DIRTY CHIMNEYS CAN CAUSE FIRES

Chimneys with heavy creosote deposits are a leading cause of home fires in the United States each year.

Chimneys should be inspected annually for creosote build-up, and now is a good time to do so, says Dr. Gary Nelson, safety engineer with the Texas Agricultural Extension Service, The Texas A&M University System.

Creosote is produced with wood burns. It escapes from a stove or fireplace in the form of smoke and condenses on the inside of the chimney. Creosote is highly flammable, and deposits one-fourth of an inch deep or more should be removed, emphasizes Nelson.

Once ignited, creosote can burn at temperatures up to 3,000 degrees F. The strong upward draft caused by high-temperature chimney fires can lift burning creosote out of the chimney and onto the roof, possibly spreading the fire to the rest of the house, or even neighboring houses.

Chimney cleaning is a messy and sometimes dangerous task which may require climbing onto the roof. Although chemical cleaners are available, most have been proven ineffective.

Nelson suggests steel brushes to clean a chimney, using extension rods to reach the entire length of the flue. To avoid getting soot all over the house, fasten a sheet over the opening of the fireplace.

Chimney cleaning may best be handled by a chimney sweep. He will have a selection of brushes and will be able to spot improper installation of wood stoves or chimney damage, notes Nelson.

Once the chimney has been cleaned, proper use of the stove or fireplace can reduce creosote buildup, he adds.

The newer, more efficient stoves and fireplace inserts allow less heat loss through the chimney. This lower temperature inside the chimney encourages the accumulation of creosote, Nelson explains. With hotter fires, creosote is burned as it is produced, leaving less to condense in the chimney.

If the chimney and stove pipes are free from excessive creosote deposits, accumulation can be controlled by burning a hot fire for about 15 minutes each day to burn off any thin layers of creosote which may have formed the previous day.

Should a chimney fire occur, call the fire department immediately. If possible, shut off the air supply to the stove or fireplace but do not close the damper since this will force smoke into the house. If there is still a fire in the stove or fireplace, extinguish it with an approved fire extinguisher or throw baking soda onto the fire, Nelson says.

If you have a child in the junior high and high school bands, the Band Booster Club needs you. The boosters meet once monthly at the band hall and encourage parents to take a part in the undertakings sponsored by the group. Become a band booster member and try to attend the meetings.

The meetings have been changed from the first Tuesday of each month to the second Monday of each month beginning at 7 p.m. at the band hall. Support your bands by becoming a band booster.

Have a good week!!

Three Cross Plains peace officers arrested a man suspected of murder outside of a local motel room early Thursday morning.

Department of Public Safety Trooper Larry Melson, Cross Plains City Marshal Wendell Kelley and Callahan County Deputy Sheriff Wayne Knowles took Monte David Jackson, 29, of Gordon into custody outside a room of Odum's Motel about 6:30 a.m. Thursday on a warrant issued by Palo Pinto County.

Melson reported that he was alerted by Mrs. Benny Callaway who received a call from Palo Pinto County of the fact that Jackson was registered at the local motel, and that he should not be allowed to leave. Melson, in turn, recruited Kelly and Knowles.

Reportedly an individual who brought the suspect to Cross Plains advised Palo Pinto authorities of his whereabouts which prompted the telephone call received about 5 a.m. Upon this ar-

rest here, Jackson was arraigned in Judge L.P. Mitchell's J.P. Court.

Following is a portion of an item which appeared in the Friday morning issue of the Abilene Reporter-News concerning the incident.

Monte David Jackson, 29, of Gordon is accused of strangling Geneva Fay Henley, 32, of Mineral Wells. She was declared dead at 10:35 p.m. Wednesday in a Mineral Wells Hospital.

Police arrested Jackson outside a Cross Plains motel about 6:30 a.m. Thursday, according to the Mineral Wells newspaper, the Index.

A warrant was issued for Jackson after Ms. Henley's partially clad body was found in an upstairs bedroom of her home in Mineral Wells, which she shared with Jackson, her 3-year-old son and another couple, the Index reported.

Jackson is an oil-field worker, the newspaper said. A preliminary autopsy report on the body indicated Ms. Henley probably had been strangled.

Turkey Dinner Set At Cottonwood's Center

potatoes, green beans, cranberries, pie and drink for \$3.50 per adult plate and \$2 for a child's plate. Proceeds from this event will benefit the Cottonwood Ladies Quilting Club projects.

Tickets may be purchased from any member of the quilting club, or payment may be made at the door.

As in the past, the feast is held in conjunction with the country-western musical held regularly on the third Friday of each month at Cottonwood's Community Center. A representative of the sponsors invited all area musicians to come and participate in the country and western jamboree. Music is scheduled to begin at 7 o'clock.

It was noted that carry-out service will be available, and those desiring such service must provide their own containers.

Winters Artist Claims Top Prize At Local Art Show

Taking top honor at the 12th annual Cross Plains Art Show held November 1-3 at the Cross Plains Community Center was Shirley Minzenmayer of Winters.

Her watercolor painting of a country chapel was picked Best of Show by Tony Sparr, an Abilene artist who was judge for the event which was sponsored by the Cross Plains Paint & Palette Club. Along with the Best of Show ribbon went a cash award of \$85, furnished by Citizens State Bank of Cross Plains.

Numerous artists representing many surrounding towns and communities braved Friday's rain to enter their paintings in the competition for more than \$600 in cash awards.

Visitors chose as their favorite painting a watercolor picture painted by local artist Linda Strickland which won her the People's Choice Award of \$30 furnished by Olney Savings.

The public voted as their favorite painting in the Children's Division an oil painting done by Leah King of Cross Plains which won her a \$20 award furnished by Olney Savings.

Ozella Huddleston's, of Cross Plains, landscape painting was awarded the "Peers' Choice" award in the adult category. The award of \$50, furnished by the art club, goes to the painting voted favorite by all participating artists.

The "Peers' Choice" in the

Children's Division went to Lori Dillard of Cross Plains. The \$15 award was provided by the art club, and the work was also chosen by her fellow artists.

Judge Tony Sparr chose as Best of Professional a work by Virgil Roberts of Winters. A \$75 award furnished by Custom Tile, Andy Sanders, went with the designation.

Best of Advanced Amateur was a painting by Paula Vaughn of Comanche, and the \$65 award for that designation was furnished by Sav-On Food.

Best of Amateur brought a \$60 award provided by Village Market and was won by a work of Marlene Sanders of Cross Plains.

Ruth Higginbottom of Gorman claimed Best of Beginners \$50 award furnished by Higginbotham Bros. & Co.

An interesting attraction to the show was a display of hand painted china done by Exa McCord, local china painting teacher, and four of her students.

Winners of the door prizes awarded during Sunday afternoon's award ceremony were Bill Miears of Gorman and Leah King of Cross Plains.

Winners in the show were listed as follow:

Professional Division: Still Life - 1. Virgil Roberts of Winters, 2. Linda Landcaster of May, 3. Sandra McCarty of Cross Plains, Honorable Mention, Martha

Library Sets 'Book & Bake Sale' On Sidewalk Nov. 27

The Cross Plains Library will hold a combination book and bake sale on Wednesday, Nov. 27. Sacks of books and everybody's favorite baked goods will be on sale in front of the library, beginning at 9 a.m., unless it rains, in which case the sale will be inside.

"People liked the sacks of books, so we decided to offer them again. We are processing so many books now and finding duplicates," said Joan McCowen, president of Library Friends. "We plan to have cookies and cupcakes for sale and will provide free coffee and a place to sit. Browsers can snack while they look. Let us furnish your Thanksgiving baking," she continued.

Proceeds from the bake and book sale will be used for the current renovation at the library. Patrons are invited to come by to see the work in progress.

Mr. and Mrs. August Garlitz

August Garlitzes Will Note Golden Anniversary Sunday

Mr. and Mrs. August Garlitz of Cross Plains will celebrate their golden wedding anniversary Sunday, Nov. 17, with a reception at the First Baptist Church.

Mr. and Mrs. Garlitz were married Nov. 16, 1935, in Miles, Texas. They made their home in Tom Green County near Miles until 1945, when the couple moved to their farm near Cross Cut. They were stock farmers. They retired in 1981, and moved to their present home in Cross Plains.

Members of the First Baptist Church, they have one daughter, Donna, and one grandson, Lynn. The daughter and her husband, Mr. and Mrs. J.T. Myers of San Angelo, and the grandson and his wife, Mr. and Mrs. Lynn Myers of Lubbock, will host the reception from 2 to 4 p.m. at the First Baptist Church Fellowship Hall in Cross Plains.

All friends and relatives of the couple are invited to attend the reception. The honored couple as no gifts, please.

'Learn About' Program

At Library Draws 22

Twenty-two children, ages 3 1/2 to 5, attended the first session of 'Learn About', at the Cross Plains Public Library on Wednesday, Nov. 6.

Becky Lipstrow led them in activities until late registration was completed. Clara Nell Spencer then told a story, "Caps for Sale, 50 cents". Connie Swift led the children in finger games and in songs designed for memory and body coordination.

To prepare them for checking out and carrying for books, Arlene Stevenson

showed a filmstrip, "Oscar at the Library." Then through the use of Oscar the Dog she reinforced the ideas of being quiet in the library, caring for books, and getting books back on time.

Other members of the group planning for the children are Cindy Payne, Karen Richey and Debbie Childress. Also, other mothers have volunteered to help with cookies and the processing of books. "This is certainly a wonderful start," said Billie Loving, librarian, "without a doubt this year is going to be great with such a talented crew at work."

Band Booster Club Christmas Store Slated Nov. 18-19

The band boosters held their regular meeting at Odom's Restaurant November 5, with only five members present. The Christmas Store was discussed and though there is a lack of interest it was decided to go ahead with the store as is done each year. It was scheduled for November 18 and 19 with the time to be announced at a later date. The store is held for the elementary children to do their Christmas shopping.

Parents of children in junior high and high school bands are being urged to donate handmade items for use in the store. "Your help is urgently needed in this area, and also in the store on the designated days," said a spokesman for the boosters. "Please show your support to the band by attending the booster meetings and help us finalize the plans for the Christmas Store and future endeavors," she continued.

Town & Country Food Stores Note 20 Years

Town & Country Food Stores, Inc., celebrates 20 years in business in West Texas during the month of November. Customers will be treated to special sales and celebration all this month at all Town & Country locations. The theme of the celebration is, "For Your Convenience for 20 Years!"

In November, 1965, H.C. Gibbs, District Manager of the San Angelo District and F.L. "Steve" Stephens, merchandising vice-president of Town & Country Food Stores, headquartered in Austin, formed a partnership and bought the seven stores of the San Angelo District from the Austin-based company. Within a few months the Austin company had sold off the rest of their stores, and by agreement the new Gibbs-Stephens company formed and headquartered in San Angelo, received the name, "Town & Country Food Stores". The company has over the last 20 years pursued a course of firm-based, steady long-term expansion from the original seven stores to a total of 107 convenience stores, 7 supermarkets and an ice plant covering 47 towns in West Texas and eastern New Mexico.

Town & Country employs 750 people within its organization. It is a closely held corporation and only key employees own stock. H.C. Gibbs retired in 1978. Steve Stephens is Chairman of the Board and President of the corporation. Current officers include Don A. Allison, executive vice-president and secretary; Tommy D. Winter, treasurer, and Drexell S. Vincent and J.R. (Jim) Little, vice-presidents. Other management personnel are Walt Matzek, marketing director; Lloyd Norris, merchandise manager; Bill Heller, supermarket director; Ernest Ramsdell, San Angelo regional manager; George Nersta, Midland/Odessa regional manager, and Carlton Tanner, Lubbock regional manager.

The corporation has always encouraged its management and employees to play active roles in the civic lives of the towns they serve. Over the years employees have made substantial contributions of time and money to scholarships at Angelo State University, the Muscular Dystrophy Association,

Volunteers in Public Schools, and many other local charities and projects.

Town & Country Food Stores, located in convenient neighborhoods, are open seven days a week from 6 a.m. until midnight, and in several locations, 24-hours a day. Gasoline is available at all stores.

Mighty Mites Bow To Evant

Mighty Mites of Cross Plains Junior High School closed out the 1985 football season Thursday absorbing an 18-12 loss at the hands of host Evant Junior High School.

Mites played the hosts events in the last half of the contest, each team counting 12 points, but a touchdown lead earned by Evant in the first half of the difference.

Head Junior High School Coach Mack McConal said that although we knew you're supposed to win, Coach Schroeder (Harold) and I are pleased with how the Mighty Mites showed up.

Cross Plains scored its first touchdown when Quarterback Derron Duffey hit Split End Danny Barnett with a pass. The eight yarder came on the heels of a 40-yard pass-run play from Fullback Cody Odom to Wide Receiver Chad Bagley for a first at the Evant 8.

Trailing 18-6 the Mites still moved the ball on the Evant first team. The second Mighty Mite score was nearly a duplication of the set-up play on the first tally. Odom lofted a pass about 25 yard to

Pride.

A tradition in the good country. And at Olney Savings.

The tradition of pride runs deep in the good country, and it sets the people here apart from others. In one sense, it's pride in being the best they can be. But more importantly, it's pride in knowing that their efforts are directed toward a common good—the kind of pride that can be experienced only through shared achievement.

At Olney Savings, that's the kind of pride we encourage—and always will. Because that's the kind of pride that makes the most important things in life happen.

Come see us soon. Or call and we'll come see you. We'd be proud to serve you.

Congressman Stenholm Burkett Graduate Accepts Position In Abilene Bank

WASHINGTON, D.C. -- Congressman Charles W. Stenholm is currently seeking applications from young people in the 17th District interested in attending any of the U.S. Service Academies. Young men and women between the ages of 17 and 21 who are interested in the academies must have their applications completed by December 1, 1985.

The U.S. academies offer young people an excellent education, while also developing skills in leadership and self-discipline. It is a one-of-a-kind opportunity to earn a bachelor's degree and earn a salary for doing so. An education at an academy also guarantees a career upon graduation as an officer in the U.S. Armed

Forces. Editor's Note: Following is an item which appeared in the Abilene Reporter-News Friday morning concerning Sammy D. Edington, formerly of Burkett and well known in that community and by many Cross Plains citizens. The article follows.

A Coleman County native has returned to the Big Country from Wyoming to join the staff of First State Bank of Abilene. Sammy D. Edington, 47, has been named vice president for correspondent banking, Brad Stephens, First State president, said.

Edington, former president of the Wyoming Production Credit Association, joined the Abilene bank this week. A graduate of Burkett High School, Edington attended Cisco Junior College and is a graduate of Central Texas Commercial Business College. He farmed and ranched in Coleman County until 1966 when he became vice president of the Coleman Production Credit Association.

He held that post until 1975 when he moved to Houston to join the Federal In-

Rowden Area News

By Mrs. N. V. Gibbs

Beautiful fall weather continues over the area with autumn leaves turning to their colors of this season of the year. This writer's sister and brother-in-law, Nell and Gundy Gunderson, said trees were bare of leaves from Minnesota until they reached Texas. This has been another unusual year, for crops and weather.

Archie and Louise Jefferies of Abilene spent last Sunday with Granvel and Parlee Gibbs.

The well drilling on the Granvel Gibbs place is not finished, but no one knows how deep they are. Maybe they will know soon. It should be completed this week.

John D. Montgomery has been harvesting his peanuts on the Moon place, and it looks like he has a good crop in spite of lack of rain for a while after planting.

This writer missed Mrs. Gene Mauldin on Thursday afternoon when she came to get turnips from our garden. We are all enjoying them this year. So far they are clear of insects that usually hit them.

Mrs. Sterling Odom and Mrs. N.V. Gibbs' sister and brother-in-law Nell and Gundy Gunderson, have been here visiting in our homes from Minnesota. They are enroute to Austin where he will see his doctor, also visit friends in Marble Falls, and his brother and family in Kerrville before locating in McAllen for the winter.

Visitors for dinner and fellowship in the N.V. Gibbs home Saturday were relatives Anna Belle Tabor, Jewel Swanzy, Clark and LaVerne Tabor and Nancy Palmer all of Clyde and

Sterling and Joyce Odom and Mrs. Tony Steele and daughters, Tonya and Connie Steele.

Saturday was also the opening day of deer and turkey season. Tony Steele was out early, but did not come home with either one.

Little Leigh Harrell spent Saturday night in Abilene with her grandmother, Mrs. Frank Harrell. Don and Maryana will attend church there in Abilene and return her home. Maryana also reported that they were having some remodeling done on their house here where they live.

Visitors last Sunday in the James Reynolds home were their son, Jim, and his family of Midland, and other visitors were Jon and Betty Hardwick and their daughter, Lydia, of Baird.

Robert and Dorothy Watson and sons attended the Baird-Cisco football game Friday night, and she was happy for their team's winning the game.

Warren Price entered Humana hospital earlier in the week, but returned home Saturday. Relatives visiting him Saturday afternoon were Ray Nell Plumberg of Fort Worth and her sister, Jo Bess Starnes, of Odessa.

They are daughters of the late Grover and Annie Miller, former residents of Rowden. Both girls attended school in Baird where their father operated a filling station.

Mrs. N.V. Gibbs visited Mrs. Leila Gibbs in the Baird rest home last Monday, and also visited Ruby Russell and her sister, Corrie Lou Darby, who was there to see Ruby also.

Many trees and shrubs have had an abundance of fruit this season. Some that produce colorful berries are especially attractive. Among the plants producing these colorful fall berries are Hawthorne, Pyracantha, Crabapple, Holly, Bittersweet, Euonymus, and Viburnum.

The Washington Hawthorne is a small tree that has produced orange-red fruits this season. Young trees often do not fruit heavily, but plants become more mature, berry production becomes spectacular. Because of its thorns, Washington Hawthorne should be pruned high, or planted where the thorns are not a hazard to passers-by or small children.

Another plant producing abundant berries this year is Pyracantha, also known as Firethorn. This spreading shrub produces large clusters of orange-red fruit along the branches. The past mild winter has left plants in good condition for an excellent display. Pyracantha is a close relative of the Apple, and is subject to some of the same diseases. Most common are scab which turns the berries black and fireblight, which may cause canes to die back. Brilliant berries cannot be

mentioned without thinking of Holly. Both deciduous and evergreen Hollies producing bright red berries make a spectacular addition to the landscape.

Two Hollies with red berries that drop their leaves are Possum Haw and Winterberry. Winterberry is a shrub but has great cold hardiness than Possum Haw of the evergreen Hollies. Possum Haw forms a small tree, and is best suited for the North part of Texas, Louisiana, Arkansas, Oklahoma and New Mexico. Both are heavy berry producers and hold berries well into the winter or until birds eat them.

Amount the hardier evergreen Hollies are American Holly, Foster's Holly and Hybrids of Rugosa Holly such as Blue Princess and Blue Angel. Both male and female plants must be present for abundant berry production in these Hollies.

The fruited of Crabapples are also colorful. Both yellow and red varieties of numerous sizes are available.

Do not plant Crabapples close to walks or patios where the dropping fruit can get in the way.

Rolan Jones Home To Be Featured In Tour

Don Lankford

Basketball season will officially get underway at Cross Plains schools next week, according to schedules released by Head Basketball Coach Brian Katt.

Discounting scrimmages, first games of the 1985-86 season will be played by Cross Plains Junior High School cage teams when they host Rising Star on Monday. The next night, Tuesday, Nov. 19, high school varsity team will host Lohn.

Junior high school cagers will have a contest each Monday night for five weeks before breaking two weeks for the holidays. They will play five contests after returning from the yuletide-new year's holidays.

Varsity and junior varsity

teams in high school will vie in three tournaments. Varsity boys and girls squads will begin with the Cross Plains tournament on December 5-7, followed by meet at Rising Star December 12-14 and the Novice tournament December 19-21. JV teams will compete in the Eastland JV meet January 4, at Cross Plains tourney February 1 and Abilene Christian February 8.

Varsity will play a District contest with Rising Star in Buffalo Gymnasium on December 17, and resume the double round-robin action with other foes May, Carbon, Gorman and Sidney, on January 7.

Assisting Katt tutoring the cagers will be Ron and Mary Lankford.

Schedule for the Junior

High School Mighty Mite cage teams was listed as follow.

Nov. 18 - Rising Star at Cross Plains

Nov. 25 - Cross Plains at May

Dec. 2 - Cross Plains at Carbon

Dec. 9 - Gorman at Cross Plains

Dec. 16 - Cross Plains at Sidney

Jan. 6 - Cross Plains at Rising Star

Jan. 13 - May at Cross Plains

Jan. 20 - Carbon at Cross Plains

Jan. 27 - Cross Plains at Gorman

Feb. 3 - Sidney at Cross Plains

Following is the high school varsity and junior varsity slate as released by Coach Katt.

Miss Mary Jo Nickerson celebrated her 40th birthday with a weiner roast and part at her grandparent's home Mr. and Mrs. Bill Nickerson, Sr., last Saturday. Those attending the party were: Amie, Kelli and Jeremy Franke of Clyde; Roxame and Nichole Kingery of Lake Brownwood; Rickie Jo, Porcious and April Patter of Cross Plains; Stephen, Randy and J.L. Nickerson, Willie and Kevin, M.J.'s brothers; and Keith Kelly, Mrs. Randall Franke; Mr. and Mrs. Johnny Kingery; Mr. and

Sixth grader Tracy Wills was the star feature of a meeting of persons interested in Christian Ministries Tuesday night, Nov. 5, at the Christian Ministries Center on Avenue D and Eighth Street. About 20 persons who were present heard Miss Wills tell about the needs of children in the Cross Plains community.

"I've seen a lot of kids with nothing to do," said Tracy, whose mother, Glenda Wills, heads a Saturday program called "The Brunch Bunch" for children in grades 3-6. When talking about one of the program's five basic rules, she reported, "At first they didn't want to accept it. But after we talked about what might happen if they broke the rule, later they wanted it."

Mrs. Wills has found the program rewarding. "Even though it may get hard sometimes," she told her listeners, "when a child comes to you and says thank you, you get a reward just from that." Later she explained, "A lot of kids just need a place to belong."

Cherrie Shults, director of the center's clothing store and food pantry, later commented, "There are a lot of single-parent families in financial distress who can't do a lot for their children."

"We hope to see an interdenominational effort of the Christians of the community," said Rev. Pete Kennamer, executive director of the center. There are many needs, but right now there are just a few working on them," he continued.

Ministeries Speaker Among the needs listed were after-school programs for children and youth, responsible volunteers for the youth program, and places that would be available for outdoor activities.

Rev. Kennamer explained, "We try to work with the other programs of the community." Under the leadership of Betty Cavanaugh, the Girl Scouts hold meetings at the center Monday at 7-8:30 p.m.

Anyone interested in observing the Saturday program work or in helping with it was invited to come for Saturday brunch at 10 a.m. The children come for lunch, movies, "rap" sessions, games and just belonging.

Ministeries Speaker

The program ends at 4 p.m. Mrs. Wills requested that if any child needs a ride to please call her at 725-6725.

Other possibilities for ministry from the center were mentioned, including a temporary job program, especially for youth, aid programs for the elderly, and an interdenominational Bible study outreach.

Anyone interested in any of the present programs or in beginning a new program is invited to call Rev. Kennamer at 725-7187.

An hour a week, or even an occasional hour, given to help would be appreciated and is sure to be rewarding, the director said.

FFA Team Claims District Sweepstakes

The Cross Plains Future Farmers of America leadership teams earned the most cumulative points giving them the edge over Jim Ned for the sweepstakes award at the district contest Saturday, Nov. 2, at Cisco Junior College.

The teams that placed either first or second at district will advance to the area contest at Tarleton State University on November 23.

Taking first place in their division was the Senior Chapter Conducting Team. The team members are Charlotte Albrecht, Julie Atchley, Kelli Hargrove, Pam Hutchins, Shelly Strength, Ricky White, Shelley Horan, and Shawn Odom.

Darlene Hensley, Shae Pancake, Glenn Webb, and Darrell Collier won second in the F.F.A. Quiz contest. Paul Davis held his own as

he placed second in Extemporaneous Speaking.

The Junior Chapter Conducting Team, consisting of Regie Brown, Kami Hargrove, Carol Morgan, Shauna Cowan, Scott Crockett, Emily Horan, Staci Schlittler, and Robbie Wheeler, received third place for its efforts.

Also winning third places were both the Junior and Senior Skills Team. The Junior Team members were Melissa Montgomery, Chris Brown, Bill Johnson and David Taylor. The Senior Team consisted of Jesse Sibley, Troy Harris, Darin Apple, and Alan Fleming.

The Radio Team made up of Denise Flippin, Lynn Reeves, and Ticia Wilson placed fourth.

Sponsors for these teams are agriculture teachers Roy Richey, Ray Conner and student teacher Roger Putnam.

Mixed Drink Tax Nets City \$122 For 3rd Qtr.

Texas cities and counties each now receive 12.5 percent share of the tax collected on mixed drinks sold within their boundaries, and Cross Plains, Baird, and Callahan County were among the 422 cities and 201 counties receiving checks recently for the third quarter of 1985.

State Comptroller Bob

Bullock reported Callahan County's total tax revenue at \$2,170.27 and its tax remittance as \$271.28. Cross Plains' total tax was \$91.66 for the three months, and ac-

tual remittance was \$112.71. Baird reported a total tax receipt of \$1,268.61, and a 12.5 percent payment to the city of \$158.58.

Sabanno

By Shirley Snodgrass

This morning, Saturday, is cloudy and windy. Also is quite warm for hunting season to open. The peanut farmers have been busy this week. I guess they don't want to see any rain about now. Frank and I went over to Coleman Monday. Friday we went to Brownwood and attended the horse sale.

Mr. and Mrs. Arza Green went over to Cisco Friday to visit Maye and Zed Green. Nora Lee Gordon and Natasha of Cisco visited one day this week. Bobby and Wanda Blackwell of Sabanno and Ray Blackwell and family of Denton visited during the week. Jerry Blackwell of Grand Prairie is down hunting this weekend.

Daisy Courtney of Oklahoma and Harry Potter of Tampa, Fla. are visiting Mr. and Mrs. Troy Watson this week. Mrs. Donald Watson and Mae went to Goldthwaite shopping last Thursday.

Mr. and Mrs. Wayne Gage's company this weekend are Tony Gage, Weldon and Bryan, of Clyde, Donna and Richard Freytag, Stacy and John, and Mr. and Mrs. Frank Freytag all of Temple, and O.M. Gage of Fort Worth. They are all down hunting.

Mr. and Mrs. Truitt Dawkins went over to Brownwood Monday afternoon. Thursday they went to Abilene on business. Friday Mr. Overman and grandson of Sabanno visited them. Mr. Jones and Mr. Brown of Dallas visited them Friday.

PERSONALS

Visitors with Mr. and Mrs. M.F. Dill here during the past week were Mr. and Mrs. Raymond McCowen, Ella Dean, Minnie Swann; Wanda Walker, P.M. Duncan, Mr. and Mrs. A.L. Breeding and the following from out-of-town Dorothy McKinney of Cisco and Mr. Dill's great-niece, Angie Dill of Huston, a student at ACU in Abilene.

They are two of the hunters who leased Truitt's place.

Mr. and Mrs. Wes Holcomb went to Abilene Monday to the doctor. Wes got a good report. They visited Jim and Ruby Clark while they were there. Mrs. Lucille Callaway of Cross Plains, Ethyl Anderson, Mrs. Joe Martin and son all of Cottonwood, visited them Wednesday afternoon.

The Sabanno Quilting Club would like to invite the people who live in the Sabanno community to their Thanksgiving Dinner to be held at noon Wednesday, Nov. 20th. We know that most of you are busy in the fields, so just come as you are. We won't mind the dirt. We just want you to come.

Shirley's Fruit Cake
2 lbs. chopped pecans
2 lbs. chopped dates
1 lb. coconut
1 lb. candied fruit
1 lb. raisins
2 cans Eagle Brand milk
1 cup flour

Mix nuts, fruit and coconut together and stir in flour to coat fruit and nuts. Add the milk and mix well. It will be stiff and sticky. I use my hands to mix. Line a tube pan with foil and let it come up over the sides of the pan. Press batter into the pan with your hands. Pinch foil together over the top of the cake and bake at 250 degrees for 2 hours. Uncover and bake 30 minutes more. Will make a large cake. The older it gets the better it is. Every 2 weeks put a few drops of peach brandy or fruit juice on it to keep it moist.

Commodities To Be Distributed Here Thursday Morning

A reminder that commodities will be distributed at the Cross Plains Multi-Purpose Center this Thursday, Nov. 14, from 10 a.m. to 12 noon, reports Malinda Winfrey, director of the center.

Tickets Remain To CJC Opera Nov. 15

Some good seats are still available for the Texas Opera Theater performance of the opera "Carmen", November 15, at 8 p.m. on the campus of Cisco Junior College.

operas with its singable tunes and complicated plot of enticement and deception. TOT's performances are in English, and critics report that one can understand almost every word - "a true rarity in opera."

CJC To Accept Sesquicentennial Award On Friday

On Friday, Nov. 15, at 10 a.m., Lee Storey of the Texas Sesquicentennial Commission will officially recognize Cisco Junior College as a Sesquicentennial Association. The ceremony will take place in the col-

lege's gymnasium and will feature performances by the CJC Band and Wrangler Belles. Also performing will be C.J. Texadillo, the official college Sesquicentennial mascot.

Herd Ends Season Friday Posting 19-12 Win Over Evant Elks

It took the Cross Plains Buffaloes five attempts, but the Herd finally won a football game on the home field this season. Bisons defeated visiting Evant Elks 19-12 in the final game of the season for both District 8-A West Zone schools.

Defense dominated the action, although there were bright offensive plays and performances.

Buffaloes grabbed the lead in the first quarter when Quarterback Devin Koenig broke loose for a 70-yard touchdown run. The point after failed, leaving the score 6-0.

A Cross Plains fumble paved the way for the Elks first tally which came in the second period. The counter was made by Mike Shoemaker on a one-yard run. The bonus point attempt failed, and the score remained knotted at 6 apiece.

Bison Fullback Alan Fleming put the Herd back on top with a 14-yard run for six points in the second canto. Koenig booted the extra point and the Herd went to the dressing room at

halftime with a 13-6 advantage.

After intermission, Evant came back to cut the deficit to a single point with a touchdown on a two-yard run by Nicky Craft. An attempt to take the lead with a two-point conversion was foiled by the Buffalo defenders, and the score remained 13-12 favoring the Herd.

With only 22 second left in the game, Buffaloes rang up another six points. Koenig intercepted an Elk aerial and returned it 20 yards to paydirt. A two-point bonus try failed.

The victory upped the Herd's season record to 4-6. All the wins were in District 8-A competition against three losses. Evant was also 4-6 on the season, but had only two conference wins.

Athletic Director Mark Davidson stated that Devin Koenig had a real outstanding night, gaining 110 yards on 15 carries and one touchdown. That came on the 70-yard run. The Coach also said that the Buffalo

quarterback three well also, completing 6 passes in 10 attempts with no interceptions. He also said, "He could have completed more if he had more time to throw." He continued, "Many times he just did not have enough time."

Fullback Alan Fleming picked 27 yards on five carries, one lug of which was the 14-yard TD run.

Defensively outstanding for the Herd in the finale was Linebacker Tommy Ames, Defensive Tackles Casey Williams and Shane Bubenik, Linebacker Greg Weiss, and the entire secondary Koenig, Darin Apple, Fleming and Ricky White. Apple intercepted two passes and Koenig and Weiss one each.

Coach Davidson stated that he was very appreciative of the job the seniors on the squad did this year. They are David Grider, offensive guard and defensive end; Keith Kelly, offensive guard and defensive tackle; Ricky White, split end and defensive back; Tommy Ames, offen-

sive tackle and linebacker, and Devin Koenig, quarterback and defensive back. "They did a real good job for us this year, and we will surely miss having them next year," the mentor stated.

He also said that he was sincerely appreciated of the job his assistant coaches did, including Ron Lankford, Harold Schroeder and Mack McConal. Continuing he sent genuine thanks to the band, the cheerleaders, boosters and fans for the support of the team all year.

"My apologies for coming up short a couple of times or we would be going into the playoffs now," he offered.

Frost Brings Prussic Acid Poisoning Danger

Frost will be hitting Callahan County before long, and this could lead to prussic acid poisoning in livestock grazing certain pasture grasses and forage, points out Greg Gerngross, county agent with the Texas Agricultural Extension Service, The Texas A&M University System.

Although many plants contain the toxic material that causes poisoning, those causing the highest mortality in livestock when grazing after they have been frozen and wilted are Johnson and Sudan grasses and sorghum or hybrids of these.

The most dangerous time as far as the grazing of these plants is concerned is following frost when the plant material begins to wilt, emphasizes Gerngross. Livestock should not be allowed access to the wilted material until it has dried completely. This usually takes three or four days of good sunlight. New plant growth usually becomes non-toxic and can be grazed within 10 days to two weeks

following a rain.

As far as prussic acid poisoning is concerned, the poison acts rapidly and can kill animals within minutes. In most acute cases, animals become affected within 10-15 minutes after eating toxic material and can die in two to three minutes. Symptoms may include a brief period of stimulation followed by depression and paralysis. Signs of colic may be present. Stupor (loss of sensibility), difficult breathing and frequent convulsions may result. Death is caused by suffocation since oxygen remains in the blood and is not exchanged to the tissues. This also causes the blood to appear bright red.

To prevent prussic acid poisoning in livestock, Gerngross outlines these steps:
1. Allow plant material affected by frost to dry thoroughly before grazing. This may require a week or more of good sunlight.
2. Feed animals hay or a supplement before turning them in on plants that may contain prussic acid.

Scott Bailey, Cisco Mayor Eris Ritchie, Eastland County Sesquicentennial Chairperson Ginger Mangum will also attend, and regional political officials have been invited.

Cisco Junior College President Dr. Henry McCullough will receive the awards. All interested people in the area are invited. A reception in Schaefer Hall lobby will follow the ceremony.

Animals that are not hungry will not be affected as seriously by toxic material since their intake will be limited.

3. Remove all animals from the pasture if one in the herd shows any signs of poisoning.

4. Call a veterinarian immediately if an animal appears to be poisoned. An antidote to treat affected

animals is highly efficient if given early. This product is available from veterinarians.

5. Have suspect plant material checked by the Texas Veterinary Medical Diagnostic Laboratories at College Station or Amarillo. Local veterinarians will be happy to submit samples for you.

HIGHLIGHTS
By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN—The spectre of political realignment in Texas is raising its head once again, opening sleepy eyes as the spring campaign season nears. Realignment is the term used to describe the erosion of the political middle-ground in Texas politics, usually applied to conservative Democrats.

Publicly, realignment is a term the Texas Democratic Party ignores because the Texas Republican Party applauds the happening.

The monster issue that many had hoped was put to death in this summer's special Congressional election in Northeast Texas is merely playing opossum.

And while common wisdom holds that realignment is a product of Republican activity, there's a lot of insider evidence to point out that a good many regular Democrats are responsible for bringing it on, too.

The only ones who seem to fear it are the politicians caught in the middle.

A Republican stockbroker commented recently that he believed Texas wanted a choice between conservative and liberal views, and were tired of middle-of-the-road politics which hid much of how decisions are made.

And Democrat Jim Hightower has often cracked "the only things in the middle of the road are yellow, stripes and dead armadillos."

There's a current folklore going around that conservative Democrats will defect to the GOP, bringing dollars and sense with them. They will swell a corporate party which will overrun the liberals, mi-

norities and laborites left behind in the Democratic Party to run on a platform of pork-barrel welfare.

Political Labels Discounted
Citizens shouldn't fall victim to that thinking. Data trickling in from various polls indicate the dynamics are more complicated, and that the election results aren't going to hinge on political labels for some time.

The Republicans are holding most of the action and excitement thus far. The mellowing of Bill Clements, the party-switching of Kent Hance, the West Texas expedition of Tom Loeffler are all contributing to a primary expected to draw a record 500,000-plus voters.

But polls show that most people who stop referring to themselves as Democrats actually conduct themselves as Independents.

In fact, realignment may be creating a powerful Independent bloc which will crazily tilt elections each November. That's a far cry from days not long ago when a Democratic Primary was the race to win.

On the other hand, Republicans certainly aren't snubbing minorities as in the old days.

The Hispanic Vote
On Reagan's '84 coattails, the GOP ate into the Rio Grande Valley vote and is now doing all it can to split that traditional Democratic bloc.

George Shipley, a highly respected Democrat pollster, recently warned that Hispanics were turned off by "cultural excursions" issues like gay rights. The abortion issue isn't one of their "biggies," either.

Shipley suggested that his party should back off from last year's liberal social agenda.

As for welfare reforms, another recent poll started a minor controversy by suggesting its results indicated black leaders were out of touch with black voters who were now more concerned with economic issues than busing, quotas and South Africa.

So, while the picture continues to reveal itself, one might want to consider if, while parties themselves are polarizing, their philosophies might be moving closer to the center. After all, more often than not it's that one or two percent which decides who wins an election.

WEEKLY HEALTH TIP

OIL NOSE DROPS

Oily nose drops should be avoided. If the oil is inhaled into the lungs while sniffing, it can form a "pocket" in the lung tissue. There is no way for the lung to rid itself of the oily coating and so degeneration of the lung tissue sets in surgery may finally be the only remedy. Aqueous (water soluble) nose drops avoid this risk and are preferred.
