ON "BROADWAY OF AMERICA"

When the Chester White sov

of Miss Lois Carper, near

Buda, Ill., died recently, she

left her with six little pigs

and a big problem of feeding them. But she soon hit upon

a scheme. In an old packing

box she fastened an inclined

shelf, drilled six holes in the

side and interted nippled milk

bottles through the holes, rest-

ing them on the shelf. The

IMPARTIAL TREE.

#### "Wooden Sow" Campaign for Control of Boll **Weevil Fostered in This County** to Increase Cotton Production

Under the direction of A. Reece, agricultural agent for the M. K. T. railroad, a campaign is being fostered in this section for the urpose of centrolling the boll weevil with the ultimate aim of inreasing the cotton production of the county. In this connection Mr. ece has issued the following statement to farmers:

Under direction of R. B. Coad, Entomologist, for the U. S. De artment of Agriculture, a very effective method of boll weevil conrol has been perfected. On account of the disastrous ravages of this

with little loss of time.

3-Begin dusting when the wee-

leaves be wet with dew, if the

squares are moist enough to hold dust applied to them. The weevil

secures its drink from the base of

the squares and blooms - if the

poison is applied on these parts,

5-Dust should be dry and ap-

plied in form of a fine dust,

which will settle evenly on all

6-Dusting should be repeated

after every shower of rain, or at intervals of four to six days until

a crop of cotton is set, which

will under ordinary conditions, re-

Don't become discouraged if, af-

ter the first dusting or two you

# **EDUCATIONAL FILM OF TEXAS**

of visual education, Courtney -Browne, a Fort Worth movie photographer and produceer, is preparing for Southern Air Transport, Inc., and educational picture of Texas from the air. He has gone over the four air passenger lines already and is finishing the picture up this week.

Mr. Browne says that in al probability it will be shown in all the principal theaters of the south and prabably during the year in a number of schools throughout the south as well, since it contains valuable lessons in geography and history at the same time that it s entertaining. The following is oven into the scenes:

A little boy is pouring over his big geography book and not ges-tin much out of it. He asks his daddy to help him and daddy bogs down" too. The boy express es a wish that he could go see at the places and things described from an airplane. As his father needs to know geography in his business and does not know it, it strikes him as a good idea, and they make a tour of Texas by ai over the lines of T. A. T. Flying Service, Inc. They are shown

## **EVERYBODY IS NOW PRAISING** ORGATONE

Like New Since Taking Orgatone.

Two or three weeks on Orgaone actually put an end to my indigestion and made me feel like a new man," said F. B. Blackburn, a mechanic for the Gulf Pipe Line company and residng at 1400 G avenue, Cisco. Texas. in relating his experience with Orgatone.

"One day after eating," he continued, "I had an awful attack of acute indigestion and for several days I was a mighty sick man. My stomach would swell up with gas se that I could hardly breathe and there would be black streaks and pots floating before my eyes and would get so dizzy I could hardly stand up. My appetite was prac-tically nothing and my tongue was so coated that I could almost taste I was so nervous and restless I could not sleep. I started doctoring myself, but in spite of the medicine I took I became much worse, and suffered such agony that it just looked like nothing was

ever going to do me any good.

"I heard and read so much about is new Orgatone treatment that thought I would give it a trial but to be frank with you I did not have much faith in it at first I had been disappointed so often but I began to improve right from the first and in a week I felt much better. I kept on taking the medicine and it continued to fix me up right along and I have gotten entirely over my indigestion and can eat anything I want and the pains in my back and sides have disappeared entirely. I believe that everybody in our neighborhood i taking Orgatone and praising it for the good it is doing them."

Genuine Orgatone is not a called patent or secret remedy but a new scientific bile treatment sold n Cisco exclusively by the Dean Drug Co., under the personal direction of a special Orgatone representative.

# **BRIDGE GIVES** WAY AND CARS **HURTLE DOWN**

#### First Reports Place List of Dead at Fourteen

STRATTON, Colo., July 18 .-Crashing through a bridge that had been undermined by a storm, a crack west-bound passenger express of the Rock Island railroad went hurtling into a creek below early today bringing instant death to many of its passengers.

First reports from the accident scene, near here, placed the number of dead at four-Others injured were expected to die.

Death came suddenly and with chance to escape or any forewarning of the disaster until the train, dropping to the creek below, jarred them awake. They were caught nd held tight in wreckage of their Pullman berths. One car was submerged com-Creek. It was a sleeper from St. passengers and a porter were aboard. Railroad inspectors here

long. The engine and the first two cars passed over safely. The third was the first to leave the rails. It dove into the center of the creek. Death was heaviest among its occupants. Partly Submerged.

The three cars following this one were banked along the side of the creek, partly submerged. It was difficult to ascertain whether the dead were victims of shock, painful injury or drowning.

There were nearly 500 passengers on the train, a crack express from TURN TO PAGE 5, COLUMN 5 THIS SECTION

#### SENTIMENT IN GOVERNMENT.

Sixty-five years ago, two great a period of 50 years from the sale following generations could come exhibition at the museum. hosts were in deadly conflict-onseeking to establish a new government for the southern states, the other striving to maintain the union unbroken. Th forces of the the government of a united country that knows neither North nor South, East nor West, honors the heroism of the followers of the "Lost Cause" by placing a headstone at the graves of soldiers of The Confederacy. If any veteran of Lee or Jackson sleeps today in a grave that does not have a stone memorial, the federal government will provide this simple but grace-

Jul tribute to his memory. In the world war, mothers and wives sent their heroes forth to fight for America. Not all of those brave lads came back. Many sleep the long unbroken slumber amid the poppy fields of France. The national government offers to provide without cost a pilgrimage for those sorrowed mothers and widows to the graves where rest their loved ones, 3,000 miles from American soil.

No, those men do not sleep in foreign soil. Their sacrifice makes the little spot where they rest forever a part of America. But their bodies are in repose far from the fund that sent them forth to battle for liberty; and a government, grateful beyond measure for their subline devotion and stirred with sympathy for those who have only memotion of son or husband, offers to convey the Gold Star mothers and widows to that distant land that they may look upon the grassThe Greatest "Non-Stop Flight" of All!

# Braddock Makes Bid for Loughran's Crown Ton

# BASES HOPES ON DYNAMITE IN RIGHT FIST

oughran Relies on Ring Craft to Keep Fistic Title

By GEORGE KIRKSEY 'nited Press Staff Correspondent. NEW YORK. July 18. - A young lew Jersey Irishman with a right ist loaded with dynamite goes harging out of his corner tonight ent on removing the light-heavyeight crown from the brow of onymy Loughran, phantom of hiladelphia, in a 15-round title out at Yankee stadium.

If that fist lands in the right pot, James J. Braddock— a year go a sparring partner for Tom feeney before the hard rock met iene Tunney-will wear the 175ound crown tonight.

A master boxer, Loughran will ely on his ring craft to hold the hallenger at bay for 45 minutes of ctual fighting and retain his title fter defending it for the sixth ime in 19 months.

Youth, punch and physcal condiion will be on Braddbek's sich. experience, confidence and superboxing ability will be on Louhran's side.

Braddock is in perfect shape:

oughran has had difficulty makng the divisional weight limit of 75 pounds. Therein may be writen the story of tonight's fight. Weakened by making the weight he champion may not have the tamina to stave off the hard-hit-ing challenger for 15 rounds.

Yet Loughran has fought seven vorld's titleholders in Gene Tuney, Harry Greb, Georges Carpenier, Jack Delaney, Mike Montigue, ete Latzo and Johnny Wilsonnd never has been knocked out. So there's no question about Louthran's courage or his ability to tet up off the floor and win in case he's floored tonight. The only juestion is whether making 175 ounds has robbed the stout-heart-

d titleholder of his strength and The champion ruled a 3 to 2 faorite in betting circles today, with t flood of Braddock money likely o bring the odds down to even

BRUSHING UP SPORTS . . . By Laufer WACO SCORES

SOMEWHERE in his baseball career, Walter Johnson, manager of the Washington Senators, must have walked under a ladder.

Or, maybe he carelessly tossed his hat on a hotel bed. Or perhaps he exchanged stares with a crosseyed colored boy in the full of the moon. Anyhow if baseball's code of voodooism can be taken seriously, Old Joshua P. Jinx seems to have

picked out Walter for the buggy ride.

Consider his fate since he has taken charge of he Nats. On paper this spring his team was picked to run one, two, three by the majority of dopesters. The Senators appeared a most classy ball club in pre-season games and stories of what the Washingon pitchers were displaying in the Southland filled columns of sports page space. But soon after the cason opened, Mr. Jinx started to do his stuff.

Illness and injuries hit the team like a Kansas twister hits an up and coming wheat field. Even

old Barney had to leave the bench for a hospital

bunk. Ad Liska, the sensational newcomer, of whom

much had been written and of whom so much was

expected, flivvered after a nice start. Bump Hadley,

who pitched as nice a brand of ball as most pitchers

who were running up win columns, couldn't beat Goose Goslin, last year's batting champion, acted like an Appalachian League recruit at the plate. Garland Braxton, who the year before led the American League pitchers in effectiveness, was off his stride due to illness and injuries. Firpo Marberry, whom ball players like as one of the best pitchers in the game, seemed destined to go back to his role of bull pen pitcher.

In short, the first division pick of the experts looked like the team the Red Sox would have to beat out for the coal hole championship. And to date there has been no striking reversal of form.

#### WANT TO SEE MORE.

NEW YORK, July 18.—Victoria Campolo, Argentine heavyweigh ho is taller than Jess Willard, won his first fight in the United States but American fans want to see more of him before he is put in a class with Louis Firpo who had Jack Dempsey hanging over the ropes in the memorable battle of 1923. The giant Argentinian won on a foul from Arthur de Kuh ir the third round of a scheduled 10-round bout at Ebbet field.

# New Cream Station!

We have made arrangements with the Armour Creameries to operate a cream station and buy cream here at our store. This station was formerly operated at the Cisco Grain Co. We will buy Friday, July 19, and pay the same good prices. Plenty of parking space. for cars and wagons.

You will also find our prices on groceries very attractive. We quote a few below:

Maxwell House Coffee, 3-lb. can	48
Oats, Quick Cooking, 25 cent size,	50
Lard, 16-lb. size	40
Vinegar, good bulk, per gal. 3	

Good close prices on Fruit Jars and Sugar.

# MODEL A Quality Plus!

Ask the next salesman who tries to sell you a car for \$1,000 or less—why his car does not have the following standard equipment—WHICH THE MODEL A HAS: Transverse Springs, Torque Tube Drive All Steel Chasis, Timken Equipped Irreversible Steering Gear, Timken Three-Quarter Floating Axle, Timken Equipped Front Wheels, Houdaille Hydraulic Shock Absorbers, Fully Equipped with Timken and Roller Bearings, Gas Gauge on Dash, Electric Welded Chassis, Wool Upholstering, Triplex Safety Windshield, Steel Welded Wire Wheels, Thirteen Plate Battery, All Brass Radiator.

The reason he does not have these improved features is that the manufacturer of his car is building down to price, and quality and performance are not properly considered. Ford has built the Model A up to quality regardless of price. The result is that for comfort, power and general performance the Model A outdemonstrates 'em all.

#### JACK DALTON AND HIS BRIDE

Memories of 40 years ago when the notorious Dalton brothers and their outlaw band terrorized the southwest were revived when Jack Dalton, 60, nephew of Emmett Dalton, the sole survivor of the band, married a woman said to be "Cattle Annie" Burke in an airplane ceremony above Albuquerque, N. M. Jack Dalton said he was not a member of the gang, but that his wife, a childhood weetheart, is the "Cattle Annie" Burke who carried food to the Dalton brothers while they were hiding out. Pictured here, left to right, are Judge C. L. Ritt, who performed the ceremony in the clouds, the Daltons, and Mayor Clyde Tingley and the two children of Mrs. Dalton by a former marriage.

#### PESTER FARMER—HELP MAN

While they devour an enormous quantity of grain and other farm products every year, rats are in another way beneficial to mankind. At Iowa State College, Ames, Ia., more than 4,500 of them are kept in the chemistry and food and nutrition departments for experiments, conducted in diseases and diets. The picture shows an attendant weighing rats taken from the cages along
