Scouts To Clean Alleys Saturday

Cross Plains Boy Scout troop will clean alleys here Saturday. Householders are being asked to remove items they wish to keep from the alleys, for youths will haul away everything resembling rubbish.

"We wish the Scouts to be looked upon as an organization of service to the community", says Wayne Westerman, Scoutmaster, "and the clean-up program is one of three projects for civic betterment the boys plan to implement this Summer".

Mrs. C. R. Cook visited in Coleman Sunday with relatives.

Eddie Petty Is Painfully Burned In Butane Blast

Eddie Petty, 36, production superintendent for Harding Brothers, was painfully burned in a butane explosion at a drilling rig 17 miles northeast of Breckenridge, Wednesday morning of last week.

More seriously hurt in the blast was A. G. Hudgens, tool pusher for the Serene Oil Company of Dallas.

The accident occurred when Hudgens started to light a butane stove in a trailer, parked near the drilling project. The butane tank exploded, wrecking the trailer and injuring both occupants. Hudgens was burned over 90 percent of his body. He

was rushed to a Dallas hospital and was reported in a critical condition for several days.

Petty received second and third degree burns about the arms, hands, back, shoulders and on his face. He is now in Stephens Memorial Hospital at Breckenridge. Mrs. Petty, who has been at his bedside almost constantly, said in Cross Plains Monday that he is very uncomfortable but is reported recovering normally.

Mrs. Petty and children were moving to Breckenridge Monday. They remained here until after the end of the recent school term.

J. E. Duncan Dies Wednesday Morn

J. E. (Ed) Duncan, 77, died unexpectedly Wednesday morning at 2:55 at the home of his daughter in the east part of town. Death resulted from a heart attack.

He had been in apparent good health and had not complained of feeling ill before retiring Tuesday night.

Funeral arrangements were pending yesterday at noon, however, rites will probably be held here Thursday from the First Baptist Church with burial in Dressy Cemetery.

Mr. Duncan was born at Austin Sept. 12, 1883. He came to the Cross Plains area when 15 years of age and had been a resident of this section through the remaining 61 years. He was married to Mary Miller at the turn of the century. They made their home in the Dressy community until her death in 1918. He was 77 years, 8 months and 19 days of age at the time of his passing.

\$1,695 Paid For Hunting And Fishing License Here In 1961

Proof of the point that participation sports are outmoding the spectator variety, is the amount of money being spent each year for such items as hunting and

fishing licenses.

During the first five months of 1961, Cross Plains dealers sold \$1,695 worth of the state permits. There are three dealers here: C. C. Holdridge, Dave Lee and Ira Hall. The latter two did not receive supplies until a short while ago. Fishing license sell for \$2.15 and hunting license run \$3.15.

Despite the fact that many people believe fishing to be one of the most popular of all participation sports, there are more hunters locally than there are anglers. In Cross Plains 319 licenses have been issued to gunners as compared with 289 to anglers.

All three Cross Plains dealers speculated that many more licenses would be issued this year with the next big rush coming about the time dove season opens.

THINGS EASIER FOR FIREMEN THIS YEAR

Thus far 1961 has been an easier year for Cross Plains firemen.

Through the first 150 days of this year only 11 alarms were answered. Seven calls were within the city limits and four were to rural areas.

E. E. Thate of Coleman was transacting business here Tuesday.

First wheat was sold in Cross Plains this week by Earl Allen of the Williams community. It tested 60 and brought \$1.78 per bushel.

First oats from the new crop were sold here by B. J. McAnally who lives south of Burkett. They tested 31 and brought 58 cents.

Gary Mill Elevator in Cross Plains reported Tuesday afternoon that \$1.80 is now being paid for number one wheat and 60 cents for number one oats.

Wheat is reported averaging between 15 and 20 bushels per acre. Yields from oat crops are reported to have been curtailed more by drought. One field west of Burkett, however, averaged 70 bushels per acre. The Review was told by Willie Henderson. To noon Tuesday about 4,000 bushels of small grain from the new crop had been bought in Cross Plains.

Some Local Clerk Will Be Cited For Courtesy

Could you name the most courteous clerk in Cross Plains? A committee composed of people from various sections of the trade territory and representatives from the town itself will be called upon to make that selection before the current year ends.

Accompanying the distinction, the winner will receive a commemorative gift from the Chamber of Commerce. The manner in which the winner will be announced has not yet been divulged. It is expected, however, that the announcement will be made at some community function.

Although the title is "Most Courteous Clerk", Chamber of Commerce rules specify that any employee within the town is eligible. Owners and proprietors will not be considered.

"Many things contribute to making one town better than another, however, none is more important than courtesy", said Fred Tunnell, who proposed that the C of C honor an outstanding clerk in 1961 instead of naming a "Most Valuable Citizen".

Former Local Girl Married In Abilene

Belinda Ann Dennis, formerly of Cross Plains and Eldridge A. (Sonny) Bounds, Jr. were married in Abilene Saturday. The rites were solemnized at the University Baptist Church with Rev. H. B. Terry officiating.

Mr. and Mrs. J. E. Dennis of Baird are parents of the bride. He is the son of Mr. and Mrs. Willard Cox of Rule. Jack Meador of Cross Plains is the bride's grandfather.

Mrs. Bill Ballenger, sister of the bridegroom of Council Bluffs, Iowa, was organist and Wanda Fuller of Lubbock was soloist.

Given in marriage by her father, the bride wore a street length dress of chantilly lace and silk organza over taffeta. The bodice was designed with a scalloped neckline and the silk organza skirt was accented with lace appliques.

She carried a white glabella and feathered carnations mounted on a white Bible belonging to her mother. The bride's fingertip veil of illusion fell from a tiara of seed pearls and sequins.

Mrs. Marvin E. Mosley was her sister's matron of honor.

PHILOSOPHER ADMITS WATCHING TV ALL DAY IS BORING, BUT PLOWING IS ALSO

Editor's note: The Bayou Philosopher on his Johnson grass farm on the Bayou discusses the television situation this week, without any noticeable effect.

Dear editor: I was reading a newspaper last night while my wife was watching television, you can say this for television, it's easier to read while it's going on than while your wife is, I mean, whatever faults television has, it sure cuts down on conversation; at any rate, what I was reading was an article by the new chairman of the Federal Communications Commission, the outfit that's supposed to supervise the airways.

According to Chairman Minow, television has got to get better if it is to stay on the air. He said if you want to find out how bad television is, "sit down in front of your set when your station comes on in the morning and stay there until it signs off that night". He said you'd see a procession of junk, violence, silliness, and commercials, with only a few things you'll enjoy, and most of all, he added, "boredom".

Now I'm no authority on television, but I'm not sure watching the thing 14 hours in a stretch and complaining because you came out bored, is any real test. I have a notion if Chairman Minow will get on my tractor, glue himself to the seat, bend his head over, and watch the rows 14 hours a day while he goes up one and down another, he'll get off extremely bored, not to mention other things.

As for violence on television, I'll admit it's bad, but saying it'll have to be eliminated if T V is to stay on the air is like saying crime stories will have to be eliminated from newspapers if they're to stay in business. It's like saying violence will have to be eliminated from history books if they're to be read. It's like saying Shakespeare would have been an enduring success if he had cut out all them suicides and stabbings and swordplay.

Understand, I'm not in favor of violence. For one thing, it takes more energy than I'm interested in spending, but on television, when an outlaw gets shot, even the kids know it's only acting, the bullets are fakes and the same characters will get shot again next week, but where the Federal Communications Commission will run into trouble is when it tries to convince the kids only fake bullets are used in war.

Television can continue its violence and stay on the air, but can man continue his and stay on earth? I could give you the answer, but excuse me, Wagon Train is coming on, just as soon as the newscast about the violence in the Congo goes off.

Yours faithfully,
J. A.

Mr. and Mrs. C. R. Cook were visitors in Abilene Monday.

Mr. and Mrs. F. C. Scott and family of Andrews are here visiting their parents, Mr. and Mrs. W. S. McCann of this city and Mr. and Mrs. Forrest Scott of Cottonwood.

Mrs. M. E. Howell was in Midland this week where she visited in the home of her daughter and family, Mr. and Mrs. Gene Penn and children. Little Sandy Penn recently underwent a tonsil operation and is reported to have recovered from the surgery splendidly.
