LIND DENIES HE SAID CATHOLIC CHURCH IS A DETRIMENT IN MEXICO

Wilson's Representative Declares Peons Need Education Which Church is Not Affording Them.

WASHINGTON, April 27.—The personal story of John Lind, former governor of Minnesota, of his experiences in Mexico, as President Wilson's personal representative, was told today to the senate investigating committee. Included was some of his efforts to induce Victoriano Huerta to abdicate the dictatorship he held following the overthrow of the Magro government and before American occupation of Vera Cruz.

Revolution was necessary in Mexico, Mr. Lind contended, to rectify social and economic conditions. "Though it will take decades to bring the people up to our standards," he denied with warmth that he had ever, as Examiner Kearfull, for the committee asked, "attributed all of the ills of Mexico to the influence of the Catholic church," and denied also that he had ever made such statements to Nelson O'Shaughnessy, former American charge in Mexico.

"What poor Mexico needs is education," Mr. Lind declared, "and it is very unfortunate that the influence of the Catholic church has been against schools in Mexico. As in the United States, its influence has not been in the direction of establishing and maintaining public schools."

That he had ever said the church should be abolished as an institution in Mexico, or that he had said he advocated the recognition of Carranza (the late poor Mexico fell back into the clutches of the Catholic church," Mr. Lind likewise denied.

At the conclusion of his account of the failure of his mission with Huerta, Mr. Kearfull asked for Mr. Lind's opinion as to the present policy that should be adopted toward Mexico.

"Through I do not know what the present condition is," Mr. Lind returned, "it behooves us as a great neighbor of a weak country to be very patient, not to judge them as we would England, France or Canada, as to their responsibility in international affairs."

"Do you think we should refrain from insisting upon protection for American lives and property in Mexico?" Attorney Kearfull persisted.

"No, of course not, nor do I think the best protection would be afforded such interests by a military, war-like attitude on our part," Mr. Lind responded.

"When for five years running our strongest verbal representations have been disregarded," Kearfull continued, "when 30,000 Americans have gone to financial ruin in Mexico, and hundreds have been murdered, and we find nothing but levity for our further representations, what should be our attitude?"

"That's not for me to answer," Mr. Lind retorted. "I think the statement is much exaggerated."

SAN REMO CONFERENCE OF SUPREME COUNCIL CLOSES TEN DAY MEET

SAN REMO, Italy, April 26.—The following official communication was issued after the evening session:

"The supreme council met at the Villa de Yachan at five o'clock in the evening.

"The last clauses to be inserted in the treaty of peace with Turkey were discussed and approved, in addition, the draft of the note to President Wilson on the subject of America, prepared by the British delegation, was adopted. The council then expanded the question of the application of the treaty of Versailles, and decided to send a note to the German chancellor inviting representatives of the German supreme council to meet the members of the supreme council at Spa on May 25, so that the allies may inform themselves in the most accurate possible manner of the situation in Germany as regards the application of the treaty.

"The council finally, with the military, naval and aerial experts, drew up the terms of the answer to be given Germany with regard to the excess German troops in the neutral zone and their progressive reduction in accordance with the clauses of the protocol of August 8, 1919.

"After dealing with the question of the destruction of the German naval material and that of the proceedings against the German war criminals, the supreme council closed the conference of San Remo."

Washington Elects Four Delegates to Republican Meeting

BELTINGHAM, Wash., April 27.—The republican state convention today elected four delegates-at-large to the national convention and named eleven presidential electors.

The state's delegation was instructed in a resolution unanimously passed to "loyally use every means in their power" to secure the presidential nomination of Senator Miles Pindexter of Washington.

URGE COMBATING RAIL CONTROL UNION LABOR IS SAID TO MAINTAIN

United States Chamber of Commerce in Convention Discusses Capital Versus Working Men.

ATLANTIC CITY, N. J., April 27.—Discussion of labor's relation to capital, to which the Chamber of Commerce of the United States in convention here will devote its Thursday session, began with the railroad group tonight, when speakers urged the necessity of an organized effort to combat the control it was alleged union labor has assumed over operation of the railroads.

R. H. Angell banker and lumberman, and acting mayor of Roanoke, Va., who precipitated the discussion, declared "union labor now has in control of the railroads absolutely and if we wait a little while they will have a strangle hold upon us from which we can not extricate ourselves."

"The chamber of commerce should make recommendations to both national conventions in favor of platform planks against union labor domination," the party that will save us from this trouble."

The report of the convention, adopted unanimously, declared "railroads are entitled to receive from shippers and passengers rates that will pay them a living wage for services performed."

Greater respect for private rights and greater immunity for private property, in which, since the war, there has been "a lamentable lapse," are vital to the life interests of the world, George E. Roberts, vice-president of the National City Bank of New York, said in address.

Extension of foreign investments by American capital and adequate protection of them also were advocated by Mr. Roberts as a means of increasing production that will lead us to salvation from increasing and beating down high costs of living.

The foreign commerce group tonight adopted resolutions offered by William C. Redfield of New York, former secretary of commerce, that the trade embargo against Russia be lifted and relations between citizens of the United States and Russia be resumed. The resolutions specifically disclaimed any intention to recognize the soviet government.

SONORA TROOPS TAKE CAPITAL OF MORELOS, DESTROYING RAILROAD

Detachment of Federal Soldiers Sent Out to Put Down Embryo Up-Risings; Maycotte Revolts.

WASHINGTON, April 26.—Renewed rebel activities near Mexico City were reported in Mexican advices reaching Washington today through official channels. Cuernavaca, capital of Morelos, and a short distance from Mexico City, is said to be in the hands of the rebels and the railroad to the federal capital cut.

Small detachments of troops have been sent from Mexico City in various directions in an effort to put down up-risings before they attain strength. One detachment has been sent to Oaxaca, the report said, although the Carranza government has hitherto declared that Oaxaca was peaceful.

Mexico City officials were also said to have admitted finally that General Maycotte had gone over to the rebels with his forces in the state of Guerrero. His desertion was reported several days ago, but was denied at Mexico City until today. General Maycotte has been operating on the border of Guerrero and Michoacan. It was to his protection that General Alvaro Obregon is supposed to have fled when he escaped from Mexico City. The appeal for an American warship to protect foreigners at Mazatlan was sent to the state department at the urgent instigation of the Mexican federal commander there, it was learned today. It was received April 8, two weeks before it was made public. "While it came directly from the American consular official there, the fact that the Mexican commander had urged such action was revealed only today."

METHODISTS MAY LIFT BAN FROM AMUSEMENTS

SYRACUSE, N. Y., April 26.—Rev. Doctor Edmund Mills, acting secretary for the general conference of the Methodist Episcopal church, which opens Saturday at Des Moines, Iowa, stated today that the conference probably would revise the ban on amusements, changing it from a mandatory act in the book of discipline to a word of advice.

MERCHANTS ARRESTED AS SUGAR PROFITEERS

NEW YORK, April 26.—Government profiteer hunters today arrested three Manhattan merchants on charges of making illegal profits on the sale of 5000 pounds of sugar. Eleven and one-half and eight cents profit per pound were alleged to have been made in certain instances.

HARDING GAINS SLIGHT ADVANTAGE OVER WOOD IN OHIO PREFERENCE

COLUMBUS, Ohio, April 27.—Scattering returns from approximately one-sixth of Ohio at 10 o'clock tonight showed Senator Warren G. Harding of Ohio to have a slight lead in the republican presidential preference vote over Major General Leonard Wood.

Nine hundred and ten out of a total of 5882 precincts in the state gave Harding 17,578, Wood 16,653.

In 648 precincts Johnson received 1859 and Hoover 1469 votes, although their names were not printed on the ballots.

All democratic candidates for delegate to the national convention were pledged to Governor Cox of Ohio, the only democratic candidate for president. Of the six candidates for delegate-at-large to the republican national convention four are Harding men and two are pledged to Wood. Returns from 773 out of 5882 precincts in the state gave:

Daugherty (H) 12,538, Galvin (H) 17,882, Turner (W) 14,314, Willie (H) 12,953, Boyd (W) 16,148, Herrick (H) 19,689.

DENIES PARTISANSHIP IN PROBE OF BULLETIN

WASHINGTON, April 27.—Charges of partisanship in the joint congressional printing investigating committee made by Roger B. Babson and of "interests in the official bulletin," were denied by Senator Smoot, republican, of Utah, chairman of the committee, in a letter to Mr. Babson, which he made public tonight.

"You ask in your letter," said Senator Smoot, "whether the attack on you is a part of the campaign of a few republicans to discredit the democratic administration and others prominently associated with it."

"I think it is sufficient reply to state the report of the committee was adopted without any dispute from the democratic members who were either present or to whom a copy of the report had been submitted."

"You stated that I am doubtless displeased with the report you submitted in the case of your work as director general of the information and education service of the department of labor. I am frank to say that I do not agree with your charges that the public press of America is under 'capitalistic control' or in the hands of 'undesirable interests.' If it had not been for the loyalty and unselfish patriotism of the American press, the atrocious conduct of the German propagandist might not have been uncovered until too late and we would have been betrayed into the hands of the Hun before the war could have been won."

LOWDEN MAY CONTROL ARKANSAS CONVENTION

LITTLE ROCK, Ark., April 27.—The republican state central committee, meeting here tonight, selected Charles F. Col of Batesville as temporary chairman of the state convention which will meet here tomorrow to elect four delegates-at-large to the national convention in Chicago. He is an avowed Lowden supporter. The committee endorsed H. L. Rempel of Little Rock for reelection to the republican national convention and also for delegate-at-large to the convention. Mr. Rempel is said to be friendly to the Illinois governor's candidacy.

The committee recognized the "illy white" delegation as the legal one from Pulaski county, which includes Little Rock. A contesting delegation composed entirely of negroes announced that they will appeal to the state convention tomorrow and that if defeated there they will appeal to the national convention.

WILSON ORDERS PROBE OF NEW YORK STRIKE

NEW YORK, April 26.—Investigation of the railroad strike situation in New York was begun here today by representatives of the department of justice at the direction of President Wilson, following a telegram sent the president by William Follows Morgan, president of the Merchants' association, protesting against the "combination in violation of federal statutes, that was throttling the commerce of the city and county."

President Wilson referred the telegram to Attorney General Palmer and the latter designated C. B. Ames, assistant to the attorney general, to come to New York to get full information on the subject.

BOSTON, Mass., April 27.—Completion of returns from more than half the state in today's primary indicated the probable election of delegate-at-large on the republican ticket of Senator Lodge, Speaker Gillet of the national house of representatives; former Senator Crane and Edward A. Thurston, former chairman of the republican state committee. These four, all unpledged to any presidential candidate, were grouped at the head of the ticket.

Former Lieutenant Governor Forthingham who has declared for Leonard Wood for president with Herbert Hoover as second choice, was running in fifth place. Former Governor McCall, who has announced himself in favor of Hoover, was sixth, and Congressman Fuller, of the six candidates for governor, District Attorney Pelletier and Daniel F. Doherty.

The May festival committee, composed of teachers from each of the city schools, with Miss Alma Copelin of the High School as chairman and general director, has arranged for festivities to be held on the High School campus Saturday evening, May 1, beginning at 7:30 o'clock.

The campus will be lighted on the southwest side of the building where the queen's throne is to be located. Seats will be placed in convenient view of the scenes to provide as far as possible for the comfort of the spectators.

The queen's court will be composed of the following, who march in the order named: Bishop, Henry Price; crown bearer, Emma Lee Godbey; flower girls, four small children; queen and escort, Thelma Fairless; Marshall, McCreary; maid of honor and escort, Ruth Williamson, M. BRANDS SIMS' CHARGE AS INSULT TO ENTIRE U. S. NAVY PERSONNEL

Admiral McKean Says Charges of Unpreparedness "Monstrous" and Unbefitting Navy War Head.

WASHINGTON, April 27.—Sharp criticism of Rear Admiral Sims, voiced today before the senate naval investigating committee by Rear Admiral J. S. McKean, former assistant chief of naval operations, resulted in a tilt between Chairman Hale and Senator Trammell, democrat, of Florida, when Admiral McKean was reprimanded by Senator Hale for indulging in "personalities."

The officer said he was only following a precedent set by Admiral Sims in his testimony.

Admiral McKean insisted that he was not seeking to defend Secretary Daniels or to "damn Sims" in what he said.

Admiral Sims charges that delays on the part of the navy department early in the war prolonged hostilities four months and cost 600,000 additional lives, were "monstrous." Admiral McKean said, adding that if it had been made by a patient in the "government insane asylum" it would be considered as "coming from a real admiral on the active list, the head of the naval war college, it was an insult to every officer and man in the navy during the war."

"It has been or will be entirely disproved," he declared, "but the charges that the department had no plans for war also was unfounded, the officer said. He added that one plan in particular had been in existence for years before the war. The plan was not perfect, he said, because of new developments, such as the use of the German submarine campaign."

Captain W. V. Pratt, during his cross-examination, said he had no reason to doubt Admiral Sims' declaration that his letter to Secretary Daniels was not intended as a personal criticism. He could not avoid the impression, however, he added, that Sims was criticizing the chief of naval operations, whether he intended to or not.

MASSACHUSETTS MAY SEND LODGE, GILLET, CRANE AND THURSTON

BOSTON, Mass., April 27.—Completion of returns from more than half the state in today's primary indicated the probable election of delegate-at-large on the republican ticket of Senator Lodge, Speaker Gillet of the national house of representatives; former Senator Crane and Edward A. Thurston, former chairman of the republican state committee. These four, all unpledged to any presidential candidate, were grouped at the head of the ticket.

Former Lieutenant Governor Forthingham who has declared for Leonard Wood for president with Herbert Hoover as second choice, was running in fifth place. Former Governor McCall, who has announced himself in favor of Hoover, was sixth, and Congressman Fuller, of the six candidates for governor, District Attorney Pelletier and Daniel F. Doherty.

Mayfield, member of the Texas railroad commission, left today for that section. Appeals for refrigerator and other cars to ship portions of the valley have become urgent, Chairman Mayfield said, and the commission already has appealed to the interstate commission for relief. Two thousand cars are needed immediately, Mr. Mayfield declared.

SUGAR MAY GO STILL HIGHER, ACCORDING TO REFINERS AT MEETING

Conference Resolves Itself Into Talk-Fest With Nothing Definite Done Toward Halting High Prices.

WASHINGTON, April 26.—Representatives of large sugar refiners and department of justice officials, conferring today here, progressed no further than discussion of the "whole sugar situation," they said. The conference will be resumed tomorrow.

Meanwhile reports persisted that another rise in sugar prices was in prospect.

Refiners who were in attendance at the conference said there had been "much talking but no action" thus far. Government officials would not indicate what efforts were under consideration toward halting a further sky-rocketing in prices. Refiners declared they could not guarantee adequate supplies without further increases. The abnormal demand for sugar has forced them to hard competition with foreign buyers, they said.

Howard Figg, assistant to the attorney general, is said to have asked the refiners to make a survey of the world's visible supply and for a statement of the amount of their present stocks.

NEW ORLEANS, La., April 26.—United States District Attorney Mooney and four prominent Louisiana sugar planters left here tonight for Washington to appear Thursday before the congressional committee investigating the question of sugar prices in this state and their effects on prices generally. On the eve of their departure the American Sugar Refining company announced an advance of 1c for granulated sugar, making the selling price 18 1/2c wholesale and 21 1/2c retail.

Charged With Profiteering

CHATTANOOGA, Tenn., April 27.—Federal indictments charging profiteering were returned today at the instance of the federal fair price commission against four cafe proprietors. Three were alleged to have sold "club" sandwiches at a profit of more than 30 cents, and one a glass of milk at a profit of 11c, according to the indictment.

GALVESTON HOUSEWIVES BOYCOTTING POTATOES

GALVESTON, Texas, April 26.—A two week's boycott on potatoes became effective here this afternoon when women of this city, members of the Housewives League, pledged themselves not to purchase that vegetable for a period of two weeks. The present retail price which ranges from 12 to 14 cents a pound, was declared by the women to be unreasonably high. The league appointed a committee to appeal to hotels and restaurants for support in the boycott.

Overalls and gingham clubs were denounced in a resolution adopted by the members which urged members to wear old clothes instead of supporting the "overall or gingham fad."

SKELETON FOUND MAY BE THAT OF SUICIDE

TEXARKANA, Texas, April 26.—The skeleton of a man, thought to be R. H. Rose, a newspaper man, lately of Wichita Falls, has been found in the Red river bottoms near this city. Rose wrote a letter in this city March 30, stating that he intended to kill himself and would destroy all identification marks, according to the police, which was the case with the body found.

Ah Ha! Champ Clark Is Dusting Off the Old Derby for Race

WASHINGTON, April 26.—Former Speaker Champ Clark, who, according to an announcement in New York by Mrs. Julia Sanders, an officer of the Swastika club, a woman's political organization, has decided he would be a candidate for the presidential nomination, said today that while he had not authorized anyone to announce his candidacy for the democratic presidential nomination, "no man could decline such an honor if offered freely."

"Just say this for me," he added and dictated the following:

"I have not said a word, or written a word, or lifted my finger to get the nomination at San Francisco, and I do not intend to do so. I suppose the delegates would like to elect the man nominated at San Francisco. If they think I can be elected, they will nominate me. If they simply want to nominate somebody who they all want—they will nominate somebody else."

DECLARE STORIES OF COUNCIL SLANDEROUS

LONDON, April 26.—Stories published in France and England asserting there is a dissension among the members of the supreme council are termed "slanders" and "crude" in a statement issued by Earl Curzon of Kedleston, the British foreign secretary, it was telegraphed to the foreign office from San Remo today.

Almost simultaneously the foreign office received an official message from the United States saying the reports of the alleged dissension, which had been republished in America, were creating a "deplorable" situation.

REBEL LEADER ROUTED BY CARRANZA FORCES

GALVESTON, April 26.—General Rufino Gomez, commanding 300 rebels, was routed near Tuxpan yesterday by Carranza forces under General Francisco Murguia, according to unofficial telegrams from Mexico City to Meade Fierro, Mexican consul here.

The oil region around Tampico, the dispatches said, is amply provided by General Murguia's forces.

FRANCE WILL REALIZE BIG INDEMNITY FROM THE GERMAN NATION

All Countries Which Took Part in Supreme Council Meeting Feeling Measurably Satisfied Now.

SAN REMO, Italy, April 26.—The results of the supreme council's ten-day meeting are such that each government taking part seems to consider its applications have been measurably satisfied. The premier and foreign ministers parted in great personal cordiality and apparently with much more confidence in the near future.

France also gains in this, for as Paul Hymans, the Belgian foreign minister, remarked today, "French hopes may be reduced, but her realities will be increased" by the fixing of a sum for Germany to pay.

M. Jaagar, the Belgian minister of reconstruction, says that if such a sum is agreed upon the Germans will start earnestly because heretofore there has been no inducement for them to pay any part of unknown and vaguely enormous liabilities, the word "revision" is wholly eschewed by the prime minister in talking about the treaty of Versailles; the word "interpretation" is coming in to use. The Italian premier, Signor Nitti, appears to be concerned over the council leaving the Adriatic question to a continuance of direct negotiations with the Jugoslavs.

The Belgians are satisfied because they believe the western powers, Great Britain and France and Belgium, remain as solid as ever against Germany. The Belgians also are for the immediate fixing of the amount of Germany's debts to the allies.

The attitude of the council was conciliatory toward Russia in instructing the executive or so-called permanent committee of the supreme economic council to negotiate with the soviet representative at Krasin, for commercial arrangements.

The Zionists are happy because the T. E. Y. has met and that this has been a dark week for them; yet Cilicia, which it had been expected France would take, has been left to Turkey. But the French statesmen decided upon taking no further commitments in the Near East, except Syria and thus save troops, money and worry. The British also have a chance to receive Erzerum, through the arbitration of President Wilson in the matter of the Armenian boundaries.

The British minister, Lloyd George, feels this has been one of the most successful meetings the supreme council has yet held, one of promise for the future of Europe and the restoration of economic co-operation.

SUPREME COURT ORDER DISSOLVES COMPANIES OF ANTHRACITE TRUST

Majority Opinion Holds That Holding Company Is Guilty of Violating The Sherman Act.

WASHINGTON, April 26.—Announcing its decision in a part of the long pending anthracite coal trust case today, the supreme court in a 4 to 3 opinion sustained most of the government's charges of illegal combination against the Reading Company, a Pennsylvania holding corporation, and ordered its railroad and coal subsidiaries and ordered their dissolution. Chief Justice White and Associate Justice Holmes and Vandeverer dissented, while Justices McReynolds and Brandeis took no part in the decision.

No copy of the majority opinion was available as Justice Clark was rendering it. Associated with the Reading Companies as defendants were the Lehigh Valley Railroad Company and the Lehigh and Wilkesbarre Coal Company and the Lehigh Coal and Navigation Company. The constant recurrence of the words "Lehigh Company" throughout the reading caused the opinion to exist that the so-called Lehigh case, which actually refers to the Lehigh Valley Railroad Company case, argued last fall, with the Reading case, was being decided also. Dispatches saying the government had won its case against the Lehigh Valley Railroad Company were sent out and it was not until almost an hour later when copies of Justice Clark's opinion were made available that it was found that the court had acted upon the Reading case alone. The majority opinion held the holding company guilty of violation of the Sherman anti-trust act, and reversed federal court decrees rendered in Philadelphia in 1915 which refused to sustain the government's charges of monopoly but directed the separation of the Central Railway of New Jersey from its subsidiary company, the Lehigh and Wilkesbarre Coal Company. Dissolution was ordered by the supreme court of the Reading Company, the Philadelphia and Reading Coal and Iron Company, the Central Railroad of New Jersey and the Lehigh Valley and Wilkesbarre Coal Company, maintained through the Reading corporation, so that they would be entirely independent of each other. Disposition of the stocks and bonds of various companies held by the Reading Company, was also directed.

RETROACTIVE TAX ON WAR PROFITS DECIDED FOR SOLDIERS' RELIEF

WASHINGTON, April 26.—A retroactive tax on war profits has been definitely agreed upon by house democrats and insurgent republicans to raise funds for soldier relief legislation. Representative Rainey, democrat, Illinois, and Johnson, republican, South Dakota, in a statement issued tonight, announced that a bill would be introduced tomorrow providing for the collection of the tax.

The plans of the republican leaders has not been finally agreed upon but its main provision will probably be the imposition of a one per cent tax on sales. The bill also provides for the collection of the tax.

Under the bill to be submitted tomorrow, an 80 per cent tax will be levied on individual and incorporate income "over and above the great income" with an exemption of \$20,000 for individuals and \$100,000 for corporations.

INTERNATIONAL C. C. TO SETTLE TRADE DISPUTES

ATLANTI CITY, N. J., April 26.—International trade disputes, unfair competition in trade, tariff, pirating of trade marks, and unfair legislation in one country against another will be considered in Paris soon by several hundred business men from all over the world, John H. Fahey of Boston, chairman of the general organization committee of the International Chamber of Commerce, told the national council of the chamber of commerce here today.

MUST SHOW CAUSE WHY RED RIVER INJUNCTION SHOULDN'T BE MODIFIED

WASHINGTON, April 25.—The supreme court today gave the government, Oklahoma and Texas until May 3 next to show cause why injunctions recently granted by the court in the Red river land controversy should not be modified.

This action resulted from the filing of motions by claimants to lead in that section asking that changes be made in the supreme court's order.

Shipping Board Sails Vessels

WASHINGTON, April 25.—Orders of the shipping board to charter 18,000 tons of tonnage to be shipped to the coast guard cutter were also approved by General Murguia's forces.

SUGGESTION FOR TOWNSITE PARK.

IN casting search for a near-in park site for Cisco, there may be many pretty and available ones, but there is one that stands prominent as the landscape eye of the News views it. It would seem that the two trunk railroads building and crossing here, and the townsite platters had in mind the reservation of this particular tract so formed by nature for a pretty park. It possesses most beautiful trees; and an artificial lake, with boating and bath house, could be easily prepared and maintained—all surrounded by shade, flowers and walks. This plat could readily be converted into a great city park with the crowning hills surrounding it. And it is so located as to be near in for the town-people, and at the same time, to command a most charming impression of Cisco by the hundreds of thousands who travel through here by rail and do not stop. What could more impress travelers and visitors than a large, well-kept park in front of the union depot. That pretty valley across the railroads, if cleared of the tents and little unsightly huts and converted into a park, would make Cisco appear a different city. It would add lustre to her city fame. It would make her the beauty spot of the west. Is there as second to the suggestion?

A RECENT prominent acquisition to the citizenship of Cisco was heard to observe, Tuesday, that since Cisco had its late scrubbing it looked rather careless to see trash swept from business houses onto Main street—and this thoroughfare made the dumping ground.

Members of the Dallas Chamber of Commerce are said to be not only great boosters, but great paraders also. Cisco should lead them a live pace over the stretches of paved streets of Cisco when they visit here on May 17. By the way, that is Cisco's 39th anniversary, and surely there should be something stirring here that day to impress the Dallas visitors.

REBELS PREPARING TO MOVE ON MEXICO CITY FROM GUERRERO SIDE

Garrison After Garrison of Federal Troops Deserting to the Cause of Sonora Republic.

AGUI PRIETA, Sonora, April 27.—Rebel troops are preparing to march on Mexico City from the State of Guerrero. General P. Elias Calles, commander-in-chief of the "liberal constitutional" army, announced here today. The revolutionaries here, he said, was more serious for the Mexican federal government than the movement in Sinaloa where troops under General Angel Flores continue to progress toward Mazatlan. The revolutionaries from Sinaloa and Sonora plan to join with the rebels in Guerrero for the attack on Mexico City.

They expect the capture of Mazatlan by the rebels will lead to the subjugation of the balance of Sinaloa and rapid progress through Nayarit, which is said to be sympathetic with the Sonora cause. In Jalisco, the next state south, revolutionary forces are said to be making headway, as in Colima, where the capital city of Colima and the port of Manzanillo are objectives of victorious rebel troops. Michoacan also was reported in revolt against Carranza. General Alvaro Obregon was said to be directing the revolutionary movement in Guerrero. The reports from El Paso that a force of Carranza troops in Chihuahua City had revolted gave strength to the rebel assertions that Carranza officials massing troops in western Chihuahua for an attack on Sonora were having difficulty in organizing for battle.

Military headquarters forecast that within two weeks, communication by rail from the border of the United States to the City of Mexico would be completely cut off.

More soldiers arrived here today from eastern Sonora and southern parts of the state. It was said at military head-

quarters that should Carranza postpone an attack on Sonora, rebel troops from this state would attack Chihuahua. Sonora officials said they had been advised with his men at Chihuahua City. A bulletin issued at headquarters by General Calles today said General Manuel M. Dieguez who was named to lead the Carranza troops against Sonora through Sinaloa had been unable to get transportation for his men from Jalisco to Sinaloa or to recruit forces in Jalisco. Many of the Dieguez soldiers, the bulletin said, had deserted in Jalisco and joined rebel bands. General Francisco Morfín in Tamaulipas also has lost several garrisons which deserted to the revolutionary forces.

Colonel Yoldi, who was proclaimed commander of the revolutionary army in Nayarit by Governor Jose Santos Godina, is harassing federal troops under General Francisco De Santiago, who has been unwilling to go to the aid of Carranza troops in Sinaloa, the bulletin said. Several regiments of infantry have been formed from Sinaloa recruits gained by General Flores since he invaded that state, it was said, and these would be formed into an army division to be known as the Sinaloa army corps of the "liberal constitutional" army.

TURF MEN GATHERING FOR KENTUCKY DERBY

LOUISVILLE, Ky., April 26.—Thoroughbreds valued at hundreds of thousands of dollars, the names of which are on the lips of turfmen and race track followers everywhere in the United States, have begun to arrive at Churchill Downs for conditioning preliminary to the Kentucky derby, May 8. The race, carrying \$30,000 in added money, will be for three-year-olds at a mile and a quarter.

Preparations to handle the largest crowd in the history of the event have been made. The grandstand has been enlarged to cover the entire betting stand and will care for 49,000 spectators, while the space in front of the stand and on the infield will accommodate more than 29,000 others.

Miss Jemima, Constancy and Lorraine are fillies. It is regarded probable that at least one will face the barrier. Only one filly, however, Regret, has ever won the derby. She ran under the Whitney colors in 1915. Nominations for the race number more than 160. Turf gossip has it that 15, possibly 20, may start.

WOOD PICKS HAYS AS CAMPAIGN MANAGER IF HE GETS NOMINATION

Tension Along "Presidential Row" Relaxed by Decision of General Made Public at Headquarters.

CHICAGO, April 26.—Will B. Hays, republican national committee chairman has been endorsed by Major General Leonard Wood, as his campaign manager, if the general is nominated by the convention here June 8. That announcement made by Wood headquarters was said practically to assure Mr. Hays of the position, no matter who is nominated, and to set at rest rumors that Wood, if successful in the convention, would appoint Frank Hitchcock, former postmaster general, his campaign manager.

The republican national committee, meeting here in November and again in February, went on record as opposing the selection of any one other than its chairman as its campaign manager.

Most of the candidates seeking nomination endorsed Hays, but the position of Wood remained in doubt following the arrival here of Mr. Hitchcock and the circulation of reports that he would displace Colonel William Cooper Proctor of Cincinnati, as the general's pre-convention campaign manager, and as director of the election campaign, should Wood be nominated.

Hitchcock has since returned to New York. Colonel Proctor in an interview today said:

"So far as I know I am to remain in charge of General Wood's pre-convention campaign."

The interview followed a conference with Wood yesterday.

The question of campaign management was brought to head last week when national committeemen and regional heads of the party voiced objections to the selection of any one but Hays for the position. Among the most ardent supporters of the chairman are Frank Upham, national treasurer and Captain Victor Heintz, in charge of the republican regional headquarters here. Mr. Heintz announced that he would resign unless the committee judgment of Hays was accepted by the successful candidate.

of Leonard Wood if he is nominated. This was definitely decided by the general himself.

"The republican party is back in power," he said. "It has a remarkably efficient chairman, Mr. Will B. Hays, a most capable man, devoted to the best interests of the party. The republican party has a very sound policy, with which I am in hearty accord, or allowing its national chairman to conduct the campaign of whoever is nominated and to carry on so there will be no swapping of horses crossing the stream."

The present national committee will not appoint the campaign manager. That will be left to the new committee, which comes into office following the convention, but as it is expected a majority of the present committee will be re-elected, republicans here expect the policy of the present organization to be carried out.

The national committee meets here May 15 to complete plans for the convention, including the selection of a temporary secretary and other officers. Senators Lodge and Borah have both been mentioned along "presidential row" as possible choice for permanent chairman.

Headquarters for Hiram Johnson are to be opened here tomorrow under the direction of Edgar Cook and offices for Herbert Hoover's campaign were opened today by Charles Stevenson, who was sugar administrator during the war under the food chief. Governor Frank O. Lowden and General Wood have maintained national headquarters here for some time, while the managers for Senator Warren G. Harding have opened offices at intermittent intervals.

On the democratic side only the boosters of Attorney General Palmer have appeared.

DENY PLAN TO POOL OCEAN COTTON RATES

WASHINGTON, April 26.—Officials of the shipping board today denied reports that an arrangement had been reached for the "pooling" of ocean rates on cotton. It was said, however, that certain foreign steamship lines had indicated their concurrence in an agreement under which rates to trans-Atlantic ports would be 7-1/2c per hundred pounds less than from South Atlantic ports, 12-1/2c per hundred pounds less from Norfolk than from Gulf ports and 5c per hundred less from north Atlantic ports than from Gulf ports.

Uniformity of rates and prevention of discrimination between ports were the objects sought at the meeting, it was said.

The Lake Wilson arrived here today from Cuba. Captain Kvistburg said the fight took place at Matanzas.

HOUSE CHARGES POST WITH HAVING BLOCKED DEPORTATION OF REDS

Accused of Bringing Law Into Disrepute and Making "Deportation Proceedings Farce and Joke."

WASHINGTON, April 27.—Illegal actions of Louis F. Post, assistant secretary of the department of labor, resulted in blocking deportation of alien radicals, members of the house declared today before the rules committee.

"The responsibility lies at the door of Secretary Wilson for not recommending removal of such a man, if these charges are true," Representative Rodenburg, republican, of Illinois, a member of the committee, declared during the hearing, which inaugurated investigation of Mr. Post's official conduct.

Representative Johnson, republican, of Washington, chairman of the house immigration committee, presented a report by committee investigators on more than 200 cases, in which it was said Mr. Post had cancelled or stayed deportations recommended by immigration authorities.

Representative Siegel, republican, of New York, accused Mr. Post of bringing the deportation law "into disrepute and making deportation proceedings a farce and a joke." He added that there had been "many plain violations of the law."

Representative Tinscher, republican, of Kansas, said he doubted whether Mr. Post had violated the law, although he contended that the assistant secretary had unquestionably abused his discretionary authority.

Thirty-eight cases are cited by Representative Hoch, republican, of Kansas, author of the resolution that led to the investigation, in which Mr. Post was alleged to have released accused agitators without waiting to review the evidence on which the charges were predicated. With Mr. Johnson, Mr. Hoch also charged that Mr. Post for a time accepted a decision of Secretary Wilson that mere membership in the communist party was sufficient ground for deportation, but that later Post "changed his mind" and did not follow this ruling.

Mr. Johnson charged in this connection that Mr. Post had called for as many as a hundred cases a day in order to release accused aliens.

While the Hoch resolution looks to a possible impeachment proceedings against Mr. Post, republican leaders plan a complete preliminary inquiry by the rules committee. In event of an adverse finding they will propose a resolution calling for Mr. Post's removal.

PRESIDENTIAL TIMBERS ANSWER THE FARMERS

WASHINGTON, April 27.—Approval of co-operative bargaining, improved rural credits, reduction in the "growing evil" of farm tenancy and national conservation was voiced by presidential candidates who have answered the recent political questionnaire of the National Board of Farm Organizations. Replies were made public today from Governor Lowden, Senator Owen, J. W. Gerard, former ambassador to Germany; Herbert Hoover, Major General Leonard Wood, William G. McAdoo's reply has already been published.

Governor Lowden, Mr. Hoover and General Wood each called attention to speeches or printed articles which they said fully answered the questionnaire.

"I believe in bringing the farmer nearer the consumer," General Wood wrote, "and in giving farmer organizations every right and privilege which other lawfully constituted organizations enjoy."

Senator Owen approved all the planks of the farmers' platform except that making the nominee for secretary of agriculture acceptable to farmer organizations.

"The nominee should be of such character that they would naturally approve the nomination," he added.

"I am in favor of a highly graduated income tax," Mr. Gerard explained, "but do not believe that the war debt should be paid entirely by a few people in the community."

HOUSE FIGHTS OVER METHODS OF RAISING SOLDIER RELIEF FUND

Five Republican Insurgents Argue for Retroactive War Profit Tax Instead of the Sales Tax.

WASHINGTON, April 27.—The fight over the method of raising almost \$2,000,000,000 for the soldier relief legislation precipitated an all-day debate in the house today, during which the republicans on one side and the combination of democrats and insurgent republicans on the other explained their proposals.

Representative Johnson, republican, of South Dakota, announced that 75 republican "insurgents" favored a retroactive "war profits" tax instead of a sales tax, proposed by republican leaders.

His statement, if borne out later, would indicate an upset of the republican program for passing the bill Monday without permitting action on the "war profits" tax proposal. Representative Garner of Texas predicted that the result of the republican caucus next Friday night would be to "whip" the insurgents into line.

Mr. Johnson and Representative Henry T. Rainey, democrat, of Illinois, introduced during the day the "war profits" tax bill, which would place an 80 per cent levy on the increase of net

income during the last four years over that of the pre-war period. The plan was attacked by Representative Green, Iowa, and Longworth, Ohio, republicans.

"Without giving the details," Mr. Longworth said, "the republican plan for raising the money proposed a five-fold scheme of taxation."

Besides the levy on sales, which he said "would not raise much," Mr. Longworth said all stock exchange transactions were to be taxed, while the existing levies on tobacco, incomes and real estate sales were to be increased. He also announced that officers of the rank of captain or below in the army and of corresponding grades in the navy, would receive the benefits of the relief legislation as well as the enlisted men.

Representative Frear, republican, of Wisconsin, advocated a third plan for raising money, providing for increased income taxes during 1919, 1920 and 1921, a tax on stock dividends issued this year and new taxes on automobiles,

bibles, theatre admissions and real estate sales.

FEAR GERMANY SENDING WAR GEAR TO MEXICANS

WASHINGTON, April 27.—Accounts in Mexican newspapers received here of the detention at Vera Cruz of the Dutch steamer Zuyderdyk while investigation was made of the damage to ten airplanes in her cargo brought from Europe for the Mexican authorities, was noted by officials today in connection with recent suspicion that German war gear might be finding its way into Mexico in defiance of armistice and treaty provisions. No definite information to the origin of the shipment was available, however, although it was understood that the inter-allied military mission of control had taken note of the Mexican shipments some time ago.

BRECKWALKER

THE NEWEST AND BEST RAILROAD TOWN IN THE GREAT WEST TEXAS OIL FIELDS

—on the line of the Wichita Falls, Ranger & Fort Worth Railroad that will soon be operating 70 miles of its line from Dublin north to Breckwalker, in Stephens County.

WILL BE OPENED MAY 10

Breckwalker is nine miles north of Frankell and about the same distance south of Breckenridge. It is in the very heart of the best part of the Stephens County oil fields, the amazingly productive and enduring petroleum district of West Texas.

Breckwalker was selected as the best place in all of Stephens County in which to establish a great oil field marketing and distributing center. The town was named for Breckenridge Stephens Walker, one of the wealthiest and most successful men of Texas, a native of the vicinity whose colossal fortune was all made in the neighborhood of this new town. Mr. Walker and Jake L. Hamon selected this townsite as the most probable place to build a great oil field city. Much of the surrounding territory is owned by Mr. Walker.

Breckwalker offers one of the infrequent opportunities to invest or engage in business in the beginning of a town that is destined by all the circumstances to become a large city where values will increase a thousand fold in a few months.

The sale of lots will open Monday, May 10, and continue from day to day. Plats showing the lots and the price of each will be available on the townsite on the opening day of the sale. The prices are right. They present the best investment opportunity of a decade.

Ten per cent of the purchase price of each lot is payable at the time of purchase, the remainder in nine equal monthly installments.
