Peanut Growers Submit Modified Bill To U.S.D.A.

According to Ross Wilson, Western Peanut Growers Association Manager headquartered in Gorman, the National Peanut Growers Group unanimously adopted a proposal on that would, if enacted, modify the present price support program. Following many months of negotiations with United States Department of Agriculture discussions with other

industry segments and members of Congress the grower group concluded that the present peanut program would in all probability be changed beginning with the 1975 crop. The National Peanut Growers Group Steering Committee meeting in Dallas on June 21 agreed that the best course of action seemed to be the submission of a bill as acceptable as possible under present cir-

cumstances to growers. On June 24 grower representatives delivered their draft proposal to Representatives Walter Jones, Chairman of the House Agriculture Subcommittee for Rice and Oilseeds. According to Wilson a strong pitch was made to the subcommittee chairman in behalf of key points in the proposal deemed essential by grower leaders.

The major provisions of the draft delivered to the agriculture subcommittee included retaining the present 1,610,000 acres for allotment production 70 per cent of parity (net to producer) price support level for all allotment holders authorization for excess production beyond the 1,610,000 acres for present and new growers with such production to be supported at the lower of 90 per cent of world market price as estimated by CCC or 60 per cent of the loan rate for allotment production and continuing legislation on a permanent basis.

Persons wishing to help with maintenance of the Cross Plains Cemetery are invited to send donations to Mrs. McCowen in care of the Citizens State Bank in Cross Plains. Checks should be earmarked as to which fund the money is intended.

All donations will be acknowledged through columns of the Review on a monthly basis.

Enthusiasm High Despite Low ERA Meet Attendance

By Wanda Parson

Attendance for the anti-Rights Amendment held at Cross Plains Cafeteria last Thursday, was less than first expected, until we learned of the papers had not as much coverage as expected and that some do not read letters of announcement.

Thank every person who participated in the program.

Frankie, son of Mr. and Mrs. Merlin Franke, led the group in the pledge to our country. He was an excellent representative of our fine Boy Scouts. Owen Aikins, minister of the Rising Star Church of God led the invocation prayer. Curtis Simpson, pastor of Cross Plains Baptist Church, closed the meeting.

Pete Fore of Pioneer, Glenn Vaughn and Mrs. Bates of this city gra-

ciously helped with registration and refreshments.

We were honored to have Mr. and Mrs. Jack Cozart of Cisco. He is president of the Eastland County Farm Bureau.

Mrs. Cowan Hutton welcomed our guests, Mrs. L. E. (Leatrice) Nixon presented the facts in a most effective manner and Mrs. Homer Don Parson told of the greater voice of organized opposition and most signed to form a Texas group of ERA fighters.

Many of those attending had friends whom they wanted to bring to the next meeting. We will give them time enough to spread the word before having the organizational meeting. We will select a name and elect officers then.

If anyone wants more information on the Equal Rights Amendment or wishes to have a speaker at club meetings, feel free to call any of the three ladies who presented this program.

CROSS PLAINS SCHOOLS AWARDED \$1,053 GRANT

Congressman Omar Burton announced today a \$1,053.00 Office of Education grant to the Cross Plains Independent School District.

These funds will be used to provide programs and projects to meet the special education needs of deprived children in pre-school programs, elementary schools, and certain selected secondary schools if the local educational agency determines there is a need.

The grants have been made available under Part C of Title I of the Elementary and Secondary Education Act which provides special programs for educationally disadvantaged children.

Mrs. J. A. Burton of Anson and a former resident visited relatives and friends here last week end.

City Plans Holiday Thursday, July 4th

Most downtown businesses in Cross Plains will be closed all day Thursday in observance of Independence Day, July 4th.

The majority of local firms along highways leading into Cross Plains will be open.

Most grocery stores will be open including J.R.B. Supermarket downtown, and Randall's Supermarket, on an abbreviated schedule, and all those along highways 36, 279 and 206. Only Foster's Grocery plans to have doors shut all day Thursday.

All service stations on the Highway 36 thoroughfare through Cross Plains plan to be open on regular schedule. With the exception of City Cafe downtown, other eating establishments here are ex-

pected to remain open as usual.

Most local concerns will reopen as usual on Friday.

Although there is no formal celebration planned in Cross Plains for the holiday, many area residents are expected to have visitors or attend family gatherings elsewhere. Some local citizens are also expected to attend celebrations in other area towns.

Highways through this city are expected to be exceptionally heavily traveled during

the holiday and through the week end. Local peace officers are expected to work longer than normal hours during that period in an attempt to prevent mishaps from marring the holiday. Col. Wilson E. Speir, director of Texas Department of Public Safety, has predicted that 42 persons will die in traffic accidents over the 102-hour holiday period, running from 6 p.m. Wednesday to midnight on Sunday, July 7. In 1972, during a similar period, 80 persons were killed on Texas highways.

James Lawrence Is Fire Truck Buyer

His successful bid was \$12,778. It was the highest bid of three offers considered by officials of the local fire company. Bids were opened in public meeting last Thursday afternoon.

D. C. LEE RETURNED TO HOSPITAL MONDAY

D. C. (Dave) Lee of Cross Plains was returned to Graham Memorial Hospital at Cisco Monday. He had been at a local nursing home for about two weeks since being released from an Abilene hospital after going major surgery.

He suffered a stroke about six weeks ago, and was taken to the Cisco hospital at that time.

Keith Owens, 18, Killed In Auto Accident Thursday

Funeral was held Saturday at 1 p.m. from Higginbotham Chapel here for Lawrence Keith Owens, 18, a 1974 graduate of Cross Plains High School.

Owens died at 2:30 p.m. Thursday in an Abilene hospital of injuries suffered in a one-car accident in early morning hours Thursday on Highway 279 about 12 miles north of Brownwood.

Officiating final rites were Logan Cummings, pastor of the First Baptist Church in Brownwood, and Rev. Curtis T. Simpson, pastor of the First Baptist Church in Cross Plains.

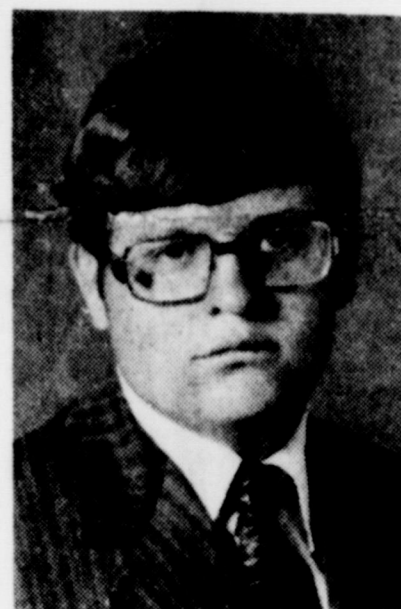

Burial was in Cox Cemetery, several miles south of Brownwood, under direction of Higginbotham Funeral Home of Cross Plains.

Owens was first taken to a Brownwood hospital after the mishap, but was transferred to Hendrick Memorial Hospital in Abilene Thursday morning. His death was the first traffic fatality in Brown County this year.

According to Department of Public Safety Patrolman Curtis Baker of Brownwood who investigated the accident, Owens' 1966 model auto ran off the road, struck a culvert, traveled down a ditch and came to rest in a pasture. Owens was reportedly thrown 30 to 35 feet from the vehicle.

The 1974 Cross Plains graduate was born Oct. 12, 1955, in San Angelo. He attended

CPHS his last two years of school and was a member of the football team.

Survivors include his father, Floyd Ray Owens of Abilene, his mother, Mrs. Dorothea Evans of Santa Anna; two sisters, Mrs. Carl Chapman of Fort Worth and Cathy Owens of Santa Anna; his grandparents, Mr. and Mrs. J. E. Burk of Cross Plains and Mr. and Mrs. J. A. Owens of Abilene; his great-grandparents, Mr. and Mrs. Sam Burk of Cross Plains and Mrs. Ida Wilson of Cross Plains.

Pallbearers were Carl Thomas, Jackie Dale Thomas, Eddy Wyatt, Bruce Lawrence, Glen Dale Phillips, Ricky Kirkham, Charlie Grider and David Grider.

Bigger Lifetime Incomes Expected In This Area

Under present conditions, the average young man in Callahan County who is just starting out to make a living can expect to earn close to \$297,000 in the next 45 years or so.

Such are his lifetime income prospects, based upon the economic environment in which he lives, the amount of schooling he has had, his probable life span and other factors. Education is a major determinant, according to the conclusions reached in a recent Commerce Department study of the relationship between schooling and lifetime earnings.

From that point of view, the Callahan County resident is in a good position because the educational level, locally, is above that in many areas of the country and is consistently moving upward.

At the present time, the medium amount of schooling being acquired by local men is about 10.5 years, according to the latest Census Bureau findings.

17.6 per cent completed high school and that 5.2 per cent are college graduates.

The conclusion reached in the government survey is that education pays off handsomely. Each added year of schooling produces greater income for the average person throughout his entire working career.

The current differential between an elementary school graduate and a high school graduate is about \$135,000 in lifetime earnings, it finds.

There is a big advantage, also, in going beyond this point and getting a college degree. The prospective lifetime income of the college graduate, based upon current conditions, is estimated to be \$279,000 more than that of the high school graduate.

There is evidence that Callahan County's younger people have become aware of this situation and, as a result, are staying in school longer than they did in the recent past.

The adult population, too, has gotten the message. Many of them have been returning to school in their spare time, taking courses to improve their basic knowledge and skills.

Walter Chambers Recalls 37 Years Coaching At Burkett High School

Editor's Note: Following feature story on Walter Chambers, longtime teacher and administrator of Burkett High School. It appeared in last Sunday's edition of the Brownwood Bulletin and was authorized by Bailey, staff writer for prize-winning daily paper.

Years have slipped by, times have changed, and there is no longer involved basketball, but Walter Chambers can recall his 37 years of coaching for the school system like it was yesterday.

ball that first year. However, Chambers recalls, "We didn't keep any records of the games until we built the gymnasium in 1936." The first four years after the gym was built there weren't any official classes to compete in so all schools, regardless of size, played each other.

Chambers remembers fondly that during his years as coach that his small-school basketball teams beat much bigger schools such as Brownwood, Victoria, Austin, McCallum, Temple, Carter Riverside in Fort Worth and others.

After the gym was built, records were kept, and when conferences had been established, the Burkett Bluehawks won district championship 14 times and were runner-up twice; won regional 3 times and were runner-up twice. They went to state tournament three times but never won it.

During the 20 years records were kept, Chambers Bluehawks played 587 games winning 435 and losing 152. In other words, they won 74 per cent of the games played.

Chambers said that even the times they didn't win that "I can't ever remember anybody making us look silly."

When asked what he credited the Bluehawks favorable records to he said, "I hope I was a better geometry and bookkeeping teacher than coach, but we worked at basketball. I tried to learn anything that anybody knew about coaching. Nowadays boys have better coaching. Back then we didn't know much about it, it was just an extra to teaching, not a full-time job as it is with coaches now."

"We did some things about coaching though. I attended several clinics on the subject

At one of them Clare Bea was the instructor."

Another reason for their tremendous success was the spirit of the community supporting the team. "You can't imagine the support we had," recalls Chambers.

"When we went somewhere we would have a lot more people in the stands than the home team."

"Everybody in Burkett wanted to be on the basketball team. We had grade school and junior high basketball teams as well as a girls' team. They used to say that you couldn't teach kids that young to play basketball but you can if you will try."

Chambers proudly recalls that, "I never had a boy pitched off a floor or I never had a technical foul called against us. Many times we would go to a tournament and every team there except the one we were playing would be for us.

I believe this was because we tried to be good sports and tried never to get sore at anybody. We just played basketball as hard as we could. Everybody liked us and was for us."

"We were strict and had a reputation for discipline," Chambers said. If he saw one of his players getting steamed during the game he would pull him out and he wouldn't play for the rest of the game—maybe several more games.

His years as a coach turned out to be a family affair. Several times he coached sons of his former players, including his own son and grandson. There were even grandchildren of some of his former players in school when the school was closed, but he never coached them.

Chambers recalls the last year he coached at Burkett with a tinge of regret. That last

year was one of the three his team made it to the state playoffs. Of course all the team members knew that it was their last chance to win a state crown for the school, but more important it would be Chamber's last chance for his team to win.

"This sounds like I'm making excuses for us not winning, but that last year in 1957 we had a powerful ball team when we went to state, but Kyle beat us 50-46. My grandson, who was a powerful player himself, missed many free shots and other shots which was just not like him. We just had 10 men that could really play and one boy had the flu when we got there. We played one of the poorest games of the year there. We had won district and bi-district by big scores."

Of his coaching techniques Chambers replied saying "An-

hour was a long workout for us. You can burn up a bunch of basketball boys. They get to where they can't play toward the last of the season. We didn't play football after the war so we would start working out for basketball when school started. The boys would be tough as boots by the time we started to play."

"The present day coaches are killing the boys. I never found it wise to work them more than an hour a day. I never coached football, however."

After leaving Burkett when the school closed, Chambers moved to Georgetown as the city tax assessor and collector. He moved to Brownwood in 1966 and presently lives at 2200 Eleventh St.

INDEPENDENCE DAY

"I know not what course others
 may take, but as for me . . .
 Give Me Liberty or Give Me Death!"
 PATRICK HENRY

In the name of liberty Patrick Henry spoke these
 courageous words. And in the name of liberty a
 declaration was signed, a country formed and a
 war fought. The Fourth of July symbolizes this
 spirit of independence which has prevailed.

A Day To Honor America July 4th, 1974

* * AN EDITORIAL * *

John Hancock of Massachusetts signed the Declaration of Independence with a bold, elaborate and most legible flourish. It was followed by the signatures of 55 others from the 13 American colonies, 198 years ago July 4.

And in signing this document they called their erst-while colonies, "FREE AND INDEPENDENT STATES", by appealing to the Protection of divine Providence (the capitals are theirs) and did "mutually pledge to each other our lives, our Fortunes, and our Sacred Honor."

On July 4, 1776, this was no empty pledge. It meant very starkly that each signer had affixed his signature to his own death warrant. Each inscription convicted its perpetrator, automatically, of treason.

Yet such was the overwhelming strength of their patriotism in their fledgling nation that they pledged their all that it might be achieved.

And in years of battle, blood, hardship and often despair, it was achieved. Today nearly two centuries later, we of America are still a nation bound by the principles set forth in that Declaration and in the Constitution which followed it.

John Adams, second President of the United States, wrote of July Fourth — "It ought to be solemnized with pomp and parade, with shows, guns, bells, bonfires, and illuminations, from one end of the country to the other, from this time forever more."

Our nation has survived much, from minor upheavals to major corruptions, to bloody civil war. But that Declaration and that Constitution remain intact. We still pledge to them our lives, our fortunes, and our sacred honor.

And in these troubled times, more than ever, we might take heed of one of our more prominent contemporary constitutional lawyers, Louis Nizer, who in a recent address at New York University Law School, said:

"Ours is a great and noble nation. We must not give vent to despondency or skepticism . . . our great nation couldn't have achieved its eminence in science, business, and culture without a healthy core . . ."

We hold these truths to be self-evident . . .

And by honoring America's founders we also honor America, itself.

Prepared by the Honor America Committee of the American Historic and Cultural Society, Inc. Washington, D. C. 20004.

Mrs. Foster also reported a \$25 contribution from the Citizens State Bank in Cross Plains has been made since the last donor list was published.

Gifts for the upkeep of the Atwell Cemetery may be addressed to Mrs. Foster at Route 4, Cisco, Texas.

Jay Koonce Rites Set Wednesday Morn

Funeral is scheduled for 10 a.m. Wednesday, today, for William Jay Koonce, 70-year-old prominent and longtime Rising Star resident. Final rites are to be held from the First United Methodist Church in Rising Star.

Officiating the final rites will be the Rev. Lloyd Coker, Glen Rose Methodist pastor and formerly of Rising Star, and the Rev. Hubert Taylor, pastor of the Rising Star Church. Burial will be in Rising Star Cemetery.

Born June 10, 1904, in Gorman, Mr. Koonce had been associated with Higginbotham Bros. & Co. for many years, having retired as manager of the store at Rising Star about two years ago.

He married Vivian Johnson Aug. 28, 1938, in Clarksville, W. Va. He was a member of the Methodist Church and Rising Star Masonic Lodge.

Drive To Recover Pennies Is Altered

Recently the U. S. Mint with cooperation of the nation's banks and citizens undertook a drive to recover pennies to alleviate a shortage of the one-cent pieces.

Citizens State Bank here recently received the following letter, in part, from Mary Brooks, director of the Mint: "With much credit and thanks to the nation's banks for actively supporting the drive to recover pennies from the public, early returns indicate the campaign is on the road to success.

"Primarily, to encourage children to participate in the drive during vacation time and to be eligible to receive the Treasury Department's Special Citation, I would like to extend the penny campaign through the summer and lower the return amount to \$5.00. Naturally, all others meeting the new criteria would be eligible for the award.

Your continued wholehearted support and goodwill is needed and appreciated. As you probably know, the price of copper dropped to 99 cents a pound as of June 19, 1974. And the House Committee on Consumer Affairs has rejected a bill for an aluminum penny. Instead the legislation now calls for a reduction in the copper content of the penny if and when the Treasury Department deems it necessary. However, I assure you the Mint has no intention of lowering the copper content of the penny this year and foresees no need to do so if the present penny recovery drive is indeed successful.

The penny drive has captured the imagination of the news media and the man-on-the-street, and it has generated goodwill and beneficial publicity for participating banks. I have no hesitation in seeking your continued support of the drive to the benefit of us all."

Cornstalk Borer Hits County Peanut Fields

A number of peanut fields in Callahan County are reported to be infested with lesser cornstalk borer, according to Greg Gerngross, Callahan County Extension Agent.

A major insect pest of peanuts, this small slender larva is a subterranean feeder living beneath the soil in silken tubes. Worms or lava injure mature plants feeding on pegs, pods, stems and roots.

Most damage occurs under prolonged drouth conditions.

Irrigated peanuts should be treated after initial pegging when 15 per cent or more of the plants are infested with borer larvae; in dryland 10 per cent or more. Prior to pegging, infestation levels of more than 5 per cent in dryland and more than 10 per cent in irrigated peanuts will require treatment.

The following insecticides are recommended to control the lesser cornstalk borer: Diazinon, Dyfonate and Parathion. Apply according to label directions and use all insecticides as directed, Gerngross stated.

Larger S.S. Checks Due Recipients Now

Second part of a two-step increase in monthly social security benefits will be included in checks delivered in July, according to Glyn Hammons, social security district manager in Abilene.

Bigger checks are due to arrive in Cross Plains today, Wednesday.

The overall increase will amount to 11 per cent for most people getting social security payments. A 7 per cent increase was included in checks starting in April.

"The increase will enhance the financial security of about 30 million people who get social security benefits," Hammons said. "People getting social security checks don't have to do anything to get the higher payments. The increase will be added automatically."

For 1974 the amount of yearly earnings subject to social security deductions has been increased from the first \$10,800 to the first \$13,200, but there is no increase in the contribution rate. Employees and employers will continue to pay 5.8 per cent each on covered earnings, and the rate for self-employed people drops to 7.9 per cent.

The Abilene social security office is located at 142 South Pioneer. The phone number is 698-1360.

Mr. and Mrs. Oral Joy met their son and family, Mr. and Mrs. Rodney Joy and three children of Lubbock, in Eastland Sunday afternoon for a brief visit. The Lubbock family was en route home from Dallas where they had spent the week attending a bankers convention.

Visitors with J. R. Wagner Tuesday night of last week were Mrs. Emma Bernstein of Long Beach, Calif., Mr. and Mrs. John Scheffel of Fullerton, Calif., and Agnes Swenson of Austin.

Pioneer Cemetery Gets \$97 In June

Two funds of the Pioneer Cemetery Association received a total of \$97 during the month of June, according to a report from Mrs. R. C. (Ethel) Brown, Sr., secretary-treasurer of the organization.

Riley Shipp gave \$10 to the regular maintenance fund, Mrs. Broyn reported.

Six donations were made to the cemetery's endowment fund. Those contributions totaled \$87. Mrs. Brown listed those donors and respective amounts as follows: Mrs. Nora Shirley \$5, E. M. Curry \$10, Etta Dill Watts \$10, Mr. and Mrs. Travis Martin \$20, Mrs. Jimmie Fleming \$10 and Mrs. Wesley E. Peel \$32.

Donations to either of the funds may be sent to Mrs. Brown at Route 1, Box 147, Rising Star, Texas 76471, or to the Citizens State Bank, Cross Plains.

Miss Tammy Thate of Irving is spending this week with her grandmother, Mr. and Mrs. L. A. (Mozelle) Richardson.

Mr. and Mrs. James Baron of Commerce and Mrs. Victor M. Curtis of Dallas visited relatives in the Cross Plains area last week.

CALVIN ROADY FELL BY LIGHT STROKE LAST WEEK

Calvin Roady, prominent and longtime resident of the Pioneer community, suffered a stroke one night last week. He was rushed to West Texas Medical Center in Abilene.

He is considered to be improving satisfactorily, but is expected that he will remain in the hospital until the end of the week.

Burkett Writer Asks Help Of Residents

The citizens of the Burkett community are being asked by Mrs. James (Lovey) Nichols and Benny Glover, Review publisher, for help in compiling a weekly news column in that community.

No Burkett news is carried in this issue of the Review, due to the fact that no news has been reported to Mrs. Nichols in two weeks. Without the help of Burkett residents, it is impossible for Mrs. Nichols to write a weekly column. She is there to serve the community, but can do so only with cooperation of the area's citizens.

Persons with news are urged to phone her at 624-2181 anytime during the week before noon on Mondays, deadline for news inclusion of any weekly column.

Local Club Planning Coleman Trail Ride

Cross Plains Riding Club is planning to make its annual trail ride to Coleman Tuesday and Wednesday, July 9 and 10.

Doyle Burchfield, secretary, and Charles Dillard, club president, both expressed a desire for a large number from Cross Plains to make the annual trek.

It was pointed out that all persons in this area interested in making the ride are requested to meet at the riding clubs arena, on western edge of town, at 7:30 p.m. Monday, July 8. Final arrangements will be made on all aspects of the trail ride and parade on Wednesday, July 10.

Preliminary plans call for trail riders to leave the arena here about 9 a.m. on July 9, and those wishing to make the overnight camp at the Echo gin may do so. The group, hopefully bolstered by many other local riders, will participate in the rodeo parade Wednesday heralding the start of the Coleman Rodeo set for July 10 through 13.

Locals Rate High In Baird Junior Rodeo

Cross Plains contestants rated high in competition at the annual junior rodeo held at Baird last week end.

Miss Terry Edington, daughter of Mr. and Mrs. R. E. (Hick) Edington, narrowly missed being the all-around cowgirl of the show. The Texas Tech University student took three first places and a fourth place for the runner-up spot behind Jeanne Hudson of Colorado City.

Miss Edington won three buckles for first places in girls goat tying 13.21 seconds, flag race 9.36 seconds, break-away roping 5.2 seconds and fourth in barrel racing 19.78 seconds. She competed in the 16-19 age bracket.

Miss Paula Wright missed third place in the 16-19 girls goat tying by .03 of a second, with her time of 13.91 seconds. She is the daughter of Mr. and Mrs. George Wright of this city.

The Wright's grandson, Mike Harris of Granbury, son of Mr. and Mrs. Danny Harris, took first place in the 12 and under goat tying competition with a time of 16.93 seconds. He won a belt buckle.

Miss Sherry Koenig won first place and buckle for the best time in the pole bending competition for 12 and under girls. She was timed in 22.91 seconds.

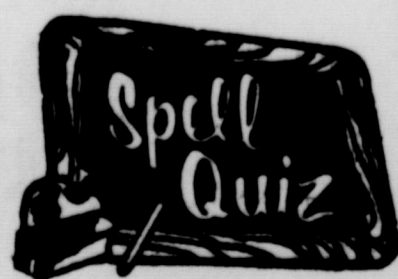

Team of local cowboys Bruce Lawrence, Glen Phillips and Eddy Wyatt took third place in the steer saddling contest for 16-19 with a time of 1:38.

More than 600 entries were listed in the four-day event sponsored by Baird FFA chapter and Callahan County Sheriff's Posse at the arena just east of Baird.

Peanut Program

(Continued from Page 1)

The bill reported by the subcommittee will in all probability represent a compromise between the grower proposal and that offered by U.S.D.A. Wilson stated that this same subcommittee favorably reported a target price plan for rice during the week of June 24. This may have been the result of a division of position among the rice producing states, he said. Peanut growers want no part of a target price plan. Therefore, he concluded, the National Peanut Growers Group Steering Committee is determined to remain united and speak with one voice in order to retain as much bargaining power as possible against odds that some commodity groups have recently found to be extremely high.
