## ELECTION DAY AWAITED BY VOTERS

### Sonora Firemen Again Win 3rd in District Hose Race

#### Junction Meeting Is Successful; Brady Next Host City

Sonora firemen again won third place in hose races at the semi-annual convention of the Hill Country Firemen's Association held successfully in Junction Tuesday. The Sonora firemen won third in February at a convention in Ballinger. In each case they were awarded a silver fire nozzle.

Brady was chosen as the next meeting place of the association in February. Sonora invited the convention for July, 1933, and was given assurance that the meeting would come here at that time.

A varied program of instruction, decision, and entertainment, made the day one of profit and pleasure for all who attended.

The morning session was opened with an address of welcome by Mayor Emil Loeffler of Junction, with the response by Mayor W. E. Baxter of Santa Anna. Frank Wil-

#### Inoculation Urged in Typhoid Fight

##### Concerted Drive Being Made Here After 10 Cases Develop

Sonora citizens are being urged by the Sutton county Health Board and by Dr. A. G. Blanton, county health officer, to secure the three-shot inoculation against typhoid fever, following the development of 10 cases in the Mexican section of Sonora. No cases have been discovered among the American population.

A total of 100 Mexicans were inoculated Tuesday and Wednesday here. Thursday afternoon, Dr. Blanton, assisted by Mrs. Lois Landrum and Miss Agnes Jones, inoculated a number of American residents who reported at the high school building for treatment.

Miss Olga Buresh, itinerant nurse with the state department of health, known here through her work in organizing the county board last fall, was in Sonora Monday at a called meeting of the health board which resulted in plans for inoculation.

Miss Buresh recommended the adoption of a campaign of activities for the summer, and suggested that Sutton county apply to the state department for the temporary services of one of its itinerant nurses. This application was made.

### Personals

Hi Eastland made a business trip to San Angelo Thursday.

Jack Hughes of San Angelo was a visitor here Wednesday.

Mrs. W. S. Evans was in town from the ranch Tuesday afternoon.

Dr. W. T. Hardy was in town Tuesday from the Ranch Experiment Station.

Mr. and Mrs. M. G. Shurley and children visited in Mason and Meard last Friday.

Mrs. Nannie Wheat and her son, Ben L. were in Sonora from the ranch Wednesday.

Mr. and Mrs. R. S. Covey left Friday of last week for a ten-day visit in Dallas and vicinity.

Miss Mary Louise Gardner has spent the week visiting her aunt, Mrs. T. B. Phillips, in Junction.

Mr. and Mrs. Robert Rees of Sonora visited their son, H. B. Rees, and family, in Big Lake last week.

W. H. Dameron, superintendent of the Ranch Experiment Station, was in town from the station Tuesday.

Mrs. S. R. Hull and Mrs. Edna Ramsey went to San Angelo Tuesday evening for a visit of several days.

### Murphey Campbell, Wool Buyer, New Manager of House

#### Acceptance of Silberman Representative Awaited by Directors Following Wednesday Meet

Murphey Campbell, wool buyer in West Texas for the Chicago firm of S. Silberman and Sons, was elected manager of the Sonora Wool & Mohair Company at a meeting of the directors held at the warehouse here Wednesday.

The directors are awaiting a decision from Mr. Campbell, who asked two or three days for consideration of their offer.

If Mr. Campbell accepts the offer, he will move here with his family. He was elected to the office to replace C. H. Evans, manager since the local concern was organized three years ago. Mr. Evans was also a former buyer for Silberman.

Fifteen applicants, including a number of local men, were considered by the directors.

### Ira Green Leases Maverick Co. Land

#### Moving 4,000 Sheep-Goats to 12 Sections of Indio Ranch

Ira C. Green last week completed the leasing of a 12-section portion of the Indio Cattle Co. ranch in Maverick county and will move his four thousand head of sheep and goats now running on the Fort Terrett ranch in this county to the new acreage.

The stock will be trailed to the new place, leaving here Saturday. Mr. Green estimates that 30 days will be required for the 150-mile drive.

The lease was arranged with R. L. Martin, manager of the ranch. The rental is 25 cents an acre, and lease is effective for four years.

Mrs. Green and their children are moving to Del Rio and will make their home there. Mr. Green expects to stay in Sonora a good part of every year during the sheep drenching season.

### EMMETT MADDOX CLEARING RIGHT-OF-WAY ON NO. 27

Emmett Maddox of Sonora has been awarded a sub-contract for the clearing of right-of-way on the first 10 miles of Highway 27 leaving Sonora by the construction firm of Tom Archer, which holds contracts for building of grading and small drainage structures on that section.

Maddox and a crew of men started work the first of this week.

### USE YOUR BALLOT

(An Editorial)

A great job faces the voters of Texas Saturday. There are many questions involved in the choice of the various candidates. The task is not a simple one, due to the unusual number of complex political factors arising from present business conditions.

There are several points for the voter to consider in casting a ballot Saturday.

Many are the candidates who adopt the garb of a modern Moses. The ways and means which they propose to lead the country out of a trying time are in many instances laughable, in others dangerous. It is no time for the people of Texas to lose their heads and relinquish their right of thinking for themselves. Many politicians are making capital of present conditions, blaming them on this official and that, when they know quite well that no one man or group of men is entirely responsible for present conditions.

Take campaign promises with the grain of salt which has always been a saving element in Texas politics. The artists who paint the brightest word pictures are in many instances either unwilling, or incapable, of bringing about the measures they so loudly advocate, even if elected.

Because the next two years will mark a trying period in our history, we must choose men who can fill the bill, and get the job done. They must be men qualified by experience, ability, and integrity, rather than by a talent for oratory. Vote not for personal prejudice. Forget campaign promises, and study the facts and figures that really show what men have done. Vote for the men whom you know to be able and courageous, and for men who, if now in office, have been faithful to their trust.

### Office Seekers in Last-Minute Fight for Voters' Favor

#### W. E. James Presiding Judge in Sonora Primary; Polls to Open at 8 in Morning

Election day—a magic word in Texas, Saturday of this week has been awaited with a feverish enthusiasm and interest by voters of the entire state for several weeks. Tomorrow will witness the close of campaigns of unusual interest, candidates vie with each other in a last minute appeal to the voters of the state.

Principal interest in Sutton county is hard to determine. With two local offices contested, those of Sheriff-tax collector and judge, and a number of heated district and state races, voters here have not confined themselves to enthusiasm in any one race.

W. E. James is presiding judge of the Sonora box, and he will be assisted by the following helpers: clerks, O. L. Richardson, Claude Roe and Jim Caldwell; tally men, Fred Simmons, George D. Chalk, Jack Earhart, and Vernon Marion; sentinel, A. J. Owens. The polls will open at 8 o'clock and close at 7 in the evening.

Judges of the other precincts are: Box 2, W. R. Cusenbary; Box 3, Chas. Brady and G. E. Day; Box 4, Gladys Reilly and Dante Reilly; Box 5, L. L. Stuart.

The following passages from the Texas election law are being emphasized (Continued on page 4)

### Examiner Advises Against D. R. & N. Railway Work

#### Says Need Too Small to Justify New Construction

Dispatches from Washington on July 14 state that O. D. Weed, examiner for the Interstate Commerce commission, has recommended that the commission decline to authorize construction of the line of the Del Rio & Northern Railway from Sonora south to Del Rio and Quemado.

The line would have given a direct outlet to the Winter Garden farming area to the northwest. It was proposed and advocated by T. N. Pienot, Carrizo Springs, as president, and by a number of Del Rio business men as directors.

A hearing was held in Del Rio March 17 and 19, at which time the Southern Pacific railway entered objections to the plan, and chambers of commerce and numerous civic leaders intervened in favor of the road.

In his report, Weed stated "the record does not indicate any urgent need for the proposed line."

### Dr. J. R. Kilman to Practice in Sonora

#### San Antonio Physician Moves Here This Week; Background Varied

Dr. and Mrs. J. R. Kilman, of San Antonio, are moving to Sonora this week-end, having made a trip here Monday to arrange for making their home here and securing an office for Dr. Kilman, who will open a general practice in Sonora.

Dr. Kilman is a graduate of Tulane University, New Orleans, La., and had a year's internship at Charity Hospital there. For two years he was connected with the Scott and White hospital at Temple, being a member of the Junior staff of that institution during the latter part of his stay there. Lately Dr. Kilman has had a general practice in San Antonio.

Dr. and Mrs. Kilman will make their home, for the present, in an apartment at the home of Mr. and Mrs. S. T. Gilmore.

Tom Bond was in Sonora from the ranch Tuesday.

### Baptist Revival Is Creating Interest

#### Six Additions by Profession of Faith Reported This Week

Five additions to the church through profession of faith on Wednesday night and one addition on Thursday morning is the record up-to-date of apparent results of the Baptist revival meeting being conducted throughout the remainder of this month by the Rev. Z. E. Parker, pastor of the local church.

Attendance at the morning services, held each day at 10 o'clock, has gradually increased, with about forty present at one service. Evening services, held out-of-doors, just west of the church, have drawn mounting crowds, over 200 persons attending on several occasions. These services are held at 8:15 p. m.

Spirit and co-operation in the meeting are excellent, according to the Rev. Mr. Parker, who extends a cordial invitation to the public to participate in the services.

**Tom Ball May Die**

Tom Ball, one of the early pro-  
 hibitionists of Texas and father of  
 the Port of Houston, lies near  
 death in his Houston home follow-  
 ing his being struck by a truck  
 while buying a newspaper.

that I have been looking for." Then  
 Wes gathered it up in his arms and  
 made for the fence.

Wes mounted his horse and rode  
 off down through the brush trying  
 to look unconcerned like. After he  
 was out of sight of the house he  
 pulled his horse down to a fox trot  
 and began agin to reason wit him-  
 self. "Shucks, one little old water-  
 melon like this ain't enough for the  
 whole outfit. I might as well eat  
 it myself, right here. If them wad-  
 dies want any watermelons, let 'em  
 get out and rustle 'em themselves,  
 like I did. Too darn dangerous  
 hooking these things. Fellow  
 might stop a load of shot."

The more Wes argued with him-  
 self over the matter, the better he  
 liked his own argument. Finally he  
 found a good shade and crawled off  
 his horse, busted the Tom Watson  
 on his boot heel, and cleaned it  
 clear down to the rind.

Right here, I'm going to step  
 aside a few minutes and tell you  
 the kind of man this fellow Wright  
 was. He was a dead game sport.  
 Cow punchers going down that  
 trail, and they were many in those  
 days, tried to beat the old man at  
 a good many games, but he always  
 came out best man in all of them.  
 We will take, for instance, the time  
 he laid the champion wrestler of  
 Edwards county, Walter Dragoo,  
 right down on mother earth, two  
 out of three falls, and it wasn't a  
 foul either. When Walter came up  
 after the second fall he said to the  
 old man: "Maybe you can throw me  
 down, but, by golly, I can lick you,"  
 and made a pass at Wright. Walter  
 "laid down again" and this time the  
 boys bathed his face with cold  
 water. Then, there was the time we  
 matched a horse race with the old  
 man. There was no profit in that  
 trip to Brady for us.

Wes tossed the rinds into a little  
 thicket, smiled to himself, got on  
 his horse and rode to camp. The  
 herd had reached the trap by this  
 time; the boys had turned them in  
 and scattered them so they would  
 not be so apt to ball up in the cor-  
 ners of the fence and break over.  
 Some of the boys were eating sup-  
 per when Wes rode up. After sup-  
 per Wes intended telling the boys  
 about the watermelon patch he had  
 "seen," and if they cared to, they  
 might go over and get a few mel-  
 ons. As for himself, it wouldn't look  
 just right for the boss of the out-  
 fit to swipe a watermelon.

Not being very hungry, Wes ate  
 some frijoles, drank a few cups of  
 coffee, and feeling pretty good  
 went over and sat on his bed roll  
 for a good rest. Just as he got good  
 and comfortable, up rode old man  
 Wright. "Howdy boys, how are you  
 all" said the old man. Wes said,  
 "Fine. Get down and get your sup-  
 per." "No thanks," replied Wright,  
 "I et just before I left home. Don't  
 mind, tho, if I do take a cup of  
 coffee. I just rode over to see that  
 if by any chance any of you boys  
 took any of my watermelons."  
 "Hell no, of course we didn't," re-  
 plied Wes, "we are not in the habit  
 of stealing watermelons. Besides,  
 we generally pay for what we eat."  
 "Well, that's O.K. I'm glad you  
 didn't. I couldn't sell the darn  
 things so I just filled 'em full of  
 strychnine, thinking I'd kill some  
 of these darn jack rabbits. More  
 this year than I ever seen before  
 in my life."

Wes turned pale and sorter rolled  
 off his bed. The old man had  
 changed the subject, but Wes had  
 not. Immediately several sharp  
 pains hit Wes just above his belt,  
 and he grabbed his stomach with  
 both hands to keep it from turning  
 wrong side out. His tongue got dry  
 and he wanted a drink of water  
 worse than he had ever wanted  
 anything in his life, but was afraid  
 to take it. He had seen poisoned  
 coyotes around water holes and he  
 knew that water, on top of the  
 strychnine they had eaten, had  
 killed them. Cold sweat broke out  
 all over Wes. After about ten min-  
 utes of this agony, he could stand  
 it no longer, and in a weak voice  
 said: "I believe I did eat part of a  
 little melon." "My God, man," said  
 the old man, "got any butter? If  
 you ain't, come with me quick.  
 Butter is the only thing on earth  
 that will counteract strychnine  
 'pizen'."

The boys quickly rustled a horse  
 for Wes, and he and the old man  
 set out for the house. When they

reached there Wright rushed in  
 with Wes trampling on his heels  
 every step. "Get out all the butter  
 you have quick," said Wright to his  
 wife. "This man is pizened." Mrs.  
 Wright brought out a jar of old  
 stale butter and a soup spoon.  
 "Now eat all you can and rub some  
 on your face," the old man told  
 Wes. "It's a little old, but the older  
 the better in a case of this kind."  
 Wes ate several pounds of that  
 stale butter. Straight, too, nothing  
 to go with it.

When the old man saw that Wes  
 had eaten about all he could keep  
 down, he told him that he thought  
 that would be enough to counter-  
 act the "pizen," and asked Wes if  
 he didn't feel better. Wes said he  
 believed he did and if Mr. Wright  
 thought he was out of danger he  
 had better get along back to camp.  
 "By the way, how much do I owe  
 you for that watermelon," said  
 Wes. "Oh, that's alright about the  
 watermelon," replied the old man,  
 "but \$5.00 ought to be about right  
 for the butter you ate." Wes paid.  
 The old man had beaten another

cow puncher at his own game. He  
 could not sell that old rancid butter,  
 and he didn't want to throw it  
 away. He'd never poisoned those  
 melons.

**WES BRYSON POISONED**

**Editor's Note--**The following  
 is another of Mason Rountree's  
 yarns of former days. Written  
 in Mr. Rountree's easy-going  
 style, it will prove interesting  
 to all the old timers, and new  
 ones as well.

By MASON ROUNTREE

It is too bad that a man in the  
 prime of his life, and traveling the  
 highway to success should have to  
 give up that life all because of one  
 little strychnine tablet. Doctors  
 prescribe them for their patients  
 for heart stimulant, but one had the  
 opposite effect on Wes' heart.

Wesley Bryson had sold a bunch  
 of steers to be delivered at the  
 stock pens at Brady. After consid-  
 erable hard work getting his outfit  
 together, Wes and his men were on  
 the trail.

Nothing out of the ordinary hap-  
 pened the first few days they were  
 out. The weather was ideal, the  
 steers in good condition; the cow-  
 boys all in a good humor, even the  
 cook, and Wes drove drags and  
 figured the profit on that bunch of  
 longhorns.

They reached Espy's tank about  
 four o'clock one afternoon. The  
 steers were watered, and Wes, after  
 getting them strung out up that  
 long grade to the Espy trap, rode  
 ahead to see if there was another  
 herd ahead of his, if not, to ride the  
 fence. No one had turned in that  
 day and Wes started around the  
 fence to see if it was in good shape,  
 and to fix any breaks that might  
 be in it.

On the east side of the Espy trap  
 old man Wright owned a section of  
 land. He made a living by trading,  
 selling a few milk pen calves every  
 spring, and selling vegetables  
 around Brady. In one corner next  
 to the Espy trap he had a cultivated  
 piece of ground, and growing in

that patch were some of the finest  
 watermelons that a man ever laid  
 eyes on. Great big striped fellows  
 that would make any man's mouth  
 water just looking at them. Now,  
 anyone knowing Wes Bryson knows  
 that he is an honest man. But show  
 me a cow puncher that won't steal  
 something to eat, and I'll show you  
 a plumb dead puncher. They don't  
 take things from the other fellow  
 because they are really hungry,  
 they do it because it happened to be  
 there when they rode along. Why,  
 I've even seen them steal turkeys  
 and chickens, and occasionally,  
 roasting ears.

But "gittin'" on, Wes found  
 where the wires were sagging a  
 little right between the Espy trap  
 and old man Wright's patch of  
 melons, so he crawls off his horse  
 to put them back in place. Wes had  
 seen those big striped fellows when  
 he first rode up, but did not want  
 to pay too much attention to them  
 until he got the lay of the land a  
 little better. But the longer he  
 gazed on them the hungrier he got.  
 He reasoned with himself that old  
 man Wright had more melons than  
 he would ever use. "Besides, if this  
 was my patch I'd tell all the punch-  
 ers that passed by to just help  
 themselves. I believe I'll try one  
 anyway. If old man Wright catches  
 me taking one, I'll pay him for it;  
 and give him twice what it is  
 worth."

Wes crawled through the fence;  
 keeping his eyes cocked all the time  
 for the old man. No one seemed to  
 be stirring, and Wes got a little  
 bolder. He thumped two or three,  
 but they didn't sound just right.  
 Finally he found a big "Tom Wat-  
 son" covered with weeds to keep  
 the sun from ripening it too quick-  
 ly. "Hot dog," said Wes,  
 "you're my meat. Just the baby

Advertising is a business necessity regard-  
 less of economic conditions. It is a doubly  
 valuable aid to the business man and mer-  
 chant in 1932. Now, as in all times, business  
 goes where it is invited, and stays where it  
 is made to feel welcome. Advertising can  
 issue the first invitat'on. Advertising can  
 go a step further, and help you to hold the  
 business you now enjoy. Practiced consist-  
 ently, advertising brings customers....and  
 keeps them. Consistency is a necessary fac-  
 tor in any advertising program. No truer  
 statement exists than that of the late Wil-  
 liam Wrigley, jr.: "I advertise consistently  
 because buyers form a parade, not a mass  
 meeting." Wrigley spent millions telling  
 the world about 5-cent gum, and made a  
 fortune.

Good roads are partly responsible for decrease in the number of sheep in Ohio, according to G. R. Arnold, Ohio State University extension economist, who explains his statement thus:

The growing of crops and raising of livestock other than sheep, particularly dairy cattle, was encouraged by improved transportation facilities.

Five million sheep were raised on Ohio farms fifty years ago, says Mr. Arnold. The 1930 census shows that this number has dwindled to two million.

**River That Went on Rampage**

Here is a map showing the Guadalupe river, from where it rises in the mountains near Kerrville, Texas, to where it empties into the Gulf. Along this stream are beautiful farms and grazing lands, but near its source over the weekend, at least four persons were drowned and much damage was done by a 30 foot rise. Ingram and Hunt were reported under 10 feet of water, just west of Kerrville.

**FULLER OUTLINES PLATFORM IN RACE FOR STATE SENATE; TAX REDUCTION BIGGEST TASK, SAID**

J. C. Fuller, Marfa candidate for the state Senate in the 29th district, emphasizes in his platform the need and necessity of tax reductions through governmental economy. His platform follows:

1. Abolish unnecessary boards, bureaus and commissions and consolidate others to extent that number be reduced from approximately 100 to 12 or 15 as has been done in Virginia and other states.
  2. Reimburse counties out of gasoline tax for bonded indebtedness for highway purposes.
  3. Reduce membership of the House of Representatives, and provide for shorter sessions of Legislature. There is no good reason why one county should have half dozen or more representatives.
  4. Simplify court procedure.
  5. Consumption of products of convict labor in state institutions.
  6. Reduction excessive fees and salaries of public officials and employees in keeping with earnings of persons similarly employed in commercial and industrial life.
  7. More stringent regulations relative to issuance and sale of county and city securities.
  8. Standard wage law on government contracts.
- Judge Fuller is a native of Texas; has lived in West Texas for fifteen years, is a substantial tax payer himself. He offers the above platform as a definite program of activity if elected to the office.

**Courage Prevents Snakebites, Said**

**Naturalist States That Man Is Safe If Unafraid of Reptiles**

El Paso, July 13.—Man is his own worst enemy in dealing with snakes.

That is the considered opinion of Theodore Tausch, 51-year-old naturalist, gleaned from six years spent in capturing some 25,000 of the reptiles, most of them virulently poisonous.

"Snakes will not harm anyone who really is unafraid," he declared. "Snakes hear with their tongue and through this medium they feel the radiations of fear which emanate from a person."

And in demonstration of his theory, Tausch picked up one of his pets, forced a teaspoon into its mouth and extracted a few drops of liquid which he said was sufficient to kill a man.

"I have no charm or supernatural power over snakes," he said. "I handle them because I am not afraid of them."

"I go hunting for snakes in rocky country. When I see one, I stand quite still while the reptile throws its head back and forth to ascertain if I am afraid or not. When he finds I am unafraid, he dismisses me from his mind, then I walk over and pick him up."

Tausch sells his output to zoos. He claims to have captured 1,200 in one day in California last year. His largest catch was a 96-pound diamond rattler.

**CHAS. H. HATTON WICHITA BANKER  
LIKELY CHOICE OF LIONS TO HEAD  
INTERNATIONAL GROUP FOR YEAR**

Los Angeles, Calif., July 21.—Charles H. Hatton of Wichita, Kans., is due to be elected to the presidency of Lions International in the final session of the Lions Convention which closes here Friday.

Mr. Hatton is president of the Peoples Finance Company of Wichita and holds office in several other large corporations in Wichita. He attended school at Southwestern college and the University of Colorado, afterwards going abroad to study at Sorbonne university in Paris.

As slated chief executive of the 2650 Lions clubs throughout five countries, Hatton states that "Lionism will make no departure at this time from its established policy of making haste slowly in over-seas expansion. However," he continued, "there will be no 'marking time' until economic conditions get better. We look forward confidently to the time when Lionism will be established in every city and town on this continent that desires to build a better citizenship and a better community in which to live."

"It is a question whether any association of any kind has ever equalled the records of the 17,050 activities carried on last year by our 2650 clubs or has exercised an influence which has been so far reaching."

Probably the greatest service Hatton has rendered the Lions Association and the country as well is the outstanding work he has done in promoting the adoption of the "Moral Code for Youth" in most of

**Lion Head**

the school rooms throughout the country. Mr. Hatton was also responsible for the compilation of three text books known as "Studies in Conduct" to be used for supplementary study in connection with the "Moral Code for Youth." The first book in this series of studies was designed for the primary grades, the second for the intermediate grades, and the last for the 7th and 8th grades. Hatton himself feels that this is one of the best pieces of work in which he has ever had the privilege to participate.

Mr. Hatton is a past master of the largest Masonic lodge in Kansas and a member of the Midian Shrine.

As manager of the Good Government club of Wichita, Charles Hatton became one of Wichita's favorite sons by improving local government and promoting civic improvement, while with the Lions Association, Hatton became a favorite in 1927 when he was elected a director of the association at the Miami convention. Since that time he has served in all capacities of the official group of the association.

running for the unexpired term of Pat M. Neff. It would be highly appreciated by C. A. De Ware and myself.

I have never taken more than a passing interest in state politics, but in this case a particular friend of mine is running for a state office.

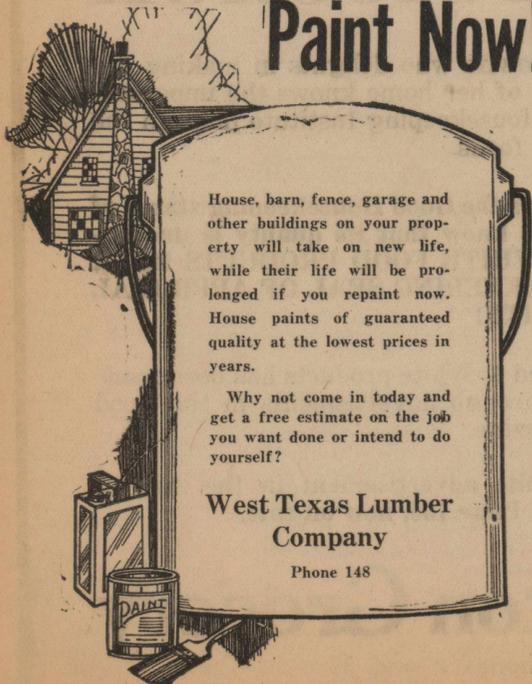

If you had a personal friend of over 25 years standing seeking a state office, you would like to see him win in your county, and the same is true with me. I would like to see C. A. De Ware win in Sutton. If you can vote for him, please do so.

Yours truly,

**AMER. RED CROSS HASTENS WORK  
OF REHABILITATION AT KERRVILLE**

Aided by the national organization of the American Red Cross, the relief and disaster committee of the Kerr County Red Cross chapter during the past week worked with all possible haste to provide emergency relief for flood victims, and later began a program that will mean the ultimate rehabilitation of the approximately 200 persons left homeless by the July 1 disaster.

Early this week conditions were approaching a semblance of normal. The Guadalupe River has assumed its natural placidity in striking contrast to the angry mood of 10 days before, when it swept down the valley to exact a toll of four lives and left in its wake stark devastation. Rechecks of the property loss left the estimate at somewhere near a half million dollars.

An incalculable loss to this section, Texas' best known scenic region, is the hundreds of giant cypress and pecan trees left bruised and scarred by the river's rampant spree. These great trees have drawn the admiration of thousands of summer visitors. Many of them probably withstood the buffets of the elements for upwards of a century. But today, they stand like wounded soldiers after the carnage of war. Already suggestions are being advanced that forestry experts be brought here to make a survey and determine whether the trees can be restored or at least their present condition improved. This step, of course, will not be followed out until the needs of humanity have first been served.

The Kerr County Red Cross chapter's relief program has been ably directed by Col. O. D. Westcott, medical officer in charge of the Veterans' Administration Hospital at Legion. Colonel Westcott, who directed the relief work during the Rocksprings tornado disaster five years ago, took charge of the emergency here long before the waters had receded. He and his committee workers remained on duty continuously for hours until the emergency rations, shelter and medical supplies had been provided.

Albert Evans of St. Louis, director of disaster and relief for the American Red Cross, who was sent to Kerr county immediately after the flood in response to an appeal, had established temporary headquarters in San Antonio. From this point, he is keeping in touch with the Guadalupe Valley situation and also one equally as disastrous at Tilden, Three Rivers and other towns stricken by flood waters from the Frio River.

Miss Kathryn D. Munroe, Red Cross field investigator, who accompanied Director Evans from St. Louis, has remained in Kerr county for the past week conducting a detailed survey of the situation and co-operating in every manner possible with Dr. Westcott's committee.

Miss Monroe in an unofficial report Wednesday morning said she had contacted 51 families, consisting of approximately 200 persons, who had sustained losses in the flood and who were badly in need of help. The losses covered clothing, property, livestock and household furnishings. The territory surveyed includes Hunt, Ingram, Johnson Creek, Kerrville and Center

Point. Legion, where about 20 homes were swept away, has not yet been surveyed, but Miss Munroe's activities will be extended there within the next week.

It was explained that the victims in the Legion vicinity were receiving ample temporary relief, due to the generosity of employees at the government hospital, aided by the ex-service men's organization.

It will be the aim of the national Red Cross organization to rehabilitate each destitute family in Kerr county as nearly as possible to its former status, Miss Munroe said. She was loud in her praise of the spirit of courage and fortitude encountered among the flood sufferers. While her duties bring her in contact with victims of disasters in many parts of the country, the Red

Cross representative said that the bravery of Kerr county people had been an inspiration to her.

**Modern Electric Refrigeration  
Will Help You Cut Expenses**

Acclaimed for its great convenience, its value as an essential health safeguard, and for the delicious frozen desserts and salads available through its use, modern Electric Refrigeration is a household necessity for yet another important reason ... the substantial cash savings it will bring you.

With Electric Refrigeration, "left-overs" are not wasted ... but safely and conveniently preserved for future use in novel and tasty dishes. And in addition to the economies realized in this manner (statistics show that over 10 cents a day is lost by throwing out usable "left-overs"), further savings can be made through the safe refrigeration of "bargain day" quantity purchases ... through buying larger sizes of canned goods—at a much lower cost per ounce ... and through the elimination of food-spoilage.

These important savings are possible with Electric Refrigeration because the constant low temperature necessary for the safe preservation of perishable foodstuffs is maintained automatically.

Let Electric Refrigeration help you cut expenses. Ask a salesman to show you our new models ... or see your nearest electrical dealer ... Today!

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule ... and adds only a small amount to your total bill?

**STANDARD MILK ORDINANCE**

An Ordinance regulating the sale of milk and providing for the issuing and revoking of permits for the sale of milk; defining misbranding; providing for the regular inspection of dairies and milk plants; authorizing the local health officer to promulgate rules and regulations as he may deem necessary; providing for the adoption of the Standard Milk Ordinance for the grading and labeling of the milk; providing for the enforcement of this ordinance and fixing a penalty.

Be it ordained by the City Commission of the city of Sonora, Texas:

Section 1. The regulation of the sale of milk within the city of Sonora, Texas, is hereby declared necessary and expedient for the promotion of health and the suppression of disease within the said city.

Section 2. The City Health Officer of said city or his representative, is hereby authorized to issue to any person, firm, or corporation, or association of persons making application therefor, authorizing the sale of milk within the limits of said city. The health officer is hereby vested with power and authority, and it is hereby made his duty upon the filing of an application for a permit for the sale of milk to ascertain and determine, and under such rules and regulations as he may promulgate, the fitness and ability of the applicant to furnish and sell pure and wholesome milk under proper sanitary conditions, and if he finds that any applicant for a permit for the sale of milk is fit and able to furnish and sell milk, as aforesaid, he shall grant the application and issue a permit. The City Health Officer is further authorized to make such rules, orders, and regulations as he deems necessary for the proper production, handling and sale of milk, applying the current requirements of the United States Public Health Service Standard Milk Ordinance as his guide, and he is further authorized, and it is hereby made his duty to provide for the grading of the equipment and for the grading and labeling of the milk, to be sold under the permits herein provided for; provided said officer shall have authority to grade such equipment and milk according to the current requirements of the United States Public Health Service Standard Milk Ordinance with the assistance of the State Health Officer or his authorized representative. A full and complete copy of said ordinance is on file in the office of the city clerk of this city where it may be inspected.

Section 3. No person, firm, association or corporation shall within the city of Sonora, Texas, sell, offer or expose for sale, or have in his possession with intent to sell, any milk or milk products which are adulterated or misbranded. Any substance claimed to be any milk or milk product defined in the United States Public Health Service Standard Milk Ordinance but not conforming with its definition shall be deemed adulterated and misbranded. The use of the word "pasteurized" on the label unless the milk or milk product has been pasteurized and the use of the grade letter "A" unless such grade letter has been authorized and awarded by the City and State Health Officers or their representatives according to the grade "A" requirements of the Standard Milk Ordinance and has not been cancelled, shall be deemed misbranded.

Section 4. The City Health Officer at any time after three days notice to a holder of a permit, and after a hearing before said officer, at which hearing it shall be proved to the satisfaction of such officer that a permit holder has failed, or refused, or neglected to obey any rule, regulation, or order of the Health Officer concerning the pro-

duction, labeling, handling, or sale of milk, such officer may suspend or revoke any permit issued.

Section 5. In the event the health officer refuses a permit to an applicant, or a permit is suspended or revoked by said officer, the applicant whose permit is refused, or the holder of a permit which has been revoked or suspended shall have the right to appeal to the city commission by filing a written appeal with said commission within five days from the date of refusal to grant said permit, or the revocation or suspension of said permit by the City Health Officer. The city commission, after a hearing at a time to be set by said commission shall either affirm, modify or otherwise change the action of the City Health Officer, and may in the event the action of the officer is not affirmed, give such instructions as it may deem necessary to the City Health Officer who shall carry out such instructions as given by the city commission; provided that pending action on the appeal herein, a permit which has been suspended or revoked shall be considered as suspended or revoked, and the holder shall not have any right thereunder, unless the action of the City Health Officer is changed. If a permit is revoked because of the unauthorized use of the grade "A" label or for the violation of Section 3 of this ordinance, such revocation shall not be included in this appeal, but may be submitted to the State Health Officer or his representative.

Section 6. Each permit issued by the City Health Officer shall be numbered and dated, and shall expire at midnight December 31st following its date.

Section 7. No permit herein authorized shall be assignable or transferable.

Section 8. Any person, firm, corporation or association of persons who shall sell or possess for the purpose of sale any milk within the city of Sonora, Texas, without having a permit authorizing the sale of same, issued by the City Health Officer of the city of Sonora, Texas, or who shall sell or possess for the purpose of sale any milk after a permit has been revoked or suspended shall be fined in a sum not exceeding One Hundred Dollars, and each separate sale, or possession for sale, shall constitute a separate offence. Or whoever shall violate Section 3 of this ordinance shall be fined in accordance with the penalty provided in the Texas Food and Drug Act for Adulteration and Misbranding.

Section 9. Nothing in this ordinance shall affect or apply to any retail merchant, restaurants, or other persons selling milk at retail in the original containers, which milk has been purchased from any holder of a permit, as herein provided for, authorizing the sale of milk, except as to placarding, cooling, and sanitary handling of the milk while in their possession.

Passed and approved this 15th day of July, 1932.

Forty Miles of Producing Ore Are Discovered Near Boquillas

One of the richest silver mines in the world has been reported to exist across from Boquillas, Mexico, where one Juan Salasar has discovered 40 miles of producing ore that turns out a vast quantity of high grade silver, almost pure.

Salasar hauls the ore by truck 180 miles to Musquiz and then moves it to Monterrey. He is now seeking to make arrangements to haul it to Marathon, load it there for movement to El Paso.

Chata Salasar, his wife, operates the store at Boquillas and her dinners are famous along the border. Their daughter runs the store on the American side.

## Lions Report on Trip to Station 'A' Last Thursday

Planning Trip to "B" Next Week; Committees for Coming Year Are Announced

Sonora Lions Monday discussed the good will trip sponsored last Thursday to Station "A" on the Humble pipeline. Representatives from most Sonora business firms attended the ball game played by teams from the station and from Sonora. The purpose of the trip was to get acquainted with the station employees and determine the feasibility of building a road from the Ozona highway north to the station. Such a project will likely be undertaken within the next few months.

The Station A team defeated the Sonora team 6-1.

The club voted to make a good-will excursion to Station "B," 40 miles east of Sonora, next week. Tuesday has been set as the day, and a ball game is being arranged between a station team and a group of Sonora players. The committee in charge of the trip next week is composed of George E. Smith, W. E. Caldwell and George Baker.

Standing committees for the coming year, as appointed by the officers and directors of the club, were announced as follows:

Membership—W. L. Davis, Izzy Leaman, Claude Roe; finance, Geo. H. Neill, E. S. Long, Dan Cauthorn; education, R. S. Covey, W. H. Dameron, W. C. Warren; railway transportation, G. W. Wynn, Alfred Schwiening, C. T. Jones; civic, W. E. Caldwell, J. W. Trainer, C. H. Carson; charity, Geo. E. Smith, Tom White, Bill Fields; publicity, H. V. Stokes, George Baker, W. E. James; juvenile activity, J. M. Puckett, A. C. Elliott, John Eaton. The list of permanent committees is to be completed at a future meeting of the board of directors.

Musical numbers by the Sonora band, directed by Henri Rogers, featured the entertainment at the Monday luncheon. Members of the band were guests of the club for the meal. J. D. Lowrey introduced the number as chairman of the entertainment committee for the day. Guests were G. G. Pass, ranchman from Val Verde county, Dr. and Mrs. J. R. Kilman, and G. W. Stephenson.

Next week's program committee was appointed as follows: Z. E. Parker, J. M. Puckett and Claude Roe.

The Lions club will operate a drink stand at the dance to be given by Alfred Schwiening tonight at Camp Allison.

## Kemper Team Beats Station 'A' Sunday

Five-run Rally in Seventh Wins for Invaders

A team from the Kemper station on the Humble pipeline at Big Lake invaded the stronghold of the Station "A" ball players Sunday and emerged with the long end of an 8-4 score.

The entire scoring by the Kemper team was done in the first and eighth innings. The visitors grabbed a three-run lead in the first, only to have the "A" team even the count with runs in the second and third. Neither team scratched in the fourth and fifth innings, and in the sixth the "A" team went into the lead with another run. In the seventh, though, Mauck started a rally that resulted in a five-run rally, and victory.

Chas. Brady, of Station "B" pitched for the visitors.

Line-up of the teams follows:  
Kemper—  
Crowell, rf Clark, 1b  
Cudney, 2b Caraway, 2b  
Mauck, cf Sutherland, 3b

## Leo Burney, Former Sonora Man, Buried

Death Caused by Acute Indigestion at Home in Rocksprings

Leo Burney, 38, former Sutton county ranchman, died Friday night at 10 o'clock following a sudden attack of acute indigestion. He was in sound health at the time of the attack, death coming suddenly at his residence on a ranch four miles from Rocksprings.

The funeral was held Saturday afternoon at the residence with the Rev. L. N. Myers, pastor of the Rocksprings Methodist church, in charge. Burial was at Rocksprings. Mr. and Mrs. Robert Rees and daughter, Miss Thelma, attended the funeral from Sonora. Mr. Burney was a cousin of Mr. Rees.

Mr. Burney at one time operated a ranch in the northern part of Sutton county, with his father-in-law, Jim Brown. He moved to Edwards county several years ago.

Mr. Burney is survived by his widow, two daughters, Mrs. Jesse Hankin and Mrs. Golda Young, a son, Irby, all of Rocksprings; by his parents, Mr. and Mrs. D. C. Burney, Center Point; and by the following brothers and sisters, also of Center Point: Mrs. John McBride, Mrs. S. T. Vaughn, Mrs. Oscar Nowlin and Dee Burney.

## ASKEW SLIGHTLY HURT IN WRECK FRIDAY NIGHT

R. L. Askew suffered a badly cut nose in a crash Friday night on a curve 2 miles west of Eldorado on the Sonora highway. A light truck in which he was riding with Jess Kring was struck by a heavy sedan. Askew was thrown into the windshield.

Kring was cut on the finger by glass, but was otherwise unhurt. The driver of the sedan was not hurt.

FOR HEALTH'S SAKE—INOCULATE

The development of ten cases of typhoid fever has made Sonora people realize the need for protection against this dangerous malady. The Sutton County Health Board is working diligently in a drive to effect the inoculation of Sonora citizens, and thus check the further spread of the disease. So far all of the cases have been confined to the Mexican population, but that fact does not guarantee immunity to the American residents of Sonora.

While somewhat painful, typhoid inoculation is very seldom, if ever, accompanied by serious results, and the protection that it gives is positive.

The city commission of Sonora has taken a forward step of great importance in safeguarding health through the passage of the standard milk ordinance, requiring that milks sold in the city be graded, and that they be produced under sanitary conditions. What with a pure water supply and a carefully-produced supply of milk, control of typhoid should be easy, but that does not reduce the desirability of inoculation.

35 YEARS AGO

On Saturday, Jan. 15, 1898 there appeared on the last page of The Devil's River News a new column headed "Directory," which thereafter became a fixture in the paper. This directory, which gives an insight into the organization and activities of former Sonora, ran as follows:

"County Officers: J. O. Rountree, judge; L. N. Halbert, attorney; S. H. Stokes, clerk; J. P. McConnell, sheriff; A. J. Swearingen, assessor; W. H. Cusenberry, treasurer; John McNicol, surveyor; R. B. Hemphill, H. & A. Inspector.

"Commissioners: W. A. Stewart, Precinct No. 1; O. H. Word, Prec. No. 2; Sam Merck, Prec. No. 3; A. A. Williamson, No. 4.

"Precinct Officers: W. A. Stewart, Justice of the Peace, Prec. No. 1; M. I. Taliaferro, Constable, Prec. No. 1.

"Churches: Methodist—Rev. J. W. Gibbens. Service at 11 a. m. and 7:30 p. m. on the first and second Sunday in each month. Baptist—Rev. D. W. Matthews. Services at 11 a. m. and 7:15 p. m. on the third and fourth Sunday in each month. Episcopal—Services morning and night on the fourth Sunday in each month. Presbyterians, Christian, and Gospel Mission Baptists have organizations but no regular appointments.

"Sunday Schools: Methodist—Every Sunday at 10 a. m. L. N. Halbert, superintendent. Episcopal—Every Sunday, at Episcopal church at 10 a. m. Mrs. John W. Hagerlund, superintendent. Epworth League: At the M. E. church every Sunday, 3 p. m. B. Y. P. U.—at the Methodist church every Sunday at 4 p. m.

"Societies: A. F. & A. M., Dee Ora Lodge No. 715. Meets at 8 p. m. on the first Saturday after the full moon in each month. H. G. Colson, W. M. J. O. Rountree, secretary. Woodmen of the World: Sonora Lodge, No.—; Meets at 8 p. m. on the second Saturday after the full moon in each month. R. C. Dawson, commander; J. O. Rountree, recorder. Sonora Musical and Literary Society: meets every Saturday night at the residence of members.

Mrs. John W. Hagerlund, president; Mrs. G. Huber, secretary; Alexander Goldberg, treasurer. "Postoffice: Daily Mail (except Sunday) to and from San Angelo. Mail for San Angelo closes at 7 a. m. Mail from San Angelo usually arrives about 7 p. m. Junction mail arrives at noon on Tuesdays and Fridays and closes on same days at 1 p. m. for Junction. General delivery open from 8 a. m. to 6 p. m. and for half an hour after arrival of mail at night. On Sundays 9 to 10 a. m. Money Order Office open only from 9 a. m. to 5 p. m. No money order or registry business permitted on Sundays. Mike Murphy, postmaster.

"Sonora Fire Department: D. H. Burroughs, chief; Steve Murphy, assistant chief; F. R. Stillman, secretary; E. S. Briant, treasurer; Department meets first Thursday night in every month. Company No. 1—Max Mayer, foreman; Henry Decker, assistant foreman. Company No. 2—E. S. Briant, foreman; Fred Kessler, assistant foreman."

Concerning the Sutton County Bank, the following story was run: "R. W. Callahan, assignee of the late Sutton County Bank, made another payment to depositors this week of 4 per cent. This makes a total of 39 cents on the dollar paid to date and Mr. Callahan expects to be able to pay a few cents more before the business is wound up. It was thought that when the bank broke on Aug. 5th, 1893, that depositors would receive not more than 20 or 25 cents on the dollar, but the return of prosperity has benefitted the depositors by all the legitimate assets paying out."

School notes ran as follows: "4th month ending Jan. 7th. Highest standing, sixth grade—deportment, Coy Drennan; history, Clara Sharp, Coy Drennan; spelling, Ronald Saunders and Arthur Simmons; Arithmetic, Coy Drennan; Grammar, Clara Sharp; reading, Ronald Saunders. Seventh grade—deportment, Cora Lovelace, Zula Jones; history, Minnie Bean, Clinton Sharp; physiology, Zula Jones, Cora Lovelace, George Miers; spelling, Minnie Bean, Mille Simmons; arithmetic, Lou Thomason, Geo. Miers; physical geography, Minnie Bean. Ethel Phillips, teacher."

W. M. S. Continues Study Course The Woman's Missionary Society of the Methodist church met Wednesday afternoon at the church with an attendance of 13 present for a continuation of the study course recently begun.

Frank O. Ray, former Sonora attorney now living in Marfa has been chosen commander of the Carroll Farmer Post of the American Legion within the few months that he has lived in Marfa. Recently the Big Bend Sentinel, published in Marfa, devoted a special section to the activities of that post. A feature of the section was a front page editorial by Ray, stressing the need for provision for disabled veterans, and the importance of caring for their widows and orphans.

SCHWIENING'S BARBECUE-DANCE WILL DRAW CROWD

Many Sonora people, as well as groups from nearby towns, plan to attend the free barbecue and the dance which will follow it at Camp Allison this evening, under management of Alfred Schiening. Barbecued goat will be served at dark, at any time the guests desire it, with dancing scheduled to begin at 9 o'clock. Music will be provided by the 10th Regimental Band colored orchestra which appeared at the Camp Allison June celebration.

Firemen—

(Continued from page 1)

liams, Winters, president of the state firemen's association, extended the good wishes of his organization. After thorough discussion, with a few changes, a new constitution and set of by-laws, drafted by Marvin Adkins of Ballinger, was adopted.

Both dinner and supper were served on tables under the giant pecan trees in Schreiner park. The afternoon meeting was devoted to talks by representatives of the state fire insurance commission and by members of various fire departments. G. C. Hawley and J. C. Reilly, Austin, workers in the offices of the commission, spoke briefly.

In the hose race which followed Menard won first place with a time of 30 seconds, with Junction second with 31 seconds. Sonora's time as third winner was 32½ seconds, and Brady came fourth with 33 seconds. Eight teams competed.

A swimming party at Kimble Courts followed the races.

A feature of the evening program was a male bathing beauty review. Following the meal a number of speeches by mayors of West Texas towns were heard.

Among speakers at the meeting were two Sonora men. Roy E. Aldwell spoke on the benefits of civic incorporation at the evening program, and George Baker on the necessity for fire prevention at the afternoon meeting.

Dances were given both on the night of the convention and the night before.

Firemen attending from Sonora were: Izzy Leaman, Jodie Trainer, Brother Barton, Floyd Dungan, Herman, Jim and Bobbie Allison, John McDonough, J. H. Brasher, jr., Richard Vehle and George Baker. Mrs. Herman Allison, and the Misses Audrey Rankhorn, Mary Louise Gardner and Margaret Barton attended a part of the festivities.

Leaman Store at Eldorado Looted Wednesday Morn

Burglars Caught After Seven Mile Chase; All Merchandise Is Recovered Unharmd

Five hundred dollars worth of merchandise was taken from the Eldorado department store of Harry Leaman Wednesday morning at 5:30 by two young men who were caught seven miles north of Eldorado a few minutes later by officers of the sheriff's department. All merchandise was recovered unharmd.

The two men now held in jail in Eldorado pending an examining trial were seen to stop in the front of the store, jimmy the front door lock, and, while one entered the store, the other drove the car to the rear. Opening the back door, the two carried luggage from their car into the store, filling it with an assortment of ladies' hose and silk underwear, men's ties, socks and shirts. A number of higher-priced hats were also stolen.

A deputy sheriff was summoned by a man who witnessed the burglary. When the officer reached the store the men had gone, but a quick pursuit resulted in their capture. Meanwhile officers in surrounding towns had been notified.

A car which answered the description of that of the burglars was stopped in Sonora by Sheriff E. W. Hutcherson.

ty and city or town prior to February 1, or received a certificate of exemption, if you are exempt and a certificate is required.

You are not entitled to vote at a primary election if you are not 21 years old at the time you offer to vote, notwithstanding you may become 21 years old on or before the date of holding the general election. You cannot carry with you to the polling place any paper or ballot on which is marked or printed the names of any one for whom you have agreed to vote, or for whom you have been requested to vote, and any judge of the election may require you to make affidavit that you have no such paper or ballot, and if you have such you will be required to deliver it to the officers of the election before you will be allowed to prepare your ballot.

All voters in any county shall vote in the election precinct in which they reside.

You vote by marking out all the names for whom you do not desire to vote.

Exemption

To be exempt by reason of age the person must have been 60 years old prior to the first day of January of the year for which the tax is levied. He is not exempt because he became 60 years old prior to the time he offered to pay the poll tax. An instance: If a person was not 60 years old prior to the first day of January, 1909, he is subject to the poll tax for 1909, which must be paid prior to February 1, 1910, and the fact that he will become 60 years old prior to February 1, 1910, does not exempt him. If he was not 21 years old prior to the first day of January, 1909, he is not subject to a poll tax for the year 1909, which is required to be paid prior to the first day of February, 1910. If he was not 21 years old prior to the first day of January, 1908, he is not subject to a poll tax for the year 1908, which is required to have been paid prior to the first day of February, 1908, and if he becomes 21 years old on or before the day on which any election is held, prior to February 1, 1910, he is entitled to vote at such election without poll tax receipt, provided he obtained an exemption certificate before February 1, 1909.—From Revised election Laws of Texas.

Railroad—

(Continued from page 1)

Weed's report set forth that Del Rio, Eagle Pass, Sonora and the districts surrounding those towns are served by the Southern Pacific and that the service rendered by that system "seems to be generally satisfactory."

"Existing industrial and agricultural conditions indicate little need for increased transportation for farm crops, and the applicant's estimates of traffic and revenue are believed to be too optimistic," the examiner stated.

Doubts Finance Plan

As to finances, the examiner reported "it is not satisfactorily shown that the applicant is or will be able to finance the proposed construction, and present markets offer no justification for prices at which the applicant indicates its securities would be sold."

Concluding his report, Weed stated "any extension of railroad mileage in this territory could be constructed more economically by the Southern Pacific, which indicates a readiness to build such mileage as soon as it is needed."

CARD OF THANKS

We want to express our heartfelt gratitude to the people of Sonora, San Angelo, and West Texas for the many expressions of kindness and deeds of service which accompanied the illness and death of our husband and father, and brother, Charles H. Evans. We shall be ever grateful to all those, who, by word or deed, softened our sorrow in the hour of bereavement. May God's blessings rest on each of you.

Mrs. C. H. Evans and Children Brothers and Sisters.
