then took them back to their stalled auto. Richardson raised the luggage compartment cover of their car and found suspicious-looking merchandise. When they were unable to satisfactorily explain presence of the goods, they were taken into custody.

The two Callahan County deputies heard a police broadcast from Cisco describing the Negroes and their 1952 automobile, and advised authorities that the men being sought had been

apprehended near Cross Plains. The Negroes gave their names and ages as: John Martin Wesley, 22, of Navasota; Hervis Weaver, 23, of Magnolia, Ark.; and Joe Lewis Robinson, 21, of Odessa.

The burglars pried the hinges off the San Angelo grocery store to gain entrance, then took 14 knives, 10 cartons of cigarettes, four watches, eight cigaret lighters, and \$100 in cash, it was reported. Most of the loot was recovered.

Ike Plumlee Dies Following Injury

Isaac Council Plumlee, 66, a resident of the Pioneer community for 55 years, died shortly after 7 o'clock Sunday in a Fort Worth hospital. He had been hospitalized since Feb. 19, when he was critically injured in an accident at Morton Valley.

Mr. Plumlee came in contact with a 7,200 volt electrical wire, while on top of a house he was helping to move. His left arm was amputated more than a week ago, however, severe internal injuries sustained from the extreme electrical shock could not be corrected, and resulted in his death.

A postmaster and mail carrier for 20 years, Mr. Plumlee farmed in the Pioneer community at the time of his death. He was born Dec. 17, 1893 at Durant, Oklahoma.

Funeral was held at 2 p.m. Tuesday at Cross Plains Church of Christ, where Mr. Plumlee was a member. Boyd Hayes of Abilene officiated, assisted by H. McDonald, Cross Plains minister. Burial was in Rising Star Cemetery.

Pallbearers were Doss Alexander, Glen Vaughn, Joe Brown, Buck Millner, Elvie Busbee, Luel Hughes, Bart Brown and Homer Brown. Survivors include one son, Ray of Dallas; three daughters, Mrs. Sonnie Umberson of Snyder, Mrs. Colvin Lackey of Odessa and Mrs. Bill Wardroup of Monahan; one brother, Arthur of McCamey; three sisters, Mrs. J. Elvis Jones of Lubbock, Mrs. Irene McClain of Bellflower, Calif., and Mrs. Hayden B. Davis of Lakewood, Calif.; and seven grandchildren.

MRS. JOE BAUM LOSES HER HEARING AFTER STROKE

Her many friends in Cross Plains will regret to learn that Mrs. Joe Baum, who has been at the home of her son, Browne, in New Mexico, for several weeks, recently suffered a stroke and is said to be completely deaf at present.

In a letter to Mrs. Mary Gensley here this week, her daughter-in-law said that Mrs. Baum is responding to treatment but that it was uncertain as to whether or not her hearing would be regained.

ODD COMPANIONS — Stranger things may be seen in a circus but for everyday actualities Mr. and Mrs. Roy Harding, who live on Brownwood Lake, have a strong entry for the most unusual sight. A deer and a dog have formed a friendship at their place. The animals not only romp and play like pups of the same litter, but eat together from the same bowl. The above picture was snapped by a Review photographer Friday afternoon when the newspaperman arrived. Mrs. Harding had just stepped out of the house and rattled a feeding bowl when this picture was made.

Committee Of 8 To Meet School Board

A committee of eight, chosen at a public meeting here Friday morning, will meet with trustees of Cross Plains schools Monday night, to ask tightening of restrictions covering student activities on and near the campus.

Present at the meeting Friday morning were all members of the school board, Supt. Paul Whitton, principals James Alexander and Jack Watkins, and 57 patrons. The meeting had been called to discuss conditions which some felt needed correction. Many points were discussed, however, most attention centered upon students of mixed sexes sitting in automobiles in front of the school buildings, before and after school and during lunch period.

Trustees and school officials were not certain that their jurisdiction extended beyond limits of the campus, which ended at the city street. As long as there was sanction of the parents involved for the students to sit in cars, and the students were not late for school schedules, it was questioned whether or not faculty members could go beyond the confines of the campus.

Although the meeting lasted more than two hours and more than 20 persons were heard from, the meeting was generally amicable. Most sentiment voiced was for not allowing students to sit in automobiles near the campus, however, there were expressions by some patrons that this was not a responsibility of school people.

Named on the committee to meet with trustees were: Mrs. Zed Bright, Mrs. Bob Latson,

Mrs. Herbert Freeman, Mrs. John Purvis, Rev. V. D. Walters, Minister H. McDonald, Bill Pope and Dr. Carl J. Sohns.

Charge 2 Pioneer Men In Callahan Robberies

Criminals may soon get the word that Cross Plains is an unprofitable place in which to ply their trade.

A pair of Pioneer men were lodged in Callahan County jail Monday night by Deputy Sheriff Byron Richardson, after they had been given lie-detector tests in Abilene earlier in the day. They are Jerald Morris Clayton, 20, and Jimmy Strather, 26.

They have been charged with the theft of two school bus tires from the freight dock of S. F. Bond in Cross Plains. The felony theft is alleged to have occurred March 1, and was filed in J. M. McMillan's justice court. Both made signed statements admitting the theft, Richardson said.

Earlier the two had been charged with robbery of Ray Motor Company in Baird, from which \$50 in cash and \$250 in merchandise was taken. The merchandise, but not the cash, has been recovered.

The two men were arrested in Cross Plains late Saturday night, after Richardson had advised local persons to help him watch for a 1952 Oldsmobile, believed to be in use by the suspects. Arrest was made possible, Richardson declares, as a result of information given by local people concerning whereabouts of the vehicle. The car had previously been spotted in Rising Star by City Marshall George Carter of that city.

Richardson told The Review Tuesday afternoon that the pair confessed to having "cased" three Cross Plains business concerns — Bishop Chevrolet Co., Foster's Grocery and the City Chants Motor Lines and unloaded on the dock around midnight. The tires were part of the

3 More Candidates Out For City Office

City politics warmed in Cross Plains this week as the deadline for filing passed. The annual election will be April 5.

Two new candidates announced for Mayor and one additional man entered the race for a Council post. Three are now running for Mayor and five seek election as Alderman.

Entering the Mayor's race this week were L. D. Bayless, local druggist, and Teddy Souder, groceryman. Already in the race was W. D. Smith, incumbent, asking reelection.

Newest Council candidate is Jack W. Tunnell. Previously announced were: Garland Gary, C. D. Westerman, Dale Bishop

and L. F. Foster. Terms of Foster and C. D. Baird expire. Baird did not seek reelection.

Order in which the names of candidates will be placed on the ballot will be determined by drawing lots. This will be done at the City Hall here, under direction of Mrs. Ava Childers.

Weather Hampers Buff Cinder Squad

Cold and rainy weather has hampered Buffalo tracksters' practice sessions since workouts got underway in the local high school.

Only five outside workouts have been held according to Track Coach Frank Gray.

Bufs have accepted two invitations to meets. They will enter the Double Mountain Relays at Rotan, March 19, and the Dragon Relays at Bangs, March 26.

The district committee has not scheduled the District 10-A meet, but according to Gray, it probably will be held the first week end in April.

Gray also announced that a dual meet will possibly be held next Thursday with some school.

Local Lady's Mother Buried Wednesday

Mrs. Ab White, mother of Mrs. Mary Durham of Cross Plains, died in a Corpus Christi hospital early Tuesday morning, following a long illness.

Funeral services were held at Hamilton Wednesday afternoon, with interment in the family plot of the cemetery there.

Mrs. White had been critically ill for a long time. Death resulted from leukemia. Further details were not available as The Review went to press.

Mrs. Joe G. Weiler Dies At Home Here

Mrs. Joe G. Weiler, 82, long-time resident of Cross Plains, died at her home on East 8th Street here Friday evening at 6:30. She had been an invalid for years but became critically ill only a few weeks ago.

Born Jan. 30, 1878 in Ritchie County, West Virginia, she married Joseph Weiler at Parkersburg, W. Va., in 1900. Mr. Weiler is a retired oil producer and drilling contractor.

Funeral services were held at three o'clock Saturday afternoon at Higginbotham Funeral Chapel, with Rev. William C. Buls, Cross Plains Presbyterian pastor, officiating. The body was then sent to Wheeling, W. Va., for burial.

Survivors include her husband; two sons, L. J. of Baytown and Dr. H. G. Weiler of Wheeling, W. Va.; five grandchildren and eight great-grandchildren.

Mr. Weiler is now enroute home, having left Wheeling late Wednesday.

15 Men Predict '60 Population At 1406

Has Cross Plains grown or lost since the last federal census made 10 years ago?

Correct answer to that question will not be known until the decennial head-count is completed next month. In the meantime, civic-minded citizens wonder what the result will be.

At a meeting of Cross Plains business and professional men in the basement of the First

Methodist Church here Tuesday at noon, each person present was asked to write his estimate on a blank sheet of paper. Before writing, however, census figures for Cross Plains in other years were read as follows: 1920, 800; 1930, 1,525; 1940, 1,221, and 1950, 1,301.

All estimates submitted were averaged to determine the consensus of the group. The answer, or composite estimate of Cross Plains population for '60, was 1,406.

Only two persons in the 15 predicted losses in population. Both of these estimates, by coincidence, were 1,250.

He may, or may not be right in the final tabulation, but the man submitting the estimate nearest the average was L. F. Foster. The local West Texas Utility manager, who should have a better than average idea of the town's loss or gain, predicted the federal government total would be 1,410, just four more than the average of his 14 fellow-townsmen.

Pictured above is an aerial photograph made of a well-known rural home of the Cross Plains area. Most readers of this newspaper have probably passed the place many times. Before reading further, look back at the pic-

ture and try to identify it. This is the second of a series of 52 pictures of rural homes in this area, made from the air, which will be published in The Review.

Ex-Local Girl Writes Best Freedom Essay

(Editor's Note: Nancy Frazier, former student of Cross Plains schools and now of Abilene, won first place last week in an essay writing contest, conducted by the Abilene Junior Chamber of Commerce, with her composition entitled, "My True Security—The American Way".)

Miss Frazier, daughter of Mr. and Mrs. Lawrence A. Frazier, will compete now in a state contest, the winner of which is to vie for national honors. Because of the merit it contains, the winning essay is reproduced hereunder.)

By NANCY FRAZIER

There is a document in Washington D. C. enclosed in a specialized glass case, which has a small amount of helium inside. If danger arises, one may simply push a button and in one minute the Declaration of Independence and the Constitution of the United States may be lowered into an enormous vault, protected on each side by two inches of steel, 20 inches of reinforced concrete, and another two inches of steel.

Just as our documents expressing freedom are protected against all dangers, so the American people sit in all complacency and believe that they are protected just as well. Their many freedoms and their fine heritage are taken for granted. They do not realize that freedom is merely a goal for a people. It is something that must be constantly watched and re-acquired

time and time again. It is an ever rising goal. No human being is entirely free. Tillich once wrote that "the depth of reality is freedom—the ultimate power of being, is power over itself."

Realities of Freedom

Here in America, we have achieved great and significant realities of freedom. The founding Americans won these freedoms for us because of "Taxation without representation". Through these 183 years, this same free people have preserved it, cherished it, and faced the unceasing challenges involved in maintaining and extending it.

Each generation took it upon itself to hold on to those inherited freedoms. Because of this unending battle, our many liberties today include social, political, economic and religious freedoms. We are free from many practices and conditions which have limited men in other times and now in other lands. But as individuals we are not free from certain human weaknesses often causing us to fall short of old ideals and old beliefs we would like to exemplify.

Because of this weakness America has begun, as all other democracies in the past, to slowly grind downward. Someone once compared life to a grindstone and added, "and whether it grinds a man down, or polishes him up, depends on the stuff he's made of." America's way is her life. Her people make up the American way. Therefore, the life of the people is America's life. If her people

become slack, then the grindstone will surely play upon her weakness. The people become complacent. They begin to fall into a pattern of conformity and turn to the government for a living. Their ways become slothful, and freedom loses its true meaning, because too many merely take it for granted. Liberty and justice become something about which the forefathers spoke. At this point democracy has become a way of life very close to destruction.

Must Realize Weakness

On the other hand, if America's people realize the weakness, they can polish the American way and make it ready to meet oppressing dangers. In doing this they have realized they are free only to the extent that they achieve power over themselves. We must not forget one of the greatest truths in this scheme of things is that nothing is completely free. We must first earn before we can be rewarded: "The seed must be planted, the crop worked, and then the harvest may be reaped." This is true for America's way of life. Senator Blakely has said that, "Integrity cannot be formed or retained without effort; growth is the product of proper food; strength is maintained only by sufficient effort."

Yes, the demands of freedom are great. Individual weaknesses are constantly threatening. We must remember security must be born of freedom and responsibility. In strong individuals lies true security—America's people living the American way, with free souls, minds and hands.

OLD AXIOM IS TRUE! ADVERTISING PAYS

The old axiom, "It pays to advertise", may be hackneyed and trite, nevertheless its veracity is continuously evidenced.

Recently an Evant man came by and told The Review that he had a windmill he wanted to advertise, if the publishers would complete the sale and deposit the \$55 sale price in the local bank. Monday R. D. Favor, of near Eula, came in, paid the publishers and hauled away the mill. He had found a bargain, the seller was pleased and the newspaper picked-up a \$1 fee.

Another ad was placed in The Review two weeks ago, listing some odd type doors for sale. The Review men frankly admitted their doubt as to whether or not the doors could be sold. Nevertheless, Monday, the newspaper was told that the transaction had been completed and both buyer and seller delighted. On this deal, though, The Review did not collect its fee. The seller was the editor's wife. She pocketed the \$20 and said: "Pay for the ad yourself for being a doubting Thomas".

HOW BOUT THAT

Drawn Specially for The Review By RALPH TEE

When Jr. came home from college, he told his father (who did a very nice business) that bad times were coming. And so his father took down his signs, stopped ordering as much merchandise, stopped telling people what he had to sell and, sure enough—people slowly stopped coming to him for things to buy. After a few months, the father turned to his son and said, "You were right son—things are bad."

Local Man Explains CCC Cotton Sales

Minimum sales prices for Commodity Credit Corporation stocks of upland cotton have been determined for the 1960-61 marketing year, according to Tommie Harris, Chairman, Callahan County Agriculture Stabilization and Conservation Committee.

The new sales prices are intended to emphasize farmers' marketings. The announcement at this time will provide farm operators with information on CCC's sales prices before March 16 deadline for electing Choice (B) allotments and price supports for the 1960 crop.

For 1959 and prior crops of upland cotton in CCC inventory, the new minimum sales price will be the higher of (1) the market price as determined by CCC, or (2) 115 percent of the 1960 Choice (b) loan rate. This compares with the current 110 percent of the loan rate.)

For 1960-crop cotton, the minimum sales price will be 110 percent of the Choice (b) loan rate; when the cotton is sold by the New Orleans CSS Commodity office, the minimum sales price will be higher of (1) the

market price as determined by CCC, or (2) 110 per cent of the Choice (b) loan rate.

Mr. Harris pointed out that carrying charges will be added to the sales prices, beginning and increasing 20 points per month for each month thereafter to a maximum of 190 points in July 1961. The current monthly increase for carrying charges is 15 points per month for each month after October 1959.

Mr. and Mrs. Lynn Nabers of Brownwood spent Saturday night in Cross Plains.

Editor's note: The Bayou Philosopher on his Johnson-grass farm on the Bayou may be misconstruing what's been happening in Washington, his letter this week reveals.

Dear editor:

A man can go along for years without getting recognition for an idea, but when the United States Senate suddenly adopts his idea, he feels like his efforts haven't been in vain.

What I'm talking about is the Senate's round-the clock working sessions which have been in the newspapers and on television lately.

That's exactly the system I've been using out here on this Johnson-grass farm for years, and I congratulate the Senate.

As I understand it, the Senate had an unusually hard problem to tackle, so it decided to stay in session till it was solved. And the first thing it did was bring in a lot of cots and mattresses, ordered the Senate to stay open all night, rolled up its sleeves and went to work.

This almost parallels the system I've used out here for years, with the exception of the restaurant; that's a refinement that is one up on me.

But the general idea, that you can work around the clock and still take time to stretch out and rest, sleep, and eat, is part of my basic procedure. Now, when I get tired of going up one row and down the other and get off my tractor and stretch out under a shade tree later this year, and somebody says look at him, out there loafing when he ought to be working, I will point out that he's not just criticizing me, he's criticizing the Senate of the United States of America. The idea that a farmer has to be on his tractor plowing if he's working, or a Senator has to be on his feet talking if he's Senatoring, is now out of date.

Me and the United States Senate both have discovered a man can work around the clock and still lie down and rest when he feels like it. Year round farming and around-the-clock sessions of Congress are like all-night sessions of fishing—you don't have to be running your lines all the time.

Yours faithfully,
J. A.

Our deepest sympathy goes to the Plumlee family over the passing of Ike Plumlee in a Fort Worth hospital Sunday night at 7:18 from an electric shock he received Feb. 19. May God's richest blessings be with each of you.

There are several in our community still sick with flu, but since the weather has turned warmer, we hope for everyone a speedy recovery.

Mr. and Mrs. Dow Flippin and family from Corpus Christi spent the week end with Rev. and Mrs. Tom Flippin and other relatives.

Mrs. Wanda Cloud, Judy and Perry and Freddy Flippin, spent the week end in Andrews with James Cloud who is employed there.

Robert Gibson of Englewood, Colo., spent the week end with his parents, Mr. and Mrs. W. R. Gibson, and attended the funeral of Aaron Robinson at Cisco Saturday afternoon.

Mrs. C. C. Westerman and Mrs. Minter Hardin of Rising Star, visited in Stephenville Sunday afternoon with Mr. and Mrs. J. D. Inabnet.

Mr. and Mrs. Jess Flippin have moved to their new re-decorated home in our community, and we are happy to have them.

G. D. Justice of Holderville, Okla., visited Tuesday with his daughter and husband, Mr. and Mrs. Harold Merrill and Tresha. Mrs. Merrill and Tresha accompanied him home for a visit.

Mr. and Mrs. Marvin Wilder of Lampasa visited Mr. and Mrs. F. L. Merrill over the week end. Mr. and Mrs. Jess Flippin and Grace Brown are visiting in Houston this week, and Grace will have a check-up in the clinic while there.

Callahan Man Takes On AT&T Foe In Legal Fight

Callahan County rancher challenged one of the nation's largest corporations on Tuesday, and it looks as if a two-year legal battle will tangle in court.

Callahan County rancher challenged one of the nation's largest corporations on Tuesday, and it looks as if a two-year legal battle will tangle in court. The rancher, who is suing AT&T, claims that by using the roads for maintenance purposes from 1928 to 1950, it obtained a right-of-way by prescription (right-of-way by long continued use). Permission to travel the roads was given in May of 1928 by the McDonald family, the AT&T said.

The AT&T petition says McDonald contends that the company has the right to use only the land under the lines, a strip about 10 feet wide. The lines crossing the ranch carry both long-distance telephone calls and the audio portion of television shows originating in New York, Los Angeles,

Greatest convenience of a Wife's time... A KITCHEN TELEPHONE

A kitchen telephone is the most time and labor saving convenience you can give your wife. There is a wife today who couldn't spare the time and energy that's needed each day by a kitchen telephone. No more running to answer a ringing phone in another part of the house, and no missed calls either. Inexpensive too, only pennies a day.

"Here's who—"

The answer is that thousands of people own it. People like you, people who invest money in the electric company and help it grow. They become an investor... this is the reason we are known as an investor-owned company.

This electric company is not owned by the city. It is not owned by the state. It is not owned by any kind of government agency or co-op. It is owned by investors.

It is a good question — especially since surveys show a lot of our own customers don't know the answer.

This is one of the reasons why we can give you the best possible service and just about the best bargain you can buy.

Youth Known Here Wins Piano Award

A 15 year old boy, known in Cross Plains, won the East Texas Symphony's annual Piano Concerto contest recently.

The winner, Bobby Dale Mitchell, is the son of Mr. and Mrs. H. D. Mitchell, of Arp, former Cross Plains residents.

For his winning performance of the first movement of Schumann's "Concerto in A Minor," the youth will be guest soloist with the East Texas Smpphony when it has its last concert of the season in Tyler April 7.

Young Mitchell has visited in Cross Plains on several occasions. He played for friends at the home of Mr. and Mrs. Tom Bryant here about a year ago.

The youth is the great grandson of the late Mr. and Mrs. Tom Vestal, who had extensive land holdings in this locality. He has many kinsmen residing in the Cross Plains area.

In describing his piano renditions this week, Mrs. Bryant described the young artist as "another Van Cliburn".

Opening Statement Issued By Bayless

L. D. Bayless, Cross Plains pharmacist, this week authorized The Review to announce his candidacy for Mayor, subject to action of the municipal election to be held April 5.

In placing his announcement, Bayless issued the following statement:

"This is my first attempt at any political office and I am running solely on my own merits and not as a member of, nor sponsored by any so-called political group or clique. I am, however, proud of every membership or office that I have held in any civic or church organization in this and other towns. I believe that each and every organization to which I belong in Cross Plains is a good organization, and that the members work together for the good of the town as a whole.

"It is my belief that many years of managing my own business, plus the years which I have managed businesses for former employers, would be of great help to me in assisting members of the City Council in administering affairs of the city in a fair and business-like manner.

"My wife and I own a business, a business building and a home here. We are vitally interested in the welfare of Cross Plains and the people here, and will continue to be so.

"My only promise is that if I should be elected Mayor of the City of Cross Plains, I will endeavor at all times to use whatever experience I may have to help administer the business of the city in a fair and impartial manner to all citizens. It is on the basis of this statement that I ask your vote in the forthcoming city election, and will sincerely appreciate any effort made in my behalf."

JURY TO INVESTIGATE 4 FELONIES MONDAY
