

# Sirica To Send Secret Report To House Judiciary Committee

(Continued From Page 1A)

like that," he said in a brief telephone interview. That decision is expected to be his last major act before stepping down as chief judge of the U.S. District Court in Washington. Sirica, who must relinquish the post Tuesday when he turns 70, will be succeeded by Judge George L. Hart Jr.

Sirica plans to remain an active judge after stepping down as chief judge. He already has assigned himself the Watergate cover-up trial. In another Watergate-related development, Newsweek magazine has quoted Egyptian President Anwar Sadat as saying that the impeachment of President Nixon would be a "real tragedy" for the Middle East and the world. Newsweek published an interview with Sadat in this week's issue.

Sadat was quoted as saying that Nixon has "revolutionized the thrust of U.S. policy in our area and before that in the rest of the world." Newsweek also published a poll by pollster George Gallup's organization that indicated a majority of Americans want Nixon tried in the Senate on Watergate-related charges.

## Seminole Resident Arrested In Shooting Of Midland Man

Francisco Almaguer Hernandez, 24, of Seminole has been charged with aggravated assault in connection with the Saturday night shooting of Fidel Arocha Ruiz, 30, who this morning was listed in guarded condition in the intensive care unit at Odessa's Medical Center Hospital.

Ruiz' brother Valdemar Rocha Ruiz, 27, of 1609 W. Griffin St. also was injured in the shooting. He was treated for a bullet wound in the leg and was released

from Midland Memorial Hospital. The shooting occurred about 9:30 p.m. Saturday at El Casino Bar in the 400 block of North Lamesa Road. Fidel Ruiz has three gunshot wounds, two in the lower abdomen and one in his chest. He was taken to Midland Memorial's emergency room and was transferred to Odessa almost immediately. Justice of the Peace Robert Pine set \$10,000 bond and Hernandez remained in city jail this morning.

## Where's The Fire?

3:20-2:33 p.m. Sunday, 2000 Avenida St. vacant lot. Grass, trash fire. No other damage. Set by children.  
7:25-8:04 p.m. Sunday, 1900 1/2 W. Tennessee St. Panel truck fire. Truck owned by Donnie Duffie of 1523 1/2 Highway St. Minor damage around engine. Cause unknown.  
9:28-9:17 p.m. Sunday, 1708 N. Garfield St. alley, city trash bin. Trash fire. No other damage. Cause unknown.  
9:30-10:07 p.m. Sunday, 2108 W. Wall St. vacant building. Building owned by W. P. Knight of Fort Worth. Paper burning in corner. Light damage to one wall. Set.

George L. Hart Jr., new chief judge

## CRMWD Directors To Meet Thursday

BIG SPRING — Directors of the Colorado River Municipal Water District will meet in their headquarters here at 10 a.m. Thursday.

Included on the agenda are the extension of the water sales contract with SACROC and a request from Texas Electric Service Co. for a rate increase.

# Hart To Succeed Sirica As Chief Judge Of District Court

By DONALD M. ROTHBERG WASHINGTON (AP) — Before he became a federal judge in 1968, George L. Hart Jr. spent more than 20 years as a Republican party worker. In those days, long before Watergate, Hart often raised as much as \$500,000 a year as GOP chairman for the District of Columbia. "Every contributor of \$100 or more was listed by name and address... every expenditure of as little as 10 cents was listed individually," Hart recalled in an interview. "That was the way I thought campaign funds were handled

though he plans to remain on the bench and already has assigned himself the Watergate cover-up trial. As the new chief judge, Hart will receive any future Watergate indictments and assign the cases. Because of the administrative duties of his new post, Hart said it isn't likely "I would assign one of the long and protracted Watergate cases to myself while I am chief judge." In September 1972, Sirica assigned himself the case of seven men indicted on charges of

tapping in connection with the break-in at Democratic National Committee headquarters in the Watergate office building. At the trial in January 1973, five of the defendants pleaded guilty. The other two, G. Gordon Liddy and James W. McCord Jr., were convicted by a jury. Throughout, Sirica made it clear he didn't believe all the facts were being brought out. Finally, in March, McCord wrote the judge a letter in which he said the defendants had been pressured into pleading guilty and also that higher-ups were involved in the break-in.

"It's just another job," he said, his voice still carrying a trace of the Tidewater Virginia drawl of his native Roanoke. "I frankly don't consider from a judge's point of view that a Watergate is different than any other case... Some cases are more difficult than others, some are longer than others." From the bench, Hart strives to bring cases to trial swiftly. He can become testy with lawyers who ask for what he considers too much time for filing pre-trial motions. Federal rules of procedure

set six months as the recommended maximum time from indictment to trial. But as for Watergate, said Hart, "All of these cases cannot be tried in six months. They can't possibly be." Hart is the son of a court reporter. His father wanted him to be a lawyer but the son dreamed of becoming an engineer and building bridges. But finally he shifted to law. After being graduated from Virginia Military Institute, Hart went on to Harvard Law School where he got his degree in 1930.

Both Hart and Sirica had successful law practices in Washington and were active Republicans before being appointed to the court by President Eisenhower. Sirica, who left a mark more likely to be noted in history books than in the archives of the District Court, predicted that Hart will "be a great chief judge. He's a fine trial judge. He's an excellent administrator."

As for himself, Sirica plans to go on vacation, the first one he's had since the first Watergate trial.

## Syrians, Israelis Swap Fire

By THE ASSOCIATED PRESS Syrian and Israeli artillery boomed for more than three hours across the Golan Heights cease-fire line for the seventh straight day today, with each side claiming the other started the fighting.

A military spokesman in Tel Aviv said the Syrians shelled Israeli fortifications in the northern sector of the plateau before Israeli guns barked to silence the Arab barrage. No Israeli casualties were reported.

Syria said the artillery duel was along two-thirds of the front and claimed Syrian gunners dealt "fierce blows" to Israeli positions.

A Damascus military communique said the engagement broke out when Israel tried to improve and fortify its positions in the central and northern sectors of the 40-mile-long front.

Israel's chief of military operations, Maj. Gen. Yitzhak Hoffi, said the 17 civilian settlements on the heights are an integral part of the army's defense system and will not be negotiated in Israeli-Syrian talks.

Israel has named Defense Minister Moshe Dayan to represent it at the Washington negotiations.

## French Executive Freed Unharmed By Kidnap Group

PARIS (AP) — Yves Boisset, French production manager for the Peugeot subsidiary in Argentina, has been freed unharmed after being held by kidnapers since Dec. 28 and is en route to France, the car company announced today.

Boisset, 36, was abducted by seven gunmen as he drove to his office near the Argentine capital of Buenos Aires. It was not known whether a ransom had been demanded, but an elaborate system with a telephone code was set up to deal with the kidnapers.

No other details of his release were disclosed.

American oilman Victor Samuelson, 36, of Cleveland, Ohio, was kidnapped by the People's Revolutionary Army in Argentina Dec. 6, and a week ago Esso Argentina paid a record \$14.2 million ransom for his release. But so far he has not surfaced.

# Daily Texan Front Page Blank To Protest Regents' Decision

AUSTIN (AP) — The Daily Texan, student newspaper at The University of Texas, was published with a blank front page today in protest of the board of regents' decision to eliminate guaranteed funding from student fees.

A Texan editorial called the decision a "vendetta."

The regents voted Friday to give each student a choice whether to include money for the Texan in his student service fees at registration time. All students can pick up the paper from

free delivery bins on campus. Student government also was cut off from a share of the mandatory service fee—and was placed on an optional basis.

Texan editor Michael Eakin suggested in his editorial that the regents "have simply tired of criticism." The Texan has strongly opposed the regents' position during the Constitutional Convention of preserving the Permanent University Funds and the Available University Fund exclusively for UT and Texas A&M.

# Oil Embargo Lifted

(Continued From Page 1A) one of the three hard-liners was reported to have been won over by Egypt and Saudi Arabia, the leaders of the anti-

## South Korea Enters Barbering Business

SEOUL, South Korea (AP) — About 6,500 long-haired Korean youths were rounded up over the weekend in a nationwide crackdown on "hippie-styled hair," national police said Monday.

All but about 100 were released after they agreed to a haircut. The holdouts were referred to the Summary Court.

embargo bloc, but Syria and Libya held out, insiders said. Libya has adamantly opposed lifting the embargo because it claims Washington's policy remains directed against the Arabs. Sources said Libya was provoked further by President Nixon's threat in his speech Friday to "slow down our very real and earnest efforts to get a disengagement on the Syrian front and a permanent peace settlement" unless the embargo is lifted.

However, Libyan Oil Minister Ezzedin Mabruk was reported embarrassed by generally accepted reports that Libyan oil is seeping through to the United States via third countries. Informants said his opposition to ending the boycott was "firm but toned down."

Syria, which produces no oil but does control pipelines across its territory from Saudi Arabia, is reluctant to see the oil weapon abandoned before Israel agrees to withdraw its forces from the Syrian territory captured in the October war.

## Dissident Grandson Of Stalin Official Exits Soviet Union

MOSCOW (AP) — Pavel Litvinov, grandson of Stalin's Foreign Minister Maxim Litvinov left for Vienna today, the latest dissident to leave Russia.

Litvinov, a 33-year-old chemical engineer, said he hoped to return to the Soviet Union despite his friends' fears that once in the West the Soviet government would strip him of his citizenship.

He is the second leading member of the dissident community here to leave Russia since author Alexander Solzhenitsyn was banished to the West last month.

Writer Vladimir Maximov was permitted to travel to Paris March 1 and is not expected to be permitted to return home.

Litvinov spent four years in Siberian exile for participating in a Red Square demonstration against the Soviet-led invasion of Czechoslovakia in 1968.

# Minnesota Bank President Pays Ransom For His Wife

MINNEAPOLIS, Minn. (AP) — Ransom has been paid for the return of Eunice Kronholm and her abductors have promised to let her banker husband know her whereabouts today, a family spokesman said.

Mrs. Kronholm, whose husband, Gunnar, is president of Drovers State Bank in South St. Paul, disappeared from her Lino Lakes home Friday morning.

Her brother-in-law, the Rev. Bruce Fleming, read a brief statement in a telephone call to The Associated Press early today.

"The ransom money has been

delivered to the abductors as instructed," the Rev. Mr. Fleming said. "They have promised to let Gunnar Kronholm know this morning where his wife is being held. We are now prayerfully and with hope awaiting for this information."

The Rev. Mr. Fleming, a Baptist minister whose wife is Mrs. Kronholm's sister, said he could not reveal any more information.

Earlier, the FBI said Mrs. Kronholm's automobile was found early today at a suburban Minneapolis shopping center.

The FBI said her 1969 Buick Skylark was found parked in a lot at the Southdale Shopping Center in the Minneapolis suburb of Edina.

The FBI said the car was found by the Edina Police Department, but no other details were released. Edina police referred questions about the car to the FBI.

Mrs. Kronholm, 46, was last seen by her husband when he left their home Friday morning for work.

## U.S.-Controlled Company Signs Contract With Cuba

MIAMI, Fla. (AP) — Cuba has signed a \$14 million contract for 30 railroad locomotives with a Canadian firm controlled largely by an American company.

Havana radio, monitored in Miami, said today the pact was signed in the Cuban capital by MLW-Worthington Ltd. of Montreal and the Cuban railway enterprise.

Fifty-two per cent of the Canadian company is controlled by Studebaker-Worthington Inc. of Harrison, N.J.

The contract had been held up because of American laws prohibiting American firms from doing business with Cuba. But the directors of MLW-Worthington voted earlier this month to pursue the negotiations despite American State Department objections.

Friday afternoon, Kronholm received a telephone call from someone who told him to deliver "all the money you can" to a "station." The caller hung up before Kronholm could clarify the demand.

## Three Young Skiers Die In Avalanche

SIERRE, Switzerland (AP) — Three young skiers were killed Sunday by an avalanche in the Valais Alps, police said.

The victims, an 18-year-old boy and two 19-year-old girls, were members of a ski tour that spent the night in the mountains because of avalanche warnings.

Two other skiers were caught in the avalanche but managed to free themselves from the snow.

Police said helicopters rushed rescuers and search dogs to the site near Lake Mauvoisin at an altitude of 8,200 feet. They found the bodies within an hour of the disaster.

## Nixon To Visit Houston Tuesday

WASHINGTON (AP) — President Nixon will fly to Houston on Tuesday for a prime-time, nationally televised and broadcast question-and-answer session with a panel of newsmen.

White House aides held out the possibility that the President would make another public appearance in Houston besides the 7 p.m. CDT session with members of the National Association of Broadcasters. But they said details were yet to be worked out.

## Last Coal Miners Return To Work

CHARLESTON, W.Va. (AP) — Coal miners returned to work today in the last remaining holdout areas of West Virginia, bringing a three-week-old strike to an end.

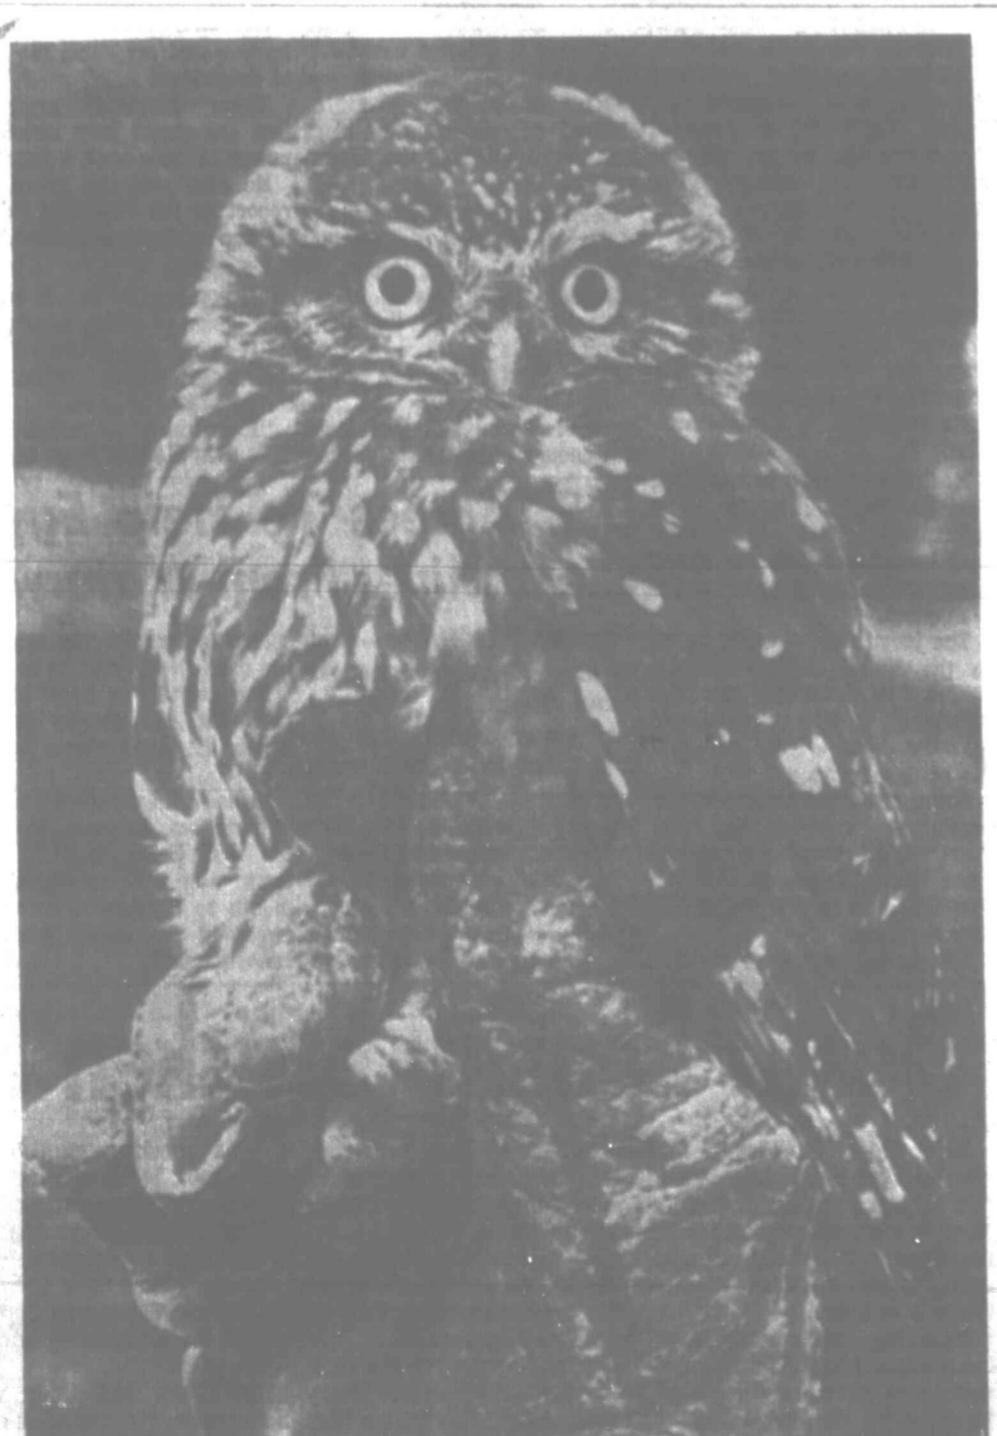

"It looks like everyone's back to work," said Ed Stone, District 29 executive board member in Welch. He said most of the dissident miners in McDowell and Mercer counties reported to work on the midnight shift this morning.

## Bangladesh Troops Kill Eight Persons

DACCA, Bangladesh (AP) — At least eight persons were killed and 50 injured, some seriously, when security forces opened fire on an angry crowd surrounding the residence of Home Minister Mansoor Ali-

The shooting started after tear gas and baton charges failed to disperse the stone-throwing crowd, which marched on the minister's house Sunday to protest alleged corruption.

The protest was organized by the National Socialist party. Security forces arrested the leaders of the party, including its president, retired Maj. Abdul Jalil, and Secretary-General A.S.M. Abdur Rab, who suffered bullet wounds.

# Hearst Food Giveaway Millions Almost Gone

**CANCER DRIVE BEGINS**—Mrs. William H. Jowell is chairman of the Midland County Cancer Crusade, whose fund-raising campaign is under way. With Mrs. Jowell is Dean Wood of the Association of Life Underwriters, which is conducting the business portion of the drive.

HILLSBOROUGH, Calif. (AP)—The head of the \$2-million Hearst food giveaway program has promised a progress report today on efforts to buy "top quality" food that will satisfy the terrorist band that kidnaped Patricia Hearst six weeks ago.

A Ludlow Kramer, head of the People in Need program set up by Miss Hearst's father, newspaper executive Randolph A. Hearst, said the program's funds would be exhausted after three more distributions.

The mysterious Symbionese Liberation Army, which abducted the 20-year-old college sophomore from her Berkeley apartment on Feb. 4, demanded that Hearst feed California's needy as a precondition for negotiating her release. It demanded that "top quality" food be used in the giveaway.

In its latest communication March 9, the SLA blasted the existing free food program for offering "hog feed" to the poor and said the giveaways were on too small a scale. Kramer, Washington secretary of state, has estimated People in Need

(PIN) distributed 120,000 bags of groceries in five giveaways, which police estimate has about 25 members.

Meanwhile, a judge prepared his decision, due Tuesday, on a proposed television broadcast by two imprisoned men linked to the SLA. In its last communication, the SLA said it would not communicate further until the broadcast is allowed.

Hearst said he would take the blame for failing to do exactly as instructed by the group, sell Little, 24, referred to by the SLA as its "soldiers," have asked for a television forum to discuss prison conditions and to give their suggestions for Miss Hearst's release. Attorneys for the two asked Contra Costa County Superior Court Judge Sam Hall to clear the way for the men to read their statement on television, with one camera and one reporter present. No questions would be allowed.

Mexico City (AP)—President Luis Echeverria today has developed along the eastern coast.

With the dedications, Echeverria headed national ceremonies marking the expropriation anniversary.

The expropriation was carried out March 18, 1938, by then President Lazaro Cardenas against 17 American and British firms which controlled the \$400-million industry now run by the state monopoly Petroleos Mexicanos (Pemex).

The companies had refused to comply with a Mexican Supreme Court order to raise oil workers' salaries.

Officials said Mexicans now more than at any other time, congratulate themselves on the nationalization move because the country has been spared the energy crisis in other countries which depend on foreign oil.

The most youthful population of any state — median age 24.3 years — lives in Hawaii.

Remiro and Little have been charged with murder in the Nov. 6 ambush shooting of Oakland schools chief Dr. Marcus Foster. They also are charged with attempted murder in a shootout with a policeman in Contra Costa County last January.

Hearst, editor and president of the San Francisco Examiner and chairman of the Hearst Corp., has said he was doing everything in his power to help the two get on television because that could be "very helpful" in securing his daughter's freedom.

## Texas Weekend Violent Deaths Continue Decline

By THE ASSOCIATED PRESS

Violent deaths, on the decline in Texas since gasoline shortages developed, shrank even further during the weekend—possibly to the lowest toll in modern history.

The state counted just 11 such fatalities—five in traffic accidents, four fatal shootings, a drowning and one in a plane crash.

Among those killed between 6 p.m. Friday and midnight Sunday were:

Raymond C. Brinkmayer, 17, of Brenham died Sunday when the car he was driving ran off a farm road and hit a tree about two miles east of Round Top.

Richard Shaddix, 27, of Ferris died Sunday of injuries suffered the night before when his car collided with a truck on a Dallas expressway Saturday night. Police said they were seeking the driver of the truck for failure to stop and give aid.

Johnny Johnson, 31, was shot to death early Sunday at a South Fort Worth night club. Officers held a suspect.

Johnny Gilbert, 27, a newsman for Houston radio station KLUF was killed Friday night while piloting the station's light plane, which crashed at the scene of a railroad tank car fire northeast of Houston.

William Ray Dunham, 23,

was shot to death Saturday night as he stood in the driveway of his Houston home. Police quoted witnesses as saying someone in a car called out to Dunham before opening fire through a window.

Three-year-old Christopher Trickey drowned in a bayou near his Houston home Saturday.

Robert Earl Brown, 21, of Lancaster was killed Saturday when he was hit in the stomach with a shotgun blast. Police said the weapon discharged while Brown was showing it to a friend.

A San Marcos man, Guy E. Morgan, 25, died early Saturday in a one-car accident eight miles south of Blanco on U.S. 281.

Douglas W. Gallin, 16, was killed early Saturday in a motor vehicle accident near Quinlan in North Texas.

Oscar H. Southard, 73, of Mission died Friday night when he was hit by a car near Mission on U.S. 83.

A Fort Worth man, John Les Gibson Jr., 50, was shot to death Saturday during a domestic quarrel, police said.

## Journalism Grant Applications Sought By Angelo State

SAN ANGELO — Applications are being accepted for Angelo State University's Millard Cope Memorial Journalism Scholarship.

The \$300 scholarship is awarded annually to a freshman journalism student. A freshman receiving the award is eligible to apply for a renewal each year, provided he maintains a good academic record.

At least four awards are made each year, with scholarships going to a journalism major in each class.

Financed through a trust fund established by the late Houston Harle and his wife, the scholarships honor the late Millard Cope, a former publisher of the San Angelo Standard Times.

The application deadline is April 1. Forms may be obtained from the Office of Financial Aids at Angelo State.

## Candidates To Talk At MACLD Meeting

Three school board candidates will speak at a 7:30 p.m. Thursday meeting of the Midland Association for Children with Learning Disabilities in the First Christian Church.

Speakers will be Mrs. B. David Buthman and James Ramsoure, candidates for Place 1, and Joe Dominey, running for re-election to Place 2.

A question and answer session will follow the speeches.

## Vandals Beat, Kill Tiny Deer In Zoo

NEW YORK (AP) — A tiny fallow deer severely beaten by vandals at the Central Park Zoo has died of the injuries.

It was the most seriously injured of five deer pummeled with heavy sticks in the incident March 7.

## POLLY'S POINTERS

### Lazy Parkers Irk A Shopper

By POLLY CRAMER  
Newspaper Enterprise Association

**Polly's Problem**

DEAR POLLY — I would like to know if there is anything that will take OLD tea stains out of a linen tablecloth. They remained after it was washed.

— A. B. C.

**DEAR POLLY — My Pet Peeve**

is with healthy people who are too lazy to take a few steps to the door of a shop but have to park right in front even if it is a no-parking zone. They do not care about blocking traffic or keeping trucks from unloading. If they are too lazy to walk from the parking lot, they should stay at home. I wish stores had meter maids to give them tickets. Maybe then they would park in the lot and stop blocking traffic.

**Other Pet Peeves** are salespeople who will not take "No" for an answer and telephone salespeople are the worst. Then, too, there are those people who expect their mail and newspapers to be delivered to the door in all kinds of weather but will not even bother to clean a path in the snow for delivery men to walk on. I thought there was a law that said people had to clean off their walks.

— MARTHA.

**DEAR POLLY —** I am answering Eva who spotted her double-knit dress with fabric softener. This can be removed. Wet the material and rub the spots well with that almost 100 per cent pure white soap. This takes time and work but worked for me on an entire pants suit.

—LYNETTE.

**DEAR POLLY —** Eva who poured fabric softener on a knit dress and had spots all over

it should first rub all the spots with a detergent and then wash it in the machine with an all-purpose bleach that is used for colored clothes. It may have to be repeated a few times but they should come out.

— BELLE.

**DEAR POLLY —** The maker of a well-known washer also says that if undiluted fabric softener is dropped on fabric it may leave colored spots but the fabric should not be damaged and the spots can be removed by rubbing with a liquid detergent. Rewash, using chlorine bleach if safe for the fabric and color.

POLLY.

**DEAR POLLY —** To conserve heat during this energy crisis use a sheet of nylon trowel over any blanket. This holds the heat in and is lightweight. With this an electric blanket can be set at the lowest point. Buy a two-yard length (perhaps on sale). Since it is 106 inches wide the width can be used for the length and then the two yards for across the width of a doublebed. It does not ravel or fray so would not have to be hemmed but, of course, that would look nicer.

— ESTHER J. (Polly's note: While you are at it such a sheet might be edged with lace or bound to be a regular blanket cover.)

**The 18-hole flight pairings are:**  
Mrs. Hugh Hoover, Mrs. J. D. Norman, Mrs. I. R. Johnson and Mrs. James Wright; Mrs. Linda Mills, Mrs. L. L. Puffer, Mrs. B. J. Hanson and Mrs. E. L. Peterson; Mrs. A. P. McDade, Mrs. Marvin Wicker, Mrs. J. R. Colter and Mrs. W. S. McCann; Mrs. G. W. Harb, Mrs. C. E. Featherston, Mrs. Guy Proctor and Mrs. O. A. Ban; Mrs. R. C. Wilson, Mrs. B. R. Cooney; Mrs. W. J. Vaughn and Mrs. Robert Cook; Mrs. E. O. Price, Mrs. Gordon Elderkin, Mrs. David Head and Mrs. Charles Woodruff; Mrs. John E. Casey, Mrs. Arthur Morgan, Mrs. Frank Dooling and Mrs. M. A. Wagner; Mrs. Don Gilkison, Mrs. James Miller, Mrs. Joel T. Mayne and Mrs. John Glenn; Mrs. George Columbus, Mrs. John B. Campbell, Mrs. Claude Mitchell and Mrs. E. L. Berry; Mrs. E. M. Gorocco, Mrs. C. D. Alcham and Mrs. George F. Barton; Mrs. B. H. Gault, Mrs. Beck Atkins and Mrs. Jerry Madigan; Mrs. Byron Hobbs, Mrs. H. W. Denson and Mrs. Paul Varner.

**Nine-hole flight pairings are:**  
Mrs. John Moffitt, Mrs. D. G. McMillan and Mrs. H. W. Heckathorn; Mrs. G. B. VanLandingham, Mrs. Brandon Smith and Mrs. Joel Starnes; Mrs. C. A. Roberts, Mrs. J. J. Labouff and Mrs. A. A. Jones.

### Punch Party Held For Susan Craig

Mrs. Dow Hamm and Mrs. J. A. Matthews entertained Susan Craig, Midland High School senior, with a punch party recently in the home of Mrs. Matthews, 1204 Lawson St.

Miss Craig, daughter of Mr. and Mrs. C. Wallace Craig, plans to attend the University of Oklahoma.

Spring flowers were used in the decorations. Molly Upchurch and Renee Pomeroy were in the house party.

### Shiny Brown Glaze

To give pie crusts, breads, and rolls a shiny brown glaze, brush them lightly with evaporated milk before baking. Then sprinkle with granulated sugar.

# Save on Long Distance by choosing when and how you call.

For example, a three-minute call to Seattle costs:

<b>\$3.10</b>	<b>\$1.70</b>	<b>\$1.35</b>
A three-minute person-to-person call costs the same, all days and all hours. Rates for extra minutes, however, are lower between 5 p.m. and 8 a.m. Monday through Friday and all hours Saturday and Sunday.	That's the rate for a credit card, third number or collect call Monday through Friday, 8 a.m. to 5 p.m. The same rate applies on calls from coin phones or hotels.	Dial your call One-Plus Monday through Friday between 8 a.m. and 5 p.m.
<b>\$1.30</b>	<b>75¢</b>	<b>65¢</b>
Make a credit card, third number or collect call—or phone from a coin or hotel telephone—Monday through Friday, 5 p.m. to 8 a.m. or any time Saturday or Sunday.	Just dial the One-Plus way Sunday through Friday evenings between 5 p.m. and 11 p.m.	Rates are lowest when you dial One-Plus between 11 p.m. and 8 a.m. daily, all day Saturday and until 5 p.m. Sunday.

Being choosy can result in real savings, so take your pick. Then travel by Long Distance... and stay awhile.

Like to have more information about Long Distance rates? Fill out and mail the coupon. We'll send you a free guide that shows you the best times to call and gives examples of rates to major cities.

5A-MONDAY, MARCH 18, 1974

**REGISTRATION** — Among 155 representatives of the Texas Society of Children of the American Revolution attending a CAR conference here last weekend were, from left, Richard Gould Jr., his mother Mrs. Gould; Mark Taylor and mother, Mrs. Bobby Taylor, all of San Antonio. Richard and Mark are members of the Dennis Anderson Society, CAR.

**ROYALTY** — Laura Moore of Richardson and Randy McKellar of Dallas were winners in the Duke and Duchess Contest held in connection with the conference here last weekend of the Texas Society of the Children of the American Revolution. Laura is a member of the David Meriwether Society and Randy of the David Pendleton Society. Mrs. John Hendrix, committee chairman, made the presentation.

## Patriotic Theme Used For CAR Conference

The 47th annual conference of the Texas Society of Children of the American Revolution was held at Rowley Inn Friday through Sunday, with Midland's Joseph Black Society, CAR, hosting the event attended by 155 representatives of societies throughout Texas.

The local society is sponsored by the Lt. William Brewer and Col. Thenuis Dey Chapters, Daughters of the American Revolution. Mrs. E. N. Gideon and Mrs. Robert Nelson were conference general chairmen.

A color guard for the professional Friday was furnished by the United States Marine Corps. Becky Gideon, state CAR, president, and Mrs. F. Hastings Pannill, Texas Society, DAR, state regent, gave the welcoming addresses. A welcome to Midland message was sent by Mayor Ernest Angelo Jr. Charla Borchers, of Victoria, state recording secretary, gave the response. Mrs. David T. Cotham of Port Arthur, senior state president of CAR, gave a message to the conference.

At the opening session standing rules for the conference were read by Steve Miller of Victoria, vice president of TSCAR. A reception honoring the state president and officers followed. Mrs. Warren Fallier was reception chairman.

Following the processional and ritual Saturday morning, committee reports were given by state chairmen, followed by reports from society presidents. Societies reporting were: John Alden, Amarillo; Nathaniel Maxwell, Austin; Brazos de Dios, College Station; David Pendleton and James Haynes, both of Dallas; Christian Reinhardt, Longview; Joseph Black, Midland; Captain Alexander Irwin, Port Arthur; David Meriwether, Richardson; Denny Anderson, San Antonio; Shadrack Barnes, Victoria, and Perez Chesebrough, El Paso. Three new societies have been organized and three more are in the process of being organized, it was announced during the conference.

Certified voting delegates elected the following state officers: Steve Miller of Victoria, president; Ginger Matthews of Fort Worth's Capt. William Scott Society, first vice president; Charla Borchers of Victoria, second vice president; Steve Sanderfer, Austin, chaplain; Norma Smith, Port Arthur, recording secretary; Marc Moore, Richardson, organizing secretary; Tyke McKinney, corresponding secretary and Scott Storm treasurer, both of Dallas; David Lanca, San Antonio, historian; Mark Warren of Tyler's Capt. Samuel Mosby Society, registrar, and Leaf Fallier, librarian-curator, Midland.

A patriotic theme of red, white and blue, with accents of white balloons at entrance and in the dining hall was used for Saturday's buffet luncheon. Bill Pomeroy, guest speaker, entertained. A skit, "1776 George Washington Parade," was presented by the David Pendleton Society.

Following a business session there was a tour of the Museum of the Southwest and the Planetarium.

Flowers in red, white and blue, interspersed with

American flags, and white Western hats banded with red bandanas decorated the tables for a Western style banquet Saturday evening. Red bandanas marked the places and were given as favors.

Entertainment was provided by James Gambino, violinist; Mrs. Bob West, pianist, and Mrs. C. Robert Winkler, vocalist.

Mrs. Solon Crain, guest speaker, was introduced by Mrs. Kingdom Hughes. Mrs. Crain told a true story of an ancestor who fought in the American Revolution and came to Texas with the Austin 300 entitled "Hero of Two Republics."

Mrs. John Cross announced and presented first place awards to the following: Nathaniel Maxwell Society, American Indians; greatest amount of advertising in the CAR Magazine; newsletter, best local newsletter; patriotic education, for the year David Pendleton Society, American music (tied with another society); National Merit Award, honorable mention. James Hayes Society, CAR Magazine, greatest amount of advertising (tied with another); Mountain Schools (tie with another); National Merit Award, Gold Ribbon. Christian Reinhardt Society, Bi-Centennial, American music (tie with another), CAR-DAR, National Merit Award honorable mention, membership. Capt. Alexander Irwin, program material David Meriwether Society, newsletter, best explanation of committee work. Denny Anderson, conservation, CAR Magazine - best magazine program, CAR-DAR, Gadsby's Tavern, National Merit Award, Gold Ribbon; patriotic education - a week, radio and television. Shadrack Barnes Society, State Patron Award, Historian, Mountain Schools (tie with another), National Merit Award - Gold Medal, publicity and press relations, radio and television (tie with another) and Treasurers Award. Captain John Smith Society, Insignia Contest. The Joseph Black Society won the Texas State Merit Award.

**Making Custard**  
When making boiled custard in a double boiler, see that the water in the lower saucepan is almost, but not quite boiling. If you use a glass double boiler, it isn't hard to tell this.

**Breaks Yarn**  
Don't shake or snap small throw rugs out windows or doors to dust them. The snapping action may break the yarn in the rug backing.

## Know Your P's and Q's About Plate Collecting?

**WANTED:** One rare, gilt-edge plate in pure white translucent china — hand-painted with a garland of wild roses. You find this prize plate in a jungle of antiques at a garage sale and buy it for \$10.

**THE YEAR IS 1979.** An eager collector wants to buy your wild rose plate for \$395! If you sell it, you suddenly make \$385, because you knew how to spot a "sleeper" with true artistic ability.

**FICTION?** Not at all. Today, many average people with only average incomes make money buying and selling collector's plates while they enjoy one of the most fascinating of all hobbies.

For instance, a china plate first priced at only \$10 in 1969 now brings \$245. Another exceptional plate originally priced at \$25 in 1965 now sells for \$1,050.

**WHAT IS the secret of success in collecting plates for profit?** A suburban Chicago art dealer says, "The amateur collector needs professional guidance. You should know what to look for, when to buy, and much more."

According to this dealer, when you know the guidelines, there's much more than profit in collecting rare plates. There's the pride of ownership almost unequalled by any other hobby. There's the joy of discovering stunning porcelain, glass, pewter, or silver plates for dramatic wall displays.

You can choose designs by Pablo Picasso, Grandma Moses, Andre Rosticau, Andrew Wyeth, and other noted artists. There are all kinds of themes — nature scenes, stirring historical events, childhood vignettes, portraits of world heroes, and much more.

**FREE INFORMATION.** To help you get started in the rewarding hobby of plate collecting, this dealer now offers free information on request. It tells how to choose potentially priceless heirlooms for as little as \$15 or \$20. Individuals (not dealers) are invited to send for the free facts without obligation. To get yours, send your name, address, and zip code to Bradford Galleries, 996-R Sunset Ridge, Northbrook, Illinois 60062. A postcard will do. Please mail your request by March 30, 1974, to reserve your free copy while the supply lasts.

Will this plate multiply in value to 10, 15 or even 20 times its original price as other plates have done?

## Watch Your FAT-GO

Lose ugly excess weight with the sensible NEW FAT-GO diet plan. Nothing sensational just steady weight loss for those that really want to lose.

**DON'T DELAY get FAT-GO today.** Only \$3.00 at 1400 N. Big Spring

## Nancy Caussey Party Honoree

Nancy Caussey, Midland High School senior, was honored recently with a punch party in the home of Mrs. Richard D. Jones, 2207 Neely St. She is the daughter of Mr. and Mrs. Don Caussey.

Cathy Culp, Kimberly Floyd and Jennifer Blonkist served as members of the house party. A St. Patrick's Day theme was used in the decor. Miss Caussey will attend The University of Texas-Austin.

The planet Jupiter has 12 moons.

## Dear Abby

### There's More Than One Way To Lose Weight

—By Abigail van Buren

**DEAR ABBY:** I have heard that every time a person has sexual relations he burns up 300 calories.

I would like to lose 10 pounds, and my husband would like to lose 20 pounds. I would like to know if this method of losing weight? And how many calories would a person have to burn to lose one pound?

**NO PUT ON**  
**DEAR NO:** I'm advised that one must burn 3,500 calories

**Chapter Holds Business Meeting**  
The Mu Psi Chapter of Beta Sigma Phi met recently in the home of Mrs. Rick Etheredge, 707 N. Midkiff Drive, for a model business session.

Mrs. Sam Barber was the co-hostess. Mrs. Barber and Mrs. Carl Williams presented a skit concerning the sorority. A discussion of plans for the next social, a "Sock Hop," to be held in Mrs. Jim Campbell's home was led by Mrs. Campbell and Mrs. Leonard Goodenough. Plans also were made for a Roman Catholic and go to "Hard Times" party for Xi Epsilon Epsilon Chapter Thursday in the Flame Room of Pioneer Natural Gas Co.

Mrs. Bob Ping gave a review from the sorority's handbook on the duties of the corresponding secretary. Guests were Mrs. Jim Sutherland, Mrs. Jim McAninch, Mrs. Randel Brooking, Mrs. J. W. Jungman, Mrs. Clinton Nobel and Mrs. Dormand Blackman.

**Club Schedules Business Meet**  
Members of the Midland Garden Club will meet for a business session at 11:15 a.m. Thursday in the Midland Woman's Club, preceding the Women's Club luncheon. Reservations for the luncheon are required.

Mrs. L. H. Humphrey of the Midland Garden Club will present the luncheon program, which will be followed with a tour of her greenhouse for garden club members.

**Rankin Club Meets**  
**RANKIN** — Mrs. James D. Gossett was hostess to a recent meeting of the Rankin Bridge Club in her home. Mrs. Hamp Carter was a guest. Bridge prizes were won by Mrs. Lewis Smith, Mrs. Carter and Mrs. Jim Neal.

And he said to them, "The sabbath was made for man, not man for the sabbath; so the Son of man is lord even of the sabbath." — Mark 2:27, 28.

Market Place Is Answer

Competitive, free market prices could mean 80 billion barrels of additional crude oil reserves in the United States within 15 years, due to improved recovery techniques.

This is the belief of Wayne E. Glenn, president of Continental Oil Co.'s Western Hemisphere Petroleum Division, who explained that recovery from known reserves now average approximately 31 per cent.

With free market prices to encourage development of better recovery techniques, he is of the opinion that a 50 per cent recovery rate is "realistic" in 15 years.

The Conoco executive said further that "competitive prices will spur the search for new petroleum reserves and make possible the development of indigenous synthetic fuels from coal and shale.

"When the promise is so great, one wonders about the reluctance of some federal legislators to let competition determine fuel prices and future energy supplies."

Yes, one does wonder about some members of Congress in this regard! This is the key to the overall energy shortage. One wonders whether or not these very same members of the House and Senate are interested in solving the problem — through the free enterprise system.

Glenn went on to say that in the long run, "we must be concerned with making more fuel available, not with slicing up the existing energy pie into smaller and smaller pieces. If that can be done, the marketplace — not artificial governmental restraints — will bring prices down."

He is so right in his observations. This is the type of factual information which somehow must be gotten across to the consumers, nationwide. It is in their best interest.

Chairman Bill Blakemore

A snappy salute is directed to William B. Blakemore II, Midland businessman, rancher and civic leader, on his recent election as chairman of the Texas Public Safety Commission.

His election is in recognition of a job well and nobly done as a member of the important state commission since 1968.

In addition to his varied and widespread business interests, Blakemore has found time to serve in a variety of civic assignments. He is a past president of the Midland Chamber of Commerce and presently is serving on the board of trustees of Midland Memorial Hospital, Trinity School and the Museum of the Southwest. He also was a key figure in the Objectives for Midland program.

Blakemore's fellow townsmen congratulate and wish him well in his new post of statewide importance. They know he will do an outstanding job, as usual, for the Public Safety Commission.

'We're Working On It—We're Working On It'

The Washington Merry-Go-Round

Jack Anderson Says: Jimmy the Greek says odds favor Nixon.
WASHINGTON — Jimmy the Greek Snyder, the famous Las Vegas oddsmaker, is giving odds that President Nixon will not be impeached by the House of Representatives.

The Greek never has called a presidential election wrong since the Truman-Dewey upset in 1948. Because of his uncanny accuracy, we published Jimmy's political odds exclusively throughout the 1972 campaign.

Early in February, the Greek wrote a personal letter to each member of the House of Representatives. He enclosed a confidential poll card and a stamped, self-addressed envelope. By this week, he had received a phenomenal 70.4 per cent response.

Of those representatives who responded, 91 checked the box indicating they were "against" impeachment of the President. Sixty-four favored impeachment. Twenty-four "leaned toward" impeachment; 23 "leaned against." Seventy-five marked the "undecided" box.

In addition to the poll cards, Jimmy received personal letters from 28 representatives who explained they had not made up their minds on the impeachment question because they had not heard the evidence. The Greek dropped these into the "undecided" column, bringing that total to 100.

Using these figures and a dash of black magic, Jimmy painstakingly has calculated his odds, which were figured two days before the most recent Watergate indictments were handed down. Says the Greek: "I personally figured the odds are now 50 to 1 that Nixon will not be impeached by the House."

Jimmy then took his figures to his own computer expert, who put the odds at 100 to 1 against impeachment. The odds against both impeachment and conviction, says the Greek, are a prohibitive 1,000 to 1 against.

Footnote: Jimmy hastens to emphasize that his odds reflect the political situation as it existed in early March. Any new indictments or Watergate exposures, he says, could drastically alter the figures.

COUNTERFEITERS: Federal investigators have picked up reports that counterfeiters are licking their lips over the prospect of reproducing phony gas ration coupons.

Three counterfeiters in the New York area alone, according to the confidential reports, are anticipating a big business in counterfeit coupons.

One of the three firms originally selected by the federal government to print 1.1 billion gas rationing coupons lost six bins of securities three years ago to Mafia stock thieves. Ever since this horrendous heist, millions worth of spurious stocks, bonds and other securities have been appearing all over the world.

The company whose securities were raided, Jeffries Banknote of Los Angeles, now has lost the contract to print gas coupons. It's not that the government fears its coupons will be carried off by the bin load, for the

The Smithsonian Institution, which has scolded art dealers for plundering antiquities from foreign lands, is about to acquire a barn load of looted treasures itself.

The Smithsonian's aristocratic Secretary S. Dillon Ripley has been preaching to the museum world against "illicit, international traffic in antiquities."

One dealer, for instance, was caught with a tribal African mask that he had stolen from the Metropolitan Museum in New York. He was exposed as the owner of a "hot" Greek urn smuggled from Italy to the United States.

While holding himself above such dirty dealings, however, Ripley has been salvaging over the fabulous collection of Joseph Hirshhorn, the tough old stock market operator. His treasures, which include hundreds of antiquities from abroad, soon will be turned over to the Smithsonian.

In the Hirshhorn Collection are stone sculptures torn from a Mayan temple, plus Turkish, Italian and Nigerian treasures. All these lands have strict laws against removal of their relics.

A Smithsonian spokesman assured us that the Hirshhorn trustees will comb through every antiquity and return any which were clearly ripped off from foreign lands. The search will begin when the collection is turned over to the Smithsonian.

Industrial managers, farmers, investors and individual consumers can plan, invest their money in products and expand production intelligently in this day when government actions have such great influence on our lives, only if they are assured of some governmental continuity of purpose and reasonably stable economic programs over a period of years.

But Mr. Nixon has had no such determined man in charge of domestic programs — neither Daniel Moynihan, nor John Ehrlichman nor Melvin Laird. And on purely economic matters, he has had a group of men with concepts so diverse that decisions have been unfortunate compromises.

In the end, therefore, the President's efforts to curb inflation, reduce unemployment and assure economic stability have been quick fixes too often dictated by public pressure. Nixon's men, while talking of tough, unpopular solutions, have reacted to immediate public pressure, adopting inflation-dampening measures which they knew most certainly would fail, but which at the time seemed likely to convince business, labor and consumers that strong steps were being taken in their behalf.

The crossing of a vicuna and an alpaca results in what is called a paca vicuna. This animal yields 2 pounds of fine wool annually, or four times the amount obtained from a vicuna.

Result: Paca vicuna

SMUGGLED ANTIQUITIES:

By OSWALD and JAMES JACOBY

OSWALD: "It is always interesting to see experts struggling against one another. The ordinary bridge player would make only nine tricks with hearts as trump because after East won the first two diamond tricks and continued the suit or led a spade or a trump, South would hasten to lay down his ace and king of trumps."

Jim: "An expert South would cash one high trump; take the club finesse; lead dummy's

RAY CROMLEY
An Economy That Rules
The Rulers Explained

WASHINGTON (NEA) — President Nixon repeatedly talks of toughness. But it is precisely his fear of confrontation and his unwillingness to make decisions that are in considerable measure responsible for the economic uncertainty this nation faces today.

This uncertainty shows in industry's unwillingness to invest at the level necessary to spark the economy and in a widespread consumer reluctance to buy that seriously threatens a recession. It is seen too in spectacular price rises not connected with the energy problem.

Mr. Nixon does well, as in foreign affairs, when he has a strong and determined man at the helm. Dr. Henry Kissinger takes authority and runs with it, carrying the President with him.

But Mr. Nixon has had no such determined man in charge of domestic programs — neither Daniel Moynihan, nor John Ehrlichman nor Melvin Laird. And on purely economic matters, he has had a group of men with concepts so diverse that decisions have been unfortunate compromises.

In the end, therefore, the President's efforts to curb inflation, reduce unemployment and assure economic stability have been quick fixes too often dictated by public pressure. Nixon's men, while talking of tough, unpopular solutions, have reacted to immediate public pressure, adopting inflation-dampening measures which they knew most certainly would fail, but which at the time seemed likely to convince business, labor and consumers that strong steps were being taken in their behalf.

SMUGGLED ANTIQUITIES:

By OSWALD and JAMES JACOBY

OSWALD: "It is always interesting to see experts struggling against one another. The ordinary bridge player would make only nine tricks with hearts as trump because after East won the first two diamond tricks and continued the suit or led a spade or a trump, South would hasten to lay down his ace and king of trumps."

Jim: "An expert South would cash one high trump; take the club finesse; lead dummy's

Dear Editor:
I see where Congress' impeaching committee is demanding more tapes, documents, memos, and confessions about White House pow wows.

It would appear that the several truck loads of material they already have is not quite supporting the verdict they want to produce.

To get a case against the man that will stand up, the vulturers may have to demand video tapes of his dreams and cancel the Fifth Amendment in his case, the same as when an ordinary citizen is dealt a tax inquisition.

DON OAKLEY
Pathetic Drama Of The Terrorist Is Revealed

NEW YORK (NEA) — Victims of political kidnappings, airplane bombings and other acts of terror have one consolation — if they survive to be able to appreciate it: There's nothing personal involved.

"Terrorists see themselves as taking part in dramatic, symbolic and even magical acts," says Dr. Lawrence Zelic Freedman, a University of Chicago psychiatrist who has spent 20 years studying aggression and violence.

Terror is an assaultive act aimed at harming another person or persons, he says, but the desired effect is on a third group, or audience.

"The terrorist is more concerned with that impact than the destructive effect on the immediate victim of the assault."

Freedman has coined a new term — "polistaraxic" — from the Greek words meaning "upsetter of the community." Terrorism, he says, "is the polistaraxic crime par excellence."

The whole subject of terrorism needs further systematic study, he cautions, but we can describe the characteristics of a typical terrorist.

—He or she is a believer in absolutism. The group of values in the name of which the terrorist acts are absolute values, justifying any form of reaction against the prevailing values.

—The terrorist suffers from anonymity, from deprivation, from a sense of powerlessness, with a need to achieve not only some kind of recognition but even a kind of intimacy with the powerful celebrated figures in society.

—Yet along with this there is a depersonalization of the self, in the sense that one need not take moral responsibility because one acts in the name of a higher value. One is an instrument serving the cause.

—These factors taken together make it possible, even imperative, for the terrorist to depersonalize the victim so that it is the figure, not the person, who is being threatened.

—There also has to be a certain level of competency. One has to be sufficiently competent

to carry out sometimes complicated maneuvers. The example fitting this description that immediately leaps to mind is the Symbionese Liberation Army.

In the Hearst kidnapping, there was no pretense that the victim herself was the author of the social harms and deprivations which the kidnapers asserted was their justification.

There is the elaborate structure of an army, the giving of titles and names, the terminology and style of government. There was the insistence that the kidnapping be given the widest possible publicity.

The effect on the "audience" — that's you and me — says Freedman, "is that this is an uncanny, terrifying event."

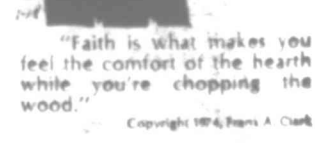

CURRENT STATISTICS FROM the insurance industry bear out something a lot of people predicted would happen when Washington told Detroit to build safer cars.

The stronger bumpers mandated on late-model cars do prevent damage at low speeds and do save motorists money, but in more severe collisions not only does damage occur but the bumpers are far more expensive to repair than their fragile predecessors — sometimes more than twice as expensive.

In the case of one popular mid-sized automobile, it costs about \$85 to replace the front bumper on a 1971 model but \$205 on the 1973 model.

Improvements in design and materials may eventually enable manufacturers to come up with bumpers that are both strong and not outrageously costly. In the meantime, however, the only way to drive with real confidence on the highway is with a Patton tank or the equivalent.

The Country Parson

"Faith is what makes you feel the comfort of the hearth while you're chopping the wood." Copyright 1974, Piers A. Cook

BERRY'S WORLD

All-Purpose Leis
Hawaiians use the colorful flower leis to celebrate all special occasions from birth to death with christenings, birthdays and graduation and marriage in between.

1. The route which Joseph and Mary took in taking the Christ-Child to Egypt goes through a tiny village known as Mataria. Traditionally this is where the Holy Family stayed. Here an old sycamore tree is known as Tree of the Holy Virgin. What event marked their return to Palestine? Matthew 2:19

2. Where did Philip have great success in preaching the Gospel? Acts 8:5

3. "Charity shall cover the multitude of sins." I Peter 4:8

4. Why did Jacob (Israel) go to Egypt in his old age? Genesis 45:28

5. What were God's instructions to Moses concerning leading to the poor? Exodus 22:25-27

Four correct... excellent. Three correct... good. Support Education Today. Add Pay For It Later.

SPOKANE, Wash. (AP) — Give now, pay later plans made possible by credit cards are helping colleges make ends meet.

One educator, Dr. Edward E. Lindman, president of Whitworth College here, said the formula enables donors to support higher education today and pay for it later.

"This is insanity to talk about my dating you. We live more than a tank full of gas from each other."

## Southwest Airlines Returns To Battle In Federal Court

NEW ORLEANS (AP)—A spunky little Texas airline which is defying the power of the cities of Dallas and Fort Worth and their new \$700 million airport was to be brought to court again today.

This time it was the 9th Circuit Court of Appeals which hears the case involving Southwest Airlines.

Southwest has only three planes, but that is enough to keep its business flourishing between Dallas, Houston and San Antonio, the only stops the route has.

When Dallas and Fort Worth opened their new airfield in January, Southwest refused to move there. It preferred to operate from Dallas' Love Field as before.

Love Field is on the fringe of downtown Dallas, much easier to reach than the huge, complex new field halfway between Fort Worth and Dallas.

But even before the opening, on April 30 last year, Southwest won a federal court decision in Dallas permitting it to stay at Love Field.

U.S. District Court Judge William M. Taylor Jr. ruled in favor of the airline in a suit brought by Fort Worth and Dallas.

### WITHIN FIVE YEARS—

## Cancer Strikes Third Son Of Miami Family

MIAMI (AP) — Doctors say it is a grim first, but to Raymond Sutherland it seems like a horrible nightmare.

Three of his sons have been stricken with three different forms of cancer. One has died.

The latest child to contract cancer is his eldest son Stephen, 13.

"All of them were perfect children. But Steve's something special. He helped us get through all the other crisis times," Sutherland said in a weekend interview. He is a deputy with the Dade County Department of Public Safety.

Tragedy struck the family five years ago when Jeffrey, 4, died of lymphatic leukemia. The day before his death, doctors diagnosed a malignant schwannoma, one of the rarest forms of cancer, in the nerve lining of Michael Sutherland, now 9.

Michael underwent two operations, radiation treatment and lengthy therapy for paralysis in his left arm. He has had no recurrence.

Sutherland, 35, and his wife Sara, 34, learned about a month ago that Stephen, a straight-A pupil, had contracted bone cancer in his left leg.

"When they told me he had cancer, it just seemed unreal," Sutherland said. "Any time you would ask, he'd say, 'Dad, I'll take care of that.' He took care of Mike during Jeffie's illness. He was always stable with a lot of common sense."

Stephen currently is undergoing examination at the Children's Research Center in Cincinnati, where doctors are trying to decide whether to amputate his leg or treat it with radiation therapy. The results of tests won't be known for several days, Sutherland said.

"This is the first time that this particular group of cancers has occurred in the same family in the United States," said Dr. Alvin Mauer of Memphis, Tenn., who treated Michael. "It could be lightning striking not once, but three times. It's terribly important to find if there is some common threat, some common denominator."

Doctors have given Stephen a 30 per cent chance for recovery.

## New Battles Erupt In South Vietnam

SAIGON, South Vietnam (AP) — Thousands of North and South Vietnamese battled during the weekend in the heaviest fighting reported in the central highlands since the cease-fire 14 months ago.

The Saigon government reported 348 North Vietnamese and 72 South Vietnamese killed and 111 government troops wounded. But field reports said another 275 government rangers were missing from a 400-man ranger battalion that was overrun Saturday.

Another ranger battalion had 25 men killed and 23 wounded, South Vietnamese officers in the field said.

The Viet Cong said 230 South Vietnamese troops were killed or captured, according to initial reports. He made no mention of Communist losses.

The Saigon command reported half a dozen battles on the outskirts of Kontum, and Saigon's chief military spokesman said the North Vietnamese had launched a new offensive in Kontum province. But he added that the city of Kontum was not in danger.

The command said a force of about 2,000 North Vietnamese launched the attacks Saturday against about 1,200 government troops.

Field reports said the North Vietnamese objective was to gain control of Highway 5 to complete a supply route from the border to the coast.

In Phnom Penh, as President Lon Nol marked the fourth anniversary of the overthrow of Prince Norodom Sihanouk, his military command reported that Khmer Rouge insurgents battled their way into the marketplace at Oudong Mean Chey, 23 miles north of the capital on Highway 5.

## Cross Plains Man Wins Rattlesnake Sacking Crown

BROWNWOOD, Tex. (AP) — Cotton Dillard of Cross Plains, Tex., knows how to handle a rattlesnake—as little as possible.

And that has made him the new world rattlesnake sacking champion in the annual contest held in this West Central Texas city.

Dillard sacked 10 rattlesnakes in 31.7 seconds after he survived a couple of scratches by two rattlers in the preliminary competition.

Second place went to Warren Clay of Brownwood and third to Ron Milisitis of Lingletown, Pa. Clay has only partial use of his left arm following a snakebite several years ago.

Two contestants were hospitalized with snakebites. Three other contestants were bitten or scratched, but did not require hospitalization.

In the contest 10 live rattlesnakes are dumped into a pit. The contestant goes into the pit and tries to grab the snakes and dump them into a sack held by his partner.

## Rights Center Dedication Set At Notre Dame

SOUTH BEND, Ind. (AP) — The Rev. Theodore M. Hesburgh, president of the University of Notre Dame and former head of the U.S. Civil Rights Commission, will lead a two-day dedication program of Notre Dame's new Civil Rights Center Thursday and Friday.

Participants in the program will include former U.S. Supreme Court Justice Arthur J. Goldberg; Sargent Shriver, first head of the Office of Economic Opportunity; and Mayor Richard G. Hatcher of Gary, Ind., the first Negro elected mayor of a large, northern city.

## Airline Recalls 600 Employees

KANSAS CITY (AP) — Trans World Airlines has recalled 600 cabin attendants it furloughed in the last six months — about two-thirds the number laid off in that period.

Jerry W. Cosley, director of public relations for TWA here, said the recall is due to an expanded summer schedule and is effective at the end of this month.

H. L. Haynes Jr. Of Rankin Elected TCIAA President

STEPHENVILLE — H. L. Haynes Jr. of Rankin was recently elected president of the Texas College Industrial Arts Association. Prior to his election, he was secretary of the group.

A student at Tarleton State University, he has also served as secretary, treasurer and president of the Industrial Arts Club. He received the Tarleton "T" award as outstanding freshman in the industrial education department.

At Rankin High School, Haynes was president of the Future Teachers Association, vice president of the Student Council and a member of the National Honor Society.

## Brandt Meets New Election Setback

MAINZ, West Germany (AP) — Chancellor Willy Brandt's Social Democrats suffered another setback when the vote count today showed that the conservative Christian Democrats won major gains in Rhineland-Palatinate state.

The result does not affect Brandt's standing in the federal parliament in Bonn, but political observers said it indicates growing voter dissatisfaction with his government. Earlier this month the Social Democrats lost badly in Hamburg.

## Northern Ireland Marks Somber Holiday

BELFAST, Northern Ireland (AP) — St. Patrick's Day in Northern Ireland was marked by somber sermons, the killing of a British soldier and an unsuccessful arms raid on an American navy post.

"The majority of Irish people are sickened by the ever-recurring violence, death, maiming and destruction," said the Roman Catholic primate of all Ireland, John Cardinal Conway, in Armagh.

The soldier was killed in an ambush of a British motor patrol by five gunmen in a Catholic section of Londonderry. He was the 976th confirmed fatality in more than four years of communal warfare, and the eighth person killed in three days.

Other guerrillas were routed by guards at a U.S. Navy communications center outside Londonderry after they invaded it in a hijacked pickup truck. The post relays messages for the North Atlantic Treaty Organization between Europe and America and has a garrison of about 150 Navy men.

The masked raiders seized one American guard and tied up three others. But the captive escaped when the guerrillas abandoned their truck and fled on foot. It was believed the raiders were after arms.

At St. Patrick's traditional

burial site, Downpatrick, the primate of the Protestant Church of Ireland, Dr. Alan Buchanan, pleaded with the guerrillas to "stop now in the name of humanity."

In the Irish Republic, however, not even driving rain could dampen the spirits of marchers and spectators at the annual parade along Dublin's O'Connell Street.

Four of the bands and about 5,000 of the 50,000 spectators were Americans. The 150-member band from Bishop Kearney High School in Rochester, N.Y., made a return appearance after three years to a salvo of cheers.

Making their debuts before the Irish were 120 young people of the Maple Lakes, Minn., high school band; the 81-member band from the Laconia, N.H., high school, and the high school band from Rumford, Maine.

**Dan Gerber Dies**

FREMONT, Mich. (AP) — Dan Gerber Sr., 75, the former board chairman and president of Gerber Products Co. died Saturday. Gerber went into business with his father in 1912, and the company began producing baby foods in 1928.

**GOSPEL MEETING IN PROGRESS**

8:00 P.M.

BOB McDONALD Speaker

CHURCH OF CHRIST CUTHBERT AND AUSTIN

### don't blame this man

Any time you find Shamrock products in short supply, please don't blame your Shamrock service station operator. He can't help it... and neither can we. You can be sure, however, that both of us are doing our very best to take care of your needs.

We supply the products for more than 1,500 independent Shamrock service stations across ten Southwestern and Rocky Mountain states. The operators of these stations have played a big part in Diamond Shamrock's marketing success. We provide them with quality products, and marketing aids, and they give you the kind of friendly, helpful service that makes loyal Shamrock customers.

Diamond Shamrock Oil and Gas Company is making distribution of all available petroleum products to its jobbers and dealers according to the government's mandatory allocation program during the energy shortage.

We pledge to our Shamrock service station operators our closest cooperation in these trying times. You can help by understanding their problem and by conserving energy in every way possible. Let's work together for a better tomorrow.

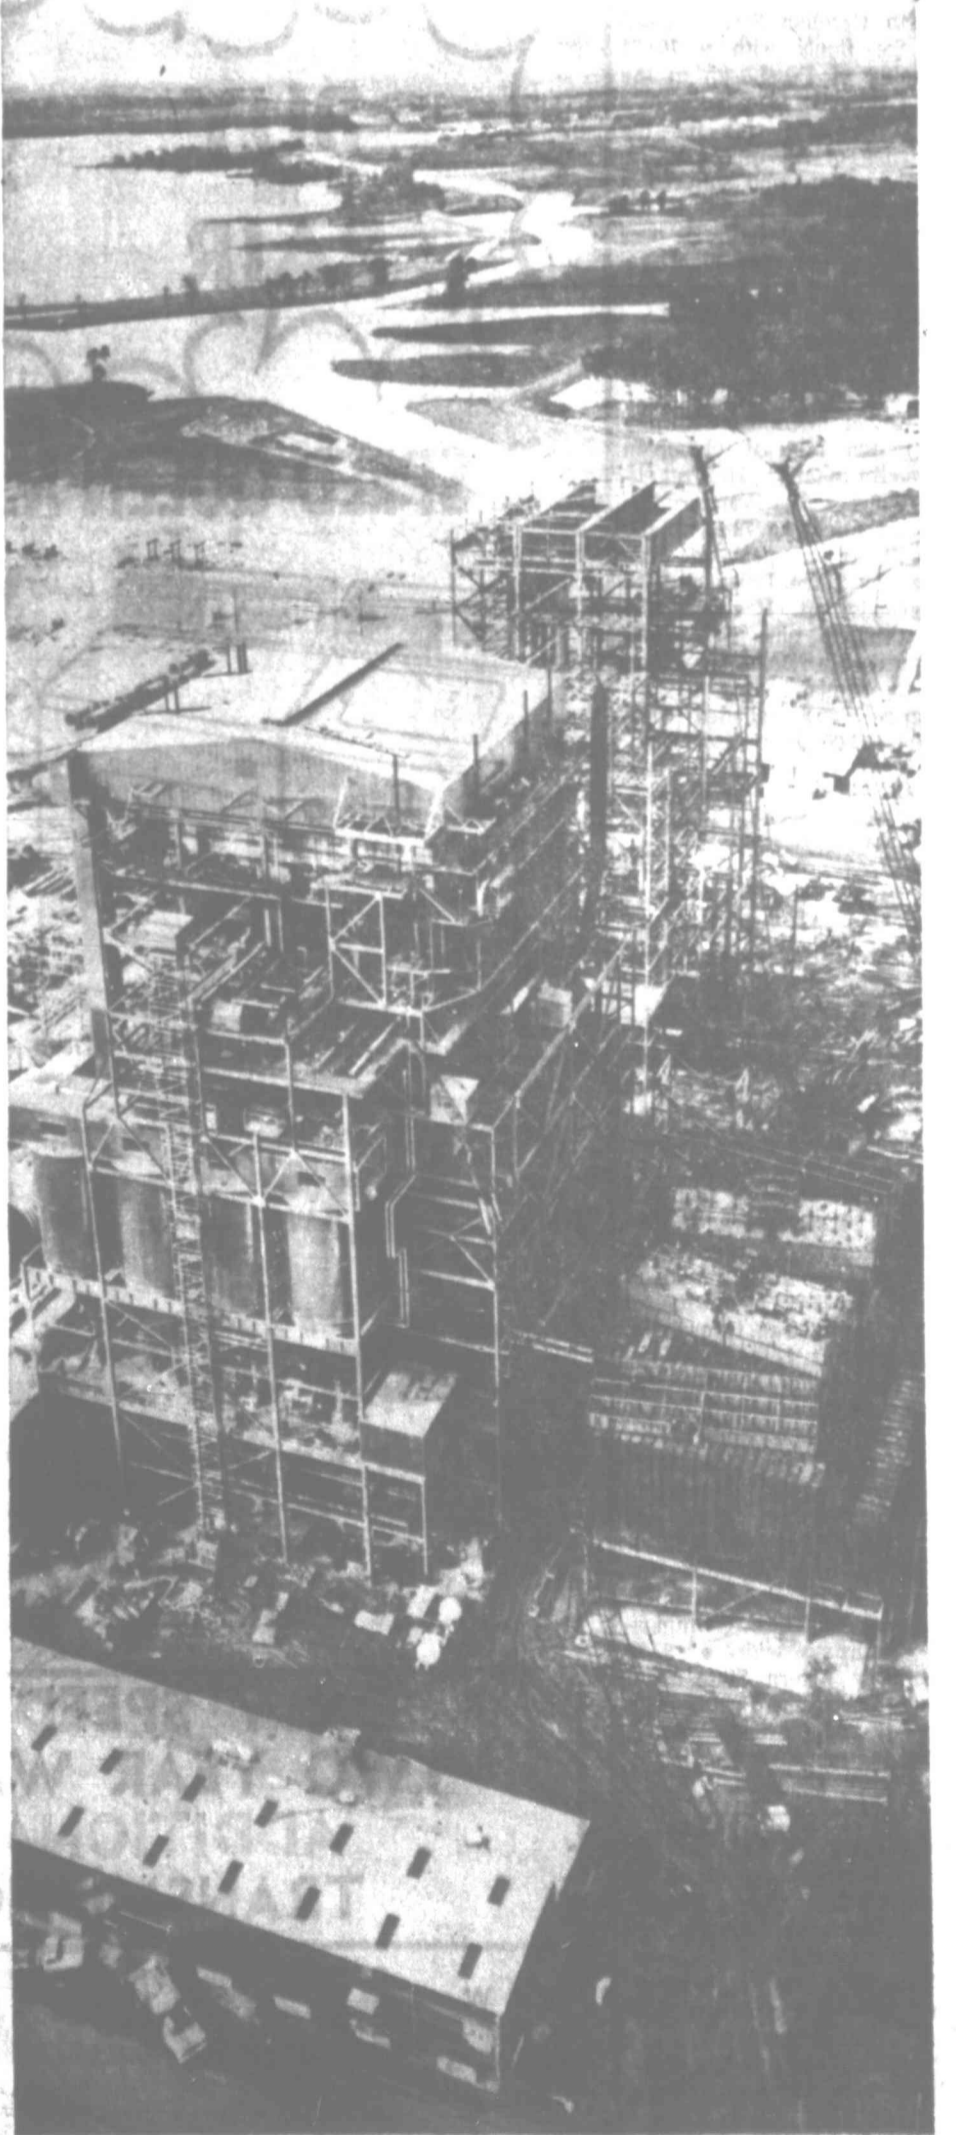

**DIAMOND SHAMROCK OIL AND GAS COMPANY**  
The energy unit of Diamond Shamrock Corporation

Diamond Shamrock Chemical Company, the chemical unit of Diamond Shamrock Corporation, is one of the nation's leading producers of important chemicals for industry and agriculture and of nutrition and health products for man and animals.

What TESCO is doing to provide the electricity you'll need:

## We're building lignite coal-fired power plants to decrease our dependence on natural gas. But they're costing twice as much.

Texas Electric has traditionally used natural gas as its major fuel to generate electricity, with oil used as a standby fuel.

We must depend on these fuels for many years, but because there are growing shortages of natural gas and oil, our long-range plans call for diversifying to other fuels.

Texas Electric, along with two other electric utilities, has acquired supplies of lignite coal in East Texas. Together we have already built a lignite-fired generating plant, and two more are under construction.

While these units will help keep our system strong, they cost about twice as much to build as our gas-fired units.

By 1980, the three companies are planning to diversify to still another fuel, by adding a nuclear power plant near Glen Rose. But again, nuclear plants are much more expensive than gas-fired plants — more than three times as costly, in fact.

The point is, if we are going to be able to supply the electricity you need in the years ahead we must diversify our fuels. Expenditures of \$700 million for new construction must be made in the next five years alone.

We're working to supply the electricity you need, but it's costing more to make it all the time.

# Smith, Fisk Feud Still Burning As Cards Win

By JOHN NELSON  
AP Sports Writer

The continuing saga of Reggie Smith and Carlton Fisk — former teammates now gone separate ways to their mutual satisfaction — seems to have a way of sneaking from the locker room to the diamond.

The stage was set for the saga's latest act by a game between the Boston Red Sox, Smith's former team, and his new team, the St. Louis Cardinals.

Smith took a few pot shots at Fisk before the game, calling the Boston catcher a "crybaby" and "back-stabber," then took another shot at pitcher Diego Segui in the ninth inning, sending Segui's first pitch out of the park and helping the Cards to a 4-3 exhibition victory over the Red Sox.

Meanwhile, Fisk took a shot of his own, in the fifth inning. It was a foul tip off the bat of Joe Torre that caught the All-Star catcher in the groin and probably will sideline him for two or three days.

Smith's homer tied the game at 3-3, and then Ken Reitz singled in the winning score with two out.

In other exhibition games, the other half of the Boston club beat Philadelphia 10-7, Los Angeles squashed the New York Mets 9-2, Minnesota beat Houston 9-5, Cincinnati blanked Atlanta 7-0, Baltimore defeated Pittsburgh 7-3, the Chicago White Sox got by Kansas City 6-3, the Chicago Cubs beat Oakland 6-2, San Francisco defeated California 8-2, Montreal blasted Texas 5-1, Cleveland downed Milwaukee 3-1, and the Yankees pummeled Detroit 5-1.

"I'm glad to get away from a crybaby like Fisk," Smith said. He said since the 1973 campaign, "I've only seen his picture in the paper and read all that stuff he's been saying behind my back. He didn't have the nerve to say it to my face."

Fisk retaliated by calling Smith "a troublemaker," but would not discuss the situation further, keeping his distance from Smith during the game.

Neither exchanged words.

Steve Carlton was tagged for six runs in three innings, and outfielder Bernie Carbo got four singles and drove in three runs to lead the other half of the Boston contingent. Rick Wise got the victory by holding Philadelphia scoreless for five innings.

Ron Cey, who has six RBIs in his past two games, had a homer and a single in Los Angeles' rendering of the New York Mets. Dave Lopes stole three bases for the Dodgers.

Meanwhile, the Dodgers announced that third baseman Ken McMullen had left the club to join his wife, Bobbie, who is

seriously ill and being hospitalized in California. Mrs. McMullen underwent surgery last May for cancer.

Bob Darwin homered for two runs, and Steve Braun's circuit blow drove in another three, pacing Minnesota to its first victory of the exhibition season. Houston took a 3-1 lead after Harmon Killebrew had put the

Twins on the board with a single in the first inning.

Cincinnati exploded for 17 hits and pitchers Pat Osburn, Steve Kealey and Pat Zachery held the Braves scoreless in the Reds' victory. Ken Griffey led the Reds at the plate with three hits, while Atlanta slugger Hank Aaron went hitless in four at-bats.

Four Errors  
Pittsburgh committed four costly errors in the game, and the Orioles jumped to a 5-3 lead in the fourth inning on four runs off Pirate starter Bruce Kison. Inos Cabell had three RBIs for Baltimore.

The White Sox scored seven runs off Marty Pattin in a first three innings to move to

an easy victory over Kansas City. Jorge Orta had two singles and a homer with four RBIs for Chicago.

The Cubs got homers from Vic Harris and Jerry Morales, and Bill Madlock added three hits to pace Chicago past the world champion A's. Madlock, in 29 at-bats, has 18 hits for a .620 average so far in pre-

season play.

Three Giant pitchers — John D'Acquisto, Frank Riccioli, and Mike Caldwell — held California to three hits, and San Francisco tagged Nolan Ryan for five runs in four innings, including Chris Speier's solo homer.

Bayley Het  
Bob Bailey doubled twice,

scored two runs and drove in a run with a sacrifice fly for Montreal. The Expos touched Texas relief pitcher Pete Broberg for three runs in the fifth inning.

Charlie Spikes doubled in Cleveland's winning run, and shortstop Frank Duffy, who had homered to tie the game in the third inning, scored an insurance

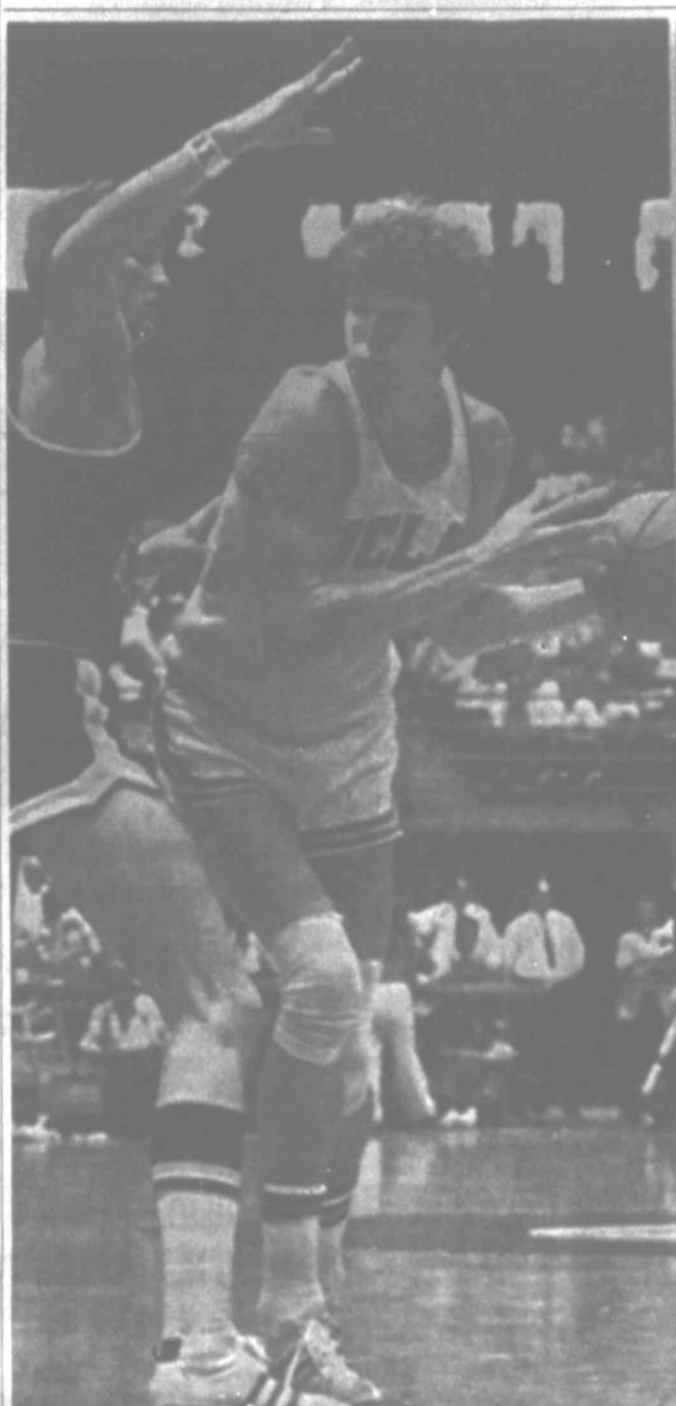

run in the Indians' victory over Milwaukee.

Bobby Murcer personally accounted for three Yankee runs that carried the New York club past Detroit, now managed by former Yankee mentor Ralph Houk. Murcer doubled home two runs and scored the other

himself.

## UCLA Picked Again

The Midland Reporter-Telegram  
**SPORTS**  
14A—MONDAY, MARCH 18, 1974

**WALTON AT WORK** — UCLA's Bill Walton looks to pass off ball during NCAA Western Regional finals Saturday in Tucson, Ariz. as Eric Fernsten of the University of San Francisco guards the 6-11 All-America center. The Bruins won, 83-60, to advance into the semifinals next Saturday against North Carolina State. (AP Wirephoto.)

## Bruins Set To Battle Wolfpack

By HOWARD SMITH  
AP Sports Writer

UCLA, favored to win its eighth straight National Collegiate Athletic Association basketball championship, geared up for Saturday's semifinal meeting with top-ranked North Carolina State at Greensboro, N.C., with some old fashioned sabre-rattling.

Coach John Wooden sounded the challenge when he recalled the Bruins' 84-66 romp over the Wolfpack last December in St. Louis.

"I want them to remember we beat them by 18 points on a neutral court with Bill Walton playing only half the game," declared Wooden. "I want them to dwell on that."

UCLA, 25-3 on the season, made it into the semis with an impressive 83-60 rout of San Francisco Saturday in the fi-

NCAA Semifinals  
March 23 at Greensboro, N.C.—Kansas (23-5) vs. Marquette (25-4), 12 noon, CDT.  
UCLA (25-3) vs. North Carolina State (28-1), 2 p.m., CDT.

nals of the Far West Regionals. All-Americans Keith Wilkes and Bill Walton paced the attack with 27 and 17 points, respectively.

North Carolina State cruised into the finals with a 100-72 thumping of Pittsburgh in the East Regionals. The Wolfpack's only concern was for the well-being of All-American David Thompson, who suffered a concussion when he fell to the floor in the first half. He was hospitalized Saturday night, released Sunday and is expected to be at full speed for UCLA.

Tom Burleson had 26 points and 12 rebounds for the Wolfpack, 28-1 on the year.

The other semifinal Saturday will match Mideast champion Marquette against Midwest titlist Kansas. The Warriors, 25-4, edged Michigan 72-70 on the strength of a pair of free throws by Dave Delsman with 45 seconds left. It marks the first time in nine NCAA appearances Marquette has made it to the semis.

Kansas, 23-5, shaded Oral Roberts 93-90 as reserve Tommie Smith sank a pair of baskets in the final 28 seconds. Danny Knight had 19 points to lead the balanced Jayhawks attack.

At New York's Madison Square Garden, Connecticut, Utah, Boston College and Memphis State scored first-round victories Sunday in the National Invitation Tournament.

Jim Foster pumped in 27 points to lead Connecticut past St. John's, N.Y., 82-70. Tickey Burden's 34 points powered Utah to a 102-89 victory over Rutgers. Jerry Nolan's foul shot in the final seconds gave Boston College a 63-62 upset of Cincinnati. Memphis State held off Seton Hall 73-72 by virtue of Dexter Reed's free throw with 30 seconds left.

In Saturday's NIT action, Purdue surprised North Carolina 82-71, Maryland-Eastern Shore dumped Manhattan 84-81, Jacksonville beat Massachusetts in overtime 73-69 and Hawaii edged Fairfield 66-65.

West Georgia claimed the National Association of Intercollegiate Athletics championship Saturday with a 97-79 romp over Alcorn State. Tom Turner topped the Braves with 28 points and Clarence Walker, named the tourney's Most Valuable Player, added 24.

**Johnson Wins Title**  
Erd Johnson defeated Ed Leeds, 31-27, Sunday to win the Raquet Club's St. Patrick's Day Tennis Tournament.

B Division honors went to James Currie, who defeated Bill Worley, 31-27.  
Floyd Huffman won the Women's Division and was followed by Sandy Hall, Sandy Landus and Kay Bishop.

## Green Takes Win At Jacksonville

By BOB GREEN

JACKSONVILLE, Fla. (AP) — Hubert Green's going to have to change his act.

For a couple of seasons, the lanky, laconic young man from Birmingham, Ala., has characterized himself as "just another pretty face on the tour."

But his credentials are getting too impressive for that now. He's rapidly becoming one of the game's premier performers.

Green scored his second victory of the year and fourth in the last 12 months with a gritty comeback performance Sunday in the Greater Jacksonville

Open Golf tournament. He won it with a 71 that included a decisive four birdies in a row and a 276 total, 12 under par on the 7,068-yard Deerwood Country Club course and a comfortable three strokes in front of John Mahaffey.

Mahaffey matched par 72 in the mild, sunny, slightly windy weather and finished at 279. Jerry Heard, first and second in his two previous performances, came on to take third with a 68-280.

Jim Welchers suffered another bitter, frustrating disappointment. The big guy, who has been in position to win a half dozen times in the last year, entered the final round in a tie with Green for the top, actually took the lead at one stage then again fell victim to a poor finish.

He closed with a 40 on the back nine, a 76 and a tie for fourth with DeWitt Weaver and Leonard Thompson at 281. Thompson had a final 70 and Weaver 71.

Tom Weiskopf took a last round 74 for 284. Australian Bruce Crampton closed with 68 for 286. Arnold Palmer had 71-287 and Lee Trevino 75-289.

★

# Pacers Nab ABA Win Over N.Y.

By THE ASSOCIATED PRESS  
The Indiana Pacers, plagued by inconsistency earlier this season, have been playing impressive basketball lately and Coach Bobby Leonard thinks his club is for real.

"I'm convinced now that we're really playing good basketball," said Leonard after the Pacers took a 117-106 American Basketball Association decision from the New York Nets Sunday.

The Pacers pulled out to a 93-72 third-period lead over the Nets and coasted the rest of the way to the San Antonio for second place in the West Division.

Elsewhere in the ABA, Kentucky downed Utah 101-90 and Memphis beat San Diego 118-115.

George McGinnis was the big man for the Pacers with 34 points and 25 rebounds. Julius Erving pumped in 41 points for the Nets despite spending most of the third quarter on the bench with foot problems.

Roger Brown added 23 points for Indiana and Wendell Ladner had 34 for the Nets.

Colts 112, Stars 106  
Arts Gilmore scored 22 points and grabbed 20 rebounds as Kentucky closed to within one game of first-place New York in the East.

Rockets 101, Squires 90  
Steve Jones netted 17 points in the third quarter to help Denver snap a seven-game losing streak. Jones finished with 25 points and Cincy Powell had 21 for Virginia.

Tams 118, Q's 115  
Wil Robinson came off the bench to score 14 points in the final period for Memphis. Larry Finch's two free throws in the closing seconds proved decisive for the winners. Robinson wound up with 30 points while Dwight Lamar netted 34 for San Diego.

### SWC ROUNDUP—

## Longhorns, Ags Head Standings

By THE ASSOCIATED PRESS  
The Texas Aggies are in the accustomed first-place perch in the Southwest Conference baseball standings, but the Longhorns could get that this weekend on Southern Methodist pitching.

Texas (7-2) trails the Aggies (6-0) by a game and a half but wins SMU, which has lost nine consecutive SWC tilts, comes calling for a three game series starting Friday.

A&M has a more formidable foe, hosting the improving Arkansas Razorbacks at College Station in a trio of games.

Texas won two out of three games from Texas Tech over the weekend and displayed some awesome home run circuit shots over Tech pitching in a doubleheader sweep.

A&M, which did not play a conference foe, finished second in the Citrus Baseball Tournament at Edinburg.

Texas has the best overall record with an impressive 24-2 ledger while A&M is 18-4 overall.

Texas Christian is three games off the pace after defeating Rice in two out of three games. The Horned Frogs are 6-3 while the Owls hold down fourth place with a 5-4 ledger.

The defending champion Longhorns and the Aggies don't play until the April 26-27 weekend in Austin and the title could hinge on that series.

Baylor and Houston scheduled a three game series today and Tuesday because of rain in the Bayou City last weekend. The Bears didn't make the trip to Houston because of the weather.

### SWC Standings

Team	W	L	Pct.	Games
Texas A&M	6	1	.857	7
TCU	4	3	.571	7
Baylor	3	3	.500	6
Arkansas	2	4	.333	6
Texas Tech	1	5	.167	6
Houston	1	5	.167	6
SMU	0	6	.000	6

### LAST WEEK'S RESULTS

Monday—Baylor 4-3, Kearney State 3-6  
Tuesday—Arkansas 5-3, Arkansas 1-3  
Sam Houston 6-4, Houston 2-7  
Southern Oklahoma 8-4, SMU 5-4, Texas 3-3, Texas Lutheran 0-1, St. Edward's 3-4, Texas A&M 1-2, Rice 3-1, St. Edward's 9-6, TCU 8-0, Kearney State 5-1.

Wednesday—Kearney State 7-4, SMU 5-7

Thursday—Texas A&M 7-4, Missouri 1-6, Texas 3-3, Texas Tech 0-1, TCU 8-1, Rice 0-1, A&M versus Pan American, cancelled rain, Baylor at Houston, road rain.

### THIS WEEK'S SCHEDULE

Monday—Marquette State at Arkansas (1), Baylor at Houston  
Tuesday—Washington at Rice (2), Nebraska at TCU (3), Baylor at Houston (3)  
Wednesday—William Jewell at Arkansas (2), Nebraska at SMU (2).

GUADALAJARA, Mexico — Jane Blalock carded a brilliant five-under-par 67 and captured the first annual \$30,000 Bing Crosby-San Isidro International Women's Golf Tournament by two strokes over Jo Ann Prentice.

# DISTRICT 5-4A OPENERS Bulldogs, Rebels Ready

By BOB DILLON  
The Midland Lee Rebels and Midland Bulldogs open District 5-4A baseball play Tuesday against Odessa and Odessa Permian after winding up pre-district play over the weekend.

Coach Arlen Dickson's Purple Pack, defending district and AAAA state champions, entertain Permian on the Memorial Stadium diamond while Lee, pre-season favorite to win 5-4A, meets Odessa's Bronchos at Fly Field in Odessa in 4 p.m. games.

Lee takes a sparkling 10-1 season record into the loop opener while Midland, in a rebuilding year, sports a 5-7 mark.

Coach Ernie Johnson's Rebels swept three games from Lubbock Coronado last week, knocking off the Hub City nine, 3-1, in Lubbock Tuesday and then took a

doubleheader from the Mustangs, 3-1 and 5-3 on the Lee diamond Saturday.

Midland had a rough week, losing to Snyder, 5-4, last Tuesday and then winning one of a three-game series with the Caribbean, N.M. Cavemen. Caribbean blanked MHS, 19-0 on Friday, but the Pack came back to win 9-5 and then lost 7-5, but played well enough to win that one too.

Odessa sports a 7-3 record, but lost the services of its stellar catcher and all-state football player in Rodney Allison who suffered a broken ankle in the third game of the year against Lubbock High. Darrell Eubanks received a spike wound in Friday's 3-0 win over Odessa's Ector, but should play against Lee.

Johnson has a solid pitching staff with junior right-hander Jay Frazier leading

the way with a 3-0 record. Keith Bishop and Phil Anderson stand 2-0 while Eddie McNeal owns a 2-1 mark and Hector Prieto stands 1-0. Frazier most likely will get the nod Tuesday. Bishop has been slowed down the past 10 days with the flu and Frazier proved his talents by setting down Lubbock Monterey on a two-hitter in a 3-2 victory in Lubbock.

Alan Buonsera (2-1) will throw for Midland against Odessa's Don Hudnall who threw a no-hitter at Ector Friday, or Jerry Walker.

Catcher Terry Copeland leads the Midland hit parade with a .385 average while Buonsera, who also plays first base, is hitting at a .361 clip. Next comes Bruce Smith and Jeff Cole with .333 means while centerfielder Brandon Battles is hitting .290.

Lee is hitting at a .333 clip as a team and although Johnson is not pleased with the way the hitting has tapered off, he is happy with his pitching and defense.

Catcher Blain Murray tops the Rebels hitting brigade with a .417 average while both Brett Blackwell and Larry Tidwell are pounding the ball at a .412 clip. David Clingman follows with a .400 average while Bobby Stevens is hitting .343.

Tidwell has knocked in 14 runs while hitting a double, two triples and three homers. Lee has collected 15 doubles, six triples and 10 homers to date.

While the two Tall City teams are taking on Odessa nines, Big Spring (2-10), takes on Abilene (5-6) in Abilene and Abilene Cooper (3-7) travels to San Angelo (2-3) to battle the Bobcats in other loop openers.

# Drafters Complete New Democratic Charter

WASHINGTON (AP) — Controversial midterm conventions would continue under a proposed new Democratic party charter to be circulated for suggestions or complaints among party leaders across the country.

The Democratic party charter commission completed the document Sunday after two days of drafting and some heavy debate.

The new charter provides for a judicial council of supposedly impartial experts to settle disputes over the methods of electing delegates to the national nominating conventions.

Also included is a mandate for "affirmative action" programs by state parties to open up the party to traditionally underrepresented minorities.

The charter commission will meet again in August to consider suggested changes. Final adoption of the charter will be at the midterm convention scheduled for December in Kansas City.

The midterm meetings, or

policy conferences as they are officially designated, have been advocated by party reformers but opposed by old-guard Democrats, the party's elected officials and the AFL-CIO.

Party brass succeeded in having this year's meeting scheduled late in the year, safely past the November elections. Old guarders have expressed fear that the midterm conventions will only serve to display intraparty bickering of the sort which beset the 1972 convention.

A tentative decision to continue midterm conferences had been decided Saturday by the yes vote of commission chairman Terry Sanford. After overnight lobbying by both sides, the section passed by a 53-40 vote Sunday.

The closeness of the votes and intensity of feeling prompted the commission to list several minority alternatives for consideration at the December conference. They include one that would let the party's national committee decide whether there would be a conference.

As originally proposed, the judicial council would have eliminated the traditional credentials committee, which is usually highly political in nature, with members aligned according to the presidential candidate they support.

However, under the new charter as drafted the council may only consider complaints about a state's compliance with the rules and may not hear challenges against individual delegates.

As originally proposed, the judicial council would have eliminated the traditional credentials committee, which is usually highly political in nature, with members aligned according to the presidential candidate they support.

However, under the new charter as drafted the council may only consider complaints about a state's compliance with the rules and may not hear challenges against individual delegates.

## Reform Jews To Set Up First Kibbutz In Israel

JERUSALEM (AP) — American Reform rabbis announced plans today to strengthen their ties with Israel by establishing their first kibbutz in the Jewish state.

Delegates to a convention of the Central Conference of American Rabbis said they

hoped the first settlers would arrive by 1977.

Several sites have been inspected, including one in the Arava Desert, the eastern flank of the Negev wilderness, the convention was told.

Reform Judaism, a liberalized form of the religion, has not previously sponsored collective settlements in Israel mainly because it is ostracized by the Orthodox who control all Israeli religious institutions.

Reform Judaism also used to minimize Israel as a spiritual base and only in recent years has evolved toward ties with the Jewish state.

Rabbi Stephen Schaefer, director of Reform youth programming in the United States, told the convention it would take several years to screen candidates for the kibbutz.

The rings of Saturn were discovered by Galileo.

## Winter Tightens Grip On Northeast With Winds, Snow

By THE ASSOCIATED PRESS

High winds whipped snow into four-foot drifts in Central New York state today as winter tightened its grip by dumping more snow over the Northeast.

During the night, new snowfalls of 3 inches in Syracuse and 2 inches in Rochester and Binghamton were added to previous accumulations of up to 10 inches.

The snow was accompanied by winds of 30 to 50 miles per hour that extended along the middle Atlantic coast. Freeze warnings were issued for Delaware, Maryland, Virginia and South Carolina.

Cold air also hit the North Plains states while freezing rain and snow moved from eastern Iowa into Minnesota.

Farther west, rain and snow spread from northern California into the northern and central Rockies.

Skies were mostly clear over the rest of the nation except for patches of fog over South Texas and the central and southern California Coast.

Early morning temperatures across the nation ranged from 9 degrees at Marquette, Mich., to 74 at Needles, Calif.

Some other reports: Anchorage 30 cloudy, Atlanta 36 clear, Boston 28 snow, Buffalo 27 clear, Chicago 32 partly cloudy, Cincinnati 33 clear, Dallas 57 clear, Denver 45 clear, Detroit 29 clear, Honolulu 71 cloudy, Indianapolis 31 partly cloudy, Kansas City 40 clear, Los Angeles 58 cloudy, Louisville 31 partly cloudy, Miami 60 smoke, Minneapolis-St. Paul 31 cloudy, Nashville 39 cloudy, New York missing, Philadelphia 35 partly cloudy, Phoenix 68 clear, Pittsburgh 32 cloudy, St. Louis 40 cloudy, San Francisco 49 clear, Seattle 42 clear, Washington 43 clear.

## Briscoe Warns Against Resuming Wasteful Ways

EL PASO, Tex. (AP) — Gov. Dolph Briscoe said today that Texans must avoid "returning to our old wasteful ways" even if the end of the oil embargo eases the gasoline situation.

"The energy shortage is going to be with us for a long, long time to come and we must readjust our life styles to cope with the situation," Briscoe told a joint service club luncheon.

The governor said that for the state's vital tourist industry to survive these critical times "we must encourage Texans to visit the attractions within the borders of our state. We will not allow the energy shortage to destroy the economic foundation of the tourist industry and the cities which are dependent upon this industry. In El Paso, the value of your tourist industry was estimated at \$48 million last year."

He said the state's tourist marketing program had been reordered with the assistance of the Texas Tourist Development Agency to protect the heavy investment in Texas tourism. Special promotion literature has been sent 9,000 travel agents to promote Texas tours for those who wish to travel in mass transit vehicles.

"By taking these and other positive steps, we can help insure that travel continues to benefit Texas while simultaneously heeding the national need for more prudent use of energy," Briscoe said.

Earlier, Briscoe made a political speech to the West Texas

County Judges and Commissioners Association.

"I have always believed that the best politics is good government," he said. "I am going to take my record to the people in every corner of the state, because I know the people are capable of making up their own minds, on the basis of a record—not rhetoric."

### WHAT IS THE TRUTH?

"Thy Word is Truth" (John 17:17)

by Bryan Bost

A minister visited a woman who was dying. He asked her, "Aren't you afraid of death?" She replied, "Why should I be afraid of something that I've prepared for all these years?" As a Christian she had hope—hope that by God's power death was just the gateway to a home in heaven with God.

In the New Testament hope equals desire plus expectation: you wish that it would happen and, at the same time, you have confidence that it will come true. The Christian's hope is focused on God, not on some utopian situation in this world. The Christian's hope looks forward to the coming of Jesus Christ and being with God forever. The Christian will also be raised to eternal life by God's power (1 Peter 1:3). Christians are "awaiting our blessed hope, the appearing of the glory of our great God and Savior Jesus Christ, who gave himself for us to redeem us from all iniquity and to purify for himself a people of his own who are zealous for good deeds" (Titus 2:13-14).

The Christian life is summed up in faith, hope, and love (1 Cor. 13:13). Are these qualities and attitudes in your life? Specifically, do you have Christian hope?

### Two Major Fires Rage In Florida

JACKSONVILLE, Fla. (AP) — Firefighters beat back flames near scores of rural homes as 20 to 25 blazes blackened about 2,000 acres in Duval, Clay and Nassau counties during the weekend, officials reported.

They blamed arsonists for starting the fires, which were whipped by winds gusting up to 20 miles per hour.

"Some of those fires were set just for pure meanness, I guess," said state forestry spokesman John Jones. "They were definitely set on purpose."

He said fires burned into front yards of some homes in rural Jacksonville but no one had to be evacuated. There were no reports of serious injuries.

Heavy equipment and men were concentrated Sunday on two major fires, one near several Jacksonville beach communities and the other in the Oceanway section north of downtown.

The density of Saturn is lower than the density of water.

### Park Center Y's Family Night Set

The regular monthly family night of Park Center YMCA will be held Saturday at the Central YMCA, 800 N. Big Spring, from 7 to 10 p.m.

Most of the Central "Y" facilities will be available including the swimming pool, the game room and the gymnasium. All Park Center family members will be welcome. Coffee and light refreshments will be served.

### Rutz Chess Winner

Carl Rutz won first place in the Midland Chess Club's St. Patrick's Day Tournament. Tying for second and third were Nathan Cyper and Andrew Lattu. Daryl Lane was fourth. The tourney was held in the Downtowner Motor Inn.

Normal Hudson, the federation president, said 80 to 85 per cent of the membership supports the strike. He said that with promised support from other unions the public schools could be shut down by midweek.

Hudson said 44 of 62 contract items remained unresolved when talks broke off Friday

NEW EAGLE SCOUT—Tom Frenzel of Troop 51 recently was awarded an Eagle Scout badge in ceremonies in the Episcopal Church of the Holy Trinity. With him are Scoutmaster Thomas M. Sloan, left, and his parents, Mr. and Mrs. Hugh Frenzel.

## Teachers Walk Out At Kansas City

KANSAS CITY (AP) — Public school teachers asking higher pay and administrative changes went on strike today and set up picket lines at the city's 98 schools and school administration building.

Supt. Robert Medcalf vowed to keep the schools open, and classes were under way at some high schools at the normal starting time. School officials said they would not have attendance figures until late in the day.

Medcalf said he planned to seek a restraining order against the strike, which was voted Sunday by about half the 3,200 members of the Kansas City Federation of Teachers after a stalemate in contract talks.

Normal Hudson, the federation president, said 80 to 85 per cent of the membership supports the strike. He said that with promised support from other unions the public schools could be shut down by midweek.

Hudson said 44 of 62 contract items remained unresolved when talks broke off Friday

without any being rescheduled. A key area of disagreement is salaries. The teachers rejected a 5.5 per cent increase, claiming it would be tantamount to a pay cut in view of last year's 9 per cent cost of living increase.

County chieftain expected the Watergate. He said they eschewed a great deal came from 8 South, 11 per cent west and 15 per cent West. Some Accuse

Some 15 per men said ac crats of usir partisan purp of the strong GOP could u campaign.

# Republicans Downgrade Watergate

PRINCETON, N.J. (AP) — Republican leaders feel inflation and the energy crisis top Watergate as the primary issues in this fall's congressional election campaigns, according to the Gallup Poll.

In a nationwide survey of Republican county chairmen, 71 per cent named inflation as the leading issue and 65 per cent listed the energy crisis. Watergate was named by 32 per cent. The Gallup organization said 2,384 chairmen returned questionnaires in the mail poll, a response rate of more than 65 per cent.

**Estimates Vary**  
The chairmen played down the effect of Watergate on their party's congressional candidates. Forty per cent said the issue would affect their candidates "somewhat," 31 per cent said "hardly at all," 17 per cent said "not at all," 11 per cent said "a great deal," and 1 per cent gave no opinion.

County chairmen in the East expected the most fallout from Watergate. Seventeen per cent said they expected it would hurt a great deal. That response came from 8 per cent in the South, 11 per cent in the Midwest and 15 per cent in the far West.

**Some Accuse Democrats**  
Some 15 per cent of the chairmen said accusing the Democrats of using Watergate for partisan purposes would be one of the strongest arguments the GOP could use in the coming campaign.

This was the fourth most frequent response, with other answers being charges of an ineffective Democratic Congress, claims that the Republicans have maintained peace, and claims of good management in international affairs in general, and in international trade.

# Convention Faces Break, May Session

AUSTIN, Tex. (AP)—Constitutional Convention delegates returned to work today with expectations of working three more weeks on the new state constitution, then taking a 30-day break for primary elections.

A general session was called for 2 p.m. to resume debate on the executive branch provisions of the proposed new constitution.

Debate on the Executive Article halted last Friday when 21 legislator-delegates failed to return from lunch, leaving the convention without enough delegates to transact business.

Speaker Price Daniel Jr., convention president, warned the 180 senators and representatives who are the convention delegates that they must be prepared to work this Friday afternoon and Saturday if necessary.

The 181st delegate, Rep. Hawkins Menefee, D-Houston, died in an automobile accident last Wednesday, after which the convention took two days off from working on the constitution.

A special election to fill Menefee's place will be held April 20.

Since convening Jan. 8 the convention has finished preliminary work on only three articles—the Bill of Rights, and Education and Voter Qualifications.

In addition to the Executive Article, the Finance Article and the Mode of Amending the Constitution Article are awaiting debate. Articles on the legislature, judiciary, local government and general provisions are still being considered by committees.

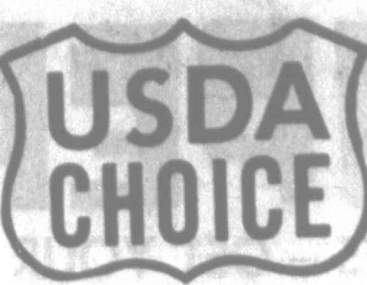

Daniel said Friday he has given up all hope of a 90-day session but instead would try to get preliminary approval of all articles before the convention recessed about April 5.

A second session, to last up to 60 days, probably will be called about May 6.

# Hussein Visits Californian Friend

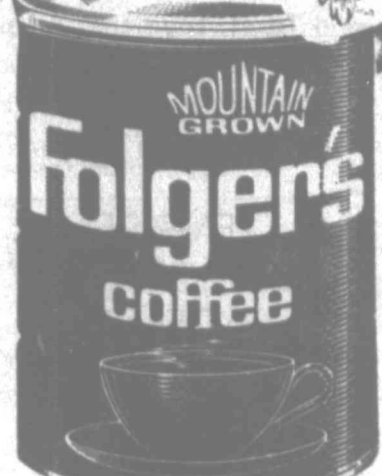

WEST PALM BEACH, Fla. (AP) — King Hussein of Jordan arrived here from Washington in a private jet for a visit with James Kimberly, heir to the Kimberly-Clark fortune.

Hussein was whisked away from the airport Sunday without making a statement and was escorted by motorcade to Kimberly's home in the exclusive resort of Palm Beach.

## Government Limits Access To Nation's Highest Mountain

BISHOP, Calif. (AP) — The U.S. Forest Service has been forced to limit public access to Mt. Whitney. The solitude of the highest point in the continental United States is being threatened by trampling feet.

First climbed by three fishermen in 1873, the peak is now one of the most frequently climbed in the world. Hundreds are on the trail daily during summer months.

"It's a tough thing when you have to restrict the public from public land," says Ed Waldapfel, public information officer for Inyo National Forest. "But we haven't found another answer."

Under a plan being announced today, the Forest Service will allow only 75 persons per day onto the 10.7-mile Mt. Whitney trail, described by hikers as "just a long walk."

Because it is so readily accessible to the public, the trail to the 14,495-foot summit has been beset by problems brought on primarily by the sheer numbers of hikers.

Last year 15,700 people used the trail, including 1,164 during the Labor Day weekend. During summer months, it's not unusual to have more than 250 people on the trail in one day.

"Three major problems have developed from this intense use," Waldapfel said in a recent interview. "Inadequate sanitation, loss of wilderness solitude and damage to the resources."

He paints a sad picture of litter and waste lining the trail, vegetation destroyed and a "loss of wilderness quality."

The most serious problem area is at Trail Camp, a popular overnight stop for hikers on the Sierra Nevada peak.

"You literally can't find a square yard of ground without human feces on it," Waldapfel said. "The smell is just horrible."

Because the area is designated a wilderness, Inyo National Forest officials are restricted from what might be rational logical remedies. For example, officials ordered removal of a fiberglass toilet a few years ago, ruling it failed to blend with the environment as required by the Wilderness Act of 1964.

## Connally Keeps Door Open for '76

HONOLULU (AP) — Former Treasury Secretary John Connally has said once again that he is not a candidate for the Republican presidential nomination in 1976, but things could change.

Connally, who is here as a guest of honor for a state GOP fund raiser, said he has no plans to run for president.

"But I am not going to completely eliminate myself from any possibility," he added.

Asked whether he had any regrets about his switch to the Republican party, in light of the effects of the Watergate controversy, Connally said: "I never had any misgivings. I moved as a matter of principle, and nothing has happened which violates those principles."

WAITING — Rep. Wilbur Mills, D-Ark., chairman of the House Ways and Means Committee, smokes a cigarette as he waits to appear on a national television program from Washington Sunday. Mills said he expects President Nixon to be out of office by November. (AP Wirephoto.)

## Mills Predicts Nixon To Be Out Of Office By November

WASHINGTON (AP) — Rep. Wilbur D. Mills, predicts President Nixon will be out of office by November.

Mills, chairman of the powerful House Ways and Means Committee and vice chairman of the committee looking into the President's taxes, was asked in a televised interview Sunday whether he expects Nixon will be in office by the November election.

"I do not," Mills responded. "By resignation, by impeachment?"

Mills replied: "One or the other, I do not know which at this time."

Appearing on the CBS program "Face the Nation," Mills said he believes Nixon will come under increasing pressure from within the Republican party because of his tax problems and fears of lost votes in November.

The Arkansas Democrat told one of the newsmen interviewing him:

"I would think that probably you and I both may well be surprised when the vote occurs on the articles of impeachment over the number on the Re-

publican side who may vote for those articles of impeachment."

Mills added: "If he stays in office as President, members of his own party know that they'll lose seats in the House."

Commenting on Nixon's income tax problems, primarily involving a deduction for donation of his vice presidential papers to the National Archives, Mills said:

"There is a possibility (if the investigation) proves that the deduction of the papers given to the archives was improper that there would be fraud on the part of someone."

He said about the capital gains section of the President's taxes, "I've seen no evidence whatsoever of fraud."

Mills added: "Now I'm not naming the President, under any circumstance, but there could be some fraud in connection with the preparation of his return, if he included a deduction for the gift of those papers to the archives in the instance where the papers were given after the cutoff date of July 25, 1969."

Mills said that the decision about whether fraud was involved is up to the Internal Revenue Service.

Mills said last weekend he expects that Nixon will not finish his term of office, mainly because of pressures resulting from his tax difficulties.

A White House spokesman later called the Mills' statement "a dirty, low political ploy."

## Leaders, Organizers Table National Black Party Plans

LITTLE ROCK, Ark. (AP) — Black leaders and organizers have backed off from a proposal to form a national black political party. But they agreed at their convention here to raise \$17.5 million for minority causes.

Delegates voted at the final session Sunday to table the controversial motion for a third major party after spokesmen for the Louisiana and Ohio delegations termed it unrealistic and called for its rejection.

The Louisiana delegation spokesman said ideological differences among blacks presently made formation of such a party impractical. The Ohio spokesman said blacks must

build a viable base in their local communities before attempting to create a national party.

Conference co-convenor Imam Baraka of Newark, N.J., called tabling of the motion "a reasonable view."

He said the motion will be brought up again at a September meeting of the Black National Political Assembly, which organized the three-day National Black Political Convention here.

Conference delegates earlier ratified a Louisiana delegation motion attacking the national Democratic party for allegedly excluding minorities from its meaningful deliberations.

In voting to raise \$17.5 million over the next three years for minority causes, the delegates proposed establishment of a Black United Fund to handle fund-raising effort aimed at small contributors and black businesses and organizations.

They set a timetable of \$2.5 million in 1974, \$5 million in 1975 and \$10 million in 1976. They said the first \$2.5 million was based on the assumption that at least 10 per cent of the estimated 25 million blacks in the United States would contribute \$1 each.

The money will support a Foundation for Human Development, which will provide resources for human development and economic projects among black minorities around the world. It also will go to support liberation struggles in areas of Africa.

The conference also voted to work for a new Homestead Act for social reconstruction and to coordinate efforts to finance and establish black-owned television and radio stations.

Approved by voice vote was a resolution condemning U.S. congressmen who voted \$2.2 billion in military aid for Israel "to wage war against Arab peoples while at the same time appropriating less than \$25 million to help six African nations suffering from drought."

## Portuguese Regime Still Controls Entire Country

LISBON, Portugal (AP) — The Portuguese government appeared securely in control of the whole country today and tension eased after the failure of an attempted coup by young infantry officers.

Military police were holding between 20 and 30 army officers in the Lisbon area in addition to the 200 young officers and infantrymen who advanced on Lisbon in a motorized column Saturday.

Troops loyal to the authoritarian regime of Premier Marcello Caetano turned the rebels back without firing a shot. They returned to their barracks at Caidas da Rainha, 60 miles north of Lisbon, and surrendered several hours later.

Lisbon Remains Calm

Lisbon remained calm, and no disturbances were reported elsewhere in the country. Thousands of soccer fans from Oporto streamed into Lisbon Sunday for a game between Oporto and Sporting of Lisbon. Because of the game, the government relaxed a state of alert which had confined the military to their barracks, but it was clamped back on after the game.

The Lisbon club won 2-0. The attempted revolt resulted from a movement in the armed forces for a political settlement

to end the war against the native rebels in Angola, Mozambique and Portuguese Guinea, Portugal's African territories.

The movement was sparked by the recent book "Portugal and the Future," by the deputy chief of staff, Gen. Antonio de Spinoia, which sharply criticized the government's African policy.

Spinoia's views won wide attention because as commander in chief and governor-general in Portuguese Guinea, he became one of the country's leading military heroes. Caetano was reported to share some of Spinoia's views, but on Thursday he bowed to pressure from President Americo Thomas and other ultraconservatives, fired both Spinoia and the chief of staff, Gen. Francisco da Costa, and confined the military to barracks.

## Large Military Bonuses, Indian Loans on Agenda

WASHINGTON (AP) — Special bonuses to attract men into the all-volunteer military's critically short skilled jobs heads the congressional legislative agenda this week.

A bill to grant \$85.4 million in special bonuses the first full year was scheduled for a House vote in the afternoon as was a new \$140-million economic development program for Indian reservations.

The legislation to authorize federal loans to help Indians develop and manage their own resources originally was introduced by the late John P. Saylor, R-Pa., who died last October.

Rep. Samuel S. Stratton, D-N.Y., said the special military bonus bill is aimed at overcoming what he called the all-volunteer force's critical problem of attracting and keeping men in such critical skills as electronics.

The House passed its version of the bill in December.

Both bills would create a congressional office of the budget, staffed by experts. Both also would require Congress to set its own federal budget ceiling each year.

New Western Discovery

The Congo peacock has been known in the Congo for ages but was only discovered by westerners in 1966.
