Spur vs Dumont Ropers, Friday Night Koonie Park

Hey, Roping fans, the Spur Roping Club will meet Dumont Roping Club at Koonie Park, Dickens, Friday June 16 at 8:00 p. m.

There will be four ropers in the matched contest representing each club. Each roper will be allowed two calves.

There will also be a musical chair race with 15 participants, an exhibition bull ride and a jack pot calf roping entrance fee \$5.00.

The announcers for the evening will be Eric Swenson and John Webb. Charles Taylor will keep time and the books and will be assisted by Bob Weaver.

Admission is \$1.00 for adults and 50 cents for children tax included. Tickets are now on sale, get yours today!

Dickens Owls Take O'Brian 21 to 5

The Dickens Owls took the O'Brian team to a tally of 21 to 5 Monday night June 12. Cunningham along with Joe King of Spur were the winning pitchers for Dickens. Other outstanding players were Holly and Jackson who knocked home runs for the home team.

The Dickens Owls will play Rearing Springs Saturday night June 17 at Koonie Park at 8:30. Sunday afternoon June 18 they will play Finny at Dickens. The Finny team is Johnnie Bummers boys from Cottle and King Counties. They have won 6 and lost 1 this year. Joe King of Spur will pitch for Dickens.

Scouts and Brownies Honor Fathers

The five Girl Scout and Brownie Troops of Dickens County Girl Scouts Council honored their fathers with a picnic Saturday June 10 at 7 p. m. in Swenson Park.

Approximately fifty girls and their fathers assembled at the barbecue pits and were served sandwiches, cookies, lemonade and homemade ice cream.

Following the meal the Girl Scouts sang various songs in honor of their dads, which made Dad realize the importance of Girl Scouting.

Other guests were Mrs. John Herd, Mrs. Ben Perry and Mrs. Emma Russel.

City Softball League Starts New Schedule With New Team

In a meeting of the managers of the five teams in the City Softball League held last Friday night, it was decided to draw up a new schedule and start the City League over again. This was done in order to work out a newly organized team of college and high school boys into the schedule.

The new team, McNutt's Texaco boys, made their debut Tuesday night to be taken for a 7-1 ride by the V.F.W., who had not won a game prior to this victory.

In the other Tuesday night game, the powerful Proctors took their arch rivals, the Farmall boys, for a 15-6 ride.

The new schedule is as follows: Tuesday, June 13 (played) Farmall vs Proctors, McNutt's vs V. F. W.

Thursday June 15, Lions vs Fireboys, Proctors vs McNutt's.

Tuesday, June 20, V. F. W. vs Lions, Farmall vs Fireboys.

Thursday, June 22, McNutt's vs Lions, Proctors vs Fireboys.

Building Rally For Lakeside Baptist Church Announced

The Lakeside Baptist Church of Spur wishes to announce a Building Rally Program to be held June 19 thru June 25. Rev. Robert L. Castles III pastor will have charge of the services.

Saturday night June 24, there will be special music by the "Nine Brighter Stars" Gospel singers of Vernon.

Sunday morning the regular morning services will be observed with Rev. T. E. Brown of Arlington, guest speaker. Dinner will be served on the grounds at 2:30 p. m.

Other towns to be represented during the week are Matador, Slaton, Chillicothe, Abilene, Mineral Wells, Stamford, Knox City, Beckenridge and Lubbock.

The purpose of the meeting is to raise funds for the completion of the Lakeside Baptist Church.

The public is cordially invited to attend. Those wishing to donate are asked to contact the Pastor or an authorized member of the church.

Big Number Is Lucky One for Girl Refugee

Twelve-year-old Dace Epermanis (holding flowers, left picture) gets a special send-off at Bremerhaven, Germany, when records of the U.N. International Refugee Organization (IRO) disclosed that she was the 150,000th displaced person to be admitted to the USA under its DP law. Her mother and father, leaving an IRO camp with Dace for their new home, stand with her in front of the sign. At right, Dace is shown aboard an IRO-chartered ship just after she left the towering buildings of New York. Large numbers of refugees from European lands have also accepted new homes in Israel, Australia, the United Kingdom, Canada, France, Argentina and Brazil.

Street Lights, Garbage Pick-up, Disposal Plant Are City Projects

Three major projects were announced this week by City officials for the near future in the City of Spur. They are: the procurement of a new garbage truck to be used daily for trash and garbage pick-up in the fire zone; the installation of new street lights on Burlington Avenue; and the construction of a new and modern sewage disposal plant for the City.

City Manager James Cowan states that variable rates are being set up for businesses and offices in the business district to help pay the additional expense to the city for new equipment and additional personnel to maintain daily trash and garbage pickup. He states that the rates, to be applied to water and sewage bills, will range from a minimum of \$.50 for small offices to a maximum of \$5.00 for large grocery stores.

The trial pick-up which has been in effect in the business zone for the last 30 days has shown that additional equipment and personnel is needed to do the job properly. The new set-up will include pick-up in residential districts at least once a week for which a small charge of approximately \$.50 will be made.

The City officials have authorized a plan to light the business district with new white-way illuminators. Plans are underway, and the new lights on Burlington should be installed in late summer or early fall, states the city manager. The lights are to be of the type now in Lubbock.

At present plans are being drawn up and the contract will soon be let for the construction of a new sewage disposal plant for Spur. The present one is inadequate to meet the health and sanitation needs of the city. The new plant will cost the City approximately \$30,000 which will be the balance of the \$100,000 bonds issued. The rest of the bonds have gone toward new water storage facilities, chlorination facilities, pipe lines, main and sewer extensions, water wells, pumps, and boosters.

The City's D.D.T. fogging machine is being used throughout the city approximately once each week and will continue to be used throughout the summer.

Dickens Co. Bond Drive Reaches 61%

Word was received this week that Dickens County has purchased 61.68% of its goal in the Independence Drive now underway. Series E Savings Bonds in the amount of \$17,887.50 have been purchased as of June 2, 1950. The Dickens County goal is \$29,000.00.

Crosby County reports \$975.00 which is but 2.95% of their \$33,000.00 goal.

Garza county has attained 58.54% of their \$9,000.00 goal with the purchase of \$5,268.75 in bonds.

Kent County has purchased \$168.75 in bonds of their \$2,000.00 goal for 8.44%. King county has reported no sales.

Over the state of Texas, 22.41% of the goal \$24,088,000.00 has been obtained with the purchase of \$5,397,589.23 in bonds.

Bailey county is the only county reporting their goal attained and over. This county reports a sale of \$18,412.50 in bonds for a percentage of 115.08. Their goal was \$16,000.00.

Ann Hull a summer student at Tech spent the past weekend visiting her parents Mr. and Mrs. A. C. Hull.

Methodist Bible School Has 70 Children Enrolled

Mrs. L. L. Walker, director of the Vacation Bible School of the First Methodist Church, stated today that they have an enrollment of 70 children.

The Bible school which began Monday June 12 will continue through Friday June 23. They meet daily at 8:30 a. m. till 10:30 a. m. at the Church.

The children enjoy games, fellowship, Bible lessons, songs and handicraft. Also refreshments are served daily.

Teachers are Mesdames J. R. ane, V. C. Smart, Jr., Bob Conner, Lewis Lee, Cal Wright, Misses Shirley Hairgrove, Arlene Wilson, Bonnie Beth Henry, Ginger Walker, Myra Ratliff, Beverly Wood, Nancy Vaughn, Marilyn Miller, Sue Gregory and Margaret Wood.

Bro. Willis Jernigan LEAVES FOR ARKANSAS

Willis G. Jernigan, local minister of the church of Christ will leave this week-end for Mena, Arkansas, where he will be engaged in a ten day revival.

This is Rev. Jernigan's second trip to that state this spring for revival efforts. The services of the local church will be in charge of the local elders during the minister's absence.

Bro. Jernigan is being accompanied by Mrs. Jernigan and Willis.

Mr. and Mrs. Paul Marion will leave Sunday June 18 for Detroit, Michigan where Mr. Marion will attend a Rotary International meeting.

HAVE YOU BEEN COUNTED?

If you are not sure whether you have been counted or if there is anyone in your household who has not been counted in the 1950 Census. The Chamber of Commerce of Spur would appreciate you phoning 488 or fill in the blank below and mail it in to the Chamber of Commerce, Box 11, Spur, Texas. Let's get everyone counted in Spur and Dickens County.

To the best of my knowledge and belief, the persons listed below have not been counted in the present census.

Civic Committees Set Up For City Betterment

The Spur Chamber of Commerce started in full swing this week with the organization of its Civic Committees.

There is much to be accomplished by these Committees and cooperation is the governing factor in planning and organization of the many projects which must be completed by these various Committees.

Leon Huff, Manager, states that many new members are needed to complete the organization, as individuals and business concerns alike, are the backbone to a strong Chamber of Commerce. It is only through the united efforts of each member that a strong and active Chamber of Commerce exists.

The Texas Spur a few months ago, ran several articles by individuals on "What Spur Needs", the articles have proven to be very helpful in planning the future development of our City. The various Committees have taken these articles and a program is being mapped out so that work on these projects may soon be started.

The committees on our Board of City Development are by no means complete. As programs are started, new members will be needed and new committees will be organized. At present the Highway Committee has started its project of a highway leading south of Spur. The Publicity Committee has started an extensive publicity campaign on advertising Spur. The Park and Recreation Committee will soon start to work on a better park for Spur. The Civic Improvement and City Development Committee is studying plans for street lighting and public lounge and rest rooms. The Public Health and Education Committee has a large program of sanitation, the removal of gut-houses, clean-up campaigns, trash disposal and many others. These are only a few of the many projects outlined for the Chamber of Commerce.

The program is large and one organization is not enough to handle the many "musts" of Spur. It will take the help and initiative of each and every citizen in Spur to promote the many projects of the Chamber of Commerce.

"We are working for a better Dickens County and a better City of Spur, let's all pitch in and work together," states Huff.

The present committees of the Chamber of Commerce are listed below, for information concerning membership or projects in the Chamber of Commerce, it is suggested that you contact any of the members of these committees or the Chamber of Commerce office, Room 4, above the Spur Security Bank, Phone 488.

For County Attorney, Alfred Walker;

For Commissioner Precinct 1, Forest L. Edwards, and Roy Ward (re-election);

For Commissioner Precinct 2, E. J. Offield (re-election);

For Commissioner Precinct 3, Joe Draper, Muri Foreman, and

Poppy Day Makes Grand Sale Totaling \$249.12

The dimes, quarters and dollars which the people contributed in exchange for their Memorial Poppies form the backbone of the financial support for the extensive activities carried on constantly by the American Legion Auxiliary for the welfare of the disabled veterans. If it were not for the generosity of the millions of people who wear the red poppy each year in memory of the war dead, the many services of the Auxiliary to the living victims of the two wars could not be carried out.

Poppy Day contributions are used to bring cheer and comfort to the disabled veterans in hospitals. They provide aid for disabled men outside the hospitals who are having difficulties in re-establishing themselves economically. They help care for the children of disabled veterans while veterans are undergoing hospital treatment. They pay the wages which mean so much to the veterans who make the poppies. The coins you dropped into the collection box of an Auxiliary volunteer last Poppy Day will work for the disabled veteran throughout the year.

The American Legion Auxiliary of Post 161 in Spur wishes to thank the people of Dickens County for helping to make the Poppy Day sale a success.

The total sale for the day was \$249.12. The Unit paid the veterans who made the 3,000 poppies \$105.00 from the sale. One-third of the balance, or \$48.04, was sent to the State to help the veteran hospital program and the balance of \$96.08 was deposited to the Poppy Fund in the local bank to be used for veterans and veteran's families in Dickens County who are in need.

Mrs. W. L. Hyatt and Billie Brad returned to Spur Sunday evening after a two week visit in Las Cruces, N. M. They visited Mr. and Mrs. W. O. Farmer.

37% Increase In Farm Income For Texas

AUSTIN, Texas, June 15—Farm cash income in Texas totaled \$226,689,000 in April, a 37-per-cent increase over the March total and a 3-per-cent increase over April 1949, the University of Texas Bureau of Business Research reported.

Cattle was the greatest source of income in April, bringing Texas farmers \$37,676,000. Income from milk products totaled \$9,645,000; fruit and vegetables, \$4,480,000; and eggs, \$3,034,000.

Farmers in the Northern, High Plains district turned in the largest dollar income in April—\$39,063,000. Black and Grand Prairies, with \$27,300,000, and Coastal Prairies, with \$25,480,000, ranked second and third.

With the exception of Northern High Plains, down 6 per cent, all crop-reporting districts shared in the March-to-April upturn in farm cash income. South Texas Plains registered a 224-per-cent increase; Edwards Plateau, 139 per cent; Trans-Pecos, 79 per cent; Lower Rio Grand Valley, 50 per cent; Red Bed Plains, 35 per cent; Southern Texas Prairies, 25 per cent; Black and Grand Prairies, 23 per cent; Western Cross Timbers, 17 per cent; Coastal Prairies, 13 per cent; East Texas Timbers, 3 per cent; and Southern High Plains, 1 per cent.

In comparison with April 1949, increases in farm cash income varied from 41 per cent in the Trans-Pecos area to 2 per cent in the lower Rio Grand Valley. Declines ranged from 30 per cent in Coastal Prairies to 3 per cent in East Texas Timbers.

After adjustment for seasonal variation, the Bureau's index of farm cash income stood at 213 per cent of the 1935-39 base period in April as compared with 200 for March and 212 per cent for April 1949.

East Meets West at U.N. Headquarters

In full ceremonial dress, representatives of the Mohawks, the Seacaes and the Tuscaroras—American Indians who live on reservations on both sides of the border in Eastern Canada and the USA—recently visited United Nations headquarters to ask for aid on complaints involving treaties. Here Miss Emily General (right) of the Mohawk nation talks with Mrs. Hansa Mehta, representative of India on the U.N. Commission on Human Rights.

Spur Legion Juniors Beat O'Donnell

The 1950 Spur American Legion Junior Baseball team made its debut in O'Donnell Tuesday afternoon by beating the O'Donnell junior team 12-2.

Young John Koonsman pitched the first two innings for the Spur team, striking out five of the six batters. The balance of the game was pitched by Clyde Blair. Spur scored 7 runs in these first two innings of play.

The team has certified 16 players for the season and each of the boys saw at least several innings of play Tuesday. The complete roster is as follows: Lawrence Cook, Curtis Blair, Franklin Gabriel, Gerald Farley, Clyde Blair, A. B. Simpson, Dean Watson, Jackie Cloude, Crystal Swenson, Toby Williams, Lloyd Womack, John Koonsman, Bobby George, Joe Bell and Burl Durham.

In Tuesday's game, Spur managed six safe hits for their 12 runs while the O'Donnell boys got but 2 safeties. For the opponents, Russell pitched the first four innings and Clark pitched the last five.

Accompanying the boys were manager C. B. Chandler, coach Guy Karr and assistant coach Dean Watson.

The boys journey to Ralls Friday afternoon and will leave Spur from the Leon Ice Company at 2:00. Game time is 4:00 p. m. Karr requests that any fans planning to attend the game and have extra room in their cars to please contact some member of the coaching staff if they would like to take some of the players with them.

Kalgary To Dedicate New Baptist Church

The Watson Baptist Church of Kalgary which was recently completed will observe dedication June 25. Rev. J. W. Grizzle will be in charge.

Morning services will begin at 9:45 a. m. The dedication sermon at 11:15 and lunch on the ground at noon. Following the lunch there will be an afternoon program at which all the past pastors will speak.

The public is cordially invited to attend the services at the Watson Baptist Church at Kalgary.

Mrs. J. E. Berry, Mrs. Lane Bachman, Mrs. Raymond Beadle, Misses Ernestine Berry, Margaret Elliott and Julia Hickman were in Abilene Tuesday where they went shopping.

LOCAL BOY PASSES LAW BAR EXAMINATION

Raymond Goodrich, a graduate of Stanford University Law School recently passed the California Bar examination and accepted an offer of employment by an established law firm at Santa Cruz, California.

Raymond G. is the son of Mr. S. P. Goodrich of Spur.

V F W SPONSORS DONKEY SOFTBALL GAME

The V. F. W. post of Spur wishes to announce a Donkey Softball game to be held at Jones Stadium Monday June 25 at 8 p. m.

The public is cordially invited to come out and watch the spills and excitement of this game. Admission is 50 cents for adults and 25 cents for children. Tickets are now on sale by members of the V. F. W.

Mr. and Mrs. Hez Hawley of Sweetwater spent a few days this week with his parents Mr. and Mrs. G. W. Rash.

Johnny Mac Brown To Be Guest Star of Lubbock Boy's Club Rodeo

Western movie actor, Johnny Mac Brown, will be the featured star of the Ninth Annual Lubbock American Business Club, Boys' Club Rodeo, June 21, through June 24, at 8:00 p.m. at Jones Stadium, Lubbock.

Favorite of kids the world over is Monogram's western star, Johnny Mac Brown, whose current picture is the dramatic "Flame of the West."

The former All-American football player, who is now starring in western movies for Monogram Studios, will be in Lubbock for the four-day rodeo and will make public appearances at all of the shows.

Other features of the rodeo will be three specialty acts that have been making big hits with audiences throughout the national rodeo circuit.

The initial appearance of the Roscoe Armstrong Bucking Ford Act in West Texas will be at the ABC Boys' Club Rodeo. Critics across the country have acclaimed the act as being one of the most original to be seen in the rodeo arena. Also featured will be the Kitchettes, a trampoline act with three young ladies, and a working exhibition of sheep herding by Border Collie dogs.

The rodeo profits will go into the capital building fund for the Lubbock Boy's Club. Over \$3,500 plus all entry fees, will constitute the prize money and will be offered to competing cowboys. The stock will be furnished by the Beutler Brothers Rodeo Producers, of Elk City, Oklahoma, one of the top three stock organizations in the nation. The rodeo is approved by the Rodeo Cowboys Association.

Tickets for the four-night rodeo will be available by writing the ABC Rodeo Ticket Office, Hotel Hilton, Lubbock. General admission seats, good for any night, are \$1.50 for adults and \$0.75 for children, and box reserved seats are \$2.40. All prices include tax. The box seats will be the only reserved seats available and will be

Gilmer-Aikin Law To Be Reviewed At Texas U.

AUSTIN, Texas, June 15, 1950—More than 200 Texas educational leaders will meet July 10-14 at the University of Texas to review the Gilmer-Aikin Laws' first year of operation.

The program that revised the state educational system in 1949 will be one year old on July 1. "The Gilmer-Aikin Laws conference will be an annual affair," University Education Dean L. D. Haskew said. "We want to find program weak spots before they develop, not after."

The conference will be sponsored for specific nights. General admission tickets are good for any seats on any of the four nights.

Unless the soil where corn was planted this spring was supplied with plenty of nitrogen, yields will be low.

The situation can be corrected through the use of a Gilmer-Aikin Program accomplished by try to clarify administrative interpretations, look for vague wording in the laws, and establish pupil transportation financing.

HEALTH NOTES

AUSTIN, June 15—There's a lot of punch corked up in that little bottle of cleaning solvent out on the back porch. State Health Officers Geo. W. Cox called them "hazardous, when special precautions are not used."

It seems that solvent vapors are heavier than air, which, means, according to Dr. Cox, that they will collect at floor levels. The danger of using solvent for such household chores as taking spots off the linoleum, or cleaning dirt or grease off the back steps, is that you have to get on your knees to do the job.

And when you're on your knees, you're closer to the accumulation of solvent vapor.

The state health officer proved his whole point with this story: A man attempted to remove the grease from the underside of his car by spraying it with a spray gun he had brought home from his construction job. He was found dead under the car, suffocated by the vapor of the cleaning agent.

Proper use of cleaning solvent, says the doctor, call for opening all the doors and windows when cleaning floors, the underside of household furniture, or clothing. The idea is to get as much ventilation as possible. A fan blowing on the working area is helpful.

When doing a job of this sort, work for a short time—avoiding inhaling the vapors as much as possible—and then get into the fresh air for a minute or two.

The first symptoms of vapor poisoning are nausea, dizziness, headache and fatigue. When you notice them, get outside as soon as possible, the health official advises.

Time can be saved and inconvenience avoided if complete plans for the entire farmstead are worked out before new buildings are constructed. New buildings, including houses, should be placed in a suitable location with reference to their use and to existing buildings.

A 22-acre cat pasture at the Brazos River Field Laboratory of the Texas Agricultural Experiment Station near College Station furnished good grazing during the past winter for 85 steer calves for 94 days and for 88 cows and 30 calves for 21 days.

Mrs. L. E. Ponder and son Larry, and Miss S. Ponder of Ft. Worth spent a few days recently with their parents Mr. and Mrs. L. C. Ponder of Spur. Miss Ponder will remain throughout the summer.

Sterling Williams

Traditionally Democratic Lone Star State, the general would have to overcome the handicap of the Republican label in order to win. The division among Texas voters is reflected in their answers to the following questions:

"Do you think Truman should run for president again, or not?"

July 1949	35%	42%
May 1950	53%	44%
No opinion	12%	14%

Yes, he should... 35% 42%
No, he shouldn't... 53% 44%
No opinion... 12% 14%

100% 100%

"Suppose the Republicans name General Eisenhower as their candidate for president in 1952, and the Democrats nominate Truman again, for whom would you vote?" (Asked only during May this year.)

May 1950	42%
Vote for Eisenhower	38%
Rather not say	12%
Undecided	8%

100%

The race today may be even closer than it seems in the above table, for more than half of the 12 per cent who answered "rather not say" to the second question indicated, in answer to the first,

LUBBOCK YOUTH TO REPRESENT F. F. A. IN THE BRITISH ISLES

Alton Brazell, Lubbock, Texas, has been selected to represent the Future Farmers of America in the British Isles this summer. Alton has served as National Vice-President, State Vice-President, President of the Lubbock Future Farmer Alumni Association, and has recently been elected secretary of the State Future Farmer Alumni Association. He is an Anderson-Clayton scholarship winner. He received the American Farmer Degree in October, 1948.

At a banquet given in 1949, Alton was credited with having traveled more at his own expense to promote vocational agriculture than any other person in Texas during the past three years. He has put a lot into the organization since his initiation as a Greenhand in 1943. This was confirmed and for all with the selection of Brazell as National Vice-President representing the Southern Region for 1948-49. During this time he spent a total of 162 days in the interest of F.F.A., and traveled that they did not think Truman should run again.

Two or every three who disapproved of Truman's seeking another term said they would vote for Eisenhower. The survey was conducted among a representative cross-section of qualified voters in all parts of the state. Analysis of results by regions indicates Eisenhower as a Republican would be strongest in South and Southwest Texas. In all other parts of the state, including the Panhandle where a Republican was recently elected to Congress in a special election, Truman seemed to have a five-to-four advantage over the general.

Alton will leave from Chicago on June 12, by air. His plane will land in London. While there he will be the guest of the National Federation of Young Farmers' Clubs of Great Britain. All of his expenses to London will be paid by the Future Farmers of America. While there, his expenses will be paid by the host. He will go to Paris for a brief visit before the return trip home, and will return by air direct from Paris on September 4, landing in New York.

The major purpose of this international exchange is to promote a better understanding between our countries.

TECH SUMMER ENROLLMENT TOTAL SHOWS SLIGHT DROP

LUBBOCK, June 15 — A total of 2,723 students are enrolled at Texas Technological college for the first summer session, and almost a fourth of them are graduate students who have returned under the emphasis of the Gilmer-Aiken bill.

The bill, passed by the last state legislature, places a wage premium on teachers' advanced degrees. The total was a slight decline from the 2,839 registered during the first term of the 1949 session. However, 714 were enrolled in the graduate division, a sharp increase over the 442 graduates in the 1949 roll.

Mrs. G. W. Justice, is visiting in Brady, Texas. She is visiting Mr. and Mrs. Wilson Justice.

GO TO CHURCH SUNDAY.

It's the best — Electric Cooking has advantages for all!

Better for you

FAST... electric "speed-units" now cook faster than any other method. They bring food to cooking temperature with unbelievable speed, and cook it at just the right temperature for the most flavorful and nutritious results.

COOL... the heat goes directly into the food and not into the air and kitchen. The days of hot, stuffy kitchens are over when you use flameless, clean electric cooking.

SIMPLE... as turning on your kitchen light. A flick of the switch and you're ready to cook. Baking, broiling, roasting, surface, deep-well, and pressure cooking are all equally simple.

AUTOMATIC... you've got a thrill coming when you can take the afternoon off, and have your supper ready for serving when you return. Electric cooking's automatic timing will "chef" for you, turning your oven on and off at just the right time, while you are enjoying a game of Bridge or Canasta.

Better for your home

CLEAN... you have freedom from combustion. No smoke, soot, fumes, or odors can come out of an electric coil to make your kitchen walls dark and dingy. This clean, flameless heat helps keep pots and pans bright, too.

CONVENIENT... once you cook electrically, you'll wonder why you stayed so long with horse-and-buggy methods, as old-fashioned as flame lamps.

MODERN... electricity is as dependable a servant for cooking as it is for lighting your home. Yes, today, the modern way to cook is the "electric way."

LONG LIFE... your electric range is built to be a permanent part of your home. You have a right to expect—and you will get—many, many long years of cooking pleasure.

Better for your family

SAFE... no matches, no fire, no fumes to bring hazards into your kitchen. Since electric cooking is flameless, no oxygen is removed and the air is not over charged with nitrogen to sweat up the walls.

HEALTHFUL... less water is used when cooking electrically, foods cook in their own juices, retain garden-fresh flavor and food values which are so often lost and carried off with the fumes of combustion in other methods of cooking.

ECONOMICAL... there's no wasted heat with electricity. Faster than ever, electric cooking gets the job done quicker and low-cost electric cooking rates bring operating costs way down.

MORE FREEDOM... your electric range requires less attention from you in the kitchen; its automatic features free you to devote more time to your family, more time to the pleasures of life. Its gleaming porcelain is so easy to keep clean... you'll be out of your kitchen in a jiffy after mealtime.

Mrs. Watson Hosts H. D. Club

The Soldier Mound H. D. Club met in the home of Mrs. T. B. Watson Friday June 2 for their regular meeting.

Demonstrations on bread baking were made by Mrs. Condon and Mrs. Hindman.

Refreshments of sandwiches, cake and ice tea were served to Mesdames Cal Martin, Henry Gruben, John Aston, Dee McArthur, Floyd Barnett, Ollie Hindman, Hade Condon, Devotie Ford, T. B. Watson, and a visitor Mrs. Chancelor of Dallas.

Three New Grain Sorghum Varieties To Be Distributed For Trial Planting

College Station, May 25. Three new grain sorghum varieties each selected to meet a definite need have been developed by plant breeders of the Texas Agricultural Experiment Station and released to certified seed breeders for increase, Director R. D. Lewis has announced.

The Station will have additional seed at the end of this season for distribution through county agents for demonstration planting in 1951.

The characteristic of the new varieties, as explained by R. E. Karker, agronomist in charge of grain sorghum investigations, and J. R. Quinby, superintendent of the Chillicothe station, are:

Combine Kafir-60—Like Kafir, the stalks are juicy and stand up well in the field. The heavy head is borne on a long stem and stands well above the stalk. The variety is awnless and seed are white with black specks, testing 60 pounds to the bushel. The variety blooms in 60 days from June 1 planting at Lubbock, or about a week earlier than Texas Blackhul Kafir or Plainsman. Combine Kafir-60 was developed by crossing a double dwarf Kafir selection with Texas Blackhul, followed by selection and backcrossing to the Kafir parent several times until a pure type of double dwarf adapted to combine harvesting was obtained.

Some of the growers have pooled their seed and planted it in Hidalgo county. This crop will be harvested in early June and the seed shipped to the Lubbock area for planting there for fall harvest.

One such pool of 70 ounces of each variety is expected to yield 20 bushels of certified seed from plants that are bagged to insure self pollination. This 20 bushels would seed 300 acres or more; if the crop averages only a little over 30 bushels an acre on the South Plains, the increase in one year would be a half million pounds, or enough to plant 100,000 acres in 1951.

Other certified seed growers will further increase the foundation seed of the new varieties in plantings on their own farms this year.

Broken Lines Are Barriers For Passing Cars

Take a look at the broken or dashed line in the sketches shown below and then look again. This is a barrier line for a no-passing zone, and it can be readily recognized on the road because it is yellow and covered with thousands of small glass beads that reflect light from car headlights

at night to make the strips more visible.

This is a companion line for the center line on two lane roads and lane lines on three lane roads at points where you do not have a clear view of the road ahead for a distance of at least 1,000 feet, and there are some 23,000 miles of highways on the State Highway System on which such points are marked. The broken yellow barrier line is one of the big guns fired by the Highway Department in the battle for traffic safety. The Highway Commission recently provided ammunition in the form of a \$500,000 appropriation for highway pavement markings during the year 1950.

What does the broken yellow barrier line mean? It means that you are violating the law when you cross a barrier line that is on your side of the center line, and you are subject to arrest and fine if you are caught. Even if you are not caught, it means that you are inviting a chance to shake hands with death.

Remember that it takes about

2,400 feet or six and one-half blocks for you to pass a car traveling 50 m.p.h. when you are traveling 60 m. p. h. and there is a car in the opposite lane traveling toward you at 60 m. p. h. When the dashed line is in your lane you cannot see the roadway ahead for more than 1,000 feet, or three blocks, and blind flying is hazardous.

Last year's toll from violations of the broken barrier line was 22 dead, 109 injured, and \$689,350 in economic loss. The accidents that resulted in this toll of deaths, injuries, and property damage cannot be justified on the basis of a mistake in judgment on the part of motorists they were violations of the law: violations in which the innocent as well as the guilty paid the price.

Don't let your impatience get the better of you and try to pass when there is a broken yellow barrier line in your lane unless directed to do so by an officer, for you are not only endangering your own life but that of an innocent motorist as well.

Help for Our Times

Lesson for June 15, 1950

FOR TIMES that are dull, times without hope, Malachi is the prophet. When he lived the exile was over; but it was no golden age. In the dingy little city of Jerusalem, rich and beautiful no longer, lived only a comparative handful of rather poor people, dragging out a monotonous existence. To these people, living in discouraging times, Malachi had, and has, a message from God.

Dr. Foreman

His prophecies do not have the bitter tang of Amos nor the melancholy of Hosea, the grandeur of Isaiah, or the dramatic power of Ezekiel. But with inspired common-sense, he offers in the name of God a simple remedy with four ingredients.

Better Leaders
SPEAKING DIRECTLY to the leaders of the people, namely the priests, Malachi condemns them for not really taking stock in the thing they were doing. How we need that today! If the church today in any place is dead, you may be sure there are some dead leaders. Dead from the neck up, that is. And not necessarily the preachers.

Many a good preacher breaks his heart for lack of support. How many men and women, in your church, can the minister count on to fill in where they are needed, without making up a dozen reasons why they "can't" do it?

Why do Christians talk and pray as if their religion were all-important, but act as if everything else came first?

Law Observance
ANOTHER THING for which Malachi pleads is law observance. (E.g. 2:8; 3:5) They did not need new laws, for they had good ones. What they needed was to obey the laws they had. This again is what our times need. We have so many laws now that only an expert can keep up with them. No civilized nation could live, to be sure, under the unchanged statutes of a generation ago.

Nevertheless, if all the legislatures in America were to resolve to pass no more laws for five years, and if for five years the energy, time and money spent ordinarily on getting up new laws were put in on educating the people in the laws now in existence, and in fostering law observance and in preventing and punishing crimes, ours would be a better country.

The Unbroken Home
AGAIN, Malachi stands for the unbroken home. He knows that no country can be strong when its homes are weak. (2:10-17.) In the year 1948 there were about 420,000 divorces in the United States, and 1.80 million marriages. That is a divorce rate of about 23 per cent. In some states the percentage of divorce is even higher. Indeed, in one large midwestern city it was announced in the papers about two years ago that the marriages had "caught up with" the divorces, i.e., they were at last having more marriages than divorces! This was an extreme case.

To say nothing else about it, 420,000 divorces and 12,000 desertions means that in the United States alone there are at least 422,000 persons who have no regard for the most solemn promises.

Support The Church
FIRST AND LAST, Malachi asks better support of the church. You need the church, of course; but then the church needs you. There is need for better leadership in the first place, and better support from the common man. Few persons want to live in a community without churches; yet a mere church building will not effect community life in the least. A beautiful building and a tall white spire are not a church.

The only church which will help a neighborhood take an active part, a church where neighbors together worship God and where they are inspired to plans and acts of service for their fellow-men.

The main object of the church is not to shore up the country; still if you want a better country, one of the best ways to support it is to support the Christian church. For of all the institutions in the nation, the church is the only one devoted to the purpose of transforming human lives.

Mrs. Gollihar Reports Cleveland Ladies' Meeting

The ladies of the W.S. of C.S. at the Wesleyan Service Guild met at the Roundup of the First Methodist Church Monday June 13 at 8 p.m.

Mrs. W. F. Gilbert opened the meeting by playing soft meditation music, which was followed by a word of prayer by Mrs. Cal Wright.

Mrs. J. W. Henry and Bonnie Bell, accompanied by Shirley Hargrove at the piano sang a hymn used at a recent national meeting of the Woman's Society of Christian Service at Cleveland, Ohio.

Mrs. Lella Evans introduced Mrs. P. E. Gollihar, who gave a brief outline of the four day meeting in Cleveland which she attended.

The topic of the meeting was "Christian Faith for a World in Revolution". Outstanding speakers were Bishop Broniey Conam, Bishop of the New York area of the Methodist Church, Dr. Benjamin Mays, president of the American College for Negroes, at Atlanta, Ga., and Mrs. Mildred McKinley Burton, vice-president of the Federal Council of Churches of Christ in America. The above speakers spoke on topics developed from the main subject, "Christian Faith for a World in Revolution".

Mrs. Gollihar also stressed the daily meditation "Victorious Christ-

ian Living" conducted by Dr. Harold Hooper, Dean of School of Divinity of Duke University at Durham, N. Carolina.

Refreshments of ice cream and cake were served to Mesdames W. F. Gilbert, Lella Evans, P. E. Gollihar, J. C. Payne, J. W. Henry, Gen. S. Lint, C. F. Cook, J. R. Lane, J. A. Koon, Van North, C. O. Fox, Jack Rector, Kate Morris, R. L. Walker, G. D. Thompson, Andy Hurst, Carl Murray, Eric Foster, Horace Gibson, Cal Wright, Lewis Lee, D. J. Daves, Raymond Saddle, Lane Buchanan, W. S. Campbell, Tom Johnston, Etna Pitt, C. C. Matthews of Austin and Misses Shirley Hargrove and Bonnie Bell Henry.

Engagement Is Announced

Mr. and Mrs. Alvin Wilson of Spur wish to announce the engagement and approaching marriage of their daughter Anita Reed to R. C. Littlefield, son of Mrs. Nettie Littlefield of Dickens.

Anita is a graduate of Spur High School and is presently employed in Lubbock. R. C. is a graduate of Dickens High School and is a student at Texas Tech.

The wedding date is to be announced at a later date.

Group Attends Methodist Assembly At Abilene

The First Methodist Church of Spur had three representatives to attend the Northwest Texas Methodist Youth Assembly at McMurry College in Abilene, June 5 thru 10.

The purpose of this assembly was to elect officers for the coming year, to better their interests in the Methodist Church, and to create interests in the Assembly for the future.

Approximately 400 young people attended the five days meeting. The daily program consisted of business meetings, singings, classes and recreation periods.

Those attending from Spur were Margaret Wainwright, Ginger Walker and Vera Kaffif.

Wesleyan Guild Installs Officers

The Wesleyan Service Guild met in the Education Building of the First Methodist Church on June 12 at 7 p. m.

Mrs. Cal C. Wright installed the new officers in a most impressive candle light ceremony. Those installed were Mrs. C. O. Fox, president; Mrs. H. P. Gibson, vice-president; Mrs. Lane Buchanan, secretary; and Mrs. Andy Hurst, treasurer.

Those present were Mesdames J. W. Henry, Carl Murray, Jack Rector, Raymond Saddle, Lane Buchanan, G. D. Thompson, H. P. Gibson, Cal Wright, Lewis Lee, C. O. Fox, Andy Hurst and a new member Mrs. Van North.

Following the installation of officers the group met in the Roundup with the W.S. of C.S.

Baptist W M U Circles Meet

The ladies of the W.M.U. of the First Baptist Church met Monday June 12 at 4 p. m.

Mrs. E. E. Carpenter presided over a business session followed by the opening devotional given by Mrs. C. M. Rutledge. Mrs. Leon Hart had charge of the afternoon program, "On the Back or On the Buckle". Others on program were Misses Bud Harris, W. F. Patrick and Edie Caudle.

Those present were Mesdames N. C. Warden, Elmer Higgins, W. E. Steele, L. W. Langston, L. C. Ponder, W. B. Francis, Sr., Edie Turman, Joe Long, Gerdy Lanier, T. J. Seale, Ruby Roberts, Mrs. Buckingham, Jerry Emery, Bertha Whitwell, H. L. Buchanan, Misses S. Ponder and Jennie Shields.

Sylvia Hinson Weds Jerry Rogers

Mr. and Mrs. Ward Hinson with their daughter Sylvia to Jerry Rogers, son of Mark Rogers of Ft. Worth, and Wynona Rogers of Albuquerque, N. M., at 10 a. m. Saturday June 11 in the First Baptist Church of Afton.

Rev. E. J. Keith of Afton read the double ring ceremony with the couple standing before an altar of greenery and gladiolus.

Mrs. E. J. Keith sang, "Truly It Do". She was accompanied by Mrs. T. B. Heiler, who also played the traditional wedding marches.

The bride, who was given in marriage by her father, was attired in a dusty pink original pederine suit with white and navy accessories and a stouitue corsage of white carnations. She carried an antique carved ivory fan belonging to her aunt Mrs. R. E. Spangler of Denver, Colo., and for something old she wore a gold band belonging to her grandmother Mrs. B. E. Yates.

The bride was attended by Miss Peggy Beth Korman, who wore a white tulle street length dress with a corsage of red carnations. E. E. Yates served the groom as best man.

Mr. and Mrs. Rogers will make their home in Glenn, where he is presently employed with the S.A.A. of Dickens.

Mrs. John Haney Feted With Gift Tea May 31

Mrs. John Haney, nee Wanda Taylor was feted with a gift tea Wednesday May 31 at 2:30 p.m., in the home of Mrs. J. W. Justice.

The guests were greeted by the honoree, who was attired in a blue crepe street length dress, and a shoulder corsage of red roses. Mrs. J. T. Rowell registered the guests in the bride's book.

The receiving and entertaining spoons were decorated with bouquets of white and blue daphnium.

The serving table was laid with a lace cloth over a blue cloth and centered with a crystal punch bowl. Various other appointments completed the table. Small bags of rice and blue napkins inscribed in white "Wanda and John" were used as place favors.

Hostesses were Misses J. T. Rowell, Claude Weaver, M. C. Hurst and G. W. Justice.

Refreshments of punch and tea were served to Mesdames Harvey Harrison, W. S. Carlisle, W. Durham, Norman Wisser, E. D. Higgins, Myrtle Webb, E. Warren Gregory, Bill Hale, Jesse Rowell, D. T. Rading, L. S. Wilson, Byram Bolton, James Bridges, Bobbie Pierce, Hugh Higgins, Floyd de Graffenried, G. W. Justice, Frank Massey, Bob Parsons, Floyd Paulus, Helen Williams, Joe Towell, Buford Johnson, Harry Yarnum, Emmitt Higgins, Robin Sturchee, Roy Vance.

Mesdames Alvin Wilson, Walter Driggers, Imah Taylor, M. C. Hurst, J. A. Starbuck, Marvin Higgins, C. E. Harrison, J. B. Carlisle, Ford Taylor, Elmer Cross, Roy Carr, Edie Wainfall, Jessie Arnold, Billy Dan Bingham, Wilson Higgins, Claude Weaver, Miss Mary Bessie and Dr. Sam Carr.

Mr. Paul Higgins, Gene Taylor and D. D. Higgins.

Out-of-town guests were Mrs. Bruce Taylor, Paul Ross, Jack Taylor, all of Fort. Worth; Mrs. J. T. Haney, and Leslie Hargrove of Afton; Mrs. Eugene Moore, A. C. Moore and Herman Moore of Haskell; Mrs. S. M. Baxter of Glenn; Mrs. W. N. Mullins of Littlefield; Mrs. Lillian Arnold of Dimmitt; and Mrs. Joe Arnold and Barney Aiken of Whitmarsh.

Bride Elect Feted With Shower

Miss Cora DeWess bride-elect of Morris Denson was feted with a bridal shower Tuesday June 14 from 2 till 5 in the home of Mrs. George Guadri.

The guests were received by Mrs. Geo. Guadri, Miss DeWess, honoree who was attired in a lime green street length organza dress and a corsage of blue asters. Mrs. G. L. DeWess, mother of bride-elect, and Mrs. Ott Denson, mother of the groom to be.

The receiving and gift spoons were decorated with bouquets of roses and daisies.

Guests were registered in the bride's book by Mrs. Lucille Barker. Refreshments of June punch and tea and squares were served to approximately 95 guests who called or sent gifts.

The approaching wedding date was revealed on blue napkins inscribed in yellow, Cora and Morris, June 18.

Hostesses were Mrs. Geo. Guadri and Mrs. Lester English.

Cheerful hosts, a summer student at Tech spent the past weekend visiting her parents Mr. and Mrs. Jack Rector.

"THE BIG VALUE NOW IS DODGE!"

SAY MOTORISTS FROM COAST TO COAST

YOU COULD PAY \$1000 MORE and still not match Dodge for roominess and ruggedness

That's what you can see—what you can feel as you drive—what you notice in your pocketbook!

There's more than a world of roominess—head room, shoulder room, leg room.

Step at your Dodge dealer's, check Dodge bags for comfort, drive on "Dodge Mile." We'll have it to you when our price meets for your money.

That's what you can see—what you can feel as you drive—what you notice in your pocketbook!

Dodge alone, without beauty is apparent to all. Dodge composite design gives you a more handling car—a car that's easier to park and maneuver. That's really big!

Mrs. Russell Is Story Hour Guest

Mrs. Emma Russell was story teller for the Library Hour on Saturday June 11. Mrs. Russell is an experienced story teller and entertained the audience of children with the accounts of "Little Brown Coat" and other characters from story land.

The Story Hour sponsored by the City Federation of Women's Club will be discontinued during the months of July and August and will be resumed in September at the regular hour.

Wesleyan Guild Installs Officers

The Wesleyan Service Guild met in the Education Building of the First Methodist Church on June 12 at 7 p. m.

Mrs. Cal C. Wright installed the new officers in a most impressive candle light ceremony. Those installed were Mrs. C. O. Fox, president; Mrs. H. P. Gibson, vice-president; Mrs. Lane Buchanan, secretary; and Mrs. Andy Hurst, treasurer.

Those present were Mesdames J. W. Henry, Carl Murray, Jack Rector, Raymond Saddle, Lane Buchanan, G. D. Thompson, H. P. Gibson, Cal Wright, Lewis Lee, C. O. Fox, Andy Hurst and a new member Mrs. Van North.

Following the installation of officers the group met in the Roundup with the W.S. of C.S.

The Child's Life You Save May Be Your Own!

With the end of the Month of May, approximately 2,375,000 school children finished another year of their education, and eagerly began the three months annual vacation period.

Vacation to a school child can mean many things, an all day period of play with the neighbor children, a trip to the big city, a summer of work and play on Uncle's farm in the country, or just three months of leisure time to do as they please and not worrying about the three R's.

Regardless of which path these children follow, they will present us with an enormous problem. The fact that they will not be in school will mean that our streets and highways will carry an additional burden of nearly two and one half million persons. These children will use the streets and highways more this summer than ever before. Whether they are driving automobiles, bicycles or other vehicles, or simply using them as pedestrians, they

will be exposed to the ever present danger of death or injury by accidents of all types, but particularly through accidents concerning motor vehicles.

Your Texas Safety Association wishes to remind you that each year scores of children meet their death under the wheels of oncoming automobiles whose drivers are negligent, many more are killed in car wrecks of all kinds. The addition of this group of youngsters provides an added burden to our already crowded street and highway systems, and it presents us, as adult citizens of our communities with a challenge. These youngsters are entitled to the right for life, liberty, the pursuit of happiness and safety. These are our future leaders of tomorrow who will, if we give them the chance, grow, learn, and mature and take their place in society.

This is our debt to them, and by being more careful and cautious as we drive this summer, we can insure their being safely back in school next fall.
BE CAUTIOUS, THE CHILD'S LIFE YOU SAVE, MAY BE YOUR OWN.

Allan Shivers Asks "Term of My Own" As Texas Governor

Gov. Allan Shivers, in formally announcing his candidacy for a first elective term as Governor, said he has done his best to carry out a program for Texas in a manner acceptable to the people of Texas, adding:
"If I have succeeded, I will appreciate their votes for a term of my own."
Shivers, who assumed the Government last July, had not held a full-time governmental job before becoming Governor. He was elected to the State Senate in 1934 and twice re-elected. In 1946 he was elected Lieutenant Governor and re-elected to that office in 1948. Born in Lufkin, he spent his boyhood in Tyler County and later moved with his family to Port Arthur.

Mahon Announces Support Price on Grain Sorghum

Congressman George Mahon advised early this week that Department of Agriculture officials had informed him that all the papers had been prepared for an announcement of the support price loan on grain sorghum.

The announcement has been held up for weeks pending Senate passage of a bill increasing the capital stock of the Commodity Credit Corporation. The Senate acted June 6, passing the bill which the House had approved last March 23.

Mahon stated that Presidential approval of the pending measure was expected soon, and that within a few hours after the President signs the bill, the grain sorghum loan will be announced. He said that the support price on grain sorghum might possibly be announced before the end of the week.

During his public career Shivers has given particular attention to public welfare, rural roads and improved educational facilities. He was a co-author of Texas' original old-age assistance law and helped to write the tax bill which still meets the cost of old-age assistance. Under his leadership last February, the Legislature approved a far-reaching reform and improvement program for state hospitals.
"Between now and the July 22 election I will continue to make known my views on important public issues," Governor Shivers stated. "I will emphasize facts

and record of accomplishment, instead of easy promises, and will address myself to all the people of Texas rather than to any special group."
The Governor said he considers economy to be the State's top problem. "And that means economy of money, of our soil and of our water resources," he added.
He expressed thanks to "the thousands of individual Texans who have already told me that they will support me in this election."

How SMOOTH can a ride be?

THAT's a question well worth answering before you settle on your next automobile.

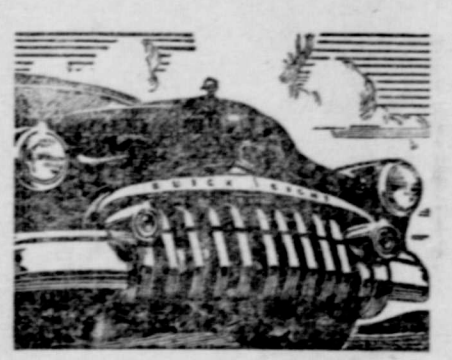

For what fun is there—what thrill—in a car that is prisoner to the city streets, slowed down by roads a Buick is built to take in stride?

So we'd like to show you just how much smoothness your money can buy. How levelly you float over cobbles and car

tracks—over rutty gravel and wavy black-top—in this stunning traveler.

The car will be any Buick you prefer—SPECIAL, SUPER or ROADMASTER. You can name the place—pick a spot or a stretch you know so that you can measure Buick's smoothness against your own experience—and we'll promise you a new sensation in riding comfort.

The time can be any time you want to arrange with your Buick dealer—who is ready to

FOUR-WAY FOREFRONT
This rugged front end (1) sets the style, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

show with actual figures that "if you can afford a new car you can afford a Buick."
See him, will you, and treat yourself to some real comfort?

SEVEN POINTS OF THE WONDERFUL BUICK RIDE

1. Buick's smoothness starts with this husky weaverproof frame.
2. A stout torque-tube serves like the keel of a battleship to steady the whole car.
3. Gentle coil springs, the safest type men know, let each wheel "step over" bumps individually, just as only the front wheels do on most other cars.
4. Low-pressure tires, mounted on Buick's own Safety-Ride rims, give firm traction, soft cushioning, less "heel-over" on curves.
5. Quick-action shock absorbers snub after-bounce promptly when you hit a bump.
6. Even the special way the engine is mounted betters the ride by preventing vibration build-up.
7. Dynaflo Drive adds a crowning touch of silky smoothness by eliminating the check and jerk of gearshifting and by filtering the engine's thrust through a cushion of oil.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Only Buick has Dynaflo—and with it goes:
HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.)
NEW-PATTERN STYLING, with MULTI-GUARD forefront, taper-through fenders, "double bubble" taillights
WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles
SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

For thrift with light, either daylight or electric, there is an advantage in light-colored walls, woodwork, and furnishings. This is because the white or light colors reflect light and dark colors absorb it.

Growing pullets on good range will help to reduce feed costs; permits the poultryman to develop a flock of clean, healthy birds and keeps the young birds separated from the older birds on the farm.

The good poultry range should provide the flock with plenty of good green feed and shade and the poultryman must provide the feed and water.

LEGAL NOTICE

NOTICE TO BIDDERS CONTRACTOR'S NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Scaled proposals for constructing 11.24 miles of Gr., Strs., Flex. Base & One-Crs. Surf. Treat. from Spur to 7.76 mi. N. W. and Fr. Road int. N. W. of McAdoo to Road int. East of McAdoo on Highway No. FM 836, FM 1441 covered by S 169 (1) & R 950-4-1, in Dickens County, will be received at the Highway Department, Austin, until 9:00 a. m. June 20, 1950, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rates. Plans and specifications available at the office of Algie Groves, Resident Engineer, Matador, Texas, and Texas Highway Department, Austin. Usual rights reserved.

-You can haul more loads . . . more miles . . . for less . . . with Chevrolet Trucks

Take time out to talk to some Chevrolet truck users. You'll find it revealing. You'll discover that Chevrolet trucks pay their way by hauling more loads—more miles—for less! And you'll find that this extra measure of value is even more apparent in the new Chevrolet models. Definitely, they're America's first-choice trucks. Heavy-duty units feature a brand-new 105-h.p. Valve-in-Head engine with the power to pull heavy loads and conquer steep grades. They offer new Power-Jet carburetion for smoother, quicker operation. They bring you the fast, safe shifting of Chevrolet's 4-speed Synchro-Mesh transmission. But whatever your hauling requirements, Chevrolet trucks are your best bet. See them in our showroom. You'll agree.

Johnny Mac Brown To Be Guest Star of Lubbock Boy's Club Rodeo

Western movie actor, Johnny Mac Brown, will be the featured star of the Ninth Annual Lubbock American Business Club, Boys' Club Rodeo June 21, through June 24, at 8:00 p.m. at Jones Stadium, Lubbock.

Favorite of kids the world over is Monogram's western star, Johnny Mac Brown, whose current picture is the dramatic "Flame of the West."

The former All-American football player, who is now starring in western movies for Monogram Studios, will be in Lubbock for the four-day rodeo and will make public appearances at all of the shows.

Other features of the rodeo will be three specialty acts that have been making big hits with audiences throughout the national rodeo circuit.

The initial appearance of the Roscoe Armstrong Bucking Ford Act in West Texas will be at the ABC Boys' Club Rodeo. Critics across the country have acclaimed the act as being one of the most original to be seen in the rodeo arena. Also featured will be the Kitchenettes, a trampoline act with three young ladies, and a working exhibition of sheep herding by Border Collie dogs.

The rodeo profits will go into the capital building fund for the Lubbock Boys' Club. Over \$3,500 plus all entry fees, will constitute the prize money and will be offered to competing cowboys. The stock will be furnished by the Beutler Brothers Rodeo Producers, of Elk City, Oklahoma, one of the top three stock organizations in the nation. The rodeo is approved by the Rodeo Cowboys Association.

Tickets for the four-night rodeo will be available by writing the ABC Rodeo Ticket Office, Hotel Hilton, Lubbock. General admission seats, good for any night, are \$1.50 for adults and \$0.75 for children, and box reserved seats are \$2.40. All prices include tax. The box seats will be the only reserved seats available and will be

Gilmer-Aikin Law To Be Reviewed At Texas U.

AUSTIN, Texas, June 15, 1950—More than 200 Texas educational leaders will meet July 10-14 at the University of Texas to review the Gilmer-Aikin Law's first year of operation.

The program that revised the state educational system in 1949 will be one year old on July 1. "The Gilmer-Aikin Law conference will be an annual affair," University Education Dean L. D. Haskew said. "We want to find program weak spots before they develop, not after."

The conference will be sponsored for specific nights. General admission tickets are good for any seats on any of the four nights.

ed jointly by the Texas Education Agency, Texas Association of School Administrators, and the University. Attendees will study records of Gilmer-Aikin Program accomplishments, try to clarify administrative interpretations, look for vague wording in the laws, and establish pupil transportation financing.

Unless the soil where corn was planted this spring was supplied with plenty of nitrogen, yields will be low. The situation can be corrected through the use of a nitrate fertilizer applied now as a side dressing. Two hundred pounds per acre of ammonium nitrate or 300 pounds of sulphate of ammonia will balance the 200 to 300 pounds of 4-12-4 or 5-10-5 that was applied before the corn was planted.

HEALTH NOTES

AUSTIN, June 15—There's a lot of punch corked up in that little bottle of cleaning solvent out on the back porch. State Health Officers Geo. W. Cox called them "hazardous, when special precautions are not used."

It seems that solvent vapors are heavier than air, which means, according to Dr. Cox, that they will collect at floor levels. The danger of using solvent for such household chores as taking spots off the linoleum, or cleaning dirt or grease off the back steps, is that you have to get on your knees to do the job.

And when you're on your knees, you're closer to the accumulation of solvent vapor.

The state health officer proved his whole point with this story: A man attempted to remove the grease from the underside of his car by spraying it with a spray gun he had brought home from his construction job. He was found dead under the car, suffocated by the vapor of the cleaning agent.

Proper use of cleaning solvent, says the doctor, call for opening all the doors and windows when cleaning floors, the underside of household furniture, or clothing. The idea is to get as much ventilation as possible. A fan blowing on the working area is helpful.

When doing a job of this sort, work for a short time—avoiding inhaling the vapors as much as possible—and then get into the fresh air for a minute or two.

The first symptoms of vapor poisoning are nausea, dizziness, headache and fatigue. When you notice them, get outside as soon as possible, the health official advises.

Time can be saved and inconvenience avoided if complete plans for the entire farmstead are worked out before new buildings constructed. New buildings, including houses, should be placed in a suitable location with reference to other use and to existing buildings.

What was the *RIGHT* thing for this Driver to do?

Suppose you were driving the car in front. The driver behind wants to pass, and you see that he may run into a car coming from the opposite direction. If you are wise you will put out your hand and signal him not to pass. But if he comes ahead of you too fast, keep to the right to provide clearance.

Drive *RIGHT* with Phillips 66

Phillips 66 Gasoline provides the fast, smooth response you want whenever you may be faced with a "kickback" driving situation. Thanks to improved refining methods, this great motor fuel now gives smoother anti-knock performance, faster acceleration and greater power than it ever did before! It's right for safe, pleasurable driving.

You can get over, improved Phillips 66 Gasoline now, at your Phillips 66 Dealer's.

Texas Poll Favors Eisenhower and Truman For Presidential Candidates

AUSTIN, Texas, June 10 — It would be a nip-and-tuck race in Texas if General Dwight D. Eisenhower were running as Republican candidate for president against Harry S. Truman.

Political Announcements

The TEXAS SPUR is authorized to announce the following candidates for offices in Dickens County subject to the Democratic primaries.

FOR CHIEF, TAX COLLECTOR-ASSESSOR
H. T. Burger
Charlie Kimmel (re-election)
Russell Dan Williams

FOR COUNTY SCHOOL SUPERVISOR
Doe R. Hairgrove
Robert Williams (re-election)

DICKENS COUNTY CLERK
L. J. (Jake) Varnell, Jr. (re-election)

DICKENS COUNTY TREASURER
Ava Johnson (re-election)

DICKENS COUNTY JUDGE
W. H. Hindman
Van R. North
A. C. Sharp (re-election)

COMMISSIONER PRECINCT 1
Forrest L. Edwards,
Roy Ward (re-election)

COMMISSIONER PRECINCT 2
E. J. Offield (re-election)

DICKENS COUNTY ATTORNEY
Alfred Walker

COMMISSIONER PRECINCT 3
Joe Draper
Muri Foreman
Arner Watson (re-election)

COMMISSIONER PRECINCT 4
E. J. Nickels
George Pierce (re-election)
W. E. (Earl) Robertson

JUSTICE OF THE PEACE PRECINCT 3
W. M. Malone (re-election)

DISTRICT ATTORNEY, 110 JUDICIAL DIST. STATE OF TEXAS
John B. Stapleton (re-election)

STATE REPRESENTATIVE 118th REPRESENTATIVE DISTRICT — STATE OF TEXAS
N. C. Outlaw
Sterling Williams

Texas Poll shows:
(1) The President's position among Texas voters is slightly better than it was about a year ago.
(2) Still less than half of the voters want him to run for re-election.
(3) Almost as many today would vote for Eisenhower running as a Republican as would vote for Truman.

In a recent nationwide Gallup poll, the Texas-born general was shown to be a two-to-one favorite over Truman. However, in this year.

Vote for Truman.....42%
Vote for Eisenhower.....38%
Rather not say.....12%
Undecided.....8%

PHONE 12

traditionally Democratic Lone Star State, the general would have to overcome the handicap of the Republican label in order to win.

The division among Texas voters is reflected in their answers to the following questions:
"Do you think Truman should run for president again, or not?"

July May
1949 1950
Yes, he should.....35% 42%
No, he shouldn't.....53 44
No opinion.....12 14

"Suppose the Republican name General Eisenhower as their candidate for president in 1952, and the Democrats nominate Truman again, for whom would you vote?" (Asked only during May this year.)

100% 100%
The race today may be even closer than it seems in the above table, for more than half of the 12 per cent who answered "rather not say" to the second question indicated, in answer to the first,

that they did not think Truman should run again.

Two or every three who disapproved of Truman's seeking another term said they would vote for Eisenhower.

The survey was conducted among a representative cross section of qualified voters in all parts of the state. Analysis of results by regions indicates Eisenhower as a Republican would be strongest in South and Southwest Texas. In all other parts of the state, including the Panhandle where a Republican was recently elected to Congress in a special election, Truman seemed to have a five-to-four advantage over the general.

LUBBOCK YOUTH TO REPRESENT F. F. A. IN THE BRITISH ISLES

Alton Brazell, Lubbock, Texas, has been selected to represent the Future Farmers of America in the British Isles this summer.

Alton has served as National Vice-President, State Vice-President, President of the Lubbock Future Farmer Alumni Association, and has recently been elected secretary of the State Future Farmer Alumni Association. He is an Anderson-Clayton scholarship winner. He received the American Farmer Degree in October, 1948.

At a banquet early in 1949, Alton was credited with having traveled more at his own expense to promote vocational agriculture than any other person in Texas during the past three years. He has put a lot into the organization since his initiation as a Greenhand in 1943. This was confirmed and for all with the selection of Brazell as National Vice-President representing the Southern Region for 1948-49. During this time he spent a total of 162 days in the interest of F.F.A., and traveled

56,000 miles. Alton will leave from Chicago on June 12, by air. His plane will land in London. While there he will be the guest of the National Federation of Young Farmer's Clubs of Great Britain. All of his expenses to London will be paid by the Future Farmers of America. While there, his expenses will be paid by the host. He will go to Paris for a brief visit before the return trip home, and will return by air direct from Paris on September 4, landing in New York.

The major purpose of this international exchange is to promote a better understanding between our countries.

TOTAL SUMMER ENROLLMENT SHOWS SLIGHT DROP
LUBBOCK, June 15 — A total of 2,723 students are enrolled at Texas Technological college for the first summer session, and almost a fourth of them are graduate students who have returned under the emphasis of the Glimmer-Aiken bill.

The bill, passed by the last state legislature, places a wage premium on teachers' advanced degrees.

The total was a slight decline from the 2,839 registered during the first term of the 1949 session. However, 714 were enrolled in the graduate division, a sharp increase over the 442 graduates on the 1949 roll.

Mrs. G. W. Justice, is visiting in Brady, Texas. She is visiting Mr. and Mrs. Wilson Justice.

Cooking Advantages for all!

... electric "speed-units" now cook faster than any other method, they bring food to cooking temperature with unbelievable speed, and cook it at just the right temperature for the most flavorful and best results.

... the heat goes directly into the food and not into the air. The days of hot, stuffy kitchens are over when you use clean electric cooking.

... as turning on your kitchen light. A flick of the switch is ready to cook. Baking, broiling, roasting, surface, deep-well, pure cooking are all equally simple.

... TIC... you've got a thrill coming when you can take the off, and have your supper ready for serving when you return. cooking's automatic timing will "chef" for you, turning your off and at just the right time, while you are enjoying a game or Canasta.

for your home
... you have freedom from combustion. No smoke, soot, fumes, or odors can come out of an electric coil to make your kitchen walls dark and dingy. This clean, flameless heat helps keep pots and pans bright, too.

CONVENIENT... once you cook electrically, you'll wonder why you stayed so long with horse-and-buggy methods, as old-fashioned as flame lamps.

MODERN... electricity is as dependable a servant for cooking as it is for lighting your home. Yes, today, the modern way to cook is the "electric way."

LONG LIFE... your electric range is built to be a permanent part of your home. You have a right to expect—and you will get—many, many long years of cooking pleasure.

for your family
SAFE... no matches, no fire, no fumes to bring hazards into your home. Since electric cooking is flameless, no oxygen is removed and not over charged with nitrogen to sweat up the walls.

... water is used when cooking electrically, foods retain their natural flavor and food values are not carried off with the fumes of combustion from open flame cooking.

... there's no wasted heat with electricity. Faster cooking gets the job done quicker and low-cost operating costs way down.

... electric range requires less attention than gas. Its automatic features free you to devote more time to the pleasures of life. Its self-cleaning is so easy to keep clean... you'll be out of your kitchen in a jiffy after mealtime.

Mrs. Watson Hosts H. D. Club

The Soldier Mound H. D. Club met in the home of Mrs. T. B. Watson Friday June 2 for their regular meeting.

Demonstrations on bread baking were made by Mrs. Condon and Mrs. Hindman.

Refreshments of sandwiches, cake and ice tea were served to Mesdames Cal Martin, Henry Gruben, John Aston, Dee McArthur, Floyd Barnett, Ollie Hindman, Hilde Condon, Devotic Hord, T. B. Watson, and a visitor Mrs. Chancelor of Dallas.

Help for Our Times

Lesson for June 15, 1939

FOR TIMES that are dull, times without hope, Malachi is the prophet. When he lived the olive was over, but it was to golden age. In the dingy little city of Jerusalem, rich and beautiful no longer, lived only a comparative handful of rather poor people, dragging out a monotonous existence.

To these people, living in discouraging times, Malachi had, and has, a message from God.

Dr. Foreman

His prophecies do not have the bitter tang of Amos nor the melancholy of Hosea, the grandeur of Isaiah, the dramatic power of Jeremiah or the eerie visions of Ezekiel. But with inspired common-sense, he offers in the name of God a simple remedy with four ingredients.

Better Leaders

SPEAKING DIRECTLY to the leaders of the people, namely the priests, Malachi condemns them for not really taking stock in the thing they were doing. How we need that today! If the church today in any place is dead, you may be sure there are some dead leaders.

Dead from the neck up, that is, and not necessarily the preachers.

Many a good preacher breaks his heart for lack of support. How many men and women, in your church, can the minister count on to fill in where they are needed, without making up a dozen reasons why they "can't" do it?

Why do Christians talk and pray as if their religion were all-important, but act as if everything else came first?

Law Observance

A NOTHING THING for which Malachi pleads is law observance. (E.g. 2:3; 3:5) They did not need new laws, for they had good ones. What they needed was to obey the laws they had. This again is what our times need. We have so many laws now that only an expert can keep up with them. No civilized nation could live, to be sure, under the unchanged statutes of a generation ago.

Nevertheless, if all the legislatures in America were to resolve to pass no more laws for five years, and if for five years the energy, time and money spent ordinarily on passing up new laws were put in on educating the people in the laws now in existence, and in fostering law observance and in preventing and punishing crimes, ours would be a better country.

The Unbroken Home

A GAIN, Malachi stands for the unbroken home. He knows that no country can be strong when its homes are weak. (2:10-17.) In the year 1948 there were about 420,000 divorces in the United States, and 1,300 million marriages. That is a divorce rate of about 23 per cent. In some states the percentage of divorce is even higher. Indeed, in one large midwestern city it was announced in the papers about two years ago that the marriages had "caught up with" the divorces, i.e., they were at last having more marriages than divorces! This was an extreme case.

To say nothing else about it, 420,000 divorces and 12,000 desertions means that in the United States alone there are at least 432,000 persons who have no regard for the most solemn promises.

Support The Church

FIRST AND LAST, Malachi asks for better support of the church. You need the church, of course; but then the church needs you. There is need for better leadership in the first place, and better support from the common man. Few persons want to live in a community without churches; yet a mere church building will not effect community life in the least. A beautiful building and a tall white spire are not a church.

The only church which will help a neighborhood is one in which the neighborhood takes an active part, a church where neighbors together worship God and where they are inspired to plan and act of service for their fellow-men.

The main object of the church is not to shove up the country; still if you want a better country, one of the best ways to support it is to support the Christian church. For of all the institutions in the nation, the church is the only one devoted to the purpose of transforming human lives.

Three New Grain Sorghum Varieties To Be Distributed For Trial Planting

College Station, May 25. Three new grain sorghum varieties each selected to meet a definite need have been developed by plant breeders of the Texas Agricultural Experiment Station and released to certified seed breeders for increase, Director R. D. Lewis has announced.

The Station will have additional seed at the end of this season for distribution through county agents for demonstration planting in 1939.

The characteristic of the new varieties, as explained by R. E. Karker, agronomist in charge of grain sorghum investigations, and J. R. Quinby, superintendent of the Chillicothe station, are:

Combine Kafir-60—Like Kafir, the stalks are juicy and stand up well in the field. The heavy head is borne on a long stem and stands well above the stalk. The variety is awnless and seed are white with black specks, testing 60 pounds to the bushel. The variety blooms in 60 days from June 1 planting at Lubbock, or about a week earlier than Texas Blackhul Kafir or Plainman Combine Kafir-60 was developed by crossing a double dwarf Kafir selection with Texas Blackhul, followed by selection and backcrossing to the Kafir

parent several times until a pure type of double dwarf adapted to combine harvesting was obtained.

Redbine-60 and Redbine-66—These new red-seeded varieties are similar except in their maturity. Redbine-60 blooms in 60 days, a little earlier than Martin; Redbine-66 in 66 days, a few days earlier than Plainman. Both have dry head-stems and rachis, can be combined before or after if desired, and have a long stem so that there are fewer stalks to be cut down to load down the shaker when combining. Both varieties have a brighter reddish-yellow seed color than Martin and have a longer stem, are taller and have better threshability than Plainman. Redbine-60 has awns, tests 57 pounds to the bushel and is a little surer of production because of its earliness. Redbine-66 is awnless, tests 60 pounds to the bushel and will yield higher under favorable conditions because of its longer growing season. These two varieties were chosen after several years of test from numerous selections from the progeny of a cross between Martin and a sib of Caprock.

Four ounces of each of the new varieties were distributed to 35 Texas certified seed growers.

Some of the growers have pooled their seed and planted it in Hidalgo county. This crop will be harvested in early June and the seed shipped to the Lubbock area for planting there for fall harvest.

One such pool of 70 ounces of each variety is expected to yield 20 bushels of certified seed from plants that are bagged to insure self-pollination. This 30 bushels would seed 300 acres or more; if the crop averages only a little over 30 bushels an acre on the South Plains, the increase in one year would be a half million pounds, or enough to plant 100,000 acres in 1941.

Other certified seed growers will further increase the foundation seed of the new varieties in plantings on their own farms this year.

2,400 feet or six and one-half blocks for you to pass a car traveling 50 m. p. h. when you are traveling 60 m. p. h. and there is a car in the opposite lane traveling toward you at 60 m. p. h. When the dashed line is in your lane you cannot see the roadway ahead for more than 1,000 feet, or three blocks, and blind flying is hazardous.

Last year's toll from violations of the broken barrier line was 22 dead, 169 injured, and \$689,350 in economic loss. The accidents that resulted in this toll of deaths, injuries, and property damage cannot be justified on the basis of a mistake in judgment on the part of motorists they were violations of the law: violations in which the innocent as well as the guilty paid the price.

Don't let your impatience get the better of you and try to pass when there is a broken yellow barrier line in your lane unless directed to do so by an officer, for you are not only endangering your own life but that of an innocent motorist as well.

Broken Lines Are Barriers For Passing Cars

Take a look at the broken or dashed line in the sketches shown below and then look again. This is a barrier line for a no-passing zone, and it can be readily recognized on the road because it is yellow paint covered with thousands of small glass beads that reflect light from car headlights

Men's Meeting

Living', conducted by Dr. Bosley, Dean of School of Duke University at N. Carolina.

Gifts of ice cream and served to Mesdames Bert, Lela Evans, P. E. Payne, J. W. Henry, State Cook, J. R. subject to North, C. Bills, D. Thompson, intent, Murry, Eric prov, Cal Wright, Dyess, Raymond H. achman, W. S. Johnston, Etta Matthews of Austin Wiley Hairgrove and Henry.

ment Is Announced

Mrs. Alvia Wilson of to announce the end and approaching marriage daughter Aris Reid Littlefield, son of Mrs. Littlefield of Dickens.

is a graduate of Spur school and is presently employed at Lubbock. R. C. is a student at Dickens High School at Texas Tech. Wedding date is to be announced at a later date.

Attends Methodist Assembly At Abilene

The First Methodist Church of Spur had three representatives to attend the Northwest Texas Methodist Youth Assembly at Murry College in Abilene, June 5 thru 10.

The purpose of this assembly was to elect officers for the coming year, to better their interests in the Methodist Church, and to create interests in the Assemblies for the future.

Approximately 450 young people attended the five days meeting. The daily program consisted of business meetings, singings, classes and recreation periods.

Those attending from Spur were Margaret Woods, Ginger Walker and Myra Ratliff.

Baptist W M U Circles Meet

The ladies of the W M U of the First Baptist Church met Monday, June 12 at 4 p. m.

E. H. Carpenter presided business session followed opening devotional given C. M. Ratheal. Mrs. Leon in charge of the afternoon.

Others on program were Ed Harris, W. F. Patrick, and Caudle.

Those present were Mesdames N. C. Moffett, Elmer Hagins, W. Steele, L. W. Langston, L. C. Under, W. B. Francis, Sr., Hat Turvan, Joe Long, Grady Key, T. J. Seale, Ruby Bilberry, Mrs. Buckingham, Jerry Eny, Myrtle Whitwell, H. L. Burnham, Misses S. Ponder and Jenny Shields.

Sylvia Hinson Weds Jerry Rogers

Mr. and Mrs. Vurl Hinson wish to announce the recent marriage of their daughter Sylvia to Jerry Rogers, son of York Rogers of Ft. Worth, and Yvonne Rogers of Alquerque, N. M., at 10 a. m., Saturday June 3 in the First Baptist Church of Afton.

Rev. E. J. Keith of Afton read the double ring ceremony with the couple standing before an altar of greenery and gladiolus.

Mrs. E. J. Keith sang, "Truly I Do". She was accompanied by Mrs. T. B. Hicks, who also played the traditional wedding marches.

The bride, who was given in marriage by her father, was attired in a dusty pink original gossamer suit with white and navy accessories and a shoulder corsage of white carnations. She carried an antique carved ivory fan belonging to her aunt Mrs. R. E. Spangler of Denver, Colo., and for something old she wore a gold band belonging to her grandmother Mrs. B. F. Yeates.

The bride was attended by Miss Peggy Beth Koonman, who wore a white pique street length dress with a corsage of red carnations. H. F. Yeates served the groom as best man.

Mr. and Mrs. Rogers will make their home in Glenn, where he is presently employed with the AAA of Dickens.

Mr. and Mrs. Winston Barclay of Lubbock spent the weekend visiting their parents Mr. and Mrs. A. M. Karr and Mr. Claude Barclay.

Mrs. John Haney Feted With Gift Tea May 31

Mrs. John Haney, nee Wanda Taylor was feted with a gift tea Wednesday May 31 at 2:30 p. m., in the home of Mrs. J. W. Justice.

The guests were greeted by the honoree, who was attired in a blue crepe street length dress, and a shoulder corsage of red roses. Mrs. J. T. Powell registered the guests in the Bride's book.

The receiving and entertaining rooms were decorated with bouquets of white and blue delphinium.

The serving table was laid with a lace cloth over a blue cloth and centered with a crystal punch bowl. Various other appointments completed the table. Small bags of rice and blue napkins inscribed in white 'Wanda and John' were used at plate favors.

Hostesses were Mrs. J. T. Powell, Claude Neaves, M. C. Hurst and G. W. Justice.

Refreshments of punch and iced cakes were served to Mesdames Harvey Harrison, W. S. Carlisle, W. Durham, Norman Wilson, P. D. Hagins, Myrtle Webb, H. Vernon Gregory, Bill Hale, Jesse Powell, D. T. Riding, L. S. Wilson, Bynum Britton, James Bridges, Noble Pierce, Hugh Hagins, Floyd Graffner, G. W. Justice, Frank Massey, Bob Persons, Floyd Faubus, Helen Williams, Joe Powell, Buford Johnson, Harry Youkum, Emmitt Hagins, Melvin Starcher, Ray Nance.

Mesdames Alvia Wilson, Walter Driggers, Jonah Taylor, M. C. Hurst, J. A. Swearingen, Marvin Hagins, C. E. Harrison, J. B. Carlisle, Ford Taylor, Elmer Cross, Roy Carr, Rube Waddell, Jessie Arnold, Billy Dan Bingham, Wilson Hagins, Claude Neaves, Misses Mary Hoosier and Jo Ann Carr.

Bride Elect Feted With Shower

Miss Charly DeWoot bride-elect of Morris Damon, was feted with a bridal shower Tuesday June 13, from 4 till 6 in the home of Mrs. George Gabriel.

The guests were received by Mrs. Geo. Gabriel, Miss DeWoot, who was attired in a line green street length organza dress and a corsage of blue asters. Mrs. O. L. DeWoot, mother of bride-elect, and Mrs. Ott Damon, mother of the groom to be.

The receiving and gift rooms were decorated with bouquets of roses and delias.

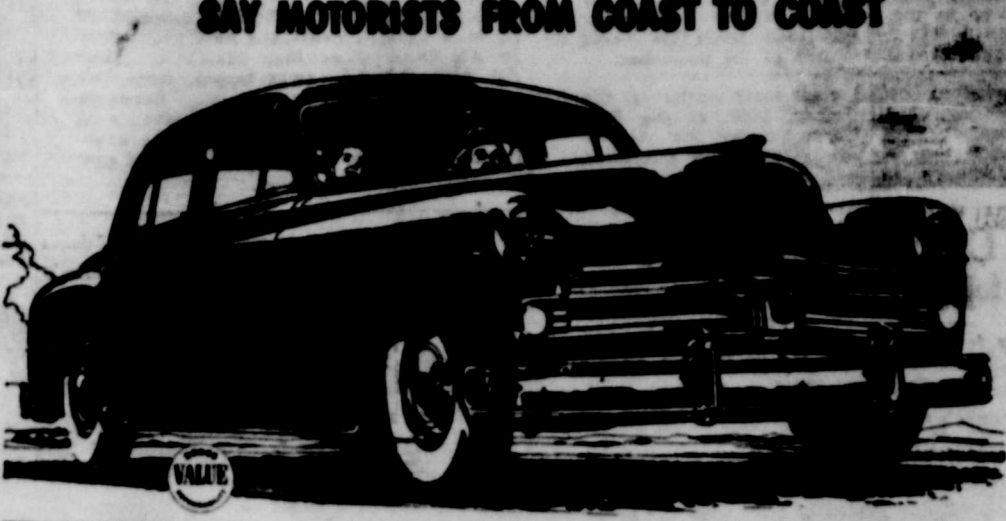

Guests were registered in the Bride's Book by Mrs. Lucille Barber. Refreshments of June punch and iced angel squares were served to approximately 65 guests who called or sent gifts.

The approaching wedding date was revealed on blue napkins inscribed in yellow, 'Carole and Morris, June 18'.

Hostesses were Mrs. Geo. Gabriel and Mrs. Lester English.

Creola Rector, a summer student at Tech spent the past weekend visiting her parents Mr. and Mrs. Jack Rector.

"THE BIG VALUE NOW IS DODGE!"
SAY MOTORISTS FROM COAST TO COAST

YOU COULD PAY \$1000 MORE
and still not match Dodge for roominess and ruggedness

Here's VALUE you can see—VALUE you can feel as you drive—VALUE you notice in your pocketbook!

Dodge sleek, well-bred beauty is apparent to all. Dodge compact design OUTSTANDS gives you an easier handling car—a car that's easier to park and garage. Yet INSIDE there's a world of roominess—head room, shoulder room, leg room.

Stop at your Dodge dealer's, check Dodge value for yourself. Drive one "Magic Mile." We'll leave it to you which car gives most for your money.

NEW BIGGER VALUE DODGE
Just a few dollars more than the lowest-priced car!

The Child's Life You Save May Be Your Own!

With the end of the Month of May, approxi-
mately 2,375,000 school children finished another
year of their education, and eagerly began the three
months annual vacation period.

Vacation to a school child can mean many
things, a time to the big city, a summer of work
and play on Uncle's farm in the country, or just
three months of leisure time to do as they please
and not worrying about the three R's.

Regardless of which path these children fol-
low, they will present us with an enormous prob-
lem. The fact that they will not be in school will
mean that our streets and highways will carry an
additional burden of nearly two and one-half million
persons. These children will use the streets and
highways more this summer than ever before. Whether
they are driving automobiles, bicycles or other
vehicles, or simply using them as pedestrians, they

will be exposed to the ever present danger of death
or injury by accidents of all types, but particularly
through accidents concerning motor vehicles.

Your Texas Safety Association wishes to remind
you that each year scores of children meet their
death under the wheels of oncoming automobiles
whose drivers are negligent, many more are killed
in car wrecks of all kinds. The addition of this
group of youngsters provides an added burden to
our already crowded street and highway systems,
and it presents us, as adult citizens of our com-
munities with a challenge. These youngsters are
entitled to the right for life, liberty, the pursuit of
happiness and safety. These are our future lead-
ers of tomorrow who will, if we give them the
chance, grow, learn, and mature and take their
place in society.

This is our debt to them, and by being more
careful and cautious as we drive this summer, we
can insure their being safely back in school next
fall.

BE CAUTIOUS. THE CHILD'S LIFE YOU
SAVE, MAY BE YOUR OWN.

Allan Shivers Asks "Term of My Own" As Texas Governor

Gov. Allan Shivers, in formally
announcing his candidacy for a
first elective term as Governor,
said he has done his best to carry
out a program for Texas in a
manner acceptable to the people
of Texas, adding:
"If I have succeeded, I will ap-
preciate their votes for a term of
my own."
Shivers, who assumed the Gov-
ernment last July, had not held
a full-time governmental job be-

fore becoming Governor. He was
elected to the State Senate in
1934 and twice re-elected. In
1946 he was elected Lieutenant
Governor and re-elected to that
office in 1948. Born in Lufkin, he
spent his boyhood in Tyler Coun-
ty and later moved with his fam-
ily to Port Arthur.

During his public career Shivers
has given particular attention to
public welfare, rural roads and
improved educational facilities.
He was a co-author of Texas'
original old-age assistance law
and helped to write the tax bill
which still meets the cost of old-
age assistance. Under his leader-
ship last February, the Legisla-
ture approved a far-reaching re-
form and improvement program
for state hospitals.

"Between now and the July 23
election I will continue to make
known my views on important
public issues," Governor Shivers
stated. "I will emphasize facts

and record of accomplishment, in-
stead of easy promises, and will
address myself to all the people
of Texas rather than to any spe-
cial group."

The Governor said he considers
economy to be the State's top
problem. "And that means econ-
omy of money, of our soil and of
our water resources," he added.

He expressed thanks to "the
thousands of individual Texans
who have already told me that
they will support me in this elec-
tion."

Mahon Announces Support Price on Grain Sorghum

Congressman George Mahon ad-
vised early this week that De-
partment of Agriculture officials
had informed him that all the
papers had been prepared for an
announcement of the support price
loan on grain sorghum.
The announcement has been held
up for weeks pending Senate pas-
sage of a bill increasing the cap-
ital stock of the Commodity Cre-
dit Corporation. The Senate act-
ed June 6, passing the bill which
the House had approved last
March 23.

Mahon stated that Presidential
approval of the pending measure
was expected soon, and that with-
in a few hours after the President
signs the bill, the grain sorghum
loan will be announced. He said
that the support price on grain
sorghum might possibly be an-
nounced before the end of the
week.

How SMOOTH can a ride be?

THAT's a question well worth an-
swering before you settle on your
next automobile.

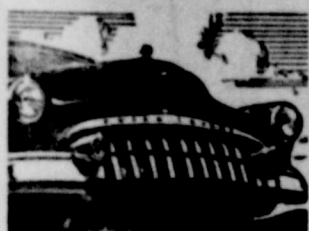

For what fun is there—what thrill—in
a car that is prisoner to the city streets,
slowed down by roads a Buick is built
to take in stride?

So we'd like to show you just how much
smoothness your money can buy. How
levelly you float over cobbles and car

tracks—over rutty gravel and wavy
black-top—in this stunning traveler.

The car will be any Buick you prefer—
SPECIAL, SUPER or ROADMASTER. You
can name the place—pick a spot or a
stretch you know so that you can measure
Buick's smoothness against your
own experience—and we'll promise you
a new sensation in riding comfort.

The time can be any time you want to
arrange with your Buick
dealer—who is ready to

FOUR-WAY FOREFRONT

This rugged front end
(1) sets the 45° ride,
(2) saves on repair costs
—vertical bars are
individually replaceable,
(3) avoids "locking
horns," (4) makes park-
ing and garaging easier.

show with actual figures that "if you
can afford a new car you can afford a
Buick."

See him, will you, and treat yourself
to some real comfort?

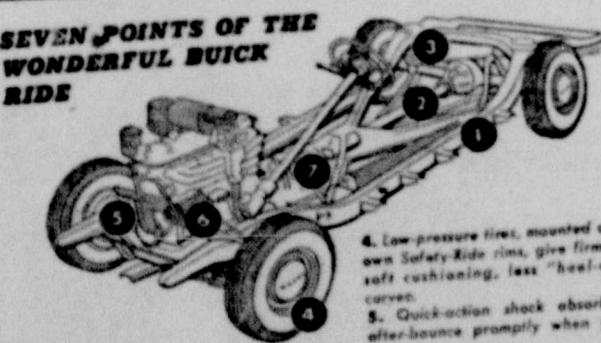

Only Buick has Dynaflo—and with it goes:

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.)
NEW-PATTERN STYLING, with MULTI-GUARD fender, tear-through fenders, "double bubble" taillights
WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all
length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles
SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube •
WIDE ARRAY OF MODELS with Buick by Fisher.

WHATEVER YOUR PRICE RANGE

"Better buy Buick"

Take to HENRY J. TAYLOR, ABC Network, every Monday evening.

1. Buick's smoothness starts with this husky suspension frame.
2. A stout torque-tube curves like the keel of a battleship to steady the whole car.
3. Gentle coil springs, the safest type now known, let each wheel "step over" bumps individually, just as only the front wheels do on most other cars.
4. Low-pressure tires, mounted on Buick's own Safety-Ride rims, give firm traction, soft cushioning, less "beat-over" on curves.
5. Quick-action shock absorbers snub ride-bounce promptly when you hit a bad bump.
6. Even the special way the engine is mounted buffers the ride by preventing vibration build-up.
7. Dynaflo Drive* adds a crowning touch of silky smoothness by eliminating the check and jerk of gearshifting and by filtering the engine's thrust through a cushion of oil.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Red Skelton At His Funniest in "The Yellow Cab Man," Uproarious Comedy

Let it be said right at the start, "The Yellow Cab Man," showing at the Palace Theatre Sunday and Monday, is the funniest Red Skelton comedy in years. In the role of a zany inventor who just can't avoid accidents and who gets a job as a Yellow Cab driver in the hope of demonstrating his unbreakable elastiglass windshield, Skelton does about everything possible, human and inhuman to make an audience laugh.

In one scene he picks up his first customer and japes a whole

city's traffic. In others he barely saves himself from electrocution, from gaseous explosion and from drowning in a bathtub. He falls down everything from flights of stairs, rope ladders, an elevated grease rack, a freight elevator shaft and through the roof of a house. In a distortion effect dream sequence photographed by Weegee he drives his cab to the North Pole. And in one of the wildest sequences ever filmed he is chased by a murderous gang through a Home Exhibit auditor-

ium and a Solar-Roto House of Tomorrow and escapes by riding a huge gas balloon to the top of the building. By the time the picture has entered its climax, with a whole army of Yellow Cabs charging into the auditorium to rescue Red and his girl, the spectator is left limp with laughter. Here is out-and-out escapism comedy at its finest.

Skelton has a comedy field day in the role of the harassed hero, with Gloria De Haven effectively cast as the pretty girl from the Civilian Control Administration who gets him an opportunity to demonstrate his elastiglass windshield. Walter Slezak adds to the laughs in the role of a preposterous quack psychiatrist who tries to hypnotize Skelton into revealing the secret of his invention. Edward Arnold is properly villainous as a disreputable ambulance chaser and James Gleason is attractive as the amiable and exemplary cab driver. Makey, who aids Skelton in getting out of his varied predicaments. Add to this the fast-paced direc-

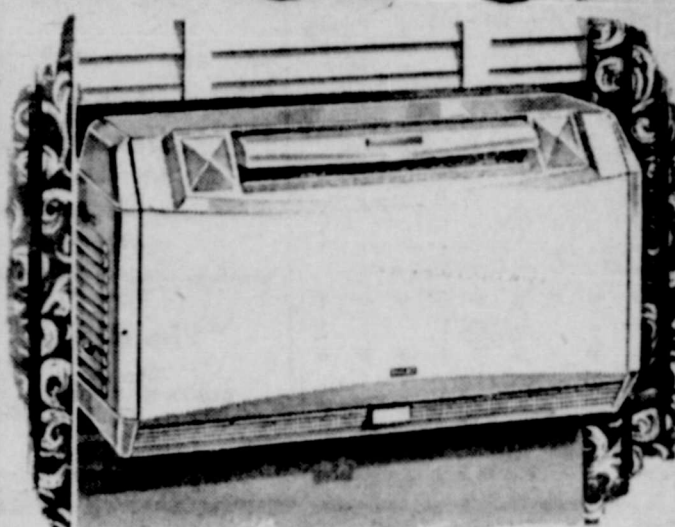

tion of Jack Donohue and you have a picture that never for one second deviates from its goal—to make its audience roar. If ever a list of the season's funniest pictures is drawn up, "The Yellow Cab Man" will be way up on top!

For thrift with light, either daylight or electric, there is an advantage in light-colored walls, woodwork, and furnishings. This is because the white or light colors reflect light and dark colors absorb it.

Growing pullets on good range will help to reduce feed costs; permits the poultryman to develop a flock of clean, healthy birds and keeps the young birds separated from the older birds on the farm.

The good poultry range should provide the flock with plenty of good green feed and shade and the poultryman must provide the feed and water.

LEGAL NOTICE
CONTRACTOR'S NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 11.244 miles of Gr. Strs., Flex. Base & One-Crs. Surf. Treat. From Spur to 7.76 mi. N. W. and Fr. Road Int. N. W. of McAdoo to Road Int. East of McAdoo, on Highway No. FM 8367, FM 1441 covered by S 169 (1) & R 850-4-1, in Dickens County, will be received at the Highway Department, Austin, until 9:00 A.M., June 20, 1950, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposed wage rates, for each craft or type of workman or mechanic named to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rates.

Plans and specifications available at the office of Aigle Groves, Resident Engineer, Matador, Texas, and Texas Highway Department, Austin. Usual rights reserved.

GUARDIANSHIP OF THE PERSON AND ESTATE OF JOHN RILEY BOOTHE, A MINOR

In The County Court of Dickens County, Texas)

TO ALL PERSONS INTERESTED IN THE ABOVE MENTIONED JOHN RILEY BOOTHE OR HIS ESTATE:

You are notified that I have on the 31st day of May, 1950, filed with the County Clerk of Dickens County, Texas, an application under oath for authority to make an oil, gas and mineral lease on that certain real-estate belonging to such ward, described as follows, to-wit: an undivided one-thirty second (1/32) interest in the Northeast 1/4 of Section 190, Block 1, H & G N Ry Co. Survey, containing 167.37 acres, more or less, Dickens County, Texas, that A. C. Sharp, Judge of the County Court of Dickens County, Texas, on the 13th day of June, 1950, duly entered his order designating the 26th day of June, 1950, at TEN A. M. (instead of the 17th day of June, 1950, at TEN A. M., which date had previously been set as the date for hearing on such application) in the County Court Room in the courthouse of such county as the time and place when and where such application would be heard and that such applica-

CARD OF THANKS

I wish to express my thanks for the nice deeds done while I was in the hospital. Also for the cards and flowers. My thanks to the hospital staff for their kindness to me. May God's richest blessings be on each of you.
Mrs. Raymond

Marge Smith Hosts East H. D. Club

At three o'clock, on June 8th, ten members of the East Spur Home Demonstration Club met in the home of Marge Smith. A visitor Mrs. Russell attended. After a brief business session, a game of Mental Telepathy was played. The Home Demonstration Agent is expected to be here the second meeting in July.

Refreshments of chocolate topped cake and ice cream topped with whipped cream and cherries were served to Misses Lloyd Robinson, Russell East, Floyd Smith, Tang Smith, Jack Ensey, Arner Watson, W. B. Steele, Raymond Beards, Matthews Gruben, James Wright and visitor Mrs. Russell. A forty-two party will be held June 22nd.

Culpepper Circle Have Meeting

The Culpepper Business Circle met at the First Baptist Church Monday night June 12 at 7:30 o'clock.

Mrs. Darwin Callihan, presided over a brief business session which was followed by a Bible Study by Mrs. C. P. Scudder. The study was taken from the book "A Vessel Unto Honor".

The Caulthon Circle served spiced tea and cake to Messames Lester English, C. Melvin Rathel, Billy Powell, Billy Glenn, Thurmond Morrow, C. P. Scudder and Darwin Callihan.

L. and Mrs. Charles Sherwood and son of New Orleans are visiting Dr. and Mrs. J. F. Hughes. Mrs. Evis of Dallas is also visiting with Dr. and Mrs. Hughes.

Mr. and Mrs. W. D. McMillan of Houston recently spent a few days visiting friends and relatives before continuing their trip to California.

Mr. and Mrs. Segar Jenkins and Archie Tackett were in Lubbock Sunday to see the Fin Tail Car Races.

Ann will be heard at such time and place.
J. V. BRANTNER, Guardian of the person and estate of John Riley Boothe, a minor. (34-1tc)

MR. FARMER

Why not insure with Farm Bureau and participate in profits made? Our Auto Insurance last year paid back 30% of premium; Life Insurance aid 10%; and Fire written with 30%. Experience credit off State rate.

You can haul more loads . . . more miles . . . for less . . . with Chevrolet Trucks

Take time out to talk to some Chevrolet truck users. You'll find it revealing. You'll discover that Chevrolet trucks pay their way by hauling more loads—more miles—for less! And you'll find that this extra measure of value is even more apparent in the new Chevrolet models. Definitely, they're America's first-choice trucks. Heavy-duty units feature a brand-new 105-h.p. Valve-in-Head engine with the power to pull heavy loads and conquer steep grades. They offer new Power-Jet carburetion for smoother, quicker operation. They bring you the fast, safe shifting of Chevrolet's 4-speed Synchro-Mesh transmission. But whatever your hauling requirements, Chevrolet trucks are your best bet. See them in our showroom. You'll agree.
