YOUTH PARTICIPATING IN SUMMER RECREATIONAL PROGRAM

Coach Hawkes Gets Program Underway For Summer

Coach Sam Hawkes started off the Spur youth program with a full program last week that has brought out many children and is promised to grow even wider in scope as the program progresses.

This week three films have been shown several times to a good crowd of youths. The films were entitled "Playground U. S. A." which was shown three times, "Feathered Shafts," a picture on archery, that was shown twice, and "Battling Stars of Baseball," which was shown two times.

Activities for the week have included, playground activities including ping pong, badminton, boxing, baseball, softball, volleyball, basketball, tennis and croquet.

Schedule of activities for next week include:

Girls 6 through 8 years, playground activities in the parks, from 9:30 until 11 a.m. Parents of these children are urged to impress upon them that they must stay in the parks and not go into the streets. Boys age 6 through 10 will meet in the gym each morning at 9:30 for basketball, tennis, ping pong, croquet and badminton.

Boys ages 11 and up and girls 9 and up, will meet at the gym at 3:30 each day for tennis, volleyball, baseball, ping pong, croquet, softball and badminton. Boys, ages 11 and 12, are urged to bring their baseball gloves each day.

Other activities that are being planned for the near future includes free swimming in the municipal swimming pool. Coach Hawkes and other leaders of the youth program are negotiating with city officials to obtain use of the local swimming pool for the youth program. The pool will be paid for from funds contributed to the cause and swimming will be free to youths during certain hours of the day. Parents are being urged to arrange their children's swims, when they go on their own, for after 5 p.m. in order not to interfere with other activities of the recreation program.

The youth program has been in operation here for the past two weeks and during that time considerable interest has been shown among youths of the community as well as other citizens. The Rotary and Lions clubs have both recently inaugurated youth programs and Coach Sam Hawkes is contributing his time to carrying out the program during the summer months. The Lions club last week erected swings and merry-go-rounds in two of the local parks and these units have been kept in almost constant use since that time.

The construction of tennis courts, volleyball courts and other recreational facilities is being planned and is expected to be underway in the next few weeks.

Asphalt Topping To Be Started On Street Project

The street paving project in Spur is progressing with most of the streets almost ready for asphalt, according to Chas. C. Terry, contractor. Leveling and grading work has been carried on during the past few weeks and asphalt shooting is expected to be started by this week-end.

The street paving project includes hard-surfacing of two streets running north and south, east of Burlington and several streets east and west crossing main street. The project now in progress will also include a final seal-coat on streets paved last summer.

Betty Barnett Elected To Honor Society At ACC

One of the honor organizations for women on the campus of Abilene Christian College is the W Club. This club elects to its membership advanced students in the college who have a record of service to the school and their fellow students.

Elected to membership to this club this year is Betty Barnett, daughter of Mr. and Mrs. Floyd Barnett of Spur, Texas. Betty Barnett is a senior student in Abilene Christian College.

CECIL ESTEP ACCIDENT VICTIM WHILE COMBINING

Cecil Estep was the victim of an accident Wednesday afternoon when a combine crank flew out and hit him in the face, knocking out several teeth and cutting his upper lip. Last report was that he was feeling better.

Mr. and Mrs. Forrest Carr of Lubbock have been recent guests in the home of Mr. and Mrs. W. W. Pickens.

WATER WELL BEING DRILLED TO AUGMENT CITY SUPPLY

Capacity Of City System To Reach Million Gallons

An additional water well to augment the present city water supply is now being drilled north of the city and is expected to be put into production within about thirty days, according to James H. Cowan, City Engineer. Drilling was started last week.

The production from the new well is expected to double the water capacity of the local system over the 500,000 gallon per day capacity of last year. With the recent addition of a sand trap and booster pumps being added to the system, the present water capacity is 720,000 gallons per day and the new well is expected to increase this volume to 1,000,000 gallons per day. Mr. Cowan stated.

The city water supply is now

coming from three wells north of town. The new well will be tied into the present lines and the supply from the four combined wells is expected to reach the million gallon mark. The million gallon-per day capacity is expected to afford sufficient water for local consumption and for adequate fire protection.

Routing Combines For Big Harvest Big A&M Task

COLLEGE STATION — Over 100 million bushels of Texas wheat... most of it ready for harvest now... is providing a tough test for the farm labor program of the Texas A&M College Extension Service.

FAST-MOVING MECHANICAL HOE

Because he always thought there was an easier way to chop cotton than by hand with a hoe, Riley Dabbs, Monroe County, Miss., farmer and sawmill operator, began work four years ago on this mechanical cotton chopper. Getting its first test on Cotton Belt farms this season, the chopper reputedly can thin 30 acres of young cotton at a cost of \$7 for the day's operations.

Graduates Of Girard High School Make Educational Tour

The Senior class of Girard, under the supervision of Mr. and Mrs. G. W. Kennemer left Monday morning May 26th by way of Floydada, Plainview, Amarillo, and Raton Pass, New Mexico over into Colorado Springs, Colorado. They visited Seven Falls, Pike's Peak, Helen Hunt Jackson's grave and other scenic spots there, and the state museum and Capitol building in Denver. They made the snow-capped St. Vrain and Big Thompson drives over to Loveland, Colorado and crossed over into Wyoming, passed over the Continental Divide, and received some publicity through the "Sunday Miner" in Rock Springs, Wyoming. They went through Pinedale, Wyoming (the furthest town in the United States from a railroad), drove through the Hoback Canyon, Teton National Forest, gazed upon the beautiful snow-capped Teton Mountains, and viewed Jenny Lake in Teton National Park.

They entered Yellowstone National Park at the south entrance, found cabins at Old Faithful, and had the thrill of seeing Old Faithful erupt several times as well as a number of other geysers in this area. They viewed the beautiful Morning Glory, Gem, and Emerald pools; the Fountain Paint Pots, Firehole River, Firehole Lake, Tower Falls, Artist and Inspiration Points in the Grand Canyon of the Yellowstone, drove twenty-one miles along the shore of Yellowstone Lake, passed over Mt. Washburn an elevation of 10,317 feet, and left the Park through the west entrance into Montana, came down through Idaho and Utah. They stopped in Salt Lake City, Utah and visited the Capitol building, the Mormon Tabernacle, the Great Salt Lake, but was too cold for a dip in the water where you "can't sink" and listened to a lecture given by Brigham Young's granddaughter.

They visited the Grand Canyon National Park in Arizona, drove through the Painted Desert, observed the Cliff Dweller and other Navajo Indians who lived in round mud and rock huts, crossed the Continental Divide again and stopped a while in Albuquerque, New Mexico. As a climax to this tour, they enjoyed a trip through the Carlsbad Caverns and returned to Girard June 7th.

The Senior Class wishes to express their appreciation and gratitude for the splendid co-operation of the Girard School Board, patrons, and each individual who helped make this trip possible.

READ THE WANT-ADS

Dickens Legion Hut Ready For Furniture

The Dickens American Legion hut has been completed and is now ready for furniture to be added, according to Jake Varnell, official of the post. The organization is willing to accept any used furniture that may be donated to the use of the Legion Post and all donations will be greatly appreciated. Mr. Varnell emphasized.

Lounges, divans, chairs, hocks, tables and other furniture suitable for furnishing the native stone building, will be acceptable by members of the post. The building will need considerable furniture and any donations will be picked up by legion members in Dickens, Spur or any other part of the community, it was pointed out. Even if the furniture needs repairing the legion members will gladly do this work.

The American Legion hut is of native stone construction and is situated on a hillside overlooking the city of Dickens. The building was built entirely by members of the post.

Those desiring to donate furniture for use in the American Legion hut are asked to contact Jake Varnell, John Sharp or W. K. Street.

Girl Scout Summer Activities

On June 16th Girl Scout leaders and various members of activity committees met at Mrs. Henshaw's home and made plans for outdoor activities for Girl Scouts and Brownies. All Girls who are eligible for these events and wish to enjoy the activities from June 23rd to June 26th should be registered with their leaders or with Mrs. Leland Wilson. Miss Ida Mae McClure, the area representative will be in Spur during this time and on Friday, June 20th to culminate plans for the program.

Parents or other adult workers will be on hand each day to supervise these activities. Plans are being made for much wholesome fun as well as profitable instruction. The girls are excited. (Continued on Back Page)

Girl Scouts Of Troop 1 Meet At Henshaw Home

Girl Scout of Troop 1 met in the yard of the E. B. Henshaw home recently and a short business session was held.

Shirley Henshaw was elected as treasurer to fill the place left vacant by Janie Carlisle, who has a leave of absence for the summer. Dues were collected and the roll was called.

Mrs. Henshaw gave instructions on how to make Sit-Upons for the Day Camp and various games were played. The five songs which the Scouts must know for Day Camp were reviewed, after which Taps were sung.

HUGE WHEAT CROP MOVES OUT OF SPUR AS HARVESTING STARTS

Dickens To Play Memphis In Night Game Saturday

The Dickens baseball team will play Memphis on Saturday, June 21 at Memphis in a night game that promises an interesting one. The game will start at 8:30 Saturday night.

Memphis has a strong baseball team and have had only two defeats in the Red River Valley league and the Dickens team has had two defeats in the Caprock league.

Baseball fans from the county are urged to go along with the Dickens team to attend the night game at Memphis.

Last week in the caprock league, Turkey defeated Dickens 13-8; Spur defeated Afton, Jayton defeated Croton and Roaring Springs beat Midway.

Standing teams in the caprock league follows:
TEAM— Played Won Lost Pct.
Turkey 6 5 1 833
Roaring Springs 5 4 1 800
Dickens 6 4 2 667
Spur 6 4 2 667
Jayton 5 3 2 600
Midway 6 2 4 333
Croton 6 1 5 167
Afton 6 0 6 000

Additional Engine To Be Installed By City Light Plant

An additional Fairbanks-Morse diesel engine will be installed in the Spur Municipal power plant in the near future, according to James H. Cowan, City Engineer. The engine is an addition to the present system and will give a greater current output from the local plant. Mr. Cowan stated.

The engine was purchased about a year ago and delivery will be made in the near future. Concrete foundations have been poured in the light plant on which the big engine will be mounted.

Junior W. Pickens is spending a short vacation here in the home of his parents, Mr. and Mrs. W. W. Pickens. He is a student at Abilene Christian College at Abilene, where he will resume his studies in a few days.

NEW FIRE HOSE AFFORDS GREATER PROTECTION IN COMBATING FIRES

Trailing Fire Truck Endangers Lives; Hampers Dept.

An additional 500 feet of fire hose was recently purchased by the Spur Volunteer Fire department, which enables hose lines to be run for a distance of two

C. L. LINDSEY FAMILY MOVE HERE FROM LUBBOCK

Mr. and Mrs. C. L. Lindsey and family moved here last week from Lubbock where they have lived for the past 14 years. They recently purchased the old Farmer farm from Oscar Killian, where they will make their home.

Mr. and Mrs. Lindsey have five children, four boys and one girl. Two boys will be with them here. One 12 years of age and the other 15 years of age. Their daughter, who is a checker for Furr Food at Lubbock, recently won second place in a contest at the Supper Club in Lubbock, to select "Miss Lubbock."

MILAM ATTENDS MEETING OF DOLL MANUFACTURERS

T. E. Milam was in Dallas last week attending a meeting of doll manufacturers. He purchased dolls for the Milam's store here and also the Milam's store of Lubbock. He left Spur Sunday and returned Thursday from the Dallas meeting.

READ THE WANT-ADS

62 Cars Of Bumper Wheat Crop Are Shipped From Spur

Approximately 120,000 bushels of wheat have been harvested in the Spur community and late Wednesday a total of 62 cars had been shipped from the local elevators. Harvesting has been underway in full swing during the past week and Monday a trainload of 17 cars of wheat were moved from the yards here, according to J. R. McNeill, manager of the Kimbell Milling Company. The 17 car train load Monday was believed the biggest trainload of wheat ever to be shipped out of Spur.

Saturday a total of 24,000 bushels were loaded here and 22,000 bushels were loaded Sunday.

The local elevators have a daily loading capacity of approximately 20 cars and thus far railroad cars for transporting the wheat have been available here, Mr. McNeill stated. The huge storage tanks of the local company have a storage capacity of about 20 cars and these have been kept empty by the steady flow. If cars are available during the rest of the harvest, the elevators here will take care of the tremendous harvest in good style.

Wheat is being harvested throughout the area and hundreds of combines are employed in the big job. Several combines are at work in almost every field of the area and it is estimated that harvesting is nearing the half-way mark. Harvesting on the plains will be started in the next few days and much of this wheat will be brought to Spur for shipping.

The elevator here plans to have adequate cars for shipping the plains wheat that comes through here and handling facilities will be ready to take care of loading operations.

Present prices of wheat here was \$1.85 per bushel Wednesday and the estimated crop is expected to total approximately a half million dollars in this community.

Average yield being harvested is estimated at approximately 16 to 17 bushels per acre. Some of the crops are yielding 20 to 40 bushels per acre, but other places where the stand was not good, yield is light.

and one-half blocks from two trucks, according to G. W. Grimes, Fire Chief.

The addition of the new hose affords greater efficiency in combating fires and also gives greater protection to citizens, it was pointed out. The old fire truck of the department was recently completely overhauled, including the pumping mechanism, the motor and other mechanical parts.

The truck now is in as good condition as when new, Chief Grimes stated. This truck and the newer truck with a 150-gallon booster tank gives Spur fire-fighting equipment that will compare favorably with most cities of much larger size.

With the remodeled equipment, the new hose and the truck and equipment used in the past, the local department can lay a total of seven hose lines from both trucks to combat fire, it was pointed out.

The Spur Volunteer Fire department has established an enviable record for efficiency and dependability in combating fires and the organization deserves the complete co-operation of every citizen. Chief Grimes pointed out this week that one of the major hazards that hamper local firemen in their work, is the practice of following the fire truck and to park cars in the vicinity of a fire, thus hampering operations and in many cases even endangering firemen. He is appealing to citizens to co-operate by not following the truck and to stay well away from a fire to give firemen plenty of room in their work.

AFTON

By Billie Galloway

The 1946-47 edition of "The Ranger" was received at Patton Springs Friday.

Most of these year books have been paid for, but due to the fact that they were late in arriving, some of the books are still unclaimed. The price of the book is \$1.75 plus the \$1.00 deposit, paid earlier in the year.

The Patton Springs Senior class left Saturday, June 14 on their senior trip. Various points of interest in New Mexico and Old Mexico will be visited. The class visited Carlsbad Cavern, last year on their Junior trip.

SHIRLEY POWELL-DAVID HULL MARRIED IN SAN ANGELO, JUNE 7

In a simple home setting, Miss Shirley Glynn Powell, daughter of Mr. and Mrs. Charlie D. Powell, 2420 West Avenue J, San Angelo, Texas, and former Spur residents, became the bride of Henry David Hull, son of Mr. and Mrs. H. G. Hull of Monahans, Texas, and also former Spur residents.

The Rev. James Leavell, pastor of the First Baptist church at San Angelo performed the double-ring ceremony, Saturday afternoon, June 7 at 1:30 o'clock.

Baskets of woodwardia fern, roses and yellow cannas decorated the home.

The bride, was attired in a

white eyelet, two-piece dress, fashioned with high neck, double-breasted and fishtailed coat. She wore a crownless hat with flowers attached to long brown ribbon streamers. Her accessories were white and she wore a large purple orchid. For something borrowed, a ruby ring, 32 years old, belonging to her mother. She also wore a penny in her shoe for good luck.

Miss Charlese Powell, sister of the bride, was the only attendant. She wore a blue eyelet dress, identical to that of the bride, her corsage was of gar-

denias.

A reception was held immediately after the ceremony in the home of the bride's parents. The large wedding cake was topped with a lace-arch over a miniature bride and groom.

The couple left for Colorado Springs where they will spend their honeymoon.

The bride is a graduate of Spur High school and was employed by the Spur Security Bank, here before moving to Abilene with her parents.

The groom is also a graduate of Spur High school and recently returned from three years of Navy service.

Mr. and Mrs. Hull will be at home at Monahans where he is connected with his father in the commercial printing business.

Miss Doris Arthur of Lubbock spent the past week-end here as guest of her parents, Mr. and Mrs. O. C. Arthur.

"Advance-Design" Chevrolet Trucks Make Bow

The trucks that will bring true postwar design to the highways of America, Chevrolet's new "advance-design" line of commercial vehicles, will be introduced to the trucking industry June 28 by Chevrolet dealers across the country. Incorporating a variety of new features that assure greater operating efficiency, load-carrying ability and highway safety, the new trucks are said to be more rugged and durable than ever before. First units were built in Chevrolet's Janesville (Wis.) assembly plant, and were appropriately hailed. Here the "Queen of America's Dairyland," Miss Betty Gene Gardner, Ridgeway, Wis., christens the new vehicle as Gov. Oscar Rennebohm, Wisconsin's chief executive (right), and R. W. Podlesak, Janesville plant manager, look on.

Texas Editors Eat Turkey Steaks

AMARILLO, TEXAS, June 19.—Texas Editors in annual convention in this Panhandle City lunched here today on turkey steaks, a new taste treat, which is in the process of development in order to make turkey a year round instead of a seasonal delicacy. The editors, members of the Texas Press Association and the Texas Newspaper Publishers Association were guests at a luncheon at the Amarillo hotel.

Arrangements for the turkey steak luncheon were made by Ralph E. Jones, president of the National Turkey Federation, and C. S. Pryor, manager of the Amarillo Hotel. Shown above is Mrs. Oswald Wolf of the Alvin East Produce Co., of Austin, who processed the steaks.

Turkey steaks are boneless and there is no waste. The steak was developed by Texas A & M College, the Luling Foundation, and officers of the National and Texas turkey federations.

Emma Joyner To Be Secretary At At Abilene Church

Miss Emma Joyner, who has been secretary of the First Baptist church at Sweetwater for the past two and one half years, has resigned effective July 1 to become records secretary of the First Baptist church, Abilene. She will assume her new duties on July 15.

Miss Joyner, who is a graduate of Hartin-Simmons University, is the daughter of the late Rev. C. R. Joyner, who served the Spur Baptist church, before he died here in February, 1942. Mrs. Joyner has lived in Sweetwater since the Rev. Mr. Joyner's death and will move with her daughter to Abilene.

Miss Joyner taught in the Spur schools while living here and has taught in the elementary schools at Sweetwater for the past five and a half years. In addition to being church secretary she has been pianist at the Sweetwater church, a place which she filled all during her school teaching years.

MRS. HAZEL YOUNG RETURNS TO SPUR TO MAKE HOME

Mrs. Hazel Young and daughters, Jonanna and Dixie Carole returned to Spur last week from Hamlin where they have made their home for the past several months. Mrs. Young will be employed at Proctor's.

M-Sgt. and Mrs. Larry Boothe spent the week-end here as guests in the home of Sgt. Boothe's father. Mr. and Mrs. Homer Boothe, Sgt. and Mrs. Boothe are now making their home in Lubbock where Sgt. Boothe is connected with the United States Recruiting office there.

E. A. GILCREASE FAMILY VACATIONING IN NEW MEXICO

Mr. and Mrs. R. A. Gilcrease and children left the early part of the week for Santa Fe, New Mexico where they will vacation for about a week or ten days.

Mrs. Minyard Ensey of Odessa is guest in the home of her brother, Mr. and Mrs. Archer Powell and family of the Dry Lake community.

From where I sit... by Joe Marsh

Can't Break His Good Habits!

Bert Childers was saying, it's funny how so many of our wartime habits stick with us.

Bert likes plenty of butter on his bread, but even now he can't get over spreading it like it was scarce as hen's teeth. And as a war-worker, Bert used to stick to a temperate glass of beer on time off; and he still holds fast to beer and moderation.

Same way with Bert's wife. She not only has no trouble saving used fats, and waste paper. She's learned from wartime necessity to

save every single thing that might possibly be used again.

From where I sit, it's mighty good that so many of these common-sense habits like thrift and moderation have stayed with us. Because they belong in America—along with tolerance, and mutual respect for one another's rights. They're habits that have helped to

this country strong and only and free.

Joe Marsh

If properly managed, lespedeza seeded on Texas pasture land will thrive and produce forage for many years.

W. C. Garrett Family Reunion Held At Borger Early This Month

Meeting at the ranch home of Mr. and Mrs. Jake Murphee, two miles east of Borger, the family of W. C. Garrett held its first reunion the week-end of June 6-7- and 8th since Christmas in 1918. W. C. (Clint) Garrett is one of Dickens County's oldest settlers. Born in Arkansas on December 14, 1859, he went to Palo Pinto county when just a lad.

There he married Melinda Jones in 1885 and they left immediately in a covered wagon for West Texas, arriving in the Espuela community that year. They decided to settle there. The next year they moved to the Red Mud community, and lived there until 1892. That year Mr. Garrett decided to go to Oklahoma for the opening of the Cherokee Strip. Camping a few miles from the

starting line, he planned to be there for the starting gun at sunrise. During the night one of his horses broke its hobbles and it was nine o'clock before he arrived the next morning. He turned back and filed on land 12 miles west of Spur. In March 1900 Mrs. Garrett passed away. Except for six years in New Mexico, he lived on this place until 1942. Selling the place that year and with a son, Jim, moved to Floydada and is now making his home there.

With the exception of his hearing, he is quite active for his 87 years and enjoys good health and reads without the aid of glasses. Mr. Garrett's oldest daughter passed away in 1907. The other five children were present for the reunion. They are: Mrs. Walter Stephenson, Jim Garrett, Walter Garrett, Mrs. Jake Murphee, and Mrs. Forrest Martin.

Relatives present for the reunion were: Mrs. Walter Stephenson, Mrs. Montie McCoy and Patsy Roebena of McAdoo; Mr. and Mrs. Kermit Stanley, and Maurice; and Mr. and Mrs. Barney Watts and Louann of Paducah; Mrs. Mabel Warren of Baird; Mr. and Mrs. Jim Garrett of Floydada; Mr. and Mrs. Quill Pierce of Crosbyton; Walter Garrett and Cline, Viven Henderson and Donnie, and Mr. and Mrs. Jerry Howard of Portales, New Mexico; Mr. and Mrs. D. J. Cole and Cherylene of Clovis, New Mexico; Mr. and Mrs. Forrest Martin, Mrs. Cecil Estep, David, Don, and Gerry, Mrs. Jim Watt, Ross and Sahron of Spur; Mr. and Mrs. Harry Martin, Harry Bob, Melinda, and Mike of Dickens, Mr. and Mrs. Forrest Martin, Jr., and children, Sandra, Sheila, and Shelly of Morton; and the hosts and hostesses, Mr. and Mrs. Jake Murphee and Mr. and Mrs. Jonathan Nunn of Borger.

THAT PARTY TOUCH

It's a wonderful dress-up cotton for a summer Sunday lunch or cocktail party that comes in Lonsdale's villabon stripe—stark white with clear bright stripes in red, green, aqua or black.

Dr. Robert Stevenson Guest Professor At College of Mines

Courses in Band Music, Orchestration and Band Scoring, and Music Literature is being offered this summer at the College of Mines and Metallurgy at El Paso.

The music department is fortunate in acquiring the services of Dr. Robert Stevenson as a guest professor this summer. He is a graduate from this college and from the Juillard School of Music in New York. After Juillard, he went on to get his M.M. at Yale. This very ambitious young composer and pianist also received a doctorate at the University of Rochester and did post-graduate work at the Eastman School of Music. After a short teaching career with the University of Texas he was awarded the B.S.Th. at Harvard. He is now professor of music at Westminster Choir College at Princeton, New Jersey.

Stevenson received the Oliver Diston prize of \$2,000 at Yale and the \$750 Baier prize awarded at Columbia University. Columbia awarded him the \$900 Bears prize for the "La Frontera" suite which had its first performance on February 17. Among the outstanding teachers with whom he has studied are Streinsky and Hanson, composition, and Hutcheson and Schnabel, piano.

G. A. GIRLS HOLD REGULAR MEETING MONDAY

The G. A. Girls met last Monday afternoon in the basement of the First Baptist church.

Scriptures were read and plans were made for the summer camp. Mrs. J. P. Legg offered a closing prayer.

Sgt. George H. Bollen and Sgt. Larry Boothe of the United States Recruiting office at Lubbock were in Spur last week attending to official business here.

Mr. and Mrs. John Blanton, Mrs. Lonnie Blanton and Barbara and Billy of Upland, California arrived last Thursday to spend a few days visiting relatives at Elton and Dickens. While here they visited Mrs. Rose Williams at Dickens. Mr. and Mrs. Bunch Williams and Mr. and Mrs. Tab Williams. They left Monday to visit other places in Texas before returning to their home in California.

W. H. Bateman returned recently to Glenn from Hot Springs, New Mexico where he and Mrs. Mrs. Bateman have been since January. Mrs. Bateman is at Carlsbad, New Mexico where she will remain for awhile.

Wedding Date Of Marie Whitwell And Bill Laine Told At Tea

Mrs. Myrtle Whitwell announced the approaching marriage of her daughter, Marie, at a tea, given in the home of Mrs. Orville Cloude, sister of the bride-elect, Sunday afternoon, June 15.

Decorations in the receiving rooms carried out a blue and white motif, centering around the mantle on which were placed a miniature bride and groom, standing before a tiny church. Blue streamers from a mirror were inscribed with "Marie and Bill, June 22". Blue candles illuminated the scene. White flowers were used throughout the receiving rooms.

Miss Betty Weaver, chosen by the bride-elect to be her maid-of-honor, presided at the hand-painted bride's book, which served as a register for the seventy guests who called.

Mrs. W. R. Weaver assisted by Mrs. Homer Whitwell of Lub-

bock, presided at the lace covered table, beautifully decorated with an arrangement of blue and white flowers and candles. Appointments were of crystal. A dainty plate of cookies and punch were served and blue and white mint further carried out the blue and white theme. Margaret D-Laine and Beverly Wood assisted in the dining room.

Misses Ann Hull and Joyce Williams offered piano selections throughout the calling hours.

Others in the house party besides Mrs. Whitwell, the honoree, Marie, and her sister, Mrs. Cloude, were Mrs. John Martin of Abilene, sister of the bride-elect; Mrs. J. R. Laine, mother of the groom-elect and his sister, Mrs. Horace Wood.

The marriage ceremony will be solemnized Sunday, June 22 at 7 p.m. at the First Methodist church.

A. B. Lancaster of Wheeler County visited with Mr. and Mrs. C. A. Pagan here last Thursday and Friday.

Mrs. J. H. Voss of Wheeler county and her daughter and son-in-law, Mr. and Mrs. J. A. Littleton of Earth visited Sunday with Mr. and Mrs. C. A. Pagan here.

Although some of the qualities of cotton can be reproduced in other fibers, there is no other fiber, natural or synthetic, which can substitute for cotton in all its uses.

Former Fluvanna Resident Dies In San Marcos

Mrs. J. L. Snellings, 95-year-old sister of Mrs. L. J. Peek of Spur and aunt of S. B. Goodrich, died at the home of her son in San Marcos on June 1. Funeral services were held at the Rogers-Pennington Chapel in San Marcos Monday afternoon June 2 at 5:30 o'clock, the Reverend J. Kelly Neal officiating.

The remains were carried overland Tuesday, June 3, to Fluvanna near Snyder, where interment was made at 3 p.m., the Rev. M. W. Clark, pastor of the Methodist church of Fluvanna officiating.

Mrs. Snellings had resided in San Marcos for the past eight years, and was preceded in death by her husband who died in 1916, from injuries received when thrown from a horse on their ranch near Fluvanna. She was a life-long member of the Presbyterian church.

The deceased is survived by Dr. Snellings, of San Marcos, one daughter, Mrs. E. T. Young, Huntington, Ore., and a sister, Mrs. L. J. Peek of Spur. She also had several grandchildren and eight great grandchildren.

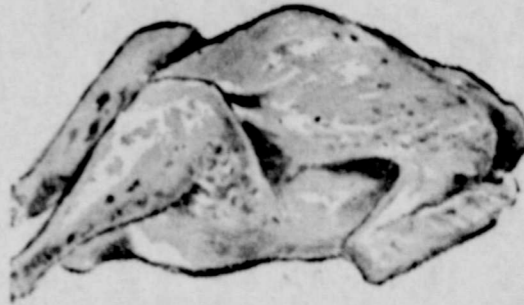

Pallbearers were Wallace Jones, John Staveley, Mert Jones, Roy Reeder, Jess Bley, and Fowler Mathis of Fluvanna.

**Announcement Made
Of Marriage Of
Miss Evelyn Pickens**

Announcement is being made of the marriage on June 7 of Miss Julia Evelyn Pickens, daughter of Mr. and Mrs. W. W. Pickens of Spur to Mr. James Farquharson of Los Angeles, Calif.

The marriage vows were read at the First Methodist Church at Las Vegas, Nevada.

Mrs. Farquharson has been a teacher in the Crane, Texas schools for the past two years and was re-elected for the coming year.

Mr. and Mrs. Farquharson will make their home at 912 1/2 West 9th Street, Los Angeles, California.

**UNITED JOIN PATSY
ARRINGTON AND BOB
SUDDERTH AT CHURCH**

In an impressive ceremony performed at twilight, Wednesday evening, June 11 at the First Methodist church in Spur, Miss Patsy Ruth Arrington, daughter of Mr. and Mrs. Roy M. Arrington, exchanged marriage vows with Bob Sudderth, son of Mr. and Mrs. Ray Sudderth of Farwell, Texas. Officiant was Rev. Lester L. Hill, pastor of the Spur Methodist church.

The service was read before a background of greenery interspersed with tall baskets of white gladioli. Cathedral candles burned in candelabra. Wedding music was presented by Miss Virginia Ruth Shugart, cousin of the bride, who sang "Because" accompanied by Mrs. Rex Alexander who played traditional wedding marches.

Given in marriage by her father, the bride wore a white slipper satin gown. The bodice was closely molded, designed with a yoke of illusion. The full skirt swept into a graceful train and the long sleeves tapered to petal points over her hands. Her bridal veil of French illusion fell in myriad tiers from a satin Mary Stewart headdress. White curled gladioli entwined with satin streamers topped the white Bible she carried, which was carried by her sister-in-law, Mrs. Victor Arrington at her wedding. She wore a single strand of pearls, belonging to her sister, for something borrowed, and a pair of blue garters for the traditional something blue and a dime in her shoe for luck.

Mrs. Dean McInroe of Roaring Springs who attended her sister as matron of honor, was attired in a pale pink marquisette dress, fashioned with tight bodice and full three-tiered skirt. She carried a mixed colonial bouquet. As bridesmaids, Miss Phyllis Reno of Phillips was attired in pale blue, Miss Tillie Hill of Spur, wore pale pink and Miss Marjorie Osborn of Midland wore a pale green dress. They each carried a colonial

**Vurl Hinsons Host
To Music Students
And Friends**

Friday Evening, June 13, a group of music students of Mrs. J. E. Berry met in the home of Mr. and Mrs. Vurl Hinson in the Patton Springs community and rendered the following program.

Music of all Nations story was enacted by Glenda Dobkins playing, Brahms' Lullaby; Billie Galloway, Russian Rhapsody Tchaikowsky; Peggy Beth Koonsman, The Chinese Snow-scene, David Hughes, a Chinese song; Sidney Carol Roberts, Sombrero Spanish Dance; Phyllis Thannisch, The Fox Hunt; Dianne Harris, Arkansas Traveler, Thompson Arrangement; Sylvia Hinson, The Campbells are Coming; Ann Norris, a Dutch Dance; Wanda Faye Rasperry, The Polish Dance.

The following program was rendered:

Evening Bells, Swinging Along — Ann Norris
Starlight Waltz, Bird's Call in the Woods — Sylvia Hinson
Waltz Op 12 No. 2 Grieg — Dianne Harris
Fairies Harp, Spring Song — Phyllis Thannisch
Elevator, Pet Shop — Glenda Dobkins
O Sole Mio, Nobody Knows — Peggy Beth Koonsman
Aragonaise — Jules Massenet — Billie Galloway
Dancing Doll — Poldini — Ann McAuley (pupil of Ernestine Berry)
Piano Solo — Sidney Carol Roberts

Punch and cookies were served by Mr. and Mrs. Hinson assisted by Mrs. Curt Goodwin.

**MR. AND MRS. N. J. ROGERS
ENTERTAIN GUESTS**

Sunday, June 8, was an enjoyable occasion for a number of relatives and friends who met in the home of Mr. and Mrs. N. J. Rogers of Dickens.

A most delicious buffet dinner was served during the noon hour, after which kodaking was enjoyed during the afternoon.

Those enjoying the day were: Mr. and Mrs. Elmer Bilberry and Ona Gayle of Conway, Arkansas; Mr. and Mrs. John Walker and children; Mr. and Mrs. Jarrett and children of Floydada; Mr. and Mrs. Bernice Bilberry and baby of Dickens and Mr. and Mrs. Rogers.

bouquet.

Vernon E. Symcox of Farwell served as best man. Ushers were Arlon Loveless and John Loveless of Farwell and Charlie Arrington.

For her daughter's wedding, Mrs. Arrington chose an aqua crepe dress with black accessories and wore a pink carnation corsage. The mother of the groom was attired in a grey crepe dress with black accessories. Her corsage was of purple asters.

Immediately following the ceremony, a reception was held at the home. White roses were the main decor. The lace covered table was centered with an arrangement of roses, and a three-tiered wedding cake topped with a miniature bride and groom and the cut glass punch bowl were presided over by the three bridesmaids.

For going away, the bride chose a blue linen two-piece dress, touched with pink which was fashioned with a three-quarter jacket. Her accessories were white and she wore a white curled gladioli corsage.

Mrs. Sudderth, who was born and reared in Dickens county is a graduate of Spur High school and was a sophomore at Texas Technological college at Lubbock where she was a member of Las Chaparritas social club.

Mr. Suderth is a graduate of Farwell High school and served one year in the Navy and since his discharge, he attended the fall semester at Texas Tech.

The couple left for a wedding trip to Ruidoso, New Mexico and will be at home at Farwell, Texas where Mr. Sudderth is associated with his father in wheat farming.

Guests from out of town attending the wedding were: Mr. and Mrs. Arlon Hartzog of Floydada, Mrs. Allen Moore and Mrs. Gene Moore of McCamey, Mrs. Winnie Loveless and Mrs. Murle Clements of Farwell.

**Ewell Buckners
Complimented With
Gift Party**

Mr. and Mrs. Ewell Buckner, Jr., of Lubbock were complimented Saturday evening, June 14 with a gift party in the McAdoo School auditorium.

After the many lovely gifts were viewed, games of "42" were played and refreshments of cookies and punch were served.

Mrs. Buckner, an English girl, only arrived in the states recently. She and Mr. Buckner were married in England September 12, 1945 and he was sent

back to the States in February. Mrs. Buckner was unable to arrange passage until May of this year. She left London, England and arrived in Fort Worth, Texas only 20 hours after her departure from London. She arrived here May 17.

Milk production per cow in the United States for 1947 is likely to set a new record for the third consecutive year, according to USDA's Production and Marketing Administration.

**4-H's Adopt New
Slogan To Improve
Rural Life In U. S.**

"Improve Rural Life by Making Home Surroundings More Comfortable, Convenient and Attractive."

That's the slogan of rural youth taking part in the 1947 National 4-H Home Grounds Beautification awards program. The activity is conducted under the direction of the Extension Service in Texas and 41 other states. Its purposes is to encourage 4-H'ers to make and keep home surroundings attractive by correctly planting and caring for lawns, flowers, shrubs and trees; removing unsightly objects from yards, and painting buildings and fences.

As incentives for superior home-landscaping records, merit awards are donated by Mrs. Charles R. Walgreen, Chicago, for the tenth consecutive year. Awards comprise silver medals, gold watches and Chicago 4-H Club Congress trips, on county, state and national levels, respectively.

Last year, county winners were named in Castro, Comal, Fort Bend, Frio, Grimes, Hall, Hardeman, Harris, Howard, Jones Moore, Nolan, Somervell, Wood, Cameron Camp and Sabine counties.

The state winner in 1946 was Floyd Thomas Terrell of Plainview.

County extension agents will provide information and suggestions for carrying on this activity and helping 4-H members in reaching its objectives.

DAIRY FARMERS SALUTED—June is dairy month in Texas by official proclamation of Gov. Beauford H. Jester. The proclamation is a tribute to 338,000 dairy farmers in Texas who own 1,400,000 milch cows, valued at \$150,000,000 and which produced four and one-half billion pounds of milk in 1946 with a net value of \$160,000,000. During the past 29 years Texas has advanced from twentieth to eighth place in value of dairy products.

With Gov. Jester, seated, when the proclamation was issued were, left to right, Henry Moeller of San Antonio, state chairman for dairy month; Mayor Wendell Mayes of Brownwood; Mayor R. J. Kroeger of Harlingen; milk producer Hardy N. Hay of Route 2, Waco; State Health Officer Dr. George W. Cox of Austin; Bryan Blalock, of Marshall, president of Texas Dairy Products Institute; and milk producer H. S. Barton of Buda.

Twenty Dairy Herd Improvement Associations are operating in Texas now, involving 8,213 dairy cows.

Cotton Insect Situation In Texas

Boll weevils remain in low numbers in the lower Rio Grande Valley and Coastal Bend area, but are causing damage in Victoria, Jackson and Wharton counties of the Upper Coastal area and in some fields of Madison county in the Trinity River bottom of East Texas.

Flea hoppers have increased in most of the coastal counties during the week. These insects are transferring from horsemint to cotton. A still further increase may be expected as the horsemint matures and ceases to be attractive to the flea hopper.

No leaf worms have been reported to date.

Lower Rio Grande Valley—Early planted cotton is fruiting heavily and cotton insect infestations are generally light. Of 411 fields inspected only 7 had weevil infestations above 10 per cent. Five were in Cameron and 2 in Starr County.

Coastal Bend Area—Weevil infestations averaged 4 per cent in Kleberg, Duval, Nueces, San Patricio and Jim Wells Counties. The numbers of flea hoppers found per 100 terminals in these counties were: Kleberg 5, Duval 21, Nueces 9, San Patricio 5 and Jim Wells 20.

Upper Coastal Area—Weevil infestations averaged 19 per cent in 15 fields of Victoria, Jackson and Wharton Counties. Two fields in Victoria were between 25 and 50 per cent, and 1 field in Wharton was above 50 per cent. Flea hoppers increased during the week from an average of 13 per 100 terminals to 20 with a high increase noted in Calhoun County. It is recommended that growers in this area inspect their fields often and that heavily infested fields be dusted as soon as possible with 5 per cent DDT-sulphur.

Central Texas—Grasshoppers continue abundant in some of the river bottom fields. Weevils remain low. Flea hoppers at present are in small numbers, but are slowly increasing in Burleson and McLennan Counties.

South Plains Area—Lubber grasshoppers are numerous and moving into cultivated crops in Cochran, Hockley, Howard, Lubbock and Terry Counties.

Rev. and Mrs. R. L. Porter of Girard left Monday morning for Wellington where they will spend the week with their three sons, R. L. Porter, Jr., Hollis L. and J. K. Porter and also will visit a daughter, Mrs. B. C. Lacy and family.

THE PLATE, PLEASE!

Pretty Louta Averett of Ashburn, Ga., holds a mahogany serving plate which has been beautified with the addition of a bright bit of cotton fabric. The manufacturer lays the plate with fabric and then seals it with a permanent finish.

READ THE WANT-ADS

Mr. and Mrs. Elmer Bilberry and daughter, Ona Gale returned this past week-end to their home in Conway, Arkansas after visiting for a short while in the home of Mr. Bilberry's parents, Mr. and Mrs. E. J. Bilberry and other relatives here.

Career Woman!

MEET the greatest career woman of all! She doesn't manage a business, write novels, paint portraits, or sing over the radio. But her job's big and it's important—she runs a home!

What a job that is! In a year she washes more than 6 tons of dishes, cooks more than 1,000 meals, wades through mountains of laundry, trundles her vacuum cleaner across acres and acres of rug!

The more Mom depends on electric service, the less work is in her housework. And how little electric service costs! A penny's worth a day will rescue Mom from the drudgery of dishwashing. A few more pennies will cook her meals. Electricity will help her wash and iron for less weekly than the cost of a bar of soap.

And when Mom balances her budget, she's bound to note that electricity is one of its smallest items. Actually, the average family now gets twice as much electricity for its money as it did about 20 years ago. This bargain comes to Mom—and to you, too—through the practical experience of your friends and neighbors in this company, under sound local business-management.

West Texas Utilities Company

A family monument will honor those whose life work is completed. It will inspire others in this and in future generations to maintain the principles which identify your name and give it character. We think we can be helpful to you in making a selection. We know we have good values.

R. I. Barlows Invite Friends To Feast On 30-Pound Catfish

Mr. and Mrs. R. I. Barlow who have recently returned from a most successful fishing trip, brought home a 30-pound catfish. This occasioned a fish fry. Enjoying the fish with all the trimmings and games of "42" after the feast were: Mr. and Mrs. Walter Carlisle, Mr. and Mrs. E. C. Clinkscale, Mr. and Mrs. Billy D. Johnson of Lubbock, Mr. and Mrs. J. O. Morris, Mr. and Mrs. M. H. Costello, Mr. and Mrs. Joe McDaniel and son, Billy and Mr. and Mrs. Harry Patton.

J. L. Koonsman of Dickens was a Spur visitor Saturday.

Gamma Eta Chapter Holds Biennial Election of Officers

Friday evening, June 6 at 7:45 o'clock at the Cottle Hotel at Paducah, members of Gamma Eta Chapter of Delta Kappa Gamma Society held its biennial election of officers with Miss Thersia Godfrey, chapter president, in the chair.

Miss Lorena Prunty was elected to head the organization for the next biennium. Mrs. Roxi Lewis was elected first vice-president, and Miss Godfrey was chosen second vice-president. Mrs. Lottie Jolly was named corresponding and recording secretary, and Mrs. Naomi Jones was chosen treasurer.

When the meeting adjourned the group attended the theatre in a body, having as their guest of honor, Miss Godfrey who has completed two years of unparalleled endeavor in behalf of the chapter as its president.

Exercises Postponed For Girard Bible School Graduates

Commencement exercises for members of the Vacation Bible school that was conducted at the Girard Baptist church last week, were postponed because of the rain Sunday night. The exercises will be held at the Girard Baptist church Sunday evening, June 22 at eight o'clock, at which time diplomas will be awarded.

The Vacation Bible school had an enrollment of 63. Rev. R. L. Porter, pastor of the Girard Baptist church, conducted the school. He was assisted by Mrs. Glenn Spradling, Mrs. Ann McKinney, Lorene Beadle, Bobbie Smith, Miss Annie Phipps, Mrs. Lemora Page, Mrs. R. L. Porter, Dink and Dale Hunnicutt, Mrs. George Willis, Mrs. Charles Parks, Mrs. Bonnie Shearer, Mrs. Hodges and Miss Winnie Smith was pianist.

Miss Mary Ann Liles of Balingier is spending her vacation here as guest of Tommy Conway and other relatives. Mary Ann was a member of the recent graduating class of Spur High school.

Wheat Prices Sag On S. W. Markets Last Week

(USDA)—Southwest farm markets remained generally firm to strong last week, but easiness cropped up on some types or classes of nearly all commodities, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Movement of new crop wheat, oats and barley had gotten well under way and trade sources expected sorghums to join the parade in two or three weeks. Wheat prices sagged steadily, and lost about 20 cents per bushel, closing at \$2.25 Friday. Corn and sorghums advanced several cents, while oats and barley changed very little.

Low market stocks of rice consisted chiefly of packaged lots in the hands of retailers. Feed markets showed a stronger tone last week, with higher prices for oilseed meals and corn feeds. Southwest alfalfa growers had about finished harvesting the first cutting. Most peanut areas enjoyed favorable conditions for the growing crop and for late planting. Texas wool sold from 47 1/2 to 52c per pound, grease basis.

Cotton scored market net advances again last week despite late easiness. Good spot demand for the better grades brought only scant offerings. Most crop areas needed rain.

Slow demand for East Texas tomatoes resulted in slightly lower prices. U. S. No. 1 6 by 6 and larger sizes sold late in the week at \$3.25 to \$3.50 per lug box. North Texas onions held fairly firm at around \$1.90 for 50 pound sacks of U. S. No. 1. Shipments of watermelons and cantaloupes increased, with some price declines reported on the Fort Worth and St. Louis markets. Good quality green beans from Arkansas and Oklahoma took over the Kansas City market, where first triumph potatoes found slow sale.

Eggs remained firm last week, while poultry held about steady with declines of the week before. At Dallas and Fort Worth, heavy hens brought 22 to 25 cents per pound, light 18 to 21, and fryers 35 to 36. At Denver, New Orleans, Houston, and Bryan, heavy hens ranged from 22 to 26c, light hens 16 to 21, and fryers and broilers 30 to 35. The Arkansas, Oklahoma, Kansas area bought heavy hens at 20 to 25, and broilers at 25 to 31.

Cattle sold generally strong to \$1.00 or more higher last week, but easiness developed on lower grade cows at San Antonio, and on lower grades of all classes at Fort Worth. Common to medium steers and yearlings brought \$14 to \$20 at Houston, while medium to good kinds realized \$19 to \$23.50 at Fort Worth. San Antonio bought medium steers at \$21 to \$23.25. Oklahoma City moved good and choice steers at \$24.50 to \$25.50.

Hogs scored net advances of 25 cents to \$1.00 or more at most southwest terminals last week, but butcher hogs lost mostly 25 cents at Oklahoma City, and sows dropped \$1 at San Antonio. Bulk of good and choice butchers brought \$24.75 to \$25 at Fort Worth, and \$24.75 to \$25.50 at Denver. Late top was 24.75 at

San Antonio and Oklahoma City. Some sheep and lamb markets made small to sharp gains, but lambs dropped \$1 to \$3 at Fort Worth, old crop lambs fell at San Antonio, and ewes weakened at some places. Good spring lambs moved at \$20 at San Antonio; while good and choice kinds turned at \$19 to \$23 at Fort Worth; \$24.75 to \$25.25 at Wichita; and \$24.50 to \$26 at Denver.

Miss Francis Gibson who is employed in Lubbock spent the week-end here as guest in the home of her parents, Mr. and Mrs. Horace Gibson and Doris.

HANG UP GENTLY, PLEASE!

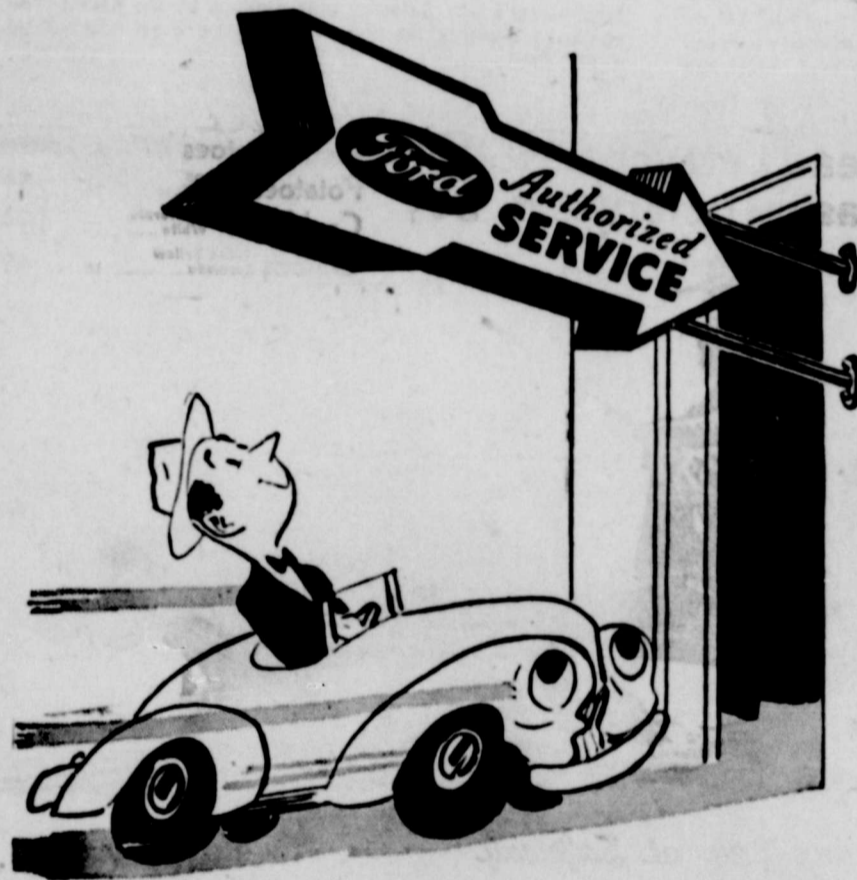

Hanging up the telephone receiver is like closing the door on a departing guest.

It's courteous to wait until "good-byes" are said.

Then you hang up the receiver gently—and for the same reason that you don't slam the door.

Routing Combines—

(Continued from Page 1)

bor officials have handled the routing of a steadily increasing number of combines needed to harvest Texas wheat. This year, J. B. Kidd, Plainview, assistant state farm labor supervisor in charge of combine movement, estimates that at least 3,000 combines will be on the road, following the harvest from county to county. About 4,000 more will operate only in their home counties.

Routing of these thousands of combines is handled primarily through Kidd's office in Plainview. County agricultural agents in the wheat section of Texas and adjoining wheat counties of New Mexico wire him daily reports on combine needs, excess combines available, status of harvest, and other information. From that information, Kidd is able to see to it that combines are on the spot when they are needed and that those needing work get it. As the harvest is completed, many of the combines, including those from 20 other states and Canada which had come into Texas, move northward and follow the harvest all the way into Canada.

Kidd believes the supply of combines will be sufficient to harvest most of the crop, estimated at 112,000,000 bushels by the Bureau of Agricultural Economics, but the squeeze will be tight when the Panhandle harvest gets underway the middle of the month. Trucks attached to combines will find plenty of work, and some auxiliary trucks will be needed, but he emphasized that more trucks are expected than can be placed.

CARD OF THANKS

We wish to express our sincere thanks and appreciation to our many friends and neighbors who were so kind and thoughtful during the illness and death of our loved one.

The Van Meter Family.

Salvation Army Launches State Wide Appeal

The Salvation Army State Headquarters in Dallas has launched a state-wide appeal for \$260,000. This announcement was made by Colonel Charles H. Dodd, divisional commander, from the Dallas headquarters this week. Mr. Nathan Adams, chairman of the board of The First National Bank at Dallas, is serving as treasurer of the fund and other state-wide committee members are to be announced at a later date.

Included in the overall campaign is \$50,000 toward a new state-wide hospital for unwed mothers in San Antonio; also \$25,000 for better facilities at the State Youth Camp at Irving. A portion of the fund will be used for rehabilitation of Salvation Army buildings in war-torn Europe. Part of the fund will go to retirement allowances for Salvation Army officers who reach the age of 65. Some of the money will be used for disaster work in Texas. The Salvation Army prison and parole work will benefit as well as the Training program for Salvation Army officers.

Letters are now being sent to some of the wealthy residents of the state, asking for their co-operation.

It is hoped that before the campaign is finalized, which will not be until some time in 1948, that every resident of the state will have an opportunity to do something. Checks may be made payable to The Salvation Army and mailed to Nathan Adams, treasurer, at the First National Bank, Dallas, Texas.

The campaign at present is not being projected in cities of the state where the Salvation Army is a participating agency of the Community Chest. In these cities the appeal will be handled in harmony with existing relationships in community

Girl Scouts—

(Continued from Page 1)

pected to set many examples and precedents for the Boy Scouts in their plans for the summer. For information parents may call Mrs. Leland Wilson. Margaret Elliott of your troop leader, attend the meeting with Miss McClure Friday June 20th from 10 a.m. to 4 p.m. at the Methodist Round-Up.

The following girls have already registered and are ready for the fun:

Marian Marcy, Ann Smith, Neida Phifer, Ruth Ann McAteer, LaNelle Marcy, Sue Hull, Kathleen Rector, Sharron English,

chest. The organization at this time participates in chests in some 25 Texas cities.

Lois Ann Callan, Louise Williamson, Lenora Wilson.

The staff of workers directed by Miss McClure include:

Mrs. Leland Wilson, Mrs. Miller, Mrs. David McAteer, Mrs. E. B. Henshaw, Mrs. Phifer, Mrs. Lynn Buzbee, Mrs. Homer Marcy, Miss Bonnie Beth Henry, Mrs. Leon Reagan, Mrs. Ferril Albin, Mrs. Clyde Bingham, Mrs. C. H. McCulley.

Farmers in the United States are being asked by the U. S. Department of Agriculture to have 15 per cent more farrowing sows this fall than a year ago, to meet the 35 million head fall pig crop.

Wrong-way storage of vegetables in the home results in a great loss of food nutrients.

AMAZING ISN'T IT?

Typical early measurements of weight were the amount a team of oxen could just budge, the amount a man could lift, the most a woman could hold at arm's length. Amazing isn't it? Yet inexact ideas have flourished, right on down to modern times. Take fresh produce, for instance, no two heads of lettuce are

ever exactly alike; two stalks of celery may look alike, yet one stalk may have as much as 40% more celery in it than the other—that's why Safeway sells produce by the pound. You can buy just exactly the amount you want and get FULL VALUE EVERY TIME.
