Dickens Loses To Knox City In Bi-District Championship Tilt

Six-Man Football Tilt Between District Champs

In a game of sensational and spectacular plays Knox City edged out a split-hair victory over Dickens City in the District game of Six-man Football at Knox City on the new Greyhound Field Friday night. This is the second year that each team has won District Championship, the second year they have met in a spirited contest. Last year the victors in a 20 to 30 count, but the game was not a title game as Dickens met in Flomont in the Bi-District Tilt last season. This game was fought out before an enthusiastic crowd of 1500 fans.

The Greyhounds led the excitement by scoring first with an end-run of twenty or more yards that carried Bobbie Joe Hatfield over. The try for extra point failed. The Owls then retaliated with a marer on a thirty-yard pass, Drennan to Clyde Thompson. This closed the first quarter. Early after the change the Greyhound connected on a pass from Hatfield to Coates. Soon afterward they again scored on a 78 yard return of Billie Sharp's

Court Fails To Find Jury In Dickens County Murder Trial

A.C.A. Farmers Will Elect Officers December 7

The County Agricultural Conservation Association Committee has set Saturday, December 7th as the date on which farmers will vote for 147 community committeemen and county convention delegates, according to Joe M. Rose Chairman. Ballots will be mailed from the county office to every known eligible voter in the county, and will be marked with the letter designating the community in which the producer is eligible to vote, it was explained. Ballots may be cast by placing them in the community box, between the hours of 9:00 a.m. and 5:00 p.m., or by mailing them to the county office on or before December 6, which is the day before election. Community boxes will be as follows:

- For "A" community, (1) McAdoo Mercantile Store, (2) Gin Office at Glenn.
- For "B" community, Afton Cop-Gin.
- For "C" community, County A.A. Office.
- For "D" community, Gin office at Croton.
- For "E" community, REA Office, Spur.

Nominations were formerly made from the floor at community meetings, whereas this year, designated nominating committees selected the candidates, whose names will be found on the ballots. The ballots also provide spaces for "write-in" candidates.

Bulldogs Victory Means Much To Coach Sam Hawkes

COACH SAM HAWKES

Outcome of the Spur-Floydada District Championship Football game this afternoon probably means as much, if not more, to Coach Sam Hawkes than to any other individual interested in the game. The game is the climax to Hawkes' first year as Athletic Coach.

Mild mannered and with a keen personal interest in every boy of his team, Coach Hawkes has attained a remarkable record of efficiency in his work during the football season. He is not the type of person to boast loudly of his accomplishments and to push himself, but in his mild, quiet manner, goes about his job with confidence and dependability.

Retarded in his coaching career by nearly four years service in the Army during World War II, coach of the Spur school is Sam's first position as head coach. Graduating from A. & I. College at Kingsville in 1942, Mr. Hawkes entered service with the Army Airways Communications System and served in the Pacific Theatre. One year ago this week, he boarded ship in Japan for his return home and discharge.

Graduating from Sabinal high school in 1938, Hawkes entered A. & I. that summer. He lettered four years on the college team that in 1940 was the highest scoring team in the nation. He played on the team with Leroy Fry, Agricultural teacher at A.C.C. who in 1938 was the highest scoring individual in the nation.

Spur Team Ready For Decisive Game Of Season

The Spur High School Bulldogs and the Floydada Whirlwinds will tangle this afternoon at 2:15 on the Charles A. Jones Memorial field for the championship title of District 4-A. Both teams will enter the field undefeated in conference play during the entire football season. Both teams will be battling in their toughest and most important game of the season and fans are looking forward to one of the best football games to be played in Spur for many years past.

All the boys of the Spur team are fully conscious of the importance of the game and are ready mentally and physically to tackle the strong Floydada team. No injuries have been sustained by squad members during the past two weeks strenuous training program and Coach Sam Hawkes states that they are in top condition.

Miss Loretta Withers Of Vernon Marries First Lieut. Chas P. Carley In Double Ring Ceremony Last Saturday

FORMER SPUR GIRL, MISS LORETTA WITHERS, and Lieut. Chas. P. Carley married last Saturday afternoon in a double ring ceremony at Vernon.

Miss Loretta Withers of Vernon became the bride of First Lieut. Charles P. Carley of Hazen, Ark., in simple rites performed Saturday afternoon at the Central Christian Church in Vernon, with the minister, Rev. Robert E. Austin, officiating for the double-ring ceremony.

Pre-nuptial wedding music by Mrs. W. L. Wallace, pianist, included "I Love You Truly." She also accompanied R. L. Allston, vocalist, who sang, "Because." Selections played during the ceremony included a medley of "Always," "Laura," and "At Dawning."

As the vows were exchanged, the couple stood beneath a white archway, behind which was a fan-shaped arrangement of greenery. Large baskets of China mums were placed on each side of the altar.

Miss Bernice Dickey, maid-of-honor for the bride wore a street-length frock of pale blue wool jersey. Her accessories were dark brown, and her corsage was of white pom-pom mums.

The bride was attired in a street length dress of dove gray silk crepe, which featured three-quarter length sleeves, a draped bodice, and full skirt. She carried a single white orchid on a satin-covered Bible.

Bob Hardison acted as best man for the groom. Ushers were T. E. Stafford, Jr., and Ernest Howard. Immediately following the ceremony, a reception was held at the Claude Hardison residence on West Wilbarger.

The dining table was covered with a Madeira cloth, and the crystal punch bowl and two-tiered wedding cake were outlined with garlands of greenery and tiny white mums. A large arrangement of China mums in a crystal bowl was placed on the buffet. Other decorations throughout the entertaining rooms emphasized the all-white theme. Mrs. James Stubbs who presided at the punch bowl, was assisted in serving by Miss Mae Belle Riedel and Miss Opal Thomas.

Mrs. Carley, daughter of the late Mrs. A. W. Everett, attended schools at Lubbock and Childresh. Since coming to Vernon in 1941, she has been employed by the Vernon Daily Record and Radio Station KVWC.

Lieutenant Carley, who is the son of Mrs. Bess E. Carley, attended the University of Arkansas at Fayetteville. He entered the Army Air Corps in 1942 and served in the European Theater as pilot of a B-26.

As the couple left on their wedding trip, the bride wore a two-piece suit of pale green wool. Her accessories were of chocolate brown and she wore an orchid corsage.

THANKSGIVING

By Lucy Nell Boothe and Mabel Whitener
The last Thursday in November is set aside in the United States by proclamation of the president and by governors of the various states for a day of thanks to God for his bounty and mercy during the past year.

The first Thanksgiving in America was held by the Pilgrims in Plymouth in the Autumn of 1621. Their first winter in the new country had been difficult, but they survived its cold and wanted to clear, plow and plant their fields in the spring.

They had gratefully watched the growing of their crops during the summer, and in the fall gathered in an abundant harvest. Governor William Bradford decreed that they hold a day of Thanksgiving. The Indians who had taught the colonist to hunt and fish and plant their crops were invited to the feast which followed the religious services in the church.

Other New England colonies adopted the custom of public thanksgiving. It became an annual event after 1680 in the Massachusetts Bay colony. Connecticut held an annual day of thanksgiving, beginning in 1644.

Days of thanksgiving and prayer were frequently recommended during the course of the Revolutionary War, and at the close of the war many of the states continued the custom, though there was no uniformity of date.

George Washington, during his presidency, set aside two special days of thanksgiving, one in 1789 and another in 1795, and President James Madison appointed a day of thanksgiving at the close of the war of 1812. Abraham Lincoln was the first president to name the last Thursday in November, a day of National thanksgiving in

SIXTH GRADE NEWS

By Bobbie Gallagher
The sixth grade boys and girls are doing very nicely. They are pleasing their teachers in their work. They have taken all their six weeks tests.

Mrs. Walker has decorated her room. She has arranged many pretty and educational pictures on the wall. She has also put a large picture of Harry S. Truman in the back of her room with six flags.

Mrs. Rector's room has completed a project entitled "How The Book Grew." "The Knot Book" is first. This way of reading was first used in Asia and South America. Next was the "Notch Stick," this was used by ancient people.

The "Sign Language" is very interesting. They have stories about sign language and stories 1864, and the day has been proclaimed annually by each president since that time.

HISTORICAL ASSOCIATION

November 8th the Historical Association met in Room 1 of the Junior High. Van Cash reported that he had deposited \$16.67 for the Association in the bank.

Carolyn Kelley appointed a committee to investigate the buying of a glass case for the museum.

On the 13th of November the organization met again. A letter was written by L. F. Sheffy,

written in sign language. This was used by the Indians.

They have stories of the first printing press. They also have made a "Papyrus Roll" used in Bible Days. The cope of the Alphabet now compares to the first is very interesting.

Thanksgiving

in the Old Tradition

For our many blessings, we give thanks. Whatever we have aplenty we offer you with bountiful hands. Whatever is lacking we can do without, compensating for its absence with our own good cheer, generous spirit and gratitude for whatever blessings we do enjoy. As the Pilgrim Fathers found it in their hearts to observe the first Thanksgiving on bleak New England shores we who have so much more can certainly say Grace in all sincerity, inspired by the history of our founding fathers' faith.

A Lesson In Conservation

We were sitting on Bill Webster's porch the other night, chatting over a glass of beer—when the talk turns to forest preservation, soil erosion, and other things that affect a farming community.

Judge Cunningham speaks up: "It's all right to worry about conserving our natural resources," he says, "but there's a far bigger problem when it comes to conservation—and that's preserving our democratic way of life, our sense of personal freedom, our respect for one another's rights."

From where I sit, the Judge is right. All America's great resources, our abundant natural wealth, are lost the minute we lose the right to work them as free people in a free land!

Whenever you see or hear of an encroachment on our rights—whether it's the right to free speech, or the right to vote as we see fit, or the right to enjoy a friendly glass of beer in licensed, law-abiding places... watch out!

Joe Marsh

Mr. and Mrs. Truman Gabbart and sons, Keen Bob and Harvey of Corpus Christi spent the past week as guests in the home of Mrs. Gabbart's mother, Mrs. J. C. Keen.

Mr. and Mrs. Max McClure of Odessa spent the past week-end in Spur visiting with friends. Max is now employed in the advertising department of the Odessa American.

John S. Thornton and Miss Georgie Thornton who lives east of Stamford visited the past week in the home of their sister, Miss May Bell Thornton.

I Give You Texas

By Boyce House

Back in the days when, outside the South, the country was almost solidly Republican (in the Coolidge era), Amon Carter was riding on the train with his friend Will Rogers. The cowboy philosopher met another passenger, who had recently made the race for Governor of a Mid-Western state as the Democratic nominee. That day, Will wrote in his Column,

"On the train today, had the pleasure of meeting the man who ran for governor of Iowa on the Democratic ticket. Also on the train were the two men who voted for him."

"tol'able" and 'sorter" and "stomp" whether they're in the dictionary or not.

Mr. and Mrs. George Bennett of the Elton community were in town Saturday shopping with the Spur merchants and visiting with friends.

J. M. North, Jr., editor of the Fort Worth Star-Telegram, speaking of the enthusiasm of anyone who has made up his mind to run for office, said, "If one man asks you to run, you have been solicited; if two ask you, there is a great public demand; and if three ask you, you have been drafted."

He told of an early-day citizen of Fort Worth who ran a boarding-house. This citizen decided to run for mayor and received 11 votes. The ex-candidate put a notice in the paper that of those who voted for him would come by, he would be glad to have them as his guests for Sunday dinner. So many came that it took three hours to feed them all!

Texas sights: A squirrel frisking over a red roof in Austin. East Texas, with its music of mocking-birds and songs of saw-mills. South of Tyler, a village cemetery which, in the spring, is a field of Bluebonnets.

On Friday, November 15, the eighth grade had a program on Book Week.

We entertained the two fifth grades and some of our mothers. Carol DeWees gave a talk on "Why We Have Book Week" and the students of 8K told about our new books. Different people told about our bulletin boards.

Myra Alice Ratliff gave a poem of her own and Margaret Wood told about the "Newberry Medal." The program ended by letting the people walk around the room and look at our work.

JOKES AND JEERS

By Myra Alice Ratliff
'Hello—Oh! Hello Pat, What's cookin'? Yeah, I know it, but did you hear about Bobby Ted Gal lagher know where Pauline McKinney lives? What's that? Barbara Vaughn has another boy friend— Why that's the tenth one this year. Who is it? I bet it's Collin Roy Reese—It Isn't— My Goodness who is it? You don't know,—well that's that. Oh I heard the funniest thing the other day, well Jerry Graves said it, he had to ask Margie Campbell to ask her little sister you know Melba Campbell to tell her "Hello." Isn't that disgusting—you know Annette Lee and Margaret Wood are still looking for a boy friend. I don't believe they are ever going to get one, do you? Lucy Boothe and William North are so funny because they are so timid around each other. but I guess it's best that way. You know that cute girl named Arlene Wilson, well she certainly has a crush on Herbert Robinson. I wonder if he likes her? Things sure do change, don't they—Why last week we had to hold Margie Campbell in her seat when Billy Hoover passed by and now we have to hold Billy when Margie passes. Don't you think Ann and Lynn are cute—why they can catch a freshmans eye, especially Don Thompson's, Thursday afternoon. you know at that football game, Jackie East and Jackie Cloude were saving places at the fence for—guess who—Beverly Wood and Pauletta Karr. I thought Beverly use to like John B. Glover and write regularly, but I guess they are through.

Well, I've got to hang up now. Dad wants to make a long distance call. I don't know why, probably just business.

STATE P.T.A. MEET

Mrs. Edith Durham and Mrs. Oscar McGinty were sent as official delegates by the P.T.A. to the State P.T.A. Convention at Amarillo.

The P.T.A. members were happy to send these delegates as we believe the trip will broaden our knowledge for a more ideal P.T.A. Hazel Bingham substituted for Mrs. Durham for three days last week. The teachers are always glad when Mrs. Bingham comes back to East Ward.

This is a story of a family famous in the Naval history of World War II for the loss of five sons on one ship in a Pacific battle.

Mrs. Melvin Adams underwent a tonsilectomy at the Nichols General Hospital last Thursday and is reported doing nicely.

Miss Jennie Legg returned last week from Lubbock where she had been for the past week visiting with friends.

After a cup of coffee and a few cold oysters they pulled their wet shoes on and went back to roll up the hose and clean up the truck so that it would be ready in case it was needed again during the night. No wonder the people of Spur love this group of men who so faithfully and diligently serve the community. No wonder that Spur has such a favorable fire insurance rating, reflected in low insurance rates.

STAR REJOICES IN ROLE OF UN-FRUSTATED GIRL

In a motion picture period shadowed by a strange series of Psychotic personalities as ever challenged Simund Freud, Dorothy McGuire is mighty glad to get back to portraying a character who is wonderfully free of murky inhibitions and neuroses.

That character is "Claudia," a roll in which Dorothy first gained Broadway fame, and which she is currently playing in "Claudia and David," the new 20th Century-Fox hit based on Rose Frank's famed stories, and which opens Sunday at the Palace Theatre.

Not that the intensely blue-eyed blonde actress hasn't had more than her share of choice rolls—she admits she has been extremely fortunate in getting some of filmdom's juiciest roles and has enjoyed every one of them.

"But it's fun to do a normal girl like 'Claudia' again, after the succession of handicapped girls I've been playing," she explains. "Katy" in "A Tree Grows In Brooklyn," one of Dorothy's finest portrayals, was embittered and tortured by frustrations. In "Enchanted Cottage," Dorothy was so homely, her personality was naturally warped. "The Spiral Staircase" found Dorothy a deaf mute who didn't talk until the end of the picture, while in "Till the End of Time," she was a war widow with a definitely bruised spirit.

"I wouldn't have missed playing one of them for anything," insists Dorothy, "but they were all frustrated females. In 'Claudia and David' I have a home, a husband (played by Robert Young) and a small son. 'Claudia' hasn't a deep-seated frustration in her—just the minor tragedies of wifehood: concern about the illness of her baby; the problem of giving her first dinner party; worry about whether her husband is taking more than a business interest in a beautiful client—that sort of thing.

"'Claudia' does have idiosyncrasies that are sometimes lovable, frequently laughable, and occasionally downright irritating—like the wandering irrelevancies of her mind and speech, her gullibility, her self-assurance and pride about what is probably her most serious fault—her bribing. "Maybe," and here Dorothy McGuire laughed merrily at her own confessions, "I like 'Claudia' because I suspect I'm at least a little like her. And if I must admit I'm anything like any of my screen roles, I'd rather be 'Claudia' than a female with major frustrations."

THE STATE OF TEXAS
TO:

Johnnie Calvin Johnson

GREETINGS: You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 13th day of January, A. D. 1947, at or before 10 o'clock A. M., before the Honorable District Court of Dickens County, at the Court House in Dickens, Texas. Said Plaintiff's petition was filed on the 6th day of Sept., 1946. The file number of said suit being uNo. 1966.

The names of the parties in said suit are: Mary Lee Johnson as Plaintiff, and Johnnie Calvin Johnson as Defendant.

The nature of said suit being substantially as follows, to-wit:

1. Plaintiff alleges that she is now, and has been, an actual bona fide inhabitant of the State of Texas for a period of twelve months next preceding the filing of this petition, and that she has been an actual resident of Dickens County, Texas, where she now resides, for at least six months next preceding the filing of this petition.

The defendant resides in Dallas County, Texas.

2. That the plaintiff and the defendant were married to each other in the year 1928, to which marriage three children were born, two of whom are now under the age of sixteen years, which marriage culminated in a decree of divorce entered in the year 1943. That thereafter, on or about July 3, 1944, plaintiff was induced by defendant to re-marry said defendant, and did so re-marry said defendant on said date, because of the promises made by defendant to plaintiff to provide a home for her and their children, and to treat plaintiff with kindness and consideration in accordance with the marriage vows, but the defendant, unmindful of the rights of plaintiff and of his obligation toward her and their said children, and without their having lived together as man and wife following such remarriage, left plaintiff the day following said remarriage, promising to send money for living expenses while he found a home for them, and has since failed and refused to support this plaintiff and their children, or to provide her with a home, and has been guilty of such excesses, cruel treatment and outrages practiced by him towards the plaintiff as to render their further living together as man and wife insupportable; that plaintiff and defendant have not lived together as husband and wife since such remarriage, but such marriage relation still exists and the plaintiff here sues for divorce upon the grounds set forth above.

3. Plaintiff shows to the Court that there are two minor children of plaintiff's first marriage to defendant residing with her, their names being Horace D. Johnson, aged 13 years, and Judy Jane

Fire Department
Commended For
Efficient Work

Dear Editor:

I was an invited guest at the oyster supper for the Spur Fire Boys on last Wednesday night given at the light plant. About mid-way of the meal the fire alarm sounded and the word came that it was the Spur Laundry and Cleaners. The big fire truck, fully equipped, was standing at the door. In less time than it has taken you to read this truck with twenty of Spur's best young men aboard was rounding the corner on the way to the fire.

Three members of the Fire Department, with over twenty years active service and who had just relinquished their active participation to younger men who had just returned from war service, remained to take care of the supper table. I wish that the people of Spur could have had the opportunity that I had listening to the discussion of events from the time that the first wheel cart was brought to Spur to the present time.

After a lapse of about two hours the fire boys started straggling in, one and two at a time, drenched from head to foot, removed the soggy shoes, rung water from their socks, and put their red chilled feet to the fire. It was a different group of men altogether from those who sat at the table earlier in the evening.

Johnson, aged 5 years; that plaintiff is a proper person to care for and have custody of said children; that the defendant is employed and is earning a good salary and income, and is well able to pay the sum of \$40.00 per month for the support of said children, which amount plaintiff says is just, reasonable and necessary for their support.

4. Plaintiff shows to the Court that there are no property rights involved in this suit.

WHEREFORE, the premises considered, the plaintiff prays that the defendant be cited to appear and answer herein and that upon trial hereof she have judgement dissolving the bonds of matrimony now existing between the plaintiff and the defendant; that plaintiff be awarded the care and custody of said minor children above named; that the defendant be required to pay the sum of \$40.00 per month for the support of said minor children above named until the further order of the Court, and for such other and further relief, general or special, either in law or in equity, to which she may be justly entitled under the facts presents to the Court.

Issued this the 26th day of November, 1946.

Given under my hand and seal of said Court at office in Dickens, Texas, this the 26th day of November A. D., 1946.
