**USAC PROVED IT:
OUR DODGE 318 V8 CAN GET SLIGHTLY
BETTER GAS MILEAGE THAN A FORD OR
CHEVY SIX-CYLINDER PICKUP!**

In an actual road test from LaVerne to Blythe, California (a distance of 381 miles), at an average speed of 54 mph, USAC put six competitive pickups through the test: two Chevrolets (a 250 6 and 350 V8), two Dodges (a 225 6 and 318 V8) and two Fords (a 250 6 and 302 V8). All pickups were purchased by USAC through regular retail channels. All had standard manual transmissions and rear axle ratios, as well as nominal eight-foot cargo boxes.

The Dodge 318 V8 got slightly better gas mileage than the other two V8s, as well as the Ford and Chevrolet 6-cylinder engines! Our 318 V8 got 18.78 mpg. Our 225 Slant Six did even better—19.05 mpg. Together, they got better gas mileage than everything else in the USAC test!

Bright Idea!

Use The Right Light Bulb

By using only the recommended bulb wattage in lighting fixtures in your home . . . you'll save electricity and money. Using larger bulbs than necessary wastes electricity. Also . . . you'll get more light for your money if you use the smallest number of bulbs that will give the light you need. For instance, one 100-watt bulb gives more light than three 40-watt bulbs or two 60-watt bulbs. Wherever possible . . . use fluorescent lighting. A 40-watt fluorescent gives more light than a 100-watt incandescent. Use lamps and other spot lighting for reading, studying or other closeup work and choose the "standard" life bulb that provides the most lumens for its wattage.

Mrs. Calder Hosts South Hico H.D. Club

South Hico Home Demonstration Club met recently in the home of Mrs. Roy Calder with ten members and two visitors answering roll call with "My Favorite Pastime." Mrs. Marie Churchill presided at the business meeting, with Mrs. Jewel Baughn leading opening exercises.

The program, "Your money's worth in foods," was given by the chairman, Mrs. Van Brush. She discussed the different brands of canned foods, stating that often the cheaper brands were preferred to the higher priced ones, and that it doesn't pay a person living alone to cook in large quantities unless the surplus is frozen.

Mrs. Calder displayed a beautiful handmade braided rug that her neighbor, Mrs. Henry Mackey, had made.

Next meeting will be June 6 in the home of Mrs. Zuella Strother, with the agent, Miss Bernadette Kolar presenting the program.
