New Street Lights Make City Brighter

Installation began Monday on 31 new mercury vapor street lights in Cross Plains.

"We got five installed Monday and a similar amount is scheduled for Tuesday and Wednesday," said Bill Button, local manager of West Texas Utilities. "I believe that we can finish work by the end of the week," he continued.

Nineteen of the lights will replace conventional lights, and 12 will be placed where old type mercury vapor illumination was installed about two years ago. "The new lights are more efficient, and are mounted in more attractive fixtures," Button said.

Plans call for 10 of the new lights to be placed along Highway 36 between the Ira H. Hall residence on East 36 and the Dairy Bar in West Cross Plains. Work on these was completed first of the week. Four more will be added on Main Street between the blinker light at Junction of Highways 36 and 206 and five from the Church of Christ on North Main to the highway juncture of 206 and Farm Road 880.

Twelve existing lights in the downtown section will also be replaced. Button said yesterday that new electric lines will have to be strung before the change-over can begin. A line crew from Cisco was to have been here Wednesday or Thursday to put in the line.

Original plans called for a new type fixture for all residential area lights, but Mayor Doyle Burchfield said that a test light had not yet been received and that the council had not taken action on the proposal.

Button estimated that cost of the new lights, including installation, would be around \$3,100.

Bison Challenge De Leon In Opening Of 10-A Race

From Rising Star to De Leon is quite a change for anybody, but it's a transition the Buffaloes will have to make this week as they challenge one of District 10-A's toughest teams in the first conference game this season.

Bearcats' main weakness, is not their only disadvantage, is lack of experience of their new quarterback, Donnie Sharp, who, like Cross Plains' Joe Pierce, switched from a guard position last year.

De Leon returns 15 lettermen from last season, when they compiled a 7-3 record and threatened to walk off with the

10-A title.

Leading the Bearcat offensive are halfback Bill Lamb and guard Trent Thomas, both unanimous all-district choices last year, and tackle Rick Mason.

De Leon's offensive line will average about 180 pounds. Backfield aggregates near the 150 pound mark.

Bearcats have two losses this season, each by a single touchdown. First defeat was by the number two Class A team in the state, Goldthwaite Eagles. District 7-AA power Dublin also clipped the bearcats en route to a predicted district championship.

Negro Shot As 5 Nabbed At Baird

Five Negroes charged with robbery in Parker County were apprehended in the railroad yards at Baird last Thursday night, after one had been shot by Highway Patrolman Jerry Mathews.

Billy Ray Parks, 18, of Monroe, La., received superficial wounds from the blast of a sawed-off shotgun, fired by Mathews. Parks, who was armed with a .22 calibre pistol, was said to have been reaching for the weapon when hit.

Texas & Pacific Railroad Company officials had notified Callahan County officers that the five were reported to have robbed a 22-year-old man near Weatherford and forced him to jump from a moving train. The victim, although injured, crawled to the highway and hailed a ride into Weatherford. Officers

there contacted the railroad and it was decided to attempt arrests at Baird, an unscheduled stop for the freight.

Mathews was contacted by representatives of the railro and had less than an hour to organize the capture of the quintet, known to have been armed and regarded as dangerous. He radioed for aid and had 11 other officers stationed when the train pulled into the Baird depot.

Mathews took a post in a nearby radio-equipped switch engine and communicated with the engineer of the freight, who was told to stop the train within the well-lighted section near the depot. The time was 8:05 p.m. and vision was poor.

The engineer pulled his train past the Baird depot and only one man was visible. Mathews had the freight backed into stronger light. As he did so, the five came crawling out of a flatcar loaded with large-sized cement pipe. Four had been hiding inside the pipe. They began to scatter and Mathews saw Parks going for the pistol. His shot halted all five, who then surrendered meekly. One of the other four was also found to be armed.

All were taken to Callahan County jail and later transported to Weatherford awaiting action by a grand jury. Three are said to have made statements in connection with the Parker County robbery.

Officers aiding in the capture, in addition to Mathews were: Deputy Sheriffs N. L. Long, Jr. and Luke Taylor, Baird Constable Glenn Curtis, Highway Patrolmen Bob Favor, James Dalrymple, Danny Williams, James Woods and Forrest (Sonny) Burleson, Baird City Police Chief Gordon Hass, Special Investigators Bill McKay and George Hooks of Abilene.

6th Grader Breaks Leg In Grid Game

Rickey Adams, 11-year-old son of Mr. and Mrs. B. W. Adams, sustained a broken left leg in an elementary school football game at Bangs last Tuesday night. He is now at Hendrick Memorial Hospital—room 603—in permanent traction and is said to be recovering satisfactorily.

in release from the hospital he will be placed in a body cast at home for another six weeks. The compound fracture was between the knee and the thigh.

Rickey, a sixth grader, was playing quarterback for the Mighty Mites when hurt.

Vote Due Oct. 2 On District Supervisor

An election will be held in the City Hall in Cross Plains at 7:30 p.m. Tuesday, Oct. 5, to choose a district supervisor for Zone 2 of the Central Colorado Soil Conservation District. Weldon Edwards, route 2, Clyde, is the present supervisor and is eligible for re-election.

All land owners living in Zone 2 of the Central Colorado Soil Conservation District and their wives are eligible and encouraged to vote in this election.

Nation's Top Pecan Man Rates Alexander Orchard With Best

Doss Alexander

Two pecan orchards in the Pioneer area were highly complimented Friday as a caravan of 32 automobiles, carrying 67 persons, visited them as scheduled stops on the annual Eastland County Pecan Tour.

Larger of the two local orchards is that of Doss Alexander. It comprises 415 trees and features nine well-known varieties.

L. D. Bromberg, head of the Brownwood Pecan Experiment Station and acclaimed last year in a banquet at Texas A & M as the "nation's outstanding authority on pecans" was particularly lavish in praise of the Alexander orchard.

"This is just about a perfect example of good management," he said standing in the middle of Alexander's place, which was as clean of grass as a parlor floor and supported trees expected to yield an average of 125 pounds each.

Of particular interest to visitors in the Alexander orchard was a new variety being developed by the local man and named for the community where he has lived since 1927.

Pointing out the tree, Alexander said: "I call this new variety Pioneer; it seems to have the tastiness of Eastern Schleys, shells about 60 per cent meat, and is a prolific bearer. I have found no disadvantages with the variety."

Other types of trees in the Alexander orchard, all of which were heavily laden with nuts included: both Eastern and Western Schley, Burketts, Texas Prolific, Halberts, San Saba Improved, Choctaw, natives of exceptional quality and Bartons. Trippers bombarded ques-

The Daniel orchard was the first stop on the trip and the Alexander place was second. Third stop was at the Hughes orchard, between Pioneer and Rising Star. At noon trippers took luncheon in Rising Star. Other nearby orchards were visited in the afternoon.

John Purvis of Cross Plains, who made Friday's tour, was asked about his pecan crop this year and had this to say: "The 500 trees, which my father and I first began planting in 1930 give promise of exceptional yields. I am more concerned with securing labor for gathering than any other feature of the current crop."

R. B. Belew of Cross Plains, who has pecans at his place one mile west of town on State Highway 36, sought out advice of the experts as the best method of applying zinc oxide and was told that spraying is being recommended over direct application to the soil.

C. T. Barton, another well-known pecan man in the Pioneer area, whose orchard has often been included on the annual Eastland County tour, reported that the 105 trees at his place are expected to yield about 76,000 pounds of choice quality nuts this year. Last year's harvest was only about one-half of that amount.

Dignitaries On Tour
In addition to Bromberg, other well-known personages in the pecan industry making Friday's tour included: George Madden of Brownwood, Tom Denman of the Stephenville Experiment Station, John Burleson who supervises the work of 20 county agents in this district, County Agent J. M. Cooper, Mr. and Mrs. Paul Shanks of Clyde and many others.

Wildcats Clip Herd 12-7 In Friday Grudge Match

Rising Star Wildcats visited Buffalo Stadium Friday night and handed the Bison a 12-7 defeat, snapping the Herd's two-game winning streak.

In winning Friday, the Wildcats became the first team to score against the Buffs this season.

Rising Star seized an early opportunity to score when defender Bobby Burns recovered a Buffalo fumble on Cross Plains' 20 yard line. Two plays were used before left halfback William Fisher rambled 15 yards over his own left tackle for the score.

John Hutchinson's attempt to kick the extra point was blocked by Buffalo quarterback Joe Pierce, and with four minutes remaining in the first quarter, Rising Star led 6-0.

Not to be outdone, Cross Plains received the following kickoff and returned it to the 32 yard line where they started a 68-yard scoring drive which ended in the second period. Five first downs were needed to move the ball to the Wildcat seven yard line. From there big Jim Brown, Buffalo fullback, skirted his own right end for the touchdown with 9:55 remaining before halftime.

Bison halfback and kicking specialist James Switzer booted the extra point to give the Herd a 7-6 edge.

Rising Star lost no time in launching another drive upfield in an unsuccessful effort to score before halftime. A fumble on Cross Plains six yard line was recovered by Sammy "Bo" Strickland to stave off the TD. Wildcats returned the second half kickoff to their own 37 yard line and maintained possession through 17 plays and five first downs en route to their second touchdown of the night.

Driving to Cross Plains one yard line, Wildcats hit the Buffalo goal line defense three times with no gain before fullback Kenny Butler blasted through the left side of the line for the necessary margin.

Danny White, Wildcat signal caller, attempted the two point conversion with a pass, but Buffalo defender Jerry Watson hauled him down for a loss. Scoreboard clock showed 4:05 remaining in the third period.

Buffs logged one more penetration in a ground-pounding march which stalled with a fumble on the Rising Star 10.

With only minutes remaining in the final frame, Buffs launched their last effort, an aerial attempt, completing

three of four heaves before White defended his way to a pass interception, halting the desperation bid.

Award Banquet Highlights Callahan's Top 4-H Youths

Callahan County 4-H members opened National 4-H Club Week with an Awards Banquet in the school cafeteria at Baird Saturday night. One hundred parents, leaders and guests attended.

Presentation of the Gold Star Awards to Marian Odom and Murry Edwards was the highlight of the program. The Gold Star award is the highest local laurel presented to 4-H members and is made by the Texas Agricultural Extension Service. Marian is a Baird 4-H member and is the daughter of Mr. and Mrs. Blain Odom of Route 2, Baird. Murray is a Clyde 4-H member and is the son of Mr. and Mrs. Weldon Edwards of Route 2, Clyde. Both have outstanding records in project work, livestock judging and in leadership.

R. G. Burwell, retired District Agricultural Agent, was the principal speaker. He told the importance of setting high goals and then striving to attain them.

Awards were given all 4-H members who submitted record books.

Following is a list of those receiving the awards and the friend who made the presentation:

Achievement: Murry Edwards by Glen Rocky.

Agriculture: Eddie Johnson, John Straley, Roy McAdams and James Johnson by Weldon Edwards.

Beef: Marian Odom, Nancy Henry and Buddy Waddell by Travis Chapman.

Clothing: Cindy Johnson, Deborah Scott, Melinda Bynum and Nancy Roberts by Mrs. Tommy

Johnson.

Dress revue: Irene Faircloth by Mrs. Ray Faircloth.

Electricity: Mike Knott and Steve Kniffen by Henry Howard.

Foods-nutrition: Kay Faircloth by Mrs. W. E. Scott.

Garden: David Edwards and Dicy Scott by Charles Greenway.

Home economics: Roberta Scott by Mrs. Billy Henry.

Leadership: Tom Windham by H. A. Travis.

Safety: Gerry Kniffen and Lafonda Knott by Mrs. Blain Odom.

Swine: Pam Johnson and Bobby Clark by LaWawie Long.

Sheep: Freddy Greenway and Dicky Greenway by Charley Tom Straley.

Mighty Mites Fight To Second 0-0 Tie

By David McGewen

The Cross Plains Mighty Mites, in their third game of the season at Bangs last Tuesday night, battled the Junior Dragons to a 0-0 tie.

The Mighty Mites records of no losses and not being scored on were held intact, but a second win was not secured.

Defensively, the two teams seemed even, in a see-saw contest for the pigskin.

Cross Plains closest threat was in the third quarter on a 30 yard drive to the Bangs 20 yard line, but the threat was nullified and the Dragons took over. Hosts' longest drive was to the 30 yard line of the Mites. Defensive end James McMillan, linebacker Larry Bishop and corner back Randy Strickland sparked the defensive effort.

Ricky Adams, sixth grade quarterback, sustained a broken leg in the "B" game preceding the main game.

The Mighty Mite B squad was defeated 18-0.

The Mites were to have hosted the Santa Anna Junior High team here Tuesday night. Next week brings an open date.

CARD OF THANKS

Thanks to all the friends and neighbors for the many kindnesses during my recent stay in the hospital and since returning home. I will always be grateful for your friendship.

Military Draft Classifications Are Explained

Some local people are familiar with the letters and numbers assigned to the military draft classifications, however, for the convenience of others the following explanations are listed. Following is a complete identification of 19 separate categories:

1A—No. 1 draft priority.
1AO—Conscientious objector available for non-combat service.

1C—Presently in the armed services or on active duty.

1D—Reservist or ROTC cadet.

1O—Objector available for civilian type work in national interest.

1SH—Student deferred until graduation from high school.
1SC—College student deferred until end of academic year or until age 20 is reached.

1W—Objector in civilian type work in the national interest or who has completed such work.

1Y—Registrant qualified for service only in time or war or a national emergency.

IT MIGHT HAVE BEEN A WEATHER BALLOON

A strange, shiny object was seen late Tuesday in the sky over Sabanno and Cross Plains.

Mr. and Mrs. Wes Holcomb of Sabanno discovered the oddity about 6:30 p.m. Holcomb described it as "Two balls of fire." Mr. and Mrs. Truett Dawkins of Sabanno and several Cross Plains people also saw it. Most opinions were that it was a weather balloon.

When first sighted it appeared as two shiny blue spheres side by side traveling westward, but as the sun set, color changed to red and began to dim to a rosy pink. It had almost disappeared by 7.

Trail's End

I have not been able to buy any used coffins or dog houses, and only a very limited amount of large size girdles and corsets.

I have been out of spittoons for a long time, but I have quite a few used slop jars left.

I am now conducting a sale of all the junk in my store. This sale will continue until Saturday evening, Oct. 10, when my doors will be closed and all unsold merchandise will be arranged to sell at public auction sometime the latter part of October.

During the present sale all merchandise at my store will be reduced in price to the amount of 20 per cent.

I do not have the time or the energy to continue operating this store, so come in and take advantage of these low prices. I have in stock the following: 40 lavatories complete with fittings, over 50 iron beds and framed springs, over 50 mattresses, innerspring and cotton, over 75 gas heating stoves and about 50 dressers, 25 writing desks, 60 wool rugs and carpets, chairs, cook stoves, washing machines, deep freeze units, paint, radios, television sets, vacuum cleaners, and hundreds of other items too numerous to mention. In addition I have over 100 units of new Westinghouse metal kitchen cabinets that I will sell for a fraction of wholesale price. I have quite a few items for those interested in antiques.

Special prices will be made to dealers buying quantity lots of this merchandise.

I am going to dispose of this business and I don't mean maybe, and I would prosecute a man who wanted to unload another truck load of junk in my store. Cross my heart and so help me Hannah.

Store is located in the middle of the block, south of bank in Rising Star.

PIGSKIN Prognosis

By Jim Gilmore

Everything was right Friday night for the Buffaloes to break Rising Star's string of consecutive wins over local teams.

It just didn't happen. Statistics gave Buffaloes an undisputed edge, but the scoreboard told a different story.

An upset, the game taxed averages of several prediction columns, this one included. But the writer guessed correctly on four of five contests last week, bringing the season average to a fairly decent 680.

But there's still half the schedule remaining with seven weeks more to play, so here's luck to this department and the old Buffaloes.

This week's predicted winners listed in bold faced type:

Eastland at Albany: Mavericks surprised a lot of people this year, but luck ran out last week. Give it to Albany, 19-7.

Ranger at Baird: A predictor's dream. Take the Bulldogs, 36-0.

Clyde at Cisco: Loboes can lick the Callahan bunch, 14-7.

Cross Plains at De Leon: Not even James Bond could help the Buffs win this one, 34-6.

PUTNAM SECTOR DRAWS WILDCAT OIL VENTURE

The New Deluxe Wall Paint for all interior Walls, Ceilings and Woodwork!

IT'S GUARANTEED* WASHABLE

Here's a completely new, completely different paint for walls and woodwork throughout your home, that's ready-to-use; so easy to apply and guaranteed* washable. SUPER KEM-TONE combines breath-taking beauty with an amazing ability to resist dirt and soiling.

SUPER KEM-TONE forms such a tight, impervious coating that, unlike ordinary flat paints, dirt cannot penetrate its lovely finish. Dirt washes off easily!

SUPER KEM-TONE gives you practically an unlimited range of gorgeous colors, from lovely light shades to beautiful, new, easy-to-use deep tones. And they all go on easily and uniformly with brush or Roller-Koater, over almost any interior surface, including wallpaper.

DIRT JUST CAN'T GET A "FOOTHOLD"
SUPER KEM-TONE'S tight, non-porous surface, a new achievement of paint chemistry, prevents dirt from penetrating.

EVEN INK WASHES OFF EASILY
Spatter ordinary ink on it — instead of soaking in as on ordinary flat paints, it remains on the surface and is easily washed off.

SCRUBBING DOESN'T HARM IT
*Tests show SUPER KEM-TONE will withstand repeated washing with the usual household paint cleaners without impairing its beauty.

AMERICA'S TOP VALUE IN THRIFTY HOME BEAUTY

KEM-TONE... the oil paint that mixes with water... is your outstanding value in good home decorations, where the extreme washability of SUPER KEM-TONE is not required. For economy, for ease of application, for the beautiful decorative effect of a flat-matte finish, KEM-TONE is the choice of millions. Thinned with water, a gallon of KEM-TONE makes a gallon and a half of paint, ready-to-use, at the amazingly low cost of only \$2.73 per gallon.

Go Ahead And Pay Poll Tax Says Albert Lovell

"To insure voting eligibility next year, pay your poll tax," said Albert Lovell, tax assessor-collector of Callahan County, yesterday.

Lovell said that he advises Callahan Countians to go ahead and make payment of their poll tax even though the federal government has brought suit against the State of Texas concerning legality of the tax.

It is thought that decision on the suit will not come until after the January 31 deadline for paying the tax. Each person wishing to vote in elections in 1966 must have a receipt or exemption in order to be able to do so. Lovell said that opinions are that the U. S. Supreme

Court will rule against the tax, but just as prerequisite for voting. The tax will still be collected.

Should the ruling go against the tax, Lovell opined that state legislators would set up a new voter registration plan, and that a 25c fee would probably be collected.

Poll taxes may be paid beginning Friday, Oct. 1, at the courthouse in Baird, or in Cross Plains at the Citizens State Bank. Tax is \$1.75.

Lovell added that there will be no refunds if the tax as a voting requirement is ruled against, but continued, that probably no person paying the tax would be required to pay another registration fee.

Lakewood Center Awaits FHA Okay

Lakewood Recreation Center is awaiting only final approval of plans by the state, district and county Farmers Home Administration offices before it becomes a reality.

R. D. (Bob) Needham of Cross Plains, president of the board of directors of the project, said yesterday, "I do not have any doubt but that they (the plans) will be approved." He continued, "The directors completed all necessary papers at meetings last week, and they have been forwarded to the various FHA offices concerned."

Last Thursday afternoon the board met and voted to accept the \$112,000 low-interest loan. A majority of members, 135, were present in person or by proxy.

Although Needham would not venture an estimate of approval date or beginning of the rebuilding, he did say, "We will be awfully disappointed if the plans are not approved."

Money for the reclamation project has been available for several months, and the national FHA office has already approved plans for the 60-acre recreational site located midway between Cross Plains and Rising Star.

MRS. DREW HILL IS REPORTED IMPROVED

By Mrs. B. Crow

Mr. and Mrs. Gene Mauldin spent Friday night with their son, Roland, and family in Abilene.

Donald Stephens stopped by for a short visit with Mr. and Mrs. B. Crow Saturday. He has been transferred to Port Lavaca from Snyder where the family has lived 11 years. The family will be moving soon as they can sell their home there.

I would like to correct the mistake I made last week in saying Virginia Odom and Miss Stuckey were from Odessa. They are from Snyder and both are teaching in Snyder schools.

Mr. and Mrs. Warren Price attended funeral services for Mrs. Baum at Cross Plains Sunday afternoon.

Mr. and Mrs. Ray Boen, Mrs. Gene Mauldin and Mrs. B. Crow visited Mr. and Mrs. George Blakley last week. Mrs. Blakley is improving form a recent fall.

Mr. and Mrs. B. Crow spent the day Wednesday with their daughter and family, Mr. and Mrs. Dale Gibbs, Gary and Roger, in Abilene.

Mrs. Gene Mauldin visited Mrs. Ray Boen Saturday afternoon.

LOCAL KEGLERS BEGIN WINTER PLAY TONIGHT

All is in readiness for Cross Plains Mixed League to begin its Winter bowling season Thursday, tonight, according to Charles Waggoner, president.

"Lanes have been repaired, and only election of officers remains before action can begin," he said. Officers will be chosen in a meeting at 7:30 Thursday, immediately prior to league play.

2 BEAUTY OPERATORS AT EASTLAND SEMINAR

Mrs. Opal Gattis and Freda Baxter, both local beauty operators, attended a hair styling seminar in Eastland last week. Both received certificates in advanced hair styling.

Past Presidents Of WSCS Paid Tribute

The Woman's Society of Christian Service of the First Methodist Church met Monday afternoon in Fellowship Hall of the church for a program in observance of the 25th anniversary of the organization.

Mrs. C. M. Garrett was in charge of the program, "That Was the Year That Was, 1940." Meeting opened with group singing of "Have Thine Own Way, Lord." A brief history of the women's organizations of the church was given by the leader. Members on program told of conditions in 1940.

Corsages of white carnations were presented to the president, Mrs. Fred Tunnell, and to past president in attendance, Mrs. Doyle Burchfield, Mrs. W. P. Baum and Mrs. W. A. Payne.

Following the program a social hour was enjoyed. Refreshments were served to the honorees and to Mesdames Gus Brandon, W. H. Fortune, E. W. Riggs, R. C. Brown, W. E. Lusk and three guests, Mrs. Carl J. Sohns, Mrs. Ray Noah and Mrs. J. C. Bowden.

Red, white, and blue arithmetic

If you're looking for safety in numbers, try these figures on United States Savings Bonds.

The value of Savings Bonds adds up at a safe, steady rate. When your Bonds are held to maturity, you get back \$4 for every \$3 that you invest. And that interest is guaranteed.

Furthermore, you don't pay any state or local income tax on E Bond interest. The federal income tax income may be deferred until you cash them. When you need the cash, your Bonds convert in a jiffy.

But the best part of the Savings Bond equation doesn't show up on the tables—the pride you can feel that your money is put to work helping to strengthen freedom's cause throughout the world.

It all adds up to the fact that United States Savings Bonds are a mighty hard-working investment. Millions of Americans have found Bonds the star-spangled way to save. That figures, doesn't it?

Quick facts about Series E Savings Bonds

- ✓ You get back \$4 for every \$3 at maturity
- ✓ You can get your money when you need it
- ✓ Your Bonds are replaced free if lost, destroyed or stolen
- ✓ You can buy Bonds where you bank, or on the Payroll Savings Plan where you work
