HICO, TEXAS FRIDAY, SEPTEMBER 2, 1966.

NUMBER 18.

Local Schools Open Monday; Student Increase Noted

1966-67 school year for Hico Independent School District started Monday of this week with a total enrollment of 283 students. Elementary School records showed 191 students enrolled and High School records show 92.

The enrollment figure was up from the 279 students on the first day last year. First day enrollment, however, is not a true picture since a gain is always made during the first and second weeks.

Many parents were present for the opening assembly Monday morning. Rev. R. L. Tatum was speaker for the program.

Supt. O. C. Cook released the following enrollment summary for grades:

First Grade	20
Second Grade	24
Third Grade	19
Fourth Grade	29
Fifth Grade	23
Sixth Grade	30
Seventh Grade	24
Eighth Grade	22
Ninth Grade	25
Tenth Grade	20
Eleventh Grade	25
Twelfth Grade	22

Final Budget Hearing

A school board hearing for the final budget is set for Monday night, Sept. 19. Any interested party is welcome to attend the budget hearing.

Lunch Prices Advanced

In a meeting held Monday night of this week, the trustees voted to raise the prices of all lunches by 5c. This raise was necessary due to the rise in price of milk since last year. Formerly, it was only 5c per half pint carton. This year the price was raised to 6½c. Also the raise was made due to an operating deficit of \$1,400 last year. Other schools in the area had raised lunch prices prior to opening, but the local raise will not go into effect until Monday, October 3rd. Instead of 25c for students in grades one through five the price will be 30c; for grades six through twelve, the price will be 40c instead of 35c, and adult lunches will be 40c instead of 35c.

Faculty Complete

The Hico faculty is now complete with the hiring of Mr. C. L. Gee as band director, and Mrs. Harold Walker as Teacher's Aide. Mrs. Walker was selected over several other applicants since she had had two years of college work and considerable typing experience. She will help with Remedial Reading Program in high school, as well as in the library.

DAYTONS ENJOY VACATION

Dr. and Mrs. Charles Dayton, Brian, Sylvia and Jamie enjoyed a vacation to scenic points in South Texas last week. Among places they visited were the Aquarena at San Marcos; the Alamo, Sunken Gardens, and the zoo at San Antonio; Natural Bridge Caverns at New Braunfels; and the new Inner Space Caverns at Georgetown. They also enjoyed an outing at Cisco Lake.

Mrs. Tyrus King visited last Friday and Saturday at Glen Rose in the home of Mrs. R. L. French.

New Post Office Nears Completion

Hico's new post office building, under construction the past three months, was nearing completion this week.

A. L. Mann of Temple, who holds the contract for rental of the building to the Post Office Department, said at mid-week that his work would be completed by the end of this week. Only delay which might prevent occupancy is some equipment that has not arrived, and inspection by the Department.

Postmaster Robert Jackson said that when quarters were completed and after the move was made, a formal dedication and open house would be held. Additional information will be given as soon as it is available.

Five Local Businesses Announce Changes in Work Schedules

Several more Hico businesses will start observing shorter work weeks, beginning September 6.

Both Hico cafes will start closing one day each, due to a shortage of the help. Koffee Kup will close on Tuesdays, and The Steak House will close on Wednesdays.

The operators, Mr. and Mrs. Herman Moody and Mr. and Mrs. O. D. Montgomery, said that they decided on the staggered days in order not to inconvenience the public.

Other businesses that will observe a shorter week are all three wholesale gasoline distributors. Effective September 10, the three agencies will start closing on Saturday afternoons.

Distributors are Grady Hooper, Gulf, Jim Jameson, Mobil, and H. H. Ross, Texaco Inc.

A change has also been made in Hico Theatre scheduling. Movies will be shown on Saturday and Monday nights only during the football season.

Mr. and Mrs. M. I. Knudson, Mr. and Mrs. Harold Walker, Mr. and Mrs. E. V. Meador, Mrs. H. E. Season Grid Tickets On Sale at Saving

Season tickets for five home football games went on sale this week at a reduced price.

The tickets are offered for \$4.00 for adults and \$1.40 for students, a saving of the price of one game. General admission tickets will cost \$1.00 for adults and 35c for students.

Actually the Tigers will play six games in Hico, but the Stephenville B contest is not considered a home game since it was originally set to be played in Stephenville. General admission will be charged for that one game, with Stephenville receiving all proceeds and paying all expenses.

The tickets will be good for games with Godley, Riesel, Santa Anna, Gorman and May.

Hico Civic Club is in charge of ticket sales, and fans may purchase them from any member.

Meridian Here Friday Night For Last Scrimmage Session

Hico Tigers have one more tune-up shot before playing for keeps, and Coaches Robert Lee and Jimmie Ramage are continuing experiments trying to find the best 11 team members for the season opener at Glen Rose September 9.

The final tune-up comes this Friday night at 7 o'clock when the Tigers host Meridian Yellowjackets in a controlled scrimmage. Meridian is an old foe that doesn't appear on the regular season schedule this year due to a re-shuffle of districts. The Jackets, along with Valley Mills, were advanced to Class A for the '66 season, and Hico was moved into the district with Bangs, May, Gorman and Blanket.

In the scrimmage last Friday night at Itasca, the coaching staff was far from pleased with the performance, even though the game ended with both teams scoring two times each. Biggest concern was the Tiger offense which sputtered for the full three hours. Defensively, the Tigers were much sharper, with still some room for improvement before the opener.

The Hico first stringers scored on a 65-yard jaunt by Dwain Gray, and the second unit stunned Itasca with a 70-yard pass play with Joe Tooley doing the heaving to Mike Sutton.

One of the Tiger first-teamers, Ronnie Hefner, was lost for the season Monday when doctors diagnosed an illness as "kissing fever." Hefner was an all-district defensive end last year, and was

RETURN FROM VACATION

Mr. and Mrs. P. W. Hamilton recently returned from a 12-day trip to Fort Leonardwood, Mo. where they visited in the home of their son, Sgt. 1c and Mrs. P. W. Hamilton Jr. and family. Sgt. Hamilton is scheduled to leave for duty in Viet Nam in the near future.

being counted to go both ways this season. The scrimmage at Itasca was injury-free with the exception of the minor backache of Dwain Gray. All team members except Hefner are expected to be ready for the Friday scrimmage.

Some shuffling this week saw Joe Tooley running at the quarterback slot instead of Barry Polk who started the Itasca scrimmage. Jim Lackey was moved to center. Jack Gilliland was stationed at a tackle slot. Other position changes will probably be made before Friday night.

The coaching staff invited the public to attend the Friday scrimmage for a preview of the 1966 Tigers.

DPS Estimates 41 Persons Will Die on Hiways This Weekend

Department of Public Safety estimates that 41 persons will die in traffic accidents on Texas highways during the upcoming three-day Labor Day weekend.

"The current traffic trend indicates that Texas is headed for its third straight record high in terms of fatal accidents," says Col. Homer Garrison Jr., DPS director. "At present time, we are approximately 15 percent ahead of the same time in 1965, and we are still faced with the four months of the year which generally produce the most deaths."

Garrison points out that "More people are killed in Texas each year in traffic than are killed in all the United States by murder, and the deaths are just as senseless, as needless and as tragic, but not nearly as well publicized."

He analyzed the reasons citizens have failed to take positive action in traffic safety: "Psycholo-

gists say that one reason is a lack of personal identification with the problem. It might behoove each driver in our state to stop and consider that he has less than a 50-50 chance to go through his driving career without being involved in a traffic mishap."

In an attempt to cut back on the number of accidents and deaths during the Labor Day weekend, the DPS will conduct its "Operation Motorcade." Approximately 150 uniformed officers from other DPS services will be on the road to supplement the Highway Patrol. To call public attention to the problem, each traffic death will be tabulated and the totals will be announced three times daily in Austin.

Texas Highway Department, Texas Safety Association, Texas Council of Safety Supervisors, and Texas Motor Transportation Association are joining forces to help the DPS during the weekend.

limited field is expected to tee off a two-day golf tournament held at the recently completed Bluebonnet Country Club this week.

Reservations have been sent out to area towns for the partnership tournament, and club officials are hopeful of having 30 two-man teams for the tourney which begins at 1 p.m. Sunday.

18-hole qualifying round will be played Sunday afternoon, with the final round on Monday.

Prize money will be awarded to the winning team and runners-up in each flight.

Interested spectators are invited to attend the tournament.

MAN NACHTIGALL RECEIVES COMMENDATION FOR OUTSTANDING SERVICE

Second Class Ronnie R. Nachtigall, son of Mr. and Mrs. E. Nachtigall and husband of former Donna Morgan, was recently cited for his outstanding service while serving with the U.S. Air Force in Puerto Rico.

A citation, in part, read: "During the period 15 June through 15 July Airman Ronnie R. Nachtigall loaned to the Non-Powered Space Ground Support Equipment Section for repair of all maintenance stands."

Airman Nachtigall was unfamiliar with the type of equipment he was to work on, and with this in mind he familiarized himself with appropriate Tech Orders, in so far as he was able to repair any equipment on these stands in a minimum amount of time.

The manner in which Airman Nachtigall proceeded in his troubleshooting of the faulty equipment is commended. His knowledge and his working procedure was a great asset toward maintaining a 100 percent in-completion rate of all type maintenance stands.

The way in which A2c Nachtigall performs his duties brings credit upon himself, his supervisors, organization and the United States Air Force."

The letter was signed by W. D. L. Colonel, USAF, Commander.

weak seams or manufacturing errors before wearing new outfits. A few well-placed stitches and repairs when the garment is new will help you get more service from your purchase.

Get a head start on your children's school clothes. Garments that have been stored may need freshening before they are ready for use.

Check all garments for tears, holes, snags and loose buttons as you remove them from storage. Mend and repair the damaged areas in preparation for the busy season ahead.

You may be able to remodel and spruce up a garment by adding a smart new trim. With intelligent use of fabrics and notions, you may be able to turn many garments into smart clothing for you and your family with little cash outlay.

Irresistibly feminine bedspreads include such confections as electro-tufted designs that look like "real" eyelet embroidery. These spreads—and matching accessories—are ultra-practical. Just wash them, let

them drip dry, and forget the ironing.

Old clothes or rags make efficient dusters because they are soft and because surface lint has already worn off and can't settle on the furniture. Before you use them, cut off any buttons, button-holes, hooks, eyes, snaps, zippers, pockets, collars, cuffs, hems, and seams. All of these are rough and would scratch the furniture if left on.

Some household products, which are efficient and safe when used alone, can be dangerous when they are combined. Never mix two or more substances—such as bleaching solutions, ammonia, toilet-bowl cleaners, rust removers, and oven cleaners—because such chemical mixtures may release irritating gases.

The Aluminum Association approves washing with soap or detergent suds to clean aluminum window frames and other home surfaces. It is best to rub in the direction of the finished grain, and to take special care with matte-fin-

ished aluminum which has no grain. Use a bristle brush to apply the suds on patterned surfaces. After rinsing, wipe dry with a clean cloth.

Fairy Community News

By MRS. EUNICE DANIEL

We have had unsettled weather for the past week, with local light showers over the area. But at this writing at 5 p.m. Monday we are having a downpour.

We were very sorry to learn of the death of the little 3-year-old granddaughter of Minister and Mrs. Dorman Newton, formerly of near Hamilton. The child was the daughter of the Shultzs. Minister Newton preached for a time at the Church of Christ here and we feel sure all the members here were sorry to learn of the child's death. Funeral services were held at Abilene Christian College in Abilene Sunday.

We extend deepest sympathy to the Eli Edmonson family of Mullin in the death of their youngest son, Charley, who died at 9:20 a.m. Aug. 24 from injuries received when a tire blew out on his motor-scooter at the underpass at Goldthwaite on Aug. 23. He was 19 years of age and was a nephew of Mrs. J. T. Berkley of Hico, and also a relative of Jess Fulton of Agee. His mother is the former Bessie Fulton. The Edmonson family resided for a while in the Gum Branch community between Fairy and Olin. Charley was born at Mullin.

Mr. and Mrs. Milford Miller and Ronald of Fort Worth spent the weekend here at her mother's home with her brother, Audie Parks. Mrs. Parks was carried to the Stephenville Hospital late Tuesday afternoon of last week, and accompanied the Millers back to Fort Worth Sunday where she will be under the care of an eye specialist for a week or so. She had eye surgery on March 10 and hasn't recovered as she should and it is hoped a specialist can help her and that she will soon be fully recovered and gain her full eyesight again.

During a thunder shower late Sunday, lightning set fire to a large pasture of Mrs. Sallie Young's

of San Felipe. Oran Willeford first noticed the fire here but at that time it was showering in the area and could not tell for sure that it was smoke. He got in his car and drove close enough to see it was a fire and returned and got the Fairy fire truck. News was circulating swiftly by phone and soon several men with buckets and wet sacks were there to help. In the meantime the Hico fire department was called, as it was feared adjoining fields, which were in the soil bank, would catch. The men folks had it pretty well in hand by the time the Hico fire department got here, but we do appreciate their prompt service and the assistance they rendered. The pasture is the former Mont Young pasture located about two miles southeast of Fairy.

Mr. and Mrs. Weldon Parks and Becky of Grand Prairie visited during the weekend with their parents, Mr. and Mrs. T. R. Parks and Mr. and Mrs. Robert Streater.

J. R. Latham, who lives at the old Lanham school site and is employed as a guard at Gatesville State School for Boys, and another guard, V. W. Baker, were attacked by several negro boys Sunday night. The men were taken to the Gatesville Hospital. Mr. Baker received a stab wound in the lung. It seems we have some poor laws now. At these schools the guards are not allowed to carry any weapons for their protection and are thrown in with some of the worst types of boys. They can gang up and kill a person before he can get help. According to reports they don't have to work hard enough to get tired, doing most sports activities and schooling. We certainly hope neither of the men are dangerously wounded. After stabbing them, they were locked in a linen closet. Mr. Latham received first aid and went back on duty. He is at home at this writing.

School buses are on the roads again. Seems it has been such a short while since the last school term ended.

Mr. and Mrs. W. E. Gyne left Monday for DeSota where they will get things in readiness at their home there for the coming school term. Their school will open Sept. 6.

Mrs. O. E. Whitson and Mrs. V. R. Leeth of Hico visited a while Sunday afternoon in the home of Mrs. Whitson's brother, Mr. and Mrs. W. E. Goyne.

Mr. and Mrs. Ray Turner and

Keith, Mrs. Ray Botkin and Tammy and Patsy, and Miss Bernice Turner of Kilken spent the weekend with their parents, Mr. and Mrs. Willie Turner. The Ray Turners also visited her parents, Mr. and Mrs. Carl Ray Sellers, Jimmie and Janice. Jimmie was home for the weekend from Arlington.

Mr. and Mrs. Gene Overton and family and Mr. and Mrs. Benny Dowdy and Derek of Fort Worth visited during the weekend in the home of the ladies' parents, Mr. and Mrs. W. E. Goyne.

Mr. and Mrs. James Harold Perry of Waco visited during the weekend with her parents, Mr. and Mrs. Oran Willeford and Delia.

Mr. and Mrs. Durwood Brooks and children and her brother, Sammie Guinn of Arlington spent the weekend with their parents, Mr. and Mrs. Edwin Guinn. Sammie has been out of the state for several weeks taking a special course of work, and will be off a few weeks before returning to his job.

Mr. and Mrs. Carl Ray Sellers and Janice visited recently in Paint Rock in the home of Mr. and Mrs. Leon Springer and family. The Springers operate a general merchandise store and also a Western Auto Store there.

Mrs. Ruth Cunningham has been visiting at Fort Worth and Venus since last Thursday with her daughters and families, Mr. and Mrs. Walter Prinz and daughters, Mr. and Mrs. Glenn Arrant and family, and at Venus with Mr. and Mrs. Bob Frederick and Glenn Penny.

Friends and acquaintances of Mrs. J. D. Farmer, formerly of Evant, will be glad to learn that she is slowly recovering from a stroke suffered some time back. She is a patient at the Eventide Nursing Home in Goldthwaite. Her late husband was a former pastor of the Fairy Methodist Church.

Mr. and Mrs. D. C. Davis and their daughter, Mrs. J. M. Cowen and three children of Kilken visited awhile Sunday in the home of Mr. and Mrs. J. H. Davis. They were up to attend the Flannery reunion held at Hico Park Sunday.

Mrs. Raymond Cunningham is in Dallas at this writing helping care for her daughter.

Several of our Fairy people attended the street dance at Hico Saturday night. Quiet a lot of visiting going on at the sidewalks, while others were furnishing entertainment. While there we met Mr. and Mrs. Marvin Noland, formerly of near Fairy and enjoyed a chat with them. We were informed that his brother, Floyd of Hamilton had another stroke several weeks ago and is now a patient in

LOOK MA, NO CAVITIES!—but one of these dogs can open up a big hole in any crowd. A team of trained sentry dogs will demonstrate their military usage and capability as part of the giant Military Tattoo Friday evening, October 14, in the Cotton Bowl at the State Fair of Texas. Overall dates of the 1966 "Exposition of Young America" in Dallas will be October 8 through 23.

Hillcrest nursing home in Hamilton. The Floyd Nolands also formerly resided at Fairy. We hope he will soon be improved.

Mr. and Mrs. Scott Blakley visited during the weekend with their daughter and husband, Mr. and Mrs. Max Lam of Copperas Cove.

Neal Percy spent the weekend with his parents, Mr. and Mrs. Hollis Percy. He is now employed somewhere in West Texas, but failed to contact the Percys by phone for information.

Mr. and Mrs. Don Bullard and children of Arlington spent the weekend with their parents, Mr. and Mrs. C. A. Bullard. Rev. and Mrs. Barnes and family of Fort Worth were guests of the C. A. Bullards on Sunday. Rev. Barnes is pastor of Agee Baptist Church.

Mr. and Mrs. J. D. Kirkland of Hamilton were supper guests in the home of their daughter, Mr. and Mrs. C. A. Bullard Tuesday night. There is still quiet a bit of maize

to combine and according to the number of loaded trucks passing through Fairy, combining was going strong until the rain Monday afternoon.

Buster Moore of Hico and his nephew, a son of the late Mr. and Mrs. John Moore, were at the cemetery recently doing some much needed work at the Will Moore lot, straightening and lining up all markers and erecting a double marker at the John Moore graves. Mr. and Mrs. Moore died in April of 1918, only six days apart during the flu epidemic.

A new marker was also erected recently at the grave of Miss Zella Goyne. Mowing was underway at the cemetery and the tallest was completed last Friday. We also mowed some again Monday before the rain and hope to get it completed this week if the weather permits.

Birthdates which we have are: Ted Arrant, Sept. 16 and Mrs. Jessie Edwards, Hico, Sept. 29. Hap-

py birthday to each. Mr. and Mrs. Carl Ray Sellers carried their daughter, Mrs. Ray Turner and Keith home Tuesday

following a visit here since Saturday. We received a total of 1.2 inches of rain Monday and Monday night.

WASHINGTON—

As It Looks From Here

By OMAR BURLESON, M.C. 17th District, Texas

Washington, D.C.—The inquiry is often made as to why the United States does not formally declare a state of war in Viet Nam.

There are valid considerations which weigh against a declaration of war. Such a declaration would validate and authorize a broad expanse of Presidential war powers which have been set up on a standby basis.

The present conflict in Viet Nam occupies an agonizingly unique status. There is nothing in our history comparable to it.

Even the events in Korea do not serve as any precedent for the current situation. In that instance, the United States, acting under the consent and direction of the United Nations Security Council, declared the Communist invasion of South Korea a "threat to the peace" and officially authorized intervention by military forces of member nations.

The United States takes the position that the present conflict is Viet Nam's war for independence and we are assisting them by their request. It is significant that the United States has repeatedly announced that it has no intention or purpose to undermine or overthrow the existing Communist Government of North Viet Nam.

Mrs. Dolly Mingus Buried at Meridian After Hico Services

Mrs. Dolly Duncan Mingus of Jayton passed away there Monday at the age of 91.

She was born September 9, 1874 in Callahan County, Mississippi. A former Fort Worth resident, she had been making her home in Jayton for the past year.

Funeral services were conducted Wednesday afternoon at 2 o'clock in Barrow-Rutledge Funeral Chapel, with Rev. Hubert Taylor officiating. Burial was in Meridian Cemetery.

Serving as pallbearers were I. J. Teague, Jack Malone, W. R. Hampton, Horace Ross, Lotis Gosdin and S. W. Everett.

Mrs. Mingus is survived by one sister, Mrs. Eunice Alexander of Spur, and a twin brother, Arthur Duncan of Hico.

Funeral Services Held Last Thursday For Jesse W. Brimer, 58

Funeral services for Jessie W. Brimer of Medical Lake, Washington were conducted last Thursday morning at 10 o'clock in Barrow-Rutledge Funeral Chapel.

He passed away August 20 in Washington, where he had been residing for the past 15 years.

A former Carlton resident, Mr. Brimer was born July 17, 1908 at Hoxie, Arkansas, and was the son of Mrs. Eula Brimer of Hico and the late Robert L. Brimer.

Survivors include his mother; and three brothers, R. L. Brimer Jr. of Hawthorne, Calif., Woodrow Brimer of Long Beach, Calif., and Kenneth Brimer of Fort Worth.

Serving as pallbearers were Tyrus King, Cyrus King, Bailey Sharp, Sam Sharp, Walker Curry and Culmer Jordan.

Burial was in the Carlton Cemetery.

Mr. and Mrs. J. M. Blakley and family, formerly of Munday, moved to Bay City recently where both will teach in the math and science departments in a public school there.

Mr. and Mrs. Byron Hawthorne Jr. and daughter, Barbara, returned Monday to Odessa after spending several days here helping care for his father, who had surgery.

States against North Viet Nam, according to all historical precedents, would conflict with this announced policy of non-intervention with the political control by the Hanoi Government.

There exists, however, the possibility that new problems brought to the surface may require a re-consideration of whether the Congress should formally declare war to exist. Should such be the case, it would probably be defined as having started at the time the North Vietnamese forces attacked our ships in the Gulf of Tonkin.

Within recent weeks the Communist Government of North Viet Nam has publicly threatened to conduct trials of captured American airmen. Communist propaganda from Communist Viet Nam, Red China and other Communist nations has dwelled on "war crimes" trials, rather than to treat the captured as prisoners of war.

Obviously these threats on American prisoners by Hanoi are used as psychological weapons in an attempt to inhibit United States' bombing of targets in North Viet Nam. There is a very real possibility that the Communists may go through with the conduct of "trials" of Americans whom they hold prisoner, but more recent indications are that it is not an immediate prospect.

The fact remains, however, that captured Americans, and particularly our airmen, are used for political implications. Their lives and welfare must be the first concern. The treatment of captured Americans in accord with International Law requirements must be assured by our Government, at whatever cost.

It could well be that if the Red Vietnamese murder American prisoners under treatment as "war criminals," a declaration of war would be necessary. In such an event it would be necessary to actually wage war to the extent of destruction of the Communist Government in North Viet Nam.
