

# The Muleshoe Journal

## Governor Pat Neff to Speak Here Wednesday

### COOLIDGE VOTE IN ELECTORS NOW 374

WASHINGTON, Nov. 6.—The Coolidge tide gathered increased momentum, has found effective resistance only in the "Solid South," Wisconsin and possibly North Dakota.

Its crest has swept a safe Republican majority into the House and is moving with a force which may accomplish a like result in the Senate.

Democracy's only hope of adding to the electoral vote it received from the "Solid South" began to vanish today when the Coolidge-Dawes ticket rolled ahead in New Mexico, where first returns had shown a lead for John W. Davis.

At the same time it showed a resistance in North Dakota that seemed likely to stem the threatened inroads of the LaFollette forces.

With Wyoming apparently definitely thrown into the Coolidge column on the basis of latest returns, the president's total electoral vote will certainly be 374; and it may reach 382. This would depend on his ability to hold his present advantage in New Mexico and North Dakota.

The Davis total stood at 136 and the LaFollette vote in the electoral college at 13.

Leaving North Dakota and New Mexico in the doubtful column the vote in the electoral college would be:

Coolidge—Arizona 3, California 13, Colorado 6, Connecticut 7, Delaware 3, Idaho 4, Illinois 29, Indiana 15, Iowa 13, Kansas 10, Kentucky 15, Maine 6, Maryland 8, Massachusetts 18, Michigan 15, Minnesota 12, Missouri 18, Montana 4, Nebraska 8, Nevada 3, New Hampshire 4, New Jersey 14, New York 45, Ohio 24, Oregon 5, Pennsylvania 38, Rhode Island 5, South Dakota 5, Utah 4, Vermont 4, Washington 7, West Virginia 8, Wyoming 3—Total 374.

Davis—Alabama 12, Arkansas 9, Florida 6, Georgia 14, Louisiana 10, Mississippi 10, North Carolina 12, Oklahoma 10, South Carolina 9, Tennessee 12, Texas 20, Virginia 12—Total 136.

LaFollette—Wisconsin 13. Doubtful—New Mexico 3, North Dakota 5—Total 8.

With the returns for the whole country still incomplete and practically none official, President Coolidge had an excess of 15,000,000 votes, several million in excess of the combined estimated total of Mr. Davis and Senator LaFollette. On the basis of this calculation, the Democratic candidate had approximately 8,500,000 and LaFollette 4,500,000.

### CAR OF TURKEYS SHIPPED

The first car of turkeys to be shipped out of Muleshoe this season, was sent to the Eastern markets Thursday morning. The turkey industry in Bailey county is growing each year and there will likely be several cars shipped from this place during the present season, some of the farmers in the surrounding country having as many as five hundred head to be marketed. This industry alone will bring several thousand dollars into the hands of the farmers this season.

#### CLUB TO MEET.

Muleshoe Entertainment Club will meet on Wednesday night, November 12th, at school house at 8 p. m., when the following are requested to be present:

- Judge Levi Pressly.
- Prof. Van Buskirk.
- Prof. Taylor White.
- Prof. K. K. Smith.
- J. J. Lacy.

The above named and all others who will take part in the play to be staged about December 1st, may attend this meeting.

MISS JESSIE O. CARPENTER, Q. S.

#### W. M. S.

The Women's Missionary Society was entertained last Saturday afternoon by Mrs. DeShazo at the home of Mrs. Ray Griffiths. After various games, some Halloween contests were entered into, the winners being Mesdames Motherall, Trussell and Dennis. Refreshments were served to Mesdames B. Griffiths, Motherall, Cope, Morris, Coker, Trussell, Barron, Winn, Van Buskirk, Dennis, W. Pressly, L. Pressly, Ray Griffiths, DeShazo and Avenelle Motherall.

### MRS. FERGUSON'S LEAD GROWING

DALLAS, Nov. 6.—Complete returns from fifty-nine counties received today by the Texas Election Bureau gave Mrs. Miriam Ferguson, Democrat, a majority of 26,559 over Dr. George C. Butte, Republican, for governor.

The bureau is now tabulating complete returns only. Incomplete returns from a number of other counties have been received but they were not included in the figures made public today and will not be announced until reported complete. Tarrant, Dallas and Bexar counties are among the ninety-three not yet reported complete.

The figures announced today show: Butte, 72,687; Ferguson 99,246.

### LUBBOCK NEGRO SENTENCED

LUBBOCK, Nov. 6.—Willie Hall, negro, was given fifty years in the penitentiary at the conclusion of his trial here tonight on a charge of assault with intent to rape. His intended victim was Mrs. Nettie Rush, who resides 8 miles east of this city. The jury was out one hour and fifty minutes.

Feeling in Lubbock was running high and court room spectators were searched before they were permitted to go into the trial room. The high tension somewhat subsided after the verdict of the jury was read.

#### REV. G. R. FORT RETURNS.

Rev. G. R. Fort, pastor of the local Methodist church for the past year, attended the West Texas Conference at Abilene last week and was returned by the Conference to the Muleshoe church as its pastor for another year. Rev. Fort has recently moved to Muleshoe from his farm fifteen miles northeast of town. He is building a home just across the street from the Methodist church.

#### W. M. U. BAZAAR A SUCCESS.

The W. M. U. ladies of the Muleshoe Baptist church, held a bazaar and served lunch at the R. L. Brown real estate office on Tuesday, election day. They report the bazaar as being a success from every standpoint, the net receipts amounting to about \$130.

They wish to express their appreciation for the generous support and patronage of this bazaar.

#### MRS. FERGUSON CARRIES BAILEY COUNTY.

The total vote for Bailey County in Tuesday's election was 226. Mrs. Ferguson received 120 and Dr. Butte received 100. The vote cast was light on account of the good weather and the farmers being too busy with their harvesting to lose the time to go to the polls. The Democratic electors received 157 votes, the Republicans 57 and the Independents 11.

The Third Girl to Swim from Charleston Bridge to Boston Light.

Boston—Not many men have accomplished the hard swim from Charleston Bridge to Boston Light. Two girls have made the trip successfully before Miss Eva Morrison, 19-year-old girl shown above, took the cake and made it in seven and a half hours for twelve miles.

### NEW MEXICO ELECTION IS YET IN DOUBT

CLOVIS, Nov. 7.—It may take an official count to determine the governorship, and the winners in the races for State Land Commissioner and the short term on the face of returns which are slowly dragging in to political headquarters in New Mexico.

Manuel Otero, Republican, and A. T. Hannett, Democrat, are less than one thousand votes apart in the race for the governorship, with both political parties claiming victory today. Less than one thousand votes separate Miller and Justiniano Baca, the Republican and Democratic candidates for state land commissioner, and Numa C. Frenger, Democratic nominee for the short term on the Supreme bench has a very narrow margin over Watson, Republican candidate. Others of the Democratic state ticket are apparently elected by majorities ranging up to 4,000 votes, with Bratton, for the United States Senate, an apparent winner over Holm O. Bursum, Republican. Hubbell, Republican, has been defeated by Morrow, Democrat, in the congressional race.

#### MULESHOE SCHOOL COMMENDED BY STATE DEPARTMENT.

Following are the reports made by State Department inspectors who visited the Muleshoe school recently. The reports show up well and mean a first class school with eight or ten credits this year.

#### Memorandum On Home Economics Department of Muleshoe High School

October 1st, 1924.

By JESSIE W. HARRIS.

#### Program.

Muleshoe is teaching clothing work for this year and plans to teach foods for next year. There is a large class of girls enrolled.

#### Equipment.

To date almost no equipment has been provided. The class was in session in a class room. Only one machine has been purchased. No tables or chairs are in use for sewing and the class is greatly handicapped.

Plans are made, however, for a very good home economics department. The space is available for a good laboratory. At present, the concrete floor has not been laid and the room has not been partitioned off. Eventually (as soon as money is available) this room should be ceiled and plastered and finished in as good style as the rest of the building.

Combination cooking and sewing tables are advised in order that one room may be equipped for all the home economics work.

For the present year it is necessary to provide the clothing equipment immediately. Affiliation is sought and therefore takes chairs, books, three more machines, pressing facilities are necessary. An affiliation blank for clothing is enclosed. Please note all requirements for affiliation and when the equipment has been provided check the blank and return it to the supervisor.

Before next year the foods equipment will be purchased and the room screened and a sink with water provided.

#### General.

Muleshoe is growing rapidly and there is a fine prospect for creation of an independent school district. In which case the school will develop and adequate provision will be made for all the work.

The supervisor will expect to hear from Miss Carpenter's reports that the clothing class is in its own room and is soon provided with tables, machines, chairs, etc.

#### MASONS LAY CORNERSTONE.

LUBBOCK, Nov. 6.—Senator Guinn Williams, of Decatur, Deputy Grand Master of the Blue Lodge of Texas Masonry, will be in charge of the laying of the cornerstone of the Texas Technological College here Armistice Day. He will be assisted by more than one thousand Masons, including the officers and representatives of practically every Masonic lodge on the Plains. Judge B. R. Bryan, of Midland, will act with Senator Williams in the formal work of placing the stone.

Governor Pat M. Neff will deliver the principal address of the day with Col. Earnest O. Thompson, of Amarillo, to represent the American Legion in honor of Armistice Day. The National Guard and Ex-Servicemen will participate in a formal military program to conclude the ceremonies.

### SCHOOL DISTRICT ESTABLISHED

A party, headed by the Rev. R. A. Oaks, appeared before the Bailey county board of trustees Monday with a petition asking that a new school district be created in the southeast corner of the county and to be known as the Bula school. It is located on the Newsome Ranch which is now being subdivided into small tracts and sold to farmers. The request was granted by the county board of trustees and the new school building will be erected in the next thirty days. This is a new settlement in Bailey county and is growing very fast.

Others who appeared with Rev. Oaks were Sam Hoffman, W. H. Thorne, J. L. Kirkpatrick, L. H. Medlin and Carl Puckett.

### FOSTER'S WEATHER FORECAST

For The Journal.

WASHINGTON, Nov. 8.—About November 23 will be the beginning of what most people term an old fashioned winter. Storm wave of week centering on November 26 is expected to be followed by below normal temperatures and above normal precipitation over the United States in general. Most excessive precipitation will occur west of Rockies and north of latitude 40, in an area that is mostly saturated at present, but I believe that the irrigation farmers of that northwest will be delighted to have all the moisture the coming winter promises them. As they will no doubt need all the ground will retain before the spring of 1925 has passed. Precipitation for east coast of Canada and U. S. will decrease in November as the evaporation moves westward. This change will increase precipitation in England southwest Europe and northwest Africa. Some increase in precipitation may be expected in southwestern United States during November but it is not expected to reach inland far enough to relieve the dry waterways of Louisiana and vicinity. About normal precipitation is expected for the central parts of Canada and United States for November and the general outlook for the month promises very good crop weather for North America and should have a depressing effect on grain prices, as Argentine and Australia are expected to have favorable crop weather at this time also.

News from Europe and Asia as to the condition of their winter grain fields is conspicuous by its absence and we have no reports from there as to whether the drought we predicted for the northern half of those countries to begin about September 1, 1924, has shown any decided effects. With the expectation of being financed by the rest of the world and the United States in particular, it is no more than human to keep a little thing like a bad drought from becoming public news.

Many of our readers and a few newspapers who publish our forecasts have written this bureau for a statement as to the death of W. T. Foster. Every possible effort was made by this bureau to notify our readers that this great mind, so far in advance of the average scientist of Weatherology, as he was wont to term it, this great philosopher of the laws of nature and the originator of all theories advanced over his name or through the issues of Foster's Weather Bureau, died on September 26, 1924, at the age of 84 years and 8 months. Forecasts for the year 1925 had been completed before his fatal sickness and due to the fact that these forecasts were completed by him his name will be used in connection therewith to the end of 1925. The writer, W. N. Foster, is a son of W. T. Foster and has been in charge of his office for more than ten years, and where the word I is used in any issue from this office after September 26, 1924, it will represent W. N. Foster. It has been my ambition for many years to become as proficient in this science of weatherology as the founder of this work has proven himself to be during the past 50 years and now, at the age of 44 and the master mind only with me on paper and memory, I am more determined than ever to preserve this wonderful science to mankind. I am proud to state, however, that credit for all discoveries made in the past, as well as any future progress that I may make, belongs and I would have it given to my father, the late William Thomas Foster. Direct dealings with this bureau should be addressed to Foster's Weather Bureau, Washington, D. C.

### WILL MAKE STOP OF ONE HOUR IN MULESHOE ENROUTE TO AMARILLO FROM LUBBOCK. TO TALK AT HIGH SCHOOL AUDITORIUM.

Governor Pat M. Neff will visit Muleshoe Wednesday morning at 10 o'clock and will remain here for an hour. Arrangements are being made to have him speak in the high school auditorium.

This is the first time in the history of Bailey county that a governor of Texas has ever visited here. All the business houses in Muleshoe will be closed for that hour and it is hoped that every farmer and every citizen will come to Muleshoe Wednesday morning and bring their families to hear the speech of Governor Neff. An effort will be made to have all the schools in Bailey county give a holiday for this occasion. Governor Neff has been a great friend of education and his address will be along educational lines and will be of much interest to the school children, as well as the patrons. The committee arranging for the reception of Governor Neff want it thoroughly understood that every one is invited to attend. Let Bailey county be represented one hundred per cent.

Governor Neff will be in Lubbock Tuesday for the corner stone laying of the Texas Technological College and will come to Muleshoe on his way to Amarillo.

#### A HALLOWE'EN PARTY.

The Epworth League was entertained at the home of Mr. and Mrs. I. W. Harden last Friday by a Halloween party, which everyone pronounced a decided success.

The guests were dressed in costumes befitting the occasion, and the house, which was beautifully decorated in black and orange, was lighted by jack o' lanterns.

The guests were met at the door by spooks, one shook hands with each, while the other ghosts pinned a piece of paper with the names of animals written on them to their costumes. When everyone had arrived the hostess introduced each guest by the name pinned to his or her costume and as they guessed who each one was they removed their mask.

A tub of water, having apples in it, was brought in. Each guest was obliged to get an apple out with his mouth without putting hands in the water. This brought many a laugh from the crowd as each raised his head out of the water, dripping, but nevertheless triumphantly, holding an apple in his mouth. The apples were eaten and the seeds kept to tell their fortunes with.

Popcorn, apples and sweet potatoes were served throughout the evening. After other games had been played, the brighter lights were extinguished, the guests all seated on the floor in a circle, a spook came in and gave a weird reading, then passed the supposed parts of a murdered man around the circle. This caused much excitement as each was obliged to touch the "spooky parts," especially the cooked macaroni, which represented the dead man's veins.

Following this was the fortune telling, which everyone enjoyed very much. Refreshments consisting of pumpkin pie and coffee were served. After the refreshments were served, they assembled around the piano to have their pictures made, and as it was then getting late, they bade the hostess good-night and made their departure.

Something New In Initiations. Boston—Lorana Thomas is a freshman at Boston University College of Liberal Arts. As part of the initiation of her fraternity, she must wear the initials of the frat on her forehead. So freshies, if you'd become a Gamma Delta here's one of the rituals.

### PERSONAL ITEMS

M. P. Smith and Jack Arnold transacted business in Lubbock Monday.

Mesdames Ray and Byron Griffiths were Clovis visitors Monday.

Mr. and Mrs. E. J. Vance motored to Lubbock Monday.

M. P. Smith and Carl Elrod visited Clovis Friday.

Mr. and Mrs. T. L. Snyder, of Hurley, were in Muleshoe Tuesday.

J. E. McInnish, real estate dealer, of Plainview, was in Muleshoe Monday on business.

R. L. Brown, local real estate dealer, was a business visitor in Amarillo Saturday.

John N. Janes was in Muleshoe on Tuesday, coming over from the Janes Ranch to vote.

Mrs. S. E. Morris is visiting friends and relatives in Winsboro and other East Texas points.

W. T. Brown and "Slick" Lokey, of Slaton, were business visitors in Muleshoe Thursday.

Grandma Adams has been on the sick list several days at the home of her daughter, Mrs. C. C. Mardis. She is reported to be improving.

Mrs. J. E. Johnson, of Sweetwater, Texas, has been visiting her son, W. D. and other relatives in Muleshoe, returning to her home Monday.

John Garner, W. H. Walker, G. O. Sharman and H. C. Sharman, of Circleback, attended church in Muleshoe Sunday night.

G. L. Billingsley and family, of Frankston, Texas, and Elliott Billingsley, of Kirkland, Texas, have been visiting their cousins, Mr. and Mrs. Tom Billingsley, of Hurley.

Mr. and Mrs. H. L. Dodson have moved from Los Angeles, California, to Muleshoe. Mr. Dodson formerly lived here and is the son of Mr. and Mrs. D. A. Dodson.

Miss Helen Elrod, who underwent an operation at the Baptist sanitarium in Clovis recently, has returned home and is reported to be improving at this time.

### KLAN HALL AT FT. WORTH BURNS

FORT WORTH, Nov. 6.—Confident that the blaze which early today ravaged the Ku Klux Klan auditorium here was the result of an incendiary plot, local Klan leaders, police and the fire marshal's office sought identity of the incendiaries but had made very slight progress in the investigation tonight.

Miss Virginia Courtney, of Littlefield, was a week-end visitor of Miss Helen Elrod. Miss Elrod has returned home from the hospital and is on a rapid road to recovery.

LEVI PRESSLY, EDITOR.

**"MA" WON.**

The absence of the usual tremendous Democratic majority for the Democratic nominee for governor this time should indicate to the Democratic party that the people, regardless of politics, still have a "weather eye" on economic conditions, and the things pertaining to the welfare of the state.

This was no particular fling at Mrs. Ferguson, as we see it, but a gentle reminder by the people that the affairs of the state must not be made a political nor factional football to too great an extent. While Mrs. Ferguson's majority is perhaps the least given a Democratic gubernatorial nominee in this state, it carries with it a decision in certain matters in Texas and this decision should be heeded by the people. Democratic principles invest power in the majority, and we abide by the majority decision. Mrs. Ferguson is governor of Texas and we are behind her administration with every wish for its success.

Mrs. Ferguson's candidacy stood for some things unquestionably for the good of the state. She has won and her ideas are to be given a trial. We cannot share the opinion of her opposers who can see Jim Ferguson only behind her administration. We believe Mrs. Ferguson will realize the responsibilities attached to the office and assume her burden with a consciousness of its importance and its

meaning. We believe Mrs. Ferguson's administration will be a success because the womanhood of the state will be particularly interested in the success of the first woman governor of the South. Mrs. Ferguson will listen and Jim Ferguson has too much political sense to interfere.

The habitual grouch is another cross word puzzle we can't solve.—Columbia Record.

**THE GAME OF HEALTH**

Schools Are Joining Junior Red Cross In Promoting Health of Children.

Children all over America are playing the "Game of Health." They have been started in this new game by the Junior Red Cross, which is the children's department of the American Red Cross, and they are very enthusiastic over the game and its results, according to reports. In the Southwestern Division of the American Red Cross many of the schools are working enthusiastically for advancement in this health game and some have reached a standard of excellence which is attracting wide attention. The purpose of the game is to build strong and healthy bodies and therefore keen minds. The children are weighed and measured at regular intervals and their record is kept on a health chart. The credits are also kept on the chart with reference to observing the health rules which are as follows:

- Drink a glass of water before each meal and before going to bed; drink milk, no tea or coffee.
- Bathe twice a week.
- Eat some vegetable and fruit every day.
- Sleep long hours with windows all open.
- Brush teeth thoroughly twice each day.
- Wash hands before every meal, keep finger nails cut short and clean them every day.
- Keep fingers, pencils, moneys and everything that might be unclean out

of the mouth and nose; and at all times keep hands away from the face.

Use your own drinking cup at school and when away from home.

Cover nose and mouth with handkerchief when sneezing and coughing, take 30 or more slow deep breaths of fresh air a day; ten breaths in the morning, ten at noon and ten again at night.

Try to sit up and stand straight with shoulders well thrown back; to eat slowly; try to attend to toilet and each need of the body at its regular time.

Try to get father and mother and everyone in the home who does not go to school to play the game of health with you and keep each rule.

**PREVENTABLE DISEASE.**

Americans cannot fairly term themselves the most efficient people until they prevent the present loss of three billion dollars' worth of human values through preventable disease.

This estimate was made by Sir David C. Bruce, a world renowned parasitologist, in addressing the British Association for the Advancement of Science in Toronto last summer.

Infection, acute or chronic, by bacteria of parasites, is probably the most potent cause of disease, old age and death. Fortunately most of these infections can be dealt with if a physician is consulted in time. However, this doesn't mean waiting for signs of illness. The apparently healthy should occasionally be examined by physicians to detect departures from the normal that the tendency may be checked at once and illness obviated.

The whole thing is merely overcoming the present universal disposition to begrudge the doctor his fee unless he has remedied real illness. Doctors cannot work miracles upon people who have let disease get a real hold; but they can repair the leaks if given the opportunity.

We are now entering the period of the year when the disease and death rate climbs upward simply because most people regard colds, grippe and sore throats as unworthy of a doctor's attention.

Several generations hence will practice the sound common sense doctrine of Sir David's, but meanwhile people will shorten their lives merely to save a doctor's bill for early and effective examination.—Independent.

## EVERY BODY'S STORE THE STORE WHERE BARGAINS ORIGINATE

### NO THRILL IN OIL GUSHER.

"Don't Let It Ruin the Wheat," Is W. G. Carson's Comment When He Learns He Is About to Become a Millionaire.

WICHITA, Kansas.—With the biggest oil gusher in Kansas pouring out a stream of high gravity oil—at the rate of about seventy-five barrels an hour—W. G. Carson, 60, Crowley county farmer, stubbornly refuses to cross the wheat field between the barnyard and the west side of his place to see the well. The fact that the well will make him a millionaire several times over seems of little concern to Carson. He is more interested in his wheat. He showed little interest when informed

that the well was a big producer in sand picked up at 3424 feet.

"Don't let the goldarned thing run wild and ruin a lot of wheat," is all he said.

"These royalty buyers are a nuisance," he said before retiring for the night. "They can't bother me if I'm in the house and in bed. My wife won't let them in."

### Versatile Child.

"Good gracious!" said the visiting bachelor, "does your baby always cry that way?"

"Oh, dear no," responded his host. "He has quite an extensive repertoire. This is only one of his lighter performances; he reserves his heavy work for 2 a. m."—Western Christian Advocate, Cincinnati.

### PNEUMONIC PLAGUE IN LOS ANGELES.

LOS ANGELES, Nov. 3.—State and federal health authorities today were moving to the aid of Los Angeles in its grim battle to block the spread of an outbreak of pneumonic plague that, at last reports, had claimed a total of 21 victims in the Mexican quarter of the city. Ten cases under treatment at the general hospital were said today to be critical.

Doctors W. H. Kellogg and C. H. Halliday, state health department experts, arrived from San Francisco yesterday and were to be joined today by Dr. Walter Dickie, also of the state health department. Another specialist was reported en health headquarters in Washington.

route from United States public Dr. Kellogg surveyed the situation here yesterday and announced that though there was no doubt about the nature of the malady or its seriousness the prospects for bringing it under control were good.

### Making It Pleasant.

The latest Parisian motor cars are painted in brilliant jazz designs of peacocks, flowers, etc. The idea, presumably, is that the stricken pedestrian's last impression of earth should be a cheerful one.—London Opinion.

What we need is an auto that will stop and count ten before it tries to pass another on a narrow road.—The Frankford, Ind., Times.

### FREAK DUST STORM SEEN IN PANHANDLE

KENTON, Nov. 5.—The most peculiar dust storm in the history of the region visited northwest of Cimarron county recently. Great clouds of sand and dust, showing a light red color and traveling at an altitude of 1,500 or 2,000 feet passed over the valley from the southwest during the greater part of the forenoon.

The disturbance seemed to be in the upper strata of air as the velocity of the wind along the surface was not more than 30 miles an hour, while that carrying the dust was estimated at 60 or 70 miles an hour. The dust and sand falling from the great height placed a coat of the material over trees and roofs of houses.

### Striking a Balance.

A certain canny Scotsman had carried on a courtship of long duration without definitely committing himself. The girl, if she worried herself at the long probation, gave no sign until one morning her tardy lover, thumbing a small notebook, said:

"Maggie, I have been weighing up your guid points and I have already got to ten. When I get a dozen I'm goin' tae ask ye the fatal question."

"Weel, I wish ye luck, Joe," answered the maiden. "I have also gotten a wee book, and I've been puttin' doon your bad points. There are nineteen in it already, and when it reaches the score I'm goin' tae accept the blacksmith."—Western Christian Advocate.

# Christmas Is Coming!

WE HAVE RECENTLY BEEN IN THE MARKETS AND SELECTED A COMPLETE LINE OF

## Christmas Goods

Jewelry, Ivory, Cut Glass, Chinaware, Silverware, Toilet Articles, Dolls, Toys, Candy, Cigars, Stationery, Books and a nice line of the Latest Novelties.

R. J. KLUMP,  
County Judge, Bailey County.  
Dated this 7th day of October,  
A. D. 1924.

34-4tc

**CITATION BY PUBLICATION.**

THE STATE OF TEXAS.  
To the Sheriff or Any Constable of Bailey County, GREETING:

You are hereby commanded, by making publication of this citation in some newspaper published in your (Bailey) County, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, once in each week for four consecutive weeks previous to the return day hereof, to summon Jessie Coldren, whose residence is unknown, and the heirs of Stevens A. Coldren, deceased, whose names are unknown, to be and appear before the District Court of Bailey County, Texas, to be held at the Courthouse of said county, in the town of Muleshoe, on the 5th Monday in December, 1924, being December 29th, 1924, then and there to answer the petition of E. K. Warren and Son, a private Corporation, as plaintiff, filed in said Court on the 14th day of October, 1924, in Cause No. 81, styled E. K. Warren & Son, a Corporation, vs. Benjamin F. Smith, et al, wherein E. K. Warren & Son, a private corporation, is plaintiff, and Benjamin F. Smith and his wife, Dora Smith, Jessie Coldren and the unknown heirs of Stevens A. Coldren, deceased, are defendants, in which suit, a brief statement of plaintiff's cause of action is as follows:

Plaintiff sues on a certain promissory note dated April 14th, 1915, for the principal sum of \$3,000.00 executed by defendants Benjamin F. Smith and Dora Smith, payable to Edward K. Warren or his order, on or before April 14, 1922, bearing 6 per cent per annum interest from date thereof, and stipulating for 5 per cent attorney's fees, designated as Class "A" Note No. 1, said note being alleged to be past due and unpaid except that the interest thereon has been paid to April 14, 1921, and said note having been placed in the hands of plaintiff's attorneys for suit and collection.

Plaintiff alleges that said note was executed as a purchase money note, in part payment for certain lands situated in Bailey County, Texas, described as the Northwest quarter (N. W. ¼) of Survey Number Forty Seven (Sur. 47) Edward K. Warren Subdivision, Number One, Block "W" in Castro, Lamb, Bailey and Parnier Counties, Texas, conveyed by said Edward K. Warren to the makers of said note by deed of even date with said note, recorded in the deed records of Bailey County, Texas, which said deed recites the execution of said note as evidencing part of said purchase price; and that to secure payment of said note, the makers thereof at the time of executing said note, executed their certain mortgage and deed of trust in favor of said Edward K. Warren, hypothecating said lands, and authorizing the holder of said notes to pay delinquent taxes on said land and add the amount thereof to said debt as evidenced by said note, and secured by said deed of trust, under which provision plaintiff, as the holder of said note on or about July 28, 1924, paid past due and delinquent taxes on said lands in the sum of \$149.68, for which plaintiff also sues.

Plaintiff alleges its ownership of said note and said vendor's, contract and deed of trust lien, and sues the defendants, Benjamin F. Smith and Dora Smith for the amount of principal thereof, \$3000.00 interest, thereon from April 14, 1921, at 6 per cent, for the amount of taxes paid by plaintiff, to-wit, \$149.68 with interest thereon from July 28, 1924, at 6 per cent per annum. Five per cent additional upon said principal debt and interest as attorney's fees and all costs of suit.

Plaintiff also sues Jessie Coldren, as surviving wife of Stevens A. Coldren, deceased, and the unknown heirs of said Stevens A. Coldren, as the owners or claimants of some right, title and interest in said lands alleged by plaintiff to be inferior, junior and secondary to plaintiff's liens, right, title and interest therein, and prays for judgment against all of said defendants for a foreclosure of plaintiff's said liens, for order of sale, writ of possession and general relief.

Herein fail not, but have you then and there before said Court, this writ

with your return thereon showing how you have executed the same.

Witness C. C. Mardis, Clerk of the District Court of Bailey County, Texas.

Given under my hand and seal of said Court, at Muleshoe, Texas, this 14th day of October, 1924.

(SEAL) C. C. MARDIS,  
Clerk of the District Court of Bailey County, Texas.

ENDORSED:  
Issued this the 14th day of October, 1924. C. C. MARDIS,  
37-4tc County Clerk.

**THE STATE OF TEXAS.**

To the Sheriff or Any Constable of Bailey County, GREETINGS:

You are hereby commanded to summons S. H. Hunter, his unknown heirs and their legal representatives, Mrs. D. L. Askew McDonald, a widow, her unknown heirs and their legal representatives, Sarah B. Brown, a single woman, her unknown heirs and their legal representatives; L. M. Brothers, his unknown heirs and their legal representatives; J. D. Cameron, his unknown heirs and their legal representatives; Josie M. Maas, a single woman, her unknown heirs and their legal representatives; George Koerner, his unknown heirs and their legal representatives; G. W. McMillion, his unknown heirs and their legal representatives; J. D. Berry, his unknown heirs and their legal representatives, and W. L. Thayer, his unknown heirs and their legal representatives, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Bailey County, to be held at the court house door in Muleshoe, on the fifth Monday in December, 1924, the same being the 29th day of December, 1924, then and there to answer a petition filed in said court on the 26th day of September, A. D. 1924, in a suit numbered on the docket of said court No. 80, wherein F. A. Paul and J. H. Paul, in his individual capacity and as qualified survivor of the community estate of himself and his deceased wife, Maggie Paul, are plaintiffs, and S. H. Hunter, his unknown heirs and their legal representatives; Mrs. D. L. Askew McDonald, a widow, her unknown heirs and their legal representatives; Sarah B. Brown, a single woman, her unknown heirs and their legal representatives; L. M. Brothers, his unknown heirs and their legal representatives; J. D. Cameron, his unknown heirs and their legal representatives; Josie M. Maas, a single woman, her unknown heirs and their legal representatives; George Koerner, his unknown heirs and their legal representatives; G. W. McMillion, his unknown heirs and their legal representatives; J. D. Berry, his unknown heirs and their legal representatives, and W. L. Thayer, his unknown heirs and their legal representatives, are defendants, said petition alleging that on September 1st, 1924, plaintiffs were lawfully seized and possessed of all of Labors 11, 12, 13, 18, 19, 20, 21, 22 and 23 in League 194, patented to Foard county on the 28th day of September, 1891, by patent No. 183, and all of Labors 11, 12, 16, 17, 18, 19, 22, 23, 24 and 25 in League 195, patented to Foard county on the same date by patent No. 178, all of said land located in Bailey county, Texas; and that on September 1st, 1924, the defendants unlawfully ejected plaintiffs therefrom and unlawfully withhold from them possession of the same; that on the 12th day of December, 1917, Foard county sold to one J. C. Paul all of the lands described herein, and thereafter on January 3rd, 1921, the said J. C. Paul sold and conveyed the same to these plaintiffs; but that prior to the sale of the land by Foard county as aforesaid, and on September 10th, 1909, the county sold these lands with other lands to one G. T. Oliver, retaining a vendor's lien on the same to secure the purchase price obligated to be paid by Oliver for said lands, and that later Oliver sold different labors of said lands to different parties including the defendants, the respective purchasers assumed the Foard county indebtedness, and that thereafter Oliver and his grantees, immediate and remote, defaulted in the payment of the purchase price of said lands and Foard county, at the maturity of the indebtedness, instituted eight different suits in the District Court of Briscoe county and prosecuted the same to final judgment, wherein it recovered all of said lands, extinguishing the rights of the said Oliver and his grantees in and to the same, and that the suits were prosecuted to final judgment and the lands recovered by Foard County before it again sold the same to the said J. C. Paul, and that any right being asserted by any and all of the defendants herein were acquired under and through the said G. T. Oliver, and any rights ever had by any and all of the defendants in and to said lands were foreclosed in said eight different suits by Foard county, and if not all of said defendants are barred from asserting the same at this time by reason of the three and five year statutes of limitation which plaintiffs specially plead, and by reason of their laches in the premises; and plaintiffs seek recovery of the land, the quieting of their title in the same from any and all clouds now being cast by reason of any rights or interests that the defendants or any of them, are assert-

ing in said lands or any portion thereof.

HEREIN FAIL NOT, but have before said court, on the said first day of the next term thereof, this Writ with your return thereon, showing how you have executed the same.

WITNESS C. C. Mardis, Clerk of the District Court of Bailey County, Texas.

Given under my hand and the seal of said court, in the town of Muleshoe, Bailey County, Texas, this 30th day of September, A. D. 1924.

(SEAL) C. C. MARDIS,  
Clerk, District Court, Bailey County, Texas.  
34-4tc.

**NOTICE.**

Send your news items to the Journal. We like to get all the news—if you have been out of town or have had a visitor in your home and don't see your name in the Journal, don't blame us, for we didn't know anything about it. We will appreciate your cooperation in keeping up with all the news.

**DUN'S WEEKLY REVIEW**

For The Journal.

Even with the restraining effect of the nearby elections, business as a whole has made further headway. Despite a waiting attitude in many quarters, with the deferment of numerous commitments, the main trend has been toward moderate expansion, and the rise of commodity prices has continued. The irregularity of the commercial movement is still marked and there is much conservatism, but new gains have come in some basic lines and freight car loadings have recently been without precedent. Although some buyers of steel are holding off, owing to political factors, others have shown more disposition to place contracts, and purchases of pig iron in the West have been the largest in weeks. Similarly, transactions in domestic packer hides have increased, with about the heaviest market of the year, and the revival in the leather and footwear trades has met with no check. Some corporation reports for the third quarter disclose decreased earnings, but those chiefly reflect the dulness of the mid-summer months, the fall season having brought improvement in most instances. The weather in different sections has not been conducive to the best results in retail distribution, yet it has favored the harvesting and marketing of the principal crops, and the strengthened financial position of the grain farmers is a constructive influence of large importance. With a sound basis for progress the general business outlook despite the present hesitation caused by political conditions is promising.

The Prince of Wales is an able farmer. Gets to his Canada ranch just after fall crops have been harvested and leaves just before it's time to haul fodder to the cattle.—Louisville Times.

Before deciding which party to belong to, discover to whom the party belongs.—Beaumont Enterprise-Journal.

Some folks with ambitions to purify politics could make a fine start by getting out of politics.—National Newspaper Service.

**TURKEYS, TURKEYS TURKEYS**  
The New York market opened up yesterday at 32c, and it is reported that there is 600,000,000 pounds in storage on the Eastern Coast. I do not know what effect this will have, but I do know that it takes 12c per pound to deliver live turkeys to the New York markets. I will have a car at Muleshoe November 5th and 6th, and will pay as follows:  
Young Toms, 14 pounds and up, ----- 20c  
Hens, 10 pounds and up ----- 20c  
Young Toms, 12 to 14 pounds ----- 16c  
Hens, 8 to 10 pounds, 16c Old Toms, 15c  
By no means sell nothing less than 8 pounds on hens and 12 pounds on toms; but keep them on feed for Xmas market, and if you co-operate with me, I will set a car at Muleshoe and take up your stuff again Xmas. Crooked breast and thin turkeys are not wanted.

Muleshoe, Texas

**REV. STEWART TO PASTOR  
MULESHOE BAPTIST CHURCH**

The Muleshoe Baptist church held conference last Sunday night and called a pastor to succeed Rev. E. J. Barb, who resigned September 1st to enter Simmons College at Abilene. Rev. Stewart, of Wilson, Texas, was called as pastor. The church has been without a pastor since the resignation of Rev. Barb. Rev. Stewart and family will move to Muleshoe within the next two or three weeks.

**NEW FORD GARAGE.**

The Green-Hicks Motor Co., local Ford dealers, are building a modern garage and storage room on the corner of south of the Gupton Hotel. Both Mr. Green and Mr. Hicks are very enthusiastic about the future of Muleshoe and the surrounding country. They have already sold several car loads of Fords and expect to keep a complete line of Ford accessories.

**PRESIDENT COOLIDGE  
TO VISIT NEW ORLEANS**

NEW ORLEANS, Nov. 6.—President Coolidge has accepted an invitation from a group of business men to visit New Orleans and probably two other cities of the state. It was announced today by Emile Kuntz, Republican national committeeman from Louisiana. Mr. Kuntz stated he had received a letter from the president acknowledging the invitation and promising to accept as soon as possible.

**HALLOWE'EN PARTY.**

The kindergarten taught by Mrs. Joel Lee gave a little Hallowe'en party on Friday morning at the home of their teacher. The rooms were decorated with pumpkins, witches, cats and the Hallowe'en colors. After the children said their little speeches, they passed cake and candy to the visitors. The party was enjoyed by all those who were present.

**WILL MC CLOUD DEAD.**

Word has been received that Will McCloud, formerly a resident of Bailey county, was crushed to death in an elevator shaft in Tulsa, Oklahoma, October 9th. Mr. McCloud formerly resided several years four miles north of Hurley. Leaving there in 1922 he moved to Tulsa.

**No Kick Coming.**

"I just stopped in to tell you," began the man at the complaint desk of the gas company, "that my gas stove blew up yesterday."  
"Tell your troubles to a plumber," growled the surely clerk. "That's no fault of ours—you got no kick here."  
"Oh, I'm not kicking," replied the customer cheerfully, as he opened the door. "Only I thought I'd tell you that your blamed old slot meter back-fired at the same time, and I haven't been doing anything but pick up silver quarters all over the cellar ever since. Good day."—American Legion Weekly.
