

THE MULESHOE JOURNAL

Dedicated to the Progress and Development of Bailey County and the South Plains of Texas

VOLUME 13

MULESHOE, County Seat of Bailey County, TEXAS, THURSDAY, NOVEMBER 7, 1935

NUMBER 41

BAILEY COUNTY GETS \$117,520 WPA PROJECTS O.K.

V. COOPER HELD ON FORGERY IN LUBBOCK JAIL

Attempts To Saw Way Out Fri. Nite Wanted In Three States.

V. V. Cooper alias Sims, arrested here early last week by Sheriff Jim Cook, was taken to Lubbock last Saturday and placed in that county jail for safe keeping.

Cooper was picked up here by officials and two charges alleging making and passing forged instruments, namely a check supposed to have been forged on the First National Bank at Dallas, were filed against him.

- 6—Carrie Jolin to John L. Jolin 38 and 65, and NE 1/4 sec. B, Melvin, Blum & Blum survey

ASKED TO NOT CHANGE CASHING RELIEF CHECKS

ANTONIO, Nov. 4.—All Texas have been requested by Roosevelt to cooperate with Works Administration in cashing its pay checks immediately without consent, State Administrator H. H. Hight announced today.

ADAM LEAVES HOSPITAL

A. Adam, former Lamb county agent, following loss of his left leg in a side-swipe collision with a trailer, was sufficiently recovered last week to be removed from a Ft. Worth hospital to his home at Gramham where he had been transferred as the agent of Young county.

FRIONA GETS \$17,000 WPA FUNDS
Parmer county last week was given \$17,000 WPA funds for expenditure in improving conditions of the draw at Friona, which is of such a nature as to overflow badly during heavy rains in that or adjacent vicinity. Lives have been lost in that draw in the past and much property damage incurred because of its overflowing nature, damaging roads and impeding traffic.

POULTRY SHOW IS SLATED FOR NOVEMBER 21 TO 23

Organization Finished Details Arranged For The Event.

The organization of the Live Poultry Improvement and Marketing association has been completed in a series of meetings held in Muleshoe by representative poultrymen in this immediate section, a constitution and by-laws have been adopted and officers and committees selected.

A Federal Loan Of 45c Bushel Is Made On 1935 Corn Crop

A Federal loan of 45 cents per bushel on the 1935 corn crop is announced by the AAA, which heretofore has not been participated in by Bailey county corn growers; but may be of interest to some of them this year.

20,000 TO SEEK PUBLIC OFFICE IN TEXAS IN 1936

AUSTIN, Nov. 6.—Twenty thousand people will start running for public office in Texas this winter.

COTTON GINNED IN COUNTY

From a survey made last Tuesday it was found 3,925 bales of cotton of this year's crop had been ginned in Bailey county up to the first of this week, indications gotton has been operating a little faster in the southern part of the county where the baling showed somewhat heavier.

CRYSTAL CAFE IS REOPENED

The Crystal Cafe in Muleshoe which has been closed for the past few weeks, was reopened last Monday for business.

UNIT ONE IMPROVEMENT AND BASE OF CALICHE FROM MULESHOE SO. TO LINE, GEN. ROAD IMPROV'MT

Some Money On Projects Authorized Has Already Been Set Aside, Including The Prairie Dog Eradication Fund.

Information was received here last Saturday by County Judge J. E. Adams of federal approval at Washington of two WPA projects in Bailey county.

The first project granted is that known in application as No. 2, being construction work on the North and South highway from Muleshoe to Needmore, calling for nine inches of caliche base to be laid, using 976 man months of labor to be paid for by the Federal government, and 86 man months to be paid for by Bailey county. The total cost of this project will be \$57,008.83, of which sum Bailey county will pay \$8,231.48 and the Federal government \$48,777.35. Money for this project, it is stated, will be set aside as soon as plans and specifications now being prepared by the engineer have been received at the San Antonio office.

The second project approved is that known as a county wide prairie dog eradication project, costing a total of \$4,732, of which sum \$1,108 will be paid by land-owners of the county and \$3,624 from PWA funds. This project calls for 120 man months of labor. Appropriation of funds has also been made for the project.

The third project approved is one calling for general road improvement, bridge repairing, filling of lakes, etc., throughout the county at a cost of \$13,000, all of which will be WPA funds.

SUDAN GROWERS ASSOCIATION URGES FUTURE PRICES; CROP EXAGGERATED

As one of the results of a Sudan Seed Growers association being organized during the early fall, at which time E. W. Reagan was elected president and T. E. Lovelace, secretary, a warning has been issued by the association against sudan growers selling their seed too early.

"From a thorough investigation of conditions," said Mr. Reagan, "it is found that the principal causes of the ruinously low prices of sudan seed is the reported large yields of seed in California, South Texas, Oklahoma and other states. However, it is believed that reports are in many instances untrue, while in others greatly exaggerated, having been put out largely by speculative buyers for the purpose of scaring the uninformed grower and causing him to sell his seed at the present low price. Our investigation leads us to believe there will be very little surplus seed."

"Sudan seed are used for planting only; planting time is six or eight months away and the big seed buyers do not want to stock up with seed now unless they can buy at very low speculative price; so a farmer selling sudan seed now is like a merchant trying to sell his straw hats in mid-winter."

OIL INTEREST IN COCHRAN CO. GROWS, MORE LEASES

Leasing for oil in the southern part of Cochran, the county adjoining Bailey on the south has increased considerably during the past two weeks, county records showing an additional acreage of 2,284 being leased on the holding over until next year a sufficient part of this seed to take care of such surplus.

COFFEE SHOP CHANGES HANDS

Last week the Muleshoe Coffee Shop formerly owned by T. L. Means, Sudan, changed hands, and Mrs. Vern Bearden is the new manager.

INGRAM NOW AT OLTON

T. B. (Tim) Ingram, former assistant state highway engineer in charge of Bailey county highway improvement and for some time located in Muleshoe, is now located at Olton, in Lamb county, where he will have charge of similar construction work.

Ingram recently returned from a very successful big game hunt into the wilds of Alaska, bringing back with him several valuable trophies of the chase.

TURKEY SHOW PLAINVIEW DEC. 4; \$400 AWARDS

Bailey Winners Last Year Will Attend To Win This Year.

December 4, 5 and 6 are the dates for the second annual Southwestern Dressed Turkey show, to be held at the City auditorium at Plainview, more than \$400 in premiums being offered, including a cash prize of five dollars for the heaviest dressed bird in the show.

The only show of its kind in the Southwest, the Plainview event is sponsored by the Hi-Plains Turkey Improvement Association and the Plainview Board of City Development. Last year more than 1,000 entries were made by exhibitors throughout the Southwest.

A feature of the show is the annual sale, which will be held this year Friday afternoon, December 6. Governor James V. Allred is being invited to act as auctioneer. Last year the average price at the sale was 29 1/2 cents per pound. This year the average price of the show brought \$65.00. It is expected the price will be much better this year. Buyers throughout the Panhandle are looking forward to the event with great interest. Bailey county has several growers of turkeys who were leading winners of premiums at the show held last year, and will be there again in anticipation of bringing back with them many of the leading premiums.

OKLA. OLD AGE PENSIONS BECAME EFFECTIVE NOV. 1

With the machinery for collecting its vitalizing taxes unperfected and action to test its constitutionality imminent, the Oklahoma state old age pension law went into effect Nov. 1. Adopted at a special election September 24, the law provides pensions of \$30 a month for indigent women over 55 and men over 60, the payments to be financed by a privilege tax of one-eighth to 2 per cent on a large number of business choices, but to other Democratic choices.

\$30 Given Away On Trades Day Held In Muleshoe Last Mon.

Mrs. T. W. Watson, of Longview community, was recipient of the \$15 award given by Muleshoe business men during the Trades Day event held here last Monday, holding ticket No. 671086. Willis Branson, of Lamb county, holding merchandise ticket No. 583830, was awarded \$10 cash, while G. A. Nelson, Muleshoe, holding ticket No. 583440, received a \$5 award.

The loud speaker furnished by Western Drug Co. was used in calling out the numbers as they were drawn from the "squirrel cage" by a little girl.

Music was furnished throughout the day by a group of musicians from Amber, they also playing for a dance held that night in the country.

FARM INCOME IS INCREASED

Reporting a sharp increase in farmer's cash income in September, compared with August, the bureau of agricultural economics has predicted that the total cash farm income for 1935 would be about \$6,900,000,000 against \$6,367,000,000 in 1934.

ARMISTICE DAY PROGRAM GIVEN BY EX-SOLDIERS

Dinner, Speaking, Ball Game Feature Nation Day At Muleshoe.

Armistice day will be celebrated in due form by members of the Muleshoe post, American Legion, and their families next Monday, Nov. 11.

Beginning at 10:00 a. m., there will be the glowing of reville by Robert L. Jones, followed by a social hour until noon, when a big feed will be served. Women members of the Legion auxiliary will furnish pies, cakes and salads for the dinner.

Following the meal, there will be short talks by Prof. W. C. Cox, Attorney J. D. Thomas of Farwell, and others.

Beginning at 2:00 p. m. there will be a soft ball game between the Red Raiders, captained by Gilbert Wolard, and the Blue Jackets, captained by W. B. McAdams, at Cobb park.

Throughout the program of the morning "Chunky" Morris and his "Hot Rocks" orchestra will furnish music.

All ex-service men and their families are urged to be present for the day, to enjoy the celebration and give proper observation of the day.

KIWANISMS TO NAME OFFICERS

At the meeting of Kiwanis club held last Friday President E. Lewis appointed Neil Roeker, Cecil H. Tate and Kenneth Umbrson as a committee to nominate officers of the club for the coming year.

Roosevelt Leads GOP In Straw Ballots By About Seven Thousand

NEW YORK (AP)—126,612 ballots from 45 states have now been tabulated in the nation-wide "Next President" poll, a straw vote being taken by International News Service.

President Roosevelt maintains his lead in the field with a popular vote of 61,428 to 54,397 for Republican choices.

On a percentage basis, the Roosevelt popular vote lead was reduced during the week from 66% to 53%.

The state by state tabulations show Roosevelt leading 17 states and the Republican choices in 18. Eight states are in the "doubtful" column, three for Roosevelt and five for the G.O.P.'s. In one state (Montana), there is a tie vote, while in one state (Georgia), the popular vote goes neither to Roosevelt or Republican choices, but to other Democratic choices.

The doubtful states are those where the vote is so close or the number of ballots returned so few that they cannot in fairness be placed in either the Democratic or Republican columns.

In electoral votes the Republican choices are leading 238 to 193 for Roosevelt. This is exclusive of the electoral votes from the eight doubtful states and the two states wherein a tie vote and other choices lead.

The Literary Digest magazine has begun its first straw vote for president of the United States, such ballots having been mailed out this week. There will be 10,000,000 people asked to answer two questions:

Do you NOW approve acts and policies of the Roosevelt "New Deal" to date and for whom did you vote for president in 1932—Hoover, Roosevelt, Thomas?

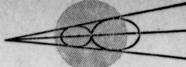

No signature and no postage are required to the answers.

"UNDERS AND OVERS" TO HAVE CERTIFICATES BEFORE VOTING

Citizens now under or over poll tax paying age, yet coming within the limitations permitting them to vote, must now have a certificate issued showing forth such fact, according to M. G. Bass, assistant tax collector for Bailey county.

The law also applies to those taking out citizen naturalization papers. Those who are 60 years or over may obtain a permanent certificate, while those under 21 years receive a temporary certificate; but in either case having such certificate is mandatory before they will be allowed to vote in the future.

Such certificates are obtained at the tax collector's office and there is no charge for issuing them.

NOW THEY HAVE ALL ARRIVED!

Automobile Dealers as a whole are in better position this year than they were this time last year. Practically all Dealers have received shipments of the 1936 offerings to the public.

In this respect, we cordially invite comparison of the V-8 which established an enviable record, with any car from the standpoint of beauty, comfort, reliability and economy. See and drive the new V-8 for 1936.

N. Y. A. AID

A recent Washington ruling permits youths between the ages of 16 and 25 who are not on relief to receive the benefits of the student aid program; provided they are unable to attend school unless they receive a part time job of the type offered by the National Youth Administration.

In cases of this type, the principal of the high school to which the student applies must certify that the student is unable to attend school without this aid. This certification must appear in the lower left hand corner of the student application, form H-1-104.

The rate of pay to be given students working to earn their \$6 is to be set by the school itself. The school may pay the rate it customarily pays for the type of work to which the student is assigned. The only restriction made by the federal government is that no student may earn more than \$6 in any month.

Children of relief clients must be given first preference and needy students should be certified only if and when relief possibilities are exhausted.

Girls' Basketball Begins
Miss Addie Bell Fort began training for girls basketball Nov. 2. Prospects are very bright for a

splendid girls team with the following veterans back for training: Jean Will-Fay Walker, Maida Chandler, Sibyl Hunter, Eunice Griffiths, Polly Glasscock, Speedy Martha Ruth Gilbreath, Irma Willis and Pauline Matthews. Muleshoe's ranks are strengthened by splendid new material coming in that has not yet been tried. We are favored with some of the outstanding players from surrounding schools.

The Muleshoe girls have built a tradition and reputation by playing fairly, by putting all they have in the game, and by setting an example in training and in genuine teamwork.

Muleshoe and Amherst Game
First quarter: Muleshoe made 2 first downs. Amherst made 1 first down.

Second quarter: Muleshoe made 5 first downs. Amherst made 4 first downs.

Third quarter: Muleshoe made 1 first down; Amherst made 3 first downs.

Fourth quarter: Muleshoe made 0 first downs. Amherst made 6 first downs.

Penalties: First quarter, Woodie Lambert offside 5 yards penalties. Fourth quarter, Amherst.

In the first quarter Prescott made a touchdown, Hart kicked and made a point.

touchdown, Hart kicked and made a point.

In the third quarter Falkner and Prescott made a touchdown each and Hart kicked one goal for an extra point.

In the fourth quarter Falkner intercepted a pass and went for a touchdown, but Hart missed the goal for the extra point. Amherst scored two touchdowns and one goal for extra point, making the scores 33 to 13 in Muleshoe's favor.

The Yellow Jackets did not let the Amherst eleven score until the fourth quarter.

Muleshoe made most of their touchdowns from passes. In the fourth quarter Amherst passed almost every down and completed them. Most of the passes were short ones but Amherst made yards on every one. Amherst pulled a man next to the opposite side from the ball and tried a few long passes, but these were incomplete. If their passes had worked, Amherst would have had many touchdowns.

All the boys on both teams did good playing and showed good sportsmanship throughout the entire game.

The next game will be at Muleshoe between the Yellow Jackets and Texico next Friday, November 8.

Last Thursday a book was checked out of the Library. Monday morning the book was quickly checked in by no other than Curtis Spivey. The book had not been opened, I think we understand Curtis.

Pep Rally
Friday of last week at 10 o'clock, several people, representing the clock, business men and women of Muleshoe, rendered a very interesting and inspiring program for the purpose of boosting the football game between the high school teams of Muleshoe and Amherst. Rev. L. S. Jenkins, acting as leader, called upon the Pep Squad for a few yells and songs which they gave gladly.

Worthwhile words inspiring our football players were given by Jess Mitchell, Dr. Matthews, Vic Walden, N. J. Holt, Judge J. E. Adams, Miss Alma

Stewart, Opal Jenkins and Addie Bell Fort, and Mrs. L. S. Jenkins.

Of course these speeches were in no ways comparable to those made by the football players.

Rev. Jenkins, representing the business men, presented Coach Stevens with \$13 for the purpose of paying back expenses. This gift was greatly appreciated.

The results of this program were priceless. The men of town closed their doors of business and became boosters for the M. H. S. players. The members of the Pep squad had more pep than usual, more football fans and boosters were at the game, and our boys showed their ability at playing football by having 33 for their score compared with Amherst's 13.

Home Ec Club

Thursday morning, of last week the Home Ec. girls were given a demonstration in the preservation of foods by Mrs. Vaughn a state worker and representative of the Kerr Jar co. The girls greatly enjoyed the demonstration and the excellent exhibition of canned goods accompanying it.

During the afternoon the girls held their regular meeting and song rally with Mrs. A. W. Copley and Miss Evelyn Boone present. The next meeting will be held Nov. 14, and all former members and the mothers of the members are invited to attend.

Senior Party

The seniors were entertained Wednesday, Oct. 30, in the home of their class mother, Mrs. Harold Weyer.

As they arrived at the front door, they discovered a sign informing them to go to the garage. There they were told the story of Blue Beard and his young bride.

Later they went back to the house where they encountered skeletons, black cats and other weird things. Many enjoyable games were played and fortunes were told.

Delicious pumpkin shaped sandwiches, cookies, and hot chocolate was served to the guests.

The seniors wish to take this oppor-

tunity to express again their appreciation for the lovely party given by Mr. and Mrs. Weyer.

An Appreciation

The Muleshoe Bray wishes to remember and acknowledge football's forgotten man of Muleshoe. We take this opportunity, it being the first, to commend Howard Davis for his valuable assistance in coaching the Muleshoe High school team and for his work on the field during the games.

Teachers Attend Meeting

The teachers of the Muleshoe Public schools attended a district meeting held in Lubbock, Saturday of last week for revision of the curricula of Texas schools.

Carnival Results

It has been unofficially reported that the Activity Fund for the Muleshoe schools was swelled by \$130. The results of the carnival.

H. E. Girls Serve

The Home Economics girls served the High school faculty a delicious and finely appointed luncheon, Tuesday.

Stegall News

Spivey Mayhall and Vestal Rogers were among those who traded in Muleshoe Saturday.

Mr. Sanders, of Circleback, visited his cousins, Mr. and Mrs. D. L. Lane, Sunday.

Carl Walraven, of Goodland, attended church here Sunday night.

Mr. and Mrs. J. M. Phillips and children of Earth, visited relatives here Sunday.

Mr. and Mrs. Scott, of Longview, are spending the week with their daughter, Mrs. J. W. Johnson.

The following of our community were guests at a party given at the home of Mr. and Mrs. Earl Knowlton in Baileyboro community: Glady and Elsie Holt, Conrad Williams, Bill and Marvin Holt, Grady Casey, Carl

and Lois Pollard; also Mr. and Mrs. John Holt and son, Jack.

Mr. and Mrs. G. W. Norton are parents of an 11 pound son, born October 30. The husky youngster has been given the name of "Charles William Hasdale."

Elgin Fowler of Dunlap, New Mexico arrived Tuesday for a visit with his brother, Orval Fowler and family.

Rev. G. R. Fort filled his last appointment with us last Sunday night. We wish to extend to him our grateful thanks for his efforts in our behalf, and also our wishes he may be spared for many more years of service in the cause he has represented so faithfully these many years.—Reporter.

A dairy show will be held at Morton, Cochran county in January, according to announcement made by the county agent of that county.

TOOLS For Harvest

We have Malze Knives, Banjo Forks, Cotton Sacks, extra heavy spade and shovel handles, and numerous other needs for Harvest Time. Let us supply you.

OIL BURNING STOVE

See the "Quaker" Oil Stove on display at our store, it is the "King of Oil Burners," has automatic control, no odor, no soot. Let us demonstrate it to you—you'll soon be needing one.

King & Parsons MULESHOE.

RADIOS! CROSLY - ZENITH

The year's season has arrived when Radio reception is especially good, and the air is full of delightfully interesting and instructive programs day and night. You don't know what you are missing, if you do not have a radio.

Radios this year are more perfect than ever. We have them in Long Wave or Long and Short Wave combined reception. It's marvelous to listen into programs coming from London, Paris, Mexico and South American stations. Zenith and Crosleys get them! The cases, too, in which these new 1936 Radios are housed, are more beautiful than ever. Step into our store and let us give you a demonstration.

WE HAVE RADIOS TO MEET EVERY DESIRE AND FIT EVERY POCKETBOOK!

8½ chilly hours since he parked BUT NO CHANCE OF DAMAGE... HIS ENGINE stays oiled

Today you can use a winter oil which builds itself right into the "innards" of your engine. That is, a certain portion of Conoco Germ Processed Oil really forms a *BOND* with metals, and stays on continuous duty where all the worst friction used to come.

This uncanny action, created by the patented Conoco Germ Process, automatically wipes out the costliest winter wear...

"Dry," unlubricated, wracking starts?... Not with the oil that's Germ Processed to stay up on the job every minute, every hour, every day that you park—"whatever the weather".... Not when Germ Processed Oil has become a part of all metal surfaces... Not with the Hidden Quart, which has enabled many an engine to run with the crankcase absolutely empty—in verified show-down tests.

And this same patented Germ Process means extra protection not only for the conventional babbit bearings, but for the newest bearings—whether copper-lead, high-lead or cadmium-alloy. Germ Processing also creates the high-durability oil film... hence a light, free-flowing winter oil that's tougher too, for the toughest going of all the year. You and your Conoco man can make this whole Winter "act gentle" to your motor, beginning today. Drive in.

Make sure your engine stays oiled

The Story of the Constitution

by CALEB JOHNSON

FINAL: THE CONSTITUTION, TO DATE

The recent Supreme Court decision that the National Recovery Act was unconstitutional set in motion a nation-wide discussion of the Constitution. It brought about the situation which made this series of "The Story of the Constitution," a most timely subject.

The Supreme Court's decision was, in effect, based upon the fundamental principle that the Federal Government is one of delegated powers. Under the Constitution, all power rests in the Congress, which receives its authority from the people and the States. The Executive power is seen to the enforcement of the Acts of Congress. The power of the Judiciary is that of determining whether or not the Congress has, in any given case, sought to exercise power which has not been delegated to it.

In the NRA case the Supreme Court held that Congress had received no power from the people to delegate any part of its law-making function to the President; that the States had granted the Congress no power to regulate commerce or industry except as they are in the stream of interstate commerce.

Within the limits of its delegated authority, Congress has usually been upheld in its efforts to legislate within the needs of an expanding national economy. The Supreme Court is expected to take a realistic view of current conditions and recognize the necessities of the times when this could be done without infringing upon the powers reserved to the States or the people, under the Tenth Amendment. By this process, the Constitution has operated for 148 years.

The flexibility of the Constitution to meet new conditions has been testified to by statesmen. In the 80's, during recent years, the will of the people vested under the powers of the Congress, proved to be a simple, open public sentiment crystallized. Amendment is an apt illustration of the President and of the Senators and of the 12th of these took office on March following their Congress was required to meet first Monday in December in what came "lame duck" Congress, members, although December election, held following March 4th.

Congress submitted amendment making for and Representative 3rd, and those and Vice-President on the annual meeting

date of the Congress was changed to January 3. In less than one year, 39 States had ratified this 20th Amendment, which was proclaimed as a part of the Citizenship

of the Constitution on February 6, 1933. It took even a shorter time to establish the 21st Amendment, repealing the 18th or Prohibition Amendment. This was submitted to the States in February, 1933, by the present administration, and became a part of the Constitution on December 5, 1933.

Both of these amendments had an overwhelming weight of public opinion behind them. Such has proved the rule; that in like manner, when a proposal to change the Federal Government structure has behind it strong nationwide public opinion, then is our Constitution usually amended and changed.

The End.

Lazbuddie News

Mr. and Mrs. Alex Steinbock and small daughter, Fern Marie, and Clifford Pyritz have returned from Frederick, Oklahoma, where Mrs. Alex has been recuperating from a tonsil operation.

Raymond Treider was very agreeably surprised October 26th by his wife at the home of Mr. and Mrs. Wm. F. Steinbock. Having been told he would be taken to Clovis, N. M., Mrs. Treider was astonished by the crowd in the Steinbock home when he arrived. Halloween games were enjoyed by the following: Mr. and Mrs. C. E. Merritt, Jr. and Mrs. J. E. Vaughan and children, Tomalyn and Theron, Mr. and Mrs. Otto Treider and children, Claire, Lillian and Gladys. Mr. and Mrs. Edwin Julian and baby daughter, Jack Julian, Mrs. Raymond Treider and children, Raymond Jr., and Lily. Refreshments of fruit salad, chicken sandwiches, devil food cake, cocoa and marshmallows was served. Everyone wished Mr. Raymond many more happy birthdays.

Each student in the Lazbuddie school has received his photograph taken several weeks ago.

Sudan threshing is still the main occupation of Lazbuddie farmers at present. Some farmers are wishing for a good rain so they may sow wheat.

Johnnie Steinbock had the misfortune of getting a piece of steel lodged in his eyeball while motoring to Clovis N. M. last week. A doctor was required to remove the steel and the patient is now recovering.

Many are busy pulling cotton, since school has dismissed for two weeks. Geo. Crain is in the Lubbock sanitarium where he had an appendix operation. Jud Clark was a visitor in the Willie Steinbock home Monday night.

Mrs. Loyal Lust visited Mrs. B. H. Waggon Friday afternoon.

We are sorry Mrs. O. N. Jennings had blood poisoning in her foot, caused from cutting on a corn.

Sam Layman took a bog to Hart last week and we heard it brought him about as much as a truck load would have not so long ago.

The box supper and Halloween social was well attended at the Lazbuddie school house Oct. 31st. About \$25.00 was the amount made by the Study club.—Reporter.

Bula News Items

Our community was visited Monday morning by a cold wave. We hope to soon see more sunshine so cotton gathering can keep under way.

There was Sunday school at both churches Sunday with preaching at the Methodist church. Rev. McMaster filled the pulpit. Several from Bula attended church at James Sunday.

Miss Ila Faye Clawson was brought home Friday from a Litterfield hospital where she had been since a car wreck of two weeks ago. She is doing fine and will soon be able to get out of bed.

Mr. and Mrs. Clarence Cannon returned Wednesday from a short visit to see his grandmother at Menard. He reports seeing several deer while gone. Mr. and Mrs. Spradling were in Muleshoe on business Saturday afternoon.

Lawrence Nichols had the misfortune of getting his eye badly hurt at the gin one day last week.

Mr. and Mrs. Johnnie Hubbard were in Sudan and Muleshoe shoppers Wednesday of last week.

Mr. and Mrs. F. L. Simmons and Mrs. Tommie Carter were in Lubbock on business Friday.

Mr. and Mrs. John Zell are entertaining a new daughter since Thursday, weighing 12 pounds.

Mr. and Mrs. Behlmer are happy over the arrival of a new daughter last Wednesday, the little lady weighing seven pounds.

Mr. and Mrs. Simons and daughter of Taylor, have been visiting with their sons, Arbie and T. L., and families.

Mr. and Mrs. Everett Brewer have opened their new drug store and soda fountain.—Reporter.

Watson News Items

Old Man Winter has been blowing his breath this way and it has been real cool.

Many of our farmers are through picking cotton for the first time.

A small crowd attended Sunday school, Sunday. Let's all come out and bring someone with us next Sunday.

The H. D. club met with Mrs. David St. Clair Wednesday. Miss Stewart was present and talked on "Planning Your Wardrobe." After the meeting, a social hour was enjoyed when the hostesses served delicious sandwiches and hot chocolate.

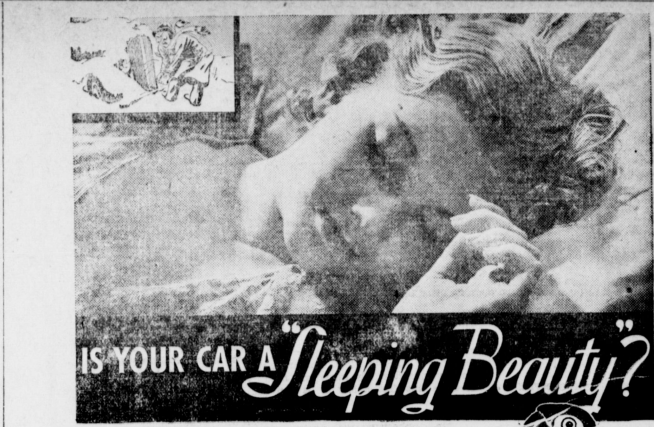

Mrs. D. A. Williams returned home Saturday from San Augustine where she has been at the bedside of her mother. She reports her much improved.

Miss Thelma Jo Cook left Monday for Ft. Worth.

Misses Ethel and Ruth Smith, who are attending college in Portales, N. M., spent the Halloween holidays with homefolks.

A call meeting of the H. D. club will be held at Mrs. A. J. Neutzler's Friday afternoon to discuss plans for "Achievement Day."

Mr. and Mrs. A. E. Cook entertained the young folks with a party Thursday night. After playing a number of games, a contest of pinning the black cat's tail was won by Miss Lela Key. Fred Williams won the booby prize. Refreshments of hot chocolate and

Phillips 66 POLYmerized Wakes up

cold, drowsy motors

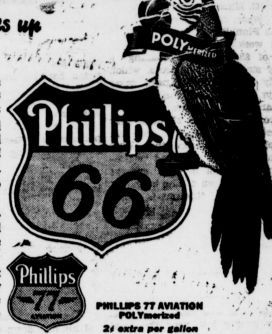

If you wonder whether POLYmerization makes any difference in gasoline, your doubts will vanish the instant your toe touches the starter.

With Phillips 66 POLY Gas in the tank, your cold motor gets going with split-second speed. And does so every single time, regardless of the weather!

The reason? POLYmerization crams an extra supply of heat units and ultra-volatile elements into every drop of this vastly improved gasoline.

Result: Marvelously quick starting... exceptionally rapid warm-up... quiet, silent action... added pep and power... and the specific saving of more miles per gallon.

For convincing, conclusive proof that this latest scientific development in gasoline means something to your motor and your pocketbook, try just one tankful of the new, high-test Phillips 66 plus POLYmerization. It costs nothing extra.

Phill-up with Phillips for Instant Starting

cookies were served by the hostess. A meeting is to be held at the school house Thursday night, when some members of the Plainview Production Credit association will speak for Ft. Worth.

Misses Ethel and Ruth Smith, who are attending college in Portales, N. M., spent the Halloween holidays with homefolks.

Misses Ruth and Ethel Smith who

CITATION BY PUBLICATION—

DELINQUENT TAXES

THE STATE OF TEXAS

To the Sheriff of Any Constable of

Bailey County, Greeters:

YOU ARE HEREBY COMMANDED

TO SUMMON

F. Treat, whose place of residence is

alleged to be unknown, if living, and if

dead, you will summon his

unknown heirs and legal repre-

sentatives and unknown owners and

such and all persons owning and

claiming an interest in and to the

hereinafter described lands, by making

publication of this Citation once in

each week for four successive weeks

previous to the return day hereof, in

some newspaper published in your

County, if there be a newspaper pub-

lished therein, but if not, then in the

nearest County to your County where

a newspaper is published; to be and

appear before the Honorable 64th Dis-

trict Court of Bailey County, Texas,

at the next regular term thereof, to

be holden at the Court House in Mule-

shoe, Texas, on 1st Monday in Decem-

ber 1935, the same being the 2nd day

of December 1935, then and there to

answer the Plaintiff's Petition, filed in

said Court on the 29th day of Octo-

ber, 1935, wherein the State of Texas

is plaintiff, and F. Treat is defendant,

file number of said suit being 794.

The nature of the plaintiff's dem-

and, as set out in said petition, is

that the defendant, by making and

publishing an action to recover of the

defendant the sum of One Hundred Sixty Six

and 40-100 Dollars as delinquent taxes

due plaintiff for the years 1927, 1928,

1929, 1930, 1931, 1932, 1933, 1934, in-

cluding interest, penalties and costs,

that have accrued thereon, said taxes,

interest, penalties and costs being due

upon the following described property,

situated in the County of Bailey and

State of Texas, and within the metes

and bounds and territorial limits of

said County of Bailey, State of Texas,

to-wit:

South-east Quarter (SE 1/4) of Sur-

veyor's Section Number 71, Block B,

Melvin, Blum and Blum subdivision in

Bailey County, Texas, containing 160

acres of land.

And plaintiff further prays for the

foreclosure of her lien against said

property, to satisfy said taxes, interest,

penalties and costs, for an order of

sale, writ of possession, all costs of

suit and for general and special relief,

all of which will more fully appear in

plaintiff's original petition now on file

in this office.

Herein I fall Not, and have you then

and there before said Court, on the

first day of the next term thereof,

this writ with your return thereon

showing how you have executed the

same.

Given under my hand and seal of

said Court, at my office in Muleshoe,

Texas, in the County of Bailey, this

29th day of October, 1935.

J. B. BURKHEAD, Clerk District

Court, Bailey County, Texas.

(SEAL)

By Elizabeth Harden, Deputy.

October 31, November 7, 14, 21, 1935

Kennedy county, in the southern

part of Texas, with 701 citizens, has

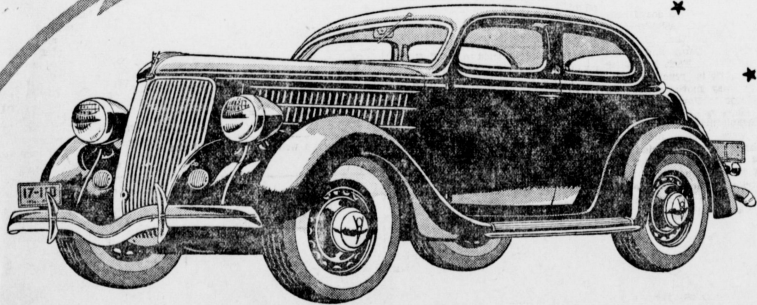

never been on the government relief

rolls. It challenges all other counties of

the U. S., with the statement that

not one of its citizens has ever ac-

cepted any kind of government relief.

"If the people who use our cars every day are not praising them, it matters little what we may say. The last word must be spoken by the car itself."

(FROM AN ADVERTISEMENT SIGNED BY HENRY FORD IN JULY, 1915)

AGAIN, A NEW AND MORE BEAUTIFUL FORD V-8

Speaks for Itself

MORE than two million Ford V-8's, in America alone are now in the hands of drivers. These owners have heard, from the car itself, a clear story of motoring value and pleasure that far outstrips all previous achievements in low priced cars.

Now, the 1936 Ford V-8 speaks for itself... new beauty of line; new, brighter colors; easier steering and gear-shifting; super-safety breaks. We urge you to get this car's story from the driver's seat—to know at first hand its V-8 performance—its luxury-car comfort and roominess.

Let the last word about the 1936 Ford V-8 "be spoken by the car itself." Make arrangements today through—

THE MULESHOE JOURNAL

Entered as second-class matter at the Muleshoe Postoffice under the Act of Congress, March 3, 1879.

JESS MITCHELL, Editor. I. F. MITCHELL, Bus. Mgr.

SUBSCRIPTION RATES: In Bailey County, one year, \$1.50; Outside of County one year, \$2.00.

Published every Thursday at Muleshoe, Texas. Telephone No. 54.

Advertising rates on application. Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses.

Communications of local interest are solicited. They should be briefly written on only one side of the paper, and must reach this office not later than Wednesday morning of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, it matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Muleshoe Journal will be gladly corrected upon being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not assume any liability for damage further than the amount received by him for such advertisement.

PROPOSED TAX SURVEY

Gerald C. Mann, former Texas secretary of state, now representative of the Texas Planning Board at Washington, last week issued an appropriation of \$2,562,852 for making a survey of state tax assessments, which practically everyone who pays taxes has always known has been unequal and in many cases unfair.

The project will take about a year to complete, and during that time will give employment to more than 4,000 people, mostly of the so-called "white-collar" variety. Most of these surveys of the past have been of the boondoggery variety, but if this one is handled properly it can be of great value to the state in general and to many citizens in particular.

The project proposes an equalization of farm and ranch values for taxation purposes, the assessments of land now escaping taxation and the elimination of double assessments and unknown ownerships, as is occasionally the case.

In Bailey county last year the local assessor dug up about \$2,000 worth of state and county taxes which heretofore had been escaping the fine tooth comb of the law.

It is a commonly known fact that most of West Texas pays more than its pro rata share of taxes to the state. Since the state ad valorem taxes for the school, general fund and pension funds are levied on the values assessed by the local county authorities, there is no common standard for such assessments, sharp inequalities exist and more taxes are paid from this western area of the state than are paid in other state portions.

Out here in West Texas where everything has to be produced, court house, city halls, schools, bridges, etc., must all be provided, it takes more county taxes to do the job than back in east or central Texas where such has already been provided; but this increased rate also means an increased state rate because of it. On the other hand, there are many counties in other portions of the state that pay a very low ad valorem rate of taxes because their county rate is low. Out here some counties pay as high as 50 per cent of real value for taxation purposes, while in other areas of the state only about 10 per cent is used as a tax base.

The subject of taxes is coeval with the human race, and will always be a vexatious subject, but West Texas especially will welcome any investigation that makes her taxes more equal with that paid in other portions of the state.

Who is going to do the selling in Muleshoe's rightful trade territory, business men of Muleshoe or of some nearby town? It is obvious, of course, that Muleshoe's interests concern desire this patronage, and, most other things being equal, they are rightfully entitled to it—but will they get it?

Muleshoe in the past has always had to fight serious competition from larger and better business organized towns, and largely because of the lack of unified effort in Muleshoe. Unfortunately, Muleshoe has not had the business team work it should enjoy. In many cases it has been "every fellow for himself and the devil take the hind most," with results that surrounding towns have taken the bulk of holiday trading and Muleshoe got the raveling ends of it.

There is no reason for such results. Muleshoe's business men can sell merchandise as cheaply as larger nearby towns; they can furnish the same degree of courtesy, service and accommodation as these surrounding towns. Perhaps, in some instances, they will carry as large a stock of certain varieties as some nearby towns; but they will carry a sufficient variety to satisfy most customers, other things being equal.

There is a certain loyalty every citizen owes to his home town and trade territory, unfortunately many will not recognize this fact unless it is impressed upon them in a tangible way; but such is true, and now is the time to begin emphasizing such facts.

It's not too early for Muleshoe business men to begin planning shelf, counter and window displays of their merchandise, and it's not too early to begin planning their advertising campaign for the coming holidays. Haphazard or neglect in advertising will give the usual majority of business good customers during the coming holiday buying season. A well planned campaign of advertising will turn much of it back, keeping and directing it toward Muleshoe, where it should be; meaning more business, more profit to local concerns, and just as great satisfaction, and maybe more to the numerous holiday shoppers.

FAKE "JOB GETTERS"

Uncle Sam has finally decided to put his foot down on those who advertise for jobs that they can get "government jobs" for those who are willing to part with some of their hard-earned money. "Many such ads are misleading," announces a bulletin out of Washington City and in many instances actual deception is practiced by the advertiser.

In years gone by more than one Muleshoe young man has learned to his sorrow the meaning of "deception" practiced by those who boast they can "fit you for a government job," and whose ads are so worded as to lead the unwary to believe they will actually land a good position once they have met the financial requirements laid down by the advertiser. Few pause to consider that the government does not secure its employees through such channels, and that no civil service school or employment agency is authorized to select such help as may be needed in some of our government agencies.

THE JOYS OF AGE

Every age has its joys and its sorrows. Successful living does not consist in dodging the unpleasant experiences which come to us, but rather in meeting them and mastering them.

FARM FIRES

There is no more pathetic sight in the world than a farm house on fire. In town or city, where modern and costly fire-fighting equipment is at hand to battle any blaze that may arise, a fire never appears as deplorable as one out on the farm where the best to be had in fire-fighting equipment consists of a few water and milk pails and a chisel and saw to furnish an adequate water supply.

Farm fires in the U. S. last year occasioned a loss of \$225,000,000. Besides

SNAP SHOTS

A congressman is too green for his job, and a lot of men buy cigars because they like his looks. What's the use? Our race has spent 5,000 years trying to get out of work, and now look at it!

After all, the thing that is keeping most people and businesses up a tree is too much political log-rolling.

Lately we've been hearing much talk about soaking the rich; but it is still noticed the same taxpayers are still wearing patches.

Let's thank goodness that America got the Indians cleared out before it became wicked to steal the territory of the weak.

With nearly 25,000 deaths from auto collisions the first nine months of this year, it's time for the average person to stop and consider whether it's better to lose half a minute getting across a street safely, or pausing half a year in bed with injuries.

What's Happening In Washington And Other Cities Of Importance

Japan has issued a warning that she will not tolerate discrimination in mandate countries.

There are 410,000 farm families now on relief, exclusive of those previously accepted for rehabilitation, according to information from a public law week.

Carl Estes, Longview newspaper publisher, may enter the race for state office, but he is against Ernest O. Thompson, according to report.

Members of the Knights of Columbus, a Catholic organization, have protested President Roosevelt's silence on Mexico religious issues.

Rear Admiral Keady, head of the navy's bureau of economics, has asked for contracts for 60 torpedo bombing planes.

The government will issue a new dollar bill this month, according to announcement made. The design will be different, but the size will be the same as previous issues.

Statistics published at the close of October indicate there have been 2,840 deaths from automobile accidents during the first nine months of this year.

Harry Woodring, acting secretary of war, states he will ask for an appropriation exceeding 40 million dollars for beginning next year and a five year plan to double the size of the nation's air armada.

Federal Judge Yankovich, of Los Angeles, last Friday handed down a decision against the Coast Packing Co. upholding constitutionality of the AAA hog processing tax, involving payment of about \$10,000 taxes by that company to the government.

Earthquakes, with more or less heavy tremors, continuing at Holey, Montana for the past week, have brought loss of seven lives and more than five million dollars worth of property, the greatest loss up into the southern part of Canada.

Following the lead of William Randolph Hearst, who a few days ago announced he was moving from California because of excessive taxes demanded of him, Max Pickford, prominent movie star, has also made a similar threat.

A suit has been filed in the U. S. Circuit Court of Appeals at San Francisco asking for \$90,000 payment from the United Air Lines for use of the air above plaintiff's property by this company, which really means a test out of the hands of those who actually own the air above their land.

Whether from a worse sentiment of from unfavorable experience, it is noticeable that the "brain trusters" are now fading from public view. It is said their calls to the White House are not now so frequent as in the early days of the New Deal, and even some of the professors have gone back to their colleges. True, some new faces appear in the trust bunch, but apparently the President is now able to handle national affairs without so many suggestions from them.

Twenty of the 34 wells to be drilled on the resettlement land at Ropesville are now in the process of going down, 12 being finished this week.

ORGANIZE NEEDMORE LEAGUE

A number of the Muleshoe Epworth leaguers took a program to Needmore, Sunday afternoon, for the purpose of helping the young people there to organize a League. Miss Twila Farrell being in charge of the program.

Among those who attended from here were: Misses Irma Willard, Twila Farrell, Mary Ann Copley, a Harry Holt, Pauline Matthews, and Kenneth Jennings, Cecil Spence, Alvin Farrell, Lloyd Skeeters, David Border and Spencer Beavers.

The Virgin Islands. The Virgin Islands are 133 square miles in area. They have a population of 22,000. They were bought from Denmark during the World War last some foreign power use them as a naval base. The price was \$25,000,000.

P.-T. A. Drive For New Members Gains 131 The Largest In Its History

The membership drive of the local Parent-Teachers association completed last week, resulting in a total of 131 members being enrolled to date.

Miss Mildred Miller's room won the prize for obtaining the greatest number of members.

The budget for the coming year has been made and approved, and plans for the coming year include such projects as a ground beautification program, together with an intention of adding to the playground equipment already installed.

At the last regular meeting, Mrs. Albert Isaacs listed some of the probable projects in addition to those named above in which the organization was very much interested, and as it was able, would undertake.

A free will offering in pillow cases and sheets was taken for the coats for the two schools to which response was gratifying. These coats are to be maintained for pupils who may become indigent during school hours.

The P.-T. A. is an organization whose purpose it is to further the cause of education by aiding local school authorities in every way possible. Its membership is to be commended for its magnificent response.

The following are paid-up members to the current year: Jack McIntosh, Mr. Hawkins, Dr. A. R. Matthews, Mr. and Mrs. L. R. Bartley, Mr. and Mrs. A. W. Copley, Mr. and Mrs. Joe Damon, Mr. and Mrs. Arnold Morris, Mrs. Lind Taylor, Mrs. J. W. Givens, Mr. and Mrs. S. E. Morris, Mr. and Mrs. C. C. Mardis, Mrs. Jess Osborne, Mr. and Mrs. C. F. Moelle, D. O. Smith, A. A. Alexander, Mr. Levi P. Churchill, Mr. and Mrs. Clay Beavers, Mrs. G. O. Jennings, Mr. and Mrs. C. R. Stevens, Mrs. A. W. Coker, Mr. and Mrs. R. L. Jones, M. G. Miller, Mr. and Mrs. A. H. Isaacs, Mr. and Mrs. Neil Rocky, Miss Mildred Miller, Mrs. Odessa Hardin, Mrs. Dan Winn, Julien Lenau, J. E. Adams, Aunni McReynolds, J. B. Barry, Dr. and Mrs. A. E. Lewis, Mrs. Clarence Gains, A. P. Stone, Mrs. J. B. Burkhead, Warren Powers, Miss Lucille Bell, W. C. Morgan, Miss Ada Bell Fort, Miss Madeline Eley, Miss Evelyn Boone, O'Neil Rocky, Mr. and Mrs. J. H. Holt, Charley Long, Kenneth Unbrson, Mrs. K. K. Smith, Miss Alma Stewart, Mr. and Mrs. C. R. Farrell, Mr. and Mrs. V. G. Walden, Mrs. John Rogers, Mrs. Mildred Bailey, Mr. and Mrs. C. Cox, Cecil Tate, Miss Dolly Hart, J. B. Waide, Miss Mildred Davis, Mr. Martin, Mrs. Louise White, Jess Mitchell, Byron Griffiths, Mrs. Yarbrough, H. C. Hennington, Mr. and Mrs. Gibbs, Mrs. H. W. Whitford, Mrs. Lloyd Garrett, Mr. and Mrs. J. H. Parley, Mrs. and Mrs. A. H. H. Carley, Mrs. B. O. Byerly, Mrs. Jess Murrah, Jim Cook, Miss Helen Jones, Mr. and Mrs. H. A. Eckler, Mr. and Mrs. E. R. Hart, Mr. and Mrs. Gil Wollard, Mr. and Mrs. T. Young, Miss Elizabeth Harden, Will Harper, Mrs. Gladys Bearden, Mr. and Mrs. Irvin St. Clair, A. F. Jordan, Mr. and Mrs. J. J. Doehling, Mr. and Mrs. D. Newman, Mr. and Mrs. W. B. Addams, Mr. and Mrs. Roy Jordan, Mrs. F. B. Pierson, Mr. and Mrs. Curtis Taylor, Miss Alice Edmonds, Mrs. H. C. Holt, Mr. and Mrs. Andy Hicks, Mrs. Alex Paul, Mrs. O. N. Robinson, Mrs. A. J. Gardner, Mr. and Mrs. L. L. Alsop, Mrs. G. G. Johnson, Willbur Jaede, Mrs. Ray Moore.

HARVEY IS POUND MASTER. R. C. Harvey was appointed pound master at the last meeting of the City Commission held Thursday of last week.

His duty will be to oversee and enforce provisions of the stock ordinance recently passed by the Commission. He will appreciate the co-operation of all citizens, especially in reporting all stock running at large.

Mother love welcomes the child she didn't want.

Subscribed and sworn to be this 6th day of November, A. D. 1935. INEZ F. Notary Public, Bailey County.

VIC WALDEN TRANSFERRED TO A LUMBER YARD IN OKLAHOMA

V. C. Walden, for the past year manager of the local lumber yard of Higginbotham-Bartlett Co., has received notice of his transfer to another yard recently purchased by his concern at Carnegie, Okla., and will this week leave to take up his new duties. The change means a promotion for Mr. Walden, greater responsibilities being placed upon him, also an increase in salary.

During the months Mr. Walden has been a Muleshoe citizen he has won to himself a wide circle of friends and acquaintances who sincerely regret his transfer. He has always taken a very active part in civic affairs of the town and community and will be a distinct loss in this respect.

Preston Lee, of Lorenzo, will take Mr. Walden's place with the Higginbotham-Bartlett Co., here. He is an experienced lumberman, having been with this company for several years past.

TAX IS NOW ON COAL

In an unprecedented attempt to regulate the industry, an excise tax of 15 per cent was placed by the government on coal, effective Nov. 1, all bituminous coal coming under the tax.

While under the law the tax became effective the first day of this month it will not be collectible until January 2. Those of the 15,000 producers who comply with "little NRA" code rules to be supervised by the National coal commission will receive rebates of 90 per cent of the tax.

Already opponents of the Guffey Coal act, defeated in efforts to obtain an immediate order restraining the government from assessing the levy, have undertaken legal moves designed to test the law's constitutionality in the supreme court.

Cotton Adjustment Subsidy Open For All 1936 Signers

The cotton adjustment or subsidy 1936 cotton acreage reduction program payments available to any producer according to J. B. Walde, jr., county agent who is willing to participate in the farm agent.

"The subsidy payment may be applied for any amount of cotton actually produced in 1935 up to the allotment of cotton acreage exemption certificates. The payment is the difference between the average price on the day of the sale for 1/2 inch staple middling basis cotton for the ten spot cotton markets and 12 cents per pound. For example, John Doe sells a 500 lb. bale of extra good grade and staple cotton on a certain date. The average price for middling basis 1/2 in staple cotton on that date is 10 1/2 cents per pound. However, because of the extra quality of grade and staple of John Doe's bale he receives 11 cents per pound for his cotton. John Doe would receive 12 cents less the average market price (10 1/2 cents) or 1 1/2 cents per pound subsidy payment. This would amount to \$750 on the 500 pound bale on this basis.

On the same day Richard Roe sold a bale of poor grade and staple cotton for 9 cents per pound. Richard Roe would receive the adjustment or subsidy payment per pound as John Doe. The county agent explained that the adjustment payment could not exceed two cents per pound.

In order to participate in this program it is necessary for the producer to obtain a cotton sale certificate from the buyer. This certificate must be

filled in the county agent's office within seven days of the date of the sale. Certificates of sale may be mailed in and it is not necessary for the producer to come in to the office.

The forms will be available soon for the agreements between the producer and the Department of Agriculture. It is said there is some illegal traffic should be filed within the seven day period allowed.

Because of the excessive number of cotton being grown in Bailey county it is now indicated that additional certificates will have to be obtained from other counties where there is now a surplus over needs.

It is said that some of the certificates are being transferred to other counties going on with these certificates, some of them being sold below the governmental price they are stated to bring. It is also said some certificates are being transferred to other creditors illegally, the Bankhead act prohibiting such use of certificates.

The government cotton division requests that all producers surrender their surplus certificates to the pool.

LONGVIEW H. D. NAME OFFICERS

At a meeting of the U-Need-Ts home demonstration club, Longview community, held Thursday of last week, officers for the coming year were elected, as follows:

Mrs. N. C. Moore, president; Mrs. A. L. Carpenter, vice-president; Mrs. U. S. Cooper, secretary; Mrs. C. L. Long, assistant secretary; Mrs. W. R. Young, reporter; Mrs. A. L. Carpenter, council member; Mrs. J. H. Scott, parliamentary; Mrs. A. L. Carpenter, garden demonstrator; Mrs. N. C. Moore, Mrs. U. S. Cooper, Mrs. C. L. Long, financial committee; Mrs. W. M. Pool, Mrs. S. P. Cash, Mrs. Young, reading committee; Mrs. C. L. Long and Mrs. Frank Robinson, recreation committee; Mrs. Fred Bryant and Mrs. W. R. Young, program committee; Mrs. S. F. Cash, wardrobe demonstrator.

The next meeting will be held Wednesday, Nov. 13, at the home of Mrs. A. L. Carpenter.

TURNER IS LAMB CO. AGENT

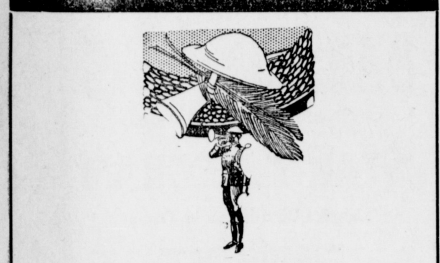

Donald Turner, former assistant farm agent of Lamb county, was last week appointed head county agent by the district agent, following a recent transfer of D. A. Adams, former county agent to Young county.

Armistice Day!!

Events since November 11, 1918 have not caused the American people to forget the tremendous sacrifice required of this country in a conflict thousands of miles away. The fundamental principles of liberty and freedom upon which this country was founded will enable the flame of patriotism to burn continuously into the far future.

May we pay our deepest tribute to the veterans of the days of 1917 and 1918.

NOTICE OF CITY OF MULESHOE'S TWENTY-THIRD ANNUAL ISSUE OF TWO THOUSAND DOLLARS IN SANITARY SEWER SYSTEM REVENUE BONDS AND

Sealed proposals, addressed to the Mayor and City Commission of the City of Muleshoe, Texas, for the construction of a sewerage system in accordance with the plans, specifications and instructions to bidders, prepared by H. N. Roberts, Engineer, will be received at the office of the City Secretary, Muleshoe, Texas, until 2:00 P. M., Nov. 26th, 1935, and then publicly opened and read.

The successful bidder will be required to enter into a contract with the City of Muleshoe, Texas, which will contain provisions conforming with the requirements of the Federal Emergency Administration of Public Works, as set forth in PWA Form No. 166, issued July 23, 1933, and revisions thereof, and the special requirements of the State Director, PWA.

A Cashier's or Certified Check, payable without recourse to the order of Tom Davis, Mayor, or an acceptance of the Bidder's Bond, in an amount not less than five percent (5%) of the largest possible total bid including construction of alternates, must accompany each bid as a guarantee that, if awarded the contract, the bidder will promptly enter into a contract and execute a bond on the forms provided, as outlined in the specifications and conditions of the contract.

A Performance bond, in an amount not less than one hundred percent (100%) of the contract price, conditioned upon the faithful performance of all persons supplying labor or furnishing materials, will be required.

Attention is called to the fact that not less than the prevailing rates of wages as established by the City of Muleshoe, Texas, (Order), approved by the State Director, PWA, and as herein set forth must be paid on this project.

Labor Classification and Minimum Wage Scale

The Labor Classification and Minimum Wage Scale below have been determined by the owner in accordance with the statutory and PWA requirements and the prevailing local wages, and shall govern on all work pertaining to the construction of the project covered by these specifications.

The Bids submitted are based on not less than the rates of pay indicated in this list, and the contractor is classified as operating in the community at the time of the bid opening.

Skilled Mechanics, Whose Minimum Rate Shall be \$1.00 Per Hour.

ORGANIZE NEEDMORE MISSIONS

Sunday afternoon at the new Methodist church at Needmore, a missionary society was organized. Officers were elected and business for the society was discussed. A good crowd of women from that community was present and took much interest in the affair.

A number of members from the Muleshoe Methodist missionary society attended and helped with the organization, among them being Messdames C. R. Farrell, Clay Weaver, A. W. Copley, H. C. Holt, Levi Churchill, and Mrs. Finley Pierson.

ISSUE FEWER AUTO LICENSES

The number of automobile licenses issued in Bailey county to date is still less than that issued last year, though it may eventually exceed the 1934 number, according to M. G. Bass, deputy collector, who says next year's payments will not be made until in April. The record to date shows 851 passenger cars, 180 farm trucks, 129 commercial trucks and 40 chauffeur's licenses issued.

This Bank will be closed Monday, Nov. 11 in commemoration of Armistice Day.

Muleshoe State Bank
MEMBER FEDERAL DEPOSIT INSURANCE CORPORATION
MULESHOE, TEXAS

The award of the contract shall be conditioned upon funds being made available, and the City of Muleshoe, Texas, shall have the right to hold the bids for a period of sixty (60) days from the date of the bid opening, and no bid may be withdrawn for a period of thirty (30) days from the date of bid opening.

Contract will be awarded subject to the approval of the State Director, PWA.

The contract price will be paid by the City in cash, but to provide the City with part of the funds necessary, the City Commission will on the 20th day of November, 1935, pass an ordinance authorizing the issuance of revenue bonds, secured by a pledge of the revenues of its sewerage system, provided the holder or holders of said obligations shall never have the right to demand their payment out of the

funds raised, or to be raised by taxation, in accordance with Articles 1111-1113, both inclusive, 1925 Revised Statutes of Texas, as amended, to be issued in the maximum amount of \$200,000, bearing 4% interest, maturing serially, having a maximum maturity date of 1960.

The Owner reserves the right to reject any and/or all bids and to waive any and/or all formalities may be provided from H. N. Roberts, Engineer, Lubbock, Texas, upon deposit of \$150.00 of which \$75.00 will be returned upon submission of a bona fide bid, or the return of the plans and specifications intact within 5 days of the date of opening bids.

The Man Who Knows

Whether the Remedy You are taking for Headaches, Neuralgia or Rheumatism Pains is SAFE is Your Doctor. Ask Him

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

BEFORE you take any preparation you don't know all about, for the relief of headaches, or the pains of rheumatism, neuritis or neuralgia, ask your doctor what he thinks about it—in comparison with Genuine Bayer Aspirin.

We say this because, before the discovery of Bayer Aspirin, most so-called "pain" remedies were advised against by physicians as being bad for the stomach; or, often, for the heart. And the discovery of Bayer Aspirin largely changed medical practice.

Countless thousands of people who have taken Bayer Aspirin year in and out without ill effect, have proved that the medical findings about its safety were correct.

Remember this: Genuine Bayer Aspirin is rated among the fastest methods yet discovered for the relief of headaches and all common pains... and safe for the average person to take regularly.

You can get real Bayer Aspirin at any drug store—simply by never asking for it by the name "aspirin" alone, but always saying BAYER ASPIRIN when you buy.

Bayer Aspirin

Judge J. E. Adams and Delma McCarty were in Lubbock, Saturday of last week attending to business. Miss Floy Beller has accepted a position at the Crystal Cafe, which was re-opened Monday. A. C. Symptom Hunting Is A Very Dangerous Hobby Says Doctor

AUSTIN, Nov. 4.—Among a certain and rather extensive group of self-centered persons symptom hunting unfortunately is rather popular. Because of a too detailed study of so-called health literature of the alarmist type or on account of a recent death in the family, introspection develops to a morbid degree. The result is an entirely unfounded fear for all sorts of disease possibilities. Many becoming victims of this warped psychology develop brain and nerve exhaustion and in extreme cases even become affected mentally, stated Dr. John W. Brown, state health officer.

Of course, it is entirely proper to have a normal regard for personal well-being. To maintain vitality and to prevent disease is a logical pursuit for every one. But it most decidedly must be kept within bounds. When one becomes obsessed with the subject, concern for health has overstepped the limits.

For all practical purposes, after giving reasonable attention to diet, personal sanitation, sleep and exercise, and assuming that one's bodily limitations as defined by the family physician are appreciated, the average person can dismiss the subject of health. This, plus the annual physical examination should adequately cover the situation.

On the other hand, conditions are bound to arise where actual disease symptoms manifest themselves. It will

then be up to the doctor to decide what the trouble, if any, is and for the patient to abide by his judgment.

In short, symptom hunting as a hobby is a dangerous matter. One should stay or get away from it. It is neither safe nor healthy to do otherwise.

GOODLAND GETS BIG SUM DELINQUENT TAX PAYMENT

While the payment of taxes generally has not been very brisk this fall, on account of Collector Jim Cook, Goodland school district has been an exception, payments for last month showing a total of \$2,866.21, the major portion of which was delinquent tax payments, some of it running back as far as 1929.

THE WEATHER

Monday night, following a broadcast warning of approaching blizzard, the thermometer dropped several degrees, accompanied by the first killing frost of the Fall season and plenty of ice formation. During the day it became considerable warmer, so that fire were not needed, but Tuesday night was again colder, there being a heavy fog Wednesday morning.

CITATION BY PUBLICATION THE STATE OF TEXAS

To the Sheriff of the County of Bailey County—Greeting: YOU ARE HEREBY COMMANDED, according to your summons by making Publication of this Citation in some newspaper published in the County of Bailey, if there be a newspaper published therein, but if not, then in the County where there is a newspaper published, once in each week for four consecutive weeks previous to the return day hereof, Mrs. S. A. McClung, whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be held in the County of Bailey, State of Texas, on the 2nd day of December, A. D. 1935, at the Court House thereof in Muleshoe, then and there to answer a petition filed in said Court, on the 29th day of April, A. D. 1935, in a suit numbered on the docket of said Court No. 730, wherein Leon V. Emmert, Goodland Home Demonstration club, is defendant. The nature of the plaintiff's demand being as follows: to-wit: Trespass to try title SW 1/4 of Section 25, Block "V" W. D. & F. W. Johnson Subdivision No. 2, in Bailey County, Texas; for title and possession of the above described premises; for costs of suit and for such other and further relief, special and general, in law and in equity.

HEREIN FAIL NOT, And have you before said Court, on the said first day of December, next, to show and to swear by your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Muleshoe, Texas, this, 6th day of November, A. D. 1935.

BURKHEAD, Clerk, District Court, Bailey County, Texas. By Elizabeth Harden, Deputy. (SEAL) Nov. 7, 14, 21, 28, 1935

MEDICAL TOPICS

Cancer of the Face

The general impression of the public is that cancer is a very difficult disease to cure. This is not true when it occurs on the face. In fact, cancers in this region unless they have been badly neglected are very easily cured. The reason for this is that cancers here have very slight tendency to spread to other parts of the body.

Among the various means of treatment we have found that x-ray in most cases is the most satisfactory. It is not as close the patient pain and saves practically no scar.

The earlier a cancer is treated the more certain the cure.

HOME DEMONSTRAT'N NEWS

By MISS ALMA STEWART
Home Demonstration Agent
Bailey County

Testimony of Those Who Know

"The rings on self-sealer jars can be removed the next day after the food has been canned and used again and again. There is no use to buy rings for every jar used. The self-sealer lid is not sealed when it goes into the cooker and neither is it sealed when it comes out. It seals as it cools and the ring should never be tightened at all," said Mrs. L. D. Sanderson, who said Miss Lela Vaughn, demonstrator of a commercial glass company to 63 Muleshoe 4-H club girls and members of the Home Economics class, Oct. 31 at the High school building.

"If you want to save sugar and have a better quality product, make a thin syrup of three cups water to one cup sugar and boil apples in this syrup five minutes, then pack into jars, pour boiling syrup over and seal," said Miss Lela Vaughn, demonstrator of a commercial glass company in a canning demonstration at Baileyboro club room Oct. 30. "You can put more fruit in a jar if you use the shingle pack and pre-cook the fruit in syrup. I put six large Elberta peaches in a pint jar. This method is much more attractive and takes very little more time than the old method. This is not called a fancy pack," Miss Vaughn canna okra and apples. She had an attractive exhibit of canned products.

"We keep books on our expenditures and income," said Mrs. L. D. Sanderson, farm food supply demonstrator, of Goodland Home Demonstration club. "I think it pays to keep books. We like to know whether we are going in debt or not. In 1935 we sold 661.32 worth of chickens and eggs (467 1/2 eggs), 1462 lbs. butter fat, and 100 lbs. of \$315.61. Our grocery bill was \$109.00, which included fruit to can for 1935, and our dry goods cost \$79.61."

"We try to keep our pantry filled all the year when jars are emptied we refill with something else. We can do something every month of the year," said Mrs. Clara Neutzel Mueller, farm food supply demonstrator of the West Camp Home Demonstration club. "I have bought pears and will buy apples, salmon, tuna and other fish when they are cheap, lard, milk, butter and eggs and I make my own soap. When I finish canning I will have more than 800 containers of food."

Worth While Comments
New in the market are baby clothes in slip-on styles that are claimed to save 45 per cent time in dressing the infant.

And rubber panties—laytex, really—for the baby. They'll stretch to nine times their normal size without damage.

And a new style diaper that is form fitting, avoids the use of pins, and ties gently about the baby's waist.

When you're preparing hamburger steak, frequently so delicious and so inexpensive, add half a cup of milk to a pound of meat and assure yourself your cakes will be juicy. Cook one side and season. Turn and season while cooking instead of mixing the meat together beforehand. It makes a difference.

Ella Gardner of the Agriculture Department's extension service after travelling far and wide throughout the country, maintains that farm women are not only as well dressed, as cultured and as poised as city women, but better informed on the political situation and current events. Her extension work lies principally in the field of recreational pursuits.

In the days when you and I were very young, there was usually a "Sunday best" outfit in the closet on week days, and we wore older shoes and darned stockings to school. . . . That's changed, considerably, these days, and I rather wonder what our children are getting that will take the place of that "ace in the hole" feeling of conservatism? That something set aside for a rainy day?

Rings to match bracelets and clips in the new catlain jewelry line is a feature of the winter costume jewelry line. If, when your soup is about ready to serve it adds too salty and from half a cup to a whole cup of raw sliced potatoes to the soup, and let it stand ten to fifteen minutes. Remove the potatoes which absorb the saltiness and serve.

AUTOMOBILE ACCIDENT

Ned Morton, driving a new Ford V-8 last Tuesday morning, ran onto the rear of a parked truck, badly damaging the front end of the car. He was driving, but not harming the truck. Fortunately he was not injured.

Home kisses keep lips from angry words.

THE MEANING OF "SANCTIONS" AS APPLIED TO WAR BOYCOTTS

Numerous people have enquired as to the meaning of the word "sanctions" as applied to the boycott now being applied to Italy in its war with Ethiopia. The following should be explanatory.

The sense of the word sanction in the covenant of the League of Nations is not a new one nor an extended interpretation of an older usage. In the sense there reads, "A provision of the League in part: 'The decision for enforcing observance of natural or positive law by the enactments of rewards and penalties. . . . In sense positive legislation the penalties greatly outweigh the rewards, a sanction usually signifies a penalty.'"

This legal interpretation of the word dates back to the early 17th century. Among the "certain meditations" of one William Austin, written about 1634, is this passage: "The 'fear, or Sanction, of the Commandments preserves the memory of the Law in our hearts.'"

Burke, in his essay "On Popery Laws" (1798), wrote: "The mode of conviction is as extraordinary as the penal sanctions of this act." More specifically, and with the identical intent of the usage in the Covenant of the League of Nations, Archer Polson, in an article on "The Law of Nations," written for the Encyclopaedia Metropolitana (1945), in a passage too long to quote in full, stated that the sanctions of that law could be reduced to two forms, (1) reprisals, (2) war.

The Roman use was borrowed directly from Roman civil law. Sanctions then referred to that part of a law by which a penalty was ordained against those who violate it. It was derived from sancio, to make holy or inviolable, from which sanctify, sanctitude, etc., are also derivatives.

Contemporary with the legal usage of sanction, it was used ecclesiastically to mean a decree, and by the laity to signify a solemn oath. By the middle of the 17th century, the word had taken on the sense of a royal or authoritative ratification to a law. Each of these earlier senses are still

in use. Shortly after the beginning of the 18th century, sanction was extended to include the solemn and authoritative confirmation of any action, procedure, etc., and by 1738 was employed by Swift and later by others in the looser or more figurative sense of "effective countenance or support."

The word is interesting in that it retains meanings that have developed logically from the earliest sense of penalty to its most modern sense of approbation.

For the biggest, dirtiest, jobs Satan dresses in white.

BULA GYM PROGRESSES

Construction of a new gymnasium at Bula, in the eastern part of Bailey County, is progressing satisfactorily, walls of the building now all being up and work on the roof begun. Previously some extra class rooms were added to the building, the work being done with WPA and locally voted funds.

The new structure, when completed, will also be used as a community center as well as for athletic and recreational purposes. It will be modernly equipped throughout.

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs the most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed.

How do Calotabs help Nature throw off a cold? First, Calotabs is one of the most thorough and dependable of all intestinal eliminators, thus cleansing the intestinal tract of the germ-laden mucus and toxins.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds.

Calotabs are quite economical; only twenty-five cents for the family package, ten cents for the trial package. (Adv.)

A NEW CAFE OPENED HERE

Having purchased the Muleshoe Coffee Shop, I have completely changed, renovated, modernized and redecorated the interior until it now has the appearance of a brand new cafe.

I take this opportunity of extending a cordial invitation to the public generally to eat here, whether merely a Sandwich, Short Order or Full Meal, you will find delicious food, well cooked, properly served and your patronage appreciated. We also cater to Groups, Parties and Service Clubs.

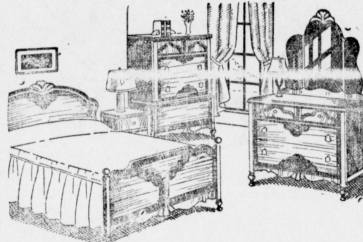

OPEN DAY AND NIGHT

Marked Improvements In The 1936 Chevrolets Now Being Displayed

Marked improvements have been made in all the new 1936 Chevrolet cars, according to K. K. Smith, manager of Valley Motor Co. local Chevrolet dealers, who now have some of these cars on display and expect prompt shipments to cover all early orders.

The improvements include new perfected hydraulic brakes, improved steel one-piece turret top, no draft ventilation on new bodies by Fisher, high compression blue flame valve in head engine, shock-proof steering, doors hinged from the front, plus greater economy on gas and oil.

"The new type of upholstery used in Chevrolet cars this year is the most beautiful I have ever seen," said Mr. Smith. "It is constructed of materials that permit the air to circulate and eliminates perspiring while driving. The new type of pleating embodied is also unusual."

The famous knee action, which Chevrolet engineers say is the greatest invention since the self starter, is one of the features of the 1936 Chevrolet.

Unusual improvements have also been made on the 1936 Standard Chevrolet. The car is three inches wider and three inches longer, with the same type of stream lined bodies as available in the Master De Luxe series. A new box-birder type of frame has also been used which is many times stronger than the old style. Increased horsepower is another feature of the standard line. The FOB factory price of \$475 for the Standard Coupe is lower than last year.

A revelation in truck construction and appointments is offered visitors who see the new 1936 line of Chevrolet trucks. They have full floating axles and the interiors give the same appearance as passenger cars. Hydraulic brakes are offered on some of the truck models.

Who blows his horn often toots a solo.

Potato Act Sets 75c Per Hundred Tax On Grovers First Sales

Although Secretary of Agriculture Wallace has not yet declared the Potato act effective, instructions have been received by J. B. Waide Jr., Bailey county farm agent, to proceed with securing preliminary information in anticipation of such a program.

Mr. Waide states it is very necessary for each commercial grower of Irish potatoes to submit acreage and production figures so Bailey county will be in the best position possible to secure a just allotment under the Potato act, Nov. 12 having been set as the date for turning in these applications to the state office.

The Potato act is divided into two sections. Title I designates potatoes as a basic commodity and makes it eligible for voluntary acreage reduction contracts under the Agricultural Adjustment act. This would provide for benefit payments similar to those now being made under wheat, cotton and corn-hog contracts.

Title II provides for a national sales allotment of potatoes and a tax of three-quarters of a cent per pound, effective Dec. 1, 1935 on the first sale of potatoes in excess of this allotment. However, administration of title two is contingent upon the availability of funds for this purpose.

The allotment for this year, beginning Dec. 1, is fixed at 226,600,000 bushels, the last crop report forecast being 366,000,000 bushels. The national allotment, it is said by AAA officials, is equal to the average annual sales of potatoes during five years, 1929-1933.

Tuesday night a meeting of about 20 potato growers was held at the courthouse under direction of J. B. Waide at which time the proposed act was fully discussed, and a committee composed of Levi Churchill, R. L. Brown and J. A. Deering was appointed to gather data regarding past potato production in Bailey county.

TECH COLLEGE VALUE GROWS

That Texas Technological college, Lubbock, is a worthwhile institution for West Texas is revealed in the following facts.

Its first enrollment when the school began 10 years ago was 1,043, last year it was 2,684. There have been 1,988 graduates of the institution, from 30 states, the district of Columbia and six foreign countries. The 1935 faculty was composed of 46 professors, now there are 137.37 holding doctor's degrees.

Outside of the two residence halls, the buildings are valued at \$1,766,338. Equipment, including books, furniture, machinery, laboratory furnishings, etc., is valued at \$613,926; livestock and farm implements at \$21,694, the two halls at \$672,900.

The plant consists of 2,000 acres, of which 320 comprise the campus proper, value of the land being estimated at \$150,000.

MILLION POUNDS OF PEANUTS

It is now being freely estimated that a million pounds of peanuts will be harvested in the Portales, N. M., valley this year.

Roasters are now running day and night, more than 60,000 pounds having been roasted last week.

LUBBOCK GAS VOTE CONTESTED

A suit to contest the Oct. 3 election held in Lubbock wherein a \$1,200,000 gas revenue bond issuance carried by a slender majority of only 24 votes has been filed in the 99th District court of that city, 10 counts being alleged.

The contest is result of a long drawn out controversy over installation of a municipal gas system to serve that city in preference to service now being rendered it by the West Texas Gas Co.

MULESHOE M. E. CIRCUIT DATES

I will preach at Fairview next Sunday morning at 11 o'clock, and at Circleback in the afternoon at three o'clock, going to Maple that night for another preaching service.

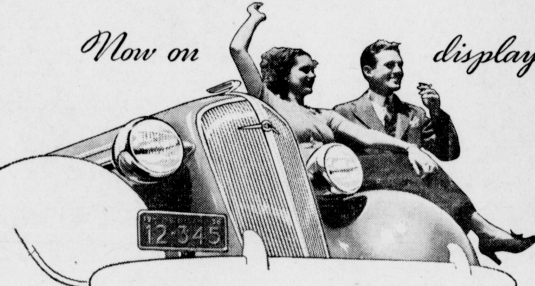

These services will finish the conference year, as I will go to the annual conference Nov. 13.

I wish to take this opportunity of thanking everyone for their co-operation during the year, also, the Muleshoe Church for its kindness of publicity during the year.—REV. G. R. FORT.

400 WELLS IN THIS DISTRICT

LUBBOCK, Nov. 4.—That approximately 400 irrigation wells are situated in a district between Tulla, Lubbock, Muleshoe and Floydada, is shown on a map recently constructed under the direction of Dean A. H. Leidigh of the agricultural division at Texas Technological college.

This map will be used for general information classroom instruction.

THE NEW CHEVROLET FOR 1936

The only complete low-priced car
