TWO HOUSTON MEN ARE SHOT DURING STRIKE

West Coast Disorder Fanned as Police Guard Area

HOUSTON, May 11. (AP)—Ralph Langrave, 42, John Elmore, 30, and a negro bystander were shot today as violence broke out at the Houston ship channel where striking longshoremen have picketed for the last eleven days.

SAN FRANCISCO, May 11. (AP)—Anger and disorder mounted today among 10,000 striking longshoremen as they watched strike breakers, protected by police, take their places in unloading ships in the ports.

GALVESTON, May 11. (AP)—Gulf shipping continued paralyzed today as striking longshoremen were unable to reach an agreement in the wage controversy.

HONOLULU TEST TO BE PLUGGED

The Honolulu test at No. 1 Texas Company-Kiolo, located 1,980 feet from the south line and 660 feet from the east line of section 33, block 44, township 3-south, T. & P. Railway survey, Ector county, encountered sulphur water at 4,235 feet, and will begin plugging immediately. Total depth of this well is 4,259 feet.

This test encountered some markings that appeared to indicate the well was running high in the horizons, and created quite a bit of interest in this wildcat. At 3,933 to 3,940 a small show of gas was logged. An oil show was picked up at 4,045 to 4,060 feet, and another show was encountered from 4,170 to 4,177 feet.

Mid-Kansas No. 33 I. G. Yates "B" in section 61, block 1, T. & G. N. Railway survey, Yates pool, Pecos county, has retested with a new 12-hour potential of 53,331 barrels. This well is good for 106,562 barrels per day.

Shell Petroleum corporation, No. 4 Emma Woolly, located in section 3, C. & S. F. survey, Upton county, has taken a new potential test of 69 barrels pumping. Total depth of this well is 2,223 feet.

S. Caprito, No. 2 Pure-Bennett, in section 16, block 34, H. & T. C. Railway survey, Ward county, in the south Ward field, has been retested for a new potential of 573 barrels. The old potential was 550 barrels, or an increase of 23 barrels.

The California Oil company No. 8 J. F. York, located 990 feet from the west line and 2,310 feet from the south line of section 10, block 24, H. & T. C. Railway survey, Ward county, will begin work May 15 to drill to 2,526 feet, with rotary tools. This is on a 640-acre lease, on which the California company has drilled seven wells to date. No. 8 is approximately 1,000 feet west of California No. 2 York, and 1,400 feet southeast of Penn et al No. 1 York.

Musician Is Killed And Wife Wounded

NEW YORK, May 11. (AP)—Richard Becher, 61, musician formerly with Sousa's band, was found shot to death and his wife, Dorothy, 44, was critically wounded at their home under mysterious circumstances today. Mrs. Becher said "there was a man in the room."

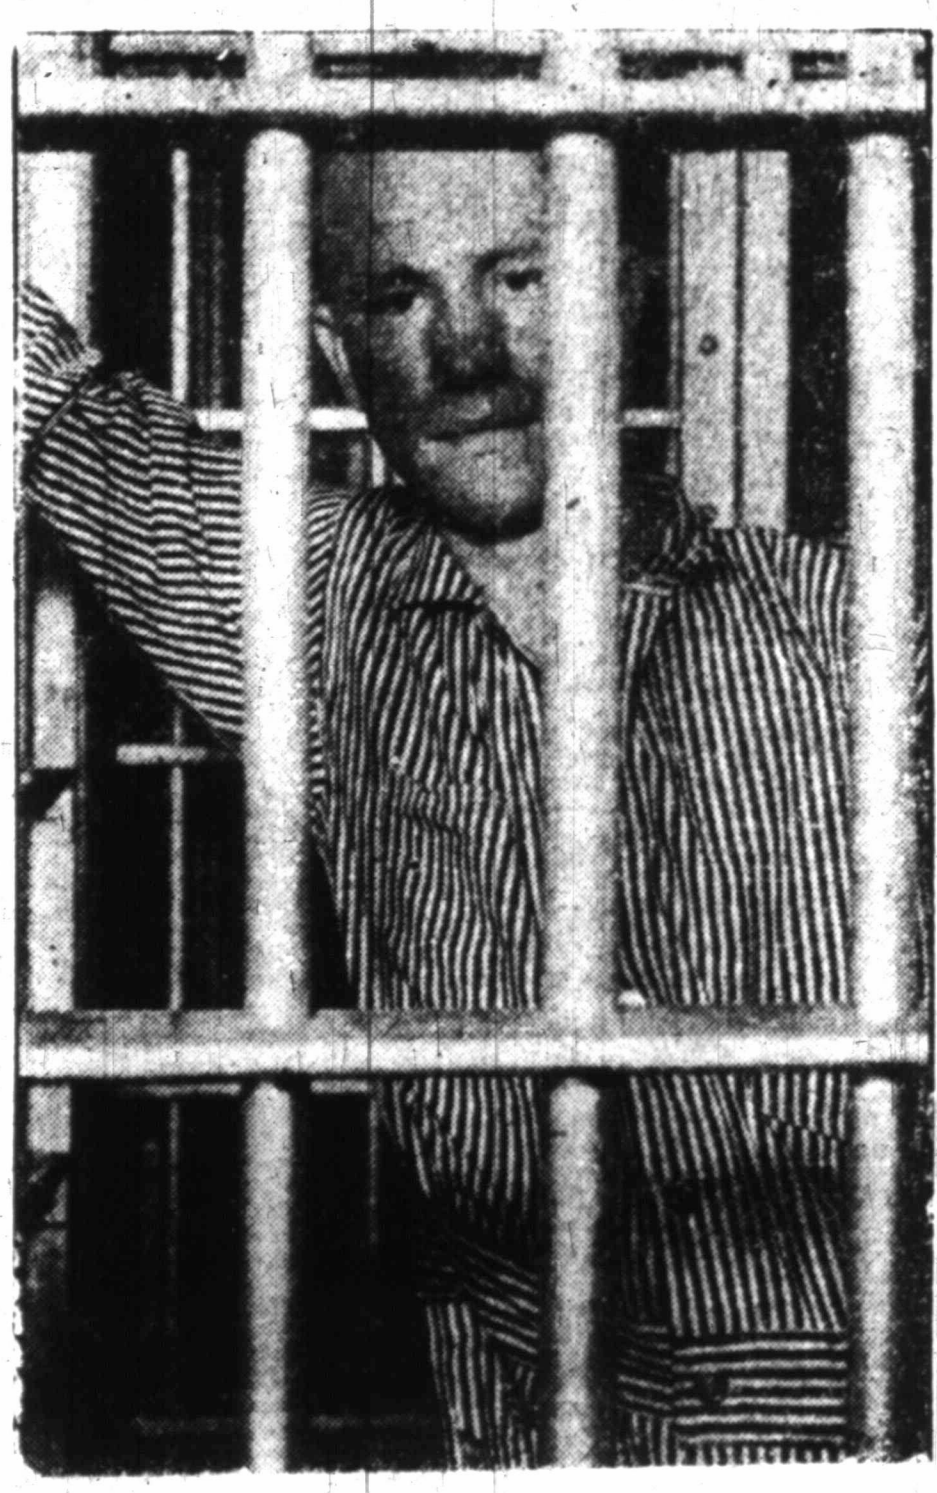

Services Held For E. L. Wood

Funeral and interment services were read Thursday afternoon for E. L. Wood, 57, who died of a chronic heart ailment that morning in a Big Spring hospital.

Third of Nation Swept by Great Storm of Dust

CHICAGO, May 11. (AP)—A gigantic cloud of dust 1,500 miles long, 900 miles across and two miles high smothered almost one third of the nation today in a spectacular climax of a drought more damaging than the 1937 flood, when 90,000 were made homeless.

Hamilton Jury Still "Out"

Wittys to Leave For Fort Worth

DALLAS, May 11. (AP)—Hope for a verdict in the trial of Raymond Hamilton was renewed today when jurors declined the offer of the judge to dismiss the case. The jurors, who had deliberated for more than forty hours, said they believed they could reach a verdict if they had a little more time.

Cattle and Sheep Show Brisk Sales

SAN ANGELO, May 11. (AP)—Cattle and sheep are selling briskly in West Texas. The demand for mutton lambs is on the upward grade. Fleishy mutton lambs are bringing up to 6 cents a pound for immediate delivery while the light ones are selling for 5 to 5 1/2 cents a pound. The prices for future delivery are 5 cents a pound in most instances. A new top on range ewes for shipment out of the state was set here when Lorenzo Smart bought for the Quality Sheep Company of Los Angeles, 2,100 shorn dry two-year-old ewes for \$6 a head from Arthur Broome of San Angelo.

Convention Date Change Proposed

The Midland chamber of commerce will propose a resolution before the West Texas chamber of commerce asking that conventions of the regional body hereafter be held in April, June, or some other month than May.

RARE MONKEY IN MUSEUM

LINCOLN, Neb. (AP)—The University of Nebraska museum recently has added to its collection a Vervet monkey known as the green monkey of South Africa. It is the first mounted animal of its type ever displayed at the museum here.

ICKES APPROVES PLANS FOR 194 NEW OIL POOLS

Included Are 17,740 Acres in State Of Texas

WASHINGTON, May 11. (AP)—Oil Administrator Ickes announced today that he had approved plans for developing 194 new oil pools in Texas, in an estimated probable producing area of approximately 81,000 acres. Included were 19,710 acres in Texas.

THOMASON PLEDGE OIL MEN SUPPORT

Pledges of support following receipt of telegraphic requests that he support the Ickes oil control bill have been mailed Midland signatories by Cong. R. E. Thomason, Washington.

Press Men Keep Politics Warm

AUSTIN, (AP)—The capitol press correspondents are kept informed to the "h" degree as to progress of the candidates for state office.

Wittys to Leave For Fort Worth

Mr. and Mrs. R. E. Wittly leave Sunday night for Fort Worth, where Wittly has been transferred into the Texas company's land office. He has been district land man for that company here for four years. His move is a promotion.

OPEN HOUSE SATURDAY

Saturday is being observed throughout the United States and Canada as National Hospital day and these organizations are either giving programs or holding open house.

DISCRIMINATION CHARGED IN WEST TEXAS PRORATION INTERPRETATION

AUSTIN, May 11. (AP)—Four state agencies were involved today in a suit filed in district court attacking validity of orders of the Texas railroad commission dividing the oil producing area in Crane and Upton counties into different units for proration purposes.

VALIDITY OF BILL DIRECTLY ATTACKED

AUSTIN, May 11. (AP)—Direct attack on the validity of house bill 90 making oil definers file reports with the state railroad commission, was made today before the state supreme court.

"Standing Room Only" as 2,000,000 Hear Hitler

The tremendous spectacle of 2,000,000 people gathered in one place was afforded in Berlin's great Tempelhof aerodrome on May Day when Chancellor Hitler, by means of 122 loud speakers, told the vast assemblage of Nazi aims and policies. It generally is credited with being one of the greatest single throngs in history.

INSULT CHARGE DELAYS TRIAL

CHICAGO, May 11. (AP)—Arraignment of Samuel Insull was postponed today until Tuesday after a brief court hearing. The postponement was asked by District Attorney Dwight H. Green in order to prepare an answer to charges that Insull was "shanghaied from Turkey to the United States upon pretended extradition proceedings."

Lodge to Observe Ascension Program

Ascension day services will be observed by Midland Commandery 84 Sunday morning, when the group meets at the salubrium at 10:45 am in a body to the First Methodist church to hear the Rev. Kenneth C. Minter speak. The minister has selected a Mother's day theme.

Civil Death to Michoacan Killer

BY TRENS AGENCY MEXICO CITY, Mexico, May 11.—In protest of the killing of Rafael Garcia de Leon of the newspaper man Campuzano Videgaray, the National Reporters syndicate sent a memorandum to General Benigno Serratos, governor of Michoacan, to the effect that the assassin's name would never be mentioned by newspaper men in any honorable circumstances and would be associated, if mentioned at all, with the names of such criminals as Gallegos, Romero Carrasco, and Rodriguez Silva.

THREE DEATHS IN ONE WEEK

PARK CITY, Utah. (AP)—Death struck the William E. Crittenden family three times in a week. His son, Ralph, died of pneumonia and dyspepsia. Mrs. Jess Brook died two days later of the same disease. Crittenden himself succumbed to a heart attack five days after.

OIL NOTES

BY THE ASSOCIATED PRESS PAMPA.—Increased business of near boom proportions has come to the Pampa-Shamrock territory as a result of new oil field activities in eastern Gray and western Wheeler counties.

There were 36 active locations in Wheeler county and probably twice that number in eastern Gray county on May 1. Two new towns, Belleo and Keller, have sprung up in the center of activities, about 20 or 25 miles northwest of Shamrock. Five new lumber yards are being established in these towns to take care of the big shipments which are going into the field. The billings are being handled principally at Magic City and LeFors.

Rent property is at a premium in both Pampa and Shamrock. The hotels are filled. New families are moving in daily. Several new stores have been established.

There is a probability that new schools will be needed in part of the area. The Black and Webb community schools have had an increase in enrollment and new teachers will be added.

A movement is under way here to have a county highway built from Pampa to the new field. Bridges are needed on both the North Fork and the Red river and McCrelland creek.

ALBANY.—The first shallow lime well of importance in Shackelford county has been completed by Glenridge Oil Co. No. 2. W. Casey, T. E. & L. Survey No. 581, three miles northeast of Albany, for 40 barrels daily after acid treatment of 10 feet of wet saturated lime in the Hope Horizon at 470 feet.

Dozens of wells have passed the shallow limes with oil saturation. Valley Osage Oil Co. No. 1-A, P. W. Alexander, in north corner of SE 30 acres of the E. L. Co. Survey No. 585, a half mile west of the Glenridge well on Casey, is in an oil saturated lime at 860 feet, has cemented casing seal and will give acid treatment next week.

The J. A. Matthews ranch area north of Albany continues active with a new test drilling.

The Bluff Creek pool in western Shackelford continues to be more active than in several months. A new location by Charter Oil Co. No. 1, J. P. Morris, in the southeast corner of section 200, is an outpost well between the north and south wings of the pool and is an important test as it will indicate the production trend for an area nearly one mile distant between the two ends of the pool. Others are drilling at 1,000 feet and at 1,275 feet.

SEMINOLE.—First commercial gas well of any size in Andrews county and in Seminole's immediate trade territory came in when the Humble Oil company's No. 1 R. M. Means showed 11,500,000 cubic feet of gas on a test.

ROAD CONCLAVE TO MEET SOON

AUSTIN, May 11. (AP)—Delegates from 29 counties will confer with state highway commissioners here next week on road improvements, according to a hearing of the docket which was completed today.

Construction of the East Texas oil field's "main street," from Tyler to Kilgore, designated as highway 176, was scheduled for discussion with delegations from Gregg and Smith counties Monday.

Conferences on emergency road construction in drought and hurricane damaged sections of Texas, scheduled for today, were postponed due to the absence of Chairman John Wood of the state highway commission.

Double Program at South Ward Today

A double program was heard this afternoon at the south ward elementary school, as a program observed National Child Health day and Mother's day.

Sanitary Code Revision Asked

AUSTIN, May 11. (AP)—Revision of Texas' obsolete sanitary code and medical statutes, enacted 25 years ago, will be sought at the next legislature by the state board of health.

A committee of doctors appointed by the board to revise the antiquated laws has started conferences with the attorney general's department preparatory to the drafting of bills.

Some of the quarter century old provisions of the sanitary code have become ridiculous in view of advances in the science of medicine. One such provision prohibits the transportation of bodies of persons who died from certain diseases in other than "hearses or undertaker's wagons."

The belief then was the enumerated diseases could be communicated by the dead but science has proven only one disease can be spread in that manner and that highly improbably with modern embalming.

Enlightened regulation of handling of food, to minimize their carrying of disease, will be proposed. An annual examination and registration now is required.

SEARCH IS PUT OFF AWAITING GANG CONTACT

Secrecy Surrounds Efforts to Get Child Back

LOS ANGELES, May 11. (AP)—Demand for \$75,000 for the safe return of William F. Gettle, oil millionaire, was made today in a telephone call purportedly from his kidnapers.

The safety of Gettle, was placed above the needs of legal justice as police and federal agents withdrew today, leaving the way clear for abductors to communicate for ransom demands.

HUNTER AT BIG SPRING ON SAT.

BIG SPRING, May 11.—Tom Hunter, of Wichita Falls, will discuss the major points in his program for a Texas recovery Saturday at the court house at 8 p. m. in the interest of his candidacy for governor.

Hunter will discuss his blended tax plan under which he proposes that "the present excessive tax burden on real estate may be re-allocated so that this type of property which brings Texas only 15 per cent of its income will not bear 77 per cent of the ad valorem tax burden as it now does."

Hunter defines this type of program for a Texas recovery program as two-fold:

1. Making available to the people of this state an easy available credit.
2. Retaining for the people of this state the proceeds of the sale of our natural resources.

In his address Hunter will discuss the public utilities, company legislation to prevent price manipulations by chain organizations for the purpose of eliminating competition of independent business, enactment of anti-discrimination legislation to make holding company losses in one community while taking profits to make up these losses in other communities where competition no longer exists, legislation to make holding company operations illegal, abolition of the poll tax, enactment of old age pension system to be state supervised, reduction of the automobile license payments, and other matters for legislative consideration.

FRIENDLY GESTURE

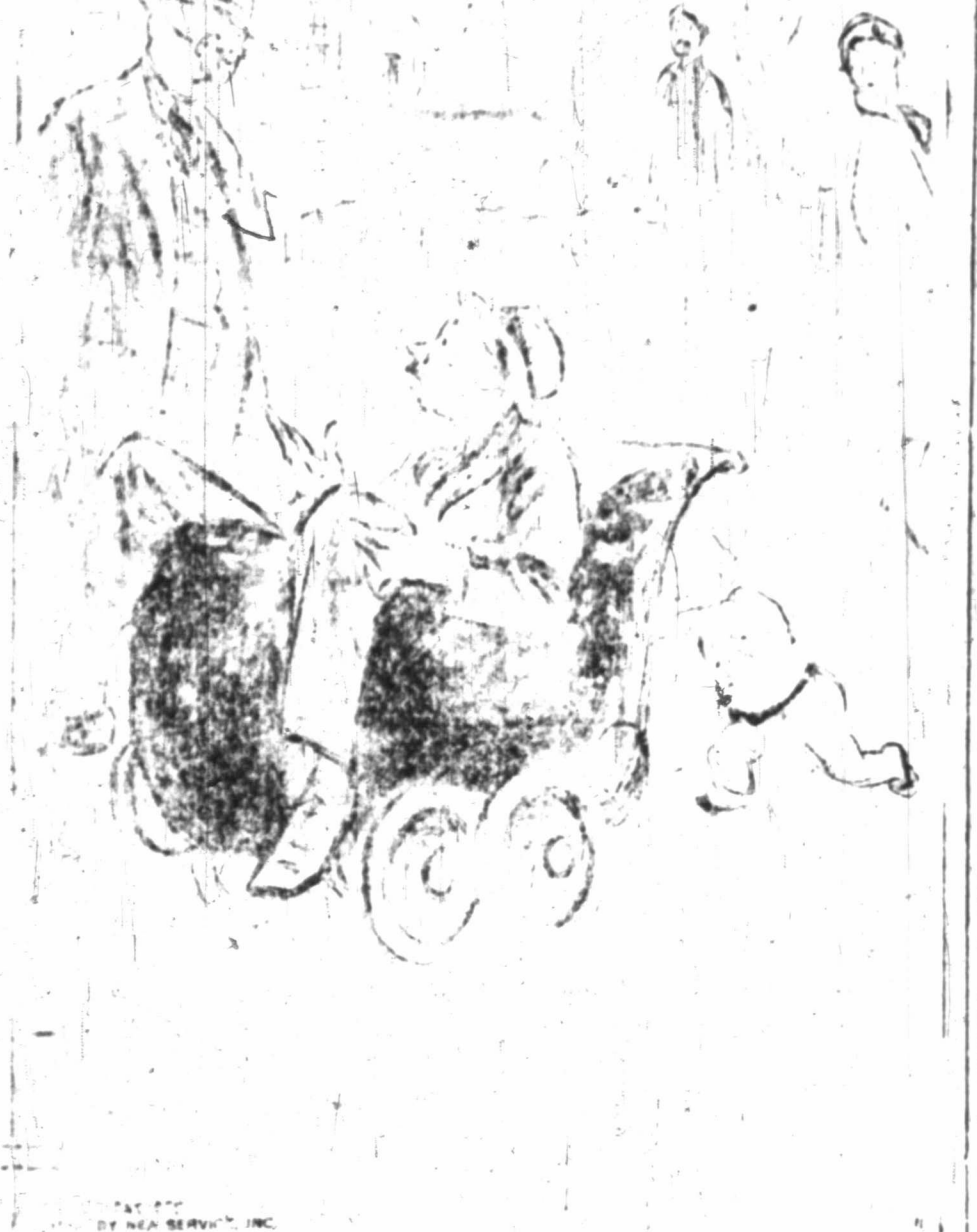

The United States Congress will do a graceful and a gracious thing if it follows President Roosevelt's suggestion and orders returned to Canada the official mace of the parliament of Ontario, captured in the War of 1812 and now held at the U. S. Naval Academy at Annapolis. As the president points out, for more than a century these two countries have maintained a completely unarmored and unfortified border; and no man in his senses supposes that the next century will bring any change in this policy.

Whatever passions the war of 1812 aroused have died out generations ago, and any action that would help extinguish the last memories of bitterness would be a good one.

This mace does the people of the United States no good; it is doubtful if one American in 10,000 even knows his government possesses it.

To return it would be to emphasize the enduring solidarity of the friendly relations between the two nations.

The Own Quack

Over in another community there is a man who keeps his worms in his pocket to keep his wife from picking his pockets.
The men who write pretty views about economics usually are those who don't have to raise the money for Saturday night's payroll.
One way to end nepotism is to elect only orphans to public office.
The oldest inhabitant of the village had celebrated his hundredth birthday and the reporter of a local paper called on him for an interview.
Having congratulated the old fellow, the reporter asked a few questions.
"To what," he inquired, "do you attribute your longevity?"
The centenarian paused a moment, and then, holding up his hand and knocking off the items on his fingers, he began: "I have never smoked, drunk alcohol liquors, nor over-eaten, and I always rise at six in the morning."
"But," protested the reporter, "I had an uncle who acted in the same way, yet he only lived to eighty. How do you account for that?"
"He didn't keep 'em up long enough!" was the calm reply.
The farmer's pink-cheeked daughter was coming up the lane. "She was clad in a grubby pair of overalls from the pockets of which bulged bunches of waste and sundry wrenches and tools. In her hand

"Safe Agriculture—Two years reserve of food and feed on every homestead in Midland County."

McClintic 4-H club girls are making preparation for a county dress contest in June. Dresses were planned at the home of Bennie Blalock last week. A picnic lunch was spread at noon under the trees at the home of Nellie Brown. Members attending were Hazel and Louise Percy, Mary Bea Truett, Bennie Blalock, Nellie Brown and Miss Myrtle Miller, county home demonstration agent.
GARDENING BY THE ACRE
Two 500-yard rows of muskmelons; 20 500-yard rows of watermelons; four 500-yard rows of peas; six 500-yard rows of beans; 200 row feet of cucumbers; four acres of corn and 800 tomato plants as the field garden; and 150 row feet of green pepper; 100 row feet of radishes; 400 row feet of bush beans and 100 row feet of lettuce makes a real garden for Hazel and Louise Percy, 4-H club members of McClintic.
The early bird gets the worm, but radishes get the sales in Midland, \$2.30 worth of radishes being returned on a 10 investment for radishes sold early in the spring, according to Mrs. D. A. Ray, food demonstration agent of Valley View. Radishes were bunched and sold to local stores. English peas and fresh potatoes are being served by Mrs. D. A. Ray. It is a generally assumed potatoes are difficult to grow in Midland county. Mrs. Ray says that secret of growing potatoes is giving them plenty of water.
The Midland home demonstration council will meet in the assembly room of the court house for a regular meeting Saturday at 2 p. m.

Gable-Colbert in "It Happened One Night," Fine Team

That "It Happened One Night," which is showing at a Saturday night preview, also Sunday, Monday and Tuesday at the Yucca theatre, might possibly have emerged as anything but the grand entertainment it really is, as a prospect hardly compatible with the film's great cast, great story and great director.
For, for instance, could the picture fall to "click" in the parlance of the studios, with Clark Gable and Claudette Colbert, co-starred together for the first time on the screen, the leading roles; with Frank Capra directing—the same Capra that gave motion pictures "Lady For A Day," "American Madness" and "Platinum Blonde"; with Robert Riskin writing the screenplay based on the Cosmopolitan Magazine story by Samuel Hopkins Adams.
It was, evidently, to be expected that "It Happened One Night" rank high among the year's best. That it has surpassed even the most ambitious estimates is a tribute to the fine acting of the two stars, the direction of Capra, Riskin's sparkling script and the elaborate production afforded it by the Columbia Studios.
Gable, as the cynical, rough newspaper reporter, Peter Warne, is equal to the Gable the fans want to see. He treats Claudette rough, and she likes it. Miss Colbert, as the runaway heiress, Ellen Andrews, is human, lovable and tantalizing. She has never before met a man like Peter, who tells her she's worthless, spoiled and selfish. Claudette first resents this treatment; then tolerates it—and then LOVES it!

REUNITED AFTER 34 YEARS
PAWBUCKET, R. I. (U.P.)—Three sisters and two brothers were united here recently for the first time in 34 years. The five are Mrs. John Crosthwaite of Glasgow, Scotland; Miss Jessie Nell of Pawtucket; George Nell of Montreal; Alexander B. Nell, formerly of Transvaal, South Africa, and Mrs. Robert McFarlane of Pawtucket. Natives of Glasgow, the five claim kinship with the late Thomas A. Edison.
ST. WOMAN AGAINST VOTING
NEW BEDFORD, Mass. (U.P.)—"I never have voted, never will and don't want to," Mrs. Ruth B. Studley said when interviewed in connection with her 87th birthday anniversary recently. Mrs. Studley is opposed to woman suffrage, but thinks that prohibition repeal is a good thing for the country. She hopes to be able to make a 10th trip to California, where a son resides.

CALLS ALL-BRAN NATIONAL NATURAL LAXATIVE
Delicious Cereal Checked His Constipation
Here is an unsolicited letter from Mr. Daniels:
"For many years I have been habitually constipated, and have used all sorts of laxatives. So, in fairness to Kellogg's ALL-BRAN, I heartily claim it to be a most wonderful remedy for constipation.
"Need I tell you that I have long since ceased using laxatives? Kellogg's ALL-BRAN is the National Natural Laxative. If it were used by every family in the United States for breakfast, we would have a much healthier race of people."—Mr. John Daniels, 1090 Third St., North Bergen, N. J.
Tests show Kellogg's ALL-BRAN furnishes "bulk" to exercise the intestines and vitamin B to help tone the intestinal tract. ALL-BRAN also supplies iron for the blood.
"The bulk" in ALL-BRAN is much like that in leafy vegetables. Isn't this food much pleasanter than rickish pills and drugs? Two table-spoonfuls daily are usually sufficient. If not relieved this way, see your doctor.
Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

Playing in Park Sent Them to Jail

Maybe you don't see anything unseemly about little John Biro scratching about Central Park with his toy tin hoe. But in New York it's against the law, and because of it Mrs. Biro and her son were sent to jail. Unable to pay a \$2 fine, she and her son served a four hour sentence. They are here pictured at the spot where the arrest took place.

It doesn't require a doctor to diagnose one of the most vital weaknesses of the Midland ball club. Yesterday afternoon's loss, 4-1, to Stanton set the average number of hits per game this season at below 3. Of course, batsmen are just beginning to get their batting eyes focussed properly, but the hurlers, too, are just getting into condition.

Farmer Brown let Midland down with five hits, two or three of which were of the fluke variety. Cup Heaton gave up the same number of bingles to Stanton. Oddy enough, there was not an earlier run chalked up by either club. The wind had a habit of taking the ball and floating it beyond the reach of fielders just as they were set to handle the chance.

What Midland is lacking in hitting seems to be partly made up in fielding. The club has a better fielding percentage than that of any Stanton club in several seasons. There are two positions that could use some bolstering, however, on third and behind the bat. Jovyn manager, may be able to set his aim into sufficient shape to hold down the hot corner. Rose will have help from Williams of Lamaca in the catching role.

From the column written daily by Tom Beasley for The Big Spring Herald: "From a very reliable source we learn that Midland is anxious to step back into Class A competition. They may try it next year. While anybody's plans are subject to change at any time, we think someone has given Mr. Beasley a steer in the wrong direction. This city is divided on the matter of football—some thinking it better to lose a game to Sweetwater, Big Spring or San Angelo than to win over Stanton, Odessa or Wilk. Others seeing no logic in throwing a team with little or practically no reserve strength against clubs brist-

Barbara Stanwyck
At Ritz Sunday in 'A Gambling Lady'

Barbara Stanwyck will be seen at the Ritz theatre Sunday and Monday in her latest Warner Bros. picture, "A Gambling Lady," a film based on the thrillingly dramatic story by Doris Malloy.

Miss Stanwyck has the gay and sporting role of a square shooting gambler who plays the game of life with a courage few persons possess, even to tossing away love to save her husband from a crime of which she knows he is innocent.

The picture is set in the gay gambling halls where the idle rich are taken over the jumps for their money by a syndicate of gamblers that holds the city in its grip. The story is climaxed by a cold blooded murder carried out by the syndicate for which an innocent man is arrested.

There is a talented cast in which Joel McCrea and Pat O'Brien share honors as masculine leads and rivals for the love of the gambling lady. Claire Dodd plays the homewrecking role, a society girl who stops at nothing to steal another woman's husband.

Others in the cast include such talented players as C. Aubrey Smith, Phillip Reed, Philip Faverham, Robert Barrat, Robert Elliott, Ferdinand Gottschalk, Arthur Vinson, Willard Robertson and Arthur Treacher.

Archie Mayo directed the production from the screen play by Ralph Block and Miss Malloy in which they have taken pains to reveal the crooked devices in the many fields of gambling by which the gullible public is defrauded of its hard earned money.

ling with plenty of extra players. Actually, so far as a hasty check this morning showed, discussion lies dormant.

This afternoon's 4 o'clock game between the Juniors and the seniors is the first ever resorted to for settlement of a Midland class fight. If you hurry to the stadium after reading this you will still have time to see the kickoff. No admission charge, but keep a weather eye peeled for firing pop bottles. And don't sit between the two classes, they're likely to get together at any minute.

The following from Bill Parker of the A. P. W. C. Stroube, prominent Corsicana oil man, golfer and huntsman, is so thoroughly convinced that horse racing and breeding of thoroughbred horses in Texas that he is fast collecting one of the very best stables. Stroube has Clarify and Croon racing on Texas tracks. He recently journeyed East and purchased Boy Valet from the Bradley stables. Boy Valet will race on eastern tracks.

Stroube is being well repaid for his investment in Clarify and Croon. Both horses have won the majority of their races, competing only in the higher stake events. Clarify won two \$1,500 added races at Arlington Downs and Croon galloped home in a feature race at the Texas State Fair Park track. Another substantial stable is that of Jones and George of Dallas. The latest addition to the stable is Cabernet, claimed from the stable of Mrs. A. M. Creech. Jones and George claimed the horse the day he revealed great form in winning the Hurling Club race at the Texas State Fair track. The Pollard stable, the Lone Star stable and Col. Waggoner's fine stable at Arlington Downs are possessed by others who have the same confidence in races and Texas breeding as has Stroube.

Texas has learned to be careful in wagering. Meets at Houston, Galveston, San Antonio, Arlington Downs and Dallas served to acquaint state race fans with solid horses. When an entry from the T. C. Worden stables goes to the post the horse is sure to be well backed at the mutual windows. J. D. Spreckles' horses have the public's confidence in the fact that they are always trying.

The Creech stables has a huge following. So has the Fishburn entries. Due to recent victories, Stroube's Clarify and Croon are odds on favorites each time they file in parade to the post.

"When first legalized meets were held in Texas, people plunged on long shots to a state where legalized racing is young, people have learned that it is such as the Creech, Fishburn, Waggoner, Stroube, Worden, Spreckel and Mickel entries that finish in the money even though they never pay a pot full.

The recent parade at the Texas State Fair track of twelve great Perchon stallions purchased by the State for breeding purposes was one of the most convincing arguments possible that horse racing and breeding is in Texas to stay."

Give Mother Articles to Wear

Smart accessories and exquisite lingerie that mother would never think of buying for herself make perfect Mother's day gifts. Of course, there's much to be said in favor of a handsome box of candy or some fresh flowers, but even though mother would be the last one to suggest it, no doubt that she'd love something to wear, too—a gift that is really personal.

This is a year when the shops are making it easy to do a bit of Mother's day shopping. You're likely to find a counter or even an entire department given over to gifts that are smart and charming. Whether you plan to send out dollar or two, there's the right gift for mother.

First, look at the array of accessories. These are so important to modern costumes and no one can have too many little "extras" in a wardrobe. Blouses come in this category. There are tailored ones to wear with tailcoats, semi-dressy little numbers for luncheons and teas, and many very fancy blouses to wear to dinner in a restaurant or to bridge luncheons.

Mother probably would love one of the fascinating new bags. There are linen purses with removable covers that come off to be washed; handsome silk crepe ones that dress up the most simple costumes, and of course, all kinds of leather varieties.

Gloves always are appreciated. If plain street gloves seem too practical for a Mother's day gift, look at the dressy varieties with novelty motifs. Handkerchiefs with hand rolled hems are grand with afternoon or evening dresses. For daytime, there are all sorts of lovely handkerchiefs of fine linen. If you want to give handkerchiefs with a personal touch, have some monogrammed for mother.

A piece of filmy lingerie trimmed with handmade lace is a really glamorous gift for any mother, young or old.

New \$300 Mower

The course is now being prepared for the coming tournament. It is possible to qualify any time after Sunday, May 20, up until Thursday, May 24, and regular qualifying round will be held Thursday afternoon, May 24.

A wild scramble for leases is reported in the office. One payment of \$75 per acre for land under the well was reported. Another sale of \$50 per acre for adjoining land was also reported.

All country club members are going to be asked to enter, and any members of the municipal course who hold cards are eligible to enter. Among leading Big Spring players who will enter, are Shirley Robbins, Theron Hicks and Obie Bristol, who are expected to qualify for the championship flight.

Fred Stephens, secretary of the tournament, stated that a field of 200 was expected. Some of the leading golfers from out of town are: N. C. Bussy, Jimmy Phillips, Charlie Qualls, winner of the tournament in 1932, Stayton Bonner, Wichita Falls, medalist last year, and Carnes Wilson, defending champion.

Varied Program

The program for the meet is as follows:

First and second rounds, all flights, May 25.

Quarter and semi final, all flights, May 26.

Finals, all flights, May 27. Championship flight, 36 holes.

Barbecue, club house, 7:30 p. m. Calcutta pool, 8:30 p. m., May 24.

Association dance, 9:00 p. m. May 25, at Seales hotel.

Entertainment provided for all visiting ladies, including golf matches for those who play.

Headquarters for the tournament will be at the chamber of commerce office.

Angelo Boy Sets New Track Record

HOUSTON (AP)—Although only a sophomore, Leo "Smoky" Brothers of San Angelo, track sensation at Rice institute here, already has bettered the Southwest conference record for the 440-yard dash both in practice and in a dual meet and is ranked as one of the fastest quarter milers in the South.

Brothers, who attained considerable recognition in high school, breezed the distance in 46.3 seconds in a meet with the University of Texas and was not pushed. The conference record is 48.2.

The San Angelo youth has been unofficially clocked at 48.3 in practice and his coach, the veteran Ernie Hjortberg, believes he has a good chance of getting under 48 before completing his college career.

VARIED PROGRAM ASSURED GOLFERS

BIG SPRING.—The tenth will be the best.

That's the slogan for the 10th annual tournament of the West Texas Golf association to be held here May 24, 25, 26, 27. The members of the Big Spring country club will be the hosts to many out of town people coming from all parts of West Texas. This journey is the first of its size and kind ever to be held in Big Spring, and seeking to obtain the right to hold it, Big Spring competed with many large towns.

Many out of town players, have been seen lately playing the country club course in preparation for the coming tournament. It is possible to qualify any time after Sunday, May 20, up until Thursday, May 24, and regular qualifying round will be held Thursday afternoon, May 24.
