WHEAT, CORN CROPS LARGER, BUT COTTON CROP SHORTER ACCORD TO U. S. ESTIMATE GIVEN PUBLIC

No Change in AAA, Says Secretary Wallace, But If Italian War Continues Prices May Raise Over the World.

The U. S. Department of Agriculture, in a statement released Friday of last week, boosted the 1935 crop of corn four million bushels, and the cotton production by 29 million bushels beyond the figure given a month ago.

The estimate placed wheat production at 592,659,000 bushels, compared to 497,000,000 bushels last year, and an average from 1928 to 1932 of 861,000,000 bushels.

The 1935 corn crop was estimated at 2,213,319,000 bushels, an increase from the 1934 total of 1,377,000,000 bushels. The five year average crop production was 2,262,000,000.

The change in estimated number of bushels will not be sufficient to make any changes in AAA adjustment program, according to Secretary Wallace, but the Italian-English war, if continued for some length, may have some effect upon raising prices, it is said, even though Italy may be boycotted by other nations.

The Texas cotton crop will be much shorter this year, is the report given out last week by the Federal government, the estimated national total number of bales produced being set at 11,464,000 for the year 1935 which is a reduction of 25,000 bales over the September 1 estimate.

The now indicated crop of 1,823,000 more than the 1934 crop but 3,200,000 bales less than the average production in the 1928-32 period. There is an indicated decrease of 18,000 bales in Oklahoma and 19,000 bales in Texas during the past 30 days.

Total ginnings to Oct. 1 were 4,230,262 bales compared with 4,962,344 at this time last year. The yield per acre appears to be running a little more than two pounds per acre less than it did last year. Texas crop is set at 60 per cent of normalcy.

Producers To Vote On Corn-Hog Control Saturday, October 26

Every eligible corn-hog producer in Bailey county, as well as each of the 17 contract signers, is entitled to vote in the national corn-hog referendum Saturday, October 26, according to R. B. Dennis, president of the County Corn-Hog Control association.

All farmers have a stake in the question: Do you favor a corn-hog adjustment program to follow the 1935 program which expires November 30, 1935? Therefore it is important to get the judgment of every eligible producer on it a matter, he pointed out.

All operators and owners, or their official representatives, of farms which produced corn or hogs in 1935 may vote, whether they signed contracts or not in past year or not. County committees will determine eligibility of voters. Each eligible is entitled only to one vote, whether the number of farms he operates, no matter where.

Corn and hog industry, on the other hand, has a choice of continuing the adjustment program (down to hold corn acreage down to the 1935 level and preventing an increase in hog numbers. The vote is to release control both acreage and hog production at that during the next three years.

The increase in hog production in 1935-36 level will be greater than any previous period in the history with consequent corn-hog prices.

Years before AAA, every corn producer would have had to deal in prospect in his own individuality with no means of guessing the industry as a whole, and with no means of bringing concerted national action to the problem. Now with their union contract associations and voluntary contract systems, farmers as a whole are in a position to what other farmers are going to cooperate to keep supplies and prices which have been one of the major hazards to the industry years ago, and which have been fatal to the consumers of pork as

"He Was A Gay Senorita" To Be Presented Friday

Friday evening of this week, at the High school auditorium in Muleshoe, beginning at 8:00 o'clock, members of the Pidelis Sunday school class of the Methodist church will present one of the gayest and funniest plays written in recent years, a three-act comedy drama, "He Was A Gay Senorita".

A. J. Gardner is probably the gayest Senorita in the western hemisphere, and Delma McCarty the most glibly lover. The entire cast of characters will be fittingly portrayed by local talent, and they promise an evening of entertainment, well worthy the small admission fee charged. The proceeds from the play is to be used to pay the conference pledge of the Sunday school class.

The cast of characters follows: Daniel Benjamin, a wealthy widower, Pat Bobo, Arnold Benjamin, his son, Edna McCarty, Larry Moore, Arnold's pal, A. J. Gardner; Lena Lutzheim, the housekeeper, Mrs. H. Lutzheim; Fritz Lutzheim, her husband, the gardener, Richard Bookley; Vera Stewart, Arnold's sweetheart, Mrs. Harold Wyrer; June Gale, Larry's sweetheart, Mrs. Al Isaacs; Mrs. Spangos, presumably Spanish, Mrs. W. H. Ataway; Senorita Costa de la Torriente, from Brazil, Mrs. Delma McCarty; Senorita Carlotta Feroz, Costa's companion, Mrs. Pat Bobo; Pat Forest, a poor relation, Jim Burhead; Dr. Forsythe, the family physician, Al Isaacs.

SANTA FE TO SPECIAL TO CALIFORNIA BALL GAME

E. Kaecher and M. Robinson, general freight and passenger agent of the Santa Fe system from Lubbock, accompanied by Clay Pumphrey, Santa Fe agent at Littlefield, were in Muleshoe last Monday afternoon in the interest of a special service train to be run to Los Angeles, California next week in behalf of the football game to be played between Texas Tech and Loyola university of Los Angeles, October 25.

This enticing excursion will furnish a several days vacation for about 400 people who are contemplating availing themselves of the opportunity of visiting the Golden State of the Pacific and witnessing the clash between these two varsity teams, about three days stop-over being allowed in the City of Angels.

Exceedingly low rates of transportation with Pullman service allowed all the time in Los Angeles, thus saving hotel expenses, will be in vogue.

Common Schools Of Bailey County Get \$2,676 State Fund

A check for \$3,000 per capita, totaling \$2,676, for common school districts in Bailey county, covering first payment of a total appropriation of \$17,500 for the scholastic year of 1935-36, was received here last Monday by the Muleshoe State Bank, county depository, according to J. E. Adams, county superintendent.

Later this week a check totaling about \$2,229 is expected to arrive for the Independent school districts, of which sum Bula school will receive \$780, and the Muleshoe district, \$1,449; these sums including scholastic transfer payments.

ROY GLADSON DIED IN N. M.

Sunday morning Roy Gladson, of Fort Sumner, New Mexico, died at a Clavis, N. M. sanitarium from typhoid fever. He was a brother to Mrs. Will Shaw of Muleshoe.

LEGISLATURE PASSES TAX ON CHAIN STORES

County Salary Bill Is Also Passed With Its Options.

The legislature moved at quick-step Friday of last week toward completion of Governor Alford termed a "must" program. The House accepted amendments by the Senate to a chain store tax bill, sending it to the governor, and passed a bill placing county officers on a salary basis, in accordance with the mandate of a constitutional amendment.

Governor Alford had told the legislators that if he enacted liquor regulation, county salaries and chain store tax legislation he would probably call another session immediately after adjournment of the current one Tuesday to consider old-age pensions.

By accepting Senate revisions, 110 to 33, the House avoided sending the chain store tax to a conference committee where, proponents said, it might be delayed and killed. The motion to seek a conference committee lost, 89 to 81.

The bill levies a tax ranging from \$1 (Turn to Page Eight, Please)

DELINQUENT TAX SUITS TOTALING \$60,000 ARE FILED

Notices Being Mailed Out; Hearings In District Court.

County Tax Collector Jim Cook is this week sending out tax notices to delinquent property owners who have not paid their taxes since Dec. 31, 1934, and present indications are that approximately 250 tax suits may have to be filed by County Attorney Cecil H. Tate under orders of the Bailey County Commissioners' court, as the law provides that such suits shall be instituted at the commencement of the collector's notice is not made within 30 days after being sent out.

Many of these suits will be filed for hearing in District court which convenes Dec. 9, collect of which will bring into the county treasury approximately \$60,000.

Delinquent state taxes in Bailey county now amount to \$30,442.20; delinquent county taxes, \$43,833.92; delinquent school taxes, \$43,651.95, or a total for all of \$147,931.73, according to figures furnished by the Tax Collector's department.

FEDERAL GOVERNMENT IS TAKING OVER MUCH LAND FOR RETIRING AND FOR RESETTLEMENT PURPOSES

That the Federal government is really interested in getting farmers located on better producing land than many of them now occupy, is clearly evident by recent procedure in resettlement propositions and the purchase of poor lands, together with transfer of these farmers onto more highly productive plots.

Last week Federal inspection of a 4,000 acre tract in the vicinity of Plainview was made. There is a tract of approximately 4,000 acres in Lamb, Bailey, Castro and Parmer counties that is now under consideration by the government for resettlement purposes. Its recommendation having passed county and state boards and is now up for district consideration at Stillwater, Okla., inspection of the tract now expected any day.

The government is now improving a tract of land located near Ropesville, in Hockley county, and buildings necessary for 20 different farmers are now in process of construction. In Fannin county a few days ago 17,000 acres were purchased by the Federal government at a cost of \$135,000, which is to soon be vacated and the farmers formerly occupying it will be moved to more fertile land locations. It is understood the government also has in view the purchase of several other comparatively non-productive tracts, some of them located in the Panhandle area, which will be taken over and present occupants moved to more desirable locations.

Commenting upon the recent Fannin county purchase, C. P. Blackwell, director of the Land Utilization projects for Texas and Oklahoma, says, "If American agriculture is to live we must stop waste. We must stop the waste of human resources through cultivating a hundred acres to get a ten-acre harvest. We must stop the wasting away of an estimated five dollars per acre in good top soil every year. We must stop wasting tax money in an effort to keep roads and schools within reach of isolated families."

"But even more important than this is the human purpose of enabling farmers now living on unproductive land in this area to move to more fertile farms," says Director Blackwell. On better land we hope they will have an opportunity to make a decent living; and adequate recreational, educational and aspirational necessities be within reasonable reach of every family.

On much of this area the sloping lands have such a thin cover of top soil that cultivation of any crop could not prove profitable in times of normal economic conditions. With some terracing and years of following most of this acreage can be reclaimed as pasture land and will probably be rentable at a figure sufficient to defray a large part of the operating expense.

This process will necessitate several years work and the recuperating of acres will be slow. Farmers entirely dependent on crops for a livelihood can not be expected to allow land to lie idle long enough to successfully rebuild the soil, pointed out Blackwell. It is a known fact that much of the millions of dollars of taxes now delinquent in Texas is due to the fact of non-productive lands. While farmers may be able to make a fair living

\$121,277,398 EARMARKED BY GOV. ON VARIOUS TEXAS EXPENDITURES RELIEF, IMPROVEMENT THIS YEAR

Texas Gets One-Fortieth of Huge Total Of \$4,880,000,000, With Promise of Still More If Needed.

Certificates For Cotton Crops Are Received In Co.

Practically all cotton tag allotments for farmers in Bailey County have now been received for the current year, according to J. E. Walde, jr., county farm agent, the total number of certificates issued to Bailey county this year being 7,125 as against 7,413 for 1934. Certificate allotments for other counties in this section, are as follows:

Castro, 981; Cochran, 2246; Floyd, 10,979; Hale, 14,386; Hockley, 25,155; Lamb, 39,773; Lubbock, 37,295; Parmer, 1,961.

Bankhead exemption certificates, it is said, to be legally transferred, must be received in the county agent's office, no other kind of transfer being considered legal, thus ginners are warned to be careful in taking these certificates to see that they are properly and legally transferred.

On account of the indicated increase of cotton crop in this county this year, it is probable some growers will have to make arrangements for purchase of certificates, while some farmers have indicated they will pick only as much cotton as their certificates allow.

NEW WEEDS AND GRASSES HERE FOLLOWING EXCESSIVE WINDS

Following excessive winds of last year, when an average of one-eighth of an inch of new soil was deposited on the fields of this section, farmers are also noting the arrival of many new kinds of weeds and grasses, some of which are total strangers to them. Occasionally some farmer moving to this area from some farther northern state will recognize some particular weed, recalling earlier experiences, that almost make him "homesick". Previous grasses are now going to seed that were strangers to this area before this year. Some of them have been recognized by farmers once living elsewhere, in some instances, it is reported farmers are taking special care of some of these grasses, isolating them from the common native varieties with hopes of climating them for future propagation to this section.

90 Attend The Turkey Grading School At Plainview Last Week

The first of nine turkey grading schools to be held in this state this year, was held at Plainview last week under direction of the A. & M. Extension department and participated in by Thos. M. Heitz, representative of the U. S. Bureau of Markets, being attended by Levi Churchill, J. B. Walde, Fred Warren, J. Clyde Taylor, and other turkey fanciers from Muleshoe. At the close of the meeting Mr. Churchill qualified and received license as a turkey grader, his work being highly endorsed by Heitz.

There were nearly 90 people registered at the school to receive instruction. Ben Brown, New York City sales manager for the Northwest Turkey Growers association, was one of the principle speakers. J. T. Hoggins, president, Plains Turkey Improvement association, presided over the session. W. W. Evans, Hale county farm agent, and R. B. Davis, manager, Plains Cottons, also took part in the discussions, as well as many others attending the meet.

15 BAILEY COUNTY BOYS FEED CALVES IN 4-H CLUB WORK

There are a total of 15 Bailey county 4-H club boys who are now feeding calves in their homes such throughout the winter, according to announcement made by the Bailey county farm agent.

While four of these boys began calf feeding in June, nine others did not start until the first week in October. The boys who are doing this feeding are Nash Holt, Nels Holt Jr., W. C. Harlan, Bill McCarty, Horace McAdams, Clyde Truett, Claude Truett, James Gregory, Sam Sims Jr., Bill Dutton, John Starkey and James Starkey.

The government last Saturday earmarked \$121,277,398 out of the \$4,880,000,000 work relief fund for Texas with indications even more would be available later.

Allotments since April 1 this year were about one-fortieth of the national total. Several more sizeable grants were in the making.

The Bureau of Internal Revenue reported, meanwhile, that all government tax returns from Texas in the fiscal year ended last July 1 totaled \$74,210,966.18.

The Works Progress Administration has fixed a tentative quota of \$33,410,000 for individual projects in Texas and Senator Morris Sheppard said yesterday he believed this figure would be increased. The next largest lump sum allotment is \$25,587,516 to 11 departments or bureaus for work in Texas on government-sponsored, nation-wide projects.

The Federal Emergency Relief Administration set aside \$25,465,016 for its work in Texas from April 1 to October 1. The Bureau of Roads has \$2,845,322 available for highway, road and street improvement and grade crossing elimination in the Lone Star state, but little progress has been made on drawing up a program to use this money.

The Public Works Administration has approved about 190 "heavier type" projects in Texas for which it will contribute \$18,600,000.

In addition, the Rural Electrification and Rural Resettlement Administration plan to send money into Texas as fast as the program becomes ready to start. The Housing Administration has ordered that up to \$60,000 be spent on

Turkeys Scarcer But Of A Better Quality Than 1934

That Texas' contribution to the nation's Thanksgiving dinner will be smaller this year than usual, but of a better quality is present indications a recent survey resulting in a showing of 20 to 25 per cent fewer turkeys being raised in the state this year than were grown in 1934.

The general survey also is said by poultry dealers to hold true in the Plains area, and throughout the state. It is being estimated that the carload shipments will be considerably lower than last year, however, the quality being better, fewer birds per carload will be required when placing them on the market.

Early weather is alleged to have contributed smotherly toward the decreased number, young pouls being susceptible to fluency, colds and dew. Also, in some sections, falling hail on young birds killed several hundred, as was the case around Muleshoe this spring.

Large turkey centers, where "Turkey walks" are past customs, are said to be abandoning the idea this year for scarcity of birds.

Just how the price will open next month is still an unknown equation, depending much upon cold storage movement of birds. However, it is being anticipated prices will be better than they were last year, as practically all birds for the Thanksgiving market are being reported of a larger size and better meat this year.

REAL ESTATE NOW IN DEMAND SALES CLOSED MANY INQUIRIES

Following a market let-up in the economic depression and a gradual return toward normalcy, demands for real estate are rapidly increasing, according to R. L. Brown, local realtor. Brown states he has closed several deals for new buyers within the past 10 days, and has several other prospective deals now in the process of consummation. Numerous inquiries are also being received by him now, he says, from people in East and Central Texas, as well as from various other states, wanting more intimate information regarding Bailey county lands.

Brown says present indications are there will be a boom in real estate circles in this section this fall for several years past.

The Federal Public department has issued a purple 3-cent Boulder Dam postage stamp.

PALES PEANUT CROP BIG

Portales, N. M., valley peanut is year promises to be a bumper-crop, the big crop raised this year, when 100 tons were sent to shipments made of us.

SATURDAY, OCT. 19

Motor Co.

**Stegall News**

The cranes, after sending out scouting parties to see if the feed is ripening, have made their appearance and they and the farmers are having a merry race to see who gets the most feed.

The High school room of our school is very proud of a new stove and bookcase. A sanitary system is being installed, also.

Stanley Parker of Littlefield visited his sister, Mrs. Orval Fowler, last week.

Mr. and Mrs. Earl Knowlton of Baleyboro visited Mrs. Knowlton's parents, Mr. and Mrs. Henry Holt, Sunday.

Messrs. Charlie and Pete Phillips left Monday for a camping trip near Littlefield where they will pick cotton.

Carl and Lois Pollard visited their sister, Mrs. P. Sullivan, of Morton, Sunday.

Jack Frost has been hovering over this community the past two weeks. Several mornings we have felt his icy breath but we hope he delays his appearance a week or two, so that our late feed will mature.

The hour for Sunday school has been changed from 11:00 a. m. to 1:45 p. m. Don't forget the hour, and help the Sunday school along by being present and on time.

Several of our people report an interesting and profitable trip to the fair.

J. M. Phillips is making syrup this week.

Clarence Penobscot of Stigler, Okla. is visiting his aunt, Mrs. Henry Holt, of our community.

Mr. and Mrs. Freeman Adams of Goodland visited their nephew, Vesta Rogers, Sunday.

Mr. Phillips and son, Sidney, visited business at Earth Sunday.

Frank Cotter of Spring Lake spent the weekend with home folks.

Mr. and Mrs. Ode Thorne, formerly of our neighborhood, but now living in the YL community, were greeting old friends in Stegall community.

Mr. and Mrs. Orval Fowler made a business trip to Fortales Sunday. — Reporter.

Key, who has been in a C. C. Camp in Arizona, is expected home this week.

Mrs. A. J. Neutzler is suffering with two large carbuncles on her right hand.

Mrs. Williams was called to the bedside of her mother in East Texas Friday. Mr. Williams and Mildred accompanied her. We hope she found her mother much better.

Albert Ellis of Whiteface visited friends here Sunday.

The Women's Demonstration club met with Mrs. T. G. Miller Wednesday afternoon. After an interesting and enjoyable meeting, the hostess served hot chocolate and pumpkin pie.

The W. M. U. met Thursday afternoon at Watson school house. Although the crowd was small a very interesting program on the Missionary association was rendered.

The "Reds" will render the program for the P. T. A. Saturday night. Everyone is urged to come and be with us.

Mr. and Mrs. Jack Franks and family of Ft. Worth visited, Mr. and Mrs. W. R. Sowder Sunday.

**Goodland News**

Mr. and Mrs. F. H. Woods celebrated their 40th wedding anniversary Sunday, Oct. 13, with all their children present. Those present were: F. H. Woods, Jr., Houston, Mr. and Mrs. A. L. Scott and sons, Childress, Mr. and Mrs. Ira D. Sexton and children of Maple, and Mrs. Allan Mote and son of Waxahachie, and Miss Nora Sexton of Maple.

Jesse W. James lectured at the school house Saturday night.

Robert Meadows of Lorena visited in the Horace O'Neil home Sunday.

J. A. Beatty of Portales, N. M., was in our community over the weekend.

Mr. and Mrs. J. A. Cook and family of Watson visited their daughter, Mrs. Horace O'Neil and family, Sunday.

Arnold Reed visited in the Maple community Sunday.

Grandpa Reed had his eyes operated on.

Mrs. Will Thurman is visiting at Morton this week.

Miss Amy Bennett spent the weekend with her sister, Mrs. "Bob" Sanders, and husband of Maple. — Reporter.

**Watson News Items**

School closed last Friday so the children could help gather the harvest. Everyone who is large enough to drag a sack is in the fields.

Miss Frances Stewart, who is teaching at Watson, went to her home in Lubbock to spend the month school is closed.

Mitchell Stewart of Friona was in Watson Saturday.

Miss Mildred Fine and Mr. Melton Vaughan of Matador were married at Enochs Saturday night. The wedding was a surprise to friends but all join in wishing them a long and happy married life. They have gone to Dickens to live.

Rev. Bryant of Lorena preached Sunday morning and night to good crowds.

Bill Key, son of Mr. and Mrs. W. L.

**ITALIO-ETHIOPIAN WAR MAY PUT AN END TO CROP CONTROL, SAYS C. C. DAVIS, NAT'L FARM ADMINISTRATOR**

That the Italo-Ethiopian war may end governmental crop control, is the statement of Chester C. Davis, government farm administrator, made in a radio speech the latter part of last week. The present crop control program will be temporarily limited, he said, if war conditions continue abroad bringing prices above parity. After the war has ended, he said the present programs would be continued for remainder of the contract period.

Practicing the present adjustment machinery as a means of meeting increased demands as well as reducing production, Davis said it offered a means of "cushioning the shock of a sudden fall in prices which inevitably follows the close of a war."

"In war and in peace," he said, "the wheat contract offers advantages to the cooperating farmer."

"In times past we have walked into our economic troubles with the indifferent attitude that we would meet the problem when it came. The farm board was already called upon to meet the wheat problem when the surplus was already unmanageable. Using the Agricultural Adjustment Administration act, the farmers were compelled to resort to drastic methods to pull themselves out of the depths of despair."

"They have barely reached solid ground today when the possibility of another dreaded agriculture cycle threatens. Can we, as wheat farmers, be far-sighted enough to bind ourselves closer together in great numbers to enable us soberly to produce for the market now and intelligently to perfect the control machinery to ease the shock that must follow troublesome times?"

Recalling a speech before the Institute of International Relations at Grinnell, Ia., last summer, Davis noted he then had credited the world with first creating an immense market for the American farmer and then taking away "not only that extraordinary outlet but much of his normal, pre-war outlet for exports besides. The agriculture of this country suffered far more from the devastating after-effects of war than from the conflicts itself."

**Bula News Items**

Sunday school at both churches Sunday with good attendance.

Most everyone is picking cotton now and the weather man has brought some beautiful days.

Mr. and Mrs. Muri Waller announce the arrival of a 9½-pound girl since Wednesday night. She was given the name of Edythe Gennette.

Mrs. Everett Brewer, Mrs. Harvey Thompson and Mrs. Spradling are visiting friends around Hollis, Okla.

Jess Richardson and Ewal Battles made a business trip to Blanco county this weekend.

Mr. and Mrs. Edd Hawford were called to the bedside of their son's baby in Hall county last week. The baby died before their return.

Guy Nichols is in a Lubbock hospital for medical aid.

Bula H. D. club met in the home of Mrs. Jno. Blackman Tuesday, Oct. 8 with 27 members and visitors present. Miss Alma Stewart met with us and gave an interesting lecture on clothing.

Gordon Bain took the Boy Scouts on a hike Saturday afternoon, returning Sunday.

Several from Bula attended church at James Sunday. — Reporter.

**Cuba's Central Highway**

Cuba's Central Highway is a concrete motor road 20,000 feet wide and 765 miles long through the center of the island. It was begun in 1929 and completed in 1931 at a cost of approximately \$101,125,000. There are no grade crossings.

**SURVEYING N. & S. ROAD**

A definite survey of the North and South road between Muleshoe and the north Cochran county line is now being made under direction of Harry N. Roberts, former assistant state highway engineer.

The survey is required, following an application made by the Commissioners' court to WPA for a loan and grant totaling \$57,000, of which the county will participate to the extent of \$8,200.

**OIL WELL NOW DOWN 5,000 FEET**

Reports received here early this week are to the effect that the oil test well being drilled on the C. C. Slaughter land southwest of Motron in Cochran county is now down approximately 3,000 feet.

Three other test wells are said to have either been or making ready for spudding in. Much leasing is now going on in that area, and oil interest is rising rapidly.

**CAR FLOUR RECEIVED HERE**

A carload shipment of government flour for distribution among Bailey county relief clients was received here last week, according to Mrs. Dollie Hart, case worker in charge, the wheat coming from Prescott, Washington and being ground by a milling firm at Plainview. A good stock of other food supplies is also now on hand, Mrs. Hart said.

There are now 99 families in this county receiving direct relief.

Buy it in Muleshoe.

**A SURE FIRE PROJECT**

Howard Cox, chief officiating functionary of Paradise Gardens, a well known irrigated tract of land lying just north of Muleshoe, is reported to be about ready to embark upon another laudable project which, on the face of it, appears to bear extraordinary opportunities, not only for increased wealth to the participants, but of relief to many who have heretofore been largely dependent upon governmental sustenance.

Howard proposes to start a cat and rat ranch on a tract of 20 acres recently purchased in the Blackwater valley through the R. L. Brown realty concern, and it is rumored that Brown may have suggested the venture to the eastern purchaser, who is a brother-in-law of Howard's, and recently paid his first visit, accompanied by his wife, Howard's sister, to this western section. The land lies adjacent to Howard's irrigated gardens so it could be looked after handily by him.

Howard's idea is to stock the land, after it has been properly fenced and otherwise made suitable, with 100,000 cats. He figures each cat should produce 12 kittens per year. Each cat skin, of the variety he intends using, will sell at from 20 to 30 cents each, 100 men can skin 5,000 cats per day, this bringing a net profit of \$3,000 or \$10,000 per day.

To feed the cats, he will also use part of the land for raising rats, of which it will take about 1,000,000. The rats, he figures, will breed and produce about 10 or 12 times as fast as the cats, so he will have four or five rats to feed each day to each cat, and he will in turn, feed the carcasses of the cats to the rats after they have been skinned, thus the cat skins will cost him nothing to produce.

Shares in this great project are soon to be offered the buying public at a very low price, Howard declaring they are worth much more than some of the shoddy shares and stocks of other descriptions recently purchased by citizens of this section; but he also warns that the price of this stock will be very shortly advanced as a result of the project increases. Those interested in getting in on the ground floor and becoming charter members of this enterprise should see Howard in person for intimate details, the Journal doesn't happen to have them. In fact, all the interest the Journal has in giving this free publicity is the promise of a few ads when Howard gets ready to buy cats and rats with which to stock his farm, and for all that is known at this time, a tom-cat editor may get skinned.

**MAN NOTIFIED OF A \$40 DEPOSIT 50 YEARS AGO**

John Hegi, farmer, living a few miles south of Plainview, last week received notice of \$20 francs, approximately \$40 that had been deposited more than 60 years ago to his account in a bank at Work, Switzerland.

Hegi came to America with his family when a child. He knew nothing of the deposit until notified by the bank. John exclaimed, "That is better than finding a thin dime in an old pair of overalls."

What Nots Last Monday at the second period Spencer Beavers did not leave his desk the entire period. Something's wrong.

Because there were eight grades above 80 made on the first six weeks in civics examinations, Mr. Cox promises a harder exam. for the next time.

If you want to learn Geometry, see Crystal Kennedy for further information. Mr. Morgan proved to be an excellent time keeper last Friday while the second year Spanish students were taking their exams.

Which will raise a low grade quickly, laughing or crying? Malda Chandler would like to know the answer to this question.

FOUND: A low grade on my Spanish paper—Eunice Griffiths. LOST: our freedom from twelve-thirty until one o'clock each day for six weeks.—The Second Year Spanish Class.

Sophomore Class Party About twenty Sophomores assembled at the High School gym last Friday night for a Sophomore party.

Refreshments of milk nickles and suckers were served to the students of the Sophomore class and the following teachers: Mr. and Mrs. Cox, Mr. and Mrs. Stevens, Miss Beate, Miss Fort and the sponsor, Miss Boone.

J. S. Knight of Venice, Calif., visited his sister, Mrs. L. C. Curley and family, also his brother, D. B. Knight, and family, last week.

The Home Demonstration club will meet with Mrs. T. A. Miller, October 23, in the afternoon. There will be an election of officers and every club member is urged to be present.

Mrs. Grover Grey and son, John, from Muleshoe community attended Sunday school and church here Sunday and were dinner guests of Mrs. W. M. Gaston.

Miss Vera Baker entertained the sixth and seventh grade pupils with a party Friday night of last week, 19 being present and all enjoying the games and fun.

Mrs. Webb, from Oklahoma, is here having some building done on her place, adding one room to her residence will build some out-buildings.

Sam Axtell of Muleshoe talked on his trip to the Holy Land Sunday and Sunday night. Many expressed themselves as having enjoyed it and hope he will come back and tell us more about it.

Frank Atkinson went to the singing convention at Fairview Sunday. Rev. Geo. Fort will fill his regular appointment here next Sunday—Reporter.

Traveling public roads shall be protected at the rear with either a light or reflector, this applying also to farm wagons. Last year during harvest period there were many accidents from failure to heed this law, and it is understood there will be a stricter enforcement of this statute this year.

# THE MULESHOE JOURNAL

Entered as second-class matter at the Muleshoe Postoffice under the Act of Congress, March 3, 1879.  
JESS MITCHELL, Editor. I. F. MITCHELL, Bus. Mgr.

### SUBSCRIPTION RATES

In Bailey County, one year, \$1.50; Outside of County one year, \$2.00.  
Published every Thursday at Muleshoe, Texas.  
Advertising rates given upon application. Telephone No. 54.

Subscribers who change their address, or fail to get their paper, should immediately notify this office, giving both new and old addresses.  
Communications of local interest are solicited. They should be briefly written, on only one side and must reach this office not later than Wednesday morning of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until cancelled, but not by whom nor for what purpose, if the object to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.  
Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.  
Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Muleshoe Journal will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

### A THOUGHT FOR THE WEEK

Come unto me all ye that labor and are heavily laden, and I will give you rest.—St. Matthew 11:28.

Rest is valuable only as far as it is a contrast. Pursued as an end, it becomes a most pitiable condition.—Swing.

### BIRDS INCREASE

Many citizens living in and around Muleshoe are frequently during the past, noticed the general absence of many birds, especially those of more or less beautiful plumage, and they have missed them greatly. Coming to this prairie section from some other state or section of this state where there was plenty of wild plumage floating through the air its lack here has been definitely noticed.

It is, however, a commonly accepted fact now that bird life in this area is on the increase. Planting of trees brings more birds, general cultivation also has its immigration effect, but it is noticed that bird life increases more rapidly in irrigated sections than in those non-irrigated. These wide stretches of green fields furnish new homes for an increased winged population hitherto unknown.

Of course, in some instances, birds are more or less of a nuisance. They ravage the grain fields in early fall just before maturity begins. In some instances are on record where some of kaffir, hegar and other grains have been more than half destroyed while in the milk and dough stages by birds pecking into the grain, sucking out the milk and dropping the grain onto the ground. Where trees grow near grain fields this damage is greater. No one seems to like the bird life that seems to be the principal culprit producing the damage.

Nevertheless, birds are appreciated, and most people are willing to sustain some damages to enjoy the pleasure of their company during most of the year. They bring a brightness and joy to life as does nothing else.

### HITCH-HIKER NOUISANCE

No matter how sympathetic and tender hearted the autist may be, the hitch-hiker is to him a nuisance, the such may be slowly decreasing. Scarcely anyone likes to pass a man along the roadside when he is begging his thumb at him, yet more and more it has to be done.

The danger of picking up hitch-hikers was long ago proven. Entirely too many people have been hijacked, robbed of their cars or money or both, sometimes murdered because of their leniency in this direction.

Fourteen states and the District of Columbia have passed laws with penalties attached, costing anywhere from \$2.00 or a day or two in jail up to \$300 and 10 days in jail for wagging a thumb as inducement to sit in a moving auto and go somewhere.

Children and women have frequently been used as decoys to dupe the unwary driver that he might be robbed and by the men folks lying hidden nearby to spring out upon him. Occasionally a car-owner has had a wreck for which he was made the butt of a damage suit in which he was in no wise responsible.

It is unfortunate that many people are not possessed of cars; yet, after all, this misfortune is not chargeable to the man who does own an auto, hence he can not be blamed, much as he would like to accommodate, if he passes up folks such. Self preservation is the first law of nature, and it still must be enforced.

### THEN AND NOW

We heard a Muleshoe man comment the other day on the difference between home life when he was a child and as it is today. "It seems to me," he said, "that my mother spent most of her time in the kitchen. There were big brown potatoes and the soup kettle was never idle. I remember how we used to pull up a big red hot beef roast so she could pour the gravy over

it with a spoon; the lemon cream pies with heads of onion on the top. The on Sunday chicken and prunes and dumplings. About Thanksgiving we butchered, and for three or four nights we kids would cut up the fat into little blocks while mother rendered the lard over a hot stove. Then she made sausage and head cheese. We had a smoke house and for several days we would smoke hams and bacon with hickory wood or corn.

"But now everything is changed; this generation is more modern. Today the housewife places two plates with knives, forks and spoons on the dining table, along with a couple of tumblers. Then she takes two paper napkins from a drawer and lays one beside each plate. Then she lights the gas, or a gasolene stove, opens a can of soup and puts it on to heat; next she opens two cans of vegetables and a can of salmon. She cuts four slices of baker's bread, and a baker's pie, places everything on the table with a pitcher of water and sings out: "John, your supper is ready!"

And the local man wonders if we are going backward or forward.

### BUYING AT HOME

It has been frequently stated that from 75 to 85 per cent of the buying that should be done in Muleshoe is done in other towns, and the buying of out-of-town printing has not escaped this practice.

True, business concerns in Muleshoe may not keep nearly all the items the buying public demands, but such can not be said of its local printing establishment, which seldom has to turn down an order because the work is done in the local plant. As a matter of fact, Muleshoe has a very complete printing plant, one that would credit to many towns four or five times the size of this one, and of which they would be hard pressed to boast.

If all the printing required by Muleshoe business concerns was done at home it would be sufficient to require assistance of two or three more printers, thus increasing local population that many families, and also increasing local business the amount of wages paid them.

The Muleshoe printing plant does as good commercial printing as any other concern, and much better than many of them, as has been proven by some men who bought printing supplies out of town to find upon receipt of them the work was sloppily done, many times containing typographical errors, lacking in sufficient ink, improper etc.

### DEAD CHAIN LETTERS

While the chain letter craze was at its height regular postmen were kept busy and extra clerks were hired to handle the flood of letters. A lot of stamps were bought to speed up those millions of letters, for which Uncle Sam was thankful.

Muleshoe citizens who get stung wondered if any good at all would come out of the chain letters, and now it seems their curiosity is to be satisfied, for Uncle Sam is going to be the one to profit. Thousands of chain letters have been pouring into the dead letter office at Washington because they bore faulty addresses. In these letters was money, ranging from a dime up to several dollars, and under postal laws the government gets all money that reaches the dead letter office when letters cannot be delivered and bear no return address. So nobody ought to kick.

Uncle Sam is only being rewarded for his attempt to prevent several million of Americans from making suckers of themselves.

Walter Winchel, noted writer, recently described the way in which people spend money they haven't earned by buying things they don't need to impress people they don't like. "Somebody once looked about Muleshoe, we are not entirely sure that the condition is altogether confined to Broadway.

## WHY MOTHERS AGE

by A. B. Chapin

**RICHARD!**  
HEAVENS—WHAT A SIGHT!  
HAVEN'T YOU A LICK OF SENSE—PLAYING FOOTBALL IN YOUR NEW SCHOOL CLOTHES?  
YOU COULDN'T REST UNTIL YOU BOUGHT THOSE LONG PANTS FOR YOU AND THAT TRICK SWEATER!  
AND NOW LOOK!!!  
OH!—YOU NEARLY DROVE ME CRAZY!

We heard the other day a Muleshoe man was going to apply in District court this fall to have his name changed from — (we don't dare give it) to "Hilton." He said it was really his wife's idea, who said they had so many spoons, knives, forks and towels with Hilton on them, she thought their name should match such goods.

Agriculture experts advise us that differences in the price a thing will sell for is often controlled by distance from market. For instance, we have discovered that fish worms in the gardens and grasshoppers in the fields of this Plains area where rivers and creeks are unknown are not worth anything, but if some Muleshoe man could move a stream into this area and make fishing popular, they would be worth 10 or 15 cents per dozen.

Ever think about it? This issue of the Journal, as does all other eight page issues, contains 90 feet of news—local, national and foreign, illustrations, advertisements, etc. This represents 7,200 lines of type, each two and one-eighth inches wide—and this task is duplicated every week 52 weeks in the year, carrying public information of various kinds to the subscribers of this newspaper, the cost being only \$1.50 for a 12 months subscription, an average of 40 cents per subscriber less than actual cost of production to the subscriber.

Plenty of people here last week enjoyed the shows, especially the menagerie part of it. One young citizen saw a big animal eating with its tail, another interesting feature was the horses striped like barber poles, animals with bobbing heads and humps on their backs which appeared to be crosses between horses and mules.

Most Muleshoe men find that children are convenient to have around during a lull in the conversation. They can be relied upon to break into a dull period by saying the wrong thing.

### SNAP SHOTS

Some men are like trees. When they get too big at the top end they are apt to come down in the first storm.

Sampson would it have been a great dictator. He pulled down the temple to smash a lot of people he didn't like.

We've seen some hitch-hikers who look as if they had been doing more hitching than hiking.

If a man follows a plow under the sun, he is a down-trodden slave. If he follows a little gold ball, he is having a joyous autumn vacation.

The Treasury Department has decided there won't be any square money. Well, there hasn't been for a long time.

The Emperor of Ethiopia can speak several languages, but he evidently doesn't know one the Italians can understand.

### HIGHWAY 28 CONTRACT GIVEN

J. E. Barnhill Co., Plainview, was low bidder last week for improvement work to be done on State Highway No. 28 in Lamb county, from Circle through Otton to the west Hale county line. The company's bid being \$54,673. This highway has been entirely completed with pavement through Bailey county.

### HOME DEMONSTRAT'N NEWS

By MISS ALMA STEWART  
Home Demonstration Agent  
Bailey County

CLOTHING DEMONSTRATION  
Mrs. Dora Barnes, clothing specialist, Extension department, will hold a foundation pattern school at the American Legion hall in Muleshoe, Oct. 21 and 22. Only the wardrobe demonstrators of each home demonstration club may attend this school. The following women are expected to attend:

Mrs. G. L. Blackshear, Baleyboro; Mrs. David St. Clair, Watson; Mrs. Seth Rollins, Progress; Mrs. Johnny Williams, West Camp; Mrs. O. C. Kirk, Goodland; Mrs. Woodrow Gaebe, Mule Sho; Mrs. H. S. Howes, Circleback; Mrs. Thelma Nordyke, Old Bull; Mrs. J. S. Horsley, Joyland; and the demonstrators from Maple, Enoch and New Bull.

### Jaunty Journalettes

Muleshoe would be a heaven on earth if all the husbands around here were as perfect as their wives would like them to be.

Social functions in Muleshoe as elsewhere are often just affairs that women attend to worry about the way their husbands act.

Petting and necking shorten life, a medical authority says. At least Muleshoe men are ready to admit it shortens single life.

If a Muleshoe man's behavior seems unnatural, it may be due to one of three things: he is drunk, he may be getting ready to run for office, or he may be just trying to please his wife.

We noticed that the average Muleshoe man often uses too many words. What's the use of saying "bad night" when there isn't any other kind? Who ever heard of a cold that wasn't bad?

Most Muleshoe men find that children are convenient to have around during a lull in the conversation. They can be relied upon to break into a dull period by saying the wrong thing.

### WARNING TO GRAIN SELLERS

A warning is being sent out to farmers of this area to be careful in selling grain and other farm products, as it is stated some transient buyers have been giving checks for such and later turning down these checks on the plea that purchased grain was not up to required quality, short in weight, etc.

It is stated local attorneys have several cases of this nature now on file, and sellers are warned to be careful in such transactions as a matter of self-protection.

### O'NEAL ROCKEY VIEWS

NEW 1935 FORDS AT DALLAS  
O'Neal Rockey returned Wednesday from Dallas, where he went to attend the pre-showing of the new 1935 Ford cars.

Mr. Rockey states the new model is one of the most beautiful as well as practical ever put out by the company. Dealers from all over the state were present at this meeting, and exclamations of praise could be heard all over the show rooms, from other dealers, as well as the Ford men, as to the unexcelled handsomeness of the new model.

### SING SONG AT FAIRVIEW

The Bailey County Singing convention which met in the Fairview school building, Sunday was attended by a large crowd of singers and visitors from all over Muleshoe who attended were Mr. and Mrs. Ty Young, and son, Jack, Jeff White, Mr. and Mrs. J. F. Vaughan, Mr. and Mrs. Neak Breyer, Mr. and Mrs. Richard Rockey and daughter.

### Getting Up Nights

My tomatoes that are abridged have not been bothered with insects like the surface irrigated ones have, and the fruit is much smoother than the others," said Mrs. W. M. Holloway, farm food supply demonstrator of the Mule Home Demonstration club. Mrs. Holloway says she has 650 feet of tomatoes, and has canned 65 quarts, eaten and given away several bushels, and sold some. Her husband has built a pantry which has 25 feet of shelving room that cost very little.

### Don't Guess But Know

Whether the "F Remedy You is SAFE?"  
Don't Entrust Your Own or Your Family Well-Being to Unlabeled Preparations

The person to ask when preparing you or your are taking for the relief of her is SAFE to use regularly family doctor. Ask him part about Genuine BAYER ASPIRIN.

He will tell you that by discovery of Bayer Aspirin "pain" remedies were a stomach and often for which is food for thought seek quick relief.

Scientific rating Bayer covered for the relief of head and the pains of rheumatism, arthritis and neuralgia. And the ease of millions of users has regularly. In your own interest.

You can get Genuine Aspirin at any drug store by asking for it by its full name BAYER ASPIRIN. Make point to do so, and see the get what you want.

## Homesteads Totally Exempt Under New Legislative Law

By A. B. Chapin

Tax exemption laws have been considerably changed this year from previous requirements by act of the state legislature, some of the requirements now being in force since August 1st this year, according to County Attorney Cecil H. Tuba, being as follows:

1. All the homestead of every family (200 acres of land in the country) which may be in one or more parcels of land, with the improvements thereon. The homestead in the city shall consist of a lot of lots, not to exceed \$5,000 (without reference to the value of the improvements thereon).
2. All household and kitchen furniture.
3. Any lot or lots held for the purpose of sepulture, in a cemetery.
4. All implements of husbandry.
5. All tools, apparatus and books belonging to any trade or profession.
6. The family library and all family books and portraits.
7. Five milk cows and their calves.
8. Two mules.
9. Two horses and one wagon.
10. One carriage or buggy (or automobile).
11. One gun.
12. Twenty hogs.
13. Twenty head of sheep.
14. All saddles, bridges and necessary harness for the use of the family.
15. All provisions and forage on hand for home consumption.
16. All current wages for personal services.
17. All wearing apparel.
18. Twenty head of goats.
19. Fifty head of chickens.
20. Thirty head of turkeys.
21. Thirty head of ducks.
22. Thirty head of geese.
23. Thirty head of guineas.
24. One dog.

In addition to the above exemptions the last legislature declared that the collection of all delinquent and ad valorem taxes due the state, county or municipality or other defined subdivisions that were delinquent prior to December 31, 1919 would be forever barred.

### Getting Up Nights

At this elevator you will find your patronage fully appreciated and every possible courtesy is extended you.

COME SEE US!

**S. E. CONE GRAIN CO.**

**POULTRY ASSOCIATION WILL MEET SATURDAY, OCTOBER 19**

Last week a second meeting of the poultry association was held at the Muleshoe court house in the District court room, at which time permanent directors were elected and the constitution and by-laws adopted.

Directors elected were: Lloyd Quisenberry, Levi Churchill, Albert Isaacs, Mrs. J. L. Withrow, T. C. Young, J. T. Hoggins, of Tulsa, and S. F. Warren, of Friona. Officers elected were Lloyd Quisenberry, president; Mrs. J. L. Withrow, vice-president; Albert Isaacs, secretary and treasurer. A membership and executive committee was elected, composed of Lloyd Quisenberry, Mrs. J. L. Withrow, Albert Isaacs, T. C. Young and Levi Churchill.

A very interesting talk was made by Roy Davis, of Plainview, concerning marketing of quality eggs, and possibilities of the association on that line. J. T. Hoggins, of Tulsa, spoke on purposes and organization of poultry associations as observed by him on his recent visit to Salt Lake City, Utah.

The next meeting will be held Saturday, October 19, at the court house in Muleshoe, at 2:00 p. m. Discussions will be held concerning the name of the association, date of the poultry show to be held here this year, and general policies of the association as outlined in its constitution and by-laws.

Everybody including old members and all interested are invited to attend.

Eating, for the average Muleshoe, is just like tire mileage. You get so much, and you can get it in a short time or spread it out for 75 or 80 years.

**General News Over Texas And Adjoining States For The Week**

The cigaret tax act has been upheld by the Supreme court of Texas.

WPA has allowed \$188,000 for improving the Brazos river district, sponsors declaring the total cost will be \$30,500,000.

James Goode manager of the Lockview farms near Plainview, says most of the cotton on those farms will average a bale per acre this year.

Gov. Marshall, Okla., has named Nov. 4 as "Will Rogers Day" and called upon all citizens of that state to give it due recognition.

Crime in 100 West Texas counties has decreased 40 per cent during the last year, according to Clyde O. Estes, United States district attorney at Amarillo.

A clock has been running 51 years without repair in the home of Mrs. F. Cottonwood, in Erath county, being the main family timepiece since 1884.

Mrs. August Beaman, Brady, has 350 varieties of cacti in the collection she began 46 years ago, some of them coming from foreign countries and valued as high as \$50 each.

Consumers in New York City pay a tax of \$10,000 a day on bread due to the processing tax on flour. Perhaps it would be interesting to figure out the tax paid by citizens of the town in which they live.

Gov. Alfred has accepted an invitation to attend the Texas Tech college decennial celebration to be held Nov. 9, 10 and 11, which commemorates the 10th birthday anniversary of the baby school of Texas.

One hundred and seventy-four cases of beer were stolen last week from the Texas Utilities Co. warehouse in Littlefield, most of it being recovered later on a truck that was also stolen, but the thieves made good their escape.

Alleging discrimination, the Texas Railroad Commission last Friday attacked the validity of the recent act of Congress vesting in the Interstate Commerce Commission exclusive authority to regulate interstate motor carriers.

L. W. Kemp, Houston, has located the burial places of 326 men who fought in the Texas army at the Battle of San Jacinto. If anyone knows of others, he would be glad for them to address him at Box 2332, that city.

Men students enrolled at State university this year more than double that of women, the men numbering 5,211 while the women number 2,494. It is the largest total enrollment in the history of that school.

Victoria county "Ruler Oak" under which the county's Confederate forces were mobilized in 1861, is said by forestry authorities to be the largest known liveoak in the world. The tree is 74 feet high, 21 feet in circumference, nine feet from the ground, and shades an area 123x125 feet.

Vice-president John Garner, U. S. Senator Tom Connally, Congressman Geo. Mahon, all of Texas, and other high governmental officials, left last Wednesday to attend inauguration of the first Philippine president, also, to visit Japan and other oriental countries before returning.

The State of Texas, through its attorney general, last Saturday filed suit against a group of East Texas oil operators for recovery of penalties totaling nearly \$7,000,000, being alleged oil violation of oil conservation statutes and orders of the state railroad commission.

Mrs. W. Bayard Cutting, mother of the late Bronson M. Cutting, New Mexican senator killed a few months ago in an airplane wreck, has refused to accept the \$10,000 appropriated to her by the U. S. senate, according to her past custom. She said, that in view of her present financial condition she could not think of accepting the taxpayers money.

**WHITING INJURED IN WRECK**

A. J. Whiting, Clovis, N. M., was seriously injured Wednesday last week when another auto collided with the car he was driving, other occupants of both cars also being more or less injured at that time.

Mr. Whiting, who is manager of this district in which Muleshoe is located, for the Texas Utilities Co., sustained five broken ribs, besides bodily cuts and bruises. He was taken to the hospital at Fortales, near where the accident occurred. At last report he was reported thought out of danger and beginning to rest easily.

**FARMERS KEEPING RECORDS**

In time many farmers may become more or less expert bookkeepers, at least that is present indication, as a tabulated report recently published in the Lubbock Avalanche says there are more than 900 farmers in 12 counties of this area who are now keeping pretty accurate books on their farm expenses and receipts.

Swisher county heads the list with 80 farmers bookkeepers, Lubbock is second with 45, while in Bailey county there are 22.

**What's Happening In Washington And Other Cities Of Importance**

Leon Trotsky, Russian exiled former Bolshevik leader, is reported to be critically ill of tuberculosis in a hospital at Oslo, Sweden.

Fire in southeastern Tennessee and northern Alabama last week destroyed 2,000 acres of timber, being finally put out by CCC workers.

One hundred and seventy-five schools in the District of Columbia are on approved lists of PWA for repairs and improvements.

Through the Palmer-Schneider act the State of Michigan has also barred the heart balm privilege to women. Other states are considering following suit.

More than 400,000 bituminous miners in 28 states have returned to work during the past month with increased pay totaling \$90,000, the new wage scale running until April 1, 1937.

Since 1939 will mark the 150th anniversary of the establishing of the United States as a nation with New York City as the original seat of government, that city will celebrate the occasion with a sesquicentennial celebration.

A survey, just completed, shows 3,000 more young men are taking military training ROTC camps, colleges and universities than did last year. The increased number totaling about 20 per cent. During the last month the U. S. army increased more than 7,000 enlistments and men are still being taken in.

The death sentence of Bruno Hauptmann, condemned for the kidnaping-escape of Charles Lindbergh's baby, has been upheld by the New Jersey Supreme court, the opinion rendered being unanimous. It is said Hauptmann now has three other chances to escape death, all of which will be tried out by his attorneys.

Because of war between Italy and Ethiopia and the feeling it may spread to other countries, much of the gold shipped from the U. S. to foreign countries rather than turn it into the national treasury at behest of President Roosevelt, is now being returned. The U. S. gold reserve has now climbed to \$9,297,000,000 an increase of \$1,321,000,000 over that held last year.

Following firing of blame by the League of Nations upon Italy for the war now being carried on with Ethiopia, 600 tons of ammunition was reported last Saturday to have begun rolling toward Ethiopia, while thousands of the unarmed natives of that country were gathered at focal points to be armed as rapidly as supplies were received. Every day now new shipments of ammunition is going forward to the Ethiopian country. Italy seems to be on the total boycott list of practically all nations, as near as possible, financial aid has been read and refused from many favorable sources, and non-combatant nations in sympathy with the negro empire are taking serious interest in the present situation.

**HEAD-WATERS**

The following items were clipped from the Anadarko Daily News, Anadarko, Okla., and will probably be of interest to friends of the bride who made her home in Muleshoe for several years:

The marriage of Mrs. Lavienna Head to George W. Waters was solemnized quietly Saturday afternoon, October 5, by Justice of the Peace John Wray of Chickasha.

Mrs. Waters is the daughter of Mr. and Mrs. John Glinn and attended the Anadarko High school.

Mr. Waters is the son of the late J. E. Waters of Chickasha. He is a graduate of the Idabel high school and at present is connected with the Frisco Railroad company at Bentley, Kansas.

A lovely surprise shower was held Thursday evening, October 10, at the home of Mrs. Chrystal Glinn, 2114 West Broadway, in honor of her daughter, Lavienna, who was recently married to George W. Waters of Idabel.

Music and games furnished the amusement of the evening.

Delicious refreshments were served and the dainty pink and white color scheme was carried out in the refreshments and the basket of lovely gifts presented to the bride.

**CECIL SPENCE HONORED**

Monday evening of this week Miss Lorena Spence entertained a number of young people with a theatre party in honor of her brother, Cecil Spence, who returned Sunday from Chicago, Ill., where he has been the past few months in an electrical school.

The guests met at the Spence home, going from there to the Peace theatre where they enjoyed Will Rogers in "Life Begins at 40." After the show, they returned to the home and were served delicious banana nut ice cream, topped with cherries, and cookies.

Those present were: Misses Eunice Griffiths, Twila Farrell, Margaret Copley, Mary Holt, Irma Willis, Maida Spender, and Miss S. Barron, Junior Winn, Alvin Farrell, Cloyd Sketers, Kenneth Jennings, Cecil Spence, and the hostess, Miss Lorena Spence.

No Muleshoe man is a confirmed failure until he begins to hate those who have made a success of life.

**How Calotabs Help Nature To Throw Off a Bad Cold**

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed.

How do Calotabs help Nature throw off a cold? First, Calotabs is one of the most thorough and dependable of all intestinal eliminators thus clearing the intestinal tract of the germ-laden mucus and toxins.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds.

Calotabs are quite economical; only twenty cents for the family package, ten cents for the trial package. (Adv.)

**HARVEST TIME IS CASH TIME FOR THE FARMER**

Everyone, both in town and country, will soon have money for new building and improvements, for harvest time always brings it in.

Its time now to begin thinking about those needed improvements, additions or new buildings you have been contemplating and needing so long.

We have a BIG stock of Lumber and Builder's Materials of all kinds—and are anxious to supply you. Better come in while in Muleshoe and let's talk it over.

We have plans for all kinds of New Homes, Barns, Sheds, Granaries, Chicken Houses, Cellars, Etc. Also, Fencing of all kinds.

Our Aim—To Help Improve the Panhandle

While gone they expect to visit the Grand Canyon, Leo Wollard, of Avalon, will return to Muleshoe with them.
The editor visited the Muleshoe fair Monday of this week. They had wonderful display of agricultural exhibits, home economic display and school work. The fair was a credit to a town so many called in the size of Muleshoe. The Editor helped to put on the first fair held in Muleshoe and we enjoyed seeing the old timers from that part of the Plains.—R. B. Boyle, in Silverton News.
Mrs. Mildred Basinger left Sunday for Lubbock where she will be with her husband who is employed there with a tailor shop. She has been owner of the Vogue Beauty Shoppe in Muleshoe for the past several months. The Editor helped to manage the business having taken charge several days ago. Miss Dora Lee Williams who worked with Mrs. Basinger, is still one of the employed operators.
Last week the name of Ike Robinson was called at a Clovis, N. M., school to receive a \$400 cash award. He says it's absolutely impossible for him to be in two places at the same time, and insists that the next time he will be in the state. A financial connection he should be shown the courtesy of having advance notice. Others having had similar experiences will agree with Ike.
The Journal is in receipt of a letter from J. B. Burkhead, who states he just has to have the Muleshoe Journal sent to him at Denver, Colo., as he is hungry for the news from home. He, also, says he is just like any other country boy, away from home going to school in a big city, that he spends most of his time trying to find his way to school, and the balance of the day trying to find his way home again. Burkhead is taking a course in pharmacy in the big city.
Pitiable the girl who marries only a meal ticket.

Maple News Items
There was not a very large crowd out for church Sunday morning. Let's invite someone to come to church with us Sunday and see if we can have a good number out.
The Senior B. Y. P. U. was entertained with a social Saturday night with a good crowd present. After games were played sandwiches, cake and hot chocolate were served. Every one attending reported a nice time.
The Maple basket ball teams were to have played Bledsoe Friday, but for some reason the game did not come on. Both teams played the outsiders from Maple with the school teams winning their games. They expect to play a game next Friday night at Goodland.
The Maple Gin has up to date ginned more than 20 bales of cotton. Due to the dry weather the cotton is opening very fast. The biggest portion of the feed crop is harvested over the county.

SHERIFF'S SALE
THE STATE OF TEXAS, COUNTY OF BAILEY.
NOTICE IS HEREBY GIVEN that by virtue of a certain order of sale issued out of the Honorable 96th District Court of Bailey County, Texas, on the 27th day of September, A. D. 1935, upon a judgment rendered in said court in favor of Fidelity Building & Loan Association, a corporation, and against C. C. Ragsdale for the sum of One Thousand Seven Hundred Forty-Five and 100/100ths (\$1745.30) Dollars, and costs of suit, in a certain cause, docket No. 6490 upon the Docket of said court and styled Fidelity Building & Loan Association vs. C. C. Ragsdale et al., being the subject matter of a Deed of Trust lien upon the property hereinafter described, as against the defendants, C. C. Ragsdale, Lavada Odessa Ragsdale, wife of C. C. Ragsdale, a corporation, placed in my hands for service.
All of Lots Nos. Nineteen (19), Twenty (20) and Twenty-one (21), in Block No. Fourteen (14), of the original town of Muleshoe, in Bailey County, Texas, as shown by the map and plat on file in the office of the County Clerk of Bailey County, Texas, being recorded in Vol. 8, page 508-509 of the Deed Records of Bailey County, Texas, being out of Survey No. 54, Block "Y" in D. W. and P. W. Johnson's Subdivision, as of record in Vol. 8, pages 359-353 of the Deed Records of Bailey County, Texas, and being the property of C. C. Ragsdale, Lavada Odessa Ragsdale, and Panhandle Lumber Company, a corporation, and that on the First Tuesday in November, 1935, the same being the 31st day of said month, at the Courthouse door of Bailey County in the city of Muleshoe, Texas, between the hours of 10 o'clock a. m. and 4 o'clock p. m., by virtue of said levy and sale of property, I will sell said above described real estate at public vendue for cash to the highest bidder as the property of said C. C. Ragsdale, Lavada Odessa Ragsdale and Panhandle Lumber Company, Inc.
And in compliance with law I give the notice hereby published in the English language once a week for three consecutive weeks immediately preceding said day of sale in the Muleshoe Journal, a newspaper published in Bailey County, Texas.
Witness my hand this 30th day of September, A. D. 1935.
Jim Cook Sheriff, Bailey County, Texas.
October 10, 17, 24, 1935

Circleback News
Perry Cagle, principal of the Circleback High school was seriously injured in a car wreck Sunday, Oct. 6. He, Ralph Brewer and another young man were returning from Gainesville. The steering gear locked and the car turned over three or four times. The young men were taken to a sanitarium at Radcliff, Ralph and Perry were dismissed and came on home Monday night. Tuesday morning friends noticed that Perry acted strangely, and complained that his head hurt terribly. He was taken to a Lubbock sanitarium where x-ray pictures showed a fracture of several inches in his skull. He has not been conscious much of the time since and as the last report, was not expected to live.
Mrs. George Gilpin has been substituting as a teacher during Mr. Cagle's absence.
Mr. and Mrs. Thad Brown announce the birth of a son, Wilford Thaddeus, Oct. 6.
Mr. and Mrs. Burgess Tucker and Young Shirley, Jr., visited Mrs. Tucker's parents, Mr. and Mrs. John Cox last Sunday.
J. B. Elmore of Harlingen visited his brother, W. C. C. and other relatives near here recently.
The little bit of success that we had as a club at the Bailey county fair is due largely to our efficient committee and lastly to the co-operation of the people of the community.
Miss Reba Reed was seriously injured by a cow last week.
Mr. and Mrs. Gene Noll visited Mr. and Mrs. C. Noll Sunday.
Several from this community attended the Bailey County Singing conventional Fairway last Sunday.
Mesdames W. R. Dunnon, Elmer Garner and Edna Goff motored to Lubbock Sunday.
Mrs. O. E. Duncan's sister and family from Hale Center and family visited her Sunday.—Reporter.

GILBREATH IN NEW STORE
The Gilbreath Grocery the first of this week moved into their new and enlarged store building, and will use the formerly occupied building as a storage house for extra supplies kept in stock.
In their new building they will have added room for better display and installation of a much larger stock of merchandise. A feature of the new occupancy will be a "help-say" system for customer accommodation.

**Longer Lines Feature 1936 V-8 at Muleshoe Motor Next Saturday**

Longer lines and more advanced but still conservative streamlining are the chief changes in appearance of the Ford V-8 for 1936, on display at the showrooms of Muleshoe Motor Co., local Ford dealer, Saturday. Impressive new steel wheels with unusually large hub caps strike an entirely new note.

**New Front End.**

The front end of the car has been redesigned to give a longer hood line. Deeply flared front fenders, each with high inner apron carrying smoothly into the new radiator grille are at once noticeable. The horn for the first time is placed within the fender apron, behind a small chromium grille under the headlamp. This is made possible by the higher apron, and takes the horn, always a wind-catcher, out of the wind-stream. Hood louvers are of different profile and are more numerous.

The radiator grille is of new design, sweeping upwards about halfway down on either side in conformity with the graceful inner flare of the fender. A handsome new V-8 insignia carries the nose of the car.

The 12 1/2-inch hub cap decorates the V-8 insignia on its highly polished center of rustless steel. The rest of the cap is enameled the same color as the wheel itself, whose short spokes or ears show for a brief distance between cap and rim. Wheel and rim are of one-piece welded steel. Tires are again 6.00 by 16 inches, of "square" section. Rear fenders have been redesigned to conform with the longer lines of the car.

**Interiors Redesigned.**

Interiors are in new colors schemes. Deluxe types have the instrument board, moldings and hardware finished in metallic pyroxyl in gray. Plastic knobs are gray. Upholstery fabrics are in dark taupe. This instrument board has a center decorative motif of chromium strips. Instruments—electric fuel gauge, electric oil gauge, 100-mile speedometer, ammeter and water temperature indicator—are of new design. Steering wheel and gear shift lever ball are gray.

In non-deluxe type the instrument board also is finished in gray metallic pyroxyl. Interior hardware is satin finish. Steering wheel and gear shift lever ball are black.

On all types exterior handles are of rustless steel.

**Quarantine Of Some Diseases No Longer Needed, Says M. D.**

AUSTIN, Oct. 21.—Quarantine and isolation have long been practiced to limit the spread of contagious diseases. Practically, however, we still have small-pox with us and cases as well as deaths due to diphtheria, occur only too often. Control and preventive measures are now practiced against scarlet fever, measles, and whooping cough. Nevertheless, until such measures find more universal application, isolation and quarantine must continue to be emphasized. These are, in a true sense, essential aids in the control of disease.

"The attitude of people toward observance of health regulations varies as greatly as does human nature itself. Most families, realizing the necessity for restrictive measures, cooperate readily. This attitude is exemplified by the mother who learned that her little girl had measles. She waited while and then telephoned to the health office to ask that her home be scarred. Mothers in increasing numbers are asserting this sort of health consciousness.

"There is, of course, the opposite attitude that of evasion. Failure to report the presence of suspected communicable disease in the home is unfortunate. A chief purpose of isolation is to allow for the infected person to rid himself of the disease germ. In the case of scarlet fever, this period covers number of weeks. If proper isolation is not observed and a child is allowed to return to school while still infectious, the danger to other susceptible children is obvious. To counteract such danger requires constant vigilance on the part of teacher, nurse, and physician or health officer.

**Illinois Milk Strike**

MERENGO ILL. . . The farmers of Kane, McHenry and Lake counties are staging a milk strike demanding \$2.50 per hundred pounds as against the \$1.75 now being paid. Photo shows milk dumping of farmer who attempted to run milk through picket lines.

**Ski Hat With Scarf**

NEW YORK . . . Creators of hat fashions have solved the lost scarf problem in the clever new ski hat which will be worn this coming winter. The scarf is attached to the top of the hat and falls in folds to be taken around the neck. Hope Hampton (above), brought the style to the U. S.

**Smallest Cub of All**

CHICAGO . . . Paul Dominick, 14, (above), is mascot of the Chicago Cubs in the National League. Paul and many of the Cubs believe that he was important in the big drive toward the pennant . . . because when the little toy-poly mascot showed up after school, the Cubs started hitting . . . and needed games were won.

**Rex Beach Writes**

A close-up study of Rex Beach, noted novelist, whose books have placed him among the leaders of present-day writers, has written three stories for the readers of this newspaper. The story "Powder", the first instalment of which appears in this issue, is the first of three. They will be of four instalments each. Read "Powder". We know you will like it.

**From the War Centers of Ethiopia as Italy Advances**

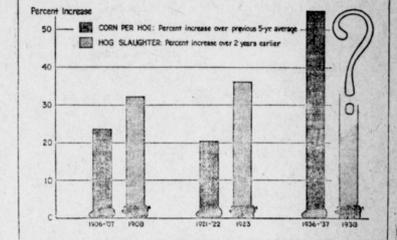

Above are scenes from the Ethiopian war front and a map inset indicating the northern battle front where the Italians attained their first objective in the capture of Adowa. It was here that Italy met with crushing defeat in 1896. Top, left, Natives of Adowa, armed for the defense of one of their rock forts. Lower, left, Ethiopian cavalry moving up to the front from Addis Ababa. Right, recent photograph of Premier Mussolini as he addressed thousands of Italians at Rome encouraging them in his great mobilization program.

**"Beauty" to Canada**

NEW YORK . . . Prunella Stack (above), Head of the Women's Health and Beauty League of Great Britain arrived here on her way to Canada to establish branches throughout the Dominion.

**Bigger Corn Crop Means More Hogs**

THE full effect of a large corn crop does not show up in the number of hogs marketed until two years after the crop is husked. In the last 36 years, the years 1906 and 1907, and 1921 and 1922, show the largest increases in corn supplies per hog over the preceding 5-year averages. Larger corn supplies in those years had greatly increased the hog slaughter by 1928 and 1923. Corn produced in 1906 and 1907 averaged 54 bushels per hog. This was 10 bushels, or 23 percent, more per hog than the average for the preceding five years. Two years later, in 1908, hog slaughter was 21 billion pounds, or 32 percent more than the slaughter in 1906. Average yields in 1936 on the 1928-32 average corn acreage together with the supply of corn available from the 1935 crop, will boost corn supplies in 1936 and 1937. This increase will be more than 21 percent larger than the average supply per hog for the five years preceding 1936.

**Philippine President**

P.A.S. MANILA . . . Manuel Quezon (above), newly elected first President of the Philippines Commonwealth, prizes highest a cabled message of congratulations on his election, from President Roosevelt.

**Harvard Bans Captain**

BOSTON . . . Robert (Bob) Haley of Winthrop Mass., Captain of the Harvard varsity football team, has been barred from all Crimson athletic teams because he received financial aid not approved by the athletic committee. This is the first time such drastic action has ever been taken.

**Debutante Coiffure for Winter Season**

NEW YORK . . . The debutante who is giving thought to her coiffure need worry no more about correctness for the coming season. At the show of winter hair styles of the Coiffure Guild of New York, Miss Mary Topping, of social register rating, demonstrated the correct coiffure above.

**To Wed Lawson Little**

CHICAGO . . . Miss Dorothy Hurd (above), 18-year-old daughter of Mrs. Robert Maxon of Chicago, is to be an autumn bride of W. Lawson Little, British and American amateur golf champion. Announcement of the engagement was made last week.

**New Chief of Staff**

WASHINGTON . . . Major-Gen. Malin D. Craig, commandant of the War College, is the new Chief of Staff of the U. S. Army, to succeed General Douglas MacArthur, retiring. President Roosevelt announced the appointment while at San Diego.

**Fur Pom for Hats**

NEW YORK . . . The new hat fashion touch for the football season is a medium brimmed hat trimmed with a ball of silver fox fur to match the neck piece of silver fox. The hat is a black felt band in black grosgrain ribbon.

**Hollywood Bride**

LOS ANGELES . . . Sally Blane, of the screen, is now Mrs. Norman Foster. The photo above was taken when she appeared at the marriage license bureau with Foster, actor-writer, to file a notice of their intention to wed.

Blessings brighten as they depart. The only real friend you can buy is a dog.

First Permanent School for Deaf . . . The first permanent school for the deaf in the United States was established in Hartford, Conn., in 1816.  
Most Constant Unit of Time . . . The rotation of the earth is the most constant unit of time that man has discovered.

**Saturday's the day**

**NEW FORD V-8 For 1936**

will be on display Saturday at our showrooms. Most beautiful, most comfortable, most economical of all the Ford V-8's. More than two million people have bought Ford V-8's. A million or more will want to own this new car. Come Saturday.

**MISS STEWART ATTENDS DIST MEET OF H. D. COUNTY AGENTS**

Miss Alma Stewart, Bailey county home demonstration agent, left Monday morning for Lubbock, where she will attend a five days meeting of all county demonstration agents of this district, making reports of work accomplished during the past year, laying plans for the coming year, and discussing features of the work of interest and importance to these agents.

The meeting is being attended by 12 women agents, Miss Lida Cooper, district agent being in charge, and sessions are being held at the Hilton hotel.

Mrs. Dora Barnes, clothing specialist; Mrs. Bernice Clayton, home furnishing expert; Miss Lola Blair, nutrition specialist, are on the program of instruction.

**CLUB CALF GROWING FAST**

Billie Dotson, West Camp, 4-H club boy, reports an excellent gain on his 4-H Club calf. Jun. 1. Billie purchased a calf weighing 150 pounds, at the end of 90 days it weighed 400 pounds, or a gain of 250 pounds in 90 days. This would be approximately 3 1/2 pounds per day.

**LEGISLATURE PASSES TAX ON CHAIN STORE**

(Continued from Page One)

on individual stores to \$750 on each store in chains of 50 or more. Voluntary chains, oil well supply dealers, gasoline filling stations, utilities paying gross receipts taxes on merchandise sales, dairy products processing plants, lumber yards and wholesale and retail units of manufacturers handling their own products were exempted.

At extended hearings, proponents charged that chain stores were driving independent merchants out of business by unfair methods, while opponents said the bill was discriminatory, unconstitutional and detrimental to interests of consumers.

The House sprang a surprise on many when it suddenly cut off debate on approximately 70 amendments and passed the bill substituting salaries for the old fee system of remunerating certain county officers, 92 to 29. The salary bill would retain the existing compensation for officers in counties of more than 20,000, except they would be paid by salaries drawn from a special fund.

All fees would be placed in a special salary fund and drawn upon by all officers, who would be guaranteed the minimum now prescribed by statute. All collections in excess of the minimum would be prorated among all participants until the maximum was reached, and any excess over the maximum would revert to the county general fund. In event collections were inadequate to pay the minimum, counties could supplement the salary fund from the general fund.

In counties of less than 20,000 population, commissioners courts would determine if their officers would receive salaries or fees. If salaries were adopted, the legislature later would set the minimum and maximum amounts.

The legislature passed the Old Age pension bill and Liquor Repeat bills for consideration during the second special session which the Governor called immediately upon closing of the first special one.

The governor, in calling the special session beginning last Wednesday, stated the Old Age pension would be the first matter submitted to the senators for their consideration. He declared the people had ordered it by a vote of four to one and it was mandatory that the law-making body should take some definite action on it at that time.

After the pension bill has been set, the liquor repeal bill will then be considered.

**Highway Official Is Against Increase In Taxes on Gasoline**

AUSTIN, Oct. 22—A million and a quarter Texas motorists will be penalized for the principal benefit of a relatively small group of bondholders if the proposed one cent per gallon increase in the state gasoline tax is approved by the legislature.

Col. Ashburn, executive manager of the Texas Good Roads association, declared here today.

The present state gas tax is four cents per gallon, which has not changed to the common school fund and another cent to refund the outstanding bonds of the various counties spent on construction of state highways.

The new proposal, House Bill 89 by Alsup, would raise the state tax to five cents per gallon, using the additional cent to refund all outstanding county bonds for lateral and security roads as well.

Colonel Ashburn, whose organization is composed of 25,000 motorists in all sections of the state, said, "We do not think it right to redeem bonds, many of them heavily depreciated, for the profit of the bondholder and at the expense of the motoring public." He named a Dallas bond attorney who is in Austin actively sponsoring the bill.

"We further believe," Colonel Ashburn continued, "that to tax prevalent counties, which have not had the benefit of large road programs, to pay off the bonds of counties which have voted large programs, is unsound and unfair."

Moreover, a higher tax does not secure greater revenue, he explained, pointing to Oklahoma, which suffered a 17 per cent decrease in revenue and a 12 cent drop in auto registrations the year after its state gas tax was raised from four to five cents. The Oklahoma legislature reduced the tax to four cents the following year.

**Mrs. Ray Griffiths To San Antonio For Grand Chapter Meet**

Monday night of this week, members of the order of Eastern Star met in a call meeting at the Masonic hall, for the purpose of initiating Mrs. Ruth Malone into the fellowship of that order.

After the Chapter was opened, by the Worthy Matron, Mrs. Hattie Griffiths, the candidate was presented, and following her initiation made a very appropriate speech.

A letter was read during the evening, from the Sudan chapter, inviting the Muleshoe lodge to meet with them in November, and partake of a Thanksgiving feast. This matter will be taken up at the next regular meeting, which will be the first Tuesday in November.

A two-course refreshment course was then served by Mrs. Naomi St. Clair and Mrs. Lema Cook, the first consisting of all-day suckers, which the dignified members of the Chapter immediately plopped into their mouths, declaring it had been many years since they had been permitted to indulge in this childish past-time, this course was followed by delicious pumpkin pie topped with whipped cream, and hot chocolate with marshmallows. All the plump ladies present, gave a great sigh as they saw the scales going up, but couldn't resist the delicious aroma of this toothsome delicacy.

Saturday evening of this week, Mrs. Hattie Griffiths, worthy matron, will leave for Lubbock, where she will join other members of this order who are leaving by bus early Sunday morning for San Antonio, for Grand Chapter meeting, held there next week. This meeting is expected to be one of the best in years, many delegates attending from all over the state, and an interesting program has been arranged. Muleshoe chapter is proud of her representation in the person of her gracious Worthy Matron.

**CHURCH OF CHRIST WILL BEGIN TWO WEEKS REVIVAL**

Beginning Sunday morning, October 20, Jack Niblack, young gospel preacher of Lubbock, will conduct a two-week revival meeting at the Church of Christ in Muleshoe.

He will be assisted by Bro. Baker, of Lariat, who is well known here, and will lead the song services.

The public is cordially invited to attend these services, and are assured some gospel messages well worthy of attention.

**DISTRICT COURT IS DEC. 2**

The fall term of Bailey County District Court has been set to begin Saturday, December 2, according to information received here by county officials. This is the latest in the year the fall term has ever been scheduled, previous terms generally beginning about Nov. 15.

**The Story of the Constitution**  
by CALEB JOHNSON

**FEDERAL SUPREMACY ESTABLISHED**

For 67 years, from 1798 until 1865, the Constitution of the United States remained unchanged by amendment, although the powers of the Federal Government were immensely expanded during that period by judicial interpretation. And it was a judicial interpretation, the decision of the Supreme Court in the "Dred Scott Case" that indirectly brought about the 13th, 14th and 15th amendments, though not until a Civil War had been fought over the basic issue of states' rights versus Federal rights.

The subject of Negro slavery had been considered in the Constitution from the beginning. Slaves were to be counted as only three-fifths of their number, in apportioning seats in Congress to the states where slavery prevailed. The further importation of slaves after the year of 1808 was forbidden to all states, and the Federal Government was empowered to lay a tax of ten dollars a head upon all slaves imported before the end of that year.

As the new nation began its task of cutting up the western lands into new states, the question whether slavery should be permitted in them became an acute issue. Under the Missouri Purchase, or in any state lying north of Missouri, but thereafter prohibited in any other state that might be created out of the territory of the Louisiana Purchase, or in any state lying north of Missouri. But in 1854 Congress, in setting up the territories of Kansas and Nebraska, provided that the residents of those territories might vote upon the question of slavery.

This fanned the fire of anti-slavery agitation in the North which burst into flames after the decision rendered by Chief Justice Taney of the Supreme Court, in 1857, that the Southern own-

er of a Negro slave, named Dred Scott, had the right to recapture him and bring him back from a free state to which he had fled.

The Court held that slaves were recognized as property, and were not citizens, and that the Missouri Compromise, prohibiting the ownership of slaves north of Missouri, was unconstitutional.

The bitterness between the North and the South which this decision crystallized precipitated the determination of Southern political leaders to withdraw from the Federal Union, which South Carolina first, then ten other Southern states, undertook to do in 1861. The choice of the Federal Government was between recognizing the right to secede, or of preventing the secession by force. The decision was for the latter course.

Four bloody years of war ended with the defeat of the Southern armies, and the downfall of the political theory of state supremacy. The Federal Government had established itself as the supreme power.

Immediately upon the end of the war, the 13th amendment of the Constitution, forever abolishing slavery anywhere in the United States, was submitted to the states and promptly ratified. Three years later, in 1868, the 14th amendment was ratified, giving to Negroes equal citizenship rights with Whites, and entitling them to be counted in full in determining state representation. The same amendment repudiated all liability of the Federal Government for debts incurred by the states which had seceded. Two years later, in 1870, came the 15th amendment, guaranteeing the rights of citizens to vote, regardless of race, color, or previous conditions of servitude.

Next Week: Expanding National Powers.

**NEW RADIOS ARRIVING !!**

We are now receiving the new models of Crosley Radios in both battery and electric sets. The case designs are the most beautiful yet, and the receiving mechanism the most sensitive and far reaching yet produced by radio experts.
