

CUMMINGS IS CHOSEN TEMPORARY CHAIRMAN NATIONAL CONVENTION

WILL PRESIDE IN SAN FRANCISCO
IN JUNE AND DELIVER ADDRESS
ANNOUNCING PARTY POLICIES
IN CAMPAIGN.

G O P HAS LOST MORALS

Says Democratic Leader, Who Declares
That Republican Supremacy is Based
on Convicted Criminal of Michigan
Election.

CHICAGO, April 20.—Homer S. Cummings, chairman of the national democratic committee, today was selected to preside as temporary chairman of the national convention at San Francisco June 23rd and deliver the keynote address which will enunciate the party policies in the forthcoming campaign.

REPUBLICAN LEADERS TO PRESENT SOLDIER RELIEF BILL SHORTLY

Two Plans Submitted; One for \$1 for
Each Day's Service; Other \$1.25 for
All Over Two Months.

WASHINGTON, April 19.—Republican house leaders today tentatively agreed to present a soldier relief measure to the house about May 1.

LABOR BOARD REFUSES TO HEAR COMPLAINTS OF OUTLAW STRIKERS

INSURGERS DECLARE THEY
WILL GIVE ATTENTION NOT
TO THOSE WHO ARE NOT IMPEDING
RAILROAD SERVICE.

WASHINGTON, April 19.—Undeterred by the refusal of the railroad labor board to hear them today, representatives of the railroad strikers announced that they would present written complaints, together with demand for a "living wage" to the board which tomorrow will hear testimony on the big wage controversy.

HOUSE TO INVESTIGATE MEXICAN LABOR CHARGE OF MISREPRESENTATION

CORPUS CHRISTI, Texas, April 20.—That the house committee on immigration and naturalization proposes to thoroughly investigate the Mexican labor situation before considering the allegations by Frank Morrison, secretary of the American Federation of Labor, to the effect that a misrepresentation had been made to the committee in order to obtain its approval of the joint resolution allowing the temporary suspension of clauses in the immigration act, is indicated in a telegram received yesterday.

AVIATION SPORTS PROMISE SOME BIG CARDS THIS YEAR

NEW YORK, April 19.—An event planned for 1920, promise to make it a big aviation sport year, according to the American Flying Club. The first event of importance will be the flying field day of the Intercollegiate Flying Association at Mineola field, N. Y., May 7.

NEBRASKA TO DECLARE PRESIDENTIAL CHOICE

NOMAHA, Neb., April 19.—Within the next 24 hours the republican and democratic voters of Nebraska will have expressed their choice of presidential candidate to go before the Chicago and San Francisco conventions next June.

TRADE COMMISSION IS WITHOUT AUTHORITY TO REQUIRE COAL REPORT

Supreme Court of United States Grants
Restraining Injunction to Com-
pany With Holding.

WASHINGTON, April 18.—The supreme court of the District of Columbia ruled today that the federal trade commission was without authority to enforce its order requiring monthly reports of production costs from coal mine companies and other industries.

SCORES CONGRESS FOR WATERWAY ALLOWANCE

ST. LOUIS, Mo., April 19.—Recommending that the Mississippi Waterways Commission be abolished, the House today passed a resolution which would abolish and a substitute tax imposed.

TO ASK MORE MONEY FOR TEXAS SCHOOLS AND TEACHERS' PAY

AUSTIN, Texas, April 19.—After an all-day discussion the general educational advisory committee, which effected permanent organization here today, adopted resolutions outlining emergency legislation to be requested of the special session of the legislature, scheduled for May 24. Bills prepared include recommendations for increase of appropriations for higher educational institutions; increase of county superintendents' salaries through establishing minimum salaries and permitting county boards to fix maximum salaries; direct appropriation from the general fund for public schools to make up the deficiency necessary for their support and operation; repeal of maximum salary law now applying to rural and small town schools and revision of laws as to certification of teachers, providing for consistency with other states and for some choice of subjects.

UNITED STATES MAY REFUSE TO TAKE THE ARMENIAN MANDATE

Turkish Treaty Approved In San Remo
But Allied Reply Expected To Ac-
cuse U. S. of Shirking.

WASHINGTON, April 19.—The council of the league of nations has agreed informally, according to information reaching Washington, that it cannot assume the mandate for Armenia, as suggested by the council of premiers at the recent Paris meeting. Importance is attached by officials here to the decision since an almost essential preliminary to a discussion of Turkish readjustments by the San Remo conference will be a definition of the conference's attitude toward Armenia.

MARCHING ON NAZATLAN

General Flores Advancing With Troops
Toward Important West Coast Port
of Mexico; Obregon Safe and Ready
to Command.

AGUA PRIETA, Sonora, April 19.—The revolutionary movement against President Carranza is gaining ground rapidly military headquarters here report.

FATHER OF EASTLAND GIRL ASSUMES CHARGE OF BODY IN CHICAGO

Tragedy Clears Up; Deputy Collector
Takes Life Upon Receiving News
of Daughter's Death.

CHICAGO, April 19.—Dr. S. D. Whittington of Eastland, Texas, who died at a Chicago hospital on April 16, under the name of Mrs. Ruth Burns, arrived tonight with his two sons to take charge of the body. Before she died Miss Whittington left word at the hospital that Earl McAlister, deputy collector of Eastland, be notified in the event of her death. McAlister, who was engaged to marry her, committed suicide last Saturday after receiving a telegram of her death.

SAYS REPUBLICAN PLAN A LAMENTABLE FAILURE

CHICAGO, April 19.—Characterizing the republican legislative program as the "most complete lamentable failure in the history of the country" Homer Cummings, democratic national committee chairman, invaded republican "presidential row" at the Congress hotel today and opened headquarters where tomorrow plans for the San Francisco convention will be laid.

FOOD PRICES REMAIN SAME FOR PAST MONTH

WASHINGTON, April 19.—The cost of living as represented by 22 articles of food remained virtually unchanged during the month ending March 15, the department of labor's bureau of labor statistics reported today. Figures made public showed that the cost of the 22 articles of food was only six-tenths of one per cent below the cost of the same articles a fortnight when prices reached the high water mark.

MOVE MADE TO FINANCE HIGHWAY CONNECTIONS

AUSTIN, April 19.—In order to connect up as many of the most important state highways as possible, the state highway commission has decided to allot for that purpose the aid allotments which counties have been unable to use for various reasons which prevented them from meeting conditions on which allotments had been made, according to an announcement by R. M. Hubbard, chairman of the state highway commission, following the regular monthly meeting of the commission held today.

FULLER'S EARTH NEAR CISCO PASSES HIGHER TEST THAN STANDARD

The Fuller's earth found a little northeast of Cisco is above the United States standard for bleaching mineral oils and also above the standard of the Medina earth located near San Antonio, according to Norton W. Dunham, chemical engineer of Cisco, who has just returned from Fort Worth, where laboratory tests were made of the samples of Fuller's earth from the Cisco district.

ANOTHER BRIDGE TO SPAN COLORADO RIVER; BALLINGER

AUSTIN, April 20.—Plans for the construction of a \$100,000 bridge across the Colorado river at Ballinger have been approved by R. J. Windrow, state highway engineer and contract for construction of the bridge by a Waco engineer, concern has been approved, but additional funds will be required to build the bridge at this time. Additional state aid has been recommended by the district engineer.

CARRANZISTA GENERAL REVOLTS AND BECOMES ALLIED WITH SONORA

FEDERAL OFFICER REPORTED TO
HAVE MORE THAN 400 YAQUI IN-
DIANS UNDER HIS COMMAND;
OTHER TROOPS DESERTING.

Santa Rosalia is on the Mexican Central Railroad which runs south from Juarez, Chihuahua. It is in a district that Francisco Villa has widely used for his operations. With Urbalejo operating in that country, it is said great damage could be done to Carranza's line of communication between the south and troops in northern Chihuahua.

WIPES OUT FAMILIES

Woman and Five Children Slain; Baby
Carried 20 Yards and Laid Unharmed
Between Uprooted Trees; Death
Toll Unknown.

LITTLE ROCK, Ark., April 19.—Twenty-two known dead, at least 100 injured and an immense property loss were the results of a series of tornadoes that swept through northwestern Arkansas late Sunday night.

WEAR OVERALLS IN SCHOOL

SWEETWATER, Texas, April 19.—Boys of the Sweetwater high school will appear at their classes in overalls, and the girl students will wear gingham aprons. A petition to this effect, signed by every student of the school.

WASHING UP

German Tablecloth in Museum . . .
BISMARCK, N. D., April 19.—A German tablecloth made of paper and capable of being washed is the latest acquisition to the state historical museum, according to Dr. Melvin Gilmore, curator of the museum. The article is woven similar to burlap, has a brilliant and varied color design in the center, and is very tough in structure.

ARE HAVING RABBIT DRIVES

HASKELL, April 19.—Cotton tails and jack rabbits to the number of 1500 were killed in two special "drives" near Haskell last week. More drives will take place this week. Some individuals scored as many as 40 rabbits each.

ARE HAVING RABBIT DRIVES

All of West Texas is more or less over-populated with rabbits. The drive is one of the principal ways of ridding the country of the little "huns."

THRIFT gardens are as essential in this high cost of living period as they were during the actual war. Americans are forgetting what a benefit came from the practice. There are too few thrift gardens in Cisco.

"BUY IT in Cisco" should be practiced at all times by every citizen. No one thing so attracts new mercantile establishments and new manufactures as liberal support of those already established. Whether a bar of soap, a loaf of bread, or an automobile, if it is made of sold in Cisco, it should have the patronage of Cisco people.

WEST TEXAS towns are anxiously awaiting the government census report. Probably no section of the United States will show a greater percentage increase than that shown in the oil belt region of Texas. Towns that were mere villages two years ago are now prosperous young cities with several thousand inhabitants.

THE CITY and the team-workers of Cisco might enlist the cooperation of vacant lot owners, and by cutting weeds and a little other civic work, convert some of the unsightly vacancies into attractive playgrounds for the children of Cisco until permanent parks have been set aside and beautified. It would keep children out of the streets where the traffic danger lurks for them.

CONTRACTS have been let for the erection of two new buildings on the Simmons College campus at Akidene. One of the buildings is a three-story fine arts hall, costing over \$100,000. The other is a two-story cafeteria. The College is also planning to install a central steam heating plant to serve all the buildings on the campus. The new \$375,000 science hall is nearing completion and will be ready for use by the beginning of the fall term.

BIG business institutions are guided by men who, as a rule, cannot be lured into an infertile business field. The fact that all the large oil companies, the big automobile concerns, mercantile enterprises, and manufacturing industries, are centering at Cisco, is sufficient guaranty of its dominant commercial position in the West Texas oil fields. You can't fool all these keen business men, and they are all either centered here or headed this way. Come to Cisco.

WILLIAM Howard Taft has been a visitor to Texas during the past week. The only living ex-president of the United States has been enthusiastically received throughout the state. He has had occasion to remark that the hospitality of Texas is as generous as the state is big. Every section of the people have given him generous welcome. Regardless of party lines, the people of the Lone Star State admire the ex-president's great ability and are always glad of an opportunity to do him honor.

CITY OFFICIALS, Chamber of Commerce and Young Men's Business League leaders will tell you that there is not one, but many, business enterprises knocking at the door of Cisco every day for admission as a part of the business life of the community. This is evidence of a healthy and permanent growth, and it behooves every man interested in the welfare of the city to do all possible to bring new enterprises to Cisco by helping to find locations and otherwise giving encouragement to outside capital.

CISCO HAS BIRTHDAY MAY 21. MAY 21 will be the 39th anniversary of the laying out of the townsite of Cisco. Paving on many of the city's streets will have been completed by that date, the city is spunk clean, and the mayor says it will be kept so; also, many of the numerous substantial business structures now under way will be completed, and a number of new business institutions added to Cisco. On the whole, the business and general outlook for this young city is very bright. With all these things to rejoice over, The News suggests that her citizens observe the anniversary in some suitable celebration. Let's have a grand May Day carnival, or a pageant of Cisco's progress from the founding of the city to the present in its history.

IT REQUIRES co-operation to make any business enterprise go forward, just as it takes co-operation to build a city. Cisco is being built by teamwork, but it also requires co-operation to get the best results from teamwork. There are several teams in Cisco, and when they unite on any proposition for Cisco's advancement there are sure and immediate good results. Cisco teams are individually doing splendid work, and they are receiving the approval and liberal co-operation of Cisco citizens generally. Big to get the very best accomplishments there should be not only a co-operation of the various teams, but an enthusiastic co-operation on the part of all citizens of Cisco. Cisco has very few drones; there should be none. All together, and watch Cisco—The City That Teamwork is Building.

EDUCATION in Texas is receiving more attention this year than ever before. Shortage of teachers, due to the meagre salaries paid, is causing those interested in our educational system to sit up and take notice. Twenty-five leading educators of the state met at Austin a few days ago, and it was decided to prepare a report on general educational conditions, to be presented to the governor for recommendations to the coming session of the legislature to be held the latter part of May. The report will deal with present conditions in public education, the present emergency of the entire educational system and constructive policies for the future. Dr. W. B. Bizzell, president of A. & M. College, presided at the meeting held in Austin.

WOODEN SHOES TO COMBAT H. C. L. WOODEN shoes are said to be finding a popularity in eastern cities, along with the overall fad, as a means of combatting the high cost of dress. A consignment of wooden shoes is now on the way from Holland to this country, according to announcement from New York. The wooden shoe may solve the footwear problem, so far as the high price of leather is concerned; but there are other features that may win its general adoption. It will be made a fashion fad, and those who will receive the first consignment of these shoes have already had a parade of pretty girls fitted with what is called the latest styles—worn with wide bands of ribbons crossed twice about the instep, and showing from ankles. They were said to have been very attractive to the eye, but without the broad bands of ribbon and the neat ankles they probably would have been less bewitching. However, unless equipped with the French high heels, it will require much persuasion to bring them into use with the ladies. Wooden shoes which have been the Dutch foot covering for ages, would solve the problem of shoeing the Rooseveltian families, as it is said they will be sold for \$2 a pair. But there is another advantage in wearing wooden shoes; they are impervious to water, hence are superior, especially when rain and dew-falls are prevalent. The still greater benefit comes in the claim that they are absolutely "com-fool." It is said that no one ever saw a Dutchman with a corn, unless, perhaps, it was one who had taken to the wear of leather shoes. This feature alone would be a boon in America.

FORMER GOVERNOR OF TEXAS WILL RUN FOR PRESIDENT OF NATION

James E. Ferguson Announces Self on American Party Platform, Advocating Light Wines and Beer

TEMPLE, April 21.—James E. Ferguson, former governor of Texas, today announced his candidacy for the president of the United States on the platform of the American party, which was organized at Fort Worth last August.

In his announcement Mr. Ferguson declared in favor of light wines and beer, pledged himself to a grand full harbor to Eugene V. Debs, who is under conviction for alleged conspiracy to obstruct the draft, and promised recognition of the principle of trade unionism.

Opposition to national woman suffrage, national prohibition, a complete military training was expressed by the former governor, who declared "we need an army to take the battle field far more than we need the battle field near; just now the world needs an army to take home far more than an army to take home."

Declaring that the first step to human slavery, Mr. Ferguson said he would demand the right of unions to call strikes and quit work any time they see fit. He characterized trusts as "that class that never labor reap or set and never produce anything but a scheme to take home."

Further aid to tenant farmers in acquiring homes was advocated by the former governor. He would reduce the income tax by one-fourth and pay the war debt by a levy of 16 a barrel on beer and two a gallon on wine. Unalterable opposition to the League of Nations was expressed.

Concerning Debs, Mr. Ferguson said that during war times reason often gave way to passion and intemperate expression was sometimes provoked. He would forget and forgive and restore Debs to full citizenship.

PLAN TO OPEN TRADE RELATIONS WITH RUSS

WASHINGTON, April 21.—Negotiations between the state department and the British foreign office concerning the proposed reopening of trade relations with Soviet Russia are proceeding rapidly, according to a statement today by the British ambassador, said today.

The question of recognition of the present government of Russia is entirely apart from these conferences, it was said.

It is the purpose of America and England to arrive at an agreement as to means of expanding the trade already being carried on with Russia through Scandinavian countries and by way of Finland and Latvia.

It is fully understood in London and Washington that in furtherance of its determination to force political recognition at the Baltic of western Europe and America, the Soviet government will do everything possible to hamper such trade development along independent lines.

MAY ENFORCE TURKISH TREATY BY RESORT TO MILITARY COMPULSION

SAN REMO, Italy, April 21.—The supreme council of the allies is fully prepared to execute the Turkish treaty by military force, if necessary. The council accepted today a plan drawn by Marshal Foch, field marshal Sir Henry Wilson, British chief of staff, and General Dacosta, Italian chief of staff, who were present at the morning session.

Notice of Hearing in Appropriate Public Waters of the State of Texas—No. 155.

Notice is hereby given to whom concerned, that the City of Cisco, Texas, acting by and through its Mayor, W. B. Williamson, the postoffice address of whom is Cisco, Texas, did on the 16th day of April, A. D. 1919, file its application in the office of the Board of Water Engineers for the State of Texas, in which it applies for a permit to appropriate from the unappropriated waters of the State of Texas, sufficient water for the purposes of a municipal water supply for the City of Cisco, to be impounded by means of a dam and diverted by means of a pumping plant, said dam to be located at a point which bears N. 12° 12' 30" E. from the S. W. corner of S. P. survey No. 497, across the bed of Sandy Creek, in Eastland County, Texas, distant in a Northernly direction from Cisco about three miles.

You are hereby further notified that the City of Cisco is to construct a dam across the Sandy Creek, a tributary of the Brazos River, in Eastland County, Texas, creating a reservoir with an impounding capacity of 5,363,000 feet of water, and to divert therefrom by means of a pumping plant 9,365,000 feet of water per annum for the purpose of a municipal water supply.

A hearing of the application of the City of Cisco will be held by the Board of Water Engineers for the State of Texas, at its office in Austin, Texas, on Monday, May 17th, A. D. 1920, beginning at ten o'clock a. m., at which time and place all parties interested may appear and be heard. Such hearing will be continued from time to time, and from place to place, if necessary, until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper.

Given Under and by virtue of an order of the Board of Water Engineers for the State of Texas, at the office of said Board, at Austin, Texas, this 16th day of April, A. D. 1920.

W. T. POTTER, C. S. CLARK, J. M. A. NORRIS, Board of Water Engineers.

Attest: A. W. McDONALD, Secretary.

TWO NEW STATES NOW JOIN WITH SONORA IN REVOLUTIONARY MOVE

Hidalgo and Tlaxcala Said to Have Seceded; Ranks of Republic Swelling Daily

WASHINGTON, April 21.—Reports from Mexico, official and unofficial, today emphasized the growing strength of the revolutionary movement led by Sonora.

Advices from private sources said two new states, Hidalgo and Tlaxcala, supported by their legislatures and state troops, had joined the secession movement. Other dispatches told of scattered but strong additions to the revolutionists. General Anacleto Gomez was said to have occupied Tuxpan with 3000 men, and to be threatening Tampico, center of Mexico's oil region.

The Mexican embassy issued a formal statement on the situation, declaring the revolution to be only a local movement. This statement added, however, that if the secession movement should spread it would result in the stoppage of business, curtailment of wealth and international commerce, and the indefinite postponement of payment of the foreign debt.

The embassy said the only state government sympathizing with the revolution was Enriquez Estrada, of Zacatecas, and the governor of Michoacan. This was the first confirmation received here that the Zacatecas governor had joined the revolutionists and his secession is regarded as important.

The senate committee investigating Mexican relations today questioned General Salvador Alvarado, who was governor of Yucatan for Carranza during the Huasteca controversy and who is now in Washington to appear before it Tuesday.

NEW YORK, April 21.—The sole desire of those who have taken up arms against the Carranza government is to establish a military dictatorship in order that they may oppress the Mexican people for their own benefit, Colonel Paulino Fontes, director general of the national railways of Mexico, declared in a statement issued here tonight.

Colonel Fontes' mission to the United States is to arrange for the resumption of through traffic for passenger cars and the interchange of freight cars.

The international Glove Workers' Union of America is staffed entirely by women.

AMERICA SUGGESTS AN EXTENSION OF GERMAN NEUTRAL ZONE PERIOD

Decision at San Remo Conference, However, Indicates Allies Will Not Grant Request

WASHINGTON, April 21.—Suggestion has been made to the allied governments by the state department that there be granted an extension to Germany of the agreement which expired April 10, and which permitted the presence of limited German forces in the neutral zones.

Tentative decision of the San Remo conference yesterday to compel strict enforcement of the Versailles treaty, however, is interpreted by officials here as indicating that the allies have not deemed it advisable to grant the extension.

The agreement in question was concluded August 9, in response to a protest of Germany against provisions of the Versailles treaty prohibiting retention of an armed garrison in the neutral zone opposite the occupied Rhine bridgeheads.

In the midst of the red conflagration in the Ruhr district and shortly before the date set for the expiration of the agreement, a note asking an extension of three months for the withdrawal of the forces in the neutral zone was addressed to Premier Millerand as president of the peace conference by Dr. Gieseler, head of the German peace delegation. So far as known here, no reply has ever been made to the German request other than the statements of Premier Millerand that Germany must be held to strict accountability for the execution of the Versailles treaty.

American interests, it is said, in official circles here, would be vitally affected by the withdrawal of all German police protection from the neutral zone opposite the Coblenz bridgehead. Also reports received here recently by officials have indicated that withdrawal of the armed German force from that area probably would set off incipient red revolts in a fringe of German towns fronting Coblenz.

Haskell is Paying. HASKELL, April 21.—Haskell is among the latest towns of West Texas which is arranging to do some main-street paving. Property owners on the streets about the courthouse square are signing up. Haskell is among the rapidly growing, progressive towns of Central West Texas.

CHARGES WAR VETERANS PUTTING DOLLAR MARK ON AMERICAN SPIRIT

WASHINGTON, April 21.—Prediction that future generations would be called upon to pay \$25,000,000,000 to world war veterans and their dependents, was made today by Senator Thomas, democrat, of Colorado, opposing a bill pro-

viding an increase of \$50 a month to civil war pensioners. He declared that those who were in the war with Germany were making an "outright on the treasury" and that their bonus demands had "soured American public spirit with the dollar mark."

Vote was put over until tomorrow. The Norwegian Woman's Rights association celebrates its 35th anniversary this year.

Less Than a Nickel a Week

This is all that Swift & Company's profit cost the average American family in 1919.

Here are the figures and authorities for them.

The average consumption of meat per person for a year is about 180 pounds (U. S. Government).

The average American family is 4 1/2 persons (U. S. Census).

Swift & Company's profit from all sources in 1919 averaged less than 1/4 cent per pound on all products including meat.

This averages for the family less than the price of—

- 1 cigar per week for father, or
- 1 street car fare per week for mother, or
- 1 package of gum per week for the children.

The complex service which we furnish the public is efficient and economical. The cost to the public in the shape of profit is too small to be noticeable in the family meat bill.

Ford
THE UNIVERSAL CAR

FORD OWNERS SHOULD KNOW

Just what Ford service is, and why it is different from ordinary garage service. The Ford Dealer is a part of the Big Ford Family. He carries a large stock of Genuine Ford Parts for repairs and replacements, and he uses only genuine parts because he knows the imitation parts aren't dependable. We have a thoroughly equipped up-to-date garage and tools that enable our Ford Mechanics to do work efficiently.

SENATE PASSES ARMY RE-ORGANIZATION BILL BY A LARGE MAJORITY

Measure Provides for Army of 297,000, a National Guard of 425,000, and Voluntary Youth Training.

WASHINGTON, April 22.—By a vote of 46 to 10 the senate today passed the army re-organization bill providing for a regular army of 297,000 officers and men, a national guard of 425,000 and a voluntary system of military training for youth between 18 and 21. The measure now goes to conference.

It was announced that Senator Norris, republican, Nebraska, who was absent, opposed the measure.

Twenty-four republicans were joined by twenty-two democrats in supporting the bill. Before the vote, Senator Reed, democrat, Missouri, told the senate he had intended to make a final effort to have the size of the regular army authorized by the bill reduced materially, but that he realized that such an effort would be useless.

"A spirit of militarism has overwhelmed the senate," he declared. "I predict it will not be many months before it will be discovered that the sentiment of the people is against Prussianism."

Senator Reed declared that the country could not afford to maintain such a military establishment as proposed.

"We shall not always have flush times in this country," he said.

"There probably will be a permanent default on many of our foreign loans—a temporary default is certain. Pay day is coming and the only way to prepare for it is to cut expenses."

Except for the provisions fixing the size of the regular army and the national guard, the senate and house measures are widely different. The house bill authorized a regular army of 299,000 men and 17,322 officers, while the senate measure provides for 280,000 enlisted men and 17,043 officers.

Universal military training promises the principal obstacle.

ARE TO HOLD TAG DAY FOR SCHOOL CAMPAIGN

AUSTIN, April 19.—"Two things, in my judgment, will be necessary to change the public school situation in Texas," said President R. E. Vinson, of the University of Texas. "One is to permit local committees in Texas to impose upon themselves such taxes as they may see fit for educational purposes, and the other is to bring about a more equitable distribution of the public funds so as to secure equality of educational opportunity for all the children of the state."

There is to be held on May 1, a state-wide tag day for the purpose of raising funds with which to pay for the campaign to have an amendment to the state constitution adopted which will make it possible for local communities to assess a tax of not more than 50c on the one hundred dollars for educational purposes. Dr. Vinson expressed himself as being heartily in favor of the amendment, which is to be voted on in November.

"The public school situation in Texas at the present time," he stated, "is undoubtedly the most serious possible character. No Texan can take pride in the fact that his state stands 39th in the list of states in the Union in the matter of educational privileges which are extended to the children."

"The constitutional amendment which is now pending is a step in the right direction and I sincerely trust that it will carry by an overwhelming majority at the election in November. I think that the constitution should not impose upon the people limitations in such a case as this."

ALLEGED MOONSHINERS WOUNDED BY OFFICERS

ARKANSAS, April 22.—Two alleged moonshiners were wounded early this morning during a raid by deputy United States marshals and prohibition officers on a still in Hempstead county, southwest Arkansas. One of the wounded men was placed in a hospital at Hope, while the other wounded man made his escape. The complete still and an automobile seized by the officers were brought to this city and turned over to United States Commissioner E. E. Hudson. Deputy Marshal James H. Davis of Texarkana, was in charge of the raiding party. Davis held warrants for search of Dobson premises and for the arrest of both men.

A car load of stills billed from a Chicago metal company to Laredo, Texas, for re-shipment to various towns in Mexico is being held here by federal officials pending an investigation. Disposition of the contents of the car was made when special agents found the deal of the car broken. One still is reported missing.

SEND EMPTY CARS TO RELIEVE GRAIN STRESS

FORT WORTH, Texas, April 19.—Responding to the urgent request of the interstate commerce commission telegraphed to the Rock Island, Fort Worth & Denver and the Santa Fe railroads Saturday, approximately 100 empty cars are being sent daily to the Panhandle of Texas to relieve the grain situation and car shortage in the Amarillo division, according to J. W. Thompson, superintendent of transportation of the Rock Island today. The Panhandle chamber of commerce has asked for 2000 cars.

TEXAS WOMEN MAY VOTE IN PARTY PRIMARIES

AUSTIN, April 21.—Motion for rehearing was overruled by the supreme court today in the woman suffrage case, thereby making final the decision of a majority of the court sustaining the constitutionality of the law permitting women to vote in party primaries. The case had been stayed by the supreme court.

CONFLICT BREAKS OUT IN HOUSE OVER BILL FOR SOLDIER RELIEF

Chairman Good Says Cash Bonus Would Bring Down Wrath of Hundred Million; Texas Whip Replies.

WASHINGTON, April 20.—Conflict between republicans and democrats on soldier relief legislation broke out in the house today after Chairman Good of the appropriations committee, had warned members that to put through a cash bonus plan would "bring down the wrath of 100,000,000 men, women and children."

"The greatest badge that the American soldier will wear," Representative Good declared, "will be the badge of sacrifice and not the badge of a bonus." Severe criticism of the proposed legislation by Representative Mondell of Wyoming, republican leader, brought a quick reply from Representative Garner of Texas, the democratic whip, who attacked the republican sales tax plan for raising the needed revenues, declaring the republicans were planning "to place a tax on the backs and bellies of the people, instead of taking it from the pockets of those best able to pay."

SUMMER SCHOOL TEXAS UNIVERSITY WILL OFFER SALESMANSHIP COURSE

AUSTIN, April 19.—An entirely new course will be offered in the summer school of the University of Texas this year. It is a practical course for the training of salespeople and others who wish to become educational directors of department stores, and is the first course of its kind to be offered in a college of the south.

Among the large stores of Texas that now have educational directors are: Titcher-Gostinger, Dallas; Sanger Bros., Dallas; Levy Bros., Houston; Joske Bros., San Antonio, and Popular Dry Goods Co., El Paso.

S. M. Hansopher of the university faculty, who will have charge of the vocational training course to be given in the summer school, has made a thorough investigation of the need of such a course and the practicality of giving it. He has organized classes in leading cities of the state for the purpose of giving training on industrial lines to those who wish to increase their skill in any particular industry.

Those desiring to take this work in the summer school must be graduates of accredited high schools or their equivalent and must have had experience in a department store.

GOVERNOR REFUSES TO EXTRADITE BLACK MAN

LITTLE ROCK, Ark., April 20.—Governor Allen of Arkansas today refused, for the second time, to grant the request of Governor Brough of Arkansas for extradition of Robert Hill, negro, who is accused of having instigated the race uprising in Phillips county last fall.

This morning Governor Brough telegraphed the Kansas executive asking that Hill be returned to Phillips county, which, his message said, "never has had a lynching and where a fair trial is guaranteed."

Refusing further comment, Governor Brough tonight made public the reply of Governor Allen as follows:

"I did not refuse the extradition of Hill through any fear that he might be lynched, but through fear of that equally unfortunate thing that he might be tried by passion and racial bitterness. The immoderate messages I have received from Arkansas before the hearing and the tirades since the hearing, convince me that the temper of that community made it impossible for anyone to guarantee a fair trial. I deeply regret that you have misinterpreted my action to reflect any discourtesy to yourself or to your state."

TEXLINE SHOWS GREAT INDUSTRIAL PROGRESS

TEXLINE, April 19.—Texline, the most northerly station on the Fort Worth & Denver railroad in the Panhandle, has had a wonderful industrial and commercial growth in the last few months.

The two banks have a combined deposit of \$375,000. From here were shipped 214 cars of corn, 165 cars of broom corn, 126 cars of maize, 25 cars of beans, 65 cars of wheat, two cars of alfalfa seed.

A lasting supply of water may be secured in wells at a depth of 140 feet. Twelve new residences and two brick business houses are now being constructed. The railroad payroll here is \$16,000 a month.

Texline will show a population of 600 at the next census, its leading business men believe. It has over three miles of concrete sidewalks, three churches, and a modern school building.

Large ranches in this territory are being broken up into small tracts for farming purposes. Texline at present needs a broom factory, bakery, water works, light plant, laundry and brick yard. The site for a \$75,000 hotel was purchased a few days ago.

ROTAN MAY RUN POWER LINE TO ROBY SHORTLY

ROTAN, April 19.—The Rotan Light company may, in a short time, run a high power line to Roby to furnish that place with electric lights and power, according to announcement made here. The local plant is contemplating the installation of some new machinery, which will take care of the added consumption of electricity here, as well as that contemplated at Roby. Roby is about 15 miles from Rotan. It is the county seat of Fisher county, one of the most fertile in the West.

Dublin Detective Killed. DUBLIN, April 20.—Detective Inspector Dalton was shot and instantly killed today when he and another detective of the metropolitan police were attacked by several armed men. The other detective escaped unhurt, but a woman

DEMAND EQUALIZATION OF GULF PORT RATES WITH ATLANTIC PORT

Mississippi Valley Association in Resolution Says Gulf Gateways Being Discriminated Against.

ST. LOUIS, Mo., April 20.—Resolutions demanding that the United States Shipping Board equalize rates on all exports and imports were adopted here tonight at the convention of the Mississippi Valley Association. The resolutions ask that the differential on shipping through North Atlantic ports be lifted and state that under the present rates some shipments are allowed to pass through these ports, 15 cents a hundred pounds cheaper than through the gulf gateways. This differential, it was said, diverts many shipments to the Atlantic ports that under equal rates would pass through the gulf ports.

An increased percentage of ships also was demanded from the shipping board. It was declared in resolutions that although 50 per cent of the country's commerce is controlled in the Mississippi valley, the board has assigned only 12 1/2 per cent of its tonnage to the gulf gateways.

Word was received here today from Professor Todd, stating that he was ready to make the attempt Friday if the Omaha chamber of commerce had met his conditions. Inquiry at the chamber of commerce brought forth the information that the chamber had ceased to be interested in the venture some time ago.

WON'T HELP PROFESSOR SIGNAL MARS FROM AIR

OMAHA, Neb., April 20.—The ascension in a balloon of David Todd, of Amherst, and Balloonist Leo Stevens, in an effort to signal or communicate with the planet Mars, will, in all probability, not take place next Friday, as originally planned.

Word was received here today from Professor Todd, stating that he was ready to make the attempt Friday if the Omaha chamber of commerce had met his conditions. Inquiry at the chamber of commerce brought forth the information that the chamber had ceased to be interested in the venture some time ago.

TEXAS UNIVERSITY STUDENTS HAVE TREAT IN HOUSEBOAT

AUSTIN, April 19.—The most recent addition to the equipment of the physical training department of the University of Texas takes the form of a houseboat, equipped with lockers and diving apparatus, for the use of women students at Lake Austin.

The location of two cabins near the lake for the use of the girls, the large number who practice canoeing on the lake to meet requirements for athletic 'T's in that sport, the frequent trips made to the lake by the girls' swimming club, and the large number of girls, outside of these groups, who swim at the lake, have created a demand for a houseboat with dressing rooms and diving platforms.

The houseboat, which serves as dressing room, diving platform and cabin, is 40x21 feet. The foundation is merely a large-like structure. In the center is a salon or rest room, a kitchenette, and a dressing room. A porch with life rail wholly surrounds the boat. Four ladders reach from the water to the barge, while two ladders extend on to the second deck and diving boards are provided. The barge foundation is painted battleship gray, the cabin white with enough of orange to represent the university colors.

Launching of the boat took place Saturday, April 17. It was christened by Miss Katherine Vinson, youngest daughter of President R. E. Vinson.

Heir to Fortune; Don't Know It

DALLAS, April 20.—A Miss Arylene Robertson is heir to a fortune back in Rockingham, N. C., but Dallas police have been unable to flash the news to the young woman. They started a search for the woman at the instance of Rockingham authorities when the will of a wealthy bottling goods stockholder at that place, directing that his fortune be given to the girl, was read. The only clue the police have is that the woman, described as about 18 years of age, about five feet tall, with light hair and blue eyes, formerly lived with her uncle at Henderson, Texas.

COUNCIL TO DISCUSS DEMANDS ON GERMANY AND MOULD ATTITUDE

France Said to Feel She is Greatest Sufferer From Hun Dorellition and Britain Looks Askance.

SAN REMO, Italy, April 21.—Discussion of what shall be asked of Germany and how what shall be asked will be exacted will be begun by the supreme council tomorrow. Tension between the French and British delegations on this subject has been considerable. French are declared to feel deeply that they have been the greatest sufferers from Germany's omission to fulfill her treaty obligations, that Germany's retention of war material obligates France to remain armed and that production in coal deliveries keeps an important fraction of French industries idle.

They say that Germany in the last nine months had indicated clearly to the French mind that she intends to do nothing she can not be compelled to do, and that unless the allies sharply warn her and prepare to follow up the warning by force Germany will default upon the essential clauses of the treaty, counting upon escaping any further penalties or upon a revision of the treaty greatly disadvantageous to the French.

The British position is that although Germany has defaulted in several extremely important respects, and that she must be required to fulfill her obligations, she can be made to do so without further occupation of her territories and by severe economic restrictions. The British statesmen are understood to look with askance on the French aims and feel that leadership among the allies is being disputed.

SOLDIER WINS \$15,000 SUIT AGAINST ELECTRIC RAILWAY

AUSTIN, Texas, April 20.—Decision of the trial court in the case of Don H. Whitmore against the Texas Electric Railway from McLennan county, was confirmed by the court of civil appeals here. In this case the plaintiff, who was a soldier, was injured when an trolley car collided with a truck and trailer upon which was loaded the wreck of an airplane. Damages to the amount of \$15,000 were allowed by the jury and confirmed by Judge John W. Brady, who wrote the opinion of the appeal court.

Campaign Against Accidents

DALLAS, Texas, April 20.—"No Accident Day" in Dallas was a success. Because of the numerous automobile accidents daily in this city a public safety committee was appointed to carry on a "Be Careful" campaign and the "No Accident Day" came on the last day of the drive. There has been a decrease in the number of accidents since the campaign started.

TEXAS NEGRO LYNCHERS GIVEN SUSPENDED TERM

CANTON, Texas, April 21.—Charlie Lansdale, Willie Long and Tom Lay, said by court officials to have been the first white men ever indicted in Texas and probably in the South for lynching a negro, entered a plea of manslaughter in county court here yesterday and were given a two-year suspended sentence.

The defendants were indicted in Upshur county for lynching Chilton Jennings, a negro, at Gilmer on July 24, 1919 and the case was brought here on a change of venue. Jennings was taken from jail and hanged following his arrest on the charge of assaulting a white woman. Yesterday was the second trial of the case, another jury having recently failed to arrive at a verdict.

SANTA FE WILL PROVIDE CARS TO SAVE GRAIN CROP

FLOYDADA, Texas, April 21.—Ed. F. Byars, traffic manager of the West Texas Chamber of Commerce, has wired the First National bank here that the Santa Fe has agreed to furnish sufficient cars to care for the enormous flood of grain which is lying on the ground exposed to the elements because the line in the past has not supplied a sufficiency of cars. Floydada appealed to the West Texas Chamber of Commerce about ten days ago with the quick response and ready relief. Grain to the amount of \$85,000 was in jeopardy.

MACON, Mo., April 22.—Fire, starting in the stock room of the Motor Inn garage here today, destroyed the establishment, also the Woodman hall and Burch building, the upper floors of which were occupied by the Chronicle-Herald News. The loss is estimated at \$200,000.

BERLIN, April 19.—The Vossische Zeitung today points out that with the return from the Ruhr region of the reichwehr troops in excess of the permitted number are increasing signs of French withdrawal from the Frankfurt region. The French troops are gradually evacuating the bridgehead.

NOW ORGANIZING POULTRY CLUBS THROUGHOUT WEST

STAMFORD, April 19.—Organization of poultry clubs throughout the West continues to increase under the auspices of the state department of agriculture and the West Texas chamber of commerce. Mrs. J. L. Landrum is doing the organizing and its meeting with much success.

Big Dallas Car Traffic

DALLAS, April 21.—Dallas street cars during the month of March carried 8,395,000 passengers. It is announced that the passengers, 13.3 per cent were transfer fares. The gross earnings of the car company were \$246,372 which represented an earning of 4.95 per cent on the investment. One cross town car carried 21,199,000 passengers during the month.

OBJECTION RAISED TO PLAN OF LABOR BOARD TO GATHER WAGE DATA

Brotherhood and Union Declare Such Procedure Would Delay Settlement of Demands a Month.

WASHINGTON, April 21.—A proposal that the railroads collect for the railroad labor board data on the wage demands of the employees met with sharp objection today from the brotherhood and union officials, who declared that such action might delay for months adjustment of the pending wage controversy.

In offering the cooperation of the railroads to the board in reaching its decision, E. T. Whittier of the Association of Railway Executives, said that at least three months would be required to obtain from the rails by means of a questionnaire the wage data.

W. N. Deak, vice president of the Brotherhood of Railway Trainmen, protesting against Whittier's proposal, declaring that if the rails could postpone settlement of the wage dispute for three months it could be delayed a year, and that each month's delay meant the saving of millions of dollars to the roads.

SLAYS SECOND WIFE THEN KILLS HIMSELF

CHICKASAW, Okla., April 21.—Calvin Souls, 26 years old, a former service man shot Naomi Souls, his divorced wife, through the heart yesterday afternoon at a school house six miles south of here, where he was in training at Fort Sill. He then sent a bullet through his own brain.

DAUGHTER OF FRANKLIN LANE IS MARRIED IN WASHINGTON

WASHINGTON, April 21.—Miss Nancy Lane, daughter of the former secretary of the interior and Philip C. Kauffmann of this city, were married yesterday at St. John's Episcopal church. Mrs. Wilson, wife of the president, justices of the supreme court, members of the cabinet and diplomatic corps, were present.

CHAMBER OF COMMERCE AT TEXLINE

MEXICAN LABOR IN STATE DEFENDED BY WEST TEXAS C. OF C.

Takes Issue With Frank Morrison as to Importation of Laborers From Carranza's Country.

STAMFORD, Texas, April 21.—Frank Morrison of the American Federation of Labor, who a few days ago protested against the importation of Mexican labor into the United States to keep up production on the ground that they were depriving Americans of employment, is taken to task by the West Texas Chamber of Commerce, which characterizes his statement as a deliberate falsehood.

Henry M. Eaton of the Washington office of the West Texas Chamber of Commerce wired Manager Porter A. Whaley as follows yesterday: "Frank Morrison, American Federation of Labor, protested vigorously to house immigration committee Saturday against secretary of Labor's order admitting Mexican laborers to pick cotton and declared secretary must rescind order which resulted in Americans being crowded out of jobs. Committee took no action."

To which telegram Manager Porter A. Whaley wired in the following language: "Frank Morrison's statement deliberate falsehood; would have been absolutely impossible to pick great cotton crop also harvest maize crop West Texas without aid thousands of Mexicans; not a single white or negro cotton picker crowded out of a job though thousands were imported from East Texas and Louisiana; cotton picking so short labor West Texas that picking is still under way in many counties; Morrison bases conclusions on reports wholly misrepresenting facts sent out from San Antonio by labor leader; such reports have been officially contradicted by the San Antonio Chamber of Commerce. Indications point to another heavy crop in West Texas and oil developments spreading over entire region of 150,000 square miles, causing tremendous demands for labor for railroads, farmers and industries. Please report these facts to the Texas delegation and also to committee."

DAUGHTER OF FRANKLIN LANE IS MARRIED IN WASHINGTON
