Hissom Finals Gas Horizon Well In Ward

Hissom Drilling Co. of Midland, and Craft Thompson, have re-completed No. 6 Mattie Walker, former producer in the Quito, West (Delaware) field of Ward County, as a Delaware sand gas pay opener.

Calculated, absolute open flow was for 1.676 million cubic feet of dry gas per day, producing through perforations at 6,025-6,245 feet, in 5 1/2-inch casing seated at 6,302 feet, total depth. The plugged-back depth is 6,245 feet. Perforations had been acidized with 3,000 gallons and fractured with 16,000 gallons and 19,000 pounds.

Location is 1,253 feet from southeast and 2,653 feet from southwest lines of section 13, block 1, W&NW survey, seven miles north of Barstow.

It was completed in November, 1962, from the Delaware, through perforations at 4,718-4,724 feet.

Dawson Gets Venture Site

Mitchell Energy Corp., Houston, will drill No. 1 Mollie Yates as a 9,000-foot wildcat in Dawson County, eight miles north of Lamesa.

Drill site is 1,900 feet from south and west lines of section 55, block 35, T-6-N, T&P survey, abstract 236, 2 1/2 miles east of the Welch, Southeast (Spraberry) field.

Martin, Pecos Get Exploration Sites

Exploratory test have been staked in Martin and Pecos counties.

Marathon Oil Co., operating from Iran, intends to drill No. 1 Billie Jean Powers as a 5,500-foot Grayburg test, 12 miles northeast of Stanton, in Martin County.

It spots 11 miles southeast of the Phoenix (Grayburg) field and two miles southwest of the firm's No. 1 T. H. Romine, a 3,350-foot wildcat failure.

Drill site is 600 feet from south and east lines of section 36, block 35, T-2-N, T&P survey.

No. 1 Romine, 660 feet from south and 1,980 feet from east lines of section 27, block 35, T-2-N, T&P survey, was plugged and abandoned last July.

Costa Resources, Inc. of Dallas will drill two Pecos County projects.

No. 1 ARCO, slated to 3,200 feet, spots 1 1/2 miles southwest of the Brown & Thorp (Clearfork) field, producing at about 3,206 feet.

Location is 1,900 feet from south and 600 feet from east lines of section 119, block 11, H&GN survey, four miles southwest of Girvin.

No. 1 Olix, scheduled to 3,800 feet, spots 1,800 feet from northeast and 1,787 feet from southeast lines of section 29, block 2, H&TC survey, 11 miles northwest of Girvin.

It is 1/2 mile northwest of Credo Oil Co. No. 1 Mueller-State, an active wildcat, which is testing "tight" through perforations at 3,614-3,636 feet, after acidizing with 500 gallons. It has 4 1/2-inch casing set at (Continued On Page 7B)

Crews Search Jet Crash Area

HIJACKED JET IN FLAMES — A British jet hijacked en route from Beirut to London burns in Amsterdam, where it landed Sunday night. The hijackers used the jet's whisky supply to set it afire after allowing passengers and crew members to disembark. (AP Wirephoto by cable from Amsterdam.)

Arabs Hijack, Burn British Jet, Threaten Other Planes

AMSTERDAM, Netherlands (AP) — Two young Arabs who hijacked a British airliner and surrendered to attack other British and American planes because the countries supported Israel in the October war.

The Arabs surrendered peacefully to Dutch police Sunday after releasing the 92 passengers and 10 crew members of the hijacked British VC10, drenching the inside of the \$6.9-million jet with the plane's liquor supply and then setting it afire on a runway at Schiphol Airport.

Two minor injuries — Two persons suffered minor injuries sliding out of the plane. Dutch authorities reported. The aircraft was virtually destroyed.

A Dutch civil aviation official said the hijackers made no demands when they surrendered but said in broken English they had to "take action. We had no alternative. Politics amounts to nothing."

The official said the two were armed with small Czech pistols but were persuaded to unload them and hand over the ammunition.

Maj. Erik Gerritsen, head of the Dutch state police at the airport, said the men identified themselves only as Abu Said and Abu Ali. One of them told a Dutch official he lived on the West Bank of the Jordan River until Israel occupied the area in the 1967 war, but they would give no more information about themselves.

The Palestine Liberation Organization, which unites the major Palestine guerrilla groups, disclaimed any connection with the hijacking and denounced such operations. The plane was on a flight from Bombay to London, and the two hijackers were believed to be among 25 passengers who boarded in Beirut. They took over the airliner 90 minutes later while it was over Yugoslavia.

Airport sources at Beirut reported, apparently incorrectly, that the hijackers would take the plane to Athens in an effort to win immediate freedom for two Palestinian guerrillas who killed five persons and wounded 55 others at the Athens airport last August. But instead the plane flew to Amsterdam.

she planned to present Tuesday. "This is my final decision," said the 75-year-old grandmother as she stalked out of the party caucus.

Party leaders flocked to Mrs. Meir's Jerusalem home and pleaded until past midnight with her to continue at the head of the government. But Deputy Premier Yigal Allon reported she was "firm in her decision."

Mrs. Meir has led the Israeli government since 1969, and her decision to bow out plunged the country deeper into the political uncertainty that has beset it since Mrs. Meir's Labor Alignment lost ground in the Dec. 31 elections.

Subsequently, Defense Minister Moshe Dayan refused to join the new cabinet, and the National Religious Party refused to join the Labor Alignment in a new coalition, making it impossible for Mrs. Meir (See GOLDA Page 2A)

MISTRIAL MOTION DENIED—

Stans To Testify, Lawyer Tells Jury

NEW YORK (AP) — Former Commerce Secretary Maurice H. Stans will testify on his own behalf at his federal criminal conspiracy trial, his lawyer told the jury today.

Defense attorney Walter Bonner said Stans had twice gone voluntarily before the grand jury that indicted him along with former Atty. Gen. John N. Mitchell on charges of making a \$200,000 campaign contribution deal with financier Robert Vesco.

"Maurice Stans is going to rise again and he is going to speak a third time and this time he'll speak to you," Bonner said.

Opening Statement — The government charges that in return for Vesco's six-figure contribution to President Nixon's 1972 re-election campaign, Mitchell and Stans conspired to impede a massive Securities and Exchange Commission investigation into the financier's international financial empire.

In an opening statement that he shared with Bonner, Mitchell's attorney, Peter Fleming Jr., said the government's case was based on "suspicion and unsupported innuendo."

"There is not a single speck or fragment, however you describe it, of evidence you'll hear or you could hear that John Mitchell did anything to fix, to stop, or to influence an investigation of Robert Vesco," Fleming declared.

"John Mitchell did not know Robert Vesco; he had never done business with Mr. Vesco's companies," Fleming said at another point. "Would this man risk a lifetime of hard work, years of public service, love of country to fix a case for a man

he didn't even know?" Earlier today, U.S. District Court Judge Lee P. Gagliardi denied a defense motion for a mistrial.

The judge made his decision known after a short session in a private conference room behind the courtroom.

Gagliardi recessed the trial abruptly last Friday to consider the effect of a passage in the opening statement of the federal prosecutor. The words had triggered an immediate objection from Stans' lawyer and a motion for mistrial.

The prosecutor, Asst. U.S. Atty. James W. Rayhill, told the jury (See TRIAL Page 2A)

the effect of a passage in the opening statement of the federal prosecutor. The words had triggered an immediate objection from Stans' lawyer and a motion for mistrial.

LATE NEWS FLASHES

LONDON (AP) — British Conservative Prime Minister Edward Heath resigned late today after 44 months in office, clearing the way for Harold Wilson to set up a new Labor government.

JERUSALEM (AP) — Senior Labor Party sources said tonight that Premier Golda Meir has reluctantly agreed to stay on as leader of Israel's next government, canceling her announced resignation.

WASHINGTON (AP) — The Supreme Court ruled today that Congress may lawfully withhold veterans education benefits from conscientious objectors who performed only civilian service.

Kissinger In Brussels To Consult NATO Allies

BRUSSELS, Belgium (AP) — Secretary of State Henry A. Kissinger arrived in Brussels today to tell the North Atlantic alliance about his peacekeeping efforts in the Middle East.

Officials accompanying him said he would steer clear of discussions with Common Market leaders on their plans for meeting with the Arab countries.

The Market countries have agreed to press for a conference with the Arabs on European-Middle East relations and have asked for a meeting with Kissinger to discuss their initiative.

Talks With Willy Brandt — Kissinger flew from Bonn, where he held talks with Chancellor Willy Brandt. Details of their discussions were not disclosed.

Kissinger arrived in Bonn late Sunday from Amman, where talks with Jordan's King Hussein concluded a Middle East mission which also took him to Syria, Israel, Egypt and Saudi Arabia.

In his first visit to West Germany since becoming secretary of State last year, the German-born Kissinger conferred for more than three hours Sunday night with Foreign Minister Walter Scheel.

There was no official comment, but they had been ex-

pected to range over Kissinger's Arab-Israeli mediations, lagging U.S.-European cooperation on key issues including energy crisis, Common Market (See KISSINGER Page 2A)

Hanoi Will Hand Over 12 POW Bodies

SAIGON, South Vietnam (AP) — North Vietnam announced today that it will hand over the remains of 12 American prisoners of war who died in captivity.

The U.S. Embassy in Saigon said two U. S. Air Force C130 transports will fly to Hanoi Wednesday to get the remains and take them to U Tapao Air Base in Thailand for identification.

An embassy spokesman said the Defense Department would make the names public in Washington after the remains are positively identified and next of kin are notified.

North Vietnam last year gave the United States the names of 23 Americans who died in captivity and a B52 crewman whose body was recovered after his plane was shot down.

346 Killed In Disaster Near Paris

PARIS (AP) — Police, firemen and official investigators combed through a wide forest area today seeking bits of wreckage from a Turkish Airlines DC10 jet that crashed with a loss of 346 lives, the biggest toll in civil aviation history.

Experts estimated that a careful search of the area covering several square miles might take a week. Only part of the black box with vital recordings of the plane's functioning has been found and top priority is being given to finding other pieces.

Anonymous Phone Calls — Personal effects of the passengers were being piled together. Bits of clothing caught in tree branches waved forlornly in the light wind.

The newspaper France-Soir said it had received two anonymous telephone calls saying that "this was done voluntarily. It was definitely an attack." The two calls seemed to come from the same man who claimed he was a member of the "Liberal Front," which he said was a political movement started outside France. There was no way of confirming his statements.

Loaded To Capacity — The American-built airliner crashed in the Ermenville forest, 23 miles north of Paris, five minutes after it took from Orly Airport Sunday on a flight from Istanbul to London. Turkish Airlines said the plane was loaded to capacity with 334 passengers and 12 crew members.

There was no indication when the casualty list would be made public. But the airline's European manager said the names of 200 to 250 of the passengers indicated they were British or American.

Former Texan Among Dead — The U. S. Embassy in London announced that among the Americans killed were the embassy's cultural attaché, Dr. Wayne Wilcox, 41, of North Liberty, Ind., his wife and two of their four children. Mrs. Wilcox was from Dallas, Tex.

Thirty-eight of the passengers were Japanese college graduates on a tour of Europe before joining firms in Japan. The Japanese travel agency that arranged their trip said they were sending 45 relatives to Paris to identify and claim the remains.

The weather was sunny, and no hint of trouble came from the plane. But "the fact that debris and bodies were found in a village more than 10 kilometers (6 miles) from the accident tends to prove that an ex-

J. E. 'Eddie' Simms

J. E. 'Eddie' Simms, 79, Dies; Rites Set Tuesday

J. E. "Eddie" Simms, 79, a former long-time Midland restaurant operator, died in a Midland hospital at 12:45 a.m. Sunday. He resided at 1211 W. Missouri St.

Funeral rites will be at 10 a.m. Tuesday in the First Christian Church, with Dr. Richard Clayborne of Houston officiating. Masonic services will be in Resthaven Memorial Park. The Newbie W. Ellis Chapel is handling arrangements.

Simms was born July 9, 1894, at Carrollton, Mo., where he was reared. He started in the restaurant business at an early age at St. Louis, Mo., and moved to Dallas in 1919. Then, he

opened a restaurant at Ranger in 1921 and at Breckenridge in 1922. In 1925, he organized a restaurant business at Coleman.

Simms moved to Midland in 1929, where he was co-owner of the Hotel Scharbauer Coffee Shop. After selling out his share in that business in 1932 he moved to Kilgore, where he operated the Blackstone Coffee Shop until moving back to Midland in 1942.

Simms married Sue Lane at Kilgore Sept. 13, 1938. When they moved to Midland, Simms (See SIMMS Page 2A)

Gusty Winds Temper Heat Across State

Gusty winds buffeted Texas anew and summerlike heat lingered in most sections today despite an invasion by a new cool front.

Forecasters looked for the frontal system to lower temperatures a bit, however.

Record For Tall City — A temperature record was set Sunday in the Tall City when the mercury shot up to 89 degrees.

The previous high temperature for a March 3 was set in 1967 when the mercury rose to 88.

National Weather Service forecasters at Midland Air Terminal predict somewhat cooler temperatures this afternoon and Tuesday. The high today will be near 80 and the overnight low will be in the upper 30s. Tuesday's high will be in the high 70s.

The low this morning was a warm 56 degrees.

A warming sun kicked the mercury up to 92 degrees Sunday at Cotulla in Southwest Texas, the warmest spot in the nation, and 91 at San Angelo. It also produced record highs for the date of 84 at Lubbock, and 90 at Abilene and Wichita Falls.

Temperatures near dawn ranged from 51 at Dalhart in the Panhandle up to 70 at Brownsville and McAllen, 66 at Houston and 71 at Corpus Christi and Victoria, with other readings generally in the 60's, The Associated Press reported.

Weather

FORECAST: Decreasing cloudiness this afternoon, becoming clear to partly cloudy tonight through Tuesday. Not so warm this afternoon, cooler tonight. High this afternoon near 80, low tonight upper 30s, high Tuesday upper 70s. Winds westerly to northwesterly 15-25 miles per hour and gusty this afternoon, diminishing tonight.

National Weather Service Readings: Sunday's high — 89 degrees, low — 36 degrees. Monday's high — 82 degrees, low — 36 degrees. Sunrise today — 7:40 p.m., Sunset Tuesday — 6:13 a.m.

Precipitation: This month to date — none 1974 to date — 20 inch.

The record high temperature recorded for a March 3 was 89 degrees in 1974. The record low for a March 4 was 36, set in 1967.

LOCAL TEMPERATURES: News 1 — 79, Midnight 3 — 69, 1 p.m. — 83, 3 a.m. — 69, 5 a.m. — 68, 7 a.m. — 67, 9 a.m. — 68, 11 a.m. — 68, 1 p.m. — 68, 3 p.m. — 68, 5 p.m. — 68, 7 p.m. — 68, 9 p.m. — 68, 11 p.m. — 68.

SOUTHWEST TEMPERATURES: Abilene — 90, 61, Houston — 78, 61, Amarillo — 78, 61, Lubbock — 78, 61, Dallas — 80, 61, Mays — 78, 61, Ft. Worth — 81, 67, Wichita Falls — 80, 66. Bob Boydston kills bugs. (Adv.)

Sirica May Decide Today On Disposition Of Report

WASHINGTON (AP) — A federal judge is studying a sealed grand jury report on the Watergate cover-up and preparing to decide whether to give it to the House impeachment inquiry and also to make it public.

U.S. District Judge John J. Sirica could decide today what action to take on the 56-paragraph report said to detail the grand jury's findings on possible presidential involvement in the cover-up.

Meanwhile, two other Watergate grand juries were moving toward completion of their investigations.

Sources said indictments in the White House plumbers case could be returned as early as midweek.

Egil Krogh Jr., former director of the special investigations unit dubbed the plumbers, already has pleaded guilty to conspiring to violate the civil rights of Dr. Lewis Pfleider, the Beverly Hills psychiatrist whose office was burglarized in 1971 in an effort to obtain information about Daniel Ellsberg.

Krogh is serving a six-month prison sentence and is cooperating with the prosecutors.

Former presidential aide John D. Ehrlichman, who was Krogh's boss, rejected an offer to plead guilty to the same charge and cooperate.

Ehrlichman was one of seven men indicted on Friday on charges stemming from their alleged role in the cover-up.

346 Die In Jetliner Crash

(Continued From Page 1A) A plane occurred in flight," said Aymar Achille-Fould, a top official of the French Transport Ministry.

Persons in the area of the crash said they heard an explosion, but they could not agree whether it occurred before or after the plane hit the ground.

Turkey's communications minister, Ferda Guley, said "considering the world situation," he did not rule out sabotage.

But Guley said his government had received no information to support reports that

guerrillas carrying explosives might have been aboard the plane.

He said he had heard reports were circulating abroad that guerrillas were on the plane. But he said, "We have no official information on this."

Guley said the passenger list indicated two Arabs had boarded the plane in Istanbul but that nothing was known about them.

"It is impossible to know the cause of the crash at this point," he added.

It was the first crash of one of the wide-bodied, McDonnell-Douglas trijets since the plane

went into general service four years ago. A total of 216 persons had boarded the plane in Paris for the hop to London, most of them because a wildcat strike by ground engineers at London's Heathrow Airport forced British Airways to cancel all its European flights.

The huge jet slammed into a wooded slope near a highway and close to three villages, but the area in which it hit was uninhabited.

The highest previous death toll in a plane crash was 176 when a Soviet airliner crashed near Moscow in October 1972, and when a Jordanian jet burst into flames on landing at Kano, Nigeria, in January 1973.

Candidates Draw Ballot Positions

Places on the ballot for the contested Place 5 Midland City Council seat in the April 2 city elections were chosen by drawing this morning in City Secretary James McCullough's office.

Mrs. Pat Griffith will be listed first, followed by Warren Faller, Mark S. Martin and Raymond Howard. All four candidates were at the drawing and drew numbered slips in the order in which they filed.

The only other two candidates, Mayor Ernest Angelo Jr. and Place 4 Councilman Frank K. Cahoon, are unopposed in their re-election bids. Neither was at the 10 a.m. drawing.

McCullough said voter turnout in the election will depend on the campaign and issues. Last year 5,104 persons voted for councilmen from Places 1, 2 and 3, all of which had more than one candidate.

In 1972, 8,267 voted for mayor and councilmen from Places 4 and 5. All races saw more than one candidate.

The last time there was an

uncontested city race was in 1971, when Places 1, 2 and 3 were elected. In that election, only 285 persons voted, including three write-in ballots.

A simple plurality is needed to win the April 2 election, McCullough stated.

Place 5 Councilman John Pike is not seeking re-election following two terms on the council.

ing two terms on the council.

Kissinger—

(Continued From Page 1A) problems and detente with the Soviet Union.

One of Kissinger's aides said he was telling the allies that he has hopes for a breakthrough by July at the East-West security negotiations in Geneva.

After six months of deadlock, Kissinger reportedly hopes for an agreement, opening the Soviet Bloc states to an increased flow of Western books and scholars in exchange for Western recognition of Soviet hegemony in Eastern Europe.

Observers said Kissinger's visit to the North Atlantic Council in Brussels was aimed partly at assuring the European allies of Washington's willingness to consult them promptly on such key issues as the Middle East peace moves.

UT Prepares Candid Camera For Streakers

AUSTIN, Tex. (AP) — The glassy eye of a campus policeman's camera may be on those who dare to streak across the University of Texas campus in the nude.

A campus policeman was quoted by The Daily Texan (the student newspaper) today as saying orders came from "higher up" to begin photographing streakers.

"We do feel pretty strongly about it," said Police Chief Donald Cannon. "We will arrest anyone we find doing this. It is against the law."

Golda—

(Continued From Page 1A)

to form a majority in the Knesset, Israel's parliament.

In the shock of Mrs. Meir's surprise announcement, the other Labor leaders concentrated on trying to get her to reconsider and did nothing about picking someone else to try to form a government.

Finance Minister Pinhas Sapir, Allon and Foreign Minister Abba Eban were considered the most likely to be tapped.

Meanwhile, Mrs. Meir and the cabinet with which she fought the October war and the Dec. 31 election remain in office as a caretaker regime.

Mrs. Meir's walkout came 48 hours after crucial talks with Secretary of State Henry A. Kissinger on arrangements for negotiations between Syria and Israel to separate their troops on the Golan Heights.

Political analysts said Mrs. Meir's move might not hamper progress toward a disengagement agreement since most leading Israeli politicians favor one. But they said the splits in the Labor Alignment, which is still Israel's largest political party, would weaken Israel's hand in further bargaining with the Arabs.

Mrs. Meir has long wanted to retire but stayed on at the urging of her colleagues despite a severe attack of shingles and a sharp drop in popularity as a result of Israel's initial setbacks in the October war.

Trial—

(Continued From Page 1A)

jurors at the end of his statement: "As you listen to the witness testifying before you, put yourselves in the place of the grand jurors who investigated the case, citizens like yourselves."

The defense objected, contending the statement implied the jurors should infer guilt from the indictment.

Gagliardi had instructed the jurors beforehand that indictments are only accusations and not findings of guilt.

Simms Rites Set Tuesday

(Continued From Page 1A)

again became co-owner of the Scharbauer Coffee Shop, a business he was in until 1946 when he became a partner in the old Ranch House Restaurant.

Simms retired from the restaurant business in 1957 but continued to be active as a real estate dealer. He also had ranching and oil interests.

Simms had been in ill health the last three years.

He was a member of the First Christian Church and was active as a member of the Christian Mens Fellowship. He served as a deacon of the church several years before becoming deacon emeritus.

He also was a life member of the Downtown Lions Club, a member of the Midland Masonic

Lodge 623, Acacia Lodge No. 1414 and the Midland Commandery No. 484. He was a Dallas Scottish Rite KGC and a member of the Suez Temple and was active in DeMolay work.

Survivors include the widow, a foster son, Walter Lane of Santa Rosa, Calif.; a daughter, Mrs. B. W. (Dorita) Horne of Midland; a sister, Mrs. Estel Wagner of St. Louis, Mo., three grandchildren and three great-grandchildren.

Funeral services will be held at 10 a.m. today in the district courtroom, being sworn in by Judge Perry Pickett of the 142nd Judicial District.

After that, their duties and responsibilities were explained by Dist. Atty. Jim Mashburn during an orientation session.

The panel convened at 1 p.m. at Midland National Bank to consider 11 cases presented by Mashburn and his staff.

Members of the grand jury, besides Bedford, are Sam F. Hurt, Foy Brantley, George Donnelly, Manuel Carrasco, Mrs. Harry Miller, Mrs. Richard Storey, Peyton E. Cook, Sol Montez, Ted Battles, Courtney Cowden and Bill Mathis.

Rites were held Friday for Tammie Machel Stewart, 4, who died Tuesday in a Midland hospital. Interment was in Fairview Cemetery.

Survivors, all of Midland, include the parents, Mr. and Mrs. Herman Dickens; two sisters, Dacia Hickey and Sharna Hickey, and the two grandmothers, Mrs. Rosie Stewart and Mrs. Dorothy West.

New Grand Jury Panel Sworn In; Foreman Elected

H. G. Bedford Jr. was named foreman this morning when 10 men and two women were empaneled as the new Midland County Grand Jury.

They will meet when called—about once per month—until September, when a new panel will be called.

The group was empaneled at 9 a.m. today in the district courtroom, being sworn in by Judge Perry Pickett of the 142nd Judicial District.

After that, their duties and responsibilities were explained by Dist. Atty. Jim Mashburn during an orientation session.

The panel convened at 1 p.m. at Midland National Bank to consider 11 cases presented by Mashburn and his staff.

Members of the grand jury, besides Bedford, are Sam F. Hurt, Foy Brantley, George Donnelly, Manuel Carrasco, Mrs. Harry Miller, Mrs. Richard Storey, Peyton E. Cook, Sol Montez, Ted Battles, Courtney Cowden and Bill Mathis.

Rites were held Friday for Tammie Machel Stewart, 4, who died Tuesday in a Midland hospital. Interment was in Fairview Cemetery.

Survivors, all of Midland, include the parents, Mr. and Mrs. Herman Dickens; two sisters, Dacia Hickey and Sharna Hickey, and the two grandmothers, Mrs. Rosie Stewart and Mrs. Dorothy West.

Angelo Streakers Claim State Record

SAN ANGELO, Tex. (AP) — Students at Angelo State College claimed the state's mass streaking record Sunday with 28 nude men and a naked woman running across the campus.

Cheering students who watched the Sunday night nude dash said the streak beat the mark of 25 naked dashers who recently ran at Texas Tech University at Lubbock.

Students said six nude men and a nude woman made the first run followed by 21 other men.

San Angelo police said they were called to the campus about 12:30 a.m. today but found no streakers.

Students claimed the bare-skinned dashes occurred between 10 p.m. and midnight.

Gunmen Seize Million In Jewels

TURIN, Italy (AP) — Two masked men with pistols entered the warehouse at Turin airport early today, forced two security guards to open the safe and escaped with a million dollars worth of diamonds and other jewelry, police reported.

Investigators said they believed the thieves had been tipped that 30 sacks of jewels for the Italian market were in the safe.

Parr Refused Delay In Tax Evasion Trial

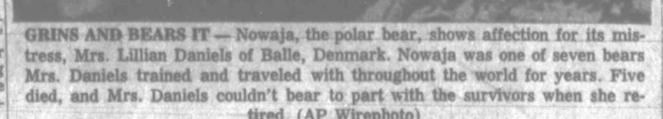

CORPUS CHRISTI (AP) — U.S. District Court Judge Owen Cox today denied a defense motion to delay the income tax evasion trial of Duval County political leader George B. Parr.

Jury selection was to begin at 2 p.m. today.

Defense lawyer Douglas Tinker of Corpus Christi sought the delay on grounds that he was not prepared to proceed.

Works Both Ways

PITTSBURGH, Pa. (AP) — "Liberation works both ways," 6-foot-4 Fred Lantzke said after he was elected Homecoming Queen over the weekend by the student body at Point Park College.

GRINS AND BEARS IT — Nowaja, the polar bear, shows affection for its mistress, Mrs. Lillian Daniels of Baile, Denmark. Vann Culp Elected To State Demo Post

Vann Culp, Midland County Democratic chairman, was elected vice chairman of the Texas Democratic County Chairman's Association at a meeting in Austin Saturday.

The state organization is composed of the Democratic county chairmen in each of the 254 counties of Texas.

One purpose of the organiza-

tion is to encourage qualified persons to seek election to public office on the Democratic ticket. Also the association will work for greater participation in Democratic conventions.

During the last year the county chairmen supported amendments to the election code and changes in the rules governing Democratic conventions.

The county chairmen and precinct chairmen are the only party officials elected by the popular vote of all Democrats.

The other party officials are elected by the convention system. The organization is relatively new but many have observed that it is one of the most influential political organizations in the state.

During the state meeting the county chairmen were visited by Lt. Gov. Bill Hobby and representatives of Gov. Dolph Briscoe and U.S. Sen. Lloyd Bentsen.

Mrs. Edna Jo Scott of Monahan was elected director of Region II which covers an area bounded by Yoakum County on the north, Pecos County on the south, Delbert Warren of Seminole was appointed to the Legislative Committee.

No One Injured As Car Overtakes

A car went through a fence and overturned in the yard at 510 S. Carver St. about 8:35 p.m. Saturday, but no one was injured, Patrolman Clint Lovejoy said.

Driver of the car was identified as Joe Ollie Russell, 20, of 1710 E. Maple St.

Possession Case Going To Grand Jury

A heroin possession case against a 24-year-old Midland man was to be presented today to the Midland County Grand Jury, authorities said.

He was arrested in an alley early Sunday.

Det. Lt. Earl Luckey and Det. Sgt. Jim McFadden made the arrest early Sunday. No charge was filed with the justice of the peace office.

The governor's lawyers contended the suit was "too general, vague and indefinite" and failed to "state sufficient facts so as to enable defendant to prepare for trial."

Mrs. Farenthold contended Briscoe accepted contributions for his re-election campaign be-

Briscoe Seeks Dismissal Of Lawsuit By Farenthold

AUSTIN (AP) — Gov. Dolph Briscoe's campaign manager today sought dismissal of Frances Farenthold's election lawsuit against the governor.

Briscoe's lawyers also filed specific objections to allegations made in Mrs. Farenthold's suit.

Former congressman Joe Kilgore, Briscoe's campaign manager and codefendant, said Mrs. Farenthold has no legal standing to sue the governor on behalf of all Texans.

The governor's lawyers contended the suit was "too general, vague and indefinite" and failed to "state sufficient facts so as to enable defendant to prepare for trial."

Mrs. Farenthold contended Briscoe accepted contributions for his re-election campaign be-

Services Conducted For Tammie Stewart

Rites were held Friday for Tammie Machel Stewart, 4, who died Tuesday in a Midland hospital. Interment was in Fairview Cemetery.

Survivors, all of Midland, include the parents, Mr. and Mrs. Herman Dickens; two sisters, Dacia Hickey and Sharna Hickey, and the two grandmothers, Mrs. Rosie Stewart and Mrs. Dorothy West.

Gunshot Kills Big Spring Man

BIG SPRING — Marvin "Tommy" Erhardt, 28, died of apparent gunshot wounds in his home here Sunday morning.

Big Spring police said the circumstances of his death are being investigated.

Howard County Justice of the Peace Gus Chotorena Pronounced the Man Dead at the Scene

Howard County Justice of the Peace Gus Chotorena pronounced the man dead at the scene.

Services will be held at 10 a.m. Tuesday in the Naalley-Pickle Rosewood Chapel. Interment will be in the Llano Cemetery at Amarillo.

Survivors include his widow, Mrs. Nancy Erhardt, and his mother, Mrs. Laura Erhardt, both of Big Spring.

Huckabay Incidents Cleared With Arrest Of Two Midlanders

Several incidents which have occurred at Huckabay Chevrolet during the last month were cleared this weekend when two Midland youths were arrested.

Ronnie McNeese, 17, of 4615 Thompson Drive has been charged with unauthorized use of a motor vehicle. His bond has been set by Justice of the Peace John Biggs at \$2,500.

A 15-year-old Midlander was arrested with McNeese at Huckabay's late Friday. He said he and another boy, Feb. 4 were driving Huckabay-owned cars in the lot when one of them struck another car, causing \$700 in damage.

The 15-year-old said two nights later they drove cars at the Huckabay lot which had been taken there for repairs.

The Friday night incident in which McNeese and the 15-year-old were arrested was similar to the other two.

Three Cars Involved In Traffic Mishap By Shopping Center

Three cars were involved in an accident in the Dellwood Plaza area about 2:15 p.m. Sunday but no one was seriously hurt, police said.

One of the drivers, Gaylan Dean Morgan, 19, of 4408 Parkdale St. was treated at Midland Memorial Hospital and released.

Driver of another car involved was Cheryl Ann Payne, 17, of 4315 Anetia St. She and a passenger, Kathy Jayne Stallings, 13, of 4307 Brookdale St. received minor injuries but were not given immediate medical treatment. Patrolman J. D. Stuedt indicated.

The other car involved, owned by Richard L. Corley of 2910 W. Michigan St., Apt. 112, was parked on the lot in front of Pizza Inn.

Police said the Morgan car was headed east on Illinois Street and the Payne car was crossing Illinois from Dellwood to the Pizza Inn when they collided.

The Payne vehicle was knocked into the parked car.

Mrs. Rogers Dies; Rites Set Tuesday

Mrs. Theo Dosis Rogers, 75, died Saturday in a Holdenville, Okla., nursing home.

Services will be held at 2 p.m. Tuesday in the Newmie W. Ellis Chapel, with the Rev. Jim Brown, pastor of the North Shore Baptist Church of Houston, officiating.

Assisting will be the Rev. Ross Payne, pastor of the Cottonflat Baptist Church of Midland. Interment will be in Fairview Cemetery.

Mrs. Rogers was born Nov. 24, 1898, in Wynnewood, Okla. She moved to Midland in 1922 from Solomonville, Ariz. She moved to Holdenville in 1970 and was a member of the Butner Baptist Church of We-woka, Okla.

Survivors include three sons, the Rev. Tom Rogers of Holdenville, William C. Rogers of Ada, Okla., and Jim Rogers of Midland, and 12 grandchildren.

Palbearers will be George Anderson, Charlie Smith of Stanton, B. L. Smith, Jim Moore, Jack Hollans and Roy Webb.

Hearst Air Pleas To Girl's Abductors

HILLSBOROUGH, Calif. (AP) — "I know that pretty soon God will touch their hearts and they'll send you home again," Mrs. Randolph A. Hearst said in a quavering voice.

She addressed her comment to her kidnaped daughter Sunday during a plea to the girl's abductors to break their 11-day silence.

Mr. and Mrs. Hearst, appearing haggard from their month-long vigil, asked the kidnapers of their 20-year-old daughter, Patricia, to allow her to communicate with them.

On Verge Of Tears

Mrs. Hearst, her voice breaking and on the verge of tears, addressed her daughter through news reporters.

"Patty, honey, your father is doing everything in his power, and I want you to know that millions of people all over the world are praying for you."

"I know it's a long time, sweetheart, and you keep up your courage. We'll keep praying," said the black-clad mother.

Hearst, editor and president of the San Francisco Examiner, said: "We might add to the people who are holding you that you could be allowed to send us a letter or get in touch with us by tape."

The mysterious Symbionese

Extortion Try Foiled

SAN DIEGO, Calif. (AP) — A movie projectionist was held today for investigation of an attempt to extort \$10,000 from the father of kidnaped Patricia Hearst.

Samuel Lee McGraw, 24, was arrested Saturday and accused of telephoning local radio and television stations, the FBI and the Randolph A. Hearst family in Hillsborough, Calif., demanding \$10,000 "or Patricia Hearst would never be heard from again," the FBI said.

McGraw apparently was trying to exploit the family's plight and is not connected with the Symbionese Liberation Army, which claims it kidnaped the newspaper executive's daughter Feb. 4, agents said.

Arkansas Rites Slated For Slain Dallas Policeman

BIGELOW, Ark. (AP) — Funeral for Leslie G. Lane Jr., 25, a Dallas, Tex., policeman who was killed Saturday during a scuffle with a man who was wanted for parole violation, robbery and burglary, will be at 2 p.m. Tuesday at Bigelow Baptist Church.

Lane, formerly of Bigelow, was shot twice from a service revolver believed to have been taken during the robbery earlier of a policeman.

Lane had tackled a man after the car in which he was fleeing police crashed during a high speed chase. The two scuffled and Lane was shot in the side and back.

Police captured the suspect Saturday at his mother's home at Dallas. Edward Lincoln King, 31, was charged with capital murder and aggravated robbery after police said he was identified by four witnesses.

WORST IN HISTORY — Various pieces of clothing belonging to victims of a Turkish Airlines DC10 jetliner which crashed into the Ermenonville forest, north of Paris, Sunday hang from trees. Everyone of the 346 persons aboard was killed, officials said, making it the worst civil air disaster in history. (AP Wirephoto via cable from Paris.)

Streaking Rage Sweeps Campuses In Carolinas

By THE ASSOCIATED PRESS

The streaking rage swept Carolina colleges over the weekend, with naked coeds eager and active participants in what appeared to be a vigorous rivalry over which college could outdo the other.

About 80 coeds were among the 258 streakers who performed in the buff Sunday night before an estimated 1,000 onlookers at the University of North Carolina at Greensboro, N.C.

Cliff Mitchell, who described himself as a "streaker coach," said the bare-skinned show featured a male and female riding naked on a motorcycle, and five nude coeds cruising the campus in a sports car chauffeured by a nude male.

The barring of several coeds at the University of South Carolina in Columbia, S.C., triggered more shedding of clothes Sunday night among not-to-be-outdone males.

Male and female nudes walked, trotted, ran, rode bicycles and even a horse around the student center and several women's dormitories.

Campus authorities at NC made no attempt to stop the frolic, witnesses said. Campus police at SC cleared away several hundred spectators at one point to open the street, but the surging crowd blocked it again and police gave up. No arrests were reported.

Most On Streets

Most of the streakers were out on the streets, but a few of them walked or trotted through the lobby of the student center. Earlier Sunday, two men wearing only backpacks walked through the lobby.

To add to the festive spirit, several residents of men's dorms aimed speakers out the windows and played "Barefootin'" and other appropriate music. Some directed small spotlights at the streakers.

At The College of Charleston, S.C., a lone streaker known as "Zorro" ran through a women's dorm wearing only a black hat.

Streaking struck two church-affiliated schools in North Carolina.

Tour Campus

About 25 naked students at St. Andrews University, a Presbyterian institution in Laurinburg, toured the campus Saturday night on motorcycles, bikes, roller skates and wheelchairs.

About 100 naked students, mostly men, sprinted through a women's dormitory at Baptist-affiliated Wake Forest in Winston-Salem Saturday night. A crowd of supporters cheered them on.

And at St. Michael's College in Winoski, Vt., 25 male streak-

Schlesinger Says Reds Soon Will Threaten U.S. Missiles

WASHINGTON (AP) — "A truly massive effort" in Soviet missile development will soon pose a direct threat to the U.S. land-based missile force, says Defense Secretary James R. Schlesinger.

Before the end of the decade, Schlesinger said, the 1,000 Minuteman missiles ready for launch in underground sites will be threatened by an increasingly accurate and growing force of Russian missiles.

The Defense secretary set out his fears in a 237-page annual statement, detailing U.S. military goals over the next few years. The statement is sure to intensify the public and congressional debate over the direction of U.S. nuclear arms policies.

The stated key to Schlesinger's worries is four new Russian missiles designed to carry between four and six highly accurate warheads, each capable of being aimed at separate targets.

While an advantage in missile payload or destructive throw-weight has been conceded to the Soviets, relative equality has been achieved because the United States has had separately targetable missiles (MIRVs) for more than five years.

Last summer, the Soviets began testing MIRVs and last week completed a series of a first full range test of the intercontinental missiles.

Though not yet deployed in the Soviet ballistic missile force, the new MIRVs are larger, and thus more destructive than U.S. warheads, in addition to being separately targetable.

"This throw-weight, combined with increased accuracy and MIRVs, could give the Soviets on the order of 7,000 one-to-two megaton warheads in their ICBM force alone," the secretary said.

Pentagon officials say the Russians are expected to begin placing MIRV missiles in their arsenal sometime during 1975, with most of the older missile force replaced by about 1980.

McGovern Talks Of 30 Per Cent Food Price Rise

WASHINGTON (AP) — Sen. George McGovern said today that food prices may rise as much as 30 per cent in 1974.

That figure, double government estimates and about one-third larger than the 1973 rise, is based on staff estimates about food prices and the soaring price of fuel, McGovern said.

McGovern made his estimate in a speech prepared for the annual legislative meeting here of the American School Food Service Association.

The South Dakota Democrat, the 1972 Democratic presidential nominee, is a senior member of the Senate Agriculture Committee and is chairman of the Select Committee on Nutrition and Human Needs.

In order to deal with mounting food prices, McGovern proposed establishment of a national food and nutrition policy.

Bernadette Beaten, Will Remain Active

BELFAST (AP) — Bernadette Devlin McAliskey says she will stay in politics and "fight on for a socialist Ireland" despite her defeat in Thursday's general election.

Mrs. McAliskey, 26, lost by 10,000 votes to John Dunlop, a Protestant representing the official Unionist party.

When she won in 1969, she was the youngest woman ever to be elected to the British parliament.

a resolution in action

Thirty six years ago, when we first began to market petroleum products under the Shamrock brand, we made this pledge:

"... to be a good neighbor in the areas in which we market and to merit the confidence and loyalty of our customers; to provide at all times modern products of the finest quality..."

As more and more customers came to depend on Shamrock, our obligation increased and so did our determination to fulfill it.

But now, with today's shortage of energy, we face a problem. We may not be able to provide all of the Shamrock gasoline, diesel fuel, natural gas, LP-Gas, ammonia fertilizer and other products our customers could use. But we can do our best.

Things we are doing include: maintaining our refinery's production of gasoline and diesel fuel at the highest level possible under the government's crude oil allocation program; the installation of facilities to produce unleaded gasoline and operating our gasoline plant around the clock for the maximum production of propane. While some sources of fertilizer are drying up, we are maintaining normal production of NITROMITE anhydrous ammonia.

Diamond Shamrock has intensified its involvement in the exploration for oil and gas in the offshore waters of Texas and Louisiana, where increasing production is expected in 1974 from wells serviced by offshore platforms. Geological and geophysical work is in progress in other areas of the Gulf of Mexico, the Eastern Continental Shelf of the U.S. and the Gulf of Alaska.

Also, our exploration and development programs have been expanded in the Panhandle and other areas of Texas; in Louisiana, Arkansas, Wyoming, Utah and Montana, and important new production of crude oil now is coming on stream—in the Rocky Mountain area.

Although Diamond Shamrock Oil and Gas Company is small compared to some other oil companies, we are working hard to help solve the energy shortage and provide the petroleum products our customers need. You can help by conserving energy wherever possible... let's work together for a better tomorrow.

DIAMOND SHAMROCK OIL AND GAS COMPANY
The energy unit of Diamond Shamrock Corporation

Diamond Shamrock Chemical Company, the chemical unit of Diamond Shamrock Corporation, is one of the nation's leading producers of important chemicals for industry and agriculture and of vitamins and health products for man and animals.

Dear Abby

Checks To Charities Can Be Good Or Bad

—By Abigail van Buren

DEAR ABBY: You stated that you were "delighted" when, in lieu of a Christmas gift, a fan in Tulsa sent you a signed check, inviting you to make it payable to a charity of your choice.

When my husband was sick in the hospital, we were advised that in lieu of flowers, friends had made contributions to THEIR favorite charities. This was a thoughtful gesture, but what if WE disapprove of the charity or cause which benefited in our name? Perhaps it is a political group or cause with which we do not want to be identified, and on whose mailing list we do not want to be.

Answer that one, please!
DISAPPROVING CONTRIBUTORS
DEAR DISAPPROVING: You

make a good point. You can't prevent people from making contributions to THEIR favorite charities or causes in your name. But you can refrain from sending signed checks to those who could conceivably put you in that uncomfortable position.

For yet another reaction to that suggestion, read on:

DEAR ABBY: Sending a check for charity puts the burden on the receiver. He has to mail the check on, decide which favorite charity to choose, and then remember to say "thank you." The sender admits that he is too lazy to find a charity or make the gift, yet he wants credit for sending a gift.

Business Meet Held By Guild

Mrs. M. S. Draper and Mrs. Bobby Dobson were hostesses to a business session held recently by the Grace Guild of Grace Lutheran Church in the Fellowship Hall.

Mrs. Don Sparks led the opening devotional. Mrs. Walter Schneider presented the program topic, "Thoughts on Lent."

Letters of appreciation were read from Mrs. Ervin Galyardt, Mrs. Marie Mitchell of Sweetwater and Concordia Publishing House.

A letter also was read from the Rev. and Mrs. Victor Rapp, missionaries in Patia, New Guinea. A gift box was planned for their baby, which is expected in June.

Mrs. Ralph Koch, officer of the Midland Auxiliary of the Good Samaritan Home for Mentally Retarded, reported on her recent visit to the home under construction in Cypress.

Mrs. Paul Kuykendall and Mrs. David Penick served as a committee to plan for the repair and replacement of the church's Christmas.

Mrs. James Sutherland volunteered to pack and mail used eyeglasses collected for New Eyes for the Needy.

Serving on the nursery and kitchen committee for March are Mrs. K. S. Knudson and Mrs. Arlen Edgar.

The committee in charge of Mobile Meals for March reported there were enough regular drivers, but asked for volunteers to substitute in case of emergency.

Mrs. Stan Kaatz was welcomed as a new member. Guests were Mrs. Koch and Mrs. Lee Telander.

Appear On Cover
Mrs. W. S. Dill, Mrs. G. A. Plummer and Mrs. Robert R. Truitt of Midland, members of the Western District, Texas Federation of Women's Clubs, are among district members pictured on the cover page of March's The Texas Clubwoman.

The whole concept of starting out to buy a gift already priced is wrong. I'd rather receive a 39-cent cookie cutter from someone who knows I love to bake than a \$50 check just because I happen to be on someone's Christmas list.

MRS. T. L. K.: DOVER, OHIO

DEAR ABBY: Some time within the last five years I read an article in a newspaper which stated that man had figured out how to square a circle!

I remember that this man's son was studying math, and that's how he became interested in the project. The man worked on the problem for months before he came up with the solution which led to the discovery of a new kind of curve. The article said that a university math professor confirmed the solution as correct.

When I mention that a man actually squared a circle I am told that it cannot be done, and that I am either out of my mind or I must have been dreaming.

Abby, I can't be the only person in America who read that article, but I am unable to come up with the proof. Please, please help me. I am beginning to doubt my own sanity. Isn't there some math genius who can come to my rescue?

BARBARA G. IN WILKES-BARRES, PA.

DEAR BARBARA: We'll soon find out. Geniuses? CONFIDENTIAL TO PUSSYCAT IN HOLMBY HILLS: Get to know him better first. And don't try to bring out the "beast" in a man until you're sure the "beast" in him isn't a skunk.

'Swan Lake' Program Topic
Mrs. D. A. Ross will give a history of "Swan Lake" for a meeting at 10 a.m. Tuesday of the Permian Civic Ballet Guild in the home of Mrs. George Clark, 2816 Frontier St.

INTRODUCTION — Anne Kenneth Sterling of Houston, center, was the guest of honor for a series of courtesies last weekend including an introductory party for 500 guests Friday in Midland Country Club given by the parents of her fiancé, Bert Johnson, and his sister, Karen. Pictured from left, are Mr. and Mrs. Ted Johnson, the betrothed couple, and Miss Johnson.

RHCC Association Gives Pairings

The Ranchland Hill Country Club Women's Golf Association will have a business session at 9:30 a.m. Tuesday in the clubhouse.

The 18-hole flight pairings will be:

Mrs. J. H. Johnston, Mrs. L. L. Fuller, Mrs. Marvin Wichey and Mrs. J. J. Carter; Mrs. V. D. Perkins, Mrs. Guy Proctor, Mrs. B. H. Oester and Mrs. Corinna Edwards; Mrs. Hugh Story, Mrs. David Hand, Mrs. Frank Dunlap and Mrs. James Mims; Mrs. Lloyd Miller, Mrs. John B. Campbell, Mrs. Claude Mitchell and Mrs. George F. Harton; Mrs. A. F. McAdams, Mrs. Jack Adams, Mrs. E. W. Donohoe and Mrs. Paul Varner; Mrs. G. W. Barb, Mrs. Jean Glahn, Mrs. E. L. Brinkberry and Mrs. Charles Woodruff; Mrs. H. G. Wilson, Mrs. Robert Cook, Mrs. O. A. Hun and Mrs. Jesse Wright; Mrs. R. O. Price, Mrs. R. H. Glath, Mrs. R. L. Peterson and Mrs. W. A. McCurt; Mrs. John E. Greer, Mrs. M. A. Warner, Mrs. Eyma Robbins and Mrs. Jerry Mobley; Mrs. Don Gilman, Mrs. C. D. Alchison and Mrs. Joel F. Mac; Mrs. George Cumber, Mrs. Arden Jordan and Mrs. W. J. Tamm; Mrs. E. M. Gorman, Mrs. C. E. Featherston and Mrs. B. J. Hinson.

Nine-hole flight pairings are: Mrs. Brandon Smith, Mrs. C. A. Roberts and Mrs. J. J. Labouff; Mrs. D. G. McMillan, Mrs. G. B. VanLandingham and Mrs. A. A. Jones; Mrs. John McMill, Mrs. E. W. Hochstetler and Mrs. Joel Starke.

POLLY'S POINTERS

Busy Gal Wants A Small Cooker

By POLLY CRAMER

Newspaper Enterprise Association

Polly's Problem
DEAR POLLY — I accidentally spilled suntan oil on a cotton shirt. It did not come out in the wash and I would like to know how to remove it. — DEBBIE

DEAR POLLY — My Pepee concerns not being able to buy a small pressure cooker. Years ago I bought a two-quart size that has been worth its weight in gold but the seal is now wearing out and I cannot find a replacement. There are so many working "singles" who would like to come home and quickly cook fresh vegetables or meat and we do not have storage room for the four-quart size. I am sure millions of people would buy them if someone would make a two-quart pressure cooker. — MARION

DEAR POLLY — Tell Doug to try using white talcum powder on the oily spot on his wife's off-white cashmere coat. It should come out if what the cleaners did didn't set it. Perhaps more than one treatment will be needed. — AMY

DEAR GIRLS — Removal of an oily stain with powder is doubtless the safest method for light-colored cashmere. Leave it on a while and allow time for the oil to be absorbed and then brush. Of course, this or anything else always will work best on a fresh stain. — POLLY

DEAR POLLY — After grating soft cheese I find the best way to remove all the soft particles from the grater is to rub a raw potato over it several times.

Use sugar tongs instead of using a pickle fork when serving hard-to-peep pickles, onions, olives and other such things. — MRS. W. C. J.

DEAR POLLY — I learned the hard way when washing a child's stuffed toy and a seam broke. I spent an hour scraping foam rubber stuffing out of the washer. When doing such washing in your automatic washer be sure to enclose the item in a nylon bag such as used for fragile things, or in two doubled nylon stockings, not a mesh bag. — DONNA

DEAR POLLY — Our curly-haired puppy recently got some burrs caught in his hairs. I used some of my sister's foam hair cream rinse straight from the can. I worked this into his coat and removed the burrs with no trouble at all. — MICHAEL

C.P.A. Wives Luncheon Held

The C.P.A. Wives Club met recently for a salad luncheon and "Crazy Bridge" party in the home of Mrs. Andrew E. Reed, 2403 Stanalind St.

Mrs. Tom Wurster was high scorer in bridge.

The hostesses were Mrs. Leon Jeffcoat, Mrs. Benny R. Polston, Mrs. Jerry L. Hudgens, Mrs. Horace Robb and Mrs. Bud Ulinger.

Guests were Mrs. Wilma Cleaver, Mrs. Nancy Saraclott and Mrs. Linda Lamworth.

"To save energy and money this summer... cool your home with Gas Central Air Conditioning.
You save with a gas system because it's a more efficient energy user than its electric counterpart. It's more efficient because gas, unlike electricity, is a direct source of energy. You don't have the energy loss that occurs in electrical generation and transmission.
We help you save in another way, too.
In addition to determining the exact cooling requirements of your home, our cooling specialists also check your attic insulation. If it's insufficient, insulation is added and included as part of the job. Proper insulation saves energy and money for both cooling and heating.
So, beat the summer rush.
CALL US NOW FOR A FREE COOLING SURVEY AND ASK ABOUT SPECIAL WINTER TERMS.

West Virginia Coal Miners Remain Off Jobs In Protest

By THE ASSOCIATED PRESS
 Some 20,000 West Virginia coal miners remained off their jobs today, pushing their walk-out into a second week, the West Virginia Coal Association said.

Emergency allotments of gasoline began to flow into the area over the weekend in an attempt to end the stay-at-home movement.

At Welch, Ellis England mounted the top of a car Sunday and told some 400 coal miners they should continue their work stoppage until federal and state officials meet 100 per cent of their fuel needs. Similar meetings were held

elsewhere in the state. The miners have complained that they can't get enough gasoline to get to work. In the mountainous areas of West Virginia, many miners say they must travel 90-125 miles to and from work.

United Mine Workers officials Sunday night urged a return to work in view of Federal Energy Office action to pump into the area an extra 650,000 gallons of gasoline from stockpiles.

But many miners say they still can't depend on getting gasoline because of shortened station hours and a state rule forbidding service to motorists with more than a quarter tank of gasoline. The walkout began on a limited basis a week ago today.

serve fuel. Most states had 70 m.p.h. speed limits in effect prior to the energy crunch, and the higher speeds burn more fuel in most vehicles.

—A telephone poll by The Phillips-Stein Survey revealed Sunday said the greatest impact of the fuel crisis has been felt in the Northeast and Pacific Northwest. The poll of 6,628 persons showed 85 per cent had been affected by the shortage nationwide compared to 95 per cent in those two areas.

Lubbock Sets 'Mahon Day'

LUBBOCK — The city of Lubbock has officially proclaimed March 16 as George and Helen Mahon Day.

The Mahon's will be in Lubbock as guests for the dedication of the new \$1.5 million George and Helen Mahon Library. Ceremonies will begin at 10:30 a.m. on the south side of the library, located at 1906 9th Street.

According to Mrs. Jack F. Strong, chairman of the Library Dedication Planning Committee, "Everyone is cordially invited to attend the dedication ceremonies, followed by an informal open house where Congressman and Mrs. Mahon will greet and visit with those attending."

Charges Disputed
 —Sen. Abraham A. Ribicoff, D-Conn., in an appearance on ABC's Issues and Answers, charged that the oil companies have made their highest profits in history while hiding the fact that there is enough oil to go around.

But John Swearingen, head of Standard Oil Co. of Indiana (Amoco), responded that there is a real shortage of oil due to the continuing Arab oil embargo and other factors.

—The gasoline shortage has caused a decline of 10 to 20 per cent in traffic on major toll roads throughout New England, officials said. Revenues declined by like amounts.

—Only a handful of service stations were open in Massachusetts, despite the urging of Gov. Francis W. Sargent that they open for business on Sunday.

EVERYTHING'S QUIET—Mayor Marlo Miller, 56, says he doesn't think the energy crises will have much effect on Roswell, N.D., and its population of 32. And he says the townspeople don't talk much about Watergate. Miller also is postmaster and water superintendent, while his wife Chris, 35, is Roswell's constable. (AP Wirephoto.)

Wallace Forces Push For Delegates

WASHINGTON (AP) — Alone among top Democrats, the forces of George Wallace are mobilizing to elect delegates to the party's midterm mini-convention this December.

However, a principal organizer of the effort, Mickey Griffin, said in an interview the idea is to train the Wallace troops in using party processes, rather than seeking to control the Kansas City conference.

Although Griffin denies the effort is a test run for the 1976 Democratic presidential contest, he conceded "the process for electing delegates is basically the same as will be used in 1976."

Griffin said some 200 Wallace backers from 25 states attended a two-day meeting in Houston, Tex., last weekend to discuss rules for electing delegates to the 1974 conference to write a party charter and discuss other matters.

"It really doesn't make a difference if we elect 200 or 1,000 to the 2,000-delegate session," Griffin said.

"We're concerned that our people get familiar with and involved in the Democratic party and participate in it."

Along with the continued fund raising and informational activity by the Wallace presidential headquarters in Montgomery,

the 1974 effort is another sign that the Alabama governor hopes to try again for the Democratic nomination.

It also indicates that the Wallace camp is determined to avoid its 1972 mistake.

Although the Alabama governor scored well in a number of 1972 primaries, including those in the North, his failure to understand the way in which delegates are picked gave him far less strength in the nominating convention than he might have had.

Some party leaders feel that

an all-out Wallace effort, plus a large field and the impact of the proportional representation rule giving delegates to all candidates with at least 15 per cent of the vote, could give him more delegates than any other hopeful when the 1976 convention starts.

Even if that happens, however, few think he would ever be nominated.

Carr-Osorio Trial In Testimony Stage

DALLAS, Tex. (AP) — The federal court trial of Waggoner Carr and John Osorio reached the testimony stage today with the government due to put the first witness on the stand.

Carr, former Texas attorney general, and Osorio, former state insurance commissioner, are named in a four-count indictment alleging fraud in the sale of securities, false filing and conspiracy.

One of two remaining co-defendants—Thano Dameris—last Friday pleaded guilty to a misdemeanor and felony charges against him were dropped. He is expected to be a government witness.

Dameris is a Houston attorney. Conviction of a felony would have amounted to automatic disbarment.

Another co-defendant, David Hoover, is mentioned in one

count of the indictment dealing with sale of securities. All are former officers of two of the companies formerly owned by Frank Sharp of Houston, the financier whose business empire collapsed following an investigation by the Securities and Exchange Commission three years ago.

The trial began about three weeks ago in U.S. District Court Judge William M. Taylor's court. Jury selection was not completed until Thursday, and testimony was delayed further after Osorio became ill with the flu.

Tom Max Thomas, a former co-defendant in the case, is expected to be the government's first witness. The government dropped charges against Thomas and Jarrell Ormand, another co-defendant expected to testify for the government.

Midland Teachers Preview Pilot Film

AUSTIN — Two Midland educators today helped preview a pilot educational film on economic concepts.

Dr. Marianne Bonds, business administration instructor at Midland College, and Mrs. Patty Smith of Austin Freshman School helped preview the film "Profit," which will be tested in the Permian Basin.

The film was sponsored by a \$96,000 grant from the U.S. Chamber of Commerce and uses dramatic television techniques to teach economic concepts.

"We hope the film will catch and hold the student's interest while he gains economic understanding," Dr. Bonds said.

If the pilot film is successful, the Chamber of Commerce plans 30 similar films on economic theory.

Stallion Service Auction Scheduled

A stallion service auction will be held at 7:30 p.m. Saturday at the West Texas Appaloosa Arena here.

The auction, which will be sponsored by the West Texas Appaloosa Club, requires a minimum bid of \$50.

All mares must be American Quarter Horse Association or Appaloosa thoroughbreds.

The Appaloosa Arena is one block east of Lamesa Road off the Garden City Highway next to the VFW Post.

Further information may be obtained from Bill Parker at 682-5525.

Car Hits Fence, Parked Pickup

A car went out of control shortly before 4 p.m. Saturday, went through a fence and hit a parked pickup truck, which was thrown against a house.

There were no injuries and damage to the vehicles and house was light, Patrolman R. M. Roberts reported.

Driver of the car was William Charles Thomas Jr., 16, of 1506 S. Marshall St.

Owner of the parked vehicle and resident at the house at 1000 S. Fort Worth St. was Elpidio Martinez.

WARREN FALLER

WHAT IS THE TRUTH?
 "Thy Word is Truth" (John 17:17)
 by Bryan Bost

God's love makes the difference.

His love makes the difference between salvation and condemnation, between an abundant life and futile human existence. God in his love sent Jesus his Son to live on the earth and to give his life for our sins. His boundless love was seen in this sacrifice. As scripture says, "For God so loved the world that he gave his only Son, that whoever believes in him should not perish but have eternal life" (John 3:16). God's love makes the difference because only in God's action is there true salvation. God was acting in Jesus Christ in order to "seek and to save the lost."

His love makes the difference in your life only when you respond to his love, when you become properly related to him as an obedient child. His love is for all but salvation only as we turn to him. This is seen in Romans 2:4 where the statement is "Do you not know that God's kindness is meant to lead you to repentance?" (repentance meaning a turning from sin to God) and in II Peter 3:9 where God is spoken of as "not wishing that any should perish, but, according to his word, is effective for our salvation only when we obey him."

God's love makes the difference. Allow it to be the difference in your life.

Irresponsible Action!

Ridiculous is the word for it! And this refers, of course, to the irresponsible action of the House of Representatives in passing the emergency energy bill, which previously had gained Senate approval.

How in the world two members of the Texas delegation could vote for the bill is difficult to figure. Supporting the measure were Reps. Wright Patman of Texarkana and Jake Pickle of Austin.

The other Texas House members stood by their state's leading industry, the welfare of which means a great deal to the state's economic welfare.

The House, by its action, took a stand against the petroleum industry and particularly against the independent operator — the person who finds and develops new oil fields but who is not engaged in refining, processing, transporting or marketing.

The House action also is a barrier in the path of energy shortage relief.

Congressman George Mahon said the effect of the measure would be to roll back oil production, diminish the supply of oil and, in the long run, increase gasoline prices.

He said he voted against and spoke out against the proposed legislation and that he would vote to sustain a presidential veto of the energy bill.

U.S. Sen. John Tower also has said he will work diligently to see that the Senate sustains a veto of the measure.

President Nixon has said he will veto the legislation. The survival of the independent operator hangs in the balance, depending on whether the veto is upheld in the House or Senate.

Should the legislation stand, the price of oil would be rolled back to \$5.25 a barrel, with a price ceiling fixed at \$7.09 per barrel. Ridiculous? Certainly!

This really would disrupt the petroleum industry and its all-out effort to find and produce more oil.

If the veto is upheld, one of the greatest efforts ever in the search for new oil and gas reserves will be under way. On the other hand, if the emergency energy bill becomes law, the expanded effort to find new oil fields would dwindle and we would be right back where we started. Oil simply cannot be produced profitably at the rollback price.

Surely all members of Congress can see and realize this. Yet, the majority went right ahead with their "nation be damned" attitude. They are the ones who must shoulder the blame for less fuel at higher prices if their legislation stands.

'I'm Drilling For Oil'

The Washington Merry-Go-Round

Jack Anderson Says: Byck's plan might have worked at Philadelphia International.

WASHINGTON—If Samuel Byck, who was foiled in his attempt to dive an airliner into the White House, had tried his home airport of Philadelphia instead of the more secure Baltimore, he might have carried off his fantastic scheme.

This is the chilling finding of Rep. John Murphy, D-N.Y., based on confidential Federal Aviation Administration documents on Philadelphia and his own clandestine visit to the Philadelphia airport.

We also have had access to a confidential, nationwide FAA security survey which shows 80 per cent of the nation's airport weapon detectors don't work and half of these cannot identify pistols concealed on a passenger.

Byck used just such a .22 calibre "Saturday Night Special" to kill a security guard, a copilot and himself on February 22. Had the deranged Philadelphian passed quietly through a defective "magnetometer" in Philadelphia instead of staging a Wild West shootout in Baltimore, said Murphy, "ironically enough... he might have succeeded."

For the thick sheaf of documents show that Philadelphia was precisely the place to pull off the escapade. States the FAA bluntly.

"The history of the attempt to obtain security and compliance with Federal Aviation regulations at Philadelphia is one of continuous and intentional delay and failure to comply..."

The FAA documents, substantiated by Murphy's undercover visit with an FAA inspector, reveal unknown persons drift back and forth through unlocked security gates, and vehicles enter "secure" jet areas without challenge.

"Trans World Airlines has officially complained of their inability to maintain the security of their 'sterile concourse' because of the failure of the airport to secure their doors," says the FAA report. "Aircraft are accessible to unauthorized people."

FAA Survey: The nationwide FAA survey also found poor security at Albany and Buffalo, N.Y.; Fairbanks, Alaska; Lynchburg, Va.; and San Francisco.

In a letter to House Commerce Chairman Harley Staggers, D-W.Va., Murphy described a recent forced landing by a United Airlines jet caused by a passenger armed with an undetected knife.

"Based on past experiences we can anticipate more such acts," he wrote. To head off "an exorbitant man-made aircraft disaster," said Murphy, \$7.5 million should be allocated immediately to beef up major airport security equipment.

Murphy also wants to train a federal airport protection force to replace the "untrained 'rent-a-cops'" now employed for security.

Footnote: At Philadelphia International Airport, Operations Manager Charles Rogers candidly admitted that "an immense rebuilding program" had left the airport less secure than he wanted and that the FAA had cited the facility for violations. Rogers said a financial squeeze prevented him from putting guards at every opening

cars to drive to the filling station lines."

Metcalf also has uncovered political dangers to American imports of tin, with 77 per cent imported mostly from Malaysia, Thailand and Bolivia. He is worried, too, about chromium, all of which comes from abroad, mainly Russia, Africa and Turkey.

The Metcalf study's ingenious solution is to open up the deep sea bed to American mining. Britain already has offered several million dollars to private mining companies to explore the ocean bottom.

On the ocean floor, Metcalf reports, there are countless metallic nodules, looking like burned potatoes, rich with manganese, iron, copper and cobalt.

Metcalf plans to hold two days of hearings and to press witnesses from the Departments of State, Interior, Treasury, Defense and Commerce to get an American deep-water mining effort underway before manganese, tin and chromium embargoes are organized.

The Country Parson

"Men should live simply — especially if they can afford not to."

JACOBY ON BRIDGE

By OSWALD and JAMES JACOBY

(Newspaper Syndicated Columnist) JIM: "The code word ARCH: Analyze the lead, Review the bidding."

Bridge bidding chart with columns for NORTH, WEST, EAST, SOUTH, and PASS, listing various bids and their meanings.

reviews the bidding and notes that South opened one notrump. East has 10 high-card points as does dummy. That leaves 20 for West and South and since South's bid has shown 16-18, West can't have much.

Furthermore, it looks as if his king of diamonds is the only trick the defense can take outside the spade suit."

Jim: "This review and analysis should be made quickly because if East wants to beat the hand he must play his queen, not the ace. If he plays the ace South will hold back his king until the third spade lead. If he plays the queen, South will be afraid to duck and when East gets in with the king of diamonds the spade suit will run."

RAY CROMLEY Independence In Energy Termed Slogan, Not Fact

WASHINGTON (NEA) — This reporter sat in the other day on meetings of an advisory committee for President Nixon's independence-in-energy-by-1980 program. It was an eye opener.

For one thing, it was made clear that if the Arabs lift their embargo immediately and begin shipping in April at the pre-embargo rate, the United States will still be 8 per cent short of fuel.

For another, no one at the meeting talked about independence in six years. The publicly proclaimed year — 1980 — is a slogan, not a reality.

The date used in these conferences was 1965, more than a decade hence.

Even for 1965, the advisers were not talking of independence. The best they hoped for was that by 1965 the United States would be increasing production and energy-saving measures at a pace great enough to convince the Arab states and other oil-rich countries this nation could hold its own in any future embargo and that the West, with American help, would be in a position to get by without a collapse.

The hope thus is that the Arabs would think three times before again starting a boycott or leap-frogging prices out of sight.

Finally, the President's energy plan as outlined is based on guesstimates so hazy the officials who produced the figures and outlined the forecasts at times apologized profusely for pulling data almost out of thin air.

Even so, the revised plan doesn't call for the huge energy increases popularly imagined.

Of the total improvement in the supply-demand balance hoped for, equivalent to 16 million barrels a day of petroleum by 1965, almost half — seven million barrels — is to be achieved through conservation. That is, by holding down the use of oil and other forms of energy through the widespread adoption of energy-saving devices and practices.

This predicted saving is admittedly a wild guess and was, in fact, arrived at by taking the total normal energy demand predicted for 1965 and arbitrarily assuming 12 per cent could be saved.

One administration man expressed the mathematics in other terms. The goal, he said, is to cut the annual energy consumption growth rate from the present 5 per cent to 3 to 3.5 per cent.

The other nine million barrels daily gain by 1965 would be achieved by production increases. More than half of this — five million barrels — would be accounted for by the Alaskan pipeline.

The equivalent of some 2.5 million barrels would be made available by increases in coal production and by coal conversion.

Added nuclear plants would account for a gain of only 600,000 barrels a day of oil equivalent, and hydroelectric, solar and geothermal development for 800,000 barrels.

As seen from the above figures, what we are talking about for 1965 is primarily a downhold on consumption plus a major boost from Alaska's North Slope. The other boosts — from coal, oil shale, solar energy, geothermal power and nuclear stations — are going to move ahead slowly.

To encourage the conservation administration plan calls for, William Simon's Federal Energy Office is studying four possible levies — an increased tax on gasoline, on crude oil on all energy sources and on excessive residential energy use.

There are hundreds of energy-saving techniques and devices at hand. Many are already being used successfully here and abroad to increase industrial

Dear Editor: I see where Congress voted the other day to make oil companies roll back their prices on crude oil.

If this law survives Mr. Nixon's promised veto, maybe it will lead to a whole batch of laws requiring grocery stores to roll back food prices, the postal service to roll back postage prices, etc.

Then maybe us citizenry could get together and vote to require Congress to roll back taxes, and to roll back their own and the bureaucrats' wages instead of raising them.

D. E. SCOTT Crossroads, U.S.A.

BUSINESS MIRROR Today's Gold Rush May Indicate Fear, Distrust

By JOHN CUNIFF AP Business Analyst

NEW YORK (AP) — To John Flynn, who does a booming business in precious metal coins here, there is something quite different about the latest gold rush.

Rather than greed, it seems to indicate great fear and distrust. And judging by the crowds that daily jam their way into his shop, the gold craze has affected a wider spectrum of society than might be realized.

One man explained it succinctly. "You're a bit young and you don't remember it but I do," he said to the salesman as he prepared to buy some gold coins. "I lived through the 1920s." That was the boom that led to the bust.

"People of not very great means are worrying about their bank savings," said Flynn. "They're worried about inflation. Many of them are withdrawing their savings and buying gold coins."

If this is so it hasn't yet made any impression in the statistics. Money continues to pour into savings accounts and the widely held view is that the savings rate will rise through much of the year.

But many thousands of Americans, some of whom would feel mortified if called speculators, are buying up gold coins and probably would be hoarding gold bullion too if they were permitted by law.

"Individuals who have been buying coins lately seem to be holding them for the longer term," Flynn said. "They're just not cashing in. There is no question in my mind that they fear paper money and continued inflation."

At midweek the price of gold at the big London market was \$169.50 a troy ounce, after having been more than \$10 higher a few days earlier. But six years ago the price was only \$35, and last year between \$80 and \$100.

At the Perera Fifth Avenue outlet, which Flynn operates as part of the international Deak-Perera Group of coin and foreign exchange dealers, customers were paying \$365 for a U.S. \$20 double eagle coin. A year ago the price was \$185.

The big jump was, of course, based on the higher price of gold bullion. But why should a Double Eagle, containing 0.968 troy ounces of gold, sell at such a huge premium?

The situation is indeed a curious one. Silver coins, in contrast, sell for very close to the value of their silver content. But gold coins are sold at premiums of 25 per cent to 120 per cent over their gold content.

Dealers say the cost of minting adds 10 per cent to the price, and the mini's markup another 5 per cent. The remainder is said to be accounted for by transportation and broker markup.

But a good deal of that price results from the traffic. Some coins are "in," some hard to find, others quite beautiful, and many — for various reasons — are of limited availability. Demand, in other words, exceeds supply.

The BIBLE Can You Quote It?

By LAVINA ROSS FOWLER

The word "presbytery" pertaining to judicial power of ministers and ruling elders, may have had its beginning at the ancient church in Lystra, which was composed of Jews of the Sanhedrin. It must be remembered that all Christian churches began with Jews. Jesus was a Jew. Predestination has been considered a strong point with Presbyterians. Is this substantiated by the Bible? Romans 8:29-30, Eph. 1:5-11.

2. Elders were the patriarchal head of the family. Name the first recorded elder. Genesis 10:21

3. What deference should be accorded elders? 1 Timothy 5:1

4. Name the Father of Adam. Luke 3:38

5. "Man shall not live by bread alone, but by —." Luke 4:4

Four correct... excellent. Three... good.

BERRY'S WORLD

There were 56,600 motor vehicle traffic deaths in the United States during 1972. Montana had the highest fatality rate with 7.3 deaths per 100 million vehicle-miles followed by Mississippi's rate of 7.0 and Nevada's 6.7. Rhode Island had the lowest death rate at 2.5 followed by Connecticut's rate of 2.6 and New Jersey's 2.8. The World Almanac notes: California and New York had death rates of 3.9 and 4.2.

Young Artists' Backgrounds Impressive

The four young visitors who will be guest artists with the Midland-Odessa Symphony in its pair of season subscription concerts this week bring with them impressive backgrounds in training as well as in performing experience.

The first concert in which the young people will perform is scheduled for 8 p.m. today in Odessa's Bonham Junior High auditorium, followed by the second at 8 p.m. Tuesday in Lee High School auditorium here.

Single admissions will be available to the public before the start of each concert, priced at \$4 for adults and \$1 for students.

The guest artists, who were named preforming winners in the 13th annual National Young Artist Competition held here in late January, are coloratura soprano Melanie Dement, Harcrow of Houston, Candace Ann Bawcombe of Cleburne, William Fitzpatrick of Nashville, Tenn., and Andres Jorge Cardenes of Culver City, Calif.

Mrs. Harcrow, 24, a graduate student at Sam Houston State University, Huntsville, is a vocal student of Dr. Walter Foster, chairman of the voice department in SHSU's School of Music.

Although she has studied piano for 13 years, she did not become

seriously interested in a musical career, or in majoring in voice, until her senior year in high school.

She has been on a music scholarship at SHSU for six years, and during the past year and a half has been a teaching fellow at the university in addition to taking graduate courses. She holds membership in Alpha Chi Omega social sorority and in several professional organizations, including Phi Mu Alpha, music fraternity which recognized her as Outstanding Female Musician in 1972-73.

She has sung leading roles in a number of operas, including Violetta in "La Traviata," Nedda in "I Pagliacci," Gilda in "Rigoletto" and Marguerite in "Faust." She hopes to pursue a professional performing career in voice.

Miss Bawcombe, 17, who attends Cleburne High School, studies piano with Mme. Lili Kraus at TCU in Fort Worth.

The young woman began piano study at the age of four, studying first with Cleburne teachers and later with the late Grace Ward Lankford at Fort Worth. She began studying with Mme. Kraus at the age of 11.

Miss Bawcombe was winner one year of the Fort Worth Sonata Competition at TCU, and has participated in National Piano Teachers Guild competition for a number of years. She represented the Camp Fire Girls of America by playing two concerts at HemisFair in San Antonio in 1968. More recently, she has won first place in regional and state keyboard contests in University Interscholastic League competition. Last spring she played a recital at the Dallas Museum of Fine Arts, one of many recitals she has presented in the Dallas-Fort Worth area.

She is a member of the Youth Orchestra of Greater Fort Worth, serving as pianist as

well as percussionist. She plans to attend The University of Texas-Austin, where she has received the coveted Irl Allison Piano Scholarship. She hopes ultimately to combine teaching with an active concert career—but she wants marriage and a family as well.

William Fitzpatrick, 24, is on full scholarship at the Juillard School in New York City, where he is in the second-year level of study.

He studies violin with Dorothy Delaz at Juillard; formerly he studied with Stephen H. Clapp, Pierre Menard and Patricia Herada.

Nashville Winner
In 1968, he was winner of the Phi Mu Alpha competition at Nashville, and he has performed many recitals in the Nashville area. He was a solo performer with the Nashville Symphony Orchestra in 1970, and had performed with the Peabody College Orchestra the year before. He was awarded a financial contract to the Aspen Festival in Colorado during the years 1970 to 1973. A professional performing career is his goal.

Cardenes, 16, is an 11th grade student at the Interlochen Arts Academy at Interlochen, Mich. The young man became interested in the violin at the age of 10 and is majoring in that instrument at Interlochen, where he holds the only three-year full scholarship ever to be granted in the academy's history.

Chasemen Student
Cardenes has been a summer student of violinist Joachim Chasemen and at Interlochen Academy has studied with Angel Reyes and Brian Hanly.

No Gas Lines On Santa Catalina

AVALON, Calif. (AP) — The only gas station on Santa Catalina Island was open, but not one car had pulled up to the pumps in nearly 30 minutes.

"This new rationing plan is for the birds as far as we're concerned," said Norman Cooper, Tremont Street Garage manager.

Avalon is part of Los Angeles County, which has adopted an odd-even fuel distribution plan based on license plate numbers. The city has a population of 1,500 and is the only town on Catalina, which is 25 miles long and 27 miles to sea from San Pedro.

There are only 750 cars, jeeps and trucks on the island. "People in town have read about the problem in the papers or heard about it on tv," said Cooper. "But they've just stopped using their cars as much. They're riding their bicycles more."

Advertise Or Be Forgotten!

PINE OFFICE EQUIPMENT
SPECIAL OF THE WEEK—Air clean, oil and adjust portable typewriters—SILK, ballpoint pen ribbons—Murray Maddox, Service Mgr. 417 S. Main 693-2361

Presently his violin mentor is Percy Kalk, and before that his teacher was Jancio Czini.

Cardenes is this year's winner of the Interlochen Academy's annual concerto competition, which afforded him a solo appearance with the Interlochen orchestra. He has also been solo artist with the Beach Cities Symphony Orchestra and the California Junior Symphony Orchestra. He has been a member of several youth and junior symphonies, and currently is co-concertmaster of the Interlochen orchestra.

Cardenes recently was accepted for study with renowned violin pedagogue Ivan Galamian, and plans to attend the Meadowmount Music Camp this coming summer. He will enroll in Philadelphia's Curtis Institute of Music in the fall.

The young man, who hopes to become a concert violinist, also is interested in conducting as well as composing.

YOUNG ARTISTS HONORED—Winners in the 1974 National Young Artist Competition have returned for concert appearances with the Midland-Odessa Symphony tonight and Tuesday night. Shown with three of the winners prior to a dinner in their honor in the Robert B. Boyd home Saturday night is Mrs. Howard W. Parker, second from right, competition chairman. The young musicians from left are Andres J. Cardenes, Candy Bawcombe and William Fitzpatrick.

Y, Westside Lions To Sponsor Special Entertainment Day

The YMCA and the Westside Lions club will combine efforts Saturday to provide a special day of free family entertainment for Midlanders.

The Lions will sponsor a variety and talent show at 2:30 p.m. in the Alamo Junior High School Auditorium. The show will feature comedians, instrumentalists, skits and singing groups.

From 5:30-8 p.m. at Alamo, the Y will present a Family Carnival Program, which will include gymnastics, tumbling, mini-bikes, baton, basketball, baseball, softball and girls' activities.

Highlighting the carnival will be a tethered balloon flight by the Permittan Basin Aeronaut Hot Air Balloon Club.

AFTER GRAMMY AWARDS—Melody Lingers On

By LINDA DEUTSCH
LOS ANGELES (AP) — The melody of the Grammy Awards lingers today for the winners—Roberta Flack, Stevie Wonder, Bette Midler and more.

Members of the National Academy of Recording Arts and Sciences celebrated the year gone by with a gala show Saturday night.

They chose "Killing Me Softly With His Song," a musical tribute to music, as record of the year, and its artist, Roberta Flack, as top pop female vocalist. It was the second consecutive year Miss Flack won the record of the year award.

The prestigious "album of the year" citation went to Wonder, the blind composer-singer-musician for "Innerservations." He claimed the most Grammys of the show—four in all.

In the ceremony's most emotional moments, Wonder, wearing dark glasses, was led to the stage first by his mother, then by a brother and sister. He paid tribute to his family, insisting that his mother take one of the awards, and recalled how he almost died last summer in an auto accident.

"I thank God he's alive to accept these awards," said his mother, Loulah Haradway of Detroit.

Wonder accepted one of his trophies in memory of singer Jim Croce, who was killed in a plane crash last year.

In addition to album of the year, Wonder's awards were best male pop vocal, "You Are the Sunshine of My Life;" best rhythm and blues vocal, "Superstition;" and best composer of rhythm and blues for "Innerservations." "Innerservations" also was named best engineered album.

The flamboyant, red-haired Miss Midler, whose singing style is reminiscent of the 1940s, accepted her Grammy as best new artist of the year with the exclamation, "Isn't this a hoot!"

Miss Flack, whose career peaked with last year's winning song, "The First Time Ever I Saw Your Face," said she was overwhelmed at winning again. "I want to thank the world!" she said.

Gladys Knight and the Pips claimed two awards as best pop and rhythm and blues group. In the country music field, big winners were Charlie Rich and Olivia Newton-John.

The Midland Reporter-Telegram
SPORTS
10A—MONDAY, MARCH 4, 1974

Carolina Topples Indiana, 110-108

UNIONDALE, N.Y. (AP) — Acting Coach Freddie Lewis decided to stop acting Sunday and so did the rest of the Indiana Pacers.

"I look myself out so I could sit down and see what was going on," said Lewis, who started the game against New York in Indiana's backcourt but didn't play at all in the second half.

Lewis was coaching his second consecutive game in place of Bob Leonard, who has the flu. Saturday night, the Pacers lost to Carolina 110-108 and it looked like more of the same when they trailed the Nets 60-40 at the intermission.

Lewis, whose ambition is to coach when his playing days are over, found the right combination, though. The Pacers ripped off an incredible 30-30 second half and made off with a 120-99 American Basketball Association triumph that dropped the Nets out of first place in the East Division.

Lewis has a 12-3 coaching record over the year while filling in for Leonard.

Elsewhere in the ABA, San Antonio crushed Virginia 111-79 and Denver walloped San Diego 139-112.

In the second half, Lewis started Don Buse and Joyce in the backcourt and they combined for 15 points in the third

Tops Blancas, Jamieson By Three-Stroke Margin

By BOB GREEN
ORLANDO, Fla. (AP) — Jerry Heard, considered one of pro golf's brightest young stars until he began a futile, frustrating search for perfection, says he's straightened out his act on some advice from his wife.

"She's watching me hit those big hooks in the woods and she says, 'What the hell are you doing? Why don't you go back to the way you played before?'" Heard said.

He did, and the result was a front-running, three-stroke victory over Homero Blancas and Jim Jamieson Sunday in the \$150,000 Citrus Open.

Heard, occasionally whistling softly to himself, fashioned a three-under-par 69 in the final round and won with a 273 total, 15 under par on the 6,929-yard Rio Pinar Country Club course and comfortably in front of Blancas and Jamieson, tied at 276.

Jamieson, playing in only his second event after returning from an injury absence, had a 67 in the bright, warm sunshine and Blancas took a 70.

South African Bobby Cole, 69, and Bob Murphy, who once got to within a single shot of the lead midway through the last round, tied at 277. Murphy had a closing 71.

The group at 278 included Lee Elder, Chi Chi Rodriguez, Bruce Crampton of Australia and Leonard Thompson, who scored his first professional victory just a week ago. Elder had a 69, Rodriguez 71, Crampton 70 and Thompson 72.

Lee Trevino matched par 72 in the last round for 284 and Arnold Palmer went to 74-278. Jack Nicklaus, Tom Weiskopf and Johnny Miller didn't play here.

Five Outfielders Seek Wynn's Slot

COCOA, Fla. (AP) — Houston Astros Manager Preston Gomez says he has five candidates for outfielder Jim Wynn's job.

The right field spot was left vacant when Wynn was traded during the winter to Los Angeles for Pitcher Claude Osteen.

The candidates are Bob Galagher, Greg Gross, Jayson Moyer, Mike Easler and Cliff Johnson.

All are rookies with the exception of Gallagher, who has a year's experience with the team.

"Of the five," Gomez said, "Gross and Gallagher can do a few more things. They are a little more advanced. But I'm thinking I may have to platoon there."

Happy Hop by Jerry Heard during Citrus Open golf

Russians Humble U.S. Track Team

By STEPHENS BROENING
MOSCOW (AP) — "I am teaching you how to run, not how to throw the baton," snapped Don De Noon, Mary Decker's high school coach.

Elbowed off the track in her last lap during Saturday's anchor leg of the women's medley relay against the Russians, little Mary set a personal record for bad temper and a world mark for most batons thrown at an opponent.

Sarmite Stula, the muscular blonde Russian who fouled Miss Decker, earned her team's disqualification for interference, and Mary's two missed losses with the baton caused the U.S. women's relay team to be eliminated for "unsportsmanlike conduct."

Asked how she felt after the incident, which took place in the closing minutes of the United States' 158-124 loss to the Russians in a dual indoor meet, the 15-year-old Miss Decker exclaimed, "Yecchi!"

The girl wonder from Garden Grove, Calif., is considered the best of the young American runners. She already holds world indoor records for the 800 and 1,000 yards.

In the relay event she squandered a five-yard lead and was overtaken by Miss Stula on the next-to-last of the sharp turns at Moscow's Znamensky Brothers Stadium.

Miss Stula cut in front of Miss Decker at the start of the

turn, bumped her, hit her with a sharp elbow and, as Mary says, jammed her baton into the U.S. girl's solar plexus.

Stunned, the teenager slowed to a trot and threw her baton at Miss Stula in an overhand pitch. It missed.

The Russian women outclassed America's female best by a score of 74-54 and the Russian men were equally successful, beating the American males 88-72.

Not even a world-record performance by Li Tom Hill in the 60-meter hurdles, a record-setting sprint by Clifford Outlin or an upset of Russia's highly-regarded decathlon man could alter the outcome.

Hill, a 24-year-old Arkansas State graduate, trimmed a tenth of a second off the world indoor mark for the 60-meter hurdles. He was timed in 7.3 seconds. Willie Davenport of Baton Rouge, La., was second in 7.4.

Another of the few things that the Americans had to cheer about was Outlin's performance. A 20-year-old from Birmingham, Ala., Outlin equaled the 60-meter indoor mark with a 6.4-second sprint and Steve Gough of Seattle performed prodigiously, beating Nikolai Avilov in the pentathlon, 4,166 points to 4,106. Avilov, the world-record decathlon champion, was believed to be unbeatable.

Michael Slack of Fargo, N.D., took a courageous American victory in the 1,500 meters over Pyotr Anisim. Slack passed the Russian on the last lap.

But overall Soviet depth and balance won out, with chunky Nadezhda Chizhova's world-record heave of the shot put, 69-11 1/4.

Minnesota Tops Sharks In WHA Tilt

By The Associated Press
Mike Walton closed out a hot week with a hot game Sunday night, scoring three goals and adding an assist to lead his Minnesota Fighting Saints to a 5-3 victory over the Los Angeles Sharks.

The points gave Walton 11 in four games for the week, 91 for the season, and vaulted him past venerable Gordie Howe of Houston into the World Hockey Association scoring lead.

It was the fourth time this season Walton has scored three in one game, not to mention the WHA All-Star game, when he did it in a losing cause.

The Saints, almost as hot as Walton, ran their unbeaten streak to nine games with the victory.

Elsewhere in the WHA, the Winnipeg Jets topped the Quebec Nordiques 4-3; the New England Whalers downed the Houston Aeros 6-3; the Cleveland Crusaders and Edmonton Oilers tied 3-3; and the Toronto Toros edged the Chicago Cougars 5-4.

Jets 8, Nordiques 6
Bobby Hull scored a goal in each period — including the 70th of his professional career — to lead Winnipeg past Quebec.

The milestone goal for Hull also was the gamewinner. He lifted a rebound high into the Nordiques net to give the Jets a 7-4 lead midway through the third period.

Whalers 6, Aeros 3
Tom Williams and Al Karlander each had two goals to pace the Whalers' triumph.

Crusaders 3, Oilers 3
The Cleveland Crusaders, losing 2-0 and outshot 16-1 in the first period, came back on goals by Robbie Neale, Grant Erickson and Jim Wiste to tie the Edmonton Oilers 3-3.

Toros 5, Cougars 4
Guy Trottier's two goals led the Toros past Chicago. Wayne Carleton opened the scoring for Toronto, but the Cougars took over and led three times before Trottier scored the winner at 14:57 of the final period.

Knicks Cop NBA Victory

BOSTON (AP) — Anyone who thinks basketball is a non-contact sport has never seen the New York Knicks and Boston Celtics match muscles.

They knock heads and consider it just getting ready for the playoffs.

"It's all part of the game," veteran Bill Bradley said after his usual aggressive tactics helped the Knicks to a 108-102 National Basketball Association overtime victory over the Celtics Sunday before a packed crowd of 15,300 and a national television audience.

Bucks 112, Rockets 108
Kareem Abdul-Jabbar scored 12 of his season-high 44 points in the fourth quarter to lead the Bucks back from a 10-point deficit.

Bullets 98, Cavaliers 93
The Bullets scored 11 consecutive points to pull ahead in the third period, but went without a field goal for the final 5:19. They still managed to hold off the Cavaliers.

Suns 113, Kings 100
The Suns cracked a seven-game losing streak behind Dick Van Arsdale's 23-point performance.

Pistons 99, Trail Blazers 95
Detroit's Bob Lanier scored 30 points to help the Pistons break their four-game losing streak. Dave Bing added 24 for the Pistons, who made 35 of 50 shots from the free-throw line.

Lakers 108, Warriors 104
The Lakers moved to within a half-game of the Pacific Division-leading Warriors behind Jim Price's 26 points.

Seton Hall Cops IC4A Title

By BERT ROSENTHAL
PRINCETON, N.J. (AP) — Jumbo Jim Elliott, Villanova's long-time track and field coach, found himself in a most unusual situation during the final event of the 1974 IC4A indoor championships.

He was rooting for Seton Hall.

Elliott backed the right team. Seton Hall won.

The Pirates' victory in that race — the one-mile relay — coupled with Manhattan's second-place finish, gave Villanova an unprecedented 13th team title — all since 1957 — in the

two-day IC4A meet at Princeton's Jadwyn Gym. And it established the Wildcats as one of the favorites in the NCAA Indoor Championships at Detroit's Cobo Arena Friday and Saturday.

Villanova finished with 29 points while Manhattan, the defending champion and favorite, and Seton Hall tied for second with 28. It was the closest three-team finish in the meet's 53-year history.

"I never thought I'd be rooting for Seton Hall," Elliott said while Manhattan and Seton Hall were fighting for the lead

in the final relay, one in which Villanova did not have an entrant.

Going into the race, Villanova had 29 points, Manhattan 24 and Seton Hall 22. The Jaspers, seeking their second straight team title, needed the six first-place points for a victory. The other points for second would leave them one shy. All Villanova could do was watch and root.

The pressure was on the Jaspers' young, inexperienced team of freshman anchorman Jim Nathaniel, sophomores Eric Thurton and Robert Jones

Vandy, New Mexico Win

By KEN RAPPOPORT
AP Sports Writer

The NCAA's postseason basketball party is getting crowded. More guests are arriving by the day and it should be a bouncy affair.

Louisville, Vanderbilt and Texas are among nine new faces in the NCAA playoffs. They made the prestigious guest list after clinching conference titles Saturday.

Louisville defeated Bradley 87-84 to win the Missouri Valley Conference championship; Vanderbilt clinched the Southeastern Conference title with a 71-69 victory over Kentucky and Texas was the winner in the Southwest Conference after beating Baylor 95-84.

In addition, New Mexico won the Western Athletic Conference championship by beating Texas-El Paso 67-55; Furman won the Southern Conference by stopping Richmond 62-60; St. Joseph's, Pa., trimmed LaSalle 78-71 to win the Middle Atlantic Conference University Division championship; San Francisco won the West Coast Athletic Conference by beating St. Mary's 80-70 and Ohio University took the Mid-American Conference with a 71-70 trimming of Bowling Green.

Long Beach State finished first in the Pacific Coast Athletic Conference race with a 76-52 victory over the University of the Pacific, but can't play in the NCAA playoffs because of recruiting violations. Los Angeles State, the No. 2 team in the PCAC, will be the representative. The runnerups beat UC-Santa Barbara 93-87 Saturday night.

The new additions bring the NCAA field to 19, leaving five more openings for certain other conference champions. Penn became the first major conference champion in the land, winning the Ivy League crown for the fifth straight year Friday night. The NCAA last week invited nine independents to its 25-team affair.

Louisville, the nation's 20th-ranked team, went down to the bitter end — and then some — for the MVC-clincher. Ulysses Bridgeman made a three-point play in the closing seconds of overtime to win it.

Dave Klobucher and Jim Caruthers made jump shots in the final 56 seconds to tie the score at 76 at the end of regulation. Bradley took an early lead in overtime but the Braves buckled under Bridgeman's shooting.

After Louisville tied the game at 84, with Bridgeman contributing a key field goal in the rally, he scored on a layup and made a free throw for the final margin.

Vanderbilt's SEC title was made possible by a combination of the Commodores' victory and a loss by Alabama. The Crimson Tide, the nation's No. 7 team, was upset by Florida 64-61.

Actually, the Commodores clinched a tie for the conference championship but will go to the NCAA playoffs because they've beaten Alabama twice this season.

Vanderbilt, No. 6 in the country.

Harris, Karcher Win

Bill Harris and Paul Karcher won top honors in the Midland Country Club's Monthly Mugs Tennis Tournament Sunday at the club courts.

Punk Patton and Frank Qualia placed second while Bob Jones and Cecil Rhodes won third place honors.

combined to give Furman the title in the Southern Conference. Mayes scored 21 points and Kelley added 14, including two free throws with 18 seconds left that provided the victory margin. Richmond twice tied the score in the last four minutes before falling short.

Jimmy O'Brien scored 19 points while he directed the offense and also keyed a tough defense, leading St. Joseph's over LaSalle. Five Hawk players scored in double figures.

Elsewhere in college basketball, top-ranked North Carolina State beat Wake Forest 73-63 and became the first team in the history of the 21-year Atlantic Coast Conference to go undefeated in league competition.

Bufs Take Track Win At McCamey

McCAMEY — The Stanton Buffaloes upended favored Alpine Saturday to walk off with top honors in the McCamey Relays, racking up 84 points to the Bucks' 75 with Reagan County third with 56.

While Stanton was winning the boys division, Iran scored 114 points to win the girls' crown with Coahoma finishing second and Rankin third. Coahoma had 94 points and Rankin 74 while McCamey was right behind with 73.

David Standerfer won high-point honors, scoring 23 of his team's 84 points. He had a first place finish in the 200-yard dash with a 23.4 time, but was a member of two relay teams.

It was Johnny Gonzales who also helped the Bufs to their big victory by winning the mile run in a time of 4:45.1 for 10 important points.

Vernon Brown of Stanton picked up a first in the 120-yard high hurdles with a 15.6.

Crane which scored 31 points, got two first place finishes from Arthur Lane who won the high jump with 5-10 and the pole vault with 12-0.

John Smith, George Thompson, Johnny Hickman and Monty Barnes carried Reagan County to a first place finish in the mile relay with a 3:36.3

McCamey Relays

POLE VAULT — 1. Lane, Crane, 12-0; 2. Gonzalez, Alpine, 12-0; 3. Standerfer, Stanton, 12-0; 4. Chavez, Alpine, 12-0; 5. Brown, Stanton, 12-0; 6. Nixon, Edwards, 12-0.

DISCUS — 1. Donaldson, Edwards, 100-4; 2. Baker, Big Lake, 100-4; 3. Taylor, McCamey, 100-4; 4. Taylor, McCamey, 100-4; 5. Taylor, McCamey, 100-4; 6. Taylor, McCamey, 100-4.

TEAM TOTALS — 1. Stanton, 84; 2. Alpine, 73; 3. Junction, 56; 4. McCamey, 56; 5. Denver City, 51; 6. Ooma, 47; 7. Big Lake, 47; 8. Junction, 47; 9. Crane, 31; 10. Coahoma, 21; 11. Wall, 10.

Jethro Pugh Crane Guest

CRANE — Jethro Pugh, Dallas Cowboy defensive tackle, will be featured speaker at the Crane Athletic Club's sports banquet here 8 p.m. March 28.

The 6-6, 260-pound Pugh was an eleventh round draft choice of the Pokes in 1965. He has since become an important part of the Dallas "Doomsday Defense."

Set for the Crane County Exhibition Building, the banquet will honor all Crane coaches, their wives and 160 Crane High School athletes.

Only 400 tickets at \$6 apiece will be available for the affair, which will include barbeque and bears prepared by the Odessa Chuck Wagon Gang.

Tribes Not For Sale

By HERSCHEL NISSENSEN
AP Sports Writer

Alva T. Bonda, executive vice president of the Cleveland Indians, says the team is "not for sale" but admits he plans to meet with a race-track owner to discuss the possible sale of the American League baseball club.

Things get a little confusing, you see, when you're a last-place team.

However, all's well at the club's Tucson, Ariz., training camp where Manager Ken Aspromonte continued to sound like a broken record Sunday.

"I hate to keep telling you guys the same thing," he said, "but I'm very pleased with the way things are going."

So is Bonda, to tell the truth, but he says that ownership by Edward J. DeBartolo, who owns shopping centers and hotels as well as the race-track, would be advantageous to the team and the city.

"If someone like DeBartolo came along and wanted to buy the team now, and since he'd also be dedicated to keeping it in Cleveland, I would recommend a sale like that be good."

Notre Dame, the country's No. 2 team, walloped Villanova 115-85; third-ranked UCLA beat Stanford 62-60; No. 4 North Carolina took Duke 95-82 in overtime; No. 5 Maryland trounced Virginia 110-75; Cincinnati upset No. 8 Marquette 92-77; Ohio State stopped No. 9 Indiana 85-79 and 10th-ranked Southern California trimmed California 70-67.

In the Second Ten, 11th-ranked Pitt stopped West Virginia 83-78; No. 12 Providence beat St. John's 85-67; 14th-ranked South Carolina crushed Houston 104-86; 15th-ranked Kansas pulled Colorado 70-68; No. 17 Michigan ripped Minnesota 79-56 and No. 18 Arizona was beaten by Arizona State 108-95.

Notre Dame, the country's No. 2 team, walloped Villanova 115-85; third-ranked UCLA beat Stanford 62-60; No. 4 North Carolina took Duke 95-82 in overtime; No. 5 Maryland trounced Virginia 110-75; Cincinnati upset No. 8 Marquette 92-77; Ohio State stopped No. 9 Indiana 85-79 and 10th-ranked Southern California trimmed California 70-67.

NCAA PLAYOFFS Longhorns Meet Creighton Next

By The Associated Press
The two-faced Texas Longhorns will wear an undisputed Southwest Conference crown Saturday night in a Midwest-Pre-Regional basketball tournament game against 15th-ranked Creighton at Denton.

The question is whether the Longhorns are the pre-Jan. 7 SWC club or the high-scoring unit that finished 11-3 in league play and finished a game ahead of Texas Tech and Southern Methodist at 10-4.

SMU still had a chance to finish in a three-way tie for the title and the playoff spot against Creighton after beating the defending champion Red Raiders 78-72 on regional television Saturday.

But Texas overcame a box-and-one zone defense that held leading SWC scorer Larry Robinson to five points in the first half to defeat Baylor 95-84 and end the Mustangs' hopes.

"I'm not sure this is the best team I've had but it's come farther than any team I've had," said Texas Coach Leon Black of his team's return from the depths.

He was cautious about the Longhorns' chances in the playoffs, however. "Creighton beat Marquette at Marquette and that should tell you how good Creighton is," he said.

"We knew we would continue to stop Robinson if we used the same defense but we had no chance to win as long as (Harry) Larrabee and (Dan) Krueger were hot," said Baylor Coach Carroll Dawson.

Despite Robinson's unproductive first half, Texas led 47-44 at intermission as guards Krueger and Larrabee combined for 30 points and the Longhorns hit 67 per cent as a team. Robinson came back to finish with 26 points, while Krueger had 20 and Larrabee 22.

"Texas has all the elements for a good team," said Dawson. "They have two outstanding guards and a great inside man who is unstoppable."

Ira Terrell scored 24 points and Zack Thiel bombed in 23 for SMU, which used tough defense to keep Texas Tech out of a one-game conference playoff with Texas that would have been held Tuesday in Dallas if the Longhorns and Red Raiders both had finished 11-3.

"Our defense was really great, and I was pleased with the way we played Rick Bullock," said Mustang Coach Bob Previtt. Bullock hit 30 points but most of them came after the outcome was decided.

Either SMU, 15-11 overall, or Texas Tech, 17-4, should get a berth in the Commissioner's Tournament at St. Louis for second-place conference teams.

Texas A&M finished in fourth place at 7-7 despite its 97-86 loss Saturday night to Arkansas, the fifth-place finisher at 6-8. Rice tied Baylor for sixth at 5-9 with an 82-72 victory over last-place TCU.

Houston, still hoping for a National Invitation Tournament berth, lost to South Carolina 104-86, but the Cougars still have a road game at Jacksonville Monday and a home game Thursday with Rice.

Wink Invitational

POLE VAULT — Bobby Hawkins, Wink, 11-6; 2. David Turner, Rankin, 11-0; 3. Lettice, Rankin, 10-11; 4. T. Johnson, Rankin, 10-4; 5. M. Garcia, Balmorhea, 9-6; 6. Bill Mott, Sanderson, 9-4; 7. Congress Eyes Tax-Free Fluid Methanol Imports

WASHINGTON (AP) — Congress is studying a bill to allow tax-free imports of a substance a senator says could be a new energy source—natural gas that has been chemically converted to methanol.

The House Ways and Means Committee set a hearing today on legislation to eliminate the duty of 7.5 cents per gallon on methanol—commonly called wood alcohol—if it is imported for fuel use. This levy would be retained on methanol imported for other purposes.

As Bentsen explained the situation to the Senate: "One of the reasons why industry has not converted flared foreign gas into methanol in the past for importation as fuel into the United States is a protective tariff . . . of 7.5 cents per gallon . . . too high to permit the economic use of methanol as fuel."

He argued that American consumers would benefit from the legislation by having a new fuel source "unburdened by prohibitive and unnecessary cost."

Methanol is formed by combining natural gas with steam and passing it over catalysts. The product is a liquid at atmospheric pressure and at ordinary temperatures.

It is freely substitutable for natural gas as a fuel, requiring only modification of burners to accommodate the liquid fuel, is clean burning and is water soluble so that any spill at sea would be harmless, Bentsen said.

Young Girl Drowns As Park Excursion Boat Turns Turtle
MONROE, La. (AP) — An excursion boat with about 35 persons aboard capsized on a canal in a city-owned park Sunday, spilling the passengers into the water and drowning a small girl.

Most swam ashore safely. Some were rescued by other boats in the canal. Several were treated at a hospital for bruises or shock and dismissed.

Police said the driver of the flat-deck boat reported that a gust of wind caught the flat canopy as the boat rounded a curve and whipped it over.

The boat travels along the winding canal, giving spectators a waterside view of the Louisiana Purchase Gardens and islands on which various animals—mostly monkeys and birds—live.

Skin divers recovered the body of 17-month-old Rebecca Simmerling, daughter of Mr. and Mrs. Richard Simmerling of Ruston, from water about five feet deep where the boat capsized.

Bullring Veteran Gored Seriously
MEXICO CITY (AP) — Manolo Martinez, a Mexican veteran of the bullfight fiesta, was under sedation and in serious condition today after being gored in Sunday's performance at the world's largest bullring.

About 40,000 spectators cried out in horror as the bull Martinez was fighting charged and gored him in the left thigh, tossing him into the air.

Then the animal charged and again drove its horns into his left thigh as Martinez lay unconscious on the ground at the Plaza Monumental Mexico bullring.

He was taken from the ring's infirmary to a hospital and doctors operated on him late Sunday.

A hospital spokesman said a vein and an artery in his thigh were severed, causing serious hemorrhaging.

NEIGHBORHOOD PHARMACIST—George Farris, owner and pharmacist of Imperial Drug Store, 3207 W. Wadley St., can provide all your drug related needs and give prompt delivery service.

Imperial Drug Saves You Gasoline, Time
Save gas and time by stopping at Imperial Drugs, 3207 W. Wadley St., your friendly neighborhood drugstore. A full line drugstore, Imperial can provide you with all your drug related needs and gives prompt delivery service.

George Farris, owner and pharmacist, says there is no need to go downtown when what you want is available in your own neighborhood, often within walking distance.

Along with friendly service and personal attention, Imperial Drugs has a Coke and Coffee Bar at the rear of the store where you can take a refreshing shopping break. Imperial Drugs handles an assortment of general non-prescription drugs, health needs, baby needs, school supplies, gifts, greeting cards, Russel Stover Candies, men's toiletries, cosmetics, magazines and women's well known cosmetic lines.

Farris offers 24-hour service for emergency prescription and delivery service, or there is a drive-up window. Also for customer convenience Imperial Drug accepts BankAmericard and Master Charge. A family tax record is kept. When needed, a letter will be furnished for your records.

At Imperial Drug, your neighborhood pharmacist gives friendly personal service and attention to detail where your prescription and health needs are concerned. Call 694-6678 when you need prescriptions filled.

Houston Livestock Show Sets Records Despite Shortages
HOUSTON (AP) — The energy shortage apparently had little or no effect on attendance at this year's Houston Livestock Show and Rodeo.

Officials of the show, which closed Sunday, said turnouts for the two-week period totaled 671,625, up 30,000 over the 1973 show. However, they had predicted 700,000.

The final two rodeo performances, featuring movie and singing star Elvis Presley, attracted sellout crowds of 50,000 each to the Astrodome. The previous high for a single performance was in 1970 when Presley drew 43,814.

The highlight of the exposition was the show record \$40,000 paid for the grand champion fat steer Saturday. The champion was a 1,283-pound Maine-Anjou cross entered by Theresa Scott, 13, of Rising Star. The previous high price for a champion was \$35,000 in 1970.

Tom Ferguson of San Martin, Calif., was named the all-around champion cowboy at the final performance of the rodeo.

Ferguson was second in the steer wrestling competition and third in calf roping. The combination earned him \$5,819, a pickup truck and a saddle.

Hussein, Nixon To Meet Tuesday
WASHINGTON (AP) — King Hussein of Jordan will meet with President Nixon Tuesday at the White House, officials have announced. Hussein's visit to Washington originally was set for Feb. 8.

The new schedule was disclosed Sunday by the White House and by Jordanian officials in Amman after Secretary of State Henry A. Kissinger met with Hussein there on Saturday.

Senate Approaches Hour Of Decision On Pay Raise Okay

WASHINGTON (AP) — The hour of decision was approaching for Senators skittish about approving a pay raise for themselves, House members, and other high government officials. The salary increases, amounting to 7.5 per cent each for the next three years, may be killed outright, but the first votes today were set on two compromise proposals. One of these, by Sen. Hiram Fong, R-Hawaii, would delay the increases until Jan. 1, 1975, after this year's elections. The other, by Sen. Gale McGee, D-Wyo., provides just for a 5.5 per cent increase this year. While the Senate agreed to vote on these during the afternoon, no time was set for acting on disapproving the three-step pay raise included in President Nixon's budget.

Someone Cops Policemen's Caps

Several police caps were stolen from the police office at Midland Air Terminal early this morning, Patrolman B. G. Johnson reported. He said officers on duty between 12:30-1:30 a.m. were checking buildings at Terminal and when they returned to the office, the caps were missing. The office, located in the lobby at Terminal, was left unlocked, police said.

Typewriter Stolen From Lamar School

Someone broke into Lamar Elementary School, 3300 Kessler St., and took a \$190 typewriter, police said. The crime was reported to police about 11 a.m. Sunday, according to Patrolman Bob Pufal.

Walton Best Speaker

Tom Walton was best speaker at a meeting of the Tall Town Toastmasters. Most improved speaker was Bob Dillehay, best evaluator was Jeri Carson and best tabletopics speaker was Joe Strange.

Texas Man Found Legally Sane; Trial Set May 14

PUEBLO, Colo. (AP) — Carl R. Taylor, 36, a member of an itinerant Texas family implicated in a string of slayings across the country, will stand trial for murder here May 14. Taylor was found legally sane by a Pueblo jury after less than two hours of deliberation Saturday afternoon. Taylor is accused in the abduction-slaying of Leora Rose Looney, 30, of Thornton, who disappeared from her night waitress job in a Lakewood doughnut shop in August 1971. Her body was found in a field near the Wyoming border several days later. Taylor's father-in-law, Sherman McCrary, 47, also charged in the slaying, was convicted last spring in Golden of murder and kidnaping. He was sentenced to life in prison. Taylor's trial was switched to Pueblo on a change of venue. During the three-day sanity trial, Dr. Julius Rosenbloom, a psychiatrist and former assistant superintendent of the Colorado State Hospital in Pueblo, testified that in his opinion Taylor was and is legally sane. "He's an intelligent person," Rosenbloom testified. "I enjoyed talking to him. He has a lot of interests besides crime." Rosenbloom said the voices and hallucinations Taylor claimed to have experienced were merely illusions. "They really didn't have much substance." Another psychiatrist concurred with Rosenbloom's opinion concerning Taylor's sanity, but a third, Dr. Lawrence Austin, said it was his opinion that Taylor was insane and has been so for the past 12 years. Taylor's wife, Ginger McCrary Taylor, was granted immunity from prosecution in the Looney case in return for her testimony to a grand jury. His mother-in-law, Carolyn McCrary, 43, was sentenced to two years in jail after pleading guilty to being an accessory after the fact in Miss Looney's death. Taylor and McCrary both were indicted last month in Salt Lake City, Utah, on charges of kidnaping in the abduction of another doughnut shop waitress, Sheri Lee Martin, 17, of Kearns, Utah. Miss Martin's body was found in a desert area of Nevada Sept. 4, 1971.

Nixon Again Loses Favor In Latest Gallup Survey

PRINCETON, N.J. (AP) — Public approval of President Nixon's performance in office has again slipped to within one point of his all-time low of 26 per cent, according to the latest Gallup Poll. Twenty-seven per cent of those adults polled in two surveys conducted Feb. 8 to 11 and Feb. 15 to 18, approved of the President's performance, while 63 per cent disapproved and 10 per cent were undecided. In a previous poll taken Feb. 1 to 4, the approval rating was 28 per cent, two points above Nixon's low point of 26 per cent recorded in mid-January. Four polls this year have been at the 27 per cent approval level. A combination of the last four surveys showed that the President continues to win his high-

AT PATROL CONCLAVE—These members of the Midland Suez Patrol discuss Texas Shrine Patrol Association affairs during the two-day meeting of TSPA which ended here Sunday. From left are Charlie Odum, A. C. Peeler and Paul Smith. More than 150 Shriners from Texas' 12 temples attended the meeting and social events in the Holiday Inn and Regal 8 Motor Hotel.

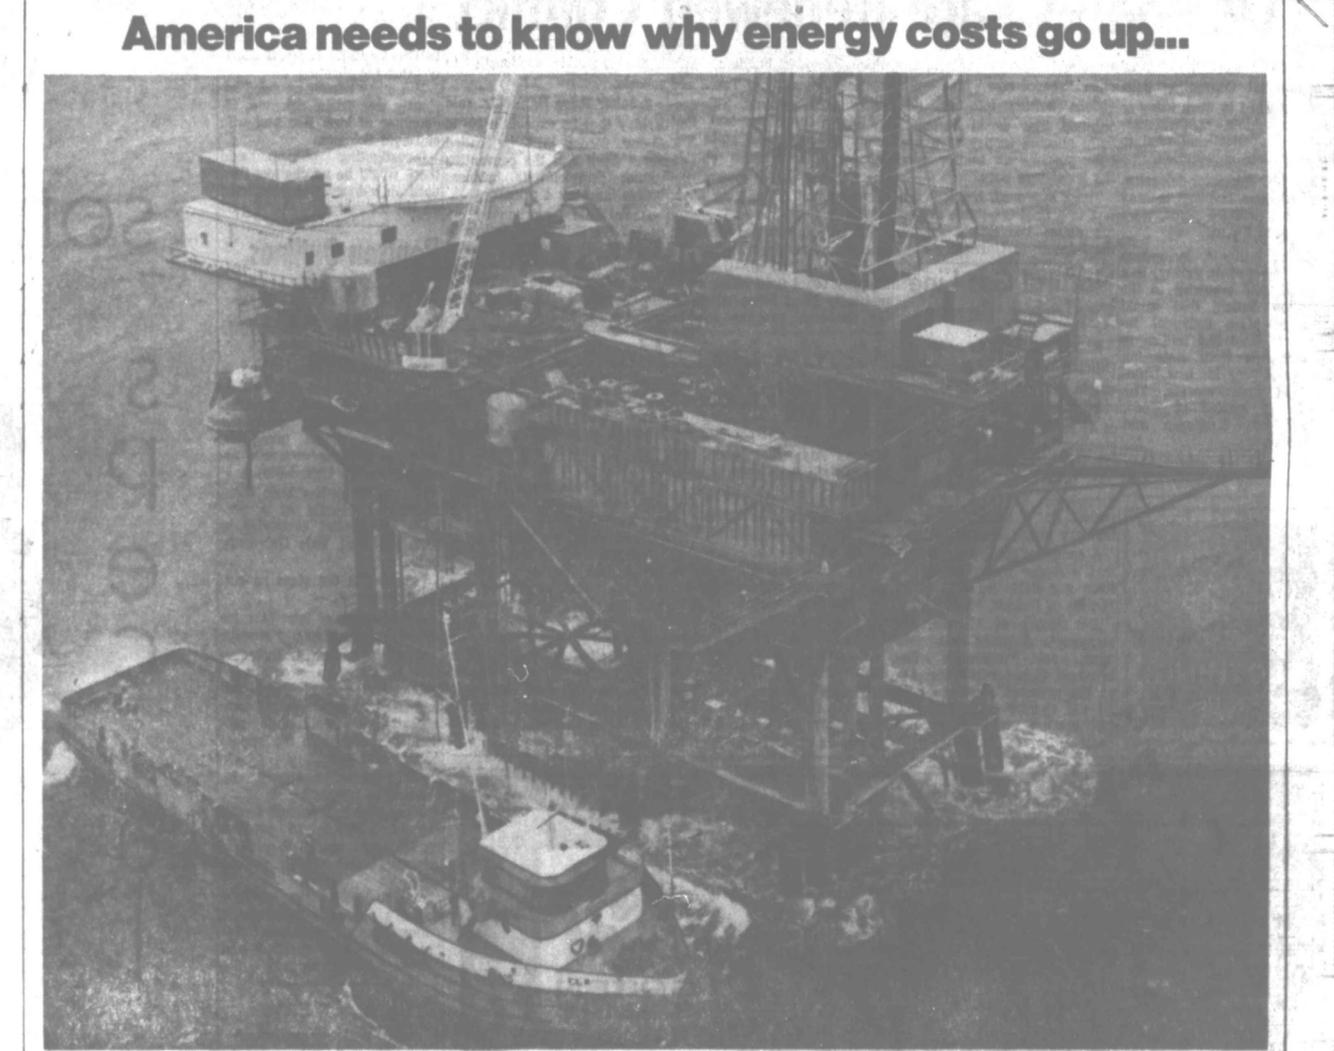

Seven Texans Aboard Missing Plane

GLENWOOD SPRINGS, Colo. (AP) — Snowmobile teams and search planes set out at daybreak today to hunt for a turbojet aircraft missing and feared down in the mountains south of here with seven persons aboard. The wife of Sen. Lowell Decker, R-Conn., said her brother, William Godfrey, his wife and four of their five children were aboard the plane, piloted by Bernard Gallagher of Houston. Mrs. Welcker said the seven left Houston Saturday to fly to Aspen for a skiing holiday. Garfield County sheriff's officers said skiers at the Sunlight Ski Area about 10 miles southwest of Glenwood Springs reported seeing a plane fly over Saturday afternoon in bad weather and bank sharply as it went over a ridge. About 45 seconds later a muffled explosion was heard, a ski patrolman told authorities. The area where the plane went down contains numerous canyons and rugged peaks. Deep snow covered much of the area.

Shadows Of Watergate Cloud Elections In Ohio, California

By THE ASSOCIATED PRESS Neither of the Ohio candidates has made Watergate a major issue. Luken did say he would vote to impeach the President if it is shown President Nixon failed to adequately supervise his appointees. But when the Watergate question has arisen with Gradison, he told his questioners, "the President is not a candidate." The most prominent mention of Watergate came Sunday when Sen. Edmund Muskie, D-Me., campaigned for Luken. No Sympathy For Less "I don't think there's any question that people are taking out their frustrations with Watergate during these current elections," Muskie said. He told Luken supporters he would have no sympathy for a loss Tuesday "because you're on the right side... you're in a position to mount that wave and ride it to victory." The candidates in California are also generally shy of Watergate. "That's not an issue here," said GOP candidate Lagomarsino. Ojai Mayor James D. Loeb, one of the Democratic contenders, said talking to the voters has convinced him other-

America needs to know why energy costs go up...

like why the next barrel of oil costs more than the last.

The barrel of oil that gives you gas for your car, heat for your house, and much more—what goes into its cost? To start with, there's the initial exploration—the cost of finding likely areas. They're harder to come by these days. Most are offshore. Next come the cost of acquiring the lease and the cost of further studies. They're rising fast. Then comes the drilling itself, with the odds as high as ten-to-one against success. This stage includes the cost of labor and machinery and of supplies like well-casing that may go down more than a mile. And wells tend to run deeper all the time.

To manage all this spending, a company must be profitable because a lot of

the money comes directly from profits, and a company can't raise the rest unless profits are good enough to attract investors. So it will take record profits to finance the kind of energy supply your future calls for. But with realistic government policies and public understanding, we can do our job.

We won't rest while America needs energy.

BUILDING FUND FOR TECHNICAL SCHOOLS—

Delegates Face Renewed Conflict

AUSTIN, Tex. (AP) — Texas Constitutional Convention delegates returned to work today to consider adding another "sacred cow" educational fund to the new state constitution.

The 181 legislator-delegates, many of them involved in May 4 political primary plans, were due back at 2 p.m.

Pending business, by reason of a 75-75 vote last Friday, is a proposed new provision to the Education Article that would guarantee state technical institutes at least \$1.5 million in appropriations from state tax funds each year for new buildings and improvements. The schools are located at Waco, Amarillo, Harlingen and Sweetwater.

The convention already has approved, by highly con-

troversial narrow votes, two other "sacred cow" funds—provisions written into the constitution that would automatically allocate money to a specific purpose no matter what the legislature does.

Those approved, but still subject to a final two-thirds vote of the entire convention, include the Permanent University Fund

Natural Gas Line Explodes, Burns

ENTERPRISE, La. (AP) — Officials of the Michigan-Wisconsin Pipeline Co. hoped to restore service today through one of its natural gas lines that exploded and charred about 10 acres of trees near here.

No injuries were reported in Saturday's blast, which also ripped up a section of state highway in the isolated area.

A company spokesman said it was a major transmission line from gas fields in the Gulf of Mexico to Detroit, Mich.

Jim Meary of Monroe, the company's assistant area manager, said automatic line breakers closed valves as soon as the pressure began to drop on the 15-mile section. But it took the gas two hours to burn itself out in the link, he said.

which provides building funds for The University of Texas and Texas A&M systems. The second is a new proposal that would guarantee all state colleges and universities outside the UT and A&M system the same amount of building funds annually.

Still to come up for debate is what many consider the biggest "sacred cow" of all—the state highway users fund which automatically gives three-fourths of the five-cent gasoline tax to

highways and one-fourth to schools.

Speaker Price Daniel Jr. said Friday that he expects a 30- to 60-day recess will be called about April 5 if the convention cannot complete its business before the May 4 primary.

Daniel said he originally expected the Education Article to take only two days and now it is going into its third week of debate. Nine more articles of the proposed 11-article constitution remain.

Martha Links Marital Woes To Indictment Of Husband

NEW YORK (AP) — Martha Mitchell says that when her husband left their Fifth Avenue apartment last September he took with him the maid, the chauffeur and her file of telephone numbers.

Mrs. Mitchell said in a magazine interview released Sunday that she has seen her 13-year-old daughter, Marty, only once since the separation because "he has brainwashed her against me."

"People" magazine, which carried the interview, also quoted Mrs. Mitchell, wife of former Atty. Gen. John N.

Mitchell, as saying her husband tried to drive her "up the wall."

She said she discovered her telephone file was missing after her husband left.

"You know, it's kind of funny when you think of him sneaking out of here with a few clothes and his radio under one arm and my Rolodex (file) under the other..."

Mrs. Mitchell said the couple's marital troubles started after Mitchell was indicted last May on charges of conspiracy in connection with a Republican campaign contribution.

New Mexico Senator Montoya Plunges Into Heated Southwestern Chili War

WASHINGTON (AP) — The "master chef" was wearing neither a large white hat nor a cordon bleu badge, and he spent most of the early afternoon sitting in the bar, but when the work was done, it was his meal.

The master chef, in this case, was Sen. Joseph M. Montoya, D-N.M., and the meal was his favorite New Mexico chili — a dish at the center of a bubbling Washington controversy.

Montoya, a short, gray-haired man who was in the limelight last year as a member of the Senate Watergate committee, offered last month to mediate a dispute between Sen. John Tower, R-Tex., and Sen. Barry Goldwater, R-Ariz., who each argued that their native states produced the best chili.

Recalling his Spanish heritage, the New Mexican senator insisted he could settle the argument and also persuaded the National Press Club to serve his chili for one week.

Thus, he spent Saturday at the club while an aide, Marcela Juarez, instructed Press Club cooks on the preparation of the special dish.

Montoya had to suffer the slings and arrows of a native Texan, Clyde La Motte, pres-

ident of the club, but the senator defended the New Mexican recipe.

"You see, there's no Texas onions or tomato sauce in here," he said, pointing to the concoction of ground up chili and cubed round steak. "This is New Mexico chili devoid of the Texas additives."

Then, Montoya shocked La Motte.

"There's nothing finer than pouring that chili over spaghetti or macaroni," he said.

La Motte replied: "You blaspheme, sir."

The chilis, which Mrs. Juarez said contain more vitamins than any other vegetable, were flown to Washington from New Mexico, as were the pinto beans that accompanied, but

were not cooked into, the hot red meal.

With Congress warming up to the chili war, is the executive branch about to be involved?

Montoya said he didn't think so.

The President, he said, "is avoiding anything hot."

Three Killed, Two Wounded Seriously In Austin Shootout

AUSTIN, Tex. (AP) — Three persons were killed and two seriously wounded Sunday after a policeman answered a break-in call at a private residence on the city's northside.

The policeman who answered the call for help, Patrolman Arthur Brown, was one of those wounded—shot in the back as he knocked on the front door of the residence.

Austin police said they were told somebody at the house called for help "because there was a man in the house with a gun."

Those killed included: William L. Hunter III, 30, of Austin, who died at the scene; Mrs. Lee Roe, 45, of Wimberly, and her son-in-law, David Solomon, 31, of Austin.

Mrs. Roe and Solomon died in Breckenridge Hospital shortly after the shooting.

The other person wounded seriously was Diane Solomon, 25, daughter of Mrs. Roe and wife of David Solomon.

Investigating officers said there would be no charges filed until an autopsy was completed on Hunter's body.

Bentsen Outlines Steps To Alleviate Economic Crisis

NEW HAVEN, Conn. (AP) — Sen. Lloyd Bentsen Jr., D-Tex., slapping hard at the Republican administration, says the government should take five steps to alleviate economic instability in the United States.

Bentsen, who has been mentioned prominently as a possible presidential contender in 1976, spoke at Yale University here.

Included in the steps he outlined were:

—A lowering of interest rates by loosening the money supply;

—Direct measures, including federal loans, a program of public-service employment and increased unemployment compensation, "to stimulate production and cushion the impact of joblessness."

—Strong investment incentives to industries;

—Insuring that enough fertilizer is available to produce record crops needed to provide adequate food at fair prices; and;

—A change in the administration's approach to economic policy. "Let us relax controls—but with deliberate speed—and not mere haste," he said.

Dallas Jewelry, Gold Thieves Net \$100,000 Haul

DALLAS (AP) — Movie star Greer Garson and Mrs. L. Stoney Stemmmons lost jewelry and silver and gold pieces worth more than \$100,000 when their homes were burglarized last week, police reported.

Mrs. Stemmmons, wife of the real estate developer and financier, reported the loss of 11 pieces of diamond jewelry including a 78-carat ring.

Miss Garson, the wife of oilman-cattleman E. E. "Buddy" Fogelson, reported similar losses including silver and gold pieces.

The Fogelsons occupy a penthouse atop the fashionable Turtle Creek apartment house in which the Stemmmons reside.

Mrs. Drew, Noted Astrologer, Dies

POUGHKEEPSIE, N.Y. (AP) — Marion Meyer Drew, 84, an astrologer who occasionally made personal forecasts for Franklin Roosevelt, died Sunday. Mrs. Drew, who wrote columns on astrology for the New York World and the Daily News during the 1940s, became acquainted with Roosevelt through her father, James G. Meyer, a prominent lawyer.

This Afternoon's Market Report At Least 27 Die In Texas Violence

By THE ASSOCIATED PRESS
At least 27 persons died in violence in Texas during the weekend. The toll, recorded between 6 p.m. Friday and midnight Sunday, included eight deaths in traffic accidents, 10 fatal shootings and four drownings.

Three persons were killed and two wounded Sunday in a shooting at a residence in the north part of Austin. The gunfire killed William L. Hunter III, 30, of Austin; Mrs. Lee Roe, 45, of Wimberly, and her son-in-law David Solomon, 31, of Austin. Wounds were suffered by Diane Solomon, 25, wife of David, and policeman Arthur Brown.

Michael Wade, 18, was shot and killed Sunday inside an elementary school at Houston. Officers said a policeman returned the fire of two persons who had shot at him.

Richard Hawkins, 44, a Corpus Christi police sergeant, was presumed drowned after he disappeared Sunday while scuba diving in the Guadalupe River at Victoria.

The body of William Tyrone Smith, 39, was found Sunday in his burned-out Houston apartment. He was a foundry worker.

James I. McNutt, 27, of Laredo, N.M., was killed Sunday when his motorcycle and a car collided at a Fort Stockton intersection.

Remington R. Moreno of Edinburg was killed Sunday when his automobile and a trailer-truck collided on U.S. 281 near Fairlurris in South Texas. Officers said two five-gallon cans of gasoline in Moreno's car exploded on impact. The truck driver was slightly injured.

John E. Fox, 52, of Amarillo died Sunday of injuries sustained Friday when his car overturned after a tire blew out.

The body of Lee Thomas, 28, of Houston was recovered from the Trinity River near Livingston late Sunday. Thomas, a Houston Chronicle employee, and three other men were fishing Saturday when their boat overturned. The other men were rescued.

The body of Oscar Cadeno, 34, was pulled from Santa Gertrudis Creek near Premont in South Texas late Saturday. Officers said he apparently fell into the water late Friday.

Narvil Cleon Jones Jr., 11, III, 30, of Austin; Mrs. Lee Roe, 45, of Wimberly, and her son-in-law David Solomon, 31, of Austin. Wounds were suffered by Diane Solomon, 25, wife of David, and policeman Arthur Brown.

Stock Market Prices Slip Downward In Light Trading

NEW YORK (AP) - Stock market prices slipped lower in light trading today, extending the declines of the two previous sessions.

The noon Dow Jones average of 30 industrial stocks was off 6.18 at 845.74, and declining issues were double the number of gainers on the New York Stock Exchange.

Brokers said the negative atmosphere stemmed at least partly from uncertain political prospects in Britain and Israel and from Friday's indictments of several former key aides to President Nixon.

"There's a lot of caution because of these things, but there's no heavy selling," said Newton Zinder at E. F. Hutton & Co.

Virginia Electric & Power was the Big Board's most-active stock, down 1/4 at 15 in trading that included a 231,800-share block at 15.

On the American Stock Exchange, the market-value index was off .11 at 97.04.

Other Big Board issues on the active list included Penderosa Systems, down 1/4 at 27 1/2, and Polaroid, off 2 at 75 1/4, in a general decline among glamor stocks.

Dial Financial was up 3/4 at 19 1/4. Chase Manhattan Corp. said it was making a second try for federal government approval of its plan to acquire Dial. Chase traded at 53, down 1/4.

Warner Communications was unchanged at 17 in active trading, and National Kinney was steady at 6 1/2 near the top of the Amex active list. Warner has agreed to sell most of its National Kinney holdings to a group of investors.

Oil stocks were broadly lower. Exxon was down 1/4 at 82 1/2, Standard Oil of Indiana lost 1/2 to 92 1/2, and Texaco was off 1/4 at 27 1/2.

The Amex volume leader was Syntex, up 1/4 at 60.

The Big Board's composite index of close to 1,500 common stocks fell 3/8 to 50.87.

FOR BUSINESSMEN - Seminar On OSHA Act Slated Here March 21

A course designed to help businessmen through the maze of regulations of the Williams-Steiger Occupational Safety and Health Act of 1970 (OSHA) will be taught from 9 a.m. to 4 p.m. Thursday, March 21, at the Midland Community Theatre in Midland.

The one-day seminar, "Orientation to OSHA Act," was developed by the Occupational Safety and Health Administration. It will be conducted free of charge by the Texas Safety Association in cooperation with the Midland Chamber of Commerce. Both employers and employees are invited to attend.

"Virtually all businesses, even those with one or more employees, must comply with regulations of OSHA," said K. M. Mastrom, president of the Midland Chamber of Commerce. "Many operators of small and medium sized businesses may be in serious violation of the law without even realizing that such laws exist," continued Mastrom. "The U.S. Department of Labor reports that only 31 percent of 31,379 establishments checked during the 12 months ending June, 1973, were found to be in compliance with job.

Permian Basin OIL & GAS LOG

(Continued From Page 1A) inch choke, 6.22 million cubic feet of gas per day.

Through Strawn perforations at 10,276-10,284 feet, it flowed through an unreported choke at the maximum rate of 3.46 million cubic feet and decreasing to 2.45 million cubic feet per day, after 30 minutes. Four-point tests will be taken in that zone when market facility is available.

Location is 2,230 feet from south and 1,980 feet from west lines of section 8-22a-27e, two miles southeast of Carlsbad. The area has one Strawn, one Wolfcamp and four Morrow gassers.

The Strawn discovery was Belco Petroleum Corp. No. 1 Union-Mead, which finished in November, 1973, for 9.78 million cubic feet per day, through perforations at 10,292-10,317 feet.

Ward Prospector Flows Gas, Oil

Exxon Corp. continued testing at No. 1 Herd Gas Unit, Ward County Ellenburger and Devonian wildcat, 5 1/2 miles southeast of Fayette and 1 1/2 miles north of Devonian oil production in the Beall field.

Through Devonian perforations at 11,939-12,339 feet, which had been acidized with 9,000 gallons, it flowed 5 1/2 hours on a 43-64-inch choke at the daily volume of 20.75 million cubic feet, plus 13.7 barrels of condensate and 212 barrels of load water.

Drilled to 15,721 feet on a 16,000-foot contract, it has 3- and 7 1/2-inch liners set at 13,000 feet, and it is plugged back to 13,136 feet.

Location is 660 feet from northeast and 1,867 feet from northwest lines of section 7B, block 34, H&C survey. 2 1/2 miles southeast of Devonian gas production in the Block 16 field.

Strawn Gas Opener Indicated In Eddy

Cities Service Oil Co. No. 1-A Tracy Communitized, Eddy County, N.M., project, 1/2-mile south of the discovery in the three-well La Huerta (Morrow) field, was drilled ahead below 10,318 feet on an 11,800-foot Morrow contract, after flowing gas on a drillstem test in the Strawn.

Tool was open 96 minutes on the test taken from 10,175-10,222 feet, using a 1/2-inch bottomhole choke and 1/2-inch top choke.

Gas surfaced in five minutes, flowing 75 minutes after the tool was opened, at the maximum daily rate of 3.01 million cubic feet daily, and decreasing to 2.91 million cubic feet per day at the end of the 90-minute final flow period.

Recovery was 90 feet of 50.7-gravity condensate and 590 feet of gas-out fluid. The sample chamber recovery was 70 cubic centimeters of 50.7-gravity condensate and eight cubic feet of gas.

Location is 660 feet from north and 2,310 feet from west lines of section 33-21a-27e, about 2 1/2 miles north of Strawn gas production in an undesignated multipay area, 12 miles south of Artesia.

Boys Admit Burglary Here

Two 16-year-old Midland boys Friday told their parents about their breaking into a house about two weeks ago and the parents told police.

The burglary occurred between Feb. 23-27 at 200 Holly St. home of B. D. Childers, who had been out of town for some time.

Full recovery of several hundred dollars worth of goods has been made.

The boys told police they thought the people had moved off and left these items, as they took them.

But then they began to have guilty consciences about it and told their parents.

Juvenile probation authorities will handle the case and it will not be presented to juvenile court, said Juvenile Sgt. Vince Conklin, who investigated the incident.

Where's The Fire?

11:06-11:26 p.m. Saturday, Rainier Highway, 200 yards north of Interstate 20, Grass fire. No other damage. Cause unknown.

4:11-4:25 a.m. Sunday, 4317 Ansett St., other home. Two young boys - John Hillman and David Payne - sleeping in storage house, not heated. Heavy damage to storage house, mattress. Probably caused by burning candle. Heavy damage to house. Cause unknown.

5:33-5:39 a.m. Sunday, 1518 E. 6th Street, Grass fire. Cause unknown.

7:24-7:34 p.m. Sunday, 2401 W. Shandon St., residence of Gerald Oakes. Grass fire. Minor damage to fence. Cause unknown.

10:55-11:05 p.m. Sunday, 4308 Parkfield St., alley, city trash bin. Trash fire. No other damage. Cause unknown.

7:17-7:17 p.m. Sunday, 300 and 302 E. Shandon St., Grass, fence burning. Moderate damage to fence. Cause unknown.

7:54-8:09 p.m. Sunday, 605 E. Indiana St., vacant lot. Grass, trash old heater burning. No other damage. Cause unknown.

10:10-10:58 p.m. Sunday, County Road 1216 South, 1/4 mile south of County Road 119 West, Grass, trash bin. No other damage. Cause unknown.

10:50-11:05 p.m. Sunday, 2200 W. New Jersey St., vacant lot. Midwest Electric Co. Truck fire. Out on arrival. Slight damage to wiring under hood. Cause by backfire.

Boy, 14, Released To Parents After Burglary Arrest

A 14-year-old Midland boy was released to his parents after being arrested in connection with a Friday burglary at Alamo Junior High School, 3620 W. Storey St.

Patrolman Ron Rice arrested the youth at the school, where police were alerted by a burglar alarm that something was wrong.

Rice found the boy in the central area of the school, near the boiler room.

A window in the library had been broken and several rooms in the library had been entered. Officers discovered \$17.67 in the area where the boy was found.

The case will be referred to the county attorney for consideration of presentation in juvenile court, police said.

Dotty Dan To Open Plant In Seminole

SEMINOLE - A Dotty Dan sewing plant is due to open here in mid-April, marking the fifth expansion of the Lamesa-based company.

Noel Carter of Lamesa, a general manager of Dotty Dan of Midland, said the abundant labor market among women was a major factor in locating a plant in Seminole.

Since 1952, Dotty Dan has opened a plant in Stanton, a lingerie and sleep wear division in Groveton, a jean and blouse plant in Brownfield and the new junior petite division in Seminole.

Carter said the company hopes the Seminole plant will meet or exceed \$800,000 to \$1 million in merchandise the first year. The plant here will start with about 40 employees and ultimately expand to about 100 workers.

Dotty Dan is readying its workforce by training 48 Seminole women through a special schooling program funded by the Texas Industrial Commission. A Seminole bowling alley has been

MHS Graduates To Plan Reunion

A planning session for a combined reunion of Midland High School graduates in the classes of 1943-44-45 is scheduled Tuesday.

The meeting will be at 7:30 p.m. in the home of Elmer Barnett, 1211 W. Kansas St.

Persons interested in helping organize the reunion are asked to attend.

Odessa Teacher Receives Honor

COLLEGE STATION - Woodrow Holbert, craft teacher at Odessa's Permian High School, was named outstanding Industrial Arts Teacher from West Texas Industrial Arts Association.

He was named at the Texas Industrial Arts Association Convention here.

Grandson Of King Ranch Founder Dies

CORPUS CHRISTI (AP) - Richard King, chairman emeritus of both the board of State National Bank here and the Nueces County Navigation Commission, as well as grandson of Capt. Richard King, founder of the King Ranch, died today after a long illness.

King, 89, devoted much of his life to ranching and agriculture.

Funeral services were pending.
