## Chandler To Manage A. L. Junior Team

The Spur American Legion announced this week that C. B. Chandler has been named manager of the Spur American Legion Junior Baseball team for this summer. Guy Karr, last year's manager, will serve as coach this year.

All boys interested in playing on the American Legion Junior team are urged to contact either Chandler or Karr as soon as possible. To be eligible to play a boy must have been born on or after January 1, 1933 and must reside in the Spur territory. Boys from as far south as Jayton and as far north as Dickens are eligible to play on the Spur team provided they meet the age requirement.

Karr states that a complete roster must be ready to send to Austin by June 8. Workouts will begin as soon as enough boys have signed up to warrant a practice period.

Officials of the team will meet in Lubbock with representatives of the other districts in the Lubbock territory on or about June 15 to draw up schedules and discuss other plans.

## Spur Ropers Are Presented Top Prizes Saturday

The ropers of the Spur Roping Club had a grand time at the roping arena South of town Saturday night when they got together to rope for the prizes donated to this club by the good merchants of Spur, Texas.

Neal Love won the first prize which was a breast collar donated by Slim Meter and a livestock spray donated by the City Drug. Neal also won the fastest time on one calf when he roped and tied it in 13 seconds flat, thereby winning a silver belt buckle and a handtooled belt donated by Rucker Shoe Shop and Tuder Cannon saddle shop.

Ab Smith won second prize, a car coat donated by Godfrey & Smart and a hat by Gabriels.

Alex Fry came out in third place with a Southend Reel donated by Godfrey Furniture Co. and \$1.00 in cash from Hill top Service Station.

Buck Gannon won the table lamp donated by West Texas Utilities and the dollar in cash by L. P. Hamilton.

Buck Thompson took home a rope and reins donated by Bryant-Link and a smoker by Campbell Furniture Company.

John F. Moore is happy with the passing eye donated by McNutt Service Station and the \$1.50 cash donated by O. K. Welders.

Odell Blackwell took home to McAdoo the \$5.00 in trade donated by Quality Cleaners.

Olney Walker will soon be wearing a straw hat that he won which was donated by Proctors.

Lanky Joe King pitched a masterful two-hitter in Slaton last Saturday, May 10, to give Spur's Bulldogs well-deserved 6-0 victory over the Slaton Tigers in the Region 1-A baseball finals.

A healthy turnout of some 600 fans saw King subdue the Tigers who hadn't been beaten in 12 previous starts this season. The Bulldogs righthander was near peak form as he struck out seven batters without issuing a walk.

For Spur, it was the 12th successive victory in a perfect season. Seven of the triumphs were credited to King, who shared mound duties with Melvin Lindsey through the year. In his first Region 1-A tournament start, King had beaten Dalhart, 11-3 with a three-hit performance.

Spur gave King a two-run send-off in the first inning, and that was all he needed as he limited the Tigers to two single—one by Ed Macker in the fourth frame and another by Glen Akin in the sixth.

Carl (Curly) Lewis and Ed Willis teamed to pitch sparkling four-hit ball for Slaton, but that just wasn't good enough. Moreover, five errors hurt Slaton's cause.

Lewis fanned five men and gave up three walks in his five-inning stint. Willis, hurling the last two stanzas, whiffed three without issuing a pass.

The big blow of the Spur attack was a bases-loaded triple to right centerfield in the fifth inning by Duane (Beanie) Durham, six-foot-eight Bulldog first baseman. That drive climaxed a four-run scoring effort which led the decision for the District 3-A champions.

Funeral services were held for Chas. Earl Butler Tuesday May 23 at 3 p. m. in the Dickens Baptist Church. Rev. J. J. Terry of Farwell officiated the services and Rev. V. D. Walters assisted him.

Mr. Butler was born in Georgia Oct. 21, 1903 and died May 21, 1950. He moved to Dickens County in 1927 and married Velma Guye in 1930.

Palbearers were Bynum Britton, T. J. Conway, Murry Lea, John Sharp, Frank Adams, and Harry Martin.

He is survived by his wife, 2 sons Chas. Jerry of Spur, 2 sisters Lillian Bock of Georgia, May Patterson of Spur, 2 brothers Olen and Dee of Spur, and his father and stepmother, Mr. and Mrs. A. M. Butler.

Interment was in the Spur Cemetery. Chancellors Funeral Home was in charge of all arrangements.

Full of gasoline donated by Larry Boothe.

Martin Turbyfill now has a tissue dispenser in his truck donated by Spur Auto Company.

C. H. Bronson is also happy with a tank full of gas donated by C. D. Foreman.

King each rapped out a single to account for Spur's other three safeties.

Saturday's win rounded out a highly successful year for Coach Sam Hawker and his Bulldogs athletes. Earlier Spur had won the District 3-A football championship and the 3-A South zone basketball title.

The triumph also provided an appropriate personal finale for King, who has been the team's pitching mainstay for three seasons. In 51 innings this year, Spur star allowed just 17 hits, struck out 89, and issued only three bases on balls as he faced

## Spur Roping Club To Meet Dumont Roping Club

The Spur Roping Club versus the Dumont Roping Club will be the featured event at Konnie Park, Dickens, on Friday night May 26 at 8 p. m. Each club will enter four ropers in the matched contest with every roper being allowed two calves.

Other events at Konnie Park will be a musical chair race with 15 participants, an exhibition bull ride and a jack pot calf roping. Admission will be \$1.00 for adults and 50 cents for children, tax included.

Eric Swenson will announce during the afternoon and will be assisted by John Webb. Charles Taylor will keep the books, and Trustee, Bob Weaver. All members of the club are invited.

## Supt. Cook Makes Statement As 1949-50 School Year Ends

Another school year has come to a close. The success of this school year is determined greatly by what the Public thinks. We accomplished many things that we have helped the students of this community. There are many things that have not been done, but we plan to do some or all of these in the near future.

Each year the teachers of any school are faced with the problem of promotion or retention. It would be much easier to pass all children, but we feel that we should do the best for the child. If your child is retained in his or her grade this year, please realize that we think that it will be better for your child. We have no desire to hurt any child. So many times children are promoted when they should have been retained; this will hurt the child in years to come. (This is what I request that the teachers of the Spur Schools do to do—in the opinion of the teacher the next grade would be too difficult for a child, I request that the teacher retain that child.)

This school year has been very pleasant; the students, parents, and teachers have been very cooperative in all school activities. I like the people of Spur and have enjoyed my stay here very much. I trust that the people of this school district are well pleased. There are some of our accomplishments to this school year. Completion of the new \$126,000 primary building; Completion of the new \$17,500-00 school building for the colored; Institution of a new speech department in our junior and senior high schools; (In this program we had a district regional and 4th place winner in the State.)

Extending our band program to the lower grades and organizing the ward school band, which made a very fine showing at our State Contest.

The high school band was one of our best bands; we made a very fine showing at the State Contest.

The athletic program was good; District Champs in football; Second place in District Basketball; Regional Champs in baseball; A fine piano for the new school was bought by the people of Spur; (Thanks very much.)

There are many other little things that have been done that will not be mentioned.

The people of the community should be proud of the fine school board we have. These fine men have worked hard and at all times think in terms of the community. I appreciate them very much.

The complete faculty has been re-employed for the school year of 1950-51. I think that our faculty will compare favorably to any school in West Texas. I am happy that we will have them back next year.

Thank C. F. Cook

## American Legion Announces Rodeo Dance

The Veterans of Foreign Wars, M. P. Vannon, commander of the local American Legion Post announced today that the official Rodeo Dance will take place immediately following the Rodeo Wednesday night May 31 at the Hut.

All sponsors and their escorts will be admitted free as guests of the Spur Rodeo Association and the local American Legion.

The public is extended an invitation to attend. The admission will be \$2.25 per couple.

There will be a dance at the American Legion Hut following each performance of the Spur Cowboy Jubilee. Further information will be given at a later date.

## Outstanding events scheduled for the rodeo are calf roping, bronc riding, double mugging, bareback bronc riding, steer riding, cutting horse contest, old timers roping and cowgirl sponsor contest. Approximately \$3,000-00 will be given as prizes.

A \$25.00 hand-tooled saddle has been prepared and presented by the S M S Ranch, the Emery Ranch and Neustadt's for the champion roper of West Texas. Champion rider will be given special made gold and silver belt buckle set by Slim Metter. The saddle and the belt buckle set may be seen at present at the Spur Shoe Shop.

Acknowledged as one of the fastest shows in West Texas, the rodeo officials are going all out to make the 1950 edition of the Spur Cowboy Jubilee the outstanding attraction of the year in West Texas.

A large number of entries have been made in the Cowgirl Sponsors contest according to Mrs. Rob Simmons, hostess, with several towns, cities, local business firms and ranches entering girls. Mrs. Simmons reminds all merchants who wish to enter sponsors who have not yet done so to please do so immediately. There will be 6 special prizes to Top Cowgirls of Jubilee.

Following is the order in which the different events will be run, starting with the performances Wednesday night, May 31:

Grand Entry, Introduction of Judges; Bareback bronc riding; Girl Sponsors contest; Saddle bronc riding; Double mugging; Steer riding.

The Saturday night performance will include the Old Timers Roping contest and the cutting horse contest.

Visitors desiring information may secure same by seeing members of the Jubilee Association, or one of the committee chairmen. Headquarters will be maintained in the office of Eric Swenson, president of the association, in the Spur Security Bank building.

Judges for the show will be Johnnie Koonman, Bob McAteer, Louis Ricketts, Slim Myers, Bill Rucker, and Cap McNeil.

Announcing will be done by Larry Boothe, over the Gulf Sound System.

## Smith-Doxey Blanks Available For Local Farmers

Cotton farmers can now secure their applications for 1950 Smith-Doxey benefits, according to H. J. Matejovsky, in charge of the Abilene office of the cotton branch, Production and Marketing Administration, U. S. Department of Agriculture.

Applications are available at Agins, County PMA offices, County Agricultural Agents' offices, and at the Abilene cotton classing office, 1407 South First Street.

Matejovsky points out that the farmers belonging to organized cotton improvement groups under the Smith-Doxey Act can get their cotton classed by U. S. Department of Agriculture without cost. Also, they can get free market news service.

Groups should file their applications for Smith-Doxey benefits as soon as their cotton is planted to make sure of getting them approved in plenty of time to get first bales classed.

Applications must be filed with the Abilene cotton classing office before the deadline, August 15, 1950.

## DYNAMIC PATRIOTISM

By Morlon Clausen

America is experiencing a fatalistic gloom, expressing itself in "What's the use!"

"What's the use of working harder, the government takes most of it anyway!"

"What's the use of economic planning, we're going to have another depression—soon!"

"What's the use of talking about peace, we're going to have a third World War that's going to wipe all of us from the face of the earth!"

Let's not kid ourselves by saying it is war nerves—repression from the recent world conflict—because we have had other wars, after which we resolutely set to work to make this a better world for ourselves and for other.

We are suffering from a bad case of defeatism because we have created a huge and powerful central government that is encroaching upon our rights and privileges as free and independent citizens. We have erected a false god, and now we are seeking to escape from it.

Another reason for our present state of gloom is that we have had thrust upon us a world leadership we were neither trained for nor desired. Repeated bumbling in the international realm has made us lose some of the tough and ready assurance which has heretofore been the forte of America in action.

Lastly, there is the still more important but seldom-mentioned reason for our pessimistic gloom: We have changed from a dynamic to a passive patriotism—a direct result of concentration of power from the individual to a centralized government. This, coupled with the fact that we are no longer masters of our own destiny, has led to our present state of gloom in the international as well as domestic spheres.

Thus we have reached the crucial stage in American history where we must either do an "about face" and recoup what we have lost, or continue effectually, at home and abroad, leaving our fate to the lap of chance.

America has never had what is known as a theoretical political philosophy. We have lived our political philosophy, expressed it in action. The primary element of that philosophy has been individual freedom. Upon that element we have lived and built a sound, energetic people and a wealthy powerful, flexible nation.

As a people of action we wrapped our political philosophy in the smallest possible package for Bill of Rights. Here we had a few simple, direct rules of guidance that we could live and die by. They left room for freedom of action, for imagination, for individual interpretation, for growth and expansion, and for the emergence of the highest potentialities in the individual's and the nation's conscience.

But, more than that, they were the honor system under which the individual was enabled to forge a slowly emerging philosophy of right and wrong that transcended anything man has ever devised in a political philosophy.

What has happened to that vest-pocket edition of political philosophy? It has been so watered down, confused and confounded by bureaucratic edicts, proclamations, commands, prohibitions, orders, mandates and laws that no self-respecting and self-reliant individual would ever desire to trust it for guidance to conduct.

This, then, becomes our primary mission as patriotic Americans: We must cast aside the shackles of incoherence and return to the purity of the simple political philosophy of the constitutional form of a representative democracy.

In so doing we shall restore the dignity of the individual, with once more in our government, and use a sobriety of that dynamic patriotism which shall serve as our guide in the new and dangerously re-arranged role of world leadership.

## Busiest Year For Tractor To Be Seen

College Station May 18. The west part of the year for the farm tractor has arrived and will continue for the next several months. The extremely hot summer days just ahead will bring delays and repair bills unless the tractor's cooling system is functioning properly, says W. L. Ulrich, extension agricultural engineer of Texas A. & M. college.

Ulrich says there are several things that will cause the tractor engine to overheat but the main one is overloading. Each particular type tractor is made to pull certain equipment and when larger and heavier equipment is used the tractor is overloaded. The only remedy is to use a larger tractor.

A second cause of overheating comes from using a fuel that is too low in anti-knock reading. The worn or loose fan belts can cause overheating, he says, and either a new belt or properly adjusting

the belt will correct the situation. A clogged water pump or a worn bearing in the pump can cause trouble especially if the pump is leaking. The pump should be checked and if it cannot be repaired, it should be replaced. He points out that the water pump should be serviced regularly with the proper grade of grease to prevent the worn bearings.

Faulty timing and improper carburetor adjustments will contribute to overheating and valve trouble. He recommends that you use your operator's manual when making adjustments to correct these troubles.

Clogged radiators fins will cause overheating. The accumulation of trash, dirt, weeds and the like will not permit sufficient air to pass through the grill and radiator to cool the water in the radiator. Keep the grill and radiator fins clear of all obstructions and if your tractor is equipped with radiator shutters be sure they are open and not clogged.

All hose connections should be checked and he points out that a hose may look all right on the outside but that it may be in bad shape on the inside and will keep the water from circulating as it should. In the sections of the state where hard water is used in the cooling system, lime deposits often form inside the block and in the head of the cooling chambers. Rain water or water that is free from minerals should be used in the cooling system for it will reduce these deposits.

He says it is a good idea to flush the cooling system once a year with a lye flushing compound or with a solution of one pound of common washing soda to a gallon of water. The soda and water solution should remain in the radiator for two or three hours with the motor running. Then drain and

flush the radiator with clean water before filling it.

Lubrication plays an important part in engine cooling, he says for the oil absorbs and dissipates a considerable amount of heat. That is the reason the correct weight of oil should be used. Don't forget to check the thermostat for it can cause overheating if it isn't working properly.

Ulrich concludes with this word of caution. He says that hot water should not be poured into a cold engine nor cold water into a hot engine. The sudden contraction or expansion of the metal is apt to result in a cracked cylinder block or head. Proper care and maintenance of the farm tractor will enable you to get the most from your tractor during the busy months ahead.

enable you to get the most from your tractor during the busy months ahead.

# "YOU HARDLY KNOW THE ROAD IS THERE!"

You won't be the first to say that—not by a long shot.

One of the first things you notice, when you step from another make of car into Buick, is the wonderful difference in the Buick ride.

There are good technical reasons, if they interest you...

Soft coil springs all around, the gentlest type of spring man knows how to make.

A stout torque-tube, acting like the busky keel of a battleship to steady the whole carriage.

Low-pressure tires on wide, Safety-Ride rims, that stop heel-over and sway on curves.

Firm, sure, quick-acting shock absorbers, promptly snubbing the after-bounce of the bigger bumps.

The important thing is what these all add up to.

Freedom at last from jounce and jiggle. A level, floating, road-free passage over almost any kind of road, with even the worst of them tamed and gentled as never before.

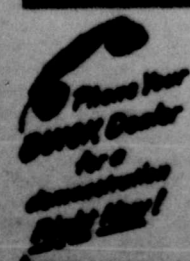

Add Fireball power to all this—the roominess of wide, deep seats—the lightness of Buick controls and the liquid silkiness of Dynaflo Drive—and you have a car just too good to miss.

Come try one, won't you? Your Buick dealer will be delighted to demonstrate without obligation—delighted to show you that if you can afford a new car, you probably can afford a Buick.

**ONLY BUICK HAS Dynaflo**

AND WITH IT GOES: HIGHER-COMPRESSION Fireball valves-in-hand power in three engines. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with MUST-GUARD fender, super-through fenders, "double bubble" fulllights • WIDE-ANGLE VISION, clear-up road view both forward and back • TRAFFIC-HANDY SEAT, lean-over-all length for easier parking and gearings, short turning radius • EXTRA-WIDE SEATS cradled between the auto • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-dampening torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

### OFFERS TO PAY FRIENDS IF HADACOL DOESN'T HELP

HADACOL HELPS SUFFERERS OF VITAMIN B<sub>1</sub>, B<sub>2</sub>, NIACIN AND IRON DEFICIENCIES

Mrs. Wallace tells her granddaughter, Maynell Wallace, over the phone how HADACOL brought relief to her.

Mrs. Belle Wallace, 449 Formwalt St., S. W., Atlanta, Ga., is so grateful to HADACOL for the blessing it has brought her that she has recommended HADACOL to a number of her friends. She told them she would pay for their bottles of HADACOL if it didn't help them. She explains with a smile that she hasn't had to pay any of her friends, because HADACOL has helped them.

Mrs. Wallace, who is 74 years old, has five children, seven grand-children and two great-grandchildren. She was suffering from a deficiency of Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron, which HADACOL contains.

Mrs. Wallace said: "I couldn't sleep or eat until I started taking HADACOL. I'd lie awake and toss and turn until the small hours of the morning. I was highly nervous. I couldn't even thread a needle. But, since I've been taking HADACOL, my nerves are as steady as can be. I couldn't eat because when I did my stomach would puff and blot and fill with gas. I am on the 7th bottle of HADACOL and my stomach is so much better."

**Appetite Good**

"I have a good appetite and my stomach does not bloat or fill with gas. I sleep like a log. I have recommended HADACOL to a number of friends and have told them that if it didn't help them, too, I'd pay for it, but since I've been taking HADACOL, I don't have to. HADACOL has done me more good than anything I have ever taken."

### Blue Cross Changes Announced this Week

According to D. P. Smiley, County service agent, all Blue Cross and Blue Shield members in the Farm Bureau may now pay their premiums at the Farm Bureau office in Spur. Heretofore it has been necessary to make those payments at the Sheriff's office in Dickens. There will be someone in the Spur office each Saturday to take care of Blue Cross needs.

Another change announced by Smiley has to do with enrolling for this insurance. In the past there has been only one enrollment period each year. Now enrollment can be applied for at any time and the company will notify when to pay and the date the policy becomes effective.

All correspondence concerning this service should be directed to Dickens County Farm Bureau, Gen. Del. Spur.

# Santa Fe

## EXPRESSES ITS THANKS

*A Note of appreciation to employees, patrons, and friends who stood fast during the firemen's strike*

During this grave emergency we are proud that Santa Fe kept operating—not completely, but nevertheless still operating. Not a wheel was derailed; there was not a single personal injury. This was made possible only because of the response of loyal employees—many responding beyond their normal call of duty.

Our passengers and shippers showed both patience and understanding, and Santa Fe was heartened by their appreciation of our unswerving purpose.

Your understanding, help, and loyal cooperation are deeply appreciated.

## Mr. Cavalier Visits In Spur

Tall, handsome and dressed in a costume representing one of the most romantic periods in history, Mr. Cavalier arrived in Spur last week. Mr. Cavalier headed a friendly force of several automobiles bearing banners heralding R. J. Reynolds Tobacco Company's new, extremely mild King-size Cavalier cigarettes.

Following the parade, Mr. Cavalier dismounted from his unique musical car and mixed with crowds in the shopping district. He dispensed complimentary Cavalier cigarettes to the curious among whom were many mem-

bers of the fair sex who frankly admired the young gentleman. Cavalier cigarettes are now on sale at stores all over town.

## Chrysler - Plymouth To Have Campaign

Detroit—A newspaper campaign described as the biggest and most consistent that has ever been put behind a line of Chrysler cars has been announced by Joseph A. O'Malley, general sales manager,

Chrysler Sales Division, Chrysler Corporation. The campaign will include more than three thousand daily and weekly newspapers from coast to coast, covering practically every Chrysler-Plymouth dealer town that has a newspaper.

The first advertisement appeared the week of May 14th. A second will follow the week of May 21st, and the series will continue each week during the month of June.

### Catfish Are Bitin' At Corpus Christi

Austin, May 18. An Iowa man wrote this postal card to the Game, Fish and Oyster Commission:

"Dear Sir: Just read an article in SPORTS A FIELD about cat-fishing down Texas way, near your town to be exact. Is this just another way to get us suckers to spend our money or is it really a fact? Let me know honestly what the situation is. Might send me some fish laws, too."

The article to which he referred excitedly presented "a terse, momentous message" sending "its electrifying import to more than 20,000 fishermen throughout the nation, creating a state of delicious excitement among them." His particular reference is to the

spring run of "mammoth yellow cats" in "the most famous fishing hole in Texas—the Colorado River midway between the Buchanan and Marshall Ford dams which are northwest of Austin."

The facts are that Texas has excellent catfish angling and that there are many good spots in addition to the excellent area on the Colorado.

Among the places having good catfish prospects, keeping in mind that practically all Texas rivers and streams have produced good fishing over the years, are:

Lake Corpus Christi, and artificial lake, about 30 miles up the Neches River from Corpus Christi. A thirty mile stretch of the Trinity River from Anahuac to Liberty where the cats exist in such quality that commercial fishermen make enormous hauls.

The first fifteen miles from the mouth of the Guadalupe River near Victoria.

Up river from the mouth of the Brazos River near Foerport.

There are many other good catfish grounds, including some on the Mexican border waters of the Rio Grande, and artificial lakes like Texoma on the Texas-Oklahoma border.

This is not a complete list. Texas fishermen scattered over 24 counties and bearing their own preferences, will have many another nomination.

Trotlines are permitted in many places, and in some there are practically unlimited privileges as to the amount of tackle used and the number of fish that may be caught. Popular baits, vary as to localities. If an angler runs out standard baits, he might remember that old shoe soles and horse hooves have been found in catfish stomachs. Camp soap has been successfully used in a pinch.

Thus, that Iowa fellow, jump-

ing up and down after reading the magazine article about catfish so big that they drag fishermen into the streams, can count on catching himself a mess of cats. If he's wise he'll be sure to find out the cooking fate to which a respectable catfish is entitled.

According to TEXAS GAME AND FISH, official Game Department magazine, here's one Texas way of doing right by nice catfish morsels: Dip them first in flour well-seasoned with salt and pepper; then dip them into an egg which has been whipped

up with a fork and diluted with half an egg shell of milk; then roll them again in half flour, half crumbs seasoned with salt and pepper; fry in a pan and watch out for intoxication from the sheer aroma of cooking.

P. S. The fishing laws are not being forwarded for lack of tonnage space. The bulk of 125 specific fresh water angling statutes, varying according to localities and situations, might discourage a prospective visitor.

Texas poultrymen last year lost 24 percent of all the laying hens in their flocks during the hens' first year of production. Poultrymen who suffer such flock losses are burning their poultry profits with these dead hens. Practicing good management, sanitation, feeding and disease and parasite control on the farm can cut these losses.

It would have taken a train nine miles long to haul all of the livestock that arrived dead at the livestock markets of the nation in 1947. This loss plus those from bruises and crippled animals annually amount to near \$25 million. Producers, transporters and livestock handlers all have a part to play in preventing these losses most of which are borne by the producer.

**Texas Poll Says Coke Stevenson Will Run For Senator in 1952**

Austin, Texas, May 20. A strong minority is still backing Coke Stevenson in his aspirations to be U. S. Senator.

In a statewide survey by The Texas Poll, one of every three voters said they would favor Stevenson over U. S. Senator Lyndon Johnson if the election were held today.

Interviewers for the poll put this question to a representative cross section of qualified voters in all parts of the state:

"If you were voting today on whether Lyndon Johnson or Coke Stevenson should be U. S. Senator, which one would you favor?"

The results:

	Men	Women	All
Johnson	47%	46%	46%
Stevenson	37	32	34
Neither	5	8	6
Rather			

not say 4 4 4  
 Don't know 9 10 10  
 100% 100% 100%

Two years ago Johnson defeated the former governor by a scant 87-vote margin out of more than a million votes cast. A bitter contest followed, but Johnson was seated. He will hold office for six years.

Stevenson appears to be biding his time until 1954 when he will have an opportunity to even the score against Johnson. Recently he denied a report that he was planning to run this year for judge of the Texas Supreme Court. He said he had no intention of seeking any other office but that of U. S. Senator.

The former governor will have an opportunity to run for U. S. Senator in 1952 when Tom Connally comes up for re-election, but it is considered doubtful that he would enter that race unless Connally decides to retire.

**Dry Lake Community News**

By Mrs. Jack Gordon

Dry Lake isn't Dry Lake any more, due to the some 6 inches of rain fall that the neighborhood has had.

Our Community meet was rained out and this is the 1st time since we have started these meet-

ings that we couldn't meet. We will meet at our regular time the 4th Wednesday night, that is if it doesn't rain. Mr. T. C. Richardson will be here to present our award for last year's contest.

Both of our 4-H Clubs, the boys and girls met this week with much interest. Mr. Taylor met with the boys, and they continued their study of culling chickens. Another thing discussed was 1st Aid Kits and a safety program.

The Foreman Chapel meeting was successful, not only in new members but it helped the other members also.

School children are looking forward to vacation time which isn't too far away.

Many people have put out flowers in their yards and planted gardens since the rain.

Mr. Bob Pickens is still hauling gravel to put on his drive way.

### Top Celebrities Will Be Present At Harvest season show

Wheat will rank as the Number One star among a host of celebrities congregating in Wichita Falls May 29 through June 3 to observe the opening of another harvest season.

This one commodity annually spotlights North Texas and Western Oklahoma as first depositors in the Nation's Breadbasket. Wichita Falls citizens have planned entertainment galore during the National Wheat Harvest Festival, the first organized recognition of wheat's eminence.

Stars who are to attend the festival and participate in the events are: Dennis O'Keefe, Constance Moore, Gene Autry, Jack Dempsey, Carlos Molina and his orchestra.

The Coronation Show Friday night will be a high point of entertainment when the queen will be announced, and the lucky lady crowned by O'Keefe. The Royal Court, princesses and escorts, will be introduced during the show. Carlos Molina and his company of entertainers are to be featured at the Coronation Show and will play later at Midwestern University's gymnasium for the formal Coronation Ball honoring the queen.

Square dance contest and a street dance are planned for Saturday night in roped off streets. A week of activities which have large audience appeal begin Monday night when the Wichita Falls Spudders play Austin. The players will get in the spirit of harvest by their playing logs with genuine harvest appeal.

Texas Electric Service Company's spring show is scheduled at the Wichita Falls High School auditorium from Monday through Friday. Then Thursday night Georgeus George will meet either Ollie Pascha or Killer Karl Krauser in a wrestling ring set up in Spudder Park. Sideline seats are to be provided along first and third base strips, and the spot behind home plate will be reserved for best audience advantage.

Combiners from several wheat belts will be on hand to make up part of Saturday morning's parade. The area's honored citizens—the farmer bringing to Wichita Falls the first load of wheat; the queen and her court; merchants displays and bands will make up a major part of the parade. The visiting celebrities will lead the extravaganza.

Every town gets a chance to perform during Friday and Saturday afternoons in a street show. A central bandstand is to be set up for a talent parade when those desiring may present a group of singers, orators, comedians, and type entertainment.

Participation in harvest festivities has been extended over a 60-county area, bordered by New Mexico on the north; west; Gainesville on the east; Stamford to the south and western Oklahoma to the north.

### "Ambush" Action Packed Outdoor Drama Stars Robert Taylor

The ingredients of a superlative outdoor drama—trigger-quick action gun fights, Indian forays, spectacular horsemanship and magnificent scenic backgrounds—are effectively combined in "Ambush," which brings Robert Taylor, John Hodiak and Arlene Dahl to the Palace screen this week. Sun. Mon.

M-G-M shrewdly entrusted this super-weather, the first big picture of its type it has made in almost a decade, to Sam Wood, the discerning director who did such a fine job with "The Stratton Story," and who once again infuses human interest, a quality of credibility and distinctive atmospheric color into his new drama of a scout employed by an Army post commander to lead troops in the capture of a marauding and murderous Apache renegade.

The daring escape of Robert Taylor, cast as the scout, from his Apache pursuers, a spectacular battle between Indians and troopers, the animosity between Taylor and John Hodiak playing the post's stiff-shirt second-in-command, leading to a blood-drawing slugging match, a suspense-filled ambush set by Diabito, the Apache renegade and his followers, and Taylor's final deadly encounter with the Indians, are action highlights of a story revolving around

son, who sticks by what West Point has taught him, and the fetching Miss Dahl is alluring enough to make the feud between the two men over her charms seem more than reasonable. There are also a number of fine supporting portrayals, among them those of Don Taylor as a trooper in love with the unhappily married Jean Hagen, John McIntire as an intrepid Indian fighter, Bruce Cowling as a drunken wife beater, Leon Ames as the post commandant and

Charles Stevens as the murderous Diabito. Filmed almost entirely on location in New Mexico, "Ambush" offers its spectators a visual as well as dramatic treat. Its breathtaking shots of mountains and canyons in which the Apache battles take place are among the finest ever seen on the screen.

### Texas Wildlife Federation To Present Annual Brownfield Rodeo

Brownfield, Texas, May 25. The Texas Wildlife Federation will present the second annual Texas Wildlife Rodeo at Brownfield on Saturday and Sunday, May 27-28, as a free show for all Texans with events open to any one desiring to compete.

Competition for nearly 100 trophies and 56 medals (gold and silver) runs the gamut from angling to arms. W. G. Streckert, secretary of the Wildlife Federation and general chairman of the rodeo said:

Children under 13 will compete in a fishing contest with no entry fees. National famed Mr. and Mrs. Ken Beagle will stage a free shooting exhibition.

Other events include competition. They are: Skeeet and trap shooting; plus fly casting; rifle and pistol shooting; conoog; foxhound and bird dog bench show and drag race for coonhounds; and the Texas State Muzzle Loading Rifle Tournament.

Competitive events will all be Saturday and Sunday, but Friday night there will be a stag barbecue.

national Guard and member clubs of the Texas Wildlife Federation. There skeet ranges will accommodate 15 shooters simultaneously. Team and individual competition will be included. The Camp Bowie Rifle and Pistol Range, the lake the skeet ranges and the entertainment facilities are all bunched in a small area, making this an ideal location for the competitions.

Loy Brown, president of the Texas Wildlife Federation, is finance chairman. Brownwood clubs of the Federation have underwritten the sports rodeo.

stepping up its long national campaign to warn children not to play with or even touch blasting caps.

"Children or adults finding a blasting cap are warned to leave it alone and report it immediately to the police department or the sheriff's office," said Garrison and Mickle, adding:

"Blasting caps are small round copper or aluminum cylinders or tubes about one-quarter of an inch in diameter and an inch or two in length. Some may or may not have a fuse attached while others may have plain or colored covered wires leading from one end. The tube or cylinder is loaded with a powerful, sensitive explosive used to explode dynamite.

"These caps are necessary to make dynamite useful in important work, such as mining, highway and railroad construction, and clearing farm land of tree

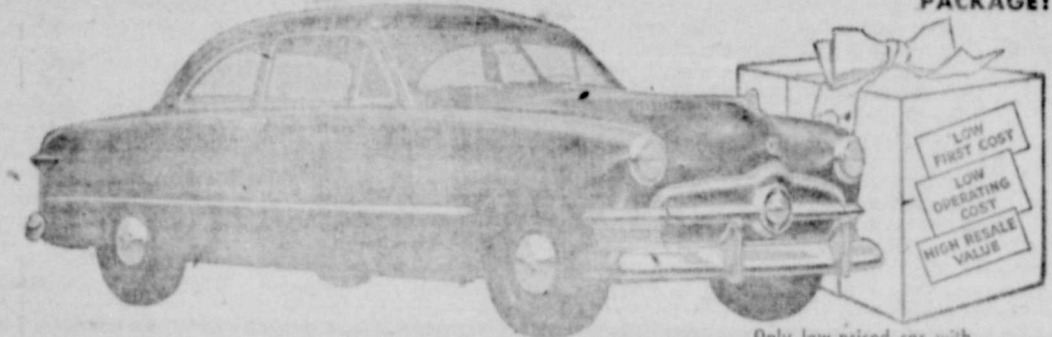

stumps and rocks, and other jobs. Often blasting caps are lost, stolen, or left lying around in unlocked tool boxes, barns, or alongside of highways and railroad tracks. Children who pick them up are in great danger so long as they are near them.

"Workmen are cautioned to keep all explosives under strong lock and key. The child they save may be their own."

That an election be held in the City of Dickens, Texas, on the 10th day of June, 1950, at which election the following propositions shall be submitted to the resident qualified property taxpayers voters of said City, who own taxable property in said City and who have duly rendered the same for taxation; for their action thereupon:

**PROPOSITION NO. 1**  
 Shall the City Commission of the City of Dickens, Texas, be authorized to issue the bonds of the City of Dickens, in the sum of \$25,000.00, payable serially not to exceed thirty (30) years from their date, bearing interest at a rate not to exceed five (5%) per cent per annum, for the purpose of constructing extensions and improvements to the waterworks system of said City; and to provide for the payment of and interest on said bonds by pledging the net revenues from the operation of the waterworks system of said City, and in no wise supported by an ad valorem or other tax on property in the City, as authorized by the Constitution and Laws of the State of Texas.

**PROPOSITION NO. 2**  
 Shall the City Commission of the City of Dickens, Texas, be authorized to issue the bonds of the City of Dickens, in the sum of \$40,000.00, payable serially not to exceed thirty (30) years from their date, bearing interest at a rate not to exceed five (5%) per cent per annum, and to levy a tax sufficient to pay the interest on said bonds and create a sinking fund sufficient to redeem them at maturity, for the purpose of constructing extensions and improvements to the waterworks system of said City, as authorized by the Constitution and Laws of the State of Texas.

The said election shall be held at the County Courthouse Building, in the City of Dickens, Texas, with R. E. Holly as presiding judge, Dewey Craft as Judge, and Mrs. J. J. Cumble and Mrs. Geo. Carter as Clerks.

The said election shall be held under the provisions of and in accordance with the laws governing the issuance of municipal bonds by cities, as provided in the General Laws of the State of Texas, and only qualified electors, who own taxable property in the City and who have duly rendered the same for taxation, shall be qualified to vote.

The ballots for said election shall have written or printed thereon the following:

**OFFICIAL BALLOT**  
 "For the issuance of the waterworks system bonds and the pledge of net revenues for the payment thereof, as submitted in proposition No. 1."  
 "Against the issuance of the waterworks system bonds and the pledge of net revenues for the payment thereof, as submitted in proposition No. 1."  
 "For the issuance of waterworks system bonds and the levying of the tax in payment thereof, as submitted in proposition No. 2."  
 "Against the issuance of waterworks system bonds and the levying of the tax in payment thereof, as submitted in proposition No. 2."

As to each of the foregoing propositions, each voter shall mark out, with black ink or black pencil one of the above expressions, thus leaving the ink or indicating his vote on the two propositions, respectively.

A copy of this resolution and order signed by the Mayor of said City and attested by the City Secretary, shall serve as proper notice of said election.

The Mayor is authorized and directed to cause said notice of the election to be posted at three public places in said City, one of which shall be at the City Hall, for at least fifteen (15) full days prior to the date of said election.

The Mayor is further authorized and directed to have said notice of the election published in some newspaper of general circulation published in the City of Dickens, Texas, and which notice shall be published on the same day in each of two (2) successive weeks, the date of the first publication being not less than fourteen (14) full days prior to the date of the election.

**PASSED AND APPROVED** this 18th day of May, 1950.  
 Cecil H. Meadors  
 Mayor, City of Dickens, Texas.

Attest:  
 Fred Arrington  
 City Secretary  
 (SEAL) 31-2tc

**CARD OF THANKS**  
 We wish to express our deepest and sincerest appreciation for every act of kindness, expression of sympathy, and floral offering sent during the illness and at the death of our father.

The Most Beautiful Thing on Wheels

It's a wonderful feeling to take the wheel of a magnificent new Pontiac convertible—to feel the pride of driving a car with character in every line and action.

It is a feeling shared by all Pontiac owners. For all new Pontiacs offer sparkling performance—all new Pontiacs are built to deliver years of dependable, economical service with only routine care.

In short, every new Pontiac has character written all over it and stamped deep into its background. That's a very big reason why, dollar for dollar, you can't beat a Pontiac!
