## Paul Neeb's Trial Starts

The case will go to the jury," she said.  
Ten persons from Callahan County have been called as witnesses, six by the state and four by the defense. The district clerk said Tuesday that District Judge Penn Jackson had invoked the rule on witnesses, meaning that those who were to testify were not allowed to hear prior evidence. Summoned by the state were Mrs. Randall Brooks, hospital nurse, Sheriff Homer Price, Mr. and Mrs. Dean Strange, who operate Blondy's Restaurant just across the street from the courthouse in Baird and who are parents of Neeb's wife; County Judge Byron Richardson and Baird Constable Glen Curtis. Defense witnesses included Jim Baum of Cross Plains, Garvin Jones and Vernon Weeks of Baird, and Bill Varner, former Cottonwood man, who now makes his home in Abilene.  
Ingram was found dead in his home at Burleson late on the afternoon of Sept. 19. Authorities said that he had been shot five times with a .38 caliber weapon.

### DIES UNEXPECTEDLY

Fred W. Stacy, prominent Cross Plains area farmer-stockman and president of Callahan County Old Settlers Association, died at his home four miles southwest of town shortly before 5 o'clock Tuesday afternoon. Death was believed to have resulted from heart attack. Funeral arrangements and other details were not known as the Review hurried to press. A complete account will be published in next week's edition.

### Local Soldier Gets Honor In Viet Nam

Jimmy D. Cosper, son of Mr. and Mrs. J. H. Cosper of Cross Plains, has received his discharge from three years active duty in the United States Army.  
Before being discharged on Oct. 12, the local soldier was awarded a Certificate of Achievement just prior to leaving South Viet Nam where he had been stationed the past year.  
"The certificate read in part, 'Pfc. Cosper throughout his tour in Viet Nam... has conducted himself in an outstanding manner. He has continually performed his duty with a sense of responsibility seldom found in an individual of his grade and rank... his attention to detail and devotion to his job were without equal.' The award was made by his battalion commander."  
He served with Co. C, 168th Engineer Combat Battalion while in Viet Nam, and was also with an engineering unit for a year's tour of duty in South Korea. Only Cosper and one other soldier received the certificate in his battalion in Viet Nam which was stationed near Saigon.  
Cosper formerly attended Bangs High School and lived with his parents at Grosvenor for many years before moving to Cross Plains about 18 months ago.

### Bandsmen Holding Light Bulb Sale

High school band students will hold their annual light bulb sale this week end to raise funds to finance the organization's banquet slated in the Spring. Students will canvass the community Saturday.

## Tower And Carr Hold Election's Spotlight

A spirited race for the United States Senate, in which Democrat Waggoner Carr seeks to unseat Republican John Tower, will provide the item of most interest Tuesday as voters go to the polls to mark one of the longest general election ballots in history.  
The ticket is lengthened by 16 proposed amendments to

the state constitution, the greatest number of statutory changes ever placed before the electorate in a single year.  
The polls in Callahan County will open at 7 a.m. and close at the same hour that night.  
In Cross Plains the polls will be staffed by six women and one man. Mrs. W. F. (Bill) Kilgore said that her staff of

## Herd Hosts Santa Anna In Last Home Grid Fest

Final football game of the year in Cross Plains will unfold Friday at 7:30 p.m. in Buffalo Stadium.  
The finale will feature the Cross Plains Buffaloes and the Santa Anna Mountaineers locked in a District 9-A struggle.

Mountaineers will bring a 2-0 league record and a 7-1 season mark from the hills Friday while the Buffaloes will try to better a 1-1 loop record and 2-6 season showing. Prodding the visitors is the thought of a possible upset of Goldthwaite and a district crown in the campaign's last regular game carded at Santa Anna Nov. 11. Cross Plains' spurring vision of trying to live up to pre-season expectations, and even better, if Santa Anna's dream comes true, a share of the league championship.

Offensively the Mountaineers rank second only to the mighty Mills County Eagles. Mountaineers have plundered eight foes for 252 points, an average of 31.5 points per game, and in two 9-A conquests, they have lighted up 81 points. The high powered offense is due primarily to the scoring talents of half-backs Butch Makuta, who has rung up 90 points, and Eddie Jones, who has tallied 68.

Although Cross Plains has been plagued with a scoring drought, the Bisons blasted Early 30-14 last week. Still Friday's visitors have tallied 208 more points than the locals' 44.  
Defensively Santa Anna holds the upper hand. Mountaineers have allowed just 51 units in eight games, while the Buffaloes have given a like number of opponents 190.  
The two elevens to battle here Friday have met four mutual opponents during the 1966 campaign. Both have taken measure of Early. Mountaineers 33-0 and Buffs 33-14, and Baird, Santa Anna 28-6 and Cross Plains 14-7. Bangs has defeated both Buffs 25-0 and Mountaineers 9-9. Otherwise Santa Anna buffeted Gorman 33-12, and Cross Plains dropped and 8-0 decision.  
Bisons own a two-year win streak in the series, 13-0 in 1964 and 26-0 in 1965.  
Seventeen lettermen are back for the black and gold team, rated number five last week in the top 10 area Class A teams. However, as last week the Buffaloes will weigh approximately the same as the invading mountaineers.  
One local fan was heard saying, "Cross Plains and Santa Anna usually play a good game," and the year's last home stand for the Buffaloes should be no exception.

## Explanation Given Of 16 Constitutional Amendments To Be Voted On Tuesday

purposes which could make it more valuable. They point out that farming has always received special consideration and that it has value as a way of family life which this country needs to preserve. In addition, some argue that this would keep land prices from snowballing too fast and make development around cities more orderly. Those who oppose the amendment contend it is wrong to extend exemptions on taxes to any special group. They suggest that every land speculator might become a farmer. They also object to the tax assessors assuming the investigations the statute would require.  
Amendment number two involves the cities of Dallas and Fort Worth. It would authorize the Legislature to create airport authorities, composed of one or more counties, thus enabling Tarrant and Dallas Counties to join in the construction and maintenance of joint facilities for air traffic. The amendment would require that if two or more counties were voting on a jointly-owned airport, it would be necessary that the voters in each county cast a majority vote favoring the proposition.  
Amendment number three would allow the shift of Arlington State College from the Texas A&M System to that of the University of Texas. Last year the Legislature passed a law placing ASC under direction of the Board of Regents of the University of Texas but specifying that future building needs of ASC should not come from TU's share of the University Permanent Fund. The proposed amendment is a technical one, intended to clean up wording in the existing constitution.  
Amendment number four would fix the terms of office of directors serving on governing boards of soil conservation districts and other similar political subdivisions. It would allow their tenure to be extended to as much as six years, compared with the present term of two years. The proposal would clarify a confusing situation in favor of longer terms.  
Amendment number five would authorize a statewide system of retirement, disability payments and death benefits for officers and employees of a county or any other political subdivision. The retirement would include elective as well as appointive officers. There is already a constitutional provision for retirement, disability and death compensation for county employees. Eleven of the larger counties have adopted their own systems. This proposed amendment would extend coverage to officials of smaller counties, many of whom are not presently protected in old age as are their counterparts in industry and in such fields as school teaching. Most of the expense of such an enactment would be borne by the individuals themselves.  
Amendment number six would authorize payments by the state to dependants of law enforcement officers who suffer violent death in pursuit of duty. It is argued that local governments do not make sufficient provisions for survivors of law enforcement personnel — including firemen — who pursue hazardous careers in the public interest. Those who oppose this proposition raise questions about the wisdom of the state's interference with decisions which could be made at the local level.  
Amendment number seven would take out of the state constitution the requirement that a poll tax must be paid before a person can vote. There is no longer an issue since court decisions have nullified the

## A reminder of— SENATOR TOWER'S SERVICE FOR TEXAS OIL job holders and businessmen

GUARDING THE INDUSTRY'S RESERVES FOR THE FUTURE,  
Senator Tower rejected all suggestions that the oil depletion allowance be reduced.

PROTECTING THE INDUSTRY FROM FOREIGN COMPETITION,

Senator Tower offered legislation to restrict importation of foreign oil that depresses markets and production at home.

Senator Tower was instrumental, as an Armed Services Committee member, in convincing the Defense Department to support the domestic industry by buying more petroleum products at home.

SENATOR TOWER HAS SERVED THE OIL INDUSTRY OF TEXAS WITH ACTIVE SUPPORT AND CONCRETE ACTION.

YOU COME FIRST WITH SENATOR JOHN TOWER  
Senator Tower serves you as a STRONG FRIEND OF THE LAW AND OF CIVIL ORDER.

Senator Tower serves you as an effective fighter against inflation and SKY-ROCKETING PRICES.

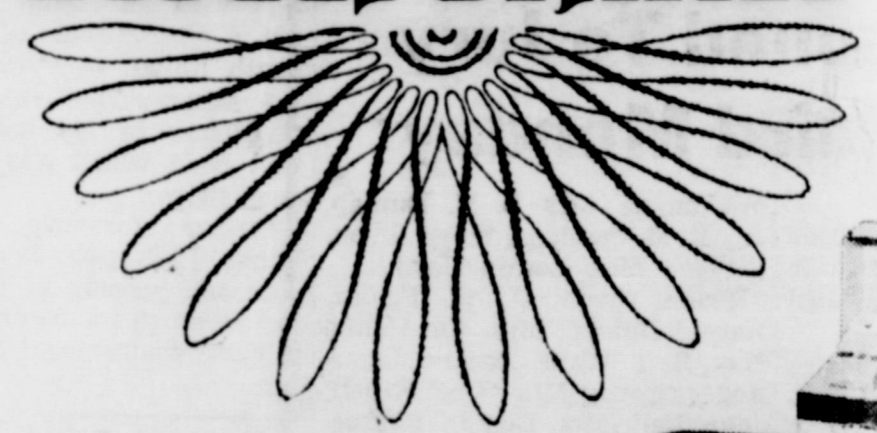

Senator Tower serves you as a LEADER IN THE PURSUIT OF VICTORY IN VIETNAM.

YOU CAN COUNT ON THINGS GETTING DONE WITH SENATOR TOWER ON THE JOB.

### CARD OF THANKS

We wish to express our most sincere appreciation for the innumeral deeds of kindness and expressions of sympathy during the illness and following death of our loved one. Especially do we thank those who sat up, brought food and flowers and the cards and acts of concern were comforting. May God bless and keep you.

The Family of Mrs. Margaret Merrill

**PROMOTED** — James W. Nichols has recently been promoted to rank of Specialist E-4 in South Viet Nam. The local soldier, son of T. T. Nichols of Cross Plains, has been assigned to an engineering unit in the war-torn country for the past six months. The former Cross Plains man entered the Army Nov. 10, 1965, for a two-year duty tour, and trained at Fort Polk, La., and Fort Leonardwood, Mo., before being assigned to Viet Nam late in April. His wife, the former Lovey Bishop, lives in Rising Star.

### Chrisman's Book Comes Off Press

B. C. Chrisman's book, "Early Days in Callahan County" came off the press last week.

## Cross Cut

By Mrs. Les Byrd

Mr. and Mrs. Tom Chambers spent two days in Albany last week with their sons, Carl and Rex Chambers, and families.

Mr. and Mrs. Claud DeBusk of Coleman visited with the Earnest Byrd family Sunday.

Howard Hubbard of Odessa is visiting his grandparents, Mr. and Mrs. Leroy Byrd.

Bill Baucum spent the week end in Brownwood with his daughter and husband, Mr. and Mrs. Alton Barr. Sunday they went to San Angelo to visit his son, Bobby, and family. Bobby and his wife have a new baby son, which makes them three. We congratulate Bill on the birth of his new grandson.

Mr. and Mrs. Ross Newton visited Friday night in Brownwood with Mr. and Mrs. John Peevehouse.

Jimmielee Payne was a business visitor in Brownwood Thursday.

# 16 Propose Changes Explained

(Continued from Page 1.)

so mobile, people move so much from city to city, state to state, and job to job, even within the same company, or into government service and back to private employment, that annual registration is the only way to keep an accurate, up-to-date record on who is entitled to vote.

Amendment number eight would provide voting privileges in races for president and vice-president for persons disfranchised by reason of short residence. Some people have doubts about this amendment because they fear increasing mobility of citizens would add greatly to the difficulties of holding elections and protecting ballots from fraud. But proponents point out that many people who move from one state to another are disfranchised by less than six months residence, and that all persons should be entitled to vote for the nation's highest office, particularly if they meet

all requirements otherwise.

Amendment number nine would increase the Court of Criminal Appeals from three to five judges. The Governor would designate one of the five as presiding judge and at the expiration of his term, and each six years thereafter, a presiding judge would be elected. The court is now required to sit from the first Monday in October to the last Saturday in June each year. The change would allow the court to sit approximately the full 12 months.

Amendment number 10 would disallow the cancellation of any bonds issued against an independent school district when consolidated or merged with another. Benefits which were extended to Dallas County in a constitutional change voted in 1962 would be extended to all other counties of the state.

Amendment number 11 would extend the state water program to include filtration and transportation of water, authorize issuance of \$200,000,000 in bonds. This amendment would prohibit use of the Texas Water Development Fund, or any other state fund for water development, for financing any project that would remove from the basin of origin any surface water necessary to supply the reasonably foreseeable future water requirements within the basin for the next ensuing fifty year period. This would not prevent the transfer of water on a temporary, interim basis.

Amendment number 12 would provide a method and manner for dissolution of hospital districts. First constitutional authority for hospital districts was adopted in 1954. Under it the Legislature was authorized to create countywide hospital districts in counties having population in excess of 190,000 and in Galveston County. This set the pattern for other constitutional amendments to cover additional counties in 1958, 1961 and 1962. In 1962 also there was adopted a constitutional provision by which the Legislature could create hospital districts in any county.

Amendment number 13 pro-

poses the consolidation in the junctions of government. This proposition would authorize the Legislature to enact a statute which would apparently be limited to counties having a population of one million, two hundred thousand (1,200,000) or more. Harris County is the only one presently having such a population.

Amendment number 14 would remove a limitation in the constitution on voting by a person who is a member of the Armed Forces of the United States. The result would be that these servicemen would be allowed to vote if they met necessary requirements of age, citizenship and residence. Actually, the adoption of the amendment would serve only to take out of the constitution some wording which has little or no effect at this time.

Amendment number 15 would authorize state acceptance of money from private or federal sources for assistance of physically or mentally handicapped persons. It would allow gifts from private or federal sources to be used (1) in establishing and equipping facilities for assisting those who are blind, crippled or otherwise physically or mentally handicapped in becoming gainfully employed, (2) in rehabilitating and restoring the handicapped, and (3) in providing other services determined by the state agencies to be essential for the better care and treatment of the handicapped. The inclusion of "other services" apparently would bring under the amendment several state agencies which provide services to the blind, crippled, and physically or mentally handicapped as well as to the aged and to children; for example, the State Department of Health, State Department of Public Welfare, State Commission for the Blind etc.

Amendment number 16 would write into the constitution a definite date on which senators and congressmen would qualify to take office. The constitution does not specify when a senator takes office. It had previously been the opinion that a senator began drawing pay vouchers when he took the oath of office. This was several days after the actual election because he could not take the oath until the Secretary of State had certified the results of the election. Confusion over the exact date when senators' terms of office begin has been a major obstacle to special sessions of the Legislature in the period between a general election and the next regular session in January following. It arose when annual salaries were voted. This amendment would clarify these and many other questions.

## Mighty Mites Blast Early Juniors 46-12

Cross Plains Mighty Mites displayed an awesome scoring punch here Tuesday night of last week in downing Early Junior High 46-12.

The Mites, who were in control of the game from the beginning, improved their season record to three wins against two losses, and raised the district mark to 2-2. All Cross Plains junior gridders' scores came on extended marches.

Wingback Ricky Burks paced the Mite scoring with three touchdowns, and quarterback Ronnie Pancake, fullback Kim Beggs and halfback Tommy Merryman counted one tally each. Successful two-point conversions were executed following five of six touchdowns.

The defensive Mighty Mite unit, headed by tackles J. S. Archer and Gail Arnold and end Curtis Shields, twice capitalized on Early mistakes, a fumble and pass interception.

Eastland was to have invaded local territory Tuesday night, and Rising Star will host the Mites Nov. 8 in the season finale.

### GORDON GORES PUTNAM 51-26 IN SIX-MAN BATTLE

Gordon Longhorns knocked Putnam Panthers from a share of the District 8-B Six-Man lead last Thursday. Putnam fell 51-26 in a game played at Cisco.

The Callahan County contingent had shared the loop's first place with Gordon and Carbon at two wins against no losses. Thursday's defeat downgraded the Panthers' season record to two wins and four losses.

Johnny Isenhower, senior quarterback, led Putnam scoring with 18 points.

Putnam will tangle with Strawn, there, Friday at 7:30 p.m. in another conference tilt.

# Bufs Whip Early 30 - 14

Cross Plains Buffaloes broke a three-game scoring and losing streak Friday night whipping host Early Longhorns 30-14. It was an ideal football night and the Buffs delighted a small but enthusiastic crowd of loyal Bison supporters by returning to form of old. The 30 point production shaded any effort Cross Plains had made since the Buffs topped Ranger 34-8 back in 1965.

The win upped the Herd's record to 2-6 on the season, and brought District 9-A play mark to an even .500, a 1-1 showing.

Bisons moved almost at will through the first half, although Early got as many first downs, four, the Longhorns posed no scoring threat. Cross Plains racked up a 24-0 halftime lead, but weakened late in the fourth quarter. In winning the Buffs amassed 223 yards rushing and completed five of 10 passes for 74 yards and a touchdown. Early picked up 133 yards on the ground and 53 through the air and a tally.

Cross Plains began its first offensive touchdown drive of the season midway through the first quarter after an exchange of punts at the Herd's 34. Fullback Joe Pierce got seven yards and a five-yard penalty set up a first on the Buff 46. Pierce then slanted for five yards, and halfback Randy Montgomery spurred for nine more at the Early 49. Halfback Jerry Strickland then cracked at right

tackle, spun out of a defender's grasp and slanted left 40 yards, outrunning pursuers, to pay-dirt. Pierce slashed over left tackle for the two-point conversion, and Cross Plains led 8-0 with 3:12 left in the initial period.

Defensive end James McMillan set the second Cross Plains touchdown opportunity in motion with an intercept of a Longhorn pass at the Early 21. After two plays gained one yard, Strickland ripped off a 15-yard run to the four, but a clipping violation at the 16 rubbed out the play and left the Herd facing third down and 20 at the hosts' 31.

Next play, however, quarterback Ricky Jones lofted a pass to Montgomery, behind all defenders, for the second score. Pierce smashed over the right side for the two-point conversion with 56 seconds having elapsed in the second canto.

Montgomery counted the third touchdown with 9:45 left in the second period with an 80-yard punt return. He gathered in the oval at the Herd's 20, cut right, running diagonally, then cut up field and outran the only close defender the final 40 yards. Pierce again made eight out of sixes and upped Cross Plains lead to 24-0.

After a brief rally by Early, Cross Plains held for downs at the Herd 45, and quickly worked for 25 yards to the Horns' 24, but a clipping penalty stopped the immediate threat and

caused eventual loss of the ball. Cross Plains took the second half kickoff but was forced to punt. The Longhorns then began a methodical, 60-yard drive which carried to the Buffalo one before Herd tackle Mike Ingram dropped quarterback Robert Lee on fourth down.

First play from scrimmage fullback Vernon Johnson was trapped in the end zone for a Early two-point safety.

An Early punt rolled into the end zone and Buffaloes started moving for the last touchdown from their own 20. Strickland climaxed the 11-play march with a 19-yard run with 9:49 left in the game. Jones was spilled attempting to pass for the two-pointer. Pierce furnished most of the power, gaining 33 yards in six carries, on the drive which boosted the Bisons lead to 30-2.

Although the Bisons dehorned Early during the first three quarters, spikes quickly grew and gouged the Buffs for 12 points in the final period.

Early halfback Richard Dennis set the Horns' rally in motion with a 43-yard return of the kickoff. Buffs Mike Bright and Strickland combined to stop him on the Early 43. A 15 yard penalty blunted the drive, but Dennis quickly regained prominence with a fumble recovery at the Cross Plains 29. First play quarterback Gary Chambers passed to halfback Gary Henderson for the touchdown. Buff Montgomery batted down the Chambers to Dennis conversion pass. The Herd was forced to punt following the Longhorn tally. Davis hauled in the airborne pigskin on his 41 and rambled down the left sideline behind a wall of blocks for the last score of the night.

### Ben's Grid Picks

By Benny Glover

Happy days are here again

Not only for this column which claimed a perfect six correct picks in six attempts last week, but also for the Buffaloes who found a scoring punch and devastated Early 30-14. A triumphant attitude of "let's keep it going" spiced with joyous grins was setting the stage this week for the

oughie with Santa Anna facing the Bisons Friday.

Last week's 1,000 percentage boosted Ben's Grid Picks season mean by 28 points to just over an .851. Thus far 46 times in 54 forecasts the correct winners have been selected.

Last week no projected scores were anywhere near final results, but the winners predicted did emerge victorious. Actual scores read: Putnam downed by Gordon 51-26; Goldthwaite blasted Burnet 56-0; Clyde fell to Granbury 38-0; Santa Anna dumped Rising Star 48-6; Ranger pounded Baird 39-7; and Cross Plains romped past Early 30-14.

Again six games are on tap this week end involving area, county and district grid teams. Rising Star has the week off to ready for the annual Buff-Wildcat tilt Nov. 11. Predicted winners in bold face type.

**Putnam at Strawn:** Panthers keep hopes alive of claiming or sharing district title with a close conquest, 34-28.

**Blanket at May:** Battle of 17-B Tigers and May brand seems to be a bit better. May stays in title contention, 20-6.

**Early at Goldthwaite:** No contest. Eagles will win with ease, 60-0.

**Hamilton at Clyde:** Another animal match, but Hamilton's Bulldogs are a bit faster. Could be close 7-AA duel, 20-7.

**Baird at Albany:** District 10-A Lions are not nearly as potent as in days gone by, but still too much for hapless Bears. Baird must wait another week, 26-13.

**Santa Anna at Cross Plains:** It all depends on Buff defense. It must stop Mountaineer touchdown twins, Makuta and Jones. Team effort could produce an upset. Gamble on Buffs' new-found punch, 14-13.

# TEXAS IS ON THE MOVE!

In virtually every field of endeavor, our state has made dramatic progress the past four years under the strong leadership of Governor John Connally. His administration's bold, yet sensible programs have helped provide new opportunity and a better way of life for all our people.

**IMPROVED EDUCATION** — Since 1963, state investment in higher education has doubled, and faculty salaries have increased 40%. State support of local public schools have increased 44% in four years, including a \$100 million teacher pay raise enacted in 1965. Technical and vocational training programs have been vastly increased; junior college enrollment doubled during the current bi-ennium. Special literacy programs for migrant workers and their children have been expanded. A college student loan fund of \$85 million has been established. And a special Governor's Committee on Public Education currently is studying all facets of elementary and secondary education.

**WATER RESOURCES DEVELOPMENT** — Long range planning and development have been given top priority. \$100 million in bonds have been issued for development of needed storage facilities; authorization has been granted to expand this program to \$200 million for the next two years.

**CONCERN FOR THE AGED AND NEEDY** — Since 1963, assistance to our elderly has been increased 27%. The Governor's Committee on Aging is continually working for the benefit of our senior citizens.

**OUTDOOR RECREATION** — More than \$2 million has been invested in improving ten of our most attractive state parks during the past two years to provide additional recreational facilities.

**INDUSTRIAL EXPANSION** — A record 855 new industrial plants have been established the past three years, moving Texas into second place in the nation in industrial expansion. Last year, more than 23,000 new jobs were created in manufacturing alone — the best year ever for the Texas labor force.

**INCREASED TOURISM** — More than 12 million tourists visited Texas last year, adding more than \$900 million to the state's economy, and creating 140,000 new jobs. The state's tourist advertising program has been sharply expanded.

**MENTAL HEALTH AND MENTAL RETARDATION** — New emphasis on prevention of mental illness and mental retardation has been achieved through establishment of new community centers, replacing the former practice of "warehousing" patients. Investment for research into causes of mental disorders has doubled the past four years.

**BETTER HIGHWAY TRANSPORTATION** — Texas has more farm-to-market roads than any other state — more than 35,134 miles. We lead the nation in construction of interstate highways, at a cost 40% below the nation's average.

**COMBAT AIR AND WATER POLLUTION** — New legislation for public health. "The Clear Air Act of Texas," provides state action to combat air pollution. Similar vigorous action has been initiated to control pollution of Texas streams, bays and estuaries.

**NEW CULTURAL GROWTH** — The Fine Arts Commission was established in 1965 to nurture the cultural enrichment of Texans. The state's cultural heritage will be preserved and portrayed in the state's pavilion at HemisFair '68 in San Antonio.

**BUSINESSLIKE ADMINISTRATION** — With unprecedented teamwork, our state government has operated responsibly and efficiently. The Legislature has finished its work on time in each session. Following a pay-as-you-go policy, we have maintained a healthy surplus in the general revenue fund without curtailing essential services.

**HEALTHY, GROWING ECONOMY** — Business activity rose 11% last year, as Texas continues one of the brightest growth areas. Employment and income are at an all-time high, unemployment at an all-time low. Despite increased responsibilities, our state government costs only \$168.78 a year per citizen, fourth lowest in the nation. No broad-based tax has been enacted the past four years. Texas still has no personal income or payroll tax, no corporate income tax, and is one of few remaining states with a limited sales tax of 2%.
