The high school division of the state department of education has granted Cisco high school an additional unit and a half in vocational agriculture, according to communication from Superintendent J. J. Youngblood, who is in Austin, to-

The inspector reported good work on the material submitted for affiliation, Mr. Youngblood states in he communication.

This additional credit and a half in vocational agriculture raises the number of units in this subject to three, and places the number of fully affiliated subjects in the high school in the neighborhood of 26, which is said to rank in number with all other foremost high schools in Texas. Much good is expected to come

to the vocational agriculture department through the addition of the unit and a half additional affiliation, according to E. H. Publisher of North Carolina to Show Latest Pajama Garb to New York Mayor

NEW YORK, July 29. - W O. Saunders, Elizabeth City, N. J., publisher and leader of a movement to emancipate men from the rigors of conventional clothing in hot weather, prepared to don a pair of pongee pajamas today and go down to the city hall to show Hon. Jimmy Walker whats what in the way of snappy and comfortable attire for a sultry July afternoon.

If the mayor approves the garb, or at least doesn't disapprove. Saunders will carry his campaign directly to the "man in the street," by venturing forth for a stroll on Broadway or Fifth avenue, he said.

Saunders had no notion at first of launching a "pajama campaign." He started by simply donning them at home after a day at the office, wearing them at dinner and even for a motor ride with his family at night. Only when his garb began to attract attention did it occur to him that he might be a benefactor of mankind by spreading his gospel.

On the train returning from the Democratic convention at at Houston, Texas, last summer, he recalled, everyone but he was miserable with the heat. He declined to wear more than his pajamas and a pair of slip

RANGER MAN SAYS WORTH **THOUSANDS**

After Five Years' Suffering He Finds Relief at Last by Tak-ing Orgatone — Appendix

"It's worth thousands of dollars to feel like I do now, since Orgatone has taken away the trouble that kept me in misery for the last five years," said R. L. Foster, a well known employee of the Tidal Oil Co., Ranger, Tex., while in Paramount Pharmacy, a few days ago.

When ever a man suffers as long as I did he gets to the place where he feels like nothing is ever going to do him any good," he continued, "and that's just the way I'd begun to feel. My appendix was in such a bad condition that the doctors told me a surgical operation was my only hope, 1 had spells of stomach trouble and nervousness that just made it top ture for me to try to eat, and the trouble I had wouldn't let me sleep at all. Many a night I have sat up for hours, so shaky and nervous I couldn't even dose off and there was times when I would suffer so bad I thought I was going to die. I got so blue and discouraged I felt like I was in for more serious complications.

"I'd been well enough satisfied just to have my sufferings relieved but that's not all Orgatone has done for me-I have gained several pounds in weight since started taking it. I can eat as hearty a meal as if I had never had stomach trouble at all and my strength has come back so l can do as much work in a day as just feel like a new man all over and will be glad to tell anybody
