## SPUR HIGH SCHOOL BAND TO PRESENT CONCERT DECEMBER 11

Music-lovers are looking forward to the outstanding program to be presented by the Spur High school band at the high school auditorium, Thursday evening, December 11 at 7:30 o'clock. The concert band, made up of 37 pieces will play a program of standard overtures and marches, along with other concert material.

For their fall concert they will present "Manikin Festival" by J. Olivadotti, and "Pacific Moon" by Clair Johnson for overture. The marches to be played are "Monarch" by J. Olivadotti and also his "Homage to Youth"; Susa's famous "Washington Post March"; with a new march "West of the Pecos".

The Chorus is expected to present several numbers.

Henry C. Goldwire, band director of the Spur High school band, stated that work on concert music would begin soon after the holidays. The concert is to be held at Canyon, May 1.

## ACC OFFICIALS MET IN SPUR THURSDAY

Mr. Don Morris, president of Abilene Christian college at Abilene, accompanied by Jimmie Freeman and Hollis Manley, also associated with ACC, B. Sherrod of Lubbock and Charles Dammont of Childress were in Spur Thursday and met with E. S. Lee, who is a trustee of ACC, to discuss matters of the school.

## AD COLUMNS IN SPUR OFFER MUCH TO READERS

Spur merchants always on the alert as to new ways to stimulate business and increase sales, have done much to make this city one of the best trading centers in this part of Texas.

Stocks are full with holiday goods and many of the items missing from the shelves for the past few years, may again be seen on display. Local merchants have made numerous trips to various markets in order that your every whim may be fulfilled, and at a price far less than one can buy elsewhere.

Each week the Texas Spur carries in its advertising columns merchandising plans, proffered by local merchants, that would be a credit to a town many times the size of Spur.

As an example of the veracity of the afore-mentioned paragraph, your attention is invited to the advertising messages in this week's issue of the Texas Spur.

Just for an example B. Schwarz and Son tell you that they now have in stock dresses for your holiday mood. Also various gift suggestions, including: scarfs, hose, gloves, linens, purses and many other gifts for Mother, for Sister, your sweetest, dainty lingerie, robes, sweaters, belts and many other lovelies. For the Him in your family, they suggest a leather jacket, shirts, scarfs, gloves, and of course socks and ties, then nice luggage for any member of the family... and don't forget to notice that special gift wrapping service, it's free with a purchase of \$1.00 or more.

Safeway offers store-wide values and suggest you check their typical low prices. (Meats guaranteed to please and farm fresh produce.

Preview at the Palace Theatre Saturday night will be "The Hucksters", in which Deborah Kerr, makes her American film debut. She is co-starred with Clark Gable.

For one day only Allen Auto and Appliance Store is offering various items at a great saving, among which are Baseco furnaces, Radiola radio-phonograph, with automatic record changer, and various other items. They invite you to get 10 per cent discount on all items in the Tire & Appliance Store.

Proctor's, the Doris Dodson store that always understands junior taste... it's more than a matter of size, it's the young light-hearted approach of fashion. Also advertising Dorothy Perkins travel-case. It is in rare good taste, makes a perfect gift and is a smart girl's lift.

Spur Security Bank suggests the safe way to account for every penny is to open a checking account.

Air Chief, 6-tube car radios, will give you plenty of service and enjoyment according to Ford & Green, your first class auto accessories store.

Try the Spur Laundry for better service. They will keep your linens spotless while retaining its natural whiteness and no harm to the fabric. Also expert ironing.

McClain Appliance is wishing each and everyone a very joyous Thanksgiving.

## SOUTHEAST GARZA AND CROSBY COUNTIES GET NEW WILDCATS; DRILLING NOW BEING STARTED

Location for a new wildcat has been reported for southeast Crosby county, just across the line of Dickens county, for immediate drilling.

The Ohio Oil Company No. 1 Morgan Jones is to be an 8,200 foot exploration in southeast Crosby county, approximately 10 miles southeast of Crosbyton. It is 660 feet from north and 1,980 feet from west lines of section 140, block 2, H&GN survey.

This venture is on a block of leases of 16,848.25 acres, which Ohio acquired about one year ago on a ten-year commercial lease basis.

Rotary equipment to drill the project are being moved in and actual hole making should be started within the next week.

W. O. Woodward, trustee, No. 1 Williamson, southwest Dickens county wildcat, about three miles south of Spur, and 660 feet from north and west lines of section 189, block 1, H&GN survey had progressed below 7,397 feet in lime and shale, and was making more hole.

Humble No. 3 Mstador Land & Cattle company, scheduled 9,000 foot venture in northeast Dickens county 13 miles northeast of Crosbyton and 1,980 feet from south and east lines of section 2, block J, J. W. Jackson survey, had drilled below 3,669 feet, in lime and shale, and was making more hole.

Continental Oil company No. 1 Swenson Land & Cattle company, 9,500 foot prospect in southeast Crosby county, 17 miles southeast of Crosbyton and 1,980 feet from south and 660 feet from west lines of section 75, block 2, H&GN survey, which is contracted to dig about 9,500 feet, had spudded and reached 450 feet in redbeds and shale, and was drilling ahead.

In northeast Garza county, about five and one half miles from the north line and one and three-quarters miles from the east line of the county, and 2,307 feet from north and 1,980 feet from west lines of section 26, block 2, H&GN survey, had also spudded and was making hole below 500 feet in redbeds and shale. This venture is scheduled to explore to at least 7,500 and may be carried deeper.

Ohio No. 1 Swenson Land & Cattle company, a slated 7,500 foot prospect in the extreme northeast corner of Garza county, and 2,307 feet from north and 1,980 feet from west lines of section 23, block 2, H&GN survey, was rigging up rotary tools and is expected to start making hole within a few days.

## FOOTBALL SEASON COMES TO CLOSE FOLLOWING GAME WITH FLOYDADA

With the closing of the football season much can be said in praise of the Spur Bulldogs and their capable coaches in the persons of Sam Hawkes, head coach and Billy Hahn, assistant.

The Bulldogs have proven themselves very capable in the art of football and above all else, clean sportsmanship, starting the season with several victories and at times playing under severe handicaps such as injuries, etc. the boys have given all they could possibly put out in their games with opposition and have the reputation of being the finest trained team in the conference, and although having met defeat at the hands of three of their opponents, their fine moral strength and courage have led them to be the topic of conversation from supporters of Spur and other teams in the conference, and to that fighting bunch of Bulldogs who have given as of Spur a fine football team.

The excellent showing they have made and for their clean sportsmanship. Head coach Sam Hawkes, is to be highly commended for the excellent manner in which he has trained the team with untiring efforts. Sam has given Spur as fine a football team as will be found in class 4-A districts not only from the winning side but from the moral side as well. Coach Hawkes with his assistant, Billy Hahn, gave Spur High school a fine representative team that will go down in history as a winner of high honors for games won and excellent characters.

It is regretted by all of Spur that the Bulldogs failed to win the conference title, but in losing they have also shown that good clean sportsmanship will make a winner.

We salute the Spur high school, its coaches, Sam Hawkes and Billy Hahn and to that fighting bunch of Bulldogs who have given as of Spur a fine football team.

## Turkey Day Game Won By Floydada 19 To 6 To End Season

Taking advantage of all breaks and Spur's misplays the Floydada Whirlwinds won today's Turkey Day game before a huge homecoming crowd of four thousand people at Floydada.

Special events were presented at half time by both schools. Moving pictures were made of the entire game and at half time through the courtesy of the Spur Quarterback club.

First downs: Spur 13—Floydada 9.

Yards from scrimmage: Spur 278—Floydada 186.

## A THANKSGIVING PRAYER

Heavenly Father, Giver of all gifts, with grateful hearts we look unto Thee with thanksgiving.

For Thyself—Thy everlasting love, Thy eternal faithfulness, Thy unchanging nature.

For Jesus, heaven's love gift, and for the blessed hope he instills within us.

For the Spirit's coming, for his abode in our hearts, teaching, comforting, and guiding us through the gloom;

For the church, the Lamb's

our ultimate good and eternal glory.

Like the stars of the heavens, or as the sand which is upon the seashore, thy blessings are numberless. We thank thee for all. Grant that we may take them and use them wisely.

When life's fitful fever is over, and our work on earth is done, grant us an inheritance that is fairer than any. In the name of Him for whom we thank thee most. Amen.—Frank L. Cox.

## Texas Milk Income Highest On Record

Farmers are now receiving the highest cash income from milk in the history of the State and 1947 returns are expected to exceed by a substantial amount the 1946 record-breaking total of \$103,382,000, according to the Milk Industry Foundation.

The growing importance of the milk industry to the State's economy is further evidenced by the new peak value of \$136,582,000 set on Texas' 1,330,000 milk cows which produced a total of 1,939,000,000 quarts of milk in 1946. Annual milk production per cow averaged 1,428 quarts.

Expanded utilization of Texas milk as fluid milk for drinking and cooking has increased the overall value of the State's milk output as farmers receive their highest price for milk used in this form. Latest annual figures for Texas show total production at 16,577,000 pounds, American whole milk cheese at 7,802,000 pounds and ice cream at 32,727,000 gallons.

Milk and its many products supply the essentials of good nutrition at low cost. The milk industry is constantly striving to give consumers a high-quality product at the lowest possible cost through distribution economies and small profits, on a national average less than a third of a cent per quart of milk.

According to Government statistics, milk is a better food bargain today than ever before, showing only about half the gain in price reported for "all foods."

F. F. Henry of the Duncan Flat community was in town Tuesday morning attending to business here.

## Bryant Joins Staff Of Graham Newsfoto

Announcement was made this week by Willard Jones, publisher of the Hamlin Herald, of the resignation of Donald B. Bryant, editor-manager of the Herald for the past year. His connection with the Herald ends November 29 and on December 1 he will join the staff of the Graham Newsfoto as managing editor and assistant publisher. Mr. and Mrs. F. E. Forgy of Bridgeport have accepted the places as editor and manager. They have had years of experience in the newspaper field and will assume their new roles on December 1.

Mr. Forgy is a brother to Morris H. Forgy of the Spur staff.

## Afton Group Attends Call Meeting At Plainview

A group of Baptists from Afton attended a call meeting of District 9, at Plainview Monday. The meeting was for the purpose of discussing the Youth Camp. Those attending from Afton were: Mr. and Mrs. T. I. Hurlison, Bro. and Mrs. Edward Hicks, Mrs. Jack Sims and Rev. and Mrs. B. C. Stonecipher.

## SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending November 22, 1947, were 29,709 compared with 27,485 for same week in 1946. Cars received from connections totaled 12,000 compared with 13,091 for same week in 1946. Total cars moved were 41,709 compared with 40,576 for same week in 1946. Santa Fe handled a total of 40,872 cars in preceding week of this year.

## FARM AND RANCH

Before sowing wheat treat the seed with Ceresan or Copper Carbonate to prevent smut and other diseases. It costs so little. Late seeded wheat is usually more susceptible to smut than early plantings. Ceresan may be used to treat oats, rye, and barley.

Plant a portion of the acreage to one or more of the following varieties for seed stock next year: Comanche, Wichita, and Wester. These varieties are showing most progress and are desirable wheat from the standpoint of milling.

If Grubs are showing in backs of cows, treat with a mixture of Rotenone and Sulphur. All drug stores have a supply. Apply dry or spray backs of animals. Two or three treatments at 30-day intervals are usually necessary to get all the Grubs. Spray cattle with DDT for lice. Most cattle will have lice this time of year.

To get maximum production from dairy cows they must have all the hay (roughage) they will eat plus about three pounds of concentrated fixture of about 20 per cent protein for each gallon of milk the cow gives. If alfalfa hay is fed the percentage of protein in the grain mixture can be cut to about 15 per cent. One hundred pounds of Protein supplement (mixture of tankage, cotton seed meal, and alfalfa hay) will save about 400 to 500 pounds of grain in feed—ing one pig from weaning age to 200 pounds. One gallon skim milk per day will do the same.

## NORTH DICKENS COUNTY AMERICAN LEGION REPORTS SPLENDID PROGRESS IN RECENT MEMBERSHIP DRIVE

John Sharp, of Dickens, who is Commander of the North Dickens County American Legion, reports splendid progress in a current drive for new members for 1948. At a meeting last week in the Legion-Scout Hall in Dickens, some forty or fifty members and prospective members enjoyed an informal get-together playing dominoes, discussing Veterans' problems and disposing of several rounds of sandwiches, coffee, and coffee.

At the end of the meeting the following veterans signed up as new members: Richard Richards, J. W. and Clyde McAllister, Alvin Carothers, Johnnie Haney, J. T. Hanson, Gordon Miller, J. P. Bachmann, and Brandle, and Linsey Hanson, a number of the group believed that they would take out memberships in the near future, and still others stated they would transfer into the Post from other localities. McAdoo, Glenn, Afton, Wallace, Dumont, Wichita, Croton, and Dickens were represented in the crowd.

Mr. Sharp also reported that ten of the Post's thirty-two old members have already renewed their memberships and that he expects all but two or three of the remainder to do so within the next few days.

According to Mr. Sharp, the Post has made wonderful progress during its first year in existence. Citizens of the Dickens community were very gracious in providing headquarters space in the building originally built for the Boy Scouts, which organization is now sponsored by the Legion. The Legion has provided lighting and a new floor for the building, and has gone a long way toward furnishing it. Sick-room and invalid's equipment has been obtained, and some has already been put into service.

The Post is on a sound financial basis, having incurred no tangible indebtedness since it was organized. A program of advice and assistance on veterans' benefits has been maintained through L. J. Varnell, Jr., Post Service Officer.

Now that its membership is increasing and gaining a better distribution over the North and east of the county, Mr. Sharp expects the Post to rapidly establish itself as a credit to its members and to the area.

## BOY SCOUT EXECUTIVE FOR SOUTH PLAINS GUEST OF SPUR LIONS CLUB

An honored guest of the Lions Tuesday luncheon was Jack Smith of Lubbock, scout executive for the south plains district.

Mr. Smith gave a very interesting talk on scout progress that is being made in his district and stressed the need of funds that are needed to carry on with the increased work that is to be accomplished for the coming year.

At a meeting held Tuesday evening by the Lions board of directors, it was voted to remove the Lions playground material from the park on the east side to the East Ward school grounds where the equipment can be better utilized to a greater advantage.

## HOME FOR THANKSGIVING HOLIDAYS

Miss Audrey Nell Dyess, daughter of Mr. and Mrs. D. J. Dyess arrived Wednesday from Abilene where she is attending McWherry College, to spend the Thanksgiving holidays with home folks.

## DELEGATE RETURNS FROM PTA CONVENTION

Miss Faye Middlebrooks, Public School music teacher in the Spur schools, returned recently from Galveston where she was a delegate to State Parent Teachers Convention which was held November 19 through the 21st.

Miss Middlebrooks will report the proceedings of the convention at the next Parent-Teachers meeting to be held December 6 at 2:30 p.m. in the East Ward school auditorium. The public is cordially invited to attend and a large crowd is expected to hear Miss Middlebrooks report.

## CORRECTION

In a news item in our paper dated November 13 regarding leasing of land by various oil companies, surveys 71, 72, and 73 were erroneously reported to be owned by The Ohio Oil Company, according to Mrs. B. J. McArthur, owner of said surveys.

## North Texas State College's A Cappella Choir To Be Here

North Texas State College's picturesque A Cappella Choir, scheduled to appear in Spur Dec. 5 in First Baptist Church auditorium at 8 p.m., has come to be identified by critics as one of the most dramatic and colorful musical groups in the southwest, the choir is composed of 40 well-trained vocalists who offer a performance that is exciting both to the trained music lover and the uninitiated.

On the program for the Spur concert will be religious hymns, Negro spirituals, and folk music, according to Frank McKinley, conductor of the choir.

Divided into four parts, the program will begin with "Crucifixus," by Lotti; "Grant Unto Me the Joy of Thy Salvation," by Brahms; and "Come, Jesus, Come," by Bach.

The second part of the program will include "Hodie Christus Natus Est," by Palestrina; "God is With Us," by Kastalsky;

Frank McKinley, conductor of the A Cappella Choir from N.T.S.C., which will present a concert here December 5 at First Baptist Church. The choir will be sponsored by City Federated Clubs of Spur.

Dickens-Robertson	Friday	Feb. 10
McAdoo-Patton	Friday	Feb. 10
Peacock-Bye	Friday	Feb. 10
Jayton-Girard	Friday	Feb. 10

Game is to be played at Schools listed first.

## ANDERSON ASKS WARTIME HIGH FARM OUTPUT

Secretary of Agriculture Anderson Sunday night announced 1948 farm production goals calling for a continuation of high wartime levels of output.

His goals, which serve as guides to farmers, call for 9,000,000 acres more of cultivated and non-cultivated crops than the 347,000,000 acres used to produce this year's non-record total of farm commodities.

Given favorable yields per acre, total production next year might well top the record set in 1946. But regardless of the volume of harvest, next year's supplies of animal products—meats, poultry, eggs and dairy products—will be smaller than this year.

The 1948 goals emphasize grains—both bread grains and livestock feed. Supplies of feed grains must be increased before livestock production can be expanded again. No expansion will be possible before 1948 fall harvests, and then only if bumper grain crops are produced.

Crops for which Anderson recommended increased acreages over this year include: corn 7 per cent; grain sorghums 26; soybeans 16; cotton 3; potatoes 5; dry beans 16; oats 2; barley 4; and rye 26.

Crops for which he recommended decreased acreage included: peanuts grown for nuts as contrasted with those grown for stock feed; dry peas 10; truck crops for processing 1; truck crops for fresh market 2; wheat 3; and rice one.

The goal for milk is the same as this year's indicated production, but the following reduction was recommended for other livestock and livestock products:

Eggs 8 per cent; chickens raised 7; turkeys 13; spring pig crop 6; cattle slaughtered 11; and sheep and lambs on farms 3.

"And So Ends The Week"

All subscriptions are removed from our mailing lists upon expiration. Renewals should reach us two weeks in advance of expiration date to avoid missing of an issue. In giving address changes, both old and new address should be given.

## What Is The Answer?

To be serious, what in the world are we going to do about places to live in Spur? We are losing good prospective population every day because of inability to find apartments or houses to rent.

Business comes where it is invited. Advertising is an invitation to buy.

Anyone having apartments, houses, or rooms to rent, please call the Texas Spur office, as we are having numerous inquiries each day. Also if you have parking space for trailer houses. Places are urgently needed at once.

## Take A Look Around At Spur's Growth

That Spur is steadily increasing in size can hardly be realized by those of us that live here day to day, but to those people who have left and returned comes the report of increased building that has been accomplished in business and residence sections since they left Spur. Numerous persons who have returned to Spur in recent weeks have gaped in amazement at the many new homes and new business institutions that have been filling open spaces in the business and residential sections of town.

When folks ask us the population of Spur at the present time we tell them that it is past

3500 and still increasing. This is not just a news item from the Chamber of Commerce, but an honest opinion based upon an uncompleted census and the number of public utilities customers. If someone would build plenty of rental dwelling units, there is no telling where, if ever, growth of Spur would stop. Which calls to mind the necessity of a good street lighting system, especially in our downtown business section, it can be accomplished here, it has been done in other towns with far less population than Spur.

## Caught In The Vice

In a recent editorial, "Now Is The Time To Do Your Christmas Shopping," the retailer is not the villain of the piece. Then it said "The truth of the matter is that the businessman is as much caught in the vise of inflation as is the customer."

"The grocer, the furniture man, the department store manager, have no control over the prices they pay the processor or manufacturer. It is one of those vicious cycles in which the butcher, the baker and candlestick maker all get caught up and whirled around."

"Production—replacement of shortages with plenty—seems the only answer now the dilemma has reached present proportions. The retailer simply hasn't got the answer."

The testimony of retailing before the Congressional subcommittee was impressive in the extreme. Spokesmen for all kinds of stores, including both independents and chains, pointed out that profit margins are no larger

than in the past and in many cases are even smaller. That is the result of intense competition and of retailing's desire to give the consumer every possible break, as a matter of good business. But prices have moved inexorably upward, and retailers are powerless to stop the spiral.

Every intelligent retailer, like every intelligent manufacturer, knows that price inflation menaces the American system of mass production and mass distribution which has given us the highest standard of living on earth. They are fighting it with every resource they possess. But they can't do the job alone.

## "Now Is The Time To Do Your Christmas Shopping"

May we remind you that in a few days it will be too late to shop early. There are only 23 more shopping days left before Santa arrives.

Shortages still exist in many lines of merchandise two years after the close of the war even though displays almost belie such limited stocks. There will not be enough merchandise to go around this season.

Most purchases by merchants from wholesalers are still on a rationed basis... none gets all he ordered nowadays.

Purchasing Christmas gifts while stocks are as complete as can be expected is not the only reason for shopping now. Clerks generally can give better service, show more items in variety and permit the patron to ponder sections now than will be pos-

sible later in the season Christmas approaches. Shop early... give yourself a break... give the clerks a break... and give your family and friends a break by shopping for your Christmas gifts in the very near future.

## Electric Lines

Will the two-million American farms which today still are without electric light and power remain dark in the future? The answer to this question depends on the final result of a vital struggle being waged both on the home grounds of rural electric co-ops and in Congress between those who believe in the right of all people to have electric power and those who place their profit-hunger above that basic right.

Leading the attack on the program to give power to all people are the private power companies of America who failed to electrify rural America for 50 years—and who were finally driven to serve some of the neglected areas only by cooperative competition. These companies tried in the past session of Congress to eliminate any further authorization of government loans to rural electric co-ops, and sought to slip through bills which would injure the program as it already exists.

Public Minded This young, new competition from the co-ops, who have found new ways of doing the job cheaper and better, has made the private companies see the profits they could have had by serving rural areas sooner. That is one reason for their attack now.

The utility trust's effort is primarily aimed at selling the American public and the Congress on a flimsy idea that rural electric co-ops represent "government interference" with private business. The power companies can sell this idea in many influential places because of a wide-spread lack of sound information regarding the manner in which rural electric co-ops are organized and operate and their relation to the government.

Loans—Not "Gifts" For instance, the loans made to co-ops by REA are not in any sense a gift. They are paid back to the government over a 35-year period with 2 per cent interest. Nor are REA loans provided to co-ops in a lump sum. When a co-op is first organized, membership fees paid by individual members pays for an engineering study which is the basic plan for serving their farms with electric power. This study is sent to REA along with the loan application. Only after REA approves the study and the application is any loan given to the co-op. Succeeding loans are granted on a similar basis and orderly basis. Yet the private power trust has been able to convince otherwise well-informed

business and government leaders that REA loans are "gifts."

Farms Need Electricity During and since the war an increasing backlog of loan applications has piled up and REA lacks the loan authorizations to handle them. Meantime farmers' demands for rural electric power are increasing.

Larger authorizations for loans can enable co-ops to serve these farmers, but only Congress can authorize the necessary loans. To date, the loudest trumpeting in the ear of Congress has been that of the hard-driving private power lobby.

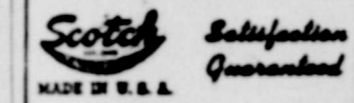

Farmers should acquaint their Congressmen and their neighbors in nearby communities with the true facts about the rural electrification program. There is no more powerful in the Nation today than the one which comes from the grass roots of America, if it will make itself heard.

## Friendship Train

A message, printed by the side of an American flag, translated into Italian and French, is attached to each package of food aboard the Friendship Train. As this train travels across the country, collecting parcels for distribution in Italy and France, it becomes an ambassador of good faith, carries a carload of democracy in tangible form.

This is the label on each food package: "All races and creeds make up the vast melting pot of America, and in a democratic and Christian spirit of good will toward men, we, the American people, have worked together to bring this food to your doorsteps, hoping that it will tide you over until your own fields are again rich and abundant with crops."

"This gift is sent you by (name and address of donor)." Farm-operator families in the North Central and Southern states spent an average of \$82 per family for medical care in 1945, an increase of \$31 per family over 1941.

## Those Returning Dead

Anguish twists the heart as families gather beside the graves of the war's honored dead, those who have returned home from foreign strands. All over our land beloved sons are being laid to rest with fitting rites. This grief is also felt by those families who have chosen to let their own heroes remain in soil they died fighting to free. They, too, are cherished. As these services for the dead are held, it is living again the agonizing moments when the loss of life was first announced. Such as our national grief we should never forget the reason of the passing. Are those, our graves of World War II, to be robbed of their victory? Not if we can help it!

For the period 1942-44, 500 million bushels of wheat were used for flour in the United States, and 8 million bushels for breakfast cereals.

Between the early '20's and early '40's, farmers increased production per acre of cropland 23 per cent; production per animal unit of breeding livestock 30 per cent, and output per worker 64 per cent.

**Mrs. Blackshear Meets With Brownies**

Mrs. McAteer has directed a lovely social service in her post as Brownie Leader and has earned thanks of the community as well as the appreciation of troop mothers.

Mrs. Blackshear is capable of continuing the work so unselfishly begun by Mrs. McAteer and will enjoy the assistance of Mrs. Pifer who has done a year's work of valuable contribution to the community. These leaders along with other leaders and troop members will enjoy the renovation being done on the Little House and may be able to plan a Christmas party in the Scout House.

Members of Troop III are Nelda Pifer, Ruth Ann McAteer, Sharon English, Lois Ann Callahan, La Nell Marcy, Marian Marcy, Mary Ann East, Louise Williamson, Kathleen Rector, Sue Hill,

Delores Suit, Sylvia Hartson, Jerry Waddell, Janette Hobbs, Ann Smith, Annette Hale.

Mothers of Brownies of Troop III met before the regular meeting time to get acquainted with the new Brownie leader, Mrs. Blackshear and to select a new member for their troop committee. Mrs. David McAteer was elected transportation chairman after the resignation of Mrs. J. L. Williamson, Jr., had been accepted.

The Brownies sang their troop songs and renewed the promise in the presence of their mothers. They then honored their former leader, Mrs. David McAteer and the assistant leader, Mrs. T. A. Pifer and presented each with a gift of appreciation.

The mothers in turn complimented the Brownies by serving refreshments of cookies and punch before the work of the regular meeting. Mothers attending were Mrs.

**Combined Birthday Party Enjoyed At Spur Inn Sunday**

Spur Inn was the setting Sunday for the combined birthday party honoring W. A. Johnson, Murray Lea, Coy McMahan, and Al Bingham, whose birthday falls on the same day.

A huge "U" shaped table was adorned with arrangements of flowers and loaded with various good things to eat. A huge birthday cake was the center of attraction. Places were marked with tiny white place cards, adorned with a bucking horse.

Those enjoying this festive occasion were: John T. Johnson, W. A. Johnson, Raymond McCombs, Burrus D. Jones, E. H. Ousley, Dutch Hines, Charlie Arrington, Mrs. Ida Lea, Mr. and Mrs. Coy McMahan, Mr. and Mrs. H. A. C. Brummett, Mr. and Mrs. E. H. Boedecker and Teddy, Mr. and Mrs. Theoford Fry, Mr. and Mrs. Harry Ellis and Agatha, Alex Fry, Bobbie Grice, Mr. and Mrs. Murray Lea and Kenneth, Newton Bingham and Joe Wallace, Mr. and Mrs. D. W. Sims, Mrs. Nettie Littlefield, Mrs. Grady Ellis and Mr. and Mrs. Al Bingham.

Many lovely gifts were on display.

**Bridal Party Honors Mrs. Don Ivie**

Mrs. Don Ivie, the former Miss Mona Lawrence was the honoree of a bridal shower Wednesday afternoon, November 19 from 2 to 3 o'clock, which had its setting in the E. C. Clinkscale home on North Miller avenue. Hostesses for the occasion were Mesdames George Justice, C. B. Chandler, Willard Williams and Loretta Beeson.

The entertainment rooms were artistically decorated with autumn flowers and leaves and a color scheme of pink and green were carried throughout.

Mrs. Clinkscale greeted guests and presented them to the line consisting of the guest of honor, Mrs. Ivie, Mrs. S. A. Lawrence, Mrs. Edge Caudie and Mrs. Beeson. Mrs. Clinkscale also presided at the guest book which was a lovely handpainted one.

After scripture quotation the hostess served pumpkin pie topped with whipped cream and cherries, coffee and a miniature pumpkin, which was edible as well as decorative.

Those attending were: three visitors, Mesdames George Barnes, B. Williamson, Tom Seal, and eight members, Mesdames P. H. Miller, W. B. Foy, J. L. Burnham, Morris, Butler, Misses Jennie Shields and May Bell Thornton.

The employees of the traffic department of the Southwestern Bell Telephone Company at Lubbock, honored Mrs. Don Ivie, formerly Miss Mona Lawrence of Spur, with a lovely gift party in the reception rooms of the Telephone building at Lubbock last week. Approximately 85 girls participated in presenting her a lovely set of China and a linen and kitchen shower.

**G. A. Girls Organize In Gruben Home**

The G. A. Girls of the First Baptist church organized recently when they met in the home of Mrs. W. C. Gruben and elected officers.

Officers elected were: president, Virginia Ruth Shugart, vice-president, Doris Gibson, secretary, Dorothy Williams, treasurer, Betty Scott, reporter, Janet Love.

Refreshments of sandwiches, cookies and coco-colas were served to the guests.

The next meeting will be Tuesday evening, December 2.

**"Working Bee" Held Girl Scout Little House**

Because the Little House needs to be papered, Girl Scouts of Troop I decided to get ready for the new paper, a "Working Bee" was organized and by noon, November 15, most of the old paper was removed and the Girl Scouts had enjoyed a morning of fun and laughter. The work became so interesting that neighbors came in to help as these neighbors had strong muscles and also enjoyed fun, the paper disappeared faster with their assistance.

On November 22, again the girls and their friends met at the Little House and made a bonfire to dispose of the old paper. The new paper has been selected and the Little House is awaiting "hanging" friends.

Those who enjoyed the old fashioned working bee of fun and accomplishment were: Misses Jeannette Greaves, Norma Jean Gilcrease, Erma Lou Gannon, Marilyn Miller, and their friends, Ralph and Dick Gibson, Mrs. Miller of Troop II and Miss Margaret Elliot.

**Dorcus Class Feted By Mrs. Daniels**

The Dorcus Class of the First Baptist church of Spur was entertained Tuesday afternoon of last week by their assistant teacher, Mrs. Edna Daniel in the home of her daughter, Mrs. W. T. Andrews, on North Trumbull avenue. Mrs. Andrews assisted with host duties.

The living room was softly lighted with table lamps and the fireplace was aglow with imitation logs, illuminated with electricity. Arrangements of Chrysanthemums and numerous pot plants added to the beauty of the room.

Miss Jennie Shields conducted a garden contest, after which she gave a very appropriate reading, "Meditations of a Housewife" and was followed by humorous readings by Mrs. P. H. Miller and Miss May Bell Thornton. Mrs. Daniel announced that the one who quoted the most scripture and give the place each could be found would receive the plate with the most refreshments.

After scripture quotation the hostess served pumpkin pie topped with whipped cream and cherries, coffee and a miniature pumpkin, which was edible as well as decorative.

Those attending were: three visitors, Mesdames George Barnes, B. Williamson, Tom Seal, and eight members, Mesdames P. H. Miller, W. B. Foy, J. L. Burnham, Morris, Butler, Misses Jennie Shields and May Bell Thornton.

**Wedding Date Revealed At Breakfast**

Silver Wedding Bells were used as the theme for the announcement breakfast given by Mrs. Jack Rector in her home on North Denver Avenue Thursday morning to announce the approaching marriage of her daughter, Jacqueline Jean Rector.

A red and white scheme was carried throughout and tiny silver edged scrolls announced the date, "Jackie and Bob" December 21, 1947. Red carnations were used as place favors.

After a delicious breakfast was served, the guests were entertained by Miss Virginia McNeill who played Muzette and she also accompanied Cecelia Rector who gave two musical readings, "Remember" and "What is Love."

Guests were: Misses Jane Brannen, Audrey Nell Dyess, Nelda Hindman, Betty Weaver, Idalee Golding, Robbie Clemmons, Bonnie Campbell, Virginia McNeill, Marylyn Decker of San Marcos, Mrs. Calvin Holloway, Cecelia Rector and the honoree, Jackie Rector.

"Aunt Susie Shoots The Works"

**Stork Shower Compliments Mrs. James Ripple**

A stork shower honoring Mrs. James Ripple was given Saturday afternoon, November 15 in the home of Mrs. Harry Patton from 2 to 3 o'clock. Co-hostesses were Mesdames Raymond Beadie, W. B. Steele, Marion Hurst, W. Carlisle and A. G. Dunwoody.

Beautiful arrangements of chrysanthemums decorated the receiving rooms and large storks were suspended in the doorways. Mrs. Carlisle welcomed the guests and showed them to the registry where Mrs. Dunwoody and guests were registered in a clever hand-painted guest book, fashioned in the form of a baby's bib and designed by Jina Dunwoody.

Mrs. Beadie presiding at the refreshment table, served a delicious plate of open faced sandwiches, decorated cookies, mints and sanka. A color scheme of pink and blue was carried throughout the event. Present or sending gifts were Mesdames E. C. Clinkscale, John Hazelwood, W. A. Ball, Harry Ellis, R. C. Rich, Calvin Ricknagle, Wilburn Ball, D. B. Ince, A. M. Hoover, Clarence Ward, Dalton Johnston, Jesse Fletcher, S. C. Reynolds, Allie Carlisle, W. R. Jimison, Denton Draper, A. L. Duncan, U. H. Ripple, J. L. Meacon, Ferris Wright, A. B. Herring, Walter Driggers, D. J. Dyess, C. A. Aldredge, Foy Vernon, John Bell, Andy Hurst, George Gabriel, J. W. Steele, R. J. Bell, R. T. Anglin, Sam Robles, Harry Lewis, Walter Gruben, G. L. Bohannon, Joe Draper, Ena Anderson, Al Bingham, C. A. Fagan, Hattie Turvan, W. C. Gruben, Mary Lou Wright, Wilson Hagins, H. A. Hollingshead and Misses Betty Jo Reed and Jennie Legg.

**Announcement Made Of Approaching Wedding**

Mr. and Mrs. Jack Rector of Spur announce the approaching marriage of their daughter, Jacqueline Jean Rector and Robert David Decker, son of Judge and Mrs. C. M. Decker of Kyle.

The wedding is to be at the First Methodist church in Spur, Friday morning, December 11 at 9 o'clock. Miss Cecelia Rector, sister of the bride-elect, will be maid of honor, and Mr. Decker will serve as his son's best man. Others in the bridal party will be Jane Brannen, Nell Dyess, Jean Arthur, Marylyn Decker, sister of the bridegroom-to-be and Elizabeth Downard, of Bryan room mate of Jacqueline at TSCW.

Misses Robbie Clemmons and Bonnie Campbell will furnish the wedding music.

**Announcement Made Of Monday Marriage**

Announcement is being made of the marriage of Mrs. Mae Worswick of Spur and Carl Lee Collision of Alma, Arkansas, Monday evening, November 24 at the home of Judge W. M. Malone, who officiated for the marriage vows. They left immediately for their home in Arkansas where Mr. Collision is a stock-farmer. Mrs. Worswick was formerly owner of the White Kitchen Cafe here.

**ATTEND FUNERAL SERVICE IN LUBBOCK SUNDAY**

Mr. and Mrs. S. A. Lawrence and Mr. and Mrs. E. E. Caudie and family were in Lubbock Sunday to attend funeral services for the infant son of Mr. and Mrs. Louis E. Walker. The infant only weighed 3 pounds at birth. Mrs. Walker has been in a serious condition following a Caesarian section and other complications. Her condition is reported to be improving at this time.

**REV. GILBERT GUEST SPEAKER AT MATADOR**

Rev. C. N. Gilbert, Baptist Pastor (Spur) was the guest speaker at the Floyd County Baptist Workers Conference that met Tuesday in Matador. Rev. Gilbert spoke on "The Mercies of God."

**BILLY OVERSTREET SPENDS HOLIDAYS AT HOME**

Billy Overstreet arrived Wednesday to spend the Thanksgiving holidays with his parents, Mr. and Mrs. Ben Overstreet at Dickens. Billy is a student at McMurry college in Abilene.

**Pioneer Resident Of Dickens County Dies**

Martin Luther Blakey, 87, resident of Dickens county 45 years, died at his home in Afton at 2 o'clock Tuesday afternoon.

He was a retired farmer. Funeral services were conducted at the Afton Methodist church Wednesday afternoon at 3 o'clock followed by burial in the Afton Cemetery.

Survivors include the widow, Mrs. Maggie Blakey, three sons, W. L. Blakey and Luther Blakey, both of whom live in California, and L. O. Blakey of Afton; four daughters, Mrs. Ula Mae Arthur, Afton, Mrs. Ellen Dinnington of Clyde, Mrs. Inez Harding, Causey, New Mexico and Mrs. Iris McSpadden of Meridan.

**Robert H. Drennon, S2C Finishes Recruit Training**

Robert H. Drennon, S2C, USN, 17-year-old son of Mr. and Mrs. R. H. Drennon of Route 1 Spur, has completed recruit training at the U. S. Naval Training Center, San Diego, California with Company 089. During Recruit Training this company won the Infantry pennant. This pennant was won in competition with from 20 to 24 companies, each consisting of approximately 130 men each.

Drennon entered Naval Service August 18, 1947 at Albuquerque, N. M. Before this he attended Patton Springs High School at Afton.

**CHURCH OF CHRIST CALENDAR**

"Do Not Sin Against the Child," will be the scripture-subject of Frank L. Cox, minister of the Spur Church of Christ, Sunday morning at 11. The sermon will be followed by an observance of the Lord's supper by the congregation. Mr. Cox continues his sermons on the Great Texts of the Bible and will speak at 7 in the evening on a well known passage in the book of Romans: "And we know that to them that love God all things work together for good, even to them that are called according to his purpose." With Mrs. Oscar McGinty as teacher, the ladies Bible class will meet Monday afternoon at 4, and study the life of Christ. Prayer meeting will be conducted Wednesday evening at 7.

**BETHEL BAPTIST CHURCH CALENDAR**

**FOR HOLIDAY MAGAZINE**

**W. D. Bell Photographing Palo Duro Canyon**

CANYON (Special)—William David Bell, one of the foremost color photographers in the United States, recently took pictures at West Texas State College and in nearby Palo Duro Canyon State Park.

Bell was on a special assignment for Holiday Magazine. His work here was near the end of an assignment to make a "Life in Texas" color photographic series to be used in three separate issues of the noted national travel publication.

Bell and his assistant, Earl Cloburn, have spent more than three months in Texas working on this assignment.

A member of the American Society of Photographers, Bell said he had enjoyed his Texas trip because it was a homecoming venture for him. He is a former University of Texas student and is a native of Houston.

Chief interest for Bell was the Panhandle-Plains Historical Society's museum on the campus at West Texas State College. The famed building and abundance of material it houses were fascinating subjects for the noted cameraman.

Bell's only regret while here was not enough typical Panhandle weather prevailed. He found cloudy days and rain with the exception of about one hour which he spent frantically photographing in picturesque Palo Duro Canyon.

When he left here Wednesday (Nov. 19) Bell had only a few days in and around the ranch country near Muleshoe left on his assignment. He was scheduled to return to his headquarters in New York within two weeks to begin preparations for a trip to Europe where he will do some special work for Life Magazine and others.

**El Paso To Have Giant Balloon Parade**

EL PASO, Texas, Nov. 22—A giant balloon parade, like those which feature the Christmas season in metropolitan cities, will pass through downtown El Paso on December 10. J. M. Rector, Jr., chairman of the retail division of El Paso Chamber of Commerce, announced today.

No such parade has ever before been held in the Southwest; but people of this area are familiar with the famed balloon marches in newsreels of similar events in New York, Chicago, and other cities.

The El Paso parade will include scores of giant balloons, the most sensational of which will be the balloon train which is 450 feet long, 18 feet high and 120 feet wide.

According to experts who have seen these parades, when Santa Claus rides on the cowcatcher of this train, he cannot see its end. Besides the train there will be balloon dragons, elephants, horses, clowns, policemen, other characters and several bands of the Texas College of Mines.

The parade is being brought to El Paso by the retail merchants at an approximate cost of \$2,500.

It will get underway in the downtown area at 3 p.m. Wednesday, December 10. Thousands of persons are expected to see the giant balloons as they pass by.

Lee Minns of the Wichita community was attending to business here the last of the week. Bill McArthur of Red Mud was in town Saturday from his home.

**Michael Walker, Infant, Dies; Buried At Lubbock Sunday**

Funeral services were held at 2:30 Sunday afternoon in Bryan-McDonald & Son Funeral home Chapel in Lubbock for Michael Wayne Walker, 5-day-old son of Mr. and Mrs. Louis Walker, who died in West Texas hospital at Lubbock at 3 o'clock Saturday morning.

Dr. Ralph Grant, pastor of the First Baptist church, officiated at the services. Burial was in the Lubbock cemetery.

Survivors other than the parents are a brother, Louis, Jr., a sister, Barbara, maternal grandparents Mr. and Mrs. S. A. Lawrence of Spur and paternal grandparents Lou Walker, Glenwood, Iowa, and Mrs. Lou Walker, Nevada, Iowa.

Mr. and Mrs. Walker are former Spur residents and Mrs. Walker will be remembered as the former, Bonnie Lawrence.

**William G. Moore Recently Promoted**

HEADQUARTERS, 316th Bomb Wing, Okinawa—William G. Moore, son of Mr. and Mrs. A. R. Pierce of Spur, Texas, has recently been promoted to the rank of Corporal. It has been announced by the 316th Bombardment Wing Public Information Office, with Headquarters at Kadena Army Air Base.

Prior to entering the United States Air Force in February 1946 Corporal Moore attended Spur High school.

He arrived on Okinawa in March 1947 and is presently assigned to the 559th Air Service Group Medical Dispensary, at Kadena Air Base.

**THANKSGIVING**

The Pilgrim Fathers at Plymouth in 1621 kept the earliest harvest thanksgiving in America and in the succeeding centuries, the practice was frequently repeated. Thanksgiving Day still ranks as a special annual festival. Washington appointed a Thanksgiving Day, while special thanksgiving for the welfare of the nation was given in 1795.

Thanksgiving has been observed in New York State since 1817. But its general observance in the United States dates from 1863 when Lincoln issued a proclamation recommending the last Thursday of November to be observed as Thanksgiving Day.

It was at the close of a period of suffering—after they had fought through and endured, and gained the victory—that our New England forefathers observed the first Thanksgiving. They had endured great hardships, but they were thankful. Thankful for health, a bountiful harvest, friends loved ones—yet all of us today enjoy more than they had—more than they ever had to enjoy—why should we not be thankful?

Spencer Campbell left Tuesday for Dallas where he will purchase new merchandise for Campbell's. He expects to buy the latest in home furnishings and also add to his stock of holiday goods.

**SPENCER CAMPBELL AT DALLAS MARKETS**

Spencer Campbell left Tuesday for Dallas where he will purchase new merchandise for Campbell's. He expects to buy the latest in home furnishings and also add to his stock of holiday goods.

He arrived on Okinawa in March 1947 and is presently assigned to the 559th Air Service Group Medical Dispensary, at Kadena Air Base.

**BRYANT-LINK CO.**

**Can The Culls**

There's no sense in feeding hard-to-get grain to hens that won't give eggs in return... and any poultryman will tell you that a rooster in an egg-production flock is worthless than nothing.

Lee Ann Williams, County Home Demonstration Agent, says that the best place to find culls and roosters is on the pantry shelf. She says they can be canned as boned or diced chicken... or sandwich meat. If you have several to put up, try putting all the wings in one can... for dumplings... and all the gizzards in another, and all the livers in another. You'll probably have several cans of broth for soup, too.

If you're fortunate enough to be canning more than you need for your family, Miss Williams says you might look into the matter of selling it... many Texas housewives make extra money by selling first quality home-canned chicken under the green and white 4-H label.

If you're interested in cutting down your grocery bill... and having something on the emergency shelf for unexpected company or a surprise dish for your family... or would like to make a little extra money from your chickens... go by your county home demonstration agent's office. She has instructions that are simple and easy to follow. Just ask for the bulletin on dressing, marketing, canning and cooking of poultry. She'll know what you want.

There are nearly 600 people to the square mile in Puerto Rico and most of them live off the land.

Love that lovin'—A scene from "The Hacksters" (best-seller) starring Deborah Kerr and Clark Gable with Debra Kerr in an MGM.

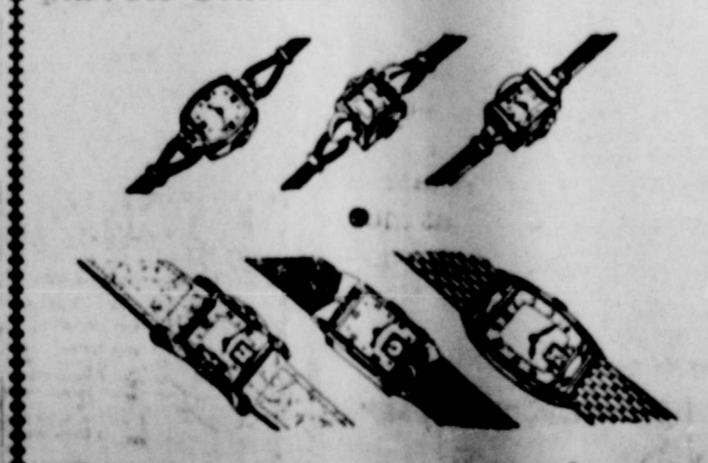

**DEBORAH KERR IS GABLE'S NEW LOVE**

Deborah Kerr, one of England's loveliest screen stars, makes her American film debut in one of the most highly-coveted roles of this or any year—that of Clark Gable's co-star in "The Hacksters," M-G-M's filmization of the Frederic Wakeman best-seller novel, which will be the hit attraction at the Palace Theatre this week, Nov. 30—Dec. 1.

Miss Kerr (pronounced Kerr to rhyme with star) plays the role of Kay Dorrance, society widow with whom Gable falls in love in the fast-moving and explosive story about the radio advertising business.

## Spanning Canyon Diablo

Another new bridge on the Santa Fe

A new double-track steel bridge now spans Canyon Diablo (a giant gap 225 feet deep in the tableland of northern Arizona) on the main line of the Santa Fe between Chicago and California. The new bridge, which replaces the old single-track trestle, is 544 feet long, 52 feet wide, and carries 100,000 tons of structural steel. The low-level trestle can cross it in both directions at once, and it's built to handle anything in rail traffic the future may bring.

Canyon Diablo Bridge is just a part of Santa Fe's continuing program of improvements—typical of the Santa Fe spirit of progress and initiative—provide Santa Fe passengers with another reliable, and Santa Fe shippers with more efficient freight handling. It is another good reason for traveling or shipping "Santa Fe—all the way."

SANTA FE SYSTEM LINES... Serving the West and Southwest

### LOCAL

We are very sorry to report Grandmother Edwards ill this week, she fell and broke her hip early last week.

Also on the sick list this week we find Miss Clara and Willie Adams who each have the 'flu'. Mrs. J. A. Murphy had as guests this week end her daughter, Mr. and Mrs. Buck Dillahunty of Lubbock. They were en route to Ft. Worth when they were to visit with her sister, Mrs. Bob Fletcher.

Mr. and Mrs. Doyle Gunn visited this week end from Oklahoma with her parents, Mr. and Mrs. Millard Smith.

Mrs. Frank Billberry of Sageron visited with her mother Mrs. M. L. Vinson, Sunday.

We are very glad Mrs. Rural is able to be going again after the time she spent in the hospital.

### SENIORS SOON TO PRESENT

#### "SUPERSTITIOUS SADIE"

A farce in three acts which insures a hilarious evening of fun and laughter for the family. A play in which a very attractive lady and her two equally attractive daughters find themselves in financial straits and moves into a haunted home. We are hoping we shall be able to present the play December the twelfth—we will let you know later.

The Senior Class of Girard is invited to a Banquet at The First Baptist Church sponsored by the Ladies of the W.M.U. and S.S. classes of the Baptist church. Our Sponsor, Mr. Howell and Mrs. Howell, The Junior class with their sponsors, Mr. and Mrs. G. L. Woolley, are also invited to the banquet. We feel that the people of Girard appreciate their future citizens when we are given such an invitation and we in turn wish to thank our kind friends from the bottom of our hearts.

It's a rule this year up at school not to leave without permission—Gee, I suppose some of us just happen to forget (Bob and Walt—that is they tell me that our days are coming that we must abide by this Golden rule!

We are thirteen very ambitious students—Edie is to become a lovely housewife, Mary is to become a famous Power's Model, Alene is to find a "diamond." So what is left for our other ten last members?

### THE JUNIOR NEWS

We did not have our radio show (Jake Miller and the Wild Mustangs) last Friday night, but we plan to have them later if possible.

We suppose that the robber which we had again Friday night was very disappointed by not finding much money in the school building. Only about two dollars was taken this time and had luck to the Seniors; it was their money!

The Juniors have a class enrollment of eleven. They are Vera Williams, Edwards O'Keefe, Pauline Long, Leta Briggs, Curtis Ripple, Dorothy Brooks, Gussie Fincher, Bernice Goodall, Pat Rural, Grace Stinnett.

Our go-sponsors are Mr. and Mrs. G. L. Woolley.

### SIXTH AND SEVENTH GRADES

We are planning on Thanksgiving very much. We hope that everyone has a good time.

We had a new girl to start Monday. Her name is Genevieve Lamb. We are happy to have

Jimmie Joe Richards to start

We are enjoying everything but the tests.

### FOURTH AND FIFTH GRADES

Hello—Here we are again looking forward to Christmas, our room is anxious to begin decorating. We are trying to be real good for Santa—we surely don't want to be missed.

Help—Help—if anyone knows the words to the song "Here Comes Santa Claus." Would you pass it on to us? Hershell and Charlette had a good time visiting Mrs. Bucklew Monday night.

We really missed James last week, hope he had a good time in Ark. Also missed Alfredia, maybe she will bring us some nice pecans as she went pecan hunting at Weatherford, Texas. Sorry Wanda and Connie were ill last Monday.

The fifth grade is really scratching its head over fractions now.

Glad to have Glenda back after several days of being absent.

Were we glad to see the sun shine, this rain kept us in the house too long.

### Social Security Representative Attends Dallas Meet

Ways and means of getting better public understanding and of preventing the loss of social security benefits were the chief topics of discussion at the conference of field office managers of the Social Security Administration in Dallas, which was attended by Elliott W. Adams, manager of the Lubbock office on November 12, 13 and 14.

Oscar C. Poore, National Director of the Bureau of Old-Age and Survivors Insurance, emphasized the responsibilities of the field office personnel to the public.

The head of the government insurance system for workers and their families stressed the importance of informing the people of their rights and benefits under this program.

James B. Marley is the director of the activities of the Social Security Administration in Region X which includes Texas, Louisiana, and New Mexico. He stressed the obligations of public servants to the people.

The conference was attended by the managers of the twenty-eight offices in Region X. The meetings are annual events of the Social Security Administration.

"It was forcefully brought out," according to Adams, "that we must do a constant job in securing public understanding of old-age and survivors insurance. Our efforts must be directed especially toward those who may not be eligible to receive the insurance so that no one will lose a payment because of a lack of knowledge of his rights."

"In addition to paying those who may now be eligible, the discussions at the conference made it clear that it is our responsibility to inform the families of all workers of their future rights to insurance payments, so that individual workers and families can make better plans for the future," Adams concluded.

### Veterans' News

The Veterans Administration has announced a new plan for VA inspection of houses financed by GI loans while the houses are still under construction.

VA will make a pre-construction appraisal of "reasonable value" based upon complete plans and specifications. A minimum of three inspections are required at work advances to assure adherence to the agreed standards. The plan is optionally available to builders, lenders and sponsors of such projects.

Builders and financing agencies thus may receive a definite commitment as to "reasonable value" in advance of construction, provided the homes are completed according to specifications.

The commitment will remain valid for a specified period—usually predicated on the probable time necessary to complete construction.

In addition, a definite VA commitment on the maximum price for which a house could be sold to a veteran upon completion was available only where an individual veteran asked for a construction loan.

With the new plan, VA for the first time is assuming direct or construction—from plans to completion—of houses built for sale to veterans with GI loan financing.

VA inspections will not be required in connection with work supervised by the Federal Housing Administration.

### Too Few Cowboys; Cattle Traps Set

During and since the war good cowboys have been scarce in the range country. Many wise old steers have eluded the amateur cowhands when the regular branding and sorting round-ups came around, says Farm Journal.

The Kistner Land and Cattle Company, which owns two large ranches in Texas, has been building traps at watering places. These are fenced in, but are fixed so they can't get out. When the cattle get thirsty enough they find their way to the gates.

Some eight- and nine-year-old steers as well as the unbranded bulls and some old cows have been caught. The steers, weighing about 1,000 pounds each, are now worth about \$150—profitable tripping on anybody's line.

### HINTS FOR HUNTERS

1. Always ask a farmer's permission before you enter upon his land with a gun.

2. Respect "no hunting or trespassing" signs.

3. Leave your car in the farmer's barnyard.

4. Do not shoot near farm buildings or livestock.

5. Chase gates when you use them.

6. Always climb fences at a post.

7. Be extra careful with matches or burning tobacco, so as not to start a fire near buildings or in fields.

### Thanksgiving

Tradition and custom bring each November, a day set aside over 300 years ago, to acknowledge our debt to a Divine Providence for blessings wrought. As time passed since a long ago Plymouth Colony met to celebrate a plentiful harvest, the manner of observing Thanksgiving Day has somewhat changed. College stadiums, high school bowls, are crowded for the annual football holiday event. Penants, chrysanthemums, cheers, rally songs, make it an outstanding occasion. The Thanksgiving dinner has changed, too. More stress is laid upon the food for the body than the day's food for the soul. The early years of the celebration were times of extreme reverence, of a people spiritually appraising the beneficence of God, of expressing thanks for harvest, asking guidance for a new nation through its dark periods in making history. Thanksgiving was a holy day, the time to commune with man's Maker. It was even extended for a week instead of a single day, its official date, set by the governor of the colony, varied, history shows. But the feasting upon venison, geese, wild turkey, fish, chowder, cornbread, puddings,

finally became a traditional holiday each year at a set date.

This is the opportunity for Spur to unite in prayer, to be grateful for a bountiful harvest, to praise Him who has made the world for guidance and a restoration of every man's faith in the significance of the real meaning of Thanksgiving.

Mrs. H. S. Crausbay of near McAdoo was a business visitor in Spur Monday. Mrs. Crausbay reports that Mr. Crausbay's condition is improving slowly at this time. He sustained injuries in an automobile accident several months ago and has not as yet fully recovered.

Skeeter Lewis of Jayton was a business visitor to Spur this week.

### Well-Being Of Farmers-Ranchers Depend On Full Use Of Livestock Markets

KANSAS CITY, Mo.—A. Z. Baker, president of the American Stockyards Association, asserted that the continued well-being of farmers and ranchers in this country depended on full use by them of public terminal livestock markets in marketing their livestock. Baker made the statement in an address before about 200 stockmen at the Kansas City Livestock Market this week.

"Only at a public stockyards can the seller of livestock have his animals viewed by as many buyers, and only at a public stockyards will the stocker and feeder buyers of the cornbelt area have so many different kinds, qualities and grades of livestock to choose from," Baker said. "At Kansas City, for instance, there are about 400 dif-

### U. S. Education Fund Too Low, Jester Warns

Governor Jester warned Saturday that with Russia spending proportionately more to educate its children than the United States, we can not maintain a position of world leadership "if we let our educational opportunities slip and our standards of education deteriorate."

In a speech delivered at the inauguration of Dr. James Gilliam Gee as president of the East Texas State Teachers College, Jester cautioned that "we do with our future what today we do with our schools."

"To educate our children, who are to be our citizens and our leaders of tomorrow, we spend only about 1.5 per cent of our national income on public schools," he said. "Actually, we spend less in proportion than other large nations, including Great Britain and Russia."

"Informed public opinion can and will change this picture. The public must be made to realize that our teachers mold our nation's future. We should see to it that the personal and professional prestige of the teachers is pegged at the high point that it deserves in our communities."

"We must improve the teachers' economic and social position because of its inestimable importance to the present and future of the nation. We must stimulate greater interest in school conditions and create increased demands for improved teaching conditions," he declared.

### TRUCK SALES SET RECORD

DETROIT, Nov. 19.—Chevrolet sold a record-breaking 39,841 trucks during October 1947, more truck sales than have been reported in any single previous month in Chevrolet's 35-year history, it was announced here today by T. H. Keating, general sales manager.

Production and sales have been climbing steadily since the new "advance-design" line of trucks first was announced to the public last June. The previous record-breaking month for truck sales was June 1941, when 28,367 commercial units were sold. These figures represent sales in the United States by dealers to consumers.

Reflecting an increased demand for trucks over prewar conditions, Keating pointed out that approximately 31 per cent of the unfilled orders on Chevrolet trucks are for trucks. During the last years before the war, approximately 19 per cent of Chevrolet's total sales were trucks.

Chevrolet's "advance-design" trucks feature numerous comforts for the driver, as well as postwar mechanical improvements. There is a wide variety of models on eight wheelbases for virtually every type of hauling, and Chevrolet dealers are in

a position to supply the right trucks for all trades.

### It's Unfair To Merchants

Influx of out-of-town peddlers and solicitors has gradually grown since the war, Snyder and other area businessmen were not molested much by these folks during the war because of shortages of various kinds.

The Times has particular reference to mattress peddlers, salespeople for various clothing, cosmetics and household furnishings.

We contend that it is unfair to the local merchant who stays here the year round, pays taxes, supports churches and civic organizations with his time and money—to make the town and county a worthwhile place in which to live—then permit these peddlers to come to town and go into direct competition with these merchants without paying a dime of taxes. If it were not for these loyal businessmen there would be no town for these peddlers to come to.

We believe the real thinking person, who depends on the community for a livelihood, can not equitably patronize these out-of-towners—and then expect these local merchants to build

schools and churches and provide law enforcement and protection for their families.

Ask these same peddlers who take money out of the community to contribute to local charities and they will sneer at the suggestion.—From Scurry County Times.

Other factors must be taken into consideration, from the standpoint of home background and classroom attendance. In order to further educational facilities, we should be familiar with school equipment, its courses in music, science, art, workshops, student government, health programs, creative lines. Parents owe

it to their children, the teachers, the country and themselves.

Oranges, tomatoes or tomato juice, grapefruit, raw cabbage and salad greens are excellent sources of vitamin C and should be included in menus for winter days.

### Parents Take Notice!

Parents of Spur have a responsibility that extends beyond the portals of home. To unite and strengthen bonds between teachers, pupils and parents, there is an accent today on open-house in the grade and high schools.

To get acquainted with aims and achievements of faculties of public schools is to cement the foundation of our educational system. There is no need for formal display of the work done, but rather a continuation of the every day procedure of the classroom, which will give parents the opportunity to study the system and find needs not in effect but through co-operation, may be supplied. There are not many instructors who will not welcome the interest of parents, will be glad to answer questions, point out reasons for programs, take time for individual counsel with a parent and try to solve the problems of child and parent.

A report card is not the only test of a student's ability or lack

### Good News In Cotton Crop Estimates

The recent cotton crop estimate for Texas should carry good news to growers of livestock who have been facing unfavorable reports of range conditions and feed supplies for several weeks.

The U. S. Department of Agriculture, based on conditions Nov. 1, estimated the Texas cotton crop as 2,250,000 bales, which is 100,000 bales above the forecast made a month earlier. The average cotton yield for Texas over the past 10-year period is 3,021,000 bales. If the estimate of 2,250,000 bales is correct it will mean an increase of 1,614,822 bales over the 1946 yield of 1,635,178 bales. Assuming the cottonseed from each of the bales produced over last year at 800 pounds—it is probably a little more—this will mean a huge total of 645,923 tons more of seed to be crushed and made into cake and meal than were produced in Texas last year.

The timber cut from the national forests in the quarter ending September 30 totaled 1,127 million board feet, the largest cut from national forests ever registered in any one quarter.

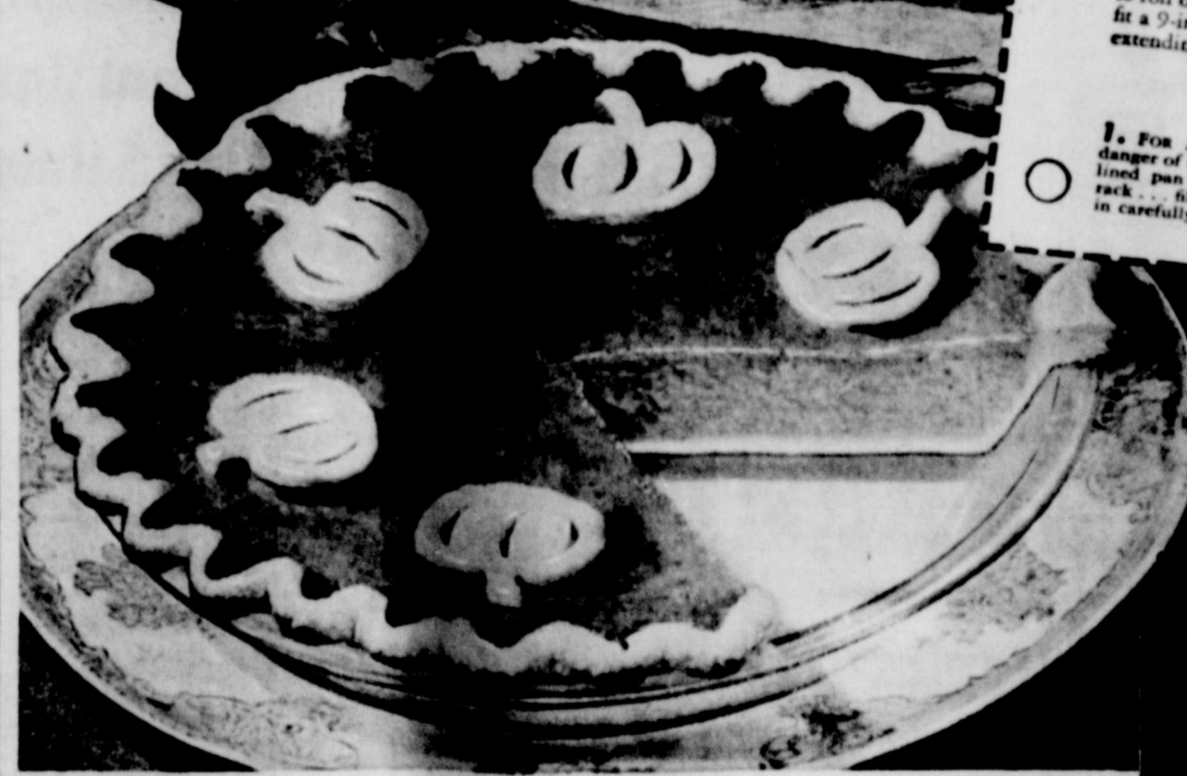

"Aunt Susie Shoots The Works"

Betty Crocker says:

"Honey 'does things' for this Pumpkin Pie"

Honey for a deliciously different flavor... Gold Medal for a richer, flakier crust!

**BETTY CROCKER Honey Pumpkin Pie**

Perfect results assured only with Gold Medal "Kitchen-tested" Enriched Flour

Make Pastry for 9-in. One-Crust Pie (recipe below)

- 1 1/2 cups mashed cooked pumpkin (1/2 of a no. 2 1/2 can)
- 1 1/2 cups milk
- 2 eggs
- 1/2 cup brown sugar (packed in cup)
- 1/2 cup honey
- 1 tsp. salt
- 1 tsp. cinnamon
- 1/2 tsp. ginger
- 1/2 tsp. nutmeg
- 1/2 tsp. cloves

Beat together with rotary beater

Pour into pastry-lined 9-in. pie pan. Bake 40 to 45 minutes (or until silver knife inserted into side of filling comes out clean; center is soft but will "set" later)

NOTE: Pies of this type are best when baked in enamel, heat-resistant glass, or dark tin pie pans.

To make Pumpkin Pie Filling with all sugar, use 2/3 cup brown sugar in place of the 1/2 cup brown sugar and 1/2 cup honey.

**PASTRY FOR 9-IN. ONE-CRUST PIE**

- 1 cup sifted GOLD MEDAL "Kitchen-tested" Enriched Flour
- 1/2 tsp. salt
- 1/2 cup shortening... first cutting in half of it until mixture looks like "meal"; then cutting in rest until particles are size of giant peas

Cut in with pastry blender or 2 knives

Sprinkle over mixture... 2 tbsp. water... mixing with fork to make dough stay together

Round up into ball and let stand a few minutes to make easier to roll out. Roll out on lightly floured cloth-covered board to fit a 9-in. pie pan. Place loosely in pie pan... leaving 1/2-in. extending over edge of pan. Build up fluted edge.

**Pie Tips**

- FOR A FULL PIE without danger of spilling, place pastry-lined pan on pulled-out oven rack... fill pie, and push rack in carefully.
- TO TEST "DONENESS" OF PUMPKIN FILLING... insert silver knife near edge of pie. If the knife comes out clean, the filling is done.

CLIP... FILE IN LOOSE-LEAF NOTEBOOK

**SLEEP Electrically AND ENJOY THE DIFFERENCE!**

Says Reddy Kilowatt Your Electric Servant

**Enjoy AUTOMATIC SLEEPING COMFORT for Only A FEW PENNIES A NIGHT!**

**Automatic Blanket keeps you cozy all night—no matter how the weather changes!**

Just a few pennies a night for snug, undisturbed sleep—all night long! That's all it costs to operate the G-E Automatic Blanket.

Once a season, set the exclusive G-E Bedside Control. No matter what the weather does outside, you sleep cozy and warm... because the control adjusts automatically.

The Blanket is light weight, but warm as three blankets. In blue, rose, green, cedar, 72 x 86 inches. Available in One-control model, or new exclusive Two-control model—for double bed sleepers who like separate degrees of sleeping warmth. See these wonderful blankets today!

Launders beautifully. Carefully made to rigid safety standards, and approved by Underwriters' Laboratories, Inc.

**West Texas Utilities Company**

**Save money on Gold Medal by stocking up on big sacks... now!**

You of course save money when you buy Gold Medal in the large size. Grocers are now featuring these money-saving large sizes in eye-catching fall displays. Thrifty women are stocking up... in time for the cold weather baking season ahead. Now's the time for you to buy a large sack!

And now's the time to try out a Gold Medal-pumpkin pie recipe de luxe by our Betty Crocker Staff! Deliciously different, creamy and rich... thanks to satin-smooth honey in the filling.

And thanks to Gold Medal "Kitchen-tested" Enriched Flour... that important under-crust will bake up tender-rich, golden-crisp, just right!

Gold Medal is planned and tested to give you real "baking insurance." From end to sack it's tested time and again... ending with a final test under home baking conditions by our Betty Crocker Staff.

Use sifted-thru-silk Gold Medal in all your baking! With the Betty Crocker "success recipes" in every sack, it's your simplest, surest way to baking success.
