## Dragon Talk

By Students of Iredell High School

### IREDELL TEEN TALK

We were really proud of our Dragons last Friday night. They played a real good game and won over Turnersville 26-24.

The sophomores elected officers Friday, as follows: President, Butch Bateman; vice president, Johnny Copeland; secretary, Linda Keed; and Class Favorites, Christine Trotter and Johnny Copeland.

Friday was Freshman Day at Iredell. Our freshmen, Becky Phillips, Jennifer Koonsman, Jeannye Bales, Jimmy Daves, Walter Dotson, Vonnie Glenn, Ronnie Her-ring, Roland Howard, Ronnie Lowrance, Betty Ramsey and Mike Turner were pretty well messed up for the day.

Every where we look we find Linda W. and Pete H. walking down the hall; Diane G. talking to Johnny W., and Connie S. writing letters to Ricky G.

Dan B. has picked up the habit of tripping girls.

Judy F. says she can't wait until November.

Pete H. must enjoy following girls around, especially a junior girl.

Looks like Jerry M. has found that certain soph girl.

Jud R., how did you tear up your car?

The freshman girls sure had Johnny S. and Jud R. on the run Friday morning.

Bud S. seems like the freshman girls had you in a corner.

Diane G., Sandra V. and Jennifer K. made a fast trip to the roadside park only to find they were gone. Better luck next time.

Sandra V., be sure the pickup will start before your parents leave next time. You want to come to town.

Linda W., you scared a few people the other day in English. Glad you went to the doctor.

Steve W. where do you go over

PREPARE FOR TRADE FAIR Getting ready for the 1964 State Fair of Texas, October 10 through 25 in Dallas, the three cosmopolites above meet for a look at some products to be displayed by France, Italy and Belgium, three countries prominent in the State Fair's international exhibit center. Isabelle Corbet, left, of French descent, holds a Napoleon plate from France; Mrs. Joanne Manicchia, center, of Italian descent, and Thierry Riek, of Belgian descent, look into an Italian brass container. Thierry is wearing a Belgian sweater and has a miniature Belgian cannon in front of him.

the weekend? We haven't seen much of you lately.

George C. had a visitor from Waco Friday night. What was her name, George?

Jeannye B. and Louise F., where were you two Friday night?

Linda F., who was the boy who came to our ball game Friday night? You acted as if you knew him.

Charlotte P., how do you like Bobby's 1964 Ford?

Betty R., what do you do over the weekends?

Linda R., why are you always buttoning Jerry M.'s shirt?

Connie S., why all these letters to Waco? Who could it be!

Vonnie G., where is that new car you were going to get?

Jennifer K., why are you always writing Wayne Come on the black boards?

Becky P. and Bud sure had warm nickels.

Dan B., did you know that stickers hurt when they are in your hair?

Judy F., what do you think of Jennifer's brother, Donnie?

Pete H., why should the head of the nickel be turned toward the candy?

Bud S., why are you always teasing Sandra V.?

Sandra V., we sure like your hair cut.

Linda W. lost her billfold Friday morning. Seems like she found it in Pete's pocket.

Becky P. sure would like to give Tommy D. more hand signals.

## HAMILTON-CORYELL SCS News

By BOMER HARRIS

Late summer and fall is the time when the farmer takes a close look at his past seasons' operations with an eye toward making next year's crop. It is the time to repair equipment, prepare the land, repair damages, and do all the things which were put off during the busy period of harvesting and marketing the past crop. A close look at your cropland condition and a thought of things to come may reveal problems or potential problems which you haven't considered.

Are those terraces still large enough to carry a normal year's rains, Mr. and Mrs. Wilburn Templeton.

We received more rain during the week, and colder weather.

Mr. and Mrs. James Lindsey and children of Hico visited with his parents, Mr. and Mrs. Huel Lindsey on Sunday. Visitors in the home of Mr. and Mrs. Elmer Burgan and Alma during the weekend were Mr. and Mrs. Earl Vance Burgan and children of Arlington, Mr. and Mrs. Don Burgan and sons of Hico, Mr. and Mrs. Marshall Rogers and children and Margaret Burgan of Stephenville, Mr. and Mrs. W. C. Jones and children of Bryan and Mary Ann McClure.

Margaret Burgan is attending Tarleton State College this fall.

rainfall without breaking? The past drought has caused many to forget the damages which uncontrolled water can cause. The small, weak, worn down terrace which controlled last year's rains may not do the job next year. The un-terraced fields which didn't wash seriously last year may be severely damaged in the near future. Small rills or gullies which exist now may be the canyons of the future if they go untreated.

Terraces remain the most effective method of water control for most cropland but their effectiveness depend on their being of adequate size and strength. A terrace which breaks or tops usually does more damage than would have occurred without the terrace. A planned maintenance program for terraces and waterways should be included in every farmer's plan. The maintenance may consist of plowing up terraces in the normal preparation of land or by some additional work with regular farm equipment. Where maintenance has not been done for a few years it may be necessary to strengthen fills and remove silt bars with a Fresno or small blade. In cases where terraces have been neglected or abused it may be necessary to rebuild the lines with heavier earth moving equipment. Regardless of how you do it, your cropland deserves to start the new crop year with terraces strong enough to control a heavy rain.

The terracing season is well underway in the Hamilton-Coryell Soil Conservation District. Appro-

ximately 47,175 feet of new terraces have been installed so far this fall. Among those who have protected their land with terrace

systems are Bob Jones, J. C. Latham, Ernest O'Neal and Joe Mendorf. Soil Conservation Technicians assisting the district stand

ready to discuss your conservation problem and to assist you in protecting and maintaining the productivity of your farm or ranch.

By MRS. LUCILE MAYFIELD

Mrs. Zenith Johnson was hostess to the Busy Bee Club Thursday, Sept. 24, from 2 until 4 p.m. It was the club's first meeting since June. During the business session the members decided to

start funds for the Christmas party. The club enjoyed playing bingo with Mrs. Sylvia Couch winning the prize. Refreshments of coconut layer cake, ice cream, nuts and coffee was served. Next meeting will be with Mrs. Bunnie Alexander.

Now that school buses are making their rounds for the children and bringing them home, all vehicles must stop when either following or meeting a stopped bus.

Mr. and Mrs. Hub Alexander visited in Stephenville Wednesday with Mr. and Mrs. Don Smith and family and with Mrs. Nila Denton, Johnnie and James. They also visited at a rest home with his sister, Mrs. May McChristal.

Jewel Wolfe visited his brother, Homer Wolfe at the Stephenville Hospital Friday. Homer suffered a heart attack last week, and was reported in serious condition. However he was improved Sunday.

Mr. and Mrs. Lee Marshall of Muleshoe visited friends in this community last Friday. They had visited at Hamilton with her daughter and family, Mr. and Mrs. Gene Cornelius.

Mr. and Mrs. L. W. Hoffpouir spent the weekend in Fort Worth with her son, Frank McAnally and family, and Mr. and Mrs. Jack Stamford.

Mrs. Nila Denton, James and Johnny, and Jimmy Zimmerman of Stephenville were Sunday visitors with Mr. and Mrs. Hub Alexander.

Mr. and Mrs. T. L. Thompson of Ennis visited a few days last week with Mrs. Myrtle Thompson, and they all visited in Brownwood with Mr. and Mrs. Bishop Stamford.

Mr. and Mrs. Melvin Self and family spent the weekend with Mrs. Ethel Self.

Mr. and Mrs. Bob Evans and family of Waco visited during the weekend in the home of her parents, Mr. and Mrs. W. F. Haley.

Mrs. Neoma Baird of Spur is visiting her sister Mrs. Arthur Auvermann a few days, and with Mr. Auvermann at the Hico Hospital.

Mr. and Mrs. Lee Partain and his folks, except a brother, Robert and wife, met at the home of Mr. and Mrs. Bud Partain Saturday night. Alton and Bud, and Mrs. Mary McClurkin visited Sunday with the Partains.

Proper Study Light

To do a job right, you need the proper equipment. For home study, the right equipment is a good table lamp equipped with a 150-watt bulb or its equivalent. The lamp should be tall enough to spread light evenly over the work area and properly shaded to conceal the light bulb from the eyes. A diffusing bowl or white diffusing bulb is recommended to prevent glare. Check your children's study light now. Better light means a better student.

## WMS Observes Week Of Prayer for State Missions, Sept. 21-25

The ladies of Women's Missionary Society met each day during the week of Sept. 21 for informative programs on State Missions. Theme of the week was, "Lord Make Me Aware," and the Mary Hill Davis offering was taken.

Each program opened with the group singing "Open Mine Eyes." Call to prayer was given by Miss Pearl Whiteside, who was also in charge of Monday's program, "I Became Aware Through Prayer." Assisting with the program were Mrs. Maron Linch, Mrs. Hugh McKenzie and Mrs. R. E. Tatum.

"I Became Aware Observing" was introduced by Mrs. Linch on Tuesday and interesting information was contributed by Miss Whiteside, Mrs. Fred Jaggars, Mrs. Elvis Vinson and Mrs. Tatum.

At Wednesday evening prayer service, Bro. and Mrs. Tatum discussed "Awareness Through Listening." A film was shown to emphasize this important phase of awareness.

Mrs. J. R. Russell was in charge of Thursday's program, "Awareness Through Seeing." She was assisted by Mrs. Jaggars, Mrs. Tatum and Mrs. Vinson.

Mrs. Fred Jaggars was in charge of the Friday program, "I Became Aware Through Giving." Various ways of giving were discussed by Mrs. Ed Blum, Mrs. Vinson and Mrs. McKenzie.

Each meeting was closed with prayer and meditation while the pianist played "Teach Me to Pray."

The society met Tuesday afternoon of this week for their regular meeting.

A study of the mission book on the life of Annie Armstrong was presented under the direction of Mrs. J. R. Russell.

All ladies are invited to attend these meetings, which presents information of Missions and gives all an opportunity to help in a mission program.

Present for the meeting were Mrs. Russell, Miss Whiteside, Mrs. Linch, Mrs. Willie Bullard, Mrs. Tatum, Mrs. Ed Blum, Mrs. Jaggars, Mrs. McKenzie.

Mrs. Linch led the closing prayer.

Sunbeams met at the church from 3 to 4 p.m. under the direction of Mrs. John Putty. Ten children were present. Mrs. McKenzie is serving as pianist in the absence of Mrs. Hanson. The group is studying about Latin American Countries. Plans were made to study the flags of these countries next week, and the group will work together and make replicas of several of them. Beginners and Primaries are urged to attend these meetings.

He is welcomed by a brother, Curtis, and his grandparents, Mr. and Mrs. Buck Parton of Chalk Mountain and Mr. and Mrs. H. D. Wuemling of Fairy.

Weekend guests in the home of Mrs. Bunnie Alexander were Mrs. Lucille Doyle of Waco, Miss Alene Dunnigan of San Antonio, and Mr. and Mrs. George Jones of Gustine. They helped Mrs. Alexander observe her birthday.

Mr. and Mrs. Marvin Lewallen of Blackwell were Friday guests in the home of Mr. and Mrs. J. R. Stringer. The Lewallens, Stringers and Mr. and Mrs. Earl Shaffer enjoyed a day fishing and picnicking at Lake Whitney.

## RETURN FROM VACATION

Mr. and Mrs. Conda Salmon returned last week following a ten-day trip visiting points of interest in Santa Fe, N.M., Durango, Silverton and Colorado Springs. Enroute home they visited at Stratford in the home of her parents, Mr. and Mrs. M. L. Etheridge.

Mr. and Mrs. S. W. Everett spent last week at Kingsland. They were accompanied by Mrs. H. M. Everett Sr. of Stephenville, and were met there by Mr. Everett's sisters, Mrs. Audrey Smith and Mrs. R. C. Stiles of Dallas and Mr. and Mrs. Lester Lackey of El Paso. They all visited with Mr. and Mrs. H. M. Everett Jr. and Jim.

Mr. and Mrs. Frank Stipe of Hico and Mr. and Mrs. Russell Hurst of Houston were visiting in West Texas and New Mexico last week. They visited the former home of Billie Sol Estes in Pecos and toured Carlsbad Caverns. They also visited with Mr. and Mrs. Vernon Stipe and family at Snyder.

Visitors in the home of Mr. and Mrs. S. R. Witt the past week were Mr. and Mrs. S. B. Witt and sons of Grand Prairie and Mr. and Mrs. Audrey Robison of Lamesa.

Mr. and Mrs. Mitchell Mayfield of Stephenville were weekend visitors in the home of her sister, and brother, Delores and Gary Wooton.

Jasper Milton of Hico was recently admitted as a patient in the Veterans Hospital at Temple.

## MISS JONES, MR. JACKSON MARRIED RECENTLY

In an impressive candlelight ceremony, Miss Helen Marie Jones and Jerry Allen Jackson exchanged wedding vows at 8 p.m. Saturday, Sept. 5 in the Lanham Methodist Church.

The bride is the daughter of Mr. and Mrs. Robert Jones of Lanham. Parents of the bridegroom are Mr. and Mrs. Allen Jackson of Cranfills Gap. He is a great-grandson of the late Mr. and Mrs. Tom Shield of Fairy.

With the Rev. Wesley Van Norden of Fort Worth officiating, the double-ring ceremony was solemnized before an archway entwined with mums and greenery. On either side of the altar were baskets of white gladioli. Potted palms and other greenery stood before a background of eight T-shaped candelabra holding tall white tapers.

Miss Jane Craig of Hamilton, cousin of the bride, presented a medley of nuptial selections and accompanied Mrs. Bob Drew of Irving, cousin of the bride, as she sang "Because." Traditional wedding marches were played for the processional and recessional.

Escorted to the altar and given in marriage by her father, the bride was attired in a floor-length gown of white peau de soie, studded with a basque bodice and long sleeves that tapered to delicate points over the hands. The Sabrina neckline, which dipped to a point in the back, was overlaid with Alencon lace. The full skirt, complimented by an overskirt by a wide band of Alencon lace, fell into a graceful chanel train. Her elbow-length veil of silk illusion cascaded from a tiara of Alencon lace accented by tiny seed pearls. Her only jewelry was a single strand of pearls, a gift of the groom.

The bride carried a circular arrangement of glomellias centered by a white orchid, with long silver streamers.

Miss Kay Jones attended her sister as maid of honor and bridesmaids were Mrs. Melvin Ables of Everman and Mrs. Jimmy Oglesby of Lanham, cousins of the bride.

Flower girls were Miss Brenda Lund of Fort Worth, niece of the groom, and Miss Cynthia Drew of Irving.

Orvil Jackson of Meridian served as best man and groomsmen were Bellamy Bertelsen of Cranfills Gap and Charles Olson of San Antonio.

Ushers and candlelighters were Frankie Lund of Fort Worth, brother-in-law of the groom, and Johnny Jones of Hamilton.

The bride's parents were hosts at the reception following the ceremony in the home of Mr. and Mrs. J. W. Oglesby, uncle and aunt of the bride.

Mrs. Charles Olson served the wedding cake and Mrs. J. R. Lanham ladled punch. Mrs. Frankie Lund, sister of the groom, presided at the bride's book.

The bride is a graduate of Fairy High School, and the groom was graduated from Cranfills Gap High School. Both attended Tarleton State College and are seniors at North Texas State University.

This and surrounding communities were deeply shocked and grieved last Tuesday when word was circulated by phone of the tragic death of Woodroe Wolf. Woodroe was born in the Fairy community and reared here. He had many friends here and elsewhere that he had resided who were very sorry to learn of his untimely death. In behalf of all we want to extend our deepest sympathy to his bereaved wife and children and other relatives. Our last time to talk with Woodroe was at the cemetery. He and his son, Jim, were passing through and stopped at the cemetery and went to his parent's lot and also their lot where their little son, Michael is buried, and came on to where we were working and talked with us a few minutes. The Wolfe children were reared to be polite and respect the old, and he and his sisters and brother always greeted ladies with a prefix Miss. We will remember those words Miss Eunice, as he spoke. The Wolfe family were very close friends of ours, having known the parents prior to their marriage, when Mrs. Wolfe, the former Miss

Altie Wilson and her niece Miss Eva Underwood rode horseback on the old side saddle. May God bless and comfort those bereaved in his passing.

We were sorry to learn of the misfortune of J. D. Buck Noland of Stephenville on Sept. 15 when he was struck on the forehead by a railroad tie being taken on in Dublin. He was rushed to Dublin Hospital where 27 stitches were required to close the wound. He was released from the hospital on Sept. 20. J. D. is the son of Mr. and Mrs. Marvin Noland, who formerly resided on the Sallars place in the Lanham community. He is employed by the highway department and was on duty when he was injured.

Mr. and Mrs. Albert Mason visited Monday with his mother, Mrs. J. W. Mason and his brother, Mr. and Mrs. Vernon Mason, all of near Evant.

We are glad to report Mr. Mason recovering nicely from recent surgery at the Scott & White Hospital in Temple. He wishes to thank all who were so thoughtful of him during his illness for the cards and letters received. The visits there and at his home since his return have been appreciated.

Presley Bullard of Fort Worth visited while Monday in the home of his sister Mr. and Mrs. Edwin Guinn and Sammie.

Mr. and Mrs. Lavmon Newton and sons, Mike, Phillip and Stanley of Rochester spent the weekend with her parents, Mr. and Mrs. J. H. Davis.

Sunday visitors in the home of Mr. and Mrs. Edwin Guinn and Sammie were Mr. and Mrs. Will Parker of Hico and Mr. and Mrs. Vivvil Parker of Fairy.

The writer attended the dedication services at Pioneer Hall in Hamilton Sunday. A good crowd was present. Judge Truman Roberts gave the opening address which brought back to our minds the hardships of our ancestors. One hour of the program was broadcast over KCLW. Song service was featured from 1:30 to 4. Mr. and Mrs. Weldon Jones of Gatesville and Mr. and Mrs. Claude Graves of near Gatesville were among the out of county singers. It was decided that a

### CARD OF THANKS

We wish to express our heartfelt thanks and appreciation for the many kind expressions of sympathy shown during the illness and at the death of our loved one. We are very grateful to the doctors and nurses for their untiring efforts. Thanks for the many friends who sent food and to those who assisted in serving the lunch. The large floral offering was a great expression of sympathy and admiration. We shall always remember the kind words of inspiration spoken by Rev. Brown. We appreciate very much the kind consideration of the funeral home staff.

monthly singing will be held at Pioneer Hall each first Sunday at 2 o'clock. So join us next Sunday afternoon for another sing song. J. T. Jackson returned home Monday morning from the Hico Hospital after a few days stay for a virus infection. Glad to report him doing better.

Mr. and Mrs. Marvin Porterfield of Copperas Cove were up last Wednesday to attend funeral services of his uncle, Frank Simons of Hico. Frank was a former resident of Fairy, having spent most of his boyhood days here, and friends and acquaintances were sorry to learn of his death.

Mrs. E. V. Meador and Mrs. Judy Keller were Fairy visitors Monday afternoon and visited a short while in the E. M. Hoover home and the home of the writer. Mr. and Mrs. Willie Turner and Bernice spent the weekend in the home of their children and families, Mr. and Mrs. Billy Turner, Mr. and Mrs. Ray Botkin, and Mr. and Mrs. Ray Turner and Keith, at Killeen.

We hope to complete the cleanup again at the cemetery Tuesday with the help of our grandson, Jimmie Sellers and Sammie Guinn. Saturday we got the west section mowed and a portion on the north side where the growth was the highest. Mrs. Edwin Guinn helped us Monday afternoon and the boys worked after school. We finished most of the mowing, and finished hoeing and cleaning up some 27 lots and several single graves and also made some fills due to the heavy rains.

The following lots have been worked: C. M. and Joe Broyles, Will Green, Jan Grisham, Grady

Anderson, Clyde Pittman, Henry Burden, Allison and Rainey, Barbee and Jones, Bert Wright, Otto Enger, Emmitt Anderson, Slater, Carder, Burris, Penny, Willie Crow and sister, Bonner, Ed Allison, Jacobs, Richardson, McCoy, W. E. Goynes, Goynes and Blakley, Newman and Cox, M. E. Parks, and Jake Ogle.

Our sincere thanks to Mr. and Mrs. J. O. Proffitt of Rochester for a donation of \$5 for the care of her parents lot, Mr. and Mrs. Rush Massengale.

With so much rainfall recently, we have had double duty with the weeds and grass. We know everyone can realize, by your own lawn how fast the grass and weeds are growing. We had hoped the last cleanup would suffice this year, but not so with so much rain and

more showers predicted for Wednesday. We may even have to go over it all again before frost. Thanks to all for your donations which have made the work possible.

Mr. and Mrs. Lloyd Bolstad, Glenn and D'Ann of Houston spent the weekend with her parents, Mr. and Mrs. E. M. Hoover. All attended church at Hico and met Miss Dorothy Box. She and Mrs. Bolstad were former schoolmates and it was the first time they had met since Mrs. Bolstad's marriage.

Mr. and Mrs. E. M. Hoover were in Waco one day last week and reported some fields of cotton were standing in water. Seems it going to be a late cotton harvest if the weather doesn't stay clear for a while.

If you're like most Americans, you probably intend to use your Savings Bonds as a down payment on a house, to help send a child to college or otherwise upgrade your standard of living.

You don't need to feel one whit less patriotic because of this.

The fact that you and tens of millions of other Americans buy and hold U.S. Savings Bonds helps Uncle Sam manage his financial affairs better and puts him in a position to be a stronger voice and a stronger power in the free world.

And the fact that you and these other millions of Americans have accumulated the savings you have—47 billions in E and H Savings Bonds alone—is one of the reasons why Americans are financially strong and reliant. And their individual strength is the strength of the nation.

When the communists make one of their favorite statements—that they're going to "bury us" economically—your savings and your support of your country are mighty powerful answers. Keep building both with U.S. Savings Bonds.

COUNTY AGENT REPORTS

By DeMARQUIS GORDON

This past week the Hamilton County cattlemen petitioned the Texas Animal Health Commission to have the county declared a type II Brucellosis control area. Over 800 cattle owners signed the petition. In doing so Hamilton County became the sixth county in Central Texas to complete the petition during the last year.

Since October 1963, Erath, Somervell, Hood, Bosque, Coryell and Hamilton counties have sent petitions to the commission.

Hamilton County Farm Bureau did most of the work in getting the signatures. Their directors drove hundreds of miles and devoted many hours to get the required number of signatures. Other organizations and individuals assisted with the petition. This work began about three years ago. Cattle testing for brucellosis will probably begin early in 1965.

Texas continues to be screw-worm free, with no cases having been reported anywhere in the state in more than five weeks. This period may not continue much longer.

An increase in screwworm infestation during the fall months has been the normal pattern during the past years. Cooler wetter weather is more ideal for fly development and migration. Livestock owners should continue to treat livestock wounds before they become infested. The time to stop the fall buildup is now, before it starts.

Alfalfa can not be beat as a crop on areas that will grow it. Our problem is there are not enough of these areas in Hamilton County. R. B. Miller said that he has 10 acres of river bottom land near Gentrys Mill that has produced 122 bales per acre this year, and he will get another cutting if the army worms don't take it first.

An unusual thing is happening to the cotton in the county. Since the rain, the cotton has grown six to eight inches taller and put on new squares. The new growth covers the mature bolls and the cotton does not appear to be ready to harvest. This is causing a problem because the cotton is harder to defoliate.

Arsenic acid should not be applied before at least 75 percent of

the cotton is open. This will eliminate the possibility of excessive residues in the cotton seed and products.

The Farm Bureau had a very interesting meeting Monday night at the elementary school in Hamilton. Cake and ice cream was served. Dorothy Gray of Hico and Bill Murdock of Hamilton gave reports of the Farm Bureau Youth Seminar they attended this summer. These two talented young people are very interesting to hear. Murray Cox showed slides and talked about his tour of the Holy Land and parts of Europe.

Our weather goes from one extreme to the other. For almost two months during the summer we got no rain. Since August 16, according to the Soil Conservation Service, we have received 10.95 inches.

Average annual rainfall for the county is 30.89 inches. As of September 21 we had received 26.82 inches. If it rains more than four inches between now and Dec. 31, this will be a wet year, or above average rainfall year. Yet the July-August drought was considered by many to be the worst drought since the early 1950s. This is why our average rainfall means very little to us.

The 1962 rainfall in this county was 18.58 inches and the 1963 measurement was 18.84 inches.

Most of the range grasses are not responding to the rainfall very fast. Because of the summer drought and over-grazing, the pastures were bare. When grasses are short and plant vigor low, all the moisture is used to replenish the plants' root food reserves. Plants in low vigor need 6 or more weeks of root growth before the tops begin to make rapid growth. Plants with good vigor will begin rapid top growth with about 1 week's root growth. Deferment for 6 to 12 weeks after good rains will grow lots of grass.

Prospects are good for early small grain grazing. Following a good wheat and oat year seed should be plentiful.

Wheat growers in the state were reminded this week that use of the variety name "Rust Resistant Triumph" in labeling wheat seed is considered a violation of the Federal Seed Act. The U.S. Department of Agriculture has found the variety to be non-resistant to leaf rust.

The Act is administered by USDA's Agricultural Marketing Service with cooperation from the states and specifies that variety names of agricultural seeds shall

not be false or misleading. Requests have been made to change the name of the variety to "Triumph 64" and it has been approved by AMS as being in compliance with Federal Seed Act requirements.

**IT'S THE LAW—**

Much of the work a lawyer does has the effect of preventing law suits. By foreseeing a situation which may go bad, a lawyer can protect his client. All of this means great emphasis upon legal research.

Much of your lawyer's time goes into looking up the law. He must check statutes, codes, reports of decisions, commentaries, and often technical books outside the law. He can then advise his client what to do and to keep his client from getting into situations that may lead to litigation. This stress on prevention is relatively new, as compared with the lawyer's traditional role as trial advocate.

In general the longer a rule of law based on precedent has been used, the more persuasive a court is likely to find it. Following precedent is called the doctrine of stare decisis (the decision stands). Because of stare decisis, lawyers are able to count upon the law's stability in helping their clients to plan their estate, personal, or business affairs.

But law also changes as conditions and attitudes change. And these are days of change.

Lawyers want to predict legal results reliably for their clients. Some law changes little, for example, in the fields of property, contracts, wills, and trusts. But in other fields such as civil rights and labor law, for example, the law changes rapidly these days.

In order to keep up with change, for example, Texas lawyers have pooled their research and talents to conduct a program of Continuing Legal Education. During the past year there were more than 2,000 registrants in the program. They have kept up to date through hundreds of lectures and the publication of several new volumes of law books. The program is a project of the State Bar of Texas begun in 1948. It is fully financed by Texas lawyers and judges at a cost of several thousand dollars a year. The various law schools of Texas also conduct a number of post graduate seminars each year, attended by hundreds of members of the profession.

**Girl Scout Leader Training Program Offered This Fall**

Hico Girl Scout Association will offer two types of leadership training this fall, according to Mrs. Chester Martin, community chairman for the association.

There will be a progressive basic group leadership course in 5 sessions for all new leaders, assistant leaders and interested troop committee members, as well as participation in a district-wide advanced training course for Junior, Cadette and Senior Girl Scout leaders who have already had the basic course.

The professional workers from the Heart of Texas Girl Scout Council will assist with the training program, Mrs. Martin said. They are Mrs. Ray A. Hoyle, executive director for the council; Mrs. Wayne Holland and Donna Lovel, field advisers.

Hico Association volunteers taking the training will meet with volunteers from Stephenville and Strawn in sessions on October 8, 15, and 22 at the Girl Scout House in Stephenville.

The District I advanced training course is scheduled for Nov. 18 at Mineral Wells.
