NUMBER 43

41 Bulldogs Answer First Practice Call

Forty one boys answered Coach Sam Hawkes' first call for football practice last Monday morning, August 15, with a few more due to report before school starts.

The Spur Bulldogs have been working hard daily this week, mainly on fundamentals, and will continue to do so until the season starts September 9 with Haskell.

Coach Hawkes and his assistant, Bill Hahn, are putting the boys through a rigid calisthenics morning session each morning and are working with the boys on blocking, tackling, ball handling, punting and passing, during the evenings. The coach says that Friday morning will possibly be the last morning session because "the boys have stayed in pretty good shape through the summer and are now getting ready fast."

With but three lettermen to start with, the Bulldog coaches are having to do a good bit of rebuilding and experimental work with the boys. Coach Hawkes says that Spur will always be able to put a strong team on the field, and that he expects the Bulldogs to win many games this season. "Our schedule is against us this year," stated Hawkes, "in that all of our out-of-town games take us at least fifty miles away. Long trips are bad on the boys."

At this early point in the training period, the fullback position is still virtually vacant. Dean Watson, 170, Charles Grimland, and William North, 160 are being tried for this position, but no string man has not yet been decided. Other positions in the Bulldog backfield will be filled by Melvin Lindsey, 160, one letterman at quarterback, and Wayne Smith, 130, and Clyde Blair, 137, two year letterman, at half back positions.

Lindsey has played a good bit of football, and will more than likely be the one calling the signals for the Spur team this year. He is a hard runner, but due to a troublesome knee, could possibly be slightly handicapped. He has a good arm for slinging passes and the coaches are now working with Lindsey toward improving his eye for receivers.

Fans will remember that Blair started the season last year at about 125 pounds. He is a bigger boy this year, but has not sacrificed his outstanding speed and shiftness for this extra weight. Much can be expected from this lad this season.

Wayne Smith, the lightest of the backfield crew, is a hard player and is expected to add much to the Bulldog defensive game besides carrying his share of the offensive duties.

Coach Hawkes finds that the center position will be possibly the hardest to fill this year. The boy that he expected to hold this position has not yet been picked for practice. Working at this position at the present are Dean Watson,

170, and Jerry Calvert, 180. Joe King, 165, two year letterman, is possibly the best end in the district and in this section of the state. To round out the trio of lettermen, he will have one of the end positions well filled. His component is yet to be decided upon. Hopefuls for the other end position include Charles Lee, 150, Ronald Comer, 152, Don Hindman, 149, and possibly a couple of the boys now tagged as tackles.

It was stated by the coach that this other end position needs to be filled by a big boy with lots of blocking and defensive ability.

Two large boys are scheduled to start at the guard slots. Vernell McAlpin, 164, and Joe James 180, should be able to care for these positions, with support due from Herbert Roberson, 155, and Troy Smith, 140.

The forward wall will be well fortified at the tackle positions with two hard-hitting and hard-to-move boys with heavy, but somewhat inexperienced help behind them. The starters will more than likely be Dick Gibson, 190, and Wayne Alexander, 200. Their understudies include Jerry Calvert, 180, who by the way, may try the end slot, Mac Driggers, 175, and Freshman Robert Proctor, 165.

Other "A" team backs that should see much service this season are Paul Simmons, 135, and Cracker Ballard, 130.

Smaller and less experienced boys—mostly freshmen who have suited out and will compose the "B" team include:

Bill Hoover, Don Hill, Orville Claude, Bobby George, Jackie Claude, Hershel Wade, Joe Bell, Harley Gene Bingham, Kenneth Watson, Charles Watson, Lawrence Cook, Pat Applegate, Lloyd Womack, Beryl Durham, Toby Collett, Jackson Powell, Joe Dell McCormick, Jimmy Green, Lorell Hairgrove, and Frankie Gabriel.

No games have yet been scheduled for the "B" team, but approximately six will be arranged for the smaller boys at a coming committee meeting. Coach Hawkes said.

Two scrimmages with another school are being arranged and possibly two more will be sought, Hawkes said. The fans and followers of the Bulldogs are welcome to attend practice sessions and scrimmages. Coach Hawkes said, as long as they simply observe and don't attempt to be personal visitors of the coaches or boys.

Abb Smith Awarded Top Place In Roping

Abb Smith was named top roper in Saturday night's contest held at the roping arena south of Spur.

First jackpot in tie-down calf roping went to John F. Moore with 11.2 time. Theodorf Fry was named second best with 24.7. Second jackpot winners were Buck Gannon, 27.6 and Smith, 41.9. Smith was the only roper who caught in the third tie-down, with 19.1 time.

Ribbon ropers who gained top honors at the Saturday event were John F. Moore, 13.6; Smith, 14.5; and Martin Turbyfill, 15.3. Participants in the hat race who placed were Theodorf Fry, 16.5; Smith, 19.3 and Martin Turbyfill, 20.1.

43 Girl Scouts Attend Four Day Camp; Learn Painting, Cooking, Leadership

Forty-three Girl Scouts enrolled for the four day camp held Aug. 9-13 in a local park campsite, according to Miss Margaret Elliott, director of the color guards at the outing.

This record number of girls achieved almost perfect attendance for the daily camping periods, with only illness and family business accounting for minor absences.

Supervised out-of-doors activities, participation in democratic groups, examples of wholesome leadership, and responsibility in aiding with planned routine helped formulate worthwhile ideas and basic principals of scouting in the minds of the attending Scouts.

Daily activities featured such projects as insect cage construction, nature hike planning, collection of tree leaves and out door cookery. Every girl mastered in various degrees of artistry such work as spatter painting, glass decoration, stencil painting, and blueprinting with paints, and each

Spur Schools Roster Announced By Cook

The Spur Schools will open the 1949-50 session on Monday, September 5, Superintendent C. F. Cook has announced.

The roster of teachers for the new term will include most of the former names and also welcome a few newcomers to the staff. These are the teachers and other employees for Spur Schools for the 1949-50 term:

C. F. Cook, Superintendent of Schools; Joe Grimland, High School Principal; Bruce Brewning, East Ward Principal; W. T. McDaniel, Jr. High School Principal; Dean Duffie, East Ward Assistant Principal; Walter Labay, Agriculture; Mrs. Evelyn Holly, home making; Melvin King, band for all schools.

Alva Brannen, High School science; Mrs. Joe Grimland, freshman and sophomore English; Rena Noack, junior and senior English; Ila Johnson, High School history; Sam T. Hawkes, coach; Mrs. Walter Labay, High School commercial subjects; James W. Jay, High School math.

Dorothy Taylor, Junior High speech; Willie Hampton, Junior High history; Billy Hahn, assistant coach and math; Margaret Elliott, Junior High English; Mrs. John Albin, Junior High English; Mrs. Homer Marcy, first grade; Eula Whitaker, first grade; Mrs. Bruce Browning, first grade; Mrs. Reese McNeill, second grade; Doris Moore, second grade; Inez Hamilton, second grade; Mrs. J. W. Waggoner, third grade; Mrs. Willis Jernigan, third grade; Mrs. Dean Duffie, third grade.

Mrs. A. M. Walker, fourth grade; Mrs. Edith Durham, fourth grade; Ruth Harwell, fifth grade; Ethel McArthur, sixth grade; Faye Middlebrook, sixth grade.

Colored School, J. W. Kerr, Principal and teacher of the sixth through the twelfth grades and Mrs. J. W. Kerr, teacher of grades one through six.

Care takers of the buildings and grounds will be J. I. (Uncle Jack) Mecon, Junior High School; A. C. George, High School; J. P. Simmons, East Ward; and J. C. Pennington, East Ward.

Bus drivers for the fall term will be Bus No. 1, Ike Simmons, Highway Community; Bus No. 2, A. C. George, same route as last year; Bus No. 3, Garner Young, same route as last year; Bus No. 4, no driver yet, Duck Creek, Wilson Draw; Bus No. 5, no driver yet, Espuela community; Bus No. 6, Jimmy Hudson, Red Mud, Peaceful Hill; and Gannon's Bus, Pete Gannon, Dry Lake community.

Mobile T. B. X-Ray Unit To Offer Free Test

The State Department of Public Health is putting on a state wide campaign to wipe out tuberculosis. In order to locate the disease in

First Baptist Will Host Local Rally

The First Baptist Church of Spur will entertain the members of the Floyd Baptist Association, Dickens Baptist Association and part of Stone-Walk-Kent Association, August 31 in a "Grow With Your Church" rally.

In 81 mass meetings, Texas Baptists leaders will blanket the state between August 22 and September 2 to explain the denominational education, hospitalization and evangelization program and the need for a ten-million-dollar budget next year.

From three to five "Grow With Your Church" rallies, as the meetings are called are to be held in each of the 17 denominational districts in the state. Baptist churches in about two-thirds of the districts will participate in the rallies from August 22 to 26, the others will meet August 29 to September 2.

Teams of eight are conducting the one-day meetings. The team which will be at the First Baptist Church for the local rally will be composed of Dr. Floyd B. Chaffin, team captain; Rev. T. Hollis Epton, speaker; Rev. M. B. Carroll, Sunday School; Rev. E. E. Powley, Training Union; S. A. Lynch, Brotherhood; Mrs. J. I. Gregory, W. M. U.; Mrs. A. E. Cook, hostess.

A ten-million-dollar budget for the coming year, beginning in November, was recently adopted by the executive board of the Baptist General Convention of Texas. Half of this amount was designated for worldwide causes; the other half, for state causes. The budget will go before the general convention at El Paso in November.

The convention operates nine colleges and universities, one academy, and six hospitals in Texas. There are over 3,000 Baptist churches in the state.

Everyone is invited to attend the sessions of the local "Grow With Your Church" rally and deacons, budget committees and leaders of other church organizations are urged to attend.

HARVEY HOLLY WINS CITY GOLF TOURNAMENT

Harvey Holly won out over Fred Kinney with two up on 18 holes in the City Golf Tournament.

Public Hearing Set For County Budget

A public hearing on the budget of Dickens county will be held Friday, Aug. 19, at 2 p. m., according to A. C. Sharp, County Judge.

The hearing will be in the commissioners' court room in Dickens. The budget which will be used by Dickens county during 1950 will be adopted at the meeting, said Sharp.

IN APPRECIATION

Dr. W. K. Callan as president of the Executive Board of the Spur Girl Scout Council wishes to express the appreciation of the Board Members to each adult who helped with the Girl Scout Day Camp. This was a wholesome, worthwhile, work done for girls and took a lot of time and efforts of many people. The four days of volunteer service given by troop leaders could not have been accomplished this tremendous success had the parents not helped them. The Board also wishes to thank Messrs. J. L. Garner, Fred Kinney, Ned Hogan, Wade Gilbert, Lawley Lee, J. Frank Graham and assistants Mrs. Raul English and Mrs. Grady Lackey, and any others who loaned materials, and helped prepare the grounds and location for the camp site. Representing parents and other citizens of Spur, this Board says, "Our hats are off to you and Scouting"

Studying World Bank at First Hand

In three years the International Bank for Reconstruction and Development, one of U.N.'s Specialized Agencies, has received hundreds of visitors, but few have shown more interest in the Bank's operations than a group of 22 students from eleven countries which recently visited the Bank. Here with Bank's President Eugene R. Black, are (left to right) Suzanne Vanuser of France; Jirina Hradilova of Czechoslovakia; and Aavo Kempinen of Finland. They studied in the U. S. on American Field Service scholarships.

Mobile T. B. X-Ray Unit To Offer Free Test

unsuspecting persons, in its early stages, the Department of Health is offering mass x-ray service to all persons 15 years or older at no cost to the individual.

According to Guy B. Karr, County Chairman of this service, the x-ray unit will be in Spur to serve the entire county on September 16, 17, 19, and 20. It is hoped that every adult in Dickens County will learn of this and take advantage of the service. There is no discrimination in race, creed, or color and 100% participation is the goal.

It is known that tuberculosis is not hereditary, and it is known that persons who think they are in perfect health may have it. For that reason, they are interested in x-raying apparently healthy individuals. The x-ray findings are confidential and results will only be divulged to the family physician which each individual will designate on his registration card.

In addition, Mr. Karr says that plans have been definitely set up, covering the entire county, to put on a vigorous campaign to acquaint the people of Dickens County of the importance of this service, and to inform and assist the people in availing themselves of this opportunity.

To assist Mr. Karr, the following committees have been selected and will plunge into their respective duties just as quickly as a meeting of all committees can be called:

Co-Chairman for county, Mrs. Larry Boothe, Spur; Jake Vornell, Dickens; Dan McRay, Afton; E. E. Lumsten, McAdoo; and Boy Hand, Dumont; publicity committee, J. D. McCain, chairman, Fred Kinney, Grady Lackey and V. C. Smart, Social clerical assistance committee, Mrs. G. W. Grimes, chairman, and American Legion Auxiliary.

Hostess committee, Mrs. V. C. Smart, Jr., chairman, and L. H. Hennessey, location committee, Ned Hogan, chairman, Fike Godfrey and Fred Scott; house to house campaign committee, V. C. Smart, Jr., chairman, Leon Reagan, Mrs. Raul English and Mrs. Bob Blackshear; ministerial alliance committee, Melvin Rathel, chairman, Willis G. Jernigan, Cal Wright, Lee Vaughn and J. S. McCauley; Telephone committee, Mrs. O. L. Kelley, chairman, Mrs. Clyde Bingham and Mrs. Fred Kinney; mailing committee, W. F. Patrick, chairman, L. P. Hamilton and W. K. Callan; transportation committee, C. F. Cook, chairman, George Gabriel, Mrs. Neal Chastain and Norton Barrett; loading committee, Pete Kizer, chairman, Floyd Bell, C. E. Ballard and Darwin Callahan.

The local campaign is being sponsored by the American Legion Auxiliary of Spur.

Band Students Will Meet With King

Melvin M. King, new band director of Spur Schools, would like to meet all Spur School band students at 10 o'clock, Monday morning, August 22, at the High School band hall.

Band will be taught in all three schools this year, beginning with the fourth grade in East Ward, according to Superintendent C. F. Cook.

Mr. and Mrs. H. G. Lackey, Sr. are visiting in Spur this week.

Old Settlers Reunion Program Announced

(Editor's Note—This letter was written by C. C. Haile, President of the Motley-Dickens County Old Settlers Association to the old settlers wherever they may be as an invitation to the 29th annual reunion at Roaring Springs, August 25 and 26.)

The date for our annual get-together is drawing near, and we will be looking for you in Roaring Springs with a smile on the 25th and 26th. We will have many of our old timers from a distance coming back to meet friends and relatives. You may be the one some of them want to see.

Our program will open at 10 a. m. with a grand parade with John Russell of Matador and Marvin Green of Roaring Springs in charge as parade committee men.

Everyone will assemble under the pavilion at 11 o'clock for our memorial service. Rev. J. J. Terry of Farwell, Texas, will conduct the memorial service. He is a former resident of Motley County and a former pastor of the First Baptist Church at Dickens.

The program for the afternoon will begin at 2 o'clock. An address by Dickens County Judge A. C. Sharp, musical numbers and readings are only a few of the attractions for the program. We think we have a very fine program planned. It consists entirely of Dickens County talent of which we are quite proud.

The free rodeo will also begin at 2 o'clock Thursday afternoon and will continue through the evening. The Rose City Show and Carnival will be with us throughout the entire week.

Entertainment for Friday, August 26, second day of the celebration, will include a coll show in the morning with Link Wilson and W. E. Hurlburt in charge. Social greetings will be exchanged at the pavilion.

After lunch the Motley County program will be presented by Elbert Reeves, and we are sure he will present some good entertainers. Be there and don't miss either day's program for you will miss a good show which is free to all.

There will be dancing each evening for the entertainment of all. There will be two dances, one for the old settlers and another for the young people. A string band will provide music for the old settlers while a modern swing band has been engaged to play for the young folks.

I hope to meet you there, for I know you don't want to miss it.

Your president,
(Signed) C. C. Haile

All-Time Record Crop Expected In County

Dickens county's record cotton crop may be harvested this fall from approximately 94,000 acres of growing cotton, stated county agent Charles Taylor on Tuesday of this week.

Less than one half of the 35,000 bales expected will be processed in local gins. "Cotton, as it looks now, should average one third to one half bale per acre," said Taylor.

Cotton acreage in the county last year was approximately 45,000 acres, which produced a yield of 16,000 bales. This year's total acreage is more than double that amount.

The only obstacles which farmers fear are hail damage and infestation from boll worms. So far, damage from hail has been negligible, except in a few areas over the county, said Taylor. Some farmers are anxiously awaiting the passage of September, declaring it a "hail" month. Minor infestations of boll worms have been reported, but no overall damage has been caused.

Machinery repairs and construction are under way in gins throughout the county, to enable them to care for possibly the largest crop ever harvested in Dickens county.

No reports have been made of opening cotton, stated Taylor, but picking will probably begin in mid-September and continue until late December. An ample supply of harvest hands is indicated for this area, he added. They show partiality toward the South Plains irrigated crops, and usually migrate in that direction.

Rainfall which was general over Dickens county during the past two weeks has assured a bumper yield to dry land cotton and feed farmers whose crops were beginning to show "burned" spots.

Fall of moisture in Spur was gauged at 2.48 inches by C. E. Bishop, agronomist with the State experiment station here, after a two day series of hard rains last week. 1.67 inches of the total fell Thursday in a 40-minute deluge, causing flooded streets and stalled cars.

Owls Slam Truscott 5-3 In Sunday Tilt

Dickens' Owls chalked up a 5-3 win Sunday afternoon when they matched the Truscott team at Koozin park in the capital city.

Batteries for the Owls included Lloyd Martin, Sam Houchin and Harry Martin. Houchin tripled in the sixth inning for the longest hit of the game, aided in collecting Dickens' eight hits to Truscott's seven.

Batteries for the losing club were Clifton Orr and N. Myers. The Owls will meet the Paducah Blue Sox on Aug. 19 for a night game in Paducah. This will be the first game of a three-game tilt in the Greenbelt League. The two teams will clash at Dickens on Aug. 21 in a return match.

All Stars of the Greenbelt League will play the all stars of the Cap Rock League at 8:30 p. m., Aug. 16, in Paducah. Players from Dickens who were chosen to participate were Sam Houchin, pitcher; Harry Martin, catcher; Kenneth Street, first base; Lloyd Holly, second base; Foy Jackson, third base and Joe Simpson, short

Rev. J. J. Terry of Farwell, Texas, who will conduct the memorial service at the Motley-Dickens County Old Settlers reunion, Thursday morning, August 25.

Old Settlers Rodeo Events Announced

The Old Settlers Rodeo will be one of the main features of the 29th celebration of the Motley-Dickens County Old Settlers annual reunion next week. A big parade will open the program on Thursday, August 25. The rodeo will begin each afternoon at 2 o'clock and continue in the evening.

A coll show at 8 a. m. will open the events for the second day of the celebration. There is no entrance fee for this event.

At 9 o'clock a reining contest of two and three year olds will be held, with an entrance fee of \$2. An open cutting contest at 10 a. m. Friday with an entrance fee of \$3 will complete the rodeo events for the morning.

Mr. and Mrs. C. H. Sprayberry visited in Fort Worth, Grand Saline, and Haskell last week.

\$139.38 Collected At Palace Theatre For Polio Fund

The Palace Theatre announced Wednesday morning August 17, that the Texas Theatres Polio Fund has reached \$139.38.

Collection, which have been taken during intermissions by the Spur Lions Club, will be continued through Thursday of this week.

The fund is an emergency measure designed to cope now with the polio epidemic which has been spreading throughout Texas for the past month.

The state has one-fourth of all polio cases in the United States. From January 1 through July 26, Texas alone stricken totaled 1,123.

The 1949 outbreak is reported by national health authorities to be worse than the 1948 outbreak. The approximately 25,000 victims last year had equaled in number the all-time previous high—in the year 1916.

"Texas Takes Care of Its Own" is the slogan of the Texas Theatres Polio Fund.

The statewide committee planning and directing the campaign is headed by L. M. Rice, Dallas attorney.

Persons wishing to contribute may do so at the audience collections or make checks payable to the Texas Theatres Polio Fund and mail them direct to the committee headquarters, 801 Mercantile Bank Building, Dallas, Texas.

NEW ARRIVAL

Mr. and Mrs. M. B. (Thos) Sprabery are announcing the birth of a son, Michael Brian, on Aug. 10, 1949. The baby weighed 8 pounds, and was born in a Crosbyton hospital.

A daughter weighing 7 pounds 2 ounces was born to Mr. and Mrs. John L. Anderson on Aug. 12.

Mr. and Mrs. Gussie Meadows are the parents of a daughter born Aug. 12. She weighed 6 pounds 6 ounces.

A son weighing 8 pounds 4 ounces was born Aug. 16 to Mr. and Mrs. John T. Mammel.

Mr. and Mrs. G. D. Day are parents of a son, Marshall Ray, born Aug. 11.

Mr. and Mrs. B. D. Bingham announce the birth of a son on Aug. 7. The baby weighed 7 pounds and 2 ounces and was named Allen Ray.

A son, Daryl Wayne, was born Aug. 2 to Mr. and Mrs. Sheryl Pope, of Ashland, Oregon. The baby's maternal great-grandmother is Mrs. J. P. Robinson of that city, and a great uncle is Pike Robinson of Spur.

Mr. and Mrs. Virgie Barrett of Foreman Chapel community accompanied their daughter, Doris, to Fort Worth Friday where she entered Draughon's Business college. They drove on to Grand Saline to visit Mr. and Mrs. Tom Prather, sister and brother-in-law of Mrs. Barrett.

Duck Creek Soil Conservation District News Notes

O. M. McGinty, Chairman J. B. Montgomery, Secretary
Bill Wright Clark Forbis, Chas. Witt

Farms in the Duck Creek Soil Conservation District that were adequately protected made good use of recent rains even though they fell hard and rapidly.

Cooperator C. H. Bronson, who last winter constructed level ridge type terraces on his land as the beginning of the establishment of a conservation program, last week watched the field absorb almost all of a three-inch rain. No water spilled over the terraces and it ran around only one of them. Bronson saw a contrasting picture on the farm to the north of him. It was unprotected and almost all of the rain was lost by runoff. Much soil was also lost as evidenced by new gullies in the field and silt in the road ditch.

Two systems of level ridge type terraces, which total 11.7 miles, are nearing completion on E. C. McGee's farm in Wilson Draw group. The systems are designed to protect approximately 200 acres.

End fills are now being made that will knock the extra water into a pasture from one system. The terraces in the other system open into a well vegetated drainage way.

Mrs. Tom McArthur, in Morrison group, is making preparations for seeding 40 acres of unprotected land back to grass this fall. Last week she drilled the field in seed which is to provide cover for the seeding.

Three grain drills have been bought by the district for cooperators to use in seeding their cover crops this fall. The drills are equipped with fertilizer attachments so the application of super phosphate can be made at the time of seeding. Plans for routing this equipment will be announced after the next meeting Thursday, August 19.

Five and six row crops, such as vetch and rye, are to be planted in September, preparations for covering seed and phosphorus should be made now.

Abbott & Costello Chalk Up A Big Hit In "Africa Screams"

(Joint Biography)

With the opening of Nassour Studios' laugh film, "Africa Screams," at the Palace Theatre next Sunday-Monday through United Artists release, interest is aroused for the seventeenth time in that remarkable team of comics, Abbott and Costello, who have already worked together in 23 highly successful pictures.

Bud Abbott was born in a Barnum and Bailey circus tent in Asbury Park, New Jersey, his father being an advance man and his mother a bareback rider. He left school at fifteen to become a sailor. Then he became a box-office cashier in a burlesque theatre, and from that beginning emerged as a full-fledged burlesque comic.

Lou Costello was born in Patterson, N. J. After high school, where he went in for sports, he took to prizefighting for a while. His next job was as a clerk in a hat store and by dint of hard work and determination he accumulated \$200 savings. At that point, according to Lou's own story, he bought the best automobile he could find for \$100 and set out for Hollywood to be a movie actor. He was eventually hired by Metro-Goldwyn-Mayer, as a member of that studio's labor gang.

Later, he became a Hollywood stunt man. Doubling in a picture for Dolores Del Rio, he was ordered to jump from the second story window of a burning building. He landed eventually in a hospital bed. When he got well, he went into burlesque. That's where he met Bud Abbott, and the team began.

Seven years later, Bud and Lou were seen by an agent who recommended them to Kate Smith for her radio program. That was a turning point for them. They simply wowed the radio audience with belly laughs. The agent who introduced them to Kate Smith is now the team's business manager, agent, and good friend and severest critic.

From the Kate Smith show, the pair went into a Broadway musical called "Streets of Paris," in which another obscure newcomer became a star. She was Carmen Miranda.

After this the boys were signed by Universal Pictures for a film called "One Night in The Tropics." They clicked so big with this that they've really never had to worry again.

Both comedians are family men. Abbott has been married thirty years. He and his wife have an adopted son and daughter. Costello has been married sixteen years and he and his wife have three daughters.

The boys' joint hits include "Mexican Hayride," "The Noose Hangs High," "Naughty Nineties," "Abbott and Costello in Hollywood," "Rio Rita" and "Buck Privates"—which will give you some idea!

In "Africa Screams," Abbott and Costello are supported by such ace performers as Frank "Being-Em-Back-Alive" Buck, Clyde Beatty, the famous circus performer and animal trainer. Max and Buddy Baer, of prize-fighting fame, and willowy Hillary Brooke, the lovely blonde who plays the one feminine role.

HOUSE JOINT RESOLUTION NO. 11

Proposing an Amendment to the Constitution of Texas by adding to Article XVI thereof a new Section 10, to read: "All and sundry the Legislature to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the several counties of this State; provided that the retirement benefits by counties shall be voluntary, and authorized by the voters of such county, and providing that administration of said system may be committed to the same body set up to administer the municipal retirement system authorized under Section 11 of Article III.

SECTION 10. BY THE LEGISLATURE OF THE STATE OF TEXAS.

Section 10 of Article XVI of the Constitution of the State of Texas, to be amended by adding thereto a new Section, to be numbered Section 10, which shall read as follows:

Section 10. The Legislature shall have the authority to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the counties of this State; provided that such system shall be voluntary, and authorized by the voters of such county, and providing that administration of said system may be committed to the same body set up to administer the municipal retirement system authorized under Section 11 of Article III.

Section 11. The following Constitutional Amendment shall be submitted to the qualified electors for members of the Legislature at an election to be held throughout this State on the second Tuesday in October, 1949, and if approved by a majority of the qualified voters of this State, the same shall take effect on the first day of January, 1950.

Section 12. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have authority to call for the election to be held throughout this State on the second Tuesday in October, 1949, and if approved by a majority of the qualified voters of this State, the same shall take effect on the first day of January, 1950.

Section 13. The sum of Five Thousand Dollars (\$5,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such proclamation, notice and election.

Through A Glass Darkly

The professor was absentminded, as all professors are said to be, but one thing he did vaguely remember was that he had to get his wife a preserving jar. He walked into a shop and saw some displayed upside-down on a shelf. He touched the top absently and exclaimed:

"Useless. Quite useless; the thing has no mouth."

Then he picked it up and looked at the other end.

"Ridiculous. Quite ridiculous," he murmured. "The thing has no bottom, either."

Pat Humeicut, Jayton, was a visitor in the home of Jane and Charlene Simpson last week.

Poll Shows Shorts Okey At Home, Taboo Elsewhere

By Joe Belden
Director, The Texas Poll

AUSTIN, Texas, August 13—During one of those over-a-hundred days this summer, haven't you said to yourself, "Now, why don't I just wear my shorts down to the grocery store?"

If you are like the majority of us conservative Texans, however, you answered yourself with, "But what will people think?"

What people think about scanty clothing, what the professors call social pressure, is actually what keeps you covered up, even in the middle of a scorching summer. Large majorities oppose either men or women wearing shorts for grocery shopping. That is what a Texas Poll conducted over the entire state indicates.

Now, in the semi-privacy of your own yard you can wear shorts and expect criticism from only a minority of the neighbors.

Men, the survey shows, are more in favor of women wearing shorts than the women themselves are. But ask the men about

males wearing shorts, and large numbers of those who approved for women tell you they disapprove for themselves. As a farmer near Garrison told the Texas Poll interviewer, "Only in the house with the shades pulled down."

As you will notice, from the figures below, nearly everyone expressed an opinion, which indicates definite public feeling on the matter. Listen to some of the overtones of public opinion, as reported by the interviewers:

"Anything for comfort at home, but spare the public."—Nacogdoches school teacher.

"It's all right for other women, but not my wife."—Rancher near Aspermont.

"If my wife wants to get rid of me, just let her put them things on."—Bryan truck driver.

"For women, it's all right; but men have such ugly legs they should keep covered at all times."—Corsicana housewife.

"The majority of women are not endowed by nature to wear shorts in public."—Laredo housewife.

"Only if they are young and have good figures."—Dallas business man.

The questions asked in the poll, with the answers given by men and women tabulated separately, are as follows:

1. "Do you personally think it is all right, or not, for women to wear shorts while working in the yard?"

	Men	Women
All right	71%	62%
Not all right	28	35
No opinion	1	3
	100%	100%

2. "Do you personally think it is all right, or not, for women to wear shorts while shopping in the grocery store?"

	Men	Women
All right	23%	20%
Not all right	76	87
No opinion	1	3
	100%	100%

3. "Would you say it is all right, or not, for men to wear shorts while working in the yard?"

	Men	Women
All right	60%	55%
Not all right	38	42
No opinion	2	3
	100%	100%

4. "Would you say it is all right, or not, for men to wear shorts while shopping in the grocery store?"

	Men	Women
All right	17%	10%
Not all right	82	86
No opinion	1	4
	100%	100%

When baskets or other objects have handles, carry them with the weight resting against the hip and bind in the opposite direction to balance. The weight is then transferred to the large bones and muscles of the legs, instead of your back.

The Red Rustproof group of oats are most widely grown and most widely adapted of the oats produced in Texas.

There is real danger in raising chickens and turkeys on the same ground. Diseases fairly mild in chickens are often extremely serious in turkeys.

Orchard keeping is a lot like housekeeping. Both require work but a clean orderly house or orchard is a source of pride to the family.

Mr. and Mrs. J. H. Clay spent last week in Graham visiting their children.

COOL

Of course - it's Electric!

LADIES... is your kitchen a "Turkish Bath"? The kitchen in many an otherwise modern home is often turned into a regular "steam-bath" by the use of old-fashioned cooking stoves. However, many housewives are finding these hot August days that Electric Cooking makes their kitchen work cooler, easier, faster, and cleaner.

And when it comes to that important item of economy, the cost of Electric Cooking is amazingly small, considering the marvelous conveniences and the extra leisure time it brings.

Stop in at the West Texas Utilities Company... see a demonstration of modern electric ranges. Ask questions, look them over thoroughly... then you, too, will prefer electric cooking.

West Texas Utilities Company

Look what you get for less than many Sixes!

Come see this Stunning New Buick SPECIAL—big in room, big in valve-in-head straight-8 power, easy to manage in size and price

Yes, we know it looks like a lot more money. That stunning new front end—those graceful, tapering fenders—those bigger interiors and high-visibility windows add up to a car you'd expect to wear a pretty fancy price tag.

But come in and see for yourself how right we were when we said this new beauty was priced right down your alley.

Come try the comfort-patterned seats, handle this easily managed wheel, lift the hood and see the bonnet-filling valve-in-head straight-eight power plant you command, measure the shorter bumper-to-bumper length.

Then do a little hard-boiled matching-up of price tags. In particular—compare this beauty with the sixes—and ask yourself why you should pay for straight-eight power and not get it.

You have, remember, three smart body types to choose from—the tidy, three-passenger Coupe shown here, a neat 2-door, six-passenger Sedan and a smart 4-door Sedan with the roomiest interiors ever found in a Buick SPECIAL.

They're going fast, as you might expect. Getting a firm order in is a smart move just to insure early delivery.

How about dropping in—the first minute you can?

TEN-STRIKE! Only Buick SPECIAL has all these Features!

Traffic-Handy Size • More Room for the Money • Dynaflex Drive optional at extra cost • Jet-Line Styling • Non-Locking Bumper-Guard Grilles • High-Pressure Fireball Straight-Eight Engine • Coil Springing all around • Low-Pressure Tires on Safety-Ride Rims • Greater Visibility fore and aft • Self-Locking Luggage Lids • Steady-Riding Torque-Tube Drive • Three Smart Models with Body by Fisher

When better automobiles are built BUICK will build them

THE AMERICAN WAY

LEGAL NOTICE

SENATE JOINT RESOLUTION NO. 4
Proposing an amendment to Article II of the Constitution of the State of Texas, authorizing the Legislature to provide for the creation and establishment of rural fire prevention districts.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be, and the same is, hereby amended by adding to said Article a new section, to be known and designated as Section 43-d, reading as follows:

Sec. 43-d. The Legislature shall have the power to provide for the establishment and creation of rural fire prevention districts and to authorize a tax on the ad valorem property situated in said districts not to exceed Three (3) Cents on the One Hundred (\$100.00) Dollars valuation for the support thereof; provided that no tax shall be levied in support of said districts until approved by vote of the people residing therein.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electorate of the state at an election to be held on the second Tuesday in November, 1949, at which election all bills passed and printed thereon are in effect on the voting machines, the said machines shall provide the following:

FOR the Constitutional Amendment authorizing the Legislature to provide for the creation and establishment of rural fire prevention districts; and

AGAINST the Constitutional Amendment authorizing the Legislature to provide for the creation and establishment of rural fire prevention districts.

Each voter shall mark out one of said choices on the ballot, leaving the one expressing his vote on the proposed amendment; and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this state.

Sec. 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of the state not otherwise appropriated, to pay the expenses of such publication and election.

Autumn is a danger season for swine erysipelas in turkeys.

One of the best starting feeds for baby pigs is rolled oats.

Cotton Fires Play Havoc In Storage

Cotton farmers, ginners, warehousemen and others who handle cotton are warned that unless effective fire prevention measures are exercised, unusually losses may be expected in the 1949-50 season.

Prospects of a big plus carryover of an estimated 3,650,000 bales, (more than double that on hand Aug. 1, 1947), indicate that processing, handling and storage facilities may be strained. In such cases where it is necessary to speed up the various operations, likelihood of fires is increased.

A large number of cotton fires originate in the cotton field, during the hauling of cotton to the gin, or at the gin itself.

Metals, rocks and matches in seed cotton, and careless smoking near cotton, are major causes of cotton fires. Sparks may be caused by metals and rocks striking machinery during the ginning process or a flame may result when a match is struck in the same manner. Lint, thus ignited, may smoulder and be packed unnoticed into the finished bale. Such fire-packed bales cause four out of five warehouse fires.

Some cotton fires are believed to have been started by exhaust sparks, either from tractor, truck or gin engines. This hazard has been pointed out particularly in cases where tractors are used to pull trailer loads of seed cotton to the gin.

Texas Needs More State Improvement Says Press Speaker

Immediate enactment of a program providing a tax revenue from natural resources to assure future stabilization of the State's economy by investing in permanent improvements, such as rural roads, soil and water conservation, State hospitals and public buildings, is the pressing need in Texas today. This recommendation came from Gilbert Smith, former President of the Texas County Judges and Commissioners and now Executive Director of the Texas Rural Roads Association, speaking in Brownwood recently before the 19th annual convention of the West Texas Press Association.

In sounding a warning, Smith said: "The day is inexorably coming when the natural resources of this State will be exhausted, as oil and natural gas are being drained off to other sections of the country in such a rapid fashion that within 25 years Texas will be a great blighted area." He urged action to stabilize this condition before it was too late.

"As our natural resources are depleted," the Director of the Texas Rural Roads Association said, "the State will have to rely more and more upon its agricultural economy, and certainly no one can disagree that rural roads are the arteries feeding our agricultural economy."

"The State Highway Department has been doing a splendid job in building one of the finest highway systems in the country," Judge Smith declared. "But it is now time to bring the rural roads of this State up to par and that to take Texas out of the mud, we must balance the scales between the highway and the rural roads programs."

"The Texas Rural Roads Association, following a meeting of the Board of Directors in June, recommended a plan embodying the sound business premise, that natural resources, Texas' greatest capital assets, should leave capital gains to the State in the form of permanent improvements, as they are drained away," Smith said. "These should include soil and water conservation, rural roads and such public and institutional buildings as the Legislature finds necessary."

"The exhaustion of major fuels is depriving us of a very important source of raw materials for industry, besides paralyzing our future economy and menacing our national security," he warned.

Excitement has been running high at Roy's Ranch ever since it was learned that Roy Rogers, the famous screen cowboy, would appear in person at the Boy's Ranch Annual Rodeo, September 4th. Dale Evans, Roy's leading lady on the screen and his wife off the screen, will accompany him and appear at the Rodeo.

Both Dale and Roy said that they would be more than happy to come to Amarillo for this big event, and are insisting on paying their own expenses. They are donating their transportation, expenses, and their time.

Because Roy's famous horse, Trigger, is on location, he will not appear with Roy. But Roy and Dale will be the feature attractions at the Rodeo. This year, all the boys at the Ranch are going to participate, even the little fellows. The youngest ones will try their hand at calf riding on some small yearling calves.

The older boys will participate in bronc and steer riding, trick-roping and trick riding, ribbon roping, and many other events. From the looks of the number of entries and the number of events, the Rodeo this year will be the biggest and best yet.

The date of the Boy's Rodeo is September 4th, and it will be held at the Tri-State Fair Grounds in Amarillo. There will be two performances—one in the afternoon and one in the evening. And Roy Rogers and Dale Evans will appear in both of them.

Tickets are on sale now for both performances. The entire proceeds of the rodeo will go to Boy's Ranch. Prize money will be given to the winners of the different events, and Rogers has offered to donate some boots and metal figures of Trigger as additional prizes.

Roy Rogers To Visit Boys Ranch Rodeo

Excitement has been running high at Roy's Ranch ever since it was learned that Roy Rogers, the famous screen cowboy, would appear in person at the Boy's Ranch Annual Rodeo, September 4th. Dale Evans, Roy's leading lady on the screen and his wife off the screen, will accompany him and appear at the Rodeo.

State Fair To Show "Living" Exhibits

Gone will be the old-fashioned museum-like jars and seeds and prize ears of corn so long a fixture of state fairs, when the living Agriculture show of the 1949 State Fair of Texas opens to the public, Oct. 8-23.

The dirt farmer of Texas will achieve a large measure of glamor in the fresh, alive and majestic stalks of corn and billowing sheaves of wheat which will be shown growing with their roots in actual soil, under typical farm conditions brought indoors.

There will be more actual growing plants exhibited at the Fair this year than at any fair anywhere before, according to the Fair's Agriculture chairman. Visitors who have never seen rice or peanuts, for example, except in a bowl of cereal or a can of bar, will get a chance to see them as they grow in the field.

A fabulous exhibit of more than 40 varieties of Texas grass alone is worth a trip to the Fair, says the official. The Texas Forest Service is setting up a tall, living pine tree; and a dazzling exhibit of roses by Tyler growers will probably be the Fair's most colorful display.

Displays by West Texas groups will portray the importance of this vast agricultural region in the economy of the state. The miracle of irrigation in the "shallow water" section of the area will be demonstrated.

Polio Count Drops; County Has No Cases

A slight drop in the number of new polio cases in Texas was shown this week, and it is hoped that the peak of the epidemic in this state has been reached.

No cases of poliomyelitis have been reported in Dickens county the past year, and if individual cleanup campaigns and machine spraying of the city are continued, there should be no immediate danger from the disease.

The Dickens County Chapter, National Foundation of Infantile Paralysis, which is headed by W. F. Godfrey, committee chairman, stands ready to help those persons who might be in need of national aid. Other members of the chapter are Jerry Ensey, vice chairman; F. F. Vernon, treasurer; and Spencer Campbell, secretary.

The local group is directly connected with the National Foundation, and applications for Foundation aid should be made through this committee. Half the money raised each year in the local

March of Dimes campaign is kept in a county fund, and half is given to the National Foundation, according to Ensey, 1948 drive chairman.

Eligible families for National aid are those whose moderate incomes cannot stand high costs of modern care for this expensive disease. The help is a gift—not a loan. While families that can pay are expected to do so, no family is expected to impoverish itself to meet medical expenses of polio. Each case is decided upon individual medical and financial needs, and assistance is given regardless of age, race, creed, or color, said Ensey.

Funeral Rites Read For Afton Youth

Services for Carney Willard Roberts, 14, of Afton, were read at 4 p. m., Aug. 15, 1949, in the Afton Baptist church with Rev. A. P. Stokes officiating, assisted by E. J. Keith.

Young Roberts was killed Aug. 14 in a tractor mishap at Afton.

He was born July 13, 1935, in Dickens county where he had resided since with his parents.

Pall bearers were Bill Vickery, Jim Galloway, Jack Lawson, F. L. Byers, Alford Norris and Jim Offield. Honorary pall bearers were J. W. Vickery, Leroy Carrothers, Kenneth Young and Stanley Browner.

Immediate survivors include his parents, Mr. and Mrs. Carney Roberts, and a sister, Sidney Carol, of Afton; and grandparents, Mr. and Mrs. L. C. Roberts, Afton and Mrs. V. W. Stephenson, Afton.

Interment was in Afton cemetery with Chandler Funeral home of Spur in charge of arrangements.

Services Held For Mrs. Cleo Johnson

Funeral services for Mrs. Cleo Johnson, 51, of Pampa, were conducted at 2 p. m., Aug. 16, 1949, in the Spur Church of Christ with C. V. Allen officiating.

Mrs. Johnson was killed Aug. 13 in an automobile accident. She was born Sept. 20, 1898, in Falls county, Texas, the daughter of Mr. and Mrs. M. W. Chapman. She married Dewey Johnson on March 21, 1920, in Spur, and they have resided in Pampa for the past few years.

Pall bearers were Jack Rector, Lawie Lee, O. L. Kelley, E. S.

Dickens 4-H Boys Attend Encampment

Seven Dickens County 4-H Club boys along with two adults attended The District 4-H club boys encampment at Perkins Reservation near Wichita Falls on August 6-10.

Those attending were Red Dunlap, Robert Forbis and Clayton Perry from Afton; Coy Dale Overstreet from Dickens; Neal Hindman, George McAteer, and Jimmie McAteer from Spur. These boys were accompanied by D. C. McAteer and Chas. A. Taylor.

Wild life conservation along with the theme of the camp. All boys participated in sports and rifle shooting. About 200 boys and adults attended from 20 counties in District 3.

Al Chapman Speaks To Rotary Group

O. M. McGinty presided at regular Rotary club session Aug. 12, in absence of president George S. Link Jr.

E. S. Lee, chairman for the day, presented District Judge Alton B. Chapman to the group. Chapman reported on the high-lights of Rotary International convention held in New York recently.

Rotarians and their Anns are planning a social for Aug. 25, announced O. C. Arthur, reporter.

Services Held For Mrs. Cleo Johnson

Funeral services for Mrs. Cleo Johnson, 51, of Pampa, were conducted at 2 p. m., Aug. 16, 1949, in the Spur Church of Christ with C. V. Allen officiating.

Mrs. Johnson was killed Aug. 13 in an automobile accident. She was born Sept. 20, 1898, in Falls county, Texas, the daughter of Mr. and Mrs. M. W. Chapman. She married Dewey Johnson on March 21, 1920, in Spur, and they have resided in Pampa for the past few years.

Pall bearers were Jack Rector, Lawie Lee, O. L. Kelley, E. S.

Lee, Coy, Dobson, and H. D. R. Lift

Survivors include one son, Billie D.; her mother, Mrs. May Chapman; eight brothers, Wilford and E. E. Chapman, Pampa; Alton B. Chapman, Florida; W. B. Chapman, Amarillo; Joe, Mathas, Sam and Garland Chapman, all of Oakland, Calif.; and two sisters, Mrs. W. E. Moore, Eastland, and Mrs. E. H. Ousley, Pampa.

Interment was in Spur cemetery with Campbell Funeral chapel in charge of arrangements.

Legion, Auxiliary To Install Officers

The joint installation ceremonies for the American Legion, Williams-Puckett Post 161, and the Legion Auxiliary will be held at 8 p. m., Monday, August 22 in the Legion Hall, Joe Jeffers, director, announced today.

The installation services had to be postponed because of the heavy rainstorm last Thursday, August 11, when they had been slated. All members are urged to be present.

Hospital News

Mrs. L. L. Baker of Lubbock has been critically ill, but was reported resting better early this week. She is the daughter of Jeff Smith, Spur.

Roy Smith, Dickens, entered the Nichols hospital a few days ago suffering from a fall; he is the son of Conley Smith.

J. L. Latham's small daughter entered the hospital this week for surgical treatment. Her tongue was cut in a fall.

Mrs. C. A. Browning is reported to be doing nicely after undergoing surgery.

Jane Ann Albin, daughter of Mr. and Mrs. Ferrell Albin, recently underwent an operation for appendicitis. She has returned to her home in good condition.

Mrs. Sam T. Battles has been critically ill, but was able to return to her home recently.

Mrs. Murray Lee, who was a medical patient, returned to her home a few days ago much improved.

Mrs. J. C. Keen, member of the hospital staff, has been ill the past week, but is doing better at this time.

Arthur Lee Comptre, Abilene, is a medical patient, and is reported in good condition now.

Miss Helen Patton, daughter of Mr. and Mrs. W. J. Harris, underwent surgery Wednesday morning.

Mr. and Mrs. Jim Koonsman and children have returned from Raton, N. M. where they attended horse races. They also visited Eagle Nest Lake before returning.

Mr. and Mrs. Walter G. Johnson spent last week in Guymon, Okla. visiting in the home of Mr. and Mrs. B. J. Whitener.

Humble To Spend \$18 Million On Line

HOUSTON—An \$18 million pipe line from West Texas to the Gulf Coast will be started by Humble Pipe Line Company toward the end of 1949 and completed around the middle of 1950. The new line will be of 18-inch pipe, extending 375 miles in a direct route from Kemper in Reagan County to Satsuma, 20 miles north of Houston, where it will connect with Humble's existing lines to Baytown. It is being built to provide a more economical transportation system for Humble from West Texas. Upon completion of the new line, Humble plans to take up a part of its old system from West Texas to Baytown by way of West Central Texas which has a capacity of 50,000 barrels per day. No changes are contemplated in Humble's other line from West Texas with a capacity of 70,000 barrels per day to Corpus Christi.

The new line will have an initial capacity of 95,000 barrels per day with one intermediate station between Kemper and Satsuma. The capacity can be increased to 120,000 barrels per day by the addition of a second intermediate station.

The direct route to be followed by the new line from Kemper to Satsuma will pass through sixteen counties: Reagan, Crockett, Schleicher, Menard, Kimble, Gillespie, Mason, Blanco, Hayes, Travis, Bastrop, Lee, Fayette, Austin, Waller, and Harris.

Two sailors went into a boxing arena where \$50 was being offered to anyone standing up to the professional pug for three rounds. One of the sailors volunteered to enter, with his companion as his second. At the end of two rounds the sailor was badly bruised and bleeding and very declined to continue the bout.

"Don't be silly," said his pal. "He hasn't laid a finger on you yet."

"Well, watch the referee then," the bruiser batted, said gloomily, "because I'm catching it from someone."

LEGAL NOTICE

HOUSE JOINT RESOLUTION NO. 14
Proposing an Amendment to Article III of the Constitution of the State of Texas authorizing the Legislature of the State of Texas to provide for the establishment and creation of judicial districts for the purpose of providing for the election of judges and justices of the peace.

RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: That Article III of the Constitution of the State of Texas be and the same is hereby amended by adding to said Article the following sections, to-wit:

Section 1. That the Legislature shall have the authority to provide by law for the establishment and creation of judicial districts in the counties of this State, subject to such conditions as the Legislature may fix by law, and that the same shall be in full force and effect from and after the date of the publication of this resolution in the official gazette of the State of Texas.

Section 2. That the Legislature shall have the authority to provide by law for the election of judges and justices of the peace in the judicial districts created by the Legislature, and that the same shall be in full force and effect from and after the date of the publication of this resolution in the official gazette of the State of Texas.

Section 3. That the Legislature shall have the authority to provide by law for the election of judges and justices of the peace in the judicial districts created by the Legislature, and that the same shall be in full force and effect from and after the date of the publication of this resolution in the official gazette of the State of Texas.

Section 4. That the Legislature shall have the authority to provide by law for the election of judges and justices of the peace in the judicial districts created by the Legislature, and that the same shall be in full force and effect from and after the date of the publication of this resolution in the official gazette of the State of Texas.

LEGAL NOTICE:

SENATE JOINT RESOLUTION NO. 4
Proposing an amendment to the Constitution of the State of Texas, by amending Section 19 of Article 14, so as to provide that the qualification of no person to serve as a juror on grand jury and on petit jury shall be denied or abridged on account of race, color or creed, and making an appropriation for the purpose of providing that existing provisions of the Constitution shall be construed in conformity herewith, providing for the submission of this amendment to a vote of the people of Texas, providing the time, means and manner thereof, and making an appropriation for the purpose of providing for the submission of this amendment to a vote of the people of Texas, providing the time, means and manner thereof.

Section 19. The Legislature shall prescribe by law the qualification of grand and petit jurors, provided that the qualification of no person for service on grand jury or on petit jury shall be denied or abridged on account of race, color or creed.

Section 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held on the second Tuesday in November, 1949, at which time all ballots shall be printed thereon.

Section 3. For the amendment to the State Constitution qualifying women as grand and petit jurors.

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Section 4. The Legislature shall have the authority to provide by law for the election of grand and petit jurors, and that the same shall be in full force and effect from and after the date of the publication of this resolution in the official gazette of the State of Texas.

SENATE JOINT RESOLUTION NO. 14
Proposing an amendment to Article V of the Constitution of the State of Texas, by amending Section 1 of Article V of the Constitution of the State of Texas, so as to provide for the election of judges and justices of the peace in the judicial districts created by the Legislature, and that the same shall be in full force and effect from and after the date of the publication of this resolution in the official gazette of the State of Texas.

Section 1. That the Legislature shall have the authority to provide by law for the election of judges and justices of the peace in the judicial districts created by the Legislature, and that the same shall be in full force and effect from and after the date of the publication of this resolution in the official gazette of the State of Texas.

Section 2. That the Legislature shall have the authority to provide by law for the election of judges and justices of the peace in the judicial districts created by the Legislature, and that the same shall be in full force and effect from and after the date of the publication of this resolution in the official gazette of the State of Texas.

Section 3. That the Legislature shall have the authority to provide by law for the election of judges and justices of the peace in the judicial districts created by the Legislature, and that the same shall be in full force and effect from and after the date of the publication of this resolution in the official gazette of the State of Texas.

Section 4. That the Legislature shall have the authority to provide by law for the election of judges and justices of the peace in the judicial districts created by the Legislature, and that the same shall be in full force and effect from and after the date of the publication of this resolution in the official gazette of the State of Texas.

SENATE JOINT RESOLUTION NO. 22
Proposing an amendment to Article V of the Constitution of the State of Texas, by amending Section 1 of Article V of the Constitution of the State of Texas, so as to provide for the election of judges and justices of the peace in the judicial districts created by the Legislature, and that the same shall be in full force and effect from and after the date of the publication of this resolution in the official gazette of the State of Texas.

Section 1. That the Legislature shall have the authority to provide by law for the election of judges and justices of the peace in the judicial districts created by the Legislature, and that the same shall be in full force and effect from and after the date of the publication of this resolution in the official gazette of the State of Texas.

Section 2. That the Legislature shall have the authority to provide by law for the election of judges and justices of the peace in the judicial districts created by the Legislature, and that the same shall be in full force and effect from and after the date of the publication of this resolution in the official gazette of the State of Texas.

Section 3. That the Legislature shall have the authority to provide by law for the election of judges and justices of the peace in the judicial districts created by the Legislature, and that the same shall be in full force and effect from and after the date of the publication of this resolution in the official gazette of the State of Texas.

Section 4. That the Legislature shall have the authority to provide by law for the election of judges and justices of the peace in the judicial districts created by the Legislature, and that the same shall be in full force and effect from and after the date of the publication of this resolution in the official gazette of the State of Texas.

W. D. York Honored On 91st Birthday

W. D. (Uncle Bill) York was honored on his ninety first birthday Sunday, July 31, with a picnic lunch in the local park.

J. L. Pritchard, evangelist of Carlisbad, N. M., will conduct services each evening at 8:15. A cordial invitation is extended everyone to attend.

WMS Circle Topic "One Plus God"

"One Plus God" was the subject for the circle program of the Eloise Cauthen Circle of the First Baptist WMS, Tuesday morning, August 15.

The group met at the home of Mrs. Leon Huff for the meeting, with Mrs. C. P. Scudder as program chairman.

Mrs. Marsh Hosts Lockett Circle

Mrs. J. A. Marsh was hostess to the members of the Lockett Circle of the First Baptist WMS at its regular meeting Monday morning, August 15.

Social Security Office Has New Manager

John G. Hutton assumed duties last week as manager of the Lubbock Social Security office, replacing Elliott W. Adams, who was recently transferred to Waco, Texas.

Midway Church To Hold Gospel Meeting

The Church of Christ at Midway announces that a gospel meeting will begin Aug. 19 and continue through Aug. 28.

Teacher Attends Reading School

Mrs. J. R. McNeill left Sunday, August 14, for Alpine, Texas, where she will attend a week's conference on the teaching of reading.

Mrs. McNeill is a teacher in the Spur Public Schools. She was accompanied by her daughter, Virginia, and Miss Creola Reiter.

Mrs. Marsh Hosts Lockett Circle

Mrs. J. A. Marsh was hostess to the members of the Lockett Circle of the First Baptist WMS at its regular meeting Monday morning, August 15.

Mrs. Henry Gruben brought the devotional for the morning program. The theme of the program was missions.

Members attending were Mmes. E. R. Smith, L. C. Ponder, E. J. Bilberry, Henry Gruben, Gay Williams, and the hostess, J. A. Marsh.

Probably So

He wore a long tailed coat, a frock tie and a stiff hat that marked him as a small town aristocrat of the old school.

George, what would you think if I gave you 50 cents for this shine?"

George answered right up: "Ah would think you wanted forty cents change, sub."

Like a Bargain Sale A young couple asked the parson to marry them immediately following the Sunday morning service.

Reveler—Good Lord! Must have smoked the door key! The top four industries in the United States in terms of capital investments are agriculture, railroads, public utilities and petroleum.

IRRIGATED FARM FOR SALE

240 acre irrigated farm with new modern 4 room house. 160 acres water rights. 100 acres of growing crops, 70 in cotton.

Eastland County To Hold Annual Affair Former residents of Eastland county are invited to attend an annual reunion on Aug. 28, Mackenzie park in Lubbock.

Carol Caudle Feted On Fifth Birthday

Mrs. Edge Caudle honored her daughter, Carol Anne, with a party on her fifth birthday, Tuesday, August 16.

A number of outdoor games were played by the young guests. Toy racers were favored for the boys and canary bird whistles were favored for the girls.

Refreshments of birthday cake and lime sherbert punch were served, carrying out a color scheme of yellow and green.

Those attending were Sharon Kinney, Ann Godfrey, Judy Jones, Marilyn Hagins, Susan Shugart, Pattie Patrick, Lilla Jo Griffin, Carla Rye, Linda Morrison, Kathy Hurst, Barbara Walker of Lubbock, Tony Arnold, Pat Huff, Jerry Williams, Don Patrick, Sonny Foreman, Ricky Ball, Ricky Emery, Boyd Smith, Robert Winstead, Lanny Foster, Sammie and Danny Caudle, and the honoree, Carol Anne Caudle.

Mmes. George Winstead, Sonny Huff, W. F. Patrick, Al Foreman, Wilburn Ball, Fred Kinney, J. R. Hill and the hostess, Edge Caudle.

Personal

Weekend guests in the Sam McLaughlin home were Mr. and Mrs. L. G. Dane and daughters, Lubbock; Mr. and Mrs. Robert S. McLaughlin and children and Mr. and Mrs. Joe Hill and daughter, Munday.

Guests present were: J. A. Ramey, Lubbock; Mr. and Mrs. C. A. Johnson and children, silverton; Mr. and Mrs. George Hicks and son, Temple; Morris Hicks, Sundown; Mr. and Mrs. George L. Dubble and children, Strathmore, Calif.; Reese and Sybil Formby, Bakersfield, Calif.; Wallace and Bertha Formby, Bernalillo, N. M.; Fay and Mildred Slough, Dickens; and Mr. and Mrs. John Bakely and daughter, Warren Formby and the hostess, all of Spur.

Thank you We have recently moved into our new home made available by the American Red Cross. Our other home was completely destroyed by the tornado and we want to thank all the people who gave their time and effort toward helping rebuild and refurbish our new residence.

Mr. and Mrs. Glenn Latham and family Springs Baptists To Hold Singing Meet The regular third Sunday afternoon singing will be held at the Flag Springs Baptist church in Roaring Springs on Aug. 21.

A revival is now in progress at the church, and a dinner will be served Sunday before the singing. Rev. Willie E. Lee of Arps, Texas, is conducting services, and a hearty welcome is extended to everyone to attend.

Mr. and Mrs. Floyd Langford and children, Abilene, visited last week at the home of his mother, Mrs. C. W. Fincher, Girard.

Guests in the home of Dr. and Mrs. J. F. Hughes this week are Kirk Henry and daughter, Helen, of Athens, Alabama, and Mr. and Mrs. W. A. Ennis and children, Harriet and Diana, of Dallas.

Mr. and Mrs. Bill James recently vacationed in Dallas, Van, Houston and Austin. Accompanied by her mother, Mrs. Bill Simpson, they visited last weekend in Girard at the C. W. Fincher home.

Lujan Fincher, Forth Worth, is a guest this week in the Bill Simpson home.

Mr. and Mrs. Marshall Cox of Van, Texas were recent guests in the home of her parents, Mr. and Mrs. C. W. Fincher, Girard.

Gussie Dean Fincher, Girard, attended the coaches' school in Sterling City last week. He was chosen to participate in a basketball game there on Friday afternoon.

Mrs. C. P. Scudder left Tuesday for Midland to be with her mother who is critically ill.

Mrs. Hazel Boothe and daughters, Margie and Melba Campbell, visited the Carlsbad Caverns and other interesting places in New Mexico last week.

Mr. and Mrs. O. Formby was guest of honor at a birthday dinner on Aug. 7 in the home of Sue Formby, Spur.

A Tribute to AA

Fourteen years ago a country doctor, whose career was being wrecked through heavy drinking, found a way out of his "Lost Weekend" through the help of a New York broker, a fellow sufferer who had cured himself through service to others.

Each AA means less work for doctors, hospitals, welfare agencies and even the police. Said the Chicago Sun-Times, in a recent editorial, calls "one of the most remarkable jobs of our generation."

In this fourteen year period, AA has done what the Chicago Sun-Times, in a recent editorial, calls "one of the most remarkable jobs of our generation."

It points out that the rehabilitation of problem drinkers by AA members, each of whom are on call night or day to go to the aid of a victim, is of inestimable value.

Each AA means less work for doctors, hospitals, welfare agencies and even the police. Said the Chicago Sun-Times, in a recent editorial, calls "one of the most remarkable jobs of our generation."

It points out that the rehabilitation of problem drinkers by AA members, each of whom are on call night or day to go to the aid of a victim, is of inestimable value.

Society-Club News

Young Co. Settlers To Hold Reunion

The annual reunion of settlers of Young county, who now live in Lubbock and adjoining counties, will be held Aug. 28 in Mackenzie park, Lubbock.

Participants are requested to bring a basket dinner.

Gift Tea Honors John Sharps

Mr. and Mrs. John P. Sharp were honored on their thirtieth wedding anniversary with a surprise gift tea in their home Sunday afternoon, August 7, from 3 to 6 o'clock, at Dickens.

Guests were greeted by Bill Sharp and Mrs. Bob Crockett, children of the honored couple to whom they were presented.

Mrs. Dick Dempsey presided at the guest book and aided Miss Alice Crockett in showing the many lovely gifts.

Red flowers and red satin ribbon were a contrast with the white linen cloth which covered the serving table. The red sherbert punch was poured by Mrs. James Sharp. Mrs. F. B. Crockett and Mrs. A. C. Sharp assisted with the serving. Cookies and mints in crystal serving dishes completed the table arrangements.

Others in the house party were

Bagby Circle Has Stewardship Study

The Bagby Circle of the First Baptist Church WMS met at the home of Mrs. Hattie Turvan and Mrs. W. B. Francis, Sr., Monday morning, August 15.

Mrs. W. S. Patrick taught a lesson on stewardship for the group as the program for the morning.

Refreshments were served to Mmes. T. J. Seale, Roscoe McComb, Myrtle Whitwell, John Hazelwood, G. B. Morris, Sr., W. S. Patrick and the hostesses, Hattie Turvan and W. B. Francis, Sr.

Fertilizer can be stored on the farm without loss from deterioration. Keep it dry and off the floor. When storing, place boards under the bags. This will permit the air to circulate around the bags and will help take care of the necessary ventilation.

BACK TO WORK

By George Peck
An American returning to his homeland after an
absence of twenty or twenty-five years would
wonder what in the world had happened to the in-
dustrious people whom he had left behind. He would
be saddened at the spectacle of millions of Amer-
icans demanding and getting more pay and giving
in return work, less in quantity and inferior in
quality.

The present situation brings back to mind a motto
which I saw some years ago on the office wall of a
business executive. It read:
"I AM A GREAT BELIEVER IN LUCK; I FIND
THAT THE HARDER I WORK, THE MORE I
SEEM TO HAVE OF IT."

A few days after reading this brief essay on luck
and work, I was the week-end guest of a friend at
his shooting lodge. There above the immense fire-
place extending across the end of the livingroom
was a motto. It seemed to go hand in hand with
the motto I had seen a few days before. It read: "HE
WHO CHOPS HIS OWN WOOD GETS WARMED
TWICE."

Those two mottos, it seems to me, most tersely
and eloquently describe the America that was, an
America that we must revive and take it once again
a land where men work and take pride in doing
their jobs well.

It used to be the American concept that the man
who worked a little harder and a little better de-
served a larger reward than his less industrious and
less skillful fellow-worker. Until recently no one
in this country had ever thought of denying to that
better worker his right to a larger compensation.
It was the competitive spirit between Americans,
whether they were workers or bosses, which was
largely responsible for making America the most
prosperous country the world has ever known, with
the highest standard of living for all classes.

In recent years, sad to relate, certain individuals
and groups have been trying to upset this American
scheme of things which justly rewards individual
effort, initiative, ability and thrift. They would
have us abandon our right to pursue individual op-
portunity as it presents itself, or as we seek it out;
they would deny to the individual the right to share
in the profits of his own personal accomplishments.
They demand that we set up here in America a
different system under which there would be no in-
centive for the individual to work and to create.

For lack of a better name we call this great A-
merican system "Free Enterprise." Under it, for
over a century and a half, as a nation and as in-
dividuals we made great progress. If we cast out this
system our forward progress will cease, decay, will
set in, and we will lose our place at the head of the
parade of nations. Defeat of Hitler and Hirohito
will have availed us naught and the billions of dol-
lars we are now spending abroad to head off Com-
munism will be wasted, if we lose at home those
things for which our armed forces fought so val-
iantly and successfully in World War II, and which
our dollars now fight for overseas.

Let us, therefore, turn deaf ears to the defamers
of our American System of Free Competitive En-
terprise. There is nothing fundamentally wrong with
this system. True, there are some individuals who
abuse it, but for one hundred and fifty years we
were gradually eliminating those abuses. Let us
resume with that refining process to make the best
economic system ever devised in all the history of
mankind work even better.

Let's have done with something-for-nothing
schemes; let's quit looking for a daily visit from
Santa Claus, instead of his time-honored annual
pilgrimage. Let's recognize again the old truth
that "HE WHO CHOPS HIS OWN WOOD GETS
WARMED TWICE." Let's get back to work. Hard
work brought us luck in the past and hard work
will bring us even better luck in the future.

HEALTH NOTES

AUSTIN, TEXAS, August 18.—
Tooth decay or dental caries is a
destructive, progressive disease of
the teeth. A large part of a tooth
may be destroyed by decay with
little evidence of decay on the
surface, says Dr. Geo. W. Cox,
State Health Officer. Surveys of
large groups of preschool children
reveal that 50% of them have
decayed teeth at three years of
age, 75% at four years of age, and
90% at five years of age. Six out
of ten children age 4 and 5 have
as many as seven or more cavities.

Decay begins most frequently in
the small pits and fissures on the
chewing surfaces and at the points
of contact between the teeth. Pits
and fissures with structural flaws
should be filled at once to pre-
vent decay.

Dr. Cox said, "Dental examina-
tion and care should begin with
the three year old child, and per-
iodic examinations and necessary
care should follow thereafter, as
often as the dentist advises. The
first or baby teeth should be kept
in a healthy condition until it is
time for them to be lost."

"X-rays aid the dentist in find-
ing hidden cavities, especially
those between the teeth. Many
of these beginning cavities are
located in areas where they can-
not be found in any other way.
X-ray pictures are also useful in
finding other conditions that re-
quire immediate attention such as
abscesses, impacted teeth, broken
roots, bone destruction due to
pyorrhea, extra teeth and other
information that is important in
treatment of the case."

"With periodic dental examina-
tion and adequate dental care for
each child, beginning at three
years of age, the great majority
of the children will reach adult-
hood with good dental health."

1948. The harvest is underway
in South Texas and production
for the state is likely to be above
average.

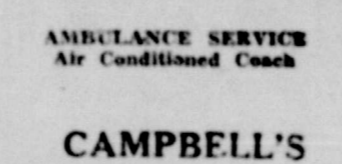

Texas corn and grain sorghum
crops should be above average
this year even with the decrease
in acreage. Weather conditions
have been favorable and the corn
crop looks especially good.

Now, what does this all mean to
Texas farm and ranch operators?
It means that supplies of most
farm products have accumulated
to the point that reduction in ac-
resages planted may be desirable.
The era of surpluses has defini-
tely returned.

Any reduction of land devoted
to cash crops offers an opportu-
nity for a shift to the production
of livestock and livestock products.
This adjustment of farming opera-
tions toward more livestock may
prove profitable, and permit bet-
ter conservation of land resources.
For the period just ahead the
demand for meat, milk, and eggs
should be stronger than for most
crops.

At present prices and
those probable for the next few
months, the efficient livestock and
poultry producers should be able
to make good profits.

Much Better
"I'm proud to say I'm a self-
made man."
"You're lucky. I'm the revised
work of a wife and three
daughters."

LEGAL NOTICE

HOUSE JOINT RESOLUTION NO. 1
Proposing an Amendment to Section 5 of
Article III of the Constitution relating
to sessions of the Legislature and what
may be considered thereat and an Amend-
ment to Section 24 of Article III relating
to compensation of Members of the Leg-
islature, specifying the time when the
Amendment shall take effect if ratified;
and providing for the submission of the
proposed Amendment to a vote of the
people.

SECTION 1. That Section 24 of Article III
of the State Constitution be amended to
read as follows:
"Sec. 24. Members of the State Senate
and House of Representatives shall receive
from the State Treasury an annual salary
of Three Thousand Six Hundred Dollars
(\$3600), to be paid in monthly installments
of the first of each month.
"They shall also be entitled to mileage
in going to the seat of government for
each session of the Legislature and re-
turning therefrom, which mileage shall
be equal to Two Dollars and Fifty cents
(\$2.50) for every twenty-five (25) miles,
the distance to be computed by the nearest
and most direct route of travel from a
table of distances to each county seat pre-
pared by the State Comptroller."

SECTION 2. That Section 5 of Article III of
the Constitution be amended to read as
follows:
"Sec. 5. Two (2) regular sessions of each
Legislature shall be held; and until other-
wise provided by law, the time of the con-
vening of the first regular session shall be
at noon on the second Tuesday in Novem-
ber of each odd-numbered year, and of the
second regular session, at noon on the
second Tuesday in January of each even-
numbered year.
"At other times, when called by the Gov-
ernor, the Legislature shall convene in
special session."
"Appropriations for monthly recurring
expenses and salaries paid by the State
shall be made for a period of not more
than twelve (12) months."
"At the second regular session of each
Legislature, only proposals to amend the
Constitution and to make appropriations
for the monthly recurring expenses and
salaries and such other measures only as
may be determined by a vote of the
House may determine shall be considered."

SECTION 3. The Amendments proposed herein,
if ratified by the people, shall become
effective January first, A. D. 1950.
"Sec. 4. The foregoing Constitutional
Amendments shall be submitted to a vote
of the qualified voters of this State at a
General Election to be held throughout
this State on the second Tuesday in Novem-
ber, 1949, same being November 8, 1949,
if ratified by the people, shall have the
same force and effect as if they had been
printed thereon."
"FOR THE Constitutional Amendments
relative to sessions of the Legislature
and to compensation of its members."
"Each voter shall express his vote on the
proposed Amendment in the manner pro-
vided by law."
"Sec. 5. The Governor of this State shall
issue the necessary proclamation for such
election and shall have same published as
required by the Constitution and laws of
the State."

No Worry to Him
The vacuum cleaner salesman,
who had an appointment, found
the housewife unable to keep it.
He suggested the following day:
"That's my busy day," she said.
"If you call then you will find me
in a whirligig."
"That won't worry me, ma-
dame," he said. "My last cus-
tomer was in a kimono."

Most Popular Automotive Models

These four girls were picked by a vote of photographic and art studios as
Detroit's favorite models for automobile promotions. They are, left to right,
Elaine Lynch, Ardis Kennedy, Margaret Girardin and Bette Adams, shown at
a lakeside picnic ground near the Motor City with a 1949 Chevrolet convertible.

Tech Conducts New Cotton Research

A research project to be con-
ducted at Texas Tech on the na-
ture and adaptability of cotton
fiber has been approved by the
Cotton Research committee of
Texas. Purpose of the project is
to find a way to produce cotton
fabric as rapidly as synthetics are
produced by the new Tricot knit-
ter.

The Tricot constitutes a genuine
threat to the cotton industry, says
John Leahy, director of the com-
mittee, because it can weave
synthetic fabrics 300 times faster
than cotton fabrics can be loom-
ed.

The position of research associ-
ate was set up by the committee
for Tech with salary of \$5,000.
An appropriation of \$37,120 was
acknowledged for salaries and
maintenance. A donation of \$9-

000 will cover the purchase of a
cotton baling press and a comb
for irrigation produced long
staple cotton.
Texas A & M and Texas Uni-
versity are to conduct studies of
cottonseed and cotton marketing,
respectively.
Herbert Kieke, laboratory super-
intendent at Tech for the cot-
ton Research committee will aid
in the project.

Fat Calves Produce Choice Beef
Now is the time to start getting
that milk pen calf ready for the
locker plant this fall. You want
tender, juicy and tasty beef in
your locker box and you can have
it if the calf you butcher is fat.
A thin animal with no external
fat usually produces meat that is
dry, tough and stringy but a fat
calf furnishes the kind of meat
that we all like to eat. There is
fat mixed with the lean muscles
and that is what makes a juicy
steak or roast.
The calf that will weigh about
500 pounds on foot and is fat is
ideal. It will dress out about 270
pounds—135 pounds to the side—

and this doesn't include the heart, lungs and
hide. The fat on the carcass is
what makes the difference between
a good and a poor piece of beef.
Harvest Forecast Good For State
Right now farmers of Texas and
the nation have prospects for a
big harvest. The overall pro-
duction could be the second larg-
est in history. For the nation,
last year holds the record, but
Texas farmers, in 1948, did not
approach their record productions
for wheat, cotton and some feed
crops.
The 1949 Texas wheat crop was
the second largest, and cotton
production—per acre—could set
a new record. There is an 18
percent increase in cotton acreage
over last year in the state.
The acreage of peanuts in Tex-
as is down about 21 percent from

Transmissible gastroenteritis—which causes scouring, vomiting, and heavy death losses—has become one of the nation's most costly baby pig diseases, according to the American Veterinary Medical Association.

HELPS CHICKS
Fewer cases of coccidiosis will develop if feeders are moved to a new spot every day while poultry flocks are on range, veterinarians advise. Keeping feeders

in the same place all the time allows coccidiosis parasites to become established in large numbers, thereby increasing the bird's chances for infection.
Sows should gain from 75 to 100 lbs. and gilts from 90 to 125 lbs. during the gestation period.
Cows fed thyroid-stimulating drugs to increase milk production will lose weight unless given extra amounts of grain.

Drop In Farm Forestry Prices Reported By U. N. Agency

WASHINGTON—A drop in the wholesale prices of farm, forestry, and fisheries products in relation to the general wholesale price level around the world during 1948-49, was reported here by the Food and Agriculture Organization of the United Nations (FAO) in the July issue of its Monthly Bulletin of Statistics.
This decline, FAO reports, was particularly noticeable in the last months of 1948 and the early months of 1949 in such countries as Hungary, Finland and France, where inflation held full sway in the early postwar years.

\$380,000 In Awards For 4-H'ers With Highest Records

Forty-five business concerns and private citizens are offering \$380,000 in 4-H incentives this year through the National Committee on Boys and Girls Club Work, according to G. I. Noble, director.
This amount will be presented to 4-H boys and girls who have outstanding records of accomplishment in the 28 agricultural and home economics programs arranged by the National Committee and supervised by the Cooperative Extension Service. Awards range from county medals to college scholarships. Some 1,800,000 members in 89,990 4-H Clubs from 46 states—plus Alaska, Hawaii and Puerto Rico—may take part in the activities.
Climaxing the year's events is the National Club Congress to be held in Chicago, November 27 to December 1. An estimated 1,500 members, accompanied by leaders and other 4-H workers, will attend and receive well-earned recognition.
Nearly 150,000 county medals valued at \$100,000 are offered to the ambitious 4-H'ers. State and sectional awards, which include trips to the Chicago Congress, U. S. savings bonds and gold watches, amount to over \$180,000. National winners announced at the Congress are eligible to receive scholarships totalling \$40,000. In addition, there are cash prizes and

Foreman's Chapel Revival To Begin

Rev. M. J. Morton, pastor of Foreman's Chapel Methodist Church, announces that revival services will begin at that church on Sunday, August 28, and continue through Sunday, September 4.

The preacher for this series of services will be Rev. J. H. Crawford, district superintendent of the Stamford District of the Methodist Church. The public is invited to attend and share in all of these services. Services will be held twice daily.

Many cases of nutritional deficiency in livestock are caused not by failure of owners to provide adequate rations, but by the animal's failure to make proper use of its feed.

ENGINEERING CHANGES in Ford trucks during the past 18 months are keeping pace with the demand for greater measures of flexibility, performance and economy, J. D. Ball, manager, truck and fleet sales department, Ford Division, has announced. Above is the Series F-3 Ford stake truck which has a wheelbase of 122 inches and a gross vehicle weight rating of 6,800 pounds.

Readjustment Payments Explained By Veterans Board

A big question running around in the minds of some of the 350,000 Texas World War II veterans right now is "What happened to my readjustment allowance payments after July 25, 1949?" They ask themselves this question because at one time or another they have heard from various sources that the 52-20 Club is no more. This is not true in all instances.
According to the Texas Employment Commission, which entered into an agreement with the Veterans' Administration to administer the RA provisions of Title V of the G. I. Bill of Rights (Readjustment Allowance Act of 1944), some veterans will probably be drawing allowances up to as far as 1955 or even later, depending upon when the veteran is discharged from the armed forces and whether he enlisted or re-enlisted under the Voluntary Recruitment Act of 1945.

Public Law 239, as passed by the Eightieth Congress, substituted the date of July 25, 1947 for the words "termination of the war" as they appear in Title V of the G. I. Bill. This is where the date of July 25, 1949 comes in.
Let's take the case of the veteran who was discharged on or before July 25, 1947. This veteran will not be eligible to receive "52-20" pay for any week commencing later than July 25, 1949. Under the present system of filing claims (bi-weekly basis) this would mean that the veteran would not be eligible for any payment for any claim filed after August 8, 1949.
Now let's take the case of the veteran who is discharged after July 25, 1947.
Veterans who enlisted or re-enlisted between October 6, 1945 and October 5, 1946, under the Armed Forces Voluntary Recruitment Act of 1945 are not eligible to receive allowances for any week beginning later than two years after the date of their discharge from that period of enlistment or re-enlistment. For example, take the case of a veteran who enlisted on October 10, 1945 for a 3-year hitch and who was discharged October 9, 1948. He would not be eligible to receive allowances for any week commencing later than October 9, 1950. It should be pointed out, however, that if the veteran was discharged on or after July 25, 1950, he still would be eligible to receive allowances for any week beginning not later than two years after the date of his discharge. This particular veteran would not be affected by the July 25, 1952 provision referred to later.

Veterans who were discharged after July 25, 1947, and did not enlist or re-enlist under the Voluntary Recruitment Act of 1945, are not eligible to receive allowances for any week which begins later than two years from the date of his discharge, or which begins after July 25, 1952, whichever occurs first.

LEGAL NOTICE
HOUSE JOINT RESOLUTION NO. 13
Proposing an amendment to the Constitution of the State of Texas by adding a new Section to be known as Section 48-b, authorizing the Legislature to provide for the establishment of health units, and authorizing a tax in support thereof.
Section 48-b, THE LEGISLATURE OF THE STATE OF TEXAS, by adding a new Section to Article III of said Constitution to read as follows:
Section 48-b. The Legislature shall have the authority to provide for the organization of county-city health units and the operation thereof and to authorize counties and cities to provide a tax of not to exceed twenty cents (\$0.20) on the One Hundred Dollar (\$100) valuation of taxable property in counties and cities for the purpose of financing the said county-city health units; provided that no such tax shall be authorized except by a vote of the people residing in the city or county in which said tax shall apply. The foregoing tax shall be levied only on county valuations.
Section 48-c. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the second Tuesday in November, 1949, at which election all ballots shall have written on or printed thereon:
"FOR THE CONSTITUTIONAL AMENDMENT AUTHORIZING THE ORGANIZATION OF COUNTY-CITY HEALTH UNITS AND TO AUTHORIZE COUNTIES AND CITIES TO PROVIDE A TAX IN SUPPORT THEREOF" and
"AGAINST THE CONSTITUTIONAL AMENDMENT AUTHORIZING THE ORGANIZATION OF COUNTY-CITY HEALTH UNITS AND TO AUTHORIZE COUNTIES AND CITIES TO PROVIDE A TAX IN SUPPORT THEREOF."
Section 2. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for Amendments thereto.

The hen that lays is the hen that pays. Close culling of flocks will save a big feed bill. There is no profit in feeding non-layers.

What every party-line telephone user knows...

EVERY PERSON WITH A PARTY-LINE telephone at home knows at least three things about the service.

He knows the line must be shared fairly to be useful to everyone—just as a street is shared by those on it.

He knows he appreciates courtesy from others on the line—such as not interrupting, and recognizing his emergency needs for the line now and then.

He knows whether party-line service meets his needs. About half our customers have always preferred party-line service, even before the war, when they could have had individual lines.

Today, out of each four families with telephones, about three have party-line telephones and one of them has asked for a different type of service.

We'd like to be able to give it to them. We are working toward that, and are making some progress despite the continuing heavy demand for telephones from those still without any service.

We have on file thousands of requests for some other type of service. Wherever local conditions permit, we are meeting these requests, and are keeping a careful record of all requests, to act on at the first opportunity.
