Grand Opening of Milam's Five Cents, To One Dollar Store Friday and Saturday

Things are happening at Milams. It is with great pride that Mr. and Mrs. Milam are announcing the Grand Opening of their new store, a long cherished dream come true.

The store designed for your shopping pleasure is nearly completed, no longer a blue print for the future, it becomes a reality of next Friday and Saturday.

Weeks and months on end were spent in its planning. Hundreds of ideas were considered, weighed in the balance, rejected if they lacked merit or accepted if they contributed to the shopping convenience of this new store.

They were determined from the very first, that this should be Spur's most modern variety store. In it have gone the very best ideas gained from their own years of store-keeping experience. To these have been added the scientific knowledge of store design.

Mr. and Mrs. Milam stated that it is, your store, made possible through the friendship, patronage and cooperation of their hundreds of loyal customers.

New bleached wood fixtures, trimmed in mahogany have been installed by Dick Palsman, factory representative. These fixtures were made by Scholter Manufacturing Company, the largest fixture concern in the States, which is located at Beatrice, Nebraska. The fixtures are identical to those used in the Milams store recently opened in Lubbock on August 30.

The new store is spotless in new light paint and with 16 new fluorescent lights. It has 3100 square feet of sales floor space, with 875 square feet of storage space in the rear of the store and additional storage space upstairs. The office is also upstairs, with arched openings overlooking the sales floor. A new plate glass front, done in an artistic manner with a maroon with cream striped awning, lends an air of the latest design.

A super Deluxe candy case with back bar has also been installed, made by the Storecraft Manufacturing Company of Beatrice, Nebraska.

Mr. and Mrs. Milam opened their first store in Spur on October 1, 1937 in the O'Reilly building situated on the east side of Burlington, almost directly in front of their present location, where they have been since 1933.

Coming from Slaton, Texas to Spur, Mr. Milam has been employed by F. W. Woolworth Co., Perry Bros., J. L. Davenport & Co. and Butler Brothers prior to that time. He was married to Valera Harrell at Rails, Texas on September 30, 1933 and they have an infant son, Charles Ray.

The store staff consists of Misses Maxine Sandlin, Margaret Davenport, Ava Nell Bilberry, Ruth Speer, Maud Brown, Lorene Beadle, Joyce Williams, Bobbie Stanley, Frank Franklin and Mrs. Bertie James.

Births—

Mr. and Mrs. Ray Caplinger are the parents of a son, born Sunday, September 8, at the Nichols General Hospital. Both mother and son are doing nicely.

Mr. and Mrs. L. J. (Jake) Varnell, Jr., are announcing the birth of a daughter, Sandra Gail, on September 12 at 7:35 p.m. at the Stanley Clinic and Hospital at Matador. Sandra Gail weighed 3 pounds and 6 ounces.

A son, Mickey Lee Hughes, was born Saturday, September 14, at 2:50 a.m. to Mr. and Mrs. Homer Hughes of Glenn at the Nichols General Hospital. Both mother and son are doing nicely.

Mr. and Mrs. Bruce Johnson are the parents of a daughter, born Monday morning, September 16 at the Nichols General Hospital. The young lady has been named Joyce Sue.

Mr. and Mrs. Norman Priest of Matador are announcing the birth of a new daughter, born Saturday morning, September 14 at Matador. Norman, a former Spur resident is now living at Matador where he is manager of Bryan McDonald and Son Funeral Home.

A son was born to Mr. and Mrs. James Henry Cowan, Tuesday morning at 11:53 in St. Marys hospital at Lubbock. The young man weighed 6 pounds.

Last Rites Read For Earl Ray Wright In Dickens Tuesday

Funeral services were held Tuesday, September 17 at the Church of Christ at Dickens for Earl Ray Wright, son of Mr. and Mrs. J. T. Wright of Dickens, who died Sunday, September 15 of a ruptured appendix. Rev. Denis, pastor, officiated.

Earl Ray was born at Brownwood, Texas, February 9, 1936 and moved to Dickens county with his parents in April 1941.

Survivors were his parents, Mr. and Mrs. J. T. Wright, one brother, Norman Eugene, who is stationed at Fort Sam Houston and two sisters, Wanda Lafon and Billie Faye.

Interment was in the Dickens Cemetery with Bryan McDonald and Son Funeral Home of Matador in charge.

C. F. Cook Conducts Spelling Bee At Rotary Thursday

Professor Foster Cook, conducted a spelling bee last Thursday when the Rotary met in their regular meeting at the Spur Inn. Two sides were chosen and the word 'Potomac' seemed to be the downfall of those who tried to spell it. Many forgetting to start the word with a capital P.

It was announced that the next meeting will be held this Thursday night, with the Rotarians entertaining the Rotary Anns and the teachers at 7:30 o'clock at the Spur Inn.

Jackson East was introduced as a new member. Guests were, Coach Sam Hawkes, Leonard Wilson, Sr., and Bud Norton of Post, who is Engineer with the Soil Conservation Office there.

Warning Issued In Regards To Scarlet Fever

The State Department of Health has just issued a warning in regard to scarlet fever, as the number of cases usually increases during the fall months. The majority of deaths from this disease occur from October through February.

Scarlet fever is a very contagious and serious disease. Grown people may contract it, but children under 15 years are especially apt to have it, if exposed. It is especially dangerous for children under 5 years and Dr. Geo. W. Cox, State Health Officer, warns mothers to "not let your children take any chances with scarlet fever. Call the doctor as soon as the first symptoms appear."

If your child has contracted scarlet fever, the first signs you may notice are that he seems tired, restless and out of sorts. Usually, there is a sore throat, chills, vomiting or convulsions and fever. His skin is dry and hot. His tongue is furred and under this white covering, it is red and swollen. In ordinary cases, these early signs are followed in a day or two by a rash. Little flat red points close together, appear first on the neck and chest and soon the rash, very red in color, spreads over most of the body.

The doctor is required by law to report the case to the local health officer. Do your part by following carefully the quarantine instructions which the health officer will give you, since a severe or fatal case of scarlet fever may develop from contact with someone who has only a light attack. Children who have had scarlet fever, or who have been exposed, must not return to school until permission is given by the health officer and physician.

Floyd Goodrich Fatally Burned In Tractor Accident

Floyd Goodrich of Beaumont, Texas, son of S. B. Goodrich of Spur was fatally burned in a tractor accident near Beaumont last Friday, September 13.

The deceased was born August 6, 1904 in the Centerville community, just east of Jayton, where he spent the first ten years of his life, moving to Lynn county in 1913, where he grew to manhood on a farm. When 20 years of age he enlisted in the United States Calvary at Fort Bliss, Texas after serving a three year enlistment, he moved to Amarillo where he served on the police force until he received an appointment as Patrol Customs Collector, serving at Brownsville and later serving at Galveston.

While Floyd served in this position, he chased down the daring Italian narcotic importer, Sam Marcia with 20 of his notorious gang, delivering them to the Federal Narcotic Court in New York City.

He later resigned this position to accept an appointment by the city commission of Galveston, to serve out an unexpired term of Chief of Police, still later accepting a petition of the law abiding citizens to make the race for sheriff of Galveston county in which he rolled up a vote of 9094 votes against the incumbent, who was serving his fourth term and was charged with shielding gangsters and racketeers. The incumbents vote was 9099.

Floyds last public service was with the Federal alcohol crew at Beaumont, whose task it was to clear the breaks and brush country of distilleries and bootleggers.

Besides his father he is survived by his wife and five small children of Beaumont. His mother died when he was very young.

Spur Bulldogs Win 7-6 Over Haskell Indians

The mighty Spur Bulldogs rolled over Haskell's Indians 7-6 last Friday night at Haskell in the non-conference opener of the 1946 grid season in a closely matched grid game in which both teams went scoreless until the last few minutes of play on a wet field.

Cotton Foster of Haskell received the kickoff and brought the ball back from the 1-yard line to the 50.

Spur scored late in the final quarter when Billy Dyess, quarterback, caught a pass on the five yard line and made his way over for a touchdown. The kick for the extra point by Dean Wright was good.

Haskell commenced to show signs when Foster received a kick on the 15-yard line and carried it to the 48. In the next play he went across just as the game was in the final seconds. Hancock tried for the extra point but failed.

Very few downs were made in the tilt, and the two teams were about equal in yards gained.

A three inch rain fell on the field Friday morning.

Outstanding players for Haskell were; Cotton Foster and Kenneth Tooley; Spur, Dyess and Watson, Backs; Sharp, Dean Wright and Calvert, linesman.

Duck Creek Soil Conservation District News Notes

RILEY WOOTEN, Chm. WILL WRIGHT

TOM MURDOCH

OSCAR McGINTY, Sec. CHAS. WITT

J. R. George, cooperater with the Duck Creek Soil Conservation District in the Reed conservation group, 18 miles south of Spur, is cutting a channel into White river through which he plans to flood irrigate his cultivated land. One of the conservation practices he is carrying out is a method of crop arrangement that is designed to control wind erosion. In George's opinion, grain sorghums that are commonly used to control wind erosion do not get the job done because there is not enough vegetation on the ground at the time it is actually needed. "I have found that by planting two rows of small grain during the fall and leaving two rows blank to be planted to row crops in the spring, keeps my land from blowing," he said. The small grain can be grazed and harvested for grain production or be turned under as a green manure crop.

C. Goodwin, in the Beef Hollow conservation group near Croton, reports that the rye he planted last week in shinnery sand is up to a good stand.

Lions Club Discuss Membership Drive Tuesday Noon

The Spur Lions Club met in their regular meeting Tuesday noon at the Spur Inn. The club is having a membership, as well as an attendance drive. For the membership drive the club has chosen two sides, the "Golds" and the "Blues", which are the club colors: The "losers" will treat the winning side to a dinner at the end of the four weeks contest.

It was decided to have Ladies night Tuesday, September 24 at the Spur Inn at 7:45 p.m.

Bill Hart, program chairman for Tuesday's program, sang "The Desert Song" accompanied by the piano by Miss Ann Hull. The group sang "Sweet Genevieve" and "O Susana". A quartet was selected to sing in close harmony "O Susana".

New members introduced into the club were M. H. Costelow, Truett Hutto, Clarence Ward and Sam Hawkes.

Another sidelight on water conservation came to view this year when R. E. Dickson changed the row system on part of the Experiment Station. For several years prior to 1946 Dickson was using this particular field to conduct experiments on contour farming. The field was arranged by having check plots on straight rows adjacent to contour rows. None of the plots received any additional water. The results of this experiment showed that contour farming increases cotton production 25 per cent.

This year the field was rearranged by placing the entire field on a true contour whereby the same rows crossed all of the original plots. The field was planted to combine maize and harvested this week. The land that had been contour farmed continually, yielded approximately 800 pounds per acre while the land that had been in straight rows, but now on a true contour, made a complete crop failure. Conservation farming pays.

John V. Stevens Named Manager For Matador Ranch

John V. Stevens, who spent some of the summer vacations working with the cattle at the Spur Experiment Station, while a student at A&M college, has recently been made manager of the Matador Land and Cattle company's ranch at Matador. He assumed the place held by M. J. Reilly for 23 years who died suddenly on June 15. Stevens assumed his new duties September 1, according to an announcement made by general manager John Mackenzie of Denver.

Mr. Stevens' home is Seymour. He is a graduate of A&M college, and he was employed by the Pitchfork Land and Cattle company at the time V. V. Parr was manager. For the past seven years he has been manager of the Matador Land and Cattle company ranch at Alamocitos.

Stevens will be welcomed back to this region by the many friends he made while here.

Espuela Golf Club Resumes Annual City Tournament

The Espuela Golf Club has resumed the annual city golf tournament that was so popular before the war. This year the golf club is inviting all former members or golfers who have not joined this year, to enter this tournament. The course is in very creditable condition, with four grass greens and five sand greens all in good playing condition. The sand greens have been re-sanded and oiled down during this season.

There will be a wide selection of prizes that will be awarded to winners of each flight and runner-up placings. The entrance fee of \$2.00 entitles the golfer to play in the tournament, enter the driving, putting and approaching contest.

Those interested should play 18 holes of golf, between today and Sunday, September 22, and post their scores at the club house. The tournament committee will then arrange the players in flights according to their qualifying scores and post them at the club house and at Jones Drug Store. These matches will be played for during the following week.

Failure to play a scheduled match during the week will result in forfeit of the game. All matches to determine the winner or each flight, must be for 18 holes, played same day.

Prizes are to be offered in the golf tournament for (1) winner of championship flight. (2) Consolation of Championship flight. (3) Winner of second flight. (4) Consolation of second flight. (5) Winner of third flight. (6) Consolation of third flight. (7) Winner of Medal score. (8) Winner of highest score. (9) Winner of driving contest. (10) Winner of approach contest. (11) Winner of putting contest. (12) Hole in one. (13) Eagle. For further details see Norton Barrett, Walter Labay or C. E. Fisher, tournament committee.

L. D. Beadle Opens Y Grocery On East Highway

L. D. Beadle has this week opened the Y Grocery at the intersections of the Highways east of town.

Mr. Beadle who received his discharge in December, after spending 40 months in the South Pacific is putting in a most complete stock of staple groceries and intends to open a filling station in connection with his grocery business.

He invites the public to visit him at his new store and he will try to serve you in a most courteous manner.

Says Veronica Lake She's Not Fragile,

Veronica Lake is angry! She's made clean through, all 107 pounds of her, and she says she's going to stay that way until people stop calling her "fragile."

"I may be tiny but I'm tough," said the honey-haired star of Paramount's "The Blue Dahlia," due Sunday at the Palace theatre with Alan Ladd and William Bendix. She added a "gr" just to show how really tough a little lady can be when she gets her mind to it.

To the film fan, reading about Veronica in the magazines or seeing her on the screen, she will likely remain "fragile" despite her desire to be known as she really is, an outdoor girl whose idea of relaxation is to don an old pair of nems trousers, tuck them into the top of her boots and head for the High Sierras on a fishing trip. To be truthful, Veronica doesn't look the part. At home with her husband, Director Andre de Toth, she's a chic little creature, tiny, quick in her movements, smartly dressed even when she's washing dishes (and film stars wash dishes these days what with the domestic help shortage and all) and, to all appearances, a hot house flower.

Johnnie Hopkins left Monday for Olney where he will be guest in the home of Mr. and Mrs. Spec Lunsford and family for a few days.

Dickens County School Board met in called session Friday, September 13, for the purpose of formulating plans for setting up a Vocational School for Veterans for Dickens county. The meeting was held in the Commissioners Court room of the court house at Dickens. Present were county board members G. W. Bennett, J. L. Karr, R. L. Mimms, W. F. Ragland and R. R. Wooten; Zane G. Brewer with State Board of Vocational Education and Mack Woodrum with the Veterans Administration; County Judge E. V. Peek of Kent county; Walter Labay, Vocational Agriculture teacher, Spur; V. F. Hickman, superintendent of schools, McAdoo; Coy Neeley, teacher, McAdoo schools; Chas. Taylor, county agent; Joe Rose and veterans C. R. Baker, John L. Green and Foy Jackson. County Superintendent O. L. Kelley presided.

The purposes and the organization were thoroughly explained by Zane Brewer and Mack Woodrum.

The county school board voted unanimously to sponsor the Vocational School for Veterans for Dickens county.

The Vocational Schools will include classes in agriculture, distributive education and trades and industry provided there is sufficient demand. To qualify as a student in the agriculture class the veteran must own, rent, or lease a unit large enough on which to make a living.

For distributive education the veteran must be employed in a business and take training for employment and advancement in the field of retailing, wholesaling, service selling and finance to own and operate successfully their own business.

All veterans enrolled and meeting requirements in these schools will be eligible to draw the same subsistence as that of a veteran attending a college or any other school that being \$65.00 per month if single, and \$90.00 per month if married. Each class will be restricted to a maximum of twenty students. Veterans will be accepted in the classes in the order of their registration and qualifications. The place of meeting for instruction will be determined by the number of veterans in each location. The veteran's length of service will determine the amount of schooling for which he will be eligible.

Each veteran must fill out form 1950 and if married form 686c, a certified copy of marriage license, a certified copy of service discharge, and if officer, a certified copy of service, and a farm questionnaire. All of the above forms are to be returned to the office of the County School Superintendent, Dickens, Texas. Veterans may secure form 1950, 686c and farm questionnaire from any of the following:

Spur: Walter Labay, vocational agriculture building, Spur school. Bob Weaver, West Texas Utilities. Mrs. Thelma McNutt, O. L. Kelley's office.

Dickens: Charles Taylor, County Agents office. Eloise Crockett, County Superintendents office.

McAdoo: Opal Nickels, Roy Nickels, post office.

Afton: E. R. Ponder, Patton Springs school building. Dan McRae, Patton Springs school building.

Classes will begin as soon as a sufficient number of veterans are approved by the Veterans' Administration for schooling. All instructors in agriculture must be college graduates with at least 27 hours in technical agriculture.

The County School Board will be glad to consider applicants for this school as instructors who are qualified. Instructors will be employed by the County School Board and approved by the State Board of Vocational Education.

A veteran may draw disability benefit and school subsistence but may not draw self employment and unemployment compensations at the time he is enrolled and drawing school subsistence.

The veterans may apply for admission to a school within four years after the war is declared over.

Vows Read For Sharleen Wells and Marshall Formby, Jr., At Seale, Ala.

Miss Sharleen Lucille Wells, daughter of Mr. and Mrs. James Marcus Wells of Seale, Alabama, became the bride of Marshall Clinton Formby, Jr., son of Mr. and Mrs. M. C. Formby, Sr., of McAdoo, in a most beautiful ceremony, performed in the Seale Methodist church, Sunday morning at eleven o'clock, September 8. Rev. Vickers of Hurtsboro, Alabama read the marriage vows.

The church was decorated with a background of palms and similiax. On the altar were seven branched candelabra, flanked on either side with baskets of white gladioli and ferns.

Traditional wedding music was rendered by Mrs. Charlie Dudley, Sr. as the guest assembled "Because" and "Oh, Promise Me," were sung by Mrs. Gertrude Teal. Preceding the entrance of the bridal party.

The bride entering on the arm of her father, who gave her in marriage, was most lovely in a lustrous ivory satin dress, fashioned on princess lines, with the skirt forming into a train. The long fitted sleeves extended into points over the hands and were fastened with tiny satin covered buttons. The veil of bridal illusion, flowed from a tiara of seeded pearls to the center of the skirt.

The handmade dress was first worn by the brides aunt, Mrs. Mack Rogers.

She carried a white satin prayer book, topped with a purple orchid and showered with stephanotis and white satin ribbons. Her only jewelry was a single strand of pearls, the gift from the groom.

Miss Marguerite Johnson of Auburn, Alabama, maid-of-honor, who was the brides only attendant wore a dress of white satin and net and a tiny cap of net and red roses. She wore ear screws which was a gift from the bride.

Flower girls, Misses Melanie and Alice Parkman, daughters of Mr. and Mrs. Lewis Parkman of Seale, wore dresses of white organdie with full skirts and carried baskets of white rose petals. Master Al Johnston of Seale was ring bearer.

Clinton Formby of Lubbock, nephew of the groom, served as best man.

A reception was held at the home of the brides parents following the ceremony. Receiving the guests were, Mr. and Mrs. Wells, Mr. and Mrs. Formby, Miss Marguerite Johnson and Clinton Formby.

The bride's table was overlaid with a white crocheted cloth, made by the brides great aunt, Mrs. Charlie Lee, and centered with a three tiered wedding cake, encircled with ferns and zinnias. White tapers burned at either end of the table. Mrs. Robert Joerg and Mrs. Gertrude Teal presided at the table. Mrs. R. Johnson of Auburn, Alabama presided at the brides book.

The bride is a graduate of Brevard College, North Carolina and the Alabama State college for women. She was employed by the War Department for two years during the war and for the past year she has been doing graduate work at the University of Texas at Austin. While there she worked at Radio House, and was an active member of the Austin branch of the American Association of University Women.

The groom is publisher of the Plainview Tribune, Plainview, Texas. He served as captain in the Engineer Corps four years and spent twenty months in Europe. He is former state senator and a graduate of Texas Tech college at Lubbock. At present he is working toward his masters degree in journalism at the University of Texas.

After the reception, Mr. and Mrs. Formby left for a wedding trip to the Ozark Mountains, on

their return they will resume their studies at the University of Texas at Austin.

Mildred Smith Circle Conducts Business Session

The Mildred Smith Circle of the W. M. S. met Monday afternoon at the home of Mrs. Ed Dozier.

A business session was conducted during which Mrs. Albert Bingham was chosen Circle Chairman. Those rendering part on the program were, Mrs. Hattie Turvan, Mrs. Dozier, Elmer Hagins and Miss May Bell Thornton. Mrs. Turvan spoke on Pearl Vaughn, who is scholarship student of Wayland Baptist College at Plainview, of the Dickens County Association. She also discussed a box that is to be prepared for Buckner Orphans Home in the near future. Those desiring to contribute, either clothing or money, may see Mrs. Turvan or the Circle chairman.

Mrs. C. A. Fagan offered the closing prayer.

Those attending were: Mmes., Hattie Turvan, T. J. Seale, W. M. Hazel, C. A. Fagan, Elmer D.

June Lisenby Complimented Recently With Bridal Shower In Washington, D.C.

Mrs. G. B. Jopling is visiting in Lubbock with her daughter, Mrs. Frank Harvey. Mrs. Harvey will be remembered as the former Mrs. C. R. Edwards. Mrs. Jopling will go from Lubbock to Clovis where she will be guest in the home of her grandson, Mr. and Mrs. Chester Edwards.

Mrs. Fred Jennings and Mrs. Berta Stewart of Sweetwater spent Tuesday in Lubbock where they were shopping and enjoying a day's vacation.

Mr. and Mrs. Dick Shugart of Roswell, New Mexico have been visiting their parents, Mr. and Mrs. W. F. Shugart and have also been guest in the home of Dick's sister, Mr. and Mrs. Roy Arrington and family.

Hagins, Albert Bingham, Miss May Bell Thornton and the hostess.

(Following is from a clipping taken from a Washington paper and sent to us by Mrs. Harvey Holly at our request.)

Miss June Lisenby, daughter of Mrs. Mattie Lisenby, of Washington, D.C., and the late Edd Lisenby, a pioneer family of Spur, was honored with a bridal shower on September 6, in Washington, D.C., by Miss Marguerite Rawalt. Miss Lisenby is the bride of Lt. Humphrey F. Sullivan, of Boston, Massachusetts.

The "Shower umbrella" motif was carried out in the invitations and decorations. The bride-elect was seated under a white and green umbrella canopy to receive an extensive and lovely array of gifts for her home, including beautiful linens, crystal and silver. Festive bridal decorations were in evidence throughout the spacious home of Miss Rawalt. A green, white and yellow color scheme was used again on the table, decorated in excellent taste with gleaming silver service and candelabra and imported porcelains, with a beautiful tiered wedding cake as centerpiece. The charming hostess, assisted by the bride-elect, presided over the table.

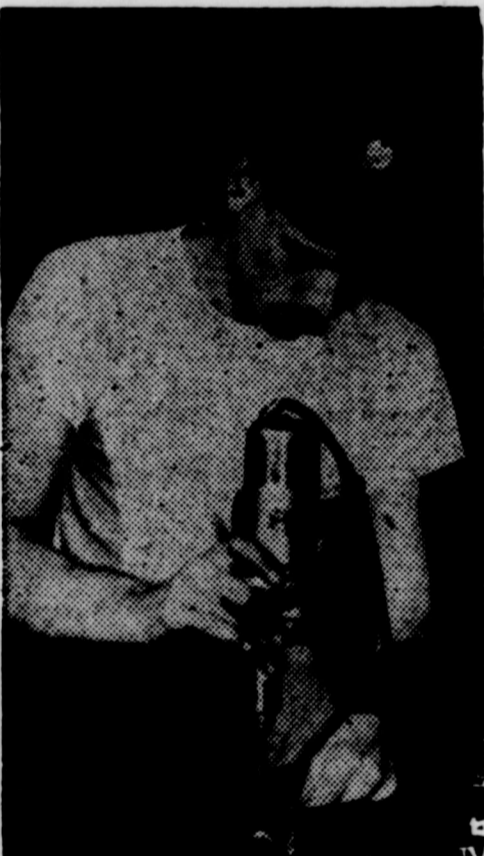

Although the honor guest and the hostess are Texans, the party was cosmopolitan and typical of Washington, where the bride has formed a large coterie of friends from every state in the Union. The guests were principally women who have obtained distinction in the legal profession or who hold executive positions in the Federal Government with whom Miss Lisenby has been associated in her work as Executive Secretary to Miss Rawalt, Special Attorney in the Bureau of Internal Revenue, former president of both the National Association of Women Lawyers and the Federal Bar Association, and holder of an honorary degree of Doctor of Law from Baylor University.

The mother of the bride and her two sisters, Miss Mary Lisenby and Miss Oudia Lisenby were included among the special guests attending this gala event.

Members of the brides professional sorority, Beta Sigma Phi, were also in attendance.

Mr. and Mrs. W. T. Wesson of Riverside, Calif., spent the past weekend as guests in the home of Mrs. M. A. Lea and Mr. and Mrs. Murray Lea and son, Kenneth.

"Doggone, Mrs. Spaniel, you've got a fortune there!"

"Wonder how much, friend Foxhound?"

"I'd say a hundred bucks apiece, charming lady!"

"Flatterer! Why, when my grandpa was a pup, he brought only \$25. That was 20 years ago, of course, but he became a Champion!"

"My good woman, don't you realize how much prices have gone up since then? Look at hamburger, for instance..."

"Oh, Mister, how I'd love to look at hamburger!"

"Stop it—please! My point is that the price of nearly everything has gone way up in the last 20 years. Except electricity. And us dogs don't use electricity. That's unfair. I'm going to raise a howl about it!"

"But we do use electricity in lots of ways. It cooks our food and warms our baths and whisks our spare hairs off the furniture."

"H-m—guess you're right, gorgeous gal. . . . And it'll please you to know that the average family gets twice as much electricity for its money today as it did 20 years ago!"

"Twenty years ago—when Grandpa was a pup—and hamburger was . . . how much did you say hamburger was?"

"I'll have to scratch up the exact figure for you. But now I must run along and pick up a scent. Electricity and I—forgive me—do a great deal of work for a cent. Yip, yip! Good day, Mrs. Spaniel."

Though this story's all fun, its facts are all true. Many things are scarce and expensive these days, but electricity is plentiful and cheap. One reason it's so cheap is because of your wider use—but another big reason is because America's business-managed electric companies constantly seek and find new ways to keep it so.

BAND NEWS

BY LUCY NELL BOOTHE
 Under capable directions of Mr. R. M. Pullis, the Spur school Bands are now off to a good start with 37 very interesting members. We are proud to say that one-half of the members are Jr. High students.

Jr. High beginners are: Carole DeWees-trombone, Collin Roy Reese-trombone, Van Cash-baritone, Bobby Rex George-baritone, Erma Lou Gannon-clarinet and Robert Ensey-cornet.

The uniforms were issued last week as members played from memory, Military Escort and the Alma Mater.

The first two weeks were spent in receiving pieces to be played at football games. Monday the band will start marching and playing at the same time.

Mr. Pullis "will accept no more beginners."

HERE AND THERE WITH THE FACULTY

BY MARGARET WOOD
 The Junior Hi school faculty has many new and a few who are already known to us. Among the new ones are our principal, Mr. Browning, who went to college at Texas Tech at Lubbock, and has been teaching the past two years at O'Briens, Texas.

In our fifth grade department we have Miss Bonnie Campbell, who taught in Borger the last two years. She received her degree from Texas Tech at Lubbock. Miss Peggy Elliott, who taught in Hereford last year, received her degree from West Texas State Teachers College at Canyon, she also holds a masters degree.

The Six grade Teachers are Mrs. McNeill and Mrs. Walker. Mrs. McNeill has been teaching in the Spur Schools the last few years, and received her degree from the University of Illinois. Mrs. Walker was educated at East Texas State Teachers College at Commerce and Baylor University at Waco. The schools have been her "teaching grounds" for several years.

Mrs. Wetzel is the only teacher of the seventh grade. Howard Payne at Brownwood is where she received her college training. This is her first year to teach.

Mrs. North teaches one of the eighth grades. She taught in Clairemont last year. Texas State College for Women at Denton is her Alma Mater.

Mrs. Kelly was one of our teachers here last year, and she received her education at University of Texas, Austin. Texas Tech at Lubbock and A. C. C. at Abilene.

We are very proud of our teachers and know we shall have a successful school year.

TEACHERS LINE-UP

BY ANNETTE LEE
 These are the teachers and what they teach in Spur Jr. Hi school.

In the Fifth Grades you will find Miss Peggy Elliot and Miss Bonnie Campbell doing departmental work. Miss Campbell teaches Geography and Arithmetic. Miss Elliot teaches Language Arts which includes, Reading, Spelling and Language. Her class has already started working on material for National Book Week. They have also started a very interesting museum.

Mrs. A. M. Walker and Mrs. Reese McNeill also do departmental work in the Sixth Grades. Mrs. Walker teaches History, Arithmetic and Geography. Mrs. McNeill teaches Language Arts. I am sure that they will have some very interesting projects.

We have only one Seventh Grade this year. Mrs. Wetzel does departmental work in the Seventh and Eighth grades. She has a class in Penmanship and one in History in the Seventh Grade. She teaches History in both Eighth Grades.

Mrs. North and Mrs. Kelly are doing departmental work in the Eighth Grades. Mrs. Kelly teaches Language Arts. She has some special projects started. Mrs. North teaches Geography and Physical Education. She is going to have some very interesting reports on books about Geography. The principal, Mr. Browning, teaches Seventh and Eighth Grade Arithmetic.

We have a very good faculty and we, the students of Jr. High are proud of the fine jobs our teachers are doing.

JOKES AND JEERS

BY JOYCE DAUGHTRY

1. What's this we hear about Annette and Don Hill? Hear they have quite a case.

2. Someone said they thought Hebert Roberson was awful cute. I wonder who it was.

3. T. F. was seen in the drug store with two fifth grade girls.

4. There are some rumors about Lucy's liking Beryl. I wonder?

5. Jerry and Melba are getting along fine.

6. Don Hindman and Joe Neil James think Joyce's billfold is quite amusing. I wonder why? By the way, they have a lot of fun in fourth period study hall.

7. Collin was sitting in the show with Margaret Saturday.

8. I hear Carolyn Gray and Wayne Smith have broken up.

9. Emma Lena and Joyce are pretty chummy lately.

10. Some boy said he thought Joyce and Dorothy were the best basketball players. I wonder?

11. All the girls began to swoon when they placed Burrell and Thural in 8K.

12. Thural thinks Jane Holloway is pretty cute.

13. The boys all want to know where Joyce kept herself this summer. I wonder?

14. A girl said "Don't you think Billy Hoover makes a cute editor?"

15. Mrs. Conway: "Burrell did you get into that pie while I was gone?"

Burrell: "Not exactly but somehow the pie got in me."

16. Marciel: "Why didn't you wear your new shoes today?"

Jane: "They're so tight I think I'll have to walk around in them a few days before I can get them on."

17. Don: "Mother, why is that patch on your eye?"

Mrs. Hill: "That's no patch, it's my new hat."

18. Mrs. Garner: "Thural have you lost a front tooth?"

Thural: "No I didn't lose it its in my pocket."

SPORTS

Our principal, Mr. Browning of Junior High, said the seventh and eighth would play football one week and basketball the next. Mr. Hawkes the football coach, is helping the students with the games.

The sixth grade is going to play soccer.

The fifth grade are going to have a regular playground supervision.

The Junior High school has two new footballs, three new bats and three balls.

MRS. WALKER'S ACTIVITIES

Mrs. Walker's sixth grade class has been very busy lately. Tuesday when I ask her for the news all the students were busy on a map. She had them draw it in their maps with map colors and History. Some were coloring they were very pretty.

Mrs. Walker's and Mrs. McNeill's six grades have new arithmetic text books in which they are now reviewing.

Mrs. Walker's room is decorated very pretty. In the back hanging on the wall is a large picture of Abraham Lincoln with five American flags over it. She has five flower vases, also.

You may read 6th grade news again September 20th on Friday.

MRS. McNEILL'S 6th GRADE ACTIVITIES

Mrs. McNeill's sixth graders like reading very much. They've been studying about Indians this week. They have studied about their signals in their readers. The name of it is "Blazing Trails". It is a very interesting reader.

They know how to speak correctly in English. They make a complete sentence. Maybe it is because they have just taken up subjects and predicates.

In geography they have drawn a map of South America.

They have a large library in the south corner. Most of the books are from Mrs. North's eighth grade room.

Her students were very cheerful Tuesday afternoon.

EDITORIAL

I am happy to say that we will have a part in the paper this year. The paper will have the same name as it did last year, Junior High Echo.

The staff with the help of the principal, Mr. Browning, and the teachers will try our best to make it a good paper.

Anytime that you would like to put something in the paper we will be glad to do so. We will print the paper every two weeks.

We want to thank Mr. Gray for letting us have a part in the paper, because in this way we learn to write and a lot of other things that we wouldn't have had a chance to do.

8th GRADE ORGANIZES

The 8K class met Friday, Sept. 3, 1946 to elect officers and have its first program. Mrs. Kelley the Language Arts teacher, acted as chairman until a president was elected. Annette Lee was elected president. Jane Holloway, secretary, Myra Ratliff, treasurer, and Billie Boykin reporter.

The club voted to select a name for their club. "The Science Club"

JUNIOR HIGH AND HIGH SCHOOL ASSEMBLY

Wednesday morning, September 7th, Junior High and High school met in the gymnasium for a usual assembly.

The president appointed a Yearbook Committee. Myra Ratliff chairman and Beryl Durham, Bobbie Gallagher, Lucy Boothe and Margaret Wood committee members. The purpose of this committee is to arrange the yearbook programs for the year.

Billie Boykin, reporter, Margaret Wood, Literary Editor.

Rev. Van Zandt spoke and everyone enjoyed it.

Mr. Hays and Mr. Browning introduced the teachers for both schools.

There was a good number of patrons present. We want to welcome them back.

With your help and cooperation we expect to make this the best school year Spur has ever had.

IT'S HARD TO IMAGINE

Spur High without Senior of '46. Basketball fourth period without Jane, Bonnie and Robbye. "Stooges" without Mary Olive. Homemaking without Mrs. Jeffers. Dewie, Deane and James Robert in THIS Senior class. High school with so many boys. So many cute Fish girls. Science Department without Roland and Sherian.

The Rowel

SCANDAL

We've heard Tommy Conway is really rushing our new girl, Mary Ann Liles, but then its also rumored that she didn't mind at all.

Mafai or Mae Toi....confusing isn't it? (in more ways than one.) Why did September 13 have such definite meaning to Jonnie and Mae? A whole year....wow. Poor Bobby....What will he do since Nell is gone?

Did Virginia Ruth ever make Tommy understand about Friday night? Just wondered. We're betting on Virginia.

Have you noticed the beautiful little trinket Mafai wears around her neck? Have she and Joe finally agreed? Now, Dyess, that touchdown was all the encouragement Carolyn needed.

They tell me that Virginia McNeill heart also has gone with the Senior Class of '46...at least with one member.

By the way, why are so many Senior girls considering a post graduate course? Well, the boys do.

Bobbie Stanley is also "a little on the lonely side"....Uncle Sam got her one and only.

Patti Dupree and Kenneth Williams are still managing their affairs in full swing.

Make Ivon Osman tell you who took her to the game Friday night. About Ann and JuDon.....just the same old thing.

What's this we hear about Margie Brashear and her steady guy?

Some guys have tact....others tell the truth.

JOKES

Mac and Homer, on a deer hunting expedition had been roaming around for hours. Darkness was closing in. Finally Homer could stand it no longer.

"We're lost," he declared, "what on earth will we do?" "Keep your shirt on," said Mac, "just shoot a doe and the game warden will be here in nothing flat."

Miss R. Noack: Bill, give me a sentence with an object.

Bill Dyess: Teacher, you are pretty.

Miss Noack: What is the object?

Bill: My report card.

Mr. Cook: Murphey, do you know your alphabet?

Mae Toi: Yes, sir.

Mr. Cook: What letter comes after A?

Mae Toi: All of 'em.

Miss F. Noack: The sentence "My father had money" is in the past tense. Now, Tommy, what tense would you be putting it in to if you changed it to "My father has money"?

Tommy Conway: Pretense.

City boy (looking at windmill): Say, Gramp, that's some electric fan you've got for cooling the cows.

Bobby Gray: Why aren't you singing in church now?

Deane Wright: I missed one Sunday and someone asked if they had fixed the piano.

Mafai was driving along a country road when she noticed a couple of repair men climbing telephone poles.

"Idiots," she exclaimed. "They think I've never driven before."

BAND NEWS

Familiar sounds are again heard coming from the Band room, as the band is preparing for the football season. Uniforms have been issued to thirty-seven members. The only new member this year is Mae Toi Murphey, who comes from Calvert High school. Milton North, Ivon Osman and Margaret Anderson are High school beginners.

The band will put out a lot of hard work the next two weeks in preparation for the marching contest at Childress held on the 26th of this month. If the marching routines are learned they intend to take in the contest and the fair that will be held at the same time.

Friday afternoon at the Pep rally several marches were played by the band. Marches offer a lot of pep to the rallies, but they won't do it all.

There are Clarinets, saxophones, flutes, cornets, trombones, French horns, bass horns, a bassoon, a bell lyre and drums at the game at Haskell. They did not march as they have been learning the marches; they plan to march at the game at Petersburg, however.

EDITORIAL

Do you want a good Rowel this year? Then make it good. If you attend Spur High, the Rowel is YOUR paper. Help support it by supplying interesting bits of news to the reporters or other members of the staff. Everyone contribute. All class and club reporters are automatically members of the Rowel staff and are responsible for the recognition their particular organization gets in our school paper.

I want to express my thanks to the temporary staff who helped me in making this first edition possible. Their work was certainly appreciated.—The Editor.

PEP SQUAD ORGANIZED

The girls in Spur High interested in Pep Club activities met for the first time Friday, September 6, to organize. Mr. Hays explained what was to be expected of a Pep club member and the qualifications necessary. Then try-outs were held for the girls interested in becoming cheer leaders. From this group the girls chose Virginia Shugart and Bobbie Stanley to be the new leaders. Jonnie Deaver and Mafai, who were leaders last season, will automatically be the senior cheer leaders this year.

The girls are to be present and in uniform at all home games in order to be eligible to accompany the football squad to out-of-town games.

The group meet each day for practice and they are already showing great promise. About 43 girls of the 52 members went to Haskell Friday night, September 13, including the leaders. Principal and Mrs. A. Z. Hays are sponsors of the organization.

SONG HIT

Oh, What It Seemed To Be

It was just a neighborhood dance.

That's all

That it was, but oh, what it seemed to be!

It was like a masquerade ball

With costumes and all,

'Cause you were at the dance

with me.

It was just a ride on a train,

that's all that it was, but oh,

what it seemed to be!

It was like a trip to the stars,

To Venus and Mars,

'Cause you were on the train

with me.

And when I kissed you, darling,

It was more than just a thrill

for me;

It was the promise, darling,

Of the things that fate had willed

for me.

It was just a wedding in June,

That's all.

That it was, but oh, what it seemed to be!

It was like a royal affair with

ev'ryone there,

'Cause you said "Yes, I do," to me.

WELCOME TO THE NEW STUDENTS

Many new faces are appearing in the corridors of SHS this year. Besides the large class of Freshmen there are a number of new upper classmen entering Spur High for the first time. To them the faculty and student body extends a cordial welcome with the sincere desire that they will find Spur schools most profitable and enjoyable.

To the Freshmen class as a whole, Spur High says "We're glad to have you."

Jerlene Womack is the only new Sophomore student.

In the Junior class there are Dorris Faubus, Billy Massey, Mae Toi Murphey, Valene Perry.

New Senior students are Bobby Gray and Mary Ann Liles. Into the Senior class also are welcomed Leta Faye Ward and Junior Fry, who are former students of Spur High.

FOOTBALL SEASON OPENS

The 1946 football season for Spur High school opened Friday night September 13 when the Bulldogs defeated the Haskell Indians at Haskell. The final score was 6-7. The victory Friday evening was the first Spur has won over Haskell in three years. Outstanding linemen for Spur were Deane Wright and James Sharp; in the backfield, Bill Dyess and Dewie Watson.

Coach Sam T. Hawkes makes this statement regarding the 1946 ball club.

"They're a fine group of boys with a lot of determination and they'll be hard to beat."

Accompanying the squad to Haskell were the Spur High Band and Pep club. And, besides school support, the city of Spur was well represented at the game.

Friday night, September 20, is an open date for the Bulldogs. The next game will be at Petersburg, September 27.

Miss Jewel Garrett of Grand Prairie and formerly of Spur visited the past week in the home of Mrs. L. W. Langston and was also guest in the home of Mr. and Mrs. Billy Powell. Miss Garrett is now employed by the National Carbon Co. in Dallas.
