Johnson uses the results of these examinations as a guide in making his appointments to the military academies.

Entrance requirements vary, but all three academies require that appointees be United States citizens. In the case of applicants to be considered by Senator Johnson, they must be residents of Texas. They must be between the ages of 17 and 21 years upon entry, must be single and must pass a rigid medical examination and a physical aptitude test. Candidates for the Air Force Academy must be able to pass the medical examination for flying training on a pilot aptitude test.

Persons interested in taking the competitive examination on November 20 are advised to write Senator Lyndon B. Johnson, Senate Office Building, Washington, D. C., not later than October 15.

County Farm Bureau To Stage Super at Rowden

Bill Lawrence of Rowden, Secretary-Treasurer of the Callahan County Farm Bureau, announced this week that the organization will serve supper to members and interested residents of this area at the Rowden Community Center, Saturday night, Sept. 29, starting at 6:00 o'clock marking the kick-off of a county-wide drive to secure members for the Bureau.

An excellent program is being planned and all interested citizens of this area are urged to attend and enjoy supper and the program to follow, he stated.

Mrs. J. Walter Jones is visiting here with her daughter and husband, Mr. and Mrs. Doyle Burchfield. The Burchfields recently spent a few days vacation in Arkansas and Missouri and visited her sister, Mrs. O. C. Alexander and family in Kansas and Mrs. Jones returned home with them.

Silver Jubilee Of Texas Prison Rodeo

Huntsville.—Plans for the Silver Jubilee of the Texas Prison Rodeo include several extra inmate events plus a number of added attractions from outside the Walls. Inmates, performers, and fans alike, are determined to make this Silver Anniversary of their Big Show the best in its colorful history.

More than two million fans have witnessed the justly famed Prison Rodeo since the first chute was opened before a handfull of spectators back in 1931. During the past five years the "Biggest Show of its Kind on Earth" has won honors in broken attendance records. Over 120,000 spectators enjoyed the 1955 version of this big fall event.

The main purpose of this annual event is to raise money for the education and recreation of the inmates of the Texas Prison System. These and other necessary phases of the penitentiary rehabilitation program have never been provided by the state. All proceeds go to the Prisoners' Educational and Recreational Fund which pays for all the rehabilitative activities carried on under the guidance of the Texas Prison Board and prison management. These worthwhile programs, returning better men to society, have grown apace with the rodeo.

"Most people who attend the rodeo year after year already know of the good quality of the entertainment," states Governor Allan Shivers, "but we want them to know also that by their support, each person attending contributes a special part to the building of a better rehabilitation program within the prison system. All inmates of the system receive physical, mental, and spiritual benefits from this program, which is the prison's most vital function."

Most contests in each thrill-packed performance, bear the same names as those staged at professional rodeos. However, convict riders have invented hair-raisers such as the "Mad Scramble" in which ten chutes open simultaneously, spewing forth ten mad Brahman bulls. This event is unparalleled in rodeo shows the world over. Bull riding is filled with hazards. Being thrown under the flying hooves is just one of the many possibilities. For pure unadulterated excitement this event is unsurpassed.

Take equal quantities of range-wild stock and rough and tough convict riders with more guts than sense, buck out 60 head of stock in about 35 minutes and most anything can happen, and usually does. Each performance adds to the fame of the Texas Prison Rodeo as the fastest, rowdiest, ruggedest rodeo, unmatched anywhere for the rough recklessness of the convict riders, and the wild, savage, unbroken, untamed temper of the stock.

This year's event and the many to follow will continue to provide good fun, good will, and good fellowship for all enthusiastic Texans who love a rodeo.

Nature sure pulled a boner when she made prunes more healthful than strawberries.

Man has now conquered almost everything dangerous in nature, except human nature.

Angels are always pictured as women, because it doesn't embarrass a woman to flirt around with nothing on but a pair of wings.

Compared with the British inch, the American inch is two millionths of an inch too long; which is the least we Americans have ever stretched anything.

Austin—Activities of the National
 Association for the Advancement of
 Colored People have ended, tempo-
 rarily, in Texas.

A stop order was issued at the re-
 quest of Attorney General John Ben
 Shepperd by Dist. Judge Otis T.
 Dunagan of Tyler. Hearings will be
 held Friday, Sept. 23.

Investigations of the NAACP, a
 New York corporation with 112
 branch offices in Texas, have been
 going on quietly for several months.
 Climax came with the filing of
 charges alleging numerous violations
 of Texas laws.

Specifically charged were efforts
 to register Negro students in Texas
 schools, contrary to the laws of the
 State; inciting racial prejudice, pick-
 eting, riots and other unlawful acts,
 contrary to public peace; engaging
 in political activities; operating
 without a permit; evasion of taxes;
 practicing law without a license; and
 coercing Negro students and their
 parents.

"Transaction of business in Texas,
 by a foreign corporation, is only a
 privilege which the State of Texas
 may confer, extend, or withhold,"
 said Shepperd.

This is not "in any manner" a
 suit against the Negro citizens of
 Texas, Shepperd pointed out. "It is
 limited to the NAACP as a foreign
 corporation, and their affiliated or-
 ganizations. For over 100 years the
 white and colored races have lived
 together in Texas peacefully and in
 harmony. Were it not for the activi-
 ties of the NAACP they would now,
 and in the future, continue to do so."

Dr. H. Boyd Hall, state NAACP
 president, said the move indicated
 that Texas is entering "an era of
 persecution." NAACP officials im-
 mediately called a 17-state meeting for
 St. Louis.

Although the principal headquar-
 ters of the NAACP is in Dallas, the
 suit was filed in Tyler because a
 number of defendants are in that
 area.

State Income Up
 State income jumped nearly \$75,-
 000,000 during the past year but in-
 creased expenditures are expected to
 consume it all and more too.

Revenues totaled \$913,422,792 dur-
 ing the fiscal year, State Comp. R.
 S. Calvert reported.

A state budget spokesman said
 the present standing pattern and
 new demands will likely require a
 new tax bill at the next session of
 the Legislature.

Requiring more money are growths
 in public schools, junior and senior
 colleges, prisons and hospitals. Propo-
 sals for increases in teacher re-
 tirement benefits and aid to dis-
 able persons are to be voted on in No-
 vember.

Gap is estimated variously from
 \$5,000,000 to \$30,000,000.

Road Money Earmarked
 For the first time, right-of-way on
 Texas' interstate highway system
 will be purchased with federal-state
 money instead of city and county
 money.

An initial fund of \$19,366,100 for
 such purchases has been established
 by the State Highway Commission.
 Texas puts up 10 per cent; the fed-
 eral government 90 per cent.

Included in the current program
 are 637 miles of new work costing
 an estimated \$256,000,000.

Oil Flow Cut
 Reduction of 75,169 barrels daily
 in Texas' permissive oil flow was
 ordered for October by the Railroad
 Commission.

This trims the allowable to 3,279,-
 697 barrels daily with wells operat-
 ing 15 days during the month. One
 commissioner, Olin Culberson, want-
 ed to go to a 16-day pattern. He ex-

pressed unhappiness with the de-
 pressing influence of imports on the
 Texas allowable.

Jobs For Handicapped
 Texas employers put more handi-
 capped persons on jobs last year
 than ever before—24,445. Applica-
 tions increased, however, from 6,727
 to 14,004.

Laurence R. Melton, chairman of
 the Texas Committee for Employ-
 ment of the Physically Handicapped
 announced the figures.

Gov. Allan Shivers presented
 merit awards to three employers for
 their consistent hiring of handi-
 capped persons. These were Sears
 Roebuck, Hammand Laundry and
 Machinery Co. of Waco, and How-
 ard Aereo Inc. of San Antonio.

Earl Brown Jr., Abilene was de-
 signated the handicapped person of
 the year. A special award went to
 Adolph L. Stein Jr., Kelly Air Force
 Base.

Standby Reserves Polled
 Questionnaires are being mailed to
 all standby reservists but there is
 no cause for alarm. Morris S. Sch-
 wartz, state selective service direc-
 tor, says it's just for inventory.

Standby reservists cannot be cal-
 led to service unless an emergency is
 declared by the Congress, he said.

Based on information in his ques-
 tionnaire, each standby reservist will
 be placed in one of three categories:
 I-A, available for service; II-R, de-
 ferred because of civilian occupa-
 tion essential to maintenance of na-
 tional health, safety or interest; or
 III-R, deferred by reason of extreme
 hardship of dependents.

Crime On Increase
 There has been an estimated 13
 per cent increase in crime in Texas
 cities, reports the Department of
 Public Safety. Rural areas show a
 2 per cent decrease.

Major increase in both areas was
 in theft, up an estimated 14.8 per
 cent. Auto theft showed a 4.2 per
 cent gain; burglary increased 6.5
 per cent.

Decreases were in rape, 18.5 per
 cent; murder and homicide 12 per
 cent; robbery 1.5 per cent; and ag-
 gravated assault 7.6 per cent.

Short Shorts

Motorists are being urged by the
 Highway Safety Council to "police
 themselves" as an extra precaution
 against football week end traffic
 hazards. H. H. Coffield of Rock-
 dale is the new chairman of the
 Texas Prison Board. Fred Shields of
 San Antonio now is vice chairman
 and Dr. George Beto of Austin is
 secretary. Prison authorities will
 ask Legislature for \$8,825,000 for
 new buildings and improvements.

Gov. Allan Shivers has warned of in-
 creased forest fire hazards in the East
 Texas drought areas. He urged
 hunters to be particularly careful
 of camp fires and lighted cigar-
 ettes. Commercial hatchery pro-
 duction in Texas rose 25 per cent
 in August over a year ago, the U. S.
 Department of Agriculture reported.

Output was 8,837,000 chicks, 93 per
 cent for the broiler market. Gov.
 Allan Shivers has designated this
 week as Business Women's Week,
 and Oct. 14-20 as Mirabeau B. Lar-
 mar Week in Texas. Organizational
 meeting of the new state Demo-
 cratic Committee has been set for
 Oct. 4 in Austin. A budget of
 \$50,000 has been set up by the Tex-

October Is Proclaimed P.T.A. Membership Month By Gov. Allan Shivers

October has been proclaimed parent teacher membership enrollment month by Governor Allan Shivers, by Mrs. Leon S. Price of Dallas, president of the Texas Congress of Parents and Teachers, and by Mrs. Rollin Brown of California, president of the National Congress.

Stated Governor Shivers: "Since its initial organization on October 19, 1909, the Texas Congress of Parents and Teachers has made constant progress in its efforts to promote child welfare through the cooperative efforts of parents and teachers."

"The Texas Congress reflects the desires of all of our citizens to preserve for the children of our state the finest aspects of America's heritage of freedom. It is well for all of us to encourage the largest possible membership in this group which is devoted to the interests of our public schools."

Said Mrs. Price: "We, who love children and youth and have faith in their future, are afforded an opportunity to give special invitation to our neighbors to join the more than a half million members in Texas in our continued efforts to build better homes, better schools, and better communities."

Mrs. Brown: "Once again we extend our traditional welcome to all mothers, fathers, teachers and other interested citizens. Our organization has grown tremendously since the first special invitations went out during the closing years of the last century. Today we have a vastly larger membership—more than ten million."

"The administration program details our determination to remove all blocks in the way of the finest schools, the most wholesome communities, the best family life for all our children."

Mrs. Joe Fleming and Mrs. S. O. Skinner spent Thursday and Friday in Pampa visiting Mr. and Mrs. Bill Watson and Glen Fleming.

There Is No Magic Formula

THERE is nothing mysterious about the treatment of disease. It is a sound, practical procedure. The physician deliberates each individual case, prescribes the remedy indicated. Despite the wild propaganda of the patent medicine vendors, there is no magic formula. In many instances, indiscriminate self-medication results in serious harm. Even a minor illness should not be neglected. When you feel "out of sorts," consult a competent physician. Receive the benefit of his years of study. Then bring his prescriptions to us to be filled. If yours is an illness that yields to treatment, prompt recovery will be your reward.

Cattle Prices Firm After Severe Break.

Fort Worth—Trade was fairly active and most classes of cattle and calves sold fully steady at Fort Worth Monday. At Fort Worth a major portion of the cattle supply was again aged cows and bulls. Fed steers topped at \$24.

The strike against Swift & Company packing plants across the country affected 39 of that firm's plants. However, since most of their employees at Fort Worth and other points were members of an independent union and not affected by the strike, operations were normal here.

All other packers were operating normally, and a check in this area Monday morning revealed practically all plants operating near capacity.

In the critical New York area the USDA reported in the wholesale meat trade that "the strike was causing little excitement as wholesalers are functioning on a normal basis. Supplies little changed from a week ago." The USDA report on wholesale meat trade out of Chicago said in part: "Beef offerings not quite as plentiful as most recently."

Comparative prices at Fort Worth: Good and choice steers and yearlings \$17.00 - 24.00; common and medium \$10.00 - 16.50; fat cows \$8.50 - 11.00; canners and cutters \$5.50 - 8.50; bulls \$8.00 - 12.50; slaughter calves \$8.00 - 17.50; baby beef to \$18.00 and above; stocker calves \$19.00 down; stocker yearlings \$17.50 down.

Hogs Open 50 to 75 Cents Higher, Runs Decline.

Butcher hogs opened 50 to 75 cents up at Fort Worth and topped at \$17.25 to \$17.50, and sows were 50 cents higher at \$14 to \$15.50. While about normal supplies arrived here, the total around the 12 major markets was about 20,000 under a week ago. This factor was credited with the good advance in live hog prices.

Sheep And Lambs Open Steady: Lambs Top \$21.00.

Woolled fat lambs topped at \$21 at Fort Worth Monday as the trade was steady and fairly active throughout. Shorn lambs with short pelts topped at \$19, some at that figure bearing No. 3 skins. Longer pelts were quotable higher.

Old ewes were steady, most sales from \$4 to \$5, a few outside that range. Yearlings sold from \$10 to \$16. Old wethers drew \$8 to \$12. Old bucks sold around \$3.50 to \$4.00. Cull 'o medium lambs drew \$10 to \$17. Stocker and feeder lambs sold from \$12 to \$16, a few higher.

Stocker Sale Grossed Over \$278,000.

The stocker and feeder sale held at Fort Worth Friday saw a top of \$25 per hundred paid for the grand champion pen of steer calves by J. M. Huffington of Hockley, Texas. The steers were consigned by Joe Waide & Son of Sanger, Texas. Other choice and good grade steer calves sold from \$18 to \$21, and plainer sorts sold from \$15 to \$17. Stocker heifer calves of the better kinds bulked at \$16 to \$19, with a top of \$21 paid for a load from Marfa.

In all some 3,771 calves and yearlings were sold for a gross of \$278,556.16. The average straight across was \$73.87 per head.

Mr. and Mrs. Eugene Grider and children visited Mr. and Mrs. Robert Grider in Coleman Friday afternoon and attended the ball game Friday night.
