LORD MAYOR OF CORK IS DEAD FOLLOWING HUNGER STRIKE OF OVER SEVENTY-THREE DAYS

Death Came at 5:40 O'Clock This Morning in Brixton Prison — His Brother and Father Dominic Were the Only Ones Present at the Time — He Did Not Regain His Faculties Before His Death, Having Been Unconscious for Several Days — Sketch of His Life and Sacrifices.

Associated Press. LONDON, Oct. 25.—Lord MacSweney, of Cork, died in Brixton prison at 5:40 o'clock this morning, after a hunger strike of more than seventy-three days, eclipsing any in the annals of the medical world.

He had been unconscious for several days and did not recover his faculties before he died. Father Dominic, his private chaplain and his brother, John MacSweney, were with him when the end came.

The campaign in England for MacSweney's release from prison has been apart from all political and party considerations and even the king was drawn into it.

MacSweney died and canonized in the hearts of the Irish people with Wolf Tone and the Manchester Martyrs would be a more valuable asset to the Sinn Fein than MacSweney alive and, even though a free pass to freedom for MacSweney might weaken the government's hand, which help the separatist cause by giving it a martyr.

PLACING BLAME FOR MAC SWENEY'S DEATH ON THE GOVERNMENT

CORK, Oct. 27.—Outside of the Cork city hall the following notice has been posted: "The second republican lord mayor of Cork lies, as lay his predecessors, murdered by the British government. Cork is in mourning. Its citizens, or any section of them will take only authorized action. Orders to be by proper authority."

Remarkable Verdict. LONDON, Oct. 27.—A jury of ten men, after twelve minutes deliberation, today returned an open verdict at the inquest over the body of Lord Mayor MacSweney, of Cork, who died in Brixton prison Monday, after a seventy-three-day hunger strike.

Mrs. J. B. Cate is back from a trip to Dallas. Mrs. Connie Davis is at home after a visit in San Angelo.

WHEAT CONGESTION AT THE GULF PORTS HAS BEEN RELIEVED

(By International News Service.) CHICAGO, Oct. 28.—Congestion of wheat at the Gulf ports, which had threatened to reach serious proportions, has been materially relieved, according to reports to the transportation department. This department, which like the crop reporting department is maintained by the board for the benefit of producers and shippers at an annual expense of many thousands of dollars, reports that general traffic conditions have materially improved in the last few weeks.

Ten thousand cars of wheat were either on track or on the way to New Orleans and Galveston at one time, with only a few small vessels available to reduce stocks. Strong efforts were made by foreign buyers to obtain tonnage, and shippers who had sold wheat for Gulf delivery brought great pressure to bear.

SOUTHERN PACIFIC SEEKING CONTROL OF TEXAS CENTRAL

Special to the News. STAMFORD, Oct. 28.—Rumor has gained credence here to the effect that the Missouri, Kansas and Texas railroad which now has under lease and operation for 99 years the Texas Central line running from Rotan to Waco, a distance of about 300 miles, will shortly lose control of the Southern Pacific system. It is believed that this is a move for the Southern Pacific to build westward from Rotan to El Paso, giving a Northern Texas shortline for California pulls.

NEBRASKA FARMERS WILL BURN CORN FOR FUEL THIS WINTER

OMAHA, Oct. 28.—Hundreds of thousands of bushels of corn may be burned as fuel by farmers in northern Nebraska this winter. The high price of coal and the low price of the crop of corn is the reason. New corn unsold now brings three-fourths of one cent per bushel, or fifteen dollars per ton, while the cheapest soft coal is fifteen dollars per ton and has to be hauled. The farmers claim that unshelled corn makes a hotter fire and will last longer than coal.

PRO-LEAGUE VOTERS OF THE REPUBLICAN PARTY HEAR WILSON

WASHINGTON, Oct. 27.—President Wilson, addressing a group of pro-league republicans today at the white house, declared the "so-called Americanism which we hear so much prating about now, is spurious and invented for party purposes only" and appealed for the completion of the "moral achievement" which, he said, the war represented.

NAVY COURT GOES TO HAITI NEXT WEEK TO HEAR EVIDENCE

WASHINGTON, Oct. 28.—The naval court investigating the American occupation of Haiti was in session only a few minutes today and adjourned until Monday. Major Jesse Dyer, Judge advocate of the court, said it was probable no more witnesses would be heard before the court left next week for Haiti to continue the inquiry.

SIX TICKETS ON THE OFFICIAL BALLOT FOR NEXT TUESDAY

The official ballot for the general election next Tuesday has been printed. It is as large as one page of a newspaper and has on it six tickets, democratic, republican, black and tan republican, American party and socialist party. It also has an independent ticket, blank throughout.

There are three amendments to be voted on, one the so-called educational amendment, one extending the amount of taxes that may be levied in cities and towns less than 5,000 population and the amendment allowing the legislature to fix the compensation for all public officials, state, county and municipal.

GOVERNOR COX HAS GIVEN OUT ANOTHER STATEMENT ON POST

DAYTON, Oct. 28.—Another statement charging the Saturday Evening Post and its editor, Geo. Horace Lorimer, with unfair partisanship, was issued today by Governor Cox. "The insidious purpose of the Saturday Evening Post is cloaked under its non-partisan methods for the past decade or more, has finally been brought to light," Governor Cox declared, stating it had made a misstatement only four days before the election, when it was impossible to correct it.

GOVERNOR RUSSELL HANGED IN EFFIGY BY MANY STUDENTS

OXFORD, Miss., Oct. 28.—A meeting of the faculty of the University of Mississippi was called today to investigate the demonstration on the campus last night when Governor Russell was hanged in effigy.

SNYDER WELL NEAR MORAN BIG STRIKE IS REPORTED TODAY

MORAN, Oct. 28.—Snyder No. 2, of the Associated Oil company, of California, struck the black lime a few days ago at about 4,000 feet. The boiler has been moved back, a large storage tank erected and drilling was resumed today. It is reported that 1,400 feet of oil is standing in the well, although the lime was merely perforated. Trading in leases has become quite active since it became known that this well is to be brought in. The well is about three miles from Moran.

ANYBODY CAN VOTE IN HARRIS COUNTY BUT NOT ELSEWHERE

Austin, Oct. 28.—The poll tax law passed at the last special session of the legislature is binding on all election administration officers and those who desire to vote November 2, according to an opinion by the attorney general today.

IN WORDS OF GAELIC ON HIS COFFIN PLATE MURDER IS CHARGED

Funeral of Terence MacSweney, Late Lord Mayor of Cork, in St. George Cathedral, London, Drew An Immense Crowd — Church Dignitaries, Members of Parliament and Representatives of Many Irish Political and Civic Organizations in Attendance.

LONDON, Oct. 25.—Pontifical requiem mass was celebrated this morning at St. George cathedral, over the body of the late lord mayor of Cork, Terence MacSweney.

CHINA IS STRIVING BRING THE STANDARD OF CURRENCY HIGHER

PEKING, Oct. 28.—The cabinet has authorized the ministry of finance to issue bonds to the extent of 300,000,000 to be used for retirement of depreciated currency of the Bank of China and Bank of Communications.

KING'S FUNERAL

ATHENS, Oct. 28.—Funeral services for the late King Alexander, which will be held Friday, will be attended by the crown prince of Sweden, according to present arrangements. He is in the city at the present time. Other nations probably will be represented by their diplomatic officials.

BOWLING SEASON OPENS. SORE THUMBS GALORE

DELEWARE, Oct. 28.—Iodine thumbs are in order here. It's a popular treatment — for bowlers.

AMERICAN LEGION WILL HAVE CONTROL ON THE COMMITTEE

AUSTIN, Oct. 27.—The American Legion was given active control of the tuberculosis sanitarium being erected by the Texas Benevolent War Risk society, when the directorate of the society, late yesterday, was increased from fifteen to forty-five members, the new members being the state executive committee of the American Legion members to control the hospital committee at Austin.

HOTELS, BALL PARK AND CLIMATE CAUSE THE FORMER CHAMPIONS TO COME HERE

Chamber of Commerce Negotiations Result in a Contract Dependent Only on the Grounds and Diamond Coming to the Standard Required — Business Manager Frank Bancroft Will Leave Cincinnati for Cisco Next Tuesday Night — Great Local Interest is Manifested in Coming of Team.

Shortly after coming here, Secretary Sam Fowkes, of the Chamber of Commerce, sat about to induce one of the big league ball teams to train in Cisco the coming spring. The Chamber of Commerce entered into communication with some of the big league clubs, with the result that the Cincinnati Reds, former champions, were impressed with the advantages offered by Cisco and many letters have passed back and forth with the result that that team will train here, if its business manager finds the grounds and diamond come up to the standard required by the team.

This morning Secretary Fowkes received a clipping from the Cincinnati Commercial, sent him by President Herrmann, of the Cincinnati club and H. F. Payne, also received a clipping from the Cincinnati Enquirer, indicating that the team will come here. Under the head "Texas for Reds in Spring, Cincinnati Club Likely to Train at Cisco," the Enquirer, in a story written by Jack Ryder, its sporting editor, says:

FUNERAL SERVICE FOR JAMES H. LINK HELD HERE TODAY

The funeral of James H. Link, an employe of the Humble Oil and Refining company, who met death in a fall from a derrick near Ranger, Thursday, October 21, 1920, was held here today, from the undertaking rooms of Green & Gray. The service was conducted by Rev. L. N. Stuckey, pastor of the First Methodist Episcopal church and was attended by a number of the Humble officials and employes. Interment was in the Cisco cemetery. The body arrived here from Ranger yesterday evening where it has been held in an effort to locate the body of the people of deceased. Many telegrams were sent to different points, but so far nothing has been heard as to where his people, if he had any relatives, reside. He was a single man, 38 years old and is believed to have come to this section from the Pacific coast.

BUT LITTLE DAMAGE BY FROST IN NORTH TEXAS LAST NIGHT

DALLAS, Oct. 28.—Little or no damage was caused by last night's frost in north Texas, according to reports to the Dallas weather bureau. It was the first heavy frost this season but the thermometer, except in a few instances, did not drop below forty degrees, the bureau announced.

Associated Press. ST. LOUIS, Oct. 28.—The Cincinnati Reds will also be arranged at Oklahoma City, Ardmore, Little Rock, Memphis and other points on the way home. The Cincinnati Commercial, under date of October 23, the same date as the Enquirer story, and under the head "Cisco, Texas, to Entertain Reds in 1921," has a story written by Bob Newhall, saying:

AFTER THE ELECTION.

The business and financial world, the farmer, the laborer, men in every walk of life, are looking forward for better things following the election. The immediate result expected in this section is that money will be easier, that the farmers will be enabled to hold their products until they receive for them a price which will not mean to them a loss and that there will be a wonderful revival in the oil industry in the way of new development and production.

But what the whole people are looking forward to, is the general result, that when the change in administration comes, there will be a reversal in the present order, that more attention will be paid to domestic problems than to foreign affairs and that the badly muddled conditions in this country will be straightened out.

Conditions will never be bettered by placing in power the republicans, that party which is based on the principle of great fortunes for a few and government by bayonets for the working man, the party of high protective and prohibitive tariffs, that is not what the people want and that is not what is going to bring them relief.

The republican party has set up its idols never to be torn down. There is no hope for reform on its part. The democratic party, too, in recent years, has gone chasing after so many false gods, has so departed from real democracy, that it is necessary that a great reform in its present leadership be brought about before the people attain what they desire and what they need.

President Wilson, yesterday, made a wonderful appeal for the League of Nations. Governor Cox is making the

league the chief issue in his campaign and declares the people of the east are wild for it. That may be true, but with all due deference to President Wilson and Governor Cox, the people of the south and west are "not interested." The speaker who could create any enthusiasm over the League of Nations in these sections of the country, would easily win a prize as the greatest "spell buster" of all times.

Even Senator Harding, with his weak attempt at misrepresentation of the government of France, that he might build up a fallacious argument in favor of a League of Nations which would not be too democratic and at the same time catch a few votes, failed signally to interest the people and gave up the effort.

There is a fixed belief in the minds of the American people that the war is over, that there will be no more fighting, except possibly among some of the minor countries of Europe and there will, eventually, be some kind of League of Nations but, basing it on the present one, there are going to be many more "reservations" than the one Governor Cox so daringly declared he would favor.

The democrats are going to vote for Governor Cox, not so much because he and the platform speak for the League of Nations, but in the hope that the good, old democratic party will be brought back to its own, that it will again follow the broad and free principles on which it is based and by which it has been preserved all these years, despite the inroads made on these principles by the democrats themselves; that it will again become and continue the protector of all the people, granting to them those privileges of open markets, free trade with the world, bringing back to the people all the rights and privileges they enjoyed for so many years.

There is great hope for the country under democratic rule, none whatever, in case the republicans should succeed to power in the government. It isn't Senator Harding. His weakness in the campaign is almost pitiful. It is who and what made him a candidate, that the people have to fear. It is those who would have control of government, should he be president and the republicans have majorities in both houses of congress, that the people must fear.

The people want republican rule even less than they want a continuation of this matter of paying more attention to affairs in foreign countries than is paid to conditions at home.

President Wilson, yesterday, made a wonderful appeal for the League of Nations. Governor Cox is making the

has for years taken up the time of the courts and the legislatures, "the fee system."

The "fee system," as a means of compensation for public officials has its friends and its enemies, the former particularly among office holders in the counties in which are the larger cities of the state, for in those counties of large population the "fee system" means large remuneration for the man so fortunate as to be elected to the office of sheriff, district clerk or some of the other offices where the fees are numerous. In the smaller counties the "fee system" does not exactly appeal to would-be office holders for it is much like the case of a down east village policeman who complained "he only made three arrests in one year and then they wanted him to work on the "fee system."

The material feature of the proposed amendment, however, is that providing that all salaries shall be fixed by the legislature, state, county and municipal. This includes the governor. Many efforts have been put forth to increase the salary of the chief executive of the state, but this is the first time there was ever a prospect of its accomplishment. Four thousand dollars a year is a measly sum to pay the chief executive of this great state, especially considering that it costs twenty times that much, occasionally, to secure the nomination.

There is none who would object to the governor having a raise, but as it shows on the face of it, the proposed amendment, provides that the legislature shall fix all salaries, even those of its own members and as there is absolutely no limit, this amendment, might be giving to the lawmakers an opportunity for reckless extravagance, basing this possibility on what has been done by former legislatures in the way of appropriations.

Like all other amendments generally submitted, this one has been thrown out to the people for their votes without surrounding it with those safeguards which should ever attend any amendment to the constitution.

MARTYDOM.

Before any American condemns Terence MacSweney for going on hunger strike and persisting in it until he died, let him pause and think and see if he can call to his mind the name of one man in this country who, under similar circumstances, in maintenance of a principle and in the belief that his death would be the most potent protest against a wrong being inflicted on his people, would have done as MacSweney did, died for that principle and for his people.

It is easy to ridicule. It is easier to scoff. Terence MacSweney was not a fool. He was a scholar and a gentleman. His belief in a principle was his religion. He believed in his conviction and in the measure of

punishment meted out to him, Great Britain did a great wrong, not only to him but to the Irish people and the cause for which they labored.

He believed that by refusing nourishment, even to death by starvation, he could convince, first the British government, and later the living world, of this wrong.

He died and the world will pass in judgment on the British government because it allowed him to die.

Religious fanatics and persons of unbalanced minds have attempted to become martyrs and all they accomplished was their own death. There have been martyrs who died for a principle and their acts have been recorded and recognized in history as having been those of real martyrdom. The memory of Terence MacSweney will ever remain in the latter class.

The worst feature of the entire affair is the attitude of the British government when appeals were made to it to save the life of MacSweney. Many leading politicians in this country declared it was no affair of this nation, but was one for Great Britain alone to deal with. This may be true, but it was one of humanity and even King George and Premier Lloyd George ignored appeals made in the name of humanity and not for political effect.

AN ORDINANCE.

Ordering that an election be held within the City of Cisco, Texas, on the 15th day of November, 1920, for the purpose of determining whether the City Commission of the City of Cisco, Texas, will be authorized to issue the bonds of said city in the sum of Sixty Thousand Dollars (\$60,000.00) for the purpose of purchasing 212 acres of land out of the North Half (N 1/2) Section No. 84, Block No. 4, H. & T. C. R. Co. survey in Eastland County, being the same tract of land conveyed to J. B. Spears by O. C. Britton by deed recorded in Volume 69, Page 453, Records for Deeds for said Eastland County, together with the buildings and improvements on said land, the same to be used for a Municipal Sanitarium and Park, said bonds to mature serially over a period not exceeding 40 years from their date and to bear interest at the rate of 5% per annum, maturities to be fixed by the City Commission, and whether said commission shall be authorized to levy a tax sufficient to pay the interest and provide a sinking fund to retire said bonds at maturity; and declaring an emergency.

Whereas, there exists a necessity for the construction or acquisition of suitable buildings for a Municipal Sanitarium and for the acquisition of land for a Municipal Park, and because of lack of funds in the City Treasury of said City with which to construct or acquire such buildings and land, and to improve the same, the City Commission deems it advisable to order an election to determine whether the qualified property tax paying voters of the City of Cisco will authorize the City Commission to issue the bonds of said City for said purposes.

Therefore, Be it Ordained by the City Commission of the City of Cisco, Texas, that an election be held within the limits of said City on the 15th day of November, 1920, at which election there shall be submitted to the qualified voters of said city the following proposition:

Shall the City Commission of the City of Cisco be authorized to issue the bonds of said city in the amount of Sixty Thousand Dollars (\$60,000.00) maturing serially over a period not to exceed 40 years from their date and to bear interest at the rate of 5% per annum, payable semi-annually, maturities to be fixed by the City Commission for the purpose of purchasing and acquiring title to 212 acres of land out of the North Half (N 1/2) of Section No. 84, Block No. 4, H. & T. C. R. Co. survey, in Eastland County, being the same tract of land conveyed to J. B. Spears by O. C. Britton by deed recorded in Volume 69, Page 453, Records for Deeds for said Eastland County, together with the buildings and improvements thereon, the same to be used for a Municipal Sanitarium and Park; and to levy a tax on the property in said city sufficient to pay the interest and create a sinking fund to redeem said bonds as they shall mature.

Said election shall be held at the City Hall in said City and the following named persons are hereby appointed managers of said election:

D. L. Rogers, Presiding Judge. Fred Davis, Judge. G. Bedford, Clerk. Roy Keathly, Clerk.

Said election shall be held under and in accordance with the general election laws of the State of Texas, governing city elections, and under the city charter of the City of Cisco, and only qualified voters who are property tax payers of said city shall be permitted to vote, and all votes at said election shall have written or printed on their ballot the following words:

For the issuance of bonds in the amount of Sixty Thousand Dollars (\$60,000.00) maturing serially over a period not to exceed 40 years from date, and to bear interest at the rate of 5 per cent per annum payable semi-annually, maturities to be fixed by the City Commission for the purpose of purchasing and acquiring title to 212 acres of land out of the North Half (N 1/2) of Section No. 84, Block No. 4, H. & T. C. R. Co. survey in Eastland County, together with the improvements thereon, to be used for a

Municipal Sanitarium and Park, and for the levy of a tax on all taxable property in said city to pay the interest and create a sinking fund to redeem said bonds as they shall mature.

Against the issuance of bonds in the amount of Sixty Thousand Dollars (\$60,000.00) maturing serially over a period not to exceed 40 years from date, and to bear interest at the rate of 5 per cent per annum payable semi-annually, maturities to be fixed by the City Commission, for the purpose of purchasing and acquiring title to 212 acres of land out of the North Half (N 1/2) of Section No. 84, Block No. 4, H. & T. C. R. Co. survey in Eastland County, together with the improvements thereon, to be used for a Municipal Sanitarium and Park; and against the levy of the tax on all the taxable property in said city to pay the interest and create a sinking fund to redeem said bonds as they shall mature, so that all voters desiring to support the proposition to issue the bonds of said City for said purpose shall strike out the word "against the issuance of bonds, etc.," and those opposed to the issuance of said bonds shall strike out the words "for the issuance of bonds, etc."

A copy of this ordinance signed by the Mayor of said City and countersigned by the City Secretary shall serve as a proper notice of said election, and the Mayor of said City is ordered and directed to cause notice of said election to be published in the Cisco Round-Up, a newspaper of general circulation in the City of Cisco in said County, for four consecutive weeks next preceding the date of said election, and in addition thereto shall cause notice of said election to be posted at three public places within said city, one being at the City Hall, at least thirty days prior to the date of said election.

The fact that the City of Cisco has no hospital, sanitarium nor park necessary for the health and welfare of its citizens, creates an emergency and public necessity that the rule requiring ordinances to be read at more than one meeting makes it necessary that said rule be, and the same here and now, is suspended, and this ordinance shall take effect and be in force from and after its passage.

Passed this 11th day of October, A. D. 1920.

Approved this 11th day of October, A. D. 1920.

J. M. WILLIAMSON, Mayor, City of Cisco, Texas.

W. E. STATHAM, City Secretary, City of Cisco, Texas. 15-22-20-5

Thomas A. Edison

From Edison To YOU!

EDISON'S NEW DIAMOND AMBEROLA

The World's Greatest Phonograph Value

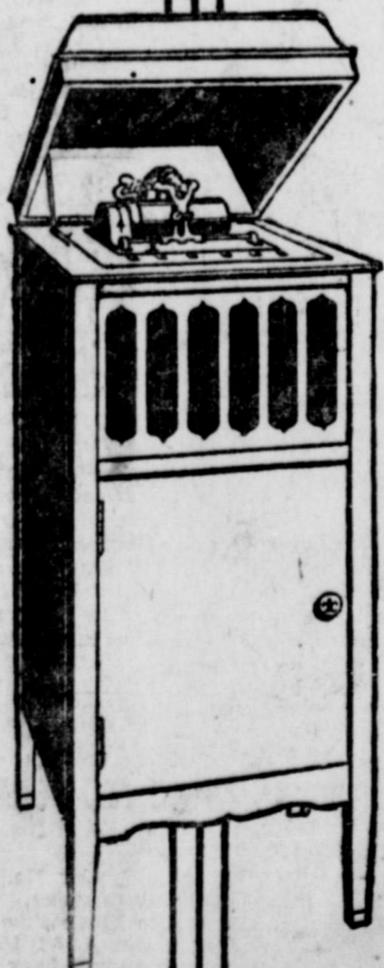

THINK of the vast difference between Edison's Amberola and ordinary phonographs or "talking machines". The Amberola is the product of matchless inventive genius—of inspiration. Other phonographs are plain, factory-made machines, devoid of inspiration.

Thomas A. Edison's master mind conceived the Amberola to entertain mankind. Commercial phonographs are put together with just one object in view—to sell at so much profit.

No wonder the Amberola has demonstrated its superiority time and again in public comparative tests with "talking machines" and commercial phonographs.

The marvelous tone of the Amberola—the permanent, genuine Diamond Point Reproducer (no needles to change)—the practically unbreakable, everlasting Amberol Records—all reveal the genius of Edison. And the surprising, low cost of the Amberola puts high-priced "talking machines" and commercial phonographs to shame.

Let us show you how easy it is for anyone to own an Amberola. Call at our store or write to us in the next few days. Even if you are convinced you cannot afford an Amberola, put it up to us to make it possible. So remember—call or write—soon.

Editor Roundup:

Why is it better to buy from our home merchants?

1. Patronize home merchants and you help build up your home city.

2. And when you want to buy you can see what you are buying; if everything is not satisfactory, your home merchant will make it so.

3. Every one should remember that our home merchants live among us, and spend their money here—among the people of Cisco.

4. They help build up the schools, help build up roads and aid in building a city.

5. When some calamity happens in our midst, to whom do we go to raise money on such occasions?

Respectfully,
G. A. R.
