## 29 Grid Candidates Greet Coaching Staff

"Hustle" has been the word during first workouts this week in preparation for the coming football season, with the boys "really getting with it" according to Coach Robert Lee.

And the coaching staff, composed of Lee and new assistant Jimmie Ramage, have one of the largest squads in history with which to work. Twenty-six candidates showed up Monday afternoon for initial drills, with the number increasing to 29 for the Tuesday session. Several more boys counted on prior to opening drills will probably report between now and start of school, and Lee said the number should climb to 35. Foremost among those missing are Alan Royal, stellar end from last season, Lee Crites, letterman guard, and Jody Littleton, an ineligible last season.

Another pleasing aspect of opening drills has been the condition of prospects. Coach Lee said nearly every man on the squad reported much heavier than last year, and that the team would be big. No official weights were available, but boys like Barry and Dennis Polk, Dwain Gray, Gary White, and Jack

Gilliand were all 20 pounds or more over their playing weight last season.

Drills this week are being devoted entirely to conditioning, according to Interscholastic Rules, and the squad will don pads next Monday. After a week of hard licks, the team will journey to Itasca next Friday night for a controlled scrimmage with the Wumpus Cats. The scrimmage will begin at 7 p.m. and will give local fans an opportunity to preview the team. The following Friday night, Meridian will come to Hico for another scrimmage.

## TEC Survey Nearing Completion As 365 Register in Hico Area

Texas Employment Commission employees were in the last stages of the Hamilton County Survey this week and Mr. Roy Eick, in charge of local registrations, said that 365 people had signed up as of noon Wednesday.

The Hico total is a little over one-third of total registration number in the county.

Mr. Eick said that their work would be finished in Hico Thursday, but that people who failed to register may still do so at the of-

ice of Gorver Renfro, or at the Hamilton office. People in the Carlton area may register with Jess Reeves.

In commenting on the total here Mr. Eick said, "This has been an excellent display of interest by the Hico area people. If this interest was displayed throughout other areas of the county a greater total could be easily attained."

Mr. Eick also released names of the following business firms and organizations who have registered all their personnel:

Hico Specialty Shop, Midland Barber Shop, Salmon-Ross Dept. Store, Russell Dry Goods, Hico Confectionery, Hico News Review, Bess Mingus Dress Shop, Renfro Clerical Services, N. A. Leeth, J. Mrs. Williams said only two voting boxes will be used—Shive and McGirk. All residents of Justice Precinct No. 6 are eligible if they paid their poll tax, have a registration certificate, or if they are over 60 years of age.

Justice Precinct 6 extends to within a few hundred yards of U.S. Highway 84 on the south, runs parallel with and a mile from U.S. 281 on the east, follows the Cowhouse Creek on the north and crosses and re-crosses Farm Road 2005 on the west.

The election was set after a petition was presented to the County Clerk's office July 18 with 44 qualified voters' signatures. The petition needed only 25 percent of the total voters in the last governor's election, or 31 signatures.

Legality of the petition was verified before it was submitted to the Commissioners Court for consideration.

SENATE JOINT RESOLUTION NO. 19 proposing an Amendment to Section 49-d, Article III of the Constitution of the State of Texas, declaring state policy regarding optimum development of water reservoirs; providing for the use of the Texas Water Development Fund under such conditions as the Legislature may prescribe by General Law in the acquisition and development of storage facilities and any system of works properly appurtenant thereto; providing for the sale, lease or transfer of such facilities under General Laws; providing for long-term contracts for water storage facilities; authorizing the issuance of an additional \$200,000,000 in bonds by the Texas Water Development Board upon a two-thirds (2/3) vote of the elected members of each house; providing that anticipatory legislation shall not be invalid because of its anticipatory character; providing for the necessary election, form of ballot, and proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-d of Article III of the Constitution of the State of Texas be amended to read as follows:

"Section 49-d. It is hereby declared to be the policy of the State of Texas to encourage the optimum development of the limited number of feasible sites available for the construction or enlargement of dams and reservoirs for conservation of the public waters of the state, which waters are held in trust for the use and benefit of the public. The proceeds from the sale of the additional bonds authorized hereunder deposited in the Texas Water Development Fund and the proceeds of bonds previously authorized by Article III, Section 49-c of this Constitution, may be used by the Texas Water Development Board, under such provisions as the Legislature may prescribe by General

Law, including the requirement of a permit for storage or beneficial use, for the additional purposes of acquiring and developing storage facilities, and any system or works necessary for the filtration, treatment and transportation of water from storage to points of treatment, filtration and/or distribution, including facilities for transporting water therefrom to wholesale purchasers, or for any one or more of such purposes or methods; provided, however, the Texas Water Development Fund or any other state fund provided for water development, transmission, transfer or filtration shall not be used to finance any project which contemplates or results in the removal from the basin of origin of any surface water necessary to supply the reasonably foreseeable future water requirements for the next ensuing fifty-year period within the river basin of origin, except on a temporary, interim basis.

which the Texas Water Development Board has financed in whole or in part.

"Under such provisions as the Legislature may prescribe by General Law, the Texas Water Development Board may also execute long-term contracts with the United States or any of its agencies for the acquisition and development of storage facilities in reservoirs constructed or to be constructed by the Federal Government. Such contracts when executed shall constitute general obligations of the State of Texas in the same manner and with the same effect as state bonds issued under the authority of the preceding Section 49-c of this Constitution, and the provisions in said Section 49-c with respect to payment of principal and interest on state bonds issued shall likewise apply with respect to payment of principal and interest required to be paid by such contracts. If storage facilities are acquired for a term of years, such contracts shall contain provisions for renewal that will protect the state's investment.

"The aggregate of the bonds authorized hereunder shall not exceed \$200,000,000 and shall be in addition to the aggregate of the bonds previously authorized by said Section 49-c of Article III of this Constitution. The Legislature upon two-thirds (2/3) vote of the elected members of each House, may authorize the Board to issue all or any portion of such \$200,000,000 in additional bonds herein authorized.

"The Legislature shall provide terms and conditions for the Texas Water Development Board to sell, transfer or lease, in whole or in part, any acquired storage facilities or the right to use such storage facilities together with any associated system or works necessary for the filtration, treatment or transportation of water at a price not less than the direct cost of the Board in acquiring same; and the Legislature may provide terms and conditions for the Board to sell any unappropriated public waters of the state that might be stored in such facilities. As a prerequisite to the purchase of such storage or water, the applicant therefor shall have secured a valid permit from the Texas Water Commission or its successor authorizing the

acquisition of such storage facilities or the water impounded therein. The money received from any sale, transfer or lease of storage facilities or associated system or works shall be used to pay principal and interest on state bonds issued or contractual obligations incurred by the Texas Water Development Board, provided that when moneys are sufficient to pay the full amount of indebtedness then outstanding and the full amount of interest to accrue thereon, any further sums received from such storage facilities or associated system or works may be used for the acquisition of additional storage facilities or associated system or works or for providing financial assistance as authorized by said Section 49-c. Money received from the sale of water, which shall include standby service, may be used for the operation and maintenance of acquired facilities, and for the payment of principal and interest on debt incurred.

"Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such Acts shall not be void by reason of their anticipatory character."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment authorizing the issuance of an additional \$200,000,000 in Texas Water Development Bonds and providing for further investment of the Texas Water Development Fund in reservoirs and associated facilities."

By MRS. EUNICE DANIEL

were very sorry to learn of the passing of Mrs. Eunice Calder of Hico who died Sunday afternoon at Payne Nursing Home. Mrs. Calder possessed a very sweet personality and was loved by all who knew her. Our deepest sympathy is extended to the children, families and other relatives who mourn her passing. We feel that the spirit has gone on to receive its reward that she so justly deserves. May God bless those who remain and may her life be a shining example to the living. A large crowd attended the funeral and the beautiful floral tributes bore tribute of love and respect for her.

Mr. and Mrs. Ernest McCoy was returned to his home from the Hico Hospital on Monday.

Mr. and Mrs. Carl King spent the weekend at Ballinger with their mothers, Mrs. Edna King and Mrs. Midgley and other relatives. Mrs. King, who broke her hip about a month ago is now back at her apartment. She has been with a daughter at Brownwood since leaving the Brownwood Hospital. Her friends here and at Hico will be glad to hear of her rapid recovery.

We received a letter last Friday from our sister, Mrs. Myrtle Enger of Brady telling us of the misfortune of her daughter, Mrs. Lester Smith, who slipped and fell in a grocery store there spraining her ankle and cracking three ribs. The floor had been recently waxed. Mrs. Smith was carried to a hospital where a cast was put on her foot and around her body to protect the ribs. She is employed in a piece goods store there and will probably be back on the job in a few weeks. The Smiths and Mrs. Enger have had quiet a bout with illness the past year. Mr. Smith underwent major surgery last December, and Mrs. Enger a few months later. She was also a patient at Scott & White a few days in May. Both she and Mr. Smith are doing fairly well at this time and we hope they continue to do so.

Mr. and Mrs. Ernest Brummett of Alhambra, Calif. celebrated their golden wedding anniversary at the Church of Christ in Alhambra August 6. Mr. Brummett had been a patient in a hospital there but was released on Wednesday prior to the celebration. He too is very poorly but we were so glad he got able to attend the party. They are former residents of near Fairy. The Brummett's two children and families were with them for the occasion. J. C. Brummett lives at Waco and Mona lives at Alhambra.

So much for all of our sick folks and lets report on the good rains

we have received over this and surrounding communities. We believe the rain was somewhat general. At our home in Fairy our gauge showed around 4 1/2 inches. At the Carl Sellers home they received better than 5 inches and also .2 Sunday afternoon. Trees were blown down at Mrs. Ruth Cunningham's yard, also at the Richardson home, and a large 5x2 ft. shutter at our hen house was torn off and carried by the wind over the shed. Farmers are anxious to get back in their fields and combine maize. At the Ted Arrant and Ovie Brummett homes, 7 to 8 inches was received.

Mr. and Mrs. L. V. Houser were in Greenville during the weekend to attend funeral services for her uncle. They were accompanied by Mr. and Mrs. Claude Herrin from Cleburne.

Mr. and Mrs. Houser received word about 8 a.m. Monday that his mother had passed away suddenly in an Abilene rest home. Funeral services were held at Abilene Tuesday morning, with a short graveside and burial service at the Old Gatesville Cemetery. Our sympathy is extended to her children and families and others who mourn her passing. She was 90 years old.

Mr. and Mrs. George Loden and their granddaughter, Brenda Harcrow of Waco visited last Friday afternoon with his sister, Mr. and Mrs. W. E. Goyno.

Mr. and Mrs. Glenn Arrant, Lisa, Shyria and Brent visited Wednesday night of last week with his parents, Mr. and Mrs. Ted Arrant. The children remained to visit with their grandparents, the Arrants and Mrs. Ruth Cunningham.

Mr. and Mrs. Oran Willeford and Delia spent from Friday through Tuesday of this week in Corpus Christi visiting his brother and family and sightseeing on the coast.

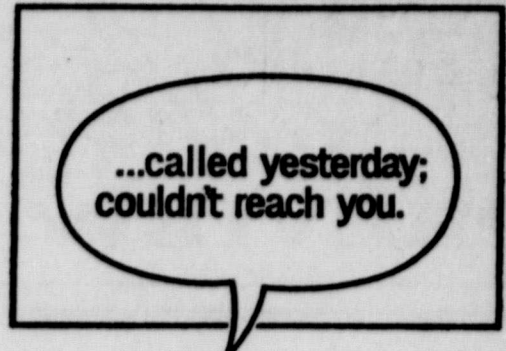

Mr. and Mrs. Bill Davis and two sons of Killeen spent last Wednesday night in the home of his parents, Mr. and Mrs. J. H. Davis. On Thursday they visited with Mr. and Mrs. T. A. Davis of Iredell, and all visited the Nancy Smith Cemetery between Chalk Mountain and Glen Rose where they have relatives buried.

Mr. and Mrs. Albert Mason and the writer attended singing at Lund Valley Sunday afternoon. Despite the rainy weather a good crowd was present and all enjoyed a good song service.

The writer was a business visitor in Hamilton Friday of last week. While there we talked with a lady from Lampasas area. She stated they had received about four inches of rain and really welcomed it as they were having to check their stock tanks daily to pull goats and sheep from the tanks if stuck in the mud.

Mr. and Mrs. J. T. Jackson spent last Thursday night and Friday in the homes of their children in Grand Prairie. They were the Vernon Jackson, Dorman Vance, and Ernest Seymour families and Mrs. Mary Abel.

Mr. and Mrs. Winfred Gardner and Randy visited Sunday in the home of his brother, Mr. and Mrs. Price Gardner of the Blue Ridge community.
