### Pioneer Dickens County Residents Die In Arizona

Mrs. Birdie (Harkey) Conner, former resident of Spur died at her home in Phoenix, Arizona on March 8th, according to reports received here this week. Her husband J. B. J. B. Conner was one of the early cowboys on the Old Spur Ranch and known as the Espula Land & Cattle Company, later purchased by S. M. Swenson & Sons and then termed the Swenson ranch. Mr. Conner came to Spur on the day of its opening in 1909 and operated the first Wagon Yard and Feed Store in Spur and later was elected as Sheriff of Dickens county. He served as Sheriff of the county for four years.

Mrs. Conner was the daughter of the late Tom G. Harkey. She was reared in Dickens during her childhood, when Dickens was the only town in the county.

Mr. and Mrs. Conner were lifelong friends of Mr. and Mrs. J. B. Morrison who live southwest of Spur and visited in their home several days about two years ago. They have many other old-time friends in this section.

C. Warren of Matador addressed members of the Spur Lions Club at the regular weekly meeting of the club held at Spur Inn at noon Tuesday. Mr. Warren discussed the process of how lands of the State of Texas have been handed down through the past few generations and how large ranch-owners have accumulated large sections of land in the state. He discussed the history of titles ranging back to the Spanish ownership and how the Republic of Texas and later the State of Texas made land grants to settlers of the country.

The program was very informative and one of the most interesting talks that has been presented before the club in recent weeks.

### High Pressure Homer To Be Presented By Spur Seniors

The Seniors of Spur have announced that by special arrangement with Samuel French of New York City, they have procured the rights to Bruce Brandon's latest and gayest comedy, entitled "High Pressure Homer." This is a comedy of family life and it is to be given on March 21 at Spur High School Auditorium. The cast which was selected has been rehearsing diligently under the direction of our sponsors, Mrs. Hays and Mrs. Labay and the Speech Director Miss Noach.

Good plays for amateur players are difficult to find and that is why this play was snapped up for local presentation as soon as it was read. If you've never attended a "laugh fest" here is your opportunity because "High Pressure Homer" is just that—a clean, entertaining and screamingly funny comedy that has broken attendance records everywhere. It is a fine study of American life attacked from a new viewpoint. The play is replete with funny situations and sayings that will be quoted all over town the following day. The entire Woodruff family in whose house the action of the play takes place are given to mad pranks that are so amusing to an audience, and judging by the rehearsals this is going to be the best performance ever offered by a local group. It's a play for the entire family, so get your seats early and have a bright and merry evening.

Don't forget—March 21—8:00 p.m.—Spur High School Auditorium. The price is cheap so come on out.

## FFA AND 4-H CLUB LIVESTOCK SHOW TO BE HELD HERE APRIL 12

### Nearly \$1,000.00 In Prizes Will Be Awarded

More than 250 animals will be exhibited in the Dickens County FFA and 4-H Club Fat Stock Show to be held in Spur on Saturday, April 12. The large number of animals to be shown will include fat steers, fat hogs, gilts, sows and litters, fat lambs, Jersey heifers, Jersey cows and horses. The show is expected to be one of the largest and best

attended events of its kind ever held in the county.

Grand Champion steer of the show will draw a \$50 premium. Reserve Champion will take a \$25.00 premium, Grand Champion Fat barrow will receive a \$15.00 prize and the reserve champion will be awarded \$7.50. This is believed to be the largest premium list ever assembled for a local FFA and 4-H club show and surpasses most similar shows of much larger places. The total prize list will approach \$1,000.00, according to those in charge of the event. The show committee proudly boasts the fact that the over-all premium awards are greater in the Dickens county show than are the awards in a nearby 30-county district show.

C. E. Fisher, general superintendent of the show, reports everything in readiness for the biggest show yet to be held in the county. Among those helping with arrangements are: Paul Marion will serve as superintendent of the beef cattle and dairy cattle division and will be assisted by E. R. Ponder and Adrian Rickels, David McAteer will be superintendent of the Hog and Sheep divisions and will be assisted by Horace Woods and Joe Rose. J. L. Koonsman will be superintendent of the Horse Parade and will be assisted by V. L. Graves, H. V. Jackson and Horace Cage.

All boys and girls eligible to compete in the horse division are asked to register with either of the following: Chas. Taylor, Dickens; E. R. Ponder, Afton; or Walter Labay of Spur. Those failing to register with either of the above men may register with J. L. Koonsman on Saturday, April 12 by 10:00 o'clock.

Hogs may be brought to the show on Friday afternoon and the show management will provide a night watchman in order to eliminate the need of boys having to stay with their animals over night. Steers should be brought early Saturday morning. All fat animals must be weighed and weight slips turned into the superintendents of the respective departments. Fat hogs will be weighed at Farmers Gin and fat steers will be weighed at McArthur's Barn.

The public is invited to participate in the parade that will precede the show. Exhibitors of steers are asked to parade their steers, but this is not compulsory, according to the show management. The parade committee is anxious for local business firms to participate in the parade and are asked to contact J. L. Koonsman.

## SIDELIGHTS FROM WASHINGTON

By GEORGE MALON

When the Secretary of Agriculture announced last week that the cotton crop insurance program was out of money, I got in touch with the Director of the Crop Insurance Corporation and other officials with the hope of being helpful to West Texas cotton growers who had participated in the program. Mr. Gus Geissler, Manager of the Corporation, explained that on account of heavy losses, funds to redeem the certificates of those who participated in last year's program had been exhausted. Of those entitled to collect on their 1946 cotton insurance, 45 per cent remain unpaid. To make these additional payments, it is estimated that a total of 18 million dollars will be required. Mr. Geissler says that a Congressional appropriation of this amount will be necessary before outstanding certificates can be honored. The Corporation will continue to accept certificates, but checks will not be issued until further funds are available.

Growers have entered into contracts with the Government and they have a right to expect payment. The future of the program is uncertain, but it is unthinkable to me that Congress would refuse to appropriate the money to liquidate this outstanding indebtedness, and that is the position I am taking in my efforts here.

The Republican Party is not greatly concerned about the southern cotton producer, and in view of the Republican leadership in the House and Senate, there will be difficulty in getting prompt action. However, most people with whom I have conferred agree that the necessary money will eventually be forthcoming. Action should be taken and the uncertainty removed as soon as possible.

The theory of crop insurance is good, but I have never felt that a workable program has been devised. I think nearly all cotton growers share that feeling. Indeed, not more than 11 per cent of the nation's cotton farmers have thought well enough of the cotton insurance program offered them on any given year to participate in it.

The hope has been that with

experience, a workable formula would eventually be hit upon. But in view of recent developments, the whole future of cotton crop insurance is more uncertain than ever.

There is a brief history of the program. By act of Congress, the cotton insurance program was placed in operation in 1942 and 1943. It was then eliminated, but new legislation started the program in operation in 1944. The complaint was made that the venture was a losing proposition for the Government and that cotton producers were not interested in it, figures being cited to show the small percentage of farmers who participated. Nevertheless, both political parties at their National Conventions had endorsed crop insurance and, after several attempts, a new crop insurance law was enacted.

Financially the cotton crop insurance program has always been a losing proposition for the government, ranging from a net loss of over 4 million dollars in 1942 to an estimated loss of 38 mil-

on dollars for the crop year of 1946.

As stated, not more than an average of 11 per cent of the nation's cotton farms have ever been insured for any one crop year. However, the Texas coverage in 1946 was 28 per cent and the West Texas coverage was much heavier.

West Texas cotton producers

The 19th Congressional District has collected, or will collect a net of several million dollars. The coverage ranges from 95 per cent of the cotton farms in several of the counties to no insurance at all in two counties. The coverage in Dickens County was reported to be 6 per cent.

## International Harvester announces \$20,000,000 price reductions

We believe there is nothing more important to this country than to lower the prices of the goods that people buy.

The American people have insisted that the government withdraw from its attempts to control prices in peacetime. That places the responsibility where it belongs—in the hands of business and industry. Not all business can reduce prices now. Not all can reduce by the same amount.

Our company has felt a duty to act as promptly as possible. In our case, the business outlook now makes it possible to move toward the goal of lower prices. The only way out of the vicious circle of higher and higher prices is to break through.

We have taken this step not because of present competitive conditions nor because of a drop in demand from customers. We have taken it because of our belief that ANY PRICE IS TOO HIGH IF IT CAN BE REDUCED.

These reductions, which will save the users of our products approximately \$20,000,000 a year, will become effective before April 1, and will apply to a selected list of tractor, farm machine, motor truck, and industrial power products. Since we lose money on a few of our products, and barely break even on some others, these reductions will not apply to our entire line. Reductions will be made individually on products. Some will be cut more than others. Exact details will be announced as soon as possible.

Our ability to maintain this lower level of prices will depend in part on what happens to the prices and flow of materials that we buy from others. Because we believe price reduction is vital, we are willing to assume the risks that are involved.

prices had not gone up as much or as fast as many others

Here are Average Price Increases since 1941

All Manufactured Products (U. S. Government Reports)	63.7%
Metals and Metal Products (U. S. Government Reports)	41.2%
Motor Trucks	35%
Industrial Power Products	34%
Farm Machines	25%

These benefits to customers will depend, too, on uninterrupted production at reasonable wage levels. This is not a program that can be carried out if it is hampered by strikes or work stoppages.

Our employees have had substantial increases in pay, and wage questions are currently being discussed with many of the unions with which we deal. Stockholders have recently had an increase in dividend rate. Having considered the interests of these two groups, we are now making these price reductions for the benefit of the third group—our customers.

Business, to our way of thinking, has a social as well as an economic responsibility. This company has long followed the policy of operating in the interests of three groups—its customers, its employees and its stockholders. The duty of the management is to see that equal justice is done as between the three groups.

This price reduction program is another demonstration of our policy in action.

### BAND SPONSORED GAME IS THRILLER-DILLER

Margaret D'Laine Wood

Thursday night, the crowd which packed the local gym witnessed the most exciting basketball game of the decade with the "Flying Tigers" outclassing the local girls team with a score of 30-31. The game was truly what everyone said it would be and twice as hilarious, and those who failed to see it missed the laugh of a life time. The famed un-practiced "Flying Tigers" played the game with the greatest of ease.

The game was broadcasted by Bonnie (Speechless) Campbell over station PEW, with Mrs. Florence McNeill assisting as radio technician.

The band led by Mai Toi Murphy furnished entertainment of music and yells. Miss "Flo" Noack, Mrs. "Peppy" Labay and Mrs. "Shorty" North, the "Yellingest gals" in town led the rooting section.

In the opening seconds of the game, R. M. Pullis "flipped" the

ball into the basket for the first of the many scores for the "Tigers", who displayed professional technique, with only a few exceptions. Cook, attired in beautiful feminine attire slightly forgot rules of the game, and dribbled across the court, giving the girls team five free shots, but before these were completed, R. M. Pullis made away with the ball and played a game of pitch with Sam Hawkes, who was watching in a ruffled pinafore. Browning, who played a good game except for tripping his guards, made several goals.

He was garbed in black bloomers, as was A. Z. Hays who also displayed dazzling new-type makeup. Pullis who wore a red dress and white pantaloons, was "put off" the court for stepping on the girls toes.

Reese McNeill wore a beautiful flowered dress with a lovely little hat on top of "golden curls." Oscar Kelley was dashing with billowy bloomers and a pink blouse and snood. He wore gorgeous red ear clips. Van North (The Blue Norther) wearing an apron had a most wonderful hair-do, one braid on top of his head and one hanging down. Surely if any talent scout were around they would have whisked the lovely ladies off to Hollywood.

The fans rose with shouts of applause when the band played the favorite selection of the evening, "Prairie Jump." During the quarters and half, the Shugart and Henry duet sang special advertising rhymes. Both spectators and players spent a hilarious evening.

**"Home" Theme Of 1933 Study Club Program Thursday**

The 1933 Study Club had as their theme "Home" when they met Tuesday afternoon in the home of Mrs. J. C. Payne on the West outskirts of town. Mrs. Everett McArthur was leader for the afternoon program. Each guest answered roll call by telling something about "Games In The Home." Mrs. Abbingham gave an interesting discussion on "A Boy's View of the Home." ABC of Decorating was

given most interestingly by Mrs. John Criswell. Mrs. J. C. Payne, who was elected as delegate to the district convention at Childress on Wednesday, will give her report to the club at the next meeting. Angel Food cake and the "much talked about" Payne ice cream were served to the following members: Mesdames Abbingham, C. N. Gilbert, C. F. Cook, Chap Reese, C. H. McCully, Everett McArthur, J. L. Koonsman, O. R. Cloude, John Criswell, Billy Bob Saxon and Lela Evans.

**FAMOUS VIOLINIST TO RETURN TO LUBBOCK**

Rubinoff and his violin are coming back. By popular demand, the famous music master is to be returned to Lubbock by the Junior Chamber of Commerce for another concert Saturday night, March 22, at the Senior High school auditorium, it was announced today by Louis Murfee, Jr., Jaycee promotion chairman. The return engagement has been set because hundreds had to be turned away at his concert here last week and because many people, particularly those living out of the city, were unable to attend because of bad weather. An estimated 1,500 persons packed the auditorium, then, and apparently were well pleased with Rubinoff's mixture of artistry and showmanship. Tickets on sale at the Woody Tire company and Lubbock High school Saturday. The prices are \$2.40 for reserved seats and \$1.80 for general admission. Mail orders may be addressed to the Lubbock Junior Chamber of Commerce, Box 723, Lubbock.

**Billy Hoover**

At the close of the declamation try-outs last Wednesday, Emma Lena Simpson, a student of the seventh grade expressed "thanks" and appreciation for the help and instruction Mrs. O. M. McGinty has given the boys and girls of Junior High toward "Better Speech."

Dorothy Williams of 8N gave tribute to Mrs. B. F. Hale, Mrs. Paige Gollihar and Mrs. John Clements for their able assistance in judging the contest.

The Junior High Echo desires to "echo" these words of appreciation to these four women and it cannot better express it than to say "When one wants a job well done, he can find just the right person in Spur, Texas."

**CONGRATULATIONS!**

**SCHOOL CENSUS ENUMERATION UNDERWAY**

The annual school census enumeration in the county began March 1 and will continue throughout the month, according to a statement made by C. F. Cook, superintendent of the Spur schools.

All children from 6 to 18 years, inclusive, will be included in the enumeration, whether they are in school at present or not. It is hoped that all parents will cooperate in enumerating their children, since there is a possibility that the state legislature will raise the per capita apportionment to a high of \$55.

If that is the case, every child

missed in the school census will mean \$55 lost to that school district. With the present high cost, every district in the county needs all the school money to which they are entitled.

Every child who will be six years of age before September 1, 1947 should be enumerated. It is asked that all parents give their childrens ages correctly. All children six years of age will be checked as for correct birthdays, according to Mr. Cook.

Alton Chapman, district judge for the 110th Judicial District who makes his home in Floydada was a business visitor in Spur last week. Alton is a former Spur resident and has many friends in Spur and Dickens county.

Reddy Kilowatt doesn't come to you direct from our large generating stations. It takes lots of briefing and screenings to send him to you as a useful household servant.

In order for him to do work so economical, it is necessary to generate power and energy for him in vast quantities and at voltages far too high for any commercial or residential use.

From Reddy Kilowatt's birth of energy in power stations, to transmission lines, to substations, to the wires to your home, it takes "know-how" for him to economically and efficiently deliver at half the wages he was paid even 20 years ago.

And he is always Reddy.

### Mrs. Lassetter Hostess To Dry Lake H. D. Club

The Dry Lake Home Demonstration Club met in the home of Mrs. E. J. Lassetter Wednesday, March 12.

The hostess served as program leader and discussed "Music in Our Club." Roll call was answered by a favorite vegetable recipe.

Mrs. Archer Powell gave a demonstration on "The Preservation of Foods for Cold Storage." For best results use both cellophane and card board cartons in preparing foods for the locker. Seal to keep out moisture as well as air. Meats are also best wrapped in a wax paper before the final wrapper," said Mrs. Powell.

Mrs. Herman Messer won game

prize and Mrs. Joe Kidd drew the lucky package.

The highlight for the afternoon was a surprise shower of gifts, presented to Mrs. Mildred (Calvert) Morris, to take to her new home in Japan. Mildred expects to sail from the West Coast this month to join her husband in Tokyo.

Mrs. Lassetter served a delightful plate of tuna salad Ritz crackers, crushed pineapple cream pie, and Sanka to the following members: Mesdames W. M. Calvert, Joe Kidd, I. J. McMahan, Herman Messer and daughters, Freddie Morris, Jeff Smith, Archer Powell and Mrs. Jess Owens, a new member of the club.

The six members absent were greatly missed. Providing the flu is not still raging, the next meeting will be with Mrs. Coy Dopson, March 26 at 2 p.m.

Mrs. Oland Meinert and son returned to their home in Spur the last of the week after visiting with Mrs. Meinert's parents in Childress.

George Gabriel is unable to be at his place of business this week, being confined to his home because of illness.

**Do Men Like Women?**  
Maybe you read that recent article in a national magazine, claiming that American men don't really like the company of women. They just put them up on a pedestal and leave them there.  
But I wouldn't say that that was so in our town. Look at any married couple—like the Cuppers. Jane wouldn't nag if Dee spent his evenings "with the boys"—but actually Dee likes nothing better than to stay home by the fire, sharing a glass of beer with Jane, playing cribbage, or just talking.  
And when he does go out, for an afternoon of fishing down at Seward's Creek, or for an evening glass of beer at Andy Botkin's Garden Tavern, Jane is almost always with him (except when she's got a spot of baking in the oven).  
From where I sit, respect doesn't rule out everyday companionship... and never should. They go together—essential parts of a successful marriage.

### Cotton Continues To Climb On Southwest Markets

Hogs fell, while cattle and lambs lost ground at some markets last week according to the Production & Marketing Administration, U. S. Department of Agriculture. Some vegetables weakened, too, but other southwest farm products held steady to strong.

Grains emerged strong from another week of wide fluctuations with net gains of mostly 5 to 25 cents. No. 1 hard wheat closed Friday at \$3 per bushel, bulk, carlot, at Fort Worth and Galveston; and corn \$2.03 for No. 2 white, and \$1.91 for No. 2 yellow. Sorghums rose to \$3.03 to \$3.08 per hundred pounds.

Continued good demand for eggs and poultry held prices firm. Week's egg prices averaged 36 cents per dozen at Amarillo and San Antonio; 36 1-2 to 37 1-2 at Denver; 41 at Shreveport and Houston; and 37 1-2 to 38 1-2 at Fort Worth, Dallas, and New Orleans.

Cattle ruled generally steady to strong for the week at Texas markets, but most slaughter classes dropped unevenly lower at Oklahoma City and Denver. Week's bulk of common to medium steers and yearlings brought \$12 to \$17 at Houston; while low to average medium kinds moved at \$17 to \$19 at San Antonio. Medium and good slaughter steers and yearlings turned at \$17 to \$23.50 at Fort Worth; \$18.50 to \$23.50 at Oklahoma City; \$18.50 to \$22.50 at Wichita; and \$18.50 to \$24.60 at Denver.

Hog prices slumped during the week to levels mostly 50 cents to a dollar or more lower. Top prices for the week were \$26 at San Antonio; \$26.75 at Fort Worth; \$27.75 at Oklahoma City; \$27.85 at Wichita; and \$28.25 at Denver.

Slaughter lambs held steady at San Antonio and Wichita, but eased off mostly 25 to 50 cents at other southwest markets. Ewes gained strength at Oklahoma City, Wichita, and Denver. Medium shorn goats brought \$6.50 to \$6.75 at San Antonio. Spot cotton climbed another \$3.50 per bale last week, although markets saw less activity. Offerings appeared adequate to satisfy demand.

### Atomic Power—For Healing

PITTSBURGH, Pa.—Business end of the wizard-like, new cyclotron at the University of Pittsburgh, which will harness atomic forces for the peacetime use of mankind in medical research. Already experimented with in treating cancer and leukemia, the cyclotron is considered to have greater healing possibilities than the X-ray and to open vast, unexplored fields to medical progress. Technician shows with pointer the poles of huge 100-ton electromagnet, between which atomic forces are brought into play. Circular tanks hold cyclotron oil to dissipate heat in 18 miles of copper wire coiled about magnet.

### WALLACE BEERY AND DEAN STOCKWELL SHARE HONORS IN "THE MIGHTY MCGURK"

MGM chose wisely in assigning Wallace Beery to the title role of its new action drama, "The Mighty McGurk," showing Sunday and Monday on the Palace screen, for the role of the blustering, beer-drinking former champ is made to order for the talents of the robust Beery.

McGurk's life is beset by enough trials to make even a less staunch hero turn to the battle for strength and solace. He is hounded by his saloon-owning boss, Glenson, to appropriate the property of the Salvation Army even though it means ruining the career of his former protege, Johnny Burden. He is tormented by Mamie, his lady friend of years standing, who wants him to make something of himself. He is made the unwilling foster parent of Nipper, a lovable orphaned youngster, and is torn between the youngster's love and the decision to hand him over to an unscrupulous guardian for the sake of a reward.

In the end, the good forces triumph over the bad and McGurk swings his mighty punch to the side of the salvationists, makes his peace with the relentless Mamie, and with the latter makes a home for the hero-worshipping little Nipper, all of which events are concluded to the accompaniment of two-fisted action, bountiful laughs and unflagging interest.

The picture offers a feast of compelling characterizations, with Beery and the superb child actor of "Green Years" fame, Dean Stockwell, holding first place as the reluctant foster parent and the child who adores him. Edward Arnold turns to villainy in the role of the racketeering Glenson, and Aline MacMahon is excellent as the determined Mamie. Cameron Mitchell as Johnny Burden, Dorothy Patrick, Aubrey Mather and Morris Ankrum are others who stand out in a forceful cast.

### I Give You Texas

By Boyce House

Uncle Zeb says, "Why don't other folks stay at home so I can get a hotel room when I travel?"

Sen. Grady Hazelwood of Amarillo proposes a constitutional amendment making House members' terms four years. But the best way to keep officials responsive to the people is to require 'em to go back to the people pretty often.

The Senator's amendment prohibits legislators from receiving anything of value for voting for or against any legislation. That's against the law now, isn't it—or is it?

His amendment would give each legislator a salary of \$4,000 a year and would prohibit a lawmaker from practicing before a state department—but apparently a legislator could still take what is sometimes called a "fee" from somebody whose business is affected by proposed legislation.

Getting around over the State: You remember the tune about the music goes in here and comes out there? Saw a stove in a filling station in Luling that reminds me of the tune. Three sections of old-fashioned stove pipe are laid one on top of the other and connected by elbows and that heat goes in at one end, wanders all around and comes out at the other. Looks like a Rube Goldberg invention—but it works.

Near Jacksonville is the rather oddly-named Simpson's Dining Car Orchard—11,000 peach trees. In LaGrange, two grand old oaks stood in the street, so they just ran the paving around them. Incidentally, the winding highway as one enters LaGrange from the south is most picturesque and gives a beautiful view of the town below.

M. H. Butler of Girard was in town Saturday, trading with the Spur merchants. Mr. Butler paid the Texas Spur office a visit while here and renewed his subscription for another year.
