

Gulf Seeking New Horizon For Andrews

Gulf Oil Corp. has filed application to re-enter and plug back from 12,458 feet to 4,675 feet in an attempt to open Grayburg production in the Emma field of Andrews County, about 12 miles southwest of Andrews.

Confirmer Finals In King Oil Pool

A confirmation was completed in one King County field and another gained an extension. Taubert, Steed, Gunn & Medders of Wichita Falls, completed No. 4-X S. B. Burnett Estate as a second producer and a 3/4-mile northwest extension to the Big B (lower Strawn) field, 18 miles southeast of Guthrie.

Location is 660 feet from south and 1,900 feet from east lines of section 31, block 9, U.L.S. The Phil - Bar opener, Deck Oil Co., No. 1-33 University, finished in December 1966, for 3.57 million cubic feet of gas per day at about 4,020 feet.

West Central Area Draws Probe Sites

Exploration has been scheduled for Nolan and Stonewall areas. Arthur T. Stieren, San Antonio, staked site for No. 1 J. Wells Young Jr. as a 7,000-foot wildcat in Nolan, two miles north of Sweetwater.

Kissinger Will Go To Hanoi

MANSFIELD SAYS DOCTORS 'ENCOURAGED'

Sen. John Stennis Shot During Holdup

WASHINGTON (AP)—Sen. John C. Stennis, a power in the Senate's Southern bloc and an ardent supporter of a strong U.S. military, was in "very serious" condition today after being shot twice during a hold-up in front of his home here.

A spokesman at Walter Reed Army Medical Center had said earlier this morning that chances were "guarded" that the 71-year-old Mississippi Democrat would recover. Stennis is chairman of the Senate Armed Services Committee.

Stennis underwent 6 1/2 hours of surgery Tuesday night and early today for bullet wounds in the lower rib cage—the most serious wound—and in the left thigh.

Police were looking for two teen-agers in connection with the shooting. Police, in a broadcast look-out, said Stennis' two assailants were 15 to 17 years old, both slim and about 5 feet 8 inches tall.

Nixon Reports Reconstruction Talks To Begin

WASHINGTON (AP)—President Nixon said today he is sending Henry Kissinger to Hanoi to open direct communications with the North Vietnamese and to discuss a postwar reconstruction he views as "a potential investment in peace."

In his first news conference in almost four months, Nixon also disclosed he would meet sometime this spring at the Western White House with South Vietnamese President Nguyen Van Thieu.

Nixon said that if all parties abide by terms of the "intricate agreement" to end the Vietnam fighting there is "no question about the fact we will have peace... for a very long period of time."

The chief executive said the planned Indochina-wide reconstruction program could mean that North Vietnam would "turn inward toward the workings of peace rather than outward toward the workings of war."

Trip Set Feb. 10-13. Nixon said Kissinger, on his Feb. 10-13 trip to Hanoi, will meet with top leaders of the Communist country. He said, "it is vitally important we have direct communications" with the North Vietnamese.

He said he expected Kissinger talks to be "extensive and frank" and volunteered that his top foreign policy adviser will "initiate conversations" on the Indochina-wide reconstruction program.

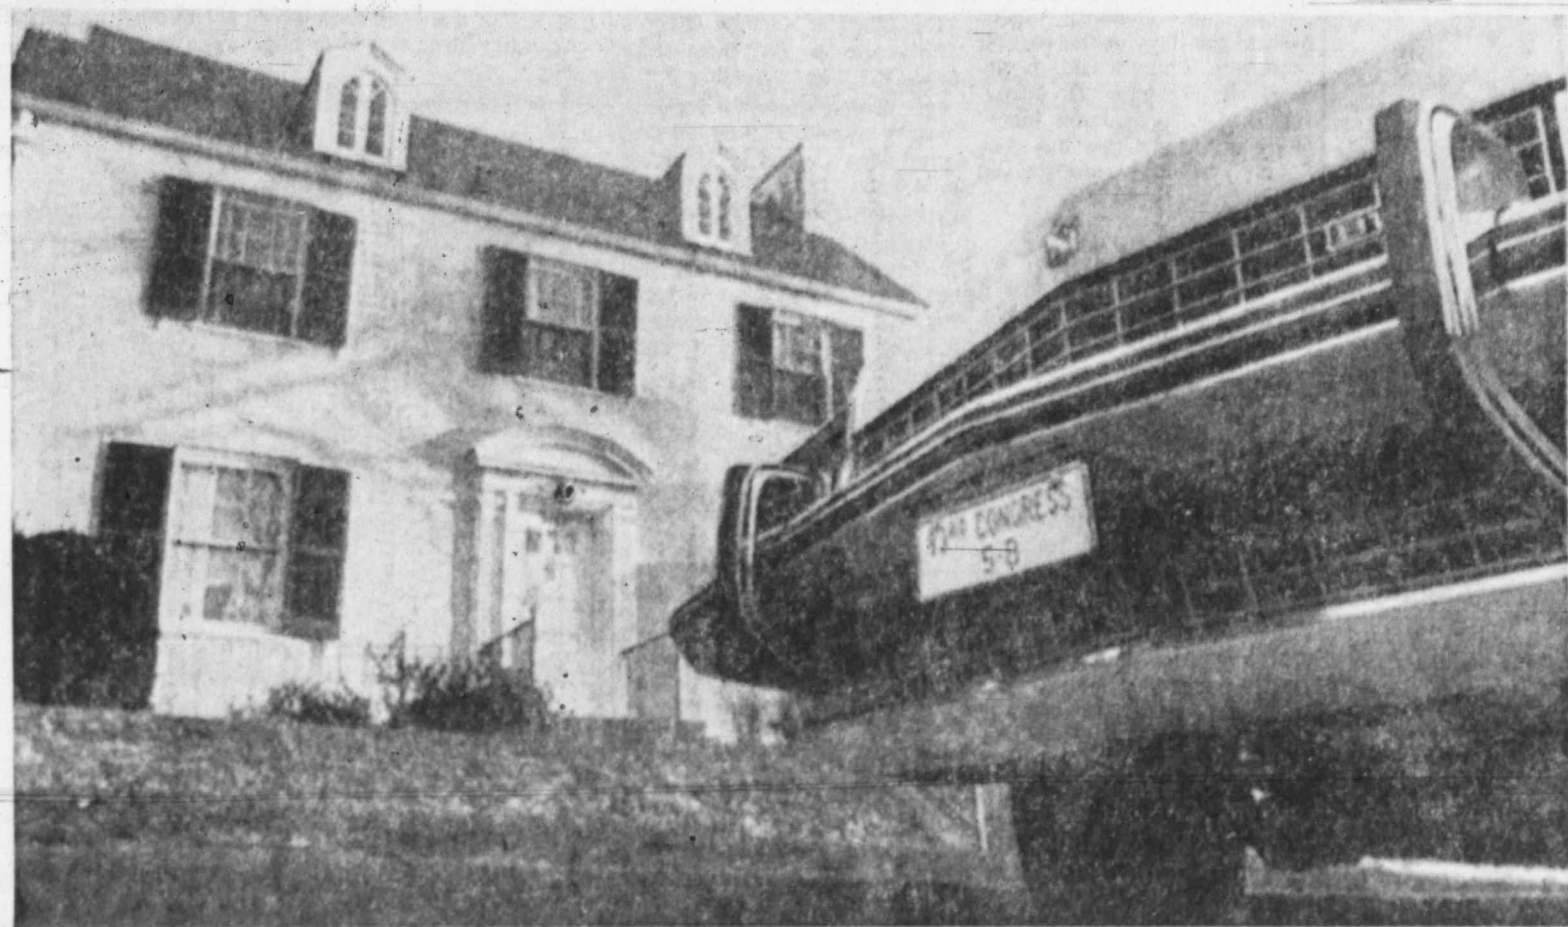

He said he realized that some members of Congress are "not keen on helping" countries in Southeast Asia but that "I look upon this as a potential investment in peace."

Other Issues. Nixon touched on other Vietnam-related issues, as he fielded questions from newsmen in the White House briefing room four days after signing of the Vietnam agreement. The major points:

—He will not grant amnesty to the "few hundred... who chose to desert their country" to avoid service in Vietnam. "Those who desert must pay their price," he said, adding this price is "a criminal penalty for disobeying the laws of the United States" and "not a junket in the Peace Corps."

—The President assailed those who have criticized terms of the Vietnam agreement as well as those who are demanding amnesty. "Gags Some Of You" He said some of the "better people in the media and intellectual" circles had hampered "night after night, day after day" that this was an immoral war. And in defending the Vietnam settlement, Nixon declared:

"We've done the best we can against very, very great obstacles and we've finally achieved peace with honor. I know it. Stennis' fellow Democrats en-gage some of you to write that Nixon said Kissinger is not going to Hanoi to greet Ameri- (See NIXON Page 4A)

SHOOTING SCENE — Sen. John C. Stennis' car stands by the curb in front of his Washington home early this morning. Stennis was shot outside of the house Tuesday night by two youths who had robbed him. (AP Wirephoto.)

800 Due At Dinner

Eight hundred persons are expected Thursday for the annual Midland Chamber of Commerce banquet. The event will begin at 7:30 p.m. in the Midland County Exhibit Building, with a theme "Your Chamber — For a Brighter Tomorrow."

Guest speaker will be former Midlander George Bush, who recently became chairman of the Republican National Committee after serving as United States Ambassador to the United Nations.

The famous Downtown Lions Club Big Name Band will provide dinner music. Master of Ceremonies will be Bill Mewhorter. Invocation and benediction will be voiced by the Rev. Robert Boynton Smith, senior minister of the First Presbyterian Church.

The National Anthem will be sung by Noble Canada, choir director for Austin Freshman School and Goddard Junior High School.

The 1972 chamber president, C. J. Kelly, will be honored. (See SEVERAL Page 4A)

Watergate 2 Convicted

WASHINGTON (AP)—Two of the President and later former officials of President for its financial arm. McCord, Nixon's re-election campaign a 20-year CIA veteran, was se- verely in jail today after being curity chief for the Nixon cam- convicted of burglarizing and paign at the time of his arrest. wiretapping Democratic party Asst. U.S. Atty. Earl J. Sil- bert said the verdicts "help re- a jury of eight women and store faith in our political sys- tem that was so badly dam- about the time required to elect aged."

Liddy was convicted of six counts, including conspiracy, burglary, planting bugs and intercepting telephone conver- sations from phones tapped inside the Democratic offices in the Watergate complex.

McCord, one of five men arrested at gunpoint inside the Watergate in the pre-dawn hours last June 17, was convicted of the same offenses in addition to two of possessing electronic listening and wire- tapping devices.

Although sentencing awaits a probation officer's report, McCord could get up to 60 years in jail and a \$60,000 fine and Liddy 50 years and a \$40,000 fine. However, the actual sentence is expected to be less because of overlapping ele- ments in the indictment.

Liddy was legal counsel for would appeal "Strica turned the Committee for the Re-elec- them down.

LATE NEWS FLASHES

FORT WORTH (AP) — Police Lt. Oliver Ball said today a man has been arrested in Roswell, N.M., in the Saturday slaying of 6-year-old Paige Applegate.

WASHINGTON (AP) — Secretary of Defense El- iot L. Richardson said today the post-peace-fire fight- ing in Vietnam is being reduced day-by-day and he expects "a pretty stable situation" in another week or 10 days.

AUSTIN (AP) — The Texas Senate locked its doors for 50 minutes today to discuss appoint- ments, then confirmed three new University of Texas regents in a public vote.

Pro-Pot Measure Introduced

AUSTIN (AP) — Rep- erson Waters of Houston in- troduced a bill Tuesday allow- ing persons over 18 to possess marijuana.

The bill was referred by House Speaker Price Daniel Jr. to the House Criminal Juris- prudence Committee.

Waters' bill would make it a misdemeanor, with a \$200 fine the maximum for a person un- der 18 to possess marijuana. It also would be a misdemeanor, with a \$100 fine, to possess more than three ounces in a public place or to smoke it in a public area.

Sale of marijuana or posses- sion for sale would be a felony, with a maximum punishment of three years in prison and a \$2,000 fine. The same penalties would apply if a person gave marijuana to a person under 18 and the giver was three years older than the recipient.

Persons now serving prison sentences for marijuana viola- tions could petition the sentenc- ing court to be resentenced.

"I have concluded that the day was 60 and the overnight low was 42 degrees. The tem- perature at noon today was 48. Scattered showers fell in the Texas Panhandle and elsewhere legislation."

White Sworn In

AUSTIN (AP) — Houston lawyer Mark W. White Jr., 32, was sworn in as secretary of state today.

A crowd, that included former Gov. Price Daniel, Atty. Gen. John Hill and others wedged into the governor's reception room for the stand-up cere- mony.

Rain, Winds Chill West Texas Area

Chilly winds and light rain in West Texas today, and they greeted Midlanders this morn- ing. A heavy cloud cover distrib- ed a light, steady rain that dampened streets and kept tem- peratures below the 50-degree mark.

Although most of Midland re- ceived some rain before noon, the National Weather Service at Air Terminal reported only a arillo and Lubbock up to 61 at Corpus Christi and 62 at Brown- ville. The Associated Press re- ported.

Decreasing cloudiness is fore- cast for tonight with tempera- tures dropping to the middle 30s.

Thursday's weather should be generally fair and mild with a high temperature in the mid- 50s.

The high reading here Tues- day was 60 and the overnight low was 42 degrees. The tem- perature at noon today was 48. Scattered showers fell in the Texas Panhandle and elsewhere legislation."

Stennis Shooting Spurs Action Call On Anticrime Bills

WASHINGTON (AP) — Sen- ate Democrats called today for prompt action on a whole range of anticrime bills, ranging from measures to compensate vic- tims of crime to gun restric- tions, after the shooting of Sen. John C. Stennis.

Stennis' fellow Democrats en- gage some of you to write that Nixon said Kissinger is not going to Hanoi to greet Ameri- (See NIXON Page 4A)

Nation Teetering On Brink Of Energy Crisis

By JOHN BARBOUR AP Newsfeatures Writer

A dangerous shortage of oil and gas has caused scattered high pricing of diesel oil, the shutdown of some schools and pleas to consumers in cold regions to lower their thermostats in favor of more clothes. But the nation is getting by.

A mild January in the North- east has eased the crisis some- what, but any siege of cold weather in the Northern states could tip the delicate balance between the dwindling fuel supply and the gradually length- ening days. The resulting com- petition for available fuel could plunge the nation into a new crisis almost overnight.

meanwhile, has scheduled a hearing next week to check into price rises for heating oil put into effect recently by several oil companies.

Refineries have been blamed for a late start in producing fuel oil for heating and for trucks, but oil men insist the real problem is a shortage of crude oil.

"There's a very critical shortage, and from the looks of things it's going to get worse," says Forrest N. Shumway, president of The Signal Com- panies, "because discoveries are not keeping pace with demand."

Bob Boydston kills rats. (Adv.)

In a nation where 6 per cent of the world's population con- sumes 35 per cent of its energy, even mild shortages in prime fuel show up quickly.

Some truck stop operators admit to paying higher prices for diesel fuel — sometimes three times as much as normal — on the open market when their regular supplies went dry. But an Associated Press survey shows no real black market in fuel as yet.

Snow still grips hard-hit areas in the Midwest. Home- owners from Wisconsin to Rhode Island have been asked to turn down their thermostats.

In the East, governments grudgingly set aside antipollu- tion rules to allow burning of

some plentiful, if dirtier, fuels. The effects are widespread but not uniform.

—The state of Iowa has bought up fuel oil and begun rationing it on the basis of need.

—New York City is allowing distributors who run out of low sulfur fuel to sell lower grades that don't meet antipollution standards.

—In San Antonio, Tex., a Southern city with large natu- ral gas supplies, city utilities burned fuel oil to produce elec- tricity because of cuts in natu- ral gas and are now running out of fuel oil. The curtailments were to end today.

—In Denver, Colo., seven

schools closed or limited sched- ules.

—One school district in Mary- land turned its thermostats down to 60 degrees and kept operating.

—In Boston, officials warned that generating plants, schools, industrial plants and many homes would run out of low sul- fur fuel required by antipollu- tion laws by midweek.

—Farmers in the Midwest from Nebraska to Michigan had a late harvest because of a wet fall. When they took their soy- bean and corn crops to grain elevators, they ran into trouble because there was a shortage

of fuel to operate the grain dryers. Emergency fuel was trucked into some areas.

Truckers and truck stop oper- ators throughout the Midwest are scrounging for diesel fuel. One Minneapolis firm sent a tank truck to Chicago to buy all the diesel fuel available. Other truck outfits are reported to be leasing gasoline powered ve- hicles to stay in business.

Officials and oilmen are con- centrating on meeting the cur- rent fuel shortage crisis, but some oilmen see the possibility of another fuel shortage this summer: gasoline. Refineries may have to work into the spring to build up fuel oil re- serves and gasoline supplies may suffer.

Nixon Says He Will Continue To Impound Funds If Necessary

WASHINGTON (AP) — President Nixon declared today that he will continue to impound funds if it would mean increasing taxes.

He maintained that is a presidential right made perfectly clear under the Constitution and that he plans to continue to submit budget recommendations that will be "not for special interests, but for the general interest of the country—rich or poor or old, is don't break the family budget by raising taxes or raising prices."

And he declared "I'm going to stand for that general interest."

A Senate subcommittee, conducting hearings on that question, was told Tuesday that one problem is whether congressional appropriations are an order to spend a certain amount or a definition of the maximum that can be spent.

The head of the General Accounting Office, Comptroller General Elmer B. Staats, said another question is whether the president's constitutional authority to ensure all laws are faithfully executed implies authority to impound funds to keep within the public-debt ceiling.

He said his office is not in a position to answer these legal issues, but "the road is open to Congress to be more explicit" in legislation with respect to spending levels.

President Nixon has refused to spend several billion dollars appropriated by Congress for use this year. Nixon said he is acting to control inflation.

Staats was among the witnesses at the start of hearings on a bill introduced by Sen. Sam J. Ervin Jr., D-N.C., providing that no funds could be impounded by the president for more than 60 days without the concurrence of Congress. Ervin's Judiciary subcommittee on separation of powers continues hearings today.

Sen. Frank Church, D-Idaho, another of the bill's sponsors, said that "breaking the executive's hardening habit of impoundment is now one of the crucial tests before us, if Congress and constitutional government are to survive."

He said the power of the purse is "the key to Congress' independence, influence and integrity."

While impoundment goes back to the days of the earliest presidents, Church said, beginning with Franklin D. Roosevelt it took "a quantum jump" in frequency and now has gone "far beyond constitutional propriety."

Many Tickets Given At Rail Crossings

Police have given 100 tickets for law violations at railroad crossings since Oct. 1 and they plan heavy enforcement of these laws until the number of violations is sufficiently cut down, Lt. Herman Wicker said.

Although the crossing laws have been enforced since they went on the books, special emphasis has been given since a train-car multi-fatality last year, Wicker said.

In October, the department started keeping separate statistics on these tickets.

Twenty-six citations were given in October, 44 in November, 15 in December and 15 in January through last Sunday.

The usual fine levied in Midland Municipal Court is \$10 plus \$2.50 tax, Judge Bill Ahlers said.

According to law, a vehicle must stop within 50 feet and not less than 15 feet from the nearest rail when:

- "A clearly visible electric or mechanical signal device gives warning of the immediate approach of a train.
- "A crossing gate is lowered or when a flagman gives or continues to give a signal of the approach or passage of a train.
- "A railroad engine approaching within about 1,500 feet of the highway crossing emits a signal audible from such distance and such engine by reason of its speed or proximity to such crossing is an immediate hazard.
- "An approaching train is plainly visible and is in hazardous proximity (distance) to such crossing."

After stopping, the vehicle may proceed across the crossing if it is safe to do so.

However, according to city ordinance, a vehicle may not go around, through or under any crossing gates while the gates are closed or are in the process of being closed or opened.

This ordinance also states that a vehicle must stop at least three feet outside the nearest crossing gate when it is closed or is in the process of being lowered.

School buses and commercial buses must stop at all railroad crossings outside business and residence districts unless there is a police officer or traffic control device directing them to proceed.

Vehicles carrying explosives or flammable liquids must slow down to 20 miles per hour within 200 feet of a railroad track outside city limits and must stop within 50 to 15 feet of a track inside a city, state law says.

This law for vehicles carrying explosives or flammable liquids does not apply when:

- a police officer or crossing flagman or traffic control signal directs traffic to proceed;
- where a flashing signal exists but displays no indication of an approaching train;
- an abandoned or exempted grade crossing is clearly marked as such by or with proper state authority and can be read from the driver's position;
- railroad tracks are used exclusively for industrial switching purposes within a business district.

In addition, Midland has a city ordinance which forbids the blocking of any intersection, including by vehicles stopped in compliance with the laws regarding railroad crossings.

It states that an intersection may not be blocked, "notwithstanding any traffic control signal indication to proceed."

Wicker explained that these laws are being heavily emphasized because the police department has noted that trains have not been found at fault in any of the car-train collisions here in recent years.

In most cases, he said, the collisions have occurred because the drivers of the cars tried to beat the trains to the crossings.

There have been more accidents at the Terrell Street crossing than at any other in the city, he said.

Robbery Trial For Woman May Be In February

Doris Jean Cephus, 20, indicted in Midland County on a robbery by assault complaint, probably will be tried during the Feb. 17 criminal week in 142nd District Court.

Miss Cephus, who has lived in several area towns, was convicted recently at Odessa for felony theft and for murder at Fort Worth. She was sentenced to 10 years in prison on each conviction.

Miss Cephus is one of two persons charged with robbery in a Dec. 20 incident in which the victim, Jerry Fuqua, was stabbed with an ice pick, authorities said.

The other is Kenneth Green, 17, who also has lived in several towns. His case is pending.

Dist. Judge Perry D. Pickett Tuesday signed a warrant ordering Miss Cephus be brought to Midland from Fort Worth where she is being detained.

Fuqua, who lives at 2700-B Roosevelt St., told officials he met Miss Cephus and Green, who was dressed as a woman, at a local bar and he left with Green.

Later Miss Cephus joined them and the robbery occurred, Fuqua told authorities.

He said the pair had a gun and butcher knife as well as the ice pick.

Authorities were told that Fuqua was robbed of \$32, his watch and his car. The car later was found abandoned.

Snyder Girl Dies In One-Car Wreck

SNYDER — Lisa Fulks, a 15-year-old Snyder girl, was killed and two others the same age were injured about 4 p.m. Tuesday when their car overturned on a paved county road about seven miles south of here.

The injured are Ellen C. Pruitt and Tyra Elkins, both of Snyder.

Miss Fulks, who reportedly was driving the vehicle, was pronounced dead on arrival at Cogdell Memorial Hospital.

Miss Pruitt and Miss Elkins were admitted to Cogdell Memorial with cuts and bruises. Miss Pruitt's condition was described as good and Miss Elkins' was said to be fair.

John P. Dyess Dies; Rites Set

John P. Dyess, 86, died at 8:05 p.m. Tuesday in a Midland hospital after an extended illness.

Services will be at 2 p.m. Friday in the Calvary Baptist Church with the Rev. Doyle Darwin, pastor, officiating. Assisting will be the Rev. Ross Payne, pastor of the Cottonflat Baptist Church. Interment will be in Fairview Cemetery under the direction of Newmie W. Ellis Chapel.

Dyess, a native of Eufala, Ala., was born March 27, 1886. A resident of Midland since 1946, he was reared at Grand Saline and lived at Roscoe from 1917 to 1946. He was a deacon of the Calvary Baptist Church.

Survivors include two sons, J. E. Dyess of Redlands, Calif. and Doug Dyess of Roswell, N.M.; five daughters, Mrs. Joe Pierce of El Paso, Polly Dyess and Mrs. S. B. Hart, both of Midland, Mrs. R. B. Freeman of Dallas and Mrs. J. B. Howell of Corona, Calif.; 18 grandchildren, 23 great-grandchildren and a great-great-grandchild.

Charges Filed In Theft Case

Roy Edwin Yarbrough, who police said lives at 202 E. Summit St., Tuesday was charged with felony theft and remained in city jail this morning in lieu of a \$5,000 bond.

He is accused of taking a 30-06 rifle from a pickup truck on Jan. 12.

Detective George Capehart and Patrolman Gib Roch arrested Yarbrough at 202 E. Summit about 11:10 p.m. Tuesday.

California Man Killed In Wreck

PYOTE — One person was killed about 6:45 p.m. Tuesday in a two-vehicle rear-end collision.

The accident occurred about 5½ miles west of here on Interstate 20 in Ward County.

Robert Loyd Lee, in his 50s, of Santa Ana, Calif., was pronounced dead at the scene.

He was driving an automobile and the other vehicle, a pickup truck, was driven by Buddy Bryan Jr. of Toyah.

Officers said the car was ahead of the truck.

When the impact occurred, the car ran off the road and overturned, throwing Lee out of the vehicle, investigating officers said.

County Fair Set At Big Spring

BIG SPRING — A revived Howard County Fair Association board of directors will convene Feb. 20 to adopt bylaws, elect officers and begin plans for staging a full-blown fair here during the third week of September.

Executive committee member Gerald Miller said it would be the first county fair here since 1951.

CAN A \$265 SUIT BE CONSIDERED INEXPENSIVE?

It depends...

For many a \$265 suit would be expensive, because it would be beyond their needs. To some men, however, a Hickey-Freeman suit is considered an essential investment. Their long and arduous schedules in both business and social spheres dictate their needs... If they're wearing a Hickey-Freeman, they know, with a certainty, the look they started with is the fresh, crisp look that keeps right on saying the nicest things about their appearance... The investment pays off, handsomely.

"On Target," a joint project of The Reporter-Telegram, Action Line-Fish and the Human Relations Council, solves problems, gets answers, cuts red tape and investigates complaints. Write "On Target," The Midland Reporter-Telegram, Box 1650, Midland, Tex. 79701.

An insurance company will not refund some money which I overpaid on a premium. I have contacted the regional office but no results, and that office will not give me the address of the home office. I have photostated copies of my canceled check. What can I do now? —A. N.

The Better Business Bureau can give you the address of the home office and will file a complaint if requested to do so.

You should also contact the State Board of Insurance. Send a photostat copy of your check and a full explanation to the board at 1110 San Jacinto, Austin, Tex. It might also help to send a copy of your letter to the state board, to the local insurance office and to the regional office.

Where can I go to talk to someone about some problems? The family has been having some problems and we would like to talk to someone who can help but will keep things confidential. —M. W.

The Family Counseling Service of Midland at 2101 W. Wall St., phone 683-4241 has professional caseworkers to help families who are under stress work out their problems. All information is strictly confidential.

I would like to send a letter to a blind friend of mine, but would like it to be transcribed into Braille. Is there anyone in Midland who will do this for me?

If you will call Mrs. Mayme Martin at 683-3438 or the Free Tape Lending Library at 683-2731, they will be glad to assist you.

ON TARGET COMMENT: Mary Louise Meyer has asked this column to help in locating a Mrs. Attie Meyers. It seems that a letter to Mrs. Meyers was put in the Meyer post office box by mistake and the letter has no return address on it. Rather than return the letter to the "dead letter" file, On Target received the following message: "If a Mrs. Attie Meyers or family will contact me, I have a letter for her from Trudy Niedbolski. The letter was not addressed correctly and there is no return address on it. Phone Mary Louise at 683-4638 during business hours."

San Antonio Curtailment Of Gas Due To End Today

SAN ANTONIO, Tex. (AP) — The board requested Portland, the city's largest industrial user here is "a long step" toward possible future curtailment for residential users.

The curtailment of 75 percent of the approximately seven million cubic feet of natural gas supplied daily to Portland Cement Co. was to end today, the spokesman for the City Public Service Board said.

Let Clock Run
FRANKFORT, Ky. (AP) — The Kentucky Bar Assn. has called on Gov. Wendell Ford to end the old practice of stopping the clock in the final hours of a legislative session.

It said the procedure, used in both the House and Senate, casts doubt about all legislation passed.

Progressing On Schedule

THE NEW LOOK — Although work is just beginning on the new fifth floor and while the interior of the existing structure remains virtually bare in preparation for installing an entirely new arrangement of offices, the Midland County Courthouse exterior has begun to bear close resemblance to architect's drawings of how the facility will look when completed in March, 1974. New windows and completion of the top floor will polish off exterior work. The \$1.95 million project is reported progressing on schedule.

32 Midland Students Tech Degree Candidates

LUBBOCK — Thirty-two Midland students completed work for master's or bachelor's degrees from Texas Tech University at the conclusion of the fall semester.

Since no formal graduation exercises are held at the end of the fall semester, the students may participate in the spring commencement.

Master's degree candidates include:

Robert Ray Williams Jr., agricultural economics; Clifford Wayne Logan, music education; Ethwa Ann Phillips Thompson, secondary education; Linda Louise Singer, education; Linda Jean Ables, special education; and Horace Roland Griffin, speech.

Bachelor's degree candidates include:

Donald Adrian Schneider, animal sciences; Samuel N. Oakes, entomology; Richard Meade Barry, government; Clarence Ernest Stanley Belows, sociology; Raymond Lee Florence, history; Thomas Rayburn Wilson III, geography; Craig Tanner Spencer, advertising art; Debra Reynolds Dunlap, mathematics.

Also, Lee Conner Culver, finance; Francis Clark Dunlap, general business; Gerald Andrew Hancock, general business; Daniel Patrick Hogan, accounting; Clarence Jerome Kerth Jr., management.

Also, Walter Clarence Lacy III, accounting; Prather Paul Mackey, general business; Sherry Sue Pederson, accounting; Rudy Sanchez, accounting; Jimmy Dean Sparks, management; Eugene Campbell Sweatt, finance.

Also, Camilla Hill Glenewinkel, art education; Susan Ries Kochanik, elementary education; Patrick Donald Lawson, architecture-design; Gerry Rodney Lavender, electrical engineering; James William Hawkins, petroleum engineering; Diana Ashmore, food and nutrition; and Janet Stringer Brown, home economics education.

Cease-Fire Violations Continue To Decline

SAIGON (AP)— The total number of cease-fire violations reported by the Saigon government continued to decline today despite more heavy fighting in some sections of South Vietnam.

Canadian members of the International Commission of Control and Supervision expressed hope that the four-nation group would soon be able to get its teams of cease-fire observers into the field. But the absence of the chief Viet Cong member of another peace-keeping group was delaying things, and there was no indication when he would arrive.

More hard fighting was re-

ported in Quang Tri province below the demilitarized zone and in the central highlands. But the number of cease-fire violations claimed by Saigon showed a steady downward curve.

The command said there were 209 violations during the 24 hours ending at 6 a.m. today, compared with 311 in the previous 24 hours and 426 in the first 22 hours after the cease-fire went into effect at 8 a.m. Sunday.

There was no decline in the number of casualties reported, however. The command said casualties in the past 24 hours were 673 Communist troops and

38 government soldiers killed and 563 South Vietnamese wounded; for the 24 hours before that the figures were 666 enemy and 128 South Vietnamese killed and 468 South Vietnamese wounded.

The senior U.S. adviser in Quang Ngai province, Col. Truman R. Boman, was slightly wounded Tuesday while watching fighting from a helicopter over the central coast, military officials said today. He was the fifth American casualty reported since the cease-fire began; one of the Americans died.

Under terms of the cease-fire agreement, the ICSS field teams should have been oper-

ational and in place at 8 a.m. Tuesday, 48 hours after the agreement went into effect. But members of the ICSS have said that the security of the teams cannot be assured without full support from the North Vietnamese and the Viet Cong.

A second peace-keeping group, the four-party joint military commission, met for the third successive day with no indication of progress. It is made up of the United States, North and South Vietnam and the Viet Cong.

The meeting was held by the deputy chiefs of the delegations, and a U.S. spokesman said they were still making ar-

rangements for the first meeting of the delegation heads. But there has been no indication that the Viet Cong delegation chief, believed to be Maj. Gen. Dong Van Cong, has arrived.

The U. S. spokesman confirmed that the United States has already deployed American officers of the joint military commission in the field. They are being drawn for the most part from advisory units already there.

U.S. Sources described the battle situation along the demilitarized zone as "grim."

South Vietnamese marines were trapped under heavy fire for the third day on a peninsula

at the mouth of the Cua Viet River and were reported taking heavy casualties. Their escape lines to the rear were cut by the North Vietnamese, and a landing craft going to help them was hit by enemy fire, damaged and possibly sunk.

Also on the northern front, South Vietnamese artillery was firing on both sides of Highway 1 near Quang Tri City, 19 miles below the DMZ. South Vietnamese officers claimed the shooting was in response to North Vietnamese cease-fire violations, but they refused to let newsmen go to Quang Tri to observe the shelling.

In the central highlands,

South Vietnamese troops were reported still trying to root Communist forces from two positions on Highway 19, between the regional capital, Pleiku, and the coast. Fighting also was reported on north-south Highway 14 about 15 miles south of Pleiku, and the road was closed to traffic.

In the 3rd Military Region that includes Saigon and 11 surrounding provinces, military sources reported that the North Vietnamese and Viet Cong had seized 135 hamlets since the cease-fire began. But the sources claimed that 114 of the hamlets had been retaken, while fighting was continuing for the other 21.

Midland Group Attends State Chamber Meeting

Emil Rassman, Harry W. Clark, Jack Shepherd and Fred Kester were in Austin Tuesday to attend several functions staged by the Texas Chamber of Commerce and the state's four regional chambers of commerce.

They participated in an executive committee meeting of the West Texas Chamber of Commerce Tuesday morning and then attended a luncheon arranged by the Texas Chamber at noon, followed by an afternoon business session. The other regional chambers are East Texas, South Texas and Rio Grande Valley.

A reception honoring all members of the legislature was held Tuesday night.

Gov. Dolph Briscoe, Lt. Gov. Bill Hobby, Speaker Price Daniel Jr., and Attorney Gen. John Hill were guest speakers at the various sessions.

Rassman is president-elect of the West Texas Chamber; Clark is chairman of its Industrial Development Committee; Shepherd, Mineral Resources chairman, and Kester is a director.

MIDLAND WINNER — Linda Hancock, a Midland FFA member, showed her lightweight Limousin steer to first-place honors in that division at the Southwestern Exposition and Fat Stock Show at Fort Worth this week. The steer, weighing 1,030 pounds, sold to Monig's of Fort Worth for \$1,000. Miss Hancock, daughter of Mr. and Mrs. Andrew Hancock, also had the grand champion steer at the recent Midland County Livestock Show. It sold for \$1,118 to Adobe Oil Co. She also had two 1st place winners in the horse show division of the Midland event. She showed a winner in the lightweight Limousin steer division at the 1972 Dallas Fair.

Cub Scout Pack Receives Awards

Members of Cub Scout Pack 222 received badges and awards Monday night in a ceremony in Fannin Elementary School's cafeteria.

Receiving Wolf badges were Jay Donaldson, Den 1, and Handy Reigle, Ben Glenn and Curt Holcomb, all of Den 3.

Holcomb also was presented a gold arrow point, and Al Spinks and Allen Smith from Den 3 were awarded Wolf badges and gold and silver arrow points.

Denner badges were given to Terry Burks, Den 1, Brian Jewell, Den 2, and Richard Carrasco, Den 3. Assistant Denner badge went to Roland David Wilkinson Jr. of Den 1, Vic Counts of Den 2, and Mark Noland of Den 3.

Two Cubs from Den 2 of the Pack, Rex Roland and Brian Jewell, received Bobcat badges.

McCrary Trial Slated April 9

GOLDEN, Colo. (AP) — The murder-kidnap trial of three members of the McCrary family has been set to begin April 9.

District Court Judge Daniel Shannon also said Tuesday he will hear motions by defense lawyers on suppression of evidence Feb. 6.

Sherman McCrary, 47; his wife Carylon, 45; and their son-in-law, Carl Taylor, 34, are all to stand trial in the kidnap-slaying of Leora Rose Looney, 17, a doughnut shop waitress, in August 1971.

Taylor and McCrary entered pleas of innocent Tuesday. Mrs. McCrary had pleaded innocent earlier. All three are being held in Jefferson County jail in this Denver suburb.

Court Affirms Pot Conviction

A Midland jury's conviction and sentence of Brady Black, 52, of Alabama for possession of marijuana has been affirmed by the Texas Court of Criminal Appeals.

The action came today in Austin.

Black was arrested Sept. 4, 1970 by Highway Patrolman Ralph Ward on Interstate 20 about 10 miles west of Midland.

The officer confiscated eight packages containing 2,725 grams of marijuana.

A Midland County jury found Black guilty May 27, 1971, and assessed a penalty of 10 years in prison.

Regional Council Team Slates Trial Run Here

A seven-member evaluation team for the National Association of Regional Councils will evaluate the PBRPC itself (although this will be one result) as they are to work bugs out of the national council's proposed procedures for "grading" regional commissions throughout the nation.

The PBRPC is one of three planning commissions in Texas selected for trial runs on the NARC's proposed procedures for finding out how well all regional commissions and councils of governments are doing.

As such, the series of meetings and studies here this week are designed not so much to evaluate the PBRPC itself (although this will be one result) as they are to work bugs out of the national council's proposed procedures for "grading" regional commissions throughout the nation.

To do it, the team will meet at length Thursday and Friday for finding out how well all regional commissions and councils of governments are doing.

As such, the series of meetings and studies here this week are designed not so much to evaluate the PBRPC itself (although this will be one result) as they are to work bugs out of the national council's proposed procedures for "grading" regional commissions throughout the nation.

Stennis Condition Said Very Serious

(Continued From Page 1A)

turning over his wallet and wristwatch.

Sen. Henry M. Jackson of Washington, third-ranking Democrat on the Armed Services committee who came to Walter Reed, said Mrs. Stennis told police she heard "two pops" and then her husband's voice calling "Coy," Mrs. Stennis' name.

Stennis said Stennis walked into the house and told his wife "precisely what to do."

Police Lt. George Kenne said he had no idea how Stennis was able to move the 50 feet from the curb to his house.

Stennis' brown leather briefcase was found lying next to the curb directly in front of his two-story, white brick home in a well-to-do neighborhood. His coat was lying on the curb.

Shortly after the shooting, White House Press Secretary Ronald L. Ziegler said President Nixon "expressed his deep concern" via a phone call to Mrs. Stennis.

"The President has instructed the FBI to assist in every way possible in the case," Ziegler said, but was only a flesh wound.

A 1971 law makes it a federal crime to assault, kidnap or kill a member of Congress. That law allowed the FBI to enter the Stennis case immediately.

Hoestenbach Introduces 4-Year UTPB Bill

State Rep. John Hoestenbach introduced a bill Tuesday in the Texas House which would convert The University of Texas at the Permian Basin from upper level to four-year status.

And in a telephone interview, the Odessa legislator suggested that Midlanders "let Sen. (W. E. "Pete") Snelson and Rep. (Tom) Craddock know how they feel about it" now that Midland College has been assured.

During the 62nd Legislature, the House voted overwhelming approval for a similar four-year UTPB bill (with Craddock among those supporting it), but the measure did not reach a vote in the Senate and Sen. Snelson elected not to push for one.

The new bill carried endorsements of 35 co-sponsors, including State Rep. Dick Slack of Pecos, whose district includes part of Odessa, and State Rep. E. L. Short of Tahoka, whose district includes Martin, Dawson and Andrews counties.

Tour Facilities

The president of Midland College, Dr. Al G. Langford, and the president of its board of trustees, Reagan Legg, were not available today for comment on how a four-year UTPB might affect the Tall City's "new" junior college.

Legg, Langford, and college trustees Gloria Hinojosa, Hoyle McCright, Fred S. Wright Jr. and Kenneth A. Peeler were winding up a two-day tour of college campus facilities in Houston, San Antonio and Austin to see work of architects being considered for the contract to design the \$5.1 million Midland College campus approved last month by Midland voters.

Trustees will visit universities at Lubbock, Fort Worth

Arlington and Dallas in February before convening to select an architect Feb. 20.

Asked about chances for the bill, Hoestenbach replied, "I think it will be a very difficult matter because the emphasis this time is on no new taxes, and on economy statewide."

"But I would like to emphasize that the elevation of UTPB would not add any substantial amount of new taxes, since the buildings, the administration and a good part of the staff would already be there."

"In fact, the upper level concept is more expensive on a per-unit basis since it requires higher salaried faculty, more specialized schedules and consequently fewer students per class... while in a four-year

institution, not all of the faculty has to have doctorates, the instruction is less specialized and there are larger classes."

Hoestenbach said he assumes The University of Texas System board of regents, which endorsed previous four-year UTPB bills, will back the bill introduced Tuesday.

He said another bill, which would convert both UTPB and The University of Texas at Dallas from upper level to four-year status, will be introduced later this week in cooperation with the Dallas legislative delegation.

The joint bill would make the switch effective in September, 1975, while the bill dealing only with UTPB contains no effective date "but because of the

logistics of adding the freshman and sophomore level classes, they could not start before 1975 anyway," Hoestenbach said.

"As is the case any time there is a request for new programs or new schools," the change from upper level to four-year status proposed in both bills would be subject to approval of the Coordinating Board, Texas College and University System.

Coordinating Board chairman Wayne Thomas said recently he doubted the Coordinating Board would approve changing any of the state's eight new upper level schools to four-year institutions, although the board as a whole has not voted on the matter.

Hoestenbach said the bills will

Senate Holds Secret Meeting To Consider Regents For UT

AUSTIN (AP) — The Senate scheduled a little bit of secret business today, which is what the House spent two days trying to outlaw.

A closed-door session was set for 10:45 a.m. to discuss the appointments of former Gov. Allan Shivers, Austin lawyer Ed Clark and San Antonio dentist James Bauerle as University of Texas regents.

Under new Senate rules, only the final vote was to be public. All three men are UT-exes, Shivers, 65, and Clark, 66, have been involved in Texas politics for almost 40 years. Bauerle, 49, was former Gov. Preston Smith's Bexar County campaign manager last year.

Smith named them to the board of regents Jan. 5. He left office Jan. 16.

Longest Period

Shivers' 7 1/2 years as governor were the longest period anyone has held that job in Texas. Clark was Texas secretary of state in 1937-39 under Gov. Jimmy Allred, and President Lyndon Johnson appointed him ambassador to Australia in 1965. He resigned in January 1968.

Clark referred to himself as a "Johnson Democrat" and also helped campaign for Republican Sen. John Tower and former Sen. Ralph Yarborough, a liberal Democrat.

Speaker Price Daniel Jr.'s proposal to plug loopholes in a 1967 law requiring governmental bodies to meet in public was approved by the House Monday, 132-13. It goes to the Senate.

Rep. Bill Hollowell of Grand Saline, a candidate for lieutenant governor in 1966, said he

thought the bill was unconstitutional.

"You are saying, to school boards and city councils, and most of them in rural areas have five members, that if three of you have coffee together and talk about public policy you can be sent to jail for six months," Hollowell said.

"People who are rendering great public service are being humiliated by this act."

One change would be to require the legislature, including committees, to conduct business in public. The bill would raise maximum penalties for officials who take part in secret meetings from a \$100 fine to six months in jail and a \$500 fine.

Citizens could be jailed and fined for filing false charges that an official had violated the open meeting law.

Budget recommendations of both former Gov. Preston Smith and Gov. Dolph Briscoe, as well as those of the Legislative Budget Board, all have included only about half the \$7 million per year requested by UTPB for operations.

"These are subject to change, and the important thing is what the appropriations committee does," Hoestenbach said.

Rep. Slack is vice chairman of the appropriations committee.

Several Hundred Expected To Attend Chamber Banquet

(Continued From Page 1A)

John Foster, Douglas G. Garrott, Hardie;

Larry Hart, Gerald Helm, Norman Henry, Herd, Bob Hicks, Jastrow, Knecht, LaDoyce Lambert, Dr. Al Langford, James Pardue;

Kenneth A. Peeler, Wes Perry (SITCA), Priddy, C. Ronald Schwisow, Charles Smith (SITCA) H. D. Sutterlin, R. R. Truitt, and Jack Wilkinson Jr. Wood, 1950; Stanley Erskine Douglas B. Henson, president of the Midland Jaycees; Ray Herndon, president of the Midland Arts Council; Robert Leibrock, Midland College trustee; James E. Winger Jr., Midland Independent School District trustee, and Durward Wright, Midland County commissioner.

Serving with Allday on the Banquet Committee are: John Berry, Collins, Mrs. Jack Hauke, Jastrow, Mewhorter, Steele and Jack Wilkinson Jr., Jr., 1967; Martin L. Allday, 1968; Decker Dawson, 1969; John M. Grimland Jr., 1970; and C. W. Barclay, 1971.

AND SOME LAUGHS, TOO — Midland Chamber of Commerce annual banquet committee chairman Martin L. Allday, left, gets an advance chuckle out of the script for banquet master of ceremonies Bill Mewhorter, right. The Thursday night dinner is expected to draw more than 800 to hear Republican National Committee chairman George Bush and other highlights on the program.

can prisoners of war to be released there soon and said he personally will not go to the West Coast to welcome them because the POWs should be allowed to return to their families as soon as possible.

"We should not grandstand it... we should not exploit it," Nixon said.

—As for two U.S. fliers now held in China after being shot down in the mid 1960s, Nixon said the issue had been discussed when he was in China and that he has "every reason to believe these fliers will be released on the initiative of the People's Republic of China" as the situation "is worked out" in Vietnam. The fliers were identified as Navy Lt. Comdr. Robert Flynn and Air Force Maj. Philip Smith. Nixon said a CIA agent now held in China, John Downey, "is a different case" and that "we have no assurance" that the Chinese will commute his prison sentence.

—He said his meeting with Thieu would be held at a "mutually convenient" time some time in the spring at the Western White House in San Clemente, Calif. He didn't give a specific date nor elaborate on the purpose of the meeting, but his later references to the Indochina reconstruction included mention of South Vietnam and indicated post-war aid would be a major item on the agenda.

Vice President Spiro T. Agnew now is in Saigon for the first of a series of meetings intended to assure South Vietnam that the United States fully supports it in the postwar era.

Odessa Woman Hurt In Wreck

Emilia Hull, an 86-year-old Odessa woman, was injured in a one-vehicle accident about 2:45 p.m. Tuesday on Interstate 20 about seven miles west of Midland.

She was listed this morning in satisfactory condition at Medical Center Hospital in Odessa. She has a fractured hip.

The driver of the car was Wynona Hull Lippe of Odessa. Highway Patrolman David Hancock said she was not injured.

Hancock said the car was headed west when it ran off the road and turned over.

Witnesses Clash On Death Penalty

By ROBERT HEARD
AUSTIN, Tex. (AP) — Witnesses clashed Tuesday in a hearing before the Senate Jurisprudence Committee on one of the oldest questions in criminal law: does the death penalty deter crime?

The committee referred to a subcommittee three bills that would bring the death penalty back to Texas.

The U.S. Supreme Court ruled last year that the death penalty was unconstitutional because, among other reasons, it gave too much discretion on punishment to the jury, which had led to uneven application of the law.

Sen. Tom Creighton of Mineral Wells, author of one of the bills, said the death penalty was needed to deter such crimes as the "execution" of a service station operator in

Stephenville several years ago by bandits who wanted no witnesses.

Sen. Bob Gammage of Houston asked Creighton to repeat the date of that crime.

"Several years ago—three or four or five years ago," Creighton said.

"But we had the death penalty then, and it did not deter that crime," Gammage said.

"That may be so, Senator, but it still is my view that we need this as a deterrent to that type of crime," Creighton replied.

Creighton's bill, and a bill by Sen. Jack Ogg of Houston, would give death or life imprisonment for premeditated murders committed for hire, murders of police, prison guards or firemen; killing during robberies or burglaries or forcible rapes; deaths resulting from

outrageous. Public murder is intolerable."

Barbara Russell of Houston said she hoped the lawmakers would rise above the "hysterical reaction" to the court's decision because "This will make me a murderer, too—I am part of the state."

Melvyn Bruder of Dallas, the lawyer who successfully appealed the death sentence of a black man for the rape of a white woman, said the proposed bills can be successfully challenged because they give too much discretion to the jury and also to the prosecutor, who would determine if the grand jury is to be asked to indict for a capital offense instead of a lesser degree of murder.

Search Renewed For Rapist-Killer Of Girl

FORT WORTH, Tex. (AP) — The FBI and Fort Worth police renewed the search today for the rapist-killer of a tiny Fort Worth girl whose ravaged body was found beneath a freeway overpass.

Five-year-old Paige Applegate disappeared Friday afternoon while playing near her westside home. Her body was found Saturday afternoon beside a street running under the West Freeway.

The blond-haired little girl had been dead about three hours when a woman saw her body beneath the freeway on the edge of downtown Fort Worth, according to the Tarrant County medical examiner's office.

Lt. Oliver Ball of the homicide squad said, "This means the killer held her overnight and then took her life Saturday morning." The autopsy showed the victim had been raped and died from a blow that fractured her neck, said Ball.

The lieutenant added, "The

doctor likened it to a karate chop to the back of the neck."

A witness told police he saw a small girl in the area walking with a man wearing a dark trench coat. Another told of seeing a child enter a car driven by a white-haired woman. A neighborhood youngster of the Applegates said he saw the little girl on the day of abduction and asked her to come and play with him. He says she refused and then entered a blue car.

Jogging Program Slated By YMCA

A men's jogging and callisthenics program will begin on Monday in the Central YMCA.

The 45-minute classes will meet each Monday, Wednesday and Friday from 5:30-6:15 p.m.

Joe Ellis, physical director, will conduct the exercise program which is open to all YMCA adult members.

Other fitness classes are available for men and women. Additional information may be obtained by contacting Ellis at the Central YMCA, 800 N. Big Spring St.

Observance Of Easter

Easter always falls on the first Sunday following the 14th day of the Pascal Full Moon. The date may be as early as March 23rd or as late as April 25th.

Carpet Warehouse Flooded By Water

Employees of Sharp Carpet are still trying to dry out 150-are rolls of carpet which were damaged early Wednesday when a broken water pipe flooded Sharp's warehouse at 109 E. Circle Drive.

Officials of the firm were notified by Midland Police that water was gushing from the warehouse door. It is expected that damage to the warehouse and the carpet will run into the thousands of dollars.

Repairs have been made, but another warehouse was rented in order to unroll and dry out the damaged carpet.

If you haven't seen the new Fords, you haven't seen what's new for '73.

Ford LTD Brougham 2-Door Hardtop
Options shown: Power-operated Sunroof, WSW steel-belted radial ply tires, remote control right-hand mirror, front cornering lamps, deluxe bumper group, deluxe wheel covers and vinyl top.

Ford Galaxie 500 4-Door Hardtop
Options shown: Steel-belted radial ply white sidewall tires, bumper group, wheel covers, rocker panel moldings, vinyl top and Ford Motor Company exclusive Power Mini-vent Windows.

The closer you look, the better we look.

Two unbiased panels of auto experts took a close look at all the '73 cars. Tested them thoroughly. Based upon these tests...

Ford won "Car of the Year" in Road Test's competition.

Ford LTD won "Full-size Sedan of the Year" in Motor Trend's competition.

A close look shows why restyled Fords (LTD's and Galaxie 500's) won top awards. Motor Trend said, "The clincher was Ford's stock in trade: a super-quiet interior, isolation from noise."

Standard luxuries scored big: 351 V-8, automatic transmission, power steering and brakes, power ventilation, bodyside moldings, and more. You'll like the spacious Ford Front Room. Full-length door armrests. Plush carpeting.

More for '73. A glove box bigger than any of Ford's standard-size competitors. Options like a remote control right-hand mirror that's driver adjustable. Power Mini-vents on 4-Door Fords. An improved electric rear window defroster.

New Anti-theft Alarm System.

Side-door Steel Guard Rails.

Steel-belted radial ply tires.

For driving peace of mind... optional steel-belted radial ply tires. Standard safety features include side-door Steel Guard Rails, an Energy Absorbing Bumper System, and more. And there's a new optional Anti-theft Alarm System.

So much is new we invite your close look. Road Test calls the '73 Ford "the finest family car to be found at its price in showrooms today."

Quiet is the sound of a well-made car.

Texas POW's Mother Never Believed He Was Dead

...And She Was Right—Son Revealed To Be POW

TOMBSTONE LIES ... Ronald Ridgeway will be coming back

HOUSTON (AP) — When aide, got the message over the week-end that her son, Marine Pfc. Ronald L. Ridgeway, now 23, is listed among the U.S. servicemen identified by North Vietnam as prisoners of war. The North Vietnamese said Ridgeway was captured Feb. 25, 1968, near an outpost at Khe Sanh.

The Marines brought back nine bodies from South Vietnam—nine men they thought were killed in an ambush that day. They were all buried together in the Veteran's Administration Cemetery in St. Louis.

There is also a headstone in Ronald's memory in the VA cemetery here, where Mrs. Ridgeway has often gone to pray for her son over the years he has been declared dead.

"I never visited the cemetery in memory of his death," she said Tuesday. "I always went in memory of him."

"My sympathy goes to the parents of the boy we buried because I shed quite a few tears for him," she said.

Ronald's father, Lewis N. Ridgeway, said he too did not believe his son was dead, mainly because the youth's dogtags were not found among the remains discovered.

Mrs. Ridgeway was told of her son's status at 1:15 a.m. Sunday by a Houston Marine Corps representative.

"After he identified himself, I broke in," she said in an interview Tuesday. "It is about my son, isn't it? He's alive, isn't he? I told him just what he was going to tell me and all he did was answer yes, yes."

Plans To Meet Him

Her son will be coming to Camp Pendleton, Calif., and Mrs. Ridgeway says she plans to be there to meet him.

Ronald joined the Marines in June of 1967 after he dropped out of school at age 17. He was with Company B, 1st Battalion, 26th Marine Regiment at the time he was listed as missing in action.

Maj. Gen. Daniel Chappie James, a spokesman at the Pentagon, said American forces could not get to the ambush site for six months, and by that time identification was impossible.

The men on the patrol were identified largely by statements made by others on the patrol, he said.

A Marine spokesman in Washington said the body buried as young Ridgeway at St. Louis would not be exhumed. "There is no body," he said.

Mrs. Ridgeway said that when she was told her son was dead, "I had to take their word for it but I didn't believe them."

Despite her years of suffering, Mrs. Ridgeway said she was not angry about the mixup. "Those years were a time of emotional and spiritual testing. I am a better person for it. It was God's will."

U.S. Documents Predict Thieu's Fall—Anderson

ATLANTA, Ga. (AP) — Syndicated columnist Jack Anderson on Tuesday claimed he has high-level government documents forecasting a military end to the Thieu regime, but he denied saying the fall would come within 12 months.

Some news sources had quoted Anderson in a speech at Florida State University Monday night that the secret papers predicted a "military coup" by the North Vietnamese would end the Vietnam cease-fire and "topple" the Thieu regime "within a year."

"I referred to two documents that I had access to. One was an estimate by the Joint Chiefs of Staff on the possibilities that the cease-fire would break down and there would be a Communist takeover," Anderson told The Associated Press Tuesday in a telephone interview during a stopover at the Atlanta airport.

The other report, Anderson said, was an intelligence analysis prepared by the Central Intelligence Agency.

Anderson said he has written a column, scheduled for this Thursday's editions, "referring to" the two reports. "I'm not quoting them directly," he said. "My sources seemed to be rather nervous about direct quotes."

He refused to name the sources.

Texas MIA On List Of POWs

SAN ANTONIO, Tex. (AP) — Lt. Hector M. Acosta, once listed as missing in action in North Vietnam, may be coming home to a belated Christmas and marriage anniversary celebration all rolled into one.

His wife Orphalinda has learned that Acosta is listed among prisoners of war in North Vietnam. Previously he had been carried by Air Force as missing in action.

A telephone call from the Air Force came at 2:30 a.m. Sunday, Mrs. Acosta said.

She said the lieutenant was downed Dec. 9 while serving as a navigator on an air mission over North Vietnam. That was about a week before the couple's anniversary.

In her living room is a wiling Christmas tree and beneath the tree are Christmas presents addressed to "Mr. and Mrs. Acosta." She said she left them unopened while her husband was away.

Bookmaking Trial Continues

VICTORIA, Tex. (AP) — The defense continued to present its case today in the federal court trial of eight men charged with conspiracy to operate an illegal gambling business.

One of the defendants, Johnny Joseph of Austin, testified in his own behalf Tuesday denying any connections with a bookmaking operation.

The government has sought to prove by use of wiretapped telephone conversations that a bookmaking operation existed.

Missing Waco Girl Found Dead; Man Is Charged

WACO, Tex. (AP) — The body of an 8-year-old girl who disappeared last Wednesday was found buried in the backyard of a house half a block from her home Tuesday afternoon. A man was charged.

Police found the body of Teresa Ann Wilson buried in wet ground in the yard of a house occupied by a woman friend of Willie Lee Stokes, 43, of Waco.

Stokes was charged with the girl's murder.

The investigation centered around Stokes when a house-to-house search of the area was made, and Stokes admitted he had taken Teresa and two other little girls to get some sweets, said authorities. Stokes was picked up in Longview for driving while intoxicated, and then returned to Waco.

Justice of the Peace John Cabaniss set bond at \$50,000. Judge Cabaniss also ordered an autopsy.

Mrs. Lillie Reeves

Party Honors Mrs. Reeves

Mrs. Lillie Mae Reeves was honored recently in her home by her children and grandchildren with a party on the occasion of her 80th birthday.

Mrs. Reeves, born Jan. 26, 1893, in Georgia, came to Texas in 1905. She and her late husband, Arbin M. Reeves, farmed in Midland County until his death in 1945. Mrs. Reeves has lived at 402 W. Hart St. since 1946.

The couple had 10 children, all of whom are still living. There are 31 grandchildren and 45 great-grandchildren.

Colors used for the party were green, red and gold. The birthday cake was made and decorated by Allene Keener. There were 30 guests attending the party.

The sons of the honoree are: A. C. Reeves, Midland; Leon Reeves, San Marcos, and C. L. Reeves of Abilene.

The daughters are: Mrs. Viola Pond, Coleman; Naomi Reeves and Mrs. Sue Stewart, both of Midland; Mrs. Dean Pierson, Garden Grove, Calif.; Mrs. S. E. Powell, Justin, Calif.; Mrs. Pearl Hardin, Odessa, and Mrs. Jessie Cole of Fort Worth.

Dear Abby

Pregnant Girl Doesn't Know Where To Turn

—By Abigail van Buren

DEAR ABBY: I am 19, and am pregnant nearly five months. I am not trying to make excuses for myself because I know I was foolish, but I really thought I was in love.

I dropped out of college because I was so worried I wasn't eating or sleeping, and I couldn't make my grades. I can't tell my parents what's wrong with me because it would kill my mother. My father thinks I am lazy, and he beat me twice last week with a belt. My legs are all black and blue.

I have been living on tea and coffee and know I should be seeing a doctor, but I can't go to our family doctor because he would tell my parents.

I don't have a penny to my name and don't know where to turn. Please tell me if there is a home for unwed mothers near here. I'll walk there if I have to.

IN TERRIBLE TROUBLE
DEAR IN: Please send me your name and address at once. I am sure I can help you.

DEAR ABBY—I have an aunt who always called me her "favorite niece" and she is getting on in years. She told me many times she wanted me to have her diamond ring, which is valued at \$10,000. She said she wanted me to have it while she is still living and can see me enjoy wearing it. (I am 33 and married.)

Well, a few weeks ago she got this ring out of her safety deposit box and asked me to come to her house so she could give it to me.

I came, and she told me how much she loved me and she gave it to me. We both cried, and I kissed her and she put it on my finger.

The next day she called my mother raving and screaming that her ring was "missing" and she said I had visited her the day before and she "showed me" the ring, and she is sure I took it!

My mother called her lawyer and asked him what to do, and he said that he would have to "study" the case because he had never had anything like this in his practice before.

In the meantime, I'm afraid I'll be arrested if I keep the ring, and can't prove she gave it to me. It's my word against my aunt's. Please tell me what to do. I like the ring but not that much.

BEWILDERED IN TEXAS
DEAR BEWILDERED: If I were you I would return the ring at once. Your aunt is obviously disturbed. Should she have a change of heart, and want to give you the ring, don't accept it unless she provides you with

Unit Schedules Musical Program

A musical, "Diary of Songs from World War I," will be presented by Mrs. Harrell Moore of Huntsville, formerly of Midland, and Mrs. Robert Goff of Houston, also a former Midlander, when the Book Review Unit of the Midland Woman's Club meets at 11:45 a.m. Monday in the clubhouse.

Mrs. J. S. Knauer, president, has announced that the luncheon and program for February will be the unit's fund-raising project for the year, and all members and friends are urged to attend and bring guests. All proceeds will go to the Woman's Club general fund. Reservations may be made by dialing 684-6811.

Mrs. Moore and Mrs. Goff are well-known in Midland, having presented musical programs for the Woman's Club and other organizations several years. Mrs. Moore writes that this program, while entertaining, has a message and a purpose. One message brought out in the program is the spirit of victory that America must preserve as part of its heritage.

The program will consist of a collection of numbers from the World War I era, programmed to tell the story of the spirit of the age. Mrs. Moore located a diary written by a soldier, who was in France in 1918, from which she quotes frequently.

Mrs. Moore lived in Midland from 1966 to 1969. While here, her husband was assistant city attorney and a practicing attorney. Both are graduates of The University of Texas-Austin. Mrs. Goff, pianist, while living in Midland was a member of the Musicians Club, Texas Federation of Music Clubs, and the Midland-Odessa Symphony. She is a graduate of Texas Tech University and teaches piano.

HISTORICAL PROGRAM — Mrs. Harrell Moore of Huntsville, formerly of Midland, is shown as she appeared in an historical presentation in Huntsville, wearing a uniform from World War I from the Sam Houston Museum. She and Mrs. Robert E. Goff of Houston, formerly of Midland, pianist, will present a musical review, "Diary of Songs from World War I" for the Midland Woman's Club Book Review Unit at 11:45 a.m. Monday.

POLLY'S POINTERS

David Larsen Presents Program

David Larsen, student at Midland College and an employee of Tom's Tree House, was the guest-speaker for a recent meeting of Xi Epsilon Epsilon Chapter, Beta Sigma Phi. Mrs. Gene LeLong, 1204 Stanolind St. was the hostess.

Larsen explained construction of a terrarium, listing and displaying plants as well as completing a terrarium. Vermiculite, perlite, charcoal and potting soil are needed to make a good terrarium, the group was told. He also gave terrarium references and requisites. Mrs. Robert Keener introduced the speaker.

The business was conducted by Mrs. Tom Bennett. She reminded members of the spring convention June 22-24 in McAllen, and the annual valentine charity ball Feb. 10.

The decorating committee for the ball will meet again today. It was announced by Mrs. Graham Bevel. Advance tickets may be obtained from Mrs. Robert Weeter.

Mrs. Doug Cunningham, service committee chairman, made plans for a valentine party at 7 p.m. Feb. 12 at Leisure Lodge Nursing Home.

Fondue and meat cookbooks are available from Mrs. Reg Hyer.

Mrs. Jack Derington reviewed from the "Book of Beta Sigma Phi."

The next meeting will be held at 6:30 p.m. Feb. 13 at High Sky Restaurant, at which time a ritual of jewels will be held for Mrs. Jim Beverly, Mrs. Derington, Mrs. Keener and Mrs. C. L. Williams, it was announced by Birdie Lamkin.

Reception Fetes Crane Couple

CRANE — More than 100 guests attended a reception recently in the Reddy Room of Texas Electric Service Co. honoring Mr. and Mrs. L. Fletcher Freeman on their 35th wedding anniversary.

The reception was given by Mr. and Mrs. Freeman's children, Winston Freeman of Dallas, Mrs. Charles Niblett of El Dorado, and her husband, and Mrs. Dell Wilson of Monahans, and her husband.

Mrs. Bethel Ashburn and Mrs. Charles McKay registered guests. Other house party members were Mrs. Fred Bond, Mrs. Bill Ir Butler, Mrs. J. O. Collee, Mrs. Clara Cromer, Mrs. Ed Doshier, Mrs. Neal Grimes, Mrs. Hubert Mills, Mrs. Jack Newland, Mrs. Nina Richardson and Mrs. Jack Smartt. Also in the house party were Mrs. Elna Brandenburg and Mrs. Opal Hale of Grandfalls and Mrs. L. M. Freeman of Imperial.

Mr. and Mrs. Freeman were married Jan. 23, 1938, in Bastow. He has been a deputy with the Crane County sheriff's department since 1958. Mrs. Freeman is administrator of Miller's Nursing Home.

Birth Announced
Mr. and Mrs. Charles Lee Smith, 1508 N. Edwards St., announce the birth Jan. 23 in Midland Memorial Hospital of a daughter, Christina Victoria.

Tall City Club Installs Officers

Officers were installed, a style show presented and an eulogy to the late Lyndon B. Johnson was given when the Tall City Democratic Women's Club met recently at Midland Country Club.

Delivering the eulogy was Kenneth W. Nordeman, who recognized the former president's accomplishments during his many years of public service.

The club voted to participate in a memorial to the late president.

Officers installed were Mrs. Kenneth W. Nordeman, president; Mrs. W. E. "Pete" Snelson, vice president; Mrs. James Alsop, secretary, and Mrs. Charles R. Welch, treasurer.

Modeling for Yvonne's Apparel were club members: Mrs. Nordeman, Mrs. Alsop, Mrs. W. H. Franz and Mrs. Joe Mims.

The show as narrated by Yvonne Trotter.

A gift of appreciation was presented to Mrs. Robert E. Steward, outgoing president.

Mrs. James C. Gauntt, parliamentarian, reported on the campaign fund.

Senior Student Honored At Party

Cindy Cooper, senior at Midland High School, was the honoree at a valentine Coke party given Monday by her grandmother, Mrs. C. A. Rogers of Pasadena, Calif.

The party was held in the home of the honoree, daughter of Mr. and Mrs. J. E. Cooper, 1611 Winfield Road.

The serving table was decorated with individual cakes with hearts and a large valentine heart centerpiece.

About 20 guests attended.

Miss Cooper is planning to attend West Texas State University.

U.S. ASTRONAUTS TO TEAM UP WITH RUSSIANS
From left, "Deke" Slayton, Vance Brand, Tom Stafford

'Deke' Slayton Gets Wish

Spaceman Named To Joint U.S.-Soviet Crew

By PAUL RECER

SPACE CENTER, Houston (AP) — The American crew of the 1975 joint Soviet-U.S. space flight will be commanded by veteran Thomas P. Stafford and will include Donald K. Slayton, chief of the space-man's corps and one of the original seven astronauts, the space agency has announced.

It will be the fourth space flight for Stafford, an Air Force brigadier general, and the first for Slayton, the 48-year-old chief of the space agency's flight crew operations. The third American crewman will be Vance D. Brand, 41, a civilian astronaut who has never flown.

The space agency also announced Tuesday that the American crew and their Soviet counterparts, as yet unnamed, will have their first joint crew training session this summer in the United States. Stafford and his crew will go to Russia in the fall for more training there.

The joint U.S.-Soviet space flight, called the Apollo-Soyuz test project, is scheduled as a 10-day mission with launch set for July 15, 1975. The mission will begin with the launch of a Soyuz spacecraft, with two men aboard, from Russia.

been an open secret for some weeks. The 42-year-old pilot, who flew on Gemini 7 and 9 and commanded Apollo 10, has devoted much time during the last year on the study of Russian and in coordinating efforts to prepare for the joint space flight. Stafford last year visited Star City, the Soviet space center near Moscow, and operated simulated Soyuz spacecraft there.

For Slayton, who goes by the nickname of "Deke", the selection climaxed, a decade-long struggle to get into space. Slayton was a member of the original seven-man U.S. space team, but was grounded in 1962 only a few months before his first flight because of a heart ailment.

Slayton was named boss of the astronaut corps, but continued to work toward being medically cleared to fly.

His problem was an irregular heartbeat which doctors couldn't explain.

"When it (the irregular beat) came on, I could go out and run a mile and it would go away," said Slayton. "I went to many cardiologists and none of them could find a damn thing wrong. I had plenty tell me privately I didn't really have a problem, but they weren't willing to stand up and be counted."

After using a new heart medication three years ago, the irregularity went away and doctors last March cleared Slayton for space flight.

Slayton, at 51 when the mission is launched, will be the

oldest man ever to attempt space flight.

Brand, 41, is an ex-Marine pilot who served as back-up command module pilot on Apollo 15.

On the mission, Stafford's title will be commander and Brand will be the command module pilot. Slayton, however, will be the docking module pilot, a new flying title. Slayton's main job will deal with a module which will be the link between the American and Soviet spacecraft.

Back-up crewmen for the mission are astronauts Alan L. Bean, Ronald E. Evans and Jack R. Louasma.

Reputed Texas Heroin Kingpin Indicted Again

LAREDO, Tex. (AP) — A reputed kingpin in the Texas heroin trade who already has seen a \$150,000 bond forfeited for failing to show up for trial was indicted Tuesday on another narcotics charge. His new bond was set at \$500,000 cash—if and when he is arrested.

The indictments presented Tuesday to U.S. District Court Judge Ben Connally accuse Jesus Carrasco Santoy, 39, of San Antonio of conspiring to smuggle 24 pounds of heroin into the United States.

Others named in the indictment are Santoy's wife, Izela, Arturo Aguilar, 30, and his wife Ida, both of Mexico City, and Louis Emory Roger of Lafayette, La., who currently is serving a federal prison sentence.

Aguilar also is at large. He was arrested last Aug. 26 with 24 pounds of heroin. After pleading guilty before Judge

Connally, he escaped from the Webb County jail here. A jail guard was convicted of helping him escape.

Santoy was to have been tried in Houston Dec. 4 on charges of conspiring to sell heroin there with Roger Daniel Berlango of San Antonio and Ronnie Stewart of Houston.

He did not show up for trial and U.S. District Court Judge Allen B. Hannay ordered his \$150,000 bond forfeited and a new \$250,000 bond set.

The Laredo indictment alleges that Aguilar and Santoy conspired to bring the illegal drug into the country with Aguilar actually picking it up in Spain and coming back to the United States through Guatemala and Mexico.

After safe delivery, the indictment says, Santoy was supposed to go to South America and pay for the heroin, which federal officials claim had a street value of \$3 million.

The American Apollo spacecraft, with three men aboard, will be launched later from the United States. The Apollo spacecraft will rendezvous in earth orbit and dock with the Soyuz, using a new compatible docking system now under development.

Astronauts and cosmonauts will then exchange visits aboard the two spacecraft.

The selection of Stafford has

Wallace Still Wearing Bracelet For 'Bama POW

BIRMINGHAM, Ala. (AP) — Alabama Gov. George C. Wallace is one of many Americans who vowed to wear a bracelet bearing the name of a prisoner of war in North Vietnam until the POW returned home.

The governor's bracelet bears the name of an Alabama serviceman, Air Force 1st Lt. Richard McDow, 26, of Columbiana, who was captured June 27, 1972. McDow's name was on the list of POW's the Pentagon says will be returning within 60 days.

"It was good to learn Dick's name was on the list of those to be returning soon," Wallace said from his room in the University of Alabama Medical Center where he underwent urinary surgery last week.

An aide said Wallace would probably wear the bracelet until he sees the serviceman in person so he can take it off and hand it to him.

Reagan Won't Run For Another Term

SACRAMENTO, Calif. (AP) — Gov. Ronald Reagan says he won't seek a third term, even if party leaders attempt to draft him. But Reagan has left open the possibility of seeking the U.S. Senate seat of Democrat Alan Cranston in 1974.

Reagan, who will be 62 next week, announced Tuesday he will not seek a third term, and he said he has no timetable for announcing whether he will go up against Cranston, who plans to seek re-election.

Reagan said, "I think I said I would probably have an answer before the snows melt in the Sierra. The snow 'way up high on the mountains."

Wedding Delayed Until POW Returns

CORONADO, Calif. (AP) — The invitations are out for a large church wedding Friday for Jeannie Black and Chris Jenkins. But it is going to be postponed.

The news that will put it off is even happier, they say. Navy Capt. Harry T. Jenkins, Chris' father, is among American prisoners being released by North Vietnam. He is the second highest ranking POW.

Jenkins was shot down Nov. 13, 1965. His wife Marjorie worked as librarian at an elementary school at Lemoore, Calif., until the family moved here 18 months ago. "It will take place when he is able to be there," Mrs. Jenkins said of the wedding Tuesday.

About 2,000 children die each year in Canada from accidents in the home.

Wild Ride On Drawbridge

CAR DOES DELICATE BALANCING ACT ON DRAWBRIDGE

ST. PETERSBURG, Fla. (AP) — When Clayton Gignac opened his drawbridge, he couldn't figure out why the sailboat captain below him was frantically pointing to the sky — until he looked up and saw a car carrying four elderly women caught on an open edge of the span.

Madeleine Dow, 74, Norah Bennett, 75, Margaret Strype, 77, and Olive M. Bomb, 78, four vacationing Canadians, were perched 35 feet above Boca Ciega Bay in an 11-year-old borrowed car.

The undercarriage of their car was snagged on the edge of the open, tilted bridge section. The front part of the car pointed downhill, the rear section projected over the open water.

For more than an hour, the women passed the time by looking at the view.

The episode began Tuesday when Mrs. Dow drove her son's 1962 auto onto the Treasure Island Bridge. She said later she didn't hear the warning bells or see the gates come down behind the car as she headed across the drawspan.

Witnesses said she backed up but was only about half way across the dividing line when the bridge's two sections parted.

Up, up the women rose, slowly and relentlessly.

Bridge tender Gignac, meanwhile, spotted the frantic boat and looked upward.

"And there," a shaken Gignac said later, "was the car."

With the motor still running, while the ladies prayed and looked around, the seawalls collected an audience of hundreds, the bay below became clogged with boats, 15 emergency vehicles sped to the scene, 25 police and firemen converged on the bridge and rush hour traffic backed up for 10 miles.

"They were really shook up when we got there," Treasure Island Fire Lt. Art Mea said.

Fires Damage Midland Homes

Two house fires caused heavy damage here Tuesday afternoon and this morning, the fire department reported.

The first was the James Applegate home at 2407 Holloway St., reported at 12:57 p.m. Tuesday, and the other was the Leroy Graves home at 310 S. Lee St., reported at 5:19 a.m. today.

The fire at the Applegate home was caused by an electric heater in the bedroom, firemen said.

Fire damage was heavy in the bedroom and firemen had to cut a hole in the floor in that room to get to the fire.

There also was heat and smoke damage throughout the house.

Firemen worked at the scene for more than an hour.

The fire in Graves' two-room house behind a larger house spread from a cook stove.

That room was heavily damaged.

Where's The Fire?

12:27-2:04 p.m. Tuesday, 2407 Holloway St., residence of James Applegate. Home fire. Heavy fire damage to bedroom wall and floor; smoke and heat damage throughout house. Firemen had to cut hole in bedroom floor to get to fire. Caught from electric heater in bedroom.

6:52-7:10 a.m. today, 310 S. Lee St., residence of Leroy Graves. He was rendering aid and went to sleep with it on the stove. Meat and house caught fire. Heavy damage to one room of two-room house.

6:52-7:10 a.m. today, Lee and Washington streets. Car fire. Car owned by Clinton McMillan of 202 S. Adams St. Heavy damage under hood. Caused by backfire.

Purchase Okayed For Abilene Bank

ABILENE — The Federal Reserve Board has approved the acquisition of the First National Bank of Abilene by an Abilene-based holding company, First Abilene Bankshares, Inc.

Walter Johnson, president of First National, also will be president of First Abilene Bankshares, a holding company founded more than 10 years ago under the name of F. and F. Operating Co.

GIs, Sailors To Eat More Hamburgers, Pot Roasts

By ROBERT A. DOBKIN
WASHINGTON (AP) — With food prices rising, the Navy has ordered mess cooks to substitute hamburger for steaks and chops. Army troops will be eating more pot roast.

The armed services—like many housewives—are cutting their grocery bills by substituting lower-priced items in their menus.

"Menus will be just as nutritious but not as delicious," explained a military food-service officer.

Adm. Elmo R. Zumwalt Jr. in a message to all commands, noted a 20-per-cent rise in Navy food costs over the past six months.

The Agriculture Department Tuesday reported a 5 per cent rise in food prices from mid-December to mid-January, a 21-per-cent increase over last January's prices.

Zumwalt, the chief of naval operations, ordered food managers Jan. 11 to "suspend requisitioning of selected high-cost luxury and convenience items" such as steaks, roasts, lamb chops and lobster and to reduce "consumption of other high-cost items."

Similar orders are expected shortly from the Marine Corps, The Army and Air Force.

The announcement came a day after top-ranked U.S. Steel reported only a slight boost in its 1972 profits.

Based on preliminary Bethlehem figures, this year's profits worked out to \$3.02 per common share, compared with \$3.14 last year, when net income totaled \$139.24 million.

Revenue, however, was up \$2.99 billion in 1971 to a record \$3.14 billion.

Twice as many people are injured at home as at their place of employment.

Downtown Lions Hear Wilkerson

The story of the Teen Challenge outreach to youthful drug addicts was reviewed briefly for members of the Downtown Lions Club today noon at their meeting in Hotel Scharbauer.

The speaker was David Wilkerson of Dallas, founder of the movement. He cited goals, purpose, program and operation of the organization.

"Drugs and Drug Abuse" was the subject of his address.

Wilkerson also is the author of the best-selling book "The Cross and the Switchblade."

He now heads the Dallas-based David Wilkerson Youth Crusade.

He is in Midland to speak at a community-wide rally to be held at 7:30 p.m. today in the Midland High School Auditorium.

The club program was arranged by Lion H. J. Dancy.

Bethlehem Steel Says Profits Dip

NEW YORK (AP) — The nation's second largest steel maker, Bethlehem Steel Corp., announced today its profits for the year 1972 dropped 3.3 per cent to \$134.58 million.

The announcement came a day after top-ranked U.S. Steel reported only a slight boost in its 1972 profits.

Based on preliminary Bethlehem figures, this year's profits worked out to \$3.02 per common share, compared with \$3.14 last year, when net income totaled \$139.24 million.

Revenue, however, was up \$2.99 billion in 1971 to a record \$3.14 billion.

Papers Reveal Ill-Timed Bomb Raids Destroyed Peace Leads

LOS ANGELES (AP) — A attempt by Kissinger, then a survey from the Pentagon negotiator for Johnson, to offer peace feelers during the U.S. bombing in exchange for an agreement by Hanoi not to use the pause for military advantage. This halt was to be followed by peace talks. Acting as intermediaries were two unofficial French negotiators referred to only as Marcovich and Aubrac, whom Kissinger met with in Paris. Aubrac was a personal friend of North Vietnamese President Ho Chi Minh. The study reports a visit to Hanoi by the two Frenchmen in July 1967, as a prelude to further communications. They met with Ho and made some progress toward future talks. Two months later they were to return to Hanoi to deliver a message from Johnson offering to stop the bombing if it would lead promptly to productive discussions. Unfortunately, the study relates, "receipt of the Aug. 21 message coincided with the escalation of bombing of the north with Hanoi as the objective." The angered North Vietnamese after that refused to issue visas to Marcovich and Aubrac and during the next two months that channel dried up. An earlier effort, operation "Marigold," ended in much the same way. Here the intermediary was Janusz Lewandowski, the Polish member of the International Control Commission in Vietnam. He made several visits to Hanoi in 1966 and was successful in arranging for a face-to-face meeting between U.S. and North Vietnamese representatives to be held in December 1966. But again, stepped-up U.S. bombing caused Hanoi to cancel the meeting. A factor that led to these inopportune bombings, the study notes, was that only a few U.S. officials knew details of the negotiations, and thus it was difficult to call off military plans that had been made long beforehand.

Tenneco To Rescind Cutback Of Heating Oil

HOUSTON (AP) — Tenneco Oil Co. announced Tuesday it will rescind a recent cutback in deliveries of heating oil to eight Eastern states immediately and end rationing in three others by mid-February. Tenneco said Dec. 28 a shortage of crude oil at its Charlotte, La., refinery had forced a 30 per cent reduction in deliveries of heating oil to all customers. Eight shipments of heating oil from Europe recently contracted for mean, however, that the company can resume full deliveries, said George H. Meason, president of the firm. The first shipment has arrived and others will be delivered to the ports of New York and Baltimore during February, March and April. "With the acquisition of this foreign oil we can now supply our customers with 100 per cent of their estimated requirements for the rest of the heating season," Meason said. "We must emphasize, however, that we will not be able to take on any new business." Meason said the rationing has ended at its terminals in New York, Pennsylvania, Connecticut, Massachusetts, Maryland, Delaware, Virginia and New Jersey with the exception of the Newark terminal, which will continue the cutbacks until Feb. 6. Full deliveries to customers at terminals in Tennessee, North Carolina, and South Carolina should start the first half of February, as soon as transportation problems are resolved, Meason said.

Florida Citrus Crop Imperiled

By THE ASSOCIATED PRESS Citrus groves in Florida were imperiled today as frost warnings were posted for central areas and freezing temperatures chilled northern sections of the state for a second day. Snow whitened areas of the Northeast from Pennsylvania to Vermont, and some local snow squalls left 2 to 4 inches on the ground. A heavy snow warning was posted for Arizona. Scattered rain dampened the northern intermountain region and northern California. Partly cloudy to cloudy skies existed in most other areas of the nation except for the Atlantic Coast and the Southeast. Temperatures before dawn ranged from -7 at Messena, N.Y., to 62 at Corpus Christi, Tex.

WIN PROMOTIONS — Lt. Col. Don Futrell, right, commanding officer of the 4th Military Police Group of the Texas State Guard, congratulates three of his recently promoted officers. From left, are 1st Lt. Harry Harrison, Capt. Alton Kidd and Maj. Al Talbot.

Texas State Guard Promotions Announced

Lt.-Col. Don Futrell, commanding officer of the 4th Military Police Group of the Texas State Guard, has announced new assignments and promotions in his staff headquarters. At Talbot, communications officer, has been promoted to major. Alton Kidd won promotion to captain and assignment as headquarters detachment commander. Harry Harrison has been promoted to first lieutenant and assigned as public information officer.

2nd Lt. Jimmy Olds has been assigned as group S-3 officer. M. Sgt. Eugene Tabor has been shifted to group sergeant major and his wife, SIC Zell Tabor, to assistant S-1. The headquarters staff will take part in three disaster training exercises this spring, Col. Futrell announced. The exercises will be held at the Odessa National Guard Armory March 25, the Ballinger army April 29 and the Stamford army May 20. The Texas State Guard is an all-volunteer military organization sponsored by the state of Texas. Its primary mission is to assist state and local law enforcement officials in times of disaster or national emergency.

Windmill Still Working
The oldest windmill on Cape Cod, built in 1793, can still grind 800 pounds of corn in three hours. It is located in Eastham, Mass.

Heart Fund Drive Chairmen Named

Chairmen for the four principal divisions of this year's Heart Fund drive were announced today by campaign chairman Sanford Hodge. The campaign is being conducted during February, culminating with Heart Sunday on Feb. 25. Business Division chairman is Don Jones of The First National Bank. Joe Dominey of The Midland National Bank is serving as publicity chairman and Bill Malone of Commercial Bank & Trust Co. is chairman for the Special Gifts Division. Mrs. Birdie Lamkin is Heart Sunday chairman. She is a member of the Midland County Heart Association board of directors.

Houston Men Win Lawsuit Against Firm

HOUSTON (AP) — Two Houston men were awarded \$18,000 actual and \$50,000 punitive damages by a jury Tuesday in a suit against a Waco firm which sells materials claimed to show persons how to motivate themselves for greater success. William C. Lawlis and Brian Nelson purchased for \$10,000 a franchise in 1970 from Success Motivation Institute Inc. of Waco, which gave them the right to sell the material in the Houston area. Ben Aderholt, lawyer for the two men, said, "The jury found there was misrepresentation as to the quality and character of the franchise and as to the success of distributors of the corporation. The jury found the company made false representations in inducing the men to buy the franchise." An appeal of the decision is expected, Aderholt said.

STOP THE GAME, THERE'S BEEN A FOUL — Ref. Jim Shoenwalt, left, signals for an offensive player-control foul against Midland's 6-10 Ron Taylor, shown stuffing the ball through the hoop, as Big Spring's Randy Marshall winds up on deck in Tuesday's game at MHS gym.

Eight SWC Footballers Go In First 7 Rounds

By THE ASSOCIATED PRESS — Eight Southwest Conference players were chosen in the first seven rounds of the pro football draft, led by Jerry Sisemore, two-time All-American offensive tackle from Texas.

Two SWC performers were tabbed Tuesday in the second round, two more in the third and one each in the fifth, sixth and seventh stanzas.

Texas, Arkansas and Rice each had two players drafted and one was picked from both Texas A&M and Texas Christian.

Sisemore went to the Philadelphia Eagles in the first round and was the third choice overall. He was the highest SWC player picked since another Texas All-American, linebacker Tommy Nobis, was the No. 1 player in the 1966 pro draft, going to Atlanta.

"I'm kicking up my heels," said Sisemore. "We're going to have a party with most of the Texas team. It's great."

Two other Texas collegians went in the first round. Ernest Price, a defensive end from Texas A&I, was tabbed No. 17 by Detroit and Mike Holmes, a defensive back from Texas Southern, went to San Francisco on the 18th selection.

Midland's Tom Branahy, two-time All-American center from Oklahoma, went to St. Louis in the fifth round.

Joining Sisemore as the only other Longhorn drafted in his first seven rounds was his offensive linemate, Travis Roach, who was chosen by the New York Jets in the sixth round.

The two Rice players picked were tight end Gary Butler in the second round by Kansas City and linebacker Rodrigo Barnes by Dallas in the seventh stanza.

Arkansas was represented by quarterback Joe Ferguson and defensive end David Reavis. The Buffalo Bills chose Ferguson in the third round, while Reavis went to Pittsburgh in the fifth round.

Offensive guard Guy Morris of TCU was chosen by Philadelphia in the second round and the Aggies' Brad Dusek was collared in the third round by New England.

Besides Price, one other player was chosen from Texas A&I. Levi Johnson, who also was Price's teammate in high school at Corpus Christi, was picked up in the third round by the Detroit Lions.

Two members of the Southwest Texas State squad also were selected. They were defensive back Jim Stienke by the Cleveland Browns in the second round and running back John Brown by Minnesota in the seventh.

Other Texans chosen in the opening rounds were Gary Keithley, quarterback at Texas-El Paso, in the second round by St. Louis; Harvey Banks Martin, defensive tackle from East Texas State, in the third round by Dallas and Louis Neal, wide receiver from Prairie View, in

Taylor Scores 32 Points; MHS Stampedes Steers

Midland High applied the heat in the second half to beat Big Spring, 102-86, at MHS gym Tuesday night and was surprised to find itself alone in first place in the second half District 5-4A basketball race when it got in the locker room after the game.

"That's when the Bulldogs first learned of San Angelo's stunning upset of first-half champion Midland Lee, severing a 23-game Rebel winning streak.

"Coach James Cagle, who a Friday night trip to Abilene High looming, couldn't get too excited about it, pointing out that it doesn't alter Midland's situation too much. "We've still got to win 'em all, although it does give us a little breathing room."

"Breathing room was something the Big Spring Steers didn't give Midland much of in the first half. The 13-14 Boves trailed only 46-45 at intermission and, in fact, had enjoyed the lead through much of the first two periods.

"We played good ball in the third period," Cagle said that, as it turned out, was what enabled the Purple Pack to win its 22nd game in 25 starts.

Midland came out after the intermission and outscored Big Spring 20-2 to take a 66-47 lead with 3:01 left in the third quarter. Randall Hunt supplied four baskets in the spurt, 6-10 Ronald Taylor two and Mike Tillman tossed in two field goals and a couple of free throws to fuel the Bulldogs' attack. Pointman Jeff Thomas did a heady job of quarterbacking the attack, contributing two big assists during the surge.

The six-10 Taylor poured 32 points through the net and Hunt had 26 while Tillman had 16 as both teams staged a dazzling shooting demonstration.

Midland hit 41 of 66 field goal shots for 62 per cent. Hunt, Tillman, Taylor, Thomas and Billy Wayne Johnson put up 46 shots between them and made 35, which is 75 per cent.

Big Spring, led by John Smith's 23 points and 19 by Kevin Miller, made good on 38 of 58 for 65 per cent.

Both teams came out in man-to-man defenses and the first period pace was sizzling as the Steers sank 12 of 17 for a 24-12 lead. Midland, with Taylor scoring six baskets, bottomed out on 10-14.

Both teams switched to the zone in the second period, although it was hard to tell since rapid-fire turnovers came at a frenzied pace. It was hully-gully basketball in its purest form.

But Midland's zone press paid off in the third period forcing the Steers to take the long, low-percentage outside shot and badgering the Steers into the easy-to-pickoff long pass. Only this time Midland wasn't giving the ball right back.

Midland forged ahead of Big Spring for the first time at 3:52 of the second period as Hunt, 11-12 from the field, ran off a seven straight points. Eddie Herring's two free throws made it 44-43 with 1:07 left in the half, sending the Pack in front for good and Tillman scored on a 46-43 lead.

The win gave Midland a 2-0 district record and left Big Spring 0-2.

Actually, the final 102-86 margin made it look closer than it actually was. Going into the final two minutes, Midland led 99-73.

Midland JV's made it 17 wins in 23 games with a 90-65 win in the opener as Michael Cobb

Trojans ARE RED-FACED

ADRIAN, Mich. (AP)—Just three more points for Adrian's Madison High School basketball team and it could have painted the town red.

Instead, the Trojans remain red faced.

Madison lost to Waldron 53-51 Tuesday night for its 50th consecutive setback stretching over four seasons. It began in 1970 with two losses at the end of the season. In 1971 and 1972 the Trojans finished with 0-18 records, and so far this season they are 0-12.

Lawrence's Buzzer Shot Nips Rebels By 59-58

By BOB DILLON R-T Sports Writer

SAN ANGELO — Sandy Lawrence fired in a 23-foot shot as the buzzer went off and the ball sailed through the basket without touching the rim as the San Angelo Bobcats snapped a 23-game winning streak by beating the Midland Lee Rebels, 59-58, Tuesday night in a District 5-4A basketball game.

Lee lost the contest at the free throw line where the Rebels

have been proficient all season long.

Lawrence and his teammates were mobbed by the excited Bobcat fans as they raced on to the floor in a big wave as the stunned Rebels stood around in glum silence.

It was an uphill battle all the way for the Rebels who won the first half of the loop race with a perfect 7-0 record. The loss gives Lee a 1-1 mark while Midland and Abilene Cooper move into a share for first place with 2-0 readings.

Lee only hit 15 of 26 free tosses and the Rebels, with a 58-53 lead with only 2:02 left, looked like they had the game under control after trailing through the first three periods.

The Rebels fell behind 19-14 at the end of the first period and trailed 35-28 at intermission and 44-43, going into the final quarter.

Steve Cromwell and Don Bradley hit two quick baskets to give Lee a 47-44 lead with 6:15 left in the game and Coach Paul Stueckler decided to go into a delay game.

Tommy Loughery hit a key basket and Cromwell added a pair of free throws for a 51-44 Lee lead with 4:14 left, but the Bobcats, on the superb shooting of 6-6 Lawrence, kept pecking away and cut the lead to 51-47 on a field goal and free throw by Lawrence. Lawrence, who wound up with 22 points, scored 11 of those in the final stanza.

Melvin Jackson and Larry Thane hit free throws for a 53-47 lead, but two baskets by Lawrence cut the lead to 53-51.

Loughery missed four free throws in the final three minutes and that was the difference after he had hit four straight in the first period.

With the 58-53 lead, Lee had two straight turnovers that handed the ball back to San Angelo and Reil Rice hit one from close in and Tony Crain hit his only basket of the evening to cut the lead to 58-57 to set up the final shot by Lawrence which came after Loughery misfired with Lawrence coming down with the rebound. He dribbled down court and fired his game-winning shot.

Cromwell and Bradley paced Lee with 20 and 16 points while John Elder, who fouled out of the game with 2:32 left, backed up Lawrence with 14.

Lee is now 25-20, the season while San Angelo stands 11-14 and 1-1. The Rebels entertain Abilene Cooper Friday night in the Lee gymnasium in their next outing.

The Rebel junior varsity behind the 17-point outputs of Ronnie Farish and Sammy Cox, ripped the Bobcat JV, 80-62, in the preliminary game. Milton Jones added 12 more. High for Angelo was Frank Enderby with 17 points.

EARLY PICKS — From left, Charles Young, tight end from Southern Cal, was picked off by Philadelphia; Alabama tackle John Hannah went to the New England Patriots and LSU quarterback Bert Jones was landed by the Baltimore Colts. (AP Wirephoto.)

Colts Select Jones; Bears Pick Up Huff

NEW YORK (AP) — The Houston Oilers couldn't "unload" their No. 1 draft pick, so they used it to start a trend. And when they did, the Baltimore Colts sighed with relief.

The Oilers, who had tried vainly for weeks to swap their prime choice in Tuesday's National Football League draft in exchange for a few proven veterans, began this big "Year of the Lineman" by grabbing one of the biggest, Tampa's defensive end John Matuszak.

Across the cavernous ballroom of the Americana Hotel, absorption of college football's representatives of the Colts 442 best prospects into their world of the pros.

They had been afraid Jones was the only quarter, their choice might also be back-picked until selection No. 33, when the Chicago Bears used their second-round slot to take Florida State's Gary Huff.

Long before then, the trend for the Oilers was set. Third to pick in the first

5-4A ROUNDUP— Cooper Shares 1st With MHS

Odessa and Abilene teams exchanged two-point victories Tuesday night with Cooper nipping Odessa, 56-54, and Permian posting a 49-47 triumph over Abilene in District 5-4A action.

With the win, Cooper moves into a share for first place with Midland with a 2-0 reading while

Cooper Shares 1st With MHS

Permian is now 1-1 along with Abilene. OHS stands 0-2 in the race in the second half of the schedule.

Jack Wood and David Nelson paced Permian to its 14th victory of the season against 11 defeats with 20 and 16 points. James Edwards was the only Eagle in double figures with 16.

Ron Thomas and Kim Lawrence were the big guns for Cooper with 15 and 10 points. The Cougars stand 15-10 and OHS 14-12 on the season.

Ozona Downs Crane, 86-66

CRANE — Billy Joe Neal pumped in 31 points for Crane's Golden Cranes here Tuesday night, but the effort was not enough to stop the hard charging Ozona Lions, who ran to an 86-66 District 7-AA victory.

The win gave the Lions a 1-1 second half mark while Crane fell to the same mark. Ozona is now 17-7 on the year while the Cranes own a 7-18 mark.

Crane trailed only by a 38-36 margin at the half, but were outscored by 27-8 in the third period to fall out of the running.

Ruben Tambunga and Gerald Huff each earned 17 points for the victors while David Sewell managed 13. Neal was the only man in double figures for the Cranes.

Crane won the junior varsity contest with a narrow 67-66 victory.

The Big One

Andrews Holds Off Late Ector Surge, 56-50

By TERRY WILLIAMSON
R-T Sports Writer

ANDREWS — The Andrews Mustangs withstood a late Odesa Ector rally here Tuesday night and exploded in the last minute to play to capture a hard fought 56-50 District 2-AAA victory over the Eagles before a packed throng at the Mustang gym.

The game had been billed as the title contest in the second half of district play. Andrews won the first half with a sparkling 6-0 mark, and appears to

be well on the way to capturing all the marbles as the Mustangs ran their second half mark to 3-0 and 21-4 on the year. Ector is now 1-1 and 12-12 on the season.

The Eagles finally gained the lead with 3:05 remaining in the contest when George Walker tossed in a stinging basket for a 49-48 margin, but the Eagle lead was to be short lived.

The Mustangs exploded in the final minute of play and 6-3 senior Jim Leach started the avalanche with an ice vein jumper

from the free throw line to put Andrews back in the lead to stay at 50-49. Teammate Larry Scott answered the challenge with another short jumper for a 52-49 lead.

The rest of the game was decided at the free throw line as the Mustangs outscored the Eagles 7-1 in the waning moment of play. Randy Bledsoe managed a free toss for the Eagles, but Andrews' 6-5 junior Ronnie Pearson sank four charity tosses in the last 36 seconds to put the game away.

The Mustangs used a tenacious full court press in the opening quarter to capture a 15-9 lead with Leach providing the workable chemicals. Ector fought back in the second period and took the lead at 19-18 with 4:11 left before the intermission. Leach scored on his patented jumper from the lane for a 20-19 Andrews edge.

Walker tied the score at 23 for the Eagles with 18 seconds remaining in the half, but Daryl Hobbs came off the bench for Andrews to score after an offensive rebound to give the Mustangs a two-point margin before the third quarter.

Lester Cezar pumped in a basket at the opening gun of the third period to knot the score again at 25-25, but the Mustangs exploded for 10 unanswered points to gain their largest lead of the night at 35-25. Leach and Wayne Roberts, a 5-11 senior, combined for two buckets each while Scott scored on another for the large lead.

Andrews held the lead until 4:25 in the final stanza when Bledsoe knotted the score at 45. Walker's basket later put the Eagles in front, but then came the avalanche for the Mustang win.

The Mustangs managed only 43 per cent of the shots from the field as both sides seemed to be a little tight in the important contest.

"I knew we were going to be a little tight against Ector," said Coach Edd Farmer. "We just had to have this game, and I think we played well when the chips were down despite being so tight."

Farmer credits assistant coach Frank Bice for an important part in the victory.

"Bice has put together our press, and we really exploded a couple of times with the use of it," Farmer said. "He made some changes in the third quarter and we suddenly found ourselves with a 10 point lead. That kept Ector in the catch up game."

Andrews won the junior varsity game by a 70-66 count with Charley Gregg connecting for 27 points.

The Mustangs travel to Kermit Friday with only three games left on the Andrews schedule.

"When a team gets the lead like we have, there is a tendency to let down," Farmer said. "That's what we're fighting against right now."

Box score for Andrews vs Ector game, listing players and statistics.

Badgers Nudge Owls By 58-55

McCAMEY — Buzzy Stephenson scorched the cords for 30 points here Tuesday night to lead the McCamey Badgers to a narrow 58-55 District 7-AA basketball victory over the Reagan County Owls.

The win kept the Badgers in the running for the second half championship with a perfect 2-0 record. McCamey is tied with Coahoma for the second half lead. The Badgers own a 14-11 season record while Reagan County fell to an 0-2 and 13-12 season mark.

Israel Gomez scored 15 points in the McCamey win while Monty Barnes scored 20 for the Owls.

McCamey ran to a 31-23 lead at the half and a spirited bid by

the Owls in the second half fell short. The Owls outscored the Badgers 15-10 in the final period after both teams canned 17 in the third quarter.

McCamey also won the junior varsity contest with an easy 62-37 victory over Reagan County.

Honor For Clemente

NEW YORK (AP) — Archbishop Terence Cardinal Cooke of New York will honor Baseball Commissioner Bowie Kuhn and the late Pittsburgh Pirates outfielder, Roberto Clemente, at the New York Catholic Youth Organization's Club of Champions Dinner Feb. 15.

Kuhn will receive the Club of Champions Gold Medal for his dedication to the high ideals of honesty and wholesome competition during more than 20 years of service to baseball and for the inspiration and excellence he has provided to the youth of America.

Tech Clings To 1st By Nipping Aggies

By THE ASSOCIATED PRESS

Texas Tech just can't stand to take an easy victory. Down to the wire, last-second triumphs are the Red Raiders' forte, but there is no finding fault with their winning formula.

Tech ran its Southwest Conference record to 5-0 Tuesday night with a 68-67 road victory over Texas A&M.

Still hanging close to the Raiders is Southern Methodist, which beat Arkansas 110-94 for its fourth straight league victory after an opening loss to Tech. In other SWC contests, Baylor outscored Texas Christian 62-76, and Texas won its first conference game, 88-73 over Rice.

Tech's victory was its third league cliff-hanger. Earlier, the Lubbock school nipped both SMU and Texas in overtime.

The Tuesday victory over the Aggies was not sealed until one second remained. A&M had the ball out-of-bounds with nine seconds left, but an errant pass after the ball was inbounded went over the center line, giving Tech the ball.

The Raiders seemingly had the game clinched with four

minutes left, but were outscored 8-1 in that span to make the contest close.

Tech Coach Gerald Myers credited his defense with the Aggies' late turnover.

"Our defense did a good job of pinching 'em in," said Myers. We closed the passing

lanes at the end to force the turnover."

SMU won the second-place shootout with Arkansas in Dallas with the help of blistering shooting by newcomers Ira Terrell and Sammy Hervey.

Freshman Terrell scored 33 points and grabbed 21 rebounds while Hervey, a junior college transfer, poured in 31 points. Arkansas, which dropped into a third place tie with Baylor at 3-2, was led by Martin Terry, the SWC's leading scorer, with 27 points, and Dean Tolson's 24.

"We matched Arkansas running up and down the floor," said Mustang Coach Bill Prewitz. "I knew that Terry and Hervey were premier players and they didn't disappoint me." Texas' B. G. Brosterhouse scored a career-high 26 points to lead the Longhorns out of the SWC cellar against Rice, which fell to 2-3 compared to Texas' 1-4.

The loss was the Owls' 16th straight at Gregory Gymnasium at Austin, dating back to 1957.

Baylor held TCU scoreless in overtime after the Frogs' Bill Bocsett missed a free throw with two seconds remaining that would have given TCU their first SWC victory in regulation time.

The Bears were led by Jerry Ahart with 25 points and Charlie McKinney with 20. Freshman Lynn Royal paced the Horned Frogs with 18 markers.

When I was for the Minnesota I once tripped to the Ohio room after a against the Minnesota. I lost. I was to the monstrous launches after trophies.

I was in crush of reporter enter Hayes's. We waited. Finally the beefy, brusque out. I began to lose? Slam! I inch of losing that I am par.

The Rose pher, Art Ros Angeles Times for physical also said Hay him, "That you of you."

Hayes later uttered that he also said he photographs six impartial

Cavaliers Whip Bucks

76ers Barely Salvage 50th Loss, 105-104

By THE ASSOCIATED PRESS

The Cleveland Cavaliers finally have a victory over the Milwaukee Bucks and the Philadelphia 76ers are a game closer to matching their name with their record.

"Cleveland outplayed us in every category you can think of," said Milwaukee Coach Larry Costello Tuesday night after the Cavaliers won 112-98 for their first victory in 11 tries against the Bucks since joining

the National Basketball Association, Dallas topped Virginia 135-129 in overtime. New York took Memphis 114-107 and Indiana downed San Diego 126-120.

Rookie Dwight Davis scored 23 points and 13 rebounds for Cleveland which led almost all the way. Cornell Warner also gave the Cavaliers a boost by coming off the bench in the third quarter and grabbing 11 rebounds. Kareem Abdul-Jabbar led Milwaukee with 28 points and 13 rebounds.

Philadelphia had a shot at tying Buffalo with one second left in the game but Fred Carter, who led the 76ers with 25 points and 10 assists, missed two fouls shots.

Detroit snapped a six-game losing streak as Bob Lanier scored 40 points and snared 12 rebounds in the victory over Atlanta. John Mengelt's two foul shots broke a 112-112 tie and put Detroit ahead to stay. Pete Maravich scored 33 points for Atlanta.

Archie Clark and Mike Rorand each scored 24 points and Clark also handed out 11 assists in Baltimore's romp over Golden State, losing for the fourth straight time. Jeff Mullins was high man for Golden State with 22 points.

Los Angeles beat Chicago for the 11th straight time, including four games in last season's playoffs, as Bill Bridges grabbed 20 rebounds and Jerry West scored 31 points. West hit a foul shot to give Los Angeles a 93-90 lead and then scored the game's final two points, also on foul shots. Norm Van Lier scored 26 points for Chicago.

Houston went on a 32-6 scoring spring midway through the second half and then held on for its victory over Portland.

TEXAS TROUT — Fishermen waded into the Brazos River below Possum Kingdom Reservoir after some 4,000 rainbow trout were placed in the river Jan. 17.

RAINBOWS ON THE BRAZOS—

Texas Trout Experiment A Success

A Parks and Wildlife Department study that began on the Brazos River two years ago started to bear fruit Jan. 17.

Some 4,000 rainbow trout were dumped into the cold waters flowing from Possum Kingdom Reservoir Jan. 17 and in the first 4 1/2 days of fishing, 732 anglers landed 1,232 trout.

"What looks to be a successful trout fishery," said Allen Forshage, department biologist at Fort Worth, "started back in 1971."

"We first had to determine if the Brazos River below Possum Kingdom Reservoir was suitable to support rainbows all year."

Rainbow trout thrive in 52- to 62-degree water of good quality with high levels of dissolved oxygen. Trout have smaller gills than native largemouth bass and require more dissolved oxygen. Abundant bottom dwelling organisms such as mayflies and caddis flies are necessary to feed the trout.

"The first four miles of the Brazos below the dam qualify

as prime trout habitat," said Forshage.

The water quality study also determined that a normal flow of water from the lake is sufficient to maintain a trout fishery.

Some of the fish started biting as soon as they hit the river, and kept biting despite a rise in the water two days after the release and bad weather on Sunday.

Some anglers caught their limits of five fish within 45 minutes. Most fishermen congregated around the Highway 16 bridge where 2,000 trout were dumped.

Salmon eggs, corn, cheese and spinners accounted for 90 per cent of the total catch.

The trout also appear to be migrating down the river. There are reports of catches one mile below the downstream drop site.

And there is more to come. Some 3,000 eight- to 10-inch trout are being held at the Possum Kingdom Hatchery

for stocking sometime in April in the same general localities.

Hatchery superintendent Litt Newman hopes that these trout will be around 12 inches long at the time of stocking. How much the trout grow in the next two months depends on the weather because trout feed little in cold weather.

"Everyone seems to have enjoyed the first few days of trout fishing," said Forshage. "We hope to establish a North Central Texas trout fishery so Texas anglers will not have to go to other states to catch trout."

Increases in hunting and fishing license fees, along with programs to upgrade fishing in older Texas reservoirs, are among PWD goals unanimously approved by resolutions of the Sportsmen's Clubs of Texas (SCOT).

SCOT resolutions noted that hunting and fishing license fees in Texas are among the

Coahoma Demolishes Stanton

Coahoma Bulldogs Took Out Their Wrath on the Stanton Buffaloes Here Tuesday Night with a 80-52 Victory Over Texas A&M.

COAHOMA — The Coahoma Bulldogs took out their wrath on the Stanton Buffaloes here Tuesday night with a 80-52 District 7-AA victory.

The Bulldogs, who were beaten by two points by Stanton in the first half of league action, exploded Tuesday for a 2-0 second round record while the Buffs fell to a 0-2 mark. Coahoma is now 15-5 on the year while the Buffs fell to a 17-8 reading.

Troy Kerby dumped in 20 points to lead the Bulldog attack while Steve Stone contributed 17 and Roland Beal 14. Doug Eppler and Terry Shafer managed 12 each.

Stanton's Tommy Deavenport gained high point honors with 25 and teammate David Dillard scored 13.

Coahoma won the girls' game by a 61-35 margin with Sally Echols scoring 21 points. Coahoma swept both junior varsity contests with a 69-58 victory in the boys' game and a 58-43 victory in the girls' action.

Box score for Coahoma vs Stanton game, listing players and statistics.

Hamilton Goal Beats Squires

DALLAS (AP) — Joe Hamilton hit a 16-footer at the regulations buzzer and a crucial free throw in overtime to lead the Dallas Chaparrals to a 135-129 American Basketball Association victory over Virginia Squires Tuesday night.

Hamilton's shot tied the game 118-118 to send the game into overtime and keyed a Chaparrals comeback in the fourth quarter after Virginia had led by 19 points 104-85 with 10:17 remaining.

Julius Erving led the Squires with 33 points before fouling out with six seconds left in regulation.

Los Angeles beat Chicago for the 11th straight time, including four games in last season's playoffs, as Bill Bridges grabbed 20 rebounds and Jerry West scored 31 points. West hit a foul shot to give Los Angeles a 93-90 lead and then scored the game's final two points, also on foul shots. Norm Van Lier scored 26 points for Chicago.

Houston went on a 32-6 scoring spring midway through the second half and then held on for its victory over Portland.

Lamesa Routs Kermit

LAMESA — Lamesa's Golden Tornadoes embarrassed the Kermit Yellow Jackets 73-44 here Tuesday night in a non-conference basketball game.

The victory gave Lamesa a 22-3 reading on the season while Kermit fell to an 8-17 record. Lamesa is currently tied for first place in the second half of District 3-AAA play with

2-0 mark. The Tors won the first half with a 6-0 reading. Kermit is 1-1 in District 2-AAA second half competition.

Kent McCurley and Melvin Robinson scored 14 points each to pace the Tor attack while reserve Ronnie Meador tossed in 10 points. Malcolm Matthews hit 11 for Kermit.

Lamesa won the junior varsity contest with a 66-53 win.

ACTION RACING EVERY WEEKEND!

There's great racing every weekend as the Southwest's finest Thoroughbreds and Quarter Horses battle for big money and glory during Sunland's big Spring Season. And there's more! Penguins' Polis Sparks East's Win

By HERSCHEL NISSENSON
NEW YORK (AP) — "They should pull both goalies," someone quipped as the final seconds ticked off in the National Hockey League's 26th All-Star Game Tuesday night.

Nevertheless, only Rogation Vachon of the Los Angeles Kings went off for an extra skater in the final minute but it didn't help as the East made off with a 5-4 victory over the West in what was supposed to be a show by the stars of the NHL but instead bore a striking similarity to a wide-open World Hockey Association game.

It was a 1-1 defensive struggle with sharp netminding by Chicago's Tony Esposito for the West and Gilles Villeneuve of the East until Vachon and Ed Giacomin, Villeneuve's Ranger teammate, took over with 10:44 left in the second period.

It was still knotted at 4-4 after the West wiped out a 4-2 deficit on three-period goals by Pittsburgh's Greg Polis—his second of the game—and Terry Harper of Los Angeles before Bobby Schmatz of the Vancouver Canucks drilled a shot off the goalpost and past Vachon with 6:01 remaining.

The most valuable player award—a new car—went to Polis, Pittsburgh's 22-year-old winger, who has been an All-Star participant each of his three years in the NHL. It climaxed a hectic, sleepless 36 hours following the birth of his first child—a 7-pound, 14-ounce son—in Pittsburgh on Monday.

The East took 14 shots at Vachon and four went in. Three of 13 West shots got by Giacomin in the friendly, non-hitting contest, including the only one he saw during his second-period ice time. The only checks on the premises were the \$500 prizes that went to each of the winners and the \$250 the losers got. And the only collision of any note came in the opening period when Montreal's Jacques Lemaire barreled into John D'Amico, who happens to be a linesman.

"You try as hard as you can," said Giacomin, who has played eight periods in six All-Star Games and allowed 40 goals, "but the goals don't bother you as much as they would during a regular season game. If there was no hitting during a regular game it would really put the pressure on."

Following a scoresless first period, Polis and Buffalo's Rene Robert traded goals three minutes apart early in the second stanza. Vachon started auspiciously enough after replacing

Esposito, stopping two tough shots by Buffalo's Rick Martin and then getting a break when Chicago's Stan Mikita hit the post.

Then the dam broke. Franklons later, Mahovich snapped the tie at 16:27 and Toronto's Paul Henderson gave the East a 3-1 lead at 19:12, but Pit Martin of Chicago chopped it to 3-2 17 seconds later.

Lemaire made it 4-2 early in the final period before the West's meaningless comeback and then Schmatz' winner, which came after a pass from Montreal's Serge Savard.

Lemaire made it 4-2 early in the final period before the West's meaningless comeback and then Schmatz' winner, which came after a pass from Montreal's Serge Savard.

Despite Loss Of Leading Scorer St. John's Can't Be Called Dead Injuns

By KEN RAPPOPORT
Associated Press Sports Writer
When the St. John's basketball team lost star forward Mel Davis to injury at the start of this season, the Redmen were considered by most to be a bunch of dead Indians.

However, the pessimists didn't count on Coach Frank Mulzoff's psychological warfare—and now the New York team is playing like a bunch of wild Indians.

Under the spell of Mulzoff's "psychological motivation," the Redmen have won an unexpected 14 of 16 games this season. Their latest was an 87-77 triumph over Villanova Tuesday night.

Redmen have won an unexpected 14 of 16 games this season. Their latest was an 87-77 triumph over Villanova Tuesday night.

"There's a great feeling of oneness on this team," said Mulzoff. "I've been using psychology with some of our young players. It works. We've become believers—and now, my kids feel that we can match up with any team in the country."

Davis, of course, was the star of the team before he was injured. He was expected to return this season, but re-injured the knee. Now, the prime professional prospect on St. John's is Billy Schaeffer, who scored 22 points Tuesday night and has averaged over 25 a-game this season for the 14th-ranked Redmen.

Eighth Grade Tourney Begins Today

The annual City 8th Grade Basketball Tourney gets under way today at San Jacinto Junior High School.

In action Monday in 7th grade play, San Jacinto Blue raced past San Jacinto Gold, 46-30 while Goddard Red blasted San Jacinto White, 72-20; Alamo Red over San Jacinto Green, 39-35.

David Boyce holds the single-game scoring record with 32 points two years ago. Boyce is now on the Midland Lee-junior varsity.

Goddard White set a single-game team-scoring mark in the 1970 tourney with 113 points. Consolation finals are set for 3 p.m. Friday with the third place battle at 4:45 p.m. and the championship game at 6:30 p.m. in the San Jacinto Gym.

Ohio State Woody Hayes
... Buckeye coach lost in deep thought on sidelines

Bird, Buck Scribes Deserve Combat Pay

By IRA BERKOW
NEW YORK (NEA) — Woody Hayes, who allegedly smashed a camera into a photographer's face at the Rose Bowl, was the first to convince me that covering sports should merit hazard pay.

When I was a callow cub for the Minneapolis Tribune, I once tripped blithely over to the Ohio State locker room after a football game against the University of Minnesota. Ohio State had lost. I was too dumb to know the monstrous rage Hayes launches after such a catastrophe.

I was in the front of a crush of reporters waiting to enter Hayes' sweaty shrine. We waited and waited. Finally the door opened. The beefy, brusque coach peeked out. I began to walk in. What else? Slam! I came within an inch of losing one large nose that I am particularly fond of.

The Rose Bowl photographer, Art Rogers of the Los Angeles Times, is suing Hayes for physical damage. Rogers also said Hayes screamed at him. "That ought to take care of you."

Hayes later denied having uttered that witty remark. He also said he only "waved" the photographer away. He said six impartial witnesses would

verify his side of it. They are his six assistant coaches.

Last season Woody kicked over sideline markers when his team lost to Michigan. This was just another example of cuddly Woody waxing wrath. Meanwhile, several impartial Ohio State coaches apparently busted up chairs and punched holes in the walls of the press box. Monkey see, monkey do.

At least these objects were inanimate. Over in Baltimore a few months ago, sportswriter Chan Keith was put in

danger of being drowned by another pillar of the coaching community.

Oriole manager Earl Weaver, miffed by Keith's newspaper series on the decline of the Orioles and on the fading genius of Weaver, had begun to spit on the reporter from the News American. But Keith survives to tell the tale. He is a good swimmer.

Keith said Weaver first watered him in the Orioles' locker room in October. "He walked over to me, spit, and then said, 'Excuse me,'" Keith, a tall blond fellow who is not usually mistaken for a spittoon, did nothing. Some time later, in front of witnesses again, Weaver, according to Keith, spit on him at Friendship Airport in Baltimore.

Weaver, ever courteous, apologized again.

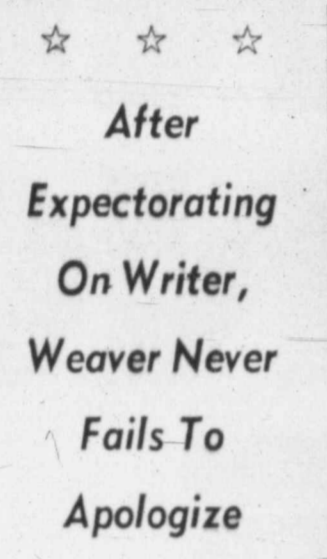

Keith says he does not plan to file charges because he does not want to be responsible for Weaver losing his \$65,000-a-year job. Yet Weaver has accused Keith of writing those articles in a personal vendetta designed to chop off his brilliant block.

The relationship between the sporting press and the sporting people has ranged between one of sycophancy and one of adversariality.

The press glorifies many of these characters and soon many actually begin to believe such flatterer phrases as "miracle workers" and "Mr. Great." But when his armor is chinked with a defeat, the sports hero often seeks the blood of the men who made him so vulnerable in the first place—the press.

Writers are periodically threatened with bodily dismemberment by coaches and players. It isn't often, however, that a Vada Pinson will actually punch an Earl Lawson of the Cincinnati Post in the snout, or a Joe Namath will slam a Time magazine reporter against a bar, or a Bo Belinsky will bash a West Coast reporter in his 60s.

Some fans may wonder what makes a sportswriter tick. It is, with him as it is with a combat reporter, the thrill of knowing that danger may lurk behind any locker room door.

After Expectorating On Writer, Weaver Never Fails To Apologize

**MONTGOMERY
WARD**

**A NEW STORE FOR ODESSA-MIDLAND...
A NEW CENTURY FOR WARDS...
A NEW WORLD OF SHOPPING FOR YOU...**

**JOIN US FOR THE
GRAND
OPENING
SALE**

THURSDAY, FEBRUARY 1st, 10 A.M. TO 9 P.M.

When it comes to basic things, people don't change very much. A century ago when Aaron Montgomery Ward founded this company, people wanted to be treated fairly and honestly. Mr. Ward believed in these same principles, and he also knew that being fair and honest was the best way to sell merchandise.

Today, you want those very same things, and we believe in giving them to you. After all, no company can stay in business for 100 years if it doesn't have satisfied customers.

Of course, we've made some changes, but they've all been for the better. You'll see a lot of these changes when you shop in our new store. Things like our 16-Bay Auto Service Center where you can have your car serviced while you shop. Or our Customer Accommodation Center, or the new Buffeteria.

So come to our Grand Opening Sale. We think you'll be pleased with our new store and the values we have to offer. After all, we've had a century of practice, pleasing you.

Nixon Predicts Good Year For American Economy

By STERLING F. GREEN
WASHINGTON (AP) — President Nixon Tuesday predicted a very good year, perhaps a great one, for the American economy and called on Congress and the country to prepare for the end of wage and price controls.

Nixon said this means supporting his foremost economic policy: the restraint of federal spending, so that big deficits do not turn "a healthy expansion into a feverish boom followed by a recession."

In the second of the major presidential messages to the new Congress, the annual Economic Report, Nixon ham-

pered on the cost-cutting theme as insistently as he did in Monday's budget message. "We must prepare for the end of wage and price controls, and be willing to show the same courage in taking them off as was shown in imposing them."

mered on the cost-cutting theme as insistently as he did in Monday's budget message. "We must prepare for the end of wage and price controls, and be willing to show the same courage in taking them off as was shown in imposing them."

mered on the cost-cutting theme as insistently as he did in Monday's budget message. "We must prepare for the end of wage and price controls, and be willing to show the same courage in taking them off as was shown in imposing them."

The need to moderate a potentially runaway boom was stressed both by Nixon and, in an accompanying 300-page report, by his three-member Council of Economic Advisers. A rise of about 9 per cent in gross national output would be

appropriate instead of 1972's 11 per cent rate, said the council headed by Dr. Herbert Stein. Such an increase, the council said, would reduce the unemployment rate to about 4.5 per cent by the end of 1973. The generally accepted goal for full employment is to reduce joblessness to 4 per cent; the present rate is 5.2 per cent.

The advisers said they were not implying that 4.5 per cent was necessarily the floor to the unemployment rate, but went on:

"It does imply a belief that a more rapid expansion of the economy within 1973 would endanger the further reduction of the inflation rate that is desirable, and would do so despite the continuing price and wage controls program."

Nixon noted that the 1972 increase in national output, one of the largest in 25 years, was achieved despite a decline in military spending and without rising prices. The cost of living went up slightly more than 3 per cent, he said, "a far cry from the runaway inflation rate of 6 per cent that confronted us in 1969."

He set these immediate goals: "Output and incomes should expand. Both the unem-

ployment rate and the rate of inflation should be reduced further, and realistic confidence must be created that neither need rise again."

Despite the success of the Phase 2 wage-price control machinery, Nixon said, "it is not the best system for 1973." The need now is to establish a pattern of management, labor and consumer behavior consistent with reasonable price stability, he said.

The self-administering system of Phase 3 was adopted, he said, because the more rigid ceilings bring dangers and distortions. "As controls contin-

Albert, Mansfield Back Budget Ceiling

WASHINGTON (AP) — House Speaker Carl Albert and Senate Democratic Leader Mike Mansfield agreed Tuesday to support President Nixon's call for a \$268.7 billion ceiling in federal spending—but with changes to provide more for domestic programs.

"We'll keep it within that figure but we'll change the priorities," Mansfield told reporters after the breakfast session, first in a series that mark a new era in House-Senate cooperation.

Truck Drivers Killed In Crash

FOUKE, Ark. (AP) — Tommy R. Russell, 36, of Texarkana and James R. Brandon, 51, of Memphis, Tenn., were killed Tuesday when their tractor-trailer rigs collided head-on about three miles south of here on U.S. 71.

Authorities said the accident occurred when the truck driven by Russell crossed the center line and struck the Brandon vehicle.

Silent Prayer Bill, Others Introduced In Texas House

AUSTIN (AP) — Several bills were introduced in the Texas House on Tuesday.

Sen. Walter Mengden, Houston Republican, introduced a bill allowing local school boards to establish periods of silent prayer or meditation at the beginning of each school day.

He said this would "get around" a U.S. Supreme Court decision forbidding prayer in public schools.

Sen. A. R. Schwartz of Galveston introduced legislation requiring local health authorities to tell the parents of infested children how to treat cases of lice. He said there is an epidemic of lice in public schools.

Other bills introduced in the House or filed for introduction with the chief clerk's office included these:

—HB187, by Rep. Bill Hollowell of Grand Saline, eliminating credits toward parole for good behavior in prison.

—HB188, by Hollowell, making government units liable for property damage caused by their trucks and other vehicles. They now are liable only for bodily injuries.

—HB193, by Rep. Arthur Temple of Diboll, requiring the attorney general to help local governments regulate utilities, including evaluation of requests for rate increases.

—HB194, by Hollowell, establishing a presidential primary

with the presidential candidates every two weeks instead of monthly.

—HB263, by Rep. Tim Von Dohlen of Goliad, requiring motorists to show liability insurance policies or other proof of "financial responsibility" in order to obtain license plates and driver licenses.

—HB279, by Rep. Henry Sanchez of Brownsville, exempting Texas from Daylight Saving Time.

—HB302, by Rep. Bob Hendricks of McKinney, renaming the Texas Highway Patrol the "Texas State Troopers."

—HB317, by Rep. Felix McDonald of Edinburg, allowing paternity suits, empowering judges to require blood tests as evidence and enabling judges to require fathers to support their illegitimate children.

—HB212, by Lewis, requiring the board of control to collect the state's wastepaper and sell it to recycling companies.

—HB213, by Rep. Hawkins Menefee of Houston, allowing counties to set tougher air and water pollution control standards than those of the state.

—HB235, by Rep. Woody Denon of Houston, raising workers' compensation benefits from 60 per cent of an employee's wages, up to \$49 a week, to 75 per cent or \$100 a week.

—HB238, by Rep. Jim Kaster of El Paso, raising the auto inspection fee from \$2 to \$5.

—HB244, by Rep. Senfronia Thompson of Houston, requiring payment of state employees

'Firm Rein On Spending'

Concerned taxpayers across the land long have called for reduced federal spending, along with termination of expensive, unnecessary programs and wild spending generally.

President Nixon's Monday action in demanding this very thing undoubtedly was pleasing to millions of Americans.

The President wasn't the least bit bashful or hesitant in demanding an end for dozens of federal spending programs. He called on Congress for a rigid 1974 budget ceiling of \$268.7 billion, and cautioned that greater spending would mean "higher taxes, higher interest rates, renewed inflation, of all three."

He said he is opposed to all three and is convinced that with "a firm rein on spending, none of them is necessary."

This was the heart of Nixon's fiscal 1974 budget message to Congress.

Many social, health, housing, education and antipoverty programs—all tremendously expensive—would fall by the wayside.

The programs, generally speaking, have, as Nixon said, failed after a fair trial.

Someone had to take a firm stand in this regard, and President Nixon has seen fit to take the lead.

One can hear the cries going up from those persons involved in the programs which will get the ax.

But no favorites should be played in a sweeping reform project such as is advocated by Nixon. The non-essential programs must be the ones to go first, if federal spending is to be reduced materially.

The President terms his budget a turning point in national policy.

The only question is, does it turn far enough? Several noted professional economists contacted by The Associated Press are of the opinion it does not go far enough in the right direction.

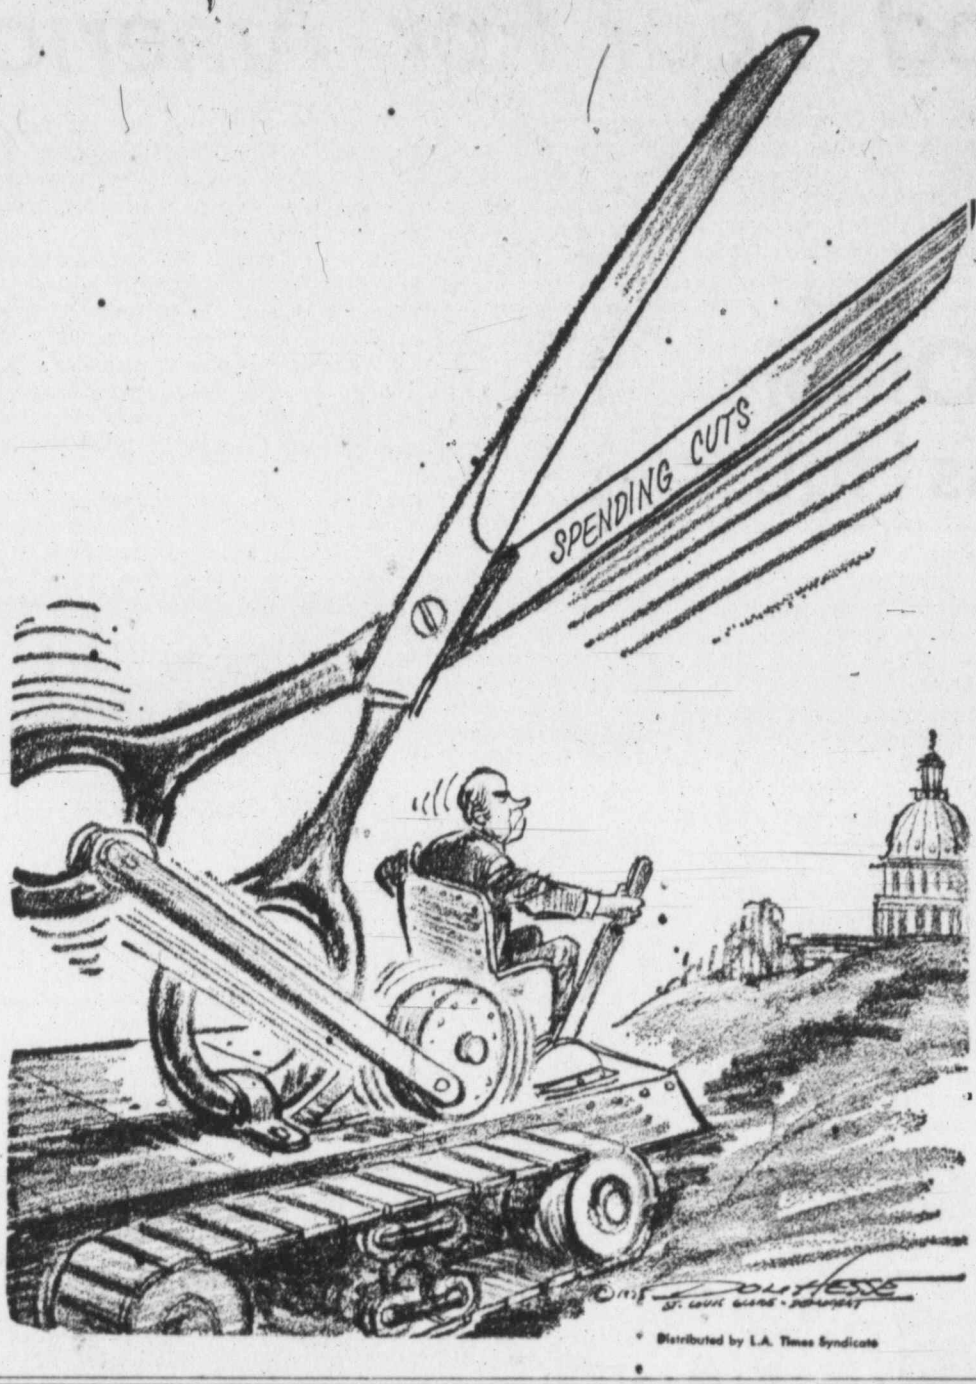

But it definitely is a step in the right direction, with the hope that other like steps will follow.

It is noted that even with the cutbacks, a \$24.8 billion deficit will remain this year, followed by a \$12.7 billion deficit in fiscal 1974.

There is only one way in which to balance the budget, and that is to limit expenditures to anticipated revenues. This would require considerable sacrifice on the part of all, but it remains the only way.

"A thorough overhaul of the federal bureaucracy is long overdue, and I am determined to accomplish it," was another of Mr. Nixon's statements which undoubtedly was well received by most Americans.

Weapons Development - 1973

The Washington Merry-Go-Round

Jack Anderson Says: Drug Abuse Law Enforcement goes 'Untouchable' route.

WASHINGTON — In the no-holds-barred style of Eliot Ness, federal agents are chasing down narcotics pushers for such crimes as tax cheating, serving liquor to minors and having dirty counters in their cafes.

Pursuit on hoods of such unorthodox charges dates back to the days of Al Capone, who was jailed for tax dodging when police could not make murder charges stick.

Now, agents of DALE — Drug Abuse Law Enforcement — are using the same techniques to nail heroin street hustlers who are too slippery to be caught on narcotics counts.

From our conversations in the field with the agents themselves, here are some of their off-beat tactics:

Armed with city health codes, the agents are checking out junky restaurants and bars for insects in ice cream machines, dirty counters and scum on sinks. They then turn over their cases to city health inspectors so the drug haunts can be closed down for health reasons.

The agents are making cases against operators of dope hangouts that serve liquor to minors, operate after hours and water whiskey. The purpose is to shut down drug haunts through followup action by local alcoholic beverage commissions and boards.

Because city and state tax cases are often easier to make than federal cases, the agents have offered their talents to local tax men. The agents have proved that hoodlums paid cash for big cars at a time when the hoods were telling city tax authorities they had little or no income.

In cities where marshals are lazy or overworked, the agents are serving bench warrants on missing suspects or chasing down jail escapees. Sometimes, the fugitives are under charges unrelated to drugs. But they draw their main income from drug traffic; thus are fair game for the "narcs."

The agents also have investigated bail bond and parole violations by suspected drug

LORILLARD LETTERS

We recently exposed a phony Lorillard Tobacco Company letter-writing campaign to sway the Civil Aeronautics Board against antismoking action.

Now a Ralph Nader group has followed up with a formal charge that Lorillard "seriously" distorted the record. In its filing, the Aviation Consumer Action Project asked the CAB to investigate how many letters Lorillard got its ad agencies and employees to write.

Lorillard has told writers not to use company stationery, but to write by hand, using home addresses, to make the outpouring look spontaneous. The aviation consumer group said the drive raised "serious ethical and legal considerations" for the Lorillard legal staff because the American Bar Association bans "deceit or misrepresentation."

Lorillard lawyer A. J. Stevens explained to us that he knew the antismokers had a campaign going and he felt that those with opposite views had a right to express their opinions.

For there is a feeling among even high officials in this government that decisions are made by small elite groups and that they are often closed concerned are left in the dark until decisions are announced, even when these decisions affect their departments and their own work significantly.

In some cases men of considerable personal prestige have come to feel rather like messenger boys or paper shufflers.

When officials are finally given the White House decision, they frequently are not given

RAY CROMLEY— President's Reshuffle Cold, Brutal, Bomblike

WASHINGTON (NEA) — President Nixon faces a morale problem of considerable magnitude.

The unhappiness extends to loyal Republican Nixon backers in the government.

As one super-grade official put it (himself a dedicated Republican supporter for more than a quarter-century), "You not only must be loyal to Nixon in this administration — but personally loyal to (presidential aides) Halderman and Erlichman too — and that's too much to ask."

There is no doubt Mr. Nixon had a major loyalty problem his first term as President, having kept so many holdovers in high places. There was active sabotage of Nixon programs by high-level employees, both within and without the Civil Service.

Mr. Nixon logically decided a housecleaning was in order. But what a disorganized housecleaning it has been. This is not to question the President's right to remove men at will from those high-ranking policy posts which influence the effectiveness of White House policies.

But there is a decent way to let men know their resignations are being accepted, and methods that add up to a slap in the face. As one loyal administration man says (he has been given a promotion in the second term and so has no personal hangup), in too many cases, men have been told they are no longer wanted in ways that have been cold and abrupt, the methods so callous as to disregard the dignity and self-respect of the men involved.

It must be emphasized that the above statement comes from a man who strongly favors the Nixon domestic and foreign objectives and who is held personally in great esteem by the President himself.

The normal approach to departmental reorganization is to start with extended consultations with those men in whom you have confidence in the agency concerned. In some cases the President has followed that route (where the incumbent agency head had the clout to force consideration of his views). But in too many instances this consultation was lacking. The announcements came like bombshells.

From the start, Mr. Nixon has found it most difficult to attract men and women of the highest caliber in the numbers needed to fill the top jobs in government. Why this has been so is not entirely clear. But perhaps the unhappy experiences of some very capable men (who met the three tests of loyalty to the President, Republicanism and ability) — has made others leery of taking posts.

For there is a feeling among even high officials in this government that decisions are made by small elite groups and that they are often closed concerned are left in the dark until decisions are announced, even when these decisions affect their departments and their own work significantly.

In some cases men of considerable personal prestige have come to feel rather like messenger boys or paper shufflers.

When officials are finally given the White House decision, they frequently are not given

CROSSROADS REPORT

Dear Editor: I see where the Supreme Court has put out a Commandment on the subject of abortion, which practically nobody else had noticed that the Constitution covered.

It must have shocked the head judges somewhat when they noticed their Guiding Light document discriminating on account of sex.

Unless, of course, the betwixt the lines passage they found in the Constitution also applies to and denies abortion privileges to male type citizens.

D. E. SCOTT
Crossroads, U.S.A.

PERSONAL FINANCE— 1972 Was A Mixed-Up Year For Mutual Funds

By CARLTON SMITH
NEW YORK (NEA) — For the mutual fund investor, 1972 was a mixed year.

On the one hand, those fortunate enough to own shares in the top-performing fund saw the value of their investment increase more than 68 per cent in 12 months.

On the other, there were investors who lost 34 per cent, in the low fund on the totem pole.

The average gain, among the 537 funds reported on by the Arthur Lipper Corporation, was 9.26 per cent. Not very impressive, compared to the 15.6 per cent increase in Standard & Poor's 500 stocks, regarded as a good broad market index.

And while the fund average assumes reinvestment of all dividends and capital gains, the S&P index leaves dividends out of account. Adjusted for them, it would rise to around 18 per cent, or about twice the gain of the average mutual fund.

The Lipper firm, whose computers spin out a continuous mutual fund performance analysis, shows in its year-end tally that 1972 was not the year for growth funds. They averaged a gain of 8.5 per cent, well below both the balanced funds (a mixture of stocks and bonds) and the growth-and-income funds, each of which had gains of about 11.5 per cent.

So, call it a mixed year or a poor year, 1972 wasn't one of the best for the funds. Why? Well, to some extent, it's an optical illusion. The market itself was skewed.

As Lipper observes, there was a "change in market leadership" in 1972. Investors favored the big industrials — the kind that make up the Dow-Jones and S&P indexes. Growth stocks, even of high quality, were generally in disfavor.

The result was that price increases occurred principally among the usually staid big industrial stocks, and "the averages" or market indexes based on such stocks, showed fairly impressive gains while large numbers of other stocks closed the year at lower prices.

Some market analysts, looking at the whole picture, maintain that regardless of what "the Dow" did, '72 was on the whole a bear-market year.

What an off year it was for the mutual funds, in any case, is indicated by Lipper's computations of performance data for the six-year period, 1967-72. Here, growth funds accounted for 74 per cent of those in the top 10 per cent of the list. Share values increased from 103 to 259 per cent, over the six years, among these performance leaders.

In the same period, the top

The BIBLE

Can You Quote It?

JACOBY ON BRIDGE

By OSWALD and JAMES JACOBY
(Newspaper Enterprise Association)
A certain unlucky bridge expert of the thirties gave his

spade in dummy; returned to his hand with a trump; ruffed his last spade; drew trumps and conceded a trick to the king of diamonds.

"Nicely played," complimented East. "If you'd finessed the diamond, you'd have been set."

"Blank, blank, blank, asterik" grunted West. "He would have no play for the contract if you'd let me hold the spade."

West was right. He would have led a low club. South would have been forced to ruff. That would have left South with only three trumps. He could ruff out his spades if he wished to do so but he would not have been able to pull trumps and set up his diamonds. He would have gone down at least one trick and if he had been at all careless might well have gone down two or three.

The bidding has been:

West North East South
Pass 1♦ Pass 1♥
Pass 1♠ Pass 4♠
Pass 4NT Pass 5♥
Pass 5NT Pass 7

You, South, hold:
♠AK54 ♥AQ63 ♦2 ♣KQ107
What do you do now?
A—Bid six hearts to show your two kings.

TODAY'S QUESTION
You bid six hearts and your partner bids six spades. What do you do now?
Answer tomorrow

QUICK QUIZ

Q—What tree has no true outer bark?
A—The holly, which is sensitive to injury and sunburn.

Q—What military salute does the president receive?
A—A 21-gun salute on arrival and departure, with four ruffles and flourishes. The same for a former president and a president-elect.

Q—Where do the swallows of San Juan Capistrano go when they migrate?
A—Argentina. They leave in late October, return about March 19, St. Joseph's Day. The migration takes about 10 days.

name to a special coup. The coup consists of overtaking your partner's trick in order to make the wrong lead.

South ruffed the club opening and led a low spade toward dummy's nine. West put up the 10-spot but East knew better than to let his partner hold the trick. He ruffed to play his ace so as to lead his singleton diamond.

If South had finessed, East would have ruffed the diamond return, but South was satisfied to make his redoubled contract. He rose with the ace; ruffed a

Catholic Group Praises Court's Abortion Ruling

HOUSTON (AP) — A national Roman Catholic organization Tuesday became the first such group to applaud the recent decision of the U.S. Supreme Court to void state laws forbidding abortion.

"Now perhaps we Catholics can concentrate on re-examining our own teaching on abortion while not imposing our position on our fellow citizens who may not agree with us," said Janis Ross, chairman of the National Association of Laity's Human Life Committee.

"We are concerned that the (Catholic) hierarchy in the United States has not allowed any options for people to exercise responsible parenthood," Mrs. Ross said in an interview revealing the group's decision.

"Contraceptives, sterilizations and abortions are not morally acceptable to them, which leaves people no method of limiting their families."

"The hierarchy simply does not represent the total thinking of the Catholic Church."

The NAL has about 4,000 members nationwide and 24 affiliates.

"The NAL applauds the decision of the Supreme Court in respecting the right of individual privacy in making a personal decision on this very sensitive matter," she said.

"As Catholics, we of the NAL believe the action of the court is not inconsistent with the Catholic church's teaching on the importance of the exercise of individual conscience in matters of morality."

Mrs. Ross a mother of four, added that the decision "in no way impedes the rights of our church or any other religious body from teaching a doctrine which might limit or prohibit the exercise of abortion proceedings for its members."

She said she also believes her group would oppose any constitutional amendment seeking to overturn the court decision.

Indian Programs Planned By YMCA

The Midland YMCA Indian Guide and Indian Princess programs announced their Winter and Spring schedule this week.

The Indian Guide program, designed for fathers and sons, includes a Feb. 17 "Pony Pow" at the Central YMCA, 800 N. Big Spring St.

Displays and Indian dances will be featured in addition to family swimming.

The Indian Princess Program, for fathers and their daughters who are in the first three elementary grades, will begin with a Valentine party on Feb. 10 at Furr's Cafeteria.

Anyone interested in participating in either of the programs may contact Rick Wood, Central YMCA program director.

Central YMCA Extends Hours

The Central YMCA, 800 N. Big Spring St., will remain open Monday through Friday until 10 p.m., according to Bob Auringer, executive director.

The new hours became effective Monday and will be in effect through March. Saturday hours of operation at the YMCA will remain 9 a.m.-6 p.m.

The additional hours were requested by members for playing basketball, handball and racquet ball.

MOTHERS MARCH LEADERS — Mrs. Jerry White, center, chairman of the Mothers March for the Midland County March of Dimes, discusses the successful march held this week with her area chairman. From left are Mrs. John Williams, Mrs. C. N. Hobbs, Mrs. White, Mrs. R. L. Medley and Mrs. Jack Stagner.

Mothers March Chairman Reports Drive Successful

Mrs. Jerry White, chairman of the annual Mothers March, and the Neighborhood Action Center of Midland, announced the drive this week to raise funds for the Midland County March of Dimes Foundation a success.

The area chairmen, who were responsible for a quarter of the city each, were Mrs. Reggie Medley, Mrs. Jack Stagner, Mrs. John Williams and Mrs. C. N. Hobbs.

Working with Mrs. Medley as section leaders were Mrs. O. D. Martin, representing Alpha Psi Sorority, Mrs. Charles Bruton, of the Beta Eta Sorority, and Mrs. Tony Watson of the Beta Omega Sorority. These sororities are all affiliated with Epsilon Sigma Alpha International whose state projects are the Birth Defect Centers in Houston, Dallas, San Antonio and Galveston.

Mrs. Stagner and Mrs. Williams are both Midland Jaycee-Ettes and helping in their areas as section leaders were Mrs. David Whytall, Mrs. Tommy Hester, Mrs. Randy Hachtel, Mrs. Jerry Cox, Mrs. Lester

Sheep Rancher Protests Fleecing

SAN FRANCISCO (AP) — A sheep rancher who claims the Internal Revenue Service fleeced him out of refunds demonstrated his ire by shearing a Shropshire sheep on a crowded street outside the federal building here.

"Every Day is a Fleecing" at the IRS," read a sign as Sam Prather of Philo, Calif., sheared the animal on Tuesday. About 50 bystanders chuckled at the scene.

Prather complained the IRS had refused to issue him refund checks for 1969, 1970 and 1971. An IRS spokesman said every effort is made to expedite refunds.

Moore Library Donated To UT

SAN ANGELO — The widow of Texas oilman John I. Moore of San Angelo announced Tuesday that Moore's private geological library has been donated to The University of Texas at Austin.

Mrs. Moore said her husband's large personal collection of geology books has been presented to the Department of Geological Sciences at the university.

The library, considered one of the most complete of its kind in the U.S., took Moore in excess of 50 years to assemble.

The books cover a wide range of geological subjects with many of the earlier volumes rare first editions that are out-of-print. Also included are several volumes of foreign publications which are now difficult to find.

Several universities in the country were interested in receiving her husband's collection, Mrs. Moore said, which was considered one of the oilman's most prized possessions.

Blind Woman To Teach Again

MUSKEGON, Mich. (AP) — A blind teacher who won a Supreme Court battle to get her job back will be able to start teaching English again Monday.

Evelyn Weckerly, 31, will handle five English classes a day, Principal William Hanchen of Mona Shores High School said Tuesday.

Miss Weckerly was fired in 1968 when school officials claimed she could not control her classes. The State Tenure Commission ruled in her favor. The State Court of Appeals reversed the decision, but the Supreme Court ordered her reinstated with back pay.

Ector Airport Contract Okayed

ODESSA — Buck H. Edgar, owner of Buck's Aero Service at Midland Air Terminal, received a five-year contract from Ector County Commissioners Tuesday to operate the Ector County Airport.

Edgar received the endorsement Saturday of the Ector County Airport Board after the board screened eight applicants for the job.

The county's contract with the present airport operator, Richard Osborn, is being terminated "by mutual agreement" after Osborn claimed he was losing money at the airport.

U.S. Continues Shadowy Air War On Reds In Laos

WASHINGTON (AP) — U.S. bombers, waging a shadowy air war in Laos, despite the Vietnam cease-fire, have slashed at Communist positions including a key point on the Ho Chi Minh supply-trail network.

So far there have been no reports of any U.S. losses in the daily bombing raids over Laos since the Vietnam cease-fire went into effect last Saturday.

The Pentagon has declined all comment on the bombing except for the vague statement: "At the request of the royal Laotian government, U.S. aircraft, including B52s ... continued operations over Laos."

Letter Bomb Sent To Actress Elsa Martinelli

ROME (AP) — Postal authorities have discovered the third letter bomb in six days addressed to a movie actress, the latest one sent to Elsa Martinelli.

Officials reported Tuesday that the bomb addressed to Miss Martinelli caught fire at the Pisa railway station as the bag containing it was being loaded into a mail coach. It was defused at the Rome railway station post office.

Similar bombs were mailed to Italian actress Laura Antonelli and German screen star Solvi Stubing. The one addressed to Miss Antonelli was defused Monday at the Rome station. The one meant for Miss Stubing exploded last week at the Florence railway station without injuring anyone.

North Vietnamese best speaker plateau has been used by the supply area for military operations in Cambodia and Vietnam.

U.S. Air Force and Marine fighter-bombers also have been attacking North Vietnamese and Communist Pathet Lao positions in the North in the strategic Plain of Jars region, which has been fought over again and again for a decade.

The operation seems intended to help loyalist forces secure their ground against Communist pressure prior to a Laotian cease-fire, which U.S. officials predict will come soon.

U.S. air operations in Laos, starting with reconnaissance flights in the spring of 1964, have always been conducted behind a veil.

So far they have cost the United States 97 airplanes and 311 American airmen captured or missing.

Best Speaker Named

The Pop-Up Toasters Tuesday named Bill Larsen best speaker, Leon Jeffcoat most proved, Goodrich Hejl and Roy Gould best table topic speakers; Hejl and Wes Williams best evaluators; Gordon Craig received the achievement award.

Most traffic accidents occur at night.

There are high schools that just won't let their Driver Education students behind the wheel until they see our film strip.

A car door is opening on the right. What do you do?
Begin braking. Check rear view mirror.

You're tailgating a truck. How does this affect you in terms of possible maneuvers?
It blocks your front view, cuts down on your brake time.

That car at the intersection is turning into your street. What action should you take?
Brake a little and pull over to the right, watching out for the water.

What do you think is going on ahead of the truck that's blocking your lane?
Road repair work.

Does the small car on the right pose a possible hazard to you?
Yes, it could cut in front of you.

What could cause a problem for you here?
The pedestrian about to emerge from between the parked cars.

What you're looking at right now are a few examples of the Perception of Driving Hazards Film Strip, developed for Shell Oil Company by the New York University Center for Safety.

Shell has been distributing these film strips to schools and various other groups across the country for the past fifteen years. And during those years, we estimate that millions of people have seen and benefited from them.

Because after a student driver has been exposed to the film strips, and is actually called on to react to a number of traffic problem situations, he or she is better equipped to drive a car. And feel a lot more confident behind the wheel.

Naturally, we at Shell don't claim that our driving hazards film strip is the answer to every traffic safety problem. But we think it helps solve some of them.

By the way, if you think your group or club would like to receive a copy of the Shell Film Strip, just drop a line to Shell Films, 1 Shell Plaza, Houston, Texas 77001.

We're trying to make things better.

AMUSEMENTS

7E-WEDNESDAY, JANUARY 31, 1973

Three Lee Musical Groups Will Perform On Thursday

Three Lee High School musical groups will be featured in a concert at 8 p.m. Thursday in the Lee auditorium.

Harvey Pittel, saxophone soloist and clinician, will perform with the honors band, whose repertoire will include "Salvation is Created" by Tschesnokoff and "Taccata and Fugue in D Minor" by J. S. Bach.

Among Pittel's solos, will be two compositions—by Emmitt Yoshioka, "Duo Concertino for Alto Saxophone and Band" and "Intermezzo for Soprano Saxophone." From 3:30 to 6:30 p.m., Pittel will conduct a saxophone clinic in the auditorium for the benefit of local and area students. Admission will be \$1.

Opening the Thursday night program will be the Lee Symphonic Band, performing "Chester" by William Schumann as well as John Philip Sousa's "Black Horse Troop" march and "Third Suite" by Jaeger.

The Lee stage band will perform jazz and rock selections during the intermission between the two concert bands.

Admission will be \$1 for adults and 50 cents for students.

Sailor Convicted In Assault Trial

SAN DIEGO, Calif. (AP)—A black sailor has been convicted of assault in the sixth trial here stemming from a race riot aboard the aircraft carrier Kitty Hawk Oct. 12-13.

A special court-martial of three officers and two enlisted men found Airman Donald E. Ricks, 20, of Boston guilty Tuesday of assault and disturbing the peace and innocent of communicating a threat.

The jury then deliberated eight hours without agreeing on a sentence.

Big Spring Band To Attend Meet

BIG SPRING—The Big Spring school board decided at a Monday night called meeting to permit the BSHS band to present the band program "Campus Review '73" at the state student council meeting to be held in Austin March 29, 30 and 31.

This marks the second year the band has been invited to perform for the state student council group.

CISCO KID'S RIDING OVER — Actor Duncan Renaldo, 68, who was the Cisco Kid of films and television, poses at his Santa Barbara, Calif., home with Diablo, the faithful horse of Cisco. Renaldo filmed his last screen episode 17 years ago and doesn't ride anymore. (AP Wirephoto.)

Strong Detector

The painted lady butterfly's sweetness detection is 150 times sharper than of man and 1000 times better than a honey bee.

Dolls Of Clay

Some of the earliest known dolls were the Egyptian paddle-shaped dolls. They had long hair fashioned of clay pellets.

Musical Program Delights Crowd

A group of earnest young people presented an earnest, nonsensical kind of musical program in Midland Tuesday night—and the audience responded warmly to both.

A few of these young people hail from such exotic spots as Port-au-Prince, Haiti, and Yokohama, Japan, but most of them are from eastern Kentucky—from such places as Bypro and Shelby Gap, Hueysville and Hi-Hat, Turkey Creek and Pilgrim, Sassafras and Minnie. All of them are students at Alice Lloyd College, a tiny two-year college deep in the mountain fastnesses of eastern Kentucky which for over 50 years has developed leadership in Appalachia by challenging students to be of service to others.

The "Voices From Appalachia," as the musical group is known, presented Appalachian hymns and folk songs, Southern ballads and folk hymns at their concert here last night, just as they have in a series of programs during the last month in the Southwest and on the West Coast. They sang Monday night in El Paso and will appear tonight in Dallas, and then be on their way toward final concerts in Tennessee and home to Pippa Passes, Ky.

The choir's Midland appearance in the fellowship hall of First Presbyterian Church was

Housing Project Contract Is Let

ARLINGTON — A project to provide permanent housing for the scientific and technical staff of The University of Texas McDonald Observatory in West Texas was advanced here recently by the award of a construction contract.

The UT System Board of Regents awarded a \$1,025,000 contract to the B-F-W Construction Co. of Temple for the project.

The contract calls for construction of 15 houses and garages at a cost of \$870,000, plus site development and utilities work at a cost of \$155,000.

Among original works presented were several by director Greider, including "The Dulcimer Song," "Songs of Pippa," "Legend of the Dogwood," and "The Ballad of Alice Lloyd." One of the nicest offerings of the entire evening was the delightful "In the Light," by Theodora Dolksi, who is on the current concert tour with the students.

COLUMBIA PICTURES Presents JAMES CAAN BILLY DEE WILLIAMS

IN **Brian's Song** with JACK WARDEN SHELLEY FABARES JUDY PACE

"If you think Blue Cross pays all your hospital bills, you haven't been in the hospital lately."

—Burl Ives

Get cash to help pay the bills your Blue Cross won't. The Academy Plan will pay you \$33.33 a day tax-free cash when you're in the hospital.

Blue Cross has been a great help to many Americans, but even the best hospitalization plans can have gaps in their coverage.

Don't wait until you're hospitalized to find out about the coverage gaps in your hospitalization plan.

Most will probably not pay the whole cost of an operation, nor all the hospital costs.

And there's a whole list of medical bills that they probably won't pay.

What's more, they won't pay anything *except* hospital and medical bills. So if you're in the hospital a few weeks and your salary stops, who'll pay the rent or the mortgage? The food bills? The car payments? And what if your wife becomes ill? You'll have extra household expenses.

What you clearly need for your family's protection is a plan that pays you cash when you go to the hospital.

us the application, you can be sure no salesman will call. But you'll still get prompt and courteous attention directly from us.

5 We will never cancel your policy.

We will never refuse to renew your policy. Your coverage is guaranteed, no matter how long you live or how many times you're hospitalized. In addition, your premium will never change, even though you pass from one age bracket to another, unless there's a rate adjustment on all policies of your form and class throughout your state.

6 You can cover yourself alone or your entire family. And you have two plans to choose from.

You may choose to receive \$1000 a month (\$33.33 a day) or \$500 a month (\$16.67 a day). These are the rates for both plans. For each adult enrolled. (Compare them with any similar plan.)

Age at Enrollment	Monthly rate for each adult enrolled	
	\$1000 a month	\$500 a month
16-39	\$6.90	\$3.45
40-54	8.70	4.35
55-74	9.80	4.90
75 and over	10.80	5.40

1 Academy Life will pay you \$33.33 a day—that's \$1,000 a month tax-free cash for as long as you're in the hospital.

There is no limit to the period of time you can collect benefits or to the number of times you can use the policy. Benefits start the first day if you're in an accident or after three days if you're ill. (A few days in the hospital are never a strain, and by paying you after the third day for sickness, we can keep our rates way down.)

2 The money is paid directly to you on top of any other insurance.

Checks are sent directly to you or wherever you specify. The money is tax-free and will be paid no matter what coverage you may have from Blue Cross, Medicare, or any other plan with any other company. It is yours to use as you see fit.

3 There are no age limitations for joining.

Everyone is eligible for the Academy Plan. If you apply, you will be covered—even if you're over 100. In fact, the Academy Plan has been particularly helpful to people over 65—people for whom a lengthy hospitalization could wipe out their savings. See Paragraph 6 for benefits for people over 65.

4 You always deal directly with us. No salesman will call.

One reason that helps keep our premiums so low is that you are buying directly. There are no middlemen. If you mail

7 These are the only exceptions and limitations in the policy. We urge you to compare them with any similar plan.

Sickness and injuries you had before your policy takes effect will be covered after *one* year, but not before. In addition, we don't cover hospitalization due to war, mental disorder, pregnancy, miscarriage, childbirth, or time spent in a U.S. Government hospital. Everything else is covered immediately. Benefits begin on the first day for accidents and after three days for sickness.

8 Academy Life is a respected Legal Reserve Life Insurance Company.

The Company's administrative offices are located near historic Valley Forge, Pa. It is a member of the Unicom Insurance Group and is licensed by the Department of Insurance of your state.

9 Tomorrow may be too late.

Today you may be the picture of health, but who knows when you may get sick or have an accident. It happens to all of us. And many of us end up in the hospital. You and your family need this protection and every day you wait is a day you're not covered. So act today. You don't know what's going to happen tomorrow.

10 Act today. Your first month's premium is only \$1. See Paragraph 6 for renewal rates.

Academy's policy-examination program allows your family to be protected for the first month for \$1. Here's all you do. Fill out the application and mail it in an envelope with \$1 to Academy Life Insurance Co., Valley Forge, Pa. 19481. You will be covered the same day we receive your application. We'll mail you your policy. Examine it at your leisure. If you decide, for any reason, that you don't want it, return it within 15 days and we'll refund your dollar.

Dear Friend,

"Academy offers high-quality insurance at a price the average person can afford. Why don't you look into this simple, reliable method of providing protection for yourself and for your family."

Burl Ives

Burl Ives is a member of the Board of Directors of the Academy Life Insurance Company and is compensated for his services on its behalf.
