This year's exhibition will be dedicated to the late Vondell Key of Cross Plains, former member and officer of the local art club. Mrs. Key, who died unexpectedly a few months ago, was a dedicated artist, and her works will be displayed in a special section at the show.

Persons wishing to enter their works of art are cordially invited. Entrants must live within 75 miles of Cross Plains, and they are allowed five entries each. It was explained that all entries must be framed and ready to hang, and must be brought to the center Friday, Nov. 5, from 5 to 7 p.m. The

Lulu Roman

Lulu Roman Will Perform Here During Fund Raising Activities

Another big week end is in store for Cross Plains Saturday, Nov. 6, proclaimed E.M.S. Day in Cross Plains by Mayor O. B. Edmondson.

What began as a supper to "make a few bucks" to apply to the purchase price of a new ambulance for the Cross Plains Emergency Medical Service, has mushroomed into not only a fine meal being offered, but has brought a nationally known personality to perform during a talent show.

Lulu Roman will be here to perform on the stage at the school auditorium during the talent show. That activity will begin at 7 p.m. It was noted that Miss Roman, star of Hee Haw, is expected to arrive to eat with the folks attending the EMS Dinner.

Serving will begin at the Cross Plains School Cafeteria at 4:30 p.m. and continue for two hours. Tickets are \$5.50 for adults and \$3.50 for a child's plate. Food consists of choice of fried chicken or brisquet, cole slaw, potato salad, red beans, homemade rolls and homemade cobbler.

Tickets to the talent show and Miss Roman's performance cost \$6 each they are available from EMS members, Joe Coppinger, Kala (Pill) Key, Cross Plains Schools, Polly's Beauty Bar, Lawrence Farm & Ranch Supply, Cross Plains Discount and Cross Plains terview.

E.M.S. Day begins Saturday with a baked foods sale in front of Higginbotham's store at 9 a.m.

Mrs. Key, the driving force behind this undertaking, said that food donations are still needed, from pastries to the dinner offerings. "Please call me," Mrs. Key

said, "at 725-7243, or phone Sharon Walker after 4 p.m. at 725-7739 in reminding those who have offered help that this is the last week."

Delivery of plates to homes of persons not able to come to the school will be made within Cross Plains limits during time of 4 to 6 p.m. To arrange that one must call Carolyn Glover at 725-6111 or 725-6285 prior to 3 p.m. Saturday.

Transportation to and from the supper and show will be provided by First United Methodist Church and First Baptist Church in their vans. Persons needing this service should contact Cross Plains Discount Center or phone 725-6113 in the evenings. It was pointed out that this transportation is provided only for those who live in or very near Cross Plains and do not have transportation or those who should not or cannot drive after night.

Mrs. Key stated, "Our Ambulance is a vital part of our community, and there is a tremendous need for a new one! You can be a part by attending and supporting E.M.S. Day," she continued.

"I realize," said Mrs. Key, "that to attend both benefits will be quite expensive, but have you considered the fact that without our

ambulance Abilene or Brownwood would have to be called and that would be quite expensive!"

In addition to Miss Roman's performance in the auditorium, others to appear include Mr. and Mrs. Don Harmes of Coleman; Free Born, a gospel group also from Coleman; a tap dance by Lori Dillard of this city, and Mike Kelley of Cross Plains.

Mrs. Key has again expressed her thanks to those who have volunteered to help and lists the following addition helpers since last week's paper.

Donations toward the expense of bringing Lulu here included Lawrence Farm & Ranch Supply \$25, J&S Grocery \$25, Buy-Rite Superette \$25, M. C. McKenzie Trucking \$25, Lakeway Grocery \$25, KLH Oil & Gas \$100.

Another regular donation to the E.M.S. came from Ressa Glover \$5.

Food donations were made by Wanda and Denise Flippin, Vera Wilson, Connie Kirkham, Helen Freeman, Carolyn Adams, Peggy Winfrey, Pill Key, Edith Beggs, Thora Walker, Beverly Brown, Druce McClure, Joyce McCoy and Karen Melson.

21 More Donations Add \$1,175 To Firemen's Fund

Cross Plains Volunteer Fire Department has received another \$1,175 toward paying for the new high pressure fire fighting truck it is currently rigging up.

Originally it was expected to cost about \$5,000, a 350-gallon fiberglass tank mounted on the bed of a four-wheel drive heavy pickup. Bishop Chevrolet Co. discounted the vehicle, and Cross Plains Grain & Peanut Co. discounted the pump for the piece of equipment.

The high pressure fire fighting apparatus is extremely effective in battling grass and brush fires, local firemen say.

Donations are coming in real good, according to Alvin Hutchins, secretary, and Alton E. Hornsby, chief of the department. About \$5,000 was estimated to be the initial cost of the truck and equipment, and according to Hutchins, although we are some ways from that figure, we have no doubt that the folks of Cross Plains will help us collect the money needed.

Latest donors and respective amounts were listed as follows: Mr. and Mrs. H. W. Shults \$25, Mr. and Mrs. Roger Watson \$25, Mr. and Mrs. Ike Neal \$100, Mr. and Mrs. L. W. Tyson \$50, Mr. and Mrs. Mark Walker \$20, Mr. and Mrs. H. R. Stambaugh \$25, anonymous \$200, June Culvahouse \$10, Higginbotham Bros. & Co. \$250, Stoke's

Cottonwood General Store in memory of Paula Kinyon \$25, Kenneth Thate \$25, Johnnie and Vel Henderson \$25, Mrs. Clyde Sims \$25, Mrs. Veda DeBusk \$25, Vera Pearl Bunell \$25, Cross Plains Ex-Students Association in appreciation of having trucks at the bon fire \$50, George and Patsy McNeel \$50, Mr. and Mrs. Bill Davee \$50, Mr. and Mrs. Royce Burkett \$100, Mr. and Mrs. Jim Fleming \$20 and Mr. and Mrs. O. L. Joy \$50.

Cross Plains firemen enjoyed a fish supper recently. The crappie fish were donated by George and B. F. Hutchins. Chief Hornsby said that the firemen surely did appreciate the fish. "It was reported from some source," according to the chief, "that Viola and Elsie caught more of the fish than George and B. F. did."

Persons who wish to make donations to the fund to pay for the truck and equipment may hand contributions to any fireman, give to Chief Hornsby or Secretary Hutchins or deposit to the department's account at Citizens State Bank.

Mr. and Mrs. Raymond Thompson of Madera, Calif., visited Lillie McMillan after the week end. Mr. and Mrs. Lyman Thomas of San Angelo visited her Monday afternoon.

Lakewood Nets \$1,240 In Activity Tuesday

Leo Thompsan, president of Lakewood Recreation Center, midway between Cross Plains and Rising Star, profited \$1,240 from a special observance at the club Tuesday of last week. An auction of 39 items netted \$1,060 and the remainder came from proceeds of a golf scramble tournament a contribution of club members.

Thompson reported Lakewood is currently enjoying its greatest support in recent years. No let-up in activities is planned during the approaching winter months.

Prussic Acid Poisoning In Livestack Time Here

Frost will be hitting Callahan County before long, and this could lead to prussic acid poisoning in livestock grazing certain pasture grasses and forages, points out Greg Gerngross county agent with the Texas Agricultural Extension Service, Texas A&M University system.

Although many plants contain the toxic material that causes poisoning, those causing the highest mortality in livestock when grazing after they have been frozen and wilted are Johnson and Sudan grasses and sorghum or hybrids of these.

The most dangerous time as far as the grazing of these plants is concerned is following frost when the plant material begins to wilt, emphasizes Gerngross. Livestock should not be allowed access to the wilted material until it has dried completely. This usually takes three or four days of good sunlight. New plant growth usually becomes nontoxic and can be grazed within 10 days to two weeks following a rain.

As far as prussic acid poisoning is concerned, the poison acts rapidly and can kill animals within minutes. In most acute cases, animals become affected within 10-15 minutes after eating toxic material and can die in two to three minutes. Symptoms may include a brief period of stimulation followed by depression and paralysis. Signs of colic may be present. Stupor (loss of sensibility), difficult breathing and frequent convulsions may result. Death is caused by suffocation since oxygen remains in the blood and is not exchanged to the tissues. This also causes

the blood to appear bright red.

To prevent prussic acid poisoning in livestock, Gerngross outlines these steps:

1. Allow plant material affected by frost to dry thoroughly before grazing. This may require a week or more of good sunlight.
 2. Feed animals hay or a supplement before turning them in on plants that may contain prussic acid. Animals that are not hungry will not be affected as seriously by toxic material since their intake will be limited.
 3. Remove all animals from the pasture if one in the herd shows any signs of poisoning.
 4. Call a veterinarian immediately if an animal appears to be poisoned. An antidote to treat affected animals is highly efficient if given early. This product is available from veterinarians.
 5. Have suspect plant material checked by the Texas Veterinary Medical Diagnostic Laboratories at College Station or Amarillo. Local veterinarians will be happy to submit samples for you.
- The overall key to prevent prussic acid poisoning in livestock is to be aware of plant materials that may cause poisoning and then to keep cattle from grazing such plants until a safe period has passed.

Local Musical Re-Set For Friday, Nov. 12

A reminder is being made that the regular monthly musical will not be held this Friday as usual due to the art show that is being held at the Multi-Purpose Center this week end. The musical will be held the following Friday, Nov. 12, according to Dessie Higgins, who supervises the musical.

Mrs. Higgins invites everyone to come out and enjoy the musical and especially invites all local and area musicians to come and perform at the musical. Mrs. Higgins apologizes for the date change and hopes no one will be misput. "The musical should take place at regular time in December," said Mrs. Higgins.

ever published.

A counsel of the Texas Folklore Society and a member of the Governing Board of the Western Literature Association, Dr. Rodenberger holds the Ph.D. in English from Texas A & M University. She is a former resident of the Cross Plains area, and her parents, Mr. and Mrs. A. C. Halsell, still reside near Cross Plains. Herd Beats Blanket 24-0; Hosts Rising Star Friday

Cross Plains Buffaloes evened their District 8-A record at 3-3 Friday night in front of a sparse crowd of local fans in Buffalo Stadium with a 24-0 decision over loop foe Blanket Tigers.

The victory was the third of the season for the Thundering Herd against five losses, and leaves the door open for a .500 season for the Bisons. Arch rival Rising Star furnishes the opposition next Friday in Buffalo Stadium, and the season will end November 12 at Lometa.

Cross Plains threatened early in the game when Dennis Koenig intercepted one of three passes that went astray for the Tigers. That attack was rebuffed, but later in the first quarter after the Herd took a punt from the visitors, Halfback Tommy Johnston circled end for the final six yards of a 61-yard drive. Ten seconds remained in first stanza as a two-point conversion try failed. The drive was fueled by a 21-yard run by Quarterback Koenig.

The second quarter was scoreless with neither team making a serious threat to score.

Bisons upped the edge to 12-0 with a 11 left in the third quarter when Koenig went 89 yards up the

middle on a hard in which he broke two tackles en route to the touchdown. 11 play drive was aided by a 25-yard run by Johnston. A pass play failed on the two-point conversion attempt.

Only nine seconds into the final quarter Linebacker Mike Newman put the Buffaloes six more points ahead as he hauled down a Tiger aerial and scrambled untouched 41 yards for the touchdown. Again the inability to convert bonus points plagued the Bisons, leaving the score at 18-0.

The final Buffalo tally came with 1:47 remaining in the game when Halfback Tony Apple scooted through the right side of the line for the final two yards to the 53-yard, nine-play drive. Koenig's kick from placement was not good, resulting in the 24-0 final count.

Head Football Coach and Athletic Director Mitchell Atchley said of the Buff-Blanket contest, "It was the best overall game we've played all year."

Rising Star will invade Buffalo Stadium Friday in a District 8-A squabble, the 50th gridiron meeting of the two schools. The Wild-

Mighty Mites Record 12-8 District Win Over Blanket

Cross Plains Junior High School Mighty Mites scored a touchdown each half and clipped host Blanket Cubs 12-8 in a District 8-A contest last Thursday.

The victory evened the Mites record on the season at 3-3-1. The team stands 3-3 in circuit play.

First Cross Plains tally came on a 45-yard run by Darrin Apple. A two-point conversion play on the bonus attempt did not succeed.

Right Halfback Apple also scored the second half Cross Plains score, coming on a 55-yard option play.

Blanket scored with less than a minute to go on the scoreboard, breaking the Cross Plains defense for a long run. Mighty Mites experienced some anxious moments when the Tiger Cubs kicked an on-side kick and recovered it.

Head Coach of the Mighty Mites Mack McConal said that if the

Mites play against Rising Star next Thursday night as they did against the Blanket team, they (the Wild-ittens) will beat us. Eight to 10 fumbles foiled offensive efforts. "Hopefully we looked bad this week, and next week we'll look sharp," the coach stated.

The bus will leave here at 5:30 p.m. Thursday to go to Rising Star, and is expected to be back by 8:45 to 9 p.m., according to coaches.

Coming in for special praise last week was Alan Fleming for good defensive play. He intercepted a pass and made some good tackles from his defensive safety post.

Other Mighty Mites mentioned included Chuck Weiss, Troy Harris, Devin Harris, Jessie Sibley, Shane Bubenick, Conda Odom, Darrin Apple, Ronnie Pope, Clay Richardson, Carlton Newman, Paul Mayer, Dennis Aiken, Shawn Odom, Matt Pirtle, Stacy Montgomery and David DeShazo.

Pioneer News Items

By Mabel Halseell

I learned something of Cross Plains Library's genesis and growth in an interview with Mrs. Veda DeBusk, a leader and co-organizer of the project.

In the early Spring of 1978 several concerned citizens in Cross Plains, headed by a newly appointed committee, appealed to the City Council for their consideration of a Public Library. The committee consisted of the following eight members:

Mrs. Henry Burkett, Chairperson; Mrs. D. C. Lee, Mrs. Raymond DeBusk, Mrs. J. L. Bonner, Mrs. Hollis Shultz, Jr., Mrs. Tom Ames, Mrs. Dick Waggoner and Miss Betty Browning.

The needs for a City Library were evident:

1. No elementary Library for Jr. High School. (Due to a fire.)
2. Books from the few available could not be checked out.
3. No use of a Library in the summer-time.
4. Distance to Callahan Co. Library.
5. Some evidence of declining achievement in students.

An appeal to the co-ordinator for the Big Country Library System, revealed that the responsibility was on the community, itself. Any County funds, State funds (25 cents per capita), or any other, would be inadequate.

The Committee made an appeal, by sending out hundreds of letters to Ex-students, former citizens and others. This netted the following donations: W. R. Gibson, \$2500, the late Mr. Raymond DeBusk, \$700, Callahan Co. Commissioners Court, \$250, Juanita Waggoner Furr, \$200, Mrs. P. M. Kuykendall, \$500 (in memory of Mrs. Elliott Bryant, Sr.), Pat McNeel, \$100, Cross Plains Bank, \$100.

There were hundreds of donations of \$25 or less. Much volunteer services including the designing and building of the fixtures, and a sizeable discount on the price of the building by the late Damon Jones. Credit goes to Roger Williams for the fixtures.

Books came in by donations, memorials and purchase. After obtaining a charter with the help of Mr. Don Wilson and membership in the Texas Association of Public Libraries, a full time Librarian

was employed. Naomi McCowen serves in that capacity.

The Library is open to the public for study, research, children's story hour and all other library services. The Library stands as a testimony to progress made possible by the unceasing efforts of those mentioned herein and by many others not named.

Remember that Elbert Hubbard said, "We will never be a civilized country until we spend more money for books than we do for chewing gum." (We could very well add; or liquor or tobacco).

Again it was good to talk with Mrs. Ethel Brown. Her local visitors were Lou Grider and Jean Alexander of the community, Mable Birchfield, Zora Bryant and Lois Garrett, Cross Plains. Her nephew, Frank White and his sister Kathleen Hardesty of Las Cruces, N. M., visited Mrs. Brown on Saturday. Helen and Cole Tillotson called during the week.

When I called Mrs. Hiram Foster, I was not sure she was at home, from hospital. She was able to come home during the week end and had the pleasure of a week end visit by all their children, including Billy, Wayne and Fern from Henrietta, Okla.

Mrs. Foster wishes to express her sincere thanks to her many friends, for cards, visits and other expressions of love and concern, during her stay in the hospital and since she came home.

Billie Freeman visited her mother, Mrs. Roody, during the week. Other visitors were Bob and Sally Roody and Charley.

Mrs. Roody announced the birth of a great-grandbaby to Bobby and Cliff Holden of Abilene.

Visitors with Vanda and Tommy King were, her parents, Mr. and Mrs. Darwin Anderson, Abilene, Mrs. Ethel Anderson, and Mrs. Loma Atwood. Mrs. Atwood accompanied Mr. and Mrs. Anderson home for a visit.

We regret to announce that Mrs. Alice Irvin fell and broke her hip. She is at Hendricks Medical Center. We wish her a speedy recovery.

Mr. and Mrs. George Parrish went to Houston for a check-up by his doctor. He did get a good report. They returned on Tuesday. Their recent visitors were Rev. and Mrs. P. A. Lindley of Coleman, Mr. and Mrs. Dan Notgrass, Cisco, Mr. and Mrs. George Parrish, Christ, Michael and Aaron of Andrews, Mr. and Mrs. Raymond Parrish and Garmand Parrish of Cross Plains.

Mrs. Nora Phillips and Glenda's father had lunch with Vernon and Glenda Phillips, on Sunday.

Visitors with Joste and Alma Morris were Mrs. Jay Chapman and daughter Mr. and Mrs. Roland Brown, Tamara and Wesley, of Cross Plains, Mrs. Emma Morris and daughter of Rising Star, and Mrs. Jay Rankin and daughter.

Twenty or more children and grandchildren enjoyed a Halloween party in the basement of the Cowan Hutton home on Saturday night. The invitations sent out by Mrs. Hutton announced that the Witch and Wizard of Huttonville were inviting each one to their Cave at the Hutton home, on Saturday night.

The children decorated the "Cave" with goblins Jack-o-Lanterns, spiders, and Ghosts. The Haunted House and Mrs. Hutton's Identical Twins, drew a visit by every one, only to see two "Identical" Black-Eyed Peas, lying snugly in their bed. Other enjoyable activities were fishing for treats and a delicious supper. Every one had a very enjoyable evening.

Mr. and Mrs. Hutton went to Clyde on Sunday where they, and her brother, Bob Dean and her sister, Betty Haslam enjoyed a birthday dinner and celebration for their mother, Mrs. Ella Dean.

Mrs. Gann reports that they are doing fairly well. Mr. Gann is able to "see after his stock" and she is able to take care of the house. Always glad to hear from the Ganns.

Mr. and Mrs. Halseell accompanied by their daughter and husband, Lou and Charles Rodenberger spent the week end in Odessa, visiting his sister and husband, Mr. and Mrs. W. Sullivan.

Asterisk (*) Denotes District 8-A Contests

Burkett News Items

By Freeda Burkett

The Burkett children were not deprived of a great Halloween "good time" in spite of the dreadful fears parents have at this time concerning the safety of their children at this exciting time for them.

The Community Center was the scene of a "ghostly, ghouly, goblin" array and a bunch of little goblins and ghosts doing their part well.

There was a haunted house provided by the skills of the following youngsters, David, Jeff, Daniel and Lissa Dean, Cindy Redfern, and Lance and Bret Porter. They escorted all the other children through the scary dark rooms.

There was a wash tub filled with water and apples. The children had fun and wet heads bobbing for apples.

The youngsters were dressed in their favorable Halloween attire, and there were contests for the best costumes, winners in the 3-7 year age were Stormy Golson first place and Mandy Bushnell second. Winners in the 8-12 year group were Dawn Klieber first place and the granddaughter of the David Deans took second place. All the little contestants were awarded 25c each, so in a way they were all winners.

Mrs. Laura Dean, dressed for the part, was the Gypsy Halloween fortune teller and told the fortune of all children present and awarded each with candy and balloons.

Addie Walker and Laura Dean made cup cakes for the affair and plenty of sweets were provided by parents.

Children present were Toby and Stormy Golson, Bryan and Shane Byrd, Dawn and Steven Klieber, Lisa, Jeff, David, Joshua and Daniel Dean, the David Dean's daughter and two grandchildren (names not available), Lance and Bret Porter, Sally, Lauren and Collin Walker, David Burkett, Daniel, Mandy and Aaron Bushnell, Marvin Rollin, Cindy Redfern and a few others whose names are unavailable.

These parents are appreciated for their great interest in a safe Halloween.

Mr. and Mrs. B. W. Adams and his mother, Mrs. A. B. Rowan of Fort Worth returned home Thursday of last week from a four-week tour of the Southeast States in a travel trailer. They visited the Wax Museum and other attractions in Nashville and spent three nights there with the Thom Edwards family. Mrs. Edwards is the daughter of Bruce and Betty Adams and granddaughter of B. W. and Billie Adams.

They went to Knoxville to the Worlds Fair and enjoyed a stage play, "Sing Tenn," by local university talent. From there they journeyed through North Carolina, South Carolina, Georgia and Florida. In North Carolina they visited Chimney Rock Park and were thrilled by the panoramic view from atop Chimney Rock overlooking Lake Lure.

In Florida they spent a day touring Cape Kennedy and were especially thrilled to view the Columbia Space Ship on the launching pad. Saturn V was also on display. They visited Disney World, Sea World, and Busch Gardens. They enjoyed the beautiful white beaches in Florida, Alabama, Mississippi, and Louisiana. In New Orleans the highlight of their trip was a cruise on the Mississippi River at night and a bush tour of the city the next day. When they returned to Texas they stopped over in Quit-

man for a couple of nights and days enjoying a visit with Tommy C. and Ruby Webb and Robby and Roly Webb. They also visited with Louise Webb Grace and her husband at Lake Holbrook.

We appreciate this item and would like others to let us hear about their interesting trips that we all may have a tiny part in them as we read of other's ventures.

Mrs. Beth Klieber honored her son, Steve, with a birthday party Thursday of last week. He was nine years old. Guests were Joe and Hope Golson, Toby Golson, Stormy Golson, Robin Golson, Low and Liz Golson and his grandmother, Mrs. Anna Golson.

Buddy and Tamara Byrd of Coleman spent the week end here with her parents, Mr. and Mrs. Joe Golson.

Mr. and Mrs. Raymond Cross returned home last week from a trip to Bisbee, Ariz., where they visited her brother and wife, Preston and Johnnie Burkett, their family and friends. From there they went to Ingleside to visit their son, Kenneth and family and many of their friends at Aransas Pass.

Jack and Zora DeBusk had their son Pat and grandson Andrew as guests the latter part of last week and week end. Pat brought a group of his hunting friends and they all did some hunting last week. All left by Sunday except Pat. He and his parents did some golfing Sunday and Jack took him to Abilene Air Port Monday to fly home.

A Boulder APPROACH: OR how Hoover Gave a DAM.

In the early 1900's, a concrete solution was needed to prevent flooding along the Colorado River. The Hoover administration provided it. 4,400,000 cubic yards' worth. Enough concrete to pave a two-lane highway between New York and San Francisco. It was the Hoover Dam at Boulder City, Nevada. And it not only controlled flooding and irrigation, but today it generates power for Southern California, Arizona and Nevada. The cost: \$385 million. And one of the ways money was generated was by Americans buying government securities and taking stock in America. Today, you can take stock in America by buying United States Savings Bonds. It's easy when you join the Payroll Savings Plan. That way, a little is automatically set aside from each paycheck to buy Bonds. Before you know it, you'll build up a nice reservoir of savings. So buy Bonds. It's one savings plan that holds water.

Take stock in America.

County's 1,607 Oil-Gas Wells Yield \$47.7 Million

The sale of crude oil and natural gas from Callahan County wells in 1981 enriched the county's economy and accounted for \$47.7-million of the \$44-billion value placed on Texas petroleum production last year. In a report on the economic impact of oil and gas industry operations in the significant producing counties of Texas, Dallas-based Texas Mid-Continent Oil & Gas Association said the county ranked 143rd among Texas' 254 counties on the basis of value of its marketed petroleum production. This production includes condensate and casinghead gas.

The county's wells produced 1.1 million barrels of crude oil, valued at \$36.2-million, and 6.4-billion cubic feet of natural gas, valued at \$11.4-million. Owners of royalty in the county received \$3-million as their share of the output, the association noted.

"Although the oil and gas industry is suffering through a slowdown in drilling—attributable in large part to a worldwide decline in demand for petroleum products—it continues to be the cornerstone of the economy of Texas and many of its counties," said the association's chairman, Avery Rush, Jr., of Amarillo. "Oil and gas producers operating in Texas remain committed to the drilling of every well that is economically feasible," Rush added.

In addition to paying local, county, and state property taxes, producers in the county supported state government through production tax payments estimated at \$2.5-million, according to the association. Crude oil taxes amounted to \$1.6-million, while natural gas taxes totaled \$855,663.

Based on Texas Employment Commission figures, some 168 oil and gas industry employees in the county received wages of about \$2.4-million in 1981. In the search for new petroleum reserves in the county oil and gas operators spent a reported \$49.1-million in the drilling of 375 wells, including 36 wildcat, or exploratory, wells. This effort resulted in the completion of 173 oil wells and 28 gas wells, although some \$13.8-million was lost in the drilling of 174 dry holes. As of April 1, 1982, there were 1,607 producing wells in the county; 1,430 oil and 177 gas. Petroleum processing also contributed to the county economy, with four natural gasoline processing plants, having a total daily capacity of 21.9-million cubic feet of natural gas in operation.

Cash Flow.

In 1803, America found herself up the river. The Mississippi, that is. Valuable goods were being produced in the Midwest, and the mighty Mississippi was our only link to the sea. But the outlet in New Orleans belonged to France.

So President Jefferson sent agents to Paris to negotiate for the addition of New Orleans. Surprisingly, Napoleon offered to sell the entire Louisiana Territory for only \$15,000,000.

And that included what is today Arkansas, Missouri, Iowa, North and South Dakota, Nebraska, Louisiana, Oklahoma, most of Minnesota, and parts of Wyoming and Colorado.

Thanks to Americans taking stock in their new country by buying over \$11,000,000 in government securities,

we made the purchase. And doubled our size overnight. Today, Americans still take stock in their country by buying U.S. Savings Bonds through the Payroll Savings Plan.

They know there's no safer way to save for an education, vacation or retirement. And they know that while they're helping themselves, they're helping America, too.

So buy U.S. Savings Bonds. And help your cash flow into savings.

E Bonds pay 6% interest when held to maturity of 5 years (4 1/2% the first year). Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Take stock in America.

Michael Ingram Ends Pastorate At Mission

Michael Ingram of this community has resigned as pastor of the Old Time Gospel Mission Church in Cross Plains after serving as pastor for four years and 10 months.

He stated, "I want to thank all the people for their fine cooperation. It has truly been a pleasure to work with you. Also for my well being while in the V.A. Hospital in Temple October 13 to 19." He extends his appreciation for cards, flowers, visits and especially the prayers that were prayed for me while I was in and out of the hospitals.

Ingram continued, "I want to express my heartfelt thanks and appreciation to Bro. Paul Marshall who served in my stead at the church. He is a most kind and understanding Christian man."

State Capital HIGHLIGHTS

By Lyadell Williams

Gov. Bill Clements has outdone himself.

Not only has Clements shattered the spending record he set in 1978 for the highest priced gubernatorial campaign in Texas history, but now he has moved into the lead in spending throughout the United States for 1982 political campaigns.

According to campaign contribution and expense reports filed last week, Clements had spent \$11.4 million with seven days left in his race against Democratic challenger Mark White.

Total funds raised by Clements came to \$11.8 million, while White had raised \$6.3 million. White had spent only about \$3.3 million, however.

Final expense totals for both candidates will not be known until their final campaign reports are filed 30 days after the Nov. 2 election.

Clements spending has not only tripled that of White's, it has topped the \$7.2 million Clements spent in 1978 by more than \$4 million.

Also, Clements' spending total was on the verge of surpassing the national record for any U.S. governor's race set by John D. "Jay" Rockefeller IV, who spent \$11.6 million in his 1980 campaign in West Virginia.

White has predicted that Clements' spending will top \$12 million—before the final tally is made, while his own spending will amount to approximately \$5 million.

Clements has boasted that he has received more contributions than any other candidate in Texas history, but White has charged him with trying to buy the election.

Borrowed Funds

Although Clements obviously was having little trouble financing his campaign, other statewide candidates were relying heavily on borrowed funds to carry them through the last week of the campaign.

Lt. Gov. Bill Hobby, try to stave off a challenge from Republican George Strake, listed \$2.1 million in loans since Sept. 30, while Strake reported nearly \$1 million in loans for the same period.

The loans to Hobby represent nearly all of the money he has raised in the last month, while Strake's loans amounted to about half of his September fund-raising effort.

Attorney general candidate Bill Meier, a Republican, and state treasurer candidate Ann Richards, a Democrat, also received large loans to help finance their campaigns during the stretch.

Meier reported some \$350,000 in borrowed funds, while Richards had more than \$200,000 in loans.

Death Sentence

And while the candidates were making their last campaign blitzes through the state, Attorney General White was asking the U. S. Supreme Court to allow the execution of convicted murderer Ronald Clark O'Bryan to go forward.

O'Bryan had been sentenced to die on Halloween—the eighth anniversary of the murder of his son with cyanide-laced Halloween candy—but that order was set aside by the U.S. 5th Circuit Court of Appeals.

White requested a Supreme Court review of the appeals court order only hours after the lower court decision was handed down. White was immediately criticized for trying to grand stand on the death penalty issue only days before the election.

John Duncan of the Texas Civil Liberties Union said a man's life is too important to play politics with.

If O'Bryan's execution is carried out, it would be the nation's first execution by lethal injection and the first execution by any means in Texas since 1964.

Judge Quits

Texas Supreme Court Chief Justice Joe Greenhill said goodbye last week to the court on which he served 25 years, leaving a vacancy that Gov. Clements has not yet filled.

Greenhill resigned from the state's highest civil court to accept a position with the Austin office of a prominent Houston law firm. His resignation was to have been effective Oct. 20, but Greenhill stayed on a few extra days to give Clements additional time to name a replacement.

However, Clements decided not to appoint a new judge until after the general election, fearing that the appointment might turn into a political issue.

Justice Ruby Sondock, the Houston judge Clements appointed as the first woman Supreme Court justice in Texas, says she was offered the chief justice appointment but turned it down.

Of Greenhill's 25 years on the high court, 10 were served as chief justice—longer than anyone else who has held that post.

Venerable Disease

The Texas Education Agency has decided to reconsider its decision to order textbook publishers to delete all references to venereal disease from health books being considered for use by fourth through eighth graders.

The decision to reconsider the order apparently came after the

Social Security Cards To Be Marked Soon

Social Security numbers for work purposes can only be issued to U. S. citizens, permanent resident immigrants, and temporary aliens who have been granted permission to work by the immigration and Naturalization Service, Glyn Hammons, Society Security district manager in Abilene, said recently.

Even so, Hammons said, legal aliens who do not have permission to work may need a Social Security number for purposes other than work, such as banking, school, or driver's license.

In such cases, a Social Security number will be issued, but the card will be marked to show that it is not valid for employment. A prospective employer would know at once that the holder of such a card is not legally permitted to work.

Social Security numbers cannot be issued to illegal aliens for any purpose.

A person applying for a Social Security number must present evidence of age, identity, citizenship or alien status. In addition, a person 18 or older must apply in person.

An applicant for a Social Security number who provides false documents or false information of age, identity, citizenship or alien status may be subject to a fine of \$5,000 or 5 years in jail of both.

More information about Social Security numbers can be obtained at the Abilene Social Security Office, located at 142 S. Pioneer. The telephone number is (915) 698-1360.

Baptists Will Host Fellowship Friday

In the manner of a movie theater, First Baptist Church will host an after game fellowship following the Cross Plains-Rising Star football game Friday night.

All students in the Cross Plains and Rising Star schools from seventh through Senior Class are invited, says Randy Marble, youth-music director at the church.

Refreshments of hot dogs, popcorn and soft drinks will be available at the movie theater, and the feature film will be "Kevin Can Wait".

State Board of Education, State Textbook Committee and controversial textbook critic Mel Gabler opposed the deletion of the material on venereal disease.

There were no protests to the inclusion of that material during hearings on the textbooks in August.

Investment Plus Checking

...an Interesting Combination!

Southern Savings now offers you more in an investment account with Investment Plus Checking! The Plus lets you earn a money market yield through automatic investments of your excess checking balance!

MORE FOR YOU! Investment Plus Checking is a high yielding investment that offers you the added bonus of an interest bearing checking account. While your checking account earns 5 1/4% interest, the excess cash above the \$2,500 minimum balance is automatically invested in a re-purchase agreement backed by U.S. Government or Government Agency securities. The high yields from the investment account combined with your checking interest gives you a higher net earnings rate!

CONVENIENCE FOR YOU! Investment Plus Checking is a combination checking account and investment tool which doesn't require a large cash outlay. It allows you to earn a high yield while writing checks without worry. Whenever your checking balance falls below the minimum, money is drawn from the investment portion and deposited back into your checking account.
