## Home Towner Column

By Jack Scott

Someone with a flare for research should collect the names of the couples married there and enshrine them forever in a metal plaque in the old oak's trunk, together with a short tribute to the pioneer, circuit-riding parson.

Just east of Fore's Store at Pioneer State Highway 36 makes a slight swerve to miss a massive Pecan tree, planted there in 1889 by I. P. and Addie Scarborough, parents of a man that became one of the Southwest's greatest criminal lawyers. A bronze tablet on a pedestal nearby relates its history.

Near Putnam, off to the north of Interstate Highway 20, is a tree that revolutionized the pecan business in much of Texas. It is the native into which J. H. Burkett 67 years ago budded a soft shell variety that experts say has meant more than \$100,000,000 to pecan growers of the Southwest. It's enclosed by a chain-linked fence, provided by the state, and receives periodic spraying and pruning by agronomists.

Then there's a jack-oak in the L. M. Purvis pasture, north of Cottonwood, that became a self-imposed gallows.

A hitchhiker traveling that way on an Autumn day in the 1940's sat with his back to the tree's trunk and meditated upon life. He reasoned that the rewards didn't justify the struggle, and after penning a couple of notes hanging himself.

Only John Purvis and his dad can point out the exact tree and both of them seem to prefer to avoid the spot.

On Main Street here there's an unusual sight, presented by a tree which seems to be growing out of the roof of a building just north of the City Hall. Front of the edifice is wider than the building itself and actually the tree trunk is in a vacant spot. Few passersby ever note the oddity but once they do, a puzzled expression invariably follows.

As the tree grows this "phenomenon" will become more noticeable. Already, though, it's a sight to behold.

For interesting trees, though, Jim Baum will tell you there are none equal to one inhabited by a swarm of bees, especially when they're angered by prospect of loss of their honey.

## Football Earns Joe Pierce Ticket To College

Cross Plains High School's "Outstanding Athlete" for the past two years has signed a contract to play both football and

baseball for the Cisco Junior College Wranglers. He is Joe Pierce, 18-year-old son of Mr. and Mrs. K. E. Pierce of this city. Pierce autographed the full scholarship contract here recently in a meeting with the Cisco college's coach Jim Puryear.

The local athlete earned 11 letters in varsity sports while wearing the purple and gold spangles of Cross Plains. Four monograms were earned in football, and he claimed three berths on all-district teams as well as being an honorable mention all-area griddier two years. Basketball was another of his specialties. Pierce lettered four years

with all-district team status two seasons and was twice honorable mention all-area. He also won three numerals in track and field events for the Buffaloes.

Pierce was also active in Cross Plains summer baseball programs. He was a member of the Chiefs, Inner-City Senior Teenage League champions, the past season.

Other high school honors accorded Pierce included Mr. CPHS last year, and class favorite and class president during his high school career.

He is scheduled to leave here middle of next week to begin football workouts with the Cisco Wranglers.

with them for a few days visit. Mr. and Mrs. John Morris of Coleman spent Thursday night with his sisters, Josie and Alma Morris.

Mr. and Mrs. Truett Dawkins were in Abilene Wednesday. They visited with Mrs. Calvin Morris at the Saint Ann's hospital.

Mr. and Mrs. Bill Ramsey and Mary Francis of Romney visited with her mother, Mrs. Mary Hollis and Minter B., Sunday.

Mr. and Mrs. Edwin Erwin and Mrs. Nathan Foster and Randy were in Abilene Friday.

Weldon Stennett of Cisco visited with Mr. and Mrs. Douglas Campbell, Sunday.

Mr. and Mrs. M. P. Wilcoxon and Joe visited with Mr. and Mrs. Gus Brandon Saturday night.

### NYC Grants \$1,800 For 4 Students Here

Approximately \$1,800 has been allocated for assistance to four local students under the Neighborhood Youth Corps, according to Wayne Ford, Superintendent of Cross Plains schools.

Ford said this week that the students, who will be allowed 10 hours work weekly at \$1.25 per hour, must be between 16 and 21 and meet other requirements. He added that applications must be in office of the sponsoring San Saba school board, which serves a multi-county area, by Aug. 25. Application blanks are available at the high school principal's office.

Preference will be given those enrolled in the NYC program here this Summer in which seven participated.

The new assistance will last for the school term, 36 weeks.

## That's The Caution Signal To Look For Children Crossing Streets And Buses Making Regularly Scheduled Stops

DRIVE WITH CARE;  
SAVE A LIFE

With another school term about to begin, motorists are urged to be on the look-out for children. Superintendent Wayne Ford of the Cross Plains school system urges all motorists to use every caution when nearing a school bus on city streets, county roads, or state highways. State law requires drivers to stop whether meeting or following a school bus, if the blinker lights are flashing.

Each day numerous motorists fail to observe this law.

Watch for school buses. Innocent children expect you, the motorist, to stop for them because state law says you must stop! Don't endanger the lives of children by passing a school bus when it is loading or unloading!

Time is not as valuable as human life.

### Buffs Test Roscoe At Wylie Friday

Twenty-eight Cross Plains Buffaloes will get first taste of competition from other than friendly faces Friday when the squad travels to Wylie to tangle with Roscoe Plowboys in a scrimmage session.

Les Cowan, head coach, said Monday, "The boys have a real good attitude and are looking good." Emphasis is being put on physical conditioning in twice daily practice sessions which began Monday of last week and will continue through Friday. He said that workouts will drop back to one-a-day when school begins Monday.

Time for the scrimmage with Roscoe has been set for "about 6 p.m." Another practice game has been tentatively slated with Cisco. "Details have not yet been worked out," Cowan said, "but it will probably be the latter part of next week."

## More Rigid Check Set For Vehicles

Two Cross Plains automobile safety inspection stations have been notified of more rigid restrictions for vehicles with annual check-ups beginning Sept. 1.

Cliff Gilmore of Cross Plains Motor Company and Dan Johnston of Johnston Truck & Supply, authorized inspection stations here, have been advised that front seat belts are required on motor vehicles in which front seat belt anchorages were a part of the manufacturer's original equipment. Inspectors will be instructed to reject vehicles of 1962 model and later where required belts are not present, are unsafe or unserviceable, if attachment fittings are damaged or loose, and when buckles are loose or inoperative.

Special instructions are also being issued to inspectors regarding lash, which is a condition in which steering control can be turned through some part of a revolution without causing motion in the front wheels. Inspectors will be told to reject vehicles with steering wheels having more than two inches of lash movement, when it is impossible to turn a wheel from full right to full left without jamming, and when fluid in power steering is below recommended level.

Close attention of inspectors will also be invited to wheels and rims, in addition to the full check-off list heretofore followed.

ELECTRIC CONDITIONED LIVING • ELECTRIC CONDITIONED LIVING • ELECTRIC CONDITIONED LIVING

### What people are saying about... A CLEAN BREAK WITH THE PAST

"Electric heat keeps mother so comfortable," says Mrs. Earl D. Tracy of Junction, Texas. Mrs. Tracy's mother, who is 90 years old, makes her home with the Tracys. Caring for her in an electric comfort-conditioned home is much easier, Mrs. Tracy says. "As you get along in years, drafts and varying temperatures in the winter time are bad. With electric heat, the room stays the same temperature, and there is no dryness like from other heating. And individual room controls allow each of us to select the temperature we like best."

Mr. Tracy is a rancher, and is well known in and around Junction. The Tracys really live in

their home—enjoy it themselves and entertain friends. Mrs. Tracy has cooked electrically for 35 years, and the Tracys have lived in total-electric comfort for two years. The cooling system is ducted-in type, the kitchen total-electric, there is an electric home laundry, water heater and two bath heaters in addition to baseboard heating. The home is of brick construction—6 rooms and two baths—and the average per month cost is only \$26.20. "Electric living is so much less expensive than I ever thought," Mrs. Tracy says.

Why don't you convert to total-electric living and see what you have to say about it?

### Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

HOUSE JOINT RESOLUTION No. 17 proposing an amendment to Section 49-b, Article III of the Constitution of Texas, so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars (\$200,000,000) which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than

interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund hereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Board shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, and who, upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas, or who has resided in Texas at least five (5) years prior to the date of filing his or her application. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds heretofore issued and sold by said Board, may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All of the moneys attributable to any series of bonds heretofore issued and sold by said Board (a 'series of bonds' being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that such moneys may be used for the purpose of paying interest on bonds heretofore issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the re-

irement of any bonds heretofore issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds heretofore issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption." Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following: "FOR the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional \$200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

"AGAINST the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional \$200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and for the length of time as required by the Constitution and laws of this state.
