## FHA Students Receive Degrees Recently; Elect New Officers for 1966

Miss Denna Meador, present Future Homemaking president, was re-elected to the position for the 1966-67 school year. Miss Meador, daughter of Mr. and Mrs. E. V. Meador, is past Area IV Historian, and holder of the State Future Homemaker Degree of Achievement.

Other FHA officers elected were: first vice president in charge of program planning, Mary Beth Martin; second vice president in charge of local degrees, Cathy Cryer; third vice president in charge of local projects, Belinda Christian; fourth vice president in charge of recreation, Cherry Ramage; and fifth vice president in charge of publicity, Kathy Braune.

Others are: secretary, Suzanne Lackey; treasurer, Jeannie Baley; historian, Vicki Keller; and pianist, Barbara Casey.

Hico Future Homemakers were awarded certificates for achieving Junior and Chapter degrees by their advisor, Mrs. Marilyn Johanson.

Junior degrees were presented to Misses Elizabeth Black, Alyce Churchill, Marjean Henderson, Mary Ann Lepard, Judy Paddock, Robbie Robison and Barbara Thornton. These FHA'ers were eligible for the award after completing their freshman year of Homemaking and acquainting themselves with objectives of the National organization. Each girl learned the FHA purposes, creed, colors, emblem and meaning of the FHA flower.

Chapter Degrees were presented to Misses Jeannie Baley, Belinda Christian, Linda Grissom, Vicki Keller, Suzanne Lackey, Paula Lane, Charlotte Loyd, Mary Beth Martin, Cherry Ramage, Janis Shepherd and Doris Shipman. These sophomore FHA members have completed two years of homemaking and worked at the Hico Nursing Home as their way of interpreting the local program to the community. The chapter degree candidates compiled the story of their activities in theme form and were graded on the themes.

Two local students, Misses Denna Meador and Cathy Cryer, received the State Degree of Achievement, highest ranking degree an FHA member can obtain. Misses Belinda Christian, Vicki Keller, Suzanne Lackey and Mary Beth Martin have signed declarations of intentions to work on their State Degrees next year.

**OUTSTANDING STUDENTS** — These students were cited last Friday evening at commencement exercises for outstanding achievements in various fields of study the past school year. ## George Holladay Cow Moves Into Official 'Excellent' Classification

Battleboro, Va.—Bosque Aristocrat Mable 5084175, a Registered Holstein cow in the herd of G. E. Holladay, has been officially classified "Excellent," the highest designation attainable in the type classification program of the Holstein-Friesian Association of America.

This highly select designation is applied only to animals scoring 90 or more of the 100 points representing theoretical perfection in body conformation.

Of nearly 72,700 Registered Holsteins officially classified for type last year, only 785 were rated Excellent.

The Holladay Holstein moved into the "Excellent" bracket for the first time during a recent classification of the herd by Smith Mitchell, Smiths Grove, Kentucky—an official inspector on the staff of the national Holstein organization.

She scored 90 points. Animals scored "Excellent" in previous programs are not included in this listing.

The classification program, in continuous operation since 1929, provides a universally-recognized method of comparing the conformation of living animals with that of the True-Type Holstein cow or bull. Participation is currently at an all-time high level.

## HAS TONSILECTOMY

## Annual School Picnic Held at Glen Rose Last Tuesday, May 17

Tuesday, May 17, members of the seventh through twelfth grades of Hico Schools and their teachers and other members of the faculty as sponsors, went to Glen Rose for the Annual School Picnic.

Classes were dismissed at 2:35 that afternoon in order that buses might make their regular runs and get back to make the trip to Glen Rose. The group left about 3:30.

Students and their sponsors enjoyed swimming and roller skating until about 6:30 when everyone was served cold drinks and a sack lunch prepared by the school cafeteria personnel. The group returned to Hico about 8 p.m.

## Bosque Bridge Span Due Here Friday

W. R. Hampton, city street superintendent, said this week that barring further complications, the bridge purchased several months ago to span the Bosque River near the park, would arrive in Hico Friday.

A delay was created in moving the bridge when heavy rains forced abandonment of work on the site, which is located on the Clear Fork of the Trinity River above Benbrook Lake.

After the structure arrives here, work will begin on rebuilding approaches.

## 139 Entries in Riding Club Horse Show

Hico Riding Club Horse Show, held last Friday at the local arena, drew 139 entries from all sections of the country. Club officials were well pleased with the response to the show, and with the quality of animals exhibited here.

Milton Rainwater, club president, served as superintendent, and Garland Parker was ringmaster. Judge for the AQHA approved show was Huey Long of Cresson.

Rainwater and other club officials expressed appreciation to members who helped with the show in any way, to businessmen who donated trophies for the winners, and to the public in general for their attendance and cooperation in staging the affair.

A list of winners and trophy donors can be found elsewhere in this issue.

## Seniors Enjoy Traditional Class Trip to Mo Ranch

The Seniors left on our trip bright and early Wednesday morning, May 11. Everyone was wide awake, although it was just six o'clock. If we weren't awake before Edmund Horton boarded the bus, we were certainly awake afterwards. His flowered short suit certainly made him the center of attention.

We arrived at Lampasas for breakfast about 7:30 and stopped long enough to tape a sign "Mo or Bust" to the side of the bus. Then, it was on to Longhorn Caverns. Arriving at nine, we were the first ones to tour the caverns

that morning. After a few people lost their way in Lover's Lane, and then found their way out again, we were off once more.

We arrived at Buchanan Dam a little after eleven and proceeded to eat lunch, after a couple of people had ridden the hobby horse. Next stop was Kerrville, where we bought all the groceries we could carry. By the time we got back to the bus, Mrs. Walker was thoroughly embarrassed. I suppose it was because she took about eight girls into the grocery store and each one made it a point to call

her "mother."

We finally arrived at Mo Ranch about 3:30 p.m., and everyone proceeded to get into their bathing suits and head for the 50-foot slide. Those who went off the slide thought it was just grand and the ones who didn't go off it thought it was just grand, too, from a distance.

Our stay at Mo proved to be a lot of fun. There will be lots of things we'll remember from that trip. We will never forget the pigtailed beauty contest, or our proud winner, Mrs. Walker. Of course the runnersup, Hog Ears Ogle and Petunia Shepherd won't easily be forgotten either. We'll never forget the singing around the fireplace, especially Mr. Walker's "Here Rattler, Here" or our "Goodnight Little Pool Players."

For everyone, there will be some things that they personally won't forget. Mrs. Walker won't ever forget the kitchen; Lee Anne and Glenda won't ever forget the pictures taken; Donna won't ever forget what a long ride it is to Kerrville; Lynn M. won't ever forget what it feels like to wear your hair in a pony tail; Mr. Walker won't ever forget the birthday cake and Aggie sign fixed just for him; none of the girls will ever forget Sandra's pounding up and down the halls at 6:30 in the morning; Verna won't forget being "helped" out of the pool; Drewford won't forget the effort it took to be first in the lunch line every day;

Jimmy won't ever forget the pool games he got himself into; Lynn R. and Mike T. won't forget what Glenda told them about the school bus; Linda D. won't forget searching for a mail box; Edmund H. won't forget going off the slide with two on the coaster or having to dance with three girls as your

partner; Kay T. won't forget the stop at Johnson City; Cecil won't forget anything about Mo; Dianne J. won't forget being carried out of her room so that she could be in the movies; Dwain F. won't forget having his picture taken a little by surprise; and one, but no one, will ever forget "Harold Dean slow down," or "Oh Yeah."

We started home about 8:30 Saturday morning. We stopped on our way back at the President's ranch where most of us got out for a closer look. After leaving our respects at the ranch, we boarded the bus and headed once more for home. Everyone, or almost everyone, was ready to get home. We arrived home about 3:30. Everyone was a little tired, but happy and yet a little sad that our Senior trip was over.

### TO GRADUATE FROM A&M UNIVERSITY

Gary K. Westmoreland, son of Mrs. O. Z. Lemens of Walnut Springs, and son-in-law of Mr. and Mrs. C. E. Jackson of Chalk Mountain, is scheduled to graduate with a Bachelor of Science Degree in Range Science from Texas A&M University Saturday, May 28 in G. Rollie White Coliseum.

After graduation, Mr. Westmoreland will attend Utah State University on a teaching assistantship while working on his Master of Science degree.

Mr. and Mrs. J. D. Jones spent last week visiting in Big Lake in the homes of their sons, Mr. and Mrs. Wade Jones and family and Mr. and Mrs. Wayne Jones and family, and in San Antonio with their daughter, Mrs. Virginia Lackey.

## Play School Being Conducted By FHA Chapter Members

Members of Hico Homemaking 1 class are working toward requirements for their summer home experience. This week, May 24 thru 27, they have conducted a play school for pre-school children. Purposes are to give homemaking students an opportunity to work with young children, and to give the pre-schoolers attending an opportunity to be associated with other children and adults outside the family.

Play school was held in the first grade classroom of elementary school. The Homemaking students taught the group songs and games, told them stories, and supervised crafts. The group had a recess period, took hikes and tried to observe nature's creations. Concluding the outdoor periods the little folks had a rest period and were served refreshments prepared by the homemaking students. Miss Sharon Howard, home economics major at Southwest Texas State College, assisted Mrs. Marilyn Johanson, homemaking teacher, in supervising the play school.

Pre-schoolers attending the play school were Pat Barnett, Timmy Pierce, Karen Chaney, D'Ann

Meador, Sylvia Dayton, Carol Rainwater, Brenda Churchill, Jackie Putty, Jamie Dayton, Glenn Earl Carruth, Troy Thomas, Marty Knapp, Karrie Noble and Timmy Mayfield.

Homemaking students working with the group were Elizabeth Black, Alyce Churchill, Marjean Henderson, Mary Ann Lepard, Judy Paddock, Robbie Robison and Barbara Thornton.

Mr. and Mrs. J. C. Malone of Waco, Mr. and Mrs. D. H. Burden and Mr. and Mrs. Pierce McBride of Dallas visited recently in the home of their mother, Mrs. W. L. Malone.

Mrs. Ronny Fox, David, Phil and Linda of Morgan Mill were Saturday visitors in the home of Mrs. Jessie Richbourg. Monday visitors were Mrs. Alton Farrar and daughter, Mrs. Ann Sherman and Elizabeth of Dallas.

Mr. and Mrs. Wayne Duncan of Arlington were weekend visitors with his mother, Mrs. Buster Duncan and Linda.

Mr. and Mrs. E. L. Parks, Carolyn and Dianne of Fort Worth were weekend visitors in the home of her parents, Mr. and Mrs. E. R. Seago.

## Hico Faculty Enjoys Outing at Walker Saturday Evening

Saturday evening, May 21, members of the Hico School faculty and their husbands or wives enjoyed a supper and an evening of entertainment at Harold Walker's near Honey Creek.

The group enjoyed fishing and being served a barbecue by a Stephenville catering company. After the meal the group enjoyed an evening of "42" and bridge.

Mr. and Mrs. Jack Barnett presented a nice gift of an electric grill by members of the faculty. The Barnetts will be the son for Denton where he will attend school.

Those attending the social were Mr. and Mrs. Robert Jackson and Mrs. Wayne Rutledge, Mr. and Mrs. O. C. Cook, Mr. and Mrs. Bernell Jernigan, Mr. and Mrs. Jimmie Ramage, Mr. and Mrs. Bert Lee, Mr. and Mrs. David A. son, Mr. and Mrs. W. B. Hill, Marilyn Johanson, Mr. and Mrs. W. P. Brummett, Mr. and Mrs. Walker, Mr. and Mrs. J. C. Barnett, Mr. and Mrs. Chester Martin and Mrs. Frank Bonner, and Mrs. Barnett.

Damage to fabrics during dry cleaning can't always be blamed on the cleaners. Often the fault lies in the way the dry cleaner handles the fabric and special care is given to it.

It is your responsibility to inform the dry cleaner of the type of fiber and treatment. It is also your responsibility to choose a reliable dry cleaner and give him enough time to do a good job.

When the dry cleaner can satisfy your requirements, he will press a garment, he will know the fiber content, and he will use the proper treatment. It is also your responsibility to choose a reliable dry cleaner and give him enough time to do a good job.

Fragile voiles, gauzy chiffon and goergette, breezy batiste and lawn, dimity, dotted Swiss and chambray are some of the sheer summer fabrics for the feminine look. Crepes and jerseys are popular for garments designed to fit the body. Pebbled, printed crepes, rayon and silk plisse crepe, and other crinkled crepes capture much attention.

Jerseys, in silks, synthetics and weightless wools, travel lightly and comfortably for summer months. Piques, ranging from waffle petit point, and birdseye to bullseye, are abundant in summer white. Floral motifs and geometric patches are raised prominently on corded pique.

Novelty knits are on the successful list. Most are tricot backed for stability and include such variations as shaker, ribbed "poor boy", lacy crochet, and Italian hand-knitted designs with jacquard pattern and ribbon detail.

Care of wool. Wool responds well to proper care. After wearing, wool garments should be hung up to rest for at least 24 hours. This gives the fibers a chance to return to their original shape and so eliminate wrinkles. It is also helpful to brush the garment. This removes dirt and restores the nap to the fabric. Knitted garments should be aired, not brushed, and stored flat.

After wetting, wool garments should be dried at room temperature, never over heat, and then brushed to restore nap and texture. Pressing of wool garments should be done by placing a moistened cotton cloth over the wool before ironing, or using the "steam" setting on your iron. To avoid imprints from pocket flaps, a piece of brown paper should be laid under the flap.

Dry cleaning generally presents no problems to wool garments unless it is a poor process which has been known to shrink garments and take the resiliency out of them. Washing wool garments, such as sweaters, socks, baby clothes, and blankets can be done successfully with lukewarm water and neutral non-alkali soap or detergent. There are also special soaps for washing wool. Rough handling causes felting so wool garments should be handled gently and never squeezed. Then roll them in a towel to absorb excess moisture. Hot water softens the fiber and makes it shrink.

New processes and treatments and pre-shrink wools are making the fabric more versatile each season.

## Fairy Community News

By MRS. EUNICE DANIEL

We received about .8 of an inch of rain Saturday but the ground is becoming so dry farmers are back in the fields plowing out row crops and windrowing grain. Most of the grain is ready to windrow. We still have unsettled weather with a light sprinkle Monday.

The community extends sympathy to Mrs. T. R. Parks in the death of her mother, Mrs. John Newsom of Hamilton, who passed away at 7:30 p.m. Monday of last week at Hillcrest Nursing Home following a lengthy illness. Funeral services were held at 2:30 Tuesday in Hamilton with Rev. Mac Hargrove officiating. Mrs. Newsom, the former Nina Goode, was born Sept. 12, 1875 in Lavaca County. In Oct. of 1902 she was married to John Newsom at Whitson Mill, near Mbody. To their marriage five children were born, namely Myrtle, Mrs. T. R. Parks of Fairy, J. D. and Elmo Newsom of Hamilton, Mrs. Lola Taylor of near Hamilton and Ernest Newsom, deceased. Mr. Newsom preceded her in death in 1951. She is also survived by 11 grandchildren and 21 great-grandchildren. The beautiful floral offering bore tribute of love and respect for the deceased.

Mrs. Newsom was a member of Blue Ridge Baptist Church. Pallbearers were grandsons and great-grandsons, Weldon Parks of Grand Prairie, Bobby and Dicky Wayne Turner of Fort Worth, Harold Newsom of El Paso, Billy Newsom of Fort Worth, Charles Newsom of Hamilton, Eugene Massingill of Ft. Worth and Larry Don Massingill of Hamilton. We extend sympathy to the sons and daughters in the passing of their mother, and others who mourn her passing.

We were very sorry to learn of the untimely death of Minister Dennis Kellog, who passed away Sunday morning in Comanche of a heart attack. He served the Church of Christ in Hamilton for several years. Funeral services were held Monday at 2 p.m. with Ministers Tex Tilly of Gatesville and one from Grand Prairie officiating. Burial was in Evergreen Cemetery near Ireland. Our sympathy is extended to the bereaved family and others who mourn his passing.

Mr. and Mrs. Kenneth Driver of near Houston spent Saturday night with his grandmother and uncle, Mrs. M. E. Parks and Audie.

Several from here attended the Baccalaureate services at Hamilton Sunday night for 62 graduates. Four ex-Fairy students were members of the class, including Raymon Haile, David Gleason, Cioe Reta Holley and Jimmie Don Sellers. Commencement exercises will be Friday evening of this week. Truman Roberts will deliver the address.

Those from here attending the

services were the Wallace Haile family of near Olin, Mr. and Mrs. Walter Abel, Mr. and Mrs. Leslie New, Mr. and Mrs. Lester Timmerman, Mr. and Mrs. Claude Holley, Mr. and Mrs. Carl Ray Sellers and Janice, the writer Rev. and Mrs. Bob Ray and Mr. and Mrs. Albert Mason. A large crowd attended despite threatening weather.

While at Hamilton attending the above services we met our daughter Mr. and Mrs. D. E. Allison of Stephenville who informed us of the awful tragedy which killed 3 youngmen near Dublin late Sunday afternoon. Killed were James Wesley Watkins and a Mr. Wells, both of Mason and students at Tarleton State College and Oliver McCarty, son of Mr. and Mrs. F. V. McCarty of near Dublin. Seriously injured was Miss David Fenne of near Denton who was with Mr. McCarty who was home on furlough from the service. Mr. McCarty was a graduate of the late John McCarty of Hamilton, husband of the late Mrs. Minnie Penny of Fairy. Miss Evans was carried to a Fort Worth hospital. Our deepest sympathy is extended to the bereaved families.

Mr. and Mrs. B. A. Gleason attended commencement exercises at East Texas State University at Commerce where their daughter, Miss Merrijo was a member of the class. She is majoring in Home Economics.

Mrs. Raymond Driver of Texas City visited several days last week with her mother, Mrs. M. E. Parks and Audie. She visited during the weekend at Clifton with her husband's parents, Mr. and Mrs. B. F. Driver before returning home.

Mr. and Mrs. E. J. Duke, Compton and Diana visited Sunday with his mother, Mrs. M. E. Parks and Audie.

Mr. and Mrs. F. M. Hoover and Mrs. Walter Abel were in Hico Sunday afternoon to see the play of Hico schools which won first place in the state meet.

Mrs. Bess Cole of Fort Worth visited several days last week with her sister, Mrs. Ruth Cunningham and at Hico with Mrs. Jewel Tool-ey and children. She and Mrs. Cunningham attended graduation exercises last Friday night at Hico. Their niece, Miss Kay Tooley, was a member of the class.

Mr. and Mrs. Willie Turner had the following children visiting them during the weekend: Mr. and Mrs. Billie Turner and family, Mr. and Mrs. Ray Botkin and family, Mr. and Mrs. Ray Turner and Keith, and Miss Bernice Turner, all of Killeen.

Mr. and Mrs. Milford Miller of Fort Worth visited Monday in the home of her mother, Mrs. M. E. Parks and Audie.

Believe it or not, it rained, hailed and the sun shone in a period of 30 minutes Monday afternoon. A of an inch of rain was received, making a total of 1.2 inches since our last writing, and looks like we are in for more rain. The hail measured the size of a dime to a quarter but not of sufficient amount to inflict any damage.

Schools over the county are closing this week. The senior pupils will be online here and there for work, while the little ones will be

mother's problem during the summer. But the time will seem so short until our schools will be re-opening for the next term.

Hail the size of large hen eggs was reported in the Providence community near Hamilton, and also west of there and in the Ireland community southeast of Hamilton. Seems several of those reporting the large hail stones had several in their deep freezers as proof, but fortunately not much of the larger stones fell. Rain, wind and large hail was also reported north of Meridian.

The Fairy School Homecoming is only a few weeks away. We are making every effort possible to notify former students and parents. However there are many whose address we have been unable to obtain. 350 invitations are being mailed out and we hope that those who learn of the homecoming will attend regardless of whether you receive an invitation. For this is everybody's homecoming who wants to come and we want all to know everyone has a cordial invitation.

The date is Saturday, June 18 which in the past is held in the afternoon and night. Those who can come early will have a chance to meet more of your old friends and classmates. Hill catering service will start serving at 6 p.m. Plates are \$1.25 each and a refill if desired. Also space will be provided for those desiring to bring a basket lunch. Fred Ray Noland of Stephenville and his musicians will furnish entertainment. They have assisted us in the past and we feel sure you will enjoy their program. We hope to have a few local numbers to help out during their rest periods.

Mr. and Mrs. Bernard Andrews spent the weekend with her parents, Mr. and Mrs. Raymond Jones and

Donald Ray.

Mrs. Bess Cole received word Monday that her niece's husband, C. A. Allison of Wichita Falls was seriously ill. He is the son-in-law of Mrs. Gladys Newsom of Fort Worth, and Mrs. Newsom wanted Mrs. Cole to work in her place while she was in Wichita Falls with the daughter and husband.

Mr. and Mrs. Carl King and Mrs. Ruth Cunningham were in Hamilton Monday night. The ladies visited in the home of Mr. and Mrs. Wilford Pitts, while Mr. King attended a Masonic meeting.

The quilting club met Wednesday in the home of Mrs. Willie Turner.

### JEHOVAH'S WITNESSES PLAN 3-DAY ASSEMBLY AT LLANO

W. H. Emery, presiding minister for the Hico congregation of Jehovah's Witnesses, has announced a three-day assembly which is to be held in Llano June 10-12.

The meeting will be held in the Llano High School Auditorium for advanced Bible instruction and a study of modern gospel-preaching methods, according to Mr. Emery.

The Watchtower Bible and Tract Society of Brooklyn, N.Y. will sponsor the event. It is one of several held each month throughout the U.S. Mr. Emery said the gathering is not a revival but a regular part of an advanced ministerial training program for the Witnesses and other persons interested in the Bible.

## Clairette Community News

MRS. GOSLIE MAFFEE

The Clairette Homecoming will be held June 4-5. There will be singing on Saturday night and on Sunday a basket lunch. Remember the dates and attend.

Mrs. Sylvia Couch was hostess to the Busy Bee Club last Thursday afternoon. Mrs. Vada Noland was a visitor. Contest games and refreshments were enjoyed. Prizes went to Mrs. Maida Christian and Mrs. Noland. Next meeting will be with Mrs. Christian.

The cemetery committee had the cemetery cleaned off the past

week. It looks nice, and the rose bushes at the gate put out by the Busy Bee Club in March are in full bloom.

Gary Lynn Reed and Alle Cronk were both out of school last week with the measles.

A shower of rain and some hail fell here Sunday afternoon.

Mr. and Mrs. Henry Mayfield had their children home during the weekend.

Mr. and Mrs. Doyle Walker and Linda of Stephenville were Saturday night visitors of Mr. and Mrs.

J. O. Noland.

Sunday visitors in the home of Mr. and Mrs. Herman Robinson were Mrs. Wayne Garner and Mrs. and Mr. and Mrs. Estelle Simon of Stephenville, Mr. and Mrs. Larry Erick of Fort Worth, Buster Roberson and James Hico.

Mr. and Mrs. Thurman Alexander of Pasadena are here on vacation. They visited his sister, Mrs. Zena Havens awhile Saturday.

Mr. and Mrs. Henry Mayfield visited Mr. and Mrs. Bud Stricker Friday night.

Bobby Boone of Austin came home to visit his parents, Mr. and Mrs. Ray Boone during the weekend.

COUNTY AGENT REPORTS

By DeMARQUIS GORDON

"When should I spray my pecan trees?" This is a common question, but the answer is not as simple as usual. I checked pecan trees last week, but did not find any casebearer eggs. The casebearers that I found were still in the pupae stage which means that it would be about ten days before they should be sprayed.

The development of the pecan nut casebearer has been greatly slowed by the unusually cool weather this spring. Not only has the development pattern been slowed but it has shown tendencies of being erratic. It now appears that the casebearer egg laying period will be spread over a long period and that it will be more difficult than usual to time a single spray application to obtain a good control.

Based on the casebearer development in Hamilton County & reports from the West Cross Timbers Experiment Station at Stephenville I would suggest two spray applications. Spray with Sevin on May 26 or 27 with a follow-up Malathion spray about seven days later to control the large number of late hatching casebearer.

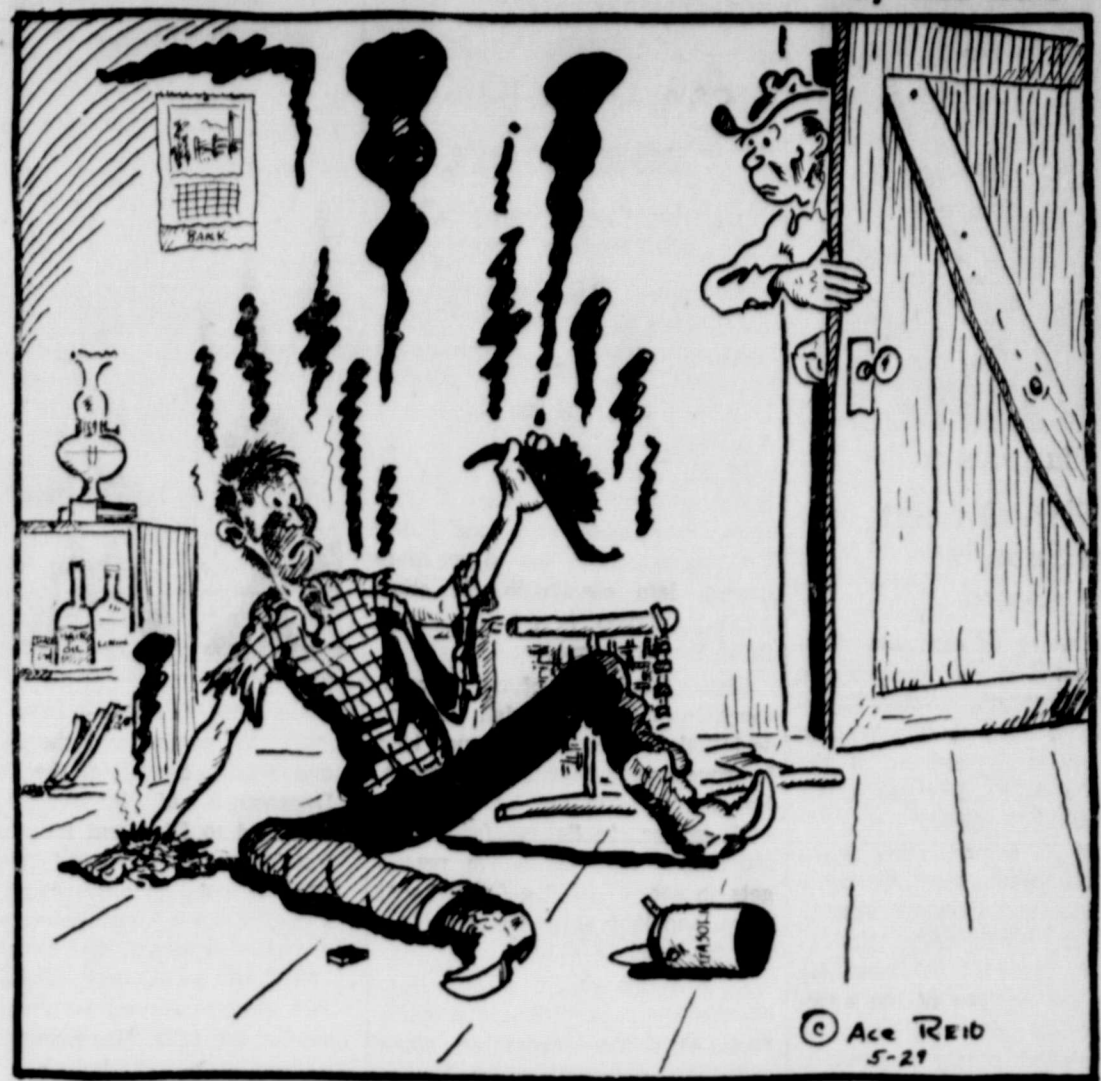

Sevin is a wettable powder and should be mixed at the rate of two pounds of 80 percent Sevin in 100 gallons of water or one and a half tablespoons in one gallon of water. Malathion comes as a wettable powder or as an emulsifiable concentrate liquid. The Malathion powder should be mixed at the rate of 3 pounds in 100 gallons of water or 2 tablespoons per gallon. If you use the liquid Malathion, mix 1 pint per 100 gallons of water, or 1 tablespoon per gallon.

If you can spray your trees only one time I would suggest you mix Sevin and Malathion together and spray between May 28 and June 1. Sevin has a long residual which means it will stay on the tree and be effective for about one week. Malathion is a quick killer, but

peaches to sell, but the same values apply to those you grow and use at home.

Lawn fertilizers and pesticides are often purchased with little or no consideration given to the square footage to be treated. For the most economical purchase, and efficient use of any lawn materials the lawn should be measured and the square footage determined.

This job can easily be done by multiplying the length of the lawn by the width. For example, a lawn 60 feet wide and 80 feet long will contain 4,800 square feet. If you need 20 pounds of fertilizer per 1,000 square feet, then it would be necessary to purchase approximately 100 pounds of fertilizer. A suggested guide is to apply 2 pounds of actual nitrogen per 1,000 square feet.

The most common disease on roses and other ornamentals now is powdery mildew. It shows up as round, white powdery spots on the leaves. The young leaves on susceptible varieties may be completely covered with the powdery white fungal growth. It can be controlled by spraying the leaves with Karathane, Phaltan Actidione PM wettable sulfur. Spraying should be started at the first sign of the disease.

The peach and plum trees in Hamilton County have a promise of an excellent fruit crop this season. I have seen some trees that were so full of fruit that some limbs were already in danger of breaking.

It is hard to convince ourselves that we should cut much of the fruit off, but the only way to produce large high-quality peaches and plums is to thin the fruit off now. Peaches should be thinned to have space of about six inches between fruits. Plums can be carried with a closer spacing.

A 2 1/2 inch diameter peach not only sells for two or three times the money that a two-inch diameter peach brings, but is much easier to sell. You may not be growing

most important agricultural crops in Hamilton County. Many factors are involved in producing high quality hay other than just sowing, mowing and baling.

The county livestock committee recommended that we have a hay day and emphasize the importance of producing high quality hay. The County Farm Bureau was asked to help plan and sponsor the hay day, which was held May 19 in Hamilton.

Much good information was received from the meeting.

BILL LAWSON

State FHA Official Receives Superior Service Award

The Secretary of Agriculture announced last week the presentation of the Department's coveted Superior Service Award to Mr. William E. Lawson, staff member of the Texas State Office, Farmers Home Administration, Temple.

Mr. Lawson received the award for his performance and service to farm families and rural residents as Chief of the Community Services Program of the FHA in Texas. He has been an employee of the agency for over 25 years and has served as assistant county supervisor, county supervisor, and state office loan officer prior to elevation to chief of the section in 1964.

Under Mr. Lawson's leadership, the agency has made 273 loans for sanitary water and sewage systems in Texas, totalling \$32,212,430.00 and serving 27,701 farm and rural families.

Four rural recreation association loans in the amount of \$338,900.00 have been closed, and three more are in process furnishing recreation for rural Americans. The recreation center at Hico is one of the four approved.

Through Mr. Lawson's leadership in working with rural communities the people tend to work together and play together. The Superior Service Award was presented to Mr. Lawson by Secretary Orville L. Freeman during special ceremonies on the Washington Monument Grounds in Washington, D.C. Tuesday, May 17.

Mr. Lawson is well known in the Hico area, having worked on the Bluebonnet Country Club project.

Mrs. Grady Barrow and Mrs. Ruby Williams spent last week visiting relatives in Abilene, Anson and Munday. While at Munday, they attended graduation exercises for Mrs. Barrow's grandson, Jimmy Blakley.

Friday visitors in the home of Mr. and Mrs. Jack Thornton and family, and attending graduation exercises for Mike were his grandparents, Mr. and Mrs. Roy Shelton of Big Lake, and an aunt Mrs. Exa Pickett of Dallas.

Mr. and Mrs. Loyd Hyles and daughter of Fort Worth were weekend visitors in the homes of their parents, Mr. and Mrs. Fred Hyles and Mr. and Mrs. Orville Ogle and Glenda. They also attended graduation exercises Friday night.

WASHINGTON—

As It Looks From Here

By OMAR BURLESON, M.C. 17th District, Texas

Washington, D.C.—References are often made to the depression days when apples were a nickel apiece. It made little difference whether they were or not if you didn't have a nickel.

If our affluent society is to remain affluent, it is time to give more thought to what our dollar will purchase than how to get more dollars into circulation. In other words, inflation is our most serious domestic problem.

Given the habits of our government, even high taxes fail to spare us inflation. There is too much idea in government that tax increases, bringing more money into the Federal coffers, is license for bigger spending. The productive person gets to spend less, the Government more, and that which the individual has to spend buys less.

As a result of all of this it is obvious that the value of a whole flock of welfare programs, along with the essential necessities of living, is lowered. Thus, those whose plight is supposed to be relieved by Government help are also victims.

It also means that those on fixed incomes, savings accounts, pensions of all sorts and kinds, have these lowered in value. Social Security payments buy less as prices creep up, and if the cost of living continues to rise it will be the same with Medicare and all the rest.

A less obvious danger is a loss of the sense of proportion in dealing with welfare problems. They will benefit no one if they bring on a political and social unraveling by productive people being pressed too far and the Federal government grows too powerful in the process. There is already evidence that producers may lose hope and incentive, leaving the responsibility to the Government.

It may be well argued that more time is needed to straighten out some of the glaring failures of many programs passed in 1965. A year and a half of experience with Anti-Poverty warring has produced more confusion, politicking and loose accounting than it has any substantial benefits. Some of them may go the way of the Urban Renewal bulldozer, which had to take on a new name and be greatly expanded to survive.

These good things must be paid for at some time or other and their cost will spiral in the years ahead. The reasonable upshot is stiffer taxes.

Two recent official reports point on what appears to be a significant inconsistency in our economic life. The rate of employment is higher than it has been in 12 years, and shortages of labor are appearing in many areas of the country.

The Cost of Living Index is at an all-time high and the upturn has been pronounced in the last year and a half. The Viet Nam war has not been the principal factor in

FISH DELIVERY — Bass to stock 224 ponds from the Fish and Wildlife Service of the U.S. Department of Interior was delivered to Hico and Hamilton last Thursday. Fish pond stocking and pond management are a part of the soil and water conservation program that is provided by technicians working with cooperators of the Hamilton-Coryell SCD. Farmers can

place fish orders with them or other agriculture agencies. Fish ponds, like farm and range pastures, can be over-stocked. Landowners are encouraged to put about the right number of fish in their pond. A few large fish, if you have these, should be caught out or removed with rotenone. A few large fish, especially bass, will eat all the smaller fish.

these increases. The effect of a war-producing effort has not yet caught up to be included in these calculations. When it does, there is good probability that both these factors will increase and, in fact, as it affects the work force, it could have no other result.

At the same time there continue proposals to create work and plans for spending more tax money in programs not connected with the defense effort. It has just been proposed by Secretary of Labor Wirtz that more jobs be created by "make work." Supposedly this is to reach those who cannot qualify for jobs presently available.

The wags have said that consistency has no virtue and this may prove it.

BOWLING ALONG...

By RUTH SALMON League Secretary

The winter bowling league came to an end last week, with Salmons winning first place. Team members are Morse and Shirley Ross and Conda and Ruth Salmon. Gemini Four won second place. Team members are Jim Jameson, Louise Blair, and Glenn and Pat Ross. Third place winners were Jack and Mary Goodman and Ray and Joan Keller.

Special awards went to the following: High average, Morse Ross (180) and Pat Ross (161); high series, Glenn Ross 659, and June Roberson 544; high game, Paul Hamilton 259 and Ruth Salmon 210. Most improved bowler awards went to Glenn Ross and Joyce Barnett.

As the summer league got underway last week, the Has Beens scored the only sweep, winning four points from the First National Bank. Has Been bowlers are Jim and Pauline Bullard, Wayne and Avo Rutledge and Marilyn Johanson and Watt Ross. The bank team is composed of Buddy and Lorene Ran-

dails and Odis and Lorraine Petsick.

Gemini Four won three points from F-W, and the Rebels won three points over Salmons. High for the night was Glenn Ross with a 545. Jim Jameson with a 235 game and Buddy Randals with an even 200. Pat Ross rolled a 198 game, 499 series. Ruth Salmon a 176-463, and Avo Rutledge consistent with a 136-132-133. Conda Salmon had a 513. O. C. Cook 156-449 and David Anderson 457.

The league would like to have more bowlers to make up two more teams. Anyone interested should contact the league secretary.

Mr. and Mrs. Lee Roy Hathcock of Fort Worth were weekend visitors in the home of her mother, Mrs. Margaret Tolliver.

Mr. and Mrs. Winford Parr and children to Eastland were weekend visitors in the home of his parents, Mr. and Mrs. Elvis Vinson.
