church architecture. Arrangements for the meeting are being made by Andrew Q. Allen, state secretary for the Sunday School department. Dr. W. L. Howse, Ft. Worth, is president of this organization and will preside at the convention. See-

Convention of Texas, Dr. J. H. Landes, pastor, First Baptist church, Wichita Falls; and Dr. Ellis Garnett, pastor, Travis Avenue Baptist church, Ft. Worth. Texas Baptist Sunday School now have a total enrollment of more than 200,000. Mr. Allen said

## Garner Purchases Humphrey Equip.

J. L. Garner is announcing the recent purchase of Humphrey Equipment Company, located at 308 N. Burlington, from A. C. Humphrey. The business shall be known in the future as Garner Appliance Company.

The only personnel changes will be the addition of some new employees, Garner stated. Those which have been added to the staff are Elmer Hagins, A. E. Long and Marlin Rogers.

The company will continue to handle Allis-Chalmers Equipment and Frigidaire appliances including refrigerators and home freezers.

## Baptist Young People Return From Encampment

Home From Ridgecrest—The above picture was taken of these young people of the First Baptist Church of Spur while attending the Training Union session of Ridgecrest Baptist Assembly at Ridgecrest, North Carolina, July 18 through 29. Pictured are, front row, left to right, Dwain Durham, Wayne Smith, Darvin Callahan, Emma Lena Simpson, Lou Ann Comer, Melvin Lindsey and Bobbie Walsworth; second row, Tommy Aldredge, Mrs. Bob Blackshear, Beryl Durham, Zella Watson, William North, Margie Campbell and Ronald Comer; third row, Suann Shugart, W. P. Shugart, Joe Simpson, Virginia Ruth Shugart and Joe Max Barclay; top row, Kenneth Watson, W. W. Morrow, Mrs. E. D. Engleman and John E. Berry.

## Grand Jury 'No Bills' Burger In Dickens

A Grand Jury which met in Dickens last Friday morning, July 29, 1949, "no-billed" Constable H. T. Burger who fatally shot Wilmer Earl Braddy in a Spur alley Sunday, July 24, 1949.

Sheriff C. C. Kimmel, a witness at the hearing, read the following letter to the Grand Jury: Sheriff of Dickens County, Dickens, Texas.

Dear Sir:

I have filed an information in the District Court of Fremont County, Colorado, against one Wilmer Earl Braddy charging him with having burglarized an appliance store here in Canon City, Colorado.

I have just received a letter from a Mrs. Ralph Miller, Route 5, Muscatine, Iowa, who claims to be a sister of Braddy. Mrs. Miller states that Braddy was killed in Spur, Texas, July 24, 1949. Would you kindly let me know if in fact Braddy was killed, and if such a person was killed whether you are certain of his identity.

Braddy, according to the F. B. I. records, has had quite a criminal record.

I should appreciate hearing from you at an early date.

Very sincerely yours, (Signed) John Stump Witcher, District Attorney, Canon City, Colorado.

Burger, in a statement to a Texas Spur reporter this week, said "Of course I'll never feel good about shooting Braddy, but it does help some to know that the man had a criminal record and was a refugee from the law."

District Attorney Witcher's letter was answered promptly by Sheriff Kimmel, and according to Kimmel, the matter can be considered closed.

According to Burger, the grand jury "no Bill" decision came because of insufficient evidence that a criminal offense had been committed.

## Local Scout Troop Wins Swim Meet

Boy Scout Troop 39 of Spur walked away with the honors at the District Swimming Tournament Tuesday night, August 2, at the Spur Municipal Swimming Pool.

Troop 39 of Roaring Springs and the Spur troop were the only troops competing in the meet. Matador, originally scheduled to take part in the meet, did not attend.

The total number of points earned by the Spur troop was 206 while the points Roaring Springs piled up totaled 56.

Divided into junior and intermediate sections, the meet had as individual winners (listed in order of placing):

Junior division (12 years old)—Side stroke—Paul Clayton, Roaring Springs; Carl Powell, Spur; Bruce Long, Spur; Buddy Moore, Roaring Springs. Back stroke—Bruce Long, Spur; Carl Powell, Spur; Bobby Walker, Spur; Carl Powell, Roaring Springs; Bobby Walker, Spur; Bruce Long, Spur; Albert McGeehe, Spur. Medley and free style relay—Spur Plain diving—Bruce Long, Spur; Bobbie Walker, Spur; Buddy Moore, Roaring Springs; and Paul Clayton, Roaring Springs.

Intermediate division (13 and 14 years old)—Side stroke—Lawrence Cook, Spur; Jackie Cloud, Spur; Elvin Vaughn, Roaring Springs; Robert Proctor, Spur. Back stroke—Lawrence Cook, Spur; Robert Proctor, Spur; Elvin Vaughn, Roaring Springs; Calvin Reynolds, Spur. Free style—Jackie Cloud, Spur; Lawrence Cook, Spur; Robert Proctor, Spur; J. W. Campbell, Roaring Springs. Plain diving—Lawrence Cook, Spur; Jackie Cloud, Spur; J. W. Campbell, Roaring Springs; Dick Carpenter, Roaring Springs; Jack knife diving—Jackie Cloud, Spur; Dick Carpenter, Roaring Springs; J. W. Campbell, Roaring Springs; Lawrence Cook, Spur; Swan diving—Lawrence Cook, Spur; Jackie Cloud, Spur; Dick Carpenter, Roaring Springs; J. W. Campbell, Roaring Springs.

Judges for the events were Norton Barrett, Dr. O. R. Cloude, Ross Culbert, Billy Ray Barrett and R. L. Walker. Jeff Smart was starter and John Hagins, scorekeeper. The supervisor was Field Executive Ray Luffler.

V. C. Smart, Jr. and Eike Godfrey are the Scoutmasters of the local troop.

## Golf Tournament To Begin Sunday

The City Golf Tournament, sponsored by the Espuela Golf Club, will be held on the Spur links beginning Sunday, August 7.

Three days, Sunday through Tuesday, will be given to qualifying rounds. Qualifying scores and entrance fee of \$2 should be given to Norton Barrett.

A driving contest will be held Tuesday, August 9, at 6:30 p. m. The tournament will continue for the next five days and is to be completed by Sunday, August 14.

## Local Dealers Learn Butane Salesmanship

Local butane dealers were in Lubbock for three days last week attending a school sponsored by the Texas Butane Dealers Association. Instructing the group, which also included dealers from neighboring towns, were two officials from Texas University.

Lectures pertained to discussion of successful business in butane dealership, stressing safety and salesmanship. Actual sales techniques were shown the group through a series of before-the-class skits, according to C. A. McClain, local dealer.

Attending the sessions from Spur were McClain and Pat Patterson of McClain Appliance; Mr. and Mrs. J. L. Garner, Arnold Long, Elmer Hagins and Fred Kinney, of Garner Appliance Co.; Marlin Rogers of Sims Appliance Co.; and Lynn Buzbee of Buzbee and North Butane Service.

All employees of butane firms are to be further educated in the safety of butane, and beneficial instructions such as those given at the recent school are primary to this knowledge.

## Prompt Removal Of Government Checks Advised by Guy Karr

Persons who receive government checks or unds of any kind are advised to remove them from post office boxes immediately upon receipt, according to Guy Karr, postmaster.

Early this week a local resident reported that his post office box would not open. One day later, the lock was removed, only to disclose a key had been broken off in it. The key resembled a regular post office box key, with filed edges and a skeleton key form. Inside was a government check, safe, but which evidently had been the object of a thieving hand.

There have been no complaints of stolen mail, but most government checks arrive on or about the first day of each month, said Karr, and along with them are local bank statements, mailed about the same time. Any one desiring to do malicious mischief could easily forge the signature on any one of the checks onto a government check.

Rural residents are also advised to meet their mail carrier when expecting such mail, to insure safe receipt of same.

## Beginners Exempt From Pox Immunity

First grade beginners are not required to have small pox vaccinations in order to enroll in Spur schools, according to superintendent C. F. Cook, but such immunization is suggested and should be done regardless. Birth certificates are required of each six year old beginner.

Cook made this statement in reply to questions of several parents of school age children who possibly do not realize the importance of their child's immunization from such diseases as diphtheria and small pox.

Reports of several cases of the disease in the lower regions of Texas indicate that the germ might travel this far north with migration of farm laborers and cotton workers.

Lawns bordering the front and sides of the East Ward building have been carefully tended and will be used as playgrounds this fall, according to Cook, and every effort is being made to give the primary grades a well rounded program.

All schools are scheduled to open September 5, with exception of the colored school which will begin Aug. 17.

## Spur American Legion And Auxiliary Slate Joint Installation August 11

There will be a joint meeting of the American Legion and the Legion Auxiliary at the Legion Hall, August 11, at 8 p. m. The purpose of the joint meeting is for the installation of new officers for both the Legion and the Auxiliary.

Officers elected for the coming year for the Legion are: M. P. Cannon, commander; Alton Foreman, 1st vice commander; B. H. Kieck, 2nd vice commander; Larry Q. Boothe, adjutant; M. C. Hunt, finance officer; Willis G. Jernigan, chaplain; Cal C. Wright, historian; C. B. Chandler, service officer; W. F. Patrick, child welfare officer; G. W. Grimes, sergeant at arms; and J. P. Haralson and Joe Jeffers, directors.

Legion Auxiliary officers who will be installed on August 11 are: Derabel Grimes, president; Louise Woodward, 1st vice president; Elizabeth Daugherty, 2nd vice president; Lou Jeffers, secretary; Margurite Foreman, treasurer; Beulah Lee, chaplain; Jerry Lee Foster, historian; and sergeant at arms, Glendene Hicks. Executive committee members were named as Myrtle Kearney, Lorraine Haralson, Ora Pearl Kinney and

Charlotte Boothe. All members are urged to be present for this meeting.

## Jones Motor Co. Receives Placard

Jones Motor Company, Spur, Texas received official recognition August 1, 1949 for advancing the automotive maintenance knowledge of its service personnel under the Chrysler Corporation Master Technicians' Service plan.

The plan uses modern instructional methods to teach mechanics in dealerships the fundamentals of engineering principles. Under it, each dealership operates a factory-designed school for mechanics, using slide films and other visual aids to demonstrate proper service methods. Jones Motor Company was awarded a plaque from the Dodge-Plymouth home offices certifying that three members of its service department have completed a year of participation in the school conducted here as part of the plan.

Each course, prepared by factory experts, is designed along the lines of the "tell, show, and do" presentation of a basic service problem. Instructional materials supplied by Chrysler Corporation include sound slide films, large blow-up charts, handbooks and lesson plans.

Although all instructional material was supplied through Chrysler Corporation, Jones Motor Company converted his building into a school when classrooms were scheduled and Alvin Jones assumed the role of instructor. The firm is among the first automobile dealers to use these advanced training methods.

Members of the service department who have completed the first year of the course are: Alvin Jones, W. R. Jones and Robert Hagan, all of Spur.

The program has been installed in Chrysler Corporation dealerships throughout the country, and involves over 30,000 mechanics. It has a two-fold purpose, according to B. B. Settle, director of service for the corporation's Dodge division.

"We are keenly interested in helping dealers provide the best possible mechanical services for their customers," Settle said. "And we are most certainly interested in assisting with the development of young men who are mechanically inclined. If our program can start young mechanics on the right track in addition to helping established mechanics to better themselves, we will feel that we are making a beneficial contribution toward serving the motoring public."

Mr. and Mrs. Walter G. Johnson, Jr., spent last week-end in Brownwood, Texas, visiting in the home of her parents, Mr. and Mrs. R. F. Williams. While there, they attended the annual Owens Reunion, which was held at Lake Brownwood.

Kip Karr spent last weekend in Lubbock at the homes of his sisters, Mrs. Winston Barclay and Mrs. L. D. Beadle, and his brother, J. M. Karr.

## Paducah Blue Sox Lose To Owls, 11-19

Dickens Owls defeated the Paducah Blue Sox 11-9 before one of the largest crowds of the season Sunday when the two Greenbelt clubs met at Kookey Park.

Batteries for Dickens included Lloyd Martin and Harry Martin. Fourth inning relief for Lloyd Martin was Sam Houchin. Catcher of the Blue Sox were Bart Menger to the third, Kelly Payne to the eighth, and Grady Stages for the ninth, with Oscar Mints as catcher.

Dickens bagged three homers, with Kenneth Street, Houchin and Carlton Dodson doing the honors. Dodson and Joe Simpson were leading hitters for the Owls, while Billy Harper and Payne each added a homer toward the Paducah score.

The Crowell ball club will meet the Owls Monday, Aug. 7, at 2:30 p. m. in Kookey Park.

## Reburial Rites Held For Pfc. Thomason

Reburial services for Pfc. Homer G. Thomason, 37, were conducted at 2:30 p. m., July 31, 1949, in the First Baptist church. Pfc. Thomason was killed on Luzon Island Feb. 11, 1945.

Pfc. Thomason was born June 3, 1912, in Stephens county, Texas, and resided in Dickens county most of his life. He enlisted in the US Army Jan. 22, 1942.

C. Melvin Rathel, pastor of First Baptist Church, and Rev. Wright conducted the services. VFW members and ex-servicemen of Spur assisted with the military rites as pall bearers.

Survivors include two sons, Homer Ray, Lubbock, and Bobbie E. Spur; two daughters, Wanda Marie and Violet, Lubbock; three brothers, Gus and Cecil, Spur, and Dave, California.

Interment was in Spur cemetery with Chandler Funeral Home in charge of arrangements.

## Sheriff's Office Names 12 Arrests

Report of twelve arrests and convictions in Dickens county courts was made this week by the sheriff's office in Dickens.

Cases filed in the Spur Justice court were: 2 assault, 4 drunkenness, 2 disturbing the peace, 1 driving on wrong side of highway, 1 running a red light. Cases filed in the Dickens Justice court were: 1 drunkenness and 1 use of profane language in private home.

District court met in Grand Jury session July 29 in Dickens. Cases returned at that time were 1 theft of cattle and 1 assault. The Grand Jury returned a no bill verdict in the H. T. Burger case, according to Horace Cuge, county deputy.

## Turf Rather Than Mud For Patton Springs Team

Ralph Marshall, principal and football coach of Patton Springs High School, announced today that their football field has been sodded in bermuda grass this spring.

Coach Marshall and his ball team have kept the field watered and mowed this summer, and it will be in good condition for the fall season.

"The boys are happy to be able to play on grass instead of in mud this fall," Coach Marshall stated.

## Methodist Church Installs Organ

The First Methodist Church has this week installed a new Wurlitzer organ with Deagon chimbs, according to Rev. Cal Wright, pastor.

It will be played for the Sunday morning services, August 7, with Mrs. Joe Gilbert of Fort Worth as organist. This is the second organ to be placed in the churches of Spur and the first which is equipped with chimbs.

"We believe that the organ will add to our worship and will add a new deal to our services," Bro. Wright stated.

## Roping Club Tells Saturday Winners

Saturday night jackpot roping is regularly featured at the Roping Arena south of town, and each week many of the same winners names are those which have appeared before.

In the three tie-down jackpots held July 29, Neal Love raced through the first group with 17.2 seconds to win first title. Second was Buck Thompson with 20.2 and third, Olney Walker, 21.2.

Second group winners were Buck Thompson, 16.8; John F. Moore, 19.4 and Neal Love, 19.5. Third group winners were Neal Love, 16.2; Olney Walker, 17.2 and Theodor Fry, 20.1.

Three best times of all contestants in ribbon roping were Neal Love, 11.4; Olney Walker, 17.3 and Obid Nelson, 18.8.

## District Group Cites Lakeside Pastor For Mission Work

Rev. J. L. Norris, pastor of the Lakeside Baptist church in Spur, (colored), has received a letter of appreciation from district officers of the Progressive West Texas Baptists association in Brownwood for his report of contributions totaling \$75, collected for mission and educational work.

This money was donated Rev. Norris by friends and interested persons of Spur and Matador. Names of the contributors and their gifts are: F. W. Jennings, \$5; J. E. Swenson, \$5; J. H. Dobbins, \$5; G. C. Godfrey, \$5; Dunlap company, \$5; E. W. Smith Grocery, \$5; O. K. Rubber Welders, \$5; Texas Spur, \$5; City Hall, \$5; Mrs. Lee, \$2; Mr. Godfrey, \$1; Mr. Hamilton, \$1; J. J. Tullis, \$5; Rigby Grocery, \$3.

Campbell Chevrolet company, \$5; Western Dry Goods, \$5; Frank Pole, \$1.50; J. H. Hamilton, \$5; Anonymous, \$2.

Contributions from the Lakeside church were Rev. J. L. Norris, \$25; Mrs. J. L. Norris, \$15; Mrs. Gussie Mitchell, \$3. The total amount of money donated for mission and education work in the association's annual meeting was \$4,378.70.

Mesdames Lee Snodgrass, Ella Coneland and Alonzo Lollar spent several days in Abilene last week visiting relatives.

**Malaria Control in Turkey**

Stressing a "new outlook" in international health, the U.N. World Health Organization (WHO) is now attacking international health problems with tactics based on preventive rather than curative techniques. Here, under the guidance of a WHO Malaria Engineer assisting the Turkish Malaria Service, workmen spray insecticide for mosquito control in a swamp near a town in the province of Ankara.

Welcome Change Fortune Teller—You seem to be in for a financial reverse. Client—Thank heavens! If my finances don't reverse pretty soon I'll starve.

## TEXACO WHOLESALE AGENCY

From

Van North

I have purchased the Texaco Agency in Spur from Van North. I have been selling Texaco Products for 12 years in Mineral Wells and Decatur, Texas, and hope to spend many years serving this community and territory with Texaco Products.

My family and I are interested in Spur and its future, and are enthusiastic over making our home here and in taking an active part in the civic life of this community.

A welcome is out for all the old friends and customers of the Texaco Agency and to our many friends in Spur to come in and talk over your petroleum products needs. Come in and let's get acquainted.

Texaco Agent

FRED ASTAIRE and GINGER ROGERS in MGM's great musical, "THE BARKLEYS OF BROADWAY," in color by Technicolor.

### Astaire-Rogers Team Wrote Vivid Chapter In Screen Musical History

Astaire-Rogers Team Wrote Vivid Chapter In Screen Musical History. Fred Astaire, while deftly tipping his hat to all of the fair ladies who have been his film dancing partners, declines to name a "best."

"They've all been splendid to work with. Besides, you never can tell which one I may be teamed with next," says Astaire, who is nothing if not a diplomat. The question came up during the reunion of Astaire and Ginger Rogers in M-G-M's new Technicolor musical, "The Barkleys of Broadway," which comes to the Palace screen this week. From the standpoint of public demand over a stretch of years, Miss Rogers scarcely could be ranked lower than No. 1 among Astaire's partners.

### Cut Back Trees Now Or Wait For Winter

If you plan to cut back overgrown trees or shrubs, do it now or wait until winter. Large limbs removed later may lead to winter injury.

Investigate thoroughly anyone who represents himself as an expert and wants to trim your trees and shrubs in late summer or early fall.

Visits in Fort Worth. Mrs. Hattie Turvan has just returned from a two-week visit with her daughters, Mrs. S. S. Noblit and Mrs. E. F. Laverty, of Fort Worth, Texas.

A family reunion was held while Mrs. Turvan was there and every member of the family was present. Also visiting Mrs. Turvan in Fort Worth were James P. Laverty, a grandson of Washington, D. C.; Mr. and Mrs. D. D. Sawyer and son, Paul, of Houston, Texas; and Mr. and Mrs. J. L. Peterson of Dallas.

### West Texas Cities Cite Water Needs

ABILENE, July 30.—In line with the proposal of the West Texas Chamber of Commerce that domestic water be given priority in any criteria for dam building, 25 West Texas towns on the Brazos watershed this week launched a new drive for an appropriation of more than 300,000 acre feet of water for the Bob Baskin reservoir.

The request is being filed with the Board of Water Engineers by the city of Haskell acting as agent for the other towns along the Double Mountain and Salt Forks of the Brazos.

At the same time these towns took their demands to Washington with a request for a survey of the project by the Bureau of Reclamation, using the same criteria developed in the proposal of the \$87 million Canadian dam serving 11 towns in the Panhandle-Plains area.

Manager D. A. Bandy of the WTCC, who recently prepared a report on the West Texas Water shortage damages and application of the Hoover Commission's domestic water recommendations, next week will take to Austin an official resolution from the Haskell city council, asking for the appropriation.

A request was sent to Washington this week by John Couch, president of the Bob Baskin Dam Assn., for a resurvey by the Reclamation Bureau. Bandy said this request was made in line with the criteria proposed by the WTCC which would give domestic water priority in all multi-purpose dam construction.

This program has been finding circles and, according to Congressman Mahon who says, "the thinking of the Bureau of Reclamation is undergoing a drastic change. The Bureau is enthusiastically supporting the Canadian project, even though it is almost exclusively a municipal water supply project."

Letters from high officials commending the WTCC program for revision of the dam building criteria have been pouring into the Abilene chairman of the Hoover Commission, which recommended in its report that domestic water be given first priority in criteria for multi-purpose dam building. Other members of the commission who have written to Bandy are Arthur S. Flemming, Jos. P. Kennedy and C. J. Brown. Brown suggested that copies of the WTCC report be sent to all mem-

### Farmers Fighting Nature's Whims By Seeding Wheat "Below The Dust"

Thousands of dry land wheat farmers this season will plant their seed "below the dust" by using deep sowing boxes and attachments on chisel plows. Testing this method (above) Danah L. Burt, whose Guymon, Okla., plant produces such specialty farm equipment as Oklahoma Double-File Farm. Exports from areas which had only normal moisture the past year show deep-seeding outproducing disc-seeding by sizable amounts.

has waited only upon development of the right equipment.

Such equipment, in varying forms of a seeder box attachment with flexible seed distributor tubes, has now been field-tested for two planting seasons and will be used this season throughout the wheat country, according to survey information just revealed here.

Production may be the bottleneck this planting season, the survey shows. Only two or three specialty manufacturers are in the field, although reports are that a major manufacturer is tooling up for production.

One of the specialty manufacturers who has pioneered in developing the attachment, reported, "greater interest than has been shown in any postwar farm tool." This firm, Dandee Manufacturing Company of Jaymon, Okla., said that its research personnel has just concluded 22,000 miles of travel throughout the wheat coun-

bers of congress.

Senators Tom Connally and Lyndon Johnson together with Congressman Omar Burleson, Eugene Worley and George Mahon, have also added their commendation to the program. Likewise letters have come from the United States C of C and the National Association of State Chambers of Commerce. One of the last letters Gov. Beauford Jester wrote before his death was one of commendation of the WTCC formula.

Towns joining in the water appropriation request for the Bob Baskin dam are: Knox City, Ben-

# How to keep cool — and carefree

This time of year there's one place a lot cozier and cooler than your favorite spot around the house.

That's in your Buick—finding a breeze along dusk-cooled highways, or following those little roads that lead to inviting "loafing grounds."

Either way, whichever pleasure trail you follow, you'll find more fun on the way if your Buick is in top-flight shape to take the miles in its steady stride.

How about letting us put it in that shape for you?

Get one of our conscientious motor tune-ups, and one of our thoroughgoing Lubricare treatments. We'll put the bounce back in your motor—while we're taking the bounce out of your ride.

We do this well because we're Buick men. We know your Buick, we've studied correct factory methods for each operation, we know the factory specifications your car was built to. We use genuine Buick parts—even special Buick tools!

Yet you don't pay a penny more for all these extras. Stop in this week, won't you?

#### NOW HIGH IS A TUNE-UP?

Our Buick tune-ups go far beyond adjusting your spark and carburetor. We cover a long list of things—your valve tappets, voltage regulator, fuel pump filter, coil, hose connections, and so on.

We even tighten the cylinder head and clean off your battery terminals—and do all this at a low, low Buick rate price that will surprise you!

### San Antonio To Host Baptist Convention

The world's largest Sunday School convention will meet in San Antonio September 7-9. Over 5,000 Sunday School workers from all over Texas are expected at the conference being planned by the State Sunday School department of the Baptist General Convention of Texas.

Nine well-known pastors, educators, Sunday School leaders and teachers are to speak before the convention. Fourteen others will lead conferences for every age-group as well as special conferences on music, library work, and church architecture.

Arrangements for the meeting are being made by Andrew Q. Allen, state secretary for the Sunday School department. Dr. W. L. Howse, Ft. Worth, is president of the state organization and will preside at the convention. Sessions of the three-day meeting are to be held in the First Baptist church and the municipal auditorium, San Antonio.

Among the speakers to appear before the Sunday School workers are Dr. Forrest Frazier, pastor, First Baptist church, Waco; Dr. W. R. White, president, Baylor university, Waco; Perry M. Hayden, president of Dynamic Kernels Foundation, Tecumseh, Michigan; Earl Gaston, Pensacola, Florida, Sunday School superintendent; Dr. J. M. Price, Southwestern Baptist seminary, Ft. Worth; Dr. H. H. Hobbs, pastor, First Baptist church, Oklahoma City; Dr. J. Howard Williams, executive secretary of the Baptist General Convention of Texas; Dr. J. H. Landes, pastor, First Baptist church, Wichita Falls; and Dr. Ellis Garnett, pastor, Travis Avenue Baptist church, Ft. Worth.

Texas Baptist Sunday Schools now have a total enrollment of more than 200,000, Mr. Allen said.

### Burnet Minister To Hold Services

Bro. H. W. McClish of Burnet, Texas, will conduct a summer revival meeting to begin Aug. 5 at the Girard Church of Christ and continue through Aug. 14. Two services daily will be held at 10 a. m. and 8:30 p. m. The public is extended a cordial invitation to attend any or all of the services.

### Highway Church To Hold Revival

Highway Church of Christ will hold a series of meetings August 5-14. Evangelist H. L. Dennis of Crosbyton will do the preaching and his son will lead singing. An invitation is extended to everyone to attend services.

## DAILY TAX \$8,179 CARTWHEELS

**TAXES \$58,179.00**

This looks like a lot of money BUT the Federal Government will spend 2974.9 times this much for... \$173,076,500 IN ONE YEAR

**TAXES**

Yup, there's other folks, too. \$8,179 of them. They're a feature of the 50th Anniversary celebration of The Timken Roller Bearing Company, Canton, Ohio.

About 8,000 of the silver dollars had to be left in bags, because the 12-cubic foot lucite box made especially for the display was that much hard money.

In the photograph above, two Timken employees, Louise Keener, left, and Audrey Roth are amazed at the size of the pile. The exhibit is in the courtyard of the main entrance to the Canton plants of the Timken Company.

The large pile of cartwheels, weighing approximately 8000 pounds, represents the amount Timken and its employees hand out in Federal income tax daily. The Cleveland and Pittsburgh Federal Reserve Banks required several weeks to deliver them for the First National Bank of Canton, which had the job of ordering them for Timken.

the war, there is an oversupply of high school teachers in the science and industrial arts field. The greatest demand for high school teachers this fall is in the elementary and primary field, in library science, special education and home economics.

### Traffic Deaths Tally With State Dept.

AUSTIN, July 29 (Sp1)—Mr. N. K. Woerner, Chief of the Statistical Bureau of the Texas Department of Public Safety, and his staff, recently came up with a prediction concerning motor vehicle traffic deaths over the past July 4th holiday weekend and though they proved to be almost 100% correct no one is particularly happy over the whole thing, according to Colonel Homer Garrison, Jr., Director of the Public Safety Department.

Prior to the Independence Day week-end Mr. Woerner's Bureau predicted that 27 persons would be killed in traffic accidents in Texas on the 2nd, 3rd and 4th of July. Moreover, they went out on a limb to say that 22 of the deaths would occur in rural sections and 5 would be on city streets. The total count for the State over that period was 28 deaths, 24 of which were rural and 4 urban. Had but one driver entered a city limits before becoming involved in a fatal accident Mr. Woerner's figures would have missed the exact picture in the over-all total by one death.

with adaptations to local conditions is: 1. Addition of barnyard manure and organic residues; 2. Use of soil-improving crops such as green manures in rotation; 3. Application of commercial fertilizers; 4. Control of salt accumulations; and 5. Application of water according to the needs of the crops and soils.

### Teachers Eye Funds Provided By Bills

Dickens county teachers may feel the impact of the improved financial conditions for them under the new educational program for Texas.

Passage of the Gilmer-Aikin bills, which completely reorganized the state school system, definitely has caused teachers to seek masters degrees or take refresher courses, states a survey made by the Texas State Teachers association of 16 private and state-supported schools. An increased enrollment of 2,957 graduate students this summer is shown over last.

Teachers receive substantial pay increases under terms of the Gilmer-Aikin bills, but those holding masters degrees and who have several years classroom experience are especially benefitted, states the survey.

**Test of Patriotism**

"What would you call a perfect citizen?"

"A man who feels like singing the National Anthem when making out his income-tax return."

**In the Museum**

Old Aunt (standing before statue)—And whom does this represent, my dear?

Niece—Messalina, auntie.

Aunt—Well, I must say it's not my idea of the Italian premier.

You ought to be driving a **49 PONTIAC**

A Product of General Motors

**Powered by the World's Sweetest Engine!**

Perhaps the most impressive thing about driving a new Pontiac is that sure sense of having more than enough power at your command always.

You'll feel it whenever you touch the accelerator—a smooth, effortless flow of power. And it's yours whether you are driving a great Pontiac straight eight or its equally famous six-cylinder companion.

Whichever you choose, you can be sure that you are driving one of America's most modern engines and one of its most proved. For the basic design of Pontiac power plants has the approval of more than two million owners.

Its engine is just one of the reasons why you should be driving a Pontiac—come in soon, we'll show you many more.

### Cotton Insecticide Shortage Critical

Dickens county cotton farmers may have trouble finding a source of supply of the new and recommended cotton insecticides, because applications have been so heavy that shortages have developed in some states.

Grasshopper, cutworm and army worm infestations were heavier than usual in many areas of the southwest and now the boll weevil is more numerous and widespread throughout the cotton belt than any year since 1941, except in Texas. The early and thorough cotton stalk plow-up program in Texas held down to some extent the boll weevil damage.

Boll weevils are causing serious damage in some sections of the state and if present conditions prevail, damage can be expected to be more general in many areas within the next two weeks, according to reports.

The preferred material for general cotton insect control is 20 percent toxaphene plus 40 percent sulphur, or a mixture of 3 percent gamma BHC, 5 percent DDT, 40 percent sulphur (3-5-40). If these materials are not available, some substitutions can be made if the substitutes can be found, and results should be good.

Where the boll weevil is the major pest, 7 to 10 pounds of calcium cyanide per acre at 5 day intervals will give control. If you need more detailed information, call your county agricultural agent.

**Inherited**

"You say Myrtle inherited her beauty?"

"Yes, her mother left her a cosmetic shop."

### Teachers Who Left State For Higher Pay Are Returning

School teachers who left Texas for higher salaries elsewhere are coming back home, an East Texas State college official has announced.

They now can get good salaries in Texas as a result of the Gilmer-Aikin public school bill passed by the legislature. This applies not only to teachers who left here, and who now are applying for jobs in their home state again, but also to new graduates.

Graduates of Texas colleges formerly went in great numbers to Oklahoma, Arizona, Arkansas, and other states. Now most of them are staying in Texas.

For the first time since before

### Yield Less From Over-Irrigation

Farmers in the newly irrigated areas, such as the High Plains of Texas, have noticed a quick reduction in yields due to over-irrigation of land.

This may result in waterlogging of soils if heavy, or leaching from the soils large amounts of valuable plant nutrients if soils are readily penetrated by water. This penetration is determined to a great extent by the presence or lack of organic matter in the soil, which makes heavy chemical and biological activity; it is a natural source of nitrogen; it improves the soil-plant-water relationship. In short, it is an essential constituent of all normally productive soils.

A conservation plan that will provide for a permanent agriculture includes the adapted practices applied to each acre according to its needs, and no single practice will do this.

A fivepoint method to be considered for developing a conservation plan for irrigated areas,

# Sunday School Lesson

International Sunday School Lesson for August 7, 1949  
 MEMORY SELECTION: "It is a good thing to give thanks unto the Lord, And to sing praises unto thy name, O Most High."—Psalm 92: 1.  
 Lesson Text: Psalm 92: 1-5; Psalm 103: 1-11.

Shakespeare has said, "Let never day nor night unhallow'd pass, but still remember what the Lord hath done." Every nation has its hymns of thanksgiving and it is said that no better indication of the real character of any people can be found than these songs, sung when the singers look back on their past as

a people, look in confidence to the future and rejoice in the glories of the present.  
 We, as a nation, have so much to be thankful to God for. Our beautiful land, its fruitful lands, its towering mountains, its beautiful lakes and its mighty rivers, all of these we should be thankful for. We should be thankful that we live in a free land, in a land where our people can govern themselves, can worship or not worship as they choose. There is so much that we take for granted what is not enjoyed by many of the millions in other parts of the world.

The psalms we have for consideration for our lesson this week are only two of the many songs of thanksgiving which the children of Israel sang. Some of these psalms of gratitude are as clearly the utterance of the individual soul as others are the voice of the nation on the days of great religious festivals which were closely connected with the history of the Hebrew people.

Psalm 92 introduces a group of psalms (92, 93, 95-100) which are closely connected and evidently designed for liturgical use, generally of a joyous and festive character. This song was set apart for use on the Sabbath, as its title suggests. It is sung at the sacrifice of the early morning and also on the second day of the Feast of Tabernacles.

The psalm points out that in the early morning, we need to dwell on the thought of God's loving kindness to give us freshness of hope and joy. In the night watches, we are reminded to remember God's Faithfulness, which will impart rest and protection to the believer. This is the thanksgiving that should come from the individual heart. Then the psalmist turns to the joy and praise of Jehovah as a people. Reference is made to the elaborate music of the great temple, the "house of the Lord" and the "music of our God."

We should remember that the expression of our feelings makes these more intelligent and therefore brings out to us, and these to whom we are addressing, their deeper meaning. When one tries to put his feelings into words he discovers that, while they cannot be completely expressed in this way, still they gain a new depth of meaning by being expressed at all. Wordsworth declares that "poetry takes its origin from emotion recollected in tranquillity," and it is this combination of profound emotion with reflection which makes the psalms themselves a justification of the expression of praise to God.

Someone has said that "no psalm, not even the twenty-third or the ninety-first, is so deep in the sense of God's undoubted and unclouded goodness (as the 103rd Psalm); none widens out so strikingly from his personal mercies to his universal graciousness to all mankind."

In its first five verses, practically every experience of life is mentioned, as far as God's care is concerned: God's forgiveness of our sins; his care over us in sickness; his daily supply of our needs; in short, all the good gifts he constantly showers upon those who trust in him. What God did for David the psalmist, he will do for us, if we will let him, for God never changes.

As a people, we should cultivate the attitude of thankfulness.

A bucket of water (above) douses the Spitfire engine of the 1949 Chrysler, but the engine keeps right on running. The Chrysler is unique because it is the only car on the road with a waterproof ignition system, which keeps out moisture. The sparkplugs and wiring (left) are protected by neoprene covers and the distributor connections are sealed with vinylite synthetic rubber caps.

Mrs. Joe Gilbert and son, Jerry, of Fort Worth are guests this week in the home of Mr. and Mrs. W. F. Gilbert.

**Etiquette**

"What do they mean by superfluous, Bill?"  
 "Aw, somethin' unnecessary. Like the 'Will yer?' in 'Will yer have a drink?'"

Fatal home accidents can result from the failure to identify a bottle before taking medicine or placing poisonous materials out of reach of children.

## WIND, SAND & SUN

For the mermaid who wants to keep her lipstick from washing away with the waves, a special beauty-aid has been designed. Pimless, Lip-Stay protects her lips from wind and sunburn, too! Because it's clear and colorless, even her favorite man can use it to prevent chapped lips.

**Up to Pa.**

Teacher—if your mother is shopping and finds she left her purse at home, she may ask the clerk to send the parcel C. O. D. What do those initials mean? Bright Boy—Call on Dobby!

## RETURN FROM VACATION

Mr. and Mrs. C. H. McCully and granddaughters, Barbara Nell and Jo Ann Foreman, have recently returned to Spur after an extended vacation trip.

They visited Estes Park in Denver on their way to Billings, Montana, to see Mr. and Mrs. V. C. Gillison. Mrs. Gillison, their daughter, returned with them by way of Yellowstone National Park, Salt Lake City and Grand Canyon.

They stopped for a few days visit in Ruidoso, New Mexico. Here they were met by Mrs. C. D. Foreman and children of Spur, Mrs. J. H. Hardberger of Amarillo, and Mrs. H. S. Soladay and children of Abilene.

Mr. and Mrs. Geo. Lisenby left Monday for Decatur, Alabama and Washington, D. C. They will visit a sister of Mr. Lisenby's in Alabama and his mother and her three sisters in Washington, D. C.

Mr. and Mrs. A. D. Allen and children, A. D., Jr., and Margaret Lou, of Winnsboro, Texas, were guests last weekend at the home of his brother, Mr. and Mrs. C. V. Allen.

GO TO CHURCH SUNDAY.

Most people think that a newspaper is just the noise of presses on press day, gathering news, deadlines, advertising schedules and a lot of "hustle and bustle." True, these things just as important. But to us in the newspaper business there are other things just as important that make up a newspaper. Friendship and the welfare of our community mean more to us than anything else. And with this thought in mind we have always strived to print the news in a manner that is unbiased and for the good of the people. We shall always try to serve you and the community in this way.

The Texas Spur

WE TAKE A bow FOR YOUR BENEFIT

We're mighty proud of a plaque recently awarded us. It signifies that our mechanics have completed a full year of postgraduate training under the "Master Technician Service Plan."

This means a lot to us—but it means still more to you. It means that—when you bring your Dodge or Plymouth here for service—you get the expert work of specialists who really know their stuff!

Our men were good before they took this year of specialized training. Now they are master technicians in the art of servicing your car. They save you money because of the speed with which they diagnose your car's needs. They save you future headaches because of the thoroughness with which they meet those needs.

Bring your car in today. We'd like to show you the new plaque we've just won. Then we'd like to show you what we think is the finest—and fastest—service your car ever had.

**Winter Wheat Belt Fights Smut**

Across the winter wheat belt of Kansas, Nebraska, Oklahoma, Colorado and Texas Panhandle, hundreds of seed cleaning and treating machines are at work preparing seed for the 1949 planting.

Stationary units in elevators and seed houses, and portable units like the one above, are processing seed through cleaners to take out weeds and broken kernels and through treaters which mix "Ceresan" seed disinfectant on the seed to destroy the spores of stinking smut and other disease organisms.

Cliff Manny, left, County Agent of Pawnee County, Kansas, checks the operation on the farm of Enoch Thompson, a state champion wheat grower. Through better stands and higher yields, seed treatment usually returns the farmer ten times or more the cost of treating—in addition to controlling stinking smut or bunt according to plant pathologists and agronomists.

**Rev. J. H. Crawford  
To Conduct Revival**

A Methodist revival meeting will begin at Duck Creek school house, Sunday morning, August 7. Bro. J. H. Crawford, the District Superintendent, of Stamford will conduct the services.

The first quarterly meeting will be held at 3 o'clock Sunday afternoon, August 7. Rev. M. J. Morton, pastor, announced.

Everyone is invited to attend these meetings.

**CALIFORNIA GUESTS**

Mr. and Mrs. Leonard Blackmon and daughter, Dessie, and Mr. and Mrs. Leonard Blackmon Jr., and son, Jerry, of Bakersfield, Calif., have been visiting in the home of Mr. and Mrs. M. E. Lee and with other relatives and friends.

Melba Campbell recently returned from a visit with her cousin in Abernathy. The cousin, Rilla Jo Hogan, spent last weekend in Spur in the home of Melba's mother, Mrs. Hazel Boothe.

**Local Agriculture Teachers  
Attend State Meeting**

Paul Sweet, Joe Matlock and Walter Labay attended the State meeting for Vocational Agriculture Teachers in Dallas, July 27-29.

Plans and policies for the coming year were discussed. Adult education was a problem which was presented to the group by leading agriculture men.

**Runnin' a Short**

Dentist's Daughter—Well, dear, have you asked father for my hand yet?

Shy Suitor—No. Every time I step into his office, I lose courage. Today I allowed him to pull another tooth.

**A Give-Away**

Pretty Caller—Can I see the manager?

Fresh Clerk—Yes, the manager always has time to see pretty girls.

Caller—Tell him his wife is here.

GO TO CHURCH SUNDAY.

**Highway Community  
News**

Residents of the Highway community met recently in the home of Mr. and Mrs. Clark Morgan to organize a Community Association. Object of the group is to sponsor a general cleanup and organized eradication of parasites on the farms.

Forest Martin was elected chairman, and Buster Smith and Bill Sandlin were elected vice chairmen. Mrs. Donnie Pace was named secretary and Mrs. Jimmie Hahn, reporter.

This community is competing with several others in an effort to win cash prizes offered for the most outstanding community group. The money, if won, will go toward a community center fund.

On the fourth Friday of each month there will be a social meeting for the group. Mr. and Mrs. Bill Sandlin will host the August entertainment. An August 19 picnic is scheduled to be held at the Walter Thomson residence. Everyone in the community is urged to participate in these activities in order to better build the community.

**PERSONALS**

Mr. and Mrs. J. C. Payne attended the funeral of M. D. Crowe in Sagerton, Texas, Monday, August 1. Mr. Crowe was a brother-in-law of Mr. Payne.

Mr. N. A. Payne of Lubbock and Rev. J. P. Patterson of Seymour were week-end visitors in the J. C. Payne home. Mr. Payne and Rev. Patterson attended the Criswell Reunion in Lubbock Saturday.

Mr. and Mrs. George Gabriel and boys, Franklin, Max and Jimmy, left Monday on a vacation trip to California. They plan to return to Spur in about two weeks.

Mr. and Mrs. W. S. Patrick are visiting in the home of Mr. and Mrs. J. B. Franklin of Floresville, Texas, while on their vacation this week. Mr. and Mrs. Franklin are the parents of Mrs. Patrick.

Visitors in the C. Melvin Rathel home Friday were Mrs. Rathel's parents, Mr. and Mrs. C. T. Huddleston of Crosbyton. Little Dale Rathel returned with his grandparents to Crosbyton for a visit.

Mr. and Mrs. Edward Burt of Grants, N. M., are announcing the birth on July 26 of a son, Michael Earl. Maternal grandparents are Mr. and Mrs. Ott Denson, Spur, an paternal grandparents are Mr. and Mrs. E. J. Eert, Eunice, N. M.

Mrs. A. Murphy had as guests this week Mrs. Lawrence Murphy of Santa Barbara, California. Mrs. E. E. Haingrove of Levelland, and other relatives and friends.

**U. N. Agencies Map  
Five-Year Drive  
Against Malaria**

GENEVA—Two Specialized Agencies of the United Nations, the World Health Organization (WHO) and the Food and Agriculture Organization (FAO), have joined arms in a five-year crusade against one of mankind's most ancient foes: malaria.

Plans recently approved by WHO's Assembly call for a joint drive against disease, particularly endemic malaria, which in many areas of the world is considered one of the main obstacles to increased agricultural production. Six such areas will be chosen on the basis of their agricultural development as initial sites for the WHO-FAO campaign.

The new drive is expected to result in a considerable increase of world food production since, at the present time, disease-ridden farmers in many cases are incapable of working their land as they should.

In India alone, WHO points out, losses caused by malaria have been estimated at some \$220,000,000 per year. In Greece, on the other hand, the average gross income of families in certain districts rose from \$196 to \$385 after the adoption of malaria control measures.

Stressing the advantages to be derived from a healthy world, WHO notes that the cost of malaria alone affects not only the country whose people are ill but also the countries importing goods from malarious countries. It has been said that any imports from malarious countries into the United States, for example, carry "a hidden malaria tax of about 5 percent." If this is true, WHO reports, "then malaria in the 29 countries from which the U. S. A. bought needed products in 1938 cost the United States over \$175,000,000."

**TED SMITH'S HONORED**

Mr. and Mrs. Ted Smith were guests of honor at a wedding shower in the home of Mrs. Jimmie Hahn, July 22. The bride is the former Alta Hogan, daughter of Mr. and Mrs. A. B. Hogan, Spur, and Smith is the son of Mr. and Mrs. W. J. Smith, also of Spur.

Guests played games in the lantern lighted backyard, and were served refreshments by Mesdames Kelsey Putman and Cecil Estepe, and the hostess, Mrs. Hahn.

GO TO CHURCH SUNDAY.

**Society-Club News**

**Lesson On Prayer  
WMS Circle Program**

The Bagby Circle of the First Baptist WMS met at the home of Mrs. Myrtle Whitwell, Monday morning, August 1.

Mrs. T. J. Seale presented a Bible lesson on prayer as the program for the meeting.

Those attending were: Mesdames R. P. McCombs, John Hazelwood, W. B. Francis, Sr., Hattie Turvan, T. J. Seale; Misses Dolly Powell and Jennie Shields, and the hostess, Mrs. Myrtle Whitwell.

**Local Women Attend  
Methodist Seminar**

A district seminar meeting of the officers and workers of the Methodist Women's Society of Christian Service was held Wednesday, August 3, in Paducah.

Seven different workshops were offered for the Methodist women as a selection for their particular interests or office in the organization.

Those attending the seminar meeting from the First Methodist Church of Spur were Mesdames R. L. Walker, J. A. Koon, C. H. McCully, J. C. Payne and Paige Gollihar.

Robert Drennon, USN, who has been attending school in New Jersey since April, spent Thursday night in the home of his parents, Mr. and Mrs. R. A. Drennon. He was being transferred to San Francisco.

**Hopkins County  
To Hold Reunion**

Former residents of Hopkins county are invited to attend a reunion to be held from 2 to 6 p. m., August 14, 1949, in Mackenzie park, Lubbock.

Guests will bring light lunches and meet on the east side of the park, announced Roy L. Hooten and Bert Hatten, president and secretary of the reunion association.

**Mrs. Walker Hosts  
Methodist Women**

The Woman's Society of Christian Service of the First Methodist Church met at the home of Mrs. R. L. Walker, 213 W. Hill Street, Monday afternoon, August 1.

Mrs. J. R. Lain was the leader for the worship period and program for the meeting was "Spreading His Light in Burma." Attending the meeting were Mesdames Paige Gollihar, W. F. Gilbert, J. R. Lain, Ids Lee, Howard Hollowell, Tom Johnson, Lela Evans and R. L. Walker, hostess.

Mr. and Mrs. J. J. Payne of Fort Worth were visitors in the home of his parents, Mr. and Mrs. J. C. Payne this week. Dorothy and Owen, children of Mr. and Mrs. J. J. Payne, returned with their parents to Fort Worth, having spent the summer with their grandparents.

### EDUCATE YOURSELF

This editorial is addressed to middleaged individuals who feel that their educational opportunities have not been as complete as they would have liked.

Conscious of this lack of training, some people become the lost days and sink into a state of semi-ignorance, without making any effort to become informed. We would call their attention to the fact that there are only two requisites to a good education, reading and thinking.

There is no person in Dickens County of any age, who cannot become well-informed in a year or two of intelligent reading, supplemented by a little thinking. Stop the habit of taking opinions from anybody and begin trying to study some problems for the purpose of making up your own mind.

To the individual who does not know where to start, we would suggest beginning on a subject in

which you are interested. If it's the war in China, read about it and then read some more. If it is a technical subject that enthralls your imagination, ask advice from some person who knows something about it. Get a book on the subject and, if it takes six months, read it until you understand it.

There is really little excuse for a man or woman going into old age without making an effort to become more intelligent. Even if you have only a half hour acquire new information. Never mind about the better educated; make it your business to improve yourself.

We know many excellent individuals who have failed to take advantage of their own leisure time to read and learn but who constantly lament that they are not "educated." The matter of becoming well informed does not hinge upon a college degree; it is a matter of reading and thinking. This is a question of decision and determination.

### HEALTH NOTES

AUSTIN, TEXAS, July 28.—

There is no more emphatic proof of the power of ignorance and carelessness to spread disease than is shown by the continued ravages of tuberculosis, which is responsible for more deaths between the ages of fifteen and forty-five than any other disease.

Despite the knowledge of its cause, spread, and curative procedures, tuberculosis continues to be a grave public health problem and today it holds fifth place among the killing diseases in this State. This fact exists even though the majority of tuberculosis patients could have their condition arrested, if it were recognized early and proper treatment applied.

Treatment of the early recognized case is essential to recovery. It is of equal importance, from a public health viewpoint, that the spread of this devastating infection be prevented. A more widespread appreciation of this fact would result in the saving of thousands of lives.

When a diagnosis of active tuberculosis has been made, examination of all other members of

the family should follow as a matter of course. Tuberculosis runs in families, not because of any special susceptibility, but because it is communicable and easily transmitted from one member of the family to others.

AUSTIN, TEXAS, Aug. 4.—The month of September brings a return of school days, and thousands of Texas boys and girls will be returning to classrooms for the next nine months. Every one of these children, according to Dr. Geo. W. Cox, State Health Officer, should be as free as possible from all physical defects that can be corrected, and protected against other diseases which frequently spread through classrooms.

A complete medical and dental pre-school check-up is of the utmost importance in getting the child ready for school. Eyes, ears, nose, and throat, and teeth should be carefully examined, and all remediable defects corrected or placed under treatment. Such defects can lead to serious impairment of growth and progress academically, socially, and emotionally.

Defects of hearing and vision handicap a child in his class work, and often result in the false im-

pression that he is backward and unable to learn. Such defects can often be corrected, and the child is not only more progressive in his school work, but is happier, better balanced individual as a result of being more socially acceptable. Dental defects should be corrected not only for cosmetic reasons, but because good teeth enable a child to chew his food digestion and bodily nourishment properly and thus promote good health.

In addition to correcting such defects as already exist, young children should be protected by immunization against disease, when possible," Dr. Cox said. "Immunization is safe and dependable, and every child is entitled to this protection against disease."

Mr. and Mrs. V. C. Smart, Jr., and son, Jeff, are visiting in the home of Mrs. Peggy Taylor of Lubbock, this week. Mrs. Taylor is the mother of Mr. Smart.

Mrs. Christine Hurst is visiting her sister, Mrs. Rawleigh Adcock, and friends in Spur. Mrs. Hurst is a former resident of Spur and was employed by the Spur Security bank.

## Texas Voters Expect Truman To Run In 1952, Poll Shows

By John Belden  
Director, The Texas Poll  
AUSTIN, Texas, July 30.—

President Truman isn't saying whether he intends to run for re-election in 1952, but there is growing talk that he might.

A recent nationwide poll by Dr. George Gallup shows a majority of voters have a hunch that the President will run again.

That brings up this question: "Should he run again?" Mr. Truman may be interested to know how a cross section of Texas voters answered this question a few weeks ago. A majority were of the opinion that he should not.

Here is the question, as it was asked by interviewers for The Texas Poll in all parts of the state:

"Do you think Truman should run for President again, or not?"  
Qualified All  
Voters Adults  
Yes 35% 35%  
No 53% 48%  
No opinion 12% 17%

In the 1948 election, Mr. Truman received 66 per cent of the vote in Texas. In traditionally Democratic Texas, this was no surprise. A pre-election survey by The Texas Poll showed 61 per cent of the voters who had made up their minds two weeks before the election were for him.

Notable Texas sections of the adult population were interviewed in both The Texas Poll's 1948 pre-election survey and its most recent survey.

The latest Poll indicates that Texans would like to have the Democrats consider someone else

for President in 1952. But it does not mean that Texans would reject Mr. Truman if he chose to run again. Before Mr. Truman was nominated in 1948, The Texas Poll's surveys indicated a wide cleavage of opinion on whether or not he would make the best standard bearer for the Democrats. After his nomination, however, the Poll consistently showed that he would receive an overwhelming majority of the vote.

## Farm Bureaus Meet For Week's Study

Representatives of Texas Farm Bureaus are attending the first Texas Farm Bureau Institute this week at A. & M. College. Faculty for the week's training program will be composed of persons who have made an outstanding success in particular lines of Farm Bureau work or persons whose training and experience qualify them to make a definite contribution.

Classes will be conducted on Farm Bureau Philosophy, Membership Acquisition and Maintenance, Salesmanship and Public Speaking.

Mr. and Mrs. J. L. Garner were in Austin three days last week attending the Texas Butane Dealers Association convention and the Gas Utilities division meet of the Railroad Commission. They helped formulate new rules and regulations pertaining to the safety of butane equipment. On Wednesday of this week they were in Amarillo taking examinations required by the Railroad Commission in order to have butane dealer licenses renewed.

Mrs. Leonard Wilson was visiting in the home of her mother, Mrs. Hazel Young, last week. Mr. Wilson has been transferred to Hobbs, New Mexico, and they will make their home there.

## Tech Enrolls 2,300 In Summer School

A total of 2,300 students completed registration for the second term of the summer session at Texas Technological college. As compared with the second term enrollment of 1948, which was 2,342, this year's figure does not show a startling drop in the number of students attending college.

The Division of Arts and Sciences leads in enrollment with 719, and Engineering is second with 592. Others are: Business Administration, 328; Graduate, 323; Agriculture, 228; and Home Economics 110.

## Assembly Of God Holds Fellowship

A successful fellowship meeting was reported by J. F. Eads, pastor of the Assembly of God church, this week. The meeting was held July 26 at the church.

The principal morning address was delivered by Bro. Brown, district presbiter and Rev. Baggs of Turkey, Texas, delivered the afternoon message.

Ladies of the church furnished luncheon for the group. An invitation is extended by Bro. Eads to the public to attend services at the Assembly of God church.

PHILLIPS COUNTRY is dotted with lakes and streams to lure the fisherman. Ask any Phillips Dealer... chances are he'll know where the "big ones" are biting in his locality.

YOU'RE INVITED to take a guided tour of America's newest, most modern motor oil plant at Kansas City, Kansas. It's the great new home of Phillips 66 Premium Motor Oil. If you're in the vicinity of Kansas City, call any Phillips 66 Dealer for directions. Guided tours every hour on the hour from nine to five—Monday through Friday.

Wherever you drive, stop for PHILLIPS 66 GASOLINE

'66' Service Station Wholesale Spur, Texas Retail

## F. A. Runkles Named Camp Post Ranger

The Plains Council, Boy Scouts of America, announced today through its president, Dr. F. B. Malone, the employment of Mr. Frank A. Runkles to serve as Camp Post, located 2 1/2 miles southwest of Post, Texas.

Mr. Runkles, better known as "Chief" to the thousands of Boy Scouts over the South Plains, will assume his new duties on July 16. Mr. and Mrs. Runkles and their children, Don, Wayne, Wanda, Delores will live on the Campsite in the Caretakers home.

"Chief Runkles" has had a long Scouting experience. He is an Eagle Scout with Silver Palms, holds the Scoutmaster Key, and has the Silver Beaver Award. He has been Scoutmaster of the American Legion Troop 8 of Lubbock for the past eleven years. His Troops have gained great acclaim for their interpretations of authentic Indian dances and costumes. His Troop 8 has appeared in nearly every community of the South Plains during the past few years with their Indian dances.

Mr. Runkles has been employed by the McIlhenny Dairy in Lubbock as Route Foreman for the last eleven years. The Runkles family are members of the College Avenue Baptist Church.

The Executive Board of the Council has restricted the use of Camp Post for the present time to Boy Scouts and Scouting activities only. Registered units of the Boy Scouts of America may use the Camp at any time. Each troop planning to use the Camp or the Swimming Pool must make reservations with the Council Headquarters Office several days in advance.

The Camp Development program of the Council is well under way. During the past year a new thirty thousand dollar Swimming Pool has been built, water lines have been laid to wells on top of the Cap and electricity and refrigeration have been added. The Boy Scouts of the South Plains are on their way to having one of the finest camps in the entire area.

## Hunting Fishing "Trespass" Law

A new law will go into effect October 5, 1949, which will further protect the privacy of land owners in hunting and fishing regions, according to a release by H. E. Faubion, Assistant Executive of Game, Fish and Oyster Commission.

## Tricot Knit Sharkskin

Here's a pretty-as-can-be beach coat made in exciting new tricot-knit rayon sharkskin. This fabric, made of Avisco rayon, combines crisp appearance with soft draping qualities. Good news, too, is the fact that it won't sag or stretch.

## IRRIGATED FARM FOR SALE

240 acre irrigated farm with new modern 4 room house. 160 acres water rights. 100 acres of growing crops, 70 in cotton. 7000 gal. per min. well with new pump and engine. Unlimited good water. Located 1 mile north of Hobbs, New Mex. Price: \$43,000. Owner will carry \$15,000. Call, see or write Grady Lackey, Texas Spur Office, Spur, Texas. 38-17a

The law, called the "trespass law" makes it unlawful for any person to enter land enclosed by water, rock, brush, canyon or island, for the purpose of fishing or hunting without the consent of the owner. A "posted" or "no hunting" sign is not essential.

The fish or game which have been caught or killed are not necessary for evidence. If proof can be obtained that a person is on the property for the purpose of hunting or fishing, he may be arrested.

Arrests may be made by any peace officer or any State Game Warden. Fines may be assessed for not more than \$200 for the first offense. Hunting licenses are forfeited for a period of one year from the date of his conviction.

Upon a second violation of the new law, the punishment shall be a fine of not less than \$500 nor more than \$1000 and the forfeit-

ture of his hunting license for a period of two years.

## Texas Reports High Rise In Building

AUSTIN, Texas.—Texas building permits issued in June 1949 rose 35 per cent from a year earlier and 33 per cent from the previous month, the University of Texas Bureau of Business Research reported.

After adjustment for seasonal variation, the Bureau's index of building permits showed an 85-per-cent rise from May to 685 per cent of the 1935-39 base period in June. A year ago the index stood at 521.

Permits more than doubled their year-earlier levels in Galveston, Amarillo, Gainesville, Wichita Falls, and Port Arthur. Sharp declines from June 1948

were registered by Kerrville, Edinburg, Kenedy, Marshall, Borger, and Lockhart.

In comparison with the previous month, Galveston, Lockhart, Gainesville, Wichita Falls, Brownsville, McAllen, and Pampa turned in the biggest gains in building permits issued in June 1949.

June permits amounted to \$10,052,335 in Houston; \$8,561,988 in Dallas, \$4,838,490 in Galveston, and \$3,181,377 in San Antonio.

Nonresidential construction showed the largest increase in June, with a 154-per-cent gain over May. Smaller increases were registered for residential construction and additions, alterations, and repairs. Urban building authorized in June by city-size groups indicated that cities in the 25,000-50,000 class recorded the biggest increase over May.

Ready to Tackle the Experts  
A golf professional, hired by a big department store to give golf lessons, was approached by two women. "Do you wish to learn to play golf, madam?" he asked one of them. "Oh, no," she said, "it's my friend here who wants to learn, I learned yesterday."

## Attend Girl Scout Day Camp

Aug. 9, 10, 11, 12, From 7 to 11 A. M.

A cordial invitation is extended to all prospective Girl Scouts and their parents to visit Day Camp on August 11 from 7 to 11 a. m.

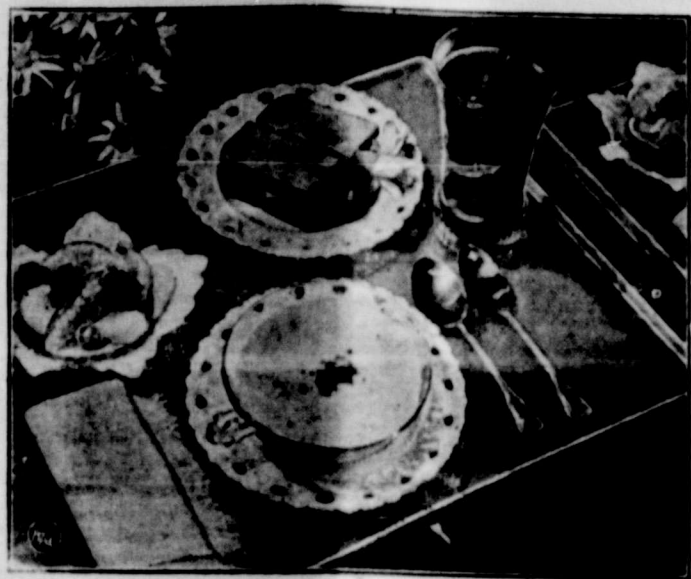

Accept this invitation! Have fun with Girl Scouts!

Play, Sing, Hike, Cook-out - - -

Lots of Fun!

DON'T FORGET TO REGISTER FOR THIS CAMP!

## Summer's Time for Chilled Soups

tempting fare for summer meals, as well as being a smart bit of meal come-on, are soups served ice cold. During the last few years these chilled soups have become popular summer first courses and desserts. They are nourishing and refreshing and may be made so easily.

The cream soups such as celery, chicken, asparagus, green pea or spinach... to name only a few... are good for chilling. Since canned soups are called for, the preparation steps are simple.

To one can of the condensed soup, gradually add one cup of ice water or milk. Mix thoroughly with a spoon or beat with a rotary beater. Let stand one hour in refrigerator to develop the flavor. Garnish with chopped chives.

A quick luncheon menu for impromptu summer entertaining includes a chilled cream soup, toasted sandwiches with cottage cheese filling, a fruit cup and iced tea.

PIGGY WIGGLY

R. J. CHAPMAN, former regional sales manager for Pontiac Motor Division, has been appointed assistant general sales manager, according to L. W. Ward, general sales manager of the division.

Safety in the home is just good home management.

SENATE JOINT RESOLUTION NO. 4 Proposing an amendment to the Constitution of the State of Texas, to amend Section 19 of Article 18, so as to provide that the qualification of an elector to serve as a juror on grand juries and on petit juries shall be denied or suspended on account of conviction of any crime involving moral turpitude...

Accident Rate High In Rural Sections

One resident out of every six farms in this country had an accident involving the day or more lost from regular activities during 1948. Were you one of the injured? Farm people, last year, spent 36 million dollars for medical, dental and hospital care because of injuries and this does not include the cost of accidents to those who were killed, or who suffered permanent disabilities...

when you should be most careful. Don't rush a job—the minute you save may cost much more in time lost if something goes wrong. The most common causes of farm and home accidents are falls, machines, animals, motor vehicles, handling objects, handling hand tools, stepping on or striking against objects, falling and flying objects and burns or shock. It's easy to find plenty of scars in your neighborhood left there by one or more of these causes.

It is suggested that a community-wide project be started to clean up and eliminate these accident hazards. You'll be proud to live in a community that can boast of having no serious farm or home accidents or fires during the year. You and your neighbors can do just that, if every citizen, young

and old, will make it his own responsibility to remove causes and then be careful and thoughtful every minute. This will develop a community attitude that can make your farm and home the safest place on earth.

Exams Given Eligible Drivers

Dickens county motorists may take examinations each Monday at the State Highway Patrolman's office on East Harris in preparation for obtaining drivers license, according to J. I. Whitman, Texas Highway patrolman, stationed at Spur. A written test is required before a person may be eligible to take the driving test.

An innovation in the light pickup and delivery truck is the new, tilting cab, model shown in the picture. Though White is an old-line manufacturer of pneumatic tire carriers, the "3000" series is something new to meet the demands of present day needs. Designed for speed, service and durability, the new truck travels on 9.00x20 General Highway tires.

U. S. Teachers Send Aid To Overseas Colleagues

WASHINGTON—Ten leading teachers from seven war-devastated countries—Austria, China, France, Germany, Japan, The Netherlands and the Philippines—are now studying in American schools, colleges and universities, and will attend teacher's summer conferences in the United States. The visitors are learning of United States advances in education under a program financed by American teachers and conducted by the National Education Association of the United States.

LEGAL NOTICE

SENATE JOINT RESOLUTION NO. 1 Proposing an amendment to Section 2 of Article VI of the Constitution, providing for the election of a poll tax collector in an election requiring the Legislature to pass general registration law for voters, providing for the necessary election, proclamation and publication by the Governor, and making an appropriation.

HOUSE JOINT RESOLUTION NO. 18

Proposing an amendment to the Constitution of the State of Texas by adding a new section to be known as Section 10, authorizing the Legislature to provide for the establishment of county courts, and providing for the necessary election, proclamation and publication by the Governor, and making an appropriation.

HOUSE JOINT RESOLUTION NO. 1

Proposing an Amendment to Section 1 of Article III of the Constitution relating to the election of the Governor and what shall be considered an Amendment to Section 24 of Article III relating to the election of the Governor, and providing for the necessary election, proclamation and publication by the Governor, and making an appropriation.

HOUSE JOINT RESOLUTION NO. 19

Proposing an amendment to the Constitution of the State of Texas authorizing the Governor to appoint and remove judges of the courts, and providing for the necessary election, proclamation and publication by the Governor, and making an appropriation.

HOUSE JOINT RESOLUTION NO. 20

Proposing an Amendment to Article 1 of the Constitution of the State of Texas, providing for the election of a poll tax collector in an election requiring the Legislature to pass general registration law for voters, providing for the necessary election, proclamation and publication by the Governor, and making an appropriation.

HOUSE JOINT RESOLUTION NO. 21

Proposing an Amendment to Article 1 of the Constitution of the State of Texas, providing for the election of a poll tax collector in an election requiring the Legislature to pass general registration law for voters, providing for the necessary election, proclamation and publication by the Governor, and making an appropriation.

HOUSE JOINT RESOLUTION NO. 22

Proposing an Amendment to Article 1 of the Constitution of the State of Texas, providing for the election of a poll tax collector in an election requiring the Legislature to pass general registration law for voters, providing for the necessary election, proclamation and publication by the Governor, and making an appropriation.

HOUSE JOINT RESOLUTION NO. 23

Proposing an Amendment to Article 1 of the Constitution of the State of Texas, providing for the election of a poll tax collector in an election requiring the Legislature to pass general registration law for voters, providing for the necessary election, proclamation and publication by the Governor, and making an appropriation.

Your trip to California in Santa Fe Chair Cars costs less than by automobile...

Even when you divide the cost among two people—the cost is still less per person via Santa Fe chair car. Just add up the cost of driving your car to California—gas, oil, depreciation and night's lodgings (to say nothing of wear and tear on yourself)—and you'll see for yourself!

It's hard to believe (till you figure it out for yourself)

Remember too, you can enjoy famous Fred Harvey meals when you travel Santa Fe.

Table comparing costs of Santa Fe chair cars vs. own car. Includes columns for Round Trip Transportation, Total Cost, and Savings.

And that isn't all! After arriving in Los Angeles, you can travel to San Diego on your round-trip ticket via Santa Fe at no extra cost! Just tell the ticket agent you want it that way.

Save \$30. PER BALE IN COTTON HARVESTING COSTS

With a JOHN DEERE TWO-ROW COTTON HARVESTER

The easiest way to boost your cotton-growing profits is to use a John Deere No. 15 Two-Row Cotton Harvester. Based on 1947 labor cost, it saves \$30 or more per bale over hand pulling... does an excellent job in any crop that's suitable for mechanical stripping.

With the John Deere, you, too, can make short work of your harvest... get all your cotton to the gin before bad weather causes crop losses. For details, see us the next time you're in town.

IT'S HERE IT'S FULLY AUTOMATIC

## Children's Party Treat

A shout goes up from the gathered  
guests. It's a children's party, and  
they've just discovered the dessert—  
Candy Ice Cream Cones!  
Youngsters of any age will love  
the novelty of these Candy Cones.  
Peanut butter and marshmallows  
coat the puffed rice for a crunchy,  
yet easy to eat confection.  
Mother will be delighted by the  
ease of preparation. No tricky candy  
syrup to watch; no long cooking  
period; just melt the marshmallows,  
mix the other ingredients and shape  
in custard cups. She can do this  
long before it's time for the party.  
Then just as she serves the cones,  
she fills them with the children's  
favorite ice cream and sprinkles  
shaved chocolate over the top.  
Candy Cones  
5 cups puffed rice  
1/2 cup margarine or butter  
1/2 cup peanut butter  
1/2 lb. marshmallows (about 32)  
Ice Cream  
Measure puffed rice into a shallow  
pan. Heat in a moderate oven  
(325°) 10 minutes. Four puffed  
rice into a large greased bowl. Melt  
margarine, peanut butter and  
marshmallows in double boiler,  
stirring occasionally. Pour over  
puffed rice, stirring until puffed  
rice is evenly coated. Pack puffed  
rice mixture in bottom and on sides  
of greased custard cups leaving  
center part hollow to make a cone.  
Cool thoroughly. Remove cones from  
custard cups. Fill with ice cream.  
Make 12 cones.

## NOW AVAILABLE Frozen Foods at SAFEWAY

No Stretching! No Hunting around! With these  
new "easy-to-reach-into" cases. Buying frozen  
foods at Safeway is quick and convenient. Here

## Placing the Blame

Mr. Pester—Yes, my love,  
we've lost all our money, but it  
was an act of Providence.  
Mrs. Pester—That excuse  
won't go. It was many acts of im-  
providence.

Every one in the United States  
is affected directly or indirectly  
by accidents to farm residents.  
Organizations having an interest  
in farm life can be greatly affect-  
ed because of the economic upsets  
caused by accidents on the farm.  
The greatest grief and loss result-  
ing from farm accidents, of  
course, is to the farmers them-  
selves.

## NOTICE

Will take care of children
