## First Grid Workout Slated Monday Afternoon at 6

The Tiger football hopefuls will begin their first week of workouts Monday afternoon, at 6 p.m., with around 150 boys expected for the initial session.

The new interscholastic League, the first week will be devoted entirely to conditioning drills for the boys going to pads the first week.

The team will have four weeks to get into shape for the season which opens Saturday, September 11.

Head coach Robert Lee said he expects that the '65 squad will

be young and inexperienced, but he is hopeful of molding a presentable team before the season is over. Nine seniors were graduated last year, but the new coach has sufficient lettermen returning around which to build this year's squad.

A scrimmage game will be scheduled before the season opens, announcement of which will be forthcoming.

Mr. Lee said that he tried to contact all boys that he thought would be interested in playing football this fall, but urged any that he might have overlooked to attend the first session Monday afternoon.

The new coach was elevated to the head position after last year's undefeated season with the junior high team. He replaces Jack Barnett, who will serve as assistant. David Anderson will take over the junior high coaching duties.

Schedule and other information will be given later.

## MOVES BACK TO HICO

Mrs. Barto Gambie recently moved back to Hico from Fort Worth and Stephenville where she had resided the past two years. She is living in the Ethel Lackey home.

Mr. Mims is head coach of the Abilene All-Stars, who will meet the district stars this Friday evening at the McMurry Stadium.

Mr. Mims and Strong are members of the East team.

## Riding Club Activities...

By JOY TOLLIVER

The Jackpot Cutting held last night, July 27, there were three classes, Novice Class, Novice Class, and Open. Cash prizes were awarded the first two in each class. Mr. Slanders Hamilton served as judge.

Entries in the Novice Class included: Short Cut, owned and ridden by Orville Ogley; Willow Tail, owned and ridden by Weldon McElroy; Lucy Lacey, owned by Ed Lesley and ridden by Ed Lesley; Frosty, owned and ridden by C. L. Hunt; Pinto Sun, owned by Hull and ridden by Panch Oglesby; Dusty, owned and ridden by Jackie Huey; and Bone, owned by James & Ambler and ridden by A. E. James; L. N., owned and ridden by Jamie Weathers; China Rustler, owned by Jack Maddox and ridden by Garland Parker.

in the various events. Johnnie Robison even ventured out to "Show 'um what the old ladies could do." That's quoting Johnnie.

The first event, the barrel race, was won by Dicky and David Treadway tying for first with times of 16.4, and Eldon Black next with 19 seconds in the kid's group. Winners in the Mama and Papa group were Darlene Holley with 16.7 and Herman Sowell with 19.1. Little Carrie Noble didn't win but she sure was cute. She's a little bitty girl on a great big horse.

Winners of the Flag Race were Eldon Black and Dickey Treadway, another tie, with times of 8.8 seconds, and Bill Holley with a fast 8 seconds flat. Billy didn't intend to enter the race, but after Darlene couldn't get the horse to turn left, he had to show her how it was done. He may have been in trouble after Darlene got him home. Jim Weeks started the night out with his routine fall. He says he and his horse have to fall at least once a night. I think his trouble is he tried to beat Herman too bad.

Next event was Ribbon Roping. Butch Carmichael won first with a time of 17.8 and the other winners were the old regulars, Alton and Joan Ranwater with 15.7 seconds.

The most exciting event, the Rescue Race, was next. David and Dickey Treadway, with a time of 8.7 were winners in the younger group, and Donald Mayfield and daughter Debbie were the other winners, making a time of 13.7.

Mr. Hawthorne even got into the action, when he rescued Alton. Milton Rainwater is always doing the rescuing and gripes because Myrtle can't get on, but the table was turned and he got rescued for a change—by Johnnie Robison. It's not as easy as it looks, is it Milt? In spite of it all, they did have a good time of 15.7 seconds.

Pole Bending was won by Dicky Treadway with a time of 23.7, and Bill Holley with 22.5.

Final event was calf riding, and for some reason, only the younger set got in on this action.

Shorty Dove, Alton Rainwater, Bill Howard, Ronnie Hefner, Edwin Black, Eldon Black, Herman Sowell, Milton Rainwater, Donald Mayfield and J. D. Partain were the ten ropers out Saturday night. Shorty Dove had a 10.4 for the best time of the night. I thought we were going to have to stay up all night waiting for Herman to catch a calf, but he finally just gave up—until next week.

That's about all of the action this week, but don't forget to come out Friday for Kids Night.

## \$52,000. Loan For Recreation Center Approved By FHA

A loan of \$52,000.00 has been approved for Bluebonnet Country Club, Inc., according to information from George Krupala, County Farmers Home Administration office manager at Hamilton.

The loan will be used to construct and improve present facilities of the corporation.

Plans for the recreation center call for construction of a new 9-hole golf course, a swimming pool, new caretakers' quarters, and complete renovation of the present club house. Other recreational facilities are planned for future construction.

The current program was inaugurated back in February when preliminary planning

and application for the loan was made. Following tentative approval, the engineering firm of E. E. Johnson & Associates was employed to offer guidance on the program, and after some delay due details necessary to securing clear title to existing property, formal plans and application was submitted on July 1.

Next step before actual construction may get underway is to secure approval of what is known as Exhibit B. The latter is actual bids on various phases of construction.

Upon approval of Exhibit B, work can actually be started. No estimated starting time was available at mid-week, but by next week, complete details should be available.

## Three Local Youths Receive Minor Injuries When Car Overturns

Three local youths received minor injuries as a result of an automobile accident around 3 a.m. Tuesday when the car in which they were riding overturned on a corner near the Melva Henderson farm north of Hico.

The youths, Dennis Polk, Jim Grimes and Gary Wooton were returning to town after catching turkeys most of the night for Woodard Produce.

Young Grimes, driver of the car, said that he fell asleep at the wheel and failed to make the corner. The vehicle was a total loss.

Most seriously injured of the three was Wooton, who suffered an injured back and was still hospitalized Wednesday. Polk received bruised ribs, and Grimes a cut over one eye.

Ronnie Hefner, who had been working with the boys, was following the Grimes car, and brought the boys to Hico Hospital.

## BOWLING ALONG...

By RUTH SALMON League Secretary

The only two Rebels on deck Friday night were Charles and Wanda Baley, but that didn't discourage them as they dusted the Bowl Weevils 4-0. Charles came forward with a 502 while the other Weevils were fighting the dust. Peggy O'Neal was downing pins for a big 189 game.

The First National Bank and Judy's came to a 2-2 split, with Buddy Randals getting the old hook ball for a 514.

Morse Ross topped the high game and series for the summer with a 257-617, as he and the rest of the Salmon team won 3-1 over Cheeks. Conda Salmon came out with a 200 game but it didn't come easy as Ray Cheek scattered pins for a 211-546, Pat Ross had 520 and Glenn Ross 504.

The F-W Ranch and Hico Motors were having close games, the results being 2-2 as Gladys Partain clobbered the pins for a 162 and

Jim Bullard, a sub for F-W popped the pins for a 522.

There was lots of good games and series bowled among all the members except about two players. No names mentioned.

Fairy Community News

By MRS. EUNICE DANIEL

We have had unsettled weather for the past few days. We received about 2 inches of rain Sunday about 4:30 p.m., along with storm-like winds which broke up and blew down paradise trees at the homes of Mr. and Mrs. T. R. Parks, Mrs. M. E. Parks and Mrs. Ruth Cunningham. The wind also blew down a large sign at the former post office building and broke off a portion of a large tree west of the Turner station, and also broke some limbs from a pecan tree at the E. M. Hoover residence. About the same time the wind struck here storm winds struck 2 miles north of Jonesboro at the J. O. Head home, the former King Ranch. A large chicken house was unroofed, the roof passing by the dwelling and missing by only about 2 feet and landed in the driveway. Trees were uprooted and others broken off. Mrs. Mildred Witt visited a short while late Sunday at the home of her sister, Mr. and Mrs. Oran Willeford, and stated that she encountered heavy rain enroute from Dublin to Hico.

We were sorry to learn of the passing of Mr. A. W. Rachug's wife. Funeral services were held Monday afternoon at the Emanuel Lutheran Church at Clifton, with burial in Clifton Cemetery. He passed away in the Sunset Nursing Home in Clifton. Our sympathy is extended to those bereaved in his passing.

Those from Fairy attending the services were Mr. and Mrs. Oran Willeford, Mr. and Mrs. Lester Timmerman, Mr. and Mrs. Robert Proffitt, Mr. and Mrs. B. A. Gleason and family, Mr. and Mrs. J. T. Jackson, Mrs. Walter Abel, Mr. and Mrs. Ovie Brummett and family and Mr. and Mrs. Virgil

Parker. Mr. Scott Whitaker, a coach in the Olney School and his two sisters, Mrs. Mary Stubblefield and Mrs. Dona Lee both of Woodson visited awhile Saturday at noon in the home of the writer. They were down to visit relatives in Hamilton and to attend the Massingill reunion held Sunday at the picnic grounds on the David Massingill place. The Whitaker family formerly resided in the Agee community and attended school there. They asked about the Blakeys, Drivers, Kavanaughs and Jones families, many of which we had to tell them had passed away. We enjoyed their visit very much and hope they can drop by again sometime. They visited at the cemetery while here and also visited several other cemeteries over the county where relatives are buried. Around 125 relatives attended the reunion.

Mr. and Mrs. Glenn Arrant of Fort Worth and her mother, Mrs. W. E. Cunningham visited here during the weekend. The Arrants visited his parents, Mr. and Mrs. Ted Arrant. Their children, who had spent last week with their grandparents, returned home with them, as did Mrs. Cunningham.

Mr. and Mrs. Monroe Henderson presently of Hico, stopped at our home a short while late Monday, enroute home from Killeen and other points in that area. Mr. Henderson, who is retiring from the Navy, is temporarily located at Hico until he finds the type of job he wants for future livelihood.

Ray Turner and sister, Bernice and their niece, Rhonda Turner of Killeen spent the weekend here with their parents, Mr. and Mrs. Willie Turner. Ray also visited his wife's parents, Mr. and Mrs. Carl Ray Sellers, Jimmie and Janice, and his wife and Keith who had been visiting her parents since Wednesday. She came up to be with Jimmie Don, who underwent a tonsilectomy Thursday morning at Hico Hospital. Today, Monday, he is able to talk a little, and also eat some foods. According to notes written during his speechless period, had he known the ordeal would have been so rough he did not think he would have had it done. We are glad the worst is over and hope he will have better health in the future. The news item in last week's news should have read, "Here goes grandmothers helper" instead of here goes grandmother to help.

The writer attended singing at Lund Valley Sunday afternoon. Enroute we went by the river route and stopped at the Massingill reunion. While there Mr. Scott Whitaker of Olney had us turn in a subscription to the News Review. We think he will find it a wonderful little home paper and hope

he feels he is getting his money's worth. While there we learned that Mrs. Ruby Moore's daughter, Reta has whooping cough and it was serving her pretty rough. We hope she will soon be much better.

Mrs. Jessie Edwards of Hico visited during the weekend in the home of her daughter, Mr. and Mrs. Oran Willeford, Dora and Della. Doran, who is attending Baylor University, spent the weekend with home folks.

Mr. and Mrs. W. E. Goyno returned Monday after visiting since last Tuesday at their home in De Sota, and visiting with their daughters, in Fort Worth. Their little grandson, Bobby McDowell returned home with them for a visit.

Mr. and Mrs. Bill Davis and Gene of Lubbock visited last week in the home of Mr. and Mrs. Jim H. Davis. Visiting in the Davis home during the weekend was Mr. and Mrs. T. A. Davis and Jimmy of Iredell.

We received a letter Monday from Mrs. Lula Basham Holder of Gatesville telling us that her sister, Mrs. Oscar Russell of Gatesville, had undergone major surgery in Scott & White last Friday and was doing as well as could be expected at that time. We were sorry to learn of her illness and hope she will soon be fully recovered. The Basham family are former residents of Fairy.

Mrs. Ovie Brummett informed us last week of the serious illness of Mrs. W. G. Brawley of Fort Worth, who is the former Geraldine Brummett of Fairy. Mr. Brummett had received a message regarding her condition while they were in Birmingham, Ala. on their vacation. Mrs. Brawley came near hemorrhaging to death due to bleeding ulcers. She was a patient at Harris Hospital in Ft. Worth.

Dewey Wilson of Lawton, Okla. was a Fairy visitor Monday and Tuesday of this week. While here he visited with Alvin Priest, Bill Abel and W. E. Goyno. Dewey formerly resided here and was caretaker at one time for the cemetery. While here he stopped at our home and left \$3 to help on care of his relatives' lot. He and Bill Abel also visited in Hamilton with Walter Porterfield. They stated that Hamilton received a good rain while they were there.

Mrs. Kate Edwards of Hamilton and Mrs. O. I. (Babe) Garner of Olin stopped at our home Monday and each left \$3 for the Bernard Lynch lot and Fletcher Newsome lots at the cemetery. We thank each so much. We had planned to start work at the cemetery again Monday but the light rain delayed the work until Tuesday noon. Most lots are in good shape, but we had planned to do a lot of cleaning up around curbs and fence rows, cut down some dead cedars and such. Then we will work lots that need work or any that relatives desire worked. We work lots for \$1 each. If your lot is not in the yearly care plan, and you want us to work them please contact us. Mrs. D. E. Allison of

Stephenville also left a donation of \$5 Thursday of last week.

We noticed Sunday that surveying and setting back fences has begun on the west end of the river roads, a stretch of some five miles of farm to market road will be built and those folks along this route have been needing a better road for some time. It will also provide a better road for folks of this area who prefer to go straight through.

While at the Hico parade last Wednesday week we had damage of a little over \$67.00 on our TV set. Fortunately we had insurance and in some 40 or more years that we have been paying on household furnishings this was our first time to have to collect and now we disconnect the TV when leaving, even though there is not a cloud in sight.

We attempted to call the I. A. Morgans at Hico Sunday morning but no answer, then learned after arriving at the singing that they had moved to Energy. They have a farm two miles out and Mr. Morgan had been going back and forth to look after his stock and farm his place.

Mrs. Raymond Driver and daughter, Mrs. Nelda Buchanan and two children of Texas City are visiting at this writing in the home of their mother and grandmother, Mrs. M. E. Parks and Audie.

Larry Don Taylor spent the weekend in the home of his aunt, Mr. and Mrs. T. R. Parks while his parents were in Big Spring to be with his brother Lonnie Taylor whose wife was killed in a car accident last week in Nevada. Funeral services were held Sunday at Sweetwater with burial there also. Mrs. Taylor was about 65 years old. Larry Don's mother is the former Nola Newsom. Our sympathy is extended to the bereaved family.

We received a nice letter last week from the Rev. Val Nance family, telling us of Mr. and Mrs. Jim H. Davis sending them the Hico paper, and how they enjoyed reading the Fairy news. Now you folks get busy and turn in your news items, especially you Baptist folks for whom he was pastor, so he can hear from you. Bro. Nance was a man who was interested in the community as a whole and had many friends here and throughout the community. We know all are missing them here.

We learn the Roy Blakeys are having a telephone installed at their place and they surely need it.

WE HAVE IT!

### BRAHMAN NOT COWED BY POPCORN

READY FOR SALTY STATE FAIR—At last year's State Fair of Texas, this Brahman found something better than a saltlick; a hole with some salt, but the salt was on popcorn. Undaunted and un-cowed, the Brahman won—everybody knows that eating popcorn is part of "going to the fair." The 1965 State Fair of Texas will run October 9 through 24 in Dallas, with the internationally significant Pan-American Livestock Exposition the major attraction of the first nine days. The Pan-American will feature the Premier Angus Show of the Americas, along with excellent shows of Hereford, Brahman, Brangus, Charolais, Santa Gertrudis and Shorthorn cattle. During the exposition, a superior dairy show also will be presented, with the Regional Holstein Show, State Jersey Show, and shows for Ayrshire, Brown Swiss and Guernsey cattle. In addition, there will be shows for purebred swine, sheep and goats.

One of Cole Porter's all-time best scores and one of Broadway's most successful musicals, "Kiss Me, Kate," will be the final show of the Dallas Summer Musicals' season, Aug. 16 to 23, with Metropolitan Opera's glamorous Patrice Munsel and Broadway and movie star George Wallace in leading roles.

### The Road Runners by Dee & Lee

Riding around town this week we saw a boy driving a new Pontiac Grand Prix. Looking into the matter we discovered that it was our own Drewford Barnett. Your new car sure is pretty Drewford.

Lee Shepherd and Claudia Hafer went swimming at Hamilton Sunday afternoon. Hamilton sure has been attracting a lot of Hico kids lately. What's so interesting?

Nellye Wolfe accompanied Mrs. Bateman and Butch on a weekend vacation to Lake Texoma. Nellye said she sure did have fun but she didn't like the tornadoes very much.

Bud Strong came home this weekend but left again Sunday afternoon for Abilene where he will begin football practice. Maybe he will be home to stay one of these days, Barbara.

Lee and Dee spotted Lynn Redden and Johnny Sartor together a few nights last week. We sure are glad to see an old couple back together again.

Barbara Casey and Dianne Jaggers returned home last week after a short stay in Breckenridge where they visited Dianne's cousin. They seem to have found something very interesting there. Fill us in girls.

Johnny Woody has decided that he just can't keep away from Hico, or the people. Glad to see you back again, Johnny.

Paul Koonsman lost one of the laces to his tennis shoes, and Lee Shepherd seems to have found it, but she says it can't be returned. Don't worry Paul. She will buy you a new one, but this one is a souvenir.

Cennie Bulloch had a yard party last week. The couples attending enjoyed dancing and refreshments.

Jean Moon came from Grand Prairie to spend the weekend with Linda Duncan. We hope she will come again soon.

Ronnie Mayfield went to take his physical one day last week. We know the Army needed you, but were glad to hear that you will be with us for a while yet.

Frances Lepard is spending the

next two weeks in Big Spring visiting her grandmother. Hurry back Frances. Scott looks awfully lonesome.

Sandena Hicks seems to be walking on air lately and it's no wonder. Just take a look on her third finger, left hand, and you will see the reason.

HOUSE JOINT RESOLUTION NO. 8 proposing an Amendment to Section 24, Article III and Section 17 of Article IV of the Constitution of the State of Texas, to allow an annual salary in an amount to be fixed by the Legislature for the Lieutenant Governor and for the Speaker of the House of Representatives, and increasing the per diem allowance of Members of the Legislature.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 24 of Article III of the Constitution of the State of Texas be amended to read as follows: "Section 24. The Lieutenant Governor shall, while he acts as President of the Senate, receive for his services an annual salary in an amount to be fixed by the Legislature and the same mileage which shall be allowed to the Members of the Senate, and no more; and dur-

THIS WEEK IN AUSTIN—

Highlights and Sidelights

By VERN SANFORD  
Texas Press Association

State offices are playing a game of musical chairs.

Better make note of these departmental moves that have just taken place, are now being made or will be completed this month:

Teacher Retirement System of Texas has moved from the fourth floor of the Sam Houston State Office Building, formerly State Office Building No. 1, to the third floor of the Lowich Building.

Texas' new Coordinating Board of Higher Education soon will occupy the entire sixth floor of the Sam Houston State Office Building.

Parks Division of the Texas Parks & Wildlife Department moves out of the Sam Houston Building—into the newly acquired American Legion Building—to make room for the Board of Higher Education.

State Building Commission will

move from the Reagan State Office Building (State Office Building No. 2) into the west wing of the Sam Houston Building.

Texas Tourist Development Agency, now in the Sam Houston Building, will move into offices in the Reagan Building vacated by the Building Commission.

State Water Commission will move from the American Legion Building into the east wing of the Sam Houston Building.

Intercoastal Canal Dilemma

Joe Moore has a \$400,000 problem, and so far, no solution.

Moore, a member of Gov. John Connally's staff, is trying to find a way to allow Texas to live up to its commitment made by Gov. Allan Shivers exactly 10 years ago.

In August 1955, Governor Shivers gave the state's endorsement to a proposal for the widening and deepening of the Intracoastal Waterway from the mouth of the Sabine River to just south of the Brazoria County line across West

Bay.

He assured the U.S. Army Corps of Engineers that local sponsors would meet the cost of the right of way so that the canal could be widened to 140 feet from 125 feet.

"All that was needed to keep the project going in 1955 was the state's commitment," Moore said. "There was no need to produce the right of way money then. But there is now, if we're not going to lose the project. The state has at least a moral commitment to aid in getting local sponsors."

Although no firm figures are available, Moore believes acquisition of right of way for the project through Jefferson, Chambers and Galveston counties would cost about \$400,000. The federal government's cost of widening and deepening the waterway is expected to be in excess of \$6,000,000.

Completion of the project would open the channel to Mississippi River barges.

Anti-Poverty Projects Okayed.

Three more Community Action Programs and four additional Neighborhood Youth Corps applications have been approved by Governor Connally.

Community Action projects in Houston, San Antonio and Mercedes carry federal grants totaling more than \$2,000,000.

NYC grants of \$155,040 will permit employment of 393 students in Luling, Anderson County, San Jacinto County and Trinity County.

Chemical Plant at Diboll

Borden Chemical Company has purchased a 100-acre site at Diboll on which to construct a synthetic resins plant, Governor Connally announces.

An initial \$1,000,000 expenditure is contemplated. Company reportedly will market resins in East Texas for such applications as plywood and particle board adhesives and foundry core binders.

Selection of Diboll for the new plant site attests to the growth of prospects for the southern pine industry in Texas, said Connally.

Short Snorts

Texas Railroad Commission has ordered its staff to devise tests for oil fields over the state similar to those used in East Texas.

Texas Parks and Wildlife Department will send hunting and fishing licenses to 2,500 dealers earlier this year to avoid the usual last minute scramble.

Detailed hunting and fishing regulations for key areas now are available from the Parks and Wildlife Department.

Texas Railroad Commission is hearing opponents of an application to approve lower interstate and intrastate products. Truck lines oppose the practice long followed by railroads.

Cigarette tax receipts increased \$280,118 in July over the same month in 1964, but liquor stamp sales dropped off \$108,181 and wine stamp receipts declined \$53,458, according to Comptroller Robert S. Calvert.

State Auditor reports that as of August 31 last year the University of Texas system held investments worth nearly \$463,000,000.

Texas draft boards will be inducting a considerable number of 19 year olds by fall if draft calls remain high, according to Col. Morris S. Schwartz, state Selective Service director. Amended September quota for Texas is 1,459 men; estimated October call is 1,780. This compares with recent monthly quotas of 700 to 900. Schwartz said that mostly 21 year olds will be called in August. Business outlook is bright for

COUNTY AGENT REPORTS

By DeMARQUIS GORDON

Grain sorghum, an important crop in Hamilton County, is now being harvested. Yields are varying from less than 1,000 pounds per acre to 3,000 pounds. There will probably be some fields that will yield more than 3,000 pounds, but the county average will be low.

According to the Crop and Livestock Reporting Service, an estimated 13,000 acres of grain sorghum was harvested in Hamilton County in 1964. The estimated average yield was 1568 pounds per acre.

Unfavorable weather is blamed for low yields in grain sorghum this year. Excess rain and cold soil in May caused the milo to get a poor start. Then it was the dry weather in late June and July that caused the milo to suffer and produce low yields. It is ironical that we had too much rain and too n.t.e.l dry weather for good milo production.

The best yields are being made on soils that are high in organic matter and soil nutrients. In most cases the nutrients were added by fertilizing according to recommendations. Organic matter is built up by properly using crop residues. Soils high in organic matter held the May moisture much longer and helped the plants develop good root systems.

In an effort to determine the grain sorghum varieties that produce best in our area we established four variety demonstrations this year. These demonstrations belong to William Melde of Aleman, J. R. Latham of Lanham, Clarence Goerdel of Pottsville, and Alvin and Willie Perry of Blue Ridge.

Each of these farmers planted plots of six or seven different milo varieties. We have a total of 15 varieties in our demonstrations. We are now checking yields on these varieties and hope to have results available for farmers in Hamilton County.

Of course results of one year's demonstrations will not be conclusive enough to say that one variety is best for this area. For example one variety might produce best under the conditions we had this year and another variety might do best under conditions we will have next year. But the demonstrations will give us some basis of comparison. Not only are yields being checked, but also head smut resistance, lodging and other characteristics.

Some farmers fail to realize the value of a by-product of grain sorghum which, when properly utilized,

the last half of 1965, according to UT's Bureau of Business Research. On the basis of reports from 29 cities, the Bureau found business activity 13 percent better for the first six months this year than January-June, 1964, and saw nothing to dim prospects of continued prosperity for the rest of 1965.

ed, could mean more money from next year's crop. I'm referring to crop residue.

In order to derive the most benefit from residue, it should be shredded and mixed into the top six or eight inches of soil promptly after harvest. The leaves and stalks will be converted into soil organic matter prior to the 1966 growing season. If the land is to be fallow until mid-April, there is little advantage to adding chemical nitrogen fertilizer when residue is turned under. Decomposition processes are normally very rapid in our soils, and nitrogen added to speed up rate of decomposition will be of more value if applied later to feed the following crop.

However, if a crop such as small grain is to follow within 60 to 75 days after harvest, added nitrogen will likely be a paying proposition.
