**CHEERLEADERS FOR 1959-60** ... Pictured above are the Cross Plains Buffalo Cheerleaders for the school term of 1959-60. Top, Sandra Kilgore, standing, left to right, Rebecca Burkett and Blenda Brashar and kneeling, head cheerleader Vondean Walters.

The girls have just returned from a week's session of the annual Southern Methodist University Cheerleader School, held Monday through Friday of last week. They returned with outstanding honors, winning in every competition workshop. After winning one third and three second places, great determination led to a first place reward out of some 600 cheerleader students.

Their daily routine included tumbling, workshop, competition yells and lectures. Through the lectures the girls have come home with high hopes to raise the school spirit of both the town and student body.

The leaders invite everyone to their pep rallies and urge all to attend the games to back the Buffalo team.

## 27 Buffalo Grid Men Now Practicing Twice Daily Here

A total of 30 gridmen are expected to report for football workouts next week, according to Head Coach Bill Gunn.

Gunn stated that 27 squadmen are now working out twice daily with three more expected next week. Eight returning lettermen are spearheading the pre-season workouts. Seven Seniors are preparing for their last grid season under the purple and gold, and 10 Juniors, nine Sophomores and four Freshmen round out the Buffaloes.

The Buffaloes will formally open the forthcoming season Friday, Sept. 4, when the Baird Bears will invade Buff stadium. The Buffs should be out to avenge their 16-8 defeat at the hands of the Bears last year.

Nine Buffs were lost via graduation from last year's team, including All-Area choices, Perry Jennings and Jim Fleming, and an All-District Buff, Johnny Pancake.

Workouts are now being held twice daily at Buffalo Field from 7:00 to 8:30 a.m. and 5:30 to 7:30 p.m.

Bill Gunn is head coach of the Buffs, and he is assisted this year by Frank Gray and Terry Watkins.

The Buffs will again, this year, compete in District 10-A which is made up of Albany, Merkel, Clyde, Wylie and Cross Plains. The schedule is the same as last year with only the sites at which the games will be played changed.

## PHILIPER GLAD TO SEE THAT HE AND MOWER AGREE ON NIKITA'S TRIP

visitors from foreign countries. I've been saying it about visitors from around here.

Why should I cut the weeds in my front yard just because some in-law who has managed for the down payment on a new car is coming out Sunday to sponge a free meal off of me?

Me and President Eisenhower see eye to eye on this thing, that is, I'm not saying his farm at Gettysburg has weeds in the front yard, he may have more time for chopping weeds than I have, but we both agree that we've got nothing to hide in this country. If my front yard suits me from Monday through Saturday, why spruce it up for visitors coming Sunday? If a man's kids aren't already pretty well behaved, combing their hair is not going to fool anybody.

Let ole Khrushchev come on over and see us like we are. I don't know why he's coming, some experts figure he has a deep, dark, sinister motive in coming and maybe he has, but on the other hand, he may be just coming for the trip.

A man can get bored with enslaving small countries and sending your fellow-countrymen to Siberia. If I lived in Russia, I'd like to get out as often as I could too.

Yours faithfully,  
J. A.

**SABANNO CORRESPONDENT UNDERGOES MAJOR SURGERY**

Mrs. Edwin Erwin, long-time Review correspondent of the Sabanno Community, underwent surgery at the Eastland Memorial Hospital, Thursday of last week and according to reports received here this week, is recovering nicely from the operation.

Mrs. Leonard Ingram of the Sabanno Community is sending in the news for Mrs. Erwin while she is hospitalized. We join in wishing for her a speedy and complete recovery.

Mrs. W. W. Smith visited her sister, Mrs. Pearl Criswell of Rising Star over the week end. Mrs. Criswell and her son, A. D. Criswell, family of Fort Worth, accompanied her home and spent Sunday evening here.

**Former Citizen Is Sole Owner of Swank Hotel**

A. Rennerick Clark, step-son of Mrs. Jeff Clark of this city, recently purchased the interest of his partners in the swank Western Hills Hotel in Fort Worth, at a cost of more than \$2½ million dollars to become sole owner of the lavish motel, located on the west side of Fort Worth on Highway 80.

He helped dream up the hotel which opened eight years ago last month, and grew to national fame as first of its kind in the nation.

Clark worked his way through Texas A&M as a janitor and waiter, graduating with an electrical engineering degree and straight "A's" at the age of 18—youngest graduate in Texas A&M's history.

He is known in Europe as one of the world's most polished magicians. Although you ordinarily have to go to the Metropolitan Museum of Art in New York to see an authentic Chinese emperor's robe with its 12 symbols, he wears one among his magic-act garments.

Until he sold his collection two years ago, he had 3,000 parakeets in the aviary at his home in Fort Worth, for the best collection in the nation.

The Clarks, who are childless, share a new collection. Gathering bongos, congo, timetable and trabadora drums on trips to South America and the Indies. They travel extensively abroad.

He is a past president of the International Brotherhood of Magicians.

**Buff Little League Team Entertained With Picnic**

Members of the Buff Little League team was honored Friday of last week with a picnic at Lake Cisco. Sponsor of the team is the Quarterback Club.

The group enjoyed a picnic lunch, swimming, miniature golf, skating and games during the afternoon and coaches John Pruet and Johnny Adair presented baseballs to the following 12-year-olds: Mike Pruet, Tommy Purvis, Terry Harris, Tommy Dewbre and Jim Robinson.

## Band Booster Club to Meet Here Next Tuesday Night

Bob Latson, President of the Buffalo Band Booster Club, announced this week that a special called meeting of the organization will be held at the school band hall, starting at 7:30 p.m. Tuesday, Aug. 25, and all interested citizens of the school district are urged to attend and help in promoting the school band.

Other officers of the club this year are: Howard Cox, vice-president; Mrs. Dan Johnston, secretary and Mrs. A. J. McCuin, treasurer.

President Latson reported that the Buff Band will include some 70 members under the direction of Roland Howell this year, and the club is interested in having a large and active membership to back this fine musical organization.

Plans for the coming school year of activities will be discussed during the business session of this first meeting, he stated.

## Addition To Citizens State Bank Being Used

Fred V. Tunnell, President of the Citizens State Bank, announced this week that the new addition to the bank building has been completed on the interior and directors of the institution held their monthly meeting in the new director's room last Friday afternoon.

The expansion program was made possible recently when the bank purchased a 25-foot square portion of the building occupied by Bryan Variety Store and located directly behind the bank building from M. Polusuk, of Dallas.

Mayes Lumber Co. of this city was contractor on the project which includes the new director's room, measuring 25x15-feet, and a new fireproof storage vault measuring 25x9-foot, which will be used to store bank records and customers valuable papers.

Tunnell stated that the room formerly used by directors is now being used as the bookkeeping department, which relieves a very crowded condition that has existed in that department. The new set-up provides bookkeepers with a private office where they can work without distractions. Space formerly occupied by the bookkeeping department will be used by bank officers and Mrs. Mac Coppinger, secretary.

Bank officials invite everyone to drop by and see the new and attractive addition and improved arrangement that will aid both customers and bank employees. Mr. Tunnell also pointed out that the spacious new director's room is open to groups needing a place to meet. It has an outside door leading to West 8th Street and can be used at night without going through the bank, he pointed out.

All departments in the bank building are served by a modern intercom service and also telephones.

Contractor Mayes stated this week that work on the exterior of the building will be completed in the near future.

## Rev. Bruce Weaver to Preach At Methodist Revival Starting Here

Rev. Bruce Weaver, pastor of the First Methodist Church of Hillsboro, and one of the outstanding young preachers in the Central Texas Conference, will do the preaching at the revival which begins Sunday evening at the First Methodist Church, here.

Rev. Gordon Dennis, pastor of the church, will be in charge of the music.

The revival services will continue through Sunday, Aug. 30, with services being held twice daily. Morning services will be held at 7:00 o'clock and will only last 30 minutes so that those working may be to their jobs on time. Evening services will start at 7:30.

Rev. Dennis extends everyone a cordial invitation to attend all services during the week.

**P.-T. A. to Hold First Meet Of Year Here, Sept. 1**

Mrs. Albert Lovell, president of the Parent Teachers Association, has announced that the first meeting of the organization for the current school year will be held Tuesday night, Sept. 1, in the school cafeteria.

The meeting will be family night and all new teachers and new pupils will be introduced during the evening. Everyone is asked to bring a sack lunch which will be spread at 7:30. Drinks will be furnished by the organization.

All school patrons are extended a cordial invitation to be present and enjoy an evening of fun and fellowship for the families and help welcome new teachers, students and their parents.

## Norman Vaughn, Billy Mayes Spending Army Leave Here

Norman Vaughn and Bill Mayes, who have been stationed at Fort Leonardwood, Missouri, since entering the service in June, are spending a two weeks leave here with their parents, Mr. and Mrs. Glen Vaughn and Pat and Mr. and Mrs. Claude Mayes and Rex, following completion of their basic training.

Mrs. Mayes and Rex, Mrs. Paul Lutzenberger and Judy and Grady Scott drove to Missouri and returned Bill home after a short visit in Missouri and Arkansas and Norman made the trip home by charter bus arriving in Abilene Friday morning of the past week.

The boys will return to the Missouri camp Aug. 28.

## Jerry Erwin Listed on Dean's Honor Roll At Texas U.

Jerry Erwin, son of Mr. and Mrs. W. R. Erwin of Sabanno, was one of eight engineering students to be named to the spring honor roll at the University of Texas College of Engineering, according to a news bulletin received here recently.

He was named on the summa cum laude list with 48 grade points on 18 hours work.

High man was Floyd George, Jr., of Brownwood, with 60 grade points. Jerry was a high-ranking graduate of Cross Plains High School with the Class of 1956, and was also an outstanding student while attending Tarleton State College at Stephenville, where he was the highest ranking student in engineering.

## Thompson Family Reunion Date Set for September 7

The show is set up on a Senior and Junior basis, with 10 Senior directors representing the adults and 10 Junior directors representing the Coleman FFA Chapter.

Max Horne, RCA roper is president of the Seniors, while David Hagler is prexy for the Juniors. Jane Elliott, 17-year-old daughter of Mr. and Mrs. T. A. Elliott of the Camp Colorado community will serve as queen for the Junior Show.

This year's show will have 19 events, including tie-down roping, ribbon roping, wild cow milking, goat roping, girl's barrel racing, pole bending, calf scramble, goat sacking, steer riding and boot scramble. All contestants will be 19 year or under, with some events requiring younger age limits.

Youngsters wishing an entry blank should contact Stanley Blackwell, Rt. 1, Coleman, Texas. Deadline on entries is Wednesday, Aug. 19, at 3:00 p.m.

A parade will be staged each evening at 8:00, and performances will start at 8:00. Admission is \$1 for adults and 50¢ for children. A dance will be held each night after the show at the recreation building on the grounds and music will be furnished by the Cruisers from Brownwood.

The rodeo will be held in the Coleman rodeo grounds.

## HOSPITAL NOTES

Mrs. Roy King was admitted to a Colorado City hospital Friday of the past week where she will undergo treatment for several days. She is expected home sometime this week end.

## Callahan County Pioneers Elect Steadham President At 21st Reunion Held Friday

### PIONEER SCHOOL EX-STUDENTS MEETING IN REUNION THERE TODAY (THURSDAY)

Members of the Pioneer School Ex-Students Association and old settlers of that community are holding their annual summer reunion at the Union Tabernacle in that community today (Thursday), with Bud Nunn of Pioneer, president of the organization, presiding over the day's program.

The program gets underway at 9:30 a.m. with registration of members and visitors, after which an excellent program will be enjoyed during the morning. At noon the members will be served lunch by ladies of the Pioneer Home Demonstration Club, at \$1.00 per plate, and the afternoon will be spent in visiting and renewing old acquaintances.

President Nunn reports that a large crowd is expected to attend this year's reunion and officers invite all ex-students and former residents of the community living in this area to attend. He stated that if you cannot spend the day, drop by and visit for a while and enjoy meeting old friends.

Other officers of the association include Ace Hickman of Baird, Vice-President and Mrs. R. C. Brown of Pioneer, Secretary-Treasurer.

## HOSPITAL NOTES

Mrs. Roy King was admitted to a Colorado City hospital Friday of the past week where she will undergo treatment for several days. She is expected home sometime this week end.

Members of the Callahan County Pioneers Association met in the city park here last Friday in their 21st annual reunion, with a record crowd present to enjoy the day's festivities. This year's reunion was dedicated to S. F. (Fos) Bond of Cross Plains and W. D. Boydston and J. Q. Morrison, both of Baird.

Joe Steadham of Austin was elected president of the association and re-elected were L. L. Blackburn of Baird and Oscar Pyett of Clyde as vice-presidents. Mrs. B. L. Boydston was re-elected secretary-treasurer.

Feature attraction of the program was the principal address given by Lewis Nurdyke, noted author of Amarillo and a former resident of the Cottonwood Community. He was introduced by Jack Scott of this city. Nurdyke held the attention of the large crowd as he related a short history of the county and spiced his remarks with humor about his boyhood days in Cottonwood. He was accompanied to the reunion by his wife and daughter, Mrs. Bob Pando, also of Amarillo and his mother, Mrs. C. T. Nurdyke of Baird.

Other speakers on the program included the outgoing president, W. Clyde White of Baird, who gave the welcome address. Others who spoke briefly included Meade Griffin, senior associate justice of the Texas Supreme Court; Mayor W. D. Smith of Cross Plains, and Bob Norrell, veteran Baird banker.

R. P. Luce of Big Spring won the Old Fiddlers Contest. Second place went to R. H. Wooten of Cross Plains, third, Mel Rose of Putnam and fourth, George Sadler of Baird. They were awarded cash prizes as gifts from the children of the late C. T. Nurdyke, long-time Callahan resident and father of the guest speaker.

Judges for the contest were Felix Oglesby, Cross Plains; Will Peavy, Cisco and A. E. Gardner, Eula.

Recognition was given a large number of the pioneers present.

Bob Westerman, Christoval, was recognized as the earliest cowboy (1880). He is 94. His wife is 87. Together they were recognized as the couple longest married—70 years.

Earliest pioneer man was T. D. Dawkins, San Antonio, who came in December, 1876. Earliest pioneer woman present was Mrs. J. A. Jackson, Baird, who came in 1877. She is 90 and gets about in a wheelchair.

Earliest pioneer man with continuous residence was Ches Barr, Cross Plains, who came in 1883. Earliest pioneer woman with continuous residence in the county was Mrs. Jack-son.

Oldest native-born man was Bob Bihkley, Aspermont, 1878; and oldest native born woman, Mrs. L. L. Blackburn, Baird, 1878. She was also the oldest native-born woman with continuous residence in the county. Oldest native-born man with continuous residence was S. M. Eubank, Putnam, born in 1883.

Man coming greatest distance to attend was D. A. Taylor, Merced, California. Woman coming greatest distance was Mrs. Lucie Williern Uzzell of Fresno, California. Couple married longest were Mr. and Mrs. Westerman. Couple married longest with continuous residence in the county were Mr. and Mrs. V. L. Fulton of Cottonwood, 59 years.

In the business session members voted to lower the county residence qualification to become a pioneer. It has been 50 years in the county and now it is 35 years.

Masters of ceremonies were Fred Heysler of Putnam and Randall (Continued on back page)

State March of Dimes chairman Gordon McLendon, recently reappointed by National Foundation President Basil O'Connor, has called for additional help for "broke" chapters who now owe one-half million dollars, mostly to hospitals in the state.

Shown here at a recent March of Dimes meeting, he is explaining to Clare Foran of Corpus Christi and foreign exchange students Francisco Loup of France and Josette Thonnard of Belgium how American teens gain insight into community action by participating in the March of Dimes and National Foundation chapter activities.

"Texans will respond freely with dollars," he said, "to save lives and to help bring those crippled by paralytic polio back to meaningful living if they know the facts and know that the money is wisely spent."

McLendon is president of the McLendon Corporation which operates radio stations in Dallas, Houston and San Antonio.

Highway Patrol Releases Area Accident Figures

Sgt. R. W. Sosebee of the Abilene District office of the Texas Highway Patrol, released Taylor, Jones and Callahan Counties rural traffic accident summary for July, 1959.

The Highway Patrol in this area investigated a total of 26 accidents with the following breakdown: property damage, 18; personal injury, seven; and fatal accidents, one.

He reported a total property damage of \$11,850.00 with 20 persons injured and two killed. This is an increase of six accidents and the same number of deaths for the same period of July, 1958.

Callahan County had the following breakdown: property damage, nine; personal injury, two and fatal accidents, none. Property damage amounted to \$5,070.00 with five injured. This is a decrease of three accidents for the same period of July, 1958.

Nunn Family Holds Annual Reunion At Lake Brownwood

Some 140 were present to attend the Nunn family reunion held at Lake Brownwood recently.

All attending reported a most enjoyable time and it is hoped that many more reunions such as the past one, may be held.

Dr. Tom Havins of Brownwood attended the Old Settlers Reunion Friday and was a luncheon guest of Mr. and Mrs. VOLLIE McDONOUGH.

Mr. and Mrs. Elvis Scott and Don recently returned from a few days vacation in Galveston and Louisiana.

Mrs. John Horton of Ranger was a week end visitor here in the home of Mr. and Mrs. Edgar Jones. She also visited in the home of Mr. and Mrs. Oscar Melton, at Cross Cut.

Mrs. Mary Howle and family have returned to their home in DeBols, Pa. after a ten day visit here with her mother, Mrs. Jimmy Hinkle and husband.

Farmers who claim for refund should keep sufficient records to certify the accuracy of the refund claimed. The records should show the purchase dates, the gallons bought and the gallons used on the farm during the twelve months period. Also the gasoline used by custom operators doing custom work for a farmer should be recorded and can be included in the claim for refund, Prater notes.

Excise taxes paid on diesel fuel or special motor fuels for farm purposes can also be recovered. The farmer should ask the dealer to repay the taxes on the fuel bought. The dealer should be furnished a signed statement, showing the name and address of the purchaser, the date of purchase and gallons purchased, adds Prater.

**SCD NEWS NOTES**

Supporters of local soil conservation districts and persons interested in commemorative stamps will be able to purchase a 4-cent soil conservation stamp locally starting Aug. 27.

Although the Post Office Department is printing 120 million copies of the 3-color soil conservation stamp, which portrays a modern conservation farm, the edition won't last long in the opinion of local soil conservation district supervisors.

The stamp is being issued at Rapid City, S. D., on August 26 as a tribute to conservation farmers and ranchers, their local soil conservation districts, and the professional conservationists of State and Federal agencies who assist them.

Many farmers in the Lower Clear Fork, Middle Clear Fork and Central Colorado Soil Conservation Districts are now making plans for the seeding of winter cover crops. Have you made plans yet to include a legume in your cropping rotation?

The most commonly used cover crops are winter peas and vetch. Vetch and small grain do good on mixed and sandy soils. Winter peas grow well on tight land.

Both vetch and winter peas are legumes and the seed should be inoculated before planting. Legumes can do much for the soil. They will condition the soil, allowing a much faster rate of infiltration of water in the soil. Legumes also add or-

ganic matter to the soil. Winter peas should be planted at the rate of 15 pounds per acre in regular rows. Vetch should be seeded at the rate of 10 pounds of seed per acre when drilled with small grain. These legumes will do best when fertilized with approximately 100 pounds of 13-39-0 fertilizer or its equivalent per acre.

Vetch and winter peas should be seeded on or before Oct. 15, for best results; however, some soil conditioning results can be obtained by seeding after this date.

Cost-sharing can be secured for cover crops under the Agricultural Conservation Program by the ASC office in Callahan County. Prior approval must be obtained from the ASC office before planting if cost-sharing is desired. If more information on winter cover crops is needed, contact personnel of your local Soil Conservation Service or the ASC office who are assisting with this program.

**Boat Registration Will Go Into Effect In Oct.**

Austin—State Highway Engineer D. C. Greer said this week that registration of boats would go into effect in October. The new boating act requiring registration was recently passed by the Legislature.

Greer assured boat owners that no penalties or convictions will be involved for this delayed registration date, particularly in view of the fact that the final boat-registration date is March 1, 1960. Other features of the act went into effect Tuesday, August 11.

Greer explained that boat registration was a little foreign to the ordinary function of the Texas Highway Department, but that the Department was already well experienced in handling this type of operation.

"We have been registering motor vehicles for more than forty years. Nearly four and a half million motor vehicles were registered by the Department this year. The Texas Legislature, cognizant of the experience of the Highway Department, gave us the job in order to take advantage of existing operations and to cut cost. The Texas Highway Department deals solely with registration in this boating bill; we have nothing to do with the safety aspect," Greer said.

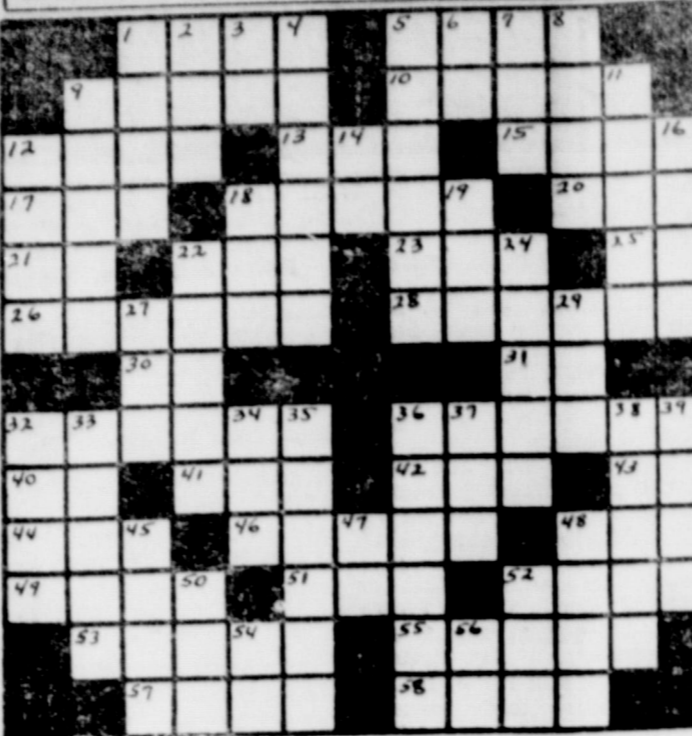

The appropriation bill passed last week provides funds after Sept. 1. These funds enable the Texas Highway Department to print the necessary forms and place into operation the procedures invested in the Highway Department by the act.

Greer estimated that the registration forms and blanks would be printed and in the hands of boat dealers, county offices, Highway Department offices, and other public offices in Oct. Ample public notice will be given when these forms are available.

Roy L. Smith of Monahans was a Thursday visitor in the Volvie McDonough home.

Mr. and Mrs. A. W. Franke and Edwin have spent the past ten days visiting relatives and friends in Dayton, Ohio.

OMAR BURLESON, Congressman 17th District

Washington, D. C.—One of the strangest lobbies appeared in Washington this week. The representatives of this lobby have periodically visited the Capitol for the past several years.

They are a group of Amish bishops and ministers who ask help from Congressmen to be freed from Federal Old Age and Survivors' Insurance and Social Security.

The Amish, a group of the Mennonite religious faith, are opposed to participation in the program because of their beliefs. In their habits and mode of conduct they remain much as they were in the 17th century.

It is a paradox that two hours of driving from the hustle and bustle of the Nation's Capitol will bring one to great communities of these people. Along the roads leading through the area where they live are signs posted, "Slow-Watch for Horse-drawn Vehicles."

When an agent of the FBI before the war, it was my privilege to know some of these folks in Indiana and Ohio. Visiting them, the first thing noticed were the fine barns, good stock, immaculate premises and well-built houses.

Although few conveniences—no rugs on the floors, no telephones or radio, and today, no television aerials on the house—everything was always spotlessly clean, always the very best of substantial food.

Their clothing is severe—dark, clothes, some homespun; low-crowned, broad-brimmed black hats for the men—long black dresses, gray or black bonnets for the women.

In some of the smaller towns and villages no one drives his automobile on the town square on Saturday afternoon for fear of scaring the horses, even if there is a parking place.

The long-bearded men are serious but friendly. They are a patient, hard-working and independent people, but they want no part of child welfare, old age assistance, social security or any other government assistance. They are protesting for having been brought under the law's provisions.

They have their own matchless social security system through family unity and community self-sufficiency.

It is strange that two hours away from the Pentagon, where is discussed daily intercontinental missiles, nuclear powered submarines, airplanes, and trips to the moon, one may again see the 17th century.

The striking contrast may perhaps suggest an analogy in that these independent and self-sufficient people, whom we call backward, are so near the progressiveness of all the new things which have come about in these recent years, including numerous types of Government aid to people.

While most of us struggle for the better things of life, called "a higher standard of living," which means all the gadgets for conveniences, many of us seemingly lost a lot of what the Amish retain as a part of their religious living. Our concern for the "better things" becomes an obsession, which gives us little time for anything else. The concern for security alone has a tendency to level and stereotype all people—as to what we think, do, eat, wear, where we live, how we raise our family, and the kind of Government we have.

**Two Chevy middleweights prove their rawhide stamina!**

**Top hands on high-country hauls!**

Ask any trucker who's been over Wolf Creek Pass, 10,850 feet up in the San Juans: a 9-mile pull to the summit and low gear all the way down. Mr. C. H. Phillips of Alamosa, Colorado, has a 6403 and a 6503 Chevrolet truck that are up over this route the year round, taking sheep and beef to pasture, later marketing the stock in Denver. In less than a year, his Chevy middleweights have averaged about 50,000 miles of this kind of treatment—and they're going stronger than ever!

Watch Chevy trucks at work out in range country. It's a sight to see the way they pack into high-up mountain pastures and handle through brush and rock like a cowman's favorite cutting horse. Take any truck work for that matter. Chevy middleweights probably handle a bigger variety of jobs than any trucks alive. About anything you name, including work that used to be reserved strictly for bigger rigs. When a truck's built the way a Chevy is, lean-muscled and rawhide-tough, it takes to ugly trails the same way most trucks roll over the highway. It just keeps going, without a big to-do, but looking good every mile of the way. How they do it is your Chevrolet dealer's department. He'll be glad to supply details and specifications on the type of models you need.

No job's too tough for a Chevrolet truck!

TEXAS PRESS ASSOCIATION

Austin.—None of the money-raising bills that failed to pass the Legislature during the past seven months were put away to gather dust.

They'll be on parade again if a fourth special session is held to raise money to increase public school teachers' salaries.

Gov. Price Daniel has said he will call the session if the public demands it. Texas State Teachers Association has its campaign rolling to create the demand.

TSTA's goal is a program that would cost \$63,000,000 over a two-year period. Of this \$56,000,000 would go for a \$405 increase in annual base pay for teachers.

This would bring teachers' base pay up to \$3,610 a year. Hale-Aiken Committee recommended a minimum of \$3,800 a year, plus a number of other school improvements that would have totalled some \$200,000,000 for a two-year

period. But TSTA decided that getting that big a tax bill would be too tough. For the time being, the 70,000-member teacher lobby will settle for a package one-third this size with emphasis on the item it wants most—pay raises.

Time most discussed for the new special session is the politically crucial month of January. This will give the teachers, scattered in summer, time to get organized. It also is the month for poll tax-paying, with Jan. 31 as the deadline. Gov. Daniel said, "January or February would be the time."

Next year, for the first time, January will be the month for candidates for office to make their announcements. New law makes Feb. 1 the deadline for filing for state primaries.

There's talk that Governor Daniel will announce for a third term if teacher raises are turned down. On this the governor says, "I'm not closing any doors."

Privately, many legislators are grim at the prospect of being boxed in by another round of tax-and-spend pressures, particularly right before their campaigns begin. They expect to get a lot of static anyway, from the tax measures they've already voted.

But few will oppose teachers openly. As one said, "If you're against teacher raises, they'll say you're against good schools and little kids and motherhood—it's suicide."

Watch for New Laws—Scores of new laws passed during the regular Legislative session ending in May go into effect this month.

From here on, anyone convicted of four moving traffic violations within 12 months will be classed a "habitual violator," subject to drivers license suspension for any period up to a year. Same rule applies to anyone convicted of 7 or more violations committed within a 24-hour period.

New, tightened laws are in effect on the waterways, too. Now against the law are: operating a boat or skiing while under the influence of liquor, skiing at night and "reckless or negligent" boating and skiing.

Now required by law are: a life preserver for every passenger on a boat and a lighting system, according to size, for every boat. Boat registration fees will not be required until next April.

Another new law makes taking a ride in someone else's car without his permission a felony offense. Previously, it was hard to get more than a misdemeanor conviction for car stealing.

Ranchers and farmers will be required to fence land along state and U. S. highways to prevent cattle from roaming on the road. Law does not apply to farm-to-market roads.

Retail merchants no longer may advertise goods at "wholesale" prices. Only firms that sell only to retailers may claim wholesale selling.

Other new laws won't be noticed until later. For example, the new "stick with the party" law requires that a poll tax holder have his receipt stamped "Republican" or "Democrat" the first time he participates in a primary or convention. From then on, in effect, he's stuck with the party stamped on his tax receipt — until he gets a new poll tax.

A new program to inspect for cattle disease at livestock auctions was authorized but is expected to be very small scale for the first two years, at least. It was given only a fraction of the money supporters said was necessary.

Would-Be Speakers Busy—One of next year's campaigns is already going strong with two of the candidates claiming victory.

Rep. Wade Spilman of McAllen declares he has "more than a majority" of the present House members pledged to elect him as next speaker. Rep. James Turman of

Gober claimed enough pledges "to practically assure my election."

Victory statements are a common campaign technique for speaker candidates since House members are prone to join a winner's bandwagon to get good committee assignments.

Actually, the speaker can't be officially elected until January, 1961, when the 57th Legislature convenes. A large turnover of House members in the primaries could upset the apple cart by removing many of the speaker candidates' pledged supporters from office.

Other candidates are Reps. L. DeWitt Hale of Corpus Christi and Frank McGregor of Waco. Reps. Jerry Sadler of Percilla and W. T. Oliver of Fort Neches are regarded as possible candidates.

Water Bonds Sold—First \$10,000,000 in bonds to raise money for local water projects has been sold by the State Water Development Board.

Lower Nueces River Water Supply District of Corpus Christi may be the first beneficiary of the new program. Water Board has tentatively approved a \$3,000,000 loan to the district to complete the \$21,000,000 Wesley E. Seale Dam and Reservoir.

State will pay slightly more than 3.5 per cent interest on the bonds and charge the borrower slightly more than 4 per cent.

Hope for Highway Funds—Texas highway builders are holding their breath over a threatened halt of the huge federal road building program.

Continuation of the interstate road building, now going full steam in Texas, hinges on Congress' finding a way to get more money for

## COUNTY AGENT'S NEWS NOTES

By GLEN GREEN  
Callahan County Agent

Farm operators have until Sept. 30, to claim a refund on the Federal gasoline tax on gasoline used on the farm within the year July 1, 1958 to June 30, 1959. If you need a claim form for this purpose, it can be secured from the county agent's office. The completed claim should be sent to the Office of the District Director, Internal Revenue Service, Dallas, Texas.

V. R. Smith of the Fish and Wildlife Service was a visitor in Callahan County last week. He and the county agent put out several demonstrations using strychnine oats to kill jackrabbits. The demonstrations were located at Jack Farmers at Eula, Jim Yarbrough's at Putnam, Gilmer Reese at Scranton and Tommy Harris at Cross Plains. This type bait is proving very effective in helping to control jackrabbits.

Heavy rains and high water at Lake Brownwood forced the cancellation of the District 8 Boys' 4-H Club Camp on July 20, 21 and 22. There are 20 counties in the district and each year approximately 180 boys attend this camp which is held at the Baptist Encampment Grounds at Lake Brownwood. R. G. Burwell, District Extension Agent, said that this was the first 4-H Camp that he had ever been forced to cancel or postpone in all his years of Extension work. There were six Callahan County boys who were planning to attend the camp.

The Six-County 4-H Club Camp was held at Lake Cisco, July 29 and 30, with the following boys attending from Callahan County: Tommy Griffin, Joey Griffin, Roy Barbian and Clay Barbian, all of Clyde; Noah Smedley and Mac McIntosh of Baird; Randy and Mike Montgomery of Cross Plains; Johnny Lee Rouse and James Isenhower of Putnam and Joe Moore of Sonora.

James Isenhower was elected reporter by the entire camp and Mike Montgomery was elected Callahan County Delegate to the Camp Council. The group set up the rules of the camp and served as the governing body of the camp.

The boys had plenty of activities in pitching washers and horse shoes, swimming, running races and playing baseball. Curly Hays of Abilene had charge of the night program which was on the subject of "Safety On Our Highways and In the Home and on the Farm." Curly is the agricultural representative of the West Texas Utilities Co. and he does an outstanding job working with boys and girls clubs in West Texas.

Visitors last week in the home of Mrs. Ethel Brown were Mr. and Mrs. Elmer Hardesty, Jack and Sandra of Shula Vista, Calif. and Mr. and Mrs. Claude King and Joe of Snyder.

## Eastland County Farm Tour Set for Wednesday, Aug. 26

Over a dozen kinds of hybrid sorghums on eight different Eastland County farms will be seen on the farm tour to be held on Aug. 26 according to word today from the County Agents office.

Farm to be visited on the all day affair include those of Park Plam-Loek, Pleasant Hill; Conrad Schaefer, Romney; Jack Cozart, Cecil Bostick, Walter Tonne, Carl Stroebel, Herman Schaefer and Howard Ingram of the Nimrod Community.

The group will meet at the Nimrod Clubhouse at 9 o'clock on the above date to start the tour. Farmers from all over the county are cordially invited to attend it was said.

Those who attend are asked to bring along a sack lunch for noon as the group will eat wherever they happen to be at that hour.

Reports indicate that some outstanding demonstrations will be seen on some of the farms, according to County Agent J. M. Cooper.
