POLLY'S POINTERS

Kitchen Carpet Stain Is Toughie

By POLLY CRAMER
Newspaper Reporter Association

DEAR POLLY—Grease from the stove has splashed on the indoor-outdoor carpet in our kitchen making a circle about one foot across. We have used cleaners and a vinegar solution but nothing helped. Just before this happened the carpet had been cleaned by a professional so this was a disaster budget wise. Any suggestions will be appreciated. —MRS. M.K.

DEAR MRS. M.K.—One maker of such carpet suggests that for very heavy grease spots apply a dry-cleaning fluid, such as used for spot cleaning clothes, and then a solution made of one teaspoon white vinegar and one teaspoon of a neutral detergent, such as used for delicate fabrics, mixed in a quart of warm water. Re-apply cleaning solution. BLOT (not rub) gently with a clean cloth beginning at outer edges. Do not apply so much liquid that the backing will become wet. Hurry along the drying process by blotting up as much as possible with another clean cloth or paper towels. Things used previously may hinder the workability of anything used. If any stain has had time to dry and set, it is going to be hard to remove. —POLLY.

DEAR POLLY—My Pet Peeve is with those thread "eyes" put at the necklines of dresses instead of metal ones and supposed to be used with a hook. I find it very difficult to fasten the thread type and often the garment fabric is pulled by constant trying to reach and find that elusive thread "eye." —EDNA.

DEAR POLLY—Those who crochet a lot should try removing the inside from an old ballpoint pen and pushing the crochet needle through the outside part. Start to crochet and discover how relaxed your hand and arm are as you work at a favorite pastime. —MRS. A.D.R.

DEAR POLLY—I save the cardboard cores from large rolls of Christmas gift wrapping paper so when I take down the Christmas tree I can wrap the lights around the tubes, candy-cane style. The ends are taped to the tube. The following year the lights are ready to unroll with no tangles. This is especially good for miniature lights. When storing tree ornaments wrap each one in a facial tissue. —LENA.

DEAR LENA—Even before we were so conscious of saving anything and everything we used tissue that came on gifts for wrapping ornaments to be sorted. —POLLY

DEAR POLLY—Coloring my hair at home is not such a task now that I can see what I am doing. I washed and dried a pair of used plastic gloves and cut off the fingers, including an inch or so of the hand section. I slip these fingers over the bows of my glasses and secure near the lens with plastic tape. Twisting the plastic fingers will also give a closer fit. —BETTY

Yucca Gardeners Have Yule Party

The Yucca Garden Club had its annual Christmas party recently in the home of Mrs. Ernest Neill, 1400 Maberry St.

A short business session was held, with Mrs. M. H. Davis presiding. Reports were presented by standing committees, and Mrs. Billie Gilbert gave a report on the club's recent pilgrimage to Lubbock. Members toured the Texas Tech University Museum and viewed pottery and artistic arrangements in the home of Mrs. Harold Kelly in Lubbock.

Mrs. Gilbert presented a program on "Show and Tell." Each member displayed a Christmas gift she had made and discussed the procedure for its preparation.

Guests were Mrs. Mae Dunagan, Mrs. Fred McMann and Mrs. Ruby Short of Wichita Falls.

Mrs. Ione Shirley was accepted as a new member.

Debbie Winters Party Honoree

RANKIN — Debbie Winters of Midkiff, bride-elect of Doug Smith, was honored Sunday with a bridal display party in the home of Mrs. Shank Bloxom of Rankin.

The co-hostesses were Mrs. Bill Barrett and Mrs. Bob Whisman of Midland, Mrs. Ray Barrett Jr., Mrs. Junior Crawford and Mrs. Son Jackson of Midkiff and Mrs. Cecil Copeland, Mrs. Tommy Workman Jr., Mrs. James D. Gossett and Mrs. Lloyd Helms of Rankin.

Miss Winters' chosen colors of red and white were featured in the decorations and refreshments.

Deb Bloxom served the cake, and Linda Gossett presided at the punch service. Guests were registered by Debbie Whisman.

Mrs. Eldon Brown of Big Lake, aunt of the bridegroom-to-be, was among guests attending.

Grandson Born

Mr. and Mrs. John W. Walker, 1304 Lawson St., announce the arrival Friday of their grandson, John Winters Walker III, to their son and daughter-in-law, Mr. and Mrs. John W. Walker Jr., of Amarillo, formerly of Midland. The maternal grandparents are Mr. and Mrs. Robert Ludeman of Russellville, Ark. The great-grandparents are Mr. and Mrs. George Bowden of Kerrville.

Sandwich Server Once A Princess

PRINCETON, N.J. (AP)—Palmas Lapins, once the crown princess of Lithuania, is working as a sandwich server in the Princeton University student center.

Sent away to Latvia to college when she was 19, she never saw her parents again. First Russian troops, then Germans, and finally the Russians again in 1944, forced her to desert her homeland.

"You know, it's so much you have to go through sometimes, I think I wonder how we survive," Mrs. Lapins, now 55, said.

Mrs. Lapins and her husband, Arnold, came to this country from Germany in 1951, and have lived here ever since.

Grecian People Reject Monarchy

ATHENS, Greece (AP) — The Greeks by a vote of more than two to one have rejected the monarchy for the third time in this century, and the government announced today that parliament will probably elect a provisional president this week.

The final official count from Sunday's plebiscite was 3,236,345, or 69.2 per cent, in favor of a republic and 1,443,099 votes, or 30.8 per cent, for the return of the monarchy. Twenty-five per cent of the eligible voters did not vote.

Other government sources said the former king would have to accept the verdict of the plebiscite and relinquish all his royal titles and claims before his return could be considered.

Constantine has been living in England with his wife, who was the Danish Princess Anne-Marie, and their three children. The rejection of the monarchy was generally expected, but the size of the vote against it surprised some observers.

When the military dictatorship abolished the throne last year and made Greece a republic, the vote for the republic in a ratifying plebiscite was 78.4 per cent. But it was considered suspect since it was held by the dictatorship.

Greece was also declared a republic in 1924. The monarchy was restored in 1935 by a 97 per cent vote in a plebiscite, but it was generally considered rigged. And in the 141-year history of the Greek throne, five other kings have lost their thrones due to forced abdication or foreign occupation.

Ford, Israeli Minister Map New Far East Plans

WASHINGTON (AP) — President Ford is meeting with Israeli Foreign Minister Yigal Alon, who is reported ready to offer Israeli concessions on withdrawing from the Sinai desert.

Allon also was scheduled to meet with Secretary of State Henry A. Kissinger today in a new phase of diplomacy on the Middle East.

Progress toward peace "may be overdue already," Alon said Sunday on his arrival at Washington's National Airport, where he was met by Kissinger.

His visit came amid reports of new flexibility on Israel's part as well as some criticism in that country of Prime Minister Yitzhak Rabin for what critics called betrayal of Israel's negotiating position toward Egypt.

"Of course I'm backing my prime minister's statements," Alon told reporters when asked if recent statements by Rabin had made his negotiating chores more difficult.

Rabin said in an Israeli newspaper interview that Israel should be ready for additional military withdrawals in the Sinai, even if Egypt does not make political concessions.

He also said Israel no longer demands a declaration of non-belligerency from Egypt and is not concerned about what label is put on a new pact.

Two newspapers in Jerusalem reported that Alon carried plans for more withdrawals in the Sinai desert. The Jerusalem Post set the proposed pullback at 30 miles or less, depending on Egypt's reciprocal offer.

Maariv said Alon would suggest a withdrawal of about six miles from the lines put in effect last January by Kissinger's disengagement agreement that eased a confrontation left after the October 1973 war.

The Israeli Foreign Ministry would not confirm the newspaper reports. "Alon is not carrying any maps with him to Washington," a spokesman said.

Lamesa Named VP Of Farm Bureau
LAMESA — Bill Reid of Lamesa was elected vice president of the Texas Farm Bureau at its 41st Annual Convention recently at Dallas.

Carroll G. Chaloupka of Dalhart was elected president. Reid was elected secretary-treasurer of the organization in 1972. He has been a cotton and grain producer in the Lamesa area since 1953.

Cotton Council Delegates Picked
LUBBOCK — Texas delegates to the National Cotton Council's annual meeting Feb. 3-4 in Phoenix have been announced.

Among delegates are Donnell Echols, Bill R. Reid and Bill Weaver, all of Lamesa. Alternate delegates include Lloyd Cline of Lamesa and Mike Burkholder of Pecos.

What Is The Truth?
"Thy Word is Truth" (John 17:17)
by Bryan Boat

The birth of Jesus brought hope to the world. The baby born in Bethlehem brought salvation to a world lost in sin. This event continues to affect our lives. Even today salvation is possible because of the life, death, and resurrection of Jesus. And, to think that such a grand human life began in such humble surroundings. We want to sing with the angels: "Glory to God in the highest, and on earth peace, good will among men."

Yet, the one born in Bethlehem brings judgment upon the world. His very coming requires that we accept him or reject him. To accept him by submission to his will means eternal life; to reject him means condemnation (read John 3:16-18, 36). As Jesus said in John 12:48: "He who rejects me and does not receive my sayings has a judge; the word that I have spoken will be his judge on the last day."

What joy Jesus has brought to the earth, but that joy is specifically ours only when we obey his gospel.

Cars Prove Minor Weekend Killers

By The Associated Press
Shooting displaced traffic accidents as the leading cause of violent death in Texas during the weekend, and several bizarre incidents also took their toll.

Late Sunday, 18 persons were dead, including seven in shootings, four in traffic, two in a fire and five others by miscellaneous causes.

The count included deaths occurring between 6 p.m. Friday and midnight Sunday. Among those who died were:

William M. Kaiser, 22, was found shot to death Sunday at a Houston lounge. Police said the shooting will be referred to a grand jury.

Opal Sellers Hardin, 53, died early Sunday of a gunshot wound she suffered Saturday night at her trailer home in Houston. Police said the shooting followed an argument. No charges were filed immediately.

Reginald James Rayson, 20, of Houston was killed during a shootout with Houston police late Saturday night at a lounge. Officers said a man had held six customers captive in the lounge and threatened to kill them unless he got \$400 in cash.

W. A. Courtney, 16, of Fort Worth died early Saturday as he and a companion, Ronnie Loge, 15, camped in a backyard shed heated by a gas stove. Loge's father found the boys unconscious when he tried to awaken them Saturday morning.

The dead youth's 15-year-old companion was hospitalized in critical condition.

Ernest Jefferson, 25, of Fort Worth was shot to death early Saturday in front of a cafe he operated. He reportedly had argued with a customer earlier in the evening.

Louisiana Woman Killed
A Florien, La., woman was killed near Baytown Saturday in a car-truck collision. She was identified as Freddie Anthony, 46. Her husband Gordon, 49, driver of the car, received minor injuries.

An unidentified man believed to be in his 20s was found dead in a deserted area of south Fort Worth Saturday morning. Police said there was blood on his head and his pockets had been turned inside out.

A 46-year-old Houston man, James Heavey, was shot to death Friday night as he waited for a friend on a street in East Houston.

Jerry S. Garrett, 40, of Silsbee was killed Saturday at

Crime Costs Business \$20.3 Billion For Year

WASHINGTON (AP) — The nation's businesses will lose an estimated \$20.3 billion because of crimes this year, equal to \$137 for every adult in the

country, the Commerce Department reported today.

The total loss last year was \$15.7 billion.

The total includes losses from such crimes as shoplifting, burglary, vandalism, bad checks and employee theft.

It also includes the cost of crime prevention measures by business, estimated at \$3.9 billion.

But the Commerce Department pointed out in a special report on business crime that most businesses absorb little of their crime losses, passing them along instead as higher prices for their goods.

Retailers, especially department and clothing stores, will suffer the biggest crime loss this year, an estimated \$5.8 billion.

The report said shoplifting was a major crime, especially for retail stores, but indicated that theft by employees is an underestimated problem.

It cited problems from such employee crimes as under-recording prices on cash registers by sales personnel favors given to friends, theft from shipping departments, padded payrolls and accounting fraud, and kickbacks to buyers.

Boundary Question On Agenda

Boundary adjustment discussions will headline Tuesday's meeting of the Midland Independent School District board of trustees, scheduled for 1:30 p.m. in the board room of the administrative offices building.

The item is again slated for action on the agenda. Board president C. Wallace Craig had said earlier the question would be lived under action until the matter of equalizing enrollments of the city's two high schools is resolved.

The remainder of the agenda includes taking action on price quotations for repairing track and field event runways at Lee High School and renewal of membership in the Texas Association of School Boards.

English-language arts standardized test results will also be presented.

TIA strike Talks Continue Today

HOUSTON (AP) — Talks between strike-bound Texas International Airlines and representatives of the Air Lines Employees Association (ALEA) were scheduled to continue today in St. Paul, Minn.

Jim O'Donnell, a spokesman at the company headquarters here, said no progress was reported in Sunday's discussions.

"No joint meetings between the negotiating committees have been held since talks resumed Friday afternoon, but the mediator has been meeting separately with the groups," O'Donnell said.

Some 950 ground personnel, including ticket agents and reservationists, represented by the ALEA, struck Texas International on Dec. 1.

The airline ceased all operations in nine states and Mexico last Thursday after pilots honored picket lines set up by the ground personnel.

Burmese Students Entomb U Thant On College Campus

By The Associated Press
Burmese students entered U Thant on their campus in defiance of his family and the government, Malaysian police seized several more student protesters, and more unrest was reported in South Vietnam and in South Korea.

U Thant, the former secretary-general of the United Nations, was interred Sunday in a mausoleum students hastily constructed on the campus of Rangoon University.

Thousands of students and Buddhist monks seized the body during a state funeral procession Thursday as a gesture of protest against President Ne Win's dictatorship. Ne Win did not order the police or the army to recover the body and avoided a direct confrontation. But observers said the student victory probably will generate new demands.

Family Plans Rejected
The students said they seized the body to give U Thant — a political opponent of Ne Win — a more fitting funeral. They rejected requests by Thant's family that he be buried at a site provided by the government near the Shwedagon Pagoda, Burma's most sacred shrine.

In Malaysia, antigovernment protests entered their seventh day. The students are demanding government help for 300,000 small farmers suffering from low rubber prices.

Fifty-nine South Korean opposition deputies ended a three-day sit-in at the National Assembly building Sunday and started to march back to their party headquarters when they were confronted by 300 helmeted police. After a brief scuffle the lawmakers were overpowered, and the police escorted them home.

The legislators, members of the opposition New Democratic party, were demanding democratic reforms in President Chung Hee Park's government and the release of political prisoners.

In South Vietnam, where the regime of President Nguyen Van Thieu is under pressure from Roman Catholic and Buddhist reformers as well as opposition politicians, 20 Buddhist nuns announced they would not eat until the government lifts a security cordon from around their pagoda. The pagoda was sealed off in mid-October to prevent the nuns from participating in demonstrations.

Rain, Snow, Cold Prevail Over Nation

By The Associated Press
Wet weather and cold temperatures prevailed over much of the nation today following a weekend which brought snow to many areas for the first time this year.

The Department of Public Safety reported five inches of snow on the ground at Guadalupe Pass, east of El Paso, Tex. Accumulations of up to 14 inches of snow were recorded in some mountainous areas in southern New Mexico.

Light rain and snow continues to fall over much of Michigan and the Ohio Valley, making driving conditions hazardous. Travelers' advisories continued early today for portions of northern Ohio, western Pennsylvania, extreme western New York and the mountains of eastern West Virginia, Northern Virginia, and Western Maryland.

Snow flurries lingered over central Illinois while mostly clear skies were found west of the Mississippi except along the Pacific Coast and portions of central and southern Texas.

Light rain mixed with fog was reported in central and northern California while high winds associated with a cold front from the Pacific Northwest were dominant in the southern portion of the state.

Temperatures early today ranged from 7 degrees below zero at Butte, Montana to 69 at Key West, Fla.

Some other temperatures and weather conditions include:
Anchorage 59 mostly cloudy, Atlanta 37 cloudy, Boston 29 snow, Buffalo 53 cloudy, Chicago 19 partly cloudy, Cincinnati 24 snow, Cleveland 26 cloudy, Dallas 28 clear, Denver 26 clear, Detroit 24 snow, Honolulu 75 partly cloudy, Indianapolis 20 cloudy, Kansas City 19 clear, Los Angeles 56 clear, Louisville 27 snow, Miami 65 clear, Minneapolis-St. Paul 68 partly cloudy, Nashville 32 snow, New York 47 cloudy, Philadelphia 44 rain, Phoenix 50 clear.

Dear Abby

—By Abigail van Buren
She Finds Abby's Advice Worth Repeating

DEAR ABBY: Will you do me (and countless thousands of teen-agers) a tremendous favor and re-run the letter and your reply from your column of Sept. 5, 1968?

I wrote it, and now I want to write a "P.S." Thank you.

"D"

DEAR "D": With pleasure.

DEAR ABBY: I am a 14-year-old girl and my problem is my mother. I hate her. It may sound terrible to you, but I really hate her. I used to think I would get over it, but I know now I never will.

Sometimes I think I will go out of my mind if she doesn't quit picking on me. I never do anything to suit her. She doesn't like my clothes, my hair, my friends or anything.

My friends are not burns, either. They are good kids and they aren't wild or on pot or anything like that, but my mother says they look like hippies, and they aren't.

Please help me, Abby, before I run away from home. I cry myself to sleep at night because my mother is so hateful. If I babysit, she makes me put the money in the bank. Other girls can buy records or do whatever they want with the money they earn.

Don't tell me to talk to my father. He's always on her side. And don't tell me my mother "loves" me and is only doing things for my own good. If you print my letter, don't sign my name or I'll get killed.

MISERABLE IN PHOENIX

DEAR MISERABLE: Your letter doesn't "shock" me at all. I receive many such letters each week. Almost every normal teenager alternately loves and hates his parents.

It's not easy to be criticized, restricted, corrected, and

disciplined day in and day out. But parents who really love their children, prove it by consistently letting their children know what is expected of them. Parents who are "soft" and permissive rear confused, insecure children. I don't expect you to agree with me today, but keep this letter and read it again three years from now, and then you'll understand it perfectly. Good luck, dear. You're lucky. You are loved."

DEAR ABBY: Now, for my "P.S." I am no longer "Miserable." I am grateful. I am 20 years old, Abby, and I just found that clipping tucked away in my 1968 diary. (I am "cleaning out my closets" because I am going to be married next June, and I'll be moving.)

You were so right. My parents were stricter than the parents of my friends, but now I realize that they set extra high standards for me because they loved me and wanted me to be proud of myself.

I am saving a copy of that clipping to show my daughter if I am ever lucky enough to have one, because I intend to raise my daughter just like my mother raised me, and she may "hate" me for the same reasons I "hated" my mother.

I am graduating from college in June, and marrying a wonderful young man on the following Saturday.

How can I thank you?

"D" IN PHOENIX

DEAR "D": You already have thanks for writing, Honey, and may all life's blessings be yours.

Everyone has a problem. What's yours? For a personal reply, write to ABBY in care of this newspaper. Enclose stamped, self-addressed envelope, please.

Greek Catholic Prelate Convicted

LEBANON (AP) — An Israeli court sentenced the Greek Catholic archbishop of Jerusalem today of smuggling arms for Arab terrorists in Israel and sentenced him to 12 years in prison.

Mgr. Illerion Capodji, a Syrian-born Arab and the spiritual leader of about 4,000 Christians in the Holy Land, was convicted on charges of carrying arms and explosives from Lebanon for the Al Fatah and Black September organizations. Deportation Possible

Legal sources said Israel might expel the bearded prelate and deport him to an Arab country before he served out his 12-year sentence. He faced a maximum of 35 years' imprisonment on the charges.

The Jerusalem District Court convicted the 49-year-old prelate on three counts: making contact with a foreign agent, the military commander of the Palestine Liberation Organization; carrying and possessing illegal weapons; and working for an illegal organization.

During the three-month trial, Israeli security officers testified that the archbishop brought three suitcases full of grenades, explosives, sub-machine guns and rockets from Lebanon to Israel in May and hid them in the bathroom of a Jerusalem school.

Israel police seized Mgr. Capodji's suitcase in August as he was returning from another trip to Beirut and said the suitcase was loaded with pistols, automatic rifles, ammunition, hand grenades and explosives to be used in making bombs.

The archbishop, an outspoken foe of the Jewish state, pleaded innocent to the charges. He contended that he was entitled to diplomatic immunity and that Israel had no right to try automatic rifles, ammunition, hand grenades and explosives to be used in making bombs.

Doctors' Shifts To Cities Due To Continue 10 Years

SACRAMENTO, Calif. (AP) — The trend toward more doctors in the cities and fewer in the country probably will continue for another 10 years unless steps are taken, the Rand Corporation said today.

Among numerous recommendations, Rand said perhaps the physicians themselves — whose mean annual income is \$45,000 nationwide — should be required to pay more of the cost of educating doctors.

The private Santa Monica research firm made two studies under a \$31-million contract with the California Health Department.

The studies said the number of doctors continues to grow, but California suffers from poor distribution.

Also, few of the rural doctors practice in the primary health care fields such as family care, pediatrics, internal medicine, obstetrics and gynecology, the studies said.

Among the recommendations: —Medical training for persons from rural areas, because studies show that doctors from rural areas tend to practice in rural areas. —Paramedical workers for rural physicians. —Television or computer linkups for rural doctors to metropolitan centers. —Centrally located rural clinics. —A possible increase by the University of California in medical school tuition and loan plans.

GOP May Enlarge Committee, Revise Rules On Delegates

By PEGGY SIMPSON
WASHINGTON (AP) — While 1,000 Democratic delegates were meeting in Kansas City to vote on party reforms, a relatively small group of Republicans convened here over the weekend to study proposed reforms of their own party.

By the end of the three-day session, a panel of some 43 Republicans had voted to recommend that the Republican National Committee supervise all campaign spending by the party's presidential nominee.

The proposal was an attempt to avoid a repetition of the Watergate scandal that resulted in part from the financing of a Republican intelligence-gathering program during the 1972 campaign.

The Republicans also voted to recommend changes in delegate selection and to enlarge the Republican National Committee.

The GOP group, called the Rule 29 Committee, was established at the 1972 Republican National Convention to take such proposals and make recommendations to the full Republican National Committee.

The full committee meets in March to vote on whether to accept the recommendations. A proposal to enlarge the national committee by adding 11 persons representing women, blacks, ethnic groups and elected officials originally was defeated by a 22 to 21 vote Saturday. It was then adopted Sunday by a vote of 24 to 19 after a representative of Vice President-designate Nelson A. Rockefeller switched from opposing to favoring the proposal.

The Rule 29 Committee also recommended steps to encourage state parties to recruit convention delegates from the ranks of women, minorities, ethnic groups, the young and the elderly.

The delegate-selection proposal consists of an optional program for state parties to attract persons of all income levels and backgrounds.

The proposal, adopted by a unanimous vote, was a compromise between those who wanted the committee to take no action in the delegate-selection area and those who wanted to recommend mandatory steps to broaden the party's base.

Police Capture Gunman After Rail Tower Siege

LITTLE ROCK, Ark. (AP) — Police apprehended a gunman early today who had fired five shots from a railroad bridge tower where he barricaded himself for more than 10 hours.

Police said the man, who identified himself as Barry Shirley, 26, of Jennings, La., had a gunshot wound in the abdomen when two officers climbed the tower to get him down. Police said Shirley told them he had shot himself.

Police Sgt. Bob Marshall said officers had not returned the gunman's fire. Only one minor injury was reported among the group on the ground.

Officers had tossed tear gas canisters into the tower before going up. They said the man, who identified himself as a former Air Force captain, threw down a rifle and a pistol before the officers began their ascent. Other weapons were found in the tower, police said.

About 45 policemen had surrounded the tower for about 10 hours in freezing temperatures Sunday night and early today.

Police said they believed the gunman had been a patient at the North Little Rock Veterans Administration hospital.

Marshall said an ambulance driver, Marlin Shaddock, 30, of Little Rock was treated and released at a hospital for facial lacerations suffered when a bullet struck the window of the ambulance.

Two Leading Democrats Now Back-Pedaling On Convention

By DON McLEOD
KANSAS CITY (AP) — With ringing declarations of restored brotherhood, Democrats have sent their leaders back to Washington or home states to make good on promises to attack the nation's problems.

But two of the party's leading presidential possibilities already were soft-pedaling the program adopted by the unprecedented Democratic miniconvention — strong economic controls.

Called 'Last Resort'
Sens. Lloyd M. Bentsen Jr. of Texas and Birch Bayh of Indiana said in television appearances Sunday they considered wage-price controls a "last resort" in the economic battle.

Meanwhile, back at the convention hall, Rep. Richard Fulton, D-Tenn., chairman of an economic panel, said delegates were agreed that "some form of price and perhaps wage controls are necessary."

The return to the practical side of politics followed a euphoric finale to the miniconvention which adopted a party charter, endorsed an economic platform for the Democratic Congress and showed more unity than the Democrats have exhibited since the days of Franklin D. Roosevelt.

The economic package adopted Friday night was based on speeches by Democratic leaders from Capitol Hill. It called for controls on prices and all forms of income, tax reform, strict energy conservation, credit rationing, national health insurance and public service jobs.

Quota System Banished
The charter banished the quota system which had divided the party bitterly in 1972. It was replaced with a mandatory recruiting program called "affirmative action" to bring women, minorities and other traditionally under-represented groups into the party.

The first constitution ever adopted by an American political party also bans discrimination, outlaws winner-take-all primaries, reforms delegate selection procedures for national conventions, opens all party meetings to the public and makes the national party supreme over state parties.

Real Test Ahead
The real test of the new affirmative action substitute for quotas will come when the Compliance Review Commission rules on state programs and spells out what programs will satisfy the new rules.

The commission also will have to determine just what is meant when the new charter says the reforms extend to "all party affairs." Some party regulars have complained that having to recruit women, blacks, youths and others every time a local committee wanted to conduct a fund-raising drive would be taking it too far.

Meanwhile, Terry Sanford, president of Duke University

Inflation, Economic Problems Now Affect State Governments

By GINNY RITTS
Associated Press Writer

Inflation and economic problems reflected in the average consumer's grocery list also affect state governments. But most state officials surveyed by The Associated Press believe state governments won't really begin to feel the squeeze for a year or more.

Since state budgets are prepared on a fiscal year basis, July 1-June 30, the current economic situation and rate of inflation were not taken into account when budgets were drawn up last spring.

Prices Rise Faster
However, the Commerce Department reported Sunday that the growth of state tax revenues for 1974 didn't keep up with the rise in prices. Tax income for all 50 states totaled \$74.1 billion in 1974 compared to \$68.1 billion the previous year. This was a rise of only 8.9 per cent compared to a 10.9 per cent jump in prices for the same period.

This means that the surpluses projected in most state budgets for the current fiscal year will evaporate.

And looking up the 1975-76 budgets in coming months will force many states to choose between raising taxes or cutting services.

"We are looking at a rather tight budget situation the rest of this year and all of next year," said Florida Budget Director Wallace Henderson.

Gov.-elect Richard D. Lamm of Colorado said the national economic situation "gives a message to all of us. This is a time for extreme caution."

Officials from some states said increased taxes or changed tax structures may be necessary to meet inflation-related problems.

Most states rely heavily on sales taxes for revenue. Some combine sales and personal income taxes. Only a few, such as Delaware, have no sales taxes and rely primarily on earnings taxes which decrease as massive layoffs are implemented.

In New York state, Gov.-elect Hugh L. Carey has called for a hiring freeze on state employees and has indicated it may be necessary to impose a 2 1/2 per cent income tax surcharge despite his campaign pledge not to raise taxes.

In California, legislative analyst A. Alan Post said: "We may have to have some tax increases in the future because our costs are going to go up more rapidly than our revenues."

Some states will be looking for places to trim programs rather than raise taxes, with prime targets for cuts being state social services, highway maintenance and higher education.

Most Soft Coal Miners Go Back To Pits Today

CHARLESTON, W.Va. (AP) — Most of the United Mine Workers' 120,000 soft coal miners were returning to work today, the first day of full production in most mines in almost a month.

There were only scattered reports of absences from the midnight shifts, the first full shifts since the strike began Nov. 12. A new three-year contract was approved last week by 56 per cent of those voting during the ratification process.

Some Remain Off Job
Some, mostly in Indiana and Illinois, said they would remain off the job until the UMW's construction workers had signed a contract with the Association of Bituminous Contractors.

Joe Smith, a pit boss at Peabody Coal Co.'s Latia mine near Jasonville, Ind., said construction workers picketed there.

"We called our men back to work. But the ABC men were picketing and they didn't get back in," he said. He added that Peabody's Dugger mine was also picketed "but I don't know if it's happening elsewhere."

Picket lines were formed outside a few Illinois mines Friday by some construction workers, one of whom placed a newspaper ad asking miners to remain home in sympathy until a settlement is reached.

UMW President Arnold Miller had requested construction workers not to interfere with

Two Bodies Found In Burned Building
HOUSTON (AP) — The bodies of two persons, burned so badly no sex or age could be determined immediately, were found in the ruins of a fire-swept apartment building Sunday night.

Firefighters said the bodies were found in the middle of an upstairs room of the two-story frame building. An autopsy was scheduled today.

West Concerned About Living Costs

Bill West of West Pharmacy, 2205 West Texas St., is concerned about inflation and is attempting to keep down the prescription drug prices for his customers.

He says he can see the results when people need drugs and prices keep going up. When a customer comes in to have a prescription refilled and the price has gone up, it is because it is beyond the control of West Pharmacy. Increases are made by West Pharmacy only on those drug price increases made by the manufacturer.

West assures his customers he has their interest at heart and will continue to keep comprehensive records to aid his customers in preparing income tax and insurance forms. He will maintain the profile card and will serve you in the same friendly, courteous way he has done since 1956.

At present West Pharmacy is well stocked in the gift and card departments with Christmas items. New items have been received from Stonehouse and Ambassador. Among the assorted gift items are colorful apothecary jars, candy, small decorative items and greeting cards. Also gift items in the cosmetic lines are on hand for both men and women. West invites you to look around when having prescriptions filled.

Non-prescription drugs are kept as low as possible. No items on the shelf will be raised in price. When the manufacturer raises the price, only then will West raise them.

"We want all our customers to know that we are always available to help you. We want you to feel confident that if prices are increased it is because it is beyond our control," West said.

West Pharmacy is fighting inflation in maintaining the lowest possible prices in prescription and all drug related items. You may phone West at 683-6974 or visit West Pharmacy, 2205 West Texas.

Wartime Soviet Naval Chief Dies

MOSCOW (AP) — Vice Adm. Nikolai G. Kuznetsov, commander of Soviet naval forces during World War II, has died at the age of 72, it was reported Sunday. Demoted twice by dictator Josef Stalin, he was reinstated in 1956 and was navy commander until retirement in 1966.

Hutch's Has Turkeys

Hutch's Meat Processing, three miles south of I-20 on Rankin Highway, has a large stock of turkeys, hams and slab bacon for your holiday eating pleasure.

Stop now while plenty are available and you have a wide selection of sizes. J. B. Hutchins, owner, has butchered for over 40 years and is happy to serve you with your holiday meat needs.

For the first time in forty years, he has something in that meat counter that doesn't spoil. Along with the usual hams and turkeys, Hutchins now has a selection of White Coin and Metal Detectors for sale. A coin detector will make the perfect gift for the hard-to-please person on your Christmas list. The detectors cost from \$49 to \$308 and will detect metal from 2-10 inches underground.

Metal detectors are growing in popularity as more people use them in the hobby of hunting old coins. In fact, because of the growing hobby, Hutchins is using one of his meat cases to stock metal detectors. White's mineral and metal detectors are the finest available.

When you stop for your turkey, ham and slab bacon for the holidays, pick out a coin detector as a fine gift for the whole family. There are twelve models to choose from.

Trudeau Observes Moral Leadership Decline in U.S.

WASHINGTON (AP) — Prime Minister Pierre Elliott Trudeau of Canada says the United States has suffered "a decline of moral leadership," but remains in a predominant position of leadership among nations.

Dr. James H. McMaster, head of the University of Pittsburgh's orthopedic research laboratory, said the disease, osteosarcoma, has appeared, in tests he has conducted, to be halted by doses of female sex hormones estradiol and progesterone.

Osteosarcoma is a malignant tumor of the bones which strikes about 1,900 adolescents a year in the United States, killing 85 per cent of them within two years.

Confirmation Needed

"Now our findings need to be confirmed," McMaster said of his 3½-year study. "Now it's time for the National Cancer Institute to get involved."

In addition to studying and treating eight young victims of the disease, McMaster said he had researched 53 known patients in the last 20 years at Presbyterian and Children's hospitals here.

"A major research program would probably take three years to get some kind of conclusive results," he said, "because osteosarcoma has an 85 per cent mortality rate within 24 months. So we'd need to look at results over a three-year period to see how successful our ideas are."

The findings were reported to the American College of Surgeons Oct. 22, and are outlined in the Dec. 9 issue of the Journal of the American Medical Association. Starting in January, McMaster and his team began administering female sex hormones to eight youngsters. All were terminal and considered to be beyond the help of surgical treatment.

Statistically, three should have died by now, but six have survived.

But McMaster warned his studies may not provide a final answer in the fight against osteosarcoma.

"The findings need to be confirmed," he repeated.

Wrangle Over Aid To Turkey Threatens Foreign Aid Bill

By JIM ADAMS
WASHINGTON (AP) — The foreign aid program is headed for a Senate-House tangle over aid to Turkey in the face of a move in the House to shut off that aid immediately.

House Republicans planned to caucus on the troubled bill today. Secretary of State Henry A. Kissinger was to go before the House Foreign Affairs Committee later today to appeal for approval of the aid program.

House rejection of the \$2.6-billion foreign aid bill would not kill the program. It could still be funded under a stop-gap continuing resolution to leave its fate up to the new Congress convening in January.

But Rep. Benjamin S. Rosenthal, D-N.Y., a leader of the move to cut off U.S. military aid to Turkey, effective Tuesday, vowed to try to place a cutoff clause in any such continuing resolution.

The Senate voted last week to delay the Turkish aid cutoff until Feb. 14. But Rosenthal said he will oppose delay unless Kissinger can assure that progress is being made in negotiations to get Turkey's occupation forces out of Cyprus.

"Unless some significant event takes place, there's no basis for compromise," Rosenthal said in a telephone interview from the Democratic mini-convention at Kansas City.

Rosenthal said he will move first to keep the Tuesday deadline for Turkish aid cutoff in the \$2.6-billion foreign aid authorization bill scheduled for House action Tuesday.

In approving the continuing resolution earlier this year, the House voted the cutoff by margin up to three to one before the November elections. The indication that Rosenthal's amendment will set up a House-Senate fight that could last until the present Congress adjourns, probably at the end of next week.

Rep. Charles W. Whalen Jr., R-Ohio, said the House could vote down the foreign aid bill even without the Turkish aid dispute — and said he blames Kissinger.

"Kissinger's carrying foreign policy around in his vest pocket, and when he's gone nothing happens," Whalen said in an interview.

Carlen, Gamecocks Resume Discussions

COLUMBIA, S.C. (AP)—Columbia Tech football Coach Jim Carlen will be in Columbia Tuesday to continue discussions with the University of South Carolina, according to published and broadcast reports.

USC officials are seeking a replacement for Paul Dietzel, who resigned this fall.

Carlen came to South Carolina late last month for talks with persons representing the university. He said later he would make no decision until after the Peach Bowl in Atlanta, Dec. 28. His Red Raiders play Vanderbilt.

USC trustee chairman T. Eston Marchant said Sunday he was not aware of Carlen's visit but that did not mean he is not coming. Marchant also said a trustee meeting to discuss personnel matters is scheduled Wednesday and it is possible the coaching vacancy could be filled.

Late last week, Carlen and university officials denied he had been offered the job. Carlen said, "I am one of the candidates for the job at South Carolina, along with some other people."

He added, "It's true I'd be interested in being an athletic director as well as head coach—every coach feels that way. But they've made no specific offers."

Dietzel continues to be USC athletic director.

Marchant said of the talk, the

coaching vacancy and the athletic directorship were linked. "We felt at the time of Coach Dietzel's resignation that we might be faced with this situation when we tried to find a successor. That's one reason we wanted to be as flexible as possible where the AD's position is concerned," he said. The trustees would make the decision.

Marchant, at that time knocked down reports that an offer had been made to anyone. He said, "At this time, the board (of trustees) has not met to discuss any candidate for the coaching job." He noted a search committee is charged with advising the trustees on a decision.

Midland High Launches Busy Cage Six Days

Midland High, 4-3, swings back into action tonight at the Midland High gym at 8 p.m. against the AAA Fort Stockton Panthers to tip off a busy week of basketball.

The Bulldogs, who played only once last week, beating Pecos, 76-51, make up for it this week by coming back to play at Hobbs, N. M., (7:30 p.m. MST) Tuesday and then in the three-day Midwestern University Tournament at Wichita Falls starting Thursday.

The Purple Pack's task at Hobbs Tuesday wasn't made any easier when Coach Ralph

Midland Lee, fresh from its third straight Plainview High School Invitational Tournament triumph, is idle until Friday when the Rebels take their 8-1 record to El Paso for a two-game series against El Paso Austin and El Paso Irvin. The Rebels beat Plainview, 61-57, in Saturday night's championship game at Plainview.

Ags, Arkansas, TCU Stay Above Water

By The Associated Press

Texas A&M, Arkansas and Texas Christian stand as the only Southwest Conference basketball teams with winning records just two weeks deep into the season.

Two teams—Houston and Texas—have yet to win a game as inter-sectional foes have ravaged the SWC 10-15 in the early going. No team is unbeaten.

Four games are on tap tonight with Mississippi at Arkansas, Houston at West Texas State, Houston Baptist at Rice and Texas Tech at Vanderbilt.

The defending champion Longhorns are 6-3, losing 82-74 Saturday night to Mississippi and 79-69 to Murray State.

A&M, Arkansas and TCU are 2-1 with the Aggies dropping an 84-83 overtime heart-breaker to Oral Roberts Saturday night and the Horned Frogs outlasting Oklahoma City in a stamina-sapping 115-113 double overtime contest in Fort Worth.

Arkansas stumbled for the first time—74-63 to salty Western Kentucky.

Texas Tech (1-1) also took it on the chin rather convincingly 88-65 from Kansas State which had all sorts of trouble from

SMU earlier in the week.

AFC Races Settled

Cowboys, 'Skins, Lions Hopeful In NFC

By The Associated Press

Don Shula kept the faith and Franco Harris accepted the challenge.

So the Miami Dolphins — shooting for their third straight Super Bowl crown — and the Pittsburgh Steelers — longing for their first one — each won division championships in the National Football League Sunday.

And the Detroit Lions didn't fold, so two of the four National Conference representatives for the playoffs two weeks hence are still undecided — with four teams still in the running as the NFL heads into the final week of regular-season play.

"It's been a strange year," said Dolphin Coach Shula after Miami edged Baltimore 17-16 to win its fourth straight American Conference East title. "At one time we were in third place in our own division but I never doubted we'd win it. I've always kept the faith."

Franco Harris ground out 136 yards against New England as the Steelers won 21-17 and captured the AFC Central crown.

Detroit, meanwhile, beat Cincinnati 23-19, winning in the final 29 seconds, and this is how the playoff picture stands:

American Conference

Miami at Oakland

National Conference
St. Louis or Washington at Minnesota
St. Louis or Washington or Dallas or Detroit at Los Angeles

The Cardinals are in the playoffs, regardless of what the other three teams do. Tonight's nationally televised game — Washington at Los Angeles — could clear up the NFC situation.

A Washington victory eliminates both Detroit and Dallas and the Redskins and Cardinals could do that old vaudeville routine, with a slightly new twist — "Who's on first, what's on second and who cares about third."

Two playoff-bound teams lost Sunday. The New York Jets, with Joe Namath making what may be his last home appearance, upset Buffalo 20-10 and the New Orleans Saints shocked the Cardinals 14-0.

Elsewhere Sunday, it was Oakland 7, Kansas City 6; Denver 37, Houston 14; San Diego 28, Chicago 21; San Francisco

Bob Griese passed four yards to Howard Twilley and Larry Csonka scored on a one-yard run to give the Dolphins a 14-0 lead. Garo Yepremian tacked on a field goal which proved the difference as Baltimore got three field goals from Tom Linhart and a two-yard, fourth-quarter scoring pass from Bert Jones to Bill Oels.

Steelers 21, Patriots 17
Pittsburgh's clinching score

was a seven-yard pass from Terry Bradshaw to Lynn Swann in the third period.
Lions 23, Bengals 19
"It only was supposed to be a short gainer," said Detroit's Ron Jesse of the 45-yard Greg Landry pass he caught to set up the Lions' winning touchdown. The play carried to the Cincinnati eight, from where Landry threw the game-winner to Charlie Sanders.
Jets 29, Bills 19
The Jets won their fifth in a

row by beating the Bills. Playing as a muddy and sloppy field, New York went ahead in the fourth quarter on a 35-yard pass from Namath to Jerome Barkum. Linebacker Ralph Baker clinched it with a 67-yard scoring run with a stolen Buffalo pass.

Saints 14, Cardinals 8
All New Orleans needed to beat the Cardinals was a 67-yard gallop in the first quarter by rookie Alvin Mazon. But Paul Seal, also a rookie, added an insurance TD for the Saints in the final period on a seven-yard end-around play.

Raiders 7, Chiefs 6
Ageless George Blanda kicked the extra point that gave Oakland its victory over the Chiefs. Another Oakland veteran, quarterback Daryle Lamonica, who had played in only one previous series all season, got the Raiders a touchdown on a 10-yard pass to Cliff Branch.

Broncos 37, Oilers 14
Otis Armstrong scored three touchdowns and gained 163 yards for Denver, widening his lead among NFL rushers. Armstrong now has 1,285 yards this year and has surpassed the Bronco-season rushing record of 1,133 yards set when Floyd Little won the NFL crown in 1971. Armstrong also eclipsed Little's single-game mark of 166 yards.

Chargers 28, Bears 21
Bo Matthews' one-yard TD run won for San Diego. Rookie quarterback Jesse Freitas' passes to Harrison Davis, also a rookie, helped the Chargers score twice in the final period.

MESQUITE ADVANCES—Gainesville, Cuero Collide In AAA Final

By The Associated Press

The moment of truth comes in Classes AAA and B this weekend in Texas Schoolboy Playoff finals with Gainesville meeting Cuero and Celina—jousting Big Sandy, respectively.

Classes AAAA, AA and A will be in the semifinals stages as the long grind since August wears down just before the Christmas holidays.

The Gainesville-Cuero match is slated for 8 p.m. Friday in College Station's Kyle Field while Celina and No. 1 rated Big Sandy collide at 2 p.m. Saturday in Dallas at Forrester Field.

Unranked Gainesville advanced to the finals in a "miracle" 20-20 tie with third-rated Brownwood. The Leopards scored on a 21-yard touchdown pass with one second left in the game, fluffed the extra point, but advanced on first downs.

Cuero has been rated No. 1 in The Associated Press poll all year and advanced by outscoring Jacksonville 31-21.

Big Sandy, also rated No. 1 through the season, nudged scrappy Moody 12-7 while Celina, fourth-ranked, mailed LeFors 57-6.

In the AAAA semifinals, Mes-

quite and Dallas Carter play Friday night in the Cotton Bowl while Port Neches and Brazoswood tangle Saturday in Houston's Astro dome in a night encounter.

In the AA semifinals, Spearman and Bowie play Friday night in Pampa while Newton and LaGrange tangle in the other matchup.

Class AAAA Semifinals
Mesquite vs. Dallas Carter, Friday 8 p.m., Dallas Cotton Bowl.
Port Neches-Brazoswood vs. Brazoswood, Saturday 8 p.m., Astro dome, Houston.

Class AA Semifinals

FRENCH CONNECTIONS PAY OFF

Sabres Play Keep Away

By The Associated Press... On the frozen ponds of Quebec, kids play a game called "keep-away." On skater keeps the puck as long as he can from an army of others whose only thought is to take his place.

The game develops agility with the puck, like that displayed by Rene Robert, Gilbert Perreault and Richard Martin — the Buffalo Sabres' "French Connection" line.

line member scored his 20th goal this National Hockey League season and carried the Sabres to a 5-0 victory.

They all have speed, they all have shots and you never know what they're going to do.

OMAHA, Neb. (AP) — Fast-breaking Texas El Paso swished past cold shooting Creighton in the second half to take the championship of the second annual Creighton Classic, 68-63, Saturday night.

Creighton in the second half to take the championship of the second annual Creighton Classic, 68-63, Saturday night.

Creighton tied the score at 33-33 at the half, but Gary Brewster, also

named to the tournament team, finished with 12.

'Skins Seek Cincher

LOS ANGELES (AP) — Washington's Redskins battle for the only remaining spot in the National Football League Super Bowl playoffs tonight facing the Los Angeles Rams who already are set to go in the postseason event.

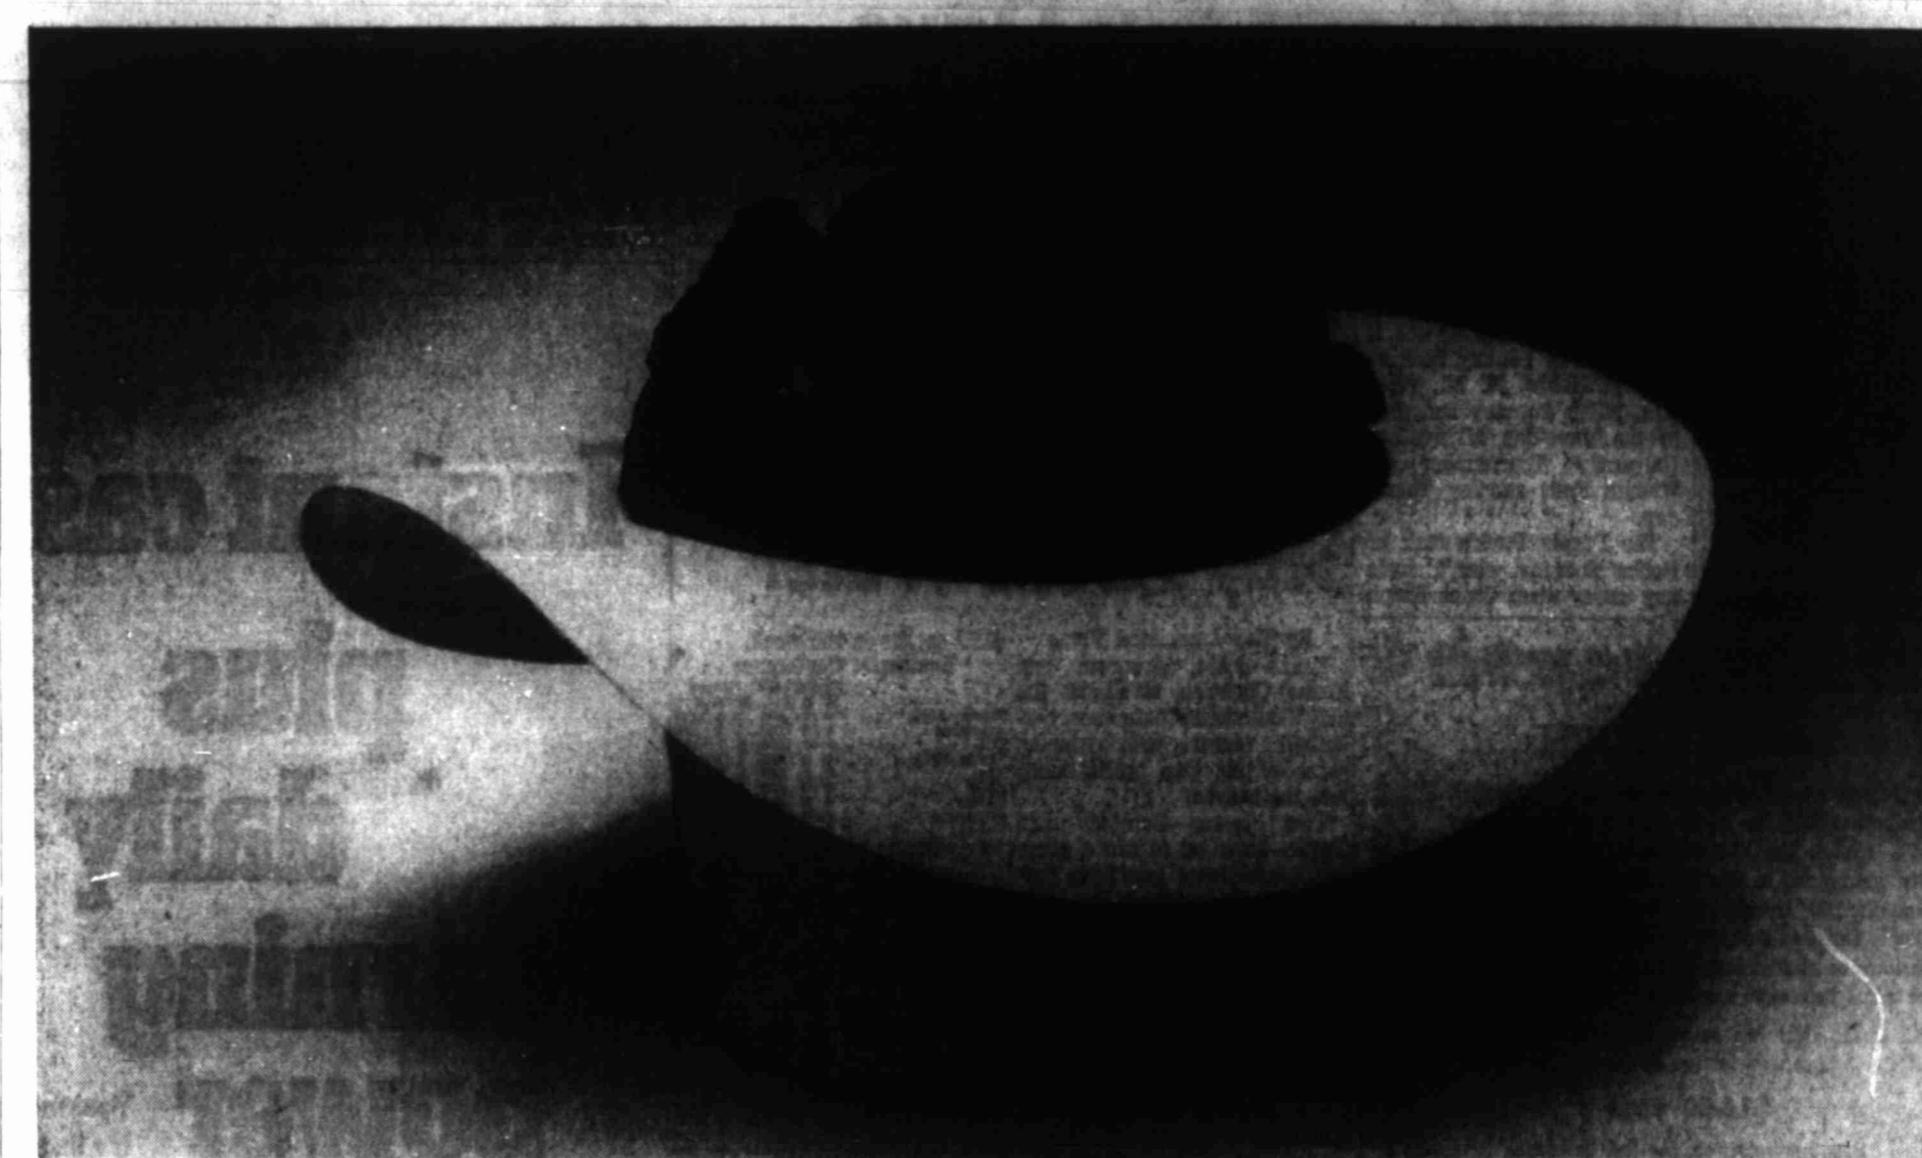

Coach George Allen, a familiar figure at the Coliseum, brings his Redskins to town with an 8-4 record in the NFC East and just one-half game behind leading St. Louis.

Despite winning the Western title and boasting a 9-3 record, Coach Chuck Knox of the Rams declared, "We don't plan to do any coasting. We're not where we want to be yet. We want to continue to grow."

The kickoff for the nationally televised game is slated for 8 p.m., CST, at the same Coliseum where Allen was head coach of the Rams for five seasons, compiling a 49-17-4 record with that club from 1966 through 1970.

Texas is full of surprises. Like coal.

In certain areas of Texas there are sizeable deposits of a soft coal called lignite. Several years ago Texas Electric, along with two other companies, began acquiring rights to some of this lignite because we saw that new supplies of natural gas and oil, our basic fuels, could become increasingly expensive and difficult to obtain.

But plants that use lignite cost a lot more than gas/oil plants. While this means electricity will have to cost more in the future, the cost won't be as much with lignite as it would be with natural gas and oil, even if we could get adequate new supplies.
