Old Judge Carls

FAMILY COURT

TOM vs. MOM

Docket:
Shall Tom take boxing lessons?

Tom:
"I want to learn to box, but everytime I mention it Mom just closes up and says, 'No, I'm 12 and I'm strong and healthy'."

Mom:
"Of course I don't want Tom to take those boxing lessons. He not only might get hurt, but what mother wants to take a chance on her son growing up to be a prize fighter? Not me."

Finding and Verdict of Judge Early

This is a real "good case" for our family docket and the judge hopes his findings will clear up some of the misunderstanding present.

The court feels Mom's fear of having a prize fighter son in the family is the main issue—and not simply the taking of a few boxing lessons.

Now, Mom, there's nobody least of all the old judge, who could predict with certainty the exact outcome of Tom's boxing lessons. Maybe he would grow up to be a professional boxer and maybe he wouldn't. And even if he did, Mom, whether or not it would be a good thing would just all depend.

But there is one safe piece of ground we all can walk on, Mom. The ability to protect oneself, if necessary, always is important.

Maybe a few boxing lessons now would be a worthwhile thing for Tom after all. The judge says let him go ahead.

Next Week's Case:
Shall Louise leave her home town?

"Go Ahead" Say Lions To Labeling

"Our planned project will continue," said Lion D. J. Dyess after the Lions Club regular Tuesday luncheon. Members gave the green signal to their proposed street marking and house numbering campaign, and formulated steps for carrying out original plans.

The Lions Club wants to see Spur grow in organized progress, and it is believed that correctly marked streets and numbered houses would be in keeping with the city's already progressing paving campaign.

A maximum fee of \$2.00 would be assessed each home owner, according to Dyess, to investigate a total lump sum for all cost coverages. This is a small amount for such needed work.

First donation in the amount of \$25.00 has been received to open the fund, provided the project prospers. If one-half of the total Spur citizenry solicits one neighbor apiece, the signs and numbers should soon be going up. Samples of the proposed house numbers and street markers may be seen in front of Palace Drug.

Persons desiring to make their payments or requested to contact L. E. Lee, finance committee chairman of the Lions Club.

Duck Creek Soil Conservation District News Notes

WILL WRIGHT JAMES MONTGOMERY CHAS. WITT
RILEY WOOTEN, Chm. OSCAR MCGINTY, Sec.

The Shallow Lands have a topsoil some 10 inches or less in depth, with a rocky-clay or caliche subsoil. Gravel and small rocks sometimes appear on the surface. Water runoff is fast because this land has steep slopes and sparse vegetation. It is one of the slowest to recover from hard use.

Blue, Black, Hairy, and Side-out Gramma grasses are the choice species found here when the range has been handled right. Some Needle grass and Buffalo grass grow on this soil also. The

Visiting Students Study Methods At Experiment Station

Three bus loads of Brown county agriculture students visited Spur Experiment station here Friday of last week. Other students here during the week, were from Haskell and Baird. These groups range from 50 to 100.

Next week will bring students from Sweetwater, Stamford and San Angelo.

The primary purpose of these students are to study ways and means that have been scientifically developed for better and more successful methods in farming and ranching.

Through the years, much valuable information and data has been compiled from various experiments made at the Spur station.

Instruction of these groups consist of class room work under the supervision of R. E. Dickson, superintendent, using mimeograph material and study of bulletins previously and recently compiled and also bulletins gathered from all parts of the world.

C. E. Fisher, who is an authority on grasses and eradication of mesquite, the plague of West Texas ranches and pasture lands, takes these groups out for field instruction. Spur Experiment station is recognized both State and Nationally for its extensive study of the control or eradication of mesquite growth. Recently a great deal has been written concerning fire eradication of the mesquite as a measure of conserving the moisture, the question has been debated both pro and con.

Paul Marion, the livestock man at the Spur station, takes great pride in showing his prize cattle and explaining his formula for caring for the five different herds on five different pastures from this type of information, based on present and previous experiments the result is a decided improvement in the herds of West Texas ranchers and stock farmers.

Mrs. Weldon Grimes, is the very able and efficient secretary at the Spur station, who keeps track of the itineraries, program schedules and visiting groups along with much detail work.

Girard Veteran Students Tour Texas Tech Farm

Veteran's Agriculture classes from Girard and Jayton spent Friday of last week touring the Texas Technological college farm. They report an interesting day's study with many educational tips regarding the college farm work.

All divisions of agriculture were visited, and phases of different agricultural training observed.

Instructors in each field escorted the group through their respective divisions. A trip through the dairy manufactures lab was postponed, and the group was not able to see the Texas Tech aggies making ice cream and cheese with which they supply the campus dormitories.

Accompanying the classes from Girard and Jayton were Mr. Tuberville, Mr. Montgomery of Jayton, and Mr. Woolley, superintendent of Girard School and agriculture teacher.

Thanks Given For American Food

These happy children, in a Polish school, bow their heads in a prayer of Thanksgiving before eating cereal made from American grain which was distributed to them by agencies of the Christian Rural Overseas program (CROP).

CROP is now sponsoring food trains in Colorado, Kansas, Ohio, Oklahoma, North Dakota, Texas, and other wheat-producing states. Every farmer is encouraged to make some gift in kind—preferably whole grains, dairy products, or livestock. CROP is supported by Catholic Rural Life, Church World Service, and Lutheran World Relief.

Blackwell Victor Over Clark In Matched Roping

In an unmatched roping contest held last Sunday at Spur roping arena Odell Blackwell of McAdoo won by a small margin over Alton Clark of Girard. The McAdoo roper's average was 19.2 seconds for the six calves roped.

An interesting feature of the event was a junior boys double roping contest. Sacks of money were tied around the necks of small Brahama calves, and six boys raced after them determined to catch some easy money. Each boy won a prize.

Williams Dairy Adds Homogenized Process To Milk

"Very latest methods in milk retail under the most sanitary conditions" typifies the production of milk for the public as shown in processes at the Williams Dairy.

As in most of the larger plants over the country, there are bi-weekly inspections in the Williams plant to insure a safer product for human consumption. Daily rural pick-ups result in faster daily production.

Pasteurization of the milk is under strictest supervision of Mr. Williams and his assistants. All testing and sterilization processes are fully carried out and State Health rules obeyed to the greatest extent.

Besides pasteurization, Mr. Williams recently obtained a homogenization machine which weighs 2400 pounds and is already installed in the plant. Homogenization is a process in which modern machinery breaks up fat content and evenly distribute it throughout the milk. This form is more nutritious for children, in that the healthful cream is distributed in the milk, and lessens a child's chances of drinking only "skim" milk.

The Williams Dairy and Produce is one of the progressive businesses in Dickens county. Modern packaging methods will soon bring his home owned, operated and distributed products before the public in larger quantities and better qualities.

Amarillo A Capella Choir To Broadcast From New York

Lovers of beautiful vocal selections will have an opportunity Sunday morning, July 25th, at 10 o'clock the Acapella Choir of Amarillo, broadcast from New York over the NBC network.

Included in this group is a local boy Eddie Hill, son of Rev. and Mrs. L. L. Hill of Spur.

Spur folks extend special thanks to the Lions Club of our town for the generous spirit which prompted the gift of \$106 to help with the traveling expenses of this group.

Political Campaign Gains Interest As Deadline Nears; State And Local Returns To Be Given Saturday Night

Rotarians Learn About Rifles From J. W. Taylor

The program on "Rifles," by J. W. Taylor, was given as scheduled at the regular meeting of the Rotary Club on July 15. Mr. Taylor opened his program with a discussion of rifles using 22-calibre, rim fire ammunition, making the observation that more cartridges of this type were fired around the world than all others combined. Of this type Mr. Taylor considers the long rifle the most efficient and the bullet-point the safest to use.

He then described the merits of a number of Varmint Guns, which are guns of relatively small calibre. A number of these were in the "wildcat" category, meaning that they do not have widespread public acceptance and their ammunition is not readily available, yet many of these guns have outstanding improvements and it is Mr. Taylor's opinion that some of them will become quite popular in the future.

Mr. Taylor displayed a 30-30 rifle which has been a very popular all-purpose gun since the 1890's but in his estimation it is now far surpassed by some of the more modern guns.

Large calibre guns on display were the property of Frank Ferguson of Roaring Springs. Among them was a beautiful German "Over-and-Under" gun, a combination 16 gauge shotgun and 6 mm. rifle.

One visiting Rotarian was presented by Carson from Midland. Other visitors were Maurice Vandyke and Cecil Fox, Spur, Frank Ferguson, Roaring Springs, and Ben Ackerman, Little Rock Arkansas.

Rotary Sweetheart Annette Lee was introduced to the Club by President J. D. McCain, although she needed no introduction to most of the Rotarians.

July 29 program: Seed Breeding by J. R. McNeill, Crete Snyder chairman.

New Supervisor For Farmers Home Administration

Maurice P. Vannoy of Center, Texas arrived last week to take charge of the Farmers Home Administration office of Dickens and Kent counties, who have their office in Spur.

Mr. Vannoy has been transferred from the office in Center, located in Central Texas, to Spur and stated he had a feeling of coming home as he was raised in Lubbock county.

The Vannoy family consist of the Mr. and Missus and a six months old baby. They are located temporarily in the Fred Hisey home in West Spur.

H. M. Christian Buys Variety Store In Anton, Texas

Mr. and Mrs. H. M. Christian and three sons are leaving Spur in the next few days for Anton, Texas where they have purchased a variety store business.

Mr. Christian has been the manager at the Wacker Store in Spur for the past five years, and in his business connections there has made many good friends and acquaintances.

The Christian family have been a most popular family in Spur. Interested in all civic and community improvements they will be definitely missed. Both Mr. and Mrs. Christian have been active and dependable workers in the Methodist church here and will be hard to replace. Spur loses this good family with sincere regret.

AN EDITORIAL

The Texas Spur would not tell you how to vote even if you asked us but The Texas Spur does insist that you vote and urge that you vote for that candidate that best exemplifies the principles of democracy that has made our government the envy of liberty loving people the world over. We believe in our democracy. We know it is the best form of government yet devised by man. We know it has made America the best and most prosperous nation in the history of the world. Our liberties have been gained not only with the blood of stalwart men and women on the battle fields but also by the courageous voters who marched to the polls and cast their votes. These are troublesome times. The officials we place in office will be called on to decide momentous questions which will not only effect liberty loving Americans but will effect the future of liberty loving people all over the land. Your vote, while it may not be the deciding one in any race, will be a vote of confidence for democracy, it will be a vote against oppression, against dictatorships, against communism. As an American your most valued right is the right to vote your convictions. Again we plead, GO TO THE POLLS AND VOTE.

Spur High School Will Teach Driver Training Course

The Spur High School is indebted to the Spur Motor Co. and Godfrey and Smart Motor Co. of Spur, Texas, as these fine people furnished cars this year for the driver training program. These cars were furnished this school with out any charge what ever, the cars were the property of each of the names mentioned above and when the course was completed Spur school turned the cars back to the owners.

Application has been made for another car this year and plan to teach driver training again. A. Z. Hays, principal of the Spur High School is the instructor and says that about 50 school children received their driver license due to this course.

Spurs Legion Team Wins Over Brownfield With Score 23-19

Spurs American Legion Jr baseball team met the Brownwood team Tuesday night of last week, in Lubbock, and the score was 23-19 in favor of Spur.

The next night (Wednesday) they played the Lubbock team at Lubbock, and the score was 20-0 in favor of Lubbock. Seems as though the Lubbock boys are paying Spur boys back for the loss of the pre-contest game played here recently.

Spur boys were to have played Merton on Thursday night of last week, but found it would be too much baseball for the Spur team and they forfeited the game.

Judge Northcutt Visits In Spur

Ernest O. Northcutt, present county judge of Potter county and candidate for Associate Justice of the Court of Civil Appeals, visited in Spur last Saturday morning, calling in the business firms and making friends on the street.

Judge Northcutt was born on a farm, worked to pay his way through law school, received his law degree, and began law practice in Amarillo in 1919. He has practiced civil law for more than 25 years and is serving his fourth elective term as County Judge of Potter county.

In regard to his visit in this territory, Judge Northcutt remarked that he felt at home here, and that he had seen many of his old friends during his short visit.

Spur Schools Will Open September 6

The Spur Schools will open the 1948-49 term on September 6, 1948 their announcements will follow in regard to the program.

Mrs. Evalene (Hazel) Holly, has been employed by the Spur School Board to teach Home Economics next year. Mrs. Holly recently received her degree from Texas Tech.

Pupils entering school in the first grade are required to have their birth certificates this year. Parents should take care of this matter at an early date—so as not to cause any delay in placing your child.

Benefit Dance At Pavilion Tomorrow

The Old Settler's Pavilion in Roaring Springs will feature a benefit dance tomorrow night, July 23. There will be good music and everyone is invited to this open-air dance.

Plans are still in the making for the free wedding to be performed at the Old Settler's Reunion in August Announcements regarding this will be made at a later date.

Tax Valuation On Property Spur Independent School District To Be Raised

At a meeting of the Board of Trustees of the Spur Independent school on June 14, a representative number of tax payers and patrons of the district met with the board to discuss future needs of the Spur Independent School. It was decided in the meeting that another building was needed, with additional class rooms and an auditorium, plus repairs, improvement, and modernization of the present building. A building of 3 or 4 rooms for the negro population of Spur is very much in need.

In accordance with these needs it was the unanimous opinion of those present that it is necessary that the tax valuation on property in the Spur Independent district be raised 33 1-3 percent from the present valuation. The state laws will not permit any school district to vote more than 7 percent of their valuation in School Building Bonds. Due to this fact it is necessary that the Spur Independent School District must make the above mentioned raise.

C. F. Cook stated that the need in Spur in the near future will be a ten room primary building. In this building would be an auditorium that will seat 750 persons. (In a recent survey of children in Spur that will start to school in the next 5 years, we found that there would be over 500) This will be over 100 more than we have starting each year now. These are the facts that caused the Board to start looking forward to taking care of boys and girls of Spur School District. If the people of Spur vote bonds to do the building that has been planned, this building will be completed by the 1949 school term. We think that the children will be adequately taken care of this coming year, but will need more room in the future.

The School Board decided to accept the recommendation of this group of citizens and tax payers and have instructed the equalization board accordingly.

Notices of the above raise have been mailed to each property owner. This notice states the amount of the raise and why the raise has been requested.

Garden Now For Winter Goodness

Gardeners should take advantage of the mid-summer moisture. If old vegetables have not been cleaned from the garden, it's high time to do so, says J. F. Rosborough, extension horticulturist of Texas A. & M. College. The old rows can be used for the new plantings in the next few days.

After the old vegetables have been removed—roots and all—apply two or three pounds of 5-10-5 commercial fertilizer for every 100 feet of row space, stirring the soil to a depth of four or five inches. Mix the fertilizer thoroughly with the soil so that there will not be any possibility

of damage to the germinating seed. This is a good time to get collards in the ground. The Georgia variety is an old standby which grows best in the east and southeast sections of Texas. Sow seed at the rate of six to eight per foot and cover them with about an inch of soil. By placing a few old boards over the planted area, says Rosborough, the soil will be kept cool and the loss of moisture reduced. The seed will sprout, too.

When the young plants begin to show up, remove the planks. Should the weather become dry and hot during late July, it will be necessary to give the young plants a good watering every week or ten days. By late August the collard plants will be large enough to be thinned to two

feet apart in the row—and plants that are removed may be transplanted to adjacent rows. A few hours in the early morning or late evening given over to the garden at this time of year will mean plenty of early fall vegetable and make you the garden leader in your neighborhood or community says Rosborough.

Sheriff Kimmel Expresses Thanks To Friends-Voters

Friends and Voters of Dickens County:
I wish to thank you, my friends and supporters, for your splendid cooperation during the past year and a half which I have served as sheriff, tax assessor and collector.

I ask for your continued support in making Dickens County a better, cleaner county—a county in which you will be glad to live and raise your children. I feel that my experience of the past term will enable me to serve you better and more efficiently in both the law-enforcement and tax department of this office.

Your support and vote in the coming election will be sincerely appreciated.

Your friend
C. C. Kimmel
(Pd. Pol. Adv.)
Mr. and Mrs. Truman Gabbert and three sons, Keen, Bob and Harvey who have been here for the past week visiting Mrs. J. L. Keen, mother of Mrs. Gabbert left Tuesday of last week for Lubbock, where they will visit relatives and in Midland, where they will visit Mr. and Mrs. Jack Keen and family. Keen will remain here with his grandmother until the last of August.

Mr. and Mrs. Leon Reagan and daughters, returned Friday from a three weeks vacation in California. Having gone out by the central route they returned by the northern route via Nevada. They report as having had a most wonderful trip.

It's No Accident

Texas has the best-managed truck and bus service in the nation. Texas is the largest oil-producing state in the union, and the oil industry of our state is a highly efficient and friendly group; the natural gas industry of Texas (including butane) is vitally important to your daily lives, and the way it meets its job is an outstanding achievement. In fact, we Texas people are the envy of all others, in our good fortune.

But there is a reason for it. ALL THREE industries are regulated by our State Railroad Commission, and each is handled so fairly and so ably, that there is no friction and no loss to the citizens of Texas.

This let's all of us say:

RE-ELECT

**ERNEST O. THOMPSON as
Railroad Commissioner**

(Political Adv. Paid for by friends of Ernest O. Thompson)

We've got the one and only NEW car in its field

"You get the new 'Mid Ship' Ride. Six travel comfortably in the smooth-going, level center section. Lots of hip and shoulder room for all!"

"Check this 'Flight Panel' dash. Instruments are grouped in one large cluster, and illuminated by soft, completely non-glare 'black light'!"

"It's the most beautiful car on the road with that low, dream-car silhouette! I'll say it's 'The Car of the Year.' It's the look of the year, from any angle!"

"Beauty, and safety, too, with Ford's new 59% stronger 'ileguard' Body and frame structure for extra strength. It's a road-hugging beauty."

Steeplejack and Bridge Painter Invents Time-Saving Paint Brush

New Device Tested on New York's Triborough Bridge

A new dipless paint brush was recently demonstrated on the world-famous Triborough Bridge in New York City. This brush was demonstrated by its inventor, Russell C. Engren, steeplejack and bridge painter, who proved he could eliminate much of the time, energy and material wasted in painting.

This new brush (Air Flow Paint Flow) puts gravity to work! The paint flows from a gravity-fed bucket through a light, flexible hose directly to bristles of the brush; a simple

shut-off clip on hose gives complete control of the paint-flow.

Actual tests in homes, farms, factories, under every working condition where paint is used, show an average saving of 38% in time and paint. These tests were made by housewives as well as professional painters and contractors.

The inventor claims that not only does the brush save time, but also saves wear and tear caused by cleaning of ordinary paint brushes.

This dipless brush is now in production and is being placed

on the market in the near future.

The Air Flow Brush Company (57 West 55 Street, New York 1, New York, manufacturers and distributors) are planning an advertising campaign to make the Air Flow Brush a painting "must" in every home, farm and industry throughout the United States and Canada.

More Eaters Than Steak In America

Agricultural economists estimate that today there are some four hundred thousand less beef cattle in the United States than on hand at the close of World War I in 1918. Dairy bulls are included in the beef cattle total because the separate figures aren't available, says T. R. Timm, extension economist in farm management of Texas A. & M. College. But when total figures are used in this case, the real story is covered.

Although total beef numbers are lower between the two periods, cow numbers are up. There are nearly 50 thousand more cows of two years and over, and about four thousand more heifers one to two years old. Calves and steers, in about equal numbers, account mainly for the general decrease. Estimates are made as of the first of the year, says Timm.

"Compared to World War I, we now have in supply fewer beef cattle but we can increase beef production quicker in view of a higher percentage of cows and heifers," Timm points out. Right after the first World War, there were 40 head of cattle for every 1,000 persons in America. Today this picture is a little different. At the present count there are only 284 head for the same number of people. Even the number of heifers and calves, when related to population, is about equal to that of cows and heifers.

Another interesting fact about the beef cattle trends, says Timm, is that the number of pounds of beef hasn't gone down as much as the cattle numbers. All in all, it looks as if the cowmen have a pretty good outlook "price-wise."

Miss Corine Childress, sales lady at Waco, accompanied by her mother, Mrs. J. C. Childress, and Mrs. J. W. Lee, and Mr. and Mrs. Harvey Childress left Saturday for Broken Bow, Oklahoma where they will spend a weeks visit with relatives.

VETERANS NEWS

The Veterans Administration has inaugurated a comprehensive flow-up program designed to enhance and prolong the effects of hospital treatment among the thousands of veterans suffering from tuberculosis.

More than 13,000 veterans suffering from tuberculosis now are under care of VA. A total of 80,763 veterans are receiving compensation or pensions for tuberculosis. Cooperating in the program are all of VA's 128 hospitals and 70 regional offices. VA's follow-up program is designed to discover relapses among tuberculosis sufferers early so that further treatment may be instituted promptly.

It further is designed to help prevent advanced disease and guarding of others through the control of communicable tuberculosis. Seventy national and state organizations now are authorized to present and prosecute claims against the Veterans Administration in behalf of veterans and their dependents.

They have been recognized by the Administrator of Veterans Affairs under section 200, Public Law 844, 74th Congress. Under the law, organizations, representatives, no charge for services rendered. VA generally may recognize only state or governmental services, or organizations granted a charter or recognition by an act of Congress.

QUESTION AND ANSWERS
Q—My brother was blinded while in service during World War II. Is he entitled to anything to help him overcome his handicap?

A—A blind veteran entitled to compensation for a service-connection disability may receive, at Government expense, a guide dog and various other devices necessary to assist him overcome his handicap.

Q—If I go to a private physician to determine whether I need hospital treatment or domiciliary care, will the government pay the cost of examination?

A—The Government will pay the cost of examination by private physician only if Veterans Administration has given the phy-

sician prior authority for such examination.

Q—How much time do I have in which to complete my education under the provisions of the G-I Bill?

A—Your education, under benefits provided in the Servicemen's Readjustment Act (G-I Bill) must be completed 9 years after July 23, 1947.

Q—What is the maximum period of training a disabled veteran may receive under the provisions of the Vocational Rehabilitation Act?

A—Four years is the maximum, but Veterans Administration may extend the time if factors in any case warrant an additional period for the rehabilitation of the disabled veteran.

TO THE VOTERS OF DICKENS COUNTY:

It has been my intention to see each of you personally, but the duties of my office have not permitted me to contact every voter in Dickens county. I would like for the voters to take this as a personal solicitation for their support on Saturday, July 24, 1948. Your vote will be greatly appreciated. I thank you.

Your friend and County Treasurer,
Mrs. Vela Turpen.

FARM QUESTION BOX

By ED MITCHELL.

Q—We have bats in the organ loft of our church and would like to get rid of them. I have heard that a stuffed owl will keep them away. Is that so or is there a better remedy?

A—A stuffed owl will sometimes scare birds but not bats. The only control known is to fumigate to kill them and close all openings so no more can enter. Where that is not practical, you just have to put up with them.

Q—I want to cover the roof of our house with aluminum roofing. I get the water for house hold use from this roof. Will the lack that runs off the aluminum hurt the water?

A—New roofs make cistern water dark and discolored from coatings or more soluble parts;

water should be diverted outside after two or three good, hard rains. I don't think the discolored water contains anything harmful.

Q—Since family milk bills run 200 to 350 dollars a year, we are considering buying a cow. How much should I pay for a milk cow and what breed is best? Should I buy a heifer or an old cow?

A—I suggest you buy an old, gentle cow and get some farmer friend to select it for you and get you started. I prefer a grade Guernsey and 150 to 200 dollars should be enough to put you in the dairy business.

Q—Would I have to fix the fence between two farms, just because the owner doesn't live there? In fact, nobody lives on the other farm at present.

A—Not unless the adjoining property owner forces you to it. Adjoining neighbors are each responsible for a half (or a fair

Kids Vote Monkeyshines Chief Accident Cause

Why do teen-agers figure in more auto accidents than any other age group? Inexperience? Carelessness? In cooperation with leading high schools the Chevrolet Motor Division sought the answer from the youngsters themselves. By wide margins some 10,000 students voted speeding and clowning as their worst driving sin. Sheenigans like the one in the Chevrolet cabriolet above are an illustration. Look, Ma, no hands! (Ker-trah!)

share) of a line fence, and either may force the other to maintain his share. If stock break out and cause damage, the negligent party is liable for the bill. Your town superintendent of roads and two assessors are a legal board to determine fence cases. Use yours, so call on them.

Q—Our home milk pasteurizer instructions call for heating the milk one hour at 165-168 degrees. This is giving the milk a cooked taste and we don't get any cream. Have heard commercial plants use a lower temperature for a shorter time.

A—I think the standard practice is 145 degrees for 30 minutes; seems to me you are cooking that milk too long.

Q—We are considering sowing orchard grass for green silage. What do you think of the idea?

A—Orchard grass is good for permanent pasture or in a mixed seeding for hay or as cover crop in orchards but not for an emergency hay crop or grass silage; better use sudan grass or millet.

Mrs. Agnes Marrs and daughter, Mary Olive of Tyler spent last week in Spur. Mrs. Marrs was a guest in the home of Mr. and Mrs. Bynum Britton and Mary Olive was a guest in the J. R. McNeill home. Mrs. Marrs was the former Home Demonstration agent in Dickens, county. She was transferred to Tyler about two years ago. Both Mrs. Marrs and Mary Olive have been greatly missed by their friends in Spur.

Mr. and Mrs. Garlon Hunnicutt and baby daughter, Julie, who have been visiting several weeks in the home of their parents, Mr. and Mrs. Tom Hun-

nicutt of Girard, have returned to their home in Chicago, Ill. Carolyn Hunnicutt accompanied them and will spend the summer in the home of her mother in Chicago.

The B. Schwarz & Son Department Store SELLS OUT To The DUNLAP COMPANY

STATEMENT FROM
RETHA R. MARTIN
PRESIDENT OF THE DUNLAP COMPANY

We have been interested in Spur for several years, but as our policy is to operate only the best department stores we of course could do nothing about Spur until Mr. Golding decided to sell The B. Schwarz & Son store.

We are pledging you now that this store will continue to serve you with the best to be had—bought just for you by your local store personnel—you will be greeted by the same old friends you have known so many years—the store will be operated under the same proven policies so successfully followed by Mr. Golding.

If you have a charge account with us, continue to use it without interruption—if you haven't a charge account with us—visit our credit department.

This store will continue to bear its full share of the responsibilities incidental to the growth and progress of Spur.

Sincerely,
RETHA R. MARTIN.

STATEMENT FROM
M. C. GOLDING

We have sold The B. Schwarz & Son Store in Spur to The Dunlap Company.

Being very much concerned with the future of Spur and having known The Dunlap Company long and favorably, we naturally turned to them as the one organization qualified to give Spur the kind of store it deserves and the service it has a right to expect.

It is our sincere hope and wish that you continue to use this store as your shopping headquarters as you have in the past. We know you will be given the same courteous consideration and your needs met by the same old friends in the same old friendly manner.

Sincerely,
M. C. GOLDING

ABOUT FOLKS

Superintendent of Schools O. C. Thomas, Mrs. Thomas, and two small ones were visitors in Spur recently.

Mrs. Lillie Pillow and son, Raymond, of the Wichita community were trading in Spur last Saturday.

Mrs. Annie Worthington, better known to her friends as Aunt Annie, visited with Mrs. Betty Hyatt a few days last week.

Among the Girard shoppers in Spur last week were Mrs. George Willis and daughter.

Miss Margaret Davenport of Spur, spent a weeks vacation with friends in Graham recently. Margaret stays pretty busy these days as buyer of ladies wearing apparel and notions for the Millam stores in both Spur and Lubbock, and acting as trouble shooter here and in Lubbock, she divides her time between the two places.

Mr. and Mrs. Homer E. Roberts of Fort Worth, are new comers in Spur, and are located in one of the Starcher apartments. Mr. Roberts is Party Chief with the Petty Geophysical, which recently came to Spur from Fort Stockton, Texas. They will be here for an indefinite time. Spur is again fortunate in having a group of nice oil folks among us.

Mrs. L. L. Hill left Sunday June 20 for Mount Sequoyah, Fayetteville, Arkansas, where he attended the Methodist Mission conference. Rev. Hill is the secretary of the Conference Board of Missions and Church Extension. Mrs. Hill enjoyed a vacation from her various duties as housewife and church worker.

Miss Clarky Lewis of Oklahoma City, Oklahoma who has been visiting her aunt, Mrs. Velma Barnett of Gozswell and her uncle and family of Stamford, was here for a visit with her grandmother, Mrs. M. Lewis of Spur.

Mr. and Mrs. J. P. Aston of Spur, were present on Sunday, of last week at a birthday dinner for Mrs. Laura Cump. Crutzyon, mother of Mrs. Aston. All seven of her children were present at this time. Leslie Crump of California is here on vacation for a few weeks to be with his mother and other relatives.

Mrs. C. E. Brooks and children of Brownwood, are here visiting her parents, Mr. and Mrs. R. L. Wise of Spur.

Week end guests in the W. A. Chambers home were Mrs. Fred Fisher of Pampa, Mr. and Mrs. Doyle Ward and children also of Pampa. On their return Sunday afternoon Mrs. H. A. Stubbs accompanied them to their home.

Mr. and Mrs. Darwin Callihan left Sunday on a vacation to Springdale, Arkansas. They were accompanied by their parents, Mr. and Mrs. J. S. Callihan of McAdoo.

Mr. and Mrs. James B. Reed returned on Friday of last week from a trip in New Mexico where they joined the Roy Stovalls for a few days visit.

Mrs. A. M. Walker returned last week from a six weeks stay in East Texas where she worked on her degree. Accompanying her to Spur for a visit were her sisters, Miss Mary Cloyd Harrison and Mrs. Marian McElreath of Greenville.

Mr. and Mrs. George Goodall accompanied by their daughter-in-law, Mrs. Lil Goodall of Girard, were hopping in Spur Saturday of last week.

Mr. and Mrs. J. D. King and two daughters of Dobbs City, visited Mr. and Mrs. George Goodall in Girard last week.

Mrs. Bill Perrin of Las Cruces, New Mexico is visiting her mother, Mrs. Mary Dunn of Dickens at this time. Mrs. Perrin, Mrs. Dunn and Mrs. Nettie Littlefield were shopping in Spur on Monday of this week.

Mr. and Mrs. Ralph Sherrill will leave Sunday morning for a vacation trip to points in New Mexico and Colorado.

Mr. and Mrs. C. A. Fagan of Dallas, visited their parents, Mr. and Mrs. C. A. Fagan, Sr., here last week.

Unquestionably the cotton farmer has a poison available which will help him out to a new low the notion of his crop eaten by the boll weevil and his buddies.

The National Cotton Council recommends that farmers in areas where severe infestation seems likely keep on hand sufficient poison for at least one application.

The proper poison for local use will vary with the different sections of the Belt and with the particular insect damaging the crop. Complete information on recommended insecticides is available from every county agent and vocational agriculture teacher in the cotton states.

Mrs. L. N. Fox and Mrs. R. E. Nickles of McAdoo, were shopping in Spur Tuesday of this week.

Mr. and Mrs. Ruben Waddell recently had as guests Mr. Waddell's parents, Mr. and Mrs. J. W. Waddell and daughter, Ema Lee, Mrs. Helen Patterson and children, Pat and Georgia and Mr. and Mrs. Bert Waddell of Abilene, also Mr. and Mrs. A. M. Karr and Kip, Miss Thelma Ruth Beadle of Lubbock, and Graden Bass of Spur.

J. E. Campbell and family of Los Angeles, California, have been visiting his mother in Wichita Falls for several days. On his return to California, an accompanied by his mother, he stopped for a visit with his uncle, T. G. Campbell in Spur.

Mrs. W. H. Reid, mother of Mrs. Douglas Hinson and Mrs. Slim Mettzer, is seriously ill at her home in Spur.

Recent guests in the home of Miss May Belle Thornton were her brother and sister from Stamford, a brother from Fort Worth, and a sister and brother-in-law of Cleburne, Texas.

Mr. and Mrs. Luther Smith of East Hill Street have moved into the home of J. W. Meador on Hill Street.

Miss Wilma Dell Lassetter of Los Angeles, California, is guest in the home of her aunt Mrs. E. J. Lassetter and Mr. Lassetter. Wilma Dell is the daughter of Mr. and Mrs. Joe Allison who are former Spur residents.

Miss Nell Horton, office clerk at Swift and Co., is visiting her sister in El Paso for two weeks. While away, she will visit the Carlsbad Caverns in New Mexico.

Mr. and Mrs. Darwin Callihan left Sunday on a vacation to Springdale, Arkansas. They were accompanied by their parents, Mr. and Mrs. J. S. Callihan of McAdoo.

Mr. and Mrs. James B. Reed returned on Friday of last week from a trip in New Mexico where they joined the Roy Stovalls for a few days visit.

Mrs. A. M. Walker returned last week from a six weeks stay in East Texas where she worked on her degree. Accompanying her to Spur for a visit were her sisters, Miss Mary Cloyd Harrison and Mrs. Marian McElreath of Greenville.

Mr. and Mrs. George Goodall accompanied by their daughter-in-law, Mrs. Lil Goodall of Girard, were hopping in Spur Saturday of last week.

Mr. and Mrs. J. D. King and two daughters of Dobbs City, visited Mr. and Mrs. George Goodall in Girard last week.

Mrs. Bill Perrin of Las Cruces, New Mexico is visiting her mother, Mrs. Mary Dunn of Dickens at this time. Mrs. Perrin, Mrs. Dunn and Mrs. Nettie Littlefield were shopping in Spur on Monday of this week.

Mr. and Mrs. Ralph Sherrill will leave Sunday morning for a vacation trip to points in New Mexico and Colorado.

Mr. and Mrs. C. A. Fagan of Dallas, visited their parents, Mr. and Mrs. C. A. Fagan, Sr., here last week.

Haney Appointed FHA Committeeman

Appointment of Byron S. Haney, Afton, Texas, to a three-year term on the Farmers Home Administration county committee for Dickens county was announced today by L. J. Cappelman, State Director.

Mr. Haney succeeds Robert L. Mims, whose term expired June 30. Also on the committee are Paige E. Gollhar of Spur, Texas, and Oscar M. McGinty of Spur, Texas. A committee of three serves in each agricultural county throughout the Nation in which the agency makes farm ownership and operating loans. Appointments are scheduled so that a committee always has two experienced members.

The Dickens County committee has an important place in making supervised credit available to local farmers, according to Maurice P. Vannoy, County Supervisor.

Before any money can be borrowed through the agency an applicant must have the approval of the county committee. In the case of farm ownership loans, the farm to be purchased, enlarged or improved must also be approved by the committee.

The members know agricultural conditions in the county, are often familiar with the farm the applicant plans to operate," Mr. Vannoy explained.

In addition to approving loans the committee cooperates with the county supervisor in overall administration of the program in the county. Periodically they review the progress of borrowers to determine whether they have reached a financial position that would enable them to refinance their loans through private lenders. A farmer who is eligible for credit from regular lending sources is not eligible for a loan from the Farmers Home Administration.

"Using this system of operation, the agency has helped more than two hundred fifty families in Dickens County toward better farming and better living with farm purchase and farm operating loans," Mr. Vannoy said. In the past 12 months approximately fifty applications have been received for this type of credit.

Miss. Allie Stovall of Wellington, visited her brother, F. O. Fomby of Spur last week and was also a dinner guest in the L. C. Ponder home on Monday last week.

SPUR MASONIC LODGE No. 1023 Regular Meeting THURSDAY, JULY 15, 1948

Mrs. John Bachman Mrs. Floyd Barnett Hostesses To HDC

In the meeting of the Home Demonstration club on Thursday July 1st, in the home of Mrs. John Bachman, a plain and fancy style cook apron contest was suggested by Mrs. Bachman to which members responded by making an attractive supply. The club was very fortunate in having Mrs. Everett McArthur present to judge the finished article. Mrs. W. H. Condon won the first prize on the plain style with Mrs. Joe McDaniel winning the prize on the fancy style.

This was an interesting program as each contestant had to model her apron and tell how she obtained her pattern. Special attention was paid to materials and workmanship.

Iced orange juice was served to three visitors and seven members of the club.

Mrs. Floyd Barnett was hostess to the club on Thursday of last week July 15.

Roll call was answered with vacation spots I have visited.

History of Travel was given by Mrs. Dee McArthur after which Different Points of Interest in Texas, was discussed by Mrs. John Aston.

Mrs. John Bachman was winner of the club prize.

A refreshment plate of sandwiches, olives, potato chips and iced tea was served to Mesdames W. H. Condon, Joe McDaniel, Dee McArthur, John Bachman, John Aston, W. T. William, Ollie Hindman and the hostess Mrs. Barnett.

J. W. McDaniel Home In Spur Scene Of Family Reunion

The home of Mr. and Mrs. J. W. McDaniel of Spur, was the gathering place for a family reunion for the McDaniel children and their families on Sunday, July 18.

As mothers have a habit of doing Mrs. McDaniel was up bright and early Sunday morning, frying chicken and making salads and bossing Pop McDaniel about getting ready for the children.

The twelve o'clock hour found the dinner table loaded with platters of fried chicken and all the good things that go with it.

The afternoon was spent in making candid camera pictures and visiting.

Around the four o'clock hour in the afternoon, refreshments of homemade ice cream and cakes were served.

Those present on this occasion were Mr. and Mrs. Henry McDaniel and son, Lindy of Wichita Falls, Mr. and Mrs. Buel McDaniel and daughter, Helen and two sons, Lowell and Glen of Monahans; Mr. and Mrs. Jim McDaniel of Ropesville, Mr. and Mrs. Everett Ericson, Mr. and Mrs. Joe McDaniel and son Billy, of Spur and the host and hostess Mr. and Mrs. McDaniel.

When Mr. and Mrs. Henry McDaniel returned Sunday night, Mr. and Mrs. McDaniel accompanied them for a few days visit in their home in Wichita Falls.

Chambless-Hardin Engagement Told

Mr. and Mrs. Bill Chambless of Spur, are announcing the engagement of their daughter, Miss Doris Ann Chambless to Mr. Wayne Hardin, son of Mr. and Mrs. B. C. Hardin of McAdoo, Texas.

Baptist Group To Attend Encampment In North Carolina

Mrs. E. D. Engleman and an Intermediate group of Baptist young people left July 19 for Ridgecrest, North Carolina, where the students will enroll in youth camp for one week, July 22-28. Ridgecrest is a recruiting ground for leadership for all phases of Southern Baptist life. Full instruction in best-known ways to train church members is offered in all departments.

Three days will be spent driving up, and a return trip of three days will permit stopovers in Atlanta and Warm Springs, Georgia. In Warm Springs the group will view the Crippled Children's Hospital and the late President Franklin D. Roosevelt's summer home.

Reservations have been made for the Spur delegation in Ridgecrest. Those who will make the trip are: Carolyn Henshaw group captain of B. T. U.; Doris Gibson, secretary; Tommie Aldredge and John E. Berry, both who have been loyal and faithful workers in the Baptist Young People's work; and Mrs. E. D. Engleman.

Mrs. Hudson Honored On Her Birthday

In the home of Mrs. Edd Dozier a number of her friends gathered Tuesday afternoon for the regular Bible class, which meets regularly in her neighborhood.

After the bible study a birthday celebration was observed in honor of Mrs. Hudson, who's birthday was on Friday 16th.

Mrs. Hudson received a number of lovely gifts including a glass pitcher of candy. In her pleasant manner she was very appreciative of the gifts and very generous with her candy, which was sent by her Sunday School teacher, Mrs. Minnie Lewis of the Bethel Baptist church. Refreshments of coolade and coconut ake was served.

Those present were Mesdames A. Murry, Sr., Morgan, Jewel Cox and two children, Miss Maybelle Thorton, the honoree, Mrs. Hudson the hostess Mrs. Dozier and her grandson Ralph Edward.

J. P. Legg Family Spend Vacation In New Mexico

Mr. and Mrs. J. P. Legg and daughter, Lucille and Sue recently returned from a vacation trip that covered different points of interest in New Mexico, including a visit to Santa Fe, one of the oldest and most historical towns in the state of New Mexico. They spoke most enthusiastically of a few days of camping spent above the timber line on the highest mountains in those parts.

Those attending were Lou Ann Comer, Carolyn Kelley, Alice Jo Crockett, Wyatt Mayo, Janette Greaves, Norma Jean Gilcrease, Jimmie Sue Meadors, and Mrs. Smart and Mrs. Godfrey.

Farewell Party Given Mr. And Mrs. S. E. Boothe

A farewell courtesy was extended to Mr. and Mrs. S. E. Boothe and daughters, Ernestine and Lucy Nell, Thursday evening of last week, when members of the Church of Christ were host and hostess for a picnic supper in the Jones Memorial park.

E. S. Lee was master of ceremonies, with O. L. Kelley and Mr. Lee making appropriate talks for their many years of labor and association in the church. Oscar McGinty presented Mr. and Mrs. Boothe with a lovely floor lamp.

Mr. and Mrs. Boothe and daughters will leave soon for Paducah, where they have purchased a variety store business, and where they will build a new home after the first of the year.

Mr. Boothe has been manager of the Consumers Oil Co. of Spur for the past 19 years. Last year Mr. Boothe asked the company to relieve him of his duties but failing to act on his resignation he resigned the first of the year to do something for himself.

Mr. and Mrs. Boothe have been one of the older families in Spur and have a host of friends that regret to see them go. And old but true saying Spur's loss will be Paducah's gain truly expresses the sentiments of the Spur people.

Davy Crockett, a famous bear hunter and congressman from Tennessee, was killed in the Alamo in 1836.

Gets Nationwide Recognition

NEW YORK—A salute to the country's garment industry, as personified by one of the youngest and most successful dress manufacturers, Henry Rosenfeld, above, was aired by the U.S. Chamber of Commerce June 29, on its weekly program "Let Freedom Ring" over the entire ABC network.

Henry Rosenfeld, who in the short space of 6 years has become a byword to American women for dresses that are chic, expensive-looking and yet retail under \$25, is the 27-year-old manufacturer who brought upper Fifth Avenue to Main Street. The story of his life, the strenuous rags-to-riches haul which has made him the world's largest manufacturer of dresses in his price line, was dramatized on the special broadcast. The program originated from Rosenfeld's showroom, in the heart of New York's garment center.

Edward Causey Honored On Sixth Birthday July 10th

Mrs. W. G. Causey honored her son, Ralph Edward on his sixth birthday with a party on Saturday, July 10th, from 2 p. m. until 3 p. m., in the home of his grandmother, Mrs. J. E. Dozier.

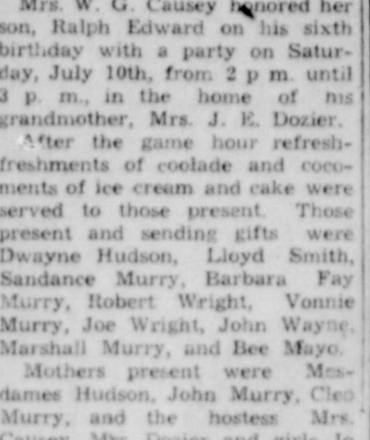

After the game hour refreshments of coolade and coco-nuts of ice cream and cake were served to those present. Those present and sending gifts were Dwayne Hudson, Lloyd Smith, Sandance Murry, Barbara Fay Murry, Robert Wright, Vonnie Murry, Joe Wright, John Wayne, Marshall Murry, and Bee Mayo.

Mothers present were Mesdames Hudson, John Murry, Cleo Murry, and the hostess Mrs. Causey. Mrs. Dozier and girls Jo and Nellie.

Mr. and Mrs. Harold Spivey and small daughter Linda of Gardena, California, visited Mr. and Mrs. Muri Foreman for several days last week. Harold is a brother of Mrs. Foreman and had not seen her for almost seven years.

Ropesville guests in the home of Mr. and Mrs. Charlie Witt in Kalgary recently were Mr. and Mrs. J. D. Beaty and Mrs. Louise Hill.

Mrs. Coy Dopson Hostess To HDC Last Wednesday

Mrs. Coy Dopson was hostess to the Home Demonstration club on Wednesday of last week, in her lovely remodeled home that has just been completed.

The program opened with the group singing "Home Sweet Home," and roll call was answered by naming a favorite tree, or giving a sewing hint. After the business session the ladies assisted the hostess in making a quilt.

Delicious refreshments were served to eight members and the hostess.

The club will meet July 28, with Mrs. Jerry Ballard. The club ladies are looking forward to meeting the new Home Demonstration Agent, who will be present at that time.

Wesleyan Guild Meets In Home Of Mrs. Marion Hurst

Mrs. Marion Hurst was hostess to the Wesleyan Guild Monday evening of this week, with Mrs. Lela Evans the guest teacher of the study "Committed Unto Us." Under the very able teaching of Mrs. Evans the lesson in theory became one of reality and the entire class expressed itself as having enjoyed the study hour very much.

At the close of the study hour refreshments were served to those present.

The next meeting will be held the first Monday in August, in the home of Mrs. Otho Thompson. Members are urged to attend and bring a friend.

Girl Scouts Of Troop One, Enjoy Outing On Friday

Mrs. V. C. Smart, Jr., and Mrs. Fike Godfrey, sponsors for Girl Scouts Troop 1 accompanied the girls to Roaring Springs on Friday of last week for a picnic feed, after which they enjoyed an hour or two of swimming.

Those attending were Lou Ann Comer, Carolyn Kelley, Alice Jo Crockett, Wyatt Mayo, Janette Greaves, Norma Jean Gilcrease, Jimmie Sue Meadors, and Mrs. Smart and Mrs. Godfrey.

Built-In Safety Comes Ready-Made

Safety can be built right into the home to help reduce accidents. New homes can and should be made far safer than houses built in the past because better materials and more advanced ideas are always being developed for greater home safety.

Builders and architects are giving quite a bit of thought to ways and means of getting rid of home accident causes in both the new and old structures.

Safety studies show that most accidents in the home occur on the stairs, so architects are recommending a certain step height, width and steepness that will still be the safest everywhere there are more than two steps. Also lights at the top and bottom steps are recommended.

None of these safety measures are costly. In fact, many times it has proved to be more costly not to have them. If the homeowner gives as much attention to safety in his home as he does to some of the other things, advises Allen, his chances of becoming a hospital patient will be much less.

CARD OF THANKS

We wish to express our thanks to our many friends for their thoughtfulness and kindness during the illness and death of our dear husband and father, May God's richest blessings be with you all.

Mr. and Mrs. Justice Returned Monday From Vacation

Mr. and Mrs. George Justice returned Monday of this week from a vacation trip to Andrews county where they visited Mr. Justice's brother and family for a week. This was the first vacation for Mr. and Mrs. Justice for a number of years and they stated they spent a few days getting adjusted to just loafing and eating good meals.

Mrs. J. T. Joplin and her brother have been making plans for an extended vacation. They will leave next week.

Duncan Flat Church Activities

The brotherhood program held at Duncan Flat Wednesday evening, July 14, was a spirited and helpful meeting. It was the first regular meeting of the Midway-Duncan Flat Brotherhood, and it was well attended. Cliff Hambleton, president of the organization, reported that every person listed on the program was present. Special thanks are for the music arranged by Glenn Jones Dempse Clifton of Afton, his son, Morris, and his wife at the piano, assisted by Tab Williams and Glenn Jones sang after each talk. The program was followed by a fellowship hour and refreshments.

Program of the meeting was:

Opening song followed by Prayer.
Devotional, Neglect Not the Assembling Together, Will Martin.
Quartette.
How Much Does God Expect in Church Attendance, Floyd Watley.
Quartette.
How Regular Church Attendance Helps the Christian, Bud Smiley.
Quartette.
How Regular Attendance of Christians Influences the Lost, Tab Williams.
Quartette.
What Regular Attendance Means to the Pastor and the Church at Large, Donald Wester.
Quartette.
Question and Answers, Pastor Jack D. Wester.
Closing Song, Benediction and Grace.
Fellowship hour.

Funeral Rites Read For Jayton Resident

Funeral services for Thomas Elliott Murdock, 47, who passed away in a hospital at Temple, Texas, Thursday, July 15, 1948, were held Saturday, July 17, in the Methodist Church of Jayton, with Rev. George M. Sullivan and Rev. Hamilton, Presbyterian minister officiating.

Mr. Murdock was born March 1, 1901, the son of Mr. and Mrs. T. E. Murdock. Was married to Miss Mildred Dunlap August 28, 1935, in Lubbock, Texas. Two children were born to this union. Was well known and highly respected by his friends in the Jayton community. He was converted and joined the Presbyterian church in 1939, of which he remained a member until the time of his death.

Survivors include his widow and two children one daughter, Carolyn an one son, Billy Martin Murdock of Jayton; five sisters, Mrs. C. O. Lee, Mrs. Hazel Gilmore, Mrs. A. S. Culver, Mrs. O. H. Ritz and Mrs. S. A. Lawson, two brothers Ivey F. and Truman both of Jayton; and father, T. E. Murdock, Matagorda, Texas.

Active pallbearers were: Bill Jones, Roy Fuller, Johnnie Lewis, Dallas Kennedy, L. O. Mayor, and W. F. Gilbert; honorary pallbearers were: J. M. Aston, Glenn Hancock, W. L. Bucklew, Milton Sandell, O. C. Lowrance, and Jeff Whatley.

Interment was in the Jayton cemetery with Chandler Funeral Home in charge of arrangements.

Railways Reproduce Vacation Scenes

The Rocky Mountain and Pacific Coast vacation wonderland served by Burlington Lines will be reproduced on Chicago's lake front in the 1.5 acre exhibit at the Chicago Railroad Fair, opening July 30 and continuing through Labor Day.

Outstanding attractions of the exhibit will be a rodeo featuring Western riding and roping champions and cowboy clowns, a functioning replica of Old Faithful Geyser, live bears, authentic tepees, totem poles, pioneer stage coaches, and waterfalls.

A spacious log chalet at the northeast corner of the exhibit overlooking Lake Michigan will house dioramas portraying the scenic beauties of the Colorado Rockies, Yellowstone and Glacier National Parks, the dude ranch country, the Pacific Northwest, and Alaska. One of the dioramas will include an operating model of a streamline train.

A broad balcony across the front of the chalet will form a stage from which Western singers and instrumentalists, as well as visiting talent, will alternate with the rodeo in providing a continuous round entertainment. The entire area will be attractively landscaped with trees, shrubs, sagebrush, grass and flowers, and will be furnished with rustic benches as an invitation to tarry and rest awhile.

Operators of resorts and ranches in Colorado, Wyoming, Montana, and the Pacific Northwest are being invited to join in entertaining visitors and providing authentic information about Western vacation regions served by the Burlington Line.

The exhibit is being presented jointly by Burlington Lines, Great Northern, and Northern Pacific Railways.

Mr. and Mrs. Jim Cloud of Lubbock, visited Mr. Cloud's mother, Mrs. J. J. Cloud over the week end.

AGAIN WE MAKE THE MOST UNUSUAL OFFER IN THE TIRE BUSINESS

YOUR MONEY BACK

If Super-Cushion Tires Don't Give You The Softest Ride You've Ever Had!

YOU RIDE....THEN YOU DECIDE!

We mean every word we say — we'll put a set of Super-Cushion tires and tubes on your car. Drive it for a week. Then, if you don't agree they give you a softer ride than any other tires you've ever owned, we'll replace them with your old tires and give your money back!

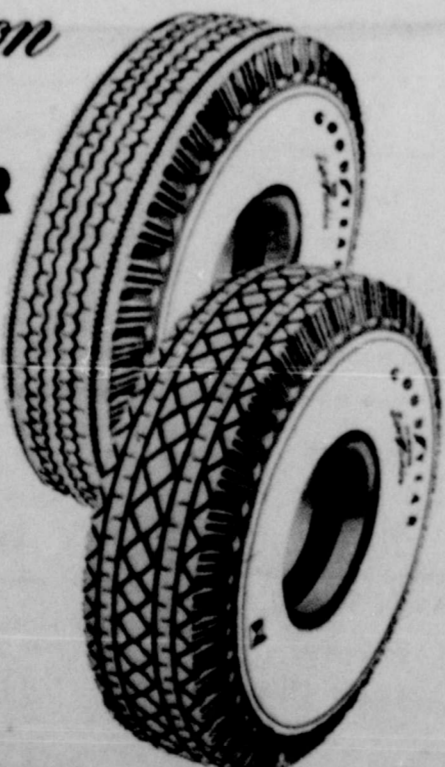

Super-Cushion is a remarkable new kind of tire. Bigger, softer . . . it runs on only 24 pounds of air. It is so superior that we make this amazing trial offer . . . for a very limited time only due to the great demand for Super-Cushions. Don't delay — take advantage of this unusual opportunity today!

Super-Cushion
TIRES BY GOOD YEAR

HERE'S WHY THIS GREAT NEW TIRE WILL MODERNIZE YOUR CAR!

1. **SOFTER RIDE** Super-Cushions run on only 24 pounds of air — give you a softer ride and a wonderful new ease and stability in car handling.
2. **ABSORBS SHOCK!** Super-Cushions are the best tires ever made that absorb lateral shock satisfactorily. They soak up jolts and vibration. Result: less wear on your car—lower repair bills.
3. **MORE MILEAGE, TOO!** Super-Cushions consistently average more mileage than the best standard tires. Because they have a larger contact area with the road, you get better traction. Less skid, quicker starts and stops!

PAY AS YOU RIDE—TERMS AS LOW AS \$1.25 A WEEK!

a qualified, experienced jurist in the important post of

ASSOCIATE JUSTICE

OF THE

COURT OF CIVIL APPEALS

7th Supreme Judicial District

(This district, which sits at Amarillo, has jurisdiction of 46 Northwest Texas counties.)

Judge Lumpkin is now serving on this court. His work has been highly commended by leading jurists.

Judge Lumpkin, a native of Potter County and World War II Veteran, was three times elected District Attorney.

Pol. Adv. paid for by Judge Lumpkin's Friends of Northwest Texas

Vets Basketball Game At Girard

The Girard and Jayton Veterans' Vocational Agriculture classes will clash in a basketball game tomorrow night in the Girard gym. This game is sponsored by the Girard community and will be worthwhile to see an out-of-season sport at its roughest.

Mrs. Max Wise of Spur, is convalescing in a Brownwood hospital after a serious operation performed July 7th. She is doing nicely at this time. Mrs. Wise will return to her home this week.

Bobby Cook, and his Famous Texas Saddle Pals, Red Barn Recording Stars of radio, records, stage and screen, who will appear here July 30, 1943, at the High School Auditorium under sponsorship of the Chas. Ensey Post 7212, VFW, are currently appearing in person daily over radio station KWFT, in Wichita Falls, Texas.

After a two year tour of eighteen states in the East, and Midwest, and numerous appearances on the famous Grande Ole Opry at Nashville, Tennessee, they were signed to a five-month contract to do four programs daily over KWFT. They are heard daily at 5:45, 6:30, and 9:30 am, and at 1:00 pm.

Featured on their show here will be Bobby Cook and Buddy Nelson, vocal Duet Team, who recently gained nation-wide publicity with their recording of "Bad Daddy Blues," along with Pete Jackson and his Miracle Mandolin; a former featured star with Cowboy Copas, and Bradley Kincaid at The Grande Ole Opry. A highlight in the show is the comedian, "Brainless Benny Boomfuzzle" who has appeared in numerous Hollywood Shorts with the Weaver Bros. and Elvira Boomfuzzle, has worked on many big-time radio and stage shows, and is rated as one of the best "Rube" comedians of today.

As a special added feature to the show being brought here by Chas. Ensey Post 7212 VFW, will be another Radio and Stage personality that is widely known among Texans, Jimmy Morgan, The Original Kentucky Balladier. A Native Kentuckian, Jimmy is widely acclaimed by thousands of radio listeners as being the originator of the style songs now made so famous by Bradley Kincaid, and Berl Ives.

All advance publicity has it that this is one of the best Western-Hillbilly-Folk Song, stage units on the road today, and its sponsors add to this in saying that no one who can possibly attend, should miss it, or they'll miss the time of their life.

Rid Your Kitchen Of Useless Gadgets

In selecting kitchen utensils and small equipment the homemaker should guard against too many gadgets which do not have real value. Those utensils never used should be discarded and the ones seldom used stored in the less convenient places.

In thinking through the utensils used in cooking on top of the stove, the homemaker can select the frying pans, double boilers, large pans with lids and sauce pans varying in size to suit the amount of cooking done. A double boiler of 1 1/2 quart size, 3 frying pans, an 8 quart kettle with a lid, and three sauce pans holding 1 quart, 3 quart and 4 quarts will suit the needs of the average size Texas farm and ranch family.

The utensils used for baking will include a 10 by 14-inch baking pan with a trivet, at least 1 baking sheet, several bread pans if bread is baked at home, cake pans of desired size and shape, casserole with a lid, cooling rack, custard cups or molds, pudding pan, muffin pan, and several pie pans.

Checking the utensils used at the sink the average family will find use for the dish draining rack and a pan to fit, dish pan, sink strainer and vegetable brush. The mixing center will need the pint quart, and cup measuring pieces, with mixing bowls from 1 to 4 pint sizes. If bread is made at home, the bread mixing pan and lid will be a larger piece than other mixing equipment.

There will be other equipment needed according to individual family requirements. There are many small things which may be accumulated too fast if the homemaker does not ask herself if she will actually use the article and if it will be satisfactory for her needs.

Stop Mr. Weevil Before He Eats '48 Cotton Crop

Be on guard against the boll weevil. Prevent it and other cotton pests from eating a head start in your cotton fields.

Regular infestation counts throughout the season and prompt application of insecticides when needed will go a long way toward holding cotton losses to a minimum in infested areas, the National Cotton Council says.

When should insecticides be applied? Many state entomologists agree that dusting for boll weevil should be begun when infestation reaches 25 per cent—that is, when 25 out of each 100 squares are punctured. On land whose cotton yield usually is low, however, dusting may be advisable when 10 to 15 per cent infestation is reached.

Once dusting is begun it should be continued at intervals of about five days until control is achieved. Since conditions vary from state and area to area, the Cotton Council recommends to cotton farmers that they consult local county agents and vocational agriculture instructors on proper dusting practices for their individual farms.

Sugar Wafer Sundaes Keep the Cook Cool

WHAT for dessert that will appeal to young and old and not leave Mother worried? Sugar Wafer Sundaes, easy as can be, thanks to handy packaged foods.

When you do your shopping, include vanilla and chocolate wafers, and ice cream packed in a sturdy paraffined carton which can be kept in the coldest part of the refrigerator until you want to use it.

To make these festive sundaes, cut the small square sugar wafers into thirds. Stand the wafer strips upright around the serving dish (put crumbs in the bottom of dish to make the wafers stand upright), fill center with ice cream, and crumble more wafers on top of the ice cream.

ON JULY 24

4. "Plain justice" over legal technicalities.
5. Proper respect for all branches of the Government.
6. Sincere devotion to the State and Federal Constitutions.

Judge Hart was appointed to the Court Oct. 1, 1947 . . . is now seeking his first elective term

TRY A CLASSIFIED AD IN THE SPUR

WILLIAM J. MURRAY

Let's Keep . . .

A Qualified Petroleum Engineer on the Railroad Commission of Texas

Bill Murray

is seeking election to the final two years of the Unexpired Term to which he was appointed last year!

RAILROAD COMMISSION

Now more than ever before—

FIRST IN VALUE FIRST IN DEMAND

Only Chevrolet brings you all these major advantages of **BIG-CAR QUALITY AT LOWEST PRICES** . . . prices now decidedly lower than those of any other car that even remotely approaches it in quality!

You'll have so much more comfort with the genuine United Knee-Action Ride—exclusive to Chevrolet and higher-priced cars.

You'll enjoy more thrills and more savings with Chevrolet's world's champion Valve-in-Head engine. Valve-in-Head, too, is exclusive to Chevrolet and higher-priced cars.

You'll know that your Chevrolet leads in tasteful luxury, for it has the world-famous Body by Fisher—available only on Chevrolet and costlier cars.

You'll have the safety of Fisher Unisteel construction, the Knee-Action Ride and Positive-Action Hydraulic Brakes—combined only in Chevrolet and costlier cars.

The plain truth is that this pace-setting Chevrolet offers major quality advantage after major quality advantage not available in other cars in its field; and, in addition, Chevrolet prices are now obviously and outstandingly lower than those of any other car that even remotely approaches it in quality.

Thus, Chevrolet and only Chevrolet offers the Big-Car comfort of the original and outstanding United Knee-Action Ride . . . the Big-Car performance and dependability of a world's champion Valve-in-Head engine . . . the Big-Car beauty and luxury of Body by Fisher . . . the Big-Car safety of Fisher Unisteel construction, the United Knee-Action Ride and Positive-Action Hydraulic Brakes . . . all at lowest prices—prices that are now even more economical, even more thrifty, when compared with the prices of other automobiles in its field.

Yes, indeed, Chevrolet is first in dollar value by the widest margin in all Chevrolet history; and, of course, it is first in nation-wide demand as well.

Compare Values! . . . Compare Prices! . . .

HERE'S WHY MORE AND MORE TEXAS FAMILIES PREFER THE GAS REFRIGERATOR

ONLY SERVEL STAYS SILENT LASTS LONGER

That's why only Servel gives you a ten-year guarantee

More and more Texas families are discovering that there's one different simpler refrigerator. Its freezing system has no moving parts at all. So—it stays silent, lasts years longer.

Because it has no motor to wear, no machinery to get noisy, this modern refrigerator is guaranteed for ten years. (And many of Servel's 2,000,000 owners have enjoyed noise-free, worry-free performance for 18 and 20 years!)

You'll say the new models are beauties! New conveniences include a big frozen food compartment, plenty of ice cubes, moist and dry cold for fresh foods. Come see the famous Servel Gas Refrigerator—Texas' favorite—today.

Spur Nine Loses 11-5 To Dickens

Dickens Owls were victors over Spur Red Sox in a sizzling nine innings played last Sunday at Jones recreational park. The out-of-town club won a hard fought 11 to 5 score with Pappy Martin doing double hamer hitting honors.

Fitching for the determined nine was Duck Norton, but fate spelled defeat for the local boys. These teams will clash again tonight at Dickens Ball park when the Red Sox will again try to earn a win.

SPUR, TEXAS

Unawed by three-inch thorns, Jackie Adelbrat of Chicago, gets a closeup of the Santa Fe Railway's Indian village at Chicago's Railroad Fair. In the background is a three-storyed communal pueblo which will house part of the 190 Navajo, Hopi, Apache, Zuni, Jemez and San Juan during the Fair which opens July 23.

"Green Grass of Wyoming" Starts Sunday At Palace

Mary O'Hara's widely read and loved adventures in the new West come to a blazing screen climax when "Green Grass of Wyoming," the new Twentieth Century-Fox hit starring Peggy Cummins, Charles Coburn and Robert Arthur, opens Sunday at the Palace Theatre. Photographed in color by Technicolor in the spectacularly scenic mountains of Utah, and at the famed racing oval of Lancaster, Ohio, the picture combines all the color, romance, realism and action thrills of "My Friend Flicka," "Thunderhead, Son of Flicka," and "Smoky."

In "Green Grass of Wyoming" the wild, fierce stallion, Thunderhead, fulfills his heritage in a suspenseful and excitement-packed drama that carries along in its wake the fortunes—romantic and otherwise—of the people who love and fear him. With Thunderhead now a hunted raider of the range, the film's story sweeps through the savage dangers of the rolling ranch country with its wild, fighting horses and marauding wolf packs, through a series of thrilling and heart-stirring adventures to the high excitement of the climactic state Fair Harness Race. Through it all runs the tide of human drama and romance in the story of a boy and girl, and of a man whose heartbeat is keyed to the hoofbeats of the racing horses he loves.

Outstanding Cast
"Green Grass of Wyoming" provides petite Peggy Cummins with a sharp contrast to those she played in "The Late George Apley" and "Moss Rose." As the hard-riding daughter of a rancher who knows her way around the cattle range as well as the trotting races, Peggy displays a versatility in acting that justifies the studio's and public's enthusiasm for her.

Charles Coburn has one of his best roles since he won the Academy Award in "The More the Merrier." "Green Grass of Wyoming" provides plenty of action for the veteran character actor in the role of a trotting horse enthusiast who himself takes over the reins in the sulky contests.

Cong and handsome Robert Arthur, who first attracted attention as Mona Freeman's sweetheart in "Mother Wore Tighties," gets his first big screen break, sharing starring honors with Miss Cummins and Coburn. Preview notices of his performance as Peggy's impulsive suitor acclaim him as a truly important "find." Lloyd Nolan and Geraldine Wall have important roles as Bob's father and mother, while Burt Ives, America's favorite troubadour, is the singing ranch foreman in Martin Berkeley's screen play.

Director Lou King, Producer Robert Bassler and Cameraman Charles Clarke, the trio that turned out "Smoky" and "Thunderhead, Son of Flicka," are said to have outdone themselves in the filming of "Green Grass of Wyoming."

Peggy Cummins and Robert Arthur ride with Charles Coburn in this scene from 20th Century-Fox's "Green Grass of Wyoming."

Brothers And Sisters Of Mrs. Harrington Visit In Spur

There is something about the surprises of life that are sweeter than the planned affairs as Mrs. F. R. Harrington of Spur, will verify. Last Sunday morning, Mrs. Harrington received one of the very nicest surprises when her brothers and sisters and their families arrived with well filled dinner baskets to spend the day.

The twelve o'clock hour found the table loaded with an abundance of delicious food, around which the brothers and sisters gathered and talked much of days long passed.

The afternoon was spent in visiting and making kodak pictures.

Those present for this occasion were: Mr. and Mrs. F. M. Stafford, Shamrock; a nephew and family Mr. and Mrs. Jack Stafford and baby, Pampa; Mr. and

Mrs. T. E. Stafford, Vernon; Mr. and Mrs. O. M. Stafford and son, James, Vernon; Mr. and Mrs. Horace Coffee and Miss Jennie Coffee, Vernon; Mr. and Mrs. T. N. Morgan, Spur; and Mrs. Frona Bingham of Spur.

NEW ARRIVALS

Mr. and Mrs. L. P. Parsons of Calgary are announcing the birth of a daughter, Barbara Joyce, born July 12, at the Crosbyton Clinic Hospital.

Congratulations to Mr. and Mrs. W. W. McArthur on the birth of a daughter, Karen Jo, born at the Crosbyton Hospital July 8.

Mr. and Mrs. Harold Wright of Afton are parents of a daughter born last week at Crosbyton Clinic Hospital.

Texasita Sechrist recently spent a week's visit with her grandmother, Mrs. S. H. Sechrist of Lorens.

Baptist Encampment Has Registered 1,208 Boys And Girls

Recently the Baptist churches of district nine purchased an encampment site comprising 71 acres of land, located 13 miles from Ralls, and three fourths of a mile off of the paved highway, which is approximately a sixty mile drive from Spur. This is said to be one of the natural beauty spots of West Texas, covered with evergreen vegetation along with an abundance of good water and beautiful shade trees it makes an ideal encampment ground.

Already much has been accomplished in the way of providing an adequate water supply but from year to year there will be added improvements.

Five hundred and seventy three Junior boys registered at the camp last week. Six boys from the Spur Baptist Church accompanied by Rev. C. N. Gilbert and Morris Denson were present.

The program provides supervised play and periods of worship directed by able directors. Mrs. T. H. Knighton of Canyon, is the district supervisor of young peoples work. Rev. A. C. Hardin of Sundown is the Camp pastor.

Six hundred and thirty five girls registered on Monday of this week between the ages of 9-12 years of age. Mrs. O. R. Claude and Miss Bobby Morrow accompanied the seven girls from Spur and will remain over for the weeks program. Other women who also accompanied this group and returned Monday night were Mrs. Stella Morrow, Mrs. Arner Watson and Mrs. J. P. Legg.

The total enrollment for last week and this week is 1,208. The camp is fortunate in having with them at this time Rev. and Mrs.

George Lambert of Latvia, a small country lying between Russia and Germany.

The Lamberts recently arrived in America when forced to leave due to Russian influence. They will attend Wayland College, beginning in September of this year.

CARD OF THANKS

With hearts sad, yet full of gratitude, we wish publicly to express our very great appreciation of kindness and sympathy shown us by our many friends on receiving our son's Billy Sparks, remains from over seas.

Such sympathetic expressions and deeds of kindness by loving hands, certainly helped to lift from our hearts the burden of sorrow.

We especially want to thank you for the tokens of regard manifested by the many beautiful floral offerings, delicious food that was served and personal letters of condolence. May Heaven's richest blessings follow you as the years go by, and when at last you have drifted away into life's evening twilight, may you be surrounded by beaming hands and sympathetic friends in the prayer of:

Mr. and Mrs. J. E. Sparks
Mr. and Mrs. Earl Murchison
Mr. and Mrs. Jim Koonsman
Mr. and Mrs. Martin Parks and Jerome
Mr. and Mrs. Ernie Hughes
Mr. and Mrs. Jimmie Sparks and children.

Mr. and Mrs. Marian Jordan and daughters, Arlene and Joan, are visiting Mr. and Mrs. A. V. Jordan and other relatives and friends in Spur. Their home is in Fort Worth.

Soil Conservation Program Vital

"Conservation of our soil and water resource is vital to every one—townspeople as well as farmers," says Joe M. Rose, Chairman of the Dickens County Agricultural Conservation Committee. Speaking as a farmer, he points out that the health and welfare of this and succeeding generations depend upon how productive "We keep our land and the use we make of water that falls on the land."

Every part of the Agricultural Conservation Program and everything done under it, he explains, is aimed at protecting the Nation's soil and water resources and is in the National interest. Every practice which farmers carry out with the cooperative assistance of the Program is a means of assuring a continued food and fiber supply.

From the standpoint of maintaining the food supply, the people who live in cities and towns are the beneficiaries of the Agricultural Conservation Program. In addition to assuring production, food from properly conser-

ved soil contains more of the essential minerals. The program, the chairman points out, is essentially a national insurance policy against food shortage and reduced quality.

Conservation farming also means more stability in agriculture and in the trades that depend on agriculture. Everyone benefits from the Conservation practices carried out under the AC Program, the chairman points out.

For the current year, 150 million has been appropriated by Congress to carry on the program. This means, says the chairman, an average of about \$1 per person to carry on this essential work. This is the cost of the food insurance policy. With what the farmer contributes, the Nation receives at least \$300 million worth of conservation for the \$150 million appropriated.

HOSPITAL NEWS

As we go to press word has been received of the condition of Spur patients in various hospitals and we pass the reports on to our readers. The three year old son of Mr. and Mrs. P. J. Bell is in good condition after an appendectomy in a Lubbock hospital. Mrs. Norton Barrett is reported doing fine in the Lubbock Memorial hospital following an appendectomy last Thursday. Friends of W. F. Jennings will be glad to learn that his condition is better and reports are that he will be returning home soon.

Alvis Bilberry Family Vacation In San Saba

The Alvis Bilberys of the Experiment Station and Mrs. Ruby Bostick, visited friends in Eastland and Brownwood, last week end. They met Mr. and Mrs. Lewis Ray Smith of Spur and Mrs. Smith's mother, Mrs. Reaver, of Dickens, who are vacationing at San Saba, on a fishing trip on the San Saba river. They report as having a nice time—but fish were scarce.

Harry Lewis, plant superintendent of Swift and Co., Mrs. Lewis, and two small daughters are on a two weeks vacation in Dallas and other points in that section.

High Pest Cost Cuts Income of Cotton Farmers

Cotton insects are an expensive luxury to farmers of the Cotton Belt.

In 1942, the boll weevil, boll-worm, and other pests devoured more than \$250,000,000 worth of the farmer's cotton. This meant, the National Cotton Council reveals, a loss of one-eighth of his cotton income to the average farmer.

Such losses can be avoided in 1943, the Council continues, through observance of cotton insect control recommendations prepared by land grant college entomologists in each state.

Generally, the Council says that farmers should stock enough poison for at least one dusting, have adequate dusting equipment to spray poisons, make regular infestation counts, and begin dusting when infestation of cotton by the boll weevil or other pest becomes severe. Dusting should continue at about five-day intervals until insects decline below the danger point.

Farmers in this locality are urged to consult their county agent or nearby vocational agriculture instructor for detailed information on cotton insect control measures recommended for the surrounding area.

Mr. and Mrs. Jimmy Hudson attended the funeral of young Gary Robert Hudson in Lubbock last Saturday. The baby is the son of Mr. and Mrs. Charles H. Hudson, Jr., and nephew of Jimmy Hudson, Spur. Mrs. J. C. Keen attended the services also.
