Stickhorse Travel

For a while it looked like "Senior Amigo," globe-trotting stickhorse, created by Roger Reynolds, Putnam youth, would miss Alaska's Centennial Celebration.

But then the Abilene Chamber of Commerce and Dyess Air Force Base officers took a hand. "Senior Amigo," as a result of their interest, departed the big Abilene military installation recently on another good will journey.

The well-traveled ambassador recently returned to Putnam from a hitchhiking tour which took it to such faraway spots as Gibraltar; Da Nang, South Viet Nam; Hong Cong; England; and the South Pole.

"We were afraid that we would have to turn down the invitation from the people in Alaska," said eight-year-old Roger, a third-grader at Putnam. "This is going to be swell." Roger's father, R. W. Reynolds, is superintendent at Putnam.

Carries On "The Work" Roger is taking over the ambassador work started by his older brother, Roddy, now a freshman at Abilene Christian College. Many years ago, Roddy made a stickhorse, put a message on it, and left it at a roadside table near Putnam.

The message asked, in effect, if whoever found the stickhorse would take him as far as they were traveling, sign their name in the horse's attached logbook, and notify Roddy where they had left him.

Soon messages began to pour in, not only from throughout the United States, but also from several foreign countries as the stickhorse traveled. The program was so successful that Roddy later launched other "ambassadors."

GROWING-UP COMFORT

How times have changed in electric heating—it's growing up! By the time this lad is 15 years old, according to Edison Electric Institute, there will be 19 million electrically heated homes in America. Just as the electric refrigerator replaced the icebox, electric heating is replacing tired, outmoded fuel systems. Electric heat is even from floor to ceiling. It is constant. And, it is safe—a clean break with the past.

Isn't it time you began to enjoy this modern way of heating your home? It costs no more to operate than flame-type fuels. See WTU or your local comfort-conditioning dealer.

Buffaloes Romp Past Novice 99-41 Friday

A sizzling hot herd of Buffaloes established what is thought to be an all time high school scoring record in Buffalo Gymnasium Friday night.

Ten Bisons tallied 99 points against Novice in an impromptu game scheduled to avoid a 10-day lay-off before the Herd begins District 9-A play Friday at Rising Star.

A game swarm of Hornets tallied 41 points.

Cross Plains logged 23 points in each of the first three quarters and wished the nets for 30 markers in the final stanza. In a frenzied last minute rush to hit the century mark, Coach Carter Williams said, "Two or three shots were missed."

10 Buffs Score

Bo Barr led the onslaught with 22 points. Joe Pierce tallied 19, and Jerry Strickland bucketed 16. Others marking in the scoring column were Jerry Belew 9, Mike Birght, Randy Walker and James McMillan 7 each, Ricky Jones 6, Billy Lee 4 and Tommy Dodds 2.

All 12 varsity teamsters played in at least two quarters although the Go Team, starting unit, played the first part of the game and got a huge lead. Ten the Bandits, alternate unit, took over. Mentor Williams commented of his first line players, "They got ahead and

played real good ball." He added of the Bandits, "I am real happy with the desire and hustle shown."

Williams pointed out that after an apparent record was in the making, "We pressed for the new high, but starters were again pulled after we had scored 86 points." Bandits then pushed the score upward. Former high score under direction of Williams, now in his second season here, was 82.

The 99 points came on 34 field goals and 31 free tosses, and 12 charity throws were unsuccessful.

Buffette B Wins

After a miserable first half, Cross Plains Buffette B team rallied for a 30-26 win over Novice counterparts.

Locals counted just four points in the first half while Novice counted 13. Coach Jack Gray said, "They (Buffettes) must have missed a hundred shots."

An 18-point third quarter lifted reserve Buffettes to a 22-19 margin. Sue Walker led scoring with 14 points. Peggy Purvis tallied 10 and Rosalee Grider counted 6.

Weather Curtails News From Sabanno Locality

By Mrs. Edwin Erwin

The weather is still cold and cloudy. Farmers are wishing for moisture. Everything is sure dry.

With the weather being so cold and people staying close to home, there is not much news in this community this week.

Game night was well attended Friday. A large crowd of home folk were out and the following visitors were present: J. D. Cauthen of Admural, Nathan Foster of Atwell, Glenn Merrill of Cross Plains, Mr. and Mrs. Pete Fore and Mr. and Mrs. Calvin Roady of Pioneer. We were glad to have these visitors, and visitors are always welcome.

Herbert Henry and Mr. and Mrs. Glen Pilet of May visited with Mr. and Mrs. Truett Dawkins Sunday.

Mr. and Mrs. Wes Holcomb visited with their children, Mr. and Mrs. Jim Clark and children and Mr. and Mrs. Gerald Holcomb and children, all of Clyde, Sunday.

Clarence Scott is on the sick list, but at last report he was feeling some better. Minter B. Sheffey is slowly improving

from her illness. It is hoped that each of them will soon be feeling much better.

Moody Laminack, Mrs. W. R. Erwin and Mr. and Mrs. Edwin Erwin attended the Eastland County Singing Convention at Rising Star Sunday. It was one of the best singings we have attended in a long time. Some of the best quartets were from Santa Anna, Breckenridge and Eastland. Those who did not go missed a mighty good singing.

Mr. and Mrs. Truett Dawkins visited with his uncle and aunt, Mr. and Mrs. M. P. Wilcoxen, Sr., in Anson last Tuesday.

Mr. and Mrs. Edwin Erwin were business visitors in Eastland Thursday.

Mrs. J. L. King and Mrs. Truett Dawkins visited Mrs. Mary Hollis and Minter B. Wednesday afternoon of last week.

Albert Parkinson, an old Sabanno friend who now lives at Romney, is in a Gorman hospital. It is hoped that he will soon be able to be back home.

Mr. and Mrs. Wes Holcomb visited with his brother near Lamkin Thursday.

News Of Former Residents

Mrs. Delia McAllister, who lived in Cross Plains many years, drops a note from her home at 1401 North Mockingbird Lane in Abilene, instructing continuance of the Review for another year.

"I don't want to miss a copy," she says, "for that is my way of keeping up with my many dear friends in that wonderful community."

Cleve Callaway of Comanche, who was for many years an independent oil operator in the Cross Plains district, renews his subscription to the Review and sends best wishes to his many friends in this locality.

Local people remember Cleve with affection and many say that a speech he made on the streets of Cross Plains, during his campaign for the State Legislature back in the 1930's was one of the best they ever heard. Cleve's opponent had charged that he was a big oil operator and knew nothing

about hard work and the poor man's problem.

Cleve answered the charge well when he finished two or three robust tool-dressers, who happened to be in the audience, rose to testify that Callaway handled a 16-pound sledge and dressed out a cable tool bit as well and as fast as any man they'd ever seen. "I've toiled alongside him," said Wyatt Robinson of Cottonwood, "and I say for sure that he is no stranger to hard work."

Cleve closed that speech with words which went something like this: "I'm proud to have been born in the rugged West, nurtured at the breast of a pioneer Texas mother, disciplined by a stern but loving father, served in war and peace with patriotic Central West Texans, whose friendship I value far more than any honors public office might afford."

Ted Souder was a business visitor in Abilene Monday.

He is now at England Air Base as a member of the Tactical Air Command which provides battlefield firepower, precision jet photo reconnaissance and air mobility for the nation's ground forces.

BAND BOOSTERS WILL MEET MONDAY NIGHT

Cross Plains Band Boosters will meet Monday night, Jan. 6, in the Band Hall on the school campus. Starting time is 7:30.

Reporter Writes How Rowden Fared When Electricity Failed

Editor's Note: Electricity is as much a part of rural life as big city living. Mrs. Voncille Gibbs, Rowden correspondent, briefly summarizes some humorous incidents which evolved when the power failed in that community Monday.

Voncille Gibbs is all dressed to keep warm and off to milk the cows when suddenly the lights go off. It's 4:20 a.m. No electricity. He waits a while, thinking it will come on, and the day will start as usual.

He waits a while, thinking it will come on, and the day will start as usual. After nearly an hour, he decides we need to start breakfast. Out comes the old kerosene lamp and two candles to see by.

Meanwhile at other homes it was quite dark too. Mrs. Tommie Harris reported they had a "romantic breakfast", by candlelight Mrs. Sterling Odom said that she couldn't tell for sure if the bacon got "brown".

Weldon Gary got cold under his electric blanket and woke up Leona to report that something was wrong. Warren Price, who always gets up early, was wishing for a "cup of coffee" that an electric stove couldn't make.

Here at home, we remembered the time the electricity was off and figured Hettie and Warren were eating by lamp light. Hettie said, "Warren, you'd better get me a spoon to eat with before I punch my eyes out with this fork."

The electricity was off for two hours, long enough to remind us of the many things we should give thanks for. Miss Ada Sikes had the misfortune of falling while at her sister's.

Visitors in the Tommie Harris home during the week were: Jimmy McCowen, Gary Odom, Vanda Anderson, Mr. and Mrs. Don Harris and Terrell, Mr. and Mrs. Vernon Spencer and Mr. and Mrs. Hadden Payne. Terry is doing fine. Ladies from here attending the quilting in Mrs. Willis Baulch's home in Baird last Thursday were: Mrs. Leila Gibbs, Mrs. Gene Mauldin, Mrs. Warren Price, Mrs. Sterling Odom, Mrs. Voncille Gibbs and Mrs. B.
