

### Connell Oil Strike Finals In Andrews

Stoltz, Wagner & Brown of Midland, has recompleted as a Connell pay opener in the Block 11 field of southwest Andrews County, No. 1 University Southern Minerals, former McKee opener, 20 miles southwest of Andrews.

On 24-hour pumping potential, it produced 185 barrels of 41-gravity oil, with gas-oil ratio of 600-1, through perforations at 8,706-8,714 feet, which had been acidized with 1,500 gallons.

It has 4 1/2-inch casing set at 8,822 feet, the plugged-back depth, on total depth of 8,825 feet.

Location is 1,980 feet from north and 660 feet from west lines of section 14, block 11, ULS.

### Culberson Gets Probe

Lone Star Producing Co. staked site for No. 1 V. C. Rounsaville as a 14,500-foot wildcat in Culberson County, 55 miles northeast of Van Horn.

It spots 1/4 mile northwest of a 1,203-foot failure, 660 feet from north and 2,130 feet from west lines of section 13, block 706, PSL survey.

### Wellaw Finals Gas Opener In Pecos

A Queen gas discovery has been completed in Pecos County, 3/4 mile southeast of the Marlaw (Clearfork) field, by Wellaw Corp. of Midland.

No. 1-Q ARCO finalized for a calculated, absolute open flow of 2.3 million cubic feet of dry gas daily, through perforations at 1,514-1,516 feet, which had been acidized with 250 gallons and fractured with 3,000 gallons.

The following tops were picked, elevation unreported: Yates, 800; Queen, 1,510 feet.

Location is 330 feet south of the northwest corner of section 6, thence 467 feet west to location in section 5, Pink Phelps survey, SF 14333, 14 miles west of Girvin. Operator will propose designation of Marlaw (Queen).

### Nolan Field Gets Second Oil Zone

Ellenburger oil production has been opened and Jennings gas production extended one location southeast in the Arriba Libra field of Nolan County with dual completion of R.K.G. Engineering Co., Odessa, No. 1-B Wilson, fourth Jennings gasser in the field, 24 miles southeast of Sweetwater.

From the Ellenburger, it finished to pump 85 barrels of 48-gravity oil and 195 barrels of water daily, with gas-oil ratio of 1,105-1, natural, through perforations at 5,890-5,893 feet.

Calculated, absolute open flow potential from the Jennings was 5.8 million cubic feet of gas daily, with gas-liquid ratio of 153,666-1, producing through perforations at 5,366-5,369 feet, which had been washed with 1,000 gallons of mud acid. Drilled to 5,931 feet, it has (Continued On Page 9A)

## 93rd Congress Opens Today

### Tall City Gets Big Home Insurance Break

AUSTIN (AP) — Homeowners in almost every part of Texas will pay lower rates to insure their houses this year, the State Insurance Board has announced. The board ordered reductions ranging from 4 to 30 per cent Tuesday in rates for extended coverage and homeowners insurance, effective with policies written or renewed on or after Jan. 1.

New fire insurance rates, with reductions on the order of 7.5 to 10 per cent, will be issued in a few days, the three-man board said.

The only part of the state receiving an increase was the 14-

county Gulf Coast, which will have a 4 per cent increase in homeowners insurance rates, a far cry from the 22.4 per cent jump recommended last February by the board staff. Extended coverage insures one's home against windstorms, hurricanes, hailstorms, explosion, riots, smoke and collisions by aircraft or vehicles. Homeowners policies include fire insurance, most of the protection afforded by extended coverage, plus liability insurance and reimbursement for losses to burglars.

The new rates will be in effect for at least a year, the board said, with a possibility of some changes within rating territories later in 1973 based on the severity and frequency of hailstorms, which tend to be worse at high altitudes.

Homeowners: Seacoast—4 per cent increase for the 14 coastal counties and a 10 per cent reduction for the 14 "second tier" counties. Central Inland—7 per cent reduction. North Northwest—26 per cent decrease. Included in the North Northwest Territory are Amarillo, Lubbock, Midland, Odessa, Abilene and San Angelo. The Central Inland Territory, the state's largest, includes Dallas, Fort Worth, San Antonio, El Paso and Austin. "These rate changes are the result of certain changes in the formula applicable to rate mak-

ing and to the last two years of experience which have been relatively free of storm losses," the board said in a statement. No figure on how many millions of dollars the rate reductions would save Texas policyholders was available. One reason for the reductions was a board decision to cut from 30 to 25 per cent the amount of the premium dollar allotted to such "acquisition costs" as agents' commissions and advertising. Until Tuesday, rates had been unchanged since July 1971. Last February, the board's staff recommended

small reductions in homeowners and extended coverage rates for the North Northwest and Central Inland territories. The staff also recommended a 22.4 per cent homeowners rate hike and a 35.4 per cent jump in extended coverage rates for the entire 28-county Seacoast Territory. But no rate changes were made last year, as the board put off a decision while it studied its rate-making formula. The legislature is expected to consider bills this year that would take the rate-making power away from the board and let the insurance companies set their own rates.

Washington (AP) — The 93rd Congress opened today with Democratic majorities in both houses determined to challenge President Nixon on both the Indochina war and domestic spending priorities. Vice President Spiro T. Agnew, its presiding officer, gave the Senate into session at noon, while Pat Jennings, its clerk, launched the new House.

### Democrats Prepared For Battle

The first day was expected to be devoted largely to ceremonial events, including the election of leaders and the swearing-in of new members—10 senators and all 432 members of the House, which already has three vacancies. Mansfield Issues Call Sen. Mike Mansfield of Montana, re-elected the Senate's Democratic leader for a record seventh two-year term, launched the new year by calling on members to take whatever steps are necessary to end the war and reassert congressional prerogatives. Democrats control the new Senate 57 to 43. The House has 240 Democrats, 192 Republicans and three vacant seats that had been held by the Democrats.

In the wake of Tuesday's House Democratic vote in favor of an immediate cutoff of funds for the war, Mansfield told Democratic senators that Congress has "no choice" but to seek total U.S. disengagement because of the executive branch's failure to do so. Senate Given Mandate He also declared that the November election gave the Senate a mandate "to exercise our separate and distinct constitutional role in the operation of the federal government."

"The people have not chosen to be governed by one branch of government alone," Mansfield told the closed party caucus. "They have not asked for government by a single party. Rather, they have called for reinforcement of the Constitution's checks and balances."

House Democrats met Tuesday and voted 154 to 75 to support legislation to cut off war funds at once, subject only to provisions for the return of U.S. prisoners and safe conduct (See CONGRESS Page 7A).

House Democrats met Tuesday and voted 154 to 75 to support legislation to cut off war funds at once, subject only to provisions for the return of U.S. prisoners and safe conduct (See CONGRESS Page 7A).

### Snow Transforms Midland Into Winter Wonderland

Snow grew deeper and ice thickened over most of the Panhandle-Plains sector in West Texas and raw, miserable weather, maintained its grip on almost all the rest of the state today. A mixture of fog, drizzle and light rain cloaked the eastern half of Texas in gloom, and gale force winds coupled with 4- to 6-foot tides caused flooding in low areas on Galveston Bay.

Skies cleared by early in the day, however, over Southwest Texas as far east as Del Rio and San Angelo. Midland's share of the Tuesday night snowfall varied with reports of one to almost three inches. Area reports from other towns in the Permian Basin showed three inches of snow in Stanton by this morning, slightly less than two inches at Andrews and mostly icy, ground-covering amounts in Lamesa and Rankin.

Midland driving conditions were reported extremely hazardous, according to the police department. Patrolmen investigated 13 accidents between 7 a.m. Tuesday and 7 a.m. today, although only one of the 13 produced an injury that required hospital treatment. By noon today virtually all of the snow in the area had melted away as temperatures climbed toward the mid-40s.

This afternoon's weather should be fair and warmer. The low tonight should be in the mid-20s with slightly warmer temperatures on Thursday expected to reach near 50 degrees. Tuesday's high at Midland Air Terminal was 34. The overnight low was 28 and the noon reading today was 38.

Forecasters looked for the snow to stop and the rain and drizzle to dry up before nightfall. They predicted decreasing clouds in other areas and more cool to cold weather throughout the state. At the same time, however, there were predictions for occasional snow again in the Texas Panhandle by Thursday night.

Warnings against treacherous road conditions remained up because of the snow or freezing rain over a good part of West Texas (See SNOW Page 7A).

AVID FANS — Even when building a snowman, the Williams family at 3212 Delano St. was cheering on the Miami Dolphins in their upcoming Super Bowl encounter with Washington. Ready to add a football to the snowman's paraphernalia is Veronica Nanne Williams, 8, daughter of Mr. and Mrs. Quintin Williams.

### Pioneer J. P. Rankin Dies; Rites Set Thursday

RANKIN — Jesse Pearl Rankin, an early resident of both Midland and Upton counties, and a former cowboy, rancher, county commissioner, mayor and banker, died Tuesday, a week after celebrating his 91st birthday. Funeral for the man widely known as Pearl Rankin will be conducted at 2 p.m. Thursday in the First United Methodist Church of Rankin. His death came in a San Angelo nursing home where he had lived the last year, although he had maintained his residence in the town which was named after his father and which Pearl Rankin literally helped build. Interment will be in the Rankin Cemetery under direction of the Shepard Funeral Home of McCamey. He was born Dec. 26, 1881, at Bell Buckle, Tenn., the son of the late Finis Ewing Rankin and the former Eliza Smith. The family moved to Midland (See PIONEER Page 7A).

J. P. Rankin

### Wallace To Undergo New Surgery

MONTGOMERY, Ala. (AP) — Gov. George C. Wallace will undergo a sixth operation as a result of wounds from a would-be assassin's bullet, but his press aide says the surgery is not serious or mandatory. Billy Joe Camp said on Tuesday that the surgery "can be done any time." No date has been set.

One of Wallace's physicians, Dr. H. H. Hutchinson, said the surgery is related indirectly to Wallace's bullet wounds in that the "wound altered his bladder function." The operation, one doctor said, was recommended because of an enlargement of the governor's prostate gland which could interfere with the flow of urine from his bladder. Many men experience similar problems, the physician said, but it usually occurs when they are aged 60 or older. Wallace is 53.

### Bush Chamber Banquet Speaker

Ambassador George Bush, representative of the United States to the United Nations and a former Midland resident, will be the guest speaker at the 1973 annual banquet and membership meeting of the Midland Chamber of Commerce. The informal function will be held at 7:30 p.m. Feb. 1 in the Midland County Exhibits building.

The guest speaker announcement was made by Martin Allday, chairman of the chamber's banquet committee, at a Tuesday afternoon meeting of the panel in the chamber of commerce office. Allday will introduce Bush at the dinner. They are long-time personal friends. Bush is scheduled to become national chairman of the Republican party on Jan. 20. W. J. "Bill" Mewhorter, president of Western State Bank, will serve as master of ceremonies. Special music will be presented by the Midland Downtown Lions Club's popular Big Name Band.

Jetton's Foods Inc. of Texas, Fort Worth, will cater the special steak dinner. Allday said banquet tickets, priced at \$7.50 each, will be available early next week to U.S. prisoners and safe conduct (See GEORGE Page 7A).

George Bush

### LATE NEWS FLASHES

NEW YORK (AP) — The New York Yankees were sold today by CBS for \$10 million to a group headed by Yankees President Michael Burke. CBS had paid \$16 million for the team.

WASHINGTON (AP) — Democratic Sen. Gaylord Nelson of Wisconsin today said he would introduce a bill to deny funds for any further bombing of North Vietnam without Congress' approval, except in direct defense of withdrawing troops.

DALLAS (AP) — Rollbacks and refunds on excessive rents charged by landlords in Dallas, Garland, Vernon and Amarillo were ordered by the Internal Revenue Service today.

## Midland League Backs Corporate, Personal Income Taxes

By CHARLES REINKEN The Midland League of Women Voters has sent school board members a consensus statement advocating, among other things, state enactment of both corporate profit and personal income taxes for public school funding. The statement was issued as state legislators ponder what their response will be to a court order that a new method of public school financing must be established.

In past years, the issue of state income and corporate profit taxes has touched off raging controversies in the state legislature, but the measure has never been introduced as an instrument tagged solely for the support of the public school systems across the state. Ted M. Kerr, vice president of the school board here, said he would not rule out the possibility that the legislature might enact corporate profit and personal income taxes, but added, "The ad valorem tax will be retained. I'm sure, in some measure. I certainly hope some enrichment will still be possible through local ad valorem taxes." The position paper, forwarded to all trustees of the Midland Independent School District, also says in part that "the quality of facilities should be recognized as one determinant of the quality of education; therefore capital outlay and debt service should be incorporated in the state-guaranteed program on some phased-in formula." At present, the state supports certain low income or small population school districts through the School Foundation Program. The program accounts on a minimal basis for teachers' salaries, maintenance and operation costs and transportation costs, but does not extend to capital outlay or debt service. The league also supports allowing local districts to add as much funding, or "enrichment," as they wish to the state's minimum support, providing a "high quality" program is guaranteed by the state. This is in accord with a recent recommendation from the State Board of Education, but many legal experts feel the concept of unlimited local enrichment will not find favor in the courts. In Rodriguez vs. San Antonio Independent School District, the 1971 case which axed the present Texas school financing system, the U.S. district court in San Antonio ruled, in part, that "The current system of financing public education in Tex-

as discriminates on the basis of wealth by permitting citizens of affluent districts to provide a higher quality of education." The court did not rule the property tax unconstitutional, nor did it specify a financing plan, but allowed the legislature to enact any plan that would bring the per-student distribution of wealth among the 1,185 school districts to approximate equality. The case is now on appeal before the U.S. Supreme Court and a ruling is anticipated some time this month. Those close to the problem, including Midland Supt. Dr. James Mailey and School Board President Gilbert C. Tompson, have expressed doubts that the courts will view unlimited enrichment as being in line with the Rodriguez decision. Another point the Midland

LWV position paper said was essential, was retention of local control over tailoring of programs. This mirrors the tenor of a Dec. 19 meeting between the school board and State Sen. W. E. "Pete" Snelson and State Rep. Tom Craddock. At that meeting, Tompson lamented the idea of seeing local tax money "go to Austin and then come right back with a lot of strings attached." Both Craddock and Snelson pledged to work for as few "strings" as possible. Snelson also said his best guess is that the legislature, if it retains the property tax as a means of school financing, will seek to eliminate some of the system's inequities by means of a statewide, rather than district, assessment system. The Midland league also said

if the present state-local financing system is retained, financed by local property taxes, the league would endorse the following revisions in the system: 1. "Each district would be required to levy a minimum property tax based on true market value. This amount would automatically become a district's local fund assignment." The local fund assignment, currently based on each county's "economic index," is the state's present means of attempting to equalize education quality among the districts. The formula for computing the "economic index" has come under criticism from numerous directions and is now the subject of legislation. (See WOMEN Page 7A)

# Dear Abby

## What's In A Name Over The Telephone?

-By Abigail van Buren

DEAR ABBY: This is for "Offended in Houston" who doesn't like to give a secretary his name on the phone. I am a secretary and could not follow my bosses' instructions without asking names:

"Don't interrupt my conference unless Mr. X calls from New York. Don't accept any calls from Mr. Y in Seattle. He expects quotes on a contract for which I don't have the figures, and I don't want him to waste a call. If Mr. Z calls from Kansas City, tell him I'm in Europe. I'm tired of fooling with that character. If Mr. B calls from Chicago, tell him it's a deal."

My grandfather, who came over from Scotland, always said, "Never trust a man who will not proudly tell you his name."

### ANOTHER SECRETARY

DEAR ABBY: "Offended in Houston" would be less offended if his secretary knew how to place a telephone call.

She should say, "Mr. Draykaup of Draykaup Nuts and Bolts would like to speak to Mr. Yourboss, please." That way Mr. Yourboss' secretary wouldn't have to ask who was calling.

But what really burns me is when Mr. Bigshot's secretary telephones and asks me to get my boss on the line, and then my boss has to wait forever until Mr. Bigshot finally gets on the line.

I now have a sure cure for that. When a secretary who makes a practice of doing this calls and says, "Mr. Bigshot wants to talk to Mr. Yourboss," I say, "Then please have Mr.

ST. LOUIS SECRETARY DEAR ABBY: Doesn't that idiot signed "Offended in Houston" realize that a busy executive doesn't have time to talk to everybody who calls him?"

When I'm in a meeting or on another telephone call, I don't want to be disturbed, so I ask my secretary to find out who's calling so I can return the calls when I am free. Some calls I don't return at all because the caller is a pest and a time waster.

People who solicit funds on the telephone are a pain in the neck. I rarely return their calls, but I do give consideration to those who write letters.

### BUSY EXECUTIVE

DEAR ABBY: I don't mind being asked by a secretary, "May I tell him who is calling?" But what really bugs me is having a child answer the telephone, and in a whining voice ask, "Who is this?"

### NO PATIENCE IN MILWAUKEE

DEAR ABBY: When I make a telephone call, I say, "Hello, my name is Nicky Thompson." This establishes every thing from the start. And when I pronounce my name, I say it clearly. I am so annoyed when a person mumbles his name as though he were ashamed of it, I don't mean to sound smug, but it is so simple to identify oneself and thus relieve the other party of asking who you are.

### MRS. NICKY THOMPSON

Problems? Trust Abby. For a personal reply, write to ABBY, in care of this newspaper, and enclose a stamped, addressed envelope.

# POLLY'S POINTERS

## Pecan Picker Has Stain Problems

By POLLY CRAMER  
Newspaper Enterprise Association

DEAR POLLY — Please tell me how to remove pecan stains, especially from cotton wash-and-wear things. I have been picking pecans and there are many stains on my towels, clothing, etc.—OLLIE

DEAR POLLY — My Pet Peeve is with those mailboxes for drop-off mail—(drive-in or whatever you choose to call them) that are on the right side as one pulls up in a car. We are not in England, so do not have right-hand drive, and, for those with sports cars having the shift in the center, it is an impossible situation. Why make us twist and climb to get to the right-hand window so we can drop mail in-the-box? That is no convenience, as I usually have to get out, walk around the car in the rain or snow and put my mail in. Why can't they truly make them drive-in with the box situated to your left and the street to your right for easier

accessibility? There, now, I feel better.—MARY C.

DEAR POLLY — I dreaded rolling out pie crust but now find it simple to do. I have a wooden rolling pin, so I flour the counter, make dough into a ball, put an alligator-textured plastic bag on the dough and begin rolling. The dough can be rolled as thin as you like with no holes and no dough rolled up on the rolling pin.—JANE

DEAR POLLY — When the snow piles up on your windshield during a sudden snowstorm, take your PLASTIC dustpan and scoop it right off. This also is great for cleaning off the porch steps.—MARGARET

DEAR POLLY — When doing the weekly vacuuming, I find it easy to vacuum the kitchen drawers, too. This keeps the silverware drawer free of crumbs and all my other drawers dust-free. It is much quicker and easier than doing the job any other way.—BONNIE

### Coming Events

Thursday  
Texas Chapter No. 122, T.O.P.S., 7:30 p.m., Henderson Elementary School Library.

Recovery, Inc., 7:30 p.m., Midland Community Center for Mental Health and Mental Retardation, 2101 W. Wall St.

Duplicate bridge games, 8:30 a.m., Knights of Columbus Hall, 2401 W. Indiana St.

Mobil Wives Evening Group, 7:30 p.m., Flame Room, Pioneer Natural Gas Co.

Lovely Sheen  
Oil the surface of apples, oranges and pears with a good grade of salad oil. This gives the fruit a lovely sheen when polished.

Mrs. James Mitchell Powers

# James Mitchell Powers' To Live In San Antonio

Ellen Ruth Britton, daughter of Mr. and Mrs. J. M. Gideon, 3606 Boyd St., and James Mitchell Powers, son of Mr. and Mrs. William E. Covington of Magnolia, were married Sunday in Keview Heights Baptist Church. The Rev. Jerry Reed performed the double ring ceremony at 3 p.m.

The couple will live at 5800 Medina Base Road, Hillside Apartments 11-D, San Antonio, where he is stationed at Kelly Air Force Base. She is a graduate of Midland High School and the bridegroom graduated from Magnolia High School.

Ruth Ann Ready, soloist, provided the music. Steve MacHacek, San Antonio, and Joe Riley, San Antonio, were the ushers.

Mrs. Kenneth Britton, sister-in-law of the bride, was the bridesmatron and Mary Nell Conner the bridesmaid. They were dressed alike in floor-length Empire styled gowns in emerald green velvet. Each carried a cascade of green Spider mums.

Roger Matheson of Magnolia was the best man. The groomsmen were John Shivers, also of Magnolia. The bride chose for her wedding a gown of slipper satin with fitted bodice of re-embroidered Alencon lace over satin. Bracelet sleeves were fashioned of the lace, which was repeated in panels on the A-line skirt. The cathedral train topped by a double Diol bow was accented by

### Mentally Retarded Can Be Creative

NEW YORK — (NEA) — That a person's I.Q. often has little to do with his creativity is a point now being proved by the mentally retarded. They were given the chance to show their creative ability by a few people who were willing to put time and dollars where others gave lip service. And this willingness to help has paid off — not just in an aura of philanthropy but in the medium we all admit speaks for itself — money.

From the art center at Flame of Hope, a nonprofit, self-sustaining agency that provides employment for the mentally retarded through the sale of products they make themselves, have come original designs for fabric prints. The designs were bought by Lawrence Gordon, president of Blue Ridge-Winkler Textiles, and he brought Du Pont into the act from the fabric angle. The fabric used for the designs is Antron II.

"This guy is a leader," said Stephen E. Blum, president of Flame of Hope, referring to Gordon. "He deserves a lot of credit. He has put a lot of his own personal money into the effort and a lot of his company's time. But the venture is a success. Recently he sent us a letter saying he wanted to make it a continuing operation and would give us a percentage of the net profit."

Du Pont is making a film on the project and now fashion leaders in all categories will interpret the prints in their designs. The fabrics will be available for home sewers, too.

Announce Birth  
Mr. and Mrs. Steve Bredall of 2402 Apperson Drive announce the birth of a son, Scott Daniel, Dec. 28 in Midland Memorial Hospital. The baby weighed 9 pounds.

2A—WEDNESDAY, JANUARY 3, 1973

## Vocational Nursing Class' Graduation Set Thursday

Thirty-seven students will receive certificates or caps Thursday during capping and graduation exercises for Midland College School of Vocational Nursing.

Scheduled for 7 p.m. in Lee High School Auditorium, ceremonies will include an address by Dr. Don Hunt, dean of instruction at Midland College. Camal C. Dakil, dean of students, will preside.

Highlighting the event will be the presentation of the Helen G. Seay Award to the outstanding graduate by Lester Burks, dean of occupational-technical education.

The class will be presented by Mrs. Patricia Myers, R.N., director of the vocational nurse education program. Mrs. Lanell Hopkins, R.N., instructor, will present caps to the clinical students. Mrs. Virginia Land, R.N., instructor, will present school pins to the graduates.

Mrs. J. H. Hardy, president of Fine Polish will use a window cleaner for a fine polish on the outside of stainless steel coffee pots, toasters and other small-appliances.

RHCC GOLFERS — Mrs. Byron Robbins, right, is the new president of the Ranchland Hills Country Club Women's Golf Association, and Mrs. Charles Featherston is the new vice president. They were named during a business session Tuesday at the club.

### Business Meet Held By Club

The Nydia Club, sewing group of the Daughters of the Nile, met recently in the home of Mrs. J. B. McCoy, 606 N. Marienfeld St., for a business session, with Mrs. Ed Watts presiding.

The invocation was given by Mrs. Roy Gardner. A letter of appreciation from the administrator of the Shrine Burns Institute in Galveston, thanking the club for its Christmas donation for toys and clothing, was read. It was announced Mrs. Catherine Briscoe of San Francisco, Calif., supreme queen of the

# First Hijack Attempt Of Year Fails To Get Off Ground

BALTIMORE (AP) — A Roman Catholic cardinal, a veteran FBI agent and a psychiatrist talked an armed man into giving himself up after he commanded an airliner in the year's first hijack attempt. No one was hurt, and the plane didn't get off the ground.

The suspect, identified as Charles A. Wenige, 37, of Baltimore, passively surrendered Tuesday night some three

hours after he took two stewardesses hostage aboard a Piedmont Airlines plane and demanded to be flown to Toronto, Canada, authorities said.

Some two hours after the tense ordeal began, the gunman freed the stewardesses following on-board negotiations with FBI Agent Thomas H. Farrow and radio conversations with Lawrence Cardinal Shehan and Dr. John Lyon.

The agent reported that the gunman told him he greatly admired the cardinal. Dr. Lyon was familiar with Wenige, authorities said.

Farrow said Wenige talked of unspecified "personal problems" and drank alcoholic beverages while aboard the twin-engine turbojet. Wenige told authorities he had been released Tuesday from a Fairfax, Va., hospital. He said he was an

Army veteran and had been wounded in Korea, the agent reported.

Farrow said Wenige would be arraigned today on federal charges of attempting to hijack an airplane and interfering with a flight crew.

According to Farrow, the casually dressed Wenige boarded the Atlanta-to-Baltimore multi-stop flight at Washington's National Airport, flew to Baltimore's Friendship Airport and then hid in the washroom until all the passengers left the plane.

Brandishing a .45-caliber revolver, he took two stewardesses hostage and ordered the rest of the crew off the plane, the agent reported.

Farrow said Wenige several times put the gun to the head of a stewardess and demanded to go to Toronto and then to

talk with Dr. Lyon and Cardinal Shehan, the 74-year-old archbishop of Baltimore.

After convincing the gunman to allow him to take the place of stewardesses Terry Ann Meadows and Jackie Wisecup, Farrow boarded.

Finally, Wenige agreed to get off the plane with Farrow but refused to relinquish his weapon, according to the agent.

"I told him he shouldn't ap-

pear before the cardinal with an exposed weapon," Farrow related. The man then put the gun away.

Cardinal Shehan and Dr. Lyon met him at the base of the exit ramp.

"I shook hands with him and assured him nothing would happen to him," related the cardinal.

Wenige then briefly scuffled with FBI agents who took away his gun. It was empty.

## New Mexico To Review Trucker's Log Book In Bus Crash Investigation

SANTA FE, N.M. (AP) — The New Mexico Motor Transportation Department plans to review the log book of trucker Erby G. Wilmeth in its investigation of the crash that killed 19 when his truck and a chartered bus collided Dec. 26.

"We don't have it, but I'm sure we're going to get a copy of his log," department enforcement director L. J. Sandoval said Tuesday when questioned about a state police report that Wilmeth had begun driving 12 hours before the crash on a narrow bridge east of Ft. Sumner.

Sandoval said both state and federal laws prohibit commercial drivers from driving more than 10 hours in a day without an eight-hour rest period.

The official state police report on the accident, released Tuesday, said Wilmeth was awake at 5 a.m. in Clovis on

## Pentagon Papers Jury Selection Begins Again Today

LOS ANGELES (AP) — Selection of jurors in the Pentagon Papers trial of Daniel Ellsberg and Anthony Russo begins today in what is technically the second trial for both defendants.

Last month a jury which was selected for the trial last summer was dismissed and U.S. District Court Judge Matt Byrne declared a mistrial. Ellsberg and Russo had agreed to waive their right to protection against double jeopardy in order to get a new jury.

The defense claimed the original jury was possibly prejudiced by exposure to news reports about the trial while it was in recess for four months during legal appeals.

## Preparations Under Way For New Peace Talks Round

PARIS (AP) — Preparations were under way today for resumption of both sets of Vietnam peace talks in Paris.

North Vietnam's chief peace negotiator, Le Duc Tho, left Hanoi for Paris and more sessions next week with Henry A. Kissinger.

U.S. sources said the North Vietnamese also agreed to the American proposal for a meeting Thursday of the weekly four-party, semipublic talks. The North Vietnamese walked out of the meeting Dec. 21 in protest against the bombing of Hanoi and Haiphong.

Tho was expected to stop en route in Peking and Moscow, as he usually does. He and President Nixon's national security adviser meet on Monday.

Their negotiations have been recessed since Dec. 13, but they were scheduled for further meetings after the United States called off its aerial blitz of the Hanoi-Haiphong area.

Washington said in announcing on Jan. 30 the bombing halt above the 20th parallel that it had indications the North Vietnamese were prepared to resume negotiations in what the

## Three Persons Killed In Valley

WESLACO, Tex. (AP) — Three persons were killed and one was listed as "very critical" following two separate traffic accidents at Weslaco in the Lower Rio Grande Valley.

Henry E. Luke, 51, of McAllen, died following a two-vehicle accident on the U.S. 83 expressway near the Victoria road exit. Officers said one vehicle crossed the center median and collided with a vehicle in the other traffic lane.

Rogelio Magana, about 45, of Weslaco, and Santos Hernandez, 4, of Elsa, died in a three-vehicle accident about two hours later.

David Hernandez, brother of the victim, was listed in "very critical" condition at a Harlingen hospital where he was taken for treatment of head injuries.

## Assault On Press Worries Editors

ALBANY, N.Y. (AP) — President Nixon's administration presents to the American people in this new year "the most serious challenge in modern history to their unrestricted access to information about their government," the Freedom of Information Committee of the American Society of Newspaper Editors said today.

A statement by the committee said the latest evidence of a Nixon threat to freedom of the press was a White House aide's announcement that the administration will propose legislation to require local broadcast stations to monitor network news reports.

Robert Fichenberg, chairman of the committee, issued the statement. He is executive editor of The Knickerbocker News-

## Housewives Group Protests Firing Of Harris Deputy

HOUSTON (AP) — A group known as Housewives for Collective Action met with county commissioners Tuesday to protest the firing of Deputy Marvin Zindler by incoming Sheriff Jack Heard.

Zindler was head of the sheriff's Consumer Fraud Division under outgoing Sheriff C. V. Kern, whom Heard defeated. He gained nationwide attention by bringing charges against large merchants for false advertising.

Heard said he and Zindler had not been able to agree about a place for Zindler in the department. Zindler said he was ousted because he made too many enemies.

Carol Bertram, who said she represented about 130 members of the housewives' group, said the consumer fraud division had made headway under Zindler because he was not afraid to take on the biggest businessmen in town.

## Mexican Held On Weapons Charge

SAN ANTONIO, Tex. (AP) — Authorities held Antonio Galaviz, 22, of Laredo, Tuesday in lieu of \$20,000 bond on federal charges of carrying a concealed weapon aboard an airliner.

U.S. Magistrate John P. Giles set a Jan. 8 examining trial for Galaviz, who said he is legally admitted resident alien. He was arrested Saturday at International Airport here.

**Convict Claims Smith Not Able To Commute Term**

SAN ANTONIO, Tex. (AP) — Gov. Preston Smith lacked the "right" to commute death sentences to life imprisonment, claims a death row veteran who was convicted of the 1963 shooting death of a local high school football star.

Ralph Carl Powers asked that he be released in a writ of habeas corpus his attorneys filed Tuesday with the U.S. district clerk here. The writ was filed against W. J. Estelle, director of the Texas Department of Corrections.

Powers was assessed the death penalty by a Bexar County jury in 1964 in the death of Morris Weldon "Dicky" Renfro.

According to Powers' petition, the governor sat "as a judge and jury on the issue of assessment of punishment" and this denied Powers' right to a trial by a jury "of his peers."

"No one can assess punishment, including the governor," said Powers.

# LOUSY LOVERS— Italian Husbands Not Much Different Than Americans?

ROME (AP) — Italian housewives complain in a survey of their sex lives that their husbands are lousy lovers.

"He is uninspiring, not like a real man," says one 42-year-old Roman wife.

A Milanese, 48, comments: "Once he was a good lover, now he has no passion."

The housewives also lament that in marriage Italian style sex soon becomes a household chore — only for the convenience and pleasure of the husband.

A quarter of the women interviewed admit that they have betrayed their husbands. And one-half of those who have been faithful say they remained so only because they didn't have a chance.

The wives' complaints are outlined in a recent book by Lietta Harrison, a Sicilian writer who surveyed the sex habits of 1,056 married women. Miss

Harrison interviewed an equal number of mothers and their married daughters, posing the same questions to ascertain changing attitudes.

"Within a generation," the writer concluded, "Italian society has changed radically. The married daughters have discovered sex. They believe that sex is not 'shameful.' They have also found out their 'right' to orgasm."

The elder mothers — 42 per cent of them — even accept that their husbands should be more passionate with their mistresses than with their wives. Only 3.5 per cent of the young married ones agree with that.

Sixty-six per cent of the young married women consider sex the most important factor in marriage. Only 8 per cent of their mothers think so.

Yet the mothers and their married daughters agree on

## Redford Is Best Dressed

NEW YORK (AP) — Actor Robert Redford is back on this year's International Best Dressed list for men and women.

"I didn't know ski parkas were in this year," said Redford, in a call from Utah.

"That's where all our fashion plates hang out," he said, adding that a hand cast was part of his wardrobe right now, as he'd recently had a skiing accident.

Redford joins 29 men and 29 women elected to the list by vote of some 2,000 fashion designers, fashion press and theatrical and social personalities throughout the world. The winners were announced today by publicist Eleanor Lambert.

Redford, who will star in the movie of F. Scott Fitzgerald's "The Great Gatsby," prefers Borsalino hats, Indian jewelry, Sears blue-work shirts, boots, tennis shoes, jeans and durable clothes from the 1930s.

He doesn't like heliotrope, anything Ivy League, trendy clothes or clothes he can't move around easily in.

"I like clothes best when I've worn them for two or three years," said Redford, adding that he still wears a 15-year-old leather jacket and a tan suede jacket he got at a Paris flea market in 1967.

Those on the list of 12 best-dressed men with Redford are Mick Jagger, rock star; Mayor John V. Lindsay of New York; Richard Roundtree, film star in "Shaft"; and Robert Evans, movie executive.

Others include Gianni Bulgari, Italian jeweler; Billy Baldwin, New York interior decorator; John Gallier, international socialite; David Susskind, television personality; Fred Hughes, with Andy Warhol Enterprises; Armando Orsini, New York restaurateur; and David Mahoney, chairman of North Simon.

Among the 12 best-dressed women are Miss Marisa Berenson, actress; Baroness Thierry van Zuylen, Paris socialite; Mrs. Samuel P. Reed Jr., daughter of Mrs. Charles Englehard Jr.; H.R.H. Princess Salima Khan, wife of the Aga Khan; and Mrs. Henry Ford II of Detroit.

The first regular transatlantic service was inaugurated in 1838 when two ships from England arrived in New York after 17 and 15 days at sea.

# Jack Lemmon Finds Nude Scene Cold And 'Biting'

By PHIL THOMAS

NEW YORK (AP) — After starring in some 30 movies, Jack Lemmon recently did his first nude scene and "it didn't bother me a bit — although I was uncomfortable."

The action, which takes place in the film "Avanti!", has Lemmon stripping to his socks and then swimming out to a tiny island on which he rests.

"I wasn't embarrassed," says Lemmon, puffing thoughtfully on his cigar, "but I was uncomfortable because the water was cold and there were some bugs or something on the island that kept popping out of the sand and jabbing into me."

Lemmon has no objection to screen nudity provided there is a legitimate reason for it, as he thinks there was in "Avanti!" since "it shows how my character begins to relate to a girl, the first step in their love story."

But, he emphasizes with a stab of his cigar, "I do object to nudity for the sake of nudity. Just as I'd object to any scene if it were not necessary to the picture. What appears on the screen doesn't bother me if there's a legitimate reason for it, but, if it doesn't belong in the script, it's wrong, and I won't do it."

Lemmon, an affable 47-year-old who has been starred in films such as "Days of Wine and Roses" and "Some Like It Hot," recently completed another movie called "Save The Tiger."

"It's not the most I've done in a row," he says with a

smile. "Once I did three pictures back-to-back and it almost killed me. It took over a year and I literally had only a couple of days off between them."

"Which is kind of funny because other times I've gone as much as eight months between films. Don't forget it took 20 years to do those 30 or so pictures of mine."

The deeply-tanned Lemmon, who lives in Beverly Hills with his wife and their three children, also has appeared in some 50 radio and television shows and on the legitimate stage.

"I like the stage," he says. "You miss the live audience like mad in a movie. It's good to get on the stage every so often and give a sustained performance before an audience. It's like an athlete going to the gym and working out."

"In a movie you work in bits and pieces, and it takes months before you get a reaction to your work. But on stage you are accepted or rejected every moment you are on, and it's a

real ego trip to hear a live audience react to you — assuming it's not booing."

After a day before the cameras or an evening on stage, Lemmon likes to unwind by "sitting at the piano, playing and writing songs. It's a great release. It uses up a lot of excess nervous energy."

"Some of my songs have been published. But they never did anything though. I've gotten maybe \$101 in royalties in 15 years, so I'm not replacing Gershwin."

"But," he concludes with a laugh, "it is a step beyond singing in the shower."

"On Target," a joint project of The Reporter-Telegram, Action Line-Fish and the Human Relations Council, solves problems, gets answers, cuts red tape and investigates complaints. Write "On Target," The Midland Reporter-Telegram, Box 1650, Midland, Tex. 79701.

How much money did the City of Midland spend on the Midland Cubs (getting the stadium ready, etc)? Does the city expect to get all of the taxpayers' money back—and when?—H. R. B.

Robert Thomson of the city's Parks and Recreation Department says that the total expenditure for the baseball stadium remodeling, light, scoreboard, etc., was \$191,962.54. City Manager James Brown explains that the city leased the park to the Cubs for five years at a cost of \$10,000 per year. In addition the team paid the city \$150 per home game, which over a 67-game season in Midland amounted to \$10,050. Brown added that at the rate of return for 1972, it will take a considerable period of time for the city to receive all of its initial investment. However, he pointed out, that the City Council viewed the ballpark improvements as an expense similar to building a new recreation park in Midland—which would not return any money at all once completed. Brown said the money was spent not as a "money-making thing" but because it afforded the city the opportunity to have minor league baseball in Midland.

I want to attend UTPB this fall, but am wondering if the university will accept correspondence credit.—E. B.

Yes. Correspondence credit applicable to your degree program at UTPB will normally be awarded for work completed through a regionally accredited college or university. Up to 15 semester hours will be accepted.

### Angleton Band Members Injured In Bus Mishap

LORDSBURG, N.M. (AP) — Tuesday's accident involved a Seven Angleton, Tex., high school band returning from school bandmen remained hospitalized today following a car-bus crash on Interstate 10. Highway patrolman Guinn said the two vehicles collided on slick Interstate 10 near the Arizona state line causing the bus to crash down a 40-foot embankment and overturn. Twenty-eight persons were injured, 10 of them requiring hospitalization. Three of the injured with a cattle truck near Fort Sumner.

## Another Jet, Two More Fliers Lost In Air War Over North

SAIGON (AP) — American warplanes hit the southern panhandle of North Vietnam with more than 120 strikes Tuesday and today, the U.S. Command announced.

It also reported the loss of another fighter-bomber and two fliers in North Vietnam six days ago, raising the admitted total in less than three weeks to 28 aircraft and 95 airmen killed, captured or missing.

In South Vietnam, North Vietnamese and Viet Cong attacks doubled to their highest number in nearly a month. The Saigon command reported 81 enemy attacks, 57 of them by rockets and mortars, during the 24-hour period ending at dawn today.

Highway 4, which connects Saigon with the rice-producing Mekong Delta, was cut by saboteurs who blew up a bridge southwest of Can Tho.

The lost U.S. plane was a Marine Corps A6 Intruder. The Command said it went down to unknown causes while on a mission over North Vietnam Dec. 28, two days before President Nixon halted the blitz of the Hanoi and Haiphong areas.

The command did not give the location of the crash, but other sources said the plane was lost somewhere below the 20th parallel. The two crewmen were listed as missing.

The command reported the daily number of raids over North Vietnam for the first time since Dec. 18, when the attack on Hanoi and Haiphong began. It said U.S. fighter-bombers flew

84 strikes in the panhandle during the 19-hour period ending at daybreak today. B52 heavy bombers, which carry five times the bomb load of the fighter-bombers, flew 40 strikes during the same period.

The command said it had no damage assessment available because of overcast skies. The targets were supply routes, transportation systems and supply dumps.

In Cambodia, Communist troops seized another government outpost near Phnom Penh and attacked half a dozen others in an apparent bid to take the offensive from a joint Cambodian-South Vietnamese task force sweeping southern Cambodia.

By GEORGE ARFELD

SAN JUAN, P.R. (AP) — U.S. Navy divers plunged into the ocean off San Juan today in search of the bodies of baseball star Roberto Clemente and four others aboard a mercy plane that crashed on New Year's Eve.

The wreckage of the plane is still missing and one report that it had been found was denied by a U.S. Coast Guard spokesman.

A Navy spokesman said six divers sailed at sunrise aboard a Coast Guard vessel to comb the choppy Atlantic, about two miles north of San Juan, where the propeller-driven DC7 is believed to lie in 80 to 150 feet of water.

A Coast Guard spokesman said waves of up to six feet continued to trouble rescue efforts.

It was learned from a National Transportation Safety Board inspector that the DC7 had taxied for takeoff at 7:38 p.m. Sunday, but returned to the ramp 21 minutes later without taking off.

William Collins, the inspector, said that after the return some mechanical work including a change of spark plugs — was performed on one of the engines.

The plane finally took off at 9:22 p.m. and seconds later plunged into the Atlantic. Clemente, the Pittsburgh Pi-

## Lackland Becomes Closed-Gate Base

SAN ANTONIO, Tex. (AP) — Security forces manned around-the-clock checkpoints today at all unlocked entrances to Lackland Air Force Base, as a new security policy began at the base.

Other entrances are locked. Lackland, the Air Force's only center for basic training became a closed military reservation Tuesday, after trying the manned-or closed-gate policy on a limited basis since late 1971.

Military spokesmen said only personnel who display valid Air Force decals will be allowed to pass checkpoints without stopping. Civilians with legitimate on-post business will be issued temporary passes.

A security spokesman says primary aim of the new policy is to stop unauthorized vehicular traffic. The base also says crime prevention is another reason.

## Dallas Shelves Love Head Tax

DALLAS (AP) — Agreement by airlines to foot the bill for security caused city councilmen to shelve a proposed \$1 head tax on travelers departing from Dallas Love Field.

Council members made it clear, however, that their decision hinges on government approval of increased airline fares.

The city had proposed to charge all passengers boarding here a \$1 tax to pay for the beefed-up security force ordered recently by the Federal Aviation Agency. Instead, all but one of the airlines serving Dallas agreed to meet the costs for more guards provided fares are raised.

The city had proposed to charge all passengers boarding here a \$1 tax to pay for the beefed-up security force ordered recently by the Federal Aviation Agency. Instead, all but one of the airlines serving Dallas agreed to meet the costs for more guards provided fares are raised.

## School Administrators Conference Opens Today

AUSTIN—School finance, one of the pivotal issues slated for public decision in 1973, will keynote the 24th annual Administrators Advisory Conference to be held today and Thursday in Austin.

Dr. James Mailey, superintendent, and Dr. Douglas W. Brown, assistant superintendent for instruction, are representing the Midland Independent School District at the conference.

An opening session symposium at 7:30 a.m. today plus small group meetings designed to offer an in-depth look at six different approaches to raising and allocating school funds Thursday should attract a major share of interest at the two-day conference.

The three-man symposium, "Financing Texas Public Education," will feature State Sen. Oscar Mauzy of Dallas, chairman of the Joint Senate Committee on Public School Fi-

nance; Ben R. Howell of El Paso, chairman of the State Board of Education; and L. P. Sturgeon of Austin, executive secretary treasurer of the Texas State Teachers Association.

More than 2,500 school superintendents and other administrators will examine school finance questions at six of the 25 special topic group meetings to be held Thursday. These mini-sessions, scheduled throughout the day, will also cover a wide range of quarter other school issues, including the quarter system which supplants the semester system in September, 1973.

Other special interest topics sessions include community education, instructional resources, career education, special education, implementing the new mathematics curriculum, accounting, foreign languages for today's student, advisory committees and improved planning for excellence in education.

for excellence in education.

That Darn Bridge

"They placed most of the blame on 'that darn bridge.' " That's what the news release said in quoting federal and New Mexico investigators concerning last week's truck-bus collision on a New Mexico highway which took the lives of 19 Austin residents.

John H. Reed of Washington, D.C., chairman of the National Transportation Safety Board, said the narrow bridge near Fort Sumner on U.S. 60-184 "is a death trap just waiting for an accident."

Other investigators and officials also blamed "that darn bridge," which is said to be "less than 20 feet — closer to 19 feet" in width. Presumably, something will be done about this and other narrow bridges, nationwide, but this is of little consolation to the parents and loved ones of the 19 persons killed in the accident.

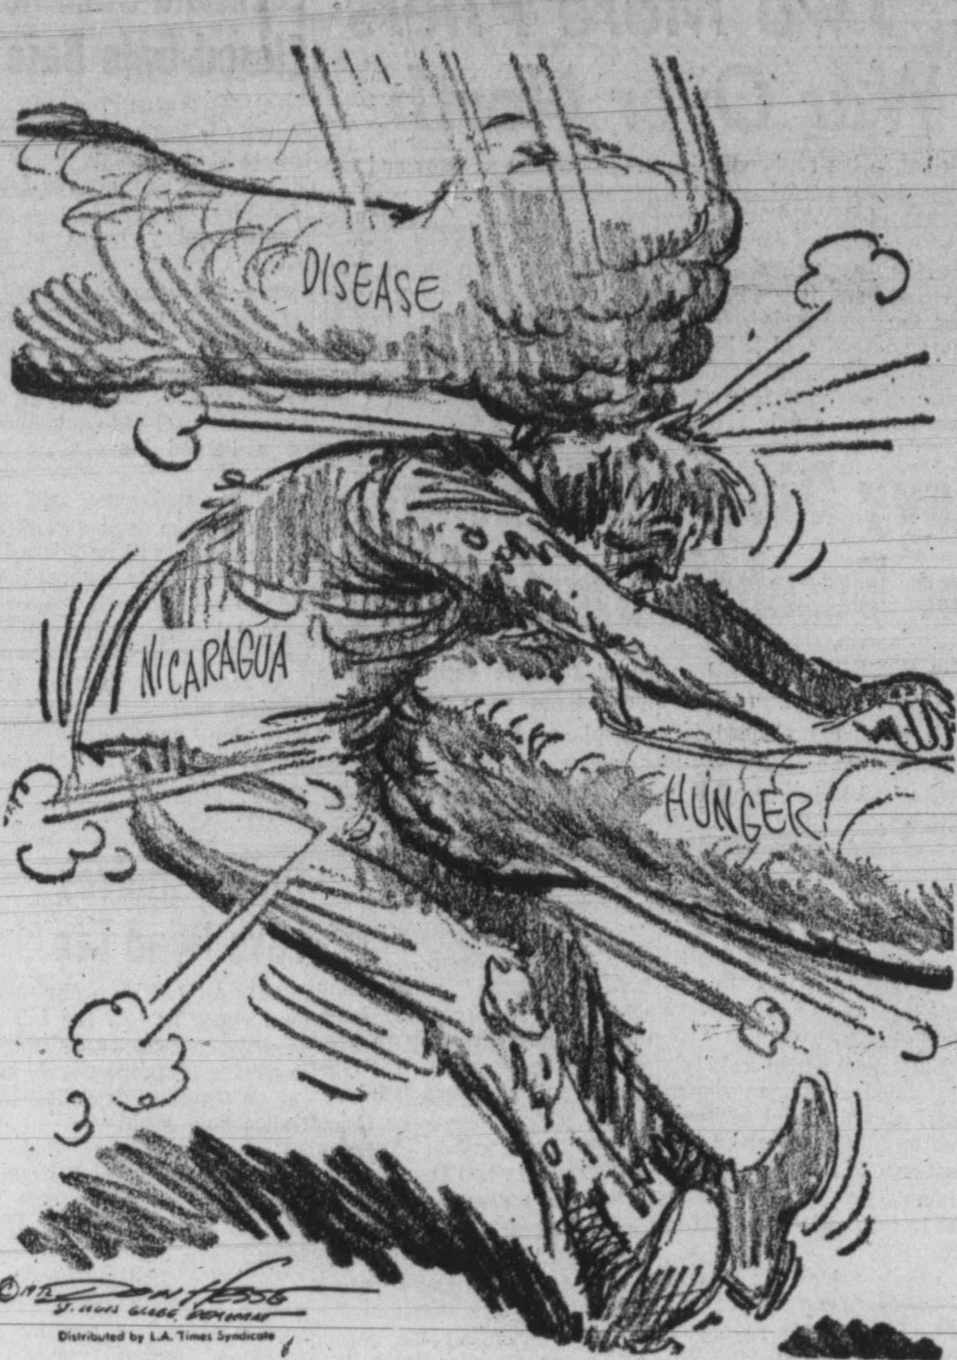

It is most unfortunate that tragedies such as this have to occur before steps are taken to correct unsafe, hazardous conditions. The New Mexico bridge reportedly had been scheduled for repairs since 1965. Highway officials said the project had been postponed time after time due to a shortage of funds.

A lack of funds usually is cited as the reason why certain needed improvements are not made. But funds somehow must be provided in certain cases. It does cost a lot of money to build and maintain safe highways; no doubt about it. This is the primary reason cited by the Texas Highway Commission recently in expressing the need for a two-cent increase in the gasoline tax.

The Texas Highway Department was quick to run a survey after the New Mexico accident. It showed that 1,448 of the 27,040 bridges on state-maintained Texas highways are no more than 20 feet wide. Most of the narrow bridges, however, are on lightly-traveled farm-to-market and ranch-to-market roads.

A department spokesman said he expects the new federal aid highway bill to carry a large sum which would be made available to the states for bridge-widening and replacement programs. Meanwhile, the various states should start making necessary improvements on their own... NOW!

After Shocks

The Washington Merry-Go-Round

Jack Anderson Says: Information on disaster relief after Hurricane Agnes available to authorities.

WASHINGTON — Frank Garlucci, the White House whiz kid who was put in charge of disaster relief after Hurricane Agnes, has challenged us to submit our charges of mismanagement and malfeasance to the U.S. attorney.

In two columns, we reported how Carlucci came roaring out of Washington, set up headquarters in the devastated area, formed a squad of press agents and began staging publicity stunts. Behind all the razzle-dazzle, we charged, the relief effort had been a multi-million-dollar fiasco.

When Carlucci appeared at his hurricane headquarters in Wilkes-Barre, Pa., the other day to read another of his customary press releases, he was questioned about our charges. "If anyone has evidence of misfeasance or malfeasance," he retorted, "let them submit it to the U.S. attorney."

We are quite willing to turn our information over to the authorities. Already, a dozen FBI agents are looking into some of the scandals that we have uncovered. Here are just a few of the highlights:

— The government spent more than \$2 million to develop mobile home parks that weren't needed. It also ordered hundreds of trailer homes that were left empty. Apparently, no single government agency kept track of all the trailers. Result: Some families allegedly received more than one trailer on different sites.

— One auditor allegedly stayed in a motel on his government expense account, used his mother's name to apply for a trailer and then rented out the trailer home.

— One government investigator told us he personally handled 19 cases of fraud. He submitted them to his superior and never heard about them again. The government itself financed mortgages for mobile homes before discovering the mortgages were illegal.

— We heard story after story about the misuse of the emergency funds put up by the taxpayers. One company was loaned \$1.5 million to finance its emergency repair operations. The government now can't find out what happened to the money.

— We received dozens of complaints about construction companies that allegedly defrauded flood victims. Huge sums were paid out, apparently, for shoddy work.

Meanwhile, the temporary law authorizing disaster relief expired Monday, and House banking chairman Wright Patman, D-Tex., has refused to extend the deadline. In a tough, private letter accusing the Nixon administration of holding up permanent legislation, Patman wrote:

"This legislation was enacted by the Congress and it was that body that set a Jan. 1 deadline for submission of new legislation. Any attempt to alter that without submitting new legis-

lation to that effect would, of course, be a violation of law."

mandment, "Honor thy father and thy mother." — CIVIL RIGHTS: Two epic measures, the Civil Rights Act of 1964 and the Voting Rights Act of 1965, are regarded by black leaders as the greatest advance in social justice since the Emancipation Proclamation. Thoughtful black leaders mention Lyndon Johnson's name in the same breath with Abraham Lincoln.

— EDUCATION: LBJ deserves credit for probably the most sweeping educational legislation in history, which has brought an educational revolution to this country. Today, it's taken for granted that any qualified American youth can get a college education through grants, loans or jobs. This wasn't true in 1963 when most middle-income parents worried about how they were going to educate their children. The college population has doubled since LBJ's reforms became law.

All in all, 435 pieces of basic legislation were passed under LBJ. Most pleasing to him, no doubt, is that none has been repealed, almost all have been added to, and many appear in both party platforms.

Millions of old people, black citizens, young people — and even the press because of the Freedom of Information Act — should be grateful to the lonely man down in Texas.

— MEDICARE: For millions of senior citizens, medicare has become so important that its absence would be regarded as a violation of the fourth com-

JACOBY ON BRIDGE

By OSWALD and JAMES JACOBY (Newspaper Enterprise Association) A letter from Winnipeg reads in part: "I may be the local

would actually respond two no-trump with it. The automatic correct response to the one club opening is one heart. Had South bid one heart, North would raise him to two hearts. South might then jump to three no-trump, but North would correct to four hearts and no amount of hard luck could keep South from making his game. Actually he would make 11 tricks with the diamond finesse working for him.

Wasn't South entitled to assume that three no-trump would be the right final contract? No, he wasn't. If it was, then a one heart response would not prevent getting to three no-trump. Maybe North would be declarer but you get just as many points when your partner makes a contract as when you do.

CARD SENSE

The bidding has been: West North East South 1 ♣ Pass 2 ♥ Pass 3 ♥ Pass 4 N.T. Pass 5 ♥ Pass 7

You, South, hold: ♠2 ♣AQ875 ♦A32 ♣KQ? What do you do now? A—Pass. You have painted yourself into a corner and should settle for the small slam. Remember, your partner could have bid seven hearts if he wanted to do so.

TODAY'S QUESTION Instead of bidding three hearts, your partner has jumped to three no-trump over your two hearts. What do you do now? Answer tomorrow

RAY CROMLEY— United States Aid To Bangladesh Hit Falsely

WASHINGTON (NEA) — During the Pakistan war a concerted effort was made here and abroad to blacken the U.S. role in Bangladesh and India.

The impression was widespread that Washington cancelled all aid to India, including humanitarian assistance, and that we slighted the hungry, homeless and sick millions in Bangladesh, while other lands were rallying their resources to assist these unfortunate people.

Figures now available show the United States has given more relief and rehabilitation assistance to Bangladesh than has any other country. More even than India. More by far than Russia.

The United States, in fact, has poured \$320 million in goods and dollars for food, medical supplies, emergency housing, fertilizer, pesticides, cotton. We have provided the means to rebuild hospitals, schools, homes, bridges and essential power stations. The U.S. contribution, in fact, has been equivalent to half of what has been given by all the rest of the world combined.

Furthermore, this country has given Bangladesh assurances that we will assist mightily in the future development of that nation's shaky economy. We have promised to do our best to provide a third of all the foreign assistance for development, with special emphasis on rural cooperatives, training centers and development stations, the supplying of fertilizer and the introduction of improved varieties of grains and other agricultural products.

None of this discounts the very real contributions of India, Canada, Australia, the United Kingdom and the Scandinavian countries. India's contribution of \$270 million in aid cannot go unrecorded. But it certainly gives the lie to those who badmouthed the American effort in behalf of the new nation, aid provided despite strong U.S. government disagreement with India's invasion of what was then East Pakistan.

Actually, \$120 million in U.S. assistance to India itself continued despite the chilling of relations between Washington and New Delhi (\$87 million in aid was suspended). The U.S. government went on to seek new authority to go on with a \$50 million-a-year program of food for Indian school children. India

Dear Editor: A lot is being written nowadays about our pulling welfare class which, before the present welfare explosion mostly was made up of public dependents such as congressmen and bureaucrats.

And the latter-day entrants in the welfare sweepstakes are not much different, basically, from those earlier achers for public upkeep.

But, at least up to now, these newcomers are not empowered to create laws setting the figures they like on their own personal gravy-grabbings. D. E. SCOTT Crossroads, U.S.A.

PERSONAL FINANCE— Burglary's Now Daytime Job, Recent Study Shows

By CARLTON SMITH NEW YORK (NEA) — Your financial loss, if your house is burglarized, will be just under \$500. That's the average, as reported in a recent study for the National Institute of Law Enforcement.

You can do a number of things, it indicates, to cut the odds on being burglarized. The title of the report is "Patterns of Burglary," and out of the patterns emerge some unexpected conclusions about how, when and why people are burglarized.

First off, forget the conventional picture of the burglar as a somewhat paunchy, middle-aged guy in a mask, with a sack on his shoulder, who invades your house somewhere between 1 and 3 a.m. He's a teen-ager — or at least under 25 — who hits you — most often in broad daylight. The study reports that 50 per cent of residential burglaries occur between 10 a.m. and 4 p.m.

Chances are he'll get in through your front door, or a nearby window. Study of police records "showed a marked preference for front doors and windows." But don't, of course, neglect equipping other entry points with burglar-resistant locks. Burglars simply use the easiest or most convenient entry.

Suburbanites, it appears, tend to be careless about such things. Doors and windows are forced open more often in the cities — probably because "city dwellers may be more security conscious," making force necessary, "as opposed to suburbanites who make it relatively easy for the intruder with their carelessness about security."

The first rule, then, would simply be "lock up" — almost too obvious, but one that's evidently neglected by a large number of victims.

There's no particular season for burglaries. No correlation could be found between burglary rates and the season of the year, the month, or the day of the week — except that the rate does not rise as you might expect, on weekends. The report's authors label "surprising" the extent to which "residential burglary is a daytime, weekday phenomenon."

What's your burglar going to steal? Easy. He wants whatever can be most readily converted to cash. "The burglar," the report notes, "keeps up with the changing value of items, and as a result now steals more television sets than horses." In fact he heavily favors, after

cash, "home entertainment equipment" — radios, stereo gear, etc. "No other single category of goods comes close to either of these two in relative popularity as burglarizable items." Police departments strongly urge keeping a record of serial numbers. It's also wise not to put the hi fi on display where it can be easily seen through a front window.

Warding off burglars comes in two parts. First, there's good physical security — locks. Second, psychological warfare.

You've seen the injunction to leave lights on when the house is vacant at night. Fine — but use your head. "The burglar is often notified of the victim's absence," the report notes, "by the lone living room light shining away brightly at 3 o'clock in the morning."

One highly effective weapon of psychological warfare is available to the householder. Says an expert on burglarious behavior: "A burglar will usually commit a burglary once he has decided to do it, unless he encounters one particular indicator: noise. Any kind of noise creates uncertainty. Noise is the burglar's main concern and fear."

A good alarm — one that will rouse the neighbors and bring the police — would seem to be one of the better investments in burglary insurance.

QUICK QUIZ

Q — What scientist was offered and refused the presidency of Israel? A — Albert Einstein. Q — What is a shire? A — The political subdivision in England that corresponds to a county in the United States.

# Pioneer West Texan Rankin Dies

(Continued From Page 1A)

County to enter the ranching business when Pearl was a teenager, in 1896.

The town of Rankin is named after F. E. Rankin, who donated land for the original townsite when the railroad came through Upton County in about 1912.

The family operated a ranch on the Midland-Upton County line early in the century, and Pearl Rankin operated a 40-acre spread, part of which he owned and part of which he leased, until he began to sell it in the late 1940s and 1950s.

By 1918, he had brought the first registered Hereford cattle to Upton County from El Dorado, Kan., by rail to Midland, and then in a drive from Midland to his ranch.

Rankin personally drove a wagon hauling the prize bull of the herd from Midland to the ranch, known by its brand, the Bar-Diamond.

Although his stock was widely acclaimed, he never was much of a showman. Once he did bring some bulls to a Midland show and took home the championship ribbons, however.

He moved from the ranch home to Rankin in about 1937 and served as mayor of Rankin from 1938 until 1954.

He had had a hand in Rankin affairs even before then.

He helped organize the First State Bank of Rankin in 1927 and served as its vice president. He was on the bank's board of directors until he retired at the age of 88 in 1970.

Rankin served four terms as an Upton County commissioner, from 1927 through 1935.

He helped to build the first telephone system in Rankin, with a line from Midland which later was donated to the Southwest Bell Telephone Co. He personally made the first phone

call from Rankin to Midland in 1923.

Also in the town's early days, Pearl Rankin bought several lots when the original owner "fell on hard times."

From these, Pearl Rankin donated land for the Upton County Courthouse and the Masonic Lodge, of which he was a member.

When the fire department was organized, he bought the town a fire whistle.

Also one of the first to bring sheep to Upton County, Pearl Rankin helped to organize a feed store and wool storage facility.

He long was active in the Masonic Lodge, the Woodmen of the World, the First United Methodist Church, the Texas and Southwestern Cattle Raisers Association and the Texas Sheep and Goat Raisers Association.

During World War II, he filled in at the bank when John D. Hurst joined the service.

Rankin also was active in oil trading.

One of his hobbies was growing pecans, and he prided his 1970 Trans-Pecos Pecan Show native pecan championship and its second place ranking at the regional show in Abilene.

He was married to Elizabeth Cahill on Dec. 28, 1904. They had one son, W. E. "Billy" Rankin. She died in 1918.

He was married to Lela Dee Stonehouse Holmes in 1932. She preceded him in death four years ago.

He had two stepchildren, Mrs. Jackie Pollard of Kingsland and Hal Holmes of McCarney.

A brother, Porter Rankin of Midland, died in 1970.

## Crusade Discussed At Lions Meeting

The North American Continental Evangelistic Crusade — "Key '73" — was talked at the program highlight at the meeting of the Midland Downtown Lions Club today noon in Hotel Scharbauer.

Participating as a panel in presenting the program were the Rev. Weldon McCormick, pastor of St. Mark's United Methodist Church; the Rev. Forrest K. Whitworth, associate minister of the First Presbyterian Church, and the Rev. Bill Cathy of Fannin Terrace Baptist Church.

The overall plan, purpose and program of the crusade which will develop as the year progresses were explained by the panel members. They also discussed schedule and ultimate goals.

Herman J. Dancy is the club's program chairman for January.

## Medicare Premiums To Increase July 1

WASHINGTON (AP) — Medicare premiums will increase 50 cents a month for 22.5 million elderly Americans beginning July 1, the Department of Health, Education and Welfare announced today.

The new rates will be \$6.30 a month for the medical insurance plan supplementing the basic hospital insurance part of Medicare.

Last year there was an increase of 20 cents a month.

HEW Secretary Elliot L. Richardson attributed the latest increase to higher hospital outpatient costs; more use of physicians' services and the trend toward more expensive services. The government shares the cost.

The supplemental plan pays doctor bills and a wide range of other health expenses in and out of the hospital.

New Social Security Legislation passed by Congress late last year will offer Medicare coverage for the first time to 1.7 million disabled persons under the age of 65.

The legislation also extends Medicare protection to persons suffering from chronic kidney disease, provides coverage of certain services by chiropractors and speech pathologists and eliminates the home health agency copayment.

Richardson said there can be no additional premium increase before July 1, 1975, unless Congress hikes Social Security benefits again.

## DA To Talk About Disbarment Suit

WICHITA FALLS, Tex. (AP) — Dist. Atty. Jimmie R. Phagan said today he would hold a news conference at 10 a.m. Thursday to remark on a disbarment suit filed against him Tuesday charging misconduct.

No hearing date has been set for the suit.

## SNOW—

(Continued From Page 1A)

Texas, where 3 to 4 inches of snow piled up Tuesday.

Winds up to 45 miles per hour pushed water from the Clear Creek channel into streets at Seabrook, southeast of Houston.

A few unoccupied houses in Baytown's Brownwood subdivision were flooded. Damage was light, for the wind changed direction about 3 a.m. and tides dropped. No damage estimate was made.

Points where the mercury dropped to freezing or below in early morning included Dabhart 23 degrees, Lubbock 24, Amarillo 27, Childress 30, El Paso, San Angelo and Wink 31 and Abilene 32. Readings at other points ranged up to 47 at Galveston and 48 at Brownsville. The Associated Press reported.

## Congress—

(Continued From Page 1A)

for withdrawing American forces.

Republicans settled on choices for several party leadership posts.

Sen. John G. Tower of Texas defeated Sen. Robert Taft Jr. of Ohio for chairman of the Republican Policy Committee.

Sen. William Brock of Tennessee defeated Sen. Edward Brooke of Massachusetts for chairman of the Republican Campaign Committee. Tower and Brock are both conservatives.

The GOP senators re-elected Hugh Scott of Pennsylvania as the party's floor leader and Robert Griffin of Michigan as the deputy leader, or party whip.

"We have our mandate too," House Speaker Carl Albert told fellow Democrats after they voted 202 to 25 to designate him as their candidate for a second two-year term as speaker.

Rep. Thomas P. O'Neill Jr. of Massachusetts, a white-haired political veteran and war opponent, was elected by acclamation as the new Democratic leader, succeeding Hale Boggs of Louisiana. Boggs has been missing since a plane carrying him and Rep. Nick Begich of Alaska disappeared Oct. 17.

O'Neill's successor as whip will be appointed Jan. 10.

## George Bush To Speak At Chamber's Banquet

(Continued From Page 1A)

Bush was named ambassador to the U.N. on Dec. 11, 1970. He was confirmed by the U.S. Senate on Feb. 10, 1971, and presented his credentials to the secretary-general of the U.N. on March 1, 1971. As ambassador, he is a member of the President's Cabinet.

The ambassador, a native of Massachusetts, attended Phillips Academy at Andover, Mass., and was graduated Phi Beta Kappa with a B.A. degree in economics from Yale University in 1948. He was commissioned as an ensign in the U.S. Navy in 1942 at the age of 18 and served as a carrier pilot in the Pacific Fleet in World War II. He was shot down in combat and was rescued by a U.S. submarine. He was awarded the Distinguished Flying Cross and three air medals, and left the Navy as a lieutenant, junior grade, in 1945.

He has been a resident of Texas since 1948. He presently lives in the United States Embassy in the Waldorf Towers in New York City.

Bush moved to Midland in 1949 and resided here 11 years. He founded the Zapata Petroleum Corp. here in 1953, and an international drilling contract firm, Zapata Off-Shore Co., in 1954. He was a founding director of Commercial Bank & Trust Co. and the Midland YMCA. He also was active in other business, civic and church affairs while a resident of Midland. He is a past recipient of The Five Outstanding Young Texans Award.

After moving to Houston in the early 1960s, he was elected to the U.S. House of Representatives from the 7th District in 1966 and was re-elected in 1968.

## Trial Set In Shooting Of Midland Policeman

The case involving the March 11 shooting of a Midland police officer has been set for trial in 142nd District Court here next week.

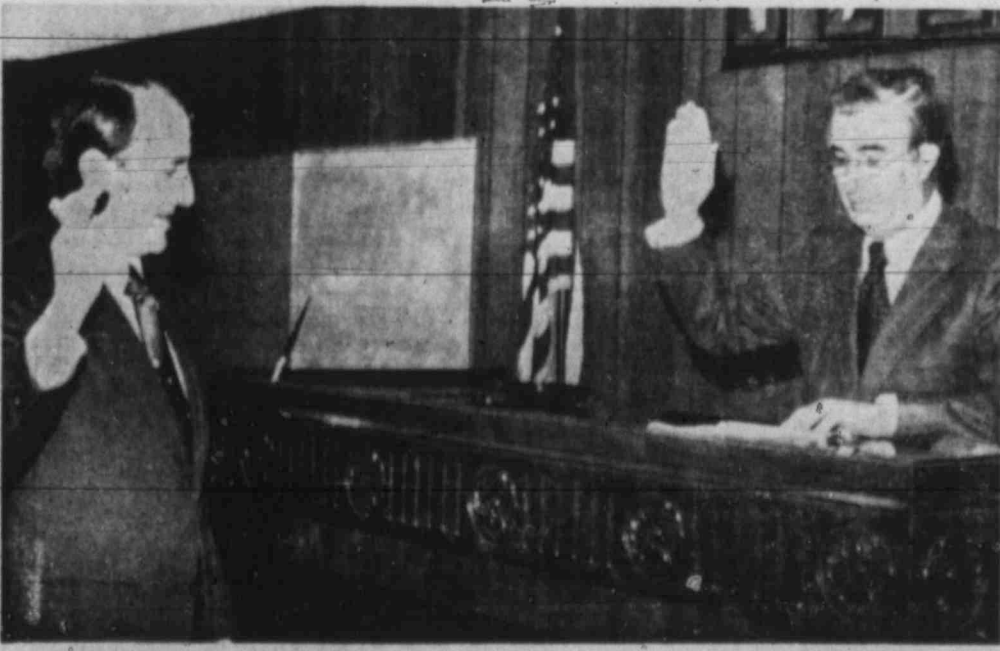

It was one of six cases set during docket call this morning and sources said two other cases probably would come to trial next week.

Danny Charles Peterson, who lived at the Jones Hotel here at the time of the shooting, is first accused of an attack on Patrolman Jesse Robbins and charged with assault with intent to murder a police officer.

Police said at the time of the incident Robbins was arresting a woman on a prostitution allegation.

Robbins, wounded in the abdomen during an exchange of shots, was in Midland Memorial Hospital for several days.

Other cases to be tried during this session of court, in the order they will be tried, are Bill and sources said two other Gregg of New Mexico, charged with theft by false pretext; William Moore of Lubbock, charged with burglary; Rodney Nash of Midland, charged with possession of marijuana (his first trial ended in a mistrial after the court discovered evidence of jury misconduct); Clinton Lindberg of Midland, charged with indecent exposure; and Alfonso Gutierrez of Sweetwater, charged with felony driving while intoxicated.

ANOTHER TERM — Perry D. Pickett, right, judge of the 142nd Judicial District, administers oath of office to Dist. Atty. Jim Mashburn this morning. Mashburn was re-elected in November.

BIG AND LITTLE — Mary Ellen McCutcheon, daughter of Mr. and Mrs. Morris McCutcheon of 1700 W. Kentucky St., in left photo, gets a hand full of snow ready to build a snowman. At right, Mrs. Jack Pollard of 3404 W. Michigan St., holds up a giant rabbit her children were constructing.

## Women Voters Back Tax To Help Fund Schools

(Continued From Page 1A)

ject of a lawsuit brought in 1970 by the Fort Worth ISD.

2. "All credits toward local fund assignments must be immediately abolished."

The league feels that credits currently allowed against the local fund assignment collections, such as for government-

owned lands and "balanced budget" districts, have effectively robbed the system of its ability to equalize educational quality.

3. "The state must regulate property tax assessment through certification of assessors and the establishment of uniform systems and reports."

4. "Allocation of funds on an ADM (Average Daily Membership) basis, using weighted-pupil formula."

Currently funds are allocated on an ADA (Average Daily Attendance) system, which cuts back funds when students are absent, no matter what the reasons for the absences.

The weighted-pupil formula varies the allocation according to the proportions of various subjects being taught in the system.

5. "Consideration included for differential costs."

6. "Capital outlay and debt service should be included in the basic guaranteed program on some phased-in formula and standards set for the quality of facilities guaranteed."

## Murder Charge Filed In Death Of Priest

CHANNELVIEW, Tex. (AP) — A 24-year-old man was charged with murder today in the shooting death of a Roman Catholic priest whose body was found Monday night in his blazing parsonage.

The Rev. C. Laumer Schoppe, 41, was shot three times.

Named in the charge was Alvin George Young.

Details on Young's identity were not revealed immediately. Sheriff Jack Heard, who took office on Monday, headed the investigation that led to the arrest at an undisclosed location shortly before dawn.

Schoppe was shot in the stomach, chest and back and the parsonage where he lived set afire sometime within two hours after the priest had discovered a burglary of the brick and frame building.

Set In Attic

Investigators said they believed the fire was set in the attic of the building. Several cans which once held flammable liquid were found near the garage.

A sheriff's deputy went to the parsonage, located behind the church, after Schoppe reported finding about \$2 missing and a rifle and shotgun lying on the floor where a burglar apparently left them Monday night.

The officer talked with Father Schoppe, then left the building. About two hours later, the Channelview Volunteer Fire Department discovered the parsonage afire.

David Henson, 27, a fireman, told deputies he found the priest's body lying face-down in the hall doorway leading into the den. A folding attic ladder was lying atop his body.

The bullet wounds, apparently fired from a .25-caliber automatic, was discovered after the priest's body was examined.

Six bags containing \$1,824 in cash and checks were found inside a partially-burned stereo cabinet. Officers said the money apparently was the Sunday collection.

Deputies said one of the leads they were checking involved a confrontation between the priest and six teen-aged boys at a nearby grocery store New Year's Eve.

A witness told investigators the boys had threatened the elderly manager of the store after he refused to sell them beer. The priest came to the man's aid and one of the boys threatened to beat him, officers said the witness told them.

## Last Crash Victim's Body Found In Grass

MIAMI, Fla. (AP) — Investigators sifting the wreckage of an Eastern Air Lines TriStar jetliner that crashed into the Everglades Friday have found the body of a woman hidden in dense sawgrass. Officials said the body of a Mrs. S. Karpen, found Tuesday, was the 99th and almost certainly the final one to be recovered from the site of the worst single-plane disaster in U.S. history.

The Dade County medical examiner and Eastern agreed for the first time Tuesday on the final death and survival figures for the crash. Both listed 99 dead and 77 survivors.

Ed Slattery, spokesman for the National Transportation Safety Board which is investigating the crash, said it appeared that investigators were "not going to need to bring in much wreckage."

He said technicians had recovered the flight instruments and control mechanisms from the three-engine Lockheed 1011.

Slattery said investigators had learned that the left wing tip was the first part of the plane to strike the ground.

"Then the No. 1 engine hit, the one under the left wing," he said, "and then the fuselage. There are three distinct furrows in the ground where they hit."

Slattery added, "It went 1,560 feet through the marsh grass and water, and as it proceeded down this impact path, it began to disintegrate. Halfway down, it slid around so it was going backwards."

## Midlander Hurt In Auto Wreck

A 66-year-old construction worker was injured in a two-vehicle accident which occurred about 3:30 p.m. Tuesday in the 1800 block of West Industrial Street.

Paul Lindsey Vaughn of 2501 College St. was reported in fair condition in the Midland Memorial Hospital intensive care unit this morning.

He is being treated for internal injuries, a hospital spokesman said.

Police have not determined the details of the wreck but said that Vaughn was driving a pickup truck and the other vehicle, a car, was driven by Myrtle Budd Hardin, 62, of 1111 S. Camp St.

## Former Midland Resident Dies

Mrs. Bernice Burkett Moreland, 82, died at 9 p.m. Tuesday in an Odessa hospital after a lengthy illness. She was a daughter of pioneer Baptist minister J. C. Burkett, former minister of the First Baptist Church in Midland.

Services will be at 2 p.m. Thursday in the chapel of the First Baptist Church in Abilene, with interment in Elwood Memorial Park.

Mrs. Moreland, who came to Midland in 1900 with her family, had been an Abilene resident 40 years, but had lived in Odessa the last five years with her daughter, Mrs. Carroll Hill.

Other survivors include two sisters, Mrs. Haden Barrow of Odessa and Mrs. L. B. Howard of Stephenville; a brother, O. S. Burkett of Abilene; five grandchildren and four great-grandchildren.

## Services Pend For Wreck Victims

Funeral services were pending this morning at Timens Funeral Home in Altus, Okla., for a Midland couple killed Monday afternoon when their car was in collision with a tractor-trailer rig in far south Midland.

Thomas Funeral Home here reported that the victims, William Ray Eldridge, 55, and his wife, Vivian Blanche Eldridge, 48, of Route 1, Midland, were transported to the Oklahoma city Tuesday night.

The fatal accident occurred about 3:10 p.m. Monday at the intersection of Rankin Highway and the south Interstate 20 service road.

## HURT IN WRECK— Mashburn Takes Oath In Delayed Ceremony

Dist. Atty. Jim Mashburn, a little battered and bruised from a car wreck, was sworn into a new term of office this morning by Dist. Judge Perry Pickett.

Other county and district officials elected in November were sworn in Tuesday morning but Mashburn was snow-bound in Colorado and could not get back in time for the ceremony.

He and his family were on their return trip about 1 p.m. Tuesday when their station wagon slid on icy State 214 about three miles south of Denver City and struck the rear of a truck attempting to make a left turn onto State 83, investigators said.

The Mashburn station wagon was heavily damaged in the front, and the truck's rear axle was broken.

Mashburn received injuries to both knees and to his head.

His wife, Elizabeth, had a back injury and one of their daughters could not move for a while.

Their other two daughters were observed at the Yoakum County Hospital, where the family was taken. All were released.

When he entered the district courtroom for the ceremony, Mashburn was wearing a western hat.

Taking it off, he pointed to his head wound and laughingly said, "My head was totaled."

Before giving the district attorney his oath of office, Judge Pickett commented on Mashburn's wreck and quipped, "I told Jimmie I would waive formality and he could keep his hat on if he wanted to."

Slattery said one of the leads they were checking involved a confrontation between the priest and six teen-aged boys at a nearby grocery store New Year's Eve.

# This Afternoon's Market Report

## Russia's Gas Production Growth Rate Below Forecast

TULSA (AP) — Russia's growth in gas production was well below forecasts in 1972 and the lowest increase since World War II, the Oil and Gas Journal said Tuesday.

The magazine said Russia reported a gain in gas output of only 4 per cent during the first nine months of the year, less than half the 9 per cent hike planned.

"Barring a spectacular comeback during the last quarter of the year, Soviet gas output during 1972 will increase little more than 300 billion cubic feet compared with gains of 452 billion in 1971 and 593 billion in 1970," the Journal said.

"Official plans called for a jump of 635 billion cubic feet in 1972 to a total of almost 8.1 trillion."

In 1971 output was up 6.4 per cent and in 1970 the gain was more than 9 per cent, the magazine said.

"If the U.S.S.R. is forced to scrimp in allocating its gas supplies during what should be a brief period of shortages, it probably will trim deliveries to domestic and Communist bloc consumers," the Journal said.

"That's to avoid impairing its record as a reliable trading partner with Western countries which have signed long-run contracts to buy Soviet gas."

The Journal said that Russia's field development with construction and efficient operation of gas treatment plants and new pipelines," the magazine said.

# Permian Stuns Midland; Lee Rolls On, 56-48

## Battle Scene

By Ted Battles

### Inventor Comes Through

A sign on the Alabama side of the Cotton Bowl proclaimed that "Inventors are has-beens", and for a while it looked as though the Crimson Tide fans might be right.

Much was made about the different directions taken by the Wishbone formation at Texas, the innovator, and Alabama, which adopted the option offense last year.

Coach Bear Bryant this year has drifted from the traditional emphasis on the running game and contends that the Wishbone is a good passing offense, one of the criticisms leveled at in the past.

Bryant contends, "We seek the one-on-one and stress reading the defense by the quarterback." The thing Bear likes about passing from the Wishbone is the time it saves on blocking.

"If you run the basics well enough, you don't need to work on the pass-blocking at all." He added that 75 per cent of practice previously had been devoted to pass-blocking.

No one is more delighted over Bear's crusade than Royal, who has been sensitive to the "can't pass" rap out on the Wishbone, but not enough to actively try to disprove it himself.

"Alabama," says Royal, "disproves the belief that you can't throw from the Wishbone. The opportunities are there. The quarterback must be a good runner first, but a talented quarterback like Alabama's Terry Davis proves you can throw."

Actually, Royal has moved away from the original concept of the Wishbone in which the pitch-or-keep was the meat of the offense to a fullback-veer dependent attack.

As it turned out, Royal's version of the Wishbone wasn't obsolete as the Longhorns curtailed a two-game Cotton Bowl game losing streak with an exciting 17-13 victory.

It was the only show worth watching New Year's Day and one of four games worth viewing during what turned out to be a sparse weekend. Texas Tech-North Carolina in the Sun Bowl, the LSU-Tennessee Astro-Bluebonnet Bowl and the Miami-Pittsburgh games were the other attractions out of the ordinary.

The Orange Bowl foreseeably turned out to be a Lemon with Nebraska facing a sub-par Notre Dame team that won its trip to Miami on a weak schedule and past glamor. The Irish lost to Missouri and that should have been the tip-off that they weren't up to snuff. Nebraska had beaten Missouri, 62-0.

The Cornhuskers have turned the Orange Bowl into a second-rate attraction the last two years through lack of opposition.

USC buried Ohio State with a second-half avalanche of touchdowns in the Rose Bowl. Oklahoma, a 14-0 winner over Penn State in the Sugar Bowl, would have been more interesting opposition for the Trojans.

### Bear Claims Record

In a pre-game Cotton Bowl press conference with the rival coaches, one of the areas that drew considerable attention was the kicking game. It was only natural, since Bear's only regular season loss was as a result of two straight blocked punts in the fourth quarter in a 17-16 defeat at the hands of Auburn. And the tide turning play in Texas' lone loss was a blocked quick-kick against Oklahoma.

"It's no fluke when you get beat by the kicking game. It's one-fourth of a football game and it's the first thing you work on," Bryant said. "No, having two punts blocked in succession never happened to me before... and it never happened to anyone else."

Royal chimed in, wistfully. "I guess I'll have to give OU credit then. A blocked kick always results from a breakdown in assignment. You are never overpowered or out-finessed."

Royal suggested that Alabama and Texas adopt a rule like they had in the North-South game Christmas night. "I saw a player block a kick and he was penalized for rushing the kicker."

Bryant contends, you can't teach kicking. "We watch a punter especially when he is doing well and just try to point out the differences when he is not doing well."

"Right now we are out recruiting centers just for snapping the ball on kicks," Bryant noted. "With the single-wing game, centering the ball is a lost art. In fact, we had a center who could have played a lot of ball for us this year, but he was a ball-snapper and we couldn't risk his getting hurt."

Texas' victory over Alabama probably took some of the alumni heat off Darrell Royal, who was bristling at criticism that the Longhorns' traveling from Austin to Dallas in individual cars was bad luck.

"They said that's why we'd lost the last two times we came to the Cotton Bowl," Royal smoldered, "I'd like to know what the heck that has to do with winning or losing."

## Sparks Hits With Three Seconds Left

By TED BATTLES

ODESSA — Larry Sparks hit a 10-foot jump, shot from the lane with three seconds to play as Odessa Permian, picked to finish a distant fifth in the District 5-4A race, upset Midland High, 53-51, in the league basketball opener here Tuesday night.

The loss was the first in 20 league games for the Bulldogs and the previous setback in 1970 was inflicted by these same Panthers.

Sparks, who wound up with 16 points, also hit a two-pointer with a little over a minute to go to tie it at 51. Midland missed four shots at the Permian basket before the Panthers reclaimed possession with 50 seconds left in the game and patiently ran the clock down to three seconds for the final shot.

Permian slowed it down and the Bulldogs, a graceful, smooth, impossible to stop-running team, led most of the game, but without their wheels, bumped along like a limousine with four flats.

The Panthers, now 12-6, did everything it took to hand the Purple Pack its second loss in 17 games, hitting from outside with deadly accuracy and controlling the ball.

What hurt most of all was the way Permian was able to drive inside off the Midland zone for the close-in shots and dominate the boards, getting the second, third and sometimes fourth shot from underneath.

The rudderless Bulldogs never generated the spark to open up more than a four-point lead and when the Panthers applied the heat in the final quarter, the Black Cats were in position to pull it out.

The contest was marred by a free-for-all in the fourth quarter with feelings flared out-of-hand as Permian held Midland to six points and the Pack hit only three of 13 from the field while Permian scored 12 points in the final eight minutes.

Midland was seriously hurt in the first period when 6-2 Kenneth Ray, who wound up with 14 points, picked up three personals and retired to the bench. His eight points had kept Midland a step ahead of the Panthers. And his absence under the boards was disastrous.

Mike Tillman got hot in the second period and his eight points enabled Midland to lead at half 31-29.

The Dogs took a 45-41 lead into the final period, but two baskets by 6-4 Gary Bond tied it and then Jack Wood simply took the ball away from Midland at midcourt and soloed in for the go ahead points.

Six-10 Ronald Taylor scored for Midland, but missed the free throw that went with it with 5:15 left. Andy Burk put Permian ahead again on a 20-footer and it was shortly after that that the fight broke out.

Sparks blew a wide open lay-up that could have ended it and Ray kept Midland in the game by hitting from under the rim with 2:49 to go. Again Ray scored on a feed from Eddie Herring with 1:40 to set the stage for Spark's game-winning baskets.

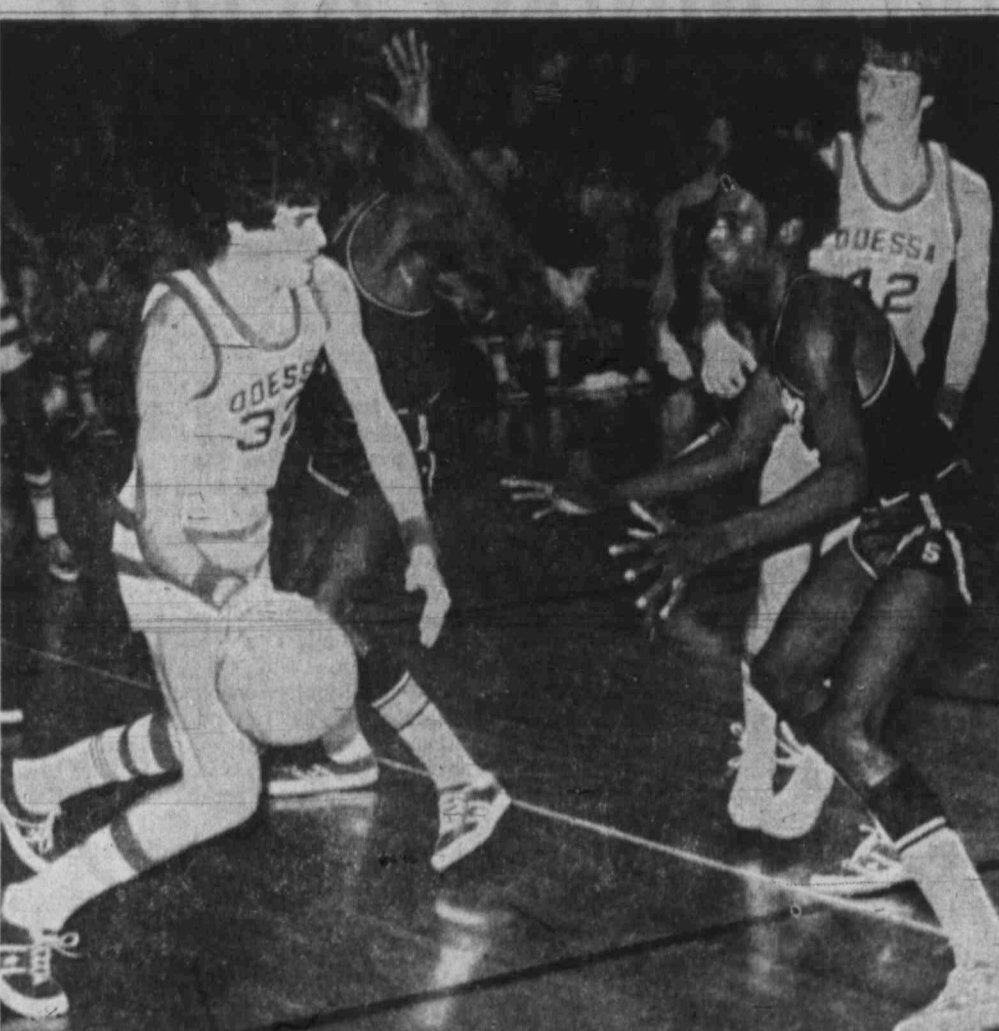

Midland's JV rolled to their 10th win in 13 starts in the opener as Michael Cobb scored 25 and Willie McCoy 20 in pacing a 97-50 win. The Bullpups jumped ahead 28-3 and had enough points by half time to have won without scoring in the final two periods.

Midland's Sophomores also rolled to a 78-55 victory in the first game of the tripleheader.

**PRESSURE** — Odessa's Mike Casey (32), looks for help as Lee's Melvin Jackson (behind Casey) and Don Bradley, right, apply pressure. Terry Been (42) of the Bronchos watches play. Lee started slowly, but pulled out the District 5-4A opener, 56-48 in the Lee Gym Tuesday night.

## Troy Ranks No. 1, Texas Nabs 3rd

By HERSCHEL NISSENSON

Associated Press Sports Writer

Southern California's unbeaten Trojans capped a season-long stay in first place today when they were named college football's national champions for the third time in 11 years. The vote was unanimous.

Southern Cal, only undefeated team in the country, capped a 12-0 season and nailed down the Associated Press Trophy and with it the 1972 national crown Monday with a 42-17 rout of Ohio State in the Rose Bowl.

The Trojans received all 50 first-place votes and a perfect score of 1,000 points from a nationwide panel of sports writers and broadcasters in The AP poll as they officially dethroned Nebraska's 1970-71 champs, who were seeking an unprecedented third consecutive title.

Southern Cal, eighth in the preseason ratings, shot to the No. 1 spot following an opening 31-10 rout of Arkansas while top-ranked Nebraska was losing to UCLA 20-17. They were never headed as Colorado, Oklahoma and Alabama all took turns as the main challenger.

Oklahoma, unanimous runner-up to Nebraska last season, again finished second. The Sooners, who blanked Penn State 14-0, were ranked No. 3.

The Top Twenty, with first-place votes in parentheses, season records and total points. Points tabulated on basis of 20-18-14-12-10-9-8-7-6-5-4-3-2-1:

1. USC (50)	12-0-0	1000
2. Oklahoma	11-1-0	872
3. Texas	10-1-0	667
4. Nebraska	9-2-1	665
5. Auburn	10-1-0	631
6. Michigan	10-1-0	502
7. Alabama	10-2-0	453
8. Tennessee	10-2-0	409
9. Ohio State	9-2-0	362
10. Penn State	10-2-0	340
11. LSU	9-2-1	209
12. North Carolina	11-1-0	179
13. Arizona State	10-2-0	158
14. Notre Dame	8-3-0	75
15. UCLA	8-3-0	71
16. Colorado	8-4-0	58
17. N. Carolina St.	8-3-1	35
18. Louisville	9-1-0	19
19. Washington St.	7-4-0	9
20. Georgia Tech	7-4-1	5

Others receiving votes, listed alphabetically: Iowa State, Michigan State, Missouri, Purdue, San Diego State, Southern Methodist, Stanford, Tampa, Texas Tech, Tulane, Washington.

### Ozona Knocks Off Iraan Quint, 60-44

IRAAN — The Ozona Lions belted the Iraan Braves 60-44 here Tuesday night in a non-conference cage matchup.

Ruben Tambunga and Randall Papanas each scored 14 points for the Lions while Apolonio-Borrego scored 12 for the Braves.

Iraan won the girls' varsity game with a powerful 84-19 showing while Ozona took the boys' JV contest with a 53-39 victory. In the girls' JV contest, Iraan pulled off a 35-20 victory.

## Rebs Beat Odessa High For 16th Straight Win

By BOB DILLON

Coach Paul Stueckler's Midland Lee Rebels opened District 5-4A basketball play Tuesday night and posted a 56-48 victory over the Odessa Bronchos in the Lee Gymnasium.

Lee's shooting from the floor was about as chilly as the weather, but the Rebels did come out after intermission to play a better brand of ball.

It was the 16th straight victory for the Rebels who stand 18-1 on the year, but more important, the win puts them into first place ahead of cross-town Midland High which was upended, 53-51 at the buzzer by Odessa Permian in Odessa. Midland wasn't the only team upset, however as San Angelo beat Abilene Cooper, 66-58. The other game saw Abilene flip Big Spring, 88-87.

The Rebels only managed to connect on 22 of 56 shots from the floor, but did do well at the free throw line, hitting 12 of 15 charity tosses. OHS hit 19 of 40 from the floor while hitting 10 of 14 free throws.

Odessa took a first period lead of 20-15 on the hot shooting of 6-5 Carl Campbell and Terry Been who had eight points each in the initial period.

Lee hit seven of 17 shots, but did come back in the second period to score 12 points to pull to within one point at the half—28 to 27.

Lee outscored OHS 19-10 in the third quarter for a 46-38 lead going into the final stanza.

Steve Cromwell, who misfired on the first 11 shots he attempted, wound up with 13 points while Don Bradley, who also had a hard time hitting the bucket in the first half, had 11 points for the Rebels.

Campbell and Been paced the OHS attack with 19 and 16 points, respectively.

Campbell had a technical foul whistled on him by official Pete Cook and Cromwell hit the technical. It gave Lee a 48-42 lead and OHS never recovered after that as the Rebels kept the pressure on the Bronchos.

Odessa did manage to pull to within four points — 50-46 with 4:19 left in the game, but Cromwell scored from close in on a feed by guard Larry Thane for a 52-46 lead and then the Rebels

went into their delay game with 3:31 left.

A pair of free throws by Thane with 20 seconds left made it 54-46 and Campbell cut the lead to 54-48 with eight seconds left and Brett Blackwell, talented sophomore guard, cut loose with a shot from mid-court that ripped the cords at the buzzer for the final 56-48 score.

Odessa's sophomore unit took a 59-51 victory in the first game of the evening and the Lee junior varsity came back to post a 69-65 victory in the second preliminary contest.

Don Hudnall and Denny Whalen led the OHS sophs with 12 and 11 points while big guns for Lee were Garth Wright, Billy Barnes and Bob Perry. Wright had 11 points while Barnes and Perry had 10 each.

In the JV contest, Willard Floyd netted 13 points while Sammy Cox and Gary Parson added 12 each. Ronnie Farish chipped in with 10 more. Bobby Thornhill and Robert Lewis paced OHS with 22 and 16 points, respectively.

Lee entertains the San Angelo Bobcats in their next loop outing Friday night.

# Own Cage Fans Boo Sluggish Maryland

By TED MEIER  
Associated Press Sports Writer

It's unusual for a team that wins by 18 points to get booed, but it happened to Maryland, the nation's second-ranked college basketball team.

The unbeaten Terps made it eight straight by beating Kent State 76-58 Tuesday night, but their play was lethargic. The boos came loud and clear from the crowd of 13,134 at College Park, Md., when Kent State ran off eight straight points in the first half to cut Maryland's lead to seven points.

"I don't think we were ready to play mentally," said Lefty Driesell, Maryland coach. "But a good club has to be ready all the time. Our guys have to learn that."

Tom McMillen, the Terps' 6-11

foot-10 star, made only four of 15 shots and sat out the last 15 minutes with four personals. Len Elmore, one of the few Terps who was up to par, equalled a school record by grabbing 24 rebounds. He scored 10 points.

Vanderbilt, which dropped from 10th to 11th in the Associated Press rankings after losing to Memphis State Saturday, pulled out a 71-66 victory over Louisiana State. Lee Fowler's 20 points led the Commodores, who didn't get the lead for good until late in the game at 67-65.

North Carolina State, No. 4 in the AP rankings, scored an exhibition victory over Athletics in Action 105-88 and No. 13 Providence romped over Brown 83-53.

Michigan State, fresh from its victory in the Kodak Clas-

sic, knocked Mississippi State from the unbeaten ranks 90-82 in the first round of the Senior Bowl as Bill Kilgore and Mike Robinson each threw in 22 points. South Alabama upset Hawaii 87-76 in the other first round game at Mobile.

Mike Lee scored 29 points to lead Syracuse over Holy Cross 60-71 as the Orange rebounded from its 90-76 defeat by Maryland Saturday. Iowa, paced by 21 points from 7-foot Kevin Kunnert, ran off 12 straight points in the final minutes to overcome Iowa State 66-57.

# Reagan County Tourney Tips Off With 14 Quints

**BIG LAKE** — The 42nd annual Reagan County Invitational Basketball Tournament will kick off Thursday with a large 14-team field in the Reagan County High School gym.

Defending champion Crane will start the tournament against Rankin in a 10 a.m. battle, and tournament action will continue through the 8:30 p.m. finals Saturday night.

In other first round action, McCamey's Badgers test Sonora at 11:30 a.m. followed by Comstock and Brady at 1:30 p.m. Ozona's Lions battle Buena Vista at 3 p.m. and

Stanton's Buffaloes try New Home at 5 p.m.

Coshoma's Bulldogs play Van Horn at 6:30 p.m., and Reagan County will close out opening round action Thursday at 8 p.m. against Sander-

son.

Friday's action begins at noon with consolation play and the championship bracket will start at 5 p.m.

Saturday's action will begin at 9:30 a.m., and will run through the finals.

Six of the 14 teams have won tournament titles this season, and could be one of the most closely matched fields in the 42-year history of the tournament.

# Landry Ponders Cowboy Shakeup

**DALLAS (AP)**—Dallas Cowboy Coach Tom Landry says he plans to "do whatever it takes to get us back" to the National Football League championship.

Landry has called meeting after meeting in the wake of Dallas' thorough 26-3 licking by Washington in the National Conference

# Bobcats Win, Steers Lose

The Abilene Eagles nipped the Big Spring Steers, 88-87, and the San Angelo Bobcats upset the Abilene Cooper Cougars, 66-58, in District 5-4A basketball open-

Dwayne Williams flipped in 21 points for the Eagles while teammates Larry Wylie and Randy Keesee added 15 and 14 points respectively for Abilene. Kevin Miller and Randy Marshall paced the Steers with 22 and 20 points.

The Steers missed a shot right at the buzzer in the exciting contest. Abilene is now 11-6 on the year and shares for place with Midland Lee, Permian and San Angelo with 1-0 readings in loop play. Big Spring stands 11-9 on the year.

Cooper just couldn't hit the basket while San Angelo, with 6-6 senior Sandy Lawrence pouring in 22 points, pulled off the upset win over the Cougars which were picked third in the pre-season cage poll.

John Elder, 6-5 senior, added 12 more points to the Bobcat attack. San Angelo is now 7-10 on the year.

Cooper's attack was paced by Terry Wall and Cave Baum with 13 points each as the Cougars now stand 12-5 on the season.

Scoreboard for Cooper Cougars vs Big Spring Steers. Includes player names and statistics like points, rebounds, and assists.

Scoreboard for Abilene Eagles vs Big Spring Steers. Includes player names and statistics like points, rebounds, and assists.

# Ector Whips Crane, 119-62

**CRANE** — The Odessa Ector Eagles exploded here Tuesday night to capture a 119-62 win over the Crane Golden Cranes in a non-conference basketball contest.

The win gave Ector an 8-9 record on the season while Crane fell to a 3-13 record.

Lester Cezar pumped in 22 points to lead the Eagle attack while Reggie O'Neal and Eddie Hernandez contributed 16 and 15 points respectively.

Joe Neal canned 17 points for Crane in the losing cause. Ector pulled off a 61-55 win in the junior varsity tilt.

**LOOSE BALL** — Don Bradley (5) of Midland Lee, chases loose ball during 5-4A game with Odessa High Tuesday in Lee Gym. OHS players include Mike Casey (32), James Herrington (30) and Carl Campbell (50). Lee won the game, 56-48.

# Lamesa Ekes Out Narrow Triumph

**LUBBOCK** — Lamesa's Golden Tornados pulled out a narrow 51-46 District 3-AAA victory over the stubborn Lubbock Estacado Matadors here Tuesday night.

The win gave the Tors a 16-2 season mark and a 2-0 loop record and Estacado fell to 10-7 and 1-1.

The brother duo of Harry and Kent McCamey kept the Lamesa ship from sinking with 19 and 12 points respectively.

Estacado pulled within two points when Willie Outland hit an outside jumper with 3:26 left in the game, but the Tors caused several Matador turnovers in the closing moments to win the game.

Larry Isaac scored 17 points to lead the Matadors while Outland contributed 14.

# McCamey Defeats Rankin By 44-42

**RANKIN** — The McCamey Stevensen led the McCamey at Badgers continued their winning streak with 12 and 11 points, respectively, while Steve McSpadden held off the Rankin Red Devils to capture a narrow 44-42 high point man with 15 mark-

# Buchanon Selected As NFC Rookie

**SAN DIEGO (AP)** — Opposing players, coaches and scouts always seem to learn about Willie Buchanon before the fans do.

As a college senior at San Diego State, Buchanon drew little attention because opposing quarterbacks practically never threw to a receiver he was guarding.

In his final season he allowed only 12 completions in 46 passes, intercepted five, then grabbed three more in the East-West game.

The lack of headlines didn't fool the Green Bay Packers, who made the 6-foot-1, 190-pound cornerback their first draft choice and signed him to a reported six-figure contract.

Their judgement was confirmed Tuesday when Buchanon, 22, was named the National Football League's Defensive Rookie of the Year by The Associated Press.

# Teaff Honored Named Coach Of Year By TWSA

By THE ASSOCIATED PRESS

In 1972, Grant Teaff gave Baylor more football victories than it had earned in the three previous years.

For his efforts, Teaff has been voted the Texas Sportswriters Association Senior College Coach of the Year for the fall.

Teaff, who made Angelo State a winner before he came to Baylor last year, guided the Bears to five victories, including a 27-0 thumping of Missouri, and a third place tie in the Southwest Conference.

The TSA award followed previous accolades given Teaff including The Associated Press SWC Coach of the Year.

Teaff compiled 578 points, including 59 first place votes. Earnest Hawkins, who guided East Texas State to the NAIA title, was second with 18 first place votes and 402 points.

Other finishers in the balloting by the 237-member TSA included Al Conover, Rice, 387 points; Warren Woodson, Trinity, 371 points; Darrell Royal of Texas, 349 points; and John Symank, Texas-Arlington, 223 points.

Baylor had won only three games in three years when Teaff arrived. He recruited heavily in the junior college ranks added a dash of football savvy, and suddenly the Bears were no longer a "breather" on the schedule. Baylor had been picked dead last.

Hawkins did about the same at East Texas where the Lions were selected third behind Texas A&I and Southwest Texas. East Texas lost only one game and defeated Carson-Newman in the NAIA title game in Commerce.

# NBA ROUNDUP—Knicks Psyche Bucks Again

By THE ASSOCIATED PRESS

Do the New York Knicks have the Milwaukee Bucks psyched?

No, insists Milwaukee Coach Larry Costello, who watched his club drop its 10th straight National Basketball Association game at Madison Square Garden Tuesday night 102-92.

Yes, says Jerry Lucas of the Knicks, who helped Bill Bradley pace a fourth quarter-New York surge that produced the victory.

Elsewhere in the NBA Tuesday night, Cleveland ripped Phoenix 111-88, Buffalo rapped Philadelphia 114-110, Chicago downed Atlanta 100-90, Boston whipped Houston 130-110, Golden State defeated Los Angeles 112-106 and Portland took Kansas City-Omaha 104-87.

There were no games scheduled in the American Basketball Association.

Milwaukee got 38 points from Kareem Abdul-Jabbar but still bowed to the Knicks in what is becoming a characteristic fourth quarter fiasco. The last time the two teams met in New York, the Knicks shutout the Bucks 19-0 over the final 5 1/2 minutes to eke out an 86-85 victory.

Lucas and Bradley scored eight points apiece in the fourth quarter New York rally. The score was tied 75-75 after three periods before the Knicks took control. But don't suggest to Costello that there's anything psychological about the Knicks and Bucks.

Bradley led New York with 22 points and Walt Frazier had 19 while Lucas finished with 13. Buffalo's Bob McAdoo scored 30 points and Elmore Smith added 23 and grabbed 15 rebounds, leading the Braves past hapless Philadelphia.

Boston stayed one game ahead of the Knicks in the NBA's Atlantic Division by whacking Houston for the Celtics' 30th victory in 36 games.

John Havlicek paced the Celtics with 24 points and Paul Silas added 22. Jimmy Walker had 25 and Rudy Tomjanovich 24 for the Rockets.

# Reagan Thumps Buena Vista

**BIG LAKE** — The Reagan County Owls bombarded Buena Vista 74-46 here Tuesday night in a non-conference cage contest.

The win lifted the Owls to a 10-4 season mark. Steve Byrd scored 20 points for Reagan County while Steve Smith and Ken Stout contributed 12 and 10 points respectively.

John Borron scored 13 markers in the losing effort for Buena Vista.

Reagan County pulled off a 62-48 victory in the junior varsity matchup.

# Ponies Jolt Tribe, 78-66

**SEMINOLE** — The Andrews Mustangs pulled off a surprisingly easy 78-66 win over the Seminole Indians here Tuesday night in a key District 2-AAA.

Andrews and Seminole had been picked to battle it out for the 2-AAA crown this year, but the Mustangs pulled off a convincing win to raise their season mark to 16-3 and 2-0 in the loop warfare. Seminole fell to a 12-5 mark on the season and 1-1 in district play.

The game was a scoring battle between Seminole's Donald Roberts and Andrews' Wayne Roberts. Donald came out with 27 points while Wayne pumped in 21, but the Mustangs put more points on the boards.

Seminole won the JV tilt 79-60.

# Harris Corral Rooker Laurels

**PITTSBURGH (AP)** — The AP poll of pro football writers, Franco Harris said before his first season in the National Football League he just wanted "to do a job for the Pittsburgh Steelers."

"I have a very good feeling about the Steelers," said the team's husky, soft-spoken No. 1 draft choice at the start of 1972 drills.

The 230-pound Harris, commander of "Franco's Italian Army," cracked Pittsburgh's starting lineup at midseason and exploded for 10 touchdowns.

The son of a black father and Italian mother rushed for over 100 yards in seven games, including six straight, tying Jim Brown's all-time pro record. He finished the season with 1,055 yards rushing.

In short, Harris ruled the field from goaline to goaline and, for his efforts, gained recognition as The Associated Press Offensive Rookie of the Year in the NFL. Harris, who led the Steelers to their first division title in their 40-year history, grabbed 65 of 68 votes in

'Just Wanted To Do A Job For Steelers' Says Franco

## Exxon Gives \$20,000 To Petroleum Museum

Officers of the Permian Basin Petroleum Museum, Library and Hall of Fame today announced a grant of \$20,000 to the museum by the Humble Companies Foundation, Houston.

The foundation is associated with Exxon Co., U.S.A. (formerly Humble Oil and Refining Co.) and other Exxon companies. All are in process of adopting the new name "Exxon" for corporate and brand purposes.

## State Won't Retry Lee Otis Johnson

HOUSTON (AP) — A black militant sentenced to 30 years in 1968 for giving a single marijuana cigarette to a police undercover agent won't be retried on the charge, Dist. Atty. Carol S. Vance said Tuesday.

Vance confirmed that his office will not retry the case after the U.S. 5th Circuit Court of Appeals last month upheld a district court judge's order here last year for the state to try Lee Otis Johnson, 32, again or drop charges.

He said any decision about appealing the circuit court's decision to the U.S. Supreme Court would have to be made by Texas Atty. Gen. John Hill.

## Coast Guard To Supply Lone Sailor

SEATTLE (AP) — The Coast Guard's Ocean Station November is on its way to resupply Pat Quesnel, a lone sailor who is rowing from San Francisco to Honolulu.

In a message relayed by a freighter, Quesnel said he was running low on food and some of his equipment had been damaged by a storm. He was reported 270 miles northeast of Honolulu Monday.

Quesnel, a native of Duvall, Wash., started his adventure Oct. 8 and expects to reach his destination between Feb. 10 and March 10.

The Ocean Station was midway between San Francisco and Hawaii when it was sent on the mission Tuesday.

George T. Abell, museum president, said that the grant will be used in connection with construction and equipping of the petroleum museum's first building. Work on the building will begin during the first part of 1973.

Abell said the gift "represents the very fine civic and industry spirit demonstrated by the Exxon enterprises over a long period of time.

"We feel very deep gratitude for the generosity displayed by the Humble Companies Foundation," he said. "Humble has been a part of the Permian Basin's oil and gas development almost from the beginning, and we are delighted to have them as participants in this outstanding educational effort."

He especially thanked Larry H. Byrd of Midland, Exxon's division production manager, as well as various members of the company's Houston executive staff, for their interest and help.

The Midland museum project calls for construction of a major museum dealing with the history and science of the oil and gas industries and with the Permian Basin on U.S. Interstate 20. The first phase of the project is expected to be completed in 1974.

Byrd is Exxon's Mid-Continent Division production manager.

**EXXON GRANT TO MUSEUM ANNOUNCED** — Harry H. Byrd of Midland, right, advises George T. Abell, president of the Permian Basin Petroleum Museum, Library and Hall of Fame, of \$20,000 grant by the Humble Companies Foundation, Houston, to the museum in connection with its "Give For Greatness" fund campaign. The foundation is associated with Exxon Co., U.S.A.

## Nixon Fund Raiser Heads Firm Trying For Florida Tv License

JACKSONVILLE, Fla. (AP) — A Republican fund raiser and friend of President Nixon heads one of three firms trying to wrest the federal broadcast license from the Jacksonville television station that broke the story of U.S. Supreme Court nominee G. Harrold Carswell's white-supremacy speech.

The speech, found in 1970 by WJXT newsmen in a 1948 newspaper, became a factor in the Senate's rejection in April that year of Nixon's nomination of then-U.S. District Court Judge Carswell to the nation's high court.

WJXT found that Carswell said in a speech printed in the Irwinton, Ga., Bulletin: "Segregation of the races is proper and the only practical and correct way of life in our states."

Other applicants filing just before the deadline were Trans Florida Television, Inc., headed by George Wallace's 1972, area coordinator, Fitzhugh Powell — and St. Johns Broadcasting Co., headed by investment banker Winthrop Bancroft and two industrial executives.

A Columbia Broadcasting System affiliate, WJXT has been owned and operated by Newsweek magazine and the Washington Post Co. since it began operation 20 years ago. The Washington Post Co. also is the parent firm of The Washington Post, a frequent critic of the Nixon administration.

This is the first challenge to renewal of the license, a triennial process under FCC regulations.

Asked if political considerations were a factor in his application, Champion replied: "Absolutely not!" He said he had not consulted President Nixon about it because "my friendship would never enter into it."

"We are a group of concerned citizens who feel the needs of the community will be served better by a television station which is community owned. Many community leaders feel that Channel 4, WJXT, is not responsible to the community."

## Truman's Estate Admitted To Probate In County Court

INDEPENDENCE, Mo. (AP) — The will of former President Harry S. Truman, covering an estate estimated at \$610,000, has been admitted in Jackson County Probate Court.

Court officials said an inventory of the estate is to be filed in about 30 days. Probable value of the Truman estate was listed as \$10,000 in real property and \$600,000 in personal property.

In the will, Truman directed that the marker for his grave carry the highlight dates of his life. He once had joked he would be satisfied with the Tombstone, Ariz., epitaph: "He Done His Damndest."

The nation's 33rd president, who died last week at age 88, directed that the inscription list his name, date and place of birth, date of marriage, name of daughter Margaret and the date she was born and dates for his service as county judge, presiding judge, senator, vice president and president.

The will provides that half of the estate go to his widow, Bess. This includes Truman's personal effects and household and farm equipment.

The other half would be set up in a trust fund to go first to Mrs. Truman and, at her death, to their daughter, Margaret Truman Daniel, and then to the four Daniel children.

He suggested that, at her death, Mrs. Truman's inscription list her name, date and place of birth, date of marriage, name of daughter Margaret and date she was born and "First Lady, United States name."

The document also makes bequests to 24 Truman and Wallace nephews, nieces, grandnephews and grandnieces and four employees, Wallace and Mrs. Truman's maiden name.

Truman Daniel, and then to the four Daniel children.

He suggested that, at her death, Mrs. Truman's inscription list her name, date and place of birth, date of marriage, name of daughter Margaret and date she was born and dates for his service as county judge, presiding judge, senator, vice president and president.

## Police Probing Theft Report

Three youths were chased from Electric Motor Service, 1609 W. Industrial St., about 7 p.m. Tuesday but were not caught, police said.

James Barns of 4308 Erie St., an employee of the company, discovered the youths in the shop and chased them, Sgt. Ronnie Bryant reported.

After the burglary, company personnel told police there was \$30 cash, a \$200 check protector, a carton of cigarettes and a pad of personalized checks in the name of R. A. Brotherton missing.

## Examining Trial Slated Today For Kidnap Suspects

DALLAS (AP) — An examining trial for the men accused of kidnaping Amanda Dealey, 22-year-old wife of Joseph M. Dealey Jr. of the Dallas Morning News publishing family, was scheduled here this afternoon.

Franklin Joseph Ransomette, 33, and his brother, Woodrow Holmes Ransomette, 31, both of Garland, were arrested about four hours after Mrs. Dealey was returned unharmed following her 60-hour abduction Dec. 22. A ransom of \$250,000, paid for her safe return, was recovered.

## Retired Miners Win UMW Lawsuit

WASHINGTON (AP) — Up to 20,000 retired miners or their widows will receive annual pensions this year of at least \$1,000 according to terms of a settlement in a 3-year-old suit against the United Mine Workers Welfare and Retirement Fund.

Estimates are that between 9,000 and 20,000 miners and widows will receive benefits under the settlement, which revises eligibility requirements for retired miners who had not previously been eligible for benefits.

Annual pensions will be a minimum of \$1,800 for the ex-miners and \$1,000 for widows. There will be retroactive benefits of one year for those who had applied unsuccessfully for pensions in the past.

The settlement, announced Tuesday in U.S. District Court, stems from two separate class-action suits on behalf of the miners and widows against the UMW Welfare and Retirement Fund.

**HOROSCOPE**  
 by Carroll Righter

(Jan. 4)

**GENERAL TENDENCIES:** After completing a sensible manner whatever remaining duties you have are able to get some brilliant new idea on how to proceed best in the days ahead. Discussed with bigwigs the assistance they will give you to make your life function more smoothly. Plan trip if you wish one.

**ARIES (Mar. 21 to Apr. 19):** You find you can easily get the cooperation of bigwigs for the first time. You have and so see them early. Participate in civic work you can do very well and make headway in the fashion, also. Avoid one who bickers.

**TAURUS (Apr. 20 to May 20):** Make new contacts and get into new circles that can cause your life to be more interesting and profitable in the future. Communicate with success-owners and secure the data you need. Take care you do not go off on tangents.

**GEMINI (May 21 to June 21):** Make an alliance with one who can aid you in handling responsibilities in a more efficient and easier way. Make wants you to be more open-minded to ways of advancing. Do just that. Avoid whatever has an element of danger in it.

**MOON CHILDREN (June 22 to July 21):** You are now able to meet the associates who are making your life more interesting for important projects. Plan what must be done to improve your image with the public in general and do it. Stop laboring under unnecessary handicaps.

**LEO (July 22 to Aug. 21):** You have new contacts and get into new circles that can cause your life to be more interesting and profitable in the future. Communicate with success-owners and secure the data you need. Take care you do not go off on tangents.

**VIRGO (Aug. 22 to Sept. 22):** Get into 50 STORE, CAFE, SHOP EQUIP.

**HOROSCOPE**  
 by Carroll Righter

(Jan. 4)

**GENERAL TENDENCIES:** After completing a sensible manner whatever remaining duties you have are able to get some brilliant new idea on how to proceed best in the days ahead. Discussed with bigwigs the assistance they will give you to make your life function more smoothly. Plan trip if you wish one.

**ARIES (Mar. 21 to Apr. 19):** You find you can easily get the cooperation of bigwigs for the first time. You have and so see them early. Participate in civic work you can do very well and make headway in the fashion, also. Avoid one who bickers.

**TAURUS (Apr. 20 to May 20):** Make new contacts and get into new circles that can cause your life to be more interesting and profitable in the future. Communicate with success-owners and secure the data you need. Take care you do not go off on tangents.

**GEMINI (May 21 to June 21):** Make an alliance with one who can aid you in handling responsibilities in a more efficient and easier way. Make wants you to be more open-minded to ways of advancing. Do just that. Avoid whatever has an element of danger in it.

**MOON CHILDREN (June 22 to July 21):** You are now able to meet the associates who are making your life more interesting for important projects. Plan what must be done to improve your image with the public in general and do it. Stop laboring under unnecessary handicaps.

**LEO (July 22 to Aug. 21):** You have new contacts and get into new circles that can cause your life to be more interesting and profitable in the future. Communicate with success-owners and secure the data you need. Take care you do not go off on tangents.

**VIRGO (Aug. 22 to Sept. 22):** Get into 50 STORE, CAFE, SHOP EQUIP.

## Televised Inquest To Be Held Into Youth's Hazing Death

LOS ANGELES (AP) — A mine whether death was by natural cause, accident, suicide or by another's hand. If the jury rules that Bronner died "at the hands of another," it could lead to criminal prosecution of three of Bronner's Chi Chi Chi fraternity brothers to teach him a lesson.

Los Angeles County Coroner Thomas Noguchi said Tuesday he agreed with County Supervisor Kenneth Hahn, who had suggested a televised public inquest.

### Cattle Movement Restriction Modified

AUSTIN, Tex. (AP) — A quarantine order restricting cattle movement in Panhandle counties has been modified, the Texas Animal Health Commission said Tuesday.

"Required movement dipping for the 34 county panhandle scabie quarantine area has been suspended" starting Jan. 3, the commission said.

The quarantine remains in effect, however, and all cattle must be inspected before movement, except for cattle being moved directly to a livestock market and inspected on arrival there.

John Berges, 29; Gordon Gillespy, 19, and John Morgan, 21.

Dr. John Nicklin, president of Pierce College, said, meanwhile, that Tri-Chi Fraternity had been suspended and a campus investigation had been ordered of all fraternities and sororities at Pierce.

The three fraternity brothers left the 5-foot-10, 270-pound Bronner in Angeles National Forest about 2 a.m. Dec. 22 wearing only gym shorts and a sports coat. They said they did it to "teach him a lesson" and they thought he would be able to hitch a ride back.

In an interview Sunday, Berges said Bronner was plagued by overweight and financial problems and was rude and inconsiderate at times "but also very likeable at other times, very jolly."

He added, "This is going to haunt me for the rest of my life."

## Smith Names Larry Teaver To Bullock's Job

AUSTIN (AP) — Larry Teaver got his last wish from his long time political employer Tuesday when he was appointed secretary of state to fill out the last 13 days of G. v. Preston Smith's term. The secretary and governor leave office together on Jan. 16.

Teaver will fill the vacancy caused by the resignation of Bob Bullock, another Smith aide, who said he will enter private law practice and possibly run for political office in 1974.

Gov.-elect Dolph Briscoe will appoint his own secretary of state.

Teaver, 53, will preside over the election of a speaker of the House of Representatives Jan. 9, but otherwise the job has primarily ceremonial and routine functions.

## New Texas Legislature Likely To Take Action Against Air, Water Pollution

(EDITOR'S NOTE: Greater protection of Texas air and water from pollution sources will be the aim of many members of the next legislature. This is the eighth in an 11-part series.)

AUSTIN (AP) — The next legislature probably will be more environmentally aware than any in Texas history.

Not until the early 1960s did the legislature get into the fields of air- and water pollution. Each succeeding legislature saw a gain in support for the ecology issues.

Forty per cent of the members of the next legislature who replied to an Associated Press questionnaire say they want stronger pollution-control laws.

Some said the state needs a central agency to administer the laws. Sen. Oscar Mauzy of Dallas wants criminal penalties for willful pollution. Reps. R. C. Nichols and Ron Waters of Houston favor giving citizens the right to sue polluters.

Nichols said he favored the Environmental Protection Act that failed to pass in the 1971 legislature. That act would

have permitted citizens to sue polluters.

Several legislators who thought present pollution laws are adequate called for stricter enforcement of them.

Asked what changes they supported in the Texas Water Plan, the lawmakers predictably split according to whether they were from West Texas or East Texas.

Texas voters rejected the first effort to implement the plan in 1969. Generally, it called for importation of Mississippi River water and movement of "surplus" East Texas water to West and South Texas.

West Texas legislators like the plan. East Texas legislators either oppose it or call for more study.

"We just need more money for implementation," said Rep. Bill Clayton of Springlake.

"(The) Texas Water Plan is okay unless facts for minor changes are found," said Rep. E. L. Short of Tahoka.

But East Texans such as

Sen.-elect Don Adams of Jasper and Reps. William Blythe and Nichols of Houston said they oppose the plan.

On the dividing line were such lawmakers as Reps. Chris Miller and Tom Schieffer of Fort Worth.

"The statewide water plan must be supplemented by cooperative interstate planning for water needs," Rep. Miller said. "Water problems do not end with political boundaries."

### Uses For Rhubarb

Rhubarb originally came from Mongolia, but is grown both in Europe and America. Technically it is a vegetable, but people usually prepare it as a dessert food, mostly as pie fillings and sweet sauces.

"Texas definitely must continue development of a water plan," said Schieffer. "At the same time, however, ecological safeguards must be provided. I am confident that such a plan can and will be carried out."

Blythe based his opposition on what he called the plan's failure to "constructively develop our water resources so as to be beneficial to our state as a whole."
